For matters of life safety, the station will comply with the National Fire Protection Association (NFPA)--as are all JFK-LRS stations.

13.0 ADDITIONAL TERMINAL DESIGN CRITERIA

13.0.1 TERMINAL GRAPHICS

13.0.1.1 Codes, Specifications and Standards:

Site-wide signage and graphics shall conform to the following standards and codes and follow PA contracts listed for sign face layout and multilingual design intent:

The Port Authority of New York and New Jersey Airport Signing and Graphic Standards

Manual including Terminal, Curbside, Parking and Roadway Frontage Standards.

Guidelines for Airport Signing and Graphics Terminals and Landside, Latest Edition

Symbol Signs Reproduction Art The American Institute of Graphic Arts.

13.0.1.2 Design Criteria and Assumptions:

13.0.1.2.1 General

The typeface for all signage shall be Helvetica Medium and utilize the Helvetica family of fonts.

Architectural graphics shall have a consistent copy style, with recognizable terminology and utilize universally acceptable DOT symbols.

Message content shall be in language understandable by the general public.

Provide a comprehensive signing and architectural graphics plan, including but not limited to:

Sign type elevations showing Directional, Informational, Regulatory and ADA signs.

Sign schedule including all sign message text, arrow placement, and symbols.

Sign location plan keyed to the sign schedule.

13.0.1.2.2. Directional signage

Directional signage shall provide for pedestrian orientation.

Informational signage shall be provided for in the form of illuminated boxes similar to those shown in JFK Area 3 wind screens.

Regulatory signage shall be kept to a minimum. Similar regulatory messages shall be formatted in the same way.

Provide ADA compliant signage as required by Federal law.

Directional messages shall be displayed in 5 languages: English, French, Spanish, German and Japanese.

For general graphic layout standards, the PA contract for the Federal Inspection Hall at Newark Airport shall be followed .

Construction, fabrication criteria:

Materials and construction methods shall match these used in Area 3 including Porcelain enamel on steel and internally illuminated sign boxes.

Use only the highest quality materials and method of construction

Visible fasteners shall be kept to an absolute minimum and if used shall match adjacent material finish and color.

DRAWINGS OF NON-PUBLIC AREAS

4.2 Loadings

Design Loads are in accordance with the LRS Technical Provisions and other documents described in section 4.1. Prior to the selection of the successful DBOM contractor, certain loadings, which are system dependent, have been agreed with the Port Authority in order for foundation design to proceed. Following the award of the DBOM contract, these loadings will be reviewed with the system designer to assess if the foundation designs are adequate. These loadings are as follows:

4.2.1 Terminal 7 Station

The Port Authority has provided schedules of design forces acting on the station support bents due to loadings from the platform structure and guideways. These schedules are attached as Exhibit 1. These forces have been calculated assuming that the station supports are simple free-standing bents. The bents form part of a frame structure with the deck below (refer to the outline structural scheme shown in Figure.2.).

Directly below the platform superstructure is an intermediate level, which forms part of the parking lot deck, and also the M&E support space for the station. The Port Authority have instructed that approximately 50% of this area may be designated as machine room space for the Station. To facilitate this, the portion of this space which is enclosed by grid lines LRS 03, LRS 04, H and M (See Figure 1) will be designed with a live load of 250 psf. The remainde of this floor is been designed for a live load of 200 psf, to allow for the use of constructio vehicles during the construction of the LRS station and guideways above.

4.2.2 LRS Guideway Superstructure

The superstructure may consist of simply supported post-tensioned concrete box girders. Thes in turn support emergency walkways, parapet units, track plinths, and rails. The loads to b used for the foundation design are as follows:

- Precast Concrete Girder
- Emergency Walkway
- Parapet Units & Railings
- Concrete Track Plinths

For the purposes of calculating the Rail/Structure interaction forces, the rail section is assumed to be 115 RE continuously welded rail with an installation temperature of 90 ^{o}F

4.2.3 LRS Vehicle Live Loading

The loading diagram for foundation design has been taken from the LRS Technical Provisions document, and is attached as Figure.3. It is assumed that this will be more severe than the actual vehicle design. However, this will be reviewed with the DBOM contractor.

EXEMPTION (4)

DRAWINGS OF NON-PUBLIC AREAS

4.3 Piled Foundations

For the British Airways Quadrant 4 Roadway Contract 18" monotube piles (3NY8X18) have been selected as the most economic pile type for most heavy structural applications. These will have a cast-in-place 5000 psi concrete fill, reinforced with Grade 60 reinforcing bars to achieve the required design moment capacity or to meet the requirements of AASHTO. To achieve an effective moment connection, the reinforcement will extend into the pile cap to provide adequate anchorage and the pile will extend a minimum of 12 inches into the pilecap.

Final pile design capacities are to be determined by the pile load tests within an area of the Terminal 7 construction site that has subsurface conditions representative of those along the portion of the LRS within the scope of work and as close as practicable to the LRS alignment. However, for initial design, capacities for 18" monotube piles have been determined by theoretical analysis, and by extrapolating historical data for 14" monotube piles driven on adjacent sites.

4.4 Ground Water Levels

Normal High Water Level	+ 8.0	feet above site datum
Extreme Water Level	+11.0	feet above site datum

4.5 Geometric Control

The control monument points used for the Quadrant 4 Roadways project will also be used for the LRS elements constructed within this scheme. Details of the monument points are shown in Figure.4.

5.0 METHODS OF ANALYSIS

5.1 Liquefaction

It is recognized that the soil strata in the airport region are comprised of saturated sands that are prone to liquefaction. To determine the range within which these sands may liquefy, a series of analyses utilizing borehole logs and N values will be completed. The analysis shall be composed of two parts. The first will be the determination of the soil behavior, amplification characteristics and shear stresses using the Ove Arup & Partners program SIREN. This analysis will use the input bedrock seismic parameters as given by the PANYNJ in section 15.6.9 of the "Basic Design Criteria" as referenced in section 4.1 above. The second part of the analysis will utilize the results form SIREN in conjunction with the methodology developed by Seed et al (JGE 1985) to determine the liquefaction potential.

The methodology by Seed et al calculates the cyclic shear stress ratio (CSR) based on overburden stresses, ground acceleration and depth, and, for different magnitude earthquakes, calculates the critical N(60)-value below which liquefaction may occur. The N(field)-value at which liquefaction may occur is back-calculated for comparison with field data. A magnitude 5.75 bedrock earthquake will be assumed with an acceleration a/g=0.15.

Data obtained from test boring logs at the site including Standard Penetration Test (SPT) N-values and details of soil stratification will be compared with the calculated values from the analysis to assess the liquefaction potential at a given level. If the actual N-value recorded is less than the value calculated there is a risk of liquefaction. In this instance it may be necessary to specify longer piles that penetrate to a depth where the risk of liquefaction is minimized. Additionally, an overall assessment of the information will be made as specific areas of risk may be localized or caused by specific bands of soil.

The results of the analyses will be compared with the results of other studies undertaken at JKF Airport, in particular the work for Terminal 4 which is currently in progress and using similar types of pile foundation.

5.2 Foundations

Pile group layouts will be analyzed using a soil structure interaction model to determine the pile forces arising from the applied external loading. The effects of liquefaction will also be modeled in accordance with LRS design criteria and requirements. The results from the pilegroup analysis will be used to determine pilegroup stiffness parameters to be used for the substructure design.

5.3 Pilecaps and Columns

5.3.1 Static Analysis

Single column piers will be analyzed as free cantilevers supported on a piled foundation with the pilecap and piles structural system represented as a series of horizontal and vertical springs taking into consideration pile/soil interaction. All other substructures may be analyzed as space frames. Pilecaps will be modeled as soil springs reflecting the group effect on stiffness of the pilegroup selected for cases both with and without liquefaction as applicable.

5.3.2 Dynamic Analysis

All substructures will be analyzed for seismic loading according to the multi-mode spectral analysis method (procedure 3), as described in AASHTO. Structures will be modeled as space frames, and a dynamic analysis will be performed using analysis procedures and programs which follow the design intentions contained in the Seismic Provisions and Commentary of the AASHTO Guide Specifications.

5.4 Computer Software

5.4.1 Structural

The primary structural analysis software will be Oasys-GSA, with Oasys-GDSPEC used to determine seismic load effects. These are general structural analysis software programs, and are based on normal stiffness matrix principles. Documentation of program verification, in addition to the users' manuals required to be provided for all programs, shall be submitted to the Port Authority for review and approval prior to the commencement of final design. No specific bridge analysis software is proposed for the analysis of these structures

Oasys-GSA is a General Structural Analysis program for static and dynamic analysis of 2D and 3D skeletal frames; additionally, structures comprising combinations of skeletal elements and plate elements can be analyzed.

Oasys-GDSPEC is a post-processor to GSA to perform response spectrum analysis. Using modal data from a GSA dynamic analysis file, a response spectrum, a specified modal combination method (SRSS or CQC) and a specified number of modes the displacements and element forces can be obtained. The critical modes are identified and worst case combinations of displacements and forces for lateral and longitudinal effects calculated. The output from GDSPEC must be added to the permanent load effects obtained from GSA to obtain forces for design of elements.

5.4.2 Geotechnical

Three computer software systems are utilized. One is the TTI Pile Driving Analysis Wave Equation program. The second is the Geosoft Laterally Loaded Pile Analysis program and the third program is SIREN. A set of users' manuals for all programs to be used shall be provided for review by the Port Authority. In addition, if software developed in house is to be used, documentation of program verification, shall be submitted to the Port Authority for review and approval prior to the commencement of final design.

TTI Pile Driving Analysis Wave Equation is a computer program written in Fortran which utilizes finite element analysis methodology for a pile-soil-capblock system wherein the system experiences the impact of a piling hammer's ram at a specific velocity at the capblock end of the system. The analysis results include net penetration of the pile tip, driving resistance, and maximum pile stress corresponding to a specified soil resistance. This analysis is essential to the evaluation of pile types and sizes and to the selection of appropriate piling hammer sizes and energies.

Geosoft Laterally Loaded Pile Analysis is a computer program written in Basic which utilizes finite difference equation methodology for a pile-soil system wherein the top of the pile experiences a specified lateral load combined with either a specified moment or a specified rotation. The analysis results include the lateral movement and bending moment along the length of the pile. This analysis is essential to the evaluation of pile types and sizes and for calculating lateral pile springs needed for structural analysis of the superstructure.

SIREN is a seismic site response program developed by Ove Arup & Partners to analyze the response of one dimensional soil column due to earthquake motion input at its base. The soil column is modeled assuming infinite horizontal layers with vertically propagating shear waves. The soil layers are represented by the following parameters: bulk density, stiffness, strain degradation curves and damping ratios.

Requirements for LRS DBOM Contractor at Quadrant 4 to Provide Access to and Through LRS Work Zone

Access and egress shall be provided for each of the LRS work zones from/to the Terminal roadways, and shall be maintained by the LRS Contractor during construction of the LRS guideway and stations by LRS Contractor. This will enable the delivery of construction materials and personnel to the sites. In addition, to facilitate continued functioning of Terminals 5, 6 and 7 during construction of the LRS guideway and stations, the following access and egress easements are required through the LRS construction zones:

1. Pedestrian access (ground level) shall be maintained from the parking areas to each terminal.

2. Vehicular access and egress (ground level) to the parking areas in front of Terminals 5 and 6.

3. Vehicular access and egress to the parking areas in front of Terminal 7. (This access is separate from that required for Terminals 5 and 6.)

4. Construction access, egress and through passage is required at Terminal 7 for the Quadrant 4 roadways contractor to facilitate the construction of the parking structure.

5. Where appropriate, access through the LRS corridor will be required to facilitate the diversion of utilities and to ensure the continued functioning of the adjoining terminals.

EXECUTIVE SUMMARY

The Environmental Engineering Unit of the Port Authority of New York and New Jersey has conducted an Environmental Investigation of a portion of the roadway and parking areas in front of the British Airways Terminal. This property is to be included in the new leasehold for British Airways. The property to be leased is located at John F. Kennedy International Airport (JFKIA) in Jamaica, Queens, New York. The environmental investigation included site reconnaissance, drilling, installation of nine monitoring wells, and sampling of soil and groundwater as part of this program. The location of the monitoring wells installed for this investigation are shown on the drawing ENV-1. The Port Authority Materials Engineering Division supervised the drilling of the soil borings, soil sampling, installation of nine monitoring wells, development of monitoring wells and groundwater sampling. Nine soil and nine groundwater samples were collected and submitted for laboratory analysis of volatiles, semi-volatiles, metals, pesticides, methyl-tert butyl ether (MTBE) and total petroleum hydrocarbons (TPHC).

TPHC was detected in nine soil samples and its concentration ranged from (17-93) mg/Kg. Metals were detected in nine soil samples and their concentration ranged from (6.8-26) mg/Kg. Diedrin, a pesticide was detected in soil samples from the borings of MW-3, and MW-8 with concentrations of 5.4 ug/Kg, and 21 ug/Kg respectively.. Volatiles and semi-volatiles were not detected in any of the soil samples.

Zinc was detected in three groundwater samples and its concentration ranged from (0.057 - 0.958) mg/L. Volatiles and semi-volatiles were not detected in the groundwater samples. DDT and endosulfan are pesticides which were detected in two samples with the concentrations 0.05 ug/L and 0.06 ug/L respectively.

1.0 INTRODUCTION

1.1 Site Location

The site is located in an area in front of the British Airways Terminal at JFKIA in Jamaica, Queens, New York, as shown on the drawing ENV-1. This area is south of the Terminal and consists of approximately two and half acres. The investigation included installing, developing, and sampling nine monitoring wells at the roadside and in the parking areas across the British Airways Terminal at JFK International Airport.

1.2 Geological Background

In general, the soils found beneath JFKIA consist of a top layer of fine to medium sand to a depth of approximately seven to ten feet below grade. This brown and gray sand originated from Jamaica Bay and was hydraulically placed prior to the development of the airport in the 1940's. Underlying the fill in most areas is a layer of relatively impermeable organic soils. This layer varies from two to seven feet in thickness and is made up of intermittent layers of organic peat and gray organic silt and clays. This is the original marsh soil which covered most of JFKIA prior to airport development. Beneath the organic material is a stratum of glacial outwash. In areas where the organic layer exists, a perched water table can be found at approximately six feet below grade. In other areas, the groundwater is eight to ten feet below grade and generally flows south toward Jamaica Bay.

1.3 Project Background

The Port Authority is entering into a lease agreement with British Airways for the roadway and the parking areas in front of the British Airways Terminal at JFK International Airport in Jamaica, New York. At present the portion of the roadway and parking areas which are to be included in the new leasehold are used for vehicular traffic and parking cars.

1.4 Objectives

The purpose of the investigation is to prepare an environmental baseline which is to determine the existing environmental conditions of the site. This information is to be included in the new lease agreement.

2.0 FIELD METHODS, SAMPLING PROCEDURES AND CHEMICAL TESTING

2.1 Drilling and Soil Sampling

Nine boreholes were drilled at the site between November 5 and November 10, 1997. The boring locations were chosen based on a review of site information and site reconnaissance. See Drawing ENV-1 for boring locations.

The boreholes were drilled as per ASTM standard protocols using a drill rig equipped with hollow-stem augers. A Port Authority Materials Engineering Division representative was present during drilling operations to log the lithology of the boring, note any visible indications of contamination and collect soil samples. Prior to drilling the borehole, all downhole equipment was steam cleaned. Drilling logs are contained in Appendix A.

Soils from borings were sampled at two foot intervals from ground level to the top of the groundwater which lies about 5 to 10 feet below ground surface using a 2-foot long, split-spoon sampler. A headspace test for total ionizable vapors was conducted on the split-spoon samples after they were placed in jars. An HNu model photo-ionization organic vapor detector calibrated to an isobutylene standard was used. The HNu quantifies the amount of total ionizable vapors that have partitioned from the soil into the headspace of the jar. The vapor phase concentrations varied from 0 to 220 parts per million (ppmv) VOCs in the headspace.

The soil sample from each borehole showing the highest VOC reading was saved, and delivered to the laboratory for chemical analyses. When VOC's were not detected, the sample was obtained from immediately above the groundwater and selected for analysis.

2.2 Soil and Groundwater Chemical Testing

The soil and groundwater samples were analyzed in accordance with an Environmental Protection Agency (EPA) approved methods: 624, 8260, and 9065. The soil and groundwater samples were tested for priority pollutants + 40, TPHC and MTBE.

3.0 RESULTS

3.1 Soil Quality

The soil samples were collected and analyzed in accordance with EPA methods and NYSDEC protocols. The soil sample results are summarized in Tables I - IV. Laboratory reports of soil samples are presented in Appendix B.

HNu readings were not encountered during borings. TPH was detected in nine soil samples and its concentration ranged from (17-93) mg/Kg. Zinc was detected in nine soil samples and its concentration ranged from (6.8-26) ug/Kg. Chromium with a concentration of 17 mg/Kg and cadmium with a concentration of 22 mg/Kg were detected in a soil sample # (MW-3, s-4). The volatile detected was methylene chloride. Methylene chloride was detected in nine soil samples and its concentration ranged from (8-13) ug/Kg. However, methylene chloride was also detected in field blank samples. Semi-volatiles were not detected in the soil samples. TPHC was detected in nine soil samples and its concentration ranged from (17-93) mg/Kg.

3.2 Groundwater Quality

The analytical testing results for groundwater samples are summarized in Table V-VIII. The laboratory reports of groundwater samples are presented in Appendix C.

Zinc was detected in three groundwater sample results and its concentration ranged from (0.064-0.958) mg/L. Semi-volatiles were detected in five groundwater sample results. Bis(2-Ethylhexyl)phthalate was detected in five groundwater sample results and its concentration ranged from (2-7) ug/L. However, bis(2-Ethylhexyl)phthalate was also detected in method blank sample. Endosulfan and DDT, pesticides were detected in two samples and their concentrations were 0.05 ug/L and 0.06 ug/L respectively.

Conservation Law

EFFECTIVE DATE
November 2, 1995

EXPIRATION DATE(S)
December 31, 2000

PERMIT ISSUED TO	TELEPHONE NUMBER
The Port Authority of New York and New Jersey	(212) 435-7289
ADDRESS OF PERMITTEE	
One World Trade Center, Room 4011, New York, NY 10048	
CONTACT PERSON FOR PERMITTED WORK	TELEPHONE NUMBER
Bernice R. Malione, Manager, Permits and Governmental Approvals	(212) 435-7289
NAME AND ADDRESS OF PROJECT/FACILITY	
JFK International Airport	
LOCATION OF PROJECT/FACILITY	
JFK International Airport - Central Terminal Area	

COUNTY	CITY	WATERCOURSE/WETLAND NO.	
Queens	New York City	Jamaica Bay	

DESCRIPTION OF AUTHORIZED ACTIVITY:

Installation and operation of temporary dewatering systems associated with the Central Terminal Area redevelopment program. Dewatering activities will be undertaken over a five year period through fifteen (15) separate contracts for which certain details must be filed with the Department under the terms of this permit. The average daily groundwater withdrawal rate must not exceed 1.5 million gallons per day (mgd) over the term of this permit.. The average daily withdrawal rate may be increased to a maximum of 6.25 mgd over a single six (6) continuous month period within the term of the permit . All dewatering will be discharged to storm sewers which are directed to Jamaica Bay.

SPECIAL DETERMINATIONS

In accordance with 19NYCRR Part 600.4(c), the New York State Department of Environmental Conservation certifies that this activity is consistent with the policies and purposes of the New York City Waterfront Revitalization Program to the maximum extent practicable. Furthermore, under the State Environmental Quality Review Act the Department has determined that the activities authorized in this permit will not have a significant adverse impact on the environment.

By acceptance of this permit, the permittee agrees that the permit is contingent upon strict compliance with the ECL, all applicable regulations, the General Conditions specified (see page 2) and any Special Conditions included as part of this permit.

CHIEF PERMIT ADMINISTRATOR:
GEORGE A. DANSKIN

ADDRESS 50 Wolf Road
Albany, NY 12233-1750

AUTHORIZED SIGNATURE GADanskin

DATE 11/2/95

GENERAL CONDITIONS

Inspections

1. The permitted site or facility, including relevant records, is subject to inspection at reasonable hours and intervals by an authorized representative of the Department of Environmental Conservation (the Department) to determine whether the permittee is complying with this permit and the ECL. Such representative may order the work suspended pursuant to ECL 71-0301 and SAPA 401(3). A copy of this permit, including all referenced maps, drawings and special conditions, must be available for inspection by the Department at all times at the project site. Failure to produce a copy of the permit upon request by a Department representative is a violation of this permit.

Permit Changes and Renewals

2. The Department reserves the right to modify, suspend or revoke this permit when:
   a) the scope of the permitted activity is exceeded or a violation of any condition of the permit or provisions of the ECL and pertinent regulations is found;
   b) the permit was obtained by misrepresentation or failure to disclose relevant facts;
   c) new material information is discovered: or
   d) environmental conditions, relevant technology, or applicable law or regulation have materially changed since the permit was issued.

3. The permittee must submit a separate written application to the Department for renewal, modification or transfer of this permit. Such application must include any forms, fees or supplemental information the Department requires. Any renewal, modification or transfer granted by the Department must be in writing.

4. The permittee must submit a renewal application at least:
   a) 180 days before expiration of permits for State Pollutant Discharge Elimination System (SPDES), Hazardous Waste Management Facilities (HWMF), major Air Pollution Control (APC) and Solid Waste Management Facilities (SWMF); and
   b) 30 days before the expiration of all other permit types.

5. Unless expressly provided for by the Department, issuance of this permit does not modify, supersede or rescind any order or determination previously issued by the Department or any of the terms, conditions or requirements contained in such order or determination.

Other Legal Obligations of Permittee

6. The permittee has accepted expressly, by the execution of the application, the full legal responsibility for all damages, direct or indirect, of whatever nature and by whomever suffered, arising out of the project described in this permit and has agreed to indemnify and save harmless the State from suits, actions, damages and costs of every name and description resulting from this project.

7. The permit does not convey to the permittee any right to trespass upon the lands or interfere with the riparian rights of others in order to perform the permitted work nor does it authorize the impairment of any rights, title, or interest in real or personal property held or vested in a person not a party to the permit.

8. The permittee is responsible for obtaining any other permits, approvals, lands, easements and rights-of-way that may be required for this project.

5/20/14

Special Conditions

1. Dewatering may not commence until notice of the specific contract is provided to the Department in accordance with the terms of this permit.

2. Not less than 60 days after receipt of this permit, the permittee must submit to the Regional Water Engineer a list of all contracts, briefly indicating the scope and nature of the work to be undertaken thereunder and an overall schedule of operations .

3. Prior to commencement of construction under any specific contract, the permittee must notify the Regional Water Engineer not less than 30 days prior to construction. Notification must include:

   a. A completed Notification Form (sample attached).

   b. A location map of sufficient detail to locate the project and significant cultural and natural features within the confines of the airport and the immediate vicinity.

   c. A plan drawing depicting the proposed work, dewatering system, zone of influence of dewatering systems, all known sites of storage tanks, oil spills, groundwater plumes and the locations of previous storage tanks which have since been removed.

   d. A map locating each point of dewatering discharge to Jamaica Bay and a recent color photograph of each outfall.

   e. Data on each storage tank, oil spill or underground plume or former site of storage tank, must be provided that includes: date and results of the most recent tests of tanks and groundwater samples taken, or for sites where no tests or samples have been performed, or where tests indicate the potential for release of tank contents, details of monitoring wells to be located at the affected area.

   f. Analyses of a representative screening sample(s) of the groundwater for the following parameters using methods specified:

Parameter	EPA Method
pH	150.1
Temperature	After pumping
Fecal Coliform	5 tubes - 3 dilutions
Oil and Grease	413.1
BOD_6	405.1
Total Suspended Solids	160.2
Settleable Solids	160.5
Chlorides	325.1 - 325.3
Benzene	602
Toluene	602
Xylene	602

Special Conditions

3. (Continued)

Parameter	EPA Method
PCB's	608
Pesticides	608
Priority metals (13)	200 Series
Acids/Base Neutrals	625-GC/MS
Halogenated Volitiles	601-GC
Nitrate/Nitrite	300 or 353.3
Aromatic Volitiles	602-GC
Cyanide	335.1 - 335.2

4. Upon receipt and review of the initial screening, the Regional Water Engineer will determine which of the parameters specified in Special Condition 3 must be monitored on an extended basis. Unless otherwise specified, extended monitoring will be performed monthly.

5. Any extended monitoring samples must be taken at the discharge point prior to entering the storm sewer. Methods of analysis must conform to those specified in Special Condition 3.

6. All sampling procedures to comply with US EPA protocol. All laboratory analyses to be performed by New York State Department of Health certified laboratories.

7. The volume of water pumped under each contract must be reported to the Regional Water Engineer monthly and not later than the 15th day of the month following that in which it was pumped. Results of water quality sampling and analysis must be reported to the Regional Water Engineer monthly and not later than the 15th day of the month following that in which the samples were taken.

8. Visual inspections of the shoreline must be made daily. Photographs of the outfall through which dewatering is discharged must be taken once a week at low tide and submitted to the Regional Water Engineer not later than the 15th of each month following that in which the photographs were taken.

9. The dewatering operations must be carried out by a well driller registered in accordance with Section 15-1525 of the Environmental Conservation Law.

10. No disturbance to or alteration of tidal or freshwater wetlands is authorized by this permit. The discharge of groundwater must not result in deposition of silt or sediment on tidal or freshwater wetlands, or otherwise adversely affect them.

11. The Department reserves the right to require the permittee to provide additional physical, chemical and biological analysis of the water discharged from the dewatering systems and, may require treatment of this water in order to prevent contamination of waters into which it is discharged.

END OF CONDITIONS

B. Roadway Construction Package #5 - This project includes road work in front of the TWA terminals (TWA) and British Airways (BA). This contract work is targeted to start August, 1996 and to be completed in December, 1999. Dewatering is expected to start in December, 1996 and end in June, 1999. The volume of dewatering is estimated to be from 1.0-1.5 mgd. Included in the scope will be the following items of work:

- Construction of all paved roadways in the designated work area, including required subsurface drainage, and associated catch basins and supporting infrastructure.
- Construction and enlargement of existing depressed roadways, adjacent to TWA and in front of the BA arrivals area.
- Relocation of all underground utilities that interfere with the contract requirements of this RWCP #5.
- Relocation of below-grade Terminal facilities, such as fresh air intakes into mechanical room basements, which conflict with the contract requirements.
- Construction of all new utilities that lie within the contract limits.
- Construction of area lighting within the contract limits.
- Construction of overhead sign structures, including below grade supporting foundations for signage that lie within this contract area.
- Construction of a passenger connector from the east parking garage to TWA. The work will include foundations and supporting structures for the connector.

L. Passenger Distribution System (PDS) - A twenty-first century Automated Guidance Transit system to facilitate the movement of passengers and visitors between terminals and parking lots at the Central Terminal Area (CTA), with a rail hook-up to LaGuardia Airport, Jamaica, and Manhattan. Conceptual planning is under way now with construction targeted to begin in October, 1997, and be completed by September, 1999. The scope of work requiring dewatering includes the following:

- Construction of foundations and footings for the PDS elevated structures which includes the guidance system, stations and connectors.
- Relocation of underground utilities which conflict with the PDS.
- Construction of terminal connection facilities and stations, including foundations, support structures, and necessary infrastructure to accommodate the PDS.
- Construction of all new below grade utilities to service the PDS terminals.
- Construction of area lighting necessary to service the PDS.

LABORATORY DELIVERABLES

THIS FORM MUST BE COMPLETED BY THE LABORATORY OR ENVIRONMENTAL CONSULTANT AND ACCOMPANY ALL DATA SUBMISSIONS

The following laboratory deliverables shall be included in the data submission. All deviations from the accepted methodology and procedures, or performance values outside acceptable ranges shall be summarized in the Non-Conformance Summary. The proposed "Technical Requirements for Site Remediation" rules, which appeared in the May 4, 1992 New Jersey Register, provides further details. The document shall be bound and paginated, contain a table of contents, and all pages shall be legible. Incomplete packages will be returned or held without review until the data package is completed.

It is recommended that the analytical results summary sheets listing all targeted and non-targeted compounds with the method detection limits be included in one section of the data package and in the main body of the report.

		Check If Complete
1.	Cover Page, Title Page listing Lab Certification #, facility name, address & date of report	X
2.	Table of Contents	X
3.	Summary Sheets listing analytical results for all targeted and non-targeted compounds.	X
4.	Summary Table cross-referencing field ID #'s vs. Lab ID #'s.	X
5.	Document bound, paginated and legible.	X
6.	Chain of Custody	X
7.	Methodology Summary	X
8.	Laboratory Chronicle and Holding Time Check.	X
9.	Results submitted on a dry weight basis (if applicable).	X
10.	Method Detection Limits.	X
11.	Lab certified by NJDEP for parameters or appropriate category of parameters or a member of the USEP CLP.	X
12.	Non-Conformance Summary	X

Laboratory Manager or Environmental Consultant's Signature

QUALITY ASSURANCE/QUALITY CONTROL (QA/QC)

A. Checklist which must be attached to the Summary

The following information must be reported in the Closure Plan Implementation Summary for all laboratory analyses performed in the compliance with the site assessment requirements:

Page #		
1	1.	Name and address of the facility.
1	2.	Name of the laboratory performing the sample analysis.
1	3.	NJDEP certification number assigned to the laboratory pursuant to N.J.A.C. 7:18.
1	4.	Laboratory sample identification number.
1	5.	Customer sample identification number corresponding to the laboratory sample identification.
1	6.	Sample Location (also on the site diagram).
1	7.	Matrix of the sample analyzed (i.e., water or sediments; including soil, sediment, and sludges). All sediment results must be reported on a dry weight basis.
93-96	8.	The reference for the method used (e.g., EPA Method 625, 40 CFR Part 136).
1	9.	The signature of the person completing the report form.
1	10.	The dates the laboratory report form was prepared, as well as the dates the sample were collected, submitted and analyzed.
97	11.	A list of all parameters (constituents and conditions) for which the analyses were performed.
4-79	12.	Sample results and corresponding units for each parameter.

METHODOLOGY SUMMARY

METHODOLOGY SUMMARY

Mercury, Solid/Aqueous

SW 846 Method 7471, a cold-vapor atomic absorption method, is based on the absorption of radiation at the 253.7-nm wavelength by mercury vapor. The mercury is reduced to the elemental state and aerated from solution in a closed system. The mercury vapor passes through a cell positioned in the light path of an atomic absorption spectrophotometer. Absorbance (peak height) is measured as a function of mercury concentration.

Metals - Solid

This is a procedure used to determine metals concentrations in soils. It involves an acidic digestion under oxidizing conditions of approximately one (1) gram of soil or material. Nitric and hydrochloric acids as well as hydrogen peroxide are employed in the digestion. The digested sample is filtered and diluted to 100 milliliters. The analysis is performed by Flame Atomic Absorption, Furnace Atomic Absorption or ICP analysis. Reference methods are SW-846 3rd Edition, September 1986, Revised July 1992 and Methods for the Determination of Metals in Environmental Samples EPA/600/4-91/010 June 1991.

Pesticide/PCB's - Solid

Method 8080 - This method covers the determination of pesticides and polychlorinated biphenyls (PCB's) in samples by extraction/concentration with organic solvents and subsequent qualification/quantification by Gas Chromatography. The gas chromatograph utilizes an electron capture detector (ECD) which is applicable for the determination of the compounds listed for this method in Test Methods for Evaluating Solid Waste, SW-846, 3rd Edition, November, 1986.

Soil samples were prepared as prescribed in Method 3550 from SW-846.

Phenolics

A portion of sample is distilled at pH 4. An aliquot of the distillate is reacted with 4-aminoantipyrene to form a dye, the intensity of which is proportional to concentration. Reference method is EPA Method 420.1.

Semivolatiles by GC/MS - Solid

Method 8270 - This is a gas chromatograph/mass spectrometer (GC/MS) method applicable to the determination of a number of organic compounds that are partitioned in an organic solvent and amenable to gas chromatography. Test Methods for Evaluating Solid Waste, SW846, 3rd Edition, November, 1986.

An HP5890/5970B GC/MS was used with a DB-5 fused silica capillary column.

Method detection limits are as stated.

Soil samples were prepared for analysis as prescribed in Method 3550 from SW846.

Aqueous samples were prepared for analysis as prescribed in Method 3510 from SW846.

Cyanide

An aliquot of sample is acidified under analysis conditions liberating cyanide as HCN. A distillation follows leaving behind interferences and scrubbing the distilled HCN in sodium hydroxide solution. An aliquot of the NaOH solution is analyzed colorimetrically for cyanide ion. Reference method is EPA Method 335.2.

Petroleum Hydrocarbons by IR - Solid

This is a soxhlet extraction and Infrared Spectrophotometer (IR) method used to determine petroleum hydrocarbon levels in solid matrices. An aliquot of the sample is soxhlet extracted with freon, the non-petroleum hydrocarbons are removed with silica gel and the extract is analyzed by IR against a series of standard mixtures. Reference Methods are EPA Methods 3540 and 418.1.

Total Solids, Percent

This is a gravimetric analytical method used to determine the moisture content present in either aqueous or solid matrices. An aliquot of the sample is weighed into a tared beaker and then dried at 103-105 deg. C. The final weight is subtracted from the initial weight and then the percent total solids present in the sample is calculated. Reference method is Standard Methods for the Examination of Water and Wastewater, 16th Edition, Method 209A.

Volatile Organics by GC/MS

Reference Method SW-846 8240/8260/624

A representative sample, typically 5.0 grams for soils and 5.0 mLs for waters, is analyzed by the purge and trap method. The purged sample components are trapped in a tube containing suitable sorbent materials. The trapped components are then introduced into the gas chromatograph and analyzed using mass spectrometry.

Sample spectra and area responses are compared to standards analyzed in an identical way using the internal standard calculation technique.

Surrogate compounds are added to monitor analytical efficiency.

If tentatively identified compounds are requested, a computer program analyzes the non-priority pollutant/HSL/TCL compounds with standard mass spectra found in the latest version of the NIH/NBS/EPA mass spectral library.

METHODOLOGY

All analyses are adapted from one or more of the following reference methods:

DEFINITIONS OF ABBREVIATIONS

U:	Not Detected
E:	Estimated Concentration
NFL:	No Free Liquid
NR:	Not Reactive
NS:	Not requested
<:	Less than minimum detection limit
NC:	Not calculable
LCS:	Laboratory Control Sample
MS/MSD:	Matrix Spike/Matrix Spike Duplicate
RSD:	Relative Standard Deviation
NTU:	Nephelometric Turbidity Units; used for turbidity.
deg. C:	degrees celcius
ug:	microgram; there are 1000 ug in 1 mg.
g:	gram; there are 1000 g in 1 Kg.
ul:	microliter; there are 1000 ul in 1 ml.
L	Liter
ppb	Parts per billion = ug/Kg, ug/L
ppm	Parts per million = mg/Kg, ug/g mg/L, ug/ml; 1 ppm = 1000 ppb.
B:	Compound found in method blank
J:	Compound detected, however below reportable detection limit
NA:	Not Applicable
NI:	Not Ignitable
ND:	Not Detected
MDL:	Method detection limit. Can be a limit specified by the method or a number determined by performing an MDL study.
RPD:	Relative Percent Difference
umhos:	Conductivity units; resistance is expressed in ohms.
col/3:	Colonies per volume of sample analyzed; used for bacteriology.
deg. F:	degrees Fahrenheit
mg:	milligram; there are 1000 mg in 1 g.
Kg:	kilogram
ml:	milliliter; there are 1000 ml in 1 liter.

COMMENTS: All soil samples are calculated on a dry weight basis except as noted.

LABORATORY CHRONICLE

Lab ID: 97-78619 to 97-78625
97-82199 to 97-82204

Client: Port Authority of NY & NJ

	I DATE	II Hold Time
Date Sampled	11/5-11/11/97	
Receipt/Refrigeration	11/7-11/12/97	
Extractions		
1. Metals prep	11/18/97	—
2. Mercury prep	11/14/97	—
3. Semivolatiles	11/17/97	14 Days
4. Pesticides/PCBs	11/18/97	14 Days
Analyses		
1. Metals	11/19-11/20/97	180 Days
2. Mercury	11/14/97	28 Days
3. Semivolatiles	11/17/97-11/18/97	40 Days
4. Pesticides/PCBs	11/20-11/21/97	40 Days
5. Phenolics	11/20/97	28 Days
6. Total Cyanide	11/13-11/14/97	14 Days
7. Total Petroleum Hydrocarbons	11/12-11/19/97	14 Days
8. Volatile Organics	11/12-11/13/97	14 Days

NOTE: If fractions are re-extracted and re-analyzed because the initial endeavors failed to meet the required Quality Control Criteria, the dates of re-extraction and/or re-analysis will be entered in Column II Additionally.

GC/MS ANALYSIS CONFORMANCE/NON-CONFORMANCE SUMMARY FORMAT

		No	Yes
1.	Chromatograms Labeled/Compounds Identified (Field Samples and Method Blanks)		X
2.	GC/MS Tune Specifications		
	a. BFB Meet Criteria		X
	b. DFTPP Meet Criteria		
3.	GC/MS Tuning Frequency - Performed every 24 hours for 600 series and 12 hours for 8000 series.		X
4,	GC/MS Calibration - Initial Calibration performed within 30 days before sample analysis and continuing calibration performed within 24 hours of sample analysis for 600 series and 12 hours for 8000 series.		X
5.	GC/MS Calibration - Initial Requirements		
	a. Calibration Check Compounds		X
	b. System Performance Check Compounds		
6.	Blank Contamination - If yes, list compounds and concentrations in each blank:		X
	a. VOA Fraction **Methylene Chloride 5-7 ppb.**		
	b. B/N Fraction		
	c. Acid Fraction		
7.	Surrogate Recoveries Meet Criteria		X
	If not met, list those compounds and their recoveries which fall outside the acceptable range:		
	a. VOA Fraction		
	b. B/N Fraction		
	c. Acid Fraction		
	If not met, were the calculations checked and the results qualified as "estimated"?		
8.	Matrix Spike/Matrix Spike Duplicate Recoveries Meet Criteria (If not met, list those compounds and their recoveries which fall outside the acceptable range)	X	
	a. VOA Fraction		
	b. B/N Fraction		
	c. Acid Fraction **Pentachlorophenol: 9% and 10% recovery.**		
9.	Internal Standard Area/Retention Time Shift Meet Criteria **Semivolatile MSD: Is #6 outside QC limits.**	X	

GC/MS ANALYSIS CONFORMANCE/NON-CONFORMANCE SUMMARY FORMAT, cont.

		No	Yes
10.	Extraction Holding Time Met		X
	If not met, list number of days exceeded for each sample:		
11.	Analysis Holding Time Met		X
	If not met, list number of days exceeded for each sample:		

12. Definitions:
U=Not Detected. J=Detected, but below report detection limit. B=Compound found in blank. E=Estimated concentration. NA=Not Applicable

Additional Comments:

Laboratory Manager M Date: 11-26-97

GC ANALYSIS CONFORMANCE/NON-CONFORMANCE SUMMARY FORMAT

	No	Yes
1. Chromatograms Labeled/Compounds Identified (Field Samples and Method Blanks)		X
2. Standards Summary Submitted		X
3. Calibration-Initial Calibration performed within 30 days before sample analysis and continuing calibration performed within 24 hours of sample analysis.		X
4. Blank Contamination - If yes, list compounds and concentrations in each blank:	X	
a. VOA Fraction		
b. B/N Fraction		
c. Acid Fraction		
d. Pesticides/PCB's		
e. Other		
5. Surrogate Recoveries Meet Criteria (If Applicable)		X
a. VOA Fraction		
b. B/N Fraction		
c. Acid Fraction		
d. Pesticides/PCB's		
e. Other		
If not Met, were the calculations checked and the results qualified (if applicable)		
6. Matrix Spike/Matrix Spike Duplicate Recoveries Meet Criteria (if applicable)		X
(if not met, list those compounds and their recoveries which fall outside the acceptable range)		
a. VOA Fraction		
b. B/N Fraction		
c. Acid Fraction		
d. Pesticides/PCB's		
e. Other		
7. Retention Time Shift Meet Criteria (if applicable)		X

GC ANALYSIS CONFORMANCE/NON-CONFORMANCE SUMMARY FORMAT, cont.

		No	Yes
8.	Extraction Holding Time Met If not met, list number of days exceeded for each sample:		X
9.	Analysis Holding Time Met If not met, list number of days exceeded for each sample:		X

10. Definitions:
U=Not Detected. J=Detected, but below report detection limit. B=Compound found in blank. E=Estimated concentration. NA=Not Applicable

Additional Comments:

Laboratory Manager: [signature] Date: 11-26-97

METALS ANALYSIS CONFORMANCE/NON-CONFORMANCE SUMMARY FORMA

		No	Yes
1.	Calibration Summary Meet Criteria		X
2.	ICP Interference Check Sample Results Summary Submitted (if applicable) Meet Criteria		X
3.	Serial Dilution Summary Submitted (if applicable) / Meet Criteria		NA
4.	Laboratory Control Sample Summary Submitted (if applicable) / Meet Criteria		X
5.	Blank Contamination - If yes, list compounds and concentrations in each blank. **Cv-prep blank=detection limit (5.00 mg/kg)**		X
6.	Matrix Spike/Matrix Spike Duplicate Recoveries Meet Criteria (if not met, list those compounds and their recoveries which fall outside the acceptable range) **Sb: MS/MSD outside QC limits, post-spike recovery is within limits.**	X	
7.	Extraction Holding Time Met If not met, list number of days exceeded for each sample:		X
8.	Analysis Holding Time Met If not met, list number of days exceeded for each sample:		X

9. Definitions: U=Not Detected. J=Detected, but below report detection limit. B=Compound found in blank, E=Estimated concentration. NA=Not Applicable

Additional Comments:

Laboratory Manager: [signature] Date: 11-26-97

PHC ANALYSIS CONFORMANCE/NON-CONFORMANCE SUMMARY FORMAT

	No	Yes
1. Blank Contamination - If yes, list the sample and the corresponding concentration in each blank:	X	
2. Matrix Spike Duplicate Recoveries Meet Criteria (if not met, list the sample and corresponding recovery which falls outside the acceptable range) 82202 RPD=25.	X	
3. IR Spectra submitted for all standards, blanks & samples		X
4. Chromatograms submitted for all standards, blanks, & samples if GC finger-printing was conducted		NA
5. Extraction Holding Time Met		X
If not met, list number of days exceeded for each sample:		
6. Analysis Holding Time Met		X
If not met, list number of days exceeded for each sample:		

7. Definitions: U=Not Detected. J=Detected, but below report detection limit. B=Compound found in blank. E=Estimated concentration. NA=Not Applicable

Project #: 97122494
Date Received: 11/07/97 18:20

The following results are for Silver

Lab #	Conc.	Unit	Client Designation
97 0078619	<5.9	mg/kg	MW-2,S-5
97 0078620	<6.1	mg/kg	MW-10,S-5
97 0078622	<5.7	mg/kg	MW-5,S-4
97 0078623	<6.1	mg/kg	MW-7,S-5
97 0078624	<5.9	mg/kg	MW-9,S-5

The following results are for Arsenic

Lab #	Conc.	Unit	Client Designation
97 0078619	<12	mg/kg	MW-2,S-5
97 0078620	<12	mg/kg	MW-10,S-5
97 0078622	<11	mg/kg	MW-5,S-4
97 0078623	<12	mg/kg	MW-7,S-5
97 0078624	<12	mg/kg	MW-9,S-5

The following results are for Beryllium

Lab #	Conc.	Unit	Client Designation
97 0078619	<1.2	mg/kg	MW-2,S-5
97 0078620	<1.2	mg/kg	MW-10,S-5
97 0078622	<1.1	mg/kg	MW-5,S-4
97 0078623	<1.2	mg/kg	MW-7,S-5
97 0078624	<1.2	mg/kg	MW-9,S-5

The following results are for Cadmium

Lab #	Conc.	Unit	Client Designation
97 0078619	<2.4	mg/kg	MW-2,S-5
97 0078620	<2.4	mg/kg	MW-10,S-5
97 0078622	<2.3	mg/kg	MW-5,S-4
97 0078623	<2.4	mg/kg	MW-7,S-5
97 0078624	<2.4	mg/kg	MW-9,S-5

The following results are for Phenolics as phenol

Lab #	Conc.	Unit	Client Designation
97 0078619	<1.2	mg/kg	MW-2,S-5
97 0078620	<1.2	mg/kg	MW-10,S-5
97 0078622	<1.2	mg/kg	MW-5,S-4
97 0078623	<1.2	mg/kg	MW-7,S-5
97 0078624	<1.2	mg/kg	MW-9,S-5

The following results are for Total Cyanide

Lab #	Conc.	Unit	Client Designation
97 0078619	<0.25	mg/kg	MW-2,S-5
97 0078620	<0.25	mg/kg	MW-10,S-5
97 0078622	<0.25	mg/kg	MW-5,S-4
97 0078623	<0.25	mg/kg	MW-7,S-5
97 0078624	<0.25	mg/kg	MW-9,S-5

The following results are for Solids, Total

Lab #	Conc.	Unit	Client Designation
97 0078619	84	%	MW-2,S-5
97 0078620	80	%	MW-10,S-5
97 0078622	88	%	MW-5,S-4
97 0078623	81	%	MW-7,S-5
97 0078624	84	%	MW-9,S-5

LABORATORY AUTHENTICATION STATEMENT

I certify under penalty of law, where applicable, this laboratory meets the Laboratory Performance Standards and Quality Control requirements specified in N.J.A.C. 7:18, 40 CFR Part 136 for Water and Wastewater Analyses and SW 846 for Solid Waste Analyses. I have personally examined and am familiar with the information contained in this report, and based on my inquiry of those individuals immediately responsible for obtaining the information, I believe the submitted information is true, accurate, complete, and meets the standards specified in N.J.A.C. 7:18, 40 CFR Part 136, and/or SW 846. I am aware that there are significant penalties for submitting false information, including the possibility of a fine and imprisonment.

LABORATORY DELIVERABLES

THIS FORM MUST BE COMPLETED BY THE LABORATORY OR ENVIRONMENTAL CONSULTANT AND ACCOMPANY ALL DATA SUBMISSIONS

The following laboratory deliverables shall be included in the data submission. All deviations from the accepted methodology and procedures, or performance values outside acceptable ranges shall be summarized in the Non-Conformance Summary. The proposed "Technical Requirements for Site Remediation" rules, which appeared in the May 4, 1992 New Jersey Register, provides further details. The document shall be bound and paginated, contain a table of contents, and all pages shall be legible. Incomplete packages will be returned or held without review until the data package is completed.

It is recommended that the analytical results summary sheets listing all targeted and non-targeted compounds with the method detection limits be included in one section of the data package and in the main body of the report.

		Check If Complete
1.	Cover Page, Title Page listing Lab Certification #, facility name, address & date of report.	X
2.	Table of Contents	X
3.	Summary Sheets listing analytical results for all targeted and non-targeted compounds.	X
4.	Summary Table cross-referencing field ID #'s vs. Lab ID #'s.	X
5.	Document bound, paginated and legible.	X
6.	Chain of Custody	X
7.	Methodology Summary	X
8.	Laboratory Chronicle and Holding Time Check.	X
9.	Results submitted on a dry weight basis (if applicable).	X
10.	Method Detection Limits.	X
11.	Lab certified by NJDEP for parameters or appropriate category of parameters or a member of the USEP CLP.	X
12.	Non-Conformance Summary	X

QUALITY ASSURANCE/QUALITY CONTROL (QA/QC)

A. Checklist which must be attached to the Summary

The following information must be reported in the Closure Plan Implementation Summary for all laboratory analyses performed in the compliance with the site assessment requirements:

Page #		
1	1.	Name and address of the facility.
1	2.	Name of the laboratory performing the sample analysis.
1	3.	NJDEP certification number assigned to the laboratory pursuant to N.J.A.C. 7:18.
1	4.	Laboratory sample identification number.
1	5.	Customer sample identification number corresponding to the laboratory sample identification.
1	6.	Sample Location (also on the site diagram).
1	7.	Matrix of the sample analyzed (i.e., water or sediments; including soil, sediment, and sludges). All sediment results must be reported on a dry weight basis.
101-104	8.	The reference for the method used (e.g., EPA Method 625, 40 CFR Part 136).
1	9.	The signature of the person completing the report form.
1	10.	The dates the laboratory report form was prepared, as well as the dates the sample were collected, submitted and analyzed.
105	11.	A list of all parameters (constituents and conditions) for which the analyses were performed.
4-88	12.	Sample results and corresponding units for each parameter.

METHODOLOGY SUMMARY

METHODOLOGY SUMMARY

Mercury, Solid/Aqueous

SW 846 Method 7471, a cold-vapor atomic absorption method, is based on the absorption of radiation at the 253.7-nm wavelength by mercury vapor. The mercury is reduced to the elemental state and aerated from solution in a closed system. The mercury vapor passes through a cell positioned in the light path of an atomic absorption spectrophotometer. Absorbance (peak height) is measured as a function of mercury concentration.

Metals - Aqueous (Total)

This is a procedure used to determine metals concentrations in aqueous matrices. It involves an acidic digestion under oxidizing conditions of approximately 100 milliliters of sample. Nitric and hydrochloric acids as well as hydrogen peroxide are employed in the digestion. The digested sample is filtered and diluted to 100 milliliters. The analysis is performed by ICP, furnace atomic absorption or flame atomic absorption. Reference methods are SW-846 3rd Edition, September 1986, Revised July 1992, EPA Methods for the Chemical Analysis of Water and Wastes, Revised, March 1983 and Methods for the Determination of Metals in Environmental Samples EPA/600/4-91/010 June 1991.

Metals - Aqueous (Dissolved)

This is a procedure used to determine metals concentrations in aqueous matrices. It involves immediate field or laboratory filtration of all samples through a 0.45 um filter before analysis. The samples are exposed to an acidic digestion under oxidizing conditions of approximately 100 milliliters of sample. Nitric and hydrochloric acids as well as hydrogen peroxide are employed in the digestion. The digested sample is filtered and diluted to 100 milliliters. The analysis is performed by ICP, furnace atomic absorption or flame atomic absorption. Reference methods are SW-846 3rd Edition, September 1986, Revised July 1992, EPA Methods for the Chemical Analysis of Water and Wastes, Revised, March 1983 and Methods for the Determination of Metals in Environmental Samples EPA/600/4-91/010 June 1991.

Semivolatiles by GC/MS - Aqueous

EPA Method 625 - This is a gas chromatograph/mass spectrometer (GC/MS) method applicable to the determination of a number of organic compounds that are partitioned in an organic solvent and amenable to gas chromatography. Federal Register, Vol. 40, No. 136, July, 1988.

An HP5890/5970B GC/MS was used with a DB-5 fused silica capillary column.

Method detection limits are as stated.

Pesticides/PCB's - Aqueous

EPA Method 608 - This method covers the determination of pesticides and polychlorinated biphenyls (PCB's) in samples by extraction/concentration with organic solvents and subsequent qualification/quantification by Gas Chromatography. The gas chromatograph utilizes an electron capture detector (ECD) which is applicable for the determination of the compounds listed for this method in the U.S.E.P.A. Manual entitled "Methods for Organic Chemical Analysis of Municipal and Industrial Wastewater".

Phenolics

A portion of sample is distilled at pH 4. An aliquot of the distillate is reacted with 4-aminoantipyrene to form a dye, the intensity of which is proportional to concentration. Reference method is EPA Method 420.1.

Petroleum Hydrocarbons by IR - Aqueous

The sample is extracted with freon and an Infrared Spectrophotometer (IR) method is used to determine petroleum hydrocarbon levels in aqueous matrices. The non-petroleum hydrocarbons are removed with silica gel and the extract is analyzed by IR against a series of standard mixtures. Reference method is EPA Method 418.1.

Cyanide

An aliquot of sample is acidified under analysis conditions liberating cyanide as HCN. A distillation follows leaving behind interferences and scrubbing the distilled HCN in sodium hydroxide solution. An aliquot of the NaOH solution is analyzed colorimetrically for cyanide ion. Reference method is EPA Method 335.2.

Volatile Organics by GC/MS

Reference Method SW-846 8240/8260/624

A representative sample, typically 5.0 grams for soils and 5.0 mLs for waters, is analyzed by the purge and trap method. The purged sample components are trapped in a tube containing suitable sorbent materials. The trapped components are then introduced into the gas chromatograph and analyzed using mass spectrometry.

Sample spectra and area responses are compared to standards analyzed in an identical way using the internal standard calculation technique.

Surrogate compounds are added to monitor analytical efficiency.

If tentatively identified compounds are requested, a computer program analyzes the non-priority pollutant/HSL/TCL compounds with standard mass spectra found in the latest version of the NIH/NBS/EPA mass spectral library.

METHODOLOGY

All analyses are adapted from one or more of the following reference methods:

- "Guidelines Establishing Test Procedures for the Analysis of Pollutants", Code of Federal Regulations Vol. 40, Part 136.
- "Test Methods for Evaluating Solid Waste", SW846 Third Edition, September 1986, USEPA.
- Code of Federal Regulations Vol. 40, Part 261, "Appendix II-Method 1311 Toxicity Characteristic Leaching Procedure (TCLP)".
- "Standard Methods for the Examination of Water and Wastewater", 15th, 16th and 17th editions.
- "Methods for the Chemical Analysis of Water and Wastes", EPA 600/4-79-020, March 1983, U.S.EPA, EMSL.
- "Annual Book of Standards, Section 11-Water", American Society for Testing and Materials (ASTM).
- "Methods for the Determination of Organic Compounds in Drinking Water", EPA 600/4-88/039, December 1988.
- "Official Methods of Analysis", Association of Official Analytical Chemists AOAC 15th Edition, 1990.
- NIOSH Manual of Analytical Methods, Third Edition, 1984, Revised 8/15/90, DHHS Pub. No. 84-100.

DEFINITIONS OF ABBREVIATIONS

U:	Not Detected
E:	Estimated Concentration
NFL:	No Free Liquid
NR:	Not Reactive
NS:	Not requested
<:	Less than minimum detection limit
NC:	Not calculable
LCS:	Laboratory Control Sample
MS/MSD:	Matrix Spike/Matrix Spike Duplicate
RSD:	Relative Standard Deviation
NTU:	Nephelometric Turbidity Units; used for turbidity.
deg. C:	degrees celcius
ug:	microgram; there are 1000 ug in 1 mg.
g:	gram; there are 1000 g in 1 Kg.
ul:	microliter; there are 1000 ul in 1 ml.
L	Liter
ppb	Parts per billion = ug/Kg, ug/L
ppm	Parts per million = mg/Kg, ug/g mg/L, ug/ml; 1 ppm = 1000 ppb.
B:	Compound found in method blank
J:	Compound detected, however below reportable detection limit
NA:	Not Applicable
NI:	Not Ignitable
ND:	Not Detected
MDL:	Method detection limit. Can be a limit specified by the method or a number determined by performing an MDL study.
RPD:	Relative Percent Difference
umhos:	Conductivity units; resistance is expressed in ohms.
col/3:	Colonies per volume of sample analyzed; used for bacteriology.
deg. F:	degrees Fahrenheit
mg:	milligram; there are 1000 mg in 1 g.
Kg:	kilogram
ml:	milliliter; there are 1000 ml in 1 liter.

COMMENTS: All soil samples are calculated on a dry weight basis except as noted.

GC/MS SEMIVOLATILE DATA PACKAGE

5B

SEMIVOLATILE ORGANIC INSTRUMENT PERFORMANCE CHECK
DECAFLUOROTRIPHENYLPHOSPHINE (DFTPP)

Lab Name : EMSL ANALYTICAL Contract: _____

Project No.: _____ Site: _____ Location: _____ Group: _____

Lab File ID: B7063.D DFTPP Injection Date: 11/4/97

Instrument ID: ABNA DFTPP Injection Time: 1525

m/e	ION ABUNDANCE CRITERIA	%RELATIVE ABUNDANCE
51	30.0 - 80.0% of mass 198	59.7
68	Less than 2.0% of mass 69	0.0 (0.0)1
69	Mass 69 relative abundance	72.2
70	Less than 2.0% of mass 69	(0.7)1
127	25.0 - 75.0% of mass 198	43.2
197	Less than 1.0% of mass 198	0.1
198	Base Peak, 100 % relative abundance	100.0
199	5.0 - 9.0% of mass 198	5.9
275	10.0 - 30.0% of mass 198	23.0
365	Greater than 0.75% of mass 198	3.4
441	Present, but less than mass 443	1.8
442	40.0 - 110.0% of mass 198	59.8
443	15.0 - 24.0% of mass 442	(18.7)2

1-Value is % mass 69 2-Value is % mass 442

This check applies to the following SAMPLES, MS, MSD, BLANKS and STANDARDS:

	SAMPLE NO.	LAB SAMPLE ID	LAB FILE ID	DATE ANALYZED	TIME ANALYZED

LABORATORY AUTHENTICATION STATEMENT

I certify under penalty of law, where applicable, this laboratory meets the Laboratory Performance Standards and Quality Control requirements specified in N.J.A.C. 7:18, 40 CFR Part 136 for Water and Wastewater Analyses and SW 846 for Solid Waste Analyses. I have personally examined and am familiar with the information contained in this report, and based on my inquiry of those individuals immediately responsible for obtaining the information, I believe the submitted information is true, accurate, complete, and meets the standards specified in N.J.A.C. 7:18, 40 CFR Part 136, and/or SW 846. I am aware that there are significant penalties for submitting false information, including the possibility of a fine and imprisonment.

Laboratory Manager (as defined in N.J.A.C. 7:18)

THIS AGREEMENT SHALL NOT BE BINDING UPON
THE PORT AUTHORITY UNTIL DULY EXECUTED BY
AN EXECUTIVE OFFICER THEREOF AND DELIVERED
TO THE LESSEE BY AN AUTHORIZED
REPRESENTATIVE OF THE PORT AUTHORITY

John F. Kennedy International Airport
Lease No. AYC-325

AGREEMENT OF LEASE

THIS AGREEMENT OF LEASE, made effective as of the first day of January, 1993, by and between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY (hereinafter called "the Port Authority"), a body corporate and politic, established by Compact between the States of New Jersey and New York with the consent of the Congress of the United States of America, and having an office at One World Trade Center, in the Borough of Manhattan, City, County and State of New York, and DELTA AIR LINES, INC. (hereinafter called "the Lessee"), a corporation organized and existing under the laws of the State of Delaware, having an office and place of business at Properties Department-880, 1030 Delta Boulevard, Hartsfield Atlanta International Airport, Atlanta, Georgia 30320-6000, whose representative is John Boatright, its Director, Airport and Corporate Affairs.

WITNESSETH, That:

The Port Authority and the Lessee for and in consideration of the rents, covenants and mutual agreements hereinafter contained, hereby covenant and agree as follows:

Section 1. Letting

(a) The Port Authority hereby lets to the Lessee and the Lessee hereby hires and takes from the Port Authority at John F. Kennedy International Airport (sometimes hereinafter referred to as "the Airport") in the Borough of Queens, City and State of New York, (i) the land shown in stipple hatch and the land shown in diagonal hatch designated as Area No. 2 and Area No. 3 on the sketch attached hereto hereby made a part hereof and marked "Exhibit A" together with all buildings (including without limitation the building known as Building No. 54), improvements and structures located thereon, and together with the fixtures, improvements and other property of the Port Authority, if any, located therein, thereon or thereunder, the foregoing being hereinafter called "Area IA"; which Area IA has been used and occupied by the Lessee immediately prior to the effective date of

this Agreement under that certain separate Permit issued to the Lessee as the permittee thereunder, bearing Port Authority identification number AYC-174 (hereinafter referred to as the "Prior Permit") and (ii) the land shown in stipple and the land shown in diagonal hatch designated as Area No. 4 and Area No. 5 on Exhibit A together with all buildings (including without limitation the building known as Building No. 53), improvements and structures located thereon, and together with the fixtures, improvements, and other property of the Port Authority, if any, located therein, thereon or thereunder, the foregoing being hereinafter called "Area IB"; which Area IB has been used and occupied by the Lessee immediately prior to the effective date of this Agreement as sublessee under the Prior Sublease as defined in Section 86 hereof; and, with respect to both the foregoing (i) and (ii), all structures (including without limitation the elevated, enclosed bridge and its foundations, supports, utility systems, equipment and appurtenance, as shown specifically in hatch and in stipple on the Exhibit attached hereto, hereby made a part hereof and marked "Exhibit B"), improvements, additions, buildings and facilities located, constructed or installed or to be located, constructed or installed therein in Area IA and Area IB, thereon or thereunder, being hereinafter collectively referred to as "the premises". The parties acknowledge that the premises constitute nonresidential real property.

(b) Except to the extent required for the performance of any of the obligations of the Lessee hereunder nothing contained in this Agreement shall grant to the Lessee any rights whatsoever in the air space above the premises in excess of the limitations described on the Exhibit attached hereto, hereby made a part hereof and marked "Exhibit D".

(c) Subject only to the appropriate written concurrence of the tenants or users as set forth below in this paragraph (c), the strip of land lying along and within the westerly (directions set forth in this paragraph (c) are true) boundary line of the premises (which strip is shown in diagonal hatch and designated Area No. 2 on Exhibit A, together with the corresponding contiguous strip of land lying along and within the easterly boundary of space forming a part of the areas collectively known as Terminal No. 1 (Building No. 55) and immediately abutting on the westerly side of the premises (which strip is shown in cross-hatch and designated Area No. 1 on Exhibit A) shall be subject to a joint and mutual easement for a taxiway to be used jointly by the Lessee and the tenants, occupants and permittees of Terminal No. 1 or by any successors in interest of the Lessee or said persons or sublessees or other occupants or users who, pursuant to Port Authority permission, may occupy or use the premises herein or Terminal 1 and such rights of easement for such taxiway purposes shall continue during the effective periods of the respective agreements covering or which may cover the same.

(d) Subject only to the appropriate written concurrence of the tenants or users as set forth below in this paragraph (d), the strip of land lying along and within the easterly (directions set forth in this paragraph (d) are true) boundary line of the premises (which strip is shown in diagonal hatch and designated Area No. 5 on Exhibit A together with the corresponding contiguous strip of land lying along and within the westerly boundary of space forming a part of the areas collectively known as the West Wing Building and immediately abutting on the easterly side of the premises (which strip is shown in cross-hatch and designated Area No. 6 on Exhibit A) shall be subject to a joint and mutual easement for a taxiway to be used jointly by the Lessee and the tenants, occupants and permittees of the East and West Wing Buildings or the International Arrivals Building or by any successors in interest of the Lessee or said persons or sublessees or other occupants or the Lessee or said persons or sublessees or other occupants or users who, pursuant to Port Authority permission, may occupy or use the premises herein or the East and West Wing Buildings or the International Arrivals Building and such rights of easement for such taxiway purposes shall continue during the effective periods of the respective agreements covering or which may cover the same.

Section 2. Construction by the Lessee

(a) (1) The Lessee hereby agrees to design and construct at its sole cost and expense at the premises the "Phase I Construction Work" as hereinafter defined and the "Phase II Construction Work" as hereinafter defined, all of the foregoing, together with all necessary and appropriate work for the removal of all asbestos from the premises (if required by applicable federal, state or local laws, enactments, resolutions, rules or regulations or the Lessee on its own proposes asbestos removal from the premises, subject to this Agreement and the alteration application as approved by the Port Authority and the Port Authority approves the Lessee's alteration application covering such removal) in connection with, related or incidental to the construction work in accordance with, and without limiting, this Section 2 and Section 7 hereof including the handling, transporting to an off-airport site and disposal thereof in a long-term disposal facility all in a manner satisfactory to the Port Authority, and together with all necessary construction and relocation of paved areas, utility lines, pipes, mains, conduits and other improvements being herein collectively called "the construction work". It is expressly understood and agreed that each of the Phase I Construction Work and the Phase II Construction Work, and including without limitation, all of the work described in the foregoing sentence shall be and form a part of the construction work.

(2) The term "Phase I Construction Work" as used herein shall mean (i) the work described in Exhibit E attached hereto and hereby made a part hereof which is consented to by the Port Authority as hereinafter provided and is performed on or after

the effective date of the Lease, provided, however, that the Phase I Construction Work shall be deemed to include the work identified as and defined as "Sublessee's Flight Center Improvement Work" in the First Supplemental Agreement to Sublease as hereinafter defined which work is sometimes hereinafter referred to as "Lessee's Initial Flight Center Improvement Work" and further, provided, however, that work and labor and those materials which are personal property including without limitation that personal property title to which shall pass to the Port Authority upon the installation thereof as provided in Section 37 and Exhibit E of the Lease and work, labor and materials set forth in Item (iv) of paragraph (e) of Section 88 of the Lease title to which shall remain in the Lessee shall not be a part of the Phase I Construction Work and, (ii) in the event the amount of the Capital Investment (as defined in Section 88 of the Lease) made by the Lessee in connection with the Phase I Construction Work shall be less than (2.a.) then the Phase I Construction Work shall include such additional work for the construction of such other structures, improvements, additions, buildings and facilities necessary or appropriate to upgrade, modernize and increase the efficiency and utilization of the premises as may be consented to by the Port Authority as hereinafter provided. It is hereby understood that although not included as part of the Phase I Construction Work, the Capital Investment made in connection with the Phase I Construction Work shall include the amounts described in Items (iii) and (iv) of paragraph (e) of Section 88 of the Lease.

(3) Prior to its submission to the Port Authority of the Lessee's plans and specifications for the "Phase II Construction Work" (as hereinafter defined) the Lessee shall by not later than December 31, 2000 submit to the Port Authority for the Port Authority's consent the Lessee's comprehensive plan for a Capital Investment of not less than an amount equal to the difference obtained by subtracting the Phase I Capital Investment (as defined in Section 88) from the amount of (2.a.) for the construction of such structures, improvements, additions, buildings and facilities necessary or appropriate to upgrade, modernize and increase the efficiency and utilization of the premises. The work which the Lessee includes in such comprehensive plan which is consented to by the Port Authority and is commenced after the effective date of the Lease, is hereinafter called the "Phase II Construction Work", provided, however, that work, labor and materials set forth in Item (iv) of paragraph (e) of Section 88 of the Lease title to which shall remain in the Lessee shall not be a part of the Phase II Construction Work. Without limiting the terms and provisions of paragraph (a) of Section 88 of the Lease, the fact that the Lessee has submitted a comprehensive plan for the Phase II Construction Work which has been approved by the Port Authority shall not mean or be deemed to mean that the Lessee is obligated to perform the work described in such comprehensive plan. Further, it is hereby understood that although not included as part of the Phase II Construction Work, the Capital Investment made in connection with

the Phase II Construction Work shall include the amounts described in Item (iv) of paragraph (e) of Section 88 of the Lease.

(4) The Lessee shall keep the comprehensive plan for the Phase I Construction Work and the comprehensive plan for the Phase II Construction Work up to date and shall submit to the Port Authority for its prior approval any amendments, revisions or modifications thereto.

(5) Prior to the commencement of the Phase I Construction Work, the Lessee shall submit to the Port Authority for the Port Authority's approval complete plans and specifications therefor and prior to the commencement of the Phase II Construction Work, the Lessee shall submit to the Port Authority for the Port Authority's approval complete plans and specifications therefor. The Port Authority may refuse to grant approval, if, in its opinion, any of the construction work as set forth in said plans and specifications (all of which shall be in such detail as may reasonably permit the Port Authority to make a determination as to whether the requirements hereinafter referred to are met) shall:

(i) Be unsafe, unsound, hazardous or improper for the use and occupancy for which it is designed, or

(ii) Not comply with the Port Authority's requirements for harmony of external architecture of similar existing or future improvements at the Airport, or

(iii) Not comply with the Port Authority's requirements with respect to external and interior building materials and finishes of similar existing or future improvements at the Airport, or

(iv) Not provide for sufficient clearances for taxiways, runways and apron areas, or

(v) Be designed for use for purposes other than those authorized under the Agreement, or

(vi) Set forth ground elevations or heights other than those prescribed by the Port Authority, or

(vii) Not provide adequate and proper roadways and pedestrian circulation areas, or

(viii) Not comply with the building height limitations in connection with sight line requirements between the existing Control Tower and the public aircraft facilities at the Airport, or

(ix) Not comply with the provisions of the Basic Lease, including without limiting the generality thereof, the provisions of Section 21 of the Basic Lease providing that the Port

Authority will conform to the enactments, ordinances, resolutions and regulations of the City of New York and its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection which would be applicable if the Port Authority were a private corporation to the extent that the Port Authority finds it practicable so to do, or

(x) Permit aircraft to overhang the boundary of the premises, except when entering or leaving the premises, or

(xi) Be in violation or contravention of any other provisions and terms of the Lease, or

(xii) Not comply with all applicable governmental laws, ordinances, enactments, resolutions, rules and orders, or

(xiii) Not comply with all applicable requirements of the National Board of Fire Underwriters and the Fire Insurance Rating Organization of New York, or

(xiv) Not comply with the Port Authority's requirements with respect to landscaping, or

(xv) Not comply with Port Authority's requirements and standards with respect to noise, air pollution, water pollution or other types of pollution, or

(xvi) Not comply with the construction limitations set forth in Exhibits A, A-1, A-2 and Exhibit D.

(b) All the construction work shall be done in accordance with the following terms and conditions:

(1) The Lessee hereby assumes the risk of loss or damage to all of the construction work prior to the completion thereof and the risk of loss or damage to all property of the Port Authority arising out of or in connection with the performance of the construction work. In the event of such loss or damage, the Lessee shall forthwith repair, replace and make good the construction work and the property of the Port Authority without cost or expense to the Port Authority. The Lessee shall itself and shall also require its contractors to indemnify and hold harmless the Port Authority, its Commissioners, officers, agents and employees from and against all claims and demands, just or unjust, of third persons (including employees, officers, and agents of the Port Authority) arising or alleged to arise out of the performance of the construction work and for all expenses incurred by it and by them in the defense, settlement or satisfaction thereof, including without limitation thereto, claims and demands for death, for personal injury or for property damage, direct or consequential, whether they arise from the acts or omissions of the Lessee, of any contractors of the Lessee, of the Port Authority, or of third

persons, or from acts of God or of the public enemy, or otherwise (including claims of the City of New York against the Port Authority pursuant to the provisions of the Basic Lease whereby the Port Authority has agreed to indemnify the City against claims), excepting only claims and demands which result solely from affirmative wilful acts done by the Port Authority, its Commissioners, officers, agents and employees with respect to the construction work, provided, however, that the Lessee shall not be required to indemnify the Port Authority where indemnity would be precluded pursuant to the provisions of Section 5-322.1 of the General Obligations Law of the State of New York.

If so directed, the Lessee shall at its own expense defend any suit based upon any such claim or demand (even if such suit, claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance written permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

(2) Prior to engaging or retaining an architect or architects for the construction work, the name or names of said architect or architects shall be submitted to the Port Authority for its approval. The Port Authority shall have the right to disapprove any architect who may be unacceptable to it. All the construction work shall be done in accordance with plans and specifications to be submitted to and approved by the Port Authority prior to the commencement of the construction work, and until such approval has been obtained the Lessee shall continue to resubmit plans and specifications as required. Upon approval of such plans and specifications by the Port Authority, the Lessee shall proceed diligently at its sole cost and expense to perform the construction work. All the construction work, including workmanship and materials, shall be of first class quality. The Lessee shall redo, replace or construct at its own cost and expense, any construction work not done in accordance with the approved plans and specifications, the provisions of this Section 2 or any further requirements of the Port Authority. The Lessee shall make a Capital Investment of not less than (2.a.)

with respect to the Phase I Construction Work and shall complete the Phase I Construction Work no later than December 31, 2000. Subject to the terms and provisions of Section 88, the Lessee shall make a Capital Investment of not less than an amount equal to the difference obtained by subtracting the Phase I Capital Investment from the amount of One Hundred Fifty Million Dollars and No Cents ($150,000,000.00) with respect to the Phase II Construction Work and shall complete the Phase II Construction Work no later than December 31, 2012.

(3) Prior to entering into a contract for any part of the construction work, the Lessee shall submit to the Port Authority for its approval the names of the contractors to whom the Lessee proposes to award said contracts. The Port Authority shall have the right to disapprove any contractor who may be unacceptable to it. The Lessee shall include in all such contracts such provisions and conditions as may be reasonably required by the Port Authority. Without limiting the generality of the foregoing all of the Lessee's construction contracts shall provide as follows: "If (i) the Contractor fails to perform any of his obligations under the Contract, including his obligation to the Lessee to pay any claims lawfully made against him by any materialman, subcontractor or workman or other third person which arises out of or in connection with the performance of the Contract or (ii) any claim (just or unjust) which arises out of or in connection with the Contract is made against the Lessee or (iii) any subcontractor under the Contract fails to pay any claims lawfully made against him by any materialman, subcontractor, workman or other third persons which arise out of or in connection with the Contract or if in the Lessee's opinion any of the aforesaid contingencies is likely to arise, then the Lessee shall have the right, in its discretion, to withhold out of any payment (final or otherwise and even though such payments have already been certified as due) such sums as the Lessee may deem amply to protect it against delay or loss or to assume the payment of just claims of third persons, and to apply such sums in such manner as the Lessee may deem proper to secure such protection or satisfy such claims. All sums so applied shall be deducted from the Contractor's compensation. Omission by the Lessee to withhold out of any payment, final or otherwise, a sum for any of the above contingencies, even though such contingency has occurred at the time of such payment, shall not be deemed to indicate that the Lessee does not intend to exercise its right with respect to such contingency. Neither the above provisions for rights of the Lessee to withhold and apply monies nor any exercise, or attempted exercise of, or omission to exercise such rights by the Lessee shall create any obligation of any kind to such materialmen, subcontractors, workmen or other third persons. Until actual payment is made to the Contractor, his right to any amount to be paid under the Contract (even though such amount has already been certified as due) shall be subordinate to the rights of the Lessee under this provision." The Lessee shall file with the Port Authority a copy of each of its contracts with its contractors prior to the start of the construction work covered by that contract.

(4) The Lessee shall furnish or require its architect to furnish a full time resident engineer during the construction work. The Lessee shall require certification by a licensed engineer of all pile driving data and of all controlled concrete work and such other certifications as may be requested by the Port Authority from time to time.

(5) As between the Lessee and the Port Authority, the Lessee agrees to be solely responsible for any plans and

specifications used by it and for any loss or damages resulting from the use thereof, notwithstanding the same have been approved by the Port Authority and notwithstanding the incorporation therein of Port Authority recommendations or requirements. Notwithstanding the requirement for approval by the Port Authority of the contracts to be entered into by the Lessee or the incorporation therein of Port Authority requirements or recommendations, and notwithstanding any rights the Port Authority may have reserved to itself hereunder, as between the Lessee and the Port Authority, the Port Authority shall have no liabilities or obligations of any kind to any contractors engaged by the Lessee or for any other matter in connection therewith and the Lessee hereby releases and discharges the Port Authority, its Commissioners, officers, representatives and employees of and from any and all liability, claims for damages or losses of any kind, whether legal or equitable, or from any action or cause of action arising or alleged to arise out of the performance of any of the construction work pursuant to the contracts between the Lessee and its contractors. Any warranties contained in any construction contract entered into by the Lessee for the performance of the construction work hereunder shall be for the benefit of the Port Authority as well as the Lessee, and the contracts shall so provide.

(6) The Port Authority shall have the right, through its duly designated representatives, to inspect the construction work and the plans and specifications thereof, at any and all reasonable times during the progress thereof and from time to time, in its discretion, to take samples and perform testing in any part of the construction work.

(7) The Lessee agrees that it shall deliver to the Port Authority two (2) sets of "as built" microfilm drawings of the construction work mounted on aperture cards, all of which shall conform to the specifications of the Port Authority (the receipt of a copy of said specifications prior to the execution of this Lease being hereby acknowledged by the Lessee), and the Lessee shall, during the term of this Lease, keep said drawings current showing thereon any changes or modifications which may be made. (No changes or modifications shall be made without prior Port Authority consent.)

(8) The Lessee shall, if requested by the Port Authority, take all reasonable measures to prevent erosion of the soil and the blowing of sand during the performance of the construction work, including but not limited to the fencing of the premises or portions thereof or other areas and the covering of open areas with asphaltic emulsion or similar materials as the Port Authority may direct.

(9) Any soil, dirt, sand or other matter (hereinafter in this subparagraph (9) collectively called "the matter") excavated by the Lessee during the course of the construction work shall be delivered and deposited by the Lessee at its expense to any location

on the Airport or to any location off the Airport within the Port of New York District as may be designated by the Port Authority, subject to and in accordance with the provisions of Section 83 (c)(2) of the Lease. The entire proceeds, if any, of the sale or other disposition of the matter shall belong to the Port Authority. Notwithstanding the foregoing the Port Authority may elect by prior written notice to the Lessee to waive any rights it may have as to all or portions of the matter in which event the Lessee at its expense shall dispose of the same without further instruction from the Port Authority, subject to and in accordance with Section 83 (c)(2) of the Lease.

(10) The Lessee shall pay or cause to be paid all claims lawfully made against it by its contractors, subcontractors, materialmen and workmen, and all claims lawfully made against it by other third persons arising out of or in connection with or because of the performance of the construction work, and shall cause its contractors and subcontractors to pay all such claims lawfully made against them, provided, however, that nothing herein contained shall be construed to limit the right of the Lessee to contest any claim of a contractor, subcontractor, materialman, workman and/or other person and no such claim shall be considered to be an obligation of the Lessee within the meaning of this Section unless and until the same shall have been finally adjudicated. The Lessee shall use its best efforts to resolve any such claims and shall keep the Port Authority fully informed of its actions with respect thereto.

(11) (i) The Lessee in its own name as insured and including the Port Authority as an additional insured shall procure and maintain Comprehensive General Liability Insurance, including but not limited to premises-operations, products liability, completed operations, explosion, collapse and underground property damages, personal injury and independent contractors, with a broad form of property damage endorsement, and with a contractual liability endorsement covering the obligations assumed by the Lessee pursuant to subparagraphs (1) and (5) of this paragraph (b), and Comprehensive Automobile Liability Insurance covering owned, non-owned and hired vehicles. The said Comprehensive General Liability Insurance policy shall have a limit of not less than $25,000,000 combined single limit per occurrence for bodily injury and property damage liability, and said Comprehensive Automobile Liability Insurance policy shall have a limit of not less than $25,000,000 combined single limit per accident for bodily injury and property damage liability.

Without limiting the provisions hereof, in the event the Lessee maintains the foregoing insurance in limits greater than aforesaid, the Port Authority shall be included therein as an additional insured to the full extent of all such insurance in accordance with all the terms and provisions hereof.

The foregoing shall be in addition to all policies of insurance otherwise required by this Agreement, or the

Lessee may provide such insurance by requiring each contractor engaged by it for the construction work to procure and maintain such insurance including such contractual liability endorsement, said insurance, whether procured by the Lessee or by a contractor engaged by it as aforesaid, not to contain any care, custody or control exclusions, and not to contain any exclusion for bodily injury to or sickness, disease or death of any employee of the Lessee or of any of its contractors which would conflict with or in any way impair coverage under the contractual liability endorsement. The said policy or policies of insurance shall also provide or contain an endorsement providing that the protections afforded the Lessee thereunder with respect to any claim or action against the Lessee by a third person shall pertain and apply with like effect with respect to any claim or action against the Lessee by the Port Authority, and shall also provide or contain an endorsement providing that the protections afforded the Port Authority thereunder with respect to any claim or action against the Port Authority by the Lessee or its contractor(s) shall be the same as the protections afforded the Lessee thereunder with respect to any claim or action against the Lessee by a third person as if the Port Authority were the named insured thereunder; but such provision or endorsement shall not limit, vary or affect the protections afforded the Port Authority thereunder as an additional insured.

(ii) The Lessee shall also procure and maintain in effect, or cause to be procured and maintained in effect Workers' Compensation Insurance and Employer's Liability Insurance in accordance with and as required by law.

(iii) The insurance required hereunder in this subparagraph (11) shall be maintained in effect during the performance of the construction work and shall be in compliance with and subject to the provisions of paragraph (e) of Section 16 of the Lease.

(12) The Lessee shall be under no obligation to reimburse the Port Authority for expenses incurred by the Port Authority in connection with its normal review and approval of the original plans and specifications submitted by the Lessee pursuant to this Section. The Lessee however agrees to pay to the Port Authority upon its demand the expenses incurred by the Port Authority in connection with any additional review for approval of any changes, modifications or revisions of the original plans and specifications which may be proposed by the Lessee for the Port Authority's approval. The expenses of the Port Authority for any such additional review and approval shall be computed on the basis of direct payroll time expended in connection therewith plus 100%. Wherever in this Lease reference is made to "direct payroll time" costs computed thereunder shall include a pro-rata share of the cost to the Port Authority of providing employee benefits, including, but not limited to, pensions, hospitalization, medical and life insurance, vacations and holidays. Such computations shall be in

accordance with the Port Authority's accounting principles as consistently applied prior to the execution of the Lease.

(13) The Lessee shall prior to the commencement of construction and at all times during construction submit to the Port Authority all engineering studies with respect to construction and samples of construction materials as may be required at anytime and from time to time by the Port Authority.

(14) The Lessee shall procure and maintain Builder's Risk (All Risk) Completed Value Insurance covering the construction work during the performance thereof including material delivered to the premises but not attached to the realty. Such insurance shall be in compliance with and subject to the applicable provisions of Section 12 of the Lease and shall name the Port Authority, the City of New York, the Lessee and its contractors and subcontractors as additional insureds and such policy shall provide that the loss shall be adjusted with and payable to the Lessee. Such proceeds shall be used by the Lessee for the repair, replacement or rebuilding of the construction work and any excess shall be paid over to the Port Authority. The policies or certificates representing insurance covered by this subparagraph (14) shall be delivered by the Lessee to the Port Authority at least thirty (30) days prior to the commencement of construction of the construction work, and each policy or certificate delivered shall bear the endorsement of or be accompanied by evidence of payment of the premium thereof and, also, a valid provision obligating the insurance company to furnish the Port Authority and the City of New York fifteen (15) days' advance notice of the cancellation, termination, change or modification of the insurance evidenced by said policy or certificate. Renewal policies or certificates shall be delivered to the Port Authority at least fifteen (15) days before the expiration of the insurance which such policies are to renew.

The insurance covered by this subparagraph (14) shall be written by companies approved by the Port Authority, the Port Authority covenanting and agreeing not to withhold its approval unreasonably. If at any time any of the insurance policies shall be or become unsatisfactory to the Port Authority as to the form or substance or if any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Lessee shall promptly obtain a new and satisfactory policy in replacement, the Port Authority covenanting and agreeing not to act unreasonably hereunder. If at any time the Port Authority so requests, a certified copy of each of the said policies shall be delivered to the Port Authority.

(15) Upon the request of the Port Authority from time to time, the Lessee shall submit to the Port Authority its forecasts of the number of people who will be working at various times during the term of the Lease at the premises, the expected utility demands, noise profiles and such other information as the Port Authority may require. The Lessee shall continue to submit its latest forecasts

and such other information as may be reasonably required as aforesaid as the Port Authority shall from time to time and at any time request.

(16) The Lessee shall execute and submit for the Port Authority's approval a Construction Application or Applications in the form prescribed by the Port Authority covering the construction work or portions thereof. The Lessee shall comply with all the terms and provisions of the approved Construction Application. In the event of any inconsistency between the terms of any Construction Application and the terms of this Lease, the terms of this Lease shall prevail and control.

(17) Nothing contained in this Lease shall grant or be deemed to grant any contractor, architect, supplier, subcontractor or any other person engaged by the Lessee or any of its contractors in the performance of any part of the construction work any right of action or claim against the Port Authority, its Commissioners, officers, agents and employees with respect to any work any of them may do in connection with the construction work. Nothing contained in this Lease shall create or be deemed to create any relationship between the Port Authority and any such contractor, architect, supplier, subcontractor or any other person engaged by the Lessee or any of its contractors in the performance of any part of the construction work and the Port Authority shall not be responsible to any of the foregoing for any payments due or alleged to be due thereto for any work performed or materials purchased in connection with the construction work.

(18) (i) Without limiting any of the terms and conditions of the Lease, the Lessee understands and agrees that it shall put into effect prior to the commencement of any of the construction work an affirmative action program and Minority Business Enterprise (MBE) program and Women-owned Business Enterprise (WBE) program in accordance with the provisions of Schedule E, attached hereto (hereinafter "Schedule E"). The provisions of said Schedule E shall be applicable to the Lessee's contractor or contractors and subcontractors at any tier of construction as well as to the Lessee itself and the Lessee shall include the provisions of said Schedule E within all of its construction contracts so as to make said provisions and undertakings the direct obligation of the construction contractor or contractors and subcontractors at any tier of construction. The Lessee shall and shall require its said contractor, contractors and subcontractors to furnish to the Port Authority such data, including but not limited to compliance reports relating to the operation and implementation of the affirmative action, MBE and WBE programs called for hereunder as the Port Authority may request at any time and from time to time regarding the affirmative action, MBE and WBE programs of the Lessee and its contractor, contractors, and subcontractors at any tier of construction, and the Lessee shall and shall also require that its contractor, contractors and subcontractors at any tier of construction make and put into effect

such modifications and additions thereto as may be directed by the Port Authority pursuant to the provisions hereof and said Schedule E to effectuate the goals of affirmative action and MBE and WBE programs.

(ii) In addition to and without limiting any terms and provisions of this Lease, the Lessee shall provide in its contracts and all subcontracts covering the construction work or any portion thereof, that:

(aa) The contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, and shall undertake or continue existing programs of affirmative action to ensure that minority group persons are afforded equal employment opportunity without discrimination. Such programs shall include, but not be limited to, recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeships and on-the-job training;

(bb) At the request of either the Port Authority or the Lessee, the contractor shall request such employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding and which is involved in the performance of the contract with the Lessee to furnish a written statement that such employment agency, labor union or representative shall not discriminate because of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will cooperate in the implementation of the contractor's obligations hereunder;

(cc) The contractor will state, in all solicitations or advertisements for employees placed by or on behalf of the contractor in the performance of the contract, that all qualified applicants will be afforded equal employment opportunity without discrimination because of race, creed, color, national origin, sex, age, disability or marital status;

(dd) The contractor will include the provisions of subparagraphs (aa) through (cc) of this paragraph in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to its work in connection with the contract;

(ee) "Contractor" as used herein shall include each contractor and subcontractor at any tier of construction.

(c) It is understood and agreed that the Phase I Construction Work and the Phase II Construction Work may or may not

be constructed concurrently. Accordingly, the required approval by the Port Authority of the Lessee's plans and specifications under paragraph (a) hereof may be given separately as to the Phase I Construction Work and the Phase II Construction Work. The Lessee may wish to commence construction of portions of the Phase I Construction Work prior to the approval by the Port Authority of its complete plans and specifications for the same as required in this Section 2 and may wish to commence construction of portions of the Phase II Construction Work prior to the approval by the Port Authority of its complete plans and specifications for the same as required in this Section 2 and if the Lessee does it shall submit a written request to the Port Authority setting forth the work it proposes to then do. The Port Authority shall have full and complete discretion as to whether or not to permit the Lessee to proceed with said work. If the Port Authority has no objection to the Lessee's proceeding with the work, it shall do so by writing a letter to the Lessee to such effect. If the Lessee performs the work covered by said letter, it agrees all such work shall be performed subject to and in accordance with all of the provisions of the approval letter and subject to and in accordance with the following terms and conditions:

(1) The performance by the Lessee of the work covered by any request as aforesaid will be at its sole risk and if for any reason the plans and specifications for the construction work are not approved by the Port Authority or if the approval thereof calls for modifications or changes in the work undertaken by the Lessee under any approval granted by the Port Authority pursuant to this paragraph (c), the Lessee will, as directed by the Port Authority, at its sole cost and expense, either restore the area affected to the condition existing prior to the commencement of any such work or make such modifications and changes in any such work as may be required by the Port Authority.

(2) Nothing contained in any approval hereunder shall constitute a determination or indication by the Port Authority that the Lessee has complied with the applicable governmental laws, ordinances, enactments, resolutions, rules and orders, including but not limited to those of the City of New York, which may pertain to the work to be performed.

(3) The approved work will be performed in accordance with and subject to the terms, indemnities and provisions of the Lease covering the construction work and with the terms and conditions of any Construction Application which the Port Authority may request the Lessee to submit even though such Construction Application may not have, at the time of the approval under this paragraph (c), been approved by the Port Authority.

(4) No work under any such approval shall affect or limit the obligations of the Lessee under all prior approvals with respect to its construction of the construction work.

(5) The Lessee shall comply with all requirements, stipulations and provisions as may be set forth in the letter of approval.

(6) In the event that the Lessee shall at any time during the construction of any portion of the construction work under the approval granted by the Port Authority pursuant to this paragraph (c) fail, in the opinion of the Resident Engineer of the Port Authority at the Airport, to comply with all of the provisions of the Lease with respect to the construction work, the Construction Application or the approval letter covering the same or be, in the opinion of the said Resident Engineer, in breach of any of the provisions of the Lease, the Construction Application or the approval letter covering the same, the Port Authority shall have the right, acting through said Resident Engineer, to cause the Lessee to cease all or such part of the construction work as is being performed in violation of the Lease, the Construction Application or the approval letter. Upon such written direction from the Resident Engineer, the Lessee shall promptly cease construction of the portion of the construction work specified. The Lessee shall thereupon submit to the Port Authority for its written approval the Lessee's proposal for making modifications, corrections or changes in or to the construction work that has been or is to be performed so that the same will comply with the provisions of this Lease, the Construction Application and the approval letter covering the construction work. The Lessee shall not commence construction of the portion of the construction work that has been halted until such written approval has been received.

(7) It is hereby expressly understood and agreed that the Resident Engineer mentioned in subparagraph (6) above does not have any authority to approve any plans and specifications of the Lessee with respect to the construction work, to approve the construction by the Lessee of any portion of the construction work or to agree to any variation by the Lessee from compliance with the terms of the Lease, or the Construction Application or the approval letter with respect to the construction work. Notwithstanding the foregoing, should the Resident Engineer give any directions or approvals with respect to the Lessee's performance of any portion of the construction work which are contrary to the provisions of the Lease, the Construction Application or the approval letter, said directions or approvals shall not affect the obligations of the Lessee as set forth herein nor release or relieve the Lessee from strict compliance therewith. It is hereby further understood and agreed that the Port Authority has no duty or obligation of any kind whatsoever to inspect or police the performance of the construction work by the Lessee and the rights granted to the Port Authority hereunder shall not create or be deemed to create such a duty or obligation. Accordingly, the fact that the Resident Engineer has not exercised the Port Authority's right to require the Lessee to cease its construction of all or any part of the construction work shall not be or be deemed to be an agreement or acknowledgment on the part of the Port Authority that the Lessee has in fact performed such

portion of the construction work in accordance with the terms of the Lease, the Construction Application or the approval letter nor shall such fact be or be deemed to be a waiver by the Port Authority from the requirement of strict compliance by the Lessee with the provisions of the Lease, the Construction Application and the approval letter with respect to the construction work.

(8) No prior approval of any work in connection with the construction work shall create or be deemed to create any obligation on the part of the Port Authority to permit subsequent work to be performed in connection therewith prior to the approval by the Port Authority of the Lessee's complete plans and specifications therefor.

(9) Without limiting the discretion of the Port Authority hereunder, the Port Authority hereby specifically advises the Lessee that even if the Port Authority hereafter in the exercise of its discretion wishes to grant approvals under this paragraph (c), it may be unable to do so, so as to permit the Lessee to continue work without interruption following its completion of the work covered by any prior approval hereunder. The Lessee hereby acknowledges that if it commences work pursuant to this paragraph (c) it shall do so with full knowledge that there may not be continuity by it in the performance of its construction work under the procedures of this paragraph (c).

(d) The Lessee shall give the Port Authority fifteen (15) days' notice prior to the commencement of construction. The Port Authority will assign to the construction work a full time field engineer or engineers. The Lessee shall pay to the Port Authority for the services of said engineer or engineers, the sum of (2.a.) for each day or part thereof that the engineer or engineers are so assigned during the 1993 calendar year; and the sum of for each day or part thereof that the engineer or engineers are so assigned during the calendar year 1994; and the sum of (2.a.) for each day or part thereof that the engineer or engineers are so assigned during the calendar year 1995; and for each and every calendar year thereafter, the rate that the Port Authority shall charge other Aircraft Operators at the Airport for the services of such engineer or engineers during such calendar year for each day or part thereof that the engineer or engineers are so assigned for such calendar year. In the event the said engineer or engineers are assigned for part of a day the aforesaid payment to be made by the Lessee shall be pro rated by multiplying the applicable dollar amount, as aforesaid, by a fraction the numerator of which shall be the number of hours of the day the engineer or engineers were so assigned and the denominator of which shall be eight. Nothing contained herein shall affect any of the provisions of paragraph (g) hereof or the rights of the Port Authority hereunder. This Agreement for the services of said field engineer may be revoked at any time by either party on thirty (30) days' written notice to the

other, but if revoked by the Lessee it shall continue during the period construction under any partial approvals pursuant to paragraph (c) hereof is performed.

(e) (1) The construction work shall be constructed in such a manner that there will be at all times a minimum of air pollution, water pollution or any other type of pollution and a minimum of noise emanating from, arising out of or resulting from the operation, use or maintenance of the premises by the Lessee and from the operations of the Lessee under this Agreement. Accordingly, and in addition to all other obligations imposed on the Lessee under this Agreement and without diminishing, limiting, modifying or affecting any of the same, the Lessee shall be obligated to construct as part of the construction work hereunder such structures, fences, equipment, devices and other facilities as may be necessary or appropriate to accomplish the foregoing and each of the foregoing shall be and become a part of the construction work hereunder.

(2) Notwithstanding the provisions of subparagraph (1) above and in addition thereto, the Port Authority hereby reserves the right from time to time and at any time during the term of the Lease to require the Lessee, subsequent to the completion of the construction work to design and construct at its sole cost and expense such further reasonable structures, fences, equipment, devices and other facilities as maybe necessary or appropriate to accomplish the objectives as set forth in the first sentence of subparagraph (1) hereof. All locations, the manner, type and method of construction and the size of any of the foregoing shall be determined by the Port Authority. The Lessee shall submit for Port Authority approval its plans and specifications covering the required work and upon receiving such approval shall proceed diligently to construct the same. All other provisions of this Section 2 with respect to the construction work shall apply and pertain with like effect to any work which the Lessee is obligated to perform pursuant to this paragraph (e) and upon completion of each portion of such work it shall be and become a part of the premises.

(f) Title to all the construction work shall pass to the City of New York as the same or any part thereof is erected, constructed or installed and the same except as set forth in paragraphs (i) and (j) hereof shall be and become a part of the premises hereunder.

(g) (1) (i) When the Phase I Construction Work is substantially completed and ready for use, the Lessee shall advise the Port Authority to such effect and shall deliver to the Port Authority a certificate by an authorized officer of the Lessee and also signed by the Lessee's licensed architect or engineer certifying that the Phase I Construction Work has been constructed in accordance with the approved plans and specifications and the provisions of the Lease and in compliance with all applicable laws,

ordinances and governmental rules, regulations and orders. Thereafter the Phase I Construction Work will be inspected by the Port Authority and if the same has been completed as certified by the Lessee and the Lessee's licensed architect or engineer, as aforesaid, a certificate to such effect shall be delivered to the Lessee, subject to the condition that all risks thereafter with respect to the construction and installation of the same and any liability therefor for negligence or other reason shall be borne by the Lessee. The Lessee shall not use or permit the use of the Phase I Construction Work for the purposes set forth in the Lease until such certificate is received from the Port Authority, and the Lessee shall not use or permit the use of the Phase I Construction Work or any portion thereof even if such certificate is received if the Port Authority states in any such certificate that the same cannot be used until other specified portions are completed.

(ii) In addition to and without affecting the obligations of the Lessee under the preceding subparagraph, when an integral and material portion of the Phase I Construction Work is substantially completed or is properly usable the Lessee may advise the Port Authority to such effect and may deliver to the Port Authority a certificate by an authorized officer of the Lessee and also signed by the Lessee's licensed architect or engineer certifying that such portion of the Phase I Construction Work has been constructed in accordance with the approved plans and specifications and the provisions of the Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders, and specifying that such portion of the Phase I Construction Work can be properly used even though the Phase I Construction Work has not been completed and that the Lessee desires such use. The Port Authority may in its sole discretion deliver a certificate to the Lessee with respect to each such portion of the Phase I Construction Work permitting the Lessee to use such portion thereof for the purposes set forth in the Lease. In such event the Lessee may use such portion subject to the condition that all risks thereafter with respect to the construction and installation of the same and any liability therefor for negligence or other reason shall be borne by the Lessee, and subject to the risks as set forth in paragraph (c) hereof in the event that the Port Authority shall not have then approved the complete plans and specifications for the Phase I Construction Work. Moreover, at any time prior to the issuance of the certificate required in subparagraph (i) above for the Phase I Construction Work, the Lessee shall promptly upon receipt of a written notice from the Port Authority cease its use of such portion of the Phase I Construction Work which it had been using pursuant to permission granted in this subparagraph (ii).

(2) (i) When the Phase II Construction Work is substantially completed and ready for use, the Lessee shall advise the Port Authority to such effect and shall deliver to the Port Authority a certificate by an authorized officer of the Lessee and also signed by the Lessee's licensed architect or engineer

certifying that the Phase II Construction Work has been constructed in accordance with the approved plans and specifications and the provisions of this Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders. Thereafter the Phase II Construction Work will be inspected by the Port Authority and if the same has been completed as certified by the Lessee and the Lessee's licensed architect or engineer, as aforesaid, a certificate to such effect shall be delivered to the Lessee, subject to the condition that all risks thereafter with respect to the construction and installation of the same and any liability therefor for negligence or other reason shall be borne by the Lessee. The Lessee shall not use or permit the use of the Phase II Construction Work for the purposes set forth in the Lease until such certificate is received from the Port Authority, and the Lessee shall not use or permit the use of the Phase II Construction Work or any portion thereof even if such certificate is received if the Port Authority states in any such certificate that the same cannot be used until other specified portions are completed.

(ii) In addition to and without affecting the obligations of the Lessee under the preceding subparagraph (i), when an integral and material portion of the Phase II Construction Work is substantially completed or is properly usable the Lessee may advise the Port Authority to such effect and may deliver to the Port Authority a certificate by an authorized officer of the Lessee and also signed by the Lessee's licensed architect or engineer certifying that such portion of the Phase II Construction Work has been constructed in accordance with the approved plans and specifications and the provisions of the Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders, and specifying that such portion of the Phase II Construction Work can be properly used even though the Phase II Construction Work has not been completed and that the Lessee desires such use. The Port Authority may in its sole discretion deliver a certificate to the Lessee with respect to each such portion of the Phase II Construction Work permitting the Lessee to use such portion thereof for the purposes set forth in the Lease. In such event the Lessee may use such portion subject to the condition that all risks thereafter with respect to the construction and installation of the same and any liability therefor for negligence or other reason shall be borne by the Lessee, and subject to the risks as set forth in paragraph (c) hereof in the event that the Port Authority shall not have then approved the complete plans and specifications for the Phase II Construction Work. Moreover, at any time prior to the issuance of the certificate required in subparagraph (i) above for the Phase II Construction Work, the Lessee shall promptly upon receipt of a written notice from the Port Authority cease its use of such portion of the Phase II Construction Work which it had been using pursuant to permission granted in this subparagraph (ii).

(3) The term "Phase I Completion Date" for the purposes of the Lease shall mean the date appearing on the

certificate issued by the Port Authority pursuant to subparagraph (1) (i) of this paragraph (g) after the substantial completion of the Phase I Construction Work and the term "Phase II Completion Date" for the purposes of the Lease shall mean the date appearing on the certificate issued by the Port Authority pursuant to subparagraph (2) (i) of this paragraph (g) after the substantial completion of the Phase II Construction Work.

(h) The Lessee acknowledges that it will be continuing its operations at the existing premises under the Lease during the period of time it is performing the construction work hereunder. The Lessee further acknowledges that this may involve among other things inconvenience, noise, dust, interference and disturbance to the Lessee in its operations at the premises as well as to its customers, patrons, invitees and employees and possibly other risks as well. The Lessee hereby expressly assumes all of the foregoing risks and agrees that there will be no reduction or abatement of any of the rentals, fees or charges payable by the Lessee under the Lease on account of its performance of the construction work and that the performance of the construction work shall not constitute an eviction or constructive eviction of the Lessee nor be grounds for any abatement of rents, fees or charges payable by the Lessee under the Lease nor give rise to or be the basis of any claim or demand by the Lessee against the Port Authority, its Commissioners, officers, employees or agents for damages, consequential or otherwise.

(i) The Lessee understands that there may be communications and utility lines and conduits located on or under the premises which do not, and may not in the future, serve the premises. The Lessee agrees at its sole cost and expense, if directed by the Port Authority so to do as appropriate or necessary to the construction work or arising therefrom, to relocate and reinstall such communications and utility lines and conduits on the premises or off the premises as directed by the Port Authority and to restore all affected areas (such work being hereinafter collectively called "the relocation work"). The Lessee shall perform the relocation work subject to and in accordance with all the terms and provisions of this Section 2 and the relocation work shall be and become a part of the construction work, it being understood, however, that the relocation work shall not be or become a part of the premises hereunder.

(j) The Port Authority shall have no responsibility for bringing to the premises any service lines for the supply of cold water, electric power, and sanitary and storm sewers, or any other utility or service lines, (said service lines and sanitary and storm sewers being hereinafter collectively referred to as the "utility service lines") except for the utility service lines that may be serving the premises at the time of the effective date of the Lease and any lines necessary or appropriate for the cogeneration system as stated in Section 53A. If the Lessee determines that it will require that additional utility service lines be brought to the

premises or that the capacity of one or more of the existing utility service lines serving the premises be greater than the capacity which existed at the effective date of the Lease, the Lessee shall submit to the Port Authority for the Port Authority's approval a Tenant Alteration Application covering the work to provide the additional utility service line capacity to the premises (hereinafter called the "off-site utility service line work") which work when and if approved by the Port Authority shall be performed by the Lessee at the Lessee's sole cost and expense in accordance with all the terms and provisions of Section 2 of the Lease provided, however, that the off-site utility service line work shall not be or become a part of the premises hereunder.

Section 3. Term

(a) The term of the letting under this Agreement shall commence on January 1, 1993.

(b) Unless sooner terminated, the term of the letting under this Agreement shall expire on November 30, 2015.

Section 3A. Effect of Extension of the Basic Lease

(a) Without limiting Sections 3, 36 and 40 hereof or any other term, provision, covenant and condition of this Agreement, the Port Authority, but only in the event there is a Basic Lease Extension Supplement (as hereinafter defined), hereby agrees to extend the term of the letting hereunder from the expiration date set forth in Section 3 hereof (November 30, 2015) to December 31, 2017, said date being herein referred to as the "Extension Date"; subject, however, to the following additional terms and conditions:

(1) The Lease shall immediately prior to the effective date of the Basic Lease Extension Supplement and immediately prior to the date of the Port Authority's execution and delivery of the Lease Supplement be in full force and effect;

(2) The Lessee immediately prior to the effective date of the Basic Lease Extension Supplement and immediately prior to the date of the Port Authority's execution and delivery of the Lease Supplement shall be in full compliance with all of the terms, provisions, covenants and conditions of this Agreement on its part to be kept, performed and observed and not be in default or breach of any of the same; or, to the extent the Lessee has been granted a period to cure such default or breach by paragraph (a) of Section 26 of the Lease prior to such default or breach giving rise to the right of the Port Authority to terminate the Lease, the Lessee shall be in the process of curing such default or breach in compliance with the terms and conditions of said paragraph (a);

(3) There shall not have occurred any event of termination under any term or provision of this Agreement including without limitation Sections 22, 23, 26, 49, 77 or 88 hereof;

(4) There shall not have occurred any assignment of the Lease under Section 24 hereof;

(5) The Lessee shall have completed the construction work and made the Capital Investment Amounts as defined in and in accordance with and at the times stated in Sections 2 and 88 of the Lease.

(6) The Lessee shall submit to the Port Authority such written representations, warranties and certifications, as may be reasonably requested by the Port Authority, which the Lessee shall then make as to each of the matters set forth in subparagraphs (1) through (5) above.

(7) (i) The Port Authority shall have no obligation whatsoever to the Lessee or to any other person or entity to extend the term of the letting hereunder to the Extension Date or to extend the term of the letting of the Basic Lease or to enter into the Lease Supplement unless the Basic Lease Extension Supplement is fully entered into and is in full force and effect prior to November 30, 2015.

(ii) As used herein the term "Basic Lease Extension Supplement" shall mean an agreement fully and duly executed by the Port Authority and the City of New York in a form satisfactory to the Port Authority and the City of New York and which has been fully and duly authorized by the Board of Commissioners of the Port Authority and with the approval of the authorized officials and entities of the City of New York and which supplements and amends the Basic Lease (as defined in Section 81 hereof) whereby the Basic Lease and the term of the letting thereunder is extended from December 31, 2015 to an expiration date occurring not earlier than December 31, 2017;

(8) If the term of the Lease and the letting thereunder is on a month-to-month periodical basis pursuant to Section 24 or Section 77 hereof immediately prior to the effective date of the Basic Lease Extension Supplement or immediately prior to the date of the Port Authority's execution and delivery of the Lease Supplement then the Lease and the term of the letting thereunder shall not be extended on a fixed term basis but shall continue on a month-to-month periodical basis (subject to said Section 24 or said Section 77, as applicable) but shall terminate and expire in any event

without notice to or from either party on the day preceding the expiration date of the Basic Lease as set forth in the Basic Lease Extension Supplement unless sooner terminated;

(9) If and only in the event there is a Basic Lease Extension Supplement, as aforesaid, the Extension Date of the term of the letting hereunder shall be set forth in a supplement to this Agreement prepared by the Port Authority and sent to the Lessee for execution by it; which supplement shall be effective as of the day preceding the expiration date of the term of the letting hereunder, as set forth in Section 3 hereof, and shall include such other additional terms and provisions as the Port Authority may determine appropriate; it being understood that such supplement shall not change the location or size of the premises or the rentals hereunder, provided, however, notwithstanding the foregoing such supplement may require the Lessee to pay to the Port Authority any or all of the Port Authority's increased costs under the Basic Lease Extension Supplement directly attributable or related to the premises hereunder, the Lease or the Lessee. Within thirty (30) days after the Port Authority has sent the said proposed supplement to the Lessee, the Lessee shall properly execute and return the said proposed supplement to the Port Authority for its execution and delivery. In the event the Lessee fails so to properly execute and return the said proposed supplement to the Port Authority then the Port Authority shall have no further obligation with respect to the proposed extension of the letting hereunder and there shall be no Extension Date. If the said supplement is fully executed and delivered by both the Port Authority and the Lessee, the same shall be deemed the "Lease Supplement" as such term is used herein;

(10) (i) Nothing herein shall impose or be deemed to impose any obligation, duty, responsibility or liability whatsoever on the Port Authority to enter into the Basic Lease Extension Supplement or to enter into, hold or continue any discussions or negotiations with the City of New York or any other person or entity with respect thereto or with respect to any extension of the Basic Lease. The Port Authority shall have full, complete and sole right and discretion to discuss, negotiate and to enter into or not enter into any agreement with the City of New York for the extension of the term of the Basic Lease and as to any and all of the terms and conditions of any such extension agreement, and neither this Section nor anything contained herein shall or shall be deemed to impair, limit or affect the said right and discretion of the Port Authority nor to grant to the Lessee or any other person or entity any

right, claim or remedy hereunder or otherwise with respect to the Basic Lease or any extension or non-extension of the term thereof or with respect to the extension of the term of this Agreement, except in accordance with the terms and provisions of this Section 3A in the event there is a Basic Lease Extension Supplement. The Lessee hereby expressly understands, acknowledges, agrees and accepts that the Port Authority hereby makes no promises, representations, assurances, agreements or commitments of any kind whatsoever that it will undertake or enter into any discussions, negotiations, or agreements with the City of New York or any other person or entity with respect to the extension of the Basic Lease.

(ii) This Lease including the Lease Supplement shall at all times be subject and subordinate to the Basic Lease (as the same may be amended, supplemented and extended including without limitation the Basic Lease Extension Supplement) and to any and all terms and provisions thereof which affect or may affect the terms and provisions of this Lease, as the same may be amended, supplemented or extended (including without limitation the Lease Supplement); it being understood and agreed that nothing in this subparagraph (ii) shall alter or affect or be deemed to have altered or affected the terms and conditions of Section 36 of the Lease.

(iii) It is expressly understood and agreed that the Port Authority shall have no obligation hereunder or otherwise to make any payment to the Lessee, including without limitation any payment of the Lessee's Unamortized Phase I Capital Investment or Unamortized Phase II Capital Investment, in the event for any reason there is no extension of the term of the letting hereunder beyond the expiration date set forth in Section 3 hereof, and that neither this Section nor anything contained herein nor any action taken or not taken hereunder or as a result hereof shall or shall be deemed to impose any such obligation on the Port Authority or to constitute any agreement, duty, responsibility or liability of the Port Authority for any such payment.

(b) Neither this Section 3A nor any action taken or not taken hereunder under this Section 3A or as a result hereof shall or shall be deemed to release or relieve the Lessee from any liability or obligation to the Port Authority or to waive, alter, limit or restrict any of the rights or remedies of the Port Authority in law or in equity.

Section 4. Rentals

I. (a) Ground Rentals: Area IA Ground Rental

(1) The term "Rental Commencement Date" shall mean the date of the commencement of the term of the letting under this Agreement as such date is set forth in paragraph (a) of Section 3 hereof.

(2) For the portion of the term of the letting hereunder commencing on the Rental Commencement Date to and including December 31, 1993, the Lessee hereby agrees to and shall pay to the Port Authority ground rental for Area IA (hereinafter referred to as the "Area IA Ground Rental"), at the annual rate of (2.a.)

(b) CPI Adjustments:

The following terms as used in this Section 4 shall have the respective meanings given below:

(1) "CPI" or "Consumer Price Index" shall mean the Consumer Price Index for all Urban Consumers, New York-Northern New Jersey, Long Island, NY- NJ-CT, (All Items unadjusted 1982-84=100) published by the Bureau of Labor Statistics of the United States Department of Labor.

(2) The Port Authority shall ascertain the CPI for the month in which the Rental Commencement Date occurs and for the month in which the first year anniversary of the Rental Commencement Date occurs and for the same calendar month in each year thereafter during the term of this Agreement after the same has been published, and the Port Authority shall also determine the annual percentage increase, if any, for each such twelve month period after the same has been published (hereinafter called "the annual CPI percentage increase").

(3) Effective on January 1, 1994, the Area IA Ground Rental set forth above in paragraph (a) of this subdivision I of this Section 4 shall be increased in accordance with the following computation: (i) the annual rental rate as set forth in said paragraph (a) shall be multiplied by a percentage composed of 1/2 of the annual CPI percentage increase, if any, for the latest twelve month period using the same calendar month in accordance with subparagraph (2) above plus (2.a.) ; and (ii) the annual rental rate as set forth in said paragraph (a) (2) shall be multiplied by (2.a.) ; and the greater of the two products so obtained by the calculations set forth in the foregoing clauses (i) and (ii) shall be and become the annual Area IA Ground Rental in effect for the annual period commencing on January 1, 1994 and ending on December 31, 1994.

(4) Effective on January 1, 1995 and thereafter on the first day of the month in each succeeding year during the term of the letting hereunder the Area IA Ground Rental set forth in paragraph (a) (2) of this subdivision I of this Section 4

shall be increased in accordance with the following computation: (i) the annual rental rate as set forth in said paragraph (a) as the same may have been last adjusted hereunder, shall be multiplied by a percentage composed of 1/2 of the annual CPI percentage increase, if any, as determined for the latest twelve month period using the same calendar month in accordance with subparagraph (2) above plus (2.a.) (ii) and the said annual rental rate as set forth in said paragraph (a) as the same may have been last adjusted hereunder shall be multiplied by (2.a.); and the greater of the two products so obtained by the calculations set forth in the foregoing clauses (i) and (ii) shall be and become the Area IA Ground Rental in effect for the annual period ending on the last day of the immediately succeeding twelfth month.

(5) In the event that the Consumer Price Index is not available for any specified month as hereinabove set forth within the time set forth for payment such index for the latest month then published shall be used to constitute the Consumer Price Index. In the event of the change of basis or the discontinuance of the publication by the United States Department of Labor of the Consumer Price Index such other appropriate index or indexes shall be substituted as may be agreed by the parties hereto as properly reflecting changes in the value of the current United States money in a manner similar to that established in the said indexes used in the latest adjustment. In the event of the failure of the parties to so agree, the Port Authority may select and use such index or indexes which have reasonably mirrored the Consumer Price Index for the preceding five years as it deems appropriate, provided, however, that the foregoing shall not preclude the Lessee from contesting the Port Authority's selection.

(6) In no event shall any Area IA Ground Rental rate established under this paragraph (b) be less than the Area IA Ground Rental rate it supersedes.

(c) Ground Rentals: Area IB Ground Rental

(1) For the portion of the term of the letting hereunder commencing on the Rental Commencement Date to and including April 30, 1998, the Lessee hereby agrees to and shall pay to the Port Authority ground rental for Area IB (hereinafter referred to as "Area IB Ground Rental") at the annual rate of

(2.a.)

(2) Effective on May 1, 1998 to and including December 31, 1998, the annual rate of the Area IB Ground Rental set forth in subparagraph (1) above shall be increased and shall equal the product produced by multiplying the exact number of acres (including fractional portions) of Area IB as measured by the Port Authority prior to the commencement date of the term of the letting hereunder as such date is set forth in Section 3 (a) hereof (48.3497 acres) times the 1998 Area IA Ground Rental Rate.

For purposes of the foregoing, the "1998 Area IA Ground Rental Rate" shall mean the annual per acre ground rental rate equal to the quotient resulting from dividing the annual Area IA Ground Rental in effect for the 1998 calendar year under and pursuant to subparagraph (4) of paragraph (b) above by the exact number of acres (including fractional portions) of Area IA as measured by the Port Authority prior to the commencement date of the term of the letting hereunder as such date is set forth in Section 3 (a) hereof (22.0652 acres).

(3) Effective on January 1, 1999 and thereafter on the first day of the month in each succeeding year during the term of the letting hereunder (as such term may be extended pursuant to and under Section 3A hereof) the Area IB Ground Rental set forth in paragraph (c)(2) of this Subdivision I of this Section 4 shall be increased in accordance with the following computation: (i) the annual rental rate of the Area IB Ground Rental as set forth in said paragraph (c)(2) as the same may have been last adjusted hereunder, shall be multiplied by a percentage composed of 1/2 of the annual CPI percentage increase, if any, as determined for the latest twelve month period using the same calendar month in accordance with subparagraph (2) of paragraph (b) above plus (2.a.); (ii) and the said annual rental rate as set forth in said paragraph (c)(2) as the same may have been last adjusted hereunder shall be multiplied by (2.a.) and the greater of the two products so obtained by the calculations set forth in the foregoing clauses (i) and (ii) shall be and become the Area IB Ground Rental in effect for the annual period ending on the last day of the immediately succeeding twelfth month.

(4) In the event that the Consumer Price Index is not available for any specified month as hereinabove set forth within the time set forth for payment such index for the latest month then published shall be used to constitute the Consumer Price Index. In the event of the change of basis or the discontinuance of the publication by the United States Department of Labor of the Consumer Price Index such other appropriate index or indexes shall be substituted as may be agreed by the parties hereto as properly reflecting changes in the value of the current United States money in a manner similar to that established in the said indexes used in the latest adjustment. In the event of the failure of the parties to so agree, the Port Authority may select and use such index or indexes which have reasonably mirrored the Consumer Price Index for the preceding five years as it deems appropriate, provided, however, that the foregoing shall not preclude the Lessee from contesting the Port Authority's selection.

(5) In no event shall any Area IB Ground Rental rate established under this paragraph (c) be less than the Area IB Ground Rental rate it supersedes.

(d) Ground Rentals: Time of Payments

The Area IA Ground Rental and the Area IB Ground Rental (collectively the "Ground Rentals") hereunder shall be payable by the Lessee in advance in equal monthly installments on the first day of the term of the letting (the Rental Commencement Date) and on the first day of each and every calendar month thereafter during the balance of the term of the letting. If the commencement date for the payment of Ground Rentals herein be other than the first day of the month, or if any installment of Ground Rentals payable hereunder shall be for less than a full calendar month, then the rental payment for the portion of the month for which said payment is due shall be the monthly installment prorated on a daily basis using the actual number of days in the said month.

(e) Ground Rentals: Abatement

In the event that the Lessee shall at any time by the provisions of this Agreement become entitled to an abatement of Ground Rentals, said abatement shall be computed as follows (it being understood that there shall be no abatement of Ground Rentals under the Lease for any portion of the premises or for any portion of the term except as specifically provided herein):

(i) For each square foot of land of Area IA as shown in stipple hatch and in diagonal hatch designated Area 2 and Area 3 on Exhibit A the use of which is denied to the Lessee as follows:

(1) For the portion of the term from the Rental Commencement Date through December 31, 1993 at the daily rate of $

(2) For the portion of the term from January 1, 1994 to November 30, 2015 at the daily rate of $ (2.a.) as appropriately adjusted to reflect any and all CPI Adjustments pursuant to paragraph (b) above.

(ii) For each square foot of land of Area IB as shown in stipple and in diagonal hatch designated Area 4 and Area 5 on Exhibit A the use of which is denied to the Lessee as follows:

(1) For the portion of the term from the Rental Commencement Date to April 30, 1998 at the daily rate of $ (2.a.)

(2) For the portion of the term from May 1, 1998 to December 31, 1998 at the daily rate equal to the amount resulting from the following calculation:

$$\text{Daily Rate} = \frac{\dfrac{\text{Area IA Ground Rental Rate}}{365}}{43{,}560}$$

(3) For the portion of the term from January 1, 1999 to November 30, 2015 (as such date may be extended pursuant to and under Section 3A hereof) at the daily rate equal to the amount of the daily rate calculated pursuant to item (2) of this clause (ii) as appropriately adjusted to reflect any and all CPI Adjustments pursuant to paragraph (c) above.

II. Facility Rentals

(a) Area IA Facility Rental

(1) For the portion of the term of the letting hereunder commencing on the Rental Commencement Date (as defined in paragraph (a)(1) of Subdivision I above) to and including December 31, 1997, the Lessee hereby agrees to and shall pay to the Port Authority a facility rental for Area IA (hereinafter referred to as "Area IA Facility Rental") at the annual rate of

(2.a.)

(2) For the portion of the term of the letting hereunder commencing on January 1, 1998 to and including December 31, 2002, the Lessee hereby agrees to and shall pay to the Port Authority Area IA Facility Rental at the annual rate of (2.a.)

);

(3) For the portion of the term of the letting hereunder commencing on January 1, 2003 to and including December 31, 2007, the Lessee hereby agrees to and shall pay to the Port Authority Area IA Facility Rental at the annual rate of (2.a.)

(4) For the portion of the term of the letting hereunder commencing on January 1, 2008 to and including December 31, 2012, the Lessee hereby agrees to and shall pay to the Port Authority Area IA Facility Rental at the annual rate of (2.a.)

(5) For the portion of the term of the letting hereunder commencing on January 1, 2013 to and including the expiration date of the letting hereunder (November 30, 2015 as such date may be extended pursuant to and under Section 3A hereof), the Lessee hereby agrees to and shall pay to the Port Authority Area IA Facility Rental at the annual rate of (2.a.)

(b) Area IB Facility Rental

(1) For the portion of the term of the letting hereunder commencing on the Rental Commencement Date (as defined in paragraph (a) (1) of Subdivision I hereof), to and including April 30, 1998 the Lessee hereby agrees to and shall pay to the Port Authority a facility rental for Area IB (hereinafter called "Area IB Facility Rental") at the annual rate of (2.a.)

it being understood and agreed that during the aforesaid portion of the term the Area IB Facility Rental applies only to that portion of Building 53 in Area IB as shown in stipple on Exhibit C attached hereto and hereby made a part hereof;

(2) For the portion of the term of the letting hereunder commencing on May 1, 1998 to and including December 31, 2002, the Lessee hereby agrees to and shall pay to the Port Authority Area IB Facility Rental at the annual rate of (2.a.)

(3) For the portion of the term of the letting commencing on January 1, 2003 to and including December 31, 2007, the Lessee hereby agrees to and shall pay to the Port Authority Area IB Facility Rental at the annual rate of (2.a.)

(4) For the portion of the term of the letting hereunder commencing on January 1, 2008 to and including December 31, 2012, the Lessee hereby agrees to and shall pay to the Port Authority Area IB Facility Rental at the annual rate of (2.a.)

(5) For the portion of the term of the letting hereunder commencing on January 1, 2013 to and including the expiration date of the term of the letting (November 30, 2015 as such date may be extended pursuant to and under Section 3A hereof), the Lessee hereby agrees to and shall pay to the Port Authority Area IB Facility Rental at the annual rate of (2.a.)

(c) Facility Rentals: Time of Payments

The Area IA Facility Rental and the Area IB Facility Rental (the "Facility Rentals") hereunder shall be payable by the Lessee in advance in equal monthly installments commencing on the Rental Commencement Date and on the first day of each and every calendar month thereafter during the balance of the term of the letting. If the commencement date for the

payment of Facility Rentals herein be other than the first day of the month, or if any installment of Facility Rentals payable hereunder shall be for less than a full calendar month, then the rental payment for the portion of the month for which said payment is due shall be the monthly installment prorated on a daily basis using the actual number of days in the said month.

(d) Facility Rentals: Abatement

In the event that the Lessee shall at any time by the provisions of this Agreement become entitled to an abatement of the Area IA Facility Rental or the Area IB Facility Rental, said abatement shall be computed as follows (it being understood that there shall be no abatement of Facility Rentals under the Lease for any portion of the premises or for any portion of the term except as specifically provided herein):

(i) As to the Area IA Facility Rental: for each square foot of interior building space in Building 54 in Area IA the use of which is denied to the Lessee as follows:

(1) For the portion of the term from the Rental Commencement Date through December 31, 1997 at the daily rate of $ (2.a.)

(2) For the portion of the term from January 1, 1998 through December 31, 2002 at the daily rate of $ (2.a.)

(3) For the portion of the term from January 1, 2003 through December 31, 2007 at the daily rate of $ (2.a.)

(4) For the portion of the term from January 1, 2008 through December 31, 2012 at the daily rate of $ (2.a.)

(5) For the portion of the term from January 1, 2013 through November 30, 2015 (as such date may be extended pursuant to and under Section 3A hereof) at the daily rate of $ (2.a.)

(ii) As to the Area IB Facility Rental: For each square foot of interior building space in Building 53 in Area IB the use of which is denied to the Lessee as follows provided, however that as to the portion of the term described in the following item (1) such abatement shall apply only to each square foot of interior building space in the portion of Building 53 as shown in stipple on Exhibit C:

(1) For the portion of the term from the Rental Commencement Date through April 30, 1998 at the daily rate of $ (2.a.)

(2) For the portion of the term from May 1, 1998 through December 31, 2002 at the daily rate of $ (2.a.)

(3) For the portion of the term from January 1, 2003 through December 31, 2007 at the daily rate of $ (2.a.)

(4) For the portion of the term from January 1, 2008 through December 31, 2012 at the daily rate of $ (2.a.)

(5) For the portion of the term from January 1, 2013 through November 30, 2015 (as such date may be extended pursuant to and under Section 3A hereof) at the daily rate of $ (2.a.)

III. Additional Facility Rentals

(A) First Additional Facility Rental: The Lessee shall pay to the Port Authority as First Additional Facility Rental under the Lease the amounts set forth in the Schedule attached hereto, hereby made a part hereof and marked "Schedule R-1R" such amounts to be paid by the Lessee to the Port Authority at the times and rates set forth in said Schedule R-1R.

The Port Authority and the Lessee expressly recognize and agree that the First Additional Facility Rental is based upon the Port Authority's Cost of the PBGC Assignment (as defined in the Prior Sublease as amended and supplemented by the First Supplemental Agreement to Sublease as defined in Section 86 hereof) plus the application of an agreed upon factor applied thereto. For purposes of the foregoing, the "Port Authority's Cost of the PBGC Assignment" shall have the same meaning as that set forth in the definition thereof in the Prior Sublease as amended and supplemented by the First Supplemental Agreement to Sublease (as defined in Section 86 hereof) and said definition is hereby incorporated herein by said reference.

(B) Second Additional Facility Rental: The Lessee shall pay to the Port Authority as Second Additional Facility Rental under the Lease the amounts set forth in the Schedule attached hereto, hereby made a part hereof and marked "Schedule R-2R" such amounts to be paid by the Lessee to the Port Authority at the times and rates set forth in said Schedule R-2R.

The Port Authority and the Lessee expressly recognize and agree that the Second Additional Facility Rental is based upon the "Cost of the Sublessee's Flight Center Improvement Work" as such term is set forth and defined in the Prior Sublease as amended and supplemented by the First Supplemental Agreement to Sublease as defined in Section 86 hereof, and said definition is hereby incorporated herein by said reference (i.e. the sum of $) (referred to in Schedule R-2R as the "Cost of the Lessee's Initial Flight Center Improvement Work) plus the application of an agreed upon factor applied thereto.

(C) Other Additional Facility Rentals

(1) Definitions

The following terms as used herein shall have the respective meanings given below:

(i) "Other Additional Facility Rental" shall mean an Additional Facility Rental payable by the Lessee to the Port Authority, pursuant to and calculated in accordance with the terms hereof, with respect to each Construction Payment Amount (as defined in Section 89 hereof), and each such Other Additional Facility Rental shall be in addition to all other rentals and payments to be paid by the Lessee hereunder, including without limitation the Facility Rentals, the First Additional Facility Rental and the Second Additional Facility Rental hereinabove set forth ; and the term "Other Additional Facility Rentals" shall mean the plural form of Other Additional Facility Rental and include one or more than one such Other Additional Facility Rental.

(ii) "Other Additional Facility Rental Commencement Date" shall mean, with respect to each Other Additional Facility Rental which is established on the basis of each Construction Payment Amount, the first day of the month immediately succeeding the month in which the Construction Payment Date (as defined in Section 89) applicable to such Construction Payment Amount occurs.

(iii) "Other Additional Facility Rental First Payment Period" or "First Payment Period" shall mean with respect to each Other Additional Facility Rental a period of twenty-four consecutive calendar months commencing on the Other Additional Facility Rental Commencement Date applicable to such Other Additional Facility Rental.

(iv) "Other Additional Facility Rental Second Payment Period" or "Second Payment Period" shall mean with respect to each Other Additional Facility Rental the period commencing on the first day of the twenty-fifth consecutive calendar month following the Other Additional Facility Rental Commencement Date applicable to such Other Additional Facility Rental and ending on December 31, 2007.

(v) "Other Additional Facility Rental Third Payment Period" or "Third Payment Period" shall mean with respect to each Other Additional Facility Rental the period commencing on January 1, 2008 and ending on November 30, 2015.

(vi) "Monthly Other Additional Facility Rental First Payment Period Factor" for each First Payment Period of each Other Additional Facility Rental shall mean the factor

or factors equivalent to the quotient resulting from dividing the "Fixed RBI Rate" (as hereinafter defined in item (ix) below) by 12.

(vii) "Monthly Other Additional Facility Rental Second Payment Period Factor" for each Second Payment Period of each Other Additional Facility Rental shall mean the factor or factors equivalent to the monthly percentage rate equal to the quotient resulting from dividing the sum of (x) the Fixed RBI Rate (as hereinafter defined in item (ix) below), and (y) one hundred fifty (150) basis points (that is 1.5%), by 12.

(viii) "Monthly Other Additional Facility Rental Third Payment Period Factor" for each Third Payment Period of each Other Additional Facility Rental shall mean the factor or factors derived in accordance herewith from time to time by the application of the following formula:

$$\frac{1}{\frac{1}{\frac{i}{12}} - \frac{1}{\frac{i}{12}\left(1 + \frac{i}{12}\right)^{t}}}$$

= Monthly Other Additional Facility Rental Third Payment Period Factor

Where t (a power) equals 120 and where i is an annual percentage rate equal to the sum of (x) the Fixed RBI Rate (as herein defined in item (ix) below), and (y) one hundred fifty (150) basis points (that is 1.5%).

(ix) "Fixed RBI Rate" as applicable to and determined for each Other Additional Facility Rental hereunder shall mean the percentage reported as the weekly index of the Bond Buyer Revenue Bond Index as reported in the publication "The Bond Buyer" during the calendar week immediately preceding the Construction Payment Date of the applicable Other Additional Facility Rental. In the event that the Bond Buyer or its weekly Bond Buyer Revenue Bond Index shall be discontinued during the term of this Agreement, a comparable substitute for such Index shall be mutually agreed upon in writing by the Lessee and the Port Authority within thirty (30) days after such discontinuance. In the event that the Lessee and the Port Authority shall fail to agree upon such a substitute within the time hereinabove specified then upon notice of either party such dispute shall be disposed of by arbitration in accordance with then existing rules of the American Arbitration Association or any successor association. One half of the cost of said arbitration shall be

borne by the Port Authority and the other half of said cost shall be borne by the Lessee.

(2) Computation and Payment of the Other Additional Facility Rentals

(a) With respect to each Construction Payment Amount (as defined in Section 89 hereof) the following shall apply:

Commencing on the Other Facility Rental Commencement Date as determined for each Other Additional Facility Rental as aforesaid, the Lessee shall pay to the Port Authority a rental with respect to each Construction Payment Amount (herein called Other Additional Facility Rental) and each such Other Additional Facility Rental shall be payable as follows:

(i) On the first day of each and every calendar month during each First Payment Period applicable to each Other Additional Facility Rental, the Lessee shall pay to the Port Authority as Other Additional Facility Rental an amount equal to the product obtained by multiplying the Monthly Other Additional Facility Rental First Payment Period Factor by the applicable Construction Payment Amount, as such Construction Payment Amount is determined with respect to the applicable Construction Payment made by the Port Authority to the Lessee in accordance with Section 89 hereof;

(ii) On the first day of each and every calendar month during each Second Payment Period applicable to each Other Additional Facility Rental the Lessee shall pay to the Port Authority as Other Additional Facility Rental an amount equal to the product obtained by (x) first multiplying 1.0304352 by the Construction Payment Amount used in the computation of the Other Additional Facility Rental under the foregoing item (i) of this subparagraph (a) and (y) by multiplying the product obtained under the foregoing clause (x) by the Monthly Other Additional Facility Rental Second Payment Period Factor;

(iii) On the first day of each and every calendar month during each Third Payment Period applicable to each Other Additional Facility Rental (excluding November 1, 2015) the Lessee shall pay to the Port Authority as Other Additional Facility Rental an amount equal to the product obtained by (x) first multiplying 1.0304352 by the Construction Payment Amount used in the computation of the Other Additional Facility Rental under the foregoing item (i) of this subparagraph (a) and (y) by multiplying the product obtained under the foregoing clause (x) by the Monthly Other Additional Facility Rental Third Payment Period Factor;

(iv) On November 1, 2015, the Lessee shall pay to the Port Authority a single final installment of each Other Additional Facility Rental hereunder, in such amount as shall be set forth in the applicable Other Additional Facility Rental Schedule referred to in subparagraph (c) below; it being expressly recognized and agreed that such final installment of each Other Additional Facility Rental shall be determined in the same manner as used to calculate the final payment amount set forth in Schedule R-2R attached hereto. It is recognized that in the event the term of the letting hereunder is extended pursuant to and in accordance with Section 3A hereof the Lease Supplement (as defined in said Section 3A) will contain appropriate provisions with respect to the said final installment payment of each Other Additional Facility Rental.

(b) It is expressly understood and agreed that the provisions of this Subdivision III of this Section 4 are intended to establish an Additional Facility Rental, each of which is denominated herein as an "Other Additional Facility Rental", with respect to each and every Construction Payment Amount (as defined in and determined in accordance with Section 89 hereof) and that each such Other Additional Facility Rental shall be subject to, computed under, and paid by the Lessee in accordance with the terms hereof and that each such Other Additional Facility Rental shall be at an annual rate equal to the product obtained by multiplying the monthly amount thereof by 12.

(c) It is further agreed, in addition to and without limiting any term or provision hereof, that as soon as practicable after each Construction Payment (as defined in Section 89 hereof) is made by the Port Authority, the Port Authority will prepare a Schedule setting forth, the actual dollar amounts of the Other Additional Facility Rental which is based on such Construction Payment, which Schedule shall be in the form of Schedule R-2R attached hereto, in accordance with the foregoing provisions of this Subdivision III of this Section 4 and which Schedule shall set forth the annual rental rates and the monthly installments of each such Other Additional Facility Rental. After the preparation of each such Schedule the Port Authority shall send a copy of the same to the Lessee and the Lessee shall, for identification purposes solely, initial a copy of the same and promptly return it to the Port Authority; provided, however, that nothing in this subparagraph (c) nor any failure of the Port Authority to send such Schedule, nor any failure by the Lessee to initial or return the same to the Port Authority, nor anything contained in such Schedule shall impair, release or relieve the Lessee from any of its obligations hereunder, including without limitation its obligations to pay all Other Additional Facility Rentals at the times, rates and amounts called for under this Subdivision III of this Section 4.

(d) In the event that a Port Authority audit shall disclose that the Lessee has expended in the Cost of the Phase I

Construction Work or the Cost of the Phase II Construction Work under Section 89 hereof amounts which total less than the total of all Construction Payments made to the Lessee hereunder up to the time of such audit then, upon demand of the Port Authority, the Lessee shall immediately pay to the Port Authority an amount equal to the difference between the amounts expended by the Lessee as disclosed by the Port Authority audit and the aforesaid amount of the total of all Construction Payments made to the Lessee and effective from and after such date of payment the Construction Payment Amount(s) shall be reduced by the amount of such payment and the Other Additional Facility Rental(s) applicable thereto and payable by the Lessee shall be adjusted appropriately hereunder.

(e) It is further understood and agreed that notwithstanding the provisions hereof with respect to the formula utilized in the determination of each Other Additional Facility Rental Third Payment Period Factor as set forth in paragraph (C) (1) (viii) above, nothing herein shall impair, alter, vary or affect Sections 3 and 3A hereof or imply or create an implication that there shall be any extension of the term of the letting hereunder beyond the expiration date set forth in Section 3 hereof.

(D) Additional Facility Rentals (other than the First Additional Facility Rental); Abatement

In the event that the Lessee shall at any time by the provisions of paragraph (b) of Section 75 of this Agreement become entitled to an abatement of Additional Facility Rentals (other than the First Additional Facility Rental), said abatement of Additional Facility Rentals (other than the First Additional Facility Rental) shall be made on an equitable basis giving effect to the amount and character of the portions of the premises the use of which is denied to the Lessee (but solely to the extent such portion of the premises used for the PDS as defined in Section 75 hereof does not exclusively serve the premises as described in and in accordance with said Section 75 (b) hereof) as compared with the entire premises, provided, however, that such abatement shall apply in any event only if and to the extent any such portion of the premises formed a part of the Phase I Construction Work or the Phase II Construction Work for which Port Authority Construction Payments were made pursuant to Section 89 hereof or for which Port Authority payments of the "Cost of the Sublessee's Flight Center Improvement Work" were made pursuant to the First Supplemental Agreement to Sublease, as described above; it being understood that there shall be no abatement of Additional Facility Rentals under this Lease for any portion of the premises or for any portion of the term except as specifically provided in this Agreement.

Section 5. Use of Premises

The Lessee, in connection with its business of transportation by aircraft, may use the premises for the following purposes and for activities reasonably required for such purposes and for such purposes and activities only:

(1) For the reservation of space and the sale of tickets for transportation on aircraft operated by the Lessee.

(2) For the reservation of space and the sale of tickets for transportation by other carriers but only as an incident to or in connection with transportation performed or to be performed by the Lessee or as an incident to or in connection with the cancellation of such transportation, or for the accommodation or convenience of the incoming or outbound passengers of the Lessee at the Airport. The occasional reservation of space and the sale of tickets for transportation by other carriers shall not be deemed to be prohibited by this provision.

(3) For the clearance, checking and rendering of service to passengers of the Lessee and for the furnishing of information service to such passengers and the general public.

(4) For providing rooms or space for the special handling of or the furnishing of special services to any of the passengers, guests, or invitees of the Lessee subject to the provisions of Section 66 hereof.

(5) For the handling of baggage of passengers of the Lessee including baggage and parcels such passengers decide to send as air cargo.

(6) For the handling of unclaimed baggage and lost and found articles.

(7) For the conduct of operations, traffic, communications, reservations and administrative office functions and activities in connection with air transportation performed by the Lessee.

(8) For the preparation, packaging and storage of food, beverages and commissary supplies to be consumed on aircraft operated by the Lessee.

(9) For the storage of repair parts, supplies and other personal property owned or leased by the Lessee, and for the performance of minor repairs to personal property of the Lessee.

(10) For the storage of such automotive fuel and lubricants as may be approved by the Port Authority.

(11) For the operation of a cafeteria for over-the-counter sales to officers and employees of the Lessee and their families and to occasional business guests of such officers and employees (other than passengers of the Lessee), of food, beverages and other merchandise normally sold in such an establishment at no profit to the Lessee and either directly by the Lessee or through a subsidiary of the Lessee or by an independent contractor of the Lessee who has received a permit from the Port Authority so to do.

(12) For use as crew quarters to be used by personnel of the Lessee during layovers between flights and for the establishment of lounges for employees of the Lessee.

(13) For the loading and unloading of passengers, baggage, mail, air cargo and commissary supplies, provided, however, that the use of the premises for the unloading and loading of passengers and their baggage from ground transportation vehicles shall be subject to limitation and restriction, from time to time, as set forth in Section 74 hereof.

(14) For the parking and storage of aircraft and ramp equipment operated by the Lessee.

(15) For the fueling and routine servicing of aircraft and ramp equipment operated by the Lessee and for the maintenance of said ramp equipment.

(16) For the performance of emergency or turn-around aircraft maintenance on aircraft operated by the Lessee.

(17) For the training of personnel employed or to be employed by any of the Lessee or other persons engaged in commercial transportation by aircraft, provided, that unless consented to by the Port Authority, the Lessee shall not engage in the training of persons employed by others or to be employed by others if the training of such persons is in competition with any concessionaire, permittee or licensee of the Port Authority at the Airport (other than another person engaged in the business of transportation by aircraft).

(18) For the temporary storage of baggage, mail and air cargo.

(19) For federal inspection services by federal agencies (if the United States Government makes the same available to the Lessee).

(20) With respect to the "Private Parking Facility" only, for the parking of automobiles operated by the Lessee and by the Lessee's employees, guests and in a limited number by its passengers and only in situations where the Lessee feels it must

accommodate such passengers therein. "Private Parking Facility" shall mean the private automobile parking facility located on the roof of Building No. 53 with capacity of not more than 51 automobiles.

(21) For automotive fuel facilities for the receipt, storage and dispensing of automotive fuel for automotive vehicles and equipment used by the Lessee in performing its operations authorized hereunder.

(22) For any other purpose or activity, in addition to those specified in this Section 5, for which the premises are expressly authorized to be used by any other provision of this Agreement.

The loading or unloading on the premises of any aircraft used principally for cargo is expressly prohibited.

Section 6. Ingress and Egress

(a) The Lessee, its officers, employees, customers, patrons, invitees, contractors, suppliers of material and furnishers of services, shall have the right of ingress and egress between the premises and city streets or public ways outside the Airport by means of existing roadways to be used in common with others having rights of passage within the Airport, provided, however, that the Port Authority may from time to time substitute other reasonably equivalent means of ingress and egress and provided, further, however, notwithstanding anything contained in the General Airport Agreement as defined in Section 81 hereof that the Lessee hereby expressly understands and agrees that the Lessee shall have no right of ingress and egress or access hereunder or otherwise for its employees, customers, patrons, invitees and their baggage between the premises and the city streets or public ways outside the Airport by means of any mode of transportation or any vehicle which may be limited or restricted in accordance with Section 74 hereof, it being understood that access to the premises for emergency response for reasons of safety or health shall not be deemed a breach hereof.

(b) The Lessee shall have the right of ingress and egress between the premises and the Public Landing Area at the Airport, by means of existing taxiways to be used in common with others having rights of passage thereon, provided, however, that the Port Authority may from time to time substitute other reasonably equivalent means of ingress and egress.

(c) The use of all roadways and taxiways shall be subject to the Rules and Regulations of the Port Authority which are now in effect or which may hereafter be promulgated for the safe and efficient operation of the Airport. In addition to the rights of closure granted above, the Port Authority may, at any time, temporarily or permanently close, or consent to or request the closing of, any such roadway, taxiway and any other area at

the Airport presently or hereafter used as such, so long as a means of ingress and egress reasonably equivalent to that provided in paragraphs (a) and (b) above remains available to the Lessee. The Lessee hereby releases and discharges the Port Authority its successors and assigns, of and from any and all claims, demands or causes of action which the Lessee may now or at any time hereafter have against any of the foregoing, arising or alleged to arise out of the closing of any street, roadway, taxiway or other area used as such whether within or outside the Airport, provided a reasonably equivalent means of ingress and egress is available. The Lessee shall not do or permit anything to be done which will interfere with the free access and passage of others to space adjacent to the premises or in any streets, ways and walks near the premises.

Section 7. Compliance with Governmental Requirements

(a) The Lessee shall comply with all laws and ordinances and governmental rules, regulations and orders now or at any time during the term of this Lease which as a matter of law are applicable to or which affect the operations of the Lessee at the premises hereunder and the Airport, and the Lessee shall, in accordance with and subject to the provisions of Section 45 hereof, make any and all structural and non-structural improvements, alterations or repairs of the premises that may be required at any time hereafter by any such present or future governmental law, rule, regulation, requirement, order or directive.

(b) The Lessee hereby agrees that it shall, at its own cost and expense, procure and obtain from all governmental authorities having jurisdiction over the operations of the Lessee hereunder and shall maintain in full force and effect throughout the term of this Agreement all licenses, certificates, permits or other authorization which may be necessary for the conduct of such operations. "Governmental authority" shall not be construed as intending to include The Port Authority of New York and New Jersey, the lessor under this Agreement.

(c) The obligation of the Lessee to comply with governmental requirements is provided herein for the purpose of assuring proper safeguards for the protection of persons and property on the premises. Such provision is not to be construed as a submission by the Port Authority to the application to itself of such requirements or any of them.

(d) Since the Port Authority has agreed in the Basic Lease to conform to the enactments, ordinances, resolutions and regulations of the City of New York and its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection which would be applicable if the Port Authority were a private corporation to the extent that the Port Authority finds it practicable so to do, the Lessee shall comply with all such

enactments, ordinances, resolutions and regulations which would be applicable to its operations at the premises if the Port Authority were a private corporation except in cases where the Port Authority either notifies the Lessee that it need not comply with or directs it not to comply with any such enactments, ordinances, resolutions or regulations which are applicable only because of the Port Authority's agreement in the Basic Lease. The Lessee shall, for the Port Authority's information, deliver to the Port Authority promptly after receipt of any notice, warning, summons, or other legal process for the enforcement of any such enactment, ordinance, resolution or regulation a true copy of the same. Any direction by the Port Authority to the Lessee not to comply with any such enactment, ordinance, resolution or regulation shall be given only pursuant to a resolution duly adopted by the Board of Commissioners of the Port Authority or by an authorized committee of its Board and if any such direction is given by the Port Authority to the Lessee, the Port Authority to the extent that it may lawfully do so, shall indemnify and hold the Lessee harmless from and against all claims, actions, damages, liabilities, fines, penalties, costs and expenses suffered or incurred by the Lessee as a result of noncompliance with such enactment, ordinance, resolution or regulation.

In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Lessee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Lessee of a written direction from the Port Authority not to comply (and thereafter discontinued) such compliance shall not constitute a breach of this Agreement, although the Port Authority thereafter directs the Lessee not to comply. Nothing herein contained shall release or discharge the Lessee from compliance with any other provision hereof respecting governmental requirements.

(e) The Lessee shall have such time within which to comply with the aforesaid laws, ordinances, rules and regulations as the authorities enforcing the same shall allow.

Section 8. Rules and Regulations

(a) The Lessee covenants and agrees to observe and obey (and to require its officers, employees, guests, invitees and those doing business with it to observe and obey) the existing Rules and Regulations of the Port Authority in effect as of the execution of this Agreement and such reasonable future Rules and Regulations and amendments and supplements to existing Rules and Regulations for the government of the conduct and operations of the Lessee and others on the premises as may from time to time during the letting be promulgated by the Port Authority for reasons of safety, health, noise, sanitation or good order. The obligation of the Lessee to require such observance and obedience on the part of its guests, invitees, and those doing business with it shall obtain only while such persons are on the premises.

The Port Authority agrees that except in cases of emergency, it will give notice to the Lessee of every such future rule or regulation adopted by it at least ten (10) days before the Lessee shall be required to comply therewith.

(b) The use by the Lessee and its officers, employees, guests, invitees, and those doing business with it, of the public aircraft facilities and any and all other portions of the Airport which it may be entitled to use under this Lease (other than space leased to the Lessee for its exclusive use) shall be subject to the Rules and Regulations of the Port Authority in effect as of the execution of this Agreement, and such reasonable future rules and regulations (including amendments and supplements to existing Rules and Regulations) as the Port Authority may from time to time promulgate in the public interest and in the interest of health, safety, noise, sanitation, good order and the economic and efficient operation of the Airport, including but not limited to, the number and type of aircraft which at any particular time may use the public aircraft facilities and the time or times when such aircraft may use the public aircraft facilities. Without limiting the foregoing, the Port Authority may take into account in adopting such Rules and Regulations the adequacy, capacity and suitability of (i) aircraft using the Airport, (ii) passenger handling facilities at the Airport including, but not limited to the Passenger Distribution System, as hereinafter defined, (iii) the public aircraft facilities at the Airport, (iv) the roadways and (v) the parking facilities. In the event the Port Authority promulgates rules and regulations pursuant to this paragraph (b), the Port Authority may devise and implement reasonable procedures governing the affected use of the public aircraft facilities, including but not limited to, allocations among Aircraft Operators at the Airport.

(c) If a copy of the Rules and Regulations is not attached, then the Port Authority will notify the Lessee thereof by delivery of a copy, or by making a copy available at the office of the Secretary of the Port Authority.

Section 9. Various Obligations of the Lessee

(a) The Lessee shall conduct its operations hereunder in an orderly and proper manner, considering the nature of such operations, so as not to annoy, disturb or be offensive to others at or off the Airport. The Lessee shall take all reasonable measures (1) to eliminate or reduce as low as possible vibrations tending to damage any equipment, structure, building or portion of a building which is on the premises, or is a part thereof, or is located elsewhere on or off the Airport; and (2) to keep the sound level of its operations as low as possible.

(b) The Lessee shall use its best efforts to conduct all operations at the premises in a safe and careful manner,

following in all respects the best practices of the air transportation industry in the United States.

(c) The Port Authority shall have the right to object to the Lessee regarding the conduct and demeanor of the employees of the Lessee whereupon the Lessee will take all steps reasonably necessary to remove the cause of the objection. If requested by the Port Authority the Lessee shall supply and shall require its employees to wear or carry badges or other suitable means of identification, which shall be subject to the prior and continuing approval of the General Manager of the Airport.

(d) The Lessee shall control all vehicular traffic on the roadways or other areas within the premises and shall take all precautions reasonably necessary to promote the safety of all persons. The Lessee shall employ such means as may be necessary to direct the movement of vehicular traffic within the premises to prevent traffic congestion on the public roadways leading to the premises.

(e) The Lessee shall remove from the Airport or otherwise dispose of in a manner approved by the General Manager of the Airport, all garbage, debris and other waste materials (whether liquid or solid) arising out of its occupancy or use of the premises or out of its operations at the Airport. Any such which may be temporarily stored in the open shall be kept in suitable garbage and waste receptacles, the same to be made of metal or other suitable material, and equipped with tightfitting covers, and to be of a design to safely and properly contain whatever material may be placed therein. The Lessee shall use extreme care when effecting removal of all such waste materials, and shall effect such removal at such times and by such means as first approved by the Port Authority. No such garbage, debris, or other waste materials shall be or be permitted to be thrown, discharged or deposited into or upon the waters at or bounding the Airport.

(f) From time to time and as often as reasonably required by the Port Authority, the Lessee shall conduct pressure, waterflow, and other appropriate tests of the fire extinguishing system and apparatus which constitute a part of the premises. The Lessee shall keep in proper functioning order all firefighting equipment on the premises and the Lessee shall at all times maintain on the premises adequate stocks of fresh, usable chemicals for use in such system and apparatus. The Lessee shall notify the Port Authority prior to conducting such tests. If requested by the Port Authority, the Lessee shall furnish the Port Authority with a copy of written reports of such tests.

(g) It is the intention of the parties hereto that noise caused by aircraft engine operations shall be held to a minimum considering the nature of the Lessee's operations at the premises. To this end the Lessee will conduct its operations in

such a manner as to keep the noise produced by aircraft engines to a minimum and where appropriate shall employ noise arresting and noise reducing devices that are suitable. Aircraft testing and aircraft runups will be conducted only in such areas as shall meet with the prior and continuing approval of the Port Authority. The obligations assumed by the Lessee under this paragraph (g) shall not diminish, limit, modify or affect all other obligations of the Lessee with respect to noise under this Agreement.

(h) In the use of the premises, the Lessee shall use its best efforts to minimize jet or prop blast interference to aircraft operating on or to buildings and structures now located on or which in the future may be located on areas adjacent to the premises. In the event the Port Authority determines at any time and from time to time that the Lessee has not so minimized the jet or prop blast interference, it may serve a notice to the Lessee to such effect and if the condition is not corrected to the satisfaction of the Port Authority within thirty days after the service of said notice, the Lessee hereby covenants and agrees to erect and maintain at its own expense such structure or structures as may be necessary to minimize the said jet or prop blast interference, subject, however, to the prior written approval of the Port Authority as to the type, manner and method of construction. The obligations assumed by the Lessee under this paragraph shall not diminish, limit, modify or affect all other obligations of the Lessee with respect to interference under this Agreement.

(i) The Lessee agrees that it will not erect, construct or maintain or otherwise create or continue any obstacle or so park or store, or permit or allow to be parked or stored, any aircraft or other object on the premises so as to create any obstacle that will hamper or interfere with the free, orderly, unobstructed and uninterrupted passage of vehicles, aircraft or of the wings or other integral part of aircraft of any type, nature or description, while such vehicle is operating or aircraft is taxiing or being transported or towed along any runways, taxiways and roads outside of and adjacent to the premises.

(j) In addition to compliance by the Lessee with all laws, ordinances, governmental rules, regulations and orders now or at any time in effect during the term of the letting hereunder which as a matter of law are applicable to the operation, use or maintenance by the Lessee of the premises or the operations of the Lessee under this Agreement (the foregoing not to be construed as a submission by the Port Authority to the application to itself of such requirements or any of them), the Lessee agrees that it shall exercise the highest degree of safety and care and shall conduct all its operations under the Agreement and shall operate, use and maintain the premises in accordance with the highest reasonable standards and in such manner that there will be at all times a minimum of air pollution, water

pollution or any other type of pollution and a minimum of noise emanating from, arising out of or resulting from the operation, use or maintenance of the premises by the Lessee and from the operations of the Lessee under this Agreement. The Port Authority hereby reserves the right from time to time and at any time during the term of the Lease to require the Lessee, and the Lessee agrees to design and construct at its sole cost and expense such reasonable structures, fences, equipment, devices and other facilities as may be necessary or appropriate to accomplish the objectives as set forth in the first sentence of this paragraph. All locations, the manner, type and method of construction and the size of any of the foregoing shall be determined by the Port Authority. The Lessee shall submit for Port Authority approval its plans and specifications covering the required work and upon receiving such approval shall proceed diligently to construct the same.

The obligations assumed by the Lessee under this paragraph (j) hereof shall continue throughout the term of this Lease and shall not be limited, affected, impaired or in any manner modified by the fact that the Port Authority shall have approved any Construction Application and supporting plans, specifications and contracts covering construction work and notwithstanding the incorporation therein of the Port Authority's recommendations or requirements and notwithstanding that the Port Authority may have at any time during the term of the Lease consented to or approved any particular procedure or method of operation which the Lessee may have proposed or the Port Authority may have itself prescribed the use of any procedure or method. The agreement of the Lessee to assume the obligations under this paragraph (j) is a special inducement and consideration to the Port Authority in entering into this Lease with the Lessee.

(k) The Lessee shall periodically inspect, clean out and maintain the oil separators serving the premises which are located on the premises and the oil separators located outside the premises if they exclusively serve the premises.

(l) The Lessee shall at all times during the term of this Agreement on a twenty-four hour basis maintain sufficient qualified personnel at the Airport or on call within 30 minutes, who shall be qualified to perform the maintenance obligations of the Lessee under this Agreement and particularly be able to respond to all emergencies.

Section 10. Prohibited Acts

(a) The Lessee shall commit no nuisance, waste or injury at the Airport, and shall not do or permit to be done anything which may result in the creation or commission or maintenance of such nuisance, waste or injury at the Airport.

(b) The Lessee shall not create nor permit to be caused or created at the Airport any obnoxious odors or smokes, or noxious gases or vapors. The creation of exhaust fumes by the operation of internal combustion engines or aircraft engines of other types, so long as such engines are maintained and are being operated in a proper manner, shall not be a violation of this paragraph (b).

(c) The Lessee shall not do or permit to be done anything which may interfere with the effectiveness or accessibility of the drainage and sewerage system, water system, communications system, electrical, fire protection system, sprinkler system, alarm system, fire hydrants and hoses, if any, or any other part of utility, electrical mechanical or other systems installed or located from time to time at the Airport.

(d) The Lessee shall not do or permit to be done any act or thing at the Airport (1) which will invalidate or conflict with any fire insurance, extended coverage or rental insurance policies covering the premises or any part thereof, or the Airport, or any part thereof, or (2) which may constitute an extra hazardous condition, so as to increase the risks normally attendant upon the operations permitted by this Agreement. The Lessee shall promptly observe, comply with and execute the provisions of any and all present and future rules and regulations, requirements, orders and directions of Insurance Services Office of New York and the National Fire Protection Association, or of any other board or organization exercising or which may exercise similar functions, which may pertain or apply to the operations of the Lessee at the Airport and the Lessee shall, subject to and in accordance with the provisions of Section 45 hereof, make any and all structural and non-structural improvements, alterations or repairs to the premises required at any time hereafter by any such present or future rule, regulation, requirement, order or direction. If by reason of any failure on the part of the Lessee to comply with the provisions of this paragraph any fire insurance rate, extended coverage or rental insurance rate on the premises or any part thereof, or on the Airport or any part thereof, shall at any time be higher than it would otherwise be if the premises were properly used for the purposes permitted by Section 5 hereof then the Lessee shall pay to the Port Authority, as an item of additional rental, that part of all insurance premiums paid by the Port Authority which shall have been charged because of such violation or failure by the Lessee.

(e) The Lessee shall not dispose of nor permit any one to dispose of any waste material taken from aircraft (whether liquids or solid) by means of the toilets, manholes, sanitary sewers or storm sewers in the premises except after treatment in installations or equipment included in plans and specifications submitted to and approved by the Port Authority.

(f) The Lessee shall not keep or store during any 24 hour period flammable liquids within any enclosed portion of the premises (other than in rooms or areas expressly constructed for the storage of such liquids) in excess of the Lessee's working requirements during the said 24 hour period. Any such liquids having a flash point of less than 110 degrees Fahrenheit shall be kept and stored in safety containers of a type approved by the Underwriters Laboratories or the Factory Mutual Insurance Association.

(g) (1) The Lessee shall prevent access by persons or vehicles (unless duly authorized by the Port Authority) to the Public Landing Area from the premises except for aircraft, which aircraft shall be equipped with radio receivers tuned to control tower frequencies and adequately manned in accordance with applicable Rules and Regulations. Such aircraft may be towed by a motor vehicle equipped with a radio receiver tuned to the appropriate control tower frequency and adequately manned or such other means as may be approved by the Port Authority. The Lessee shall control access by its aircraft passengers and patrons from and to aircraft ramp, apron and parking areas on the premises and shall maintain control of its passengers and patrons while they are upon said areas by proper measures to insure that the highest standards of safety are maintained.

(2) The Lessee shall furnish adequate security and guard service or such comparable means as approved by the Port Authority from time to time, on a 24 hour, seven day-a-week basis for the prevention of access to and control of persons on the aeronautical operations areas of the premises and the prevention of access to the Public Landing Area from the premises or other area(s) controlled by the Lessee. Without limiting the generality of Section 7 hereof, the Lessee acknowledges and agrees that it shall comply with all the requirements of FAR 107 and any succeeding or superseding regulations.

(h) The Lessee shall not use or permit the use of any structural supporting member of the building or roof or any part thereof for the storage of any material or equipment, or hoist, lift, move or support any material or equipment or other weight or load, by means of said trusses or structural supporting members, without prior approval of the Port Authority.

(i) The Lessee shall not overload any floor on the premises, and shall repair, replace or rebuild any floor, including supporting members, damaged by overloading. Nothing in this paragraph or elsewhere in this Agreement shall be or be construed to be a representation by the Port Authority of the weight any floor or paved area will bear.

(j) The Lessee shall not use any cleaning materials having a harmful corrosive effect on any part of the premises.

(k) The Lessee shall not fuel or defuel any equipment in the enclosed portions of the premises without prior approval of the General Manager of the Airport.

(l) The Lessee shall not start or operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated and unless such engine is equipped with a proper spark-arresting device which has been approved by the Port Authority.

(m) The Lessee shall not operate or cause to be operated aircraft engines in any areas of the premises other than for the purpose of taxiing or maneuvering aircraft to and from the premises or in connection with authorized aircraft maintenance on the premises. (The Lessee shall not perform any aircraft maintenance on the premises other than emergency or turn-around maintenance.)

(n) The Lessee shall not keep or store aviation fuel on the premises except that fueling equipment may be operated on the unenclosed portions of the premises in accordance with all the provisions of this Agreement and with the Port Authority Rules and Regulations pertaining thereto.

Section 11. Care, Maintenance, Rebuilding and Repair by the Lessee

(a) The Lessee shall repair, replace, rebuild and paint all or any part of the Airport which may be damaged or destroyed by the acts or omissions of the Lessee or by those of its officers or employees or of other persons on or at the premises with the consent of the Lessee.

(b) The Lessee shall, throughout the term of this Lease, assume the entire responsibility for, shall perform and shall relieve the Port Authority from all responsibility for all repair, replacement, rebuilding and maintenance whatsoever in the premises, whether such repair, replacement, rebuilding or maintenance be ordinary or extraordinary, partial or entire, inside or outside, foreseen or unforeseen, structural or otherwise, and without limiting the generality of the foregoing, the Lessee shall:

(1) Keep at all times in a clean and orderly condition and appearance, the premises and all the Lessee's fixtures, equipment and personal property which are located in any part of the premises which is open to or visible by the general public;

(2) Remove all snow and ice and perform all other activities and functions necessary or proper to make the premises available for use by the Lessee;

(3) Take good care of the premises and maintain the same at all times in good condition, except for reasonable wear and tear which does not adversely affect the efficient or the proper utilization thereof; including but not limited to painting (the exterior of the premises and areas visible to the general public to be painted only in colors which have been approved by the Port Authority); and make all repairs and replacements, and do all rebuilding, inside and outside, ordinary and extraordinary, partial and entire, foreseen and unforeseen, structural or otherwise, which repairs, rebuilding and replacements by the Lessee shall be in quality and class not inferior to the original in materials and workmanship; and to pay promptly the cost and expense of such repairs, replacements and maintenance;

(4) Provide and maintain all obstruction lights and similar devices on the premises, and provide and maintain all fire protection and safety equipment and all other equipment of every kind and nature required by any law, rule, ordinance, resolution or regulation of the type and nature described in Sections 7 and 8 of this Agreement. The Lessee shall enter into and keep in effect throughout the term of the Lease a contract or contracts with a central station alarm company acceptable to the Port Authority to provide continuous and automatic surveillance of the fire protection system on the premises. The Lessee shall insure that all fire alarm signals with respect to the premises shall also be transmitted to the Airport's police emergency alarm board or to such other location on the Airport as the General Manager of the Airport may direct. The Lessee's obligations hereunder shall in no way create any obligation whatsoever on the part of the Port Authority;

(5) Take such anti-erosion measures and maintain the landscaping at all times in good condition, including but not limited to periodic replanting, as the Port Authority may require, and perform and maintain such other landscaping with respect to all portions of the premises not paved or built upon, as the Port Authority may require;

(6) Be responsible for the maintenance and repair of all utility service lines, including but not limited to, service lines for the supply of water, electric power and telephone conduits and lines, sanitary sewers and storm sewers, located upon the premises or located adjacent to the premises and serving the premises exclusively.

(7) Be responsible for appropriate lighting of all ramp and apron areas and for the maintenance and repair of all access roadways, taxiways and ramp and apron areas located upon the premises or located adjacent to the premises and used by the Lessee exclusively.

(8) Repair any damage to the paving or other surface of the premises caused by any oil, gasoline, grease,

lubricants or other flammable liquids and substances having a corrosive or detrimental effect thereon.

(c) If the performance of any of the foregoing repair, maintenance, replacement, repainting or rebuilding obligations of the Lessee requires work to be performed near an active taxiway or where safety of operations is involved, the Lessee agrees that it will at its own expense, post guards at such locations to insure the safety of the work performed thereat.

(d) In the event the Lessee fails to commence so to maintain, clean, repair, replace, lamp, relamp, rebuild, paint repaint or to restore as required by this Agreement within a period of twenty (20) days after notice from the Port Authority so to do in the event that the said notice specifies that the required work to be accomplished by the Lessee includes maintenance or repair other than preventive maintenance, or within a period of one hundred eighty (180) days if the said notice specifies that the work to be accomplished by the Lessee involves preventive maintenance only, or fails diligently to continue to completion the cleaning, maintenance, repair, replacement, lamping and relamping, rebuilding, painting, repainting or restoration of all of the premises required to be repaired, replaced, rebuilt, painted, repainted or restored by the Lessee under the terms of this Agreement, the Port Authority may, at its option, and in addition to any other remedies which may be available to it, clean, maintain, repair, replace, lamp or relamp, rebuild, paint, repaint or restore all or any part of the premises included in the said notice, and the cost thereof shall be payable by the Lessee upon demand.

Section 12. Insurance

The Lessee shall, during the term of this Agreement, insure and keep insured to the extent of the full replacement value thereof, all buildings, structures, improvements, installations, facilities and fixtures now or in the future located on the premises against all risks of physical loss or damage (including, but not limited to flood and earthquake risks) if available, and if not available, then against such hazards and risks as may now or in the future be included under the Standard Form of Fire Insurance Policy of the State of New York and also against damage or loss by windstorm, cyclone, tornado, hail, explosion, riot, flood, earthquake, civil commotion, aircraft, vehicles and smoke, under the Standard Form of Fire Insurance Policy of New York and the form of extended coverage endorsement prescribed as of the effective date of the said insurance by the Rating Organization having jurisdiction, and, if the Port Authority so requests, also covering nuclear property losses and contamination hazards and risks if it becomes a reasonably available insurable risk in the commercial market, and boiler and machinery hazards and risks in a separate insurance policy or policies or as an additional coverage endorsement to the aforesaid policies in the form as may now or in the future be

prescribed as of the effective date of said insurance by the Rating Organization having jurisdiction and/or the Superintendent of Insurance of the State of New York and the Lessee shall furthermore provide additional insurance with respect to the premises covering any other peril of loss or damage that the Port Authority may at any time during the term of this Agreement cover by carrier or self-insurance covered by appropriate reserves at other locations at the Airport upon written notice to the Lessee to such effect.

The aforesaid insurance coverage and renewals thereof shall insure the Port Authority, the Lessee and the City of New York, as their interests may appear, and shall provide that the loss, if any, shall be adjusted with and payable to the Port Authority.

In the event the premises or any part thereof shall be damaged by any casualty against which insurance is carried pursuant to this Section 12, the Lessee shall promptly furnish to the Port Authority such information and data as may be necessary to enable the Port Authority to adjust the loss. The Port Authority shall consult with the Lessee in the adjustment of the loss.

The policies or certificates representing insurance covered by this Section shall be delivered by the Lessee to the Port Authority at least thirty (30) days prior to the commencement date of the term of the letting hereunder and each policy or certificate delivered shall bear the endorsement of or be accompanied by evidence of payment of the premium thereon, and also, a valid provision obligating the insurance company to furnish the Port Authority and the City of New York thirty (30) days' advance notice of the cancellation, termination, change or modification of the insurance evidenced by said policy or certificate. Renewal policies or certificates shall be delivered to the Port Authority at least thirty (30) days before the expiration of the insurance which such policies are to renew.

Regardless, however, of the persons whose interests are insured, the proceeds of all policies covered by this Section 12 shall be applied as provided in Section 13; and the word "insurance" and all other references to insurance in said Section 13 shall be construed to refer to the insurance which is the subject matter of this Section 12, and to refer to such insurance only.

The insurance covered by this Section 12 shall be written by companies approved by the Port Authority, the Port Authority covenanting and agreeing not to withhold its approval unreasonably. If at any time any of the insurance policies shall be or become unsatisfactory to the Port Authority as to form or substance or if any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Lessee shall promptly obtain a new and satisfactory policy in

replacement, the Port Authority covenanting and agreeing not to act unreasonably hereunder. If the Port Authority at any time so requests, the Lessee shall make available to the Port Authority at a location in the Port of New York District, during normal business hours, the original or a certified copy of the entirety of each of the said policies and shall, upon request, deliver to the Port Authority a certified copy of such portions of said policies pertaining to the coverage hereunder as the Port Authority shall request.

Section 13. Damage to or Destruction of the Premises

(a) Removal Of Debris. If the premises, or any part thereof shall be damaged by fire, the elements, the public enemy or other casualty, the Lessee shall promptly remove all debris resulting from such damage from the premises, and to the extent, if any, that the removal of debris under such circumstances is covered by insurance, the proceeds thereof shall be made available to and be used by the Lessee for such purpose.

(b) Minor Damage. If the premises, or any part thereof, shall be damaged by fire, the elements, the public enemy or other casualty but not rendered untenantable or unusable for a period of ninety (90) days, the premises shall be repaired with due diligence in accordance with the plans and specifications for the premises as they existed prior to such damage by and at the expense of the Lessee and if such damage is covered by insurance, the proceeds thereof shall be made available to and be used by the Lessee for such repairs.

(c) Major Damage to or Destruction of the Premises. If the premises, or any part thereof shall be destroyed or so damaged by fire, the elements, the public enemy or other casualty as to be untenantable or unusable for ninety (90) days, or if within ninety (90) days after such damage or destruction the Lessee notifies the Port Authority in writing that in its opinion said premises will be untenantable or unusable for ninety (90) days then: The Lessee shall proceed with due diligence to make the necessary repairs or replacements to restore such premises in accordance with the plans and specifications for the premises as the same existed prior to such damage or destruction; or with the approval in writing of the Port Authority make such other repairs, replacements or changes as may be desired by the Lessee. If such destruction was covered by insurance, the proceeds thereof shall be made available to and used by the Lessee for such restoration.

(d) The obligation of the Lessee to repair or replace shall be limited to the amount of the insurance proceeds provided the Lessee has carried insurance to the extent and in accordance with Section 12 hereof. Any excess of the proceeds of insurance over the costs of the restoration shall be retained by the Port Authority.

(e) The parties hereby stipulate that neither the provisions of Section 227 of the Real Property Law of New York nor those of any other similar statute shall extend or apply to this Agreement.

Section 14. Assumption of Maintenance and Repair of the Premises by the Port Authority

Subdivision I. Defined Terms in this Section.

The following terms shall have the meanings stated in this Subdivision I for the purposes of this Section:

(a) "Assumable Maintenance and Repair" shall mean the obligation of the Lessee to clean, maintain, perform janitorial services and perform structural and non-structural improvements, repairs and rebuilding as such obligations are set forth in:

(i) paragraphs (a) and (b) of Section 11 hereof; and

(ii) Section 7 hereof insofar as laws, ordinances and governmental rules, regulations, orders, requirements and directions require structural and non-structural improvements, alterations or repairs of the premises; and

(b) The "Cost of Assumable Maintenance and Repair" shall, for each calendar year, consist of the sum of the Operation and Maintenance Cost and the Annual Capital Cost which shall both be determined as follows:

(i) The Port Authority will determine the total of all costs incurred or accrued during each calendar year in connection with the Assumable Maintenance and Repair in accordance with normal Port Authority accounting practice and as follows:

The Port Authority will apportion Assumable Maintenance and Repair performed between "Operation and Maintenance" and "Capital Work". The cost of Operation and Maintenance is hereinafter called the "Operation and Maintenance Cost" and the cost of the Capital Work is hereinafter called the "Capital Cost".

(ii) Operation and Maintenance Cost for each calendar year shall consist of the following expenditures for, in connection with, or related to Operation and Maintenance:

(1) On-the-job payroll costs of employees and supervisory personnel (including Airport supervisors, foremen and clerks) including, but not limited to, contributions to any retirement system or the cost of or participation in any pension plans or the like, social security, old age, survivor's, disability and unemployment insurance and other insurance costs,

sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port Authority policy to or with respect to said employees and personnel;

(2) The cost (including rental charges) of materials, equipment, supplies and utilities (including but not limited to, electricity, water and phone);

(3) Payments to contractors and any other third persons, firms or corporations for work performed or services rendered;

(4) The cost of any performance bond or bonds;

(5) The cost of insurance;

(6) Any other direct costs as charged under the Port Authority's normal accounting practice;

(7) Twenty-five percent (25%) of the sum of all of the foregoing items (1) through (6).

(iii) A. Capital Cost for each calendar year shall consist of the following expenditures, for, in connection with, or related to Capital Work;

(1) On-the-job payroll costs of employees and supervisory personnel (including Airport supervisors, foremen and clerks) including but not limited to, contributions to any retirement system or the cost of or participation in any pension plans or the like, social security, old age, survivor's, disability and unemployment insurance and other insurance costs, sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port Authority policy to or with respect to said employees and personnel;

(2) The cost (including rental charges) of materials, supplies, equipment and utilities (including but not limited to electricity, water and phone);

(3) Payments to contractors and any other third persons, firms or corporations for work performed or services rendered;

(4) The cost of any performance bond or bonds;

(5) The cost of any insurance;

(6) Payments to independent consultants, architects and engineers engaged or retained by the Port Authority;

(7) Any other direct costs as charged under the Port Authority's normal accounting practice;

(8) Ten percent (10%) of the sum of all the foregoing items (1) through (7);

(9) Financial Expense on the foregoing computed in accordance with Port Authority accounting practice;

B. "Annual Capital Cost" shall mean the total of all annual amounts based upon the amortization of the Capital Cost for each calendar year over the shorter of the weighted average period of the useful life of the Capital Work for each calendar year, or the remaining term of this Agreement as determined by the Port Authority. Each annual amount shall be determined on the basis of an equal annual payment method. The rate used in determining the Annual Capital Cost for all of the annual amounts shall be for each successive calendar year an annual percentage rate equal to the sum of (i) the average of all the weekly indices of the Bond Buyer Revenue Bond Index as reported in the publication "The Bond Buyer" for the 52-week period in the immediately preceding calendar year and (ii) three (3) percentage points. For purposes of example and illustration only, The Bond Buyer Revenue Bond Index for the week ending January 15, 1988 was 8.31% as set forth in the table entitled "Bond Buyer Indices" on page 30 of The Bond Buyer, Vol. 283 No. 230, New York, N.Y., dated January 15, 1988. In the event that The Bond Buyer or its weekly Bond Buyer Revenue Bond Index shall be discontinued prior to the commencement date of the term of the letting a comparable substitute for such Index shall be mutually agreed upon in writing by the Lessee and the Port Authority within thirty (30) days after discontinuance. In the event that the Port Authority and the Lessee shall fail to agree upon such a substitute within the time hereinabove specified then upon notice of either party such dispute shall be disposed of by arbitration in accordance with the then existing rules of the American Arbitration Association or any successor association. One half of the cost of said arbitration shall be borne by the Port Authority and the other half of said cost shall be borne by the Lessee.

Subdivision II. Commencement of Performance of Assumable Maintenance and Repair

The "Assumable Maintenance and Repair Effective Date" shall be the date, from time to time, determined as follows:

(i) The Port Authority may at any time and from time to time during the term of this Agreement advise the Lessee, by notice, of one or more deficiencies in the performance by the Lessee of the Assumable Maintenance and Repair, or in any portion, or

portions, thereof. Such notice shall specify the aforesaid deficiencies in reasonable detail. In such notice the Port Authority shall also advise the Lessee of what reasonable period of time shall be afforded the Lessee to cure such deficiencies and the Port Authority shall advise the Lessee therein when and where its representatives may meet with representatives of the Port Authority to discuss the foregoing. The Port Authority will consider the response, if any, of representatives of the Lessee, as given at the aforesaid meeting or during such period for a further response from the Lessee, as the Port Authority may, in its sole discretion, afford the Lessee. The Port Authority may, after the occurrence of the above, advise the Lessee, by notice, that it has elected not, at that time, to assume the performance of the Assumable Maintenance and Repair. The Port Authority, in its sole discretion, may condition such an election on such terms as it chooses to include in the notice, including the taking of certain remedial or other actions by the Lessee to the continuing satisfaction of the Port Authority. The fact that the Port Authority may previously have given a notice under this subparagraph but has subsequently elected on one or more occasions not to assume the performance of the Assumable Maintenance and Repair or having on one or more occasions assumed the Assumable Maintenance and Repair and thereafter returned the said obligations to the Lessee pursuant to the provisions hereof, shall not be deemed to limit the right of the Port Authority to, at any time, give another notice of one or more deficiencies pursuant to this subparagraph or notice pursuant to subparagraph (ii) below.

(ii) The Port Authority may at any time and from time to time during the term of this Agreement, but only after the issuance of a notice described above and giving the opportunity to cure as provided above, advise the Lessee, by notice, that commencing on a date to be specified in such notice, which shall be not less than ninety (90) days after the giving thereof, the Port Authority will perform the Assumable Maintenance and Repair. Such date as the same may be established from time to time shall be the "Assumable Maintenance and Repair Effective Date".

Subdivision III. Performance of the Assumable Maintenance and Repair

(a) The Port Authority shall perform the Assumable Maintenance and Repair from and after the Assumable Maintenance and Repair Effective Date with the Cost of Assumable Maintenance and Repair to be paid by the Lessee as provided in Subdivision IV below.

(b) The Lessee and the Port Authority each acknowledge and agree that the rights and obligations of the Port Authority and the Lessee hereunder are limited to the performance of all of the Assumable Maintenance and Repair by the Port Authority and not of particular portions thereof; provided, however, that the Port Authority in its sole and absolute discretion may elect to perform all of or portions of the Assumable Maintenance and Repair, and, if

portions, then such portions will be described in the notice (s) given under Subdivision II (ii) above.

(c) The Lessee shall give its full cooperation to the Port Authority so as to better enable the Port Authority and its contractors to perform the Assumable Maintenance and Repair and the Port Authority and its employees, agents and contractors shall have the right to enter the premises at all reasonable times to perform the Assumable Maintenance and Repair.

Subdivision IV. Payment for the Assumable Maintenance and Repair

The Cost of the Assumable Maintenance and Repair shall be payable by the Lessee from and after the Assumable Maintenance and Repair Effective Date as follows:

(a) The Port Authority shall establish monthly interim billing rates. Such billing rates shall be based upon determinations by the Port Authority of its estimate of the Cost of the Assumable Maintenance and Repair for the calendar year or; for the portion of the calendar year in which the Assumable Maintenance and Repair Effective Date, if less than a calendar year, shall occur or for the portion of the calendar year during which the term of this Agreement shall expire, if less than a calendar year. Such determinations shall be based upon the prior calendar year's experience, if any, and upon other such reasonable basis as the Port Authority shall select. The Port Authority may prospectively revise its billing rates during any calendar year. The Lessee shall pay current billings as they are received.

(b) As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the actual Cost of the Assumable Maintenance and Repair for the preceding calendar year and shall determine the amounts payable by the Lessee. In the event the Assumable Maintenance and Repair Date does not fall on the first day of a calendar year or in the event the term of this Agreement expires on a day other than the last day of a calendar year the Annual Capital Cost for said calendar year shall be prorated based on the number of days during said calendar year during which the Port Authority provides the Assumable Maintenance and Repair. Corrected billings based upon such determination shall thereupon be rendered by the Port Authority to the Lessee and if any monies are due to the Port Authority they shall be promptly paid by the Lessee and if any monies are due to the Lessee they shall be promptly credited to it.

Subdivision V. Limitation of Port Authority Obligations and No Waiver of Rights of Port Authority

(a) The right and obligation of the Port Authority to perform the Assumable Maintenance and Repair shall not release, waive or affect the obligations of the Lessee with respect thereto set forth in any provision of this Agreement, nor limit, waive or affect any rights of termination with respect thereto, including but

not limited to, the right of the Port Authority to terminate this Agreement, whether before or after the occurrence of the Assumable Maintenance and Repair Effective Date pursuant to Section 26 of this Agreement.

(b) The Port Authority shall not be obligated to the Lessee to furnish the Assumable Maintenance and Repair at any time while the Lessee shall be in default under this Agreement.

(c) No failure, delay or interruption in performing the Assumable Maintenance and Repair by the Port Authority shall be or be construed to be an eviction of the Lessee or grounds for the diminution or abatement of rentals, fees, or other charges, or (unless resulting from the negligence or wilful failure of the Port Authority) shall be grounds for termination of this Agreement by the Lessee pursuant to Section 49 hereof or for any claims by the Lessee for damages, consequential or otherwise.

(d) The Port Authority shall be under no obligation to perform the Assumable Maintenance and Repair if and to the extent that during any period such performance shall be prohibited, limited or rationed by any federal, state or municipal law, rule, regulation, requirement, order or direction and if the Port Authority deems it in the public interest to comply therewith, even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency. Furthermore, the obligation of the Port Authority to perform the Assumable Maintenance and Repair shall be deemed limited and modified during any period that repair or rebuilding of the premises is required pursuant to Section 11 or Section 13 hereof.

Subdivision VI. Return of the Assumable Maintenance and Repair to the Lessee

At any time and from time to time after the Port Authority may have exercised its rights under Subdivision II (ii)) to perform the Assumable Maintenance and Repair the Port Authority shall have the right, upon written notice to the Lessee, to return the obligation to perform the Assumable Maintenance and Repair to the Lessee commencing on a date to be specified in such notice which date shall be not less than thirty (30) nor more than ninety (90) days from the giving of such notice. Such date shall be "the Return Date of the Assumable Maintenance and Repair". From and after the Return Date of the Assumable Maintenance and Repair the Lessee shall perform the Assumable Maintenance pursuant to and in accordance with all the terms and provisions of the Lease including, but not limited to, this Section 14.

From and after the Return Date of the Assumable Maintenance and Repair the Lessee shall continue to pay the cost of Assumable Maintenance and Repair, it being understood, that nothing herein shall release or be deemed to release the Lessee from the payment to the Port Authority of the cost of Assumable Maintenance and Repair including that portion thereof consisting of the Annual Capital Cost

in accordance with Subdivision IV hereof arising prior to the Return Date of the Assumable Maintenance and Repair; nor shall anything herein require the Port Authority to make any calculation or determination with respect to the cost of Assumable Maintenance and Repair prior to the time specified therefor in Subdivision IV hereof.

Section 15. Joint Periodic Condition Survey

In addition to and without limiting Sections 7 through 14 and Sections 18, 19, 21, 33, and 83 hereof or any other term, provision, covenant or condition of this Agreement, the Lessee and the Port Authority hereby agree that, in addition to any other inspection of the premises which may be made under any other Section of this Agreement or otherwise, a Condition Survey (as hereinafter defined) of the premises shall be conducted by the Contractor (as hereinafter defined) at each of the time periods specified below subject to and in accordance with the following terms and conditions:

(a) As used herein the following terms shall have the following meanings:

(1) "Condition Survey" shall mean an inspection by the Contractor of the premises, including without limitation the then current state of cleaning, maintenance, janitorial services, painting, structural and nonstructural conditions, surface and subsurface conditions, environmental conditions, lighting of building areas, ramp and apron areas, and the condition of utilities and utility systems, fire-fighting and fire protection equipment and systems, communications and communications systems, antipollution systems and devices, fuel facilities and systems, and the Lessee's fixtures, equipment and personal property, and also including the items mentioned or covered by Sections 7 through 14, 18, 21, 33 and 83 hereof;

(2) "Contract" and "Condition Survey Contract" shall mean and refer to a contract awarded to a contractor, or entered into between the Port Authority and a contractor, for the performance by such contractor of a Condition Survey at any of the applicable times as specified in subparagraph (b) hereof;

(3) "Contractor" shall mean and refer to the contractor to whom the Contract is awarded by the Port Authority, or with whom the Port Authority enters into a Contract, for a Condition Survey which contractor shall be a reputable engineering firm, licensed or authorized to do business in the State of New York;

(4) "Costs of the Condition Survey" shall mean and include with respect to each Condition Survey all sums paid and expenses incurred by the Port Authority, including all interest, costs, damages and penalties, in accordance with the provisions of Section 19 hereof, and including without limitation, with

respect to each Contract, all amounts paid or to be paid to the Contractor under the terms of its Contract for, relating to or in connection with Condition Survey work to be performed under the Contract;

(5) "Contract Condition Survey Report" and "Report" shall mean the report prepared by the Contractor under its Contract after its completion of the Condition Survey work under its Contract including without limitation any and all recommendations for repair, maintenance, rebuilding and cleaning of all items or areas covered by the Condition Survey;

(6) "Report Date" shall mean the date of the Port Authority's written notice to the Lessee by which the Port Authority delivers to the Lessee the Report prepared by the Contractor after its completion of the Condition Survey under its Contract including without limitation any and all recommendations for repair, maintenance, rebuilding and cleaning of items or areas covered by the Condition Survey; as such Date is set forth in said written notice signed by the Director of the Aviation Department of the Port Authority.

(b) No earlier than sixty (60) days preceding the expiration of each period consisting of five (5) consecutive years occurring during the term of this Lease, beginning with the first such five-year period which commences on the commencement date of the letting hereunder (as set forth in Section 3 hereof), and no earlier than sixty (60) days preceding the last day of the month which constitutes the twelfth month preceding the expiration date of the term of the letting under this Agreement, so that there shall be a Condition Survey (including all or particular portions of the items described in subparagraph (a) (1) above), the Port Authority shall advise the Lessee of the proposed Condition Survey (including all or particular portions of the items described in subparagraph (a) (1) above) and of a proposed contract including the name of the proposed contractor who will perform said Condition Survey and including the proposed scope of the proposed contract (including all or portions of the items described in subparagraph (a) (1) above) and the proposed fee structure of the proposed contract. Within thirty (30) days after the Port Authority's notice to the Lessee, the Lessee shall advise the Port Authority in writing of its concurrence or objection to the proposed contract. In the event the Lessee fails to respond during the said time period said nonresponse shall be deemed a concurrence and the Port Authority shall proceed with the said contract for purposes of performing a Condition Survey (including all or particular portions of the items described in subparagraph (a)(1) above. In the event the Lessee notifies the Port Authority of its objections to the proposed contract or contractor the parties hereby agree to consult with each other in good faith to resolve such dispute. If such resolution is not reached within a reasonable period of time not to exceed thirty (30) days, then the Port Authority, if it so elects, shall make a determination as to the issue or issues in dispute. The parties

hereby agree that the Port Authority's determination of said issues, including the Contract and the Contractor shall be final.

(c) It is hereby expressly understood and agreed that the selection of each Contractor for the purposes of a Condition Survey and including the award of any contract to such contractor shall be subject to and consistent with the Port Authority's policies and practices for the selection and award of similar contracts and the Port Authority shall have as full a right to require the use of competitive bidding and award, or other basis of award, for any such contract as if the work on such contract were being performed solely for the Port Authority; and further that the Contract shall contain terms and conditions which are standard to Port Authority contracts or consistent with such standard provisions.

(d) (1) With respect to each Condition Survey, all Costs of the Condition Survey shall be shared equally between the Port Authority and the Lessee. Accordingly, the Lessee hereby agrees to pay to the Port Authority fifty percent (50%) of the Costs of the Condition Survey with respect to each Condition Survey as follows:

The Lessee shall pay to or reimburse the Port Authority for the Costs of the Condition Survey as follows: The Port Authority shall after the completion of the Condition Survey work under a Contract and if it elects, also from time to time during the course of the performance of the Condition Survey work under such Contract, submit to the Lessee a certificate or certificates setting forth the Costs of the Condition Survey at the date of each such certificate. Within thirty (30) days after the delivery of each such certificate, the Lessee shall pay to the Port Authority an amount representing fifty percent (50%) of said Costs of the Condition Survey as such amount is set forth in said certificate. Each such certificate shall specify whether the amount thereunder has theretofore been paid by the Port Authority or is due and payable to the Contractor and shall also not require payment by the Lessee of amounts previously paid by the Lessee under a prior certificate covering the same Condition Survey work. Upon its final determination of the Costs of the Condition Survey, the Port Authority shall submit to the Lessee a certificate marked "Final" setting forth the final determination of the Costs of the Condition Survey with respect to each Contract, and the Lessee shall and hereby agrees to pay to the Port Authority within thirty (30) days of such certificate an amount representing fifty percent (50%) of said Costs of the Condition Survey as such amount is set forth in said certificate; provided, however, that neither the foregoing nor any certificate delivered by the Port Authority, nor any payment made by the Lessee shall waive, affect, or impair any right of the Port Authority of review and audit with respect to the Costs of the Condition Survey and with respect to each Contract and provided, further, however, that in the event any such review or audit by the Port Authority requires an adjustment of the Costs of the Condition Survey the Lessee shall be promptly credited with or shall promptly pay to the Port Authority all amounts required by such adjustment.

(2) Any and all amounts required to be paid by the Lessee hereunder may be added to any installment of rent thereafter due hereunder and each and every part of the same shall be and become additional rent, recoverable by the Port Authority in the same manner and with like remedies as if it were part of the rent as set forth in Section 4 hereof.

(e) The Lessee hereby agrees to and shall commence within ninety (90) days after the Report Date all items and all action required or recommended to be taken as set forth in each Contract Condition Survey Report that are necessary or required to meet the Lessee's maintenance or repair or any other of its obligations, duties or responsibilities under this Agreement and the written notice of the Port Authority delivering said Report, unless the Port Authority expressly advises the Lessee to the contrary as to any particular item(s), and the Lessee shall diligently continue the same to completion; provided, however, that any and all items, action or work related to or affecting or involving fire safety, health, structural integrity, life safety, security and other emergency response systems shall be promptly commenced.

(f) The Lessee hereby agrees that the Contractor shall have all rights of entry to the premises during all reasonable times as appropriate or required to perform or complete the Condition Survey and the Report under the applicable Contract.

(g) It is expressly understood and agreed that neither the provisions hereof nor any of the rights of the Port Authority hereunder nor any of the obligations of the Port Authority hereunder, nor the obligation of the Lessee to so perform and complete such work, nor any failure of the parties to select a contractor for the purposes hereunder, nor any failure of any Contractor to perform and complete a Contract, nor any failure by the Lessee or the Port Authority to pay the Costs of the Condition Survey with respect to any Contract, or any portion thereof, shall or shall be deemed to release, waive, affect, restrict or impair any of the obligations duties, responsibilities or liabilities of the Lessee under any term, provision, covenant or condition of this Agreement nor to limit, waive, affect, restrict or impair any right or remedy of the Port Authority, or any right or rights of termination of the Port Authority with respect thereto, including but not limited to the right of the Port Authority to terminate this Agreement whether before or after the Report Date or any of the rights of the Port Authority under and as set forth in Sections 11 (d), 14, 19 and 21 hereof. Without limiting the foregoing, it is expressly understood and agreed that the Lessee shall not on the basis of the provisions of this Section postpone or delay any action, maintenance, rebuilding or repair or other item or thing required to be taken by the Lessee under any other section of this Agreement.

(h) Notwithstanding anything to the contrary, the Port Authority shall have the right, exercisable in its sole and complete discretion, to exclude from the scope of a Condition Survey with

respect to any Contract those items covered by Section 14 hereof for or during such period or periods, if any, when the Port Authority has elected to exercise its rights under Section 14 hereof to perform the Assumable Maintenance and Repair.

Section 16. Indemnity and Liability Insurance

(a) The Lessee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees and representatives, from and against (and shall reimburse the Port Authority for the Port Authority's costs and expenses including reasonable legal expenses incurred in connection with the defense of) all claims and demands of third persons including, but not limited to, claims and demands for death or personal injuries, or for property damages arising out of a breach or default of any term or provision of this Agreement by the Lessee or out of the use or occupancy of the premises by the Lessee or by others with its consent or out of any other acts or omissions of the Lessee or its officers and employees, guests, invitees and business visitors of the Lessee on the premises or arising out of the acts or omissions of the Lessee or its officers and employees elsewhere at the Airport (excepting only claims and demands arising from the sole negligence of the Port Authority); including claims and demands of the City of New York, from which the Port Authority derives its rights in the Airport, for indemnification, arising by operation of law or through agreement of the Port Authority with the said City.

(b) If so directed, the Lessee shall at its own expense defend any suit based upon any such claim or demand (even if such claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

(c) In addition to the obligations set forth in paragraph (a) of this Section and all other insurance required under this Agreement, the Lessee during the term of this Agreement in its own name as insured and including the Port Authority as an additional insured shall maintain and pay the premiums on a policy or policies of Comprehensive General Liability insurance, including premises-operations, products liability, liquor liability, completed operations, and covering bodily injury, including death, and property damage liability, broadened to include or equivalent separate policies covering aircraft liability and airport operator's liability under an airport liability policy, none of the foregoing to contain care, custody or control exclusions, and providing for coverage in the limits set forth below, and Comprehensive Automobile Liability Insurance covering owned, non-owned and hired vehicles and automatic coverage for newly acquired vehicles and providing for coverage in the limits set forth below. The said Comprehensive

General Liability insurance policy shall have a limit of not less than $100,000,000 combined single limit per occurrence for bodily injury and property damage liability. The said Comprehensive Automobile Liability insurance shall have a limit of not less than $25,000,000 combined single limit per accident for bodily injury and property damage liability. All of the said policy or policies of insurance shall also provide or contain an endorsement providing that the protections afforded the Lessee thereunder with respect to any claim or action against the Lessee by a third person shall pertain and apply with like effect with respect to any claim or action against the Lessee by the Port Authority and shall also provide or contain an endorsement providing that the protections afforded the Port Authority thereunder and with respect to any claim or action against the Port Authority by the Lessee shall be the same as the protections afforded the Lessee thereunder with respect to any claim or action against the Lessee by a third person as if the Port Authority were the named insured thereunder but such endorsement shall not limit, vary, change, or affect the protection afforded the Port Authority thereunder as an additional insured. The said policy or policies of insurance shall also provide or contain a contractual liability endorsement covering the obligations assumed by the Lessee under paragraph (a) hereof.

Notwithstanding the foregoing, it is specifically understood and agreed that the Port Authority shall have the right upon notice to the Lessee given from time to time and at any time to require the Lessee to increase any or all of the foregoing limits to reasonably commercial amounts and the Lessee shall promptly comply therewith and shall promptly submit a certificate or certificates evidencing the same to the Port Authority.

(d) Without limiting the provisions hereof, in the event the Lessee maintains the foregoing insurance in limits greater than aforesaid, the Port Authority shall be included therein as an additional insured to the full extent of all such insurance in accordance with all the terms and provisions hereof.

(e) As to the insurance required by the provisions of this Section and as to the insurance covered by the provisions of Section 2, hereof, a certified copy of the policies or a certificate or certificates or binders, evidencing the existence thereof, or binders, shall be delivered by the Lessee to the Port Authority at least thirty (30) days prior to the commencement date of the letting. Each policy, certificate or binder delivered as aforesaid shall bear the endorsement of or be accompanied by evidence of payment of the premium thereon. In the event a binder is delivered, it shall be replaced within thirty (30) days by a certified copy of the policy or a certificate. Each such copy or certificate shall contain a valid provision or endorsement that the policy may not be cancelled, terminated, changed or modified without giving thirty (30) days' written advance notice thereof to the Port Authority. Each such copy or certificate shall contain an additional endorsement providing that the insurance carrier shall not, without obtaining express advance permission from the General Counsel of the

Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority. Any renewal policy shall be delivered to the Port Authority at least thirty (30) days prior to the expiration of each expiring policy, except for any policy expiring after the date of expiration of the term of this Agreement. The aforesaid insurance shall be written by a company or companies approved by the Port Authority, the Port Authority agreeing not to withhold its approval unreasonably. If at any time any of the insurance policies shall be or become unsatisfactory to the Port Authority as to the form or substance or if any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Lessee shall promptly obtain a new and satisfactory policy in replacement, the Port Authority covenanting and agreeing not to act unreasonably hereunder. If the Port Authority at any time so requests, the Lessee shall make available to the Port Authority at a location in the Port of New York District, during normal business hours, the original or a certified copy of the entirety of each of the said policies and shall, upon request, deliver to the Port Authority a certified copy of such portions of said policies pertaining to the coverage hereunder as the Port Authority shall request.

Section 17. Signs

(a) Except with the prior written approval of the Port Authority, the Lessee shall not erect, maintain or display any signs or any advertising at or on the exterior parts of the premises or in the premises so as to be visible from outside the premises or at or on any other portion of the Airport outside the premises. Interior signs affecting public safety and security shall be in accordance with established Port Authority standards.

(b) Upon the expiration or termination of the letting, the Lessee shall remove, obliterate or paint out, as the Port Authority may direct, any and all signs and advertising on the premises or elsewhere on the Airport and in connection therewith shall restore the portion of the premises and the Airport affected by such signs or advertising to the same condition as existing prior to the installation of such signs and advertising. In the event of a failure on the part of the Lessee so to remove, obliterate or paint out each and every such sign or advertising and so to restore the premises and the Airport, the Port Authority may perform the necessary work and the Lessee shall pay the cost thereof to the Port Authority on demand.

Section 18. Obstruction Lights

The Lessee shall furnish such obstruction lights as the Port Authority shall direct, of the type and design approved by the Port Authority, and shall install said lights in the locations on the premises designated by the Port Authority and shall maintain

them in first class operating condition at all times. The Lessee shall furnish and install the bulbs and furnish the electricity necessary for the operation of said lights, and shall operate the same in accordance with the directions of the Port Authority. The Port Authority hereby directs that all said obstruction lights shall, until further notice be operated daily for a period commencing thirty (30) minutes before sunset and ending thirty (30) minutes after sunrise (as sunset and sunrise may vary from day to day throughout the year) and for such other periods as may be directed or requested by the control tower at the Airport.

Section 19. Additional Rent and Charges

If the Port Authority is required or elects to pay the sum or sums or incurs any obligations or expense by reason of the failure, neglect or refusal of the Lessee to perform or fulfill any one or more of the conditions, covenants or agreements contained in this Agreement or as a result of an act or omission of the Lessee contrary to the said conditions, covenants and agreements, the Lessee agrees to pay the sum or sums so paid or the expense so incurred including all the interest, costs, damages and penalties, and the same may be added to any installment of rent thereafter due hereunder, and each every part of the same shall be and become additional rent, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the rent as set forth in Section 4 hereof.

Section 20. Late Charges

If the Lessee should fail to pay any amount required to be paid by the Lessee under this Agreement when due to the Port Authority, including without limitation any payment of Ground Rentals, Facility Rentals or Additional Facility Rentals or other rental or other fees or any payment of utility or other charges or if any such amount is found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (but not less than thirteen) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Agreement. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority of

payment of any late charge or late charges payable under the provisions of this Section with respect to such unpaid amount. Each late charge shall be and become additional rent, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the rentals. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Agreement, including without limitation the Port Authority's rights to terminate set forth in Section 26 of this Agreement or (ii) any obligations of the Lessee under this Agreement. In the event that any late charge imposed pursuant to this Section shall exceed a legal maximum such late charges payable under this Agreement shall be payable instead at such legal maximum.

Section 21. Rights of Entry Reserved

(a) The Port Authority, by its officers, employees, agents, representatives and contractors shall have the right at all reasonable times to enter upon the premises for the purpose of inspecting the same, for observing the performance by the Lessee of its obligations under this Agreement, and for the doing of any act or thing which the Port Authority may be obligated or have the right to do under this Agreement.

(b) Without limiting the generality of the foregoing, the Port Authority, by its officers, employees, agents, representatives, and contractors, and furnishers of utilities and other services, shall have the right, for its own benefit, for the benefit of the Lessee, or for the benefit of others than the Lessee at the Airport, to maintain existing and future utility, mechanical, electrical and other systems and to enter upon the premises at all reasonable times to make such repairs, replacements or alterations as may, in the opinion of the Port Authority, be deemed necessary or advisable and, from time to time, to construct or install over, in or under the premises new systems or parts thereof, and to use the premises for access to other parts of the Airport otherwise not conveniently accessible; provided, however, that in the exercise of such rights of access, repair, alteration or new construction the Port Authority shall not unreasonably interfere with the use and occupancy of the premises by the Lessee.

(c) Further, without limiting the generality of this Section, the Port Authority, by its officers, employees, agents, representatives and contractors and furnishers of service shall have the right, for its own benefit, for the benefit of the Lessee, or for the benefit of others than the Lessee at the Airport to maintain the portions of the Distribution Portion of the Underground Fuel Distribution System, as defined in Section 81 hereof, located under or on the premises and to enter upon the premises at all times to make such repairs, replacements or alterations to the Distribution Portion of the Underground Fuel Distribution System as may, in the opinion of the Port Authority, be deemed necessary or desirable and, from time to time to construct or install over, in or under the premises additions or extensions to said Distribution Portion of the

Underground Fuel Distribution System; provided however, that in the exercise of such rights of access, repair, alteration or new construction the Port Authority shall not unreasonably interfere with the use and occupancy of the premises by the Lessee pursuant to the provisions of this Agreement.

Neither the Distribution Portion of the said Underground Fuel Distribution System nor any part thereof shall be or be deemed to be a part of the premises under the Lease.

(d) In the event that any property of the Lessee shall obstruct the access of the Port Authority, its employees, agents or contractors to any of the existing or future utility, mechanical, electrical and other systems and thus shall interfere with the inspection, maintenance or repair of any such system, the Lessee shall move such property, as directed by the Port Authority, in order that access may be had to the system or part thereof for its inspection, maintenance or repair, and, if the Lessee shall fail to so move such property after direction from the Port Authority to do so, the Port Authority may move it and the Lessee hereby agrees to pay the cost of such moving upon demand.

(e) Nothing in this Section shall or shall be construed to impose upon the Port Authority any obligations so to construct or maintain or to make repairs, replacements, alterations or additions, or shall create any liability for any failure so to do. The Lessee is and shall be in exclusive control and possession of the premises and the Port Authority shall not in any event be liable for any injury or damage to any property or to any person happening on or about the premises nor for any injury or damage to the premises or to any property of the Lessee or of any other person located in or thereon (other than those occasioned by the affirmative acts of the Port Authority, its employees, agents and representatives).

(f) At any time and from time to time during ordinary business hours within the six (6) months next preceding the expiration of the letting, the Port Authority, for and by its agents and employees, whether or not accompanied by prospective lessees, occupiers or users of the premises, shall have the right to enter thereon for the purpose of exhibiting and viewing all parts of the same, and during such six month period the Port Authority may place and maintain on the premises the usual "To Let" signs, which signs the Lessee shall permit to remain without molestation.

(g) If, during the last month of the letting, the Lessee shall have removed all or substantially all its property from the premises, the Port Authority may immediately enter and alter, renovate and redecorate the premises.

(h) The exercise of any or all of the foregoing rights by the Port Authority or others shall not be or be construed to be an eviction of the Lessee and shall not be made the grounds for any abatement of rental nor (unless resulting from affirmative acts of

the Port Authority, its employees, agents and representatives) any claim or demand for damages, consequential or otherwise.

Section 22. Condemnation

(a) Definitions

As used in this Section the phrase, "temporary interest," when used with reference to real property, shall mean an interest in such real property entitling the owner of such interest to the possession of such property (whether or not such interest includes or is coextensive with an interest of the Lessee therein under this Agreement), for an indefinite term or for a term terminable at will or at sufferance or for a term measured by a war or an emergency or other contingency or for a fixed term expiring prior to the expiration date of this Lease; and the phrase "permanent interest", when used with reference to real property, shall mean an interest in such real property entitling the owner of such interest to possession thereof, other than a temporary interest as above defined, including among others a fee simple and an interest for a term of years expiring on or after the expiration date of this Agreement.

As used in this Section with reference to any premises or facilities leased to the Lessee for its exclusive use or with reference to the Public Landing Area, the phrase "a material part" shall mean such a part of the said premises or said Public Landing Area that the Lessee cannot continue to carry on its normal operations at the Airport without using such part.

(b) Condemnation or Taking of a Permanent Interest in All or any part of the premises or All or a Material Part of the Public Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by any body having a superior power of eminent domain of a permanent interest in all or any part of the premises or of a permanent interest in all or a material part of the Public Landing Area (any such acquisition under this Section 22 hereinafter referred to as a "taking"), the Port Authority shall purchase from the Lessee, and the Lessee shall sell to the Port Authority, the Lessee's leasehold interest (excluding any personal property whatsoever) in the premises except that in the event of a taking of less than all of the said premises, the Port Authority shall purchase and the Lessee shall sell only so much of the Lessee's leasehold interest in the premises as are taken. The sole and entire consideration to be paid by the Port Authority to the Lessee shall be an amount equal to the Unamortized Phase I Capital Investment and Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in the premises or, in the event of a taking of less than all of the said premises, an amount equal to the Unamortized Phase I Capital Investment and Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in so much of the premises as are

taken. However, the Port Authority shall purchase and the Lessee shall sell only if the consideration paid by the Port Authority therefor will constitute "unamortized Port Authority funds other than bond proceeds or Federal or State grants expended for capital improvements at the municipal air terminals," within the meaning of said phrase as used in Section 23, I, D of the Basic Lease or if an amount not less than such consideration can otherwise be retained by the Port Authority (and not be required to be paid to the City of New York) out of the damages or award in respect to such taking without violation of any obligation of the Port Authority to the City of New York under the Basic Lease. Such purchase and sale shall take effect as of the date upon which such body having superior power of eminent domain obtains possession of any such permanent interest in the demised premises or in the Public Landing Area, as the case may be, and in that event, the Lessee (except with respect to its personal property), shall not have any claim or right to claim or be entitled to any portion of the amount which may be awarded as damages or paid as a result of such taking, and all rights to damages, if any, of the Lessee (except for damages to its personal property) by reason thereof are hereby assigned to the Port Authority.

If however, the amount to be paid by the Port Authority (the Unamortized Phase I Capital Investment and the Unamortized Phase II Capital Investment, as defined in Section 81 hereof, if any, of the Lessee in the premises) for such leasehold interest will not constitute "unamortized Port Authority funds other than bond proceeds or Federal or State grants, expended for capital improvements at the municipal air terminals," within the meaning of said phrase as used in Section 23, I, D of the Basic Lease or if an amount not less than such consideration cannot otherwise be retained by the Port Authority (and not be required to be paid to the City of New York) out of the damages or award in respect to such taking without violation of any obligation of the Port Authority to the City of New York under the Basic Lease, then the aforesaid agreement to purchase and sell said leasehold interest shall be null and void; and in any such event, the Lessee shall have the right to appear and file its claim for damages in the condemnation or eminent domain proceedings, to participate in any and all hearings, trials and appeals therein, and to receive such amount as it may lawfully be entitled to receive as damages or payment as a result of such taking, because of its leasehold interest in the premises, up to but not in excess of an amount equal to the Unamortized Phase I Capital Investment and the Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in the premises. The Port Authority and the Lessee hereby agree that as full and final settlement of any sum that may be due as rent or otherwise for the balance of the term of this Lease, the Lessee will pay to the Port Authority the excess, if any, which the Lessee may be entitled to receive over the foregoing sum. If there be no excess, any sum that may be due as rent or otherwise for the balance of the term of this Lease shall abate.

In the event of the taking of all of the premises and if the Lessee has no Unamortized Phase I Capital Investment or Unamortized Phase II Capital Investment (as defined in Section 81 hereof) in the premises at the time of the taking, then the aforesaid agreement to purchase and sell said leasehold interest shall be null and void; and in that event, this Lease and all rights granted by this Lease to the Lessee to use or occupy the premises for its exclusive use or for its use in common with others at the Airport and all rights, privileges, duties and obligations of the parties in connection therewith or arising thereunder shall terminate as of the date of the taking, and in that event, the Lessee (except with respect to its personal property) shall not have any claim or right to claim or be entitled or paid as a result of such taking, and all rights to damages, if any, of the Lessee (except for damages to its personal property) by reason thereof are hereby assigned to the Port Authority.

In the event that the taking covers only a material part of the premises, then the Lessee and the Port Authority shall each have an option exercisable by notice given within thirty (30) days after the effective date of such taking to terminate the letting hereunder with respect to the premises not taken, as of the date of such taking and such termination shall be effective as if the date of such taking were the original date of expiration hereof. If the Port Authority exercises this option, it shall purchase from the Lessee the Lessee's leasehold interest (excluding any personal property whatsoever) in the premises not taken for a consideration equal to the Unamortized Phase I Capital Investment and the Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in the premises not taken. If the letting of the entire premises is not terminated, the settlement or abatement of rentals after the date possession is taken by the body having a superior power of eminent domain shall be in accordance with Section 4 hereof.

(c) Condemnation or Taking of a Permanent Interest in Less Than a Material Part of the Public Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by a body having a superior power of eminent domain of a permanent interest in less than a material part of the Public Landing Area, the Port Authority and the Lessee each shall have the right to appear and file claims for damages, to the extent of their respective interests, in the condemnation or eminent domain proceedings, to participate in any and all hearings, trials and appeals therein, and receive and retain such amount as they may lawfully be entitled to receive as damages or payment as a result of such taking. However, if at the time of such taking the Lessee has no Unamortized Phase I Capital Investment or Unamortized Phase II Capital Investment (as defined in Section 81 hereof) in the premises, in that event, the Lessee (except with respect to its personal property) shall not have any claim or right to claim or be entitled to any portion of the amount which may be awarded as

damages or paid as a result of such taking, and all rights to damages, if any, of the Lessee (except for damages to its personal property) by reason thereof are hereby assigned to the Port Authority.

(d) Condemnation or Taking of a Temporary Interest in All or Any Part of the Premises or All or a Material Part of the Public Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by a body having a superior power of eminent domain of a temporary interest in all or any part of the premises or of a temporary interest in all or a material part of the Public Landing Area, there shall be no abatement of any rental payable by the Lessee to the Port Authority under the provisions of the Agreement but the Lessee shall have the right to claim and in the event of an award thereof shall be entitled to retain the amount which may be awarded as damages or paid as a result of the condemnation or other taking of such temporary interest, provided, that the Lessee shall be obligated to pay over to the Port Authority all such payments as may be made to the Lessee as damages or in satisfaction of such claim, after deduction of (a) reasonable expenses incurred by the Lessee in the prosecution of such claim; (b) an amount equal to the Unamortized Phase I Capital Investment and the Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in the premises, or in the event of a taking of less than all of the said premises, an amount equal to such Unamortized Phase I Capital Investment and Unamortized Phase II Capital Investment in the premises as are taken, to the extent in either case that the same is to be amortized over the period of the taking; and (c) the then present capitalized value of the Lessee's obligation for rentals thereafter payable during the period of the taking in respect to the demised premises, or, in the event of a taking of less than all of the said premises, in respect to the premises so taken.

In the event that the taking covers a material part but less than all of the premises, then the Lessee and the Port Authority shall each have an option, exercisable by notice given within thirty (30) days after the effective date of such taking, to suspend the term of the letting of such of the premises as are not so taken during the period of the taking, and, in that event, the rentals for such premises shall abate for the period of the suspension. If the Port Authority exercises the option, it shall purchase from the Lessee the Lessee's leasehold interest (excluding any personal property whatsoever) in the premises not taken for the period of suspension for a consideration equal to the Unamortized Phase I Capital Investment and Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in such premises which is to be amortized over the period of such suspension.

(e) Condemnation or Taking of a Temporary Interest in Less Than a Material Part of the Public

Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by a body having a superior power of eminent domain of a temporary interest in less than a material part of the Public Landing Area, the Lessee shall not have any claim or right to claim or be entitled to any portion of the amount which may be awarded as damages or paid as a result of such condemnation or taking, and all rights to damages, if any, of the Lessee, including consequential damages, by reason of such condemnation or taking, are hereby assigned to the Port Authority.

Section 23. Right of Termination/Security Deposit Requirements - Securities Ownership

(a) The occurrence of the events in either subparagraph (i) or (ii) of this paragraph shall be and shall be deemed an event of termination (hereinafter a "Change in Control Termination Right Event") under Section 26 of the Lease, and upon the occurrence of any such Change in Control Termination Right Event or at any time thereafter during the continuance thereof (subject to paragraph (h) below) the Port Authority shall have the right to terminate the Lease and the letting hereunder pursuant to the provisions of said Section 26, provided, however, that the provisions of Section 30 hereof shall not apply to such termination (except that this proviso shall not be deemed to release or relieve the Lessee from any of its obligations arising or accruing on or prior to such termination):

(i) After the effective date of this Agreement, any individual, corporation, partnership or other entity (but excluding a Holding Company, as defined in subparagraph (f) below, any Subsidiary or any employee benefit plan sponsored or maintained by any such Holding Company, the Lessee or any Subsidiary, including any trustee of such plan acting as trustee of such plan or other person or entity organized, appointed or established to act as fiduciary for such plan pursuant to the terms of such plan and also excluding a beneficial owner who qualifies to file, and has properly and lawfully filed, a schedule 13G pursuant to and under Rule 13d-1(b)(1) of the Exchange Act (a "Schedule 13G owner") so long as such person continues to qualify under the Exchange Act as a Schedule 13G owner), shall become, directly or indirectly, a beneficial owner (as described below) of more than 50% of the outstanding Voting Securities of the Lessee (hereinafter a "Change in Control Event") which shall result in a detectible decrease in the amount of, and a change in, the nature of the Lessee's scheduled passenger aircraft operations at the Airport; unless the Port Authority shall have given its prior written consent thereto;

(ii) After the effective date of this Agreement, a Holding Company or a Subsidiary shall become the beneficial owner of more than 50% of the outstanding Voting Securities of the Lessee (hereinafter also a "Change in Control Event"), which has the effect of causing this Lease to become the only asset or

a significantly greater portion of the assets of the Lessee than immediately prior to such Change in Control Event; unless the Port Authority shall have given its prior written consent thereto.

(b) The foregoing rights of termination shall be in addition to all other rights of termination the Port Authority has under this Agreement and the failure of the Port Authority to exercise any right of termination under this Section at any time in which it may have such right shall, subject to paragraph (h) below, not affect, waive or limit its right to exercise said right of termination at any subsequent time.

(c) (1) The Lessee represents and warrants to the Port Authority, knowing that the Port Authority is relying on the accuracy of such representations and warranties, that, as of March 31, 1994, it is a corporation organized and existing under the laws of the State of Delaware, and has issued and has outstanding or reserved 87,167,156 Voting Securities which constitute all of its outstanding Voting Securities.

(d) The phrase "beneficial owner" shall have the meaning as defined in Rule 13d-3 of the Securities Exchange Act of 1934, as amended from time to time (herein sometimes referred to as the "Exchange Act").

(e) The term "Voting Security" or "Voting Securities" shall include any stock (other than the Lessee's treasury stock held, owned and controlled by the Lessee), bond or other obligation of a corporation the holder of which has any voting rights including but not limited to the right to vote for the election of members of the board of directors of said corporation and shall include any security convertible into a voting security and any right, option or warrant to purchase a voting security.

(f) For purposes of this Section 23, "Holding Company" shall mean a corporation or other entity properly formed under law of any State or territory of the United States or of the District of Columbia for the lawful purpose of beneficially owning more than 50% of the outstanding Voting Securities of the Lessee if the stockholders of the Lessee immediately prior to such transaction obtain substantially the same proportionate ownership interests in such corporation or other entity immediately after such transaction as they had in the Lessee immediately prior to such transaction.

(g) "Subsidiary" shall mean any corporation (other than a Holding Company, or if none exists, the Lessee) in an unbroken chain of corporations beginning with a Holding Company, or if none exists, the Lessee, if each of the corporations (other than the last corporation in the unbroken chain) owns 50% or more of the total outstanding voting securities in one of the other corporations in the chain.

(h) (1) The Lessee hereby expressly covenants, agrees, represents and warrants to the Port Authority that the Lessee, to enable the Port Authority to exercise its rights under this Section 23, shall act in good faith and shall, within sixty (60) days after occurrence of a Change in Control Event under subparagraphs (a)(i) or (ii) above, provide to the Port Authority all information, documentation and materials, including without limitation, any and all filings with the United States Securities Exchange Commission, necessary or appropriate, or as may be reasonably requested by the Port Authority that are necessary or appropriate for the Port Authority to exercise its right(s) of termination, should it so elect, within the time period specified in subparagraph (3) below of this subparagraph (h). Notwithstanding the foregoing, the Lessee shall have no obligation to provide to the Port Authority any privileged or confidential information, documentation or materials that have not been provided to all of the Lessee's major creditors, except if and to the extent such information is already in or becomes part of the public domain.

(2) Without limiting the foregoing, the Lessee further covenants, agrees, represents and warrants to the Port Authority that the Lessee shall within thirty (30) days after the occurrence of a Change in Control Event, give the Port Authority written notice thereof.

(3) In the event, and upon and subject to the condition, that the Lessee shall have fully complied with subparagraphs (h)(1) and (2) above, the right of termination provided hereunder to the Port Authority with respect to any Change in Control Termination Right Event shall obtain and extend for a period of no longer than one year from the date of the related Change in Control Event; provided, however, that said time limitation shall not apply where the Lessee has, for any reason whatsoever, failed or refused to provide the information and other matters described in subparagraph (1) above or the written notice required under subparagraph (2) above.

(i) The above provisions of this Section 23 shall not limit the Lessee's limited right of assignment provided in paragraph (a) of Section 25 hereof and said limited right of assignment under Section 25(a) exercised in accordance therewith and subject thereto shall not be deemed an event of termination under this Section 23.

(h) (1) For purposes of this Section 23 the term "Section 23 Security Deposit Requirement Event" shall mean:

After the effective date of this Agreement, any individual, corporation, partnership or other entity (but excluding a Holding Company as defined above, any Subsidiary or any employee benefit plan sponsored or maintained by any such Holding Company, the Lessee or any Subsidiary including any trustee of such plan acting as trustee of such plan or other person or entity organized, appointed or established to act as fiduciary for such plan pursuant to the terms of such plans and

also excluding a beneficial owner who qualifies to file, and has properly and lawfully filed, a schedule 13G pursuant to and under Rule 13d-1(b)(1) of the Exchange Act (a "Schedule 13G owner") so long as such person continues to qualify under the Exchange Act as a Schedule 13G owner), shall become, directly or indirectly, a beneficial owner (as described above) of 25% or more of the outstanding Voting Securities of the Lessee.

(2) Upon any occurrence (and as to each such occurrence) of a Section 23 Security Deposit Requirement Event, the following provisions shall automatically, and without any further notice from or action by the Port Authority, become operative and in full force and effect and the Lessee shall and hereby agrees to fully comply thereunder:

"Section 23A. Security Deposit

(a) Upon any occurrence of a Section 23 Security Deposit Requirement Event as defined in Section 23 hereof, the Lessee shall deposit with the Port Authority (and shall keep deposited throughout the term of this Lease) either the sum equivalent to a total of one month's installment of all rentals then payable under Section 4 hereof in cash, or bonds of the United States of America, or of The Port Authority of New York and New Jersey, or of the States of New York or New Jersey having a market value of that amount, as security for the full, faithful and prompt performance of and compliance with, on the part of the Lessee, all of the provisions, terms and conditions of this Lease on its part to be fulfilled, kept, performed or observed. Bonds qualifying for deposit hereunder shall be in bearer form but if bonds of that issue were offered only in registered form, then the Lessee may deposit such bond or bonds in registered form, provided, however, that the Port Authority shall be under no obligation to accept such deposit of a bond in registered form unless such bond has been re-registered in the name of the Port Authority (the expense of such re-registration to be borne by the Lessee) in a manner satisfactory to the Port Authority. The Lessee may request the Port Authority to accept a registered bond in the Lessee's name and if acceptable to the Port Authority the Lessee shall deposit such bond together with a bond power (and such other instruments or other documents as the Port Authority may require) in form and substance satisfactory to the Port Authority. In the event the deposit is returned to the Lessee, any expenses incurred by the Port Authority in re-registering a bond to the name of the Lessee shall be borne by the Lessee. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice to use the said deposit or any part thereof in whole or partial satisfaction of any of its claims or demands against the Lessee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of the deposit itself shall cure any default or breach of this Agreement on the part of the Lessee.

In the event that the Port Authority shall at any time or times so use the deposit, or any part thereof, or if bonds shall have been deposited and the market value thereof shall have declined below the above-mentioned amount, the Lessee shall on demand of the Port Authority and within two (2) days thereafter, deposit with the Port Authority additional cash or bonds so as to maintain the deposit at all times to the full amount above stated, and such additional deposits shall be subject to all the conditions of this Section 23A. After the expiration or earlier termination of the letting under this Agreement (or any extension thereof) and upon condition that the Lessee shall then be in no wise in default under any part of this Agreement, and upon written request therefor by the Lessee, the Port Authority will return the said deposit to the Lessee less the amount of any and all unpaid claims and demands (including estimated damages) of the Port Authority by reason of any default or breach by the Lessee of this Agreement or any part thereof. The Lessee agrees that it will not assign or encumber the said deposit and any such assignment or encumbrance shall be void as to the Port Authority. The Lessee may collect or receive annually any interest or income earned on bonds and interest paid on cash deposited in interest-bearing bank accounts less any part thereof or amount which the Port Authority is or may hereafter be entitled or authorized by law to retain or to charge in connection therewith, whether as or in lieu of an administrative expense or custodial charge, or otherwise, provided, however, that the Port Authority shall not be obligated by this provision to place or to keep cash deposited hereunder in interest-bearing bank accounts. Without limiting the foregoing provisions of this Section 23A with respect to any bonds deposited by the Lessee, the Port Authority shall have the right, in order to satisfy any of its claims or demands against the Lessee, to sell the same in whole or in part, at any time and from time to time, with or without prior notice, at public or private sale, all as determined by the Port Authority together with the right to purchase the same at such sale free of any claims, equities or rights of redemption of the Lessee. The Lessee hereby waives any right to participate therein or any right to prior notice or demand of the amount or amounts of the Port Authority's claims or demands against the Lessee. The proceeds of any such sale shall be applied by the Port Authority first to the costs and expenses of the sale (including but not limited to any advertising or commission expenses) and then to the amounts due the Port Authority from the Lessee. Any balance remaining shall be retained in cash toward bringing the security deposit to the sum specified above provided that this shall not relieve the Lessee from maintaining the deposit in the full amount stated above.

(b) In satisfaction of the security deposit required by this Section 23A, the Lessee may, at its option, cause to be delivered to the Port Authority as security for the full, faithful and prompt performance of and compliance with, on the part of the Lessee, all of the provisions, terms and conditions

of this Agreement of Lease on its part to be fulfilled, kept, performed or observed, a clean, irrevocable letter of credit issued to and in favor of the Port Authority, by a banking institution having its main office within the Port of New York District and acceptable to the Port Authority, payable in the Port of New York District, in the amount of the sum equivalent to the total of one month's installment of all rentals then payable under Section 4 hereof and in such form and content which shall have been approved in advance by the Port Authority, and which letter of credit (which may be periodically renewable) shall ultimately expire no later than a date six months after the expiration, termination or revocation of this Agreement. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice to draw upon the said letter of credit or any part thereof in whole or partial satisfaction of any of its claims or demands against the Lessee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of a letter of credit shall cure any default or breach of this Agreement on the part of the Lessee. If requested by the Port Authority, the said letter of credit shall be accompanied by a letter expressing the opinion of counsel for the banking institution that the issuance of the said clean, irrevocable letter of credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law. If at any time and from time to time during the term of this Agreement, including any extension, a payment is made to the Port Authority under any letter of credit running in its favor as provided in this Section 23A, the Lessee shall cause to be delivered to the Port Authority on demand from time to time and at any time made, cash or an additional clean, irrevocable letter of credit satisfactory to and issued in favor of the Port Authority by a banking institution satisfactory to the Port Authority, the form and content of which letter of credit shall have been approved by the Port Authority and which, if required by the Port Authority, shall be accompanied by an opinion of counsel as aforesaid and in such an amount so that at all times during the term of this Agreement, the Port Authority shall have clean, irrevocable letters of credit or cash adding up to a total amount of the sum equivalent to the total of one month's installment of all rentals then payable under Section 4 hereof. If at any time any bank shall fail to make payment to the Port Authority in accordance with any letter of credit issued by any such bank in favor of the Port Authority as herein provided, the Lessee shall cause to be delivered to the Port Authority, on demand, cash or another clean, irrevocable letter of credit satisfactory to the Port Authority and issued by another banking institution in favor of the Port Authority and satisfactory to it, the form and content of which letter of credit shall have been approved by the Port Authority and which, if requested by the Port Authority, shall be accompanied by an opinion of counsel as aforesaid, in an amount equal to the amount of the original letter of credit. Notwithstanding

anything hereinabove provided, any failure of any banking institution issuing a letter of credit in favor of the Port Authority to make payments as provided in the said letter of credit shall, after failure of the Lessee to make such payment upon demand therefor by the Port Authority, be and be deemed a breach of this Agreement by the Lessee. No action by the Port Authority pursuant to the terms of any letter of credit, or receipt by the Port Authority of funds from any bank issuing any such letter of credit, shall be or be deemed to be a waiver of any default by the Lessee under the terms of this Agreement and all remedies of this Agreement and of the Port Authority consequent upon such default shall not be affected by the existence of a recourse to any such letter of credit. In the event more than one form of security shall be available to the Port Authority hereunder, use, in accordance with this Section 23A, of either cash or other security deposited by the Lessee or a letter or letters of credit delivered to the Port Authority hereunder in lieu thereof shall be at the sole and complete discretion of the Port Authority.

(c) For purposes of this Section, the Lessee hereby certifies to the Port Authority that its Federal Employer tax identification number is 58-0218548."

Section 24. Trust Indenture

In the event that the Port Authority is of the opinion that it is advisable due to statutory changes (occurring after the execution of this Agreement) in the laws of the United States of America regarding bankruptcy and insolvency, which changes materially lessen or limit the rights or remedies of a landlord should a tenant under a lease of non-residential real property become a debtor pursuant to the aforesaid laws, (such changes being hereinafter called "Adverse Changes in Landlord Rights"), the Port Authority and the Lessee agree that this Agreement, as the same may have been theretofore amended or supplemented and as then amended by a Supplement to be prepared by the Port Authority and executed promptly by the Lessee and the Trust (described below) and delivered to the Port Authority for its prompt execution, shall be assigned to a Trust, created as provided herein. The Trust shall be created by a Trust Indenture to be prepared by the Port Authority and executed by the Port Authority and the Lessee. The Port Authority and the Lessee hereby agree to each act in good faith with respect to mutually agreeing upon the terms and conditions of said Trust Indenture, said Supplement, any Supplemental Agreement referred to hereinbelow and the Sublease referred to hereinbelow in order to carry out the intent of this provision. The Trust would be under the voting control of the trustee designated by the Lessee, unless and until Triggering Events, as defined in Exhibit X occurred, in which event voting control would shift to the trustee designated by the Port Authority. The occurrence of such Triggering Events would be as certified by the independent trustee jointly designated by the Port Authority and the Lessee. The Port Authority agrees that it will simultaneously with the assignment of this Agreement, as the

same may have been theretofore amended or supplemented, to the Trust, consent to the Trust entering into a sublease with the Trust as landlord and the Lessee, as sublessee, provided however that such sublease shall be a month-to-month periodical tenancy terminable in accordance with law on the basis of the nature of said month-to-month periodical tenancy by the Lessee, sublessee, or the trustee for the Trust, as landlord, and the Trust Indenture shall provide for the same. If four consecutive calendar quarters shall elapse after voting control of the Trust shifted to the trustee designated by the Port Authority and (i) the Trustee designated by the Port Authority shall not have, by notice, advised the Lessee that it may no longer occupy the premises as a month-to-month periodical tenant pursuant to the aforesaid sublease and the Lessee in fact is so occupying and (ii) none of the aforesaid Triggering Events shall have occurred within said four consecutive calendar quarters or continued to occur or shall have again occurred, the Port Authority will, at the request of the Lessee prepare a Supplemental Agreement to be executed by the Trust and the Lessee promptly, and delivered to the Port Authority for its prompt execution reassigning this Agreement to the Lessee. If the Trust becomes the assignee of this agreement as provided above, and there are further changes in Landlord Rights such that the rights and remedies of a landlord, as aforesaid, are restored, the Port Authority shall prepare and tender to the Lessee and the Trust a Supplemental Agreement to be executed and delivered by each of them promptly and returned to the Port Authority for its prompt execution, reassigning this Agreement, as the same may have been theretofore amended or supplemented, to the Lessee.

Section 25. Assignment and Sublease

(a) The Lessee covenants and agrees that it will not sell, convey, transfer, mortgage, pledge or assign this Agreement or any part thereof, or any rights created thereby or the letting thereunder or any part thereof without the prior written consent of the Port Authority; provided, however, that this Agreement may be assigned in its entirety without such consent to any successor in interest of the Lessee which is or is to be a Scheduled Aircraft Operator, and with or into which the Lessee may merge or consolidate, or which may succeed to the assets of the Lessee or the major portion of its assets related to its air transportation system, but in any such event, such assignment shall not take effect before the assignee is actually engaged in the business of scheduled transportation by aircraft; provided, further, that such successor entity or purchaser executes and delivers to the Port Authority an instrument in a form satisfactory to the Port Authority assuming the obligations of the Lessee as if it were the original tenant hereunder.

(b) The Lessee shall not sublet the premises or any part thereof, without the prior written consent of the Port Authority; provided, however, that if any of the events set forth in Section 49 (a)(1) hereof shall occur, the Lessee may sublet the entire premises or assign this Agreement, with the consent of the Port Authority

thereto not to be unreasonably withheld if the sublessee or assignee is a Scheduled Aircraft Operator.

(c) If without the prior written consent of the Port Authority, the Lessee assigns, sells, conveys, transfers, mortgages, pledges or sublets in violation of paragraph (a) or (b) of this Section or if the premises are occupied by anybody other than the Lessee, the Port Authority may collect rent from any assignee, sublessee or anyone who claims a right under this Agreement or letting or who occupies the premises, and the Port Authority shall apply the net amount collected to the rental herein reserved; but no such collection shall be deemed a waiver by the Port Authority of the covenants contained in paragraph (a) and (b) of this Section or an acceptance by the Port Authority of any such assignee, sublessee, claimant or occupant as Lessee, nor a release of the Lessee by the Port Authority from the further performance by the Lessee of the covenants contained herein.

(d) Any consent granted by the Port Authority pursuant to the provisions hereof shall not be construed or deemed to release, relieve or discharge any succeeding assignee, successor or transferee of the Lessee or any other person claiming any right, title or interest in this Agreement from the requirement of obtaining the prior written consent of the Port Authority in the event it wishes to sell, convey, transfer, mortgage, pledge, sublet or assign this Agreement or any part thereof, or any rights created thereby or the letting hereunder or any part thereof; and such assignee, successor or transferee or other person claiming any right, title or interest in this Agreement shall not sell, convey, transfer, mortgage, pledge, sublet or assign this Agreement or any part thereof, or any rights created thereby or the letting thereunder or any part thereof without such prior written consent of the Port Authority.

(e) The Lessee shall not use or permit any person to use the premises or any portion thereof for any purpose other than the purposes stated in Section 5 hereof. Except as provided in this Agreement or otherwise permitted in writing by the Port Authority, the Lessee shall not permit the premises to be used or occupied by any person other than its own officers, employees, passengers, contractors and representatives.

(f) The Port Authority shall not assign or otherwise transfer this Lease or any of its rights hereunder (i) to any private person unless such private person at the time of such assignment or transfer assumes the obligations of the Port Authority under this Lease; or (ii) to the City of New York unless the City of New York at the time of such assignment or transfer assumes the obligations of the Port Authority under this Lease.

Section 26. Termination by the Port Authority

(a) If any one or more of the following events shall occur, that is to say:

(1) The Lessee shall become insolvent or shall take the benefit of any present or future insolvency statute, or shall make a general assignment for the benefit of creditors, or file a voluntary petition in bankruptcy or a petition or answer seeking an arrangement or its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any other law or statute of the United States or of any state thereof, or consent to the appointment of a receiver, trustee, or liquidator of all or substantially all of its property; or

(2) By order or decree of a court the Lessee shall be adjudged a bankrupt or an order shall be made approving a petition filed by any of its creditors, seeking its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any law or statute of the United States or of any state thereof provided that if any such judgment or order is stayed or vacated within sixty (60) days after the entry thereof, any notice of termination shall be and become null, void and of no effect; or

(3) By or pursuant to, or under authority of any legislative act, resolution or rule, or any order or decree of any court or governmental board, agency or officer having jurisdiction, a receiver, trustee, or liquidator shall take possession or control of all or substantially all of the property of the Lessee, and such possession or control shall continue in effect for a period of sixty (60) days; or

(4) The Lessee shall voluntary abandon, desert or vacate the premises or discontinue its operations at the premises, or after exhausting or abandoning any right of further appeal, the Lessee shall be prevented for a period of thirty (30) days by action of any governmental agency other than the Port Authority having jurisdiction thereof, from conducting its operations at the Airport, regardless of the fault of the Lessee; or

(5) Any lien is filed against the premises because of any act or omission of the Lessee and shall not be removed, discharged or bonded within thirty (30) days after the Lessee has received notice thereof; or

(6) Except as otherwise provided in Section 24 or paragraph (a) of Section 25 hereof, the letting hereunder or the interest or estate of the Lessee under this Agreement shall be transferred directly by the Lessee or shall pass to or devolve upon, by operation of law or otherwise, any other person, firm or corporation; or

(7) A petition under any part of the federal bankruptcy laws or an action under any present or future insolvency law or statute shall be filed against the Lessee and shall not be dismissed within sixty (60) days after the filing thereof; or

(8) Except as otherwise provided in paragraph (a) of Section 25 hereof, the Lessee, if a corporation, shall, without the prior written approval of the Port Authority, become possessor or merged corporation in a merger, a constituent corporation in a consolidation, or a corporation in dissolution; or

(9) The Lessee shall fail duly and punctually to pay the rentals or fees or to make any other payment required hereunder when due to the Port Authority and shall continue in its failure to pay rentals or fees or to make any other payment required hereunder for a period of twenty (20) days after receipt of written notice by it from the Port Authority to make such payment; or

(10) The Lessee shall fail to keep, perform and observe each and every other promise, covenant and agreement set forth in this Agreement on its part to be kept, performed, or observed, within thirty (30) days after receipt of notice of default thereunder from the Port Authority (except where fulfillment of its obligation requires activity over a period of time, and the Lessee shall have commenced to perform whatever may be required for fulfillment within thirty (30) days after receipt of written notice and continues such performance without interruption except for causes beyond its control);

then upon the occurrence of any such event or at any time thereafter during the continuance thereof, the Port Authority may upon twenty (20) days' notice terminate the rights of the Lessee hereunder and the letting, such termination to be effective upon the date specified in such notice. Such right of termination and the exercise thereof shall be and operate as a conditional limitation.

(b) No acceptance by the Port Authority of rentals, fees, charges or other payments in whole or in part for any period or periods after a default of any of the terms, covenants and conditions hereof to be performed, kept or observed by the Lessee shall be deemed a waiver of any right on the part of the Port Authority to terminate the letting.

(c) No waiver by the Port Authority of any default on the part of the Lessee in performance of any of the terms, covenants or conditions hereof to be performed, kept or observed by the Lessee shall be or be construed to be a waiver by the Port Authority of any other or subsequent default in performance of any of the said terms, covenants and conditions.

(d) The rights of termination described above shall be in addition to any other rights of termination provided in this Agreement and in addition to any rights and remedies that the Port Authority would have at law or in equity consequent upon any breach of this Agreement by the Lessee, and the exercise by the Port Authority of any right of termination shall be without prejudice to any other such rights and remedies.

Section 27. Additional Rights of the Port Authority to Direct the Use of Portions of the Premises by Other Scheduled Airlines

(a) It is hereby agreed that for the purpose of this Section 27 the term "the Lessee's Commencement Basic Schedules" shall be and mean a "revenue seats daily average" (as said term is defined in paragraph (e) hereof) for the premises of (2.a.)

(b) Commencing with calendar year 1994 and for each and every calendar year thereafter, the Port Authority may ascertain the revenue seats daily average of the Lessee for the Airport for the preceding calendar year in accordance with the provisions of paragraph (e) hereof, which revenue seats daily average shall be the Lessee's Basic Schedules for the preceding calendar year and shall be referred to as such. Thus, for example, in the case of the first calculation which would be based on the calendar year 1993 experience, said revenue seats daily average for the premises shall be called the "Lessee's Basic Schedules for 1993".

(c) Without limiting or affecting the provisions of Section 25 hereof, as of January 1, 1994 and as of January 1 of each succeeding calendar year (i) in the event that the Lessee's Basic Schedules for the immediately preceding calendar year for the Airport are less than (2.a.) of the Lessee's Commencement Basic Schedules or (ii) in the event that because of reasons beyond the control of the Lessee the Lessee's Basic Schedules for the immediately preceding two calendar years are less than (2.a.) of the Lessee's Commencement Basic Schedules, then in either of such events and without limiting each and every other right the Port Authority has under this Agreement or otherwise, the Port Authority shall have the right, upon six (6) months' written notice to the Lessee, to require the Lessee and the Lessee hereby agrees to make available accommodations (as hereinafter defined) at the premises as directed by the Port Authority in the amount and to the extent set forth in paragraph (f) hereof to Scheduled Aircraft Operators (as said term is defined in Section 81 hereof) and also including Scheduled Commuter Aircraft Operators selected by the Lessee (hereinafter in this Section 27 collectively called "the Scheduled Aircraft Operators"). The Lessee shall make such accommodations available from time to time during the entire period commencing on the effective date set forth in the aforesaid notice and ending on the earlier of: (i) when the Lessee's Basic Schedules for a calendar year, determined in accordance with the foregoing shall have been (2.a.)) or more of the Lessee's Commencement Basic Schedules or (ii) sixty (60) days in advance of the effective date of any published flight schedules that will result in the Lessee's Basic Schedules on the effective date of said published flight schedules equalling or exceeding (2.a.) of the Lessee's Commencement Basic Schedules (hereinafter called "a period of underutilization"). The term "accommodations" as used in this Section 27 shall mean aircraft ramp and gate position capacity and related passenger terminal facilities including, but not limited to passenger ticketing, passenger check-

in, baggage handling and flight information systems, passenger lounge and waiting areas and appropriate signage and public identification. Such accommodations may be accomplished by the Lessee by making available and providing non-exclusive use of gate positions and other related facilities to Scheduled Aircraft Operators pursuant to handling agreements (as defined in Section 81 hereof) between the Lessee and any such Scheduled Aircraft Operator (hereinafter called "the Handled Airline"). Each such handling agreement shall be subject to the prior and continuing approval of the Port Authority and the execution among the Port Authority, the Lessee, and the Handled Airline of a form of consent agreement prepared by the Port Authority. Moreover, and without limiting the foregoing, the Lessee will at all times keep the Port Authority informed and advised and will consult with the Port Authority from time to time as to all aspects of its accommodation of Scheduled Aircraft Operators hereunder.

It is understood furthermore that the accommodation contemplated hereunder may involve the use of subleases of exclusive areas of the premises in addition to or in lieu of handling agreements. Any sublease with a Scheduled Aircraft Operator (hereinafter called a "Sublessee Airline") will similarly be subject to the prior and continuing approval of the Port Authority and the execution of a consent agreement prepared by the Port Authority, and executed by the Port Authority, the Lessee and the Sublessee Airline. Nothing contained herein shall in any way affect the discretion of the Port Authority in granting or withholding its consent to a handling agreement or a sublease with a Sublessee Airline, proposed by the Lessee or directed by the Port Authority whether or not during a period of underutilization, and such consent may contain such terms and conditions including but not limited to such financial or other conditions which may include a fixed charge or a charge based upon a percentage of the Lessee's gross receipts arising therefrom, as the Port Authority may, at that time, elect, and all provisions of the Lease requiring the prior written consent or approval of the Port Authority shall in no way be waived, impaired, limited or affected.

Notwithstanding anything to the contrary contained herein the Lessee understands and agrees that the Lessee shall not perform any services and functions pursuant to any handling agreement or sublease with a Handled Airline or a Sublessee Airline with respect to which the Port Authority has specifically withheld consent and approval in the consent agreement to such handling agreement or sublease. The Handled Airline and the Sublessee Airline may either perform said services and functions themselves or use the services of the authorized service organization, including but not limited to in-flight caterers and ramp handlers performing such services or functions at the Airport. The Lessee however may make the necessary arrangements with the authorized service organization performing such services and functions at the Airport to have such services and functions performed for the Handled Airline or the Sublessee Airline.

Without limiting any term or provision of the Lease, the Lessee shall, with respect to each sublease and ground handling agreement, as aforesaid, maintain in accordance with accepted accounting practice for at least four years and if it expires or terminates during such four year period then at least one year after the applicable expiration or termination date of each handling agreement and of such sublease during the term of the Lease or after the expiration or termination of the Lease, (unless they are material to litigation initiated within that time in which event they shall be preserved until final determination of the controversy) records and books of account recording all transactions, at through or in anywise connected with the handling agreements and subleases and shall use and maintain such systems for recording transactions under or in connection with the handling agreements and subleases all to the end that accurate and complete records of gross receipts be maintained including identification of the gross receipts of the Lessee pertaining to any particular handling agreement, sublease or other agreement, all of the foregoing to be kept at all times in the Port of New York District, or, on the condition that the Lessee shall pay to the Port Authority all travel costs and expenses determined by the Port Authority for Port Authority auditors and other representatives in connection with any audit at locations outside the Port of New York District, the Lessee may maintain said records and books of account and make them available to the Port Authority at the Lessee's offices at 1030 Delta Boulevard, Hartsfield Atlanta International Airport, Atlanta, Georgia 30320-6000.

Without limiting any term, or provision of the Lease, the Lessee shall permit in ordinary business hours during the term of this Agreement and for one year thereafter and during such further period as is mentioned in the preceding paragraph, the examination, inspection and audit by the officers, employees and representatives of the Port Authority of such books of account and systems mentioned above and also any records and books of account, and systems of any company which is owned or controlled by the Lessee if said company performs services, similar to those performed by the Lessee anywhere in the Port of New York District. The Lessee shall furnish to the Port Authority from time to time (but not more often than once a month) statements of the Lessee setting forth its gross receipts as required hereunder, and such further itemization, details and information pertaining to the handling agreements and subleases as the Port Authority may from time to time reasonably request.

The Lessee agrees that all handling agreements and subleases shall be at reasonable and at not discriminatory rates, fees and charges which shall be based upon the recovery by the Lessee of a pro rata share of the Lessee's costs of (i) operation and maintenance of the premises, (ii) the services provided to the Handled Airline or the Sublessee Airline and (iii) the Lessee's investment in the premises not otherwise included in the above and (iv) the Lessee's reasonable overhead (including reasonable charges

for administration) provided, however, that it is understood and agreed that the following shall not be a reason for the Lessee to refuse a sublease or handling agreement or to impose any unreasonable conditions or limitations on operations in connection therewith under this Section 27: (aa) possible or potential labor disharmony with a Handled Airline or sublessee, (bb) compatibility of schedules and operations between the Lessee or another user or occupant of the premises and a Handled Airline or sublessee, or (cc) competitive nature of the routes, schedules or type of air transportation service to be provided by a Handled Airline or sublessee, provided, further, however, that with respect to item (aa) above if, after notice from the Port Authority to provide accommodations to a specific Scheduled Aircraft Operator, the Lessee shall, in good faith, believe that the operations of such specific Scheduled Aircraft Operator on the premises would cause significant, immediate and unremediable labor disharmony which would seriously affect the operations of the Lessee on the premises then, upon request by the Lessee to the Port Authority setting forth in specific detail satisfactory to the Port Authority the nature of the anticipated labor disharmony and requesting that the Lessee not be obligated under this Section to provide accommodations for such specific Scheduled Aircraft Operator, the Port Authority shall, in good faith, consider the Lessee's request and if the Port Authority finds that the labor disharmony described by the Lessee is reasonably likely to result if the Lessee were to provide accommodations to such Scheduled Aircraft Operator on the premises then the Port Authority shall notify the Lessee that the Port Authority's direction to provide accommodations to such Scheduled Aircraft Operator is rescinded. The Lessee's obligation to provide accommodations to Scheduled Aircraft Operators shall be effective on the date set forth in a notice from the Port Authority to such effect, as aforesaid. Upon such notice the Lessee shall use its best efforts to secure an arrangement with a Scheduled Aircraft Operator as directed by the Port Authority for accommodations in the premises and shall in good faith negotiate with any such Scheduled Aircraft Operator as the Port Authority shall direct for accommodations in the premises, all in accordance herewith.

The Port Authority shall give thirty (30) days' prior notice of its intention to give the notice set forth above and it is expressly agreed that the Port Authority shall not exercise the aforesaid right with respect to any portion or portions of the premises if and for which the Lessee has submitted to the Port Authority definite plans for the utilization of said portion or portions of the premises by the Lessee provided the Lessee in fact commences such use of said portion or portions of the premises within thirty (30) days after the submission of the said plans.

(d) The failure of the Port Authority to exercise its rights under this Section during any year in which it may have such a right, shall not affect, waive or limit its right to exercise said rights in any subsequent year.

(e) In the event the Port Authority decides to ascertain the revenue seats daily average for the premises for the preceding calendar year it shall do so as follows: based upon the Official Airline Guide (herein called "the Guide") the Port Authority shall ascertain the total number of revenue seats that can be accommodated on the aircraft equipment scheduled to be used by the Lessee on its published aircraft arrivals at the Airport as set forth in the Guide during two specified calendar weeks (Sunday through Saturday), the first of which weeks is the one during which falls the fifteenth (15th) day of April of the prior calendar year and the second being the one during which falls the fifteenth (15th) day of October of the said prior calendar year, and shall total the said number of revenue seats which are hereinafter called "the total revenue seats" of the Lessee. In determining the total revenue seats of the Lessee, the total revenue seats as defined above of those Handled Airlines and Sublessee Airlines (as defined in Section 81 hereof), if any, of the Lessee who are Handled Airlines and Sublessee Airlines as of the date of such determination shall be included.

In making said determination, the Port Authority shall use the most recent configurations as shall be supplied by the Lessee with respect to the number of revenue seats that can be accommodated on the particular aircraft equipment scheduled to be used by the Lessee at the Airport. The total revenue seats of the Lessee shall then be divided by fourteen, the resulting quotient being herein called "the revenue seats daily average".

In the event the Official Airline Guide shall no longer be published or shall not be available then the parties agree that the Port Authority shall have the right to use any other successor or similar publication or the actual aircraft arrivals at the Airport as determined by reports to the Port Authority and records of the Lessee and other Scheduled Aircraft Operators, tower logs and other suitable records and information.

Section 28. Right of Re-Entry

The Port Authority shall, as an additional remedy upon the giving of a notice of termination as provided in Section 26 or other Section hereof, have the right to re-enter the premises and every part thereof upon the effective date of termination without further notice of any kind, and may regain and resume possession either with or without the institution of summary or any other legal proceedings or otherwise. Such re-entry, or regaining or resumption of possession, however, shall not in any manner affect, alter or diminish any of the obligations of the Lessee under this Agreement, and shall in no event constitute an acceptance of surrender.

Section 29. Waiver of Redemption

The Lessee hereby waives any and all rights to recover or regain possession of the premises and all rights of redemption, granted by or under any present or future law in the event it is lawfully evicted or dispossessed for any cause, or in the event the Port Authority obtains possession of the premises in any lawful manner.

Section 30. Survival of the Obligations of the Lessee

(a) In the event that the letting shall have been terminated in accordance with a notice of termination as provided in Section 26 hereof, or the interest of the Lessee cancelled pursuant thereto, or in the event that the Port Authority has re-entered, regained or resumed possession of the premises in accordance with the provisions of Section 28 hereof, all the obligations of the Lessee under this Agreement shall survive such termination or cancellation, or re-entry, regaining or resumption of possession and shall remain in full force and effect for the full term of the letting under this Agreement, and the amount or amounts of damages or deficiency shall become due and payable to the Port Authority to the same extent, at the same time or times and in the same manner as if no termination, cancellation, re-entry, regaining or resumption of possession had taken place. The Port Authority may maintain separate actions each month to recover the damage or deficiency then due or at its option and at any time may sue to recover the full deficiency less the proper discount, for the entire unexpired term.

(b) The amount of damages for the period of time subsequent to termination or cancellation (or re-entry, regaining or resumption of possession) on account of the Lessee's rental obligations, shall be the sum of the following:

(1) On account of the Lessee's annual Ground Rentals obligation, the amount of the total of all annual Ground Rentals, less the amount attributable to the installments of said annual Ground Rentals payable prior to the effective date of termination except that the credit to be allowed for the amount attributable to the installment payable on the first day of the month in which the termination is effective shall be prorated for the part of the month

the letting remains in effect, on the basis of the actual number of days in the month; and

(2) On account of the Lessee's annual Facility Rentals obligation, the amount of the total of all annual Facility Rentals, less the amount attributable to the installments of said annual Facility Rentals payable prior to the effective date of termination except that the credit to be allowed for the amount attributable to the installment payable on the first day of the month in which the termination is effective shall be prorated for the part of the month the letting remains in effect, on the basis of the actual number of days in the month; and

(3) On account of the Lessee's annual Additional Facility Rentals obligation, the amount of the total of all annual Additional Facility Rentals, less the amount attributable to the installments of said annual Additional Facility Rentals payable prior to the effective date of termination except that the credit to be allowed for the amount attributable to the installment payable on the first day of the month in which the termination is effective shall be prorated for the part of the month the letting remains in effect, on the basis of the actual number of days in the month; and

(4) On account of the Lessee's obligations to pay the Cost of Assumable Maintenance and Repair set forth in Section 14 hereof, an amount equal to the total sum of the Capital Cost under Section 14 hereof less the amount thereof payable prior to the effective date of termination, except that the credit to be allowed for the amount attributable to the installment payable on the first day of the month in which the termination is effective shall be prorated for the part of the month the letting remains in effect or the actual number of days in such month.

(5) An amount equal to all expenses reasonably incurred by the Port Authority in connection with regaining possession and restoring and reletting the demised premises, for legal expenses, putting the premises in order including, without limitation, cleaning, decorating and restoring (on failure of the Lessee to restore), maintenance and brokerage fees.

(c) Without limiting any of the foregoing, the Port Authority may at any time bring an action to recover all the damages as set forth above not previously recovered in separate actions, or it may bring separate actions to recover the items of damages set forth in subparagraphs (1) through (5) of paragraph (b) above and separate actions periodically to recover from time to time only such portion of the damages set forth in subparagraphs (1), (2) and (3) of paragraph (b) above as would have accrued as rentals up to the time of the action if there had been no termination or cancellation. In any such action the Lessee shall be allowed a credit against its survived damages obligations equal to the amounts which the Port Authority shall have actually received from any tenant, licensee, permittee or other occupier of the premises or a part thereof during the period for which damages are sought, and if recovery is sought

for a period subsequent to the date of suit a credit equal to the market rental value of the premises during such period (discounted to reflect the then present value thereof). If at the time of such action the Port Authority has used and occupied or relet the premises, the rental for the premises obtained through such use and occupancy or releting shall be deemed to be the market rental value of the premises or be deemed to be the basis for computing such market rental value if less than the entire premises were used or occupied or relet. In no event shall any credit allowed to the Lessee against its damages for any period exceed the then present value of the annual rentals which would have been payable under this Agreement during such period if a termination or cancellation had not taken place.

(d) In addition to and without limiting the foregoing or any other right, claim or remedy of the Port Authority, in the event this Lease shall be terminated pursuant to Section 26 hereof and the Lessee shall not have completed the construction work, as defined in Section 2 hereof, or any portion thereof within the time period specified in Section 2 (b) (2) hereof, the Lessee shall and hereby agrees to pay to the Port Authority any and all amounts, costs or expenses, of any type whatsoever, paid or incurred by the Port Authority by reason of the failure of the Lessee so to complete the construction work, or any portion thereof, including all interest costs, damages, losses, and penalties, and all of the same shall also be deemed treated as survived damages hereunder in addition to the foregoing.

Section 31. Releting by the Port Authority

The Port Authority upon termination or cancellation pursuant to Section 26 hereof, or upon any re-entry, regaining or resumption of possession pursuant to Section 28 hereof, may occupy the premises or may relet the premises, and shall have the right to permit any person, firm or corporation to enter upon the premises and use the same. Such releting may be of part only of the premises or a part thereof together with other space, and for a period of time the same as or different from the balance of the term hereunder remaining, and on the terms and conditions the same as or different from those set forth in this Agreement. The Port Authority shall also, upon termination or cancellation pursuant to the said Section 26, or upon its re-entry, regaining or resumption of possession pursuant to the said Section 28, have the right to repair or to make structural or other changes in the premises including changes which alter the character of the premises and the suitability thereof for the purpose of the Lessee under this Agreement, without affecting, altering or diminishing the obligations of the Lessee hereunder. In the event either of any releting or of any actual use and occupancy by the Port Authority (the mere right of the Port Authority to use and occupy not being sufficient however) there shall be credited to the account of the Lessee against its survived obligations under Section 30 hereof any net amount remaining after deducting from the amount actually received from any lessee, licensee, permittee or other occupier in

connection with the use of the said premises or portion thereof during the balance of the letting as the same is originally stated in this Agreement, or from the market value of the occupancy of such portion of the premises as the Port Authority may during such period actually use and occupy, all expenses, costs and disbursements incurred or paid by the Port Authority in connection therewith. No such reletting shall be or be construed to be an acceptance of a surrender.

Section 32. Remedies to be Non-Exclusive

All remedies provided in this Agreement shall be deemed cumulative and additional and not in lieu of or exclusive of each other or of any other remedy available to the Port Authority or to the Lessee at law or in equity, and the exercise of any remedy, or the existence herein of other remedies or indemnities shall not prevent the exercise of any other remedy.

Section 33. Surrender

The Lessee covenants and agrees to yield and deliver peaceably to the Port Authority possession of the premises on the date of cessation of the letting, whether such cessation be by termination, expiration or otherwise, promptly and in good condition, reasonable wear arising from the use of the premises to the extent such use is permitted elsewhere in this Agreement, excepted.

Section 34. Acceptance of Surrender of Lease

No agreement of surrender or to accept a surrender shall be valid unless and until the same shall have been reduced to writing and signed by the duly authorized representatives of the Port Authority and of the Lessee. Except as expressly provided in this Section, neither the doing of, nor any omission to do, any act or thing, by any of the officers, agents or employees of the Port Authority, shall be deemed an acceptance of a surrender of the letting or of this Agreement.

Section 35. Books and Records

(a) In addition to and without limiting any other term or provision of this Agreement, the Lessee shall keep in an office or offices in the Port of New York District, appropriate books and records showing (i) all matters with respect to the costs of the construction work (ii) the date and hour of each take-off or departure from the Airport of each aircraft operated by the Lessee and the date and hour of the landing by such aircraft next preceding each take-off or departure, (iii) all matters which it is required to certify to the Port Authority pursuant to this Lease and (iv) any other matter concerning the Lessee's operations at the Airport with respect to which the Port Authority may reasonably need information to fulfill its obligations or exercise its rights under this Lease whether or not of the type enumerated above in this Section 35 and

whether or not an express obligation to keep books and records with regard thereto is expressly set forth elsewhere in this Lease; provided, however, on the condition that the Lessee shall pay to the Port Authority all travel costs and expenses as determined by the Port Authority for Port Authority auditors and other representatives in connection with any audit at locations outside the Port of New York District, the Lessee may maintain said records and books and make them available to the Port Authority at the Lessee's office at 1030 Delta Boulevard, Hartsfield Atlanta International Airport, Atlanta, Georgia 30320. The Lessee shall not be obligated to preserve any such records for more than four (4) years unless they are material to litigation initiated within that time, in which event they shall be preserved until the final determination of the controversy. The Port Authority shall have the right upon prior notice to inspect such books and records during regular business hours.

(b) Without limiting the foregoing, the Lessee shall maintain, for a period in accordance with accepted accounting practice, for at least four (4) years during the term of the letting hereunder and for one (1) year after the expiration or earlier termination of this Lease unless they are material to litigation initiated within that time in which event they shall be preserved until the final determination of the controversy, records and books of account recording all transactions of the Lessee at, through, or in anywise connected with in-flight meals and ramp service including without limitation all payments by the Lessee to its independent contractors which furnish in-flight meals or any portion thereof, or ramp service, to the Lessee at or in connection with the Airport, which records and books of account shall be kept at all times within the Port of New York District and the Lessee shall permit during ordinary business hours during the term of the letting, for one year thereafter, and during such further period as mentioned above, the examination and audit by officers, employees and representatives of the Port Authority of such records and books of account; provided, however, on the condition that the Lessee shall pay to the Port Authority all travel costs and expenses as determined by the Port Authority for Port Authority auditors and other representatives in connection with any audit at locations outside the Port of New York District, the Lessee may maintain said records and books and make them available to the Port Authority at the Lessee's office at 1030 Delta Boulevard, Hartsfield Atlanta International Airport, Atlanta, Georgia 30320.

(c) If and when service segment data now or formerly supplied by the Lessee to the Department of Transportation pursuant to Economic Regulation 586 or schedule T-9 traffic data, are no longer available to the Port Authority from a government source, the Lessee will provide the following data to the Port Authority, on request, for each of its non-stop city-pair markets involving the Port District: total scheduled flights operated, seats available, revenue passengers carried and similar data for charter flights. The Lessee shall see that such data shall be provided to the Port Authority, on request, by its sublessees and Handled Airlines, if

any. The Lessee and its Handled Airlines, if any, shall furnish said data for each month of operations within thirty (30) days after the end of such month.

Section 36. Effect of Basic Lease

(a) This Agreement and the letting hereunder shall, in any event, terminate with the termination or expiration of the Basic Lease with the City of New York which covers the premises, such termination to be effective on such date and to have the same effect as if the term of the letting had on that date expired. The rights of the Port Authority in the premises are those granted to it by the Basic Lease, and no greater rights are granted or intended to be granted to the Lessee than the Port Authority has power thereunder to grant.

(b) The Port Authority covenants that, during the term of this Agreement, the Port Authority will not take any action which would amount to or have the effect of cancelling, surrendering or terminating the Basic Lease prior to the date specified in the Basic Lease for its expiration insofar as such surrender, cancellation or termination would in any manner deprive the Lessee of any of its rights, licenses or privileges under this Agreement.

(c) Nothing herein contained shall prevent the Port Authority from entering into an agreement with The City of New York pursuant to which the Basic Lease is surrendered, cancelled or terminated provided that The City of New York, at the time of such agreement, assumes the obligations of the Port Authority under this Agreement.

(d) Nothing contained in this Agreement shall be deemed a waiver by the Lessee of any of its rights, licenses or privileges under this Agreement in the event that the City Lease should be surrendered, cancelled or terminated prior to the date specified in the City Lease for its expiration.

Section 37. Removal of Property

All personal property (including trade fixtures) removable without material damage to the premises, which are installed by the Lessee in or on the premises leased to the Lessee pursuant to the Agreement, shall be deemed to be and remain the property of the Lessee. All such property, provided the Lessee shall install suitable replacements therefor if such personal property is necessary to operate the premises in accordance with the terms and provisions hereof in accordance with the best practices of the air transportation industry, may at the Lessee's option be removed by the Lessee from the premises at any time during the term of this Lease. Furthermore, all such property of the Lessee shall, unless otherwise agreed in writing by the parties hereto, be removed by the Lessee on or before the expiration or other termination of the term of the Lease. If the Lessee shall fail to remove its property on or before the termination or expiration of this Agreement, the Port

Authority may remove such property to a public warehouse for deposit or retain the same in its own possession, and sell the same at public auction, the proceeds of which shall be applied first to the expenses of removal, storage and sale, second to any sums owed by the Lessee to the Port Authority, with any balance remaining to be paid to the Lessee; if the expenses of such removal, storage and sale shall exceed the proceeds of sale, the Lessee shall pay such excess to the Port Authority upon demand. Notwithstanding the foregoing, the Lessee shall not remove the personal property starred and underlined in Exhibit E attached hereto and installed in connection with the Phase I Construction Work performed pursuant to Section 2 hereof title to which, as hereby agreed, shall pass to the Port Authority upon the installation thereof.

Section 38. Purchase of Property

The Port Authority shall have the option from time to time exercisable by notice to the Lessee effective on the expiration or earlier termination of the letting of the premises hereunder, or any part thereof, to purchase all, or such part as the Port Authority elects, of the Lessee's personal property (including trade fixtures but excluding ground vehicles and aircraft) including without limiting the generality of the foregoing any system for handling baggage, any counters, and any passenger loading bridges, as and to the extent any of the foregoing are personal property, which may at the time of the giving of such notice have been installed or placed on the premises. In the event the Port Authority exercises its option to make a purchase, the Port Authority shall pay to the Lessee a sum equal to the reasonable market value of the personal property (including trade fixtures) purchased. The Lessee hereby agrees that on the effective date of the purchase and sale none of the aforesaid items shall be subject to any lien, security interest or other encumbrance, and upon request of the Port Authority the Lessee will execute a bill of sale or such other document of conveyance as the Port Authority may request to transfer title to the aforesaid items to the Port Authority (including a warranty of title to the Port Authority) and the Port Authority shall pay the purchase price. The Lessee shall not be obligated to give any warranty other than the aforesaid warranty of title; provided, however, that the Lessee shall transfer or cause to be transferred to the Port Authority any and all third party warranties (including without limitation manufacturer's warranty) with respect to such property. Further, the Lessee shall from time to time execute such other documentation as the Port Authority may reasonably require and prepare evidencing the option of the Port Authority, as herein provided, to purchase the aforesaid personal property; the Port Authority and the Lessee hereby agreeing to act in good faith with respect to said documentation.

Section 39. Brokerage

The Lessee represents and warrants that no broker has been concerned on its behalf in the negotiation of this Agreement and that there is no broker who is or may be entitled to be paid a

commission in connection therewith. The Lessee shall indemnify and save harmless the Port Authority of and from any claim for commission or brokerage made by any and all persons, firms or corporations whatsoever for services rendered to the Lessee in connection with the negotiation and execution of this Agreement. The foregoing representations, warranties and provisions of this Section shall not apply to any broker employed by the Port Authority.

Section 40. Limitation of Rights and Privileges Granted

(a) No greater rights or privileges with respect to the use of the premises or any part thereof are granted or intended to be granted to the Lessee by this Agreement, or by any provision thereof, than the rights and privileges expressly and specifically granted hereby.

(b) The premises are let to the Lessee and the Lessee takes the same subject to all the following: (i) easements, restrictions, reservations, covenants and agreements, if any, to which the premises may be subject, and rights of the public in and to any public street; (ii) rights, if any, of any enterprise, public or private which is engaged in furnishing heating, lighting, power, telegraph, telephone, steam, or transportation services and of the City and State of New York; (iii) permits, licenses, regulations and restrictions, if any, of the United States, the City of New York or State of New York, or other governmental authority; (iv) all of the rights, liabilities, obligations, occupancies and encumbrances, if any, arising out of the Prior Agreements (as defined in Section 86 hereof).

(c) The Lessee acknowledges that it has not relied upon any representation or statement of the Port Authority or its Commissioners, officers, employees or agents as to the condition of the premises or the suitability thereof for the operations permitted on the premises by this Agreement. Without limiting any obligation of the Lessee to commence operations hereunder at the time and in the manner stated elsewhere in this Agreement, the Lessee agrees that no portion of the premises will be used initially or at any time during the letting which is in a condition unsafe or improper for the conduct of the operations permitted hereunder so that there is possibility of injury or damage to life or property. The Lessee shall take possession of the premises in the condition they are in as of the commencement of the term of the letting hereunder. The Lessee hereby further acknowledges that it has during the term of the Prior Sublease and during the period of the permission of the Prior Permit performed repairs and construction and installed improvements on the premises, title to all of which (other than the Lessee's personal property) it is hereby agreed has vested in the City of New York. In the event that as of the commencement of the term of the letting under this Lease, the Lessee shall not have kept any or all of the foregoing in good condition as required of the Lessee in its capacity as sublessee under the Prior Sublease and as

permittee under the Prior Permit, the Lessee shall place and keep the same in good condition as required under this Lease.

Any liabilities or obligations of the Lessee which by the terms of the Prior Lease or the Prior Sublease or the Prior Permit, or letter agreements or permits thereunder to make alterations, mature at the expiration or termination of said lease, sublease or permit shall be deemed to survive and mature at the expiration or earlier termination of this Lease.

Section 41. Notices

Except where expressly required or permitted herein to be oral, all notices, directions, requests, consents and approvals required to be given to or by either party shall be in writing, and all such notices and requests shall be personally delivered to the duly designated officer or representative of such party or delivered to the offices of such officer or representative during regular business hours, or forwarded to him or to the party at such address by registered or certified mail. The Lessee shall from time to time designate in writing an office within the Port of New York District and an officer or representative whose regular place of business is at such office upon whom notices and requests may be served. Until further notice, the Port Authority hereby designates its Executive Director as its representative upon whom notices and requests may be served, and the Port Authority designates its office at One World Trade Center, New York, New York, 10048 as its office where notices and requests may be served; and the Lessee hereby designates its Manager, JFK Station as its representative upon whom notices and requests may be served, and the Lessee hereby designates its office at Delta Flight Center, Building No. 53, John F. Kennedy International Airport, Jamaica New York 11430 as its office where notices and requests may be served. If mailed, the notices herein required to be served shall be deemed effective and served as of the date of the registered or certified mailing thereof. The Port Authority shall, for informational purposes only, send a copy of such notices to the Lessee's offices at 1030 Delta Boulevard, Hartsfield Atlanta International Airport, Atlanta, Georgia 30320 att: Director, Airport and Corporate Affairs, provided, however, that any failure on the part of the Port Authority to send the informational copy shall not be and shall not be deemed to be a breach of this Agreement nor shall any such failure impair or affect the validity of the notice actually given.

Section 42. Facilities Non-Discrimination

(a) Without limiting the generality of any of the provisions of the Agreement, the Lessee, for itself, its successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that (1) no person on the grounds of race, color, sex, creed, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of the premises, and the exercise of any privilege under this Agreement, (2) that in the construction of any improvements on,

over, or under the premises and the furnishing of services thereon, no person on the grounds of race, color, creed, national origin, or sex shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the Lessee shall use the premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the Lessee's operations at the Airport whether by reason of agreement between the Port Authority and the United States Government or otherwise.

(b) The Lessee shall include the provisions of paragraph (a) of this Section in every agreement or concession it may make pursuant to which any person or persons, other than the Lessee, operates any facility at the Airport providing services to the public and shall also include therein a provision granting the Port Authority a right to take such action as the United States may direct to enforce such provisions.

(c) The Lessee's noncompliance with the provisions of this Section shall constitute a material breach of this Agreement. In the event of the breach by the Lessee of any of the above non-discrimination provisions the Port Authority may take any appropriate action to enforce compliance; or in the event such non-compliance shall continue for a period of twenty (20) days after receipt of written notice from the Port Authority, the Port Authority shall have the right to terminate this Agreement and the letting hereunder with the same force and effect as a termination under the Section of this Agreement providing for termination for default by the Lessee in the performance or observance of any other term or provision of this Agreement, or may pursue such other remedies as may be provided by law; and as to any or all of the foregoing, the Port Authority may take such action as the United States may direct.

(d) The Lessee shall indemnify and hold harmless the Port Authority from any claims and demands of third persons including the United States of America resulting from the Lessee's noncompliance with any of the provisions of this Section and the Lessee shall reimburse the Port Authority for any loss or expense incurred by reason of such noncompliance.

(e) Nothing contained in this Section shall grant or shall be deemed to grant to the Lessee the right to transfer or assign this Agreement, to make any agreement or concession of the type mentioned in paragraph (b) hereof, or any right to perform any construction on the premises.

Section 43. Affirmative Action

In addition to and without limiting the provisions of Section 42 and Schedule E hereof or any other term or provision of this Agreement, the Lessee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Lessee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Lessee assures that it will require that its covered suborganizations provide assurances to the Lessee that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

Section 44. The Lessee's Ongoing Affirmative Action Equal Opportunity Commitment

(a) In addition to and without limiting any other term or provision of this Agreement, the Lessee shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status and shall undertake or continue existing programs of affirmative action to ensure that minority group persons and women are afforded equal employment opportunity without discrimination. Such programs shall include, but not be limited to, recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeship and on-the-job training.

(b) In addition to and without limiting the foregoing, and without limiting the provisions of Sections 42 and 43 and Schedule E hereof or any other term or provision of this Agreement, it is hereby agreed that the Lessee in connection with its continuing operation, maintenance and repair of the premises, or any portion thereof, and in connection with every award or agreement for concessions or consumer services at the Airport, shall throughout the term of the letting hereunder commit itself to and use good faith efforts to implement an extensive program of Affirmative Action, including specific affirmative action steps to be taken by the Lessee, to ensure maximum opportunities for employment and contracting by minorities and women. In meeting the said commitment the Lessee agrees to submit its said extensive Affirmative Action program, including the specific affirmative action steps to be taken by the Lessee to meet its aforesaid commitment, within six (6) months after the execution of this Agreement to the Port Authority for its review and approval. The Lessee shall incorporate in its said program such revisions and changes which the Port Authority initially or from time to time may reasonably require. The Lessee throughout the term of the letting hereunder shall document its efforts in implementing the said program, shall keep the Port

Authority fully advised of the Lessee's progress in implementing the said program and shall supply to the Port Authority such information, data and documentation with respect thereto as the Port Authority may from time to time and at any time request, including but not limited to annual reports.

(c) (1) "Minority" as used herein shall be as defined in paragraph II(c) of Part I of Schedule E.

(2) "Minority Business Enterprise" (MBE) as used herein shall have the meaning as defined in the first paragraph of Part II of Schedule E.

(3) "Women-owned Business Enterprise" (WBE) as used herein shall have the meaning as defined in the first paragraph of Part II of Schedule E.

(4) Good faith efforts to include meaningful participation by MBEs and WBEs shall include at least the following:

(i) Dividing the work to be subcontracted into smaller portions where feasible.

(ii) Actively and affirmatively soliciting bids for subcontracts from MBEs and WBEs, including circulation of solicitations to minority and female contractor associations. The Lessee shall maintain records detailing the efforts made to provide for meaningful MBE and WBE participation as called for in paragraph (b) above, including the names and addresses of all MBEs and WBEs contacted and, if any such MBE or WBE is not selected as a joint venturer or subcontractor, the reason for such decision.

(iii) Making plans and specifications for prospective work available to MBEs and WBEs in sufficient time for review.

(iv) Utilizing the list of eligible MBEs and WBEs maintained by the Port Authority or seeking minorities and women from other sources for the purpose of soliciting bids for subcontractors.

(v) Encouraging the formation of joint ventures, partnerships or other similar arrangements among subcontractors, where appropriate, to insure that the Lessee will meet its obligations hereunder.

(vi) Insuring that provision is made to provide progress payments to MBEs and WBEs on a timely basis.

(vii) Submitting quarterly reports to the Port Authority (Office of Business and Job Opportunity) detailing its compliance with the provisions hereof.

(d) The Lessee's non-compliance with the provisions of this Section shall constitute a material breach of this Agreement. In the event of the breach by the Lessee of any of the above provisions the Port Authority may take any appropriate action to enforce compliance; or in the event such non-compliance shall continue for a period of twenty (20) days after receipt of written notice from the Port Authority (except where fulfillment of its obligations hereunder requires activity over a period of time and the Lessee shall commence to perform whatever may be required for fulfillment within twenty (20) days after the receipt of notice and continues such performance without interruption, except for causes beyond its control), the Port Authority shall have the right to terminate this Agreement and the letting hereunder with the same force and effect as a termination under the Section of this Agreement providing for termination for default by the Lessee in the performance or observance of any other term or provision of this Agreement, or may pursue such other remedies as may be provided by law.

(e) In the implementation of this Section, the Port Authority may consider compliance by the Lessee with the provisions of any federal, state or local law concerning affirmative action equal employment opportunity which are at least equal to the requirements of this Section, as effectuating the provisions of this Section. If the Port Authority determines that by virtue of such compliance with the provisions of any such federal, state or local law that the provisions hereof duplicate or conflict with such law the Port Authority may waive the applicability of the provisions of this Section to the extent that such duplication or conflict exists.

(f) Nothing herein provided shall be construed as a limitation upon the application of any laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents.

(g) Nothing in this Section 44 shall grant or be deemed to grant to the Lessee the right to make any agreement or award for concessions or consumer services at the Airport.

Section 45. Other Construction by the Lessee

(a) Except as otherwise expressly provided in Section 2 hereof, the Lessee shall not erect any structures, make any improvements or do any construction on the premises or alter, modify, or make additions, improvements or repairs to or replacements of any structure existing at the commencement of the term of the letting hereunder or built at any time during the letting, or install any fixture (other than trade fixtures, removable without material damage to the premises, any such damage to be immediately repaired by the Lessee) without the prior written approval of the Port Authority and in the event any construction, improvement, alteration, modification, repair, replacement or addition is made without such approval, then upon reasonable notice

so to do, the Lessee will remove the same, or at the option of the Port Authority cause the same to be changed to the satisfaction of the Port Authority. In case of any failure on the part of the Lessee to comply with such notice, the Port Authority may effect the removal or change and the Lessee shall pay the cost thereof to the Port Authority.

(b) Without limiting the generality of the foregoing paragraph the Lessee acknowledges and agrees that any Notes and associated reference lines set forth on Exhibit A, A-1 or A-2 to the Lease shall not constitute or be deemed to constitute or imply that approval of the Port Authority will be granted to any proposed construction by the Lessee nor shall the same grant or be deemed to grant any right or permission to the Lessee now or in the future to erect any structures, make any improvements or do any other construction work in the premises, including but not limited to repairs to or replacements of, any structure now existing or built at any time during the letting or install any fixtures on the premises, including but not limited to paving, and that the provisions of the foregoing paragraph of this Section shall be read and construed as if there were no Notes and associated reference lines on said Exhibits and that any which were placed on such Exhibits are solely and exclusively for the benefit of the Port Authority.

(c) Notwithstanding the obligation of maintenance imposed upon the Lessee by the provisions of Section 14 hereof, the Lessee shall not make any repairs or replacements (except emergency repairs or replacements) unless and until it has first obtained an approved Port Authority Alteration Application for such repairs or replacements which shall then be performed in full accordance with the terms of said Alteration Application.

Section 46. Place of Payments

All payments required of the Lessee by this Agreement shall be made to the Port Authority, P.O. Box 17309, Newark, New Jersey 07194, or to such other address, office or location as may be substituted therefor by the Port Authority by notice to the Lessee from time to time.

Section 47. Construction and Application of Terms

(a) The section and paragraph headings, if any, in this Agreement, are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope or intent of any provision hereof.

(b) The terms, provisions and obligations contained in the Exhibits and Schedules attached hereto, whether there set out in full or as amendments of, or supplements to provisions elsewhere in the Agreement stated, shall have the same force and effect as if herein set forth in full.

Section 48. Non-liability of Individuals

No Commissioner, director, officer, agent or employee of either party shall be charged personally or held contractually liable by or to the other party under any term or provision of this Agreement or of any supplement, modification or amendment to this Agreement or because of any breach or alleged breach thereof, or because of its or their execution or attempted execution.

Section 49. Termination by the Lessee

(a) If any one or more of the following events shall occur:

(1) If the Lessee shall be prevented from operating its air transportation system to and from the Airport by reason of its inability to use a substantial part or all of the runways and taxiways, as hereinafter defined:

(i) for a period of longer than thirty (30) consecutive days, resulting from any condition of the Airport not due to the fault of the Lessee; or

(ii) for a period of longer than ninety (90) consecutive days, resulting from a permanent injunction issued by any court of competent jurisdiction; or

(iii) for a period of longer than ninety (90) consecutive days, resulting from any order, rule or regulation of the Federal Aviation Administration, or other governmental agency having jurisdiction over the operations of the Lessee with which the Lessee is unable to comply at reasonable cost or expense; or

(2) The Port Authority shall fail to perform any of its obligations under this Lease within twenty (20) days after receipt of notice of default thereunder from the Lessee (except where fulfillment of its obligation requires activity over a period of time and the Port Authority shall commence to perform whatever may be required for fulfillment within twenty (20) days after the receipt of notice and continues such performance without interruption, except for causes beyond its control);

then upon the occurrence of any such event or at any time thereafter during the continuance of the condition, the Lessee may by twenty (20) days' notice terminate the letting, such termination to be effective upon the date set forth in such notice and to have the same effect as if the term of the letting had on that date expired. No waiver by the Lessee of any default on the part of the Port Authority in performance of any of the terms, covenants or conditions hereof to be performed, kept or observed by the Port Authority shall be or be construed to be a waiver by the Lessee of any other or subsequent default in performance of any of the said terms, covenants and conditions.

(b) The payment of rentals fees, charges or other payments by the Lessee for the period or periods after the Lessee shall have a right to terminate under this Section but before any such default of the Port Authority has been cured, shall not be or be construed to be a waiver by the Lessee of any such right of termination.

(c) The rights of termination described above shall be in addition to any other rights of termination provided in this Agreement and in addition to any rights and remedies that the Lessee would have at law or in equity consequent upon any breach of this Agreement by the Port Authority, and the exercise by the Lessee of any right of termination shall be without prejudice to any other such rights and remedies.

Section 50. Effect of Termination by the Lessee

(a) If the Lessee terminates the letting pursuant to the provisions of Section 49 (a) (1) then the Port Authority may at its option, pay to the Lessee the Unamortized Phase I Capital Investment and Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in the premises. Such option shall be evidenced by notice in writing to the Lessee by the Port Authority within sixty (60) days after the Lessee has given notice of termination. The failure of the Port Authority to exercise the said option will impose no obligation upon it to relet the premises.

(b) If the Lessee terminates the letting pursuant to the provisions of Section 49 (a) (2) then the Port Authority may, at its option, pay to the Lessee the sum of the Unamortized Phase I Capital Investment and the Unamortized Phase II Capital Investment (as defined in Section 81 hereof), if any, of the Lessee in the premises. Such option shall be evidenced by notice in writing to the Lessee by the Port Authority within sixty (60) days after the Lessee has given notice of termination. If the Port Authority fails to exercise such option, then the Port Authority shall use its best efforts to relet the premises.

(c) If the Port Authority relets the premises prior to the date upon which this Lease would have expired but for such termination, then the net rent paid by the new tenant to the Port Authority (after deducting any costs or expenses incurred by the Port Authority in securing said new tenant and in complying with the terms of the lease to such tenant, including but not limited to costs of alteration and decoration of such premises, in the event of termination pursuant to the provisions of Section 49 (a) (1), and after deducting any costs or expenses incurred by the Port Authority for the maintenance of said premises or for services furnished to the new tenant and after deducting the amounts which would have been payable as rent by the Lessee but for such termination) shall be paid over by the Port Authority to the Lessee until said amounts paid over equal the Unamortized Phase I Capital Investment and the Unamortized Phase II Capital Investment (as defined in Section 81

hereof) of the Lessee in the premises as of the date of termination. The obligation of the Port Authority to pay over to the Lessee any net rent received from such new tenant shall endure only while such new tenant continues to pay rent and occupy such premises, and only until the Unamortized Phase I Capital Investment and the Unamortized Phase II Capital Investment (as defined in Section 81 hereof) of the Lessee in such premises is amortized, and in no event is such obligation to pay over to endure beyond the date upon which this Lease would have expired but for such termination.

Section 51. Abatement

If the Port Authority shall, for safety or other reasons, prohibit the use of the Public Landing Area at the Airport or of any substantial part thereof for foreign or domestic scheduled air transport operations for a period covering more than sixty (60) consecutive days and the Lessee shall thereby be prevented from conducting those operations at the Airport enumerated in Section 5 hereof, then upon the occurrence of such event, the Lessee at its option shall be entitled to abatement of rental during such period of prohibition and prevention. In the event that the Lessee shall exercise such option the Lessee shall be deemed to have released and discharged the Port Authority of and from all claims and rights which the Lessee may have hereunder arising out of or consequent upon such closing and the subsequent interrupted use of such Public Landing Area or part thereof during the period of prohibition.

Section 52. Services to the Lessee

(a) The Port Authority shall sell, furnish and supply to the Lessee for use on the premises and the Lessee agrees to take from the Port Authority and pay for electricity of the same voltage, phase and cycle as supplied to the premises by the public utility in the vicinity, but limited, however, to serve (i) with respect to Area IA of the premises a maximum of 3,000 KVA installed transformer capacity, (ii) and with respect to Area IB of the premises a maximum of 12,000 KVA installed transformer capacity, and as to (i) and (ii) at the same charge which would be made by such public utility for the same quantity under the same conditions and in the same service classification but in no event less than an amount that would reimburse the Port Authority for its costs of obtaining and supplying electricity to the Lessee hereunder; charges shall be payable by the Lessee when billed and the quantity of electricity consumed shall be measured by the meter or meters installed for the purpose; provided, however, that if for any reason, any meter or meters fail to record the consumption of electricity, the consumption during the period such meter or meters are out of service will be considered to be the same as the consumption for a like period either immediately before or after the interruption as elected by the Port Authority. The Port Authority shall not discontinue the supply of electricity except upon fifteen (15) days' notice to the Lessee and unless a supply of electricity of the same voltage, phase and cycle (subject to the KVA limitation aforesaid) shall be available from another supplier and upon any such

discontinuance the Lessee shall be at liberty to contract or otherwise arrange for the supply of such current after the expiration of said fifteen (15) days from any other person, firm or corporation. The Port Authority shall install the appropriate meters.

(b) The Port Authority agrees to sell, furnish and supply to the Lessee for use on the premises cold water (of the character furnished by the City of New York) in reasonable quantities through existing pipes, mains and fittings and the Lessee agrees to take such water from the Port Authority and to pay the Port Authority therefor an amount equal to that which would be charged by the municipality or other supplier of the same (whether or not representing a charge for water or other services measured by water consumption) for the same quantity, used under the same conditions and in the same service classification plus the cost to the Port Authority of supplying such water which shall not be less than ten percent (10%) nor in excess of fifty percent (50%) of the amount charged, but in no event less than an amount that would reimburse the Port Authority for its costs of obtaining and supplying water to the Lessee hereunder. The charge therefor shall be payable by the Lessee when billed and the quantity of water consumed shall be measured by the meter or meters installed for the purpose; provided, however, that if for any reason, any meter or meters fail to record the consumption of water, the consumption during the period such meter or meters are out of service will be considered to be the same as the consumption for a like period immediately before or after the interruption, as elected by the Port Authority. The Port Authority shall install the appropriate meters. In the event meters are not installed to measure the consumption of water under high pressure, the quantity of such water used by the Lessee will be based upon equitable estimates of consumption, which estimates shall be deemed binding on the Lessee.

(c) The Lessee shall pay to the Port Authority such of the existing and future charges for sewerage services furnished by the City of New York as are presently or may hereafter be imposed or assessed against the Port Authority in respect of the Lessee's premises or the use and occupancy thereof. In the event that the City or the State of New York is now furnishing services with or without charge therefor, which are beneficial to the Lessee in its use and occupancy of the premises, and shall hereafter impose charges or increase existing charges for such services, the Lessee agrees to pay to the Port Authority such of the charges or the increase in charges as may be imposed or assessed against the Port Authority in respect of the Lessee's premises or its use and occupancy thereof.

(d) If and in the event the Port Authority shall provide extermination service for the enclosed areas of the premises, the Lessee agrees to utilize the same and to pay its pro rata share of the reasonable cost thereof upon demand. This paragraph does not impose any obligation on the Port Authority to furnish such service.

(e) The Port Authority shall not be obligated to perform or furnish any other services whatsoever in connection with the premises or any services at any time while the Lessee shall be in default hereunder after the period, if any, herein granted to cure such default shall have expired.

(f) The Port Authority shall be under no obligation to supply services if and to the extent and during any period that the supplying of any such service or the use of any component necessary therefor shall be prohibited or rationed by any federal, state or municipal law, rule, regulation, requirement, order or direction and if the Port Authority deems it in the public interest to comply therewith, even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency.

(g) No failure, delay or interruption in supplying agreed services (whether or not a separate charge is made therefor) shall be or be construed to be an eviction of the Lessee or grounds for any diminution or abatement of rental, or (unless resulting from the negligence or wilful failure of the Port Authority) shall be grounds for any claim by the Lessee for damages, consequential or otherwise.

Section 53. The Central Heating and Refrigeration Facility

(a) The Port Authority heretofore designed, constructed and installed at the Airport certain installations consisting of an L" shaped one story building, two fuel storage spheres, an eleven cell cooling tower array, sixteen absorption refrigeration units, six high temperature hot water generators, a closed loop distribution system including underground lines, meters, heat exchangers and appropriate and related lines, pipes, mains, motors, pumps, ducts, fixtures, transformers, cables, manholes, wires, conduits, machinery, devices, equipment, structures and facilities and such utility, mechanical, pump, sewer, telephone, water, electrical, fire alarm, fire protection, gas and other systems, all as are appropriate or necessary for the manufacture, production and distribution of high temperature hot water and chilled water. The Port Authority thereafter embarked on a program for the expansion and rehabilitation of the foregoing which program consisted generally of the design, construction and installation of an expansion of the existing building, two additional new cells to the existing cooling tower cell array and a complete upgrading of the existing cells, the installation of a centrifugal refrigeration unit, the construction of new and the replacement of existing high temperature hot water lines and chilled water lines with lines of greater capacity, the enlargement of the fire alarm and telephone systems, the extension of the pump system, together with such appropriate meters, heat exchangers, lines, pipes, mains, motors, pumps, devices, fixtures, transformers, cables, manholes, wires, conduits, machinery, devices, equipment, structures and facilities as were necessary or appropriate, as well as necessary and appropriate changes to the utility, mechanical, sewer, telephone, water, electrical, fire alarm, fire protection, gas and other

systems now part of the Facility, all of the foregoing being sometimes herein collectively in this Section and for the purposes of this Section only called "The Central Heating and Refrigeration Facility" or the "Facility".

(b) The Port Authority has entered into agreements consisting of an Energy Purchase Agreement, dated as of April 28, 1993, of a Construction and Operations Agreement dated as of April 28, 1993, and an Agreement of Lease, dated as of April 28, 1993, (hereinafter as the same may be supplemented, amended and extended from time to time collectively and individually called the "*Cogeneration Agreement*") with KIAC Partners, a New York General Partnership (hereinafter called "KIAC"), for the construction, installation and operation of a cogeneration facility at the Airport which will include portions of the Central Heating and Refrigeration Facility, as set forth above, now operated at the Airport, which cogeneration facility will, from and after the date of its "Commercial Operation" as such term is defined in the Cogeneration Agreement, produce electricity, hot water and chilled water, as the terms hot water and chilled water are defined below, and which cogeneration facility is hereinafter called the "Cogeneration Facility". Effective May 4, 1993, and while the construction of the Cogeneration Facility proceeds, KIAC will operate the Facility on behalf of the Port Authority to produce hot water and chilled water, as such terms are defined below, and the following shall be and continue in effect with respect to the sale, furnishing and supply of hot water and chilled water by the Port Authority to the Lessee.

(c) The Port Authority agrees to sell, furnish and supply to the Lessee in reasonable quantities for use on the premises, high temperature hot water (hereinafter called "hot water") by a closed loop system to be converted for heating use, for kitchen service, for snow melting and for heating aircraft, and chilled water (hereinafter called "chilled water") for air conditioning (excluding use for air conditioning aircraft, said exclusion not to imply any broadening of permitted uses), and the Lessee agrees to take such hot water and chilled water from the Port Authority and to pay the Port Authority therefor at the times and in the manner hereinafter provided. The Lessee shall pay to the Port Authority for hot water its pro rata share of the Annual Hot Water Facility Cost as hereinafter defined and the Lessee shall pay to the Port Authority for chilled water its pro rata share of the Annual Chilled Water Facility Cost as hereinafter defined. The Lessee's pro rata share of the Annual Hot Water Facility Cost shall be determined by multiplying the Annual Hot Water Facility Cost for each calendar year by a fraction, the numerator of which shall be the total number of BTUs of heat drawn from the hot water lines serving the premises during said calendar year, and the denominator of which shall be the Annual Total Hot Water Reading as hereinafter defined for said calendar year. The Lessee's pro rata share of the Annual Chilled Water Facility Cost shall be determined by multiplying the Annual Chilled Water Facility Cost for each calendar year by a fraction, the numerator of which shall be the total number of BTUs absorbed by the chilled water lines serving the premises during said calendar

year, and the denominator of which shall be the Annual Total Chilled Water Reading as hereinafter defined for said calendar year.

(d) (i) The Annual Total Facility Cost for the portion of the calendar year commencing on May 4, 1993, and ending on December 31, 1993, shall consist of the sum of the following:

(1) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement and determined at the rate or rates provided for in the Cogeneration Agreement on a principal amount of (2.a.)

(2) The amount of interest payable by the Port Authority from and after June 15, 1992, to KIAC pursuant to the Cogeneration Agreement for expenditures for capital improvements that are useable and useful and that have the potential to provide both an immediate benefit to the operation of the Facility prior to Commercial Operation and would provide a continuing and significant benefit to the operation of the Cogeneration Facility after Commercial Operation;

(3) The Annual Facility Operating and Maintenance Charge as defined in paragraph (g) hereof, appropriately prorated.

(ii) The Annual Total Facility Cost for the calendar year commencing on January 1, 1994, and ending on December 31, 1994, shall consist of the sum of the following:

(1) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement and determined at the rate or rates provided for in the Cogeneration Agreement on (A) a principal amount of (2.a.) for the portion of such calendar year commencing on January 1, 1994, and ending on May 3, 1994, plus (B) a principal amount of (2.a.) for the portion of such calendar year commencing on May 4, 1994, and ending on December 31, 1994;

(2) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement for expenditures for capital improvements that are useable and useful and that have the potential to provide both an immediate benefit to the operation of the Facility prior to Commercial Operation and would provide a continuing and significant benefit to the operation of the Cogeneration Facility after Commercial Operation;

(3) The Annual Facility Operating and Maintenance Charge as defined in paragraph (g) hereof.

(iii) The Annual Total Facility Cost for the calendar year commencing on January 1, 1995, and ending on December 31, 1995, shall consist of the sum of the following:

(1) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement and determined at the rate or rates provided for in the Cogeneration Agreement on (A) a principal amount of (2.a.) for the portion of such calendar year commencing on January 1, 1995, and ending on May 3, 1995, plus (B) a principal amount of (2.a.) for the portion of such calendar year commencing on May 4, 1995, and ending on December 31, 1995;

(2) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement for expenditures for capital improvements that are useable and useful and that have the potential to provide both an immediate benefit to the operation of the Facility prior to Commercial Operation and would provide a continuing and significant benefit to the operation of the Cogeneration Facility after Commercial Operation;

(3) The Annual Facility Operating and Maintenance Charge as defined in paragraph (g) hereof.

(iv) The Annual Total Facility Cost for each year commencing on and after January 1, 1996, shall consist of the sum of the following:

(1) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement and determined at the rate or rates provided for in the Cogeneration Agreement on a principal amount of (2.a.)

(2) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement for expenditures for capital improvements that are useable and useful and that have the potential to provide both an immediate benefit to the operation of the Facility prior to Commercial Operation and would provide a continuing and significant benefit to the operation of the Cogeneration Facility after Commercial Operation;

(3) The Annual Facility Operating and Maintenance Charge as defined in paragraph (g) hereof.

(e) (i) The Annual Hot Water Facility Cost shall be 27.8% of the Annual Total Facility Cost.

(ii) The Annual Chilled Water Facility Cost shall be 72.2% of the Annual Total Facility Cost.

(f) (i) The total amount of BTUs of heat drawn during each calendar year from the hot water lines emanating from the Facility as measured by the meters installed at all the terminals, facilities, structures and buildings at the Airport, but only within the Central Terminal Area as defined in Section 74 hereof, including the premises but excluding Buildings 181, 182 and 184, receiving such hot water from the Facility shall be ascertained for each calendar year and is hereinafter called the "Annual Total Hot Water Reading" and the total amount of BTUs absorbed during each calendar year by the chilled water lines emanating from the Facility as measured by the meters installed at all the terminals, facilities, structures and buildings at the Airport, but only within the Central Terminal Area as defined in Section 74 hereof, including the premises but excluding Buildings 181, 182 and 184, receiving such chilled water from the Facility shall be ascertained for each calendar year and is hereinafter called the "Annual Total Chilled Water Reading". The Port Authority has installed or will install and maintain all appropriate meters and heat exchangers including those in the premises.

(ii) If any meter or meters fail to record the amount of consumption, the amount of consumption during the period such meter or meters are out of service will be considered to be the same as the consumption for a like period either immediately before or after the interruption, as elected by the Port Authority. In making meter readings and ascertaining consumption for each calendar year, in addition to all readings to be taken during the calendar year, readings shall be taken as soon as practicable to the beginning of each calendar year or at the end of each calendar year.

(g) The service of the Port Authority in furnishing, supplying, activating, cleaning, testing, providing, maintaining, repairing, servicing and operating the Facility and the hot water and chilled water emanating therefrom is hereinafter called the "Facility Service". The Cogeneration Agreement provides that KIAC shall furnish most aspects of the Facility Service to the Port Authority. The Annual Facility Operating and Maintenance Charge shall mean the cost to the Port Authority of the Facility Service for each calendar year. Without limiting the generality of the provisions of this paragraph the said cost to the Port Authority shall include, but not be limited to, the Port Authority's payments to KIAC for the provision of the Facility Service. Said Cost shall be determined in accordance with the Port Authority's normal accounting practice and shall consist of the following:

(i) The cost of all fuel, water, electricity and any other utilities and components used, consumed or employed. The cost of water shall include the cost to the Port Authority of sewage and other services based upon water charges or consumption. In the event furthermore that the City or State of New York is now furnishing services with or without charge therefor which in any way affect the Facility Service, and shall hereinafter impose charges or increase existing charges for such services, the said charges or

increase in charges as may be imposed or assessed against the Port Authority shall be deemed a part of the cost under this item (i);

(ii) On-the-job payroll costs of employees and supervisory personnel (including Facility supervisors, foremen and clerks) working in the Facility Service, including but not limited to contributions to any retirement system or the cost of or participation in any pension plans or the like, social security, old age, survivors, disability and unemployment insurance and other insurance costs, sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port Authority policy to or with respect to said employees and personnel;

(iii) The cost (including rental charges) of materials, equipment, machinery and supplies used and the cost of maintaining, cleaning, repairing and servicing the same;

(iv) (1) Payments to contractors and any other third persons, firms or corporations for the performance of services;

(2) Payments to KIAC by the Port Authority under the Cogeneration Agreement in connection with the Facility Service;

(v) Payments of premiums (or to the extent of self-insurance an amount equivalent to what the premiums would have been) for insurance on the Facility and the Facility Service, including without limitation thereto, fire and extended coverage, workmen's compensation and comprehensive general liability;

(vi) Any other direct costs as charged under the Port Authority's normal accounting practice;

(vii) Fifteen percent of the sum of all of the foregoing items (i) through (vi);

(viii) (1) There shall be deducted from item (vii) hereof an amount as hereinafter defined and herein called the "utility credit".

(2) The utility credit shall mean the amount of or fifteen percent (15%) of the sum of the "electricity credit", the "gas credit" and the "fuel oil credit" all as hereinafter defined, whichever is less.

(3) The electricity credit shall be an amount determined by dividing the amount paid by the Port Authority for the fuel adjustment factor portion of electricity covered by item (i) hereof by the total number of kilowatt hours (KWH) of electricity covered by said item (i) hereof, and subtracting from the quotient obtained thereby the amount of $ per KWH, and multiplying the

resulting difference or $0.01710 per KWH, whichever is less, by the total KWH of electricity covered by item (i) hereof.

(4) The gas credit shall be an amount determined by dividing the amount paid by the Port Authority for illuminating gas covered by item (i) hereof by the total number of thousands of cubic feet (MCF) of illuminating gas covered by said item (i) hereof, and subtracting from the quotient obtained thereby the amount of , and multiplying the resulting difference or , whichever is less, by the total MCF of illuminating gas covered by item (i) hereof.

(5) The fuel oil credit shall be an amount determined by dividing the amount paid by the Port Authority for fuel oil covered by item (i) hereof by the total number of gallons of fuel oil covered by said item (i) hereof, and subtracting from the quotient obtained thereby the amount of er gallon, and multiplying the resulting difference or per gallon, whichever is less, by the total gallons of fuel oil covered by item (i) hereof.

(h) The Port Authority shall not be obligated to the Lessee to furnish the services covered by paragraph (c) hereof at any time while the Lessee shall be in default hereunder after the period, if any, herein granted to cure such default shall have expired. The Port Authority shall be under no obligation to provide said services, if and to the extent and during any period that the supplying of such services or the use of any component necessary therefore shall be prohibited or rationed by any federal, state or municipal, law, rule, regulation, requirement, order or direction and if the Port Authority deems it in the public interest to comply therewith, even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency, nor shall the Port Authority be under any obligation to provide such services if and to the extent and during any period that the same are curtailed or stopped because of the need to repair, replace, rebuild or alter the Facility. The services covered by paragraph (c) with respect to the construction work shall commence as of the time the Lessee performs the necessary portion of the said work pertaining thereto and has received the certificate of the Port Authority pertaining to each such portion of the said work pursuant to Section 2 hereof.

(i) No failure, delay or interruption in supplying said services shall be or be construed to be an eviction of the Lessee or grounds for the diminution or abatement of rentals, fees or other charges, or (unless resulting from the negligence or wilful failure of the Port Authority) shall be grounds for any claims by the Lessee for damages, consequential or otherwise.

(j) The amounts payable to the Port Authority pursuant to paragraph (c) hereof are for each calendar year, but in the event the term of this Agreement expires on a day other than the last day of a calendar year, then in each such event the amounts payable to

the Port Authority pursuant to paragraph (c) hereof shall, for the year during which each such event occurs, be for such portion of said year during which the Port Authority provides hot water and chilled water pursuant to paragraph (c) hereof. In determining said amounts, the Annual Total Facility Cost, the Annual Hot Water Facility Cost, the Annual Chilled Water Facility Cost, the Annual Total Hot Water Reading, the Annual Total Chilled Water Reading and the readings of BTUs of heat drawn and of BTUs absorbed in the premises shall be computed, determined and ascertained for each calendar year (or portion thereof in the event mentioned in the first sentence hereof) of the term of this Agreement. Notwithstanding the foregoing and for current monthly or other periodic billing purposes as shall from time to time be selected by the Port Authority, the Port Authority shall establish for each calendar year estimated interim rates for hot water based upon BTUs of heat drawn from the hot water lines emanating from the Facility and estimated interim rates for chilled water based upon BTUs absorbed by the chilled water lines emanating from the Facility. Such estimated rates shall be based upon the Annual Chilled Water Facility Cost, the Annual Hot Water Facility Cost, the Annual Total Hot Water Reading and the Annual Total Chilled Water Reading for the previous calendar year and upon estimated changes in the same or upon such other reasonable basis as the Port Authority may determine. The Lessee shall pay current billings as they are received. Said billings shall be based upon the interim rates and upon the total number of BTUs of heat drawn from the hot water lines serving the premises and the total number of BTUs absorbed by the chilled water lines serving the premises. Said readings shall be measured by the meters serving the premises as described in paragraph (f) hereof. The provisions of subparagraph (ii) of said paragraph (f) shall apply and pertain as well for current billing purposes.

(k) As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the Annual Hot Water Facility Cost and the Annual Chilled Water Facility Cost for the preceding calendar year and shall determine the amounts payable by the Lessee in accordance with the provisions of paragraph (c) hereof. Corrected billings based upon such determination shall thereupon be rendered by the Port Authority to the Lessee and if any monies are due to the Port Authority they shall be promptly paid by the Lessee and if any monies are due to the Lessee they shall be promptly credited to it. In the event the term of this Agreement expires or is sooner terminated on a date other than the last day of a calendar year, the Port Authority shall have no obligation to immediately make the computations as hereinabove provided which would determine the amounts payable by the Lessee in accordance with paragraph (c) hereof for the period during said year when this Agreement was in effect. Said computation shall be made subsequent to the end of the calendar year as hereinabove provided, and if any monies are due to the Port Authority they shall be paid by the Lessee promptly and if any monies are due to the Lessee they shall be promptly paid to it by the Port Authority less such amounts, if any, then owing and due to the Port Authority from the Lessee.

(l) Notwithstanding anything contained in this Section, the Port Authority's obligation to provide hot water and chilled water to the premises shall be limited by the safe and efficient operating capacity of the Facility.

(m) The Lessee has installed or shall install all machinery, equipment and facilities required to be installed in the premises in order to utilize said high temperature hot water and chilled water and has tied into or shall tie into the Facility at the mechanical equipment rooms on the premises. The Lessee hereby agrees that the Port Authority and KIAC and the contractors or suppliers of either of them shall have the right to enter upon the premises to install, operate and maintain the facilities to bring hot water and chilled water to the rooms.

(n) The Port Authority shall keep in an office or offices within the Port of New York District such books, records and accounts as may be necessary or appropriate to record the items and transactions affecting the computation of payments to be made by the Lessee under this Section. The Lessee or its designated representative shall have the right to examine the books and records of the Port Authority during regular business hours in connection with or in respect to any cost incurred, charged, allocated or prorated to the construction, operation or maintenance of the Central Heating and Refrigeration Facility to the extent that such affect the computation of such payments by the Lessee, it being understood that the Lessee shall have no right to inspect such parts thereof as pertain to any cost or expense which is part of the cost of administration and overhead which is covered by item (vii) of paragraph (g) of this Section.

(o) In the event of the termination of the Cogeneration Agreement, if the facilities at the Airport therefor are, in the opinion of the Port Authority, economically operable, the Port Authority, itself or pursuant to agreement with a contractor or permittee, shall supply hot water and chilled water to the premises and the Lessee shall take and pay therefor with the Annual Facility Operating and Maintenance Charge therefor to be the amount that would reimburse the Port Authority for its capital and operating costs in connection therewith determined in accordance with the Port Authority's normal accounting practice.

Section 53A. Cogeneration Facility

Effective on a date to be stated in a notice from the Port Authority to the Lessee, the foregoing provisions of Section 53 of this Agreement shall be deemed deleted therefrom (this deletion not to affect or limit the obligation of the Lessee to pay all sums due under the said superseded Section 53 prior to the aforesaid effective date) and the following shall be deemed inserted in lieu thereof:

"Section 53. Hot Water and Chilled Water Requirements

(a) (i) The Port Authority has entered into agreements consisting of an Energy Purchase Agreement dated as of April 28, 1993, a Construction and Operations Agreement, dated as of April 28, 1993, and an Agreement of Lease, dated as of April 28, 1993, (hereinafter as the same may be supplemented, amended and extended from time to time collectively and individually called the "Cogeneration Agreement") with KIAC Partners, a New York General Partnership (hereinafter called "KIAC"), for the construction, installation and operation of a cogeneration facility at the Airport which will include portions of the Central Heating and Refrigeration Facility previously operated by the Port Authority at the Airport and which cogeneration facility will produce electricity, hot water (hereinafter called "Hot Water") and chilled water (hereinafter called "Chilled Water") and which cogeneration facility is hereinafter called the "Cogeneration Facility". The Cogeneration Facility shall include a thermal distribution system (the "TDS") including distribution lines extending to the premises as provided in paragraph (f) below.

(ii) The Lessee acknowledges that it has received a copy of the Cogeneration Agreement and agrees that the supply by KIAC of Hot Water and Chilled Water to the premises is subject to all of the terms and provisions of the Cogeneration Agreement. The Lessee agrees that the Port Authority may grant waivers, consents and approvals to KIAC from time to time and the Port Authority and KIAC may supplement, amend or extend the Cogeneration Agreement, except to the extent provided in paragraph (i) below, from time to time and that the Lessee shall be subject to any such waivers, consents and approvals and supplements, amendments, and extensions as part of the Cogeneration Agreement. Copies of any such supplements, amendments and extensions will be made available to the Lessee upon request by the Lessee therefor.

(b) (i) The Cogeneration Agreement provides, among other things, that the Port Authority will purchase from KIAC for resale to the Lessee, and the Lessee hereby agrees that it will accept and purchase from the Port Authority from and after the date stated in a notice from the Port Authority (the "Cogeneration Effective Date"), subject to all of the terms and conditions of the Cogeneration Agreement, for use on the premises, to the extent the same is delivered by KIAC to the Port Authority and by the Port Authority to the Lessee, all of the Lessee's requirements at the premises for Hot Water and Chilled Water (excluding requirements exclusively for aircraft and loading bridges leading to aircraft); and the Lessee hereby agrees to pay the Port Authority therefor as follows:

(1) The Lessee acknowledges and agrees that the charge to the Lessee by the Port Authority for the Lessee's consumption of Hot Water and Chilled Water at the premises and Chilled Water makeup water and chemical treatment of makeup water (due to system leakage at the premises or otherwise) shall be the sum of (A) the amount payable by the Port Authority to KIAC therefor

pursuant to the Cogeneration Agreement, plus (B) Five Percent (5%) of the foregoing and plus (C) all applicable taxes.

(2) The Lessee acknowledges that pursuant to the Cogeneration Agreement KIAC will furnish the Port Authority with measurements of the Lessee's consumption of (A) Hot Water based upon energy drawn by the Lessee from KIAC's Hot Water distribution lines, (B) Chilled Water based upon the energy absorbed from the Lessee by KIAC's Chilled Water distribution lines and (C) Chilled Water makeup water and chemical treatment of makeup water consumed on the premises, and the Lessee agrees that the provisions of the Cogeneration Agreement with respect to the accuracy of such measurements, the redetermination of such measurements in the event of inaccurate registration by metering devices, and the use of estimates in the event of the failure of such metering devices shall all be applicable to the Lessee under this Agreement as though set forth in full herein.

(3) The Lessee acknowledges that the Cogeneration Agreement provides that KIAC shall provide estimated bills to the Port Authority for consumption of Hot Water and Chilled Water on a monthly basis commencing approximately ten (10) days after the Cogeneration Effective Date for the first calendar month or portion thereof and on or about the tenth day of the month for each calendar month thereafter. KIAC is then to render a final bill with respect to each estimated bill approximately ten (10) days after the conclusion of the said month together with the estimated bill for the then current month.

(4) Notwithstanding such arrangement between KIAC and the Port Authority, the Port Authority shall, with respect to each calendar year or fraction thereof, establish estimated unit rates, subject to change from time to time by the Port Authority, for the consumption on the premises of Hot Water and Chilled Water and shall render an estimated bill to the Lessee for the Lessee's consumption at such estimated rates monthly on the last day of the calendar month following each full or partial calendar month during the term hereof after the Cogeneration Effective Date which bill shall be payable on receipt.

(5) As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the amounts payable by the Lessee in accordance with the provisions of subparagraphs (1), (2) and (3) of this paragraph (b). A corrected billing based upon such determination shall thereupon be rendered by the Port Authority to the Lessee and if any monies are due to the Port Authority they shall be promptly paid by the Lessee and if any monies are due to the Lessee they shall be credited to it. In the event the term of this Agreement expires or is sooner terminated on a date other than the last day of a calendar year, the Port Authority shall have no obligation to immediately make the computations as hereinabove provided which would determine the amounts payable by the Lessee in accordance with subparagraphs (1), (2) and (3) of this paragraph (b) for the period during said year

when this Agreement was in effect. In the event this Agreement expires on a day other than the last day of a calendar month and the actual consumption of and charges to the Lessee for such portion of the calendar month are not available, the charge to the Lessee shall be equitably prorated. Said computations shall be made subsequent to the end of the calendar year as hereinabove provided, and if any monies are due to the Port Authority they shall be paid by the Lessee and if any monies are due to the Lessee they shall be paid to it by the Port Authority less such amounts, if any, then due and owing to the Port Authority from the Lessee.

(6) The Port Authority shall render a bill to the Lessee from time to time for the Lessee's Chilled Water distribution gallonage which shall be payable upon receipt. The charge therefor shall be based on KIAC's charge to the Port Authority for makeup water and chemical treatment of makeup water and shall be determined in accordance with subparagraphs (1) and (2) of this paragraph (b).

(7) In the event that the Lessee disputes any item of an estimated or final bill, the Lessee shall promptly pay the bill in full and the Port Authority shall make any necessary adjustments only after resolution of such dispute.

(ii) The Lessee agrees that in order that KIAC or any successor thereto may maintain the status of the Cogeneration Facility as a "qualifying cogeneration facility" under applicable Federal laws, rules and regulations ("QF Status") including the Public Utility Regulatory Policies Act of 1978 as the same may be amended and any successor statute thereto, the Lessee shall, at all times it is operating the premises for the purposes permitted in this Agreement, purchase from the Port Authority and use on an annual basis a minimum amount of thermal energy contained in Hot Water and Chilled Water produced by use of steam from the Cogeneration Facility equivalent to the lesser of (1) an amount that, together with all thermal energy contained in Hot Water and Chilled Water purchased and used by the Port Authority and all other lessees of premises in the Central Terminal Area, is sufficient to maintain the QF status of the Cogeneration Facility and (2) the product of (x) 167,379 mmBTUs of thermal energy, which is one-third of the use of thermal energy contained in Hot Water and Chilled Water in the Central Terminal Area of the Port Authority and the lessees of premises in the Central Terminal Area in the year ended December 31, 1989, and (y) a fraction, the numerator of which is the amount of the Lessee's use of thermal energy contained in Hot Water and Chilled Water at the premises in the most recent complete calendar year preceding the applicable date of determination and the denominator of which is the amount of all use in the Central Terminal Area of thermal energy contained in Hot Water and Chilled Water in such calendar year.

(iii) It is agreed that during or subsequent to the expiration of this Agreement no charge to or payment by the Lessee with respect to Hot Water, Chilled Water or Chilled Water distribution gallonage shall be included in, affect, or change in

any way the calculation and determination of Port Authority costs or charges under any other agreement between the Lessee and the Port Authority at the Airport and any such Port Authority cost or charge shall be calculated and determined as if no charge to or payment by the Lessee with respect to Hot Water or Chilled Water had been incurred.

(c) THE LESSEE HEREBY WAIVES AND RELINQUISHES for itself, its successors and assigns any right it may have, and further agrees that it, its successors and assigns shall have no right, to manufacture or produce, to cause to be manufactured or produced, or to purchase or receive from any third party, Hot Water or Chilled Water for use on the premises or to use any other manner of air cooling or air heating at the premises (except for space heating or air conditioning of aircraft and loading bridges leading to aircraft) except to purchase, receive and use Hot Water and Chilled Water from the Port Authority pursuant to this Agreement.

(d) There shall be no obligation to the Lessee by either KIAC or the Port Authority to furnish the goods and services covered by this Section at any time (i) while any component necessary therefor shall be prohibited or rationed by any federal, state or municipal, law, rule, regulation, requirement, order or direction or while the Port Authority deems it in the public interest to comply therewith even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency, (ii) while the same are curtailed or stopped because of the need to repair, replace, rebuild or alter the Cogeneration Facility, (iii) during the continuance of any event of Force Majeure, as such term is defined in the Cogeneration Agreement or (iv) that the Lessee shall be in default under this Agreement after the period, if any, herein granted to cure such default shall have expired. No failure, delay or interruption in supplying said goods and services shall be or be construed to be an eviction of the Lessee or grounds for the diminution or abatement of rentals, fees or other charges, nor shall any such failure, delay or interruption be grounds for any claim, direct or indirect, by the Lessee for damages, consequential or otherwise, against the Port Authority. In the event of the failure of KIAC to supply Hot Water or Chilled Water to the premises as provided in the Cogeneration Agreement, which failure KIAC shall not either correct or be diligently pursuing the correction of, within the period provided for the same in the Cogeneration Agreement, the Port Authority shall direct KIAC to take corrective action as provided in the Cogeneration Agreement.

(e) Without limiting any other provision of this Section, any supply of Hot Water or Chilled Water to the premises from the Cogeneration Facility shall be limited by the safe and efficient operating capacity of the Cogeneration Facility as determined by KIAC and as approved by the Port Authority.

(f) (i) The Lessee has installed or shall install all machinery, equipment and facilities required to be installed in the premises in order to utilize Hot Water and Chilled Water to be

distributed and has tied into or shall tie into the TDS at the heat exchangers, heretofore installed by the Port Authority or to be installed by KIAC, in the mechanical equipment rooms constructed by the Lessee on the premises.

(ii) The Lessee hereby agrees that the Port Authority, KIAC and the contractors or suppliers of either of them each shall have the right, subject to and as provided in Section 21 hereof, to enter upon the premises to install, operate and maintain any part of the Cogeneration Facility located thereon including but not limited to the aforesaid TDS and heat exchangers.

(g) In the event the Cogeneration Agreement is terminated and the facilities for the production of Hot Water and Chilled Water at the Airport exist and are, in the opinion of the Port Authority, economically operable, the Port Authority itself or pursuant to agreement with a contractor or permittee shall supply Hot Water and Chilled Water to the premises and the Lessee shall take and pay therefor at the same charge to the Lessee which would be applicable as if the Cogeneration Agreement had been in full force and effect, provided, however, that notwithstanding any other provision of this Section, the charge therefor to the Lessee shall in no event be less than an amount that would reimburse the Port Authority for its capital and operating costs in connection therewith determined in accordance with the Port Authority's normal accounting practice and provided, further, that if the Port Authority should itself supply, or enter into any agreement with a contractor or permittee to supply, Hot Water and Chilled Water to the premises at a lower capital and operating cost to the Port Authority than that equivalent to the charges to the Lessee which would have been applicable under the Cogeneration Agreement, such charges therefore to the Lessee shall be appropriately adjusted. In addition, the Port Authority may, in its discretion, make or consent to arrangements on one or more occasions with a third party or parties to succeed to KIAC's operation of all or any part of the Cogeneration Facility and the Lessee shall continue to be obligated to purchase Hot Water and Chilled Water from the Port Authority pursuant to this Agreement, at the rates provided for in the Cogeneration Agreement.

(h) Neither the Port Authority nor KIAC shall have any liability to the Lessee for any facilities installed by the Lessee on the premises in connection with the use of Hot Water and Chilled Water hereunder or for any investment made in connection with the use of Hot Water and Chilled Water.

(i) The Port Authority shall have the right to grant waivers, consents and approvals with respect to the Cogeneration Agreement and to enter into amendments, supplements or extensions of the Cogeneration Agreement with KIAC or any similar agreement with any successor operator of the Cogeneration Facility or other provider of Hot Water and Chilled Water at the Airport provided, however, that, except as otherwise provided by law, the Port Authority will not enter into any amendment, supplement or extension

of the Cogeneration Agreement which will result in a change in the formula used to calculate the Hot Water and Chilled Water rates payable by the Lessee which change results (i) in Hot Water and Chilled Water rates per unit consumed payable by users, including the Lessee, which vary depending on the volume of Hot Water or Chilled Water consumed by users, including the Lessee, or (ii), in an increase in the rates payable by users, including the Lessee, pursuant to such formula (the Lessee hereby acknowledging that such formula may, according to its terms, provide for such rates to be adjusted from time to time) without (x) providing the lessees of premises in the central Terminal Area that purchased and used Hot Water and Chilled Water during the last full calendar year preceding the effective date of such amendment, supplement or extension with detailed information respecting the proposed amendment, supplement or extension and discussing the same with such lessees and (y) the consent of the lessees (including the Port Authority as and to the extent that the Port Authority uses Hot Water and Chilled Water) of premises that purchased and used at least Fifty-one percent (51%) of the aggregate Hot Water and Chilled Water purchased and used in the Central Terminal Area during the last full calendar year preceding the effective date of such amendment, supplement or extension and (z), in the event the Port Authority itself purchased and used at least Fifty-one percent (51%) of the aggregate Hot Water and Chilled Water, as aforesaid, obtaining the consent of one or more other such Central Terminal Area lessees."

Section 54. Public Parking Facility

(a) The Public Parking Facility (hereinafter in this Section called ("the Facility") shall include only the portion of the surface of the roof of Building No. 53 in Area IB (hereinafter in this Section the "Area IB Terminal Building") upon which the actual public parking area is located, the vehicular ramps between the roof of the Area IB Terminal Building and the next lower level, the stairway and stairwell between the roof of the Area IB Terminal Building and the next lower level, all roadways and pedestrian circulation areas on said roof excluding any which may be in the Private Parking Facility, the structure housing the elevator serving said roof, other structures erected on said roof for use in connection with the operation of the Facility, and appropriate fencing, lighting and such other equipment, installations and improvements (other than those to be provided by the Port Authority pursuant to paragraph (c) hereof). The structural supporting frame of the Area IB Terminal Building, the roof (other than outer surface thereof) and all other structural members of the Area IB Terminal Building shall not be or be deemed to be a part of the Facility and shall be deemed to be a part of the Area IB Terminal Building.

(b) The Facility shall be operated as a motor vehicle parking facility to be made available to the general public and others. The Lessee, its passengers, patrons, employees and business guests shall have no priority of any kind and no rights of any kind to the use of the Facility greater than those of the general public. The Facility shall be operated by a contractor, selected from time

to time and at any time, by the Port Authority (hereinafter called "the Parking Contractor"). The Port Authority reserves the right, but shall have no obligation of any kind, to operate the Facility itself. The Port Authority shall have full, sole and absolute determination as to the rates to be charged at the Facility, the operation of the Facility, the number and size of spaces, the location and number of the entrances and of the exit lanes, the hours and times of operation, the security procedures therefor, the need or desirability of installing new or additional equipment or new construction, and any and all other matters pertaining to the Facility and the operation thereof. The Port Authority agrees that the rates to be charged for parking at the Facility shall be structured so as to encourage short term parking and to discourage long term parking at the Facility. As of the effective date of this Agreement, long term parking shall be deemed to mean consecutive parking in excess of four hours. The Port Authority reserves the right from time to time during the term of the Agreement to change the definition of long term parking. All revenues of whatever kind or nature arising out of or in any way connected with the Facility or the operation thereof shall belong to and be retained by the Port Authority.

The Port Authority shall endeavor to keep the Facility open and available for use by the general public. It is, however, hereby expressly agreed to by the Lessee that the Port Authority shall not be obligated or liable to the Lessee in any manner whatsoever in the event the Facility for any reason whatsoever is not open for such use for any period or periods during the term of this Agreement, unless the same shall be due to a deliberate, affirmative policy of the Port Authority and the Port Authority has not rectified such policy within a reasonable time after receipt of notice so to do from the Lessee, except for causes or conditions or circumstances beyond the control of the Port Authority.

(c) The Port Authority shall have the right to install or cause to be installed at the Facility all equipment, machinery and devices pertaining to the collection of charges from patrons of the Facility, any and all equipment located in the structure or structures at the Facility where personnel of the Parking Contractor and/or the Port Authority may be stationed, and any and all other equipment, machinery and devices which the Port Authority shall from time to time during the term of the Lease deem necessary or desirable for or in connection with the operation of the Facility, other than those required to be furnished or supplied by the Lessee. The Port Authority shall have the right to install and maintain all appropriate lines and conduits over, in or under the premises if connections to any of the foregoing are necessary and desirable to locations off the premises. All of the foregoing is in this Section referred to as "the Equipment". Notwithstanding anything contained in this Lease, the Equipment shall not be or be deemed to be a part of the premises and the Lessee shall have no rights of any kind with respect to the same.

(d) The Lessee hereby grants to the Port Authority, its employees, representatives, agents, contractors, suppliers of material and furnishers of services, and to all members of the general public and others who wish to use the Facility, the full and absolute right at any and all times, during the hours of operation to use such portions of the circulation areas of Area IB, the elevators in Area IB serving the Facility, and any other portions of the premises as may be necessary or appropriate for the purpose of ingress to and egress from the Facility. The Lessee hereby agrees at its sole cost and expense to promptly remove all snow, ice and sleet and to promptly perform all other activities and functions as may be necessary or proper to keep said portions of the said circulation areas, said elevators and other parts of the premises open and available at all times for such purpose of ingress and egress.

(e) The Lessee shall:

(1) Keep the Facility at all times in a clean and orderly condition and appearance;

(2) Remove all snow, ice and sleet from the Facility;

(3) Take good care of the Facility and maintain the same at all times in good condition, perform all necessary preventive maintenance, including but not limited to painting (only in colors which have been approved by the Port Authority); and make all repairs and replacements, and do all rebuilding and repaving, which repairs, rebuilding, repaving and replacements by the Lessee shall be in quality and class not inferior to the original in materials and workmanship;

(4) Remove from the Airport or otherwise dispose of a in a manner approved by the General Manager of the Airport all garbage, debris, and other waste materials (whether solid or liquid) arising out of its obligations hereunder at the Facility;

(5) Perform such other operations and provide such other services with respect to the Facility not otherwise required of the Lessee under other provisions of this Lease as the Port Authority from time to time may direct;

(6) Supply such quantities of electricity, water, heat and any other utility to the Facility as the Port Authority may from time to time direct, and

(7) Perform such security operations as shall be necessary or appropriate for the Lessee and/or its contractor to comply with all Port Authority requirements for the security of the Facility including without limitation providing security personnel to secure and patrol the Facility and security equipment, including the operation and maintenance thereof as the Port Authority may from time to time direct.

All obligations as set forth in this paragraph (e) to be performed by the Lessee at the Facility shall be hereinafter referred to in this Section as "the Lessee's Facility Obligations". All other obligations the Lessee has with respect to the Facility under any other term, condition, covenant or provision of the Lease shall not be a part of the Lessee's Facility Obligations, but nothing herein contained shall be deemed to limit, affect or release the Lessee from the performance of such obligations.

(f) The Lessee's Facility Obligations shall be performed in such manner, to such standards and at such times as the Port Authority at any time and from time to time during the term of the Lease shall determine. In the event the Lessee fails to perform any part of the Lessee's Facility Obligations or fails to perform the same in a manner satisfactory to the Port Authority, the Port Authority may, at its option, and in addition to any other remedies which may be available to it, perform itself or cause to be performed by third parties all or any portion of the Lessee's Facility Obligations, and the cost thereof as determined by the Port Authority's normal accounting practice shall be payable by the Lessee to the Port Authority on demand. The Port Authority may at any time and from time to time reimpose upon the Lessee its obligation to perform all or such portion of the Lessee's Facility Obligations which the Port Authority had at any time itself undertaken or caused to be performed by third parties.

(g) (1) The term "Lessee's Annual Operating Cost" shall mean an agreed upon sum determined as hereinafter provided and shall represent the Lessee's cost for performing all of the Lessee's Facility Obligations for an annual period, (as hereinafter defined) except those covered by subparagraphs (5), (6) and (7) of paragraph (e) hereof and except for Major Maintenance as hereinafter defined. The Lessee's Annual Operating Cost for the first annual period shall mean the sum of $40,000. Before the commencement of the second annual period and before the commencement of the fifth, eighth, eleventh, fourteenth, seventeenth, and twentieth year annual periods and before the twenty third annual period if there is an extension of the term hereunder pursuant to Section 3A hereof, the Port Authority and the Lessee shall determine the amount which shall constitute Lessee's Annual Operating Cost for the next three annual periods. It is hereby understood and agreed that it is the intention of the parties hereto that the Lessee shall perform the Lessee's Facility Obligations hereunder during the term of this Lease and that the only reason for providing for mutual determination of the Lessee's Annual Operating Cost as aforesaid for each three-year period is the uncertainty at the commencement of the term of the Lease of the amount which would properly constitute the Lessee's actual cost for performing the Lessee's Facility Obligations for the entire term of the Lease. In determining the Lessee's Annual Operating Cost for each three year period, the parties shall seek to determine the Lessee's actual cost of performing the Lessee's Facility Obligations for such three year period, which cost shall be deemed to mean only the Lessee's on-the-job payroll cost, the cost of materials, equipment and supplies

and/or payments to independent third party contractors in the performance of the Lessee's Facility Obligations. There shall also be taken into account the fact that some of the Lessees's Facility Obligations serve and benefit the Private Parking Facility as well. The Lessee shall initially submit a proposal as to what it believes the Lessee's Annual Operating Cost should be. This proposal shall be based upon the audited and verified costs the Lessee has incurred for the preceding three annual periods (or the first annual period only in the case of the first proposal), and true and valid projections of the same shall be the basis of the mutual determination of the Lessee's Annual Operating Cost for the next three annual periods.

The Lessee and the Port Authority hereby agree to negotiate in good faith in arriving upon a mutually agreed upon amount to constitute the Lessee's Annual Operating Cost for each such three year period and also hereby agree that such agreed upon amount of the Lessee's Annual Operating Cost for each such three year period shall be set forth in writing signed by the Lessee and the Port Authority.

In the event the parties shall have failed to arrive upon agreement on the amount which should be the Lessee's Annual Operating Cost prior to the commencement of the annual period to which it would be applicable, the Lessee shall continue to perform the Lessee's Facility Obligations hereunder, unless and until the Port Authority exercises its rights under paragraph (i) hereof and the Lessee shall continue to be paid for the performance of the Lessee's Facility Obligations on the basis of the Lessee's Annual Operating Cost for the preceding annual period, which payments shall be retroactively adjusted at such time as the parties shall have agreed on the amount of the applicable Lessee's Annual Operating Cost, but if no such agreement is reached, no adjustment will be made.

(2) Major Maintenance shall be deemed to mean an instance where the Lessee is required to perform an item of repair, of replacement, of painting, or repaving or of rebuilding on the Facility pursuant to the provisions of subparagraph (3) of paragraph (e) hereof, where the Lessee's cost of such item shall exceed $700.00. The Lessee's cost as used herein shall be deemed to mean only the Lessee's on-the-job payroll cost, the cost of material, equipment and supplies and payments to independent third party contractors, and taking into account the fact that the item of Major Maintenance may serve or benefit the Private Parking Facility as well. In the event that the performance of an item of Major Maintenance is required of the Lessee pursuant to subparagraph (3) of paragraph (e) hereof, or in the event operations or services are required of the Lessee pursuant to subparagraph (5) of paragraph (e) hereof, the same shall not be performed by the Lessee unless prior to the commencement of performance the Port Authority and the Lessee have agreed upon the amount to be paid by the Port Authority to the Lessee for the same. The Lessee and the Port Authority hereby agree

to negotiate in good faith in arriving upon such mutually agreed upon price.

The Port Authority may, at its option and without any obligation so to do, from time to time during the term of the Agreement, perform itself or cause to be performed by third parties any item of Major Maintenance and any operation or service of the type covered by subparagraph (5) of paragraph (e) hereof.

(3) The term "Major Maintenance Price" shall mean the amount agreed upon between the Port Authority and the Lessee to be paid by the Port Authority for an item of Major Maintenance.

(4) The term "Subparagraph (5) Price" shall mean the amount agreed upon by the Port Authority and the Lessee to be paid to the Lessee for a service or operation to be provided by the Lessee under subparagraph (5) of paragraph (e) hereof.

(5) The term "Utility Cost" shall mean the cost to be determined by agreement from time to time of the parties during the term hereof with respect to any utility actually supplied and paid for by the Lessee to the Facility based on estimates of consumption and cost, and taking into account the fact that the utility may serve or benefit the Private Parking Facility as well.

All of the amounts payable by the Port Authority to the Lessee under this paragraph (g) are hereinafter collectively called "the Lessee's Charges". They shall be set forth in the statement of the Lessee covered by subparagraph (1) of paragraph (h) as incurred for the preceding month, and with respect to the Lessee's Annual Operating Cost, one-twelfth of the same shall be so included and shall be called the "Lessee's Monthly Operating Cost".

(h) (1) On or before the twentieth day of the month following the effective date of this Agreement and on or before twentieth day of each and every month thereafter during the term of this Agreement, including the month following the expiration or earlier termination of said term, the Lessee shall submit to the Port Authority a detailed statement setting forth the Lessee's Charges for the preceding calendar month and such other additional information the Port Authority may from time to time require pertaining to the Lessee's Facility Obligations for the preceding calendar month.

(2) The Lessee shall submit to the Port Authority not later than thirty (30) days after the end of each annual period a cumulative detailed statement setting forth the matters required to be set forth under subparagraph (1) above for said annual period.

(3) The Lessee shall submit to the Port Authority not later than thirty (30) days after the end of each annual period and not later than three months before the end of an annual period when the Lessee's Annual Operating Cost for the succeeding annual period is to be determined in accordance with paragraph (g) hereof a

cumulative detailed statement setting forth the amount of the Lessee's actual cost in performing the Lessee's Facility Obligations as defined in paragraph (g) (1) for the preceding annual period or the preceding nine months as the case may be.

(4) All statements required hereunder shall be prepared in accordance with sound accounting practice acceptable to the Port Authority. In addition the annual statements required under subparagraphs (2) and (3) hereof shall be certified by a fiscal officer of the Lessee. Each statement shall be subject to verification and audit by the Port Authority. No payments or credits made or given by the Port Authority shall be deemed to be final until the statement upon which the payment or credit is based has been approved by the Port Authority. However, no payment or credit, final or otherwise, shall operate to release the Lessee from any of its obligations under this Lease. The Lessee shall permit, in ordinary business hours for a period of 4 years during the term of this Agreement, and for one year thereafter, the examination and audit by the officers, employees and representatives of the Port Authority or such records and books of account and also any records and books of account of any company which is owned or controlled by the Lessee or which owns or controls the Lessee, if said company performs services similar to those performed by the Lessee anywhere in the Port of New York District.

(i) In the event and for whatever reason the parties have failed to agree upon the amount to constitute the Lessee's Annual Operating Cost prior to the commencement of an annual period where agreement on the amount is applicable, the Port Authority shall have the right upon at least 30 days' prior written notice to the Lessee to terminate the performance by the Lessee of the Lessee's Facility Obligations under this Section 54 and from and after the effective date stated in said notice the Lessee shall no longer perform the Lessee's Facility Obligations. If the parties have not reached agreement by the expiration of six months after the commencement of an annual period in which a determination of the Lessee's Annual Operating Cost is applicable, and if the Port Authority had not terminated the Lessee's Facility Obligations as hereinabove provided, then the provisions of this Section 54 covering the performance by the Lessee of the Lessee's Facility Obligations shall cease and terminate as of such date.

In the event of termination or cessation as aforesaid the Port Authority shall have the right by itself or by a third party contractor to perform any and all services including but not limited to the Lessee's Facility Obligations which it shall deem necessary or desirable in connection with the operation of the Facility. Termination or cessation of the Lessee's Facility Obligations shall not release or relieve the Lessee from any other obligations it has under the Lease which may affect or pertain to the Facility. Notwithstanding the foregoing the Lessee shall continue to provide to the Port Authority the utilities covered by subparagraph (5) of paragraph (e) hereof, to be paid for as provided in subparagraph (5) of paragraph (g) hereof.

Termination or cessation hereunder shall not be deemed to waive any other rights or remedies which may be available to the Port Authority either at law or in equity arising out of the fact that the parties failed to agree on the amount of the Lessee's Annual Operating Cost.

Payments to the Lessee for the portion of the annual period in which termination or cessation takes place as aforesaid shall be made on the basis of the Lessee's Annual Operating Cost for the preceding annual period. Thereafter the Lessee shall pay to the Port Authority its proper share of the cost to the Port Authority of performing the Lessee Facility Obligations and any other operations and services it may perform or provide as and to the extent that the same serve or benefit the Private Parking Facility. The cost to the Port Authority shall be determined in accordance with its normal accounting practice and payments shall be paid by the Lessee as billed by the Port Authority.

(j) The Port Authority shall pay to the Lessee or at its option credit against the rental obligations of the Lessee hereunder within fifteen (15) days after the receipt of the Lessee's statement submitted in accordance with subparagraph (1) of paragraph (h) hereof, an amount equal to the Lessee's Charges for the month for which said statement is rendered.

(k) The term "Annual Period" as used in this Section shall mean the period of twelve months commencing upon the effective date of this Agreement and each period of twelve months thereafter commencing on the anniversaries of said effective date, provided, however, that if the effective date is other than the first day of a month the first annual period following the effective date shall include the portion of the month subsequent to the effective date plus the succeeding twelve months and each succeeding "annual period" shall commence on the anniversaries of the beginning of the first full 12-month period. In the event the term of the Lease expires on a date other than the date of the expiration of an annual period, the number of months in said annual period shall constitute the full annual period.

(l) In the event that the Lessee does not perform the Lessee's Facility Obligations for any period or periods during the term of this Agreement and for any reason whatsoever including without limitation thereto the performance of the same by the Port Authority or the fact that the Facility shall not be open or available for use by the public, then and without limiting any other remedies which may be available to the Port Authority the Lessee's Monthly Operating Cost shall not be payable for the period of the failure of performance. If such failure to perform is for a period less than a month, the Lessee's Monthly Operating Cost shall be reduced by applying thereto a fraction, the numerator of which shall be the number of days in said calendar month during which the Lessee performed the Lessee's Facility Obligations and the denominator of which shall be the actual number of days in said month. The Lessee

shall not perform the Lessee's Facility Obligations during any period the Facility is not open for use, unless and to the extent that it is directed so to do by the Port Authority, and in such event if all the Lessee's Facility Obligations are performed the total of the Lessee's Monthly Operating Cost shall be payable and if less than all are performed the amount to be paid by the Port Authority to the Lessee shall be subject to agreement of the parties taking into account the provisions of paragraph (g) hereof. It is hereby recognized that the Facility was closed during the period commencing February 26, 1993 through September 28, 1993 and that the Facility was re-opened for use on September 29, 1993.

(m) The Lessee shall not enter into any contract with any independent third party for the performance of any of the Lessee's Facility Obligations without the prior written consent of the Port Authority.

(n) The Lessee shall not assign to any third party the Lessee's rights to the payment of any monies under this Section 54 and any such assignment shall be void as to the Port Authority.

Section 55. Consumer Services

The Lessee acknowledges that various portions of the premises have been and will be utilized for consumer services and said portions which have received and will receive the concurrence of the Lessee and the Port Authority, as hereinafter provided, are herein referred to as "the concession areas". Without limiting the provisions of Section 44 hereof, the Lessee shall develop a comprehensive plan for consumer services, including but not limited to the locations of existing and future concession areas, the amount of services to be provided of the types hereinafter set forth in Sections 56, 57, 58, 59, 60, 61 and 62 hereof, and the types and amounts of any consumer services proposed under Section 63, and the Lessee agrees that it will at all times throughout the term of the Lease keep said comprehensive plan updated and that said updated plan shall be submitted to and be subject to the continuing approval of the Port Authority. The Port Authority shall furnish to the Lessee guidelines to be utilized by the Lessee with respect to all matters affecting consumer services in the concession areas including the Lessee's comprehensive plan.

After approval by the Port Authority of the Lessee's comprehensive plan for consumer services the Lessee shall enter into negotiations or go out for bid, as the circumstances dictate, with respect to the selection of proposed new operators and new agreements with the same. At all times during the negotiation and award procedure the Lessee shall consult with the Port Authority as to all aspects of the proposed arrangements including but not limited to the proposed operators and the financial terms thereof. As hereinafter provided the Lessee will be entering into a direct contract with each new operator but said operator must also enter into an appropriate agreement with the Port Authority. The Lessee shall not finalize negotiations with any operator and shall not

execute any agreement with any proposed operator until it has received notification from the Port Authority that said arrangement is acceptable to the Port Authority and until said operator has indicated that it is prepared to enter into the appropriate contractual agreement with the Port Authority. The foregoing procedure will be followed throughout the term of the Lease. It is expressly understood and agreed that the provisions of this Section shall not limit or be deemed to limit the provisions of Section 44 hereof and the Lessee's on-going affirmative action commitment with respect to the consumer services awards and agreements provided for herein. Without limiting any of the foregoing or any other term or provision of this Agreement, the Lessee understands and agrees that the Lessee's comprehensive plan for consumer services shall comply with the Disadvantaged Business Enterprises requirements of the Federal Aviation Administration and also the requirements of the Port Authority with respect to making contract opportunities available to Disadvantaged Business Enterprises.

Section 56. Restaurants and Bars

The Lessee may select and thereafter enter into an agreement with one or more qualified Restaurant Operators (each such Restaurant Operator being hereinafter referred to in this Section as "the Restaurant Operator") authorizing the Restaurant Operator to operate in the premises facilities for the sale of food, alcoholic and non-alcoholic beverages and similar items for consumption in the premises (hereinafter called "the Restaurant Service") provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Restaurant Operator, said Restaurant Operator shall obtain a permit from the Port Authority authorizing such Restaurant Operator to operate the Restaurant Service in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Restaurant Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Restaurant Operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service, health, sanitary and safety measures. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the Restaurant Operator, the terms of the permit shall control and prevail. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Restaurant Operator the same shall be consented to in writing by the Lessee.

The agreement between the Lessee and the Restaurant Operator shall cover the arrangements for the space to be used in the Restaurant Service within the premises including the amount,

type and location of the space. The Lessee will bring to the perimeter of the space to be occupied by the Restaurant Operator pipes, wires and conduits for the supply of electricity, gas and water, together with the necessary steam and waste lines for use in connection with the Restaurant Service and shall provide said utilities to the Restaurant Operator. Said agreement will also provide that the Restaurant Operator will furnish and install at its own expense all necessary fixtures, furniture and personal property required in connection with the Restaurant Service and that the Restaurant Operator may be required to perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions.

The agreement between the Restaurant Operator and the Port Authority will contain appropriate provisions permitting cancellation of such agreement on short notice in the event the service of the Restaurant Operator is unsatisfactory to the Lessee. In the event of such cancellation the Lessee agrees to reimburse the Restaurant Operator for its unamortized investment in the fixtures, equipment, furniture and personal property furnished in connection with the operation, and the unamortized cost of the work performed in finishing off the space and title to such fixtures, equipment, furniture and personal property shall thereupon vest in the Lessee, provided, however, that where such agreement is cancelled expressly on the basis of the failure of the Restaurant Operator to keep, perform or observe any of the terms and provisions of said agreement in its part to be kept, performed or observed or on the basis of one or more event or events of default of the Restaurant Operator as specified in said agreement such provision for Lessee reimbursement is not to obtain or apply.

The agreement between the Lessee and the Restaurant Operator shall not call for any fixed rental or fee but shall provide that the Restaurant Operator shall pay a percentage fee based upon the gross receipts of the Restaurant Operator from the sale of food, alcoholic and non-alcoholic beverages, which fee shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Restaurant Operator to the Lessee except for appropriate payments for any utilities which may be furnished to the Restaurant Operator by the Lessee, it being understood, however, that the foregoing shall not preclude the Lessee from furnishing services to the Restaurant Operator, such as janitorial and garbage removal services, and from receiving payments from the Restaurant Operator for such services provided the same are covered by appropriate written agreements duly entered into between the Lessee and the Restaurant Operator including the charges therefor, and that the Lessee hereby agrees to provide the Port Authority with any and all agreements covering any such services promptly and upon the receipt of a request therefor from the Port Authority. It is hereby understood and agreed that 80% of the percentage fee payable by the Restaurant Operator shall be paid by the Restaurant Operator to the Lessee and 20% of the percentage fee

construction cost of the premises, and an appropriate allocation of the cost of providing and maintaining public areas within the premises. For the purpose of determining the aforesaid costs the premises shall be considered as a single entity and a single rental rate shall be established for all areas of the premises based thereon. The amount of the basic rental to be paid by the vendor shall be agreed upon between the Port Authority and the Lessee, when the costs aforementioned are determined or can be reasonably estimated provided, however, in no event shall such basic rental be computed at a rate in excess of the Consumer Service Maximum Basic Rental Rate as defined in Section 81 hereof.

The contract shall further provide that the vendor shall pay an amount equal to a percentage of the vendor's gross premiums from the sale of such insurance, less the amount of any basic rental paid by the vendor.

It is hereby understood and agreed that all of the basic rental and 50% of the percentage fee payable by the insurance vendor shall be paid by the insurance vendor to the Lessee and 50% of the percentage fee payable by the insurance vendor shall be paid by the insurance vendor to the Port Authority. The rental and fees payable hereunder shall be paid in the manner, under the conditions, and at the times provided in Section 65 hereof.

The contract with the insurance vendor will provide that: (a) if the Lessee so requests, the vendor shall provide a general information service to the public; and (b) the vendor shall not be required to provide a counter for the sale of insurance if, in its opinion, there will be insufficient patronage to support such a counter; and (c) the vendor shall not be required to continue to provide at any designated location vending machines for the sale of insurance when the gross premiums from any such machines at any such location is less than $200 per month, provided, however, if twenty-four (24) hour counter coverage is not provided there shall be at least one machine in the premises; and (d) the provisions of insurance policies and the minimum coverage offered shall be acceptable to the Lessee.

The location of insurance counters and insurance vending machines shall be determined by the Lessee. The vendor will furnish and install at its expense all necessary fixtures, machines, counters and equipment required in connection with its operation. The Lessee shall provide the necessary wires and conduits for the supply of electricity for use in connection with the vendor's operation. The Lessee shall not require unreasonably frequent moves of insurance counters and insurance vending machines hereunder.

Section 59. Newsstands

(a) The Lessee may select and thereafter enter into an agreement or agreements with a qualified newsstand operator or operators authorizing such operators to operate newsstands in the premises for the sale at retail of such of the following items as

may be approved by the Port Authority: newspapers, magazines, cigarettes, cigars and other tobacco supplies, candy, chewing gum, playing cards and paperbound books, small novelty gift items, and such other items as may be approved by the Port Authority from time to time, provided, however, that prior to any selection and prior to the entering by the Lessee into any such agreement with any such newsstand operator, each such newsstand operator obtains a permit from the Port Authority authorizing said newsstand operator to operate the newsstand in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed newsstand operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the newsstand operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service, health, sanitary and safety measures. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the newsstand operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed newsstand operator the same shall be subscribed to by the Lessee. The Port Authority shall require such operator or operators to sell at retail from its or their locations, such other items or furnish such other services as may be approved by the Port Authority and as are requested by the Lessee.

(b) The agreement between the newsstand operator or operators and the Port Authority shall provide that each such operator shall pay to the Lessee a basic rental for the space occupied by such operator in the premises in connection with the operation of the newsstand. The basic rental will be based upon the cost to the Lessee of providing such space to the operator. In determining the cost to the Lessee there shall be considered the construction cost of the premises and an appropriate allocation of the cost of providing and maintaining public areas within the premises. For the purpose of determining the aforesaid costs the premises shall be considered as a single entity and a single basic rental rate shall be established for all areas of the premises based thereon. The amount of the basic rental to be paid by the operator shall be agreed upon between the Port Authority and the Lessee, when the costs aforementioned are determined or can be reasonably estimated, provided, however, in no event shall such basic rental be computed at a rate in excess of the Consumer Service Maximum Basic Rental Rate as defined in Section 81 hereof. The Lessee shall furnish without additional charge, a reasonable amount of storage space for the use of the newsstand operator.

DL gets basic rental

DL furnishes storage space free

(c) The agreement with the newsstand operator or operators shall further provide that the operator will pay to the Port Authority a percentage fee of the gross receipts derived by the newsstand operator from all sales made by the newsstand operator less the amount of the basic rental paid by the newsstand operator to the Lessee, the amount of said percentage fee payable to the Port Authority up to the amount of the basic rental being herein called "the basic rental equivalent".

(d) The agreement with the newsstand operator shall provide furthermore that the newsstand operator shall pay directly to the Port Authority and to the Lessee the excess, if any, of the percentage fee remaining after the newsstand operator has paid to the Port Authority the basic rental equivalent, said excess to be divided equally between the Lessee and the Port Authority. Both the agreement between the Lessee and the newsstand operator and the permit to be issued by the Port Authority shall have provisions covering the percentage fee in accordance with this Section and without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

(e) The agreement with the newsstand operator or operators will further provide that the newsstand operator will be permitted to sell at retail only such merchandise as is normally sold at newsstands in operation at Port Authority Airports together with such other merchandise as may be requested by the Lessee, if authorized by the Port Authority. The contract shall further provide that no merchandise objectionable to the Lessee or the Port Authority shall be sold.

(f) The location of newsstands for the use of the newsstand operators shall be determined by the Lessee subject to the approval of the Port Authority and in accordance with the Lessee's comprehensive plan. The said agreement between the newsstand operator and the Lessee shall provide that the newsstand operator will furnish and install at its expense all necessary trade fixtures, stands, counters and equipment required in connection with its operation. The Lessee shall perform all construction work necessary to accommodate such installations including the necessary wires and conduits for the supply of electricity and shall supply the same including the supply of electricity for use in connection with the operation of the newsstand or newsstands at no cost to the newsstand operator or to the Port Authority. In addition to other rights of termination or revocation that may be contained in said agreement between the newsstand operator and the Lessee, the said agreement may contain appropriate provisions permitting cancellation of the agreement by the Lessee on short notice in the event the newsstand service provided by the newsstand operator is unsatisfactory to the Lessee. In the event of such termination or revocation, the Lessee agrees to reimburse the newsstand operator for its unamortized investment in the fixtures, equipment, stands, counters and equipment furnished in connection with the operation, and the unamortized cost of the construction work performed to

accommodate such installations, and title to such fixtures, stands, counters and equipment furnished in connection with the newsstand operation shall thereupon vest in the Lessee; provided, however, that where such agreement is cancelled expressly on the basis of the failure of the newsstand operator to keep, perform or observe any of the terms and provisions of said agreement in its part to be kept, performed or observed or on the basis of one or more event or events of default of the newsstand operator as specified in said agreement such provision for Lessee reimbursement is not to obtain or apply.

Section 60. Duty-Free Shops

(a) The Lessee may select and thereafter enter into an agreement with one or more qualified persons, firms or corporations (each such person, firm or corporation being hereinafter referred to as "the Duty-Free Shop Operator") authorizing such Duty-Free Shop Operator to operate a shop in the premises for the sale at retail of in-bond liquors, in-bond cigarettes, cigars and other in-bond tobacco products, and other in-bond items, (hereinafter called "the Duty-Free Shop"), provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Duty-Free Shop Operator, said Duty-Free Shop Operator obtains a permit from the Port Authority authorizing such Duty-Free Shop Operator to operate the Duty-Free Shop in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Duty-Free Shop Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Duty-Free Shop Operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service, health, sanitary and safety measures. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the Duty-Free Shop Operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Duty-Free Shop Operator the same shall be subscribed to by the Lessee.

(b) The Lessee agrees and the agreement between the Lessee and the Duty-Free Shop Operator shall provide that the Lessee will furnish to the Duty-Free Shop Operator sufficient and suitable space for conducting and carrying on its aforesaid operation. The Lessee agrees that it shall perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions, the decor and color scheme to be subject to the approval of the Port Authority. In addition, the Lessee shall construct in the portion of the premises designated by the Port Authority a

storage area for the storage of the aforesaid in-bond items to be sold by the Duty-Free Shop Operator (said storage area being herein called "the Duty-Free Distribution Center"). The Lessee shall proceed diligently to construct and install those portion of pipes wires and conduits in the manner and to the locations as shall be shown in detail on the Lessee's plans and specifications to be submitted to and approved by the Port Authority for the supply of such utilities and services including without limitation thereto those portions of the electrical, heating and air-conditioning equipment required by the Duty-Free Shop Operator in its operations in the Duty-Free Shop and the Duty-Free Distribution Center. The Lessee shall supply said utilities and services to the Duty-Free Shop Operator without charge to the Duty-Free Shop Operator or the Port Authority.

lessee supplies utilities w/o charge

(c) The agreement between the Lessee and the Duty-Free Shop Operator shall not call for any fixed rental or fee but shall provide that the Duty-Free Shop Operator shall pay a percentage fee subject to appropriate minimum amounts based upon the gross receipts of the Duty-Free Shop Operator from the sale of in-bond liquors, in-bond cigarettes, cigars and other in-bond tobacco products and other in-bond items, which fee shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Duty-Free Shop Operator to the Lessee except other than as provided herein. It is hereby understood and agreed that 50% of the percentage fee payable by the Duty-Free Shop Operator shall be paid by the Duty-Free Shop Operator to the Lessee and 50% of the percentage fee payable by the Duty-Free Shop Operator shall be paid by the Duty-Free Shop Operator to the Port Authority. Both the agreement between the Lessee and the Duty-Free Shop Operator and the permit to be issued by the Port Authority shall have provisions covering the fee in accordance with this Section and, without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

(d) The agreement between the Duty-Free Shop Operator and the Lessee will provide that the Duty-Free Shop Operator will furnish at its expense all necessary trade fixtures, equipment furniture and personal property required in connection with the efficient and satisfactory operation of the Duty-Free Shop and the Duty-Free Distribution Center. The decor and color scheme of the facilities to be operated by the Duty-Free Shop Operator and the location of fixtures therein shall be subject to the prior and continuing approval of the Port Authority. In addition to other rights of termination or revocation that may be contained in said agreement between the Duty-Free Shop Operator and the Lessee, said agreement may contain appropriate provisions permitting cancellation of the agreement by the Lessee on short notice in the event the Duty-Free Shop provided by the Duty-Free Shop Operator is unsatisfactory to the Lessee.

Section 61. Foreign Currency Exchange

(a) The Lessee may select and thereafter enter into agreements with qualified persons, firms or corporations (which persons, firms or corporations are hereinafter referred to as "the Currency Exchange Operator") authorizing the Currency Exchange Operator to operate an establishment in the premises for the exchange, purchase and sale of domestic and foreign currencies (hereinafter called "the Foreign Currency Exchange Service") provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Currency Exchange Operator, said Currency Exchange Operator obtains a permit from the Port Authority authorizing such Currency Exchange Operator to operate the Foreign Currency Exchange Service in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Currency Exchange Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Currency Exchange Operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the Currency Exchange Operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Currency Exchange Operator the same shall be subscribed to by the Lessee.

(b) The Lessee agrees and the agreement between the Lessee and the Currency Exchange Operator shall provide that the Lessee will furnish to the Currency Exchange Operator sufficient and suitable space for conducting and carrying on its aforesaid operation. The Lessee agrees that it shall perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions, the decor and color scheme to be subject to the approval of the Port Authority. The Lessee shall supply said utilities and services to the Currency Exchange Operator without charge to the Currency Exchange Operator or the Port Authority.

(c) The agreement between the Lessee and the Currency Exchange Operator shall not call for any fixed rental or fee but shall provide that the Currency Exchange Operator shall pay a percentage fee based upon the gross receipts of the Currency Exchange Operator, which fee shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Currency Exchange Operator to the Lessee except

other than as provided herein. It is hereby understood and agreed that 50% of the percentage fee payable by the Currency Exchange Operator shall be paid by the Currency Exchange Operator to the Lessee and 50% of the percentage fee payable by the Currency Exchange Operator shall be paid by the Currency Exchange Operator to the Port Authority. Both the agreement between the Lessee and the Currency Exchange Operator and the permit to be issued by the Port Authority shall have provisions covering the fee in accordance with this Section and, without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

(d) The agreement between the Currency Exchange Operator and the Lessee will provide that the Currency Exchange Operator will furnish at its expense all necessary trade fixtures, equipment furniture and personal property required in connection with the efficient and satisfactory operation of the Foreign Currency Exchange Service. The decor and color scheme of the facilities to be operated by the Currency Exchange Operator and the location of fixtures therein shall be subject to the prior and continuing approval of the Port Authority. In addition to other rights of termination or revocation that may be contained in said agreement between the Currency Exchange Operator and the Lessee, said agreement may contain appropriate provisions permitting cancellation of the agreement by the Lessee on short notice in the event the Foreign Currency Exchange Service provided by the Currency Exchange Operator is unsatisfactory to the Lessee.

Section 62. Retail Banking

(a) The Lessee may select and thereafter enter into agreements with qualified persons, firms or corporations (which persons, firms or corporations are hereinafter referred to as "the Retail Bank Operator") authorizing such Retail Bank Operator to operate a service consisting of the maintaining of accounts, receipt and disbursement of funds and including automatic teller machine service and foreign currency exchange, sale and purchase (hereinafter called "the Retail Banking Service") in the premises, provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Retail Bank Operator, said Retail Bank Operator obtains a permit from the Port Authority authorizing such Retail Bank Operator to operate the Retail Banking Service in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Retail Bank Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Retail Bank Operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of

payable by the Restaurant Operator shall be paid by the Restaurant Operator to the Port Authority. Both the agreement between the Lessee and the Restaurant Operator and the permit to be issued by the Port Authority shall have provisions covering the fee in accordance with this Section and, without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

In the event the Restaurant Operator is the same person providing in-flight meal and employee food service to the Lessee and is a wholly owned subsidiary of the Lessee, the fees to be paid by the Restaurant Operator shall apply only to the gross receipts of the Restaurant Operator from the sale of food, alcoholic and non-alcoholic beverages at retail for consumption on the premises, and the Port Authority shall determine the percentage fee to be paid by the Restaurant Operator.

Section 57. Vending Machines, Public Telephones, Advertising Displays

If requested by the Lessee the Port Authority, by itself or through contractors, lessees, or permittees, shall install and maintain in the premises vending machines, public telephones, and advertising displays, at such locations and to such extent as requested by the Lessee. The Lessee shall provide the necessary wires and conduits for the supply of electricity for such machines and displays.

The Port Authority shall require its contractors, lessees, or permittees to pay a fee, which may be a percentage fee subject to a minimum amount, based upon the gross receipts received from such vending machines, public telephones, and advertising displays or a fixed fee.

The Port Authority shall pay the Lessee an annual fee equivalent to 80% of the fee collected by the Port Authority from its contractors, lessees, or permittees aforementioned. The fees payable hereunder shall be paid in the same manner, under the conditions and at the times, provided in Section 65 hereof.

This vendor pays to PA who pays DL ith share

Section 58. Insurance Covering Air Transportation

The Port Authority may enter into contracts or agreements with qualified insurance vendors requiring such vendors to sell or arrange for the sale, at the premises, of insurance covering air transportation, of such types and coverages as may be required by the Lessee.

The contract between the insurance vendor and the Port Authority shall provide that such vendor shall pay a basic rental for the space occupied by such vendor in the premises in connection with the sale of such insurance. The basic rental will be based upon the cost to the Lessee of providing such space to the vendor. In determining the cost to the Lessee there shall be considered the

the agreement between the Lessee and the Retail Bank Operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Retail Bank Operator the same shall be subscribed to by the Lessee.

(b) The Lessee agrees and the agreement between the Lessee and the Retail Bank Operator shall provide that the Lessee will furnish to the Retail Bank Operator sufficient and suitable space for conducting and carrying on its aforesaid operation. The Lessee agrees that it shall perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions, the decor and color scheme to be subject to the approval of the Port Authority. The Lessee shall supply said utilities and services to the Retail Bank Operator without charge to the Retail Bank Operator or the Port Authority.

(c) The agreement between the Lessee and the Retail Bank Operator shall provide that the Retail Bank Operator shall pay a basic fixed rental for the space occupied by such operator, which rental shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Retail Bank Operator to the Lessee except as provided herein. It is hereby understood and agreed that 50% of the rental payable by the Retail Bank Operator shall be paid by the Retail Bank Operator to the Lessee and 50% of the rental payable by the Retail Bank Operator shall be paid by the Retail Bank Operator to the Port Authority. Both the agreement between the Lessee and the Retail Bank Operator and the agreement to be issued by the Port Authority shall have provisions covering the rental in accordance with this Section and, without limiting the generality of any other provision of this Section, the agreement shall control as to the manner, conditions and terms of payment.

(d) The agreement between the Retail Bank Operator and the Lessee will provide that the Retail Bank Operator will furnish at its expense all necessary trade fixtures, equipment furniture and personal property required in connection with the efficient and satisfactory operation of the Retail Banking Service. The decor and color scheme of the facilities to be operated by the Retail Bank Operator and the location of fixtures therein shall be subject to the prior and continuing approval of the Port Authority.

Section 63. Other Consumer Services

(a) If the Lessee requests that additional consumer services be provided in the premises for the sale of other items or the furnishing of other services the Port Authority will endeavor to secure a qualified tenant, permittee or licensee (hereinafter referred to as the "Operator"), to furnish such consumer services

and shall enter into contracts or agreements with such Operator requiring it to furnish the items or services to the extent required by the Lessee.

(b) The contract between the Operator and the Port Authority shall provide that such Operator shall pay a basic rental for the space occupied by such Operator in the premises in connection with the furnishing of the consumer services. The basic rental will be based upon the cost to the Lessee of providing such space to the Operator. In determining the cost to the Lessee there shall be considered the construction cost of the premises and the cost of operation and maintenance of the premises. The amount of the basic rental to be paid by the Operator shall be agreed upon between the Port Authority and the Lessee.

(c) The contract shall further provide that the Operator shall pay to the Port Authority a percentage fee based upon the gross receipts of such Operator from the operation of such consumer service, less the amount of any basic rental paid by the Operator.

(d) The Operator shall pay to the Lessee the amount of the basic rental. If the percentage fee actually paid to the Port Authority exceeds the amount of the basic rental, the Port Authority shall retain the percentage fee up to the amount of the basic rental. The excess, if any, remaining shall be divided equally between the Port Authority and the Lessee. The rental and fees payable hereunder shall be paid in the same manner, under the conditions, and at the times provided in Section 65 hereof.

(e) The Operator will furnish and install at its expense all necessary fixtures, stands, counters and equipment required in connection with its operation and all construction work necessary to accommodate such installations.

(f) In the event the Port Authority is unable to secure a qualified tenant, permittee or licensee to provide the consumer services requested by the Lessee, in accordance with the terms and conditions set forth in this Section, the Lessee may make its own arrangements with a tenant, permittee or licensee of its own choice, subject to the Port Authority's approval of such tenant, permittee or licensee. Such approval may include limitations as to the scope of the activities of such tenant, permittee or licensee in the light of the availability of similar services in the Central Terminal Area.

(g) The Lessee understands and agrees that it may not itself nor will the Port Authority install or cause to be installed coin-operated lockers on the premises.

Section 64. Subletting of the Premises for Consumer Services

Irrespective of whether the Persons selected in accordance with this Agreement to furnish the Consumer Services set forth in Sections 56, 57, 58, 59, 60, 61, 62 and 63 hereof have contracts

with or are contractors or permittees of the Port Authority, the Lessee may require that such Persons enter into separate agreements or subleases with the Lessee as a condition precedent to the occupancy of space within and the operation of such establishments upon the Lessee's premises, provided, however, that all such Persons must have first obtained a permit from the Port Authority authorizing them to operate such establishments. The terms and provisions of the said agreements or subleases shall not be inconsistent with the terms of this Agreement except that the same may provide for cancellation by the Lessee on short notice in the event the services furnished by such Persons are unsatisfactory to the Lessee.

Prior to the issuance of any of the aforementioned permits, such Persons may be required to submit to the Port Authority evidence satisfactory to the Port Authority of their qualifications, the scope of their proposed operations and the standards of service they will provide. Any such permits will provide that such Persons will conduct their operations thereunder in a first class manner in accordance with the best practices in the industry and shall comply with the maximum Port Authority standards with respect to service, health, sanitary and safety measures. Such Persons shall be required to pay to the Port Authority a fee but such fee shall not in any event exceed the fees or charges that would be retained by the Port Authority if their respective establishments were operated by regular Operators of the Port Authority.

Section 65. Obligations in Connection with Consumer Services Agreements

The Port Authority shall administer all contracts and agreements with its tenants, licensees or permittees furnishing consumer services at the premises. All such contracts and agreements shall contain provisions, among others, providing that such tenant, licensee or permittee shall:

(a) Take all reasonable measures in every proper manner to maintain, develop and increase the business conducted by it at the premises;

(b) Not divert or cause or allow to be diverted any business from the premises;

(c) Maintain in accordance with accepted accounting practice, records and books of account recording all transactions at, through or in anywise connected with the premises, which records and books of account shall be kept at all times within the Port of New York District and permit, in ordinary business hours during such time, the examination and audit by the officers, employees and representatives of the Port Authority of such records and books of account;

Area IA and within Area IB (each such counter being hereinafter called "the Consolidated Counter") to be operated by the Port Authority or its contractors.

(2) The Lessee agrees to provide access to and from the public ways outside the premises to the Port Authority, its employees and its contractors and the ground transportation patrons and other users of the Consolidated Counter; to permit use of such portions of the public pedestrian circulation areas of the premises as may reasonably be required for the operation of the counter and the accommodation of the users thereof; and to permit the installation of such telephone and other communication lines, cables and conduits on and across the premises as may be required for the operation of the Consolidated Counter. The Lessee acknowledges and agrees that the Consolidated Counter shall at all times be a part of the premises under the Lease and subject to all the terms and provisions thereof including, but not limited to indemnity, the payment of rentals, repair and maintenance. The Lessee shall, at its sole cost and expense, supply all utilities necessary for the operation of the Consolidated Counter including but not limited to heat, light, ventilation, air conditioning and electricity on a 24 hour 7 day a week basis. The Lessee shall not be required to provide telephone service to the Consolidated Counter hereunder.

(3) The Port Authority shall have the right at any time, without cause, on 180 days notice to the Lessee to terminate and discontinue the operation of the Consolidated Counter and from and after the effective date stated in said notice the operation of the Consolidated Counter shall terminate and cease and the provisions of this paragraph (b) shall be null, void and of no further force and effect and the provisions of paragraph (a) of the Lease and the Lessee's obligations as set forth therein with respect to limousine, bus, car rental and other ground transportation operators shall be deemed reinstated and in full force and effect.

Section 68. Observation Deck

In the event the Lessee provides an Observation Deck in connection with the Lessee's operations under the Lease at the premises and such Deck is open to the public generally the Lessee shall charge a fee for admission upon such Observation Deck. Such fee shall be established by the Port Authority which shall be uniform throughout the Airport. The Lessee shall pay to the Port Authority a percentage fee equal to 30% of the gross receipts received by the Lessee from the operation of the Observation Deck.

Section 69. Force Majeure

Neither the Port Authority nor the Lessee shall be deemed to be in violation of this Agreement if it is prevented from performing any of its obligations hereunder by reason of strikes, boycotts, labor disputes, embargoes, shortages of material, acts of God, acts of the public enemy, acts of superior governmental authority, weather conditions, tides, riots, rebellion, sabotage or

any other circumstances for which it is not responsible and which are not within its control; provided, however, that this provision shall not apply to failures by the Lessee to pay the rentals specified in Section 4 and shall not apply to any other charges or money payments; and, provided, further, that this provision shall not prevent either party from exercising its right of termination under Sections 23, 26, 49, 75 and 77 hereof, and shall not prevent the Lessee from exercising its right to an abatement of basic rental under Sections 4 and 51 hereof.

Section 70. Federal Inspection

The Lessee has advised the Port Authority that it intends to make available to the United States a portion or portions of the premises for the inspection of the Lessee's passengers and their baggage by the United States for United States customs, immigration, public health and other governmental purposes, if the United States will accept and use the same. The Port Authority shall have no obligation or responsibility of any kind with respect to the foregoing or the arrangements that must be made by the Lessee with the United States and any agencies thereof having jurisdiction.

Section 71. Rotary Wing and Tilt-Rotor Operations

The Lessee hereby acknowledges that the Lease does not grant to it any right and the Lessee does not have any right to use or permit the use of any portion of the premises for the landing or taking off of helicopters, rotary wing, tilt-rotor or other similar aircraft. In the event that the Port Authority determines that approval for such use will be given at any time hereafter, the same shall be granted only in accordance with such terms and conditions, including but not limited to fees, charges and rights of user, as the Port Authority may set forth in a supplement to the Lease, which is duly executed by the Lessee and the Port Authority.

Section 72. Ground Transportation

(a) The Lessee may arrange for the transportation to and from the Airport of its employees and their baggage (and such employees and baggage only) either directly or by contract with a surface carrier or carriers (hereinafter called "the Employee Surface Carrier or Carriers") of its choice, provided, that such Employee Surface Carrier or Carriers are at all times Ground Carrier Permittees of the Port Authority as defined in paragraph (b) hereof and provided, further, that ten percent (10%) or such lesser percentage as may be set pursuant to paragraph (e) hereof of the gross receipts received from the ground transportation of employees and their baggage by the Employee Surface Carrier providing such service, or by the Lessee, including all advertising and any other revenues of any type arising out of or in connection with said service (excluding only local, state and federal transportation taxes which are separately stated to and paid by the passengers and are directly payable to the taxing authority by the Lessee or by the Employee Surface Carrier) shall be paid to the Port Authority. No

fee shall be paid by the Lessee to the Port Authority in connection with the ground transportation of employees and their baggage if the Lessee operates the service itself and if the Lessee makes no charge to its employees and their baggage therefor.

(b) As of the Commencement Date as defined in paragraph (c) hereof, the Port Authority shall endeavor to issue permits to at least 12 qualified surface carriers (herein called "the Ground Carrier Permittees") which Permits shall grant to said Ground Carrier Permittees the privilege of providing a service for the transportation to and from the Airport of employees and their baggage of all Aircraft Operators at the Airport. Each Permit shall provide that the Port Authority shall have the right at any time to revoke the Permit granted to any Ground Carrier Permittee with or without cause and regardless of whether any such Permittee is an Employee Surface Carrier of the Lessee and regardless of any agreement between the Lessee and its Employee Surface Carrier. Without limiting the foregoing right, if the Ground Carrier Permittee selected by the Lessee shall at any time fail to pay the Port Authority ten percent (10%) or such other percentage of its gross receipts as established pursuant to paragraph (e) hereof as required under the Permit, the Port Authority shall have the right in addition to all other rights and remedies, to deny such Permittee entrance upon the Airport for the purpose of transporting employees and their baggage as aforesaid to and from the Airport and the Lessee shall no longer use the same.

In the event that there should at any time during the term of this Lease be less than 12 Ground Carrier Permittees in operation at the Airport the Lessee shall have the right to engage an Employee Surface Carrier of its choice to provide the service set forth in paragraph (a) hereof, subject, however, to the prior and continuing approval of the Port Authority, and provided that such Employee Surface Carrier agrees to become a Permittee of the Port Authority and to pay a percentage of its gross receipts to the Port Authority in accordance with paragraphs (a) and (e) hereof and only for so long as such Permittee observes and complies with the terms of its Permit, it being understood that said Employee Surface Carrier may be restricted to serving the Lessee at the Airport. At such time thereafter as there is in operation at the Airport at least 12 Ground Carrier Permittees, the Permit with the said Employee Surface Carrier may be revoked by the Port Authority and the Lessee shall thereupon select an Employee Surface Carrier from the Ground Carrier Permittees of the Port Authority. Nothing contained hereunder shall be deemed to preclude the Port Authority from issuing from time to time during the term of the Lease Permits to more than 12 Ground Carrier Permittees. The Permits with the Ground Carrier Permittees may contain privileges other than those set forth in the first subparagraph of this paragraph (b), including but not limited to the privilege to transport passengers and baggage of Aircraft Operators. All Permits shall contain such terms or provisions as the Port Authority may deem from time to time necessary or desirable.

(c) The Port Authority hereby states its intention to attempt to incorporate, into all existing leases and into all new leases with all Scheduled Aircraft Operators covering passenger terminal facilities within the Central Terminal Area, provisions having the same effect as the provisions of paragraphs (a) and (b) hereof. The term "Commencement Date" as used in this Section shall mean the date specified in a written notice from the Port Authority served upon the Lessee and upon all Scheduled Aircraft Operators who are lessees of passenger terminal facilities within the Central Terminal Area, it being understood that such notice shall not be served unless and until all said Scheduled Aircraft Operators have executed agreements with the Port Authority incorporating provisions having the same effect as the provisions of paragraphs (a) and (b) hereof into their leases with the Port Authority covering passenger terminal facilities within the Central Terminal Area. The provisions of this Section other than the foregoing provisions of this paragraph (c) shall be applicable as well to Aircraft Operators who may be occupying space within the Central Terminal Area pursuant to a sublease, subuse or handling agreement with any Unit Terminal Lessee or with any East or West Wing Building Lessee (the foregoing not to waive the requirement for Port Authority consent) as said lessees are defined in Section 74 of the Lease.

(d) For the period prior to the Commencement Date hereunder, the following provisions of this paragraph (d) shall be in effect in lieu of the provisions of paragraph (a) hereof:

The Lessee may arrange for the transportation to and from the Airport of passengers, employees and baggage (and such passengers, employees and baggage only) either directly or by contract with a surface carrier or carriers (hereinafter called "Passenger Surface Carrier or Carriers") of its choice, subject, however, to the prior and continuing approval of the Port Authority and provided, that such Passenger Surface Carrier or Carriers agree to become Permittees of the Port Authority and provided, further, that ten percent (10%) or such lesser percentage as may be set pursuant to paragraph (e) hereof of the gross receipts received from the ground transportation of passengers, employees and baggage by the Passenger Surface Carrier providing such service or by the Lessee, including all advertising and any other revenues of any type arising out of or in connection with said service (excluding only local, state and federal transportation taxes which are separately stated to and paid by and are directly payable to the taxing authority by the Lessee or by the Passenger Surface Carrier) shall be paid to the Port Authority. If the Passenger Surface Carrier designated by the Lessee shall at any time fail to pay to the Port Authority ten percent (10%) or such lesser percentage as may be set pursuant to paragraph (e) hereof of its gross receipts as aforesaid when billed therefor by the Port Authority, the Port Authority shall have the right to deny such carrier entrance upon the Airport for the purpose of transporting passengers, employees and baggage as aforesaid to and from the Airport and the Lessee shall no longer use the same. No fee shall be paid by the Lessee to the Port Authority in connection with the ground transportation of officers and

employees of the Lessee if the Lessee operates the service itself and if the Lessee makes no charge to its employees and officers therefor. The occasional non-recurring employment by the Lessee of a surface carrier who is not a Permittee of the Port Authority shall not be deemed to be a breach of this Section by the Lessee; the foregoing, however, shall not affect the right of the Port Authority to the percentage fee with respect to such surface carrier.

For the period subsequent to the Commencement Date hereunder, the foregoing provisions of this paragraph (d) shall continue in effect with respect to passengers and their baggage only of the Lessee and wherever the phrase "passengers, employees and baggage" appears in the foregoing provisions it shall be deemed amended to read "passengers and their baggage".

(e) It is recognized that the Port Authority has established a five percent fee with respect to the service covered by paragraphs (a) and (d) hereof in lieu of the ten percent fee therein stated. It is hereby specifically understood and agreed that the fact that said fee is presently five percent shall not constitute a waiver by the Port Authority of its right to impose a percentage fee of ten percent as provided in paragraphs (a) and (d). It is hereby specifically agreed that the Port Authority shall have the right at any time and from time to time during the term of this Lease to revise the percentage fee it shall charge the Ground Carrier Permittees, other permittees and the Lessee as provided in paragraphs (a) and (d) hereof but in no event shall said fee be greater than ten percent. The Port Authority shall notify the Lessee of any such revision.

(f) The Lessee may arrange for the transportation to and from the Airport of freight and other cargo of the Lessee either directly or by contract with the surface carrier or carriers of its choice. No Permit or fee shall be required of the Lessee or its contractor for the picking up from or the delivery to of freight or other cargo from or to the Lessee. No fee shall be paid to the Port Authority by the Lessee or its contractor for the privilege of transporting freight or cargo of the Lessee on the surface as aforesaid. If such contractor of the Lessee enters into a Lease or other agreement with the Port Authority for space and/or privileges at the Airport, the rent or other compensation payable to the Port Authority shall not be measured by the amount of freight or other cargo of the Lessee transported on the surface by such contractor.

(g) The right of the Lessee to arrange transportation to and from the Airport of airline passengers as hereinabove provided shall not be construed as being applicable to any establishment or operation by the Lessee of facilities outside the Airport for the handling of airline passengers of the Lessee arriving at or departing from the Airport.

As used in this Section 72, reference to passengers, baggage, freight or other cargo of the Lessee shall be construed to

mean persons, baggage, freight or cargo transported or to be transported on aircraft of the Lessee.

The Ground Carrier Permittee of the Lessee's choice, its Passengers Surface Carrier or any other contractor used by it shall not solicit business on the public areas of the Airport and the Lessee shall prohibit any such activity on the premises or on any other area at the Airport occupied by the Lessee. The use, at any time, either on the premises or elsewhere on the Airport of hand or standard megaphones, loudspeakers or any electric, electronic or other amplifying devices is hereby expressly prohibited and any advertising or signs shall be subject to continuing Port Authority approval.

(h) Effective as of January 1, 1972, the provisions of this Section 72 superseded the provisions of Section 4.11 of Title IV of the General Airport Agreement, as defined elsewhere in this Agreement and from and after said date said provisions of said Section 4.11 of Title IV were no longer of any force or effect.

Section 73. The Original Premises Use Agreements

It is recognized that the Lessee has entered into certain various agreements with subtenants, licensees and other persons covering the occupancy of the space or providing for the furnishing of services in the premises pursuant to the provisions of the Prior Sublease and of the Prior Permit, as applicable, and that the Port Authority has approved or consented to the same, all of the foregoing as to which Port Authority approval or consent has been given, being hereinafter called "the Lessee's use agreements". The Port Authority has no objection to the continuance in effect under the Lease of all of the Lessee's use agreements.

The parties agree that appropriate documents will be prepared and executed, if the same are deemed by the Port Authority to be necessary or desirable, recognizing the continuance under this Lease of the Lessee's use agreements, subject to the existing terms of such agreements and the Port Authority's consent to or approval thereof including but not limited to termination and revocation rights as provided therein.

Section 74. Ground Transportation Within the Central Terminal Area

(a) The Port Authority has established at the Airport a Central Terminal Area generally as described in Exhibit S, attached hereto and hereby made a part hereof. If at any time and from time to time during the term of the Lease, the Port Authority substantially revises the Central Terminal Area, it shall thereafter forward to the Lessee a revised Exhibit showing the revised Central Terminal Area which revised Exhibit shall replace Exhibit S and shall become a part of the Lease.

(b) The Lessee hereby agrees that it will not directly, indirectly or by arrangement with any independent third party, operate any surface vehicles for the transportation of its airline passengers to or from the premises and the various other passenger terminal facilities or other locations within the Central Terminal Area. The prohibition hereinabove set forth in this paragraph (b) shall be effective as of the commencement date of the Lease and shall continue thereafter during the term of the Lease, but such prohibition shall be in effect only during such periods as there is in operation at the Airport a CTA ground transportation service as hereinafter defined to be provided by an independent third party contractor. The CTA ground transportation service shall consist of the following: a ground transportation service for the transportation of airline passengers and other persons between the various passenger terminal facilities, including the premises, within the Central Terminal Area including the service of transporting a group of passengers where the Aircraft Operator must accommodate the group as a whole (hereinafter called "the CTA omnibus service") and a ground transportation service for the transportation of passengers of Aircraft Operators within the Central Terminal Area, but only when a passenger is disabled, the passenger must take a direct connection and where time is critical, and in the very limited instance where an Aircraft Operator must accommodate a particular passenger, the foregoing service being hereinafter called "the CTA supplementary service". It is understood furthermore that, notwithstanding the prohibition hereinabove set forth in this paragraph (b), the Lessee may directly, indirectly or by arrangement with an independent third party, operate surface vehicles for the transportation of its passengers to or from the premises and such passenger terminal facility of the Lessee, if any, located outside the Central Terminal Area, provided, that the Lessee has the prior and continuing approval of the Port Authority to operate such passenger terminal facility outside the Central Terminal Area, that the aforesaid service shall not serve any passenger terminal facility or location within the Central Terminal Area other than the premises and that if the Lessee utilizes a third party to provide the service, said third party shall be subject to the prior and continuing approval of the Port Authority, shall agree to become a permittee of the Port Authority and shall pay the percentage of its gross receipts to the Port Authority with respect to said service as specified in said permit and shall comply with all the terms and conditions of its permit.

Nothing contained in this paragraph (b) or paragraph (c) hereof shall impose or be construed as imposing an obligation on the Port Authority to operate or cause to be operated the CTA ground transportation service for the transportation of passengers and other persons between the various passenger terminal facilities, including the premises, within the Central Terminal Area.

(c) (1) (i) It is hereby agreed that it is in the best interests of the Port Authority and all Participants as hereinafter defined that the CTA omnibus service be a good, proper and efficient

service, able to adequately, timely and properly handle the ground transportation needs of airline passengers and other persons between the various passenger terminal facilities including the premises within the Central Terminal Area. The parties recognize furthermore that the CTA supplementary service should be a service that would transport those persons authorized to be carried thereon in an adequate, proper and timely manner so as to meet their flight connections.

(ii) The Port Authority agrees that it shall meet and consult from time to time with the Participants with respect to the procedures, schedules, fares, prices and operations of the CTA omnibus service and shall, except in case of emergency, give the Participants prior written notice of any substantive changes with respect thereto. Notwithstanding the foregoing, it is hereby understood and agreed that the procedures, schedules, fares, prices, operations and other matters affecting the CTA omnibus service shall be determined by the Port Authority.

(iii) The Port Authority agrees that it shall meet and consult from time to time with the Participants with respect to the procedures, schedules, fares, prices and operations of the CTA supplementary service. Before adopting any initial procedures or schedules covering the operation of the CTA supplementary service and before putting into effect any modifications to any procedures or schedules then in effect with respect to the CTA supplementary service, except in case of emergency, the Port Authority shall submit the initial or the changed procedures and schedules (hereinafter called the "submissions") to the Participants for their approval. If Participants representing more than fifty percent (50%) of the effective published passenger flight schedules to and from the Airport of all Participants for the calendar year prior to the year in which the submissions are made to the Participants for their approval, approve the same, the submissions shall be deemed to be approved for all purposes hereunder and said approval shall be deemed binding as well upon all other Aircraft Operators who may use or pay for the CTA supplementary service, notwithstanding the fact that said submissions had not been submitted to them for their approval. Notwithstanding anything herein provided and without limiting the provisions of paragraph (b) hereof, it is hereby understood and agreed that the Port Authority shall have no obligation hereunder to itself operate the CTA ground transportation service nor any obligation to operate said service through an independent contractor unless and until the submissions with respect to the CTA supplementary service submitted as aforesaid to the Participants have been approved by the Participants in accordance with the foregoing provisions. The failure of any Participant to disapprove the submission within twenty (20) days after its submission to it for approval shall constitute such Participant's approval hereunder to said submissions.

(iv) It is hereby understood and agreed that the amount to be charged for the CTA supplementary service shall

consist of an initial price and, if the Port Authority so elects from time to time during the term of the Lease, an excess price. The initial price shall be based upon the cost of the CTA supplementary service. The Lessee shall pay to the Port Authority as and representing the initial price its pro rata share of the cost to the Port Authority of providing the CTA supplementary service. The Lessee's pro rata share of the cost to the Port Authority of providing the CTA supplementary service shall be that proportion of said cost as the number of passengers of the Lessee who actually used the CTA supplementary service bears to the total number of passengers using the CTA supplementary service. Except as provided in the last subparagraph of subparagraph (v) hereof, there will be no charge to the Lessee of either an initial price or an excess price if the Lessee does not have any passengers using the CTA supplementary service.

(v) The initial price payable to the Port Authority pursuant to subparagraph (iv) hereof is for each calendar year, but in the event the Commencement Date as defined in paragraph (d) hereof falls on a day other than the first day of a calendar year or in the event the term of the Lease expires or the provisions covering the CTA transportation services are terminated on a day other than the last day of a calendar year, then in any such event the initial price payable to the Port Authority pursuant to subparagraph (iv) hereof shall, for the year during which such event occurs, be for such portion of said year during which the Port Authority provides the CTA supplementary service. In determining the initial price, the cost of the CTA supplementary service shall be computed, determined and ascertained for each calendar year (or portion thereof upon the occurrence of any of the events mentioned in the first sentence hereof) of the term of this Lease subsequent to the aforesaid Commencement Date.

Notwithstanding the foregoing and for current monthly or other periodical billing purposes as may from time to time be selected by the Port Authority, the Port Authority shall establish interim billing rates to cover the initial price for the CTA supplementary service. Such billing rates shall be based on determinations by the Port Authority of its estimate of the cost of the CTA supplementary service for the calendar year and the number of passengers to be using the CTA supplementary service for said calendar year. Such determinations shall be based upon the prior calendar year's experience, if any, and upon such other reasonable basis as the Port Authority may determine. The Port Authority may prospectively revise its billing rates during any calendar year. On the 20th day of each calendar month following the month upon which the Commencement Date hereunder falls and on the 20th day of each and every calendar month thereafter the Lessee shall pay to the Port Authority the amount due as the initial price for the preceding calendar month, which shall be determined by multiplying the interim billing rate per passenger for the initial price established by the Port Authority as aforesaid by the number of passengers of the Lessee carried on the CTA supplementary service for the previous calendar month.

As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the cost of the CTA supplementary service and the initial price payable therefore. Corrected billings based upon such determination shall thereupon be rendered by the Port Authority and if any monies are due to the Port Authority they shall be promptly paid by the Lessee and if any monies are due to the Lessee they shall be promptly credited to it.

In the event and only in the event that the CTA supplementary service for all or any portion of a calendar year has been provided by the Port Authority but there has been no use thereof by any of the Participants, then the initial price and the excess price shall be payable by all Participants and each Participant's share shall be based on the number of passengers on its outbound and inbound aircraft at the Airport compared to the total number of passengers on all inbound and outbound aircraft using the Airport of all Participants. The Port Authority agrees that, if as of the commencement of any calendar year there appears to be no use by the Participants of the CTA supplementary service, it will use all reasonable efforts to limit its payments to the contractor for the CTA supplementary service for such period where there appears to be no use.

(vi) The Port Authority shall have full discretion in awarding a contract for the CTA ground transportation service and may award the same to a contractor who has not proposed the lowest price for the CTA supplementary service or the CTA omnibus service. As stated in subparagraph (iv) hereof the Port Authority shall have the right to charge the Lessee, in addition to the initial price for the CTA supplementary service, an additional amount herein called "the excess price", which amount shall be applied to offset any deficit in the CTA omnibus service.

The amount representing the excess price shall be an amount payable only by the Lessee if it uses the CTA supplementary service and shall be an amount fixed for each passenger using the CTA supplementary service. The Port Authority shall advise the Participants prior to the beginning of each calendar year of the amount per passenger which shall constitute the excess price for said calendar year. On the 20th day of the calendar month following the month upon which the Commencement Date hereunder falls and on the 20th day of each and every calendar month thereafter the Lessee shall pay to the Port Authority the amount due as the excess price for the preceding calendar month, which shall be determined by multiplying the amount per passenger for the excess price established by the Port Authority as aforesaid by the number of the Lessee's passengers carried on the CTA supplementary service for the previous calendar month. As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the cost of the CTA omnibus service for said calendar year. If there is no deficit or if the deficit is less than the amount received by the Port Authority from users of the CTA omnibus

service, then the total amount of the excess price if there is no deficit or the amount of the excess price which is over and above any deficit on the CTA omnibus service shall be refunded or credited to the Participants based on the portion of each Participant's payments of the excess price for said calendar year as compared to the total amount received as the excess price from all Participants. In determining whether or not there is a deficit or in determining the amount of the deficit, revenues from the CTA omnibus service shall be deemed to be 87.5% of the cost of the CTA omnibus service whether or not the revenues actually received add up to 87.5%, but if said revenues exceed 87.5% of the cost, the actual amount of revenues received shall be used.

(vii) The Port Authority shall determine for each calendar year (or portion thereof, where applicable) the cost to the Port Authority of providing the CTA omnibus service and the cost to the Port Authority of providing the CTA supplementary service. Each such cost shall be determined in accordance with the Port Authority's normal accounting practice and shall consist of those of the following items, which are applicable to each such service:

(a) All payments made by the Port Authority to the independent contractor for providing the CTA supplementary service or the CTA omnibus service, as the case may be (it being understood that the Port Authority shall not impose any percentage charge or fee on the contractor for such services);

(b) On-the-job payroll costs of Port Authority employees working in any aspect of the CTA supplementary service or the CTA omnibus service, as the case may be, including but not limited to contributions to any retirement system or the cost of participation in any pension plans or the like, social security, old age, survivors, disability and employment insurance and other insurance costs, sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port Authority policy to or with respect to said employees;

(c) The cost (including rental charges) to the Port Authority of providing space, equipment, materials, facilities or services to or in connection with the CTA omnibus service or the CTA supplementary service, as the case may be;

(d) Payments or premiums (or to the extent of self-insurance an amount equivalent to what the premiums would have been) for insurance with respect to the CTA omnibus service or the CTA supplementary service, as the case may be, including without limitation thereto, fire and extended coverage, workmen's compensation and comprehensive general liability;

(e) Other direct costs as charged under the Port Authority's normal accounting practice;

(f) With respect to the CTA omnibus service, ten percent (10%) of the amounts paid to the contractor providing said service under item (a) hereof and with respect to the CTA supplementary service, twenty percent (20%) of the amount paid to the contractor providing said service under item (a) hereof.

In the event that any specific cost incurred or any specific amount expended for any of the items hereinabove set forth covers both the CTA omnibus service and the CTA supplementary service, then the Port Authority shall divide and allocate any such cost or amount as between the CTA omnibus service and the CTA supplementary service in accordance with its normal accounting principles.

(2) If at any time during the term of the Lease the Port Authority receives a written notice from the East and West Wing Building Lessees (as hereinafter defined) representing more than thirty percent (30%) of the effective published passenger flight schedules to and from the Airport of all the East and West Wing Building Lessees for the calendar year prior to the year during which the notice was given, or if the Port Authority receives a written notice from Unit Terminal Lessees (as hereinafter defined) representing more than thirty percent (30%) of the effective published passenger flight schedules to and from the Airport of all Unit Terminal Lessees for the calendar year prior to the year during which the notice is given, which notice shall be either (i) to the effect that the service being provided by the contractor furnishing the CTA ground transportation service does not satisfy the standards set forth in item (i) of subparagraph (1) hereof and specifying whether it is the CTA omnibus service or the CTA supplementary service, or both, which is at fault, and further specifying the nature and extent of the failure or (ii) to the effect that the Participants serving the notice are dissatisfied for any reason with the service, the Port Authority shall endeavor in the case of item (i) above to rectify the conditions complained of either by the existing contractor doing so or by engaging a new contractor to provide the CTA ground transportation service or by a combination of both.

(3) If the Port Authority receives, by a date no earlier than one hundred twenty (120) days and no later than one hundred eighty (180) days after its receipt of either notice covered by subparagraph (2) hereof, a written notice from the East and West Wing Building Lessees representing more than fifty percent (50%) of the effective published passenger flight schedules to and from the Airport of all East and West Wing Building Lessees for the year prior to the year during which the notice is given or if the Port Authority receives a written notice during the period described above from Unit Terminal Lessees representing more than fifty percent (50%) of the effective published passenger flight schedules

to and from the Airport of all the Unit Terminal Lessees for the year prior to the year during which the notice is given, which notice is to the effect that the Participants sending the notice continue to be dissatisfied with the CTA ground transportation service whether provided by the old contractor, or if said contractor has been replaced, by the new contractor, then the Port Authority agrees that, effective no later than sixty (60) days after its receipt of said notice (said date to be established by written notice to the Participants) the provisions of this Section covering the CTA ground transportation service shall be terminated and shall no longer be in effect and from and after said date the Lessee shall have the right directly or by arrangement with an independent third party to operate surface vehicles for the transportation of its passengers to and from the premises and the various other passenger terminal facilities or other locations within the Central Terminal Area, provided, however, that the same shall be used exclusively for the transportation of the Lessee's disabled passengers, passengers who must make a direct connection and where time is critical, in the very limited instances where the Lessee must accommodate particular passengers, and for the transportation of passengers travelling as a group where the Lessee must accommodate the group as a whole, it being understood that the foregoing limitation on the right of the Lessee shall be in effect only during such periods as there is in operation at the Airport a CTA omnibus service as defined in paragraph (b) hereof (the Port Authority having no obligation so to do), excluding the transportation of passengers travelling as a group, and provided, however, that if the Lessee utilizes a third party to provide said service, that said third party shall be subject to the prior and continuing approval of the Port Authority, shall agree to become a permittee of the Port Authority and shall pay the percentage of its gross receipts to the Port Authority with respect to its service as specified in said permit and shall comply with all the terms and conditions of its permit.

(d) (1) The Port Authority hereby states its intention to attempt to incorporate into all new leases and into all existing leases which may not already include the same with all Scheduled Aircraft Operators covering passenger terminal facilities within the Central Terminal Area provisions having the same effect as the provisions of this Section. The term "the Participants" shall mean all Scheduled Aircraft Operators (including the Lessee) who have executed leases with the Port Authority covering passenger terminal facilities within the Central Terminal Area which contain provisions having the same effect as the provisions of this Section or who have executed agreements with the Port Authority incorporating into their leases with the Port Authority covering passenger terminal facilities within the Central Terminal Area premises having the same effect as the provisions of this Section.

For the purposes of this Section, the term "Unit Terminal Lessees" shall mean all Participants other than the East and West Wing Building Lessees. The term "East and West Wing Building Lessees" shall mean those foreign flag Scheduled Aircraft Operators

who shall have entered into long term leases with the Port Authority covering space in the East or West Wing Buildings.

(2) All Aircraft Operators who may be occupying space within the Central Terminal Area pursuant to a sublease, subuse or handling agreement with any Unit Terminal Lessee or with any East or West Wing Building Lessee (the foregoing not to waive the requirement for Port Authority consent) shall be obligated to comply with all obligations of this Section which are applicable to the Participants, but said Aircraft Operators shall not be or be deemed to be Participants within the meaning of subparagraph (1) of this paragraph (d) or be or be deemed to be an East or West Wing Building Lessee or a Unit Terminal Lessee within the meaning of subparagraphs (2) and (3) of paragraph (c) hereof, but their activities, operations and payments hereunder shall be deemed to be those of the Participants whose space they are using.

(e) The agreement by the Lessee under paragraph (b) hereof as well as the agreement by the Lessee under paragraph (c)(3) hereof, in the event the provisions covering the CTA transportation service are terminated and are no longer in effect, are of the essence of this Section and the Lessee agrees that the Port Authority shall be entitled to a decree against the Lessee requiring the specific performance thereof in any court of equity having jurisdiction. The aforesaid remedy shall not constitute the exclusive or sole remedy which may be available to the Port Authority hereunder in the event the Lessee breaches its agreement.

The Lessee understands and acknowledges that the provisions of this Section 74 have been in effect in the Central Terminal Area of the Airport under the Prior Lease and the Prior Sublease and the Prior Permit as defined in Section 1 and Section 86 hereof. The Lessee and the Port Authority understand and agree that the foregoing provisions of this Section represent the agreement reached under the Prior Lease and the Prior Sublease and the Prior Permit between the parties thereto and each acknowledges that in actual operation the ground transportation services actually provided at the Airport pursuant thereto have, by mutual agreement and request of the parties, from time to time, not conformed in particular respects to the provisions hereof. Nothing contained herein, nor the execution of this Agreement, shall grant or be deemed to grant or confer on either party a retroactive right or claim that any provision hereof, or of the Prior Lease and the Prior Sublease and the Prior Permit, has been breached, nor shall either party claim the inclusion of these provisions herein, nor the execution of this Agreement, has created or affirmed such right, nor shall any rights of the parties hereunder be deemed waived or limited thereby.

Section 75. Future Airport Transportation Facilities and Operations - Use of Portions of the Premises

(a) The Lessee understands that the Port Authority presently is planning to construct certain ground transportation facilities at the Airport including, but not limited to, a Passenger

Distribution System ("PDS"). It is presently contemplated that the PDS will generally consist of a transportation system circulating around the Central Terminal Area of the Airport (as generally shown on Exhibit S of the Lease and herein called "the CTA"), generally aligned along the roadway frontage of the passenger terminal buildings and with stations to serve the passenger terminal buildings in the CTA at various locations. At the discretion of the Port Authority, stations may be located to serve one or more passenger terminal buildings in the CTA or an area of the CTA. The PDS may be linked to another transit system or other transit systems serving Airport parking areas, rent-a-car facilities, other areas of the Airport and an Airport access transit system. Pedestrian access between the PDS stations and the passenger terminal buildings will be provided as part of the PDS. Vertical circulation areas, if needed, including stairs, escalators, ramps and elevators at the passenger terminal building on the premises will be the responsibility of the Lessee and shall be appropriate to the operation of the PDS. The Port Authority expects to commence planning and design for the PDS and upon completion of such planning and design, to implement the construction of the PDS and after the completion of such construction, to maintain and operate the PDS for the accommodation and transportation of persons desiring to use the same, and their baggage. The Port Authority will keep the Lessee advised from time to time of the progress of the planning, design and construction of the PDS, particularly as it relates to the premises hereunder. The Lessee acknowledges and agrees that the PDS will be a benefit and enhancement to the Airport and to the Lessee's operations thereon; the foregoing not to be construed or imply that the Lessee hereby agrees to the cost, method of financing or repayment of the costs associated with the construction and operation of the PDS.

(b) The Lessee understands that the construction and operation of the PDS may require the location on the premises of a passenger station in Area IA or Area IB or both (including pedestrian access between it and each passenger terminal building) and, in addition, may require the use of a portion or portions of the premises for and in connection with the construction, maintenance or operation of other portions of the PDS. The Lessee agrees that it shall make available to the Port Authority upon demand such portion or portions of the premises for use for or in connection with the construction, maintenance and operation of the PDS for such purposes as may be reasonably required or be appropriate therefor and, where such portion of the PDS exclusively serves the premises, the same shall be made available by the Lessee without abatement of rental or charges hereunder or any payments by the Port Authority to the Lessee therefor. Where such portion of the PDS does not exclusively serve the premises then the applicable Facility Rental (the Area IA Facility Rental, the Area IB Facility Rental and the Additional Facility Rentals (other than the First Additional Facility Rental), as the case may be) hereunder shall be abated in accordance with the rental abatement provisions of Section 4 of this Lease.

(c) The Lessee understands that the Port Authority considers the construction, operation and maintenance of the PDS of the utmost importance to the efficient operation of the Airport and to the fulfillment of the Port Authority's governmental function to provide, maintain, develop and operate the Airport; that the efficient use and operation of the PDS will require that the Lessee in the operation and use of its passenger terminal facilities under this Lease shall utilize and cooperate in the operation of the PDS to the end that the PDS shall be utilized to the fullest extent possible so that its advantages and efficiencies can be fully realized; and that the Port Authority does not by this Lease Agreement intend to enter into any agreement, understanding or commitment which will interfere with, limit, restrict, hinder or prevent in any way the development construction, maintenance, operation or efficient use of the PDS.

(d) The Lessee also understands and acknowledges that the cost of planning, design, construction, maintenance and operation of the PDS will be accorded the same cost recovery treatment as the similar elements of the Air Terminal Highway System is accorded in the General Airport Agreement (as defined in Section 81 of the Lease) for calculation of the flight fees under the General Airport agreement and the same cost recovery treatment as the Air Terminal Highway System is accorded for the calculation of other fees and charges under other existing agreements and policies at the Airport, and under any agreements which may be entered into in the future including agreements to replace such existing agreement(s) or the General Airport Agreement.

(e) The Port Authority has also advised the Lessee that it is the intention of the Port Authority that with respect to the maintenance, operation, use and payment for the PDS all aircraft operators at the Airport which are similarly situated will be treated in a similar manner including the treatment of the cost, if any, of each in connecting its airport terminal facility to the PDS.

(f) Without limiting any other provisions of this Section the Lessee understands and agrees that changes and modifications to certain provisions of the Lease including, but not limited to, Section 6 (Ingress and Egress), and Section 74 (Ground Transportation Within the Central Terminal Area) and Section 76 (Restrictions on Use of Passenger Terminal Frontage Roadways - Use of Airport Taxi Dispatchers - addition of Roadway Area to the Premises) may be required or appropriate to conform the provisions of these Sections to the operation of the PDS and the Lessee agrees upon the presentation to it of a form of supplemental agreement to this Lease which includes such modifications it will execute and return the same to the Port Authority. The Port Authority and the Lessee agree that each will consult with the other, from time to time, and will provide information to the other in good faith, from time to time, with respect to the study, planning, design, construction, maintenance and operation of the PDS and its interconnection with the Lessee's passenger terminal facilities at the premises. Notwithstanding anything in this Agreement to the

contrary, the Lessee does not consent or otherwise agree to, and does not waive any right it may have to challenge, the use of passenger facility charges or any other charge or fee directly or indirectly to Lessee or Lessee's passengers to pay for any costs of any transit system, or portion thereof, which is off the Airport.

Section 76. Restrictions on Use of Passenger Terminal Frontage Roadways - Use of Airport Taxi Dispatchers - Addition of Roadway Area to the Premises

(a) The Lessee understands that the Port Authority presently has in effect and has planned various physical improvements and policies concerning and affecting the use of vehicular roadways in the Central Terminal Area of the Airport (as generally shown on Exhibit S) for the limitation and control of traffic thereon including the limitation and control of vehicular traffic on the premises and vehicular traffic moving between the Air Terminal Highways, as designated from time to time by the Port Authority in the Central Terminal Area of the Airport, and the vehicular roadways on the premises connecting to the said Air Terminal Highways. These improvements and policies, both in existence and planned, generally include the following:

(1) Restrictions on the use of roadways in the Central Terminal Area as set forth in Section 74 (Ground Transportation In The Central Terminal Area) and Section 72 (Ground Transportation) of the Lease.

(2) The use of Airport Taxi Dispatching Services (as generally set forth in paragraph (b) hereof) where the Port Authority, either itself or through its contractor, utilizes at passenger terminals under the control of the Port Authority and makes available to passenger terminals at the Airport operated by others, the services of a Taxi Dispatcher to assist in the expeditious and orderly flow of taxicabs to and from passenger terminals at the Airport.

(3) The planning, development and implementation of a central taxi holding and dispatching system for the Airport to be used in conjunction with the use of Taxi Dispatchers at the passenger terminals at the Airport.

(4) The designation of specified portions of the vehicular roadways on the premises for limited use exclusively by certain types of ground transportation vehicles and/or certain types of ground transportation carriers for the loading and unloading of passengers and their baggage.

(b) The Lessee agrees to restrict from the premises during the time period or time periods, as may be specified by the Port Authority from time to time (each such period being herein referred to as a "Taxi Dispatcher Period" or "TDP"), all taxicabs except those taxicabs which are discharging passengers at the premises and those taxicabs which are requested by a Taxi Dispatcher stationed on

the premises and dispatched through the airport central taxi holding and dispatching facility (herein called "the Airport Central Taxi Stack") to the premises. Further, during any TDP the Lessee agrees to take and accept from the Port Authority, and permit the stationing at an appropriate location or locations on the premises, of a Taxi Dispatcher or Taxi Dispatchers and the establishment of a taxicab waiting line on the premises of such number of vehicles as shall be specified by the Port Authority from time to time. A Taxi Dispatcher or Taxi Dispatchers when located on the premises shall provide the sole and exclusive dispatch of taxicabs to the Lessee's passengers and others desiring the use of a taxicab from the premises and shall perform such other duties and functions in connection therewith as may be specified by the Port Authority from time to time. The Lessee agrees to permit the installation on the premises by the Port Authority of such fixtures, equipment and improvements including, but not limited to, a taxi dispatcher shelter, telephone, radio transceiver and transponder receiving device as may be necessary or reasonably desired by the Port Authority in connection with the activities and operations of the Taxi Dispatchers. The Lessee understands and agrees that all expenses of the Port Authority associated with the implementation and operation of the Taxi Dispatchers on the Airport including, but not limited to, the Taxi Dispatchers on the premises and the construction, maintenance and operation of the Airport Central Taxi Stack shall be included in and payable through the aircraft flight fees at the Airport and will be accorded the same cost recovery treatment as the Air Terminal Highway System is accorded for such purposes under the General Airport Agreement and the calculation of other fees and charges under other existing agreements and policies at the Airport, and under any agreements which may be entered into and any policies which may be implemented, in the future, including agreements and policies to replace such existing agreements and policies or the General Airport Agreement.

(c) In connection with and furtherance of the Port Authority's policies concerning ground transportation on the Airport, the operation of the Ground Transportation Counter as set forth in Section 67, the operation of Taxi Dispatchers and the Airport Central Taxi Stack as set forth in this Section 76, and the provisions governing Ground Transportation Within The Central Terminal Area as set forth in Section 74, the Lessee hereby agrees that, from time to time, the Port Authority may designate and specify areas of roadways and curbs located on the premises, for the purpose of segregated and exclusive use by separate categories of vehicles, including but not limited to buses, taxicabs, private automobiles and other vehicles, and use by separate categories of ground transportation carriers, (including but not limited to Port Authority permittees), as may be designated by the Port Authority, from time to time, for the purpose of loading and unloading passengers and their baggage. The Lessee shall prohibit the operation of all other types of vehicular traffic on the roadways on the premises used for the loading and unloading of passengers and their baggage and shall prohibit parking or stopping except in the areas designated as aforesaid. Designated areas shall be clearly

indicated by the Lessee by appropriate signing and marking on the premises as shall be directed or approved from time to time by the Port Authority. The Lessee shall permit the installation on the premises by the Port Authority of such fixtures, equipment and improvements, including, but not limited to transponder receiving devices and other vehicular tracking and monitoring devices; and the Lessee shall, through the use of appropriate and sufficient means including, but not limited to, removing unauthorized parked vehicles from the premises, security guards and other personnel stationed on the premises in the area of the said roadways, require that the limitations and restrictions established hereunder by the Port Authority on the use of the said roadways are complied with and enforced on a 24-hour basis, during any TDP and at other times as may be directed by the Port Authority.

(d) The Lessee understands that the Port Authority considers the provisions of this Section 76 and the use of the Lessee's passenger terminal roadway areas of the utmost importance to the efficient operation of the Air Terminal Highway System on the Airport and to the fulfillment of the Port Authority's governmental function to provide, maintain, develop, and operate the Airport; that the efficient use and operation of the Air Terminal Highway System requires that the Lessee, in the operation and use of its passenger terminal facilities under this Lease shall utilize and cooperate fully in all respects in the operation and implementation of the provisions of this Section 76 to the end that the Air Terminal Highway System, including ingress thereto and egress therefrom, will operate in the most efficient manner; and that the Port Authority does not by this Lease Agreement intend to enter into any agreement, understanding, or commitment which will interfere with, limit, restrict, hinder, or prevent in any way, the efficient development, implementation and operation of the Air Terminal Highway System and the rights and discretion of the Port Authority with respect thereto.

(e) (1) Effective as of the date to be set forth in a notice from the Port Authority to the Lessee the Lessee shall lease from the Port Authority and the Port Authority shall lease to the Lessee the portion of the Air Terminal Highway System as shall be generally shown on a sketch attached to said notice together with such structures, buildings, additions, fixtures, improvements and other property of the Port Authority, if any, located therein, thereon or thereunder (all of the foregoing being sometimes herein referred to as the "Additional Roadway Frontage") which portion of the Air Terminal Highway System effective from and after the effective date set forth in the aforesaid notice to be given by the Port Authority to the Lessee, shall cease to be a portion of the Air Terminal Highway System and shall be and become a part of the premises under the Lease subject to and in accordance with all of the terms, conditions and provisions thereof.

(2) The notice referred to in subparagraph (1) above may also have a sketch or other description attached thereto which shall show the specific dimensions of the Additional Roadway

Frontage and said notice shall also set forth the increase in rental under the Lease (herein called the "Additional Roadway Frontage Rental") which the Lessee hereby agrees to pay to the Port Authority on account of the addition of the Additional Roadway Frontage. The Additional Roadway Frontage Rental shall be calculated by multiplying the acreage (as determined to the nearest 100 place decimal) of the Additional Roadway Frontage by the annual rental rates then in effect for the Area IA Ground Rental and the Area IB Ground Rental; and the Additional Roadway Frontage Rental shall be subject to the same increases at the times and using the same method set forth in Section 4 I (b) hereof covering CPI adjustments.

The Lessee understands and agrees that the Additional Roadway Frontage shall be improved with roadways and other improvements when made a part of the premises and that the cost of the Port Authority in performing such roadway construction and improvement work, notwithstanding its addition to the premises, shall be treated as work done on the Air Terminal Highway System and will be accorded the same accounting cost recovery treatment as if such work were done on and continued to be a part of the Air Terminal Highway System for the calculation of flight fees under the General Airport Agreement and other agreements and policies at the Airport, and under any agreements which may be entered into or policies which may be implemented in the future including agreements and policies to replace such existing agreements and policies or the General Airport Agreement.

Section 77. Lessee's Financial Condition - Limitation of Lease Term - Triggering Events

I. If any one or more of the Triggering Events listed in Exhibit X, annexed hereto and hereby made a part hereof, shall occur, then, ten (10) days following the occurrence of any such Triggering Event, the term of this Agreement and the letting hereunder shall be deemed terminated, and the Lessee shall thereafter be a hold-over tenant, on a month-to-month periodical basis, of the Port Authority. Termination hereunder shall be and operate as a conditional limitation. In the event any court of competent jurisdiction shall not give full and complete effect to this termination provision and its operation as a conditional limitation, the Lessee and the Port Authority agree, as a condition of this Agreement, and not merely as a covenant, that this Agreement and the stated term of the letting hereunder shall nonetheless, from and after the effective date of termination provided above, be deemed to have expired.

II. (a) The Lessee agrees that:

(1) There shall be an annual meeting (from time to time such meeting may be held at a greater time interval at the sole discretion of the Port Authority) between representatives of the Port Authority and the Chief Financial Officer of the Lessee or, at the election of the Lessee, a responsible corporate financial officer of the Lessee to review the financial performance of the

Lessee including, but not limited to, the information supplied in accordance with paragraph (2) below.

(2) The Lessee shall deliver to the Port Authority, as soon as available, but not later than ninety (90) days after the close of each fiscal quarter copies of all material and information provided or made available to shareholders generally and/or all major creditors of the Lessee, including but not limited to the following:

(i) Financial data including monthly operating statements, changes in bank credit lines and debt obligations, cash flow projections compared with required debt service payments and United States Securities and Exchange Commission filings (including without limitation 8K, 10K and 10-Q filings) and shareholder reports.

(ii) Traffic data including passengers, aircraft movements, available seat miles and revenue passenger miles.

(iii) Performance indicators including load factors, break-even load factors, yield per revenue passenger mile and cost per available seat mile.

Notwithstanding the foregoing, the Lessee shall have no obligation hereunder to provide to the Port Authority any privileged or confidential information, documentation or material that has been provided to any person who has an obligation not to disclose such information, documentation or material pursuant to a confidential agreement or applicable law, except if and to the extent such information is already in or becomes part of the public domain.

(b) The Lessee shall submit to the Port Authority a statement at any time during the term of the letting signed by a responsible financial officer of the Lessee notifying the Port Authority that a Triggering Event or Triggering Events listed in Exhibit X has or have occurred as of the date of such notice and the date of the occurrence thereof, provided, however, that failure to give any such notice shall not affect the occurrence of any Triggering Event or the consequences thereof hereunder.

III. If the Lessee has, by notice, advised the Port Authority that it reasonably believes that any of the Triggering Events which are listed in Exhibit X hereof and constitute events which would result in termination (if the Port Authority were to activate the same by the giving of the notice or notices as specified in Exhibit X) pursuant to this Section 77 either are anticipated to occur within forty-five (45) days of said notice, or has or have already occurred, or if in fact any Triggering Event or Triggering Events has or have occurred, or the Port Authority believes that the same has or have occurred without receipt of any notice from the Lessee, as aforesaid, then:

(a) the Lessee may, at any time prior to the termination of the letting, by notice, request that the Port Authority waive the occurrence of one or more of the Triggering Events, and the effect thereof hereunder, for a period of time to be determined by the Port Authority and to be contained in a letter agreement to be prepared by the Port Authority and executed by the Port Authority, which shall be effective upon its execution by the Lessee; or

(b) the Port Authority may, at any time prior to the termination of the letting, in its sole discretion and without a prior request from the Lessee, waive the occurrence of one or more of the Triggering Events, and the effect thereof hereunder, for a period of time to be determined by the Port Authority and to be set forth in a notice from the Port Authority to the Lessee. Service of a notice hereunder shall not in and of itself imply or be deemed to imply that a Triggering Event has occurred.

The Port Authority shall have no obligation to take either of the above two actions in this Part III.

IV. Although it is hereby specifically acknowledged and agreed that the aforesaid month-to-month periodical tenancy, if any should occur hereunder, is terminable by either party in accordance with law and that the following provision shall have no effect whatsoever on the right of either party to so terminate, it is further understood that if 4 consecutive calendar quarters have elapsed after a Triggering Event has occurred during which time the Lessee is in occupancy of the premises as a month-to-month tenant, and during such period none of the Triggering Events listed in Exhibit X have occurred or continue to occur, the Lessee is not in default in the payment of rental or any other provision of its month-to-month tenancy and neither the Port Authority nor the Lessee has terminated the month-to-month tenancy by notice to the other, then upon request by either party to the other, the parties will enter into a Supplementary Agreement to be prepared by the Port Authority and to be promptly executed by the parties hereto which would provide for the re-establishment of a tenancy between the Port Authority and the Lessee on a fixed term basis in accordance with all of the terms and provisions of this Lease, and upon said execution the Lease, as the same may theretofore have been supplemented and amended, shall have the fixed term stated in Section 3 hereof.

Section 78. Requesting Airlines at the Airport

(a) If a Scheduled Aircraft Operator (hereinafter called a "Requesting Airline") advises the Lessee that it would like to be accommodated by the Lessee at the premises, the Lessee in furtherance of the public interest of having the premises fully and most effectively utilized shall use its best efforts to accommodate the request of said Requesting Airline. If the Lessee fails to reach agreement with said Requesting Airline for its accommodation, the Lessee shall advise the Port Authority to such effect. Thereafter, the Port Authority shall make a determination as to whether the Lessee should accommodate the Requesting Airline as

Section 81. Definitions

The following terms, when used in this Agreement, shall, unless the context shall require otherwise, have the respective meanings given below.

(a) "Agreement" shall mean this agreement of lease.

(b) "Aircraft Operator" shall mean (a) a Person owning one or more aircraft which are not leased or chartered to any other person for operation, and (b) a Person to whom one or more aircraft are leased or chartered for operation whether the aircraft so owned, leased or chartered are military or non-military, or are used for private business, pleasure or governmental business, or for carrier or non-carrier operations, or for scheduled or non-scheduled operations or otherwise. Said phrase shall not mean the pilot of an aircraft unless he is also the owner or lessee thereof or a Person to whom it is chartered.

(c) "Airport" shall mean the land and premises in the City of New York, in the County of Queens and State of New York, which are shown in green upon the Exhibit attached to the Basic Lease between The City of New York and the Port Authority referred to in subdivision (b) below, said Exhibit being marked "Map II", and lands contiguous thereto which may have been heretofore or may hereafter be acquired by the Port Authority to use for air terminal purposes.

(d) "Basic Lease" shall mean the agreement between The City of New York and the Port Authority dated April 17, 1947, as the same from time to time may have been or may be supplemented or amended. Said agreement dated April 17, 1947, has been recorded in the Office of the Register of The City of New York, County of Queens, on May 22, 1947, in Liber 5402 of Conveyances, at pages 319, et seq.

(e) "Civil Aircraft Operator" shall mean a Person engaged in civil transportation by aircraft or otherwise operating aircraft for civilian purposes, whether governmental or private. If any such Person is also engaged in the operation of aircraft for military, naval or air force purposes, he shall be deemed to be a Civil Aircraft Operator only to the extent that he engages in the operation of aircraft for civilian purposes.

(f) "Consumer Service Maximum Basic Rental" shall mean the amount of per square foot subject to adjustment based upon changes in the Consumer Price Index as set forth in paragraph (b) of Subdivision I of Section 4 in the same manner as adjustments are made to the Lessee's rental obligations in said Subdivision I of Section 4 in said paragraph (b).

(g) "Distribution Portion of the Underground Fuel System" shall have the meaning set forth in the General Airport Agreement.

(h) "General Airport Agreement" shall mean those certain agreements each entitled "John F. Kennedy International Airport Airline Lease" dated as of January 1, 1953 (as the same has been extended, supplemented and amended) between the Port Authority and various airlines and which govern the rights, privilege, duties and obligations of and between the parties thereto with respect to the Airport.

(i) "General Manager of the Airport" shall mean the person or persons from time to time designated by the Port Authority to exercise the powers and functions vested in the said General Manager by this Agreement; but until further notice from the Port Authority to the Lessee it shall mean the General Manager (or the temporary or acting General Manager) of the Airport for the time being, or his duly designated representative or representatives.

(j) "Governmental Authority", "Governmental Board", "Governmental Agency" shall mean federal, state, municipal and other governmental authorities, boards and agencies of any state, nation or government, except that it shall not be construed to include The Port Authority of New York and New Jersey, the lessor under this Lease.

(k) "gross receipts" shall mean and include all monies paid or payable to the Operator for sales made and for services rendered at or from the premises, regardless of when or where the order therefor is received, and outside the premises, if the order therefor is received at the premises, and any other revenues of any type arising out of or in connection with the Operator's operations at the premises, provided, however, that any taxes or other governmental charges imposed by law which are separately stated to and paid by a customer and directly payable to the taxing authority by the Operator, shall be excluded therefrom.

(l) "Handled Airlines" shall mean the Requesting Airlines, as defined in Section 78 hereof, or any other Scheduled Aircraft Operator who is operating at the Airport pursuant to accommodations provided by a Lessee, whether by sublease, handling agreement, or a combination of both, which agreement has been consented to by the Port Authority and in which consent the Port Authority has designated said Operator a Handled Airline.

(m) "In-flight meals" as used in the air transportation industry and in this Lease is a word of art and includes food, beverages, snacks, non-reusable supplies, materials, dry goods and all services rendered in connection therewith.

(n) "Lease" or "this Agreement of Lease" shall mean this agreement of lease.

(o) "Letting" shall mean the letting under this Agreement for the original term stated herein, and shall include any extension thereof.

(p) "Person" shall mean not only a natural person, corporation or other legal entity, but also two or more natural persons, corporations or other legal entities acting jointly as a firm, partnership, unincorporated association, consortium, joint adventurers or otherwise.

(q) "Premises" shall mean and include the land, the buildings, structures and other improvements located or to be located or to be constructed therein or thereon, the equipment permanently affixed or permanently located therein, such as electrical, plumbing, sprinkler fire protection and fire alarm, heating, steam, sewage, drainage, refrigerating, communications, gas and other systems, and their pipes, wires, mains, lines, tubes, conduits, equipment and fixtures, and all paving, drains, culverts, ditches and catchbasins.

(r) "Public Landing Area" shall mean the area of land at the Airport including runways, taxiways and the areas between and adjacent to runways and taxiways, designated and made available from time to time by the Port Authority for the landing and taking off of aircraft.

(s) "Public Ramp and Apron Area" shall mean the area adjacent to the Public Landing Area designated and made available from time to time by the Port Authority for common use for the loading or unloading of passengers or cargo to or from aircraft using the Public Landing Area.

(t) "Runways" (including approaches thereto) shall mean the portion of the Airport used for the purpose of the landing and taking off of aircraft.

(u) "Scheduled Aircraft Operator" shall mean a Civil Aircraft Operator engaged in transportation by aircraft operated wholly or in part on regular flights to and from the Airport in accordance with published schedules; but so long as the Federal Aviation Act of 1958, or any similar federal statute providing for the issuance of Foreign Air Carrier Permits or Certificates of Public Convenience and Necessity or substantially similar permits or certificates, is in effect, no person shall be deemed to be a Scheduled Aircraft Operator within the meaning of this Lease unless he also holds such a permit or certificate.

(v) "Taxiways" shall mean the portion of the Airport used for the purpose of the ground movement of aircraft to, from and between the runways, the public ramp and apron area, the aircraft parking and storage space and other portions of the Airport (not including, however, any taxiways, the exclusive use of which is granted to the Lessee or any other person by lease, permit or otherwise.)

(w) (1) "Unamortized Phase I Capital Investment" shall mean for purposes of this Lease, the amount of the Lessee's investment in the premises arising out of the performance by the

Lessee of the Phase I Construction Work (as more fully described below) pursuant to and as set forth in and defined in Section 2 after deduction therefrom of an amount equivalent to an allowance for depreciation and amortization; such allowance to be computed on a straight-line basis from the earlier of the Phase I Completion Date (as defined in Section 2 (g) (3) of the Lease) to the end of the average useful life thereof (as determined under generally accepted United States accounting principles) or November 30, 2015, whichever is the shorter. For purposes hereof, the calculation of the Unamortized Phase I Capital Investment of the Lessee shall be based on, and shall not exceed, the amount of (2.a.)

The foregoing computation to be made shall not take into consideration the effect of accelerated amortization, if any, granted to or taken by the Lessee on its books or otherwise under the provisions of Section 168(a) of Title 26 USCA or similar legislation hereafter enacted.

For purposes of this subparagraph (w) (1) the Lessee's Phase I Cost shall be the lesser of (2.a.) or an amount equal to the sum of: (i) the amounts paid by the Lessee to independent contractors for work actually performed and labor and materials actually furnished, inclusive of sales, use and like taxes where applicable with respect to the completed Phase I Construction Work; (ii) the payments made and expenses incurred by the Lessee, in connection with such construction, for engineering, architectural, professional and consulting services, and the supervision of construction, provided, however, that such payments and expenses pursuant to this subdivision (ii) shall not exceed twelve per cent (12%) of the amounts described in subdivision (i); and (iii) the amounts paid by the Lessee to independent contractors for the personal property starred and underlined in Exhibit E and installed in connection with the Phase I Construction Work and to which title has passed to the Port Authority inclusive of sales, use and like taxes where applicable; in each case, as the above-mentioned amounts, payments and expenses are evidenced, from time to time, by certificates of a responsible fiscal officer of the Lessee, sworn to before a notary public and delivered to the Port Authority, which certificates shall (a) set forth, in reasonable detail, the amounts paid to specified independent contractors, the payments made to other specified persons and the other expenses incurred by the Lessee, which have not previously been reported in certificates delivered to the Port Authority, (b) have attached thereto reproduction copies or duplicate originals of the invoices of such independent contractors and other persons acknowledging the receipt by them of such amounts and payments, and (c) certify that the amounts, payments and expenses therein set forth constitute portions of the Lessee's Phase I Cost for the purposes of this Lease; all of the foregoing items being herein called "the Lessee's Phase I Cost".

For purposes of this Agreement, the Lessee's investment in the premises arising out of the performance by the Lessee of the

Phase I Construction Work shall mean such amount, if any, by which the Lessee's Phase I Cost exceeds the sum of (i) the total of all Construction Payments (as defined in Section 89 hereof) made by the Port Authority to the Lessee under said Section 89 for Phase I Construction Work plus (ii) the total of all Area IA Restoration Work Payments (as defined in Section 90 hereof) made by the Port Authority under said Section 90. In no event shall the Lessee's Phase I Cost or the Lessee's Unamortized Phase I Capital Investment include any amounts paid for or in connection with any equipment, trade fixtures or other personal property of the Lessee.

All records of the Lessee with respect to the foregoing shall be kept at all times within the Port of New York District for a period of two (2) years after the final costs of all the Phase I Construction Work have been submitted by the Lessee to the Port Authority or the end of the term of the letting under the Agreement, whichever is later, and shall be subject to the audit and inspection of the Port Authority, its representatives and employees; provided, however, on the condition that the Lessee shall pay to the Port Authority all travel costs and expenses as determined by the Port Authority for Port Authority auditors and other representatives in connection with any audit at locations outside the Port of New York District, the Lessee may maintain said records and books and make them available to the Port Authority at the Lessee's office at 1030 Delta Boulevard, Hartsfield Atlanta International Airport, Atlanta, Georgia 30320.

(2) "Unamortized Phase II Capital Investment" shall mean for purposes of this Lease, the amount of the Lessee's investment in the premises arising out of the performance by the Lessee of the Phase II Construction Work (as more fully described below) pursuant to and as set forth in and defined in Section 2 after deduction therefrom of an amount equivalent to an allowance for depreciation and amortization; such allowance to be computed on a straight-line basis from the earlier of the Phase II Completion Date (as defined in Section 2 (g) (3) of the Lease) to the end of the average useful life thereof (as determined under generally accepted United States accounting principles) or November 30, 2015, whichever is the shorter. For purposes hereof, the calculation of the Unamortized Phase II Capital Investment of the Lessee shall be based on, and shall not exceed, the amount of (2.a.)

The foregoing computation to be made shall not take into consideration the effect of accelerated amortization, if any, granted to or taken by the Lessee on its books or otherwise under the provisions of Section 168(a) of Title 26 USCA or similar legislation hereafter enacted.

For purposes of this subparagraph (w) (2) the Lessee's Phase II Cost shall be the lesser of (2.a.)
or an amount equal to the sum of: (i) the amounts paid by the Lessee to independent contractors for work actually performed and labor and materials actually furnished,

inclusive of sales, use and like taxes where applicable with respect to the completed Phase II Construction Work; (ii) the payments made and expenses incurred by the Lessee, in connection with such construction, for engineering, architectural, professional and consulting services, and the supervision of construction, provided, however, that such payments and expenses pursuant to this subdivision (ii) shall not exceed)f the amounts described in subdivision (i); in each case, as the above-mentioned amounts, payments and expenses are evidenced, from time to time, by certificates of a responsible fiscal officer of the Lessee, sworn to before a notary public and delivered to the Port Authority, which certificates shall (a) set forth, in reasonable detail, the amounts paid to specified independent contractors, the payments made to other specified persons and the other expenses incurred by the Lessee, which have not previously been reported in certificates delivered to the Port Authority, (b) have attached thereto reproduction copies or duplicate originals of the invoices of such independent contractors and other persons acknowledging the receipt by them of such amounts and payments, and (c) certify that the amounts, payments and expenses therein set forth constitute portions of the Lessee's Phase II Cost for the purposes of this Lease; all of the foregoing items being herein called "the Lessee's Phase II Cost".

For purposes of this Agreement, the Lessee's investment in the premises arising out of the performance by the Lessee of the Phase II Construction Work shall mean such amount, if any, by which the Lessee's Phase II Cost exceeds the sum of (i) the total of all Construction Payments (as defined in Section 89 hereof) made by the Port Authority to the Lessee under said Section 89 for Phase II Construction Work plus (ii) the total of all Area IA Restoration Work Payments (as defined in Section 90 hereof) made by the Port Authority under said Section 90. In no event shall the Lessee's Phase II Cost or the Lessee's Unamortized Phase II Capital Investment include any amounts paid for or in connection with any equipment, trade fixtures or other personal property of the Lessee.

All records of the Lessee with respect to the foregoing shall be kept at all times within the Port of New York District for a period of two (2) years after the final costs of all the Phase II Construction Work have been submitted by the Lessee to the Port Authority or the end of the term of the letting under the Agreement, whichever is later, and shall be subject to the audit and inspection of the Port Authority, its representatives and employees; provided, however, on the condition that the Lessee shall pay to the Port Authority all travel costs and expenses as determined by the Port Authority for Port Authority auditors and other representatives in connection with any audit at locations outside the Port of New York District, the Lessee may maintain said records and books and make them available to the Port Authority at the Lessee's office at 1030 Delta Boulevard, Hartsfield Atlanta International Airport, Atlanta, Georgia 30320.

Section 82. In-Flight Meals

(1) If the Lessee desires to prepare, for its exclusive use, in-flight meals (as defined in Section 81 hereof) for consumption by passengers and crew on board aircraft operated by the Lessee and to deliver such meals to such aircraft it shall have the right to do so, individually or through a contractor of its own choice (which contractor shall not be another person engaged in the business of transportation by aircraft). If the Lessee does so directly, it shall do so only on space located outside the Central Terminal Area (as defined in Section 81 hereof). The foregoing, however, shall create no obligation of the part of the Port Authority to provide such space and shall in no way be deemed a commitment by the Port Authority that any such space shall be available. If the Lessee chooses to use an independent contractor, such contractor shall be a regular In-Flight Meal Operator by which is meant an operator authorized by the Port Authority to provide in-flight meals to Aircraft Operators at the Airport unless, in the opinion of the Lessee, all regular In-Flight Meal Operators are unsatisfactory to the Lessee, in which case the Lessee may employ any other contractor (other than another person engaged in the business of transportation by aircraft), satisfactory to the Port Authority, who will accept a permit from the Port Authority on the same terms and conditions including the same rates, fees or charges as imposed upon and required of the Port Authority's In-Flight Meal Operators.

(2) The Lessee shall have the further right, either directly or through an independent contractor of its choice, satisfactory to the Port Authority, or by arrangements, jointly with one or more other users at the Airport, to employ a contractor, satisfactory to the Port Authority, to prepare outside the Airport and to deliver at the Airport to aircraft operated by the Lessee, in-flight meals for consumption by passengers and crew on board such aircraft, provided, however, that if the Lessee employs a contractor either alone, or, by arrangement, jointly with one or more other users at the Airport for the preparation, outside the Airport, of in-flight meals, then the Lessee shall cause such contractor to pay to the Port Authority the rate or rates which would be payable to the Port Authority by a regular Port Authority permittee for the off-Airport preparation or delivery, or both, of such in-flight meals to aircraft for consumption by passengers and crews on board such aircraft.

(3) (i) The Lessee has advised that it may use more that one independent contractor to furnish its "in-flight meals" at the Airport but may not wish to have all of said contractors become permittees of the Port Authority under permits which require, as aforesaid, the permittees to pay fees at the rates imposed on the Port Authority's In-Flight Meal Operators upon gross receipts based on amounts the Lessee pays said contractors.
