Hi, I would like to obtain information regarding the closure of Newark International airport during the 27 of August to the 28 of August due to Hurricane Irene. If you could identify the time that the airport was closed and the time when the airport re-opened to accept international flights that would be greatly appreciated. This information can be sent to me via email. Reason for request is for an insurance claim for a cancelled flight that was scheduled to fly in on the 27th of August to Newark from London, United Kingdom. Insurance company has requested that I present evidence that Newark airport was closed for a continual 24 hour duration between the 27 of August and 28 of August Any information that you can provide would be greatly appreciated. Again sending the information via email is suffice. Thanks Regards Bao-Anh Nguyen
