Subject: Freedom of information request

Attention records officer,

Under the Port Authority's Freedom of Information Code, I hereby request electronic copies of the following records:

1. All documents and correspondence produced between June 1, 2013 and Aug. 27, 2013 concerning any plan to alter access to the George Washington Bridge from Fort Lee, New Jersey. This request specifically covers any communications sent or received by David Wildstein, Bill Baroni, David Samson, Robert Durando, Paul Nunziato, or any executive officers of the Port Authority Police. It also covers any other Port Authority employee not named here, but who is currently known by the authority as having discussed the plan during that time period.

2. A copy of any Freedom of Information requests, or logs of such requests, made to the Port Authority between Sept. 9, 2013 and the present day concerning the Fort Lee lane closures.

3. A copy of any calendars, appointment logs or other documents showing meetings scheduled or kept by David Samson between Aug. 4, 2013 and Sept. 15, 2013.

4. A copy of any video recordings taken by traffic-counting cameras that were operational in Fort Lee, NJ, between the hours of 8 a.m. and 9 a.m. on Sept. 9, 2013. These video files were made by Hardesty & Hanover in connection with a study of traffic on Center and Lemoine Avenues.

Because my requests are time-sensitive, I ask that the Port Authority provide me with these records as they become available, and not delay the production of releasable documents while a search is made for other records that might be responsive to me request.

I also ask that any correspondence regarding this request be made by email, rather than by paper letter. I'm available to answer any questions about this request via telephone.

Re: Freedom of Information Reference No. 14573

Dear Mr. Caruso:

This is in response to your January 15, 2014 request, which has been processed under the Port Authority's Freedom of Information Code (the "Code") for copies of all correspondence produced between June 1, 2013 and August 27, 2013 concerning any plan to alter access to the George Washington Bridge from Fort Lee, New Jersey between David Wildstein, Bill Baroni, David Samson, Robert Durando, or Paul Nunziato, copies of Freedom of Information requests or logs between September 9, 2013 and the date of the request concerning the lane closures, copies of any calendars or appointment logs maintained by David Samson between August 4, 2013 and September 15, 2013, and a copy of any video recordings taken by traffic-counting cameras that were operational in Fort Lee, NJ between the hours of 8:00 a.m. and 9:00 a.m. on September 9, 2013.

Material responsive to your request for copies of Freedom of Information requests, calendars and video recordings and available under the Code is enclosed.

This calendar is provided in response to a request under the Port Authority's Freedom of Information Code on the basis that the accuracy and completeness of the information set forth in this calendar is the sole responsibility of the individual who maintained this calendar.

Materials responsive to your request for correspondence, to the extent they exist, are exempt from disclosure pursuant to exemption (5) of the Code. Certain documents that may be responsive to your request, while exempt under the Code, have been made publicly available by the New Jersey State Legislature's Transportation, Public Works and Independent Authorities Committee pursuant to the Port Authority's compliance to a subpoena and can be found at http://www.njleg.state.nj.us/legislativepub/pubhearings2014.asp.

Please refer to the above FOI reference number in any future correspondence relating to your request.

Very truly yours,

All documents authorizing a traffic study or review performed at the George Washington Bridge in September of 2013, which included the closure of lanes leading to the bridge from Fort Lee from Sept. 9 through the morning of Sept. 13. This request relates to a study or review that was made public in a statement issued by Port Authority spokesman Chris Valens on Sept. 13 about a "review of traffic safety patterns" at the bridge "to ensure proper toll booth placements."

Documents related to the purpose, proposed duration and implementation of that study or review and the decision to close lanes to perform it.

Documents related to the results of that study or review, including any traffic data or other observations, and any determinations made because of it.

Any notices and instructions to Port Authority staff involving the lane closures at the George Washington Bridge that were implemented on Sept. 9.

Any notices or instructions, whether by email or other form of communication, involving reopening the lanes at the George Washington Bridge on Sept. 13 after they had been closed since Sept. 9. Included in this request is an email sent by executive director Patrick Foye on Sept. 13 in which he said he was ordering the reopening of the lanes.

All rules, codes, regulations and procedures that would pertain to opening and closing of lanes on the George Washington Bridge and other river crossings.

The visitor sign-in log at the Port Authority headquarters at 225 Park Avenue South in Manhattan for the following dates in 2013: Sept. 12, Sept. 13, and Sept. 14. The requested log is typically held at the desk in the building's first floor lobby.

All emails sent from Cedrick T. Fulton and/or Bob M. Durando to executive director Patrick J. Foye, all emails sent from Foye to Fulton and/or Durando, and all emails sent between Fulton and Durando for the following dates: Sept. 12, Sept. 13, Sept. 14, Sept. 15, Sept. 16 , Sept. 17, Sept. 18, Sept. 19, and Sept. 20.

Re: **Port Authority of New York and New Jersey Freedom of Information Code Request**

Dear Sir or Madam:

Pursuant to the provisions of the Port Authority of New York and New Jersey's Freedom of Information Code, adopted by the Port Authority's Board of Commissioners on March 29, 2012, Judicial Watch, Inc. requests that the Port Authority of New York and New Jersey produce the following within five (5) business days:

1. Any and all records regarding, concerning, or related to the September 9-13, 2013 lane closures of the George Washington Bridge including, but not limited to, reports, studies, and memoranda.

2. Any and all records of communication, including electronic communication (emails) between and among Port Authority officers or employees from August 1, 2013 to the present date regarding the September 9-13, 2013 lane closures of the George Washington Bridge.

3. Any and all records of communications between New Jersey Governor Chris Christie, or any member of his administration, and any officer or employee of the Port Authority of New York and New Jersey from August 1, 2013 to the present date regarding the September 9-13, 2013 lane closures on the George Washington Bridge.

For the purposes of this request, the term "record" means "any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or imaged processed document, information stored or maintained electronically or by sound recording or in a similar device, or any copy thereof, that has been made, generated, maintained, received in the course of transacting official business and kept on file." Dear Mr. Duffy:

Under the New York State Freedom of Information Law, Article 6 of the Public Officer Law and, the Port Authority of New York and New Jersey policy on Freedom of Information, I am requesting an opportunity to inspect or obtain copies of public records that detail the following:

1. Listing of the dates, times and durations of lane closures at the George Washington Bridge between January 1, 2011 and December 01, 2013. Aside from the listing of closures I would also like any supporting documentation that reveals and explanation for the closures and who requested them. My request is for "non-accident" and "non-construction" lane closures BUT please include "emergency construction" closure information.

If there are any fees for searching or copying these records, please inform me if the cost will exceed $200. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the unfolding bridge closure scandal. This information is not being sought for commercial purposes.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

I don't know why Ft Lee wants the video. I'd be interested to know who contacted Tom Harriot with the request. Thankfully, this request came to us before out "TL 24 Test".

Traffic counting data will be collected in the form of video, which Ft Lee Police have asked for a copy. Jose will obtain the traffic video data but it will not leave the PA until clearance is received from the department as well as the media types.

You may want to advise Cedrick the Ft Lee police had made a inquiry for the collect traffic count data. Concerned about invasion of privacy and potentially using traffic data for other purposes, I have already been assured that the video camera placement precludes reading license plate numbers.

Hi Mark,

We have discussed the schedule for data collection with Craig Fraser of the Port Authority. Because of the upcoming Labor Day holiday and consideration of back-to-school conditions, we have agreed to schedule the counts to begin during the week of September 9th. Below is our updated schedule for the follow-up work products for the traffic analysis.

- Traffic Data Collection - 09/09/13 to 09/16/13
- Data Processing and develop base Synchro network - complete by 09/27/13
- Develop detour volumes and conduct capacity analysis - complete by 10/25/13
- Submit Draft Tech Memo - 11/01/13

This schedule supposes that we will progress our work without PA review of interim submissions. If the PA would prefer to review interim stages (such as to review the volumes before we do the analysis, or to review the model of existing before we proceed with the detour analysis), then the schedule will be drawn out by the number of review milestones and the PA's turnaround time for review. However, unless I hear from you otherwise, I will assume that interim submissions/reviews will not be necessary.

Thank you, Lisa

Paul, Vinnie and Dipak –

Rob and I spoke to Jose about his responses. The reason the data collection will need to be retaken after the "TL24 Test" is complete is that after the test, the toll lanes will be reopened and normal traffic patterns will return to Center and Lemoine Avenues. Now, with the test in progress, traffic is queuing at the toll plaza and onto Center and Lemoine Avenues, which is not representative of regular operations, and we are getting skewed traffic data in this area. We need the traffic data to be collected under regular toll plaza operations to develop construction staging plans and maintenance of traffic plans during the Center and Lemoine Avenue Bridge Deck Replacement project. We could instruct the consultant to pick up the cameras now, but with the end of the counting program in a few days, it may be safer to just let the counting program continue.

The consultant has two activities to complete after 9/27/13, namely to develop detour volumes and conduct capacity analysis (by 10/25/13) and to submit the Draft Tech Memo (by 11/01/13). These dates will be pushed out, pending the completion of "TL24 Test."

The request for copies of the video traffic count info was made by Ft Lee police to the consultant installing the video equipment. The consultant passed off the request to us.

The reason video traffic counts are being made is a result of repeated vandalism to the traffic count tubes first employed. The tubes were being cut by someone on the street.

Bob D also asked a question regarding traffic videos being discoverable as a result of FOI's. After discussing with Tim Stickelman, the answer is yes. The PA may deem such requested information of a sensitive nature and elect to not send.

Daniel Duffy
Port Authority of New York and New jersey

Dear Mr. Duffy:
Under the Freedom of Information laws I would like to request any and all information and correspondence about an alleged traffic study involving the approach lanes from Fort Lee, N.J. to the George Washington Bridge in September 2013.
The data I am seeking includes but is not limit to information and correspondence both before and after the lane closures and any findings and reports that were made as a result of the lane closures.
Looking forward to your reply as soon as possible.

This is a request under the Port Authoritys FOI policy. I request a copy of the following: all correspondence, studies, texts and other documents related to the September 2013 lane closures on the George Washington Bridge produced by both staff and board members of the Port Authority, including but not limited to David Samson, Bill Baroni, David Wildstein and Patrick Foye. I request copies of all emails and other correspondence regarding the lane closures andor related traffic studies sent within the agency, as well as such correspondence sent by agency staff and board members to members or agents of New Jersey Governor Chris Christie and New York Governor Chris Christie. I request that a search for documents responsive to my request include personal emails accounts that may have been used to conduct official business. I am a reporter for the Washington Post and ask that my request be expedited, as it is made as part of news gathering and not for a commercial use.
