Re: Freedom of Information Reference No. 12334

Dear Mr. Cronin:

This is a response to your May 13, 2011 request, which has been processed under the Port Authority's Freedom of Information Policy (the "Policy," copy enclosed) for copies of various records related to Stairway D at the Port Authority Bus Terminal.

Material responsive to portion of your request related to maintenance and available under the Policy, which consists of one page, is enclosed, for a 25¢ photocopying charge for this material.

The Policy provides for a fee to be charged in the event that a search for the requested records requires more than one-person hour, or in the event a search of computer records requires programming, which would take more than one-person hour. It is estimated that it will take 8.0 hours at a composite hourly rate of \$45.55 to search for records related to incident reports that may be responsive to your request. If the search takes more than the current estimated hours, you will be advised of the additional fee. An accounting of the actual search time spent will be maintained and any unused portion of your payment would be refunded to you.

Some or all of the documents identified as being responsive to your request may be exempt from disclosure in whole or in part pursuant to one or more of the exemptions in the Policy. After the search has been conducted you will be notified in writing as to the availability of documents under the Policy. At that time, and if documents exist, you may schedule a mutually convenient time for the review of the documents at our office or pay the applicable photocopying fee (25¢ per page) for the material.

If you would like us to proceed with the search, payment of \$372.40 must be received in advance in the form of a certified check, company check or money order made payable to "The Port Authority of New York and New Jersey" and addressed to the undersigned at 225 Park Avenue South - 17th Floor, New York, NY 10003. If you wish to narrow your request, you may do so in writing to the undersigned. A narrowing of your request may result in a decreased search fee.
