The Port Authority of New York and New Jersey	(212) 435-7289
ADDRESS OF PERMITTEE One World Trade Center New York, NY 10048	
CONTACT PERSON FOR PERMITTED WORK Bernice R. Malione, Supervisor, Permits and Governmental Approvals JFK International Airport	TELEPHONE NUMBER (212) 435-7289
NAME AND ADDRESS OF PROJECT/FACILITY JFK International Airport - Central Terminal Area	
LOCATION OF PROJECT/FACILITY JFK International Airport - Central Terminal Area	

COUNTY	CITY	WATERCOURSE	NYTM COORDINATES
Queens	New York City	Jamaica Bay	

DESCRIPTION OF AUTHORIZED ACTIVITY:

Installation and Operation of temporary dewatering systems associated with the Central Terminal Area redevelopment program. Dewatering activities will be undertaken over a five (5) year period through eleven (11) separate contracts for which details must be filed with the Department under the terms of this permit. The average daily groundwater withdrawal rate not to exceed 4.5 million gallons per day (mgd) over this permit. The average daily withdrawal rate may be increased to a maximum of 6.35 mgd over a single six (6) continuous month period within the term of the permit. All dewatering will be discharged to storm sewers which are directed to Jamaica Bay.

By acceptance of this permit, the permittee agrees that the permit is contingent upon strict compliance with the ECL, all applicable regulations, the General Conditions specified (see page 2) and any Special Conditions included as part of this permit.

REGIONAL PERMIT ADMINISTRATOR:	ADDRESS

AUTHORIZED SIGNATURE John F. Cryan	DATE April 23, 2001	Page 1 of 5

NOTIFICATION OF OTHER PERMITTEE OBLIGATIONS

Item A: Permittee Accepts Legal Responsibility and Agrees to Indemnification

The permittee expressly agrees to indemnify and hold harmless the Department of Environmental Conservation of the State of New York, its representatives, employees, agents, and assigns for all claims, suits, actions, damages, and costs of every name and description, arising out of or resulting from the permittee's undertaking of activities or operation and maintenance of the facility or facilities authorized by the permit in compliance or non-compliance with the terms and conditions of the permit.

Item B: Permittee's Contractors to Comply with Permit

The permittee is responsible for informing its independent contractors, employees, agents and assigns of their responsibility to comply with this permit, including all special conditions while acting as the permittee's agent with respect to the permitted activities, and such persons shall be subject to the same sanctions for violations of the Environmental Conservation Law as those prescribed for the permittee.

Item C: Permittee Responsible for Obtaining Other Required Permits

The permittee is responsible for obtaining any other permits, approvals, lands, easements and rights-of-way that may be required to carry out the activities that are authorized by this permit.

Item D: No Right to Trespass or Interfere with Riparian Rights

This permit does not convey to the permittee any right to trespass upon the lands or interfere with the riparian rights of others in order to perform the permitted work nor does it authorize the impairment of any rights, title, or interest in real or personal property held or vested in a person not a party to the permit.

GENERAL CONDITIONS

General Condition 1: Facility Inspection by the Department

The permitted site or facility, including relevant records, is subject to inspection at reasonable hours and intervals by an authorized representative of the Department of Environmental Conservation (the Department) to determine whether the permittee is complying with this permit and the ECL. Such representative may order the work suspended pursuant to ECL 71-0301 and SAPA 401(3).

The permittee shall provide a person to accompany the Department's representative during an inspection to the permit area when requested by the Department.

A copy of this permit, including all referenced maps, drawings and special conditions, must be available for inspection by the Department at all times at the project site or facility. Failure to produce a copy of the permit upon request by a Department representative is a violation of this permit.

General Condition 2: Relationship of this Permit to Other Department Orders and Determinations

Unless expressly provided for by the Department, issuance of this permit does not modify, supersede or rescind any order or determination previously issued by the Department or any of the terms, conditions or requirements contained in such order or determination.

General Condition 3: Applications for Permit Renewals or Modifications

The permittee must submit a separate written application to the Department for renewal, modification or transfer of this permit. Such application must include any forms or supplemental information the Department requires. Any renewal, modification or transfer granted by the Department must be in writing.

The permittee must submit a renewal application at least:

a) 180 days before expiration of permits for State Pollutant Discharge Elimination System (SPDES), Hazardous Waste Management Facilities (HWMF), major Air Pollution Control (APC) and Solid Waste Management Facilities (SWMF); and

b) 30 days before expiration of all other permit types.

Submission of applications for permit renewal or modification are to be submitted to:

NYSDEC Regional Permit Administrator, Region 2
47-40 21st Street, Long Island City, N.Y., 11101, telephone: 718 482-4997

General Condition 4: Permit Modifications, Suspensions and Revocations by the Department

The Department reserves the right to modify, suspend or revoke this permit. The grounds for modification, suspension or revocation include:

a) the scope of the permitted activity is exceeded or a violation of any condition of the permit or provisions of the ECL and pertinent regulations is found;

b) the permit was obtained by misrepresentation or failure to disclose relevant facts;

c) new material information is discovered; or

d) environmental conditions, relevant technology, or applicable law or regulation have materially changed since the permit was issued.

ADDITIONAL GENERAL CONDITIONS FOR ARTICLES 15 (Title 5), 24, 25, 34, 36 and 6 NYCRR Part 608

5. That if future operations by the State of New York require an alteration in the position of the structure or work herein authorized, or if, in the opinion of the Department of Environmental Conservation it shall cause unreasonable obstruction to the free navigation of said waters or flood flows or endanger the health, safety or welfare of the people of the State, or cause loss or destruction of the natural resources of the State, the owner may be ordered by the Department to remove or alter the structural work, obstructions, or hazards caused thereby without expense to the State, and if, upon the expiration or revocation of this permit, the structure, fill, excavation, or other modification of the watercourse hereby authorized shall not be completed, the owners, shall, without expense to the State, and to such extent and in such time and manner as the Department of Environmental Conservation may require, remove all or any portion of the uncompleted structure or fill and restore to its former condition the navigable and flood capacity of the watercourse. No claim shall be made against the State of New York on account of any such removal or alteration.
6. That the State of New York shall in no case be liable for any damage or injury to the structure or work herein authorized which may be caused by or result from future operations undertaken by the State for the conservation or improvement of navigation, or for other purposes, and no claim or right to compensation shall accrue from any such damage.
7. Granting of this permit does not relieve the applicant of the responsibility of obtaining any other permission, consent or approval from the U.S. Army Corps of Engineers, U.S. Coast Guard, New York State Office of General Services, or local government which may be required.
8. All necessary precautions shall be taken to preclude contamination of any wetland or waterway by suspended solids, sediments, fuels, solvents, lubricants, epoxy coatings, paints, concrete, leachate, or any other environmentally deleterious materials associated with the project.
9. Any material dredged in the prosecution of the work herein permitted shall be removed evenly, without leaving large refuse piles, ridges across the bed of a waterway or floodplain or deep holes that may have a tendency to cause damage to navigable channels or to the banks of a waterway.
10. There shall be no unreasonable interference with navigation by the work herein authorized.
11. If upon the expiration or revocation of this permit, the project hereby authorized has not been completed, the applicant shall, without expense to the State, and to such extent and in such time and manner as the Department of Environmental Conservation may require, remove all or any portion of the uncompleted structure or fill and restore the site to its former condition. No claim shall be made against the State of New York on account of any such removal or alteration.
12. If granted under Article 36, this permit does not signify in any way that the project will be free from flooding.
13. If granted under 6 NYCRR Part 608, the NYS Department of Environmental Conservation hereby certifies that the subject project will not contravene effluent limitations or other limitations or standards under Sections 301, 302, 303, 306, and 307 of the Clean Water Act of 1977 (PL 95-217) provided that all of the conditions listed herein are met.

SPECIAL CONDITIONS

1. DEWATERING MAY NOT COMMENCE UNTIL NOTICE OF THE SPECIFIC CONTRACT IS PROVIDED TO THE DEPARTMENT IN ACCORDANCE WITH THE TERMS OF THIS PERMIT.

2. NOT LESS THAN 60 DAYS AFTER RECEIPT OF THIS PERMIT, THE PERMITTEE MUST SUBMIT TO THE REGIONAL WATER ENGINEER A LIST OF ALL CONTRACTS, BRIEFLY INDICATING THE SCOPE AND NATURE OF THE WORK TO BE UNDERTAKEN THEREUNDER AND AN OVERALL SCHEDULE OF OPERATIONS.

3. PRIOR TO COMMENCEMENT OF CONSTRUCTION UNDER ANY SPECIFIC CONTRACT, THE PERMITTEE MUST NOTIFY THE REGIONAL WATER ENGINEER NOT LESS THAN 30 DAYS PRIOR TO CONSTRUCTION. NOTIFICATION MUST INCLUDE:

   A. A COMPLETED NOTIFICATION FORM (SAMPLE ATTACHED)

   B. A LOCATION MAP OF SUFFICIENT DETAIL TO LOCATE THE PROJECT AND SIGNIFICANT CULTURAL AND NATURAL FEATURES WITHIN THE CONFINES OF THE AIRPORT AND THE IMMEDIATE VICINITY.

   C. A PLAN DRAWING DEPICTING THE PROPOSED WORK, DEWATERING SYSTEM, ZONE OF INFLUENCE OF DEWATERING SYSTEMS, ALL KNOWN SITES OF STORAGE TANKS, OIL SPILLS, GROUNDWATER PLUMES AND THE LOCATIONS OF PREVIOUS STORAGE TANKS WHICH HAVE SINCE BEEN REMOVED.

   D. A MAP LOCATING EACH POINT OF DEWATERING DISCHARGE TO JAMAICA BAY AND A RECENT COLOR PHOTOGRAPH OF EACH OUTFALL.

   E. DATA ON EACH STORAGE TANK, OIL SPILL OR UNDERGROUND PLUME OR FORMER SITE OF STORAGE TANK, MUST BE PROVIDED THAT INCLUDES: DATE AND RESULTS OF THE MOST RECENT TESTS OF TANKS AND GROUNDWATER SAMPLES TAKEN, OR FOR SITES WHERE NO TESTS OR SAMPLES HAVE BEEN PERFORMED, OR WHERE TESTS INDICATE THE POTENTIAL FOR RELEASE OF TANK CONTENTS, DETAILS OF MONITORING WELLS TO BE LOCATED AT THE AFFECTED AREA.

SPECIAL CONDITIONS

F. ANALYSES OF A REPRESENTATIVE SCREENING SAMPLE(S) OF THE GROUNDWATER FOR THE FOLLOWING PARAMETERS USING METHODS SPECIFIED:

PARAMETER	EPA METHOD
pH	150.1
Temperature	After pumping
Fecal Coliform	5 tubes - 3 dilutions
Oil and Grease	413.1
BOD_5	405.1
Total Suspended Solids	160.2
Settleable Solids	160.5
Clorides	325.1 - 325.3
Benzene	602
Toluene	602
Xylene	602
PCB's	608
Pesticides	608
Priority Metals (13)	200 Series
Acids/Base Neutrals	625 - GC/MS
Halogenated Volatiles	601 - GC
Nitrate/Nitrite	300 or 353.3
Aromatic Volatiles	602 - GC
Cyanide	335.1 - 335.2

4. UPON RECEIPT AND REVIEW OF THE INITIAL SCREENING, THE REGIONAL WATER ENGINEER WILL DETERMINE WHICH OF THE PARAMETERS SPECIFIED IN SPECIAL CONDITION 3 MUST BE MONITORED ON AN EXTENDED BASIS. UNLESS OTHERWISE SPECIFIED, EXTENDED MONITORING WILL BE PERFORMED MONTHLY.

5. ANY EXTENDED MONITORING SAMPLES MUST BE TAKEN AT THE DISCHARGE POINT PRIOR TO ENTERING THE STORM SEWER. METHODS OF ANALYSIS MUST CONFORM TO THOSE SPECIFIED IN SPECIAL CONDITION 3.

6. ALL SAMPLING PROCEDURES TO COMPLY WITH US EPA PROTOCOL. ALL LABORATORY ANALYSES TO BE PERFORMED BY NEW YORK STATE DEPARTMENT OF HEALTH CERTIFIED LABORATORIES.

7. THE VOLUME OF WATER PUMPED UNDER EACH CONTRACT MUST BE REPORTED TO THE REGIONAL WATER ENGINEER MONTHLY AND NOT LATER THAN THE 15TH DAY OF THE MONTH FOLLOWING THAT IN WHICH IT WAS PUMPED. RESULTS OF WATER QUALITY SAMPLING AND ANALYSIS MUST BE REPORTED TO THE REGIONAL WATER ENGINEER MONTHLY AND NOT LATER THAN THE 15TH DAY OF THE MONTH FOLLOWING THAT IN WHICH THE SAMPLES WERE TAKEN.

8. VISUAL INSPECTIONS OF THE SHORELINE MUST BE MADE DAILY. PHOTOGRAPHS OF THE OUTFALL THROUGH WHICH DEWATERING IS DISCHARGED MUST BE TAKEN ONCE A WEEK AT LOW TIDE AND SUBMITTED TO THE REGIONAL WATER ENGINEER NOT LATER THAN THE 15TH OF EACH MONTH FOLLOWING THAT IN WHICH THE PHOTOGRAPHS WERE TAKEN.

SPECIAL CONDITIONS

9. THE DEWATERING OPERATIONS MUST BE CARRIED OUT BY A WELL DRILLER REGISTERED IN ACCORDANCE WITH SECTION 15 - 1525 OF THE ENVIRONMENTAL CONSERVATION LAW.

10. NO DISTURBANCE TO OR ALTERATION OF TIDAL OR FRESHWATER WETLANDS IS AUTHORIZED BY THIS PERMIT. THE DISCHARGE OF GROUNDWATER MUST NOT RESULT IN DEPOSITION OF SILT OR SEDIMENT ON TIDAL OR FRESHWATER WETLANDS, OR OTHERWISE ADVERSELY AFFECT THEM.

11. THE DEPARTMENT RESERVES THE RIGHT TO REQUIRE THE PERMITTEE TO PROVIDE ADDITIONAL PHYSICAL, CHEMICAL AND BIOLOGICAL ANALYSIS OF THE WATER DISCHARGED FROM THE DEWATERING SYSTEMS AND, MAY REQUIRE TREATMENT OF THIS WATER IN ORDER TO PREVENT CONTAMINATION OF WATERS INTO WHICH IT IS DISCHARGED.

"5kV Electrical Power and Sanitary Sewer Work"

jetBlue
AIRWAYS

November 8, 2005

Mr. Richard J. Louis
Program Director
JFK Redevelopment
Port Authority of New York and New Jersey
JFK Building 14 – 3rd floor
JFK International Airport,
Jamaica, NY 11430

RE: JETBLUE AIRWAYS TERMINAL 5
LEASE AYD-350
PORT AUTHORITY OF NY & NJ PROVIDED UTILITY SERVICES

Dear Mr. Louis,

This letter will serve to confirm the scope and schedule for the 5KV electric service and the sanitary sewer line per our recent discussions.

1. To support the sanitary requirements for JetBlue's Phase 1 facility, an 8" DIP sanitary line will be brought to coordinate N 174988.1397, E 1045888.3148. This line will act as a force main that receives the sanitary effluent being pumped from the new JetBlue Terminal. This service will be available for use by JetBlue by no later than 3/28/07.

2. To support the power requirements for JetBlue's Phase 1 facility, five (5) dedicated 500 MCM feeders will be brought to a location adjacent to the JetBlue lease line. Three (3) of these will be terminated in manhole TPE-26A, and the remaining two (2) will be terminated in manhole TPE-25A. This service will be available for use by JetBlue by no later than 6/15/07.

3. To support the construction power requirements for the new Phase 1 facility and the power needs for the temporary concourse facility, a dedicated 500 MCM feeder is available in MH TPE-25 and a non-dedicated 500 MCM feeder is available in MH TPE-26A. These feeders are available for use by JetBlue contractors immediately.

We appreciate the Port Authority undertaking this work effort.

Very Truly Yours,

Richard Smyth
Vice President, Redevelopment

ASSIGNMENT OF CONSTRUCTION AGREEMENTS, PLANS AND SPECIFICATIONS, PERMITS AND SERVICE AGREEMENTS

THIS ASSIGNMENT OF CONSTRUCTION AGREEMENTS, PLANS AND SPECIFICATIONS, PERMITS AND SERVICE AGREEMENTS dated as of November 22, 2005 (the "*Effective Date*"), made by and between JETBLUE AIRWAYS CORPORATION, a corporation organized under the laws of the State of Delaware (hereinafter sometimes called "*JetBlue*" and sometimes called the "*Assignor*") having an office and place of business at 118-29 Queens Boulevard, Forest Hills, New York in favor of THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY, a body corporate and politic created by the Compact of April 30, 1921, made by and between the States of New York and New Jersey and thereafter consented to by the Congress of the United States of America (hereinafter sometimes called the "*Port Authority*" and sometimes called the "*Assignee*") with its principal office located at 225 Park Avenue South, New York, New York 10003.

W I T N E S S E T H:

WHEREAS, JetBlue, as lessee, and the Port Authority, as lessor, are simultaneously herewith entering into an agreement of lease dated as of May 6, 2005 and bearing Port Authority Agreement No. AYD-350 (hereinafter, as the same may be amended, modified and supplemented, called the "*Lease*") covering the performance of certain Redevelopment Work, as defined in the Lease, by JetBlue and the letting of certain premises located at John F. Kennedy International Airport, Jamaica, New York commonly known as Terminal 5; and

WHEREAS, a substantial portion of the Redevelopment Work is being paid for by the Port Authority;

WHEREAS, JetBlue, as part of the consideration for the Port Authority entering into the Lease is entering into this Assignment of Construction Agreements, Plans and Specifications, Permits and Service Agreements and to secure the performance of all of its obligations under the Lease, including without limitation, to perform and complete the Redevelopment Work in accordance with the Lease.

NOW, THEREFORE, as a condition precedent to and in consideration of the Port Authority's entering into the Lease and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Defined Terms:

All capitalized terms used herein and not defined herein shall have the meanings ascribed to such terms in the Lease. In addition, the following terms as used in this Assignment shall have the meanings set forth below.

"*Assignment*" shall mean this Assignment of Construction Agreements, Plans and Specifications, Permits and Service Agreements, as the same may be amended, supplemented, consolidated, replaced, extended, renewed or otherwise modified from time to time.

"*Assigned Documents*" shall mean the Construction Agreements, the Plans and Specifications, the Service Agreements and the Permits.

"*Assigned Rights*" shall have the meaning assigned thereto in Section 2 hereof.

"*Construction Agreements*" shall mean all agreements now or hereafter in effect relating to the Redevelopment Work entered into by the Assignor including, but not limited to, all such agreements with architects, engineers, contractors, subcontractors, suppliers, the Contract Documents and all other agreements for the supply of labor, equipment and materials in connection with the Redevelopment Work and any other agreements relating thereto (including, but not limited to, guaranties, payment bonds and surety agreements), and all amendments, modifications, supplements, consolidations, replacements, extensions and renewals thereof and including any existing construction agreements.

"*Default Rate*" shall mean the greater of nine and one half percent (9.5%) per annum and the Prime Rate plus two percent (2%).

"*Event of Default*" shall have the meaning assigned thereto in Section 7 hereof.

"*Permits*" shall mean all environmental permits, governmental permits, utility permits, and other permits, licenses, approvals and authorizations now or hereafter relating to the Redevelopment Work entered into by the Assignor including, but not limited to, all permits and approvals issued by public agencies except for those issued by the Port Authority, to the extent assignable, provided, however, Assignor shall use reasonable efforts to assure that the foregoing are assignable to the Assignee as contemplated hereunder.

"*Plans and Specifications*" shall mean all plans and specifications of the Assignor now or hereafter existing for the development and construction of the Redevelopment Work and all amendments, modifications, supplements, consolidations, replacements, extensions and renewals thereof.

"*Prime Rate*" shall mean the rate of interest publicly announced as such, from time to time by Citibank, N.A. as its prime rate.

"*Service Agreements*" shall means the AirTrain Vertical Circulation Maintenance Contract, the Parking Garage Fire Safety Equipment Maintenance Contract and the Parking Garage Vertical Circulation Maintenance Contract and each and every service, maintenance, management and other contract and warranties now or hereafter in effect providing for the maintenance and operation of the Redevelopment Work entered into by the Assignor when completed and for the provision of services thereto and all amendments, modifications, supplements, consolidations, replacements, extensions and renewals thereof and including the existing service agreements.

2. Assignment:

As security for the full and timely conformance with all of the terms and conditions of the Lease by the Assignor, the Assignor hereby irrevocably, absolutely and unconditionally assigns unto Assignee, its successors and assigns, all of the right, title and interest of the Assignor (including, but not limited to, any damages and amounts payable to the Assignor thereunder, and all proceeds therefrom) in, to and under the following:

(a) The Service Agreements;

(b) The Construction Agreements;

(c) The Permits;

(d) The Plans and Specifications;

(e) All existing or after-acquired assignable warranties and guarantees (including, without limitation, any roof bond), permits or licenses in connection with the foregoing or otherwise relating to the Redevelopment Work; and

(f) Any proceeds or payments to the Lessee under Section 2 of the Lease for casualty or any other injury to the Redevelopment Work (items (a) through (f) being herein collectively referred to as the "*Assigned Rights*").

3. Representations and Warranties of the Assignor:

The Assignor hereby represents and warrants to Assignee as follows:

(a) The Assignor has full power, authority and legal right and all necessary consents and authorizations to make the assignments contemplated hereby and this Assignment has been duly authorized, executed and delivered by the Assignor and constitutes the valid and legally binding obligation of the Assignor, enforceable against the Assignor in accordance with the terms hereof, except as such enforceability

may be limited by bankruptcy, insolvency or other laws affecting generally the enforceability of creditors' rights and by equitable principles generally.

(b) The Assignor is not in default in the performance of any of its obligations under any of the Assigned Rights.

(c) The Assignor has not previously sold, assigned, transferred or pledged any of the Assigned Rights.

4. Covenants of the Assignor:

The Assignor covenants and agrees with Assignee that it will:

(a) Observe, perform and comply with each and every agreement, condition and covenant to be performed on its part under each of the Assigned Rights;

(b) Promptly forward copies to Assignee, but in any event not later than ten (10) business days after delivery or receipt by Assignor, of any notice alleging default given or received by Assignor pursuant to any of the Assigned Rights;

(c) Execute and deliver to Assignee at any time and from time to time such additional agreements and instruments, including, but not limited to, assignments of any future rights the Assignor may acquire in the nature of the Assigned Rights, it being the intention of the parties hereto that Assignee will at all times enjoy the benefits of such future rights hereunder, and such Assigned Rights shall expressly provide that such future rights shall be assignable to the Assignee hereunder and the Assignor shall execute such other instruments as may be or shall be requested by Assignee to confirm more fully the assignment contemplated hereby;

(d) Observe, perform and comply with each and every agreement, condition and covenant to be performed by Assignor under the Lease with respect to the Assigned Rights;

(e) Not pledge, transfer or otherwise further encumber or assign any of the Assigned Rights without Assignee's prior written consent;

(f) Deliver to Assignee a true copy of each agreement comprising the Assigned Rights which is renewed, modified, amended or supplemented; and

(g) Upon execution of any of the Construction Agreements, the Assignor will deliver a copy of such document (or the original at Assignee's request) to Assignee and will require the general contractor, the architect, the construction manager and other contractors (other than the subcontractors) party to the

Construction Agreements to deliver to Assignee a duly executed Consent and Agreement in substantially the form of the Consent and Agreement attached hereto as "Exhibit A".

5. Assignor May Perform Prior to Default:

Assignee agrees that so long as an Event of Default shall not have occurred and be continuing, it will permit the Assignor, as the licensee of Assignee, to perform all of the agreements, conditions and covenants to be performed on the part of the Assignor under the Assigned Rights and to renew, supplement, amend, modify or terminate any Assigned Right in accordance with the Lease.

6. The Assignor's Failure to Perform;

Assignee shall not be obligated to perform or discharge, nor does it undertake to perform or discharge, any agreement, condition or covenant under any of the Assigned Rights and the Assignor agrees to indemnify and hold Assignee harmless from and against any and all liability, loss or damage which it may or might incur under any of the Assigned Rights or under or by reason of this Assignment. In the event that the Assignor shall fail to perform its obligations hereunder or under the Assigned Rights, Assignee shall have the right, but not the obligation to perform such obligations. Any such performance by Assignee shall not operate as a release or waiver of any of the obligations of the Assignor hereunder or under the Assigned Rights, and any sums reasonably incurred by Assignee in so performing shall be payable by the Assignor immediately upon demand, and shall be secured hereby and accrue interest at the Default Rate from the date so incurred, until paid.

7. Default by Assignor:

(a) An event of default hereunder ("*Event of Default*") shall exist upon the occurrence and during the continuance of any of the following:

(i) Any one or more of the events described in subparagraphs (a) (1), (a) (2) or (a) (3) of Section 20 of the Lease shall have occurred and be continuing;

(ii) The Lease shall have been terminated by the Port Authority; or

(iii) The Lease shall have been terminated by JetBlue.

(b) Upon and at any time after an Event of Default shall have occurred and be continuing, the authority of the Assignor to perform under each of the Assigned Rights as Assignee's agent granted pursuant to Section 5 shall terminate immediately and the Assignor shall deliver to Assignee any funds in its possession relating to any of the Assigned Rights. In addition, Assignee, at its option and without any notice, shall have the right, either in person or by an agent or agents without the necessity of any suit or proceeding, to exercise all of the rights of the Assignor under the

Assigned Rights and to initiate, prosecute and settle legal proceedings in connection with any of the Assigned Rights.

(c) The acceptance by Assignee of this Assignment, with all of the rights, powers, privileges and authority so created, shall not, prior to entry upon and taking of possession of the Premises, or any portion thereof, by the Assignee, be deemed or construed to constitute Assignee in possession, nor thereafter or at any time or in any event obligate Assignee to appear in or defend any action or proceeding relating to the Assigned Rights to the Premises, or to the Redevelopment Work, or to take any action hereunder, or to expend any money or incur any expenses or perform or discharge any obligation, duty or liability under the Assigned Rights. Assignee shall not be deemed to have assumed the control, care, management or repair of the Premises or the Redevelopment Work or be liable in any way for any injury or damage to person or property sustained by any person or persons, firm or corporation related to or in connection with the Redevelopment Work.

(d) At any time after the occurrence and during the continuance of an Event of Default, the Assignee may in addition to all other rights and remedies set forth in the Lease, at its option, with or without notice and with or without bringing any action or proceeding, and with or without a receiver (i) enter upon the Premises and manage the Redevelopment Work or any portion thereof, (ii) make, cancel, enforce or modify the Assigned Rights, and (iii) enter into agreements with and/or terminate parties pursuant to the Assigned Rights. The entering upon the Premises and management the Redevelopment Work and/or any other action taken pursuant hereto shall not cure or waive any default, or waive, modify or effect notice of default under Lease, or invalidate any act done pursuant to such notice.

8. Power of Attorney:

The Assignor hereby irrevocably appoints Assignee, with full power of substitution, as the Assignor's attorney-in-fact, with full authority in the name, place and stead of the Assignor, from time to time after the occurrence and during the continuance of an Event of Default, to do any and all things required to be done in Assignee's discretion, to carry out the terms and accomplish the purposes of this Assignment as fully and effectually as the Assignor could do, including, but not limited to, the power to endorse the Assignor's name to checks, notes or other instruments for the payment of money, to deposit the same for the benefit of Assignee and to institute, prosecute and settle all claims of the Assignor in connection therewith. This power of attorney is coupled with an interest and shall be irrevocable. This power of attorney shall survive the dissolution and liquidation of the Assignor. The powers conferred upon Assignee hereunder are solely to protect its interest and shall not impose any duty upon it to exercise any of such powers.

9. Indemnification:

The Assignor hereby agrees to indemnify and hold Assignee and its Commissioners, employees and representatives harmless (herein the "*Indemnified Parties*") from any and all liability, loss, damage or expense ("*Indemnified Claims*") which they may or might incur under any of the Assigned Rights or by reason of this Assignment, or for any action taken by Assignee hereunder, or by reason or in defense of any and all claims and demands whatsoever which may be asserted against the Indemnified Parties arising out of the Assigned Rights. Should the Indemnified Parties incur any such liability, loss, damage or expense, the amount thereof (including without limitation legal expenses, whether those of the Port Authority's Law Department or otherwise, incurred in connection with the defense of) with interest thereon at the rate of Default Rate per annum shall be payable by the Assignor immediately without demand, and shall be secured hereby and accrue interest from the date so expended until paid.

10. No Waiver:

The failure of Assignee to avail itself of any of the terms, covenants and conditions of this Assignment for any period of time or at any time or times, shall not be construed or deemed to be a waiver of any such right and nothing herein contained, nor anything done or omitted to be done by Assignee pursuant hereto shall be deemed a waiver by Assignee of any of its rights and remedies under law or equity or under the Lease or this Assignment, or any of the obligations, or under the laws of the State of New York. The right of Assignee to enforce any of its rights under the Lease may be exercised by Assignee, either prior to, simultaneously with, or subsequent to any action taken hereunder.

11. Successors and Assigns:

The terms, covenants, conditions and warranties contained herein and the powers granted hereby shall inure to the benefit of and bind all parties hereto and their respective heirs, executors, administrators, successors and assigns. The Assignor shall not assign, sell, convey, transfer, or pledge any of its rights or obligations hereunder to any party without the written consent of the Assignee. The Assignee may assign, sell, convey or transfer, any of its rights or obligations hereunder at any time to any party, and such assignment, sale, conveyance or transfer shall benefit its respective heirs, executors, administrators, successors and assigns.

12. Entire Agreement; No Oral Change:

This Assignment embodies the entire agreement and understanding between the Assignor and Assignee relating to the subject matter hereof and supersedes all prior agreements and understandings relating thereto. This Assignment may not be changed orally, but only by an instrument in writing signed by the party against whom enforcement of any waiver, change, modification or discharge is sought.

13. Notices:

All notices, directions, requests, consents and approvals required to be given to or by either party shall be in writing, and all such notices and requests shall be personally delivered to the duly designated officer or representative of such party or delivered to the office of such officer or representative during regular business hours, or forwarded to him or to the party at such address by certified or registered mail. The Assignor shall from time to time designate in writing an office within the Port of New York District and an officer or representative whose regular place of business is at such office upon whom notices and requests may be served. Until further notice, the Port Authority hereby designates its Executive Director, and the Assignor designates George Sauer, Vice President of Corporate Real Estate, as their officers upon whom notices and requests may be served, and the Port Authority designates its office at 225 Park Avenue South, New York, New York 10003, and the Assignor designates its office at 118-29 Queens Boulevard, Forest Hills, New York 11375 as their respective offices where notices and requests may be served. If mailed, the notices herein required to be served shall be deemed effective and served as of the date of the certified or registered mailing thereof. The Port Authority may for informational purposes only send a copy by regular first class mail of all such notices and requests to the Assignor's General Counsel at the following address: 118-29 Queens Blvd., Forest Hills, New York 11375. Failure on the part of the Port Authority to send the informational copy shall not however be or be deemed to be a breach of this Assignment or impair or affect the validity of the notice or request actually given.

14. Governing Law;

This Assignment and the rights and obligations of the Assignor and Assignee hereunder shall be governed by, construed and enforced in accordance with laws of the State of New York applicable to agreements to be performed entirely within such State.

15. Severability:

If any provision hereof or of any of the written instruments evidencing part or all of the obligations is invalid or unenforceable in any jurisdiction such provision shall be deemed inoperative to the extent that it may conflict therewith and shall be deemed modified to conform to such statute, regulation or rule of law, and the remainder of this Assignment and the application of any such invalid or unenforceable provision to parties, jurisdictions or circumstances other than to whom or to which it is held invalid or unenforceable, shall not be affected thereby nor shall same affect the validity or enforceability of any other provision of this Assignment.

16. Waiver of Redemption:

The Assignor hereby waives any and all rights to recover and regain the Assigned Rights and all rights of redemption, granted by or under any present or future law in the event it is dispossessed for any cause, or in the event the Port

Authority or the Assignee obtains possession of the Assigned Rights in any lawful manner.

17. Further Assurances:

The Assignor hereby covenants and agrees to make, execute and deliver unto Assignee upon demand and at any time or times, any and all or assignments and other instruments sufficient or that the Assignee may deem to be advisable for carrying out the purposes and intent of this Assignment.

18. Cumulative Remedies and Rights:

The rights and remedies hereunder provided are cumulative and may be exercised singly or concurrently, and shall be construed as affording Assignee rights additional to and not exclusive of any rights and remedies conferred under the laws of the State of New York, any other laws or any other document.

19. No Assumption by the Assignee/No Superior Liens

(a) Nothing in this Assignment contained, nor any action or inaction on the part of the Assignee, is intended or shall be construed as establishing between the Assignee and any contractor, subcontractor or architect or other party providing services at the Airport or in connection with the Redevelopment Work or any party to the Assigned Documents, the relationship of partners or joint venturers or as rendering the Assignee responsible or liable to any such party for the manner of maintenance of the Airport or the conduct of any business or as an assumption by the Assignee of any liability to any Person for the fulfillment of any covenant or obligation of the Assigned Agreements or any Assigned Rights, but the Assignor shall at all times remain fully liable in every particular for the fulfillment of all the terms and conditions thereof and of this Assignment in every particular.

(b) Nothing contained in this Assignment, nor any action or inaction on the part of the Assignee, is intended or shall be construed as giving the Assignor any right, power or authority to contract for or permit the performance of any labor or services or the furnishing of any materials or other property, in such fashion as would permit making of any claim against any Assignee in respect thereof or any claim that any lien based on the performance of such labor or services or the furnishing of such materials or other property is superior to this Assignment.

20. Interpretation and Construction of Agreement:

Whenever appropriate herein or required by the context or circumstances, the masculine shall be construed as a feminine and/or neuter, the singular as the plural and vice versa. All rules of construction of drafting ambiguities applicable under Section 34 of the Lease shall apply equally to this Assignment.

21. Non-liability of Individuals:

No Commissioner, director, officer, agent or employee of either party shall be charged personally or held contractually liable by or to the other party under any term or provision of this Assignment or of any supplement, modification or amendment to this Assignment or because of any breach thereof, or because of its or their execution or attempted execution.

24. Miscellaneous:

It is expressly intended, understood and agreed that this Assignment and the Lease are made and entered into for the sole protection and benefit of the Port Authority and the Assignor, and their respective successors and assigns (but in the case of the assigns of the Assignor, only to the extent permitted hereunder or thereunder); that no other person or persons shall have any right at any time to action hereof or rights hereunder.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be executed and delivered as of the day and year first above written.

EXHIBIT A

CONSENT AND AGREEMENT
(this "Consent Agreement")

The undersigned, _____, a _____corporation, is the Contractor (the "Contractor") under that certain agreement dated _____, 200X (the "*Contract*") with JetBlue Airways Corporation ("JetBlue"), which is one of the contracts to be assigned, pursuant to that certain Assignment of Construction Agreements, Plans and Specifications, Permits and Service Agreements (the "*Assignment Agreement*"), to The Port Authority of New York and New Jersey, as security for JetBlue's full and timely conformance with all of the terms and conditions by JetBlue under that certain agreement of lease bearing Port Authority Agreement No. AYD-350 and dated as of May 6, 2005 covering the performance of certain redevelopment work and the leasing of certain premises at John F. Kennedy International Airport ("the *Lease*"). The undersigned hereby agrees as follows for the benefit of Port Authority and its respective successors and assigns:

(a) The undersigned hereby represents and warrants to the Port Authority (i) that it is the sole owner of the entire Contractor's interest under the Contract free and clear of all liens and encumbrances, (ii) that this Consent Agreement has been duly authorized by all necessary corporate action of, and is valid and binding upon, the undersigned, and (iii) that any third-party consent necessary or desirable in connection with this Consent Agreement has been obtained.

(b) The undersigned hereby acknowledges and agrees that the Contract and all payments, obligations, indebtedness, estates, rights, titles and interests thereunder shall be and hereby are made subject and subordinate to (i) the Lease and any obligation of JetBlue thereunder to the Port Authority, provided, however, that so long as an Event of Default (as defined in the Assignment Agreement) by JetBlue shall not have occurred and be continuing and a notice of such Event of Default shall have been delivered to the Contractor, nothing herein contained shall be construed so as to prevent the rightful payment of any monies owed to the undersigned pursuant to the Contract.

(c) The undersigned hereby consents to the assignment of the Contract to the Port Authority and agrees that, upon receipt of notice from the Port Authority or its successors or assigns that an Event of Default has occurred and is continuing, and that such party giving notice thereby assumes for the benefit of the undersigned, all obligations of JetBlue under the Contract subject to the terms and provisions thereof, the undersigned will perform all of its obligations, covenants, conditions and agreements under the Contract for the benefit of the Port Authority and its successors and assigns, provided that the undersigned has been and will continue to be paid in accordance with Contract for work so performed.

(d) The undersigned agrees that it will furnish to the Port Authority copies of all written notices given to JetBlue as and in the manner required under the Contract with respect to any default of JetBlue thereunder simultaneously with the giving of such notice to JetBlue, and, anything in the Contract to the contrary notwithstanding, agrees that the Port Authority shall have a reasonable opportunity to cure any such default, and that the undersigned will accept any such performance by the Port Authority, provided that (i) the Port Authority commences to cure or causes to be cured any such default and the elimination of any such default is carried on with due diligence, and (ii) the undersigned has been and will continue to be reimbursed by the Port Authority for any sums due under the Contract within a reasonable time after the same become due. The undersigned agrees that it will perform all of its obligations, covenants, conditions and agreements under the Contract for the benefit of the Port Authority and its successors and assigns so that there shall be no interruption of the work called for thereby and the Port Authority shall be entitled to use all of the plans, specifications, and drawings, together with any and all modifications, additions, enlargements or extensions thereto produced for the construction of the improvements and the Redevelopment Work pursuant to the Contract, at no additional cost.

(e) The undersigned agrees that the Port Authority shall not be deemed by virtue of the aforesaid assignment to have assumed any of the obligations of JetBlue under the Contract, and the Port Authority shall have no liability of any kind to the undersigned under the Contract or by reason of any services or materials furnished by the undersigned to, or for obligations of, JetBlue. The aforesaid assignment and the foregoing consent shall not be deemed to release or to affect in any way the obligations of JetBlue to the undersigned. The undersigned agrees that the rights granted herein shall inure to the benefit of the Port Authority and its successors and assigns.

(f) For purposes of the aforesaid assignment, all notices, demands or documents which are required or permitted to be given or served hereunder shall be deemed to have been properly given if hand delivered, or if mailed by United States registered or certified mail, postage prepaid, return receipt requested, addressed as follows:

If to the undersigned:

Attention:

If the Port Authority:

The Port Authority of New York and New Jersey
225 Park Avenue South
New York, New York 10003

Attention: Executive Director

(g) This Consent Agreement shall bind the undersigned and its successors and assigns and inure to the benefit of the Port Authority and its successors and assigns, and may be modified only by an instrument in writing signed by the Port Authority and the undersigned.

(h) Capitalized terms used herein without definition shall have the meanings assigned thereto in the Lease.

IN WITNESS WHEREOF, the undersigned has executed this Consent Agreement as of the effective date of the Contract.

EXEMPTION (4) – DRAWINGS OF NON-PUBLIC AREAS

Exhibit 49.1

Triggering Events

The following are the Triggering Events applicable to the provisions of Sections 49 and 50 of the Lease to which this Exhibit 49.1 is attached between the Lessee and the Port Authority:

I. Exhibit 49.1 Definitions:

(1) All accounting terms used in this Exhibit and not otherwise defined herein or in the Lease to which this Exhibit 49.1 is attached shall have the meanings usually given such terms, in accordance with United States generally accepted accounting principles.

(2) As used herein the term "*CPI Change*" shall mean the annual percentage change, if any, in the CPI yielded by dividing the difference obtained by subtracting CPI for one Reference Month from the CPI for the immediately preceding Reference Month, by the CPI for the earlier of the two Reference Months; as determined by the Port Authority.

(2) As used herein the terms "*Debt*", "*Indebtedness*" and "*Debt Financings*" shall mean for the purposes of this Exhibit, at any date (i) all obligations of the Lessee evidenced by loan agreement(s), bonds, debentures, notes or other similar instruments or for borrowed money; (ii) all equipment trust certificates, equipment trust indentures, mortgages, conditional sales or other security agreements, or other similar agreements, and (iii) all capital lease obligations of the Lessee.

(3) As used herein the term "*Specified Amount*" shall mean the amount of Thirty-two Million Dollars and No Cents ($32,000,000.00), as the same shall be adjusted on an annual basis as follows:

(i) The Port Authority shall ascertain the CPI for the first Reference Month and for each succeeding Reference Month after the same has been published, and the Port Authority shall also determine each CPI Change.

(ii) (aa) Effective on January 1, 2006 the Specified Amount Thirty-two Million Dollars and No Cents ($32,000,000.00) shall be adjusted by multiplying the amount of $32,000,000.00 by a percentage equal to the sum of the CPI Change, either positive or negative, as calculated using the two immediately preceding Reference Months (i.e. October 2004 and October 2005) and 100% and the amount so obtained from the foregoing calculation shall be and become the Specified Amount in effect for the Adjustment Period commencing on January 1, 2006.

(bb) Effective on January 1, 2007 and on the first day of each Adjustment Period thereafter occurring during the Term, the Specified Amount shall be further adjusted for each Adjustment Period as follows: the amount of the Specified Amount set forth in paragraph (3)(ii)(aa) above as the same shall have been last adjusted

under this paragraph (3), by multiplying such Specified Amount by a percentage equal to the sum of the CPI Change as calculated using the two Reference Months immediately preceding the first day of the subject Adjustment Period and 100%, and the amount so obtained from the foregoing calculation shall be and become the Specified Amount in effect for the Adjustment Period.

II. Triggering Events:

(1) A Triggering Event shall occur when the Lessee shall fail to make payment as provided for in two or more of the categories listed below. Furthermore, such Triggering Event shall not have occurred unless the Port Authority shall have notified the Lessee that such Triggering Event shall be effective on a date thirty (30) days following the date of such notice unless all payments due from the Lessee pursuant to such categories listed below and specified in such notice have been received by the Port Authority:

(i) Payment of monthly installments of rental shall be made to the Port Authority on the first day of each calendar month;

(ii) Payment of all sums, including, without limitation, flight fees and fuel gallonage fees under the Lessee's General Airport Agreement or under the Lessee's JFK Flight Fees Agreement (with respect to flight fees), or otherwise, shall be made to the Port Authority on or before the date required for payment in such agreements;

(iii) Payment of all sums due to the Port Authority under this Agreement or otherwise, and outstanding for more than thirty (30) days, appearing on a Statement of Account rendered by the Port Authority to the Lessee.

No provision of this paragraph (1) shall be deemed to affect or limit the right of the Port Authority to terminate the Lease pursuant to Section 20 (a) (9) thereof for failure to make such payments when due under the Lease.

(2) The Lessee expressly represents and warrants to the Port Authority that, as of the "Lease Commencement Date" as defined in the Lease, the Lessee has multiple publicly or non-publicly held Debt Financings each in excess of Thirty-two Million Dollars and No Cents ($32,000,000.00) which include events of default which could lead to acceleration thereof.

(3) A Triggering Event shall occur if any of the following shall occur and the Port Authority shall have previously given or shall thereafter during the pendency thereof give the Lessee notice of the election of the Port Authority to activate such Triggering Event:

(a) as a result of a default by the Lessee, other than a default arising due to compliance by the Lessee with any applicable law or directive or (provided that the Lessee has satisfied the Port Authority that it is reasonable to comply therewith) with any requirement, whether having the force of law or not, of any government or regulatory authority to which the Lessee is subject, unless such default results in the Lessee becoming bound to repay

prematurely any of its Indebtedness for borrowed moneys as described in (i) below (not being that in respect of which the default has occurred) and steps are taken to obtain repayment thereof:

(i) the Lessee becomes bound to repay prematurely any of its Indebtedness for borrowed moneys having an outstanding aggregate principal amount of at least the Specified Amount or its equivalent in any other currency or currencies and steps are taken to obtain repayment thereof; or

(ii) any such Indebtedness having an outstanding aggregate principal amount of at least the Specified Amount or any guarantee or indemnity of the Lessee of any Indebtedness of any Person for borrowed moneys having an outstanding aggregate principal amount of at least the Specified Amount is not, when due, paid by the latest of its due date, the expiry of any applicable grace period and (if payment is prevented by any applicable law) fifteen (15) days after the first date on which payment is permitted,

provided that any such acceleration of maturity, default or failure to pay in subdivision II (3)(a)(i) and/or II (3)(a)(ii) above, as the case may be, shall not constitute a Triggering Event so long as the Lessee satisfies the Port Authority that it is being contested in good faith by the Lessee or as long as the Lessee demonstrates to the Port Authority that such event of default and acceleration of Debt has arisen from events other than those which would signify a deterioration in the Lessee's financial position or an inability to meet its financial obligations under such Debt; or

(b) a creditor takes possession or an administrative or other receiver is appointed of the whole or a substantial part of the assets of the Lessee and such taking of possession or appointment is not released, discharged or canceled within 60 days; or

(c) a distress, execution or seizure before judgment is levied or enforced upon or sued out against a substantial part of the assets of the Lessee and is not discharged, dismissed or stayed within 60 days thereof; or

(d) the Lessee stops payment generally or is unable to pay its Debts generally as and when they fall due or (otherwise than for the purposes of a solvent reconstruction, amalgamation or merger the terms of which have previously been approved in writing by the Port Authority) or ceases or threatens to cease to carry on all or substantially all of its business; or

(e) the Lessee makes an assignment for the benefit or creditors generally or admits in writing its inability to pay its Debts generally as they become due or takes corporate action in furtherance of any such action.

III. Modification Requested by Lessee:

The Lessee may deliver a notice to the Port Authority requesting that one or more of the Triggering Events contained in this Exhibit 49.1 be modified. The Lessee shall include as part of such notice the text of the modification. If the Executive Director of the Port Authority, with the approval of the Chairman of the Committee on Finance of the Board of the Commissioners of the Port Authority, shall countersign such modification, or an amended version of the modification that is acceptable to the Lessee, such notice, duly signed by both the

Lessee and the Executive Director of the Port Authority, shall be a valid and binding modification of the Triggering Events.

Exhibit 56.1

Initial Post Construction Baseline Investigation

In addition to the requirements for the Initial Post Construction Baseline and the Initial Post Construction Baseline Work set forth in Section 56 of the Lease to which this Exhibit is attached, the following additional steps for conducting the Initial Post Construction Baseline Work and delivering and preparing the Initial Post Construction Baseline are to be followed:

1. All terms used in this Exhibit and not otherwise defined herein shall have the meanings given such terms in the Lease to which this Exhibit is attached.

2. Sampling shall be performed at each of the locations identified in Exhibit 56.3 and in addition sampling shall be performed at the approximate center of each Unknown Environmental Condition that is surveyed and recorded by the Lessee in accordance with Section 2(g)(12)(iii), provided, however, if any of the foregoing sampling locations contains any Lessee Hazardous Substance or any Hazardous Substance that was added to or under the Premises on or after the Effective Date and were not caused by the sole acts or omissions of the Port Authority, then no sampling from that location shall be taken or performed and that sampling location shall not be replaced with another sampling location.

3. The Lessee shall prepare a sampling plan for review and approval by the Port Authority in accordance with Sections 33 and 56 of the Lease. The sampling plan shall conform to the NYSDEC's "Sampling Guidelines and Protocols" (Simon Wu, 1990) and shall conform to all the requirements of this Exhibit 56.1, Exhibit 56.2 and Exhibit 56.3 and Sections 33 and 56 of the Lease.

4. Upon the Port Authority's approval of the Lessee's sampling plan, the Lessee shall promptly proceed with the Initial Post Construction Baseline Work.

5. Boreholes at each sampling location shall be advanced to the top of the organic layer and all borings shall be converted into monitoring wells. All sampling locations shall be surveyed. All soil excavated during installation shall be examined visually and screened with a properly calibrated Photo-Ionization Detector (PID) at every two feet of depth. A minimum of two soil samples shall be collected at each location: one soil sample shall be collected between one to two feet below ground level, and one soil sample shall be collected at the soil/water interface. If soil screening indicates that the soil at another depth other than the two above samples has the highest PID reading, then one additional soil sample shall be collected from this depth.

6. The Lessee shall install and develop monitoring wells according to procedures to be submitted by the Lessee for approval by the Port Authority covering the installation and development of unconfined, unconsolidated monitoring wells.

7. All wells shall be constructed of a 2-inch I.D., flush-joint, polyvinyl chloride (PVC) casing with a 0.020-inch slotted well screen and installed so that the top of the well screen is set at least two feet above the observed groundwater table. All wells shall be finished with a flush-mounted curb box with an 8-inch diameter steel manhole cover set in concrete. All wellheads shall be equipped with locking caps.

8. All monitoring wells shall be developed for two weeks before collecting groundwater samples. The monitoring wells shall be gauged before the collection of groundwater samples.

9. All soil and groundwater samples collected shall be analyzed for the following parameters: the Priority Pollutant list of 126 compounds and elements developed by the Environmental Protection Agency (EPA) pursuant to Section 307(a)(1) of the Clean Water Act and 40 non-targeted organic compounds detected by gas chromatography/mass spectroscopy (GC/MS) analysis, Total Xylenes, Methyl Tertiary Butyl Ether (MTBE), Tert-Bytyl Alcohol (TBA), Total Glycol and Total Petroleum Hydrocarbons (TPHC). All analyses shall be performed by laboratories certified by the New York State Department of Health (NYSDOH) under the Environmental Laboratory Accreditation Program (ELAP).

10. All analytical results shall be compiled and the data entered into both Excel spreadsheets as well as electronic data deliverable format for import into EquIS database. All test results taken within a Zone shall be grouped into sub-data sets. The sampling results that fall within the boundaries of a Zone shall be associated with that Zone.

11. The Lessee shall prepare a draft post construction baseline report summarizing all test results from the soil and groundwater samples taken as part of the Initial Post Construction Baseline Work and as set forth in paragraph (10) of this Exhibit and showing all the calculations to determine for each Zone the Soil Threshold Level and the Ground Water Threshold Level for each Analyzed Item in accordance with paragraph (j) of Section 56 of the Lease.

12. Upon the Port Authority's approval of the Lessee's draft post-construction baseline report, such approved report shall become the "*Initial Post Construction Baseline*".

1. Wall finishes include painting, vinyl covering, hard surfaces in public areas, and ceramic tile. Amortization: Paint $900,000 at 5 years; remainder at 25 years.

2. Floor finishes include terrazzo, ceramic tile, carpet (generic) and epoxy flooring. Amortization: Carpet $400,000 at 3 years; remainder at 25 years.

3. Ceiling finishes include hard surfaces, lay-in tile and acoustical treatments.

4. Toilet partitions, lockers, benches, wire mesh partitions.

5. Security Equipment includes security cameras, Security Operations Center equipment and the door security equipment.

6. Building Management System includes the temperature control system, Building Control Center equipment, and the energy management system.

7. Bathroom mirrors, interior glass doors, partition walls that are glass.

8. Support space furniture

9. Above and beyond basic emergency systems.

10. PA System, FIDS, BIDS, GIDS, RIDS.

11. Assumes 40% before and 60% after shell completion. The 40% represents the structural components affixed to the building. The 60% represents the plates, motors, pushers, etc. that complete out the system.

12. Garbage disposal system primarily for aircraft waste.

EXHIBIT 90.1

ELECTION PURSUANT TO SECTION 142 (b) OF THE INTERNAL REVENUE CODE OF 1986)

1. JETBLUE AIRWAYS CORPORATION (hereinafter called the "*Lessee*") pursuant to an Agreement of Lease bearing Port Authority Lease No. No. AYD-350 (hereinafter, as the same may be hereafter amended, modified and supplemented, called the "*Lease*") dated as of May, 6, 2005 (the "*Effective Date*"), between the Lessee and The Port Authority of New York and New Jersey (hereinafter called the "*Port Authority*"), has leased a site and the structures, improvements, additions, buildings and facilities located or to be located thereon at John F. Kennedy International Airport, all as described in the Lease (hereinafter called the "*Leased Premises*") to be used for air passenger terminal purposes constituting part of a public airport for a term commencing on the Effective Date.

2. The principal office of the Port Authority is at 225 Park Avenue South, New York, New York 10003 and its taxpayer identification number is 13-6400654W.

3. The principal office of the Lessee is at 118-29 Queens Boulevard, Forest Hills, New York 11375 and its taxpayer identification number is 87-061-7894.

4. Capital expenditures in connection with the Leased Premises have been, or are expected to be made, in whole or in part by the Port Authority from "exempt facility bonds" (within the meaning of Section 142(a) of the Internal Revenue Code of 1986) issued by the Port Authority from time to time (such capital expenditures being hereinafter called the "*Property*").

5. The Lessee has not acquired and is not acquiring an ownership interest in the Leased Premises. The Lessee hereby irrevocably elects not to claim for purposes of federal, state or local taxation of income any depreciation or investment credits, with respect to the Property. The Lessee further agrees that this irrevocable election shall be binding upon its successors in interest, if any, under the Lease, and as a condition of any permitted sale or assignment of the interest of the Lessee under the Lease, every successor in interest shall furnish an executed irrevocable election in the form of the immediately preceding sentence to the Port Authority. The foregoing shall not grant or be deemed to grant to the Lessee the right to sell or assign, in any manner, its interests under the Lease.

6. It is understood that the foregoing election shall not apply to any capital expenditures made by the Lessee with respect to the Leased Premises or to any personal property of the Lessee (including equipment and trade fixtures) removable without material damage to the Leased Premises, installed by the Lessee in or on the Leased Premises pursuant to the Lease, and which are deemed to be and remain the property of the Lessee.

Exhibit 92.1

THIS AGREEMENT SHALL NOT BE BINDING
UPON THE PORT AUTHORITY UNTIL DULY
EXECUTED BY AN EXECUTIVE OFFICER THEREOF
AND DELIVERED TO THE OBLIGOR BY AN
AUTHORIZED REPRESENTATIVE OF THE PORT AUTHORITY

Agreement No. AX-782

AGREEMENT

THIS AGREEMENT (hereinafter referred to as the "*Agreement*") made as of the _____day of November, 2005 (hereinafter referred to as the "*Effective Date*"), by and between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY (hereinafter referred to as the "*Port Authority*"), and JETBLUE AIRWAYS CORPORATION (hereinafter referred to as the "*Obligor*"), a corporation organized and existing under the laws of the State of Delaware with an office and place of business at 118-29 Queens Boulevard, Forest Hills, New York 11375, whose representative is Vice President of Corporate Real Estate.

WITNESSETH, That:

WHEREAS, the Obligor and the Port Authority are simultaneously herewith entering into a certain agreement of lease bearing Port Authority Agreement No. AYD-350 (the "*Lease*") dated as of May 6th and covering certain redevelopment work and premises at John F. Kennedy International Airport, as more fully described in the Lease;

WHEREAS, the parties hereto in consideration of the execution of the Lease and in connection therewith desire to provide security for the performance and fulfillment by the Obligor of its obligations under the Lease; and

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, the Port Authority and the Obligor hereby agree as of the Effective Date as follows:

1. (a) Upon the execution of the Lease, the Obligor shall deliver to the Port Authority as security for the full, faithful and prompt performance of and compliance with, on the part of the Obligor of all of the provisions, terms and conditions of the Lease on its part to be fulfilled, kept, performed or observed, including without limitation, the payment of all rentals, fees and other amounts, charges and obligations now or in the future to become due and owing to the Port Authority by the Obligor pursuant to the Lease (the "*Obligations*"), a clean irrevocable letter of credit in the amount of Eighty Million Dollars and No Cents ($80,000,000.00) (the "*Security Amount*") payable in the Port of New York District and issued to and in favor of the Port Authority by a banking institution acceptable to the Port Authority and having its main office or a corresponding branch within the Port of New York District. Each letter of credit

delivered by the Obligor to the Port Authority pursuant to and in accordance with this Agreement is herein called a "*Letter of Credit*". The form and terms of each Letter of Credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Each Letter of Credit shall provide that it shall be effective for the period (the "*Effective Period*") commencing on the Effective Date and ending on the date that the Obligor shall deliver to the Port Authority in accordance with the Lease the Terminal 5 Letter of Credit as defined in therein; such continuance may be by provision for automatic renewal or by delivery to the Port Authority of a substitute letter of credit satisfactory to the Port Authority and meeting all the requirements set forth in this paragraph 1(a) in an amount so that at all times during the Effective Period the Port Authority shall have a Letter of Credit or Letters of Credit in the Security Amount. If requested by the Port Authority, any Letter of Credit delivered pursuant to this Agreement shall be accompanied by a letter expressing the opinion of counsel for the banking institution issuing the Letter of Credit that the issuance of said Letter of Credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law.

(b) Upon notice of cancellation of a Letter of Credit or upon notice that a Letter of Credit will not be extended the Obligor agrees that unless, by a date sixty (60) days prior to the effective date of such cancellation or expiration, such Letter of Credit is replaced by another letter of credit satisfactory to the Port Authority and meeting all the requirements of paragraph 1(a) above in an amount so that at all times during the Effective Period the Port Authority shall have a Letter of Credit or Letters of Credit under this Agreement in the Security Amount, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security under this Agreement.

(c) (i) An event of default hereunder ("*Event of Default*") shall exist upon the occurrence and during the continuance of any of the following:

(aa) Any one or more of the events described in subparagraphs (a) (1), (a) (2) or (a) (3) of Section 20 of the Lease shall have occurred and be continuing;

(bb) The Lease shall have been terminated by the Port Authority; or

(cc) The Lease shall have been terminated by JetBlue.

(ii) Upon and at any time after an Event of Default shall have occurred and be continuing, and in addition to any and all other remedies available to it, the Port Authority shall have the right, at its option at any time and from time to time, with or without notice, to draw upon the Letter of Credit or Letters of Credit, in whole or in part, in whole or partial satisfaction of any of its claims and demands against the Lessee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of a Letter of Credit or Letters of Credit shall cure any default or breach of the Lease.

(d) If at any time any bank shall fail to make any payment to the Port Authority in accordance with any Letter of Credit issued by any such bank, the Obligor shall cause to be delivered to the Port Authority on demand another letter of credit satisfactory to the Port Authority and meeting all the requirements set forth in paragraph 1 (a) above in an amount

so that at all times during the Effective Period the Port Authority shall have a Letter of Credit or Letters of Credit in the Security Amount.

(e) No action by the Port Authority pursuant to the terms of any Letter of Credit, or receipt by the Port Authority of funds from any bank issuing any Letter of Credit, shall be or be deemed to be a waiver of any breach or default by the Obligor of the Obligations and all rights and remedies under the Lease, or otherwise consequent upon such breach or default shall not be affected by the existence of or recourse to any such Letter of Credit.

(f) Upon written request therefor by the Obligor on or after the Obligor shall have delivered to the Port Authority the Terminal 5 Letter of Credit (as defined in the Lease) and upon the condition that an Event of Default shall not have occurred and be continuing, the Port Authority will return to the Obligor the Letter of Credit or Letters of Credit which have been caused to be delivered to the Port Authority by the Obligor hereunder and are in the possession of the Port Authority less the amount by partial or full drawings of any and all unpaid claims and demands (including estimated damages) of the Port Authority by reason of any default or breach by the Obligor of the Obligations.

2. No failure by the Port Authority to insist upon the strict performance of this Agreement or any agreement, term, covenant, requirement or condition of the Lease or to exercise any right or remedy consequent upon a breach or default of any of the foregoing, and no extension, supplement or amendment of any of the Lease during or after a breach thereof, unless expressly stated to be a waiver, and no acceptance by the Port Authority of rentals, fees, charges or other payments in whole or in part after or during the continuance of any such breach or default, shall constitute a waiver of any such breach or default of any of the terms or conditions of the Lease or this Agreement. No agreement, term, covenant, requirement, obligation or condition of the Lease or this Agreement to be performed or complied with by the Obligor and no breach or default thereof, shall be waived, altered or modified except by a written instrument executed by the Port Authority. No waiver by the Port Authority of any default or breach on the part of the Obligor in performance of any agreement, term, covenant, requirement, obligation or condition hereof or in the Lease shall affect or alter any obligation, but each and every agreement, term, covenant, requirement, obligation and condition hereof and in the Lease shall continue in full force and effect with respect to any other then existing or subsequent breach or default thereof.

3. The Obligor hereby agrees that a breach or failure to perform or comply with any of the terms and conditions of this Agreement, including without limitation, failure to provide a Letter of Credit or Letters of Credit in accordance with the terms and provisions of this Agreement at any time during the Effective Period valid and available to the Port Authority or any failure of any banking institution issuing a Letter of Credit to make one or more payments as provided in such Letter of Credit or Letters of Credit, shall constitute a material breach of the Lease thereby entitling the Port Authority to immediately exercise any and all rights available to it as fully as if such breach, failure or non-compliance was a breach of the Lease, including without limitation, the right to terminate the Lease pursuant to Section 20 thereof.

4. For purposes of the foregoing, the Obligor hereby certifies that its I.R.S. Employer Identification No. is: 87-061-7894.

5. No Commissioner, director, officer, agent or employee of either party shall be charged personally or held contractually liable by or to the other party under any term or

provision of this Agreement or of any supplement, modification or amendment to this Agreement or because of any breach thereof, or because of its or their execution or attempted execution.

IN WITNESS WHEREOF, the parties have caused these presents to be executed the day and year first above written.

Re: Memorandum of Agreement
Terminal 5 and 6 Redevelopment Project
John F. Kennedy International Airport (JFK)

Dear Consulting Party Member:

Thank you for your participation in the 106 process. Enclosed for your records is a copy of the fully executed Memorandum of Agreement for the JFK Terminal 5 and 6 Redevelopment Project at John F. Kennedy International Airport (JFK). We are very pleased to report that all of the consulting parties elected to concur on the MOA.

The fully executed MOA is being filed with the ACHP and is the formal conclusion of the Section 106 process. In accordance with Stipulation 3 of the MOA, the PANYNJ will be coordinating activities of the Redevelopment Advisory Committee (RAC). Mr. Stephen Smolenski, Program Director, JFK Redevelopment, will be contacting you in the near future with information regarding the first meeting of the RAC.

With regard to the NEPA process, the PANYNJ is currently in the process of finalizing the EA. The EA will then be submited to FAA for review and an environmental determination.

Thank you again for your work on this project. We look forward to the successful implementation of the MOA.

Sincerely,

Marie C. Jenet
Environmental Specialist

Section 2.0

Memorandum of Agreement

MEMORANDUM OF AGREEMENT
AMONG
THE PORT AUTHORITY OF NEW YORK & NEW JERSEY,
THE NEW YORK STATE HISTORIC PRESERVATION OFFICE,
THE FEDERAL AVIATION ADMINISTRATION, AND
THE ADVISORY COUNCIL ON HISTORIC PRESERVATION
FOR THE REHABILITATION, RESTORATION, AND
ADAPTIVE REUSE OF TWA TERMINAL 5 AT
JOHN F. KENNEDY INTERNATIONAL AIRPORT
JAMAICA, NEW YORK

WHEREAS, the proposed redevelopment of the TWA Terminal site at John F. Kennedy International Airport (JFK), as part of the proposed Terminal 5/6 Redevelopment Project, has prompted the Port Authority of New York & New Jersey (Port Authority), as operator of JFK, to request the Federal Aviation Administration (FAA) to consider approving a change to the airport layout plan (ALP); and

WHEREAS, the TWA Terminal site includes the existing TWA Main Terminal Building, the Connecting Flight Tube to the present Flight Wing 1 ("West Tube"), the Connecting Flight Tube to the present Flight Wing 2 ("East Tube"), and "Flight Wings 1 and 2," and

WHEREAS, the existing TWA Main Terminal Building, the East and West Tubes, and Flight Wing 2 have been determined to be eligible for listing on the National and State Registers of Historic Places and

WHEREAS, the existing TWA Terminal was designed in the late 1950's and opened in 1962, and has been determined through an exploration of feasible and prudent alternatives to be inadequate in function and scale for contemporary airport terminal use at JFK; and

WHEREAS, the FAA notified the Advisory Council on Historic Preservation (ACHP) that the proposed redevelopment will have an Adverse Effect on the National and State Register-eligible TWA Terminal, and

WHEREAS, the FAA, the New York State Historic Preservation Office (SHPO), the Advisory Council on Historic Preservation (ACHP) and the Port Authority, as an invited signatory, have consulted pursuant to 36 C.F.R. Part 800, regulations implementing Section 106 of the National Historic Preservation Act, as amended (16 U.S.C. 470f); and

WHEREAS, The National Trust for Historic Preservation, The Municipal Art Society of New York, the New York City Partnership, Documentation and Conservation of Buildings, Sites and Neighborhoods of the Modern Movement (DOCOMOMO), the Finnish Consulate General, New York Landmarks Conservancy, Jet Blue Airways, the New York Building Congress, and John Cullinane & Associates – as interested parties, have requested and been invited by the FAA to be consulting parties and to participate in the Section 106 process as described at 36 C.F.R. Part 800, and have been invited to concur in this Memorandum of Agreement (MOA), and

WHEREAS, a new terminal will be constructed and the historic TWA Terminal and the East Tube will be restored/rehabilitated and adaptively reused as these projects are reflected herein and described in the "Revised Concept Master Plan" - consisting of the initial Concept Master Plan of July, 2000, as amended as of February 2001, as described in the October 29, 2001 PowerPoint Presentation "JFK Sites 5/6 Redevelopment Including the TWA Landmark" by Robert I. Davidson, FAIA, and as revised on October 10, 2003, as a result of additional consultation with the consulting parties. (See Attachment A – description of project, Attachment B – drawing of Revised Concept Master Plan, and Attachment C - October 10, 2003 Report to FAA on Consultation).

NOW THEREFORE, the FAA, the SHPO, the ACHP, and the Port Authority agree that the project to redevelop the Terminals 5/6 site at JFK shall be implemented in accordance with the following Stipulations in order to take into account the effect of the undertaking on the TWA Terminal site:

STIPULATIONS

If the FAA approves the undertaking, it will ensure that the following measures are carried out:

Planning

1. In December 2001 and January 2002, the Port Authority advertised in 19 local, national, and international publications a Solicitation of Interest (SOI) to identify entities with an interest in undertaking the restoration/rehabilitation and adaptive reuse of the TWA Terminal. As a result, the Port Authority sent a SOI package to 104 entities that responded to the advertisement. In addition, a SOI package was provided to each of the signatories to this MOA and the consulting parties. The Port Authority received 41 expressions of interest, and those entities, and any other interested party, will receive a RFP for the restoration/rehabilitation and adaptive reuse of the TWA Terminal. The Port Authority will seek, through a Request For Proposals (RFP) process, to execute an agreement with an adaptive reuse developer providing for the appropriate design, construction, restoration, rehabilitation, operation and maintenance of the TWA Main Terminal Building and the Connecting Flight Tubes. The Port Authority will use its best efforts to issue the RFP as soon as possible following receipt of FAA approval for the Terminal 5/6 Redevelopment Project and expects to request that proposals be submitted to it no later than four months after issuance. The Port Authority will require that any adaptive reuse developer selected as a result of the RFP or any other process, must agree to adhere to the terms and conditions in this Memorandum of Agreement. The Port Authority shall give each consulting party the opportunity to comment on the Draft RFP documents prior to issuance in order to receive their input on design and preservation issues in those documents, which are within the scope of this MOA. The Port Authority shall also give the consulting parties the opportunity to comment on the proposals received in response to the RFP. The comments of the consulting parties shall be provided to the Selection Committee for their consideration during the selection process.

2. In accordance with the Port Authority's October 10, 2003 report to the FAA on the consultation process, the adaptive reuse will accommodate the provision of, at minimum, two (2) electronic ticketing kiosks in an appropriate setting within the TWA Main Terminal for use by airline passengers with carry-on luggage only. The Port Authority will require that any airline

responsible for the ticketing kiosks will install, operate and maintain the kiosks and monitor their usage.

3. In order to seek input from interested parties, on the implementation of the Revised Concept Master Plan for the Terminal 5/6 site at JFK, in accordance with the Stipulations in this MOA, including the restoration, rehabilitation and reuse of the TWA Terminal Building and efforts to minimize any adverse effects of the site redevelopment on the TWA Terminal Building, a Redevelopment Advisory Committee (RAC) will be formed and will operate in accordance with the Guidelines in Attachment D to this MOA. The RAC will consist of the consulting parties that express an interest in participating, the SHPO and Port Authority.

4. In order to avoid, minimize or mitigate any adverse effect of the new terminal in each development phase on the historic building, the siting and design of a new terminal on the airside of the historic building shall provide an appropriate setting for the TWA Terminal Building. The goal will be to retain the individual identity of the historic building, separate from the new terminal. The new terminal will include improved public access to the TWA Main Terminal through the Connecting Flight Tubes, and will be separated from the TWA Main Terminal by an outdoor plaza and arrivals roadway. As reflected in the Port Authority's October 10, 2003 report to the FAA on the consultation process, and as reflected in the Revised Concept Master Plan, the Port Authority will enhance public access to the TWA Main Terminal by providing enclosed connectors from the light rail station (AirTrain JFK) to the TWA Main Terminal. The connection will contain signage to allow for passage of air terminal passengers, patrons of the adaptive reuse, and the general public to the TWA Main Terminal and its features. In compliance with the July 18, 1997 record of decision on the Environmental Impact Statement for the JFK Light Rail System, this connection shall be constructed in such a way as to minimize physical and visual impacts to the historic resource. Additionally, as more detailed plans for the siting and design of the new terminal are developed, including the connections from the TWA Main Terminal to Air Train JFK and to the new terminal, those plans will be forwarded to the SHPO, and in accordance with RAC Guidelines, to the RAC for review and comment. The roadway system will also allow vehicles to access either the TWA Main Terminal frontage or the arrivals/departures roadways of the new terminal.

5. The final design plans for the restoration, rehabilitation and adaptive reuse of the TWA Main Terminal and the East Tube, and any plans for alteration of the West Tube shall be submitted by the Port Authority to the SHPO for comment as to whether those plans conform to the conditions set forth in Stipulation 12 governing the standards for performance of the restoration and rehabilitation work. Subsequently, the SHPO and the Port Authority shall give the consulting parties, and the RAC, in accordance with the RAC Guidelines, an opportunity to provide comment on those plans, including comment on whether those plans conform to the standards set forth in Stipulation 12. All such comments shall be considered by the Port Authority and the SHPO and the SHPO shall consult with the Port Authority before the Port Authority approves the final TWA Terminal and Connecting Flight Tubes design plans. The Port Authority shall notify all signatories, all consulting parties and all members of RAC of its approval of the final TWA Terminal and Connecting Flight Tubes design plans.

6. As part of its public education effort, the Port Authority shall develop an interpretative display illustrating the history and significance of the TWA Terminal site and its relationship to the overall development of JFK International Airport. The exhibit shall be placed in a prominent location in the TWA Main Terminal Building or in another appropriate setting proximal to that building. The display shall be accessible to the public during normal operating hours after the rehabilitation/restoration is complete.

7. The Port Authority shall have a consultant that meets the professional qualifications established by the U.S. Department of the Interior and set forth in 62 Fed. Reg. 33,707 (June 20, 1997) prepare a National Register of Historic Places nomination for the TWA Main Terminal Building, the Connector Tubes and the Flight Wings prior to demolition of the Flight Wings and shall support such listing on the Register.

8. The Port Authority shall record the TWA Main Terminal Building, Flight Wing 2, and the Connecting Flight Tubes to Level 1 Historical Architectural Building Survey/Historic American Engineering Record (HABS/HAER) standards of the National Park Service. The consultant chosen by the Port Authority to conduct the documentation shall meet the professional qualifications established by the U.S. Department of the Interior and set forth in 36 C.F.R. 61. Copies of the recordation shall be sent to the National Park Service - HABS/HAER Coordinator, the New York State Archives, the Port Authority and the SHPO.

9. As reflected in the Port Authority's October 10, 2003 report to the FAA on the consulting process, the preservation of the East Tube may require structural modifications to the column(s) in order to allow roadways to pass under the existing tube.

10. The Port Authority will not begin to remove the Flight Wings as set forth in Stipulation 14 until a development plan for a new terminal is in place and a lease agreement is reached between the Port Authority and a tenant(s) for the new terminal.

Interim Maintenance

11. The Port Authority shall ensure and commit adequate resources so that the TWA Main Terminal Building, including portions not eligible for listing as historic landmarks, and the Connecting Flight Tubes are properly maintained and cared for from the present until an on-going maintenance obligation for the TWA Main Terminal and Connecting Flight Tubes is undertaken by the adaptive reuse developer consistent with Stipulations 12 and 13. Such interim maintenance shall include, but not be limited to, regularly scheduled inspections of the building (including the roof), cleaning, preventive maintenance routines for HVAC equipment, temperature control, plumbing, and fire systems, and shall be supervised by the Port Authority. Necessary repairs/maintenance identified through the regularly scheduled inspections will be done by the Port Authority in a timely manner. During this interim period, the SHPO shall be given the opportunity by the Port Authority to inspect the building to ensure that it is being properly maintained. The Port Authority shall ensure the maintenance efforts described above are continually undertaken in the event that the adaptive reuse is interrupted or temporarily discontinued at any time.

Restoration and Rehabilitation

12. As a condition of reuse, the Port Authority, through consultation with the SHPO, shall assure that the TWA Main Terminal Building and East Tube are restored and rehabilitated by the adaptive reuse developer in accordance with the Secretary of Interior Standards for the Treatment of Historic Properties ("Secretary's Standards"). The TWA Main Terminal and the East Tube shall, as a whole, be treated in accordance with the Standards for the Treatment of Historic Properties – Rehabilitation. As per Stipulation 9, structural modifications may be required to the column(s) of the East Tube. The existing façade, including the landside entrances and window walls, the airside window walls, the concrete roof shell, the lower and upper main lobby spaces, the interior of the East Flight Tube and the Ambassador Club on the north mezzanine in the Main Terminal interior shall be restored in accordance with the Standards for the Treatment of Historic Properties – Restoration.

13. The plan to be approved by the Port Authority for the restoration, rehabilitation and adaptive reuse of the TWA Main Terminal Building by an adaptive reuse developer will retain the entire visible exterior length of the existing East Tube. As reflected in the Port Authority's October 10, 2003 report to the FAA on the consultation process, the West Tube may be modified. For this connector tube, a hierarchy of options will be investigated, in consultation with RAC, as part of the design for the new terminal. The first option would seek to adapt the existing configuration in a minimally intrusive manner to improve public access. If analysis finds this option to be infeasible, then a design for reconstructing the connecting walkway to incorporate a moving walkway system in a manner consistent with the original design will be undertaken. Should such an effort prove to be inconsistent with the objective of improving public access, after consultation with the RAC, in accordance with RAC Guidelines, the Port Authority shall assure that a contemporary and appropriate design will be constructed to replace the West Tube. Both tubes will provide public access between the rehabilitated/restored TWA Terminal and the newly constructed terminal building.

14. As reflected in the Port Authority's October 10, 2003 report to the FAA on the consultation process, both Flight Wing 1 and Flight Wing 2 will be demolished. Prior to the demolition, reuse of two of the gate lounge "trumpets," as well as other architecturally significant elements, will be investigated as part of the new terminal concourse and/or gate holdroom area. If feasible, the inclusion of all or part of the "trumpets" and their original interiors would be relocated and included as part of the new terminal concourse.

15. The restoration work shall include the removal of non-historic additions to the original TWA Main Terminal Building and Connecting Flight Tubes including, but not limited to, entrance vestibules, security booths, the south baggage facility and the pedestrian canopy. The work on the interior lobby spaces shall include the restoration of the marble tile flooring and wall surfaces, the information desk, the Solari flight information display surround, railings, stairs and ventilation enclosures. Remaining non-historic kiosks, signage and furnishings shall be removed. The Port Authority shall continue to consult with the SHPO on the restoration, rehabilitation and adaptive reuse until the restoration and rehabilitation work is completed by the adaptive reuse developer.

16. After its completion, the rehabilitation/restoration work performed in accordance with Stipulation 12 shall be approved for conformance with the standards set forth in Stipulation 12 by the SHPO. The SHPO, upon being informed by the Port Authority that the rehabilitation/restoration work has been completed, shall notify all consulting parties and the RAC that the SHPO's approval under this Stipulation is being sought. The consulting parties and members of RAC shall have 60 days from such notification to provide the Port Authority and the SHPO with their comments as to whether the rehabilitation/restoration work has been performed in conformance with the standards set forth in Stipulation 12. In order to facilitate their comment, the consulting parties and the members of the RAC during this 60-day period shall be given an opportunity to tour, as a group, the newly renovated and rehabilitated TWA Main Terminal Building and East Tube. After receiving such comments, the SHPO, when it is satisfied that the work has been performed in conformance with the conditions set forth in Stipulation 12, shall approve the rehabilitation/restoration work. The Port Authority shall notify all signatories, all consulting parties and the RAC of the SHPO approval.

Ongoing Maintenance and Preservation

17. The Port Authority shall prepare maintenance and preservation guidelines for the treatment of the TWA Main Terminal Building and East Tube. The guidelines shall address the replacement and repair of historic materials, on-going façade maintenance and cleaning, and the repair of historic and replacement elements such as light fixtures, hardware and entrances. The guidelines shall prescribe periodic inspections and maintenance for systems and assemblies on a five-year cycle. The guidelines shall prescribe that the inspection shall review the condition of the restored historic fabric including but not limited to the concrete roof shell, the glass window walls and entrances, the interior finishes and the railings, stairs and historic furnishings. The guidelines shall be submitted to SHPO for review and approval following completion of the rehabilitation/restoration work referenced in Stipulations 12 -16.

18. After the restoration and rehabilitation work is completed by the adaptive reuse developer, the Port Authority shall perform an inspection of the TWA Main Terminal Building and East Tube every five years in accordance with the maintenance and preservation guidelines referenced in Stipulation 17 and submit a certified copy of the report to the SHPO for approval. A copy of the report approved by the SHPO shall be provided by the Port Authority to the signatories to the MOA. The inspection shall be conducted by an architect or engineer experienced in the restoration of historic structures.

Termination of Memorandum of Agreement

19. The maintenance and inspection obligations referenced in Stipulations 17 and 18 above shall continue as outlined in those Stipulations.. This agreement shall expire after the co-Chairs of RAC notify all members of RAC and the FAA that the consultation process for RAC has been completed, and after any objections raised pursuant to the Dispute Resolution process in Stipulation 21 have been considered in accordance with that Stipulation. The FAA shall notify all signatories when this MOA expires.

20. If any signatory determines that the terms of the MOA cannot be or are not being carried out, then this signatory shall give written notice of such determination to all other signatories to

the MOA. If the MOA is not amended by consultation between the signatories within three months after issuance of such notice, then any signatory may terminate the MOA (with the exception of the maintenance and inspection obligations referenced in Stipulations 17 and 18), by providing thirty (30) calendar days written notice to the other signatories. The FAA shall then either execute a new agreement with the signatories pursuant to 36 CFR 800.6 (c)(1), or request and respond to the comments of the Council under 36 CFR 800.7(a). If the Port Authority has not executed an agreement with an adaptive reuse developer for the rehabilitation/restoration work within five (5) years after this agreement has been executed by the signatories, the Port Authority shall notify the signatories of this fact, and the signatories shall reconsider the terms of the agreement, other than the maintenance and inspection obligations referenced in Stipulation 11, and consult among themselves to amend this agreement pursuant to this Stipulation.

21. Should any member of the public or other interested party, including the signatories to this MOA and the members of the RAC, object within the 30 days of the approval, pursuant to Stipulation 5, of the restoration/rehabilitation plans or the approval, pursuant to Stipulation 16 of the restoration/rehabilitation work, or any other action proposed with regard to the restoration/rehabilitation of the TWA Terminal and East Tube, the Port Authority shall consult with the objecting party to resolve the objection. If the Port Authority, after consultation with the SHPO and the objecting party, determines that the objection cannot be resolved, the Port Authority shall request the further comments of the Advisory Council for Historic Preservation. Any Council comment provided in response to such request shall be taken into account by the Port Authority, in further consultation with the SHPO with reference only to the subject of dispute; the Port Authority's responsibility to carry out all actions under this agreement that are not subjects of this dispute shall remain unchanged.

EXECUTION AND AMENDMENT

Execution of this Memorandum by the FAA, the SHPO, the ACHP, and the Port Authority, and implementation of its terms; will be evidence that FAA has afforded consulting parties an opportunity to comment on the undertaking and its effects on the historic property, and that the FAA has taken into account the effect of the undertakings on the historic property, and has completed all processes in accordance with Section 106 of the National Historic Preservation Act.

Until the Port Authority enters into an agreement with an adaptive reuse developer for the rehabilitation/restoration work on the TWA Terminal Building, any signatory to this agreement may propose to the other signatories that this agreement be amended, whereupon the FAA shall consult with the other signatories to this MOA in accordance with 36 C.F.R. 800.6(c)(7), (8) to consider such an amendment.

Appendix A

Description of Project

Attachment A

Description of Project

The Port Authority has proposed redevelopment of the entire Terminal 5/6 site at JFK. The Revised Concept Master plan calls for the phased construction of a new terminal complex consisting of a total of 47 contact gates and four (4) hardstand positions.

The existing Flight Wings 1 and 2 of the TWA Terminal would be demolished in order to accommodate the construction of a new terminal for Jet Blue. However, the Flight Wings would not be demolished until a lease agreement is reached between the Port Authority and Jet Blue Airways for the new terminal. Prior to demolition of Flight Wing 2, the feasibility of removing and/or reusing interior elements of gate lounge(s) in the new terminal will be explored by the Port Authority, with input from the Consulting Parties.

The Port Authority will seek to restore/rehabilitate and adaptively reuse the Main TWA Terminal and the East Tube. The adaptive reuse will be determined through a Request for Proposals process to be managed by the Port Authority, with input from the Consulting Parties. The Port Authority will ensure that the adaptive reuse in the TWA Terminal will accommodate electronic ticketing kiosks for airline passengers without the need to check baggage.

Jet Blue's new terminal will have 26 contact gates and be connected to the TWA Terminal through the existing Connector Tubes. Once construction of this phase of the Revised Concept Master plan is completed, Jet Blue would move its operations from Terminal 6 to the new terminal. The next phase of the redevelopment would entail demolition of Terminal 6 to accommodate construction of the next phase of the Revised Concept Master Plan. This phase will proceed as the anticipated need for additional gates at JFK materializes and a lease agreement is reached with an airline (or airlines) for the next phase of the Revised Concept Master Plan. In addition, a new parking garage will be constructed across the roadway and AirTrain guide way from the existing Terminal 6 and be connected to the AirTrain station at the existing Terminal 6. Interested Consulting Parties will have input on these phases of the Concept Master Plan as they relate to the TWA Terminal/historic resource.

The entire TWA Terminal site will be nominated for listing on the State and federal Registers of Historic Places. Public access to the TWA Terminal will be provided via a new direct link from the existing Terminal 6 AirTrain connector and by vehicular access from the airport roadway system.

Minutes of September 18, 2003 Meeting

ATTACHMENT C

Port Authority of New York and New Jersey
October 10, 2003 Report

At the September 18, 2003 meeting of the consulting parties for the Terminal 5 and 6 Redevelopment Project at John F. Kennedy International Airport (JFK) it was agreed that the consulting parties along with the Port Authority of New York and New Jersey (PANYNJ) and the New York State Historic Preservation Office (SHPO) would take the next 15 days to meet and make another effort toward working together in order to reach agreement on issues associated with the proposed concept master plan.

The following represents the results of those most recent meetings (attendance by organization listed below) regarding the concept master plan for the Terminal 5/6 site at JFK Airport. Our discussions resulted in a targeted review of 4 elements of the master plan: the connecting walkways or "tubes" which link the Main Terminal to the flight wings and gate holdrooms; the removal and reuse of Flight Wing II; accessibility to/from the Airtrain and the proposed parking garage to both the landmark structure and the new terminal; and the adaptive reuse of the Main Terminal.

It was agreed that the goal of preserving the Main Terminal through an adaptive reuse program would be enhanced by allowing Jetblue Airways to place self-service ticketing machines within the Main Terminal and by providing easy accessibility between the Main Terminal and the New Terminal. Connections between the new terminal and landmark Main Terminal would be a vital part of realizing a plan that maintains a significant component of the original structure while supporting an adaptive reuse of the landmark Main Terminal. In order to meet that objective we agreed that the original connecting walkway serving Flight Wing II would be preserved in its current configuration. Such preservation may require structural modifications to the column(s) in order to allow roadways to pass under the existing "tube". With regards to the connecting walkway serving Flight Wing I, a hierarchy of options would be investigated as part of the design for the new terminal. The first option would seek to adapt the existing configuration in a minimally intrusive manner to improve such access. If analysis finds this option to be infeasible, then a design for reconstructing the connecting walkway to incorporate a moving walkway system in a manner consistent with the original design will be undertaken. Should such an effort prove to be inconsistent with the objective, and then a contemporary and appropriate design will be constructed.

After considerable review, it was agreed that both Flight Wing I and Flight Wing II would be removed, though reuse of two of the gate lounge "trumpets", as well as other architecturally significant elements as part of the new terminal concourse and gate holdroom area would be investigated. If feasible, the inclusion of all or part of the "trumpets" and their original interiors would be relocated and included as part of the new terminal concourse.

It was agreed that the objective of restoring the Main Terminal for adaptive reuse, including Jetblue's placement of electronic ticketing machines within the Main Terminal and re-establishing uses such as restaurants, would be greatly enhanced by the connectivity of the AirTrain and parking facilities to the Main Terminal and the new terminal. Providing for such direct access via realignment of the enclosed connectors from AirTrain that are included in the concept master plan would be undertaken as part of the new terminal design. As well, it was agreed that efforts will be made to allow vehicular traffic that approach the terminal complex the opportunity to access the original frontage that served the Main Terminal.

As part of the Port Authority's effort to identify a program for restoring and reusing the Main Terminal so it will remain a vital part of the airport and this terminal complex, including using the imagery of the landmark terminal as part of the airport and the Terminal 5 and 6 site, a working committee consisting of those consulting parties interested, would be formed to assist the Port Authority as part of an ongoing effort to ensure an appropriate process and program is implemented.

I believe that these objectives can be incorporated into the concept master plan as proposed. (see attached drawings)

Attending Organizations: MAS, NYSHPO, PANYNJ, Jetblue Airways, NY Landmarks Conservancy, NY Building Congress

Appendix D

Redevelopment Advisory Committee Guidelines

ATTACHMENT D

Redevelopment Advisory Committee Guidelines

1. The consulting parties who voluntarily agree to do so, shall serve as members of the Redevelopment Advisory Committee (RAC). A representative of the Port Authority, the SHPO, and a representative of one of the consulting parties that concur in the MOA, shall serve as Co-Chairs of the RAC. The consulting party members of the RAC shall select the consulting party Co-Chair of the RAC. The Co-Chairs shall be responsible for convening meetings of the RAC, preparing and maintaining a written summary of the comments received at those meetings as well as those comments received after those meetings within the time frame set forth in paragraph 5 below, and for submitting a report of any action taken by the Port Authority or the SHPO on those comments to the members of RAC.

2. Parties agreeing to be voluntary members of the RAC shall, to the best of their ability, fully participate in all the proceedings of the RAC.

3. The RAC will meet on the first Tuesday of every other month, or as needed, at a location(s) to be determined by the Co-Chairs.

4. The RAC shall be given an opportunity at the bi-monthly meetings to provide, at the appropriate time and stage of the development, as determined by a majority of the Co-Chairs, input and comment on the following:

   a. Plans, designs, and submittals to SHPO for the rehabilitation/restoration and adaptive reuse of the TWA Terminal and East Flight Tube. Such comments shall include comment on the final design plans for restoration, rehabilitation and adaptive reuse of the TWA Terminal Building set forth in Stipulation 5 as well as comment after the completion of such work as set forth in Stipulation 16.

   b. A feasibility study and cost analysis for the removal, restoration, and relocation into the new terminal of selected interior elements of Flight Wing 2 prior to its demolition.

   c. Plans and designs for work to implement the removal, restoration and relocation of any selected interior elements of Flight Wing 2 (Stipulation 14).

   d. Plans and designs for the roadway, pedestrian, and light rail access to the TWA Terminal.

   e. Analysis of options for the reconfiguration of the West Flight Tube as specified in Stipulation 13, including the plans and designs for any work to be done in the West Flight Tube to enhance access between the TWA Terminal and the new terminal.

   f. Plans and designs that may be required to structurally modify columns of the East Flight Tube in order to allow roadways to pass under the existing tube (See Stipulation 9).

ATTACHMENT D

Redevelopment Advisory Committee Guidelines

g. Plans and designs for each development phase of the new terminal to be built on the Terminal 5/6 site in order to meet the goal specified in Stipulation 4 of retaining the individual identity of the historic building, separate from the new terminal in order to avoid, minimize or mitigate any adverse effect of the new terminal on the historic building.

h. Plans, designs and content for the interpretative display illustrating the history and significance of the TWA Terminal site and its relationship to the overall development of JFK International Airport set forth in Stipulation 6.

i. Maintenance and preservation guidelines for the treatment of the TWA Main Terminal Building and East Tube (Stipulation 17).

j. The completed restoration and rehabilitation of the TWA Terminal Building in accordance with the Secretary's standards as set forth in Stipulation 16.

5. In order for the RAC to provide meaningful comment and input at the bi-monthly meetings in a timely manner so as to not adversely affect design and construction schedules, any plans/designs or other material relating to specific meeting agenda items shall, to the greatest extent possible, be provided to RAC members ten (10) days prior to the bi-monthly meetings.

6. In addition to any comments submitted or discussed in the meetings, the RAC members may provide written comments to the Co-Chairs within ten (10) days following the meeting.

7. After receipt of all meeting comments, including those received in writing after the meeting, the Co-Chairs shall prepare a written summary of those comments and forward them to all RAC members.

8. The Port Authority shall prepare a report on any action taken by the Port Authority or SHPO on any of the comments summarized in the report prepared in accordance with paragraph 6 above. Such report shall include any recommendations, or actual modifications of the studies, analyses, plans and designs, which were the subject of RAC comment. A copy of the reports shall be forwarded to the FAA and the ACHP.

9. When a Report is submitted by the Co-Chairs on the last item or items to be considered by the RAC in accordance with these Guidelines, the Co-Chairs shall inform the FAA that the consultation process for RAC has been completed.
