Mr. Daniel Duffy
The Port Authority of NY & NJ
225 Park Avenue South, 17th Floor
New York, NY 10003

RE: Your FOIA Ref. # 14129
Our Ref. # 26402

Dear Mr. Duffy:

Per your letter of July 11, 2013 in response to our July 10, 2013 FOIA request we are narrowing our request for documents of or relating to the following:

1. Minutes of the Port Authority Monthly Safety Meetings applicable to Newark Liberty Airport for the time period 2010 through 2013
2. Breach of Rules ("BOR") tickets issued for the time period 2010 through 2013 for BORs at Newark Liberty Airport for:
   a. B02- faulty equipment
   b. B03- vehicle accident
   c. B04- towing equipment
   d. B06- misc. equipment
   e. D01- illegal parking
   f. D02- failure to use RVSR
   g. D04- speeding/reckless driving
   h. D06- abandoned equipment
   i. E01- parking in cargo area
3. Vehicular or tug accidents on non-civilian roadways, passageways, baggage areas or ramps at Newark Liberty Airport
4. List of the speed limits on non-civilian roadways, RVSR (restricted vehicle service road) passageways, baggage areas or ramps at Newark Liberty Airport

Please provide records in compact disk ("CD") format. I understand that there is a $5.00 fee for records provided in CD format and an additional fee of at least $2.00 for certification as to the

Thank you for your prompt attention to this matter.

Very truly yours,
DAVIS, SAPERSTEIN & SALOMON, P.C.

Samuel L. Davis

Re: Freedom of Information Reference No. 14129

Dear Mr. Davis:

This is a response to your July 10, 2013 request, which has been processed under the Port Authority's Freedom of Information Code (the "Code") for copies of minutes of the Port Authority Safety Meetings applicable to Newark Liberty International Airport for the time period 2010 through 2013. Copies of Breach of Ruules ("BOR") tickets issued for the time period 2010 through 2013 for BORs at Newark Liberty International Airport for B02 - faulty equipment, B03 - vehicle accident, B04, towing equipment, B06 - misc. equipment, D01 - illegal parking, D02 - failure to use RVSR, D04 - speeding/reckless driving, D06 - abandoned equipment, E01 - parking in cargo area. Copies of records related to vehicular or tug accidents on non-civilian roadways, passageways, baggage areas or ramps at Newark Liberty International Airport and a list of the speed limits on non-civilian roadways, RVSR (restricted vehicle service road) passageways, baggage areas or ramps at the aforementioned location.

Material responsive to your request and available under the Code can be found on the Port Authority's website at http://www.panynj.gov/corporate-information/foi/14129-O.pdf. Paper copies of the available records are available upon request.

Certain material responsive to your request is exempt from disclosure pursuant to exemption (4) of the Code. Monthly Safety Meeting Minutes are exempt from disclosure pursuant to exemptions (4) and (5) of the Code.

Please refer to the above FOI reference number in any future correspondence relating to your request.

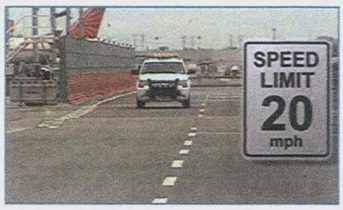
Very truly yours,

Daniel D. Duffy
FOI Administrator

225 Park Avenue South
New York, , NY 10003
T: 212 435 3642 F: 212 435 7555

b. Immediately stop and remain at the scene of the accident.
c. Render reasonable assistance, if capable, to any person injured in the accident.
d. Report the accident immediately to your supervisor before leaving the scene, if possible.
e. Provide any of the following information to PAPD or the duty Airport Supervisor: name and address, airport ID number, state driver's license, company name, company's proof of insurance, personal statement

No vehicle is allowed on the Non-Movement Area unless it is properly marked. The vehicle must have unobstructed forward and side vision from the driver's seat. Service vehicles and fuel trucks must also have the appropriately rated and inspected fire extinguishers. All vehicles must have operable headlamps and brake lights.
Drivers who will be towing dollies, containers or other trailers must never tow more than 4 dollies behind the tractor. Audio devices, live hand held cell phones, iPods and walkmans are not permitted while you are driving.



The speed limit on the RVSR is 20 miles per hour, or slower during times of low visibility. The speed limit on any aircraft ramp is 10 miles per hour at all times and you must not exceed this speed limit. Speed limit signs, in addition to Stop and Yield signs, are mounted to the sides of buildings. In addition, they are painted on the pavement. Factors including, but not limited to, weather, visibility and construction activity shall be taken into consideration when determining safe operating speed. No vehicle is allowed to pass another ground vehicle in a designated vehicle roadway.

VII. Vehicle Checkpoint Procedures

Prior to entering the airfield through a security checkpoint in any type of vehicle, you must have successfully completed the airport's driver training class and have "DR1" on your airport identification.

There are six vehicular checkpoints located at various parts of EWR:
–C-4 (Charlie Four), located by Terminal C;
–J (Juliet), located on the RVSR between the north and south side of the airfield;
–E (Echo) & E-2 (Echo Two), both located by Terminal A;
–F (Foxtrot), located by Chelsea catering; and
–D (Delta), located on the north side of the field by Port Authority Administration Building One.

The speed limit when approaching, traveling through and exiting guard posts is 5 miles per hour. When approaching any guard post, be prepared for the following procedures.

1) Vehicle must have the company name displayed on both sides.
2) Motorized and non-motorized vehicles must have specialized airport license plates, called "PONYA" plates, permanently affixed to the front and rear of each piece of equipment, easily visible to the guard.
3)

Prior to pulling up to the booth, you will be stopped and required to display your airport identification card, as well as those of all persons traveling with you. An exterior inspection of the vehicle will be conducted. Only after the inspection process is complete will the operator be allowed to drive toward the booth.
4) On the left side just prior to the booth is a card reader that you must swipe your identification card through and enter a personal four-digit code. Individuals traveling with you who have airport IDs must also exit the vehicle and do the same. The operator is prohibited from doing it for you. A correct swipe with the proper security clearance will receive a green LED light on top of the keypad.
5) Once at the booth, present your airport identification to the guard, as well as those of all persons traveling with you for further verification.
6) Upon approval, the guard will raise the gate arm or open the fence and lower the barrier to allow access. Do not
