Re: Freedom of Information Request Appeal 12174

This is an appeal of a Freedom of Information request denial for records listed below. A copy of this notice is enclosed.

- Port Authority of NY/NJ records or contracts regarding work performed at the former World Trade Center towers 1 and 2 by Turner Construction Company prior to 9/11/2001.

It is believed by the requester that an adequate search was not performed for these records or that the request was construed in such a way as to limit the scope of the search. Such a search should also include alternative or back-up databases. Turner Construction Company is known to have performed extensive work within the WTC towers 1 and 2 for several years prior to 9/11/2001, therefore records regarding this work should exist.

Thank you.

Aidan Monaghan

Re: FOI Number 12174

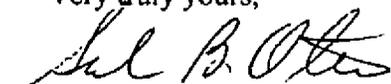

Dear Mr. Monaghan:

Your letter dated April 15, 2011, addressed to "General Counsel of The Port Authority of New York and New Jersey," has been referred to me for response.

You characterize your letter as "an appeal" under the Port Authority's policy on Freedom of Information and Procedures (the "Policy," a copy of which has been made available to you), arguing that you have not received records or notifications regarding your request within the time frame established by the Policy.

I am advised by the office of the FOI Administrator that a determination of availability of records responsive to your request was transmitted to you on April 20, 2011, and, as such, we will be taking no further action in response to your April 15, 2011 letter.

Very truly yours,
