Leasehold Mortgagee's Obligations During Foreclosure Period. As a condition to exercising its rights under the Leasehold Mortgage, the Leasehold Mortgagee must pay to the Port Authority all accrued but unpaid Company's Aggregate Port Authority Lease Obligations at the time the Leasehold Mortgagee delivers the Foreclosure Notice. Further, the Leasehold Mortgagee will thereafter be responsible for paying all current Company's Aggregate Port Authority Lease Obligations not paid by the Company under the Port Authority Lease from and after the date it elects to enforce its rights under the Leasehold Mortgage. See "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions Precedent to Foreclosure—Foreclosure Period Payments.*" Pursuant to the Indenture, the Agency will establish a Foreclosure Payment Account held in the Mortgage Reserve Fund to be funded by the Company at the time the Company delivers the executed Leasehold Mortgage to the Trustee following satisfaction of the Reletting Rights Effective Date Conditions. See "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions Precedent to Foreclosure—Foreclosure Period Payments,*" APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT— Particular Covenants—*Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease*" and APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Mortgage Reserve Fund.*" There is no assurance, however, that the Company will have the funds necessary to fund the Foreclosure Payment Account of the Mortgage Reserve Fund. The amount required to be deposited in the Foreclosure Payment Account of the Mortgage Reserve Fund is estimated to be equal to three months of the Company's Aggregate Port Authority Lease Obligations in 2006, based on various assumptions. Amounts in the Foreclosure Payment Account may be used to preserve the rights of the Leasehold Mortgagee under the Port Authority Lease while the Leasehold Mortgagee is attempting to locate a Qualifying Replacement Tenant for the Premises (which might thereafter assume any further obligations that would accrue during the Foreclosure Period to preserve the effectiveness of the Leasehold Mortgage until it can gain possession of the Premises). Amounts required to be paid by the Company under the Port Authority Lease may be highly variable and are expected to increase over time, and after the earlier to occur of (i) December 22, 2031 and (ii) the 25th anniversary of the Redevelopment Work Completion Date, the rent payable by the Company under the Port Authority Lease will increase significantly. There can be no assurance that the Foreclosure Payment Account of the Mortgage Reserve Fund will, in fact, be adequate for its purpose, or that any Qualifying Replacement Tenant, if located, would be willing to assume any such further obligations that accrue during the Foreclosure Period. If the Foreclosure Payment Account of the Mortgage Reserve Fund is not sufficient, the Bondholders may be compelled to choose between providing additional funds to the Leasehold Mortgagee for that purpose on the one hand and losing their rights under the Leasehold Mortgage on the other hand.

One Time Right. The provisions of the Port Authority Lease governing the Leasehold Mortgage permit the Company to grant the Leasehold Mortgage one time only. Once the Leasehold Mortgagee begins to exercise its Reletting Rights, those Reletting Rights can never be exercised again whether or not a Qualifying Replacement Tenant is selected by the Leasehold Mortgagee and approved by the Port Authority. Once the Foreclosure Period begins, any failure of the Leasehold Mortgagee to file any notices, to make any payments or to comply with any

other relevant provision of the Port Authority Lease will terminate the Reletting Rights forever. In addition, the Port Authority Lease provides that subsequent tenants will not be allowed to mortgage their interests in the Premises. Thus, the Leasehold Mortgagee and the Bondholders will have no further rights or interests in the Premises following the assignment of the rights and obligations of the Company under the Port Authority Lease to a Qualifying Replacement Tenant.

Uncertain Gate Demand; Availability of Competing Facilities. The likelihood that the Leasehold Mortgagee would be able to find a Qualifying Replacement Tenant for the Premises would be affected by the supply of and demand for gates at the Airport and in the greater New York area. Such supply and demand cannot be predicted at this time and could be affected by such factors as an economic downturn in the area at the time the Leasehold Mortgagee is seeking a Qualifying Replacement Tenant. In addition, the requirements that any Qualifying Replacement Tenant for the Premises make certain payments as discussed further below under "*—Assumption of Bond Obligations*" and "*—Payment of Deferred Reletting Fee to the Port Authority*," particularly if competing facilities are available without those payment requirements, could make it difficult for the Leasehold Mortgagee to locate a Qualifying Replacement Tenant for the Premises. In any event, no assurance can be given as to whether the Leasehold Mortgagee can obtain a Qualifying Replacement Tenant.

See the Gate Demand Study prepared by Simat, Helliesen & Eichner, Inc. attached hereto as Appendix J. The assumptions, findings and opinions contained in the Gate Demand Study have not been adopted by, and do not necessarily represent the opinions or views of, the Agency or the Company.

Assumption of Bond Obligations. Finding a successor tenant that is willing to satisfy all payment requirements of a Qualifying Replacement Tenant and that also will assume all or part of the obligation to pay the Bonds then outstanding would be difficult, especially if there are other facilities available at the Airport. Also, such potential successor tenant could lease the Premises from the Port Authority at the end of the Foreclosure Period (up to 720 days) without making any such payments. A Qualifying Replacement Tenant is not required to assume all or any part of the obligation to pay the Bonds.

Requirement for Single Successor Tenant or Consortium of Tenants. The Port Authority Lease provides that the Leasehold Mortgagee may assign the Port Authority Lease only to a single tenant or to a consortium of tenants, each of which is jointly and severally responsible for the consortium's liabilities and meets certain requirements described under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Obligations of Qualifying Replacement Tenant; Qualification Standards,*" but not to multiple tenants that are not part of a consortium. This limits the availability of potential Qualifying Replacement Tenants.

Payment of Deferred Reletting Fee to the Port Authority. As a condition to assuming the Company's rights and interests with respect to the Premises, the Leasehold Mortgagee or a Qualifying Replacement Tenant must pay to the Port Authority at the time of such assumption a deferred reletting fee. See "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Obligations of Qualifying Replacement Tenant; Qualification Standards—Payment of Accrued Company Obligations and Deferred Reletting Fee.*" This fee, and the fact that the

Port Authority could lease the same property to the same tenant immediately following the expiration of the term of the Foreclosure Period under the Leasehold Mortgage (*i.e.*, up to 720 days) without regard to this fee, could impair the ability of the Leasehold Mortgagee to find a Qualifying Replacement Tenant willing to assume the Company's obligations with respect to the Leased Facilities under the IDA Lease Agreement and the Port Authority Lease.

Limitations on Successor Tenants. Any proposed replacement tenant is subject to approval of the Port Authority. In addition, both the Agreement Towards Entering Into a Lease and the City Attornment Agreement are subject to termination, at the option of the City, if a Qualifying Replacement Tenant succeeds to the Company's leasehold interest in the Port Authority Lease and such Qualifying Replacement Tenant has not been approved by the City. See APPENDIX H—"SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease." As described above under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Obligations of Qualifying Replacement Tenant; Qualification Standards,*" the Port Authority is entitled to consider a number of factors in determining whether to provide its consent to a proposed replacement tenant selected by the Leasehold Mortgagee. Some of the factors the Port Authority may consider in deciding whether to approve a proposed replacement tenant provide the Port Authority with significant discretion to reject any proposed replacement tenant who is otherwise willing and able to assume the Company's rights and obligations under the Port Authority Lease with respect to the Premises.

Certain Considerations under the United States Bankruptcy Code

Bankruptcy of Company. In the event a bankruptcy case is filed with respect to the Company, a bankruptcy court could determine that the IDA Lease Agreement is an executory contract or unexpired lease pursuant to Section 365 of the United States Bankruptcy Code. In that event, a trustee in bankruptcy or the Company as a debtor-in-possession might reject the IDA Lease Agreement. Any rejection of the IDA Lease Agreement could result in a claim for damages against the Company in connection with the Series 2002 Bonds and all Additional Bonds, which claim would rank as that of a general unsecured creditor of the Company. If the IDA Lease Agreement were determined to be an unexpired lease of non-residential real property, under Section 502(b)(6) of the United States Bankruptcy Code the amount of such corresponding claim would be limited to the rent payable under the IDA Lease Agreement (without acceleration) for the greater of one year or 15% of the remaining term of the IDA Lease Agreement, but not to exceed three years, following the earlier of (a) the date the bankruptcy petition was filed, and (b) the date on which the Agency repossessed or the Company surrendered the Leased Facilities under the IDA Lease Agreement, plus any unpaid rentals under the IDA Lease Agreement (without acceleration) on the earlier of such dates. In this event, any claim with respect to Series 2002 Bonds and Additional Bonds that does not mature (absent acceleration) within the period of one year or 15% of the remaining term of the IDA Lease Agreement (but not in excess of three years) following the bankruptcy commencement date (*i.e.*, the earlier of (a) or (b) above) could be limited to the interest which would accrue on such Series 2002 Bonds during such period and may not permit a claim for the recovery of principal since it is anticipated that there will be no principal amortization of the Series 2002 Bonds and any

Additional Bonds until August 1, 2012. As a result, owners of the Series 2002 Bonds could suffer a substantial loss with respect to their investment in the Series 2002 Bonds. Moreover, even if the IDA Lease Agreement is not found to be an executory contract or unexpired lease, the treatment accorded the claim represented by the IDA Lease Agreement in the bankruptcy, through a plan of reorganization or otherwise, could adversely affect the funds available to pay the Series 2002 Bonds.

Pursuant to the terms of the Guaranties, the Company and AMR have separately unconditionally guaranteed to the Trustee, for the benefit of the owners of the Series 2002 Bonds and all Additional Bonds, the full and prompt payment of the principal and purchase price of, and premium, if any, on the Bonds when and as the same shall become due and payable as provided in the Indenture, whether at the stated maturity thereof, by redemption, acceleration or otherwise, and the full and prompt payment of the interest on the Bonds when and as the same shall become due and payable as provided in the Indenture. See APPENDIX E—"SUMMARY OF CERTAIN PROVISIONS OF THE GUARANTIES." The obligations covered by the Guaranties are intended by the parties to be independent of those set out in the IDA Lease Agreement (and thereby not subject to United States Bankruptcy Code limitations on claims for damages with respect to non-residential real property leases described above) and to be enforceable without regard to the validity or enforceability of the IDA Lease Agreement or any obligation of the Company contained therein. In the event a bankruptcy case were filed with respect to the Company or AMR, the Trustee may file a claim pursuant to the applicable Guaranty, independent of any claim under the IDA Lease Agreement, for the payment of all amounts, if any, required for the payment of the principal and purchase price of, premium, if any, and interest on the Bonds when due. Such claim, if allowed, would rank as that of a general unsecured creditor of the Company or AMR, respectively, unless the Leasehold Mortgage has become effective. A bankruptcy court could determine, however, that the Trustee's claim under the applicable Guaranty or the Guaranties should be limited to the same extent as the United States Bankruptcy Code limitation of claims for termination damages with respect to non-residential real property leases described above in connection with a claim under the IDA Lease Agreement and the Leasehold Mortgage would secure only such limited obligations of the Company and AMR. No assurance can be given that the Trustee's claims in connection with the applicable Guaranty or the Guaranties would not be so limited. In such an event, the applicable Guaranty or the Guaranties would provide no additional security for payments due on the Series 2002 Bonds.

No representation or warranty is made by the Company, AMR or any other party that any claim under the IDA Lease Agreement or the Guaranties will be allowed or that any recovery on any such claim will be permitted under the United States Bankruptcy Code. AMR is a holding company with no direct operations and no significant assets other than the stock of its subsidiaries. Therefore, in the event of a bankruptcy filing or monetary default by the Company, the value of the AMR Guaranty may be adversely affected.

If after the date, if any, that (i) the Leasehold Mortgage is recorded, or (ii) a new leasehold mortgage is executed and recorded covering the New City/American Lease, a bankruptcy case is filed with respect to the Company, a bankruptcy court could determine that the grant of the Leasehold Mortgage with respect to either the Port Authority Lease or the New

City/American Lease constituted a preference or a fraudulent transfer under the United States Bankruptcy Code and, therefore, the grant of the Leasehold Mortgage with respect to the Port Authority Lease or the New City/American Lease, as applicable, could be avoided or set aside. In addition, in either such a bankruptcy proceeding or a state court proceeding by an unpaid creditor, a court could find that the grant of the Leasehold Mortgage with respect to either the Port Authority Lease or the New City/American Lease constituted a fraudulent conveyance under state fraudulent conveyance laws and, therefore, the grant of the Leasehold Mortgage with respect to either the Port Authority Lease or the New City/American Lease, as applicable, could be avoided or set aside. The time periods applicable to preferences under the United States Bankruptcy Code, fraudulent transfer under the United States Bankruptcy Code and fraudulent conveyances under state law vary and therefore, if one or two such time periods have expired but at least one time period remains open, such mortgage grant remains subject to avoidance or set aside. Moreover, there is no assurance as to what standard a court would apply to determine if the Company was solvent at the relevant time period. In the event that the Leasehold Mortgage is avoided or set aside, the Company's and AMR's obligations under the respective Guaranties will not be secured by any leasehold mortgage of the Company's interest in the Premises and the only source of payment of the Bonds (including the Series 2002 Bonds) or recourse will be (i) the Equipment Security Agreement, (ii) the unsecured obligations of the Company under the IDA Lease Agreement and the Company Guaranty and (iii) the unsecured obligation of AMR under the AMR Guaranty.

Bankruptcy of City. The New York Local Finance Law (McKinney's Local Finance Law) currently authorizes the City to be a debtor under the applicable provisions of the United States Bankruptcy Code with respect to municipalities. If the City should file a proceeding under Chapter 9 of the United States Bankruptcy Code, it is possible that actions could be taken in that case, despite the existence of Section 929 of the United States Bankruptcy Code, which would impact or alter the Basic Lease, the Agreement Towards Entering Into a Lease, the City Attornment Agreement or, if in effect, the New City/American Lease. Such actions could adversely affect the security for the Series 2002 Bonds.

Possible Loss of Tax-Exempt Status of Interest on Series 2002 Bonds

On the date of delivery of and payment for the Series 2002 Bonds, Bond Counsel will render its opinion with respect to the tax-exempt status of the interest on the Series 2002 Bonds, the form of which opinion is set forth in APPENDIX I—"FORM OF OPINION OF BOND COUNSEL." See also "TAX MATTERS."

In the event the interest (and any original issue discount) on the Series 2002 Bonds is determined to be includable in gross income of holders or Beneficial Owners of the Series 2002 Bonds for federal tax purposes, the Series 2002 Bonds will be subject to mandatory redemption as described under "THE SERIES 2002 BONDS—Redemption Prior to Maturity—*Mandatory Redemption Without Premium Upon the Occurrence of a Determination of Taxability.*" In such event, there will be no adjustment in the interest rate on the Series 2002 Bonds and the owners will not be indemnified against losses sustained as a result of a determination that the interest (and any original issue discount) on the Series 2002 Bonds is not excludable from gross income for federal income tax purposes. Further, a determination that the interest (and any original issue

discount) on the Series 2002 Bonds is includable in gross income of the holders or Beneficial Owners may not occur for a substantial period of time after interest (and any original issue discount) first becomes includable in the gross income of the owners thereof for federal income tax purposes. Additionally, if the lien of the Indenture has been defeased pursuant to the provisions thereof summarized in Appendix D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Discharge of Indenture," the Series 2002 Bonds will not be subject to mandatory redemption upon the occurrence of a Determination of Taxability.

The loss of the exclusion of the interest (and any original issue discount) on any Series 2002 Bonds from gross income of the owners thereof for federal income tax purposes could be retroactive to the date of issuance of the Series 2002 Bonds. The tax liability of the owners of any Series 2002 Bonds for failure to include interest (and any original issue discount) on such Series 2002 Bonds in their gross income may extend to years for which interest (and any original issue discount) was received or accrued on such Series 2002 Bonds, or some portion thereof, and for which the relevant statute of limitations has not yet run. If all of the Series 2002 Bonds are redeemed as described under "THE SERIES 2002 BONDS—Redemption Prior to Maturity," then the failure by the Company to observe or perform a covenant or agreement in the IDA Lease Agreement or the inaccuracy of any representation or warranty made by the Company in the IDA Lease Agreement or the Series 2002 Tax Certificate (as defined in the first paragraph under "TAX MATTERS"), either of which results in a Determination of Taxability, shall not constitute an Event of Default under the IDA Lease Agreement or the Indenture and payment of the redemption price specified above shall constitute full and complete payment and satisfaction to the owners of the Series 2002 Bonds for any claims, damages, costs or expenses arising out of or based upon such failure by the Company.

TAX MATTERS

The Internal Revenue Code of 1986, as amended, and the temporary, proposed or final regulations promulgated thereunder (the *"Code"*) establishes certain requirements that must be met subsequent to the issuance and delivery of the Series 2002 Bonds in order that interest on the Series 2002 Bonds be and remain not includable in gross income of the Bondholders for federal income tax purposes pursuant to Section 103 of the Code. These continuing requirements include certain restrictions and prohibitions on the use of the proceeds of the Series 2002 Bonds and the Leased Facilities, restrictions on the investment of proceeds and other amounts and the rebate to the United States of certain earnings in respect of such investments. Pursuant to the Agency's and the Company's Series 2002 Tax Certificate as to Arbitrage and the Provisions of Sections 103 and 141-150 of the Internal Revenue Code of 1986, and accompanying attachments, executed by the Company dated the date of issuance of the Series 2002 Bonds (the *"Series 2002 Tax Certificate"*), the Company will make certain representations, certifications and covenants relating to such non-inclusion in gross income. The IDA Lease Agreement and the Series 2002 Tax Certificate will obligate the Company to do and perform all acts and things necessary and within its control to assure that interest on the Series 2002 Bonds not be included in gross income pursuant to Section 103 of the Code. Noncompliance with current requirements or future amendments may cause interest on the Series 2002 Bonds to become subject to federal income taxes retroactive to their date of issue, irrespective of the date on which such noncompliance occurs or is ascertained. **In the event of a Determination of Taxability, the**

Series 2002 Bonds are subject to mandatory redemption (unless the lien of the Indenture has been defeased) without interest rate adjustment and Bondholders will not be indemnified against losses (including but not limited to tax deficiencies, interest and penalties) sustained as a result of such Determination of Taxability. See "RISK FACTORS—Possible Loss of Tax-Exempt Status of Interest on Series 2002 Bonds."

In the opinion of Winston & Strawn, New York, New York, Bond Counsel, under existing statutes and court decisions and assuming continuing compliance by the Agency and the Company (and their successors) with covenants and the accuracy of the representations and certifications referenced above, interest on the Series 2002 Bonds will not be included in gross income for federal income tax purposes pursuant to Section 103 of the Code. Under the Code, however, such interest is treated as a preference item to be included in calculating alternative minimum taxable income for purposes of the alternative minimum tax imposed with respect to individuals and corporations. No opinion is expressed by Bond Counsel as to the non-inclusion of interest on any Series 2002 Bond in gross income during the period that such Series 2002 Bond is held by a "substantial user" of the Facility or a "related person" within the meaning of Section 147(a) of the Code.

In rendering the opinion described above with respect to the Series 2002 Bonds, Bond Counsel has relied upon and assumed the material accuracy of the representations, statements of intention and reasonable expectations and certifications of fact and compliance with covenants contained in the IDA Lease Agreement and the Series 2002 Tax Certificate, each to be delivered on the date of original issuance of the Series 2002 Bonds with respect to matters affecting the non-inclusion in gross income of interest on the Series 2002 Bonds for purposes of federal income taxation.

In addition, certain requirements and procedures contained or referred to in the Indenture, the IDA Lease Agreement, the Series 2002 Tax Certificate and other relevant documents and certificates may be changed and certain actions may be taken subsequent to the date of issue, under the circumstances and subject to the terms and conditions set forth in such documents or certificates, upon the advice or with the approving opinion of nationally recognized bond counsel. Winston & Strawn expresses no opinion as to the impact of any such change or action on the tax-exempt status of interest on any Series 2002 Bond if such change occurs or action is taken upon the advice or approval of bond counsel other than Winston & Strawn.

Under the Code, interest on the Series 2002 Bonds is to be taken into account in the computation of the foreign branch profits tax.

The Code further provides that interest on the Series 2002 Bonds is includable in the calculation of modified adjusted gross income in determining whether a portion of Social Security or railroad retirement payments are to be included in the taxable income of individuals.

The Code also imposes a tax on excess net passive income of certain S Corporations that have subchapter C earnings and profits. Passive investment income includes interest on tax exempt obligations. Moreover, the Code denies a deduction for interest on indebtedness incurred or continued to purchase or carry tax exempt obligations such as the Series 2002 Bonds.

The foregoing is not intended as an exhaustive list of potential collateral tax consequences of the ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations such as the Series 2002 Bonds. Bondholders should consult their tax advisors with respect to the calculations of alternative minimum tax, foreign branch profits tax liability, the taxation of net passive income of S Corporations, collateral effects upon financial institutions and property and casualty insurance companies, the impact on the earned income credit, the deductibility of interest on obligations incurred or continued to purchase or carry the Series 2002 Bonds or the inclusion of Social Security or other retirement payments in taxable income. Bond Counsel expresses no opinion regarding any such collateral tax consequences.

The Series 2002 Bonds have been offered to the public at prices less than the principal amount thereof payable at maturity. If the first price at which a substantial amount of the Series 2002 Bonds of the same maturity is sold in the initial offering to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) is less than the principal amount thereof payable at maturity, the difference between such price and principal amount constitutes original issue discount in respect of each Series 2002 Bond of the same maturity (the *"Discount Bonds"*). Bond Counsel is of the opinion that original issue discount, as it accrues, is not includable in gross income for federal income tax purposes, and is subject to the alternative minimum tax to the same extent as interest on the Series 2002 Bonds. Original issue discount accrues over the term of the Discount Bonds under the "constant yield method" described in regulations interpreting Section 1272 of the Code. Original issue discount may be treated as continuing to accrue even if payment of the Discount Bonds becomes doubtful in the event the Company encounters financial difficulties. The tax basis of a Discount Bond, if held by an original purchaser, can be determined by adding to such holder's purchase price of such Discount Bond, the original issue discount which has accrued. The portion of the original issue discount on a Discount Bond that accrues in each taxable year is included in the calculation of the alternative minimum tax to the same extent as interest on the Series 2002 Bonds and may have collateral tax consequences for the taxpayers referred to above. Accordingly, owners of Discount Bonds are advised that the accrual of original issue discount could cause an increase in tax liability although no cash will have been received in the year of accrual. Owners of Discount Bonds should consult their own tax advisors with respect to the calculation of the amount of the original issue discount which will be treated for federal income tax purposes as having accrued for any taxable year (or portion thereof) of the owners and with respect to other federal, state and local tax consequences of owning and disposing of the Discount Bonds.

Bond Counsel has not undertaken to advise in the future whether any events occurring after the date of issuance of the Series 2002 Bonds may adversely affect the tax status of interest on the Series 2002 Bonds. The Code has been continuously subject to legislative modifications, amendments and revisions and bills proposing further changes are regularly introduced in the United States Congress. No representation is made as to whether bills adversely affecting the tax-exempt status of interest on governmental obligations, such as the Series 2002 Bonds, or the economic value of owning such obligations, will be introduced or enacted, or if enacted, the effective date of any such legislation, and no assurances can be given that such bills or amendments will not materially and adversely affect the economic value of the Series 2002 Bonds or the federal and state tax consequences of ownership of the Series 2002 Bonds.

In the further opinion of Bond Counsel, interest on the Series 2002 Bonds is also exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York), and the Series 2002 Bonds are exempt from all taxation directly imposed thereon by or under authority of said State, except for transfer and estate taxes.

Reference is made to Appendix I hereto for the proposed form of the approving opinion expected to be rendered by Bond Counsel in connection with the Series 2002 Bonds.

UNDERWRITING

Pursuant to the terms of a Bond Purchase Agreement (the *"Bond Purchase Agreement"*) among the Agency, the Company, AMR and Salomon Smith Barney Inc., as representative of the underwriters (the *"Underwriters"*), the Underwriters have agreed to purchase the Series 2002 Bonds at a purchase price of $475,974,867, which is the par amount of the Series 2002 Bonds less an underwriting discount of $2,625,000 and original issue discount of $24,891,800 plus accrued interest of $3,491,667. The Bond Purchase Agreement provides that the obligation of the Underwriters is subject to certain conditions precedent and that the Underwriters will be obligated to purchase all of the Series 2002 Bonds if any of the Series 2002 Bonds are purchased. The Series 2002 Bonds may be offered and sold to certain dealers (including dealers depositing such Series 2002 Bonds into investment trusts, accounts or funds) and others at prices lower than the initial public offering price. After the initial public offering, the public offering price of the Series 2002 Bonds may be changed from time to time by the Underwriters. The Company and AMR have agreed to indemnify the Underwriters and the Agency against certain liabilities or to contribute to any payments required to be made by the Underwriters relating to such liabilities, including liabilities under the federal securities laws.

In the ordinary course of their respective businesses, the Underwriters and certain of their respective affiliates have engaged, and expect in the future to engage, in commercial banking transactions with the Company and AMR.

CONTINUING DISCLOSURE

The Company and AMR, on the date of issuance of the Series 2002 Bonds, will enter into a Continuing Disclosure Undertaking (the *"Undertaking"*) for the benefit of the beneficial owners of the Series 2002 Bonds. Under the Undertaking, the Company and AMR are required to send certain information annually and provide notice of certain events to certain information repositories pursuant to the requirements of Section (b)(5) of Rule 15c2-12 (the *"Rule"*) adopted by the Securities and Exchange Commission (the *"Commission"*) under the Securities Exchange Act of 1934 (the *"Exchange Act"*). The information to be provided on an annual basis, the events that are required to be noticed on an occurrence basis and a summary of other terms of the Undertaking, including termination, amendment and remedies, are set forth below under "THE UNDERTAKING."

Each of the Company and AMR has represented that it is in compliance with all undertakings previously entered into by it pursuant to the Rule. A failure by the Company or AMR to comply with the Undertaking will not constitute an Event of Default under the IDA Lease Agreement, the Indenture or the Guaranties and beneficial owners of the Series 2002 Bonds are limited to the remedies described in the Undertaking. See "THE UNDERTAKING—Consequences of Failure of the Company or AMR to Provide Information." A failure by the Company or AMR to comply with the Undertaking must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Series 2002 Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Series 2002 Bonds and their market price.

THE UNDERTAKING

The following is a brief summary of certain provisions of the Undertaking of the Company and AMR and does not purport to be complete. The statements made under this caption are subject to the detailed provisions of the Undertaking, a copy of which is available upon request from the Company.

Annual Financial Information Disclosure

Each of the Company and AMR covenants that it will disseminate its Annual Financial Information and its Audited Financial Statements (as described below) to the Commission. Each of the Company and AMR also covenants that it will send a notice to each Nationally Recognized Municipal Securities Information Repository (a *"NRMSIR"*) then recognized by the Commission for purposes of the Rule and to any public or private repository designated by the State of New York as the state information depository (the *"SID"*) and recognized as such by the Commission for purposes of the Rule on an annual basis indicating that its Annual Report on Form 10-K filed with the Commission, in accordance with the Exchange Act, constitutes its Annual Financial Information and Audited Financial Statements for that year.

"Annual Financial Information" of the Company or AMR means information of the type contained in the Annual Report on Form 10-K filed with the Commission by the Company or AMR, as the case may be, in accordance with the Exchange Act.

"Audited Financial Statements" means the audited financial statements of the Company and AMR, respectively, prepared in accordance with accounting principles generally accepted in the United States as in effect from time to time.

Events Notification; Material Events Disclosure

Each of the Company and AMR covenants that it will disseminate to each NRMSIR or to the Municipal Securities Rulemaking Board (the *"MSRB"*) and to the SID, if any, in a timely manner the disclosure of the occurrence of an Event (as described below) that is material, as materiality is interpreted under the Exchange Act. The *"Events"* are:

1. Principal and interest payment delinquencies;

2. Non-payment related defaults;

3. Unscheduled draws on debt service reserves reflecting financial difficulties (inapplicable to this transaction);

4. Unscheduled draws on credit enhancements reflecting financial difficulties (inapplicable to this transaction);

5. Substitution of credit or liquidity providers, or their failure to perform (inapplicable to this transaction);

6. Adverse tax opinions or events affecting the tax-exempt status of the security;

7. Modifications to the rights of security holders;

8. Bond calls;

9. Defeasances;

10. Release, substitution or sale of property securing repayment of the securities; and

11. Rating changes.

Consequences of Failure of the Company or AMR to Provide Information

The Company or AMR, as applicable, is required to give notice in a timely manner to each NRMSIR or to the MSRB and to the SID, if any, of any failure to provide disclosure of Annual Financial Information and Audited Financial Statements when the same is due under the Undertaking.

In the event of a failure of the Company or AMR to comply with any provision of the Undertaking, the beneficial owner of any Series 2002 Bond may seek specific performance by court order, to cause the Company or AMR to make such filings. The beneficial owners of 25% or more in principal amount of the outstanding Series 2002 Bonds may challenge the adequacy of the information provided under the Undertaking and seek specific performance by court order to cause the Company or AMR to provide the information required by the Undertaking. A default under the Undertaking will not be deemed an Event of Default under the IDA Lease Agreement, the Indenture or the Guaranties, and the sole remedy under the Undertaking in the event of any failure of the Company or AMR to comply with the Undertaking is an action to compel performance.

Amendment; Waiver

Notwithstanding any other provision of the Undertaking, the Company and AMR may amend the Undertaking, and any provision of the Undertaking may be waived, if:

(a) The amendment or the waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of the Company or AMR or a change in the type of business conducted by the Company;

(b) The Undertaking, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; or

(c) The amendment or waiver does not materially impair the interests of the beneficial owners of the Series 2002 Bonds, as determined either by parties unaffiliated with the Company or AMR (such as Bond Counsel), or by an approving vote of the Bondholders of each series pursuant to the terms of the Indenture at the time of the amendment.

Termination of Undertaking

The Undertaking will terminate as to the Company or AMR if the Company or AMR, as the case may be, no longer has any legal liability for any obligation on or relating to repayment of the Series 2002 Bonds under the Indenture, the IDA Lease Agreement or the Guaranties. The Company or AMR, as the case may be, is required to give notice to each NRMSIR or to the MSRB and to the SID, if any, in a timely manner if this paragraph is applicable.

Neither the Company nor AMR has any obligation to provide continuing disclosure pursuant to the Undertaking with respect to a series of Series 2002 Bonds that bear interest at an interest rate other than a Long-Term Interest Rate. The Undertaking terminates with respect to a series of the Series 2002 Bonds that bear interest at rates other than a Long-Term Interest Rate but must be reinstated, or a new continuing disclosure undertaking must be entered into, in connection with any subsequent adjustment of the interest rate on that series of the Series 2002 Bonds to a Long-Term Interest Rate, if required by law at such time.

Additional Information

Nothing in the Undertaking shall be deemed to prevent the Company or AMR, as the case may be, from disseminating any other information, using the means of dissemination set forth in the Undertaking or any other means of communication or including any other information in any Annual Financial Information or Audited Financial Statements or notice of occurrence of a material Event, in addition to that which is required by the Undertaking. If the Company or AMR, as the case may be, chooses to include any information from any document or notice of occurrence of a material Event in addition to that which is specifically required by the

Undertaking, the Company or AMR, as the case may be, shall not have any obligation under the Undertaking to update such information or include it in any future disclosure or notice of occurrence of a material Event.

Dissemination Agent

The Company or AMR may, from time to time, appoint or engage a dissemination agent to assist it in carrying out its respective obligations under the Undertaking and may discharge any such dissemination agent, with or without appointing a successor dissemination agent.

APPROVAL OF LEGAL PROCEEDINGS

Legal matters incident to the validity of the Series 2002 Bonds and with regard to the exclusion of interest on the Series 2002 Bonds from federal income taxation under existing law and regulations are subject to the approval of Winston & Strawn, New York, New York, Bond Counsel, and the Underwriters' obligation to purchase the Series 2002 Bonds is subject to the issuance of such opinion. A proposed form of such opinion is attached to this Official Statement as Appendix I. Legal matters pertaining to the Agency will be passed upon by Richard E. Marshall, Vice President for Legal Affairs. Certain legal matters will be passed upon for the Company and AMR by Anne H. McNamara, Senior Vice President and General Counsel of the Company and AMR. Certain legal matters will be passed upon for the Underwriters by their counsel, Chapman and Cutler, Chicago, Illinois.

MISCELLANEOUS

The foregoing summaries and the summaries contained in Appendices C, D, E, F, G and H do not purport to be complete and are expressly made subject to the exact provisions of the applicable documents. For details of all terms and conditions, reference is made to the IDA Lease Agreement, the Company Sublease, the Indenture, the Guaranties, the Equipment Security Agreement, the Port Authority Lease, the Port Authority Consent, the form of Leasehold Mortgage attached to the Port Authority Consent, the Agreement Towards Entering Into a Lease and the City Attornment Agreement, copies of which may be obtained from the Underwriters during the initial offering at the principal office of the Underwriters and, after the initial delivery of the Series 2002 Bonds, at the principal corporate trust office of the Trustee in New York, New York. Information concerning the Company and AMR is contained or incorporated by reference in Appendix A to this Official Statement. The Gate Demand Study prepared by Simat, Helliesen & Eichner, Inc. at the request of the Company is contained in Appendix J to this Official Statement. The assumptions, finding and opinions contained in the Gate Demand Study have not been adopted by, and do not necessarily represent the opinions or views of, the Agency or the Company.

The use of this Official Statement has been duly authorized by the Agency.

APPENDIX A

AMERICAN AIRLINES, INC.
AND
AMR CORPORATION

The information contained in this Appendix A to this Official Statement relates to and has been supplied by American Airlines, Inc. and AMR Corporation. The delivery of this Official Statement shall not create any implication that there has been no change in the affairs of American Airlines, Inc. or AMR Corporation since the date hereof or that the information contained or referred to in this Appendix A is correct as of any time subsequent to its date.

AMERICAN AIRLINES, INC.
AND
AMR CORPORATION

Statement of Available Information

Each of American Airlines, Inc. (*"American"*) and AMR Corporation (*"AMR"*) is subject to the information requirements of the Securities Exchange Act of 1934, as amended (the *"Exchange Act"*), and in accordance therewith files reports and other information with the Securities and Exchange Commission (the *"Commission"*). These filings are available to the public over the Internet at the Commission's web site at http://www.sec.gov. A prospective purchaser can call the Commission at 1-800-SEC-0330 for further information on the public reference rooms and copy charges. Reports, proxy statements and other information filed by American and AMR can be inspected and copied at the public reference facilities maintained by the Commission at 450 Fifth Street, N.W., Room 1024, Washington, D.C. 20549. Copies of such material can be obtained by mail from the Public Reference Section of the Commission at 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates.

Incorporation of Certain Documents by Reference

The following documents have been filed with the Commission and are incorporated herein by reference:

1. American's and AMR's Annual Reports on Form 10-K for the year ended December 31, 2001;

2. American's and AMR's Quarterly Reports on Form 10-Q for the quarters ended March 31, 2002 and June 30, 2002;

3. American's Current Reports on Form 8-K filed with the Commission on January 16, 2002 , June 13, 2002 and June 19, 2002; and

4. AMR's Current Reports on Form 8-K filed with the Commission on January 16, 2002, June 13, 2002, June 19, 2002 and July 18, 2002.

All documents filed by American or AMR pursuant to Section 13(a), 13(c), 14 or 15(d) of the Exchange Act subsequent to the date of this Official Statement and prior to the termination of the offering of the Bonds offered hereby are deemed to be incorporated by reference into this Official Statement and to be part hereof from the date of filing of any such document. Any statement contained in a document incorporated or deemed to be incorporated by reference herein is deemed to be modified or superseded for purposes of this Official Statement to the extent that a statement contained herein or in any other subsequently filed document that also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. Any such statement so modified or superseded may not be deemed, except as so modified or superseded, to constitute a part of this Official Statement.

American will provide a copy of these filings (other than their exhibits, unless those exhibits are specifically incorporated by reference in the filings) at no cost by writing or telephoning American at the following address:

Corporate Secretary
American Airlines, Inc.
P.O. Box 619616
Mail Drop 5675
Dallas/Fort Worth Airport, Texas 75261-9616
(817) 963-1234

Persons receiving this Official Statement should rely only on the information incorporated by reference or provided in this Official Statement or any applicable Official Statement Supplement. Neither American nor AMR has authorized anyone to provide prospective purchasers with different information. If anyone provides different or inconsistent information, it should not be relied upon.

Certain Other Information

On January 25, 2002, February 22, 2002, March 22, 2002 and May 31, 2002 AMR furnished to the Commission certain actual and forecasted information, including information regarding American's unit costs, capacity, traffic, fuel costs and fuel consumption, pursuant to Item 9 of Form 8-K in accordance with the guidelines set forth in Regulation FD adopted by the Commission. American expects that AMR will continue to furnish similar information to the Commission on a regular basis during the second half of each month, other than months in which AMR issues a quarterly earnings release, and that in addition AMR may from time to time furnish other information, including but not limited to information with respect to fleet plans and revenue estimates, as it deems appropriate; *provided, however,* AMR shall have no obligation to furnish such information to the Commission.

On January 25, 2002, February 22, 2002, March 22, 2002 and May 31, 2002 American furnished to the Commission certain actual and forecasted information, including information regarding American's unit costs, capacity, traffic, fuel costs, fuel consumption and fleet plans, pursuant to Item 9 of Form 8-K in accordance with the guidelines set forth in Regulation FD adopted by the Commission. American expects that it will continue to furnish similar information to the Commission, including but not limited to information with respect to fleet plans and revenue estimates, as it deems appropriate; *provided, however,* American shall have no obligation to furnish such information to the Commission.

American will provide a copy of Forms 8-K furnished as described above at no cost upon request. Requests may be made by writing or telephoning American at the following address:

APPENDIX B

CERTAIN DEFINITIONS

"Accounts" means those accounts established pursuant to the Indenture and any accounts established pursuant to any Series Supplemental Indenture.

"Act" has the meaning set forth herein under "THE AGENCY."

"Act of Bankruptcy" means the commencement of a bankruptcy or similar proceeding by or against the Company or AMR, including, but not limited to, the following: the making of a general assignment for the benefit of creditors, the commencing of a voluntary case under the Bankruptcy Code or the filing of a petition thereunder, petitioning or applying to any tribunal for the appointment of a receiver, or any trustee for the Company or AMR or a substantial part of the assets of the Company or AMR, commencing any proceeding under any bankruptcy, reorganization, arrangement, readjustment of debt, dissolution or liquidation law or statute of any jurisdiction, whether now or hereafter in effect, or the appointment of a receiver or any trustee for the Company or AMR or any substantial part of any of the properties of the Company or AMR.

"Additional Bonds" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Affiliate" means any Person under common control with the Company. "Control" (including the related term "under common control with") of a Person will exist only when the following criteria are met: (i) the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of voting securities, by contract or otherwise; and (ii) the ownership, either directly or indirectly, of more than 50% of the voting stock or other equity or ownership interest of such Person.

"Agency" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Agency's Reserved Rights" means, collectively,

(i) the right of the Agency in its own behalf to receive all Opinions of Counsel, reports, financial statements, certificates, insurance policies, binders or certificates, or other notices or communications required to be delivered to the Agency under the IDA Lease Agreement;

(ii) the right of the Agency to grant or withhold any consents or approvals required of the Agency under the IDA Lease Agreement;

(iii) the right of the Agency to enforce in its own behalf the obligation of the Company to complete the Project;

(iv) the right of the Agency to enforce or otherwise exercise in its own behalf all agreements of the Company with respect to ensuring that the Facility will always constitute a qualified "project" as defined in and as contemplated by the Act;

(v) the right of the Agency in its own behalf (or on behalf of the appropriate taxing authorities) to enforce, receive amounts payable under or otherwise exercise its rights under the IDA Lease Agreement relating to: sales and use tax exemptions; the leasing of the Facility; taxes; assessments and charges; insurance; advances made by the Agency; compliance with laws; restrictions imposed upon the Company with respect to dissolution and merger; indemnity; payment by the Company of the compensation and expenses of the Agency; certain filings of the Company of its Form 10-K and compliance and default certificates; the furnishing of security by the Company in the event of its contest of any liens; the condition or suitability of the Facility; the compliance by the Company with certain laws and guidelines relating to non-discrimination of employees; the enforcement of the redemption provision described herein under "THE SERIES 2002 BONDS—Redemption Prior to Maturity—*Extraordinary Optional Redemption Without Premium at the Option of the Agency Upon Failure to Operate the Facility as a Qualified Project*"; further assurances with respect to the perfection of the interests and rights granted to the Agency under the IDA Lease Agreement, the Indenture and the Leasehold Mortgage; current descriptions of the Facility; the filing of Uniform Commercial Code financing statements; certain covenants made by the Company with respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease; the agreement by the Company to pay attorneys' fees and expenses of the Agency upon default; certain options with respect to the substitution and sale of Facility Equipment; the assignment of the IDA Lease Agreement or the subletting of the Facility; inspection of the Facility; the intention that the IDA Lease Agreement be a "net lease"; the waiver of a jury trial; and the consent to the Leasehold Mortgage; and

(vi) the right of the Agency in its own behalf to declare an Event of Default under the IDA Lease Agreement or with respect to any of the Agency's Reserved Rights subject to the limitations contained therein.

"*Agreement Towards Entering Into a Lease*" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"*Airport*" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"*AMR*" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"*AMR Guaranty*" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"*Authorized Representative*" means, (i) in the case of the Agency, the Chairman, Vice Chairman, Treasurer, Assistant Treasurer, Secretary, Assistant Secretary, Executive Director or Deputy Executive Director of the Agency, or any officer or employee of the Agency authorized

to perform specific acts or to discharge specific duties, (ii) in the case of the Company, its President, Treasurer, Executive Vice President, Senior Vice President, Vice President, Managing Director or any other person designated by the Company to act on behalf of the Company by a written certificate, containing a specimen signature of such person, which is duly executed on behalf of the Company and delivered to the other parties, and (iii) in the case of AMR, its President, Treasurer, Executive Vice President, Senior Vice President, Vice President, Managing Director or any other person designated by AMR to act on behalf of AMR by a written certificate, containing a specimen signature of such person, which is duly executed on behalf of AMR and delivered to the other parties.

"Bankruptcy Code" means the Bankruptcy Reform Act of 1978, as amended (Title 11 of the United States Code, as amended).

"Bankruptcy Rejection Date" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Foreclosure of Leasehold Mortgage.*"

"Basic Lease" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Beneficial Owner" has the meaning set forth herein under "THE SERIES 2002 BONDS—Book-Entry-Only System."

"Bond Counsel" means Winston & Strawn or any other nationally recognized attorney or firm of attorneys experienced in matters relating to municipal bond law and the tax exemption of interest on bonds of states and their political subdivisions, as selected by the Agency.

"Bond Fund" means the Bond Fund created under the Indenture and described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Payments into Bond Fund*" and "—*Application of Bond Fund.*"

"Bond Interest Term Rate" means, with respect to each series of Bonds, a term, non-variable interest rate on such series of Bonds established periodically in accordance with the Indenture.

"Bond Purchase Fund" means any Bond Purchase Fund created for a series of Bonds under a Series Supplemental Indenture, which Fund will be held by the applicable Tender Agent and be used with respect to the tender and remarketing of Bonds.

"Bond Registrar" means the Trustee, acting as registrar for the Bonds as provided in the Indenture.

"Bondholder," "Holder of the Bonds," "Holder" or *"holder"* means any Person who is the registered owner of any Bonds or Bonds. So long as Cede & Co., as nominee of DTC, is the registered owner, references to "Bondholders" or "registered owners" herein mean Cede & Co., and not the Beneficial Owners of the Series 2002 Bonds. See "THE SERIES 2002 BONDS—Book-Entry-Only System."

"Bonds" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Bonds Default" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Foreclosure of Leasehold Mortgage*."

"Book-Entry-Only System" has the meaning set forth herein under "THE SERIES 2002 BONDS—Book-Entry-Only System."

"Business Day" means any day which is not a Saturday, Sunday or a legal holiday in the State or a day on which banking institutions chartered by the State or the United States of America are legally authorized to close in The City of New York.

"Capitalized Interest Account" means any special trust Account of the Project Fund so designated and established pursuant to the Indenture and as described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Project Fund*."

"City" means The City of New York.

"City Approved Successor Lessee" has the meaning set forth herein in APPENDIX H—"SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease—*Remedies; Termination by the City*.

"City Attornment Agreement" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Civil Aircraft Operator" (as used herein in the definition of Scheduled Aircraft Operator) means a Person engaged in civil transportation by aircraft or otherwise operating aircraft for civilian purposes, whether governmental or private. If any such Person is also engaged in the operation of aircraft for military, naval or air force purposes, he or she will be deemed to be a Civil Aircraft Operator only to the extent that he or she engages in the operation of aircraft for civilian purposes.

"Code" has the meaning set forth herein under "THE SERIES 2002 BONDS—Redemption Prior to Maturity—*Mandatory Redemption Without Premium Upon the Occurrence of a Determination of Taxability*."

"Company" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Company Guaranty" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Company Sublease" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Construction Account" means any special trust Account of the Project Fund so designated and established pursuant to the Indenture and as described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Project Fund*."

"Controlled Entity" means any Person, more than 50% of the voting stock or equity interest of which is owned by any obligor under any of the Security Documents (other than the Agency) or by another Controlled Entity of any such obligor.

"Credit Facility" means an irrevocable letter of credit, surety bond, loan agreement, standby bond purchase agreement, line of credit, municipal bond insurance policy or other agreement or arrangement used to provide liquidity and/or credit support for a series of Bonds, containing administrative provisions reasonably satisfactory to the Trustee or the provider of any policy of municipal bond insurance then insuring such series of Bonds and issued and delivered to the Trustee in accordance with the Indenture. No Credit Facility is being provided with respect to any series of the Series 2002 Bonds.

"Credit Facility Provider" means the issuer of any Credit Facility and any successors thereto. There is no Credit Facility and no Credit Facility Provider with respect to any series of the Series 2002 Bonds.

"Daily Interest Rate" means, with respect to each series of Bonds, a variable interest rate on such series of Bonds established in accordance with the Indenture.

"Debt Service Reserve Account" means any special trust Account of the Debt Service Reserve Fund so designated and established pursuant to the Indenture and as described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Debt Service Reserve Fund*."

"Debt Service Reserve Account Requirement" means, with respect to each series of Bonds, the amount, if any, required by any Series Supplemental Indenture authorizing the issuance of a series of Bonds, to be deposited and maintained in the Account within the Debt Service Reserve Fund established with respect to such series of Bonds. The applicable Debt Service Reserve Account Requirement with respect to each series of Series 2002 Bonds will be an amount equal to the lesser of (i) the greatest amount required in the then current or any future bond year to pay the sum of interest on the Outstanding Bonds of such series payable during such bond year, and the principal and sinking fund installments, if any, on the Outstanding Bonds of such series payable on August 1 of such bond year, excluding interest accruing on such Bonds from the dated date of such Bonds to the date of delivery thereof, (ii) an amount equal to 10% of the net proceeds of the sale of such series of Series 2002 Bonds, and (iii) 125% of the average of the principal, whether at maturity or on mandatory redemption, and interest becoming due over the term of such series of Series 2002 Bonds.

"Debt Service Reserve Fund" means the Debt Service Reserve Fund created under the Indenture and described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Debt Service Reserve Fund*."

"Deferred Reletting Fee" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Obligations of Qualifying Replacement Tenant: Qualification Standards.*"

"Determination of Taxability" has the meaning set forth herein under "THE SERIES 2002 BONDS—Redemption Prior to Maturity—*Mandatory Redemption Without Premium Upon the Occurrence of a Determination of Taxability.*"

"Eligible Affiliate" means any Person controlled by the Company. "Control" (including the related term "controlled by") of a Person will exist only when the following criteria are met: (i) the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of voting securities, by contract or otherwise; and (ii) the ownership, either directly or indirectly, of more than 50% of the voting stock or other equity or ownership interest of such Person.

"Eligible Personalty" means machinery, equipment, furniture, fixtures, apparatus and other items of tangible personal property, the acquisition of which is characterized (whether or not so characterized by the Company) in accordance with Accounting Standards of the Financial Accounting Standards Board, as a capital expenditure, to be used by the Company, the Affiliates, and the Eligible Affiliates at the Leased Facilities for the Project but excluding rolling stock, ordinary office supplies such as pencils, paper clips and paper and decorative items such as fine art, plants and objets d'art.

"Equipment Security Agreement" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Event of Default" with respect to any default under the IDA Lease Agreement, has the meaning set forth herein under APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Events of Default; Remedies—*Events of Default*" and, with respect to any default under the Indenture, has the meaning set forth herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Events of Default; Remedies of Bondholders—*Events of Default; Acceleration of Due Date.*"

"Extended Basic Lease" has the meaning set forth herein in APPENDIX H—"SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease—*Conditions Precedent.*"

"Facility" has the meaning set forth herein under "INTRODUCTORY STATEMENT" and also means, collectively, the Leased Facilities and the Facility Equipment.

"Facility Equipment" has the meaning set forth herein under "INTRODUCTORY STATEMENT" and also means such items of machinery, equipment, furniture, fixtures, furnishings, apparatus and other items of tangible personal property the acquisition of which is undertaken by use of the Sales Tax Letter or the Preliminary Sales Tax Letter and the acquisition of which is characterized (whether or not so characterized by the Company) in accordance with

Accounting Standards of the Financial Accounting Standards Board as a capital expenditure, to be used at the Premises by the Company, the Affiliates, and the Eligible Affiliates, but excluding rolling stock, ordinary office supplies such as pencils, paper clips and paper and decorative items such as fine art, plants and other objets d'art. Facility Equipment includes all property substituted for or replacing items of Facility Equipment in accordance with the provisions of the IDA Lease Agreement, and excludes all items of Facility Equipment so substituted for or replaced.

"Facility Improvement Materials" means construction materials, building materials, building supplies, and other tangible personal property which are used, depleted or consumed by the Company exclusively for the Project.

"Favorable Opinion of Bond Counsel" means an opinion of Bond Counsel, addressed to the Agency, the Company and the Trustee, to the effect that the action proposed to be taken is authorized or permitted by the laws of the State of New York and the Indenture and, if taken with respect to Tax-Exempt Bonds, will not adversely affect any exclusion from gross income for federal income tax purposes of interest on the Bonds.

"Fee Owner" has the meaning set forth herein under APPENDIX G—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY CONSENT AND THE LEASEHOLD MORTGAGE—Summary of Certain Provisions of the Port Authority Consent—*Termination of the Port Authority Consent With Respect to Leasehold Mortgage.*"

"Financed Property" means those items of Project Costs, Facility Equipment, Leased Personalty, Tenant Improvements and Facility Improvement Materials financed in whole or in part with the proceeds of the Bonds.

"Financing Documents" means the Company Sublease, the IDA Lease Agreement, the Indenture, resolutions adopted by the Agency authorizing the issuance of the Series 2002 Bonds, any resolutions adopted by the Agency in connection with the issuance and sale of Additional Bonds, the Leasehold Mortgage, the Guaranties, the Agreement Towards Entering Into a Lease, and the City Attornment Agreement; and *provided further*, the term *"Financing Document"* does not mean the Basic Lease, the Port Authority Lease or the Port Authority Consent.

"Foreclosure Payment Account" means any special trust Account of the Mortgage Reserve Fund so designated and established pursuant to the Indenture and as described herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions Precedent to Foreclosure—Foreclosure Period Payments*," APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Particular Covenants—*Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease"* and APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Mortgage Reserve Fund.*"

"Foreclosure Payment Account Requirement" means $18,600,000.

"Foreclosure Period" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions Precedent to Foreclosure—Foreclosure Proceedings and Removal of the Company.*"

"Funds" means those Funds established pursuant to the Indenture and described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Creation of Funds and Accounts*" and any Funds established pursuant to any Series Supplemental Indenture.

"General Airport Agreement" means that certain agreement and lease of premises entitled "John F. Kennedy International Airport Airline Lease," dated as of January 1, 1953 (as the same may have been supplemented, amended and extended) and bearing Port Authority file number designation AY-351 which governs the rights, privileges, duties and obligations of and between the Port Authority and the Company with respect to the Airport.

"Government Obligations" means (a) direct and general obligations of, or obligations unconditionally guaranteed by, the United States of America, (b) obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America, the payment of which is unconditionally guaranteed as a full faith and credit obligation of the United States of America for the timely payment thereof, (c) municipal obligations the payment of principal (either to the maturity thereof or an earlier stated redemption date), redemption price, if any and interest on which is irrevocably secured by obligations described in clauses (a) or (b) above which have been deposited in an escrow arrangement which is irrevocably pledged to the credit of such municipal obligations and which municipal obligations are rated at the time of acquisition or purchase in the highest rating category by Moody's and S&P or (d) securities or receipts evidencing ownership interests in obligations or specified portions (such as principal or interest) of obligations described in clauses (a), (b) or (c) above, the full and timely payment of which securities, receipts or portions of obligations is unconditionally guaranteed as a full faith and credit obligation of the United States.

"Guaranties" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Guarantor" means each of the Company and AMR and their respective successors and assigns under the Guaranties.

"IDA Lease Agreement" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"IDA Lease Amendment" means any amendment to the IDA Lease Agreement entered into by and between the Company and the Agency pursuant to the IDA Lease Agreement and the Indenture in conjunction with the issuance of a series of Additional Bonds or otherwise.

"Indenture" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Interest Account" means any special trust Account of the Bond Fund so designated and established pursuant to the Indenture and as described herein under APPENDIX D—"SUMMARY

OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Payments into Bond Fund*" and "—*Application of Bond Fund.*"

"*Interest Payment Date*" has the meaning set forth herein under "THE SERIES 2002 BONDS—General."

"*Lease Assignment/Assumption and Consent Agreement*" has the meaning set forth herein under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Leasehold Mortgage and Reletting Rights—*Qualifying Replacement Tenant.*"

"*Lease Assignment/Assumption Commencement Date*" has the meaning set forth herein under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Leasehold Mortgage and Reletting Rights—*Qualifying Replacement Tenant.*"

"*Lease Default*" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Foreclosure of Leasehold Mortgage.*"

"*Lease Payments Fund*" means the Lease Payments Fund created under the Indenture and described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Lease Payments Fund.*"

"*Leased Facilities*" has the meaning set forth herein under "INTRODUCTORY STATEMENT" and also means those certain facilities, structures, buildings, fixtures and improvements, exclusive of Facility Equipment, as will constitute a new air passenger terminal together with related arrival and departure access ramps and a passenger tunnel connecting Concourse C to the main terminal, to be located at the premises in the vicinity of Terminals 8 and 9 at the Airport, all as described in the Description of Leased Facilities in Exhibit B to the IDA Lease Agreement, together with any extensions, substitutions, repairs or additions thereto. The Leased Facilities do not include the land underlying the Facility.

"*Leased Personalty*" means one or more items of tangible personal property, in which the Agency acquires a leasehold interest under a Qualified Personalty Lease in accordance with the IDA Lease Agreement, to be used exclusively for the Project by the Company, the Affiliates, and the Eligible Affiliates. Leased Personalty does not include rolling stock. Notwithstanding the foregoing definition, Facility Equipment, Facility Improvement Materials and Eligible Personalty incorporated into or installed at the Leased Facilities in accordance with the Port Authority Lease will not constitute and will not be deemed to constitute Leased Personalty by virtue of the provisions of the Port Authority Lease.

"*Leasehold Mortgage*" has the meaning set forth herein under "INTRODUCTORY STATEMENT." All references to the Leasehold Mortgage herein are qualified by the fact that the Leasehold Mortgage will not be effective, the lien created by the Leasehold Mortgage will not attach, the Leasehold Mortgagee will not have the rights under the Leasehold Mortgage, the Leasehold Mortgage will not be dated, executed, delivered or recorded and the Reletting Rights will not be exercisable until the Reletting Rights Effective Date.

"Leasehold Mortgage Default" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Foreclosure of Leasehold Mortgage.*"

"Leasehold Mortgage Extension Fee" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions Precedent to Foreclosure.*"

"Leasehold Mortgagee" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Legal Requirements" has the meaning set forth herein in APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Maintenance, Taxes and Insurance—*Compliance with Law.*"

"Lessee's Property" has the meaning set forth herein in APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Maintenance, Taxes and Insurance—*Maintenance, Alterations and Improvements.*"

"Long-Term Interest Rate" means, with respect to each series of Bonds, a term, non-variable interest rate on such series of Bonds established in accordance with the Indenture.

"Loss Event" has the meaning set forth herein in APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Damage, Destruction and Condemnation."

"Maintenance Contracts" means contracts entered into by the Company as agent for the Agency for the maintenance, service or repair of Eligible Personalty or Leased Personalty used at the Leased Facilities by the Company, the Affiliates, and the Eligible Affiliates, exclusively for the Project, solely to the extent such contracts encompass Qualified Maintenance.

"Major Release" has the meaning set forth herein under APPENDIX G—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY CONSENT AND THE LEASEHOLD MORTGAGE—Summary of Certain Provisions of the Leasehold Mortgage—*Release of Part of Mortgaged Property.*"

"Master Indenture" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Maximum Port Authority Lease Expiration Date" has the meaning set forth herein in APPENDIX H—"SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease—*Conditions Precedent.*"

"Minor Release" has the meaning set forth herein under APPENDIX G—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY CONSENT AND THE LEASEHOLD MORTGAGE—Summary of Certain Provisions of the Leasehold Mortgage—*Release of Part of Mortgaged Property.*"

"Moody's" means Moody's Investors Service, Inc., a corporation organized and existing under the laws of the State of Delaware, its successors and its and their assigns, and, if such corporation is dissolved or liquidated or no longer performs the functions of a securities rating agency, "Moody's" will be deemed to refer to any other nationally recognized securities rating agency designated by the Agency by notice to the Company and the Trustee.

"Mortgage Amount" means the amount equal to the lesser of (i) the principal amount of Bonds issued, determined without taking into account any prepayments, redemptions or refundings made pursuant to any of the Financing Documents, and (ii) $2,300,000,000.00.

"Mortgage Reserve Fund" means the Mortgage Reserve Fund created under the Indenture and described herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions Precedent to Foreclosure—Foreclosure Period Payments,*" APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Particular Covenants—*Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease*" and APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Mortgage Reserve Fund.*"

"Mortgagee Rights Period" has the meaning set forth herein in APPENDIX H—"SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease—*Remedies; Termination by the City.*"

"Net Proceeds" means, with respect to a particular series of Bonds, the "net proceeds" of such Bonds, as such term is used in Section 142(a) of the Code and applicable Treasury Regulations.

"New Basic Lease" means a lease entered into by the City or its designee for the Airport commencing upon the date on which the Port Authority surrenders possession of the Airport to the City following the expiration or earlier termination of the Basic Lease (inclusive of any renewal or extension including any permitted holdover thereof). In the event a New Basic Lease is executed and delivered, all references in the IDA Lease Agreement and the other Security Documents to the Basic Lease will be deemed to mean and refer to such New Basic Lease.

"New City/American Lease" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Nonapproved Successor Lessee Event" has the meaning set forth herein in APPENDIX H—"SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease—*Remedies; Termination by the City.*"

"Nonqualified Cost" means the Project Costs paid pursuant to the Indenture which are not Qualified Costs.

"Opinion of Counsel" means a written opinion of counsel, who may (except as otherwise expressly provided in the IDA Lease Agreement or any other Security Document) be counsel for the Company, AMR or the Agency and who is reasonably acceptable to the Trustee.

"Outstanding" when used with reference to a Bond or series of Bonds, as of any particular date or series, means all Bonds which have been issued, executed, authenticated and delivered under the Indenture, except:

(i) Bonds canceled by the Trustee because of payment or redemption prior to maturity or surrendered to the Trustee under the Indenture for cancellation;

(ii) any Bond (or portion of a Bond) for the payment or redemption of which, in accordance with the Indenture, there has been separately set aside and held in any Redemption Account of the Bond Fund either:

(A) moneys, and/or

(B) noncallable Government Obligations in such principal amounts, of such maturities, bearing such interest and otherwise having such terms and qualifications as are necessary to provide moneys,

in an amount sufficient to effect payment of the principal or applicable redemption price of such Bond (or portion thereof), together with accrued interest on such Bond to the payment or redemption date, which payment or redemption date will be specified in irrevocable instructions given to the Trustee to apply such moneys and/or Government Obligations to such payment on the date so specified, *provided* that, if such Bond (or portion thereof) is to be redeemed, notice of such redemption must have been given as provided in the Indenture or provision satisfactory to the Trustee must have been made for the giving of such notice; and

(iii) Bonds paid pursuant to the Indenture and Bonds in exchange for or in lieu of which other Bonds have been authenticated and delivered under the Indenture,

provided, however, that in determining whether the Holders of the requisite principal amount of Bonds Outstanding have given any request, demand, authorization, direction, notice, consent or waiver hereunder, any Bond or Bonds owned by the Company or any Affiliate of the Company will be disregarded and deemed not to be Outstanding, except that, in determining whether the Trustee is protected in relying upon any such request, demand, authorization, direction, notice, consent or waiver, only Bonds which a responsible officer of the Trustee actually knows to be so owned will be so disregarded. Bonds which have been pledged in good faith to a Person may be regarded as Outstanding for such purposes if the pledgee establishes to the satisfaction of the Trustee the pledgee's right to act with respect to such Bonds and that the pledgee is not the Company or any Affiliate or Controlled Entity of the Company.

"Paying Agent" means any paying agent for any series of Bonds appointed pursuant to the Indenture (and may include the Trustee) and its successor or successors and any other corporation which may at any time be substituted in its place pursuant to the Indenture.

"Permitted Encumbrances" means, as of any particular time,

(i) the Agreement Towards Entering Into a Lease, the City Attornment Agreement, the Basic Lease, the Port Authority Lease, the Company Sublease, the Leasehold Mortgage, the IDA Lease Agreement as amended, the Equipment Security Agreement, the Indenture as supplemented and amended and any other Security Documents;

(ii) liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds, completion bonds, government contracts or other obligations of a like nature, including liens in connection with workers' compensation, unemployment insurance and other types of statutory obligations or to secure the performance of tenders, bids, leases, contracts and other similar obligations incurred in the ordinary course of business;

(iii) liens for real estate taxes, assessments, levies and other governmental charges, the payment of which is not in default or that are being contested in good faith by appropriate proceedings in accordance with the provisions of the IDA Lease Agreement;

(iv) utility, access and other easements and rights of way, restrictions and exceptions that an Authorized Representative of the Company certifies to the Agency and the Trustee will not materially interfere with or impair the Company's use of the Facility as provided in the IDA Lease Agreement;

(v) such minor defects, irregularities, encumbrances, easements, rights-of-way (including agreements with any railroad the purpose of which is to service a railroad siding) and clouds on title as normally exist with respect to property similar in character to the Facility and as do not, in the Opinion of Counsel, either singly or in the aggregate, materially impair the property affected thereby for the purpose for which it was acquired and held by the Agency under the IDA Lease Agreement;

(vi) any mechanic's, workmen's, repairmen's, materialmen's, contractors', warehousemen's, carriers', suppliers' or vendors' lien or right in respect thereof if payment is not yet due and payable (or which, if past due, are being contested in good faith by appropriate proceedings), all if and to the extent permitted by the IDA Lease Agreement;

(vii) any mortgage, lien, security interest or other encumbrance which exists in favor of the Trustee or to which the Trustee consents;

(viii) any liens, security interests or other encumbrances created by the City or the Port Authority resulting from the acts or failure to act of the City or the Port Authority;

(ix) any lien, security interest or other encumbrance on any property or interests other than the interests of the Agency or the Company in the Company Sublease or the interests of the Agency, the Company or the Trustee in the IDA Lease Agreement or in amounts payable thereunder; and

(x) subleases of the Facility permitted under the IDA Lease Agreement.

"Person" means any individual, corporation, partnership, joint venture, association, joint stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

"Port Authority" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Port Authority Consent" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Port Authority Lease" has the meaning set forth herein under "INTRODUCTORY STATEMENT" and further means the Agreement of Lease entered into as of August 1, 1976 bearing Port Authority Agreement number AYB-085 as amended and supplemented, and as further amended, supplemented, and restated in an Amended and Restated Lease (No. AYB-085R), dated as of December 22, 2000, between the Port Authority and the Company, as the same may now or hereafter be amended, modified or supplemented from time to time. The term *"Port Authority Lease"* means and includes the foregoing agreement during any period when the City has become lessor under the Port Authority Lease in accordance with the provisions of the City Attornment Agreement.

"Possessory Rights and Remedies" means without limitation any possessory rights and remedies, such as, but not limited to, any rights to appointment of a receiver, any rights of entry, re-entry, redemption, eviction, possession, regaining or resumption of assigning, letting, re-sub-letting, or any similar rights with respect to the possession, sale, conveyance, transferring, mortgaging, pledging, assigning, letting, or re-subletting of the Facility.

"Preliminary Sales Tax Letter" means (i) the Preliminary Sales Tax Letter of the Agency dated July 27, 2000, (ii) the First Amended and Restated Preliminary Sales Tax Letter of the Agency dated January 1, 2002 and (iii) the Second Amended and Restated Preliminary Sales Tax Letter of the Agency dated July 1, 2002.

"Premises" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Primary Term" has the meaning set forth herein under APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Issuance of Bonds and Additional Bonds; Lease of Facility and Rental Provisions—*Allocation of Rent*."

"Principal Account" means any special trust Account of the Bond Fund so designated and established pursuant to the Indenture and as described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Payments into Bond Fund*" and "—*Application of Bond Fund*."

"Prohibited Person" means (i) any Person (A) that is in default or in breach, beyond any applicable grace period, of its obligations under any written agreement with the Agency or the City, or (B) that directly or indirectly controls, is controlled by, or is under common control with a Person that is in default or in breach, beyond any applicable grace period, of its obligations under any written agreement with the Agency or the City, unless, in either case, such default or breach has been waived in writing by the Agency or the City, as the case may be, and (ii) any Person (A) that has been convicted in a criminal proceeding for a felony or any crime involving moral turpitude (other than, with respect to the Company or AMR, the felony conviction of the AMR arising out of *United States of America v. AMR Corporation,* United States District Court, Southern District of Florida, Miami Division, Case No. 99-00902-CR-HIGHSMITH) or that is an organized crime figure or is reputed to have substantial business or other affiliations with an organized crime figure, or (B) that directly or indirectly controls, is controlled by, or is under common control with a Person that has been convicted in a criminal proceeding for a felony or any crime involving moral turpitude or that is an organized crime figure or is reputed to have substantial business or other affiliations with an organized crime figure.

"Project" has the meaning set forth herein under "INTRODUCTORY STATEMENT" and also means solely with respect to the Redevelopment Work, the demolition of Terminals 8 and 9 at the Airport, the construction, acquisition, installation and equipping of the Facility by the Company, and the acquisition, construction, installation and equipping by the Company from time to time at the Leased Facilities of the Tenant Improvements, the Facility Improvement Materials, Facility Equipment, Leased Personalty and Maintenance Contracts, all for use by the Company, Affiliates and Eligible Affiliates solely for the construction, acquisition, installation and equipping of the Facility.

"Project Costs" means:

(i) all costs of engineering, architectural, construction and project management services with respect to the Project, including the cost of test borings, surveys, estimates, plans and specifications and for supervising construction, as well as for the performance of all other duties required by or consequent upon the proper construction of, and the making of alterations, renovations, additions and improvements in connection with the completion of, the Project;

(ii) all costs paid or incurred for labor, materials, services, supplies, machinery, equipment and other expenses and to contractors, suppliers, builders and materialmen in connection with the completion of the Project;

(iii) all costs of contract bonds and of insurance that may be required or necessary during the period of Project construction;

(iv) all costs paid or incurred in connection with the acquisition of the Leased Facilities or the Company's interest in the Leased Facilities;

(v) the fees and expenses of the Trustee, each Remarketing Agent, if any, and each Tender Agent, if any, paid during any period of construction of the Project provided such payments are capable of being characterized (whether or not so characterized by the Company) in accordance with Accounting Standards of the Financial Accounting Standards Board as capital expenditures;

(vi) the interest on Bonds of a series (or other indebtedness incurred by the Company for the construction of the Project) for the time specified in any Series Supplemental Indenture authorizing the issuance of a series of Bonds and executed and delivered by the Agency and the Trustee in accordance with the Indenture;

(vii) all costs which the Company is required to pay, under the terms of any contract or contracts, for the completion of the Project, including any amounts required to reimburse the Company for advances made for any item otherwise constituting a Project Cost or for any other costs incurred and for work done which are properly chargeable to the Project;

(viii) all fees and charges of the Port Authority which the Company is required to pay under the Port Authority Lease for (a) the review and approval of the plans and specifications relating to the Project, (b) obtaining the required permits and approvals under such plans and specifications for the construction and completion of the Project, (c) inspecting and/or supervising construction of the Project, and (d) reimbursement of other costs incurred in connection with the construction of the Project and related facilities;

(ix) subject to the limitations contained in the IDA Lease Agreement that the salary or other compensation paid to the officers or employees of the Company for work done by such officers or employees in connection with the Project will be included as a Project Cost only to the extent that such Persons were specifically employed for such particular purpose, such salary or other compensation does not exceed the actual cost thereof and would, if such Project Cost had been undertaken by the Company, be treated on the books of the Company as a capital expenditure in conformity with generally accepted accounting principles applied on a consistent basis, expenses for supervision by the officers or employees of the Company and expenses for work done by such officers or employees in connection with the Project;

(x) all other costs and expenses relating to the completion of the Project or the issuance of a series of Bonds including soft costs and the costs of funding any amounts to be held in any Account of the Debt Service Reserve Fund; and

(xi) costs of issuance.

"Project Fund" means the Project Fund created under the Indenture and described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Project Fund*."

"Qualified Costs" means the cost of exempt facilities, including facilities functionally related and subordinated thereto, as set forth in the Code.

"Qualified Financial Institution" means a bank or other financial services corporation or institution, a trust company, a national banking association (including the Trustee or its affiliates), a corporation subject to registration with the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956 or any successor provisions of law, a federal branch pursuant to the International Banking Act of 1978 or any successor provision of law, a domestic branch or agency of a foreign bank which branch or agency is duly licensed or authorized to do business under the laws of any state or territory of the United States of America, a savings bank, a savings and loan association, an insurance company or association chartered or organized under the laws of any state of the United States of America or a government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York (or an entity which owns a majority equity interest in such a government bond dealer) (a) in each case whose long term unsecured debt or whose claims paying ability is rated in either of the three highest Rating Categories (without qualification by symbols "+" or "-" or a numerical notation) by S&P or Moody's or whose debt is unconditionally guaranteed by a corporation whose long-term unsecured debt or whose claims paying ability is rated in one of such categories and (b) in each case whose short-term unsecured debt paying ability is rated as least A-1 by S&P and P-1 by Moody's, or whose debt is unconditionally guaranteed by a corporation whose short-term unsecured debt or whose claims-paying ability is rated in one of such categories.

"Qualified Investments" means, to the extent permitted by applicable law, the following:

(i) Government Obligations.

(ii) Commercial paper, rated at least P-1 by Moody's and at least A-1 by S&P, issued by a corporation or banking institution organized under the laws of the United States of America or any state thereof.

(iii) Direct and general long-term obligations of any state of the United States of America to which the full faith and credit of the state is pledged and which are rated in either of the two highest Rating Categories by Moody's and S&P.

(iv) Direct and general short-term obligations of any state of the United States to which the full faith and credit of the state is pledged and which are rated in the highest Rating Category by Moody's and S&P.

(v) Interest bearing demand or time deposits with or certificates of deposit issued by a national banking association or a state bank or trust company which is a member of the Federal Deposit Insurance Corporation (*"FDIC"*) which are

(a) continuously and fully insured by the FDIC, or (b) with a bank which has outstanding debt, or which is a subsidiary of a holding company which has outstanding debt, rated in either of the two highest Rating Categories by Moody's and S&P or (c) continuously and fully secured by obligations of the type described in (i) and (ii) above which have a market value at all times at least equal to the principal amount of the deposit and which are held by the Trustee or its agent or, in the case of uncertificated securities, are registered in the name of the Trustee as pledgee.

(vi) Money market funds registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933, and, if rated by S&P, rated "AAAm-G," "AAAm," or "AAm" and, if rated by Moody's, rated "Aaa," "Aa1" or "Aa2," including funds for which the Trustee, its affiliates or subsidiaries provides investment advisory or other management services.

(vii) Any repurchase agreement with any bank or trust company organized under the laws of any state of the United States or any national banking association (including the Trustee or its affiliates) or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by Governmental Obligations.

(viii) Investment agreements for the investment of moneys held by the Trustee pursuant to the Indenture with a Qualified Financial Institution.

(ix) Asset backed securities rated Aaa by Moody's or AAA by S&P.

(x) Corporate medium term notes having a long term rating of A2 or above from Moody's or A or above from S&P or having a short term rating of A-1 or above from Moody's or P-1 or above from S&P.

"*Qualified Maintenance*" means, with respect to any item of Eligible Personalty or Leased Personalty, the acquisition or leasing of which would be characterized (whether or not so characterized by the Company) in accordance with Accounting Standards of the Financial Accounting Standards Board as a "capital expenditure," the replacement of parts (other than parts that contain materials or substances that are consumed in the operation of such property (*e.g.*, a toner cartridge) where such parts must be replaced whenever the substance is consumed) or the making of repairs, but does not include maintenance of the type constituting janitorial services.

"*Qualified Mortgage*" has the meaning set forth herein in APPENDIX H—"SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT—Summary of Certain Provisions of the City Attornment Agreement."

"*Qualified Personalty Lease*" means the IDA Lease Agreement and any lease of one or more items of Leased Personalty to the Company on behalf of and as agent for the Agency, (1) which lease would be characterized (whether or not so characterized by the Company) in

accordance with Accounting Standards of the Financial Accounting Standards Board as a "capital lease," or (2) pursuant to which an option to purchase the subject property of such lease is granted thereunder by the lessor.

"Qualifying Replacement Tenant" means a major domestic or international Scheduled Aircraft Operator, or a consortium of such major domestic or international Scheduled Aircraft Operators each of which would be jointly and severally obligated to the Port Authority with respect to all of the consortium's obligations under the Port Authority Lease, who each meet all of the requirements set forth in Section 92, including but not limited to the entering into with the Port Authority of the Lease Assignment/Assumption and Consent Agreement, and thereby become the assignee/purchaser of the Port Authority Lease with respect to the Premises resulting from the exercise by the Leasehold Mortgagee of its Reletting Rights, whether by foreclosure and sale or by assignment in lieu of foreclosure.

"Rating Agency" means S&P if S&P is then rating the Bonds and Moody's if Moody's is then rating the Bonds, and such other nationally recognized securities rating agency, if any, as shall then rating the Bonds.

"Rating Category" means one of the generic rating categories of the Rating Agencies without regard to any refinement or gradation of such rating by a numerical modifier or otherwise.

"Rebate Fund" means the Rebate Fund created under the Indenture and described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Payments into Rebate Fund; Application of Rebate Fund.*"

"Record Date" has the meaning set forth herein under "THE SERIES 2002 BONDS—General."

"Redemption Account" means any special trust Account of the Bond Fund so designated and established pursuant to the Indenture and as described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Payments into Bond Fund*" and "—*Application of Bond Fund.*"

"Redevelopment Work" means the design and construction of the "Passenger Terminal Work" (as described and defined in Section 2B(a) of the Port Authority Lease) and the "Off-Premises Work" (as described and defined in Section 2B(a) of the Port Authority Lease).

"Redevelopment Work Completion Date" means the date appearing on the certificate issued by the Port Authority pursuant to the Port Authority Lease after substantial completion of the Redevelopment Work.

"Release Price" means, at any time of the calculation thereof, the Outstanding principal amount of the Bonds multiplied by a fraction the numerator of which equals the total annual revenues attributable to the proposed Released Property and the denominator of which equals the

total annual revenues attributable to the Leased Facilities prior to the release of such Released Property.

"Released Property" means the portions of the Leased Facilities which the Company, the Port Authority or, upon the effectiveness of the New/City American Lease, the City, have released from the Leased Facilities as described herein under APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Particular Covenants—*Retention of Interest in the Facility.*"

"Reletting Election Notice" means the written notice required to be given by the Leasehold Mortgagee to the Port Authority pursuant to the Port Authority Lease affirmatively stating the Leasehold Mortgagee's election to (i) exercise its Reletting Rights thereunder and (ii) to exercise its rights under the Leasehold Mortgage to foreclose upon the Leasehold Mortgage or to have the Port Authority Lease with respect to the Premises assigned to a Qualifying Replacement Tenant in accordance with the provisions of the Port Authority Lease.

"Reletting Election Notice Service Date" has the meaning set forth herein under Appendix F—"Summary of Certain Provisions of the Port Authority Lease—Leasehold Mortgage and Reletting Rights—*Foreclosure Obligations.*

"Reletting Election Period" has the meaning set forth herein in Appendix F—"Summary of Certain Provisions of the Port Authority Lease—Leasehold Mortgage and Reletting Rights—*Election to Exercise Reletting Rights.*"

"Reletting Rights" mean the rights of the Trustee as Leasehold Mortgagee with respect to the Premises and the Leasehold Mortgage to obtain a Qualifying Replacement Tenant during the Foreclosure Period as provided in Section 92, *provided, however,* no Reletting Rights will commence or be deemed to have commenced until on or after the Reletting Rights Effective Date, if any, and further will commence only if there is a Leasehold Mortgage, which has been properly dated, executed, delivered and recorded strictly in compliance with the terms and provisions of Section 92 and the Port Authority Consent, and will terminate as provided in Section 92, including without limitation, upon the termination or expiration of the Leasehold Mortgage in accordance with Section 92.

"Reletting Rights Effective Date" means the date on which all of the Reletting Rights Effective Date Conditions have been fulfilled.

"Reletting Rights Effective Date Conditions" has the meaning set forth herein under "INTRODUCTORY STATEMENT" and in APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Leasehold Mortgage and Reletting Rights—*Reletting Rights Effective Date Conditions.*"

"Required Conditions" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions to Execution, Delivery and Recording of the Leasehold Mortgage.*"

"Reserve Fund Facility" means a surety bond, insurance policy, letter of credit or investment agreement (which investment agreement must be a Qualified Investment) which constitutes any part of the Debt Service Reserve Account Requirement for a series of Bonds authorized to be delivered to the Trustee pursuant to the Indenture and/or a surety bond, insurance policy, letter of credit or investment agreement (which investment agreement must be a Qualified Investment) which constitutes any part of the Foreclosure Payment Account to be delivered to the Trustee pursuant to the Indenture.

"S&P" means Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies, Inc., a corporation organized and existing under the laws of the State, its successors and its and their assigns, and, if such corporation is dissolved or liquidated or no longer performs the functions of a securities rating agency, "S&P" will be deemed to refer to any other nationally recognized securities rating agency designated by the Agency by notice to the Trustee and the Company.

"Sales and Use Taxes" means New York State and local sales and/or compensating use taxes imposed pursuant to Sections 1105, 1107, 1108, 1109 and 1110 of the New York State Tax Law, as each of the same may be amended from time to time (including any successor provisions to such statutory sections).

"Sales Tax Letter" means that certain Sales Tax Letter of the Agency dated July 31, 2002.

"Sales Tax Savings" means all exemptions of Sales and Use Taxes actually realized by the Company pursuant to the IDA Lease Agreement, the Sales Tax Letter and the Preliminary Sales Tax Letter. The term *"Sales Tax Savings"* does not include any exemption from Sales and Use Taxes realized by the Company other than (i) pursuant to the provisions of Article 18-A of the General Municipal Law or (ii) pursuant to the Agency's involvement in the Project.

"Scheduled Aircraft Operator" means a Civil Aircraft Operator engaged in transportation by aircraft operated wholly or in part on regular flights to and from the Airport in accordance with published schedules; but so long as the Federal Aviation Act of 1958, or any similar federal statute providing for the issuance of Foreign Air Carrier Permits or Certificates of Public Convenience and Necessity or substantially similar permits or certificates, is in effect, no Person will be deemed to be a Scheduled Aircraft Operator unless it also holds such a permit or certificate.

"Section 92" means Section 92 of the Port Authority Lease, entitled "Reletting Rights-Leasehold Mortgagee," which section authorizes the Leasehold Mortgage and provides for the Reletting Rights of the Trustee, as Leasehold Mortgagee, thereunder.

"Section 92(d) Provisions" has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Execution, Delivery and Recording of the Leasehold Mortgage After Reletting Rights Effective Date.*"

"Security Documents" means, with respect to all Bonds, the Equipment Security Agreement, the Company Sublease, the IDA Lease Agreement, the Guaranties, the Indenture, the Agreement Towards Entering Into a Lease, the City Attornment Agreement and the Leasehold Mortgage and, with respect to a particular series of Bonds, the applicable Tax Certificate, and any and all other documents or instruments delivered to the Trustee in connection with the provision of the security for such series of Bonds; *provided* that in no event will the Port Authority Lease, the New City/American Lease or the Port Authority Consent be or be deemed to be Security Documents.

"Series 2002 Bonds" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Series Supplemental Indenture" means any indenture supplemental to or amendatory of the Indenture authorizing the issuance of a series of Bonds and executed and delivered by the Agency and the Trustee in accordance with the Indenture.

"Sinking Fund Installment" means the amount required by the Indenture, if any, as payable on a single future date for the retirement of any Outstanding Bonds which are expressed to mature after such future date, but does not include any amounts payable by reason only of the maturity of a Bond.

"Sinking Fund Installment Account" means any special trust Account of the Bond Fund so designated and established pursuant to the Indenture and as described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Custody and Investment of Funds—*Lease Payments Fund*" and "—*Payments into Bond Fund.*"

"State" means the State of New York.

"Tax Certificate" means, with respect to a series of Tax-Exempt Bonds, any Tax Certificate as to Arbitrage and the Provisions of Sections 103 and 141-150 of the Internal Revenue Code of 1986, dated the date of original issuance of such series of Bonds, executed by Authorized Representatives of the Agency and the Company and delivered to the Agency, the Company and the Trustee, and will include any and all amendments thereof and supplements thereto thereafter made in conformity therewith and the Indenture.

"Tax-Exempt Bond (or series of Tax-Exempt Bonds)" means any Bond (or series of Bonds) issued with the intent of the Agency, expressed in the applicable Series Supplemental Indenture, that interest on such Bond (or on the Bonds of such series) be excluded pursuant to Section 103 of the Code from the gross income of the owners thereof for federal income tax purposes.

"Tenant Improvements" means all improvements, renovations and upgrades to the Leased Facilities including the installation of Facility Improvement Materials relating thereto for use by the Company, the Affiliates, and the Eligible Affiliates solely for the purposes of the construction of the Project and for which Sales Tax Savings will have been taken pursuant to the IDA Lease Agreement and the Sales Tax Letter.

"Tender Agent" means, with respect to a series of Bonds, the initial and any successor tender agent appointed in accordance with the Series Supplemental Indenture authorizing the issuance of such series of Bonds and executed and delivered by the Agency and the Trustee in accordance with the Indenture.

"Triggering Events" has the meaning set forth herein under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Termination by Port Authority."

"Trust Estate" means all property, interests, revenues, funds, contracts, rights and other security granted to the Trustee under the Security Documents.

"Trustee" has the meaning set forth herein under "INTRODUCTORY STATEMENT."

"Weekly Interest Rate" means, with respect to each series of Bonds, a variable interest rate on such series of Bonds established in accordance with the Indenture.

"Wrongful Recording of the Leasehold Mortgage" has the meaning set forth herein under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Leasehold Mortgage and Reletting Rights—*Reletting Rights Effective Date Conditions*."

[THIS PAGE INTENTIONALLY LEFT BLANK.]

APPENDIX C

SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT

The following is a brief summary of certain provisions of the IDA Lease Agreement and does not purport to be comprehensive or complete. Reference is made to the IDA Lease Agreement for the complete provisions.

The Project

General. The Company warrants it is conveying to the Agency a valid leasehold interest in the Leased Facilities on or prior to delivery and payment for the Series 2002 Bonds and that it will convey to the Agency good legal title to items of the Facility Equipment (subject to any interests in title of the Port Authority or the City in such Facility Equipment) the costs of which are to be reimbursed with the proceeds of a series of Bonds, in each case free and clear of all liens, claims, charges, encumbrances, security interests and servitudes other than Permitted Encumbrances, all against payment therefor by the Agency from the proceeds of the Series 2002 Bonds deposited in the applicable Construction Account of the Project Fund to the extent permitted by the IDA Lease Agreement and the Indenture. The Agency and the Company agree that the leasehold interest conveyed to the Agency under the Company Sublease is subject to the Company Sublease, the Port Authority Consent, the Basic Lease and the Port Authority Lease.

As promptly as practicable after receipt of the proceeds of sale of any series of Bonds and out of said proceeds of sale and proceeds of sales of subsequent series of Bonds, the Company will, on behalf of the Agency, proceed with the Project through the acquisition and installation of Facility Improvement Materials, Facility Equipment, the leasing of Leased Personalty, the entering into of Maintenance Contracts, the entering into of Qualified Personalty Leases and the making of Tenant Improvements to the Leased Facilities. The cost of the Project shall be paid from each Construction Account of the Project Fund established under the Indenture.

The Company covenants that it has obtained or will obtain or cause to be obtained all necessary approvals, consents, permits, authorization and licenses from any and all governmental agencies and appropriate authorities requisite to the effectuation by the Company of the Tenant Improvements and the acquisition of the Facility Improvement Materials, the Facility Equipment, Leased Personalty and Maintenance Contracts and the operation and use of the same and shall furnish copies of the same to the Agency promptly upon request by the Agency therefor, all of which will be done in compliance in all material respects with all federal, State and local laws, ordinances and regulations applicable thereto, and with the conditions and requirements of the Port Authority, the Basic Lease, the Port Authority Consent and the Port Authority Lease and all policies of insurance required to be maintained hereunder and under the Port Authority Lease with respect to the Leased Facilities. Upon completion of the Project, the Company will promptly obtain or cause to be obtained all required occupancy permits, authorizations and licenses from appropriate authorities, if any be required, authorizing the occupancy, operation and use of the Facility for the purposes contemplated by the IDA Lease Agreement, except if such non-compliance shall not materially adversely affect the Agency, and

upon the written request of the Agency or the Trustee therefor, shall furnish copies of the same to the Agency and the Trustee.

Subject to any interest in title of the Port Authority or the City in Facility Improvement Materials and Facility Equipment installed as part of the Facility as Tenant Improvements and exclusive of materials or equipment not constituting Financed Property, possession of which is conveyed to the Agency subject to the Basic Lease, the Port Authority Lease, the Port Authority Consent, and the Company Sublease, title to all said Facility Equipment and leasehold title to Facility Improvement Materials acquired as part of the Project shall vest in the Agency immediately upon the execution by the Company as agent for the Agency of a contract, lease, bill of sale, invoice or purchase order therefor and upon delivery to or installation at the Leased Facilities or payment therefor, whichever shall occur first. The Company shall take all action reasonably necessary to protect such title of the Agency in such Facility Improvement Materials and Facility Equipment against claims of any third parties.

Subject to any interest in title of the Port Authority or the City in Facility Improvement Materials and Facility Equipment installed as part of the Facility as Tenant Improvements, and exclusive of materials or equipment not constituting Financed Property, possession of which is conveyed to the Agency subject to the Basic Lease, the Port Authority Lease, the Port Authority Consent and the Company Sublease, the Company shall, within a reasonable time after the acquisition of such Facility Improvement Materials and Facility Equipment by or on behalf of the Company, convey or cause to be conveyed to the Agency by bill(s) of sale with full warranties of title good title to any item of such Facility Improvement Materials or Facility Equipment which has not theretofore been conveyed to the Agency, free and clear of all liens, claims, charges, security interests and encumbrances other than Permitted Encumbrances. The Company shall take all action necessary to so vest title to such Facility Improvement Materials and Facility Equipment in the Agency and to protect such title against claims of any third parties.

The Company agrees that none of the Facility Improvement Materials, Facility Equipment, Leased Personalty or Maintenance Contracts shall be located or used at any location other than at the Leased Facilities and none of the Facility Improvement Materials, Facility Equipment, Leased Personalty or Maintenance Contracts shall be acquired, leased or undertaken other than for the purposes of the Project, except as provided in the IDA Lease Agreement.

In the event moneys in the Project Fund are not sufficient to pay the costs necessary to complete the Project in full, the Company shall pay that portion of such costs of the Project as may be in excess of the moneys therefor in the Project Fund and shall not be entitled to any reimbursement therefor from the Agency, the Trustee or the Holders of any of the Bonds (except from the proceeds of Additional Bonds issued for that purpose), nor shall the Company be entitled to any diminution of the rents payable or other payments to be made under the IDA Lease Agreement.

Sales and Use Tax Benefits. Any exemption from Sales and Use Taxes resulting from or occasioned by Agency's involvement with the Project shall be limited to the acquisition and installation of Facility Improvement Materials, Facility Equipment, the leasing of Leased Personalty, the entering into of Maintenance Contracts, the entering into of Qualified Personalty

Leases and the making of Tenant Improvements to the Leased Facilities effected by or for the Company as agent for the Agency, it being the intent of the parties to the IDA Lease Agreement that no operating expenses of the Company and no purchase of equipment or other personal property other than Facility Equipment or Facility Improvement Materials shall be subject to an exemption from Sales and Use Taxes because of the Agency's involvement with the Project. The Company shall be entitled to Sales Tax Savings pursuant to the Sales Tax Letter and/or the IDA Lease Agreement in the maximum amount set forth in the Sales Tax Letter until the earliest of (i) August 31, 2010, (ii) the completion of the Project, (iii) the termination of the IDA Lease Agreement, (iv) receipt by the Company of notice from the Agency of the termination of the Sales Tax Letter, or (v) the termination of the Sales Tax Letter pursuant to the terms of the IDA Lease Agreement.

Issuance of Bonds and Additional Bonds; Lease of Facility and Rental Provisions

Issuance of Additional Bonds. The Agency and the Company recognize that under the provisions of and subject to the conditions set forth in the Indenture, the Agency is authorized to enter into Series Supplemental Indentures and issue one or more series of Additional Bonds for the purpose of paying Project Costs. If an Event of Default shall not exist under the IDA Lease Agreement, the Agency, in its sole discretion, will consider the issuance of Additional Bonds in a principal amount as is specified in a written request in accordance with the applicable provisions set forth in the Indenture. In conjunction with the issuance of each series of Additional Bonds pursuant to the Indenture, the Agency and the Company shall enter into an IDA Lease Amendment amending the IDA Lease Agreement providing, among other things, for the payment by the Company of such rentals as are necessary in order to pay the principal, redemption price, if applicable, purchase price of, and interest on such Additional Bonds and any other costs in connection therewith. The proceeds of sale of each series of Additional Bonds shall be deposited and applied in accordance with the Indenture. Any completion, repair, relocation, replacement, rebuilding, restoration, additions, extensions, improvements or substitutions financed by Additional Bonds shall become a part of the Facility and shall be included under the IDA Lease Agreement to the same extent as if originally included under the IDA Lease Agreement.

Lease of the Facility. Subject to the Basic Lease, the Port Authority has subleased the Leased Facilities to the Company pursuant to the Port Authority Lease, and the Company has, subject to the Basic Lease, the Port Authority Lease, the Port Authority Consent, the Agreement Towards Entering Into a Lease and the City Attornment Agreement, sub-subleased the Leased Facilities to the Agency pursuant to the Company Sublease. Pursuant to the IDA Lease Agreement, the Agency will sub-sub-sublease the Leased Facilities to the Company and the Company will sub-sub-sublease such Leased Facilities from the Agency, in each case subject to the Basic Lease, the Port Authority Lease, the Company Sublease, the Port Authority Consent, the Agreement Towards Entering Into a Lease and the City Attornment Agreement and the New City/American Lease (if then effective), and the Agency shall lease the Facility Equipment to the Company and the Company shall lease the Facility Equipment from the Agency, for the term of and subject to the terms of the IDA Lease Agreement. The Company shall at all times during the term of the IDA Lease Agreement occupy, use and operate the Facility, or cause the Facility to be occupied, used and operated, as a qualified "project" in accordance with the provisions of the

Act, and in accordance with the Basic Lease, the Port Authority Lease, the Port Authority Consent, the Agreement Towards Entering Into a Lease, the City Attornment Agreement and the New City/American Lease (if then effective), and for the general purposes specified in the IDA Lease Agreement.

Duration of Term. The term of the IDA Lease Agreement shall commence on the date of execution and delivery of the IDA Lease Agreement and shall terminate on the termination of the Company Sublease unless terminated earlier pursuant to the terms of the IDA Lease Agreement.

Rental Provisions. The Company covenants to make rental payments which the Agency agrees shall be paid by the Company in immediately available funds directly to the Trustee on or prior to each Interest Payment Date, date of acceleration, principal payment date (whether principal is due by scheduled maturity, acceleration or otherwise) or redemption date for the Bonds for deposit in the Lease Payments Fund (to the extent amounts then on deposit in such Lease Payments Fund shall not be available and sufficient therefor) in an amount equal to the sum of (i) with respect to interest due and payable on the Bonds, an amount equal to the interest due and payable on the Bonds on such Interest Payment Date, principal payment date, redemption date or date of acceleration, (ii) the principal amount of the Bonds then Outstanding due on such Interest Payment Date, principal payment date or date of acceleration (whether at maturity or by redemption or acceleration or otherwise as provided in the Indenture), (iii) the Sinking Fund Installments, if any, due on the Bonds on such Interest Payment Date, and (iv) the redemption price of the Bonds to be redeemed which will become due on such redemption date together with accrued interest to the date of redemption.

If the amount on deposit and available in the Lease Payments Fund is not sufficient to pay the principal of, Sinking Fund Installments for, redemption premium, if any, and interest on such Bonds when due (whether at maturity or by redemption or acceleration or otherwise as provided in the Indenture), the Company shall pay the amount of such deficiency in immediately available funds to the Trustee for deposit in the Lease Payments Fund and such payment shall constitute rental payments under the IDA Lease Agreement.

The Company further covenants to make rental payments which the Agency agrees shall be paid by the Company in immediately available funds directly to the applicable Tender Agent for deposit into the applicable Bond Purchase Fund on or prior to each Purchase Date for the Bonds in an amount equal to the purchase price for such Bonds tendered or deemed tendered for purchase.

As security for the payment of amounts due under the Guaranties, the Company shall grant a leasehold mortgage lien on and security interest in its leasehold interest under the Port Authority Lease. The lien of the Leasehold Mortgage will be superior to the lien on lease payments made under the IDA Lease Agreement and granted to the Trustee pursuant to the Indenture. Pursuant to the Indenture, the Agency will pledge and assign to the Trustee as security for the Bonds all of the Agency's non-possessory right, title and interest in the IDA Lease Agreement (except for the Agency's Reserved Rights), including all rental payments under the IDA Lease Agreement, and in furtherance of said pledge the Agency will unconditionally assign such rental payments to the Trustee for deposit in the Lease Payments

Fund and/or the applicable Bond Purchase Fund as the case may be in accordance with the Indenture. The Company consents to the pledge and assignment of the IDA Lease Agreement.

The Company covenants and agrees (i) in accordance with clauses (ii) and (iii) described below in this paragraph, to cause any Account of the Debt Service Reserve Fund established with respect to a particular series of Bonds to be maintained at the applicable Debt Service Reserve Account Requirement relating to such series of Bonds, subject to withdrawals therefrom and to deficiencies therein based on a valuation of the assets thereof, (ii) to replenish any withdrawals from such Account of the Debt Service Reserve Fund, to the extent necessary to cause such Account of the Debt Service Reserve Fund to be funded at the applicable Debt Service Reserve Account Requirement, by paying 12 monthly installments to the Trustee in an amount equal to one-twelfth of such withdrawal, in immediately available funds, the payment of such installments to commence on the first Business Day in the calendar month immediately succeeding such withdrawal, and (iii) to replenish any deficiencies in such Account of the Debt Service Reserve Fund based on a valuation of the assets thereof by paying 12 monthly installments to the Trustee in an amount equal to one-twelfth of such valuation deficiency, in immediately available funds, the payment of such installments to commence on the first Business Day in the calendar month immediately succeeding such valuation.

Allocation of Rent. The Agency and the Company acknowledge the intent of the Company, and the Company covenants that solely for federal income tax purposes the Leased Facilities and each unit of Facility Equipment constituting Financed Property are to be treated as property that is governmentally owned (within the meaning of Section 142(b) of the Code) and leased to the Company pursuant to the terms of the IDA Lease Agreement, the Port Authority Lease and the New City/American Lease (if then effective). Payments made pursuant to the IDA Lease Agreement entered into with respect to such property are to be characterized as rental payments (or interest in respect of deferral or acceleration of rental payments) in respect of the right to possession of such property conveyed to the Company thereby.

Ownership of the Facility Equipment. It is the intent of the parties to the IDA Lease Agreement that solely for federal income tax purposes, the Agency will be treated as the owner and lessor of the Facility Equipment constituting Financed Property not deemed owned by the Port Authority or the City under the Port Authority Lease, the Basic Lease or the New City/American Lease (if then effective) (the *"IDA Equipment"*). The parties to the IDA Lease Agreement thereby agree that neither the Agency, nor any person controlled by, in control of, or under common control with the Agency or the Company, directly or indirectly, will at any time take any action or file any return or other document that is inconsistent with the foregoing assumption.

Notwithstanding any other provision of the IDA Lease Agreement to the contrary, except for the Company's right to purchase equipment as provided in the IDA Lease Agreement and described in this APPENDIX C under "—Options," or for the Port Authority's right to purchase the Facility Equipment in connection with a proposed foreclosure of the Leasehold Mortgage as described herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions Precedent to Foreclosure—Right of Port Authority to Terminate the Leasehold Mortgage Prior to Foreclosure,*" upon expiration of the duration of the term of the

IDA Lease Agreement, all remaining IDA Equipment shall be transferred by the Agency to the City or the designee of the City.

Obligation of Company Unconditional. The obligation of the Company to pay the rent and all other payments provided for in the IDA Lease Agreement as amended by any IDA Lease Amendments and to maintain the Facility in accordance with the IDA Lease Agreement shall be absolute and unconditional, irrespective of any defense or any rights of setoff, recoupment or counterclaim or deduction and without any rights of suspension, deferment, diminution or reduction it might otherwise have against the Agency, the Port Authority, the City, the Trustee or the Holder of any Bond, and the obligation of the Company shall arise whether or not the Project has been completed as provided in the IDA Lease Agreement, whether or not the Company's rental payments are or become subject to any lien, and whether or not the Basic Lease, the Port Authority Lease or the New City/American Lease shall have been terminated or shall have expired. The Company will not suspend or discontinue any such payment or terminate the IDA Lease Agreement (other than such termination as is provided for thereunder) for any cause whatsoever, and the Company waives all rights now or hereafter conferred by statute or otherwise to quit, terminate, cancel or surrender the IDA Lease Agreement or any obligation of the Company under the IDA Lease Agreement except as permitted by the IDA Lease Agreement or to any abatement, suspension, deferment, diminution or reduction in the rentals or other payments thereunder.

Payment of Purchase Price of Tendered Bonds. Any payment by the Company to a Tender Agent of amounts necessary to pay the applicable purchase price of Bonds pursuant to the Indenture shall be in immediately available funds and paid to such Tender Agent at its principal corporate trust office on the date set forth in the Indenture.

The Company approves and agrees to be bound by the provisions of the Indenture regarding the purchase, offer, sale and delivery of each series of Bonds required to be tendered for purchase thereunder. The Company shall have all of the rights and obligations provided in the Indenture with respect to the Company in connection with such transactions and the appointment of the Tender Agent and the Remarketing Agent for such series of Bonds thereunder. The Agency shall have no obligation or responsibility with respect to the purchase of any series of Bonds or any related arrangements, except that the Agency, at the expense of the Company, shall cooperate in the making of any such arrangements.

Maintenance, Taxes and Insurance

Maintenance, Alterations and Improvements. During the term of the IDA Lease Agreement, the Company will keep the Leased Facilities and the Facility Equipment in good and safe operating order and condition, ordinary wear and tear excepted, will occupy, use and operate the Facility in the manner for which it was designed and intended and contemplated by the Port Authority Lease, the Port Authority Consent, the New City/American Lease (if then effective) and the IDA Lease Agreement and will, except as provided in the IDA Lease Agreement, make all replacements, renewals and repairs thereto (whether ordinary or extraordinary, structural or nonstructural, foreseen or unforeseen) necessary to ensure the continued operation of the Facility. All replacements, renewals and repairs shall be made and installed in compliance with

the requirements of the governmental bodies having jurisdiction therefor. The Agency shall be under no obligation to replace, service, test, adjust, erect, maintain or effect replacements, renewals or repairs of the Facility, to effect the replacement of any inadequate, obsolete, worn-out or unsuitable parts of the Facility, or to furnish any utilities or services for the Facility, and the Company agrees to assume full responsibility therefor.

The Company shall have the right to make such alterations of or additions to the Facility or any part thereof from time to time as it in its discretion may determine to be desirable for its uses and purposes, *provided* that (i) such additions or alterations are effected in compliance with all applicable legal requirements, (ii) such additions or alterations do not change either the nature of the Facility so that it would not constitute a qualified "project" under the Act nor the nature of the Financed Property so that it would not constitute an exempt "airport facility" within the meaning of Section 142(a)(1) of the Code, and (iii) such additions or alterations are effected in accordance with the Basic Lease, the Port Authority Consent, the Port Authority Lease and the New City/American Lease (if then effective). All alterations of and additions to the Facility shall constitute a part of the Facility, subject to the IDA Lease Agreement, the Leasehold Mortgage, the Equipment Security Agreement, the Port Authority Lease, the Port Authority Consent, the Company Sublease, the Basic Lease and the New City/American Lease (if then effective), and the Company shall deliver or cause to be delivered to the Agency appropriate documents as may be necessary to subject such property to the IDA Lease Agreement and, in the case of the Leased Facilities, the Company Sublease.

The Company shall have the right to install or permit to be installed at the Leased Facilities, machinery, equipment and other tangible personal property not constituting part of the Facility Equipment (the *"Lessee's Property"*) without subjecting such property to the IDA Lease Agreement, the Leasehold Mortgage or the Equipment Security Agreement. The Agency shall not be responsible for any loss of or damage to the Lessee's Property. Subject to the terms of the Port Authority Lease or the New City/American Lease, if any, the Company shall have the right to create or permit to be created any mortgage, encumbrance, lien or charge on, or conditional sale or other title retention agreement with respect to, the Lessee's Property, *provided* that such mortgage, encumbrance, lien or charge or conditional sale or title retention agreement does not create or constitute a lien or encumbrance on the Facility except for Permitted Encumbrances.

The Company shall not create, permit or suffer to exist any mortgage, encumbrance, lien, security interest, claim or charge against the interest of the Agency or the Company in the Company Sublease or the IDA Lease Agreement or the amounts payable thereunder with respect to any series of Bonds, other than Permitted Encumbrances.

Payment of Impositions. The Company shall pay when the same shall become due all taxes and assessments (excluding Sales and Use Taxes for which an exemption has been granted pursuant to the Preliminary Sales Tax Letter and the Sales Tax Letter and the provisions thereof), general and specific, if any, levied and assessed upon or against the IDA Lease Agreement, the Company Sublease, the Leasehold Mortgage, the interest of the Trustee under the Indenture, any estate or interest of the Agency or the Company in the Facility, or the rentals or other payments under the IDA Lease Agreement during the term of the IDA Lease Agreement, and all charges, special district charges, assessments and other governmental charges and impositions

whatsoever, foreseen or unforeseen, ordinary or extraordinary, under any present or future law, and charges for public or private utilities or other charges incurred in the occupancy, use, operation, maintenance or upkeep of the Facility, all of which are called "*Impositions*." The Agency shall promptly forward to the Company any notice, bill or other statement received by the Agency concerning any Imposition. The Company may pay any Imposition in installments if so payable by law, whether or not interest accrues on the unpaid balance.

The Company may contest in good faith the validity, existence or applicability of any Imposition if (i) in the Opinion of Counsel, such contest shall suspend the execution or enforcement of such Imposition against any of the rentals or other amounts payable under the IDA Lease Agreement or the interest of the Company or the Agency under the IDA Lease Agreement or the Company Sublease or the interest of the Leasehold Mortgagee under the Leasehold Mortgage or the interest of the Trustee under the Indenture, and (ii) such contest shall not result in the Agency or the Trustee being in any danger of any criminal liability for failure to comply therewith. In the event that any Imposition shall be imposed upon the Agency's interest in the Facility, the IDA Lease Agreement or the rentals or other payments thereunder, the Company shall pay the same as required by the IDA Lease Agreement, and the Company shall be subrogated to the Agency's right, if any, to contest the validity of such Imposition.

Insurance. At all times throughout the term of the IDA Lease Agreement, including without limitation during any period of construction or reconstruction of the Facility, the Company shall maintain or cause to be maintained property and casualty insurance and other policies of insurance relating to the Project for the benefit of the Company, the Agency and the Trustee, with insurance companies having a minimum Best's rating of "A-" (Excellent) and Financial Size Category VII or larger, or as otherwise deemed satisfactory to the Agency, and authorized to do business in the State, against the following risks, loss, damage and liability (including liability to third parties) and in such amounts as are set forth below:

(i) (A) Workers' compensation insurance in amounts required by law, (B) Employers' liability insurance, including (I) coverage of bodily injury by accident in the amount of $1,000,000 each accident and (II) bodily injury by disease in the amount of $1,000,000 per employee with a $1,000,000 policy limit,

(ii) Excess employers' liability insurance with minimum limits of $25,000,000 per occurrence, and

(iii) Such other insurance in such amounts and against such insurable hazards as the Agency from time to time may reasonably require, *provided* that such insurance is generally obtainable and is customarily obtained by air carriers (or their affiliates) of comparable creditworthiness as the Company and which are operators of similar facilities at the Airport at commercially reasonable rates.

In addition to the other obligations relating to insurance required under the IDA Lease Agreement, the Company, during the construction of the Facility up to the date of completion, in its own name as insured and including the Agency and the Trustee as additional insureds shall maintain and pay the premiums on a policy or policies of comprehensive general liability

insurance, including, but not limited to, premises-operations, products-completed operations, explosion, collapse and underground property damages, personal injury and independent contractors, with a broad form property damage endorsement, and with a contractual liability endorsement covering the obligations assumed by the Company pursuant to the applicable sections of the Port Authority Lease, and comprehensive automobile liability insurance covering owned, nonowned and hired vehicles and environmental impairment liability insurance covering both gradual and sudden and accidental occurrences, on a claims-made basis, with a one year extended reporting period and which shall be site specific and include on-site and off-site clean-up and with a contractual liability endorsement covering the obligations assumed by the Company pursuant to the environmental indemnification requirements set forth in the IDA Lease Agreement. The said comprehensive general liability insurance policy required during construction of the Project shall have a limit of not less than $100,000,000 combined single limit per occurrence for bodily injury and property damage liability on a per location/per aggregate basis. The said comprehensive automobile liability insurance shall have a limit of not less than $25,000,000 combined single limit per accident for bodily injury and property damage liability. The said environmental impairment liability insurance shall have a limit of not less than $10,000,000 combined single limit per occurrence for death bodily injury and property damage liability for both gradual and sudden occurrences. A comprehensive general liability insurance policy with asbestos removal/abatement coverage, with respect solely to said asbestos removal/abatement portions of the construction work, shall have a limit of not less than $5,000,000 combined single limit per occurrence for bodily injury and property damage liability and each such policy shall be project specific with respect to said portions of the construction work. The Company must also maintain an "all risk" builders risk policy in an amount not less than the completed value of the work being performed, including coverage for items stored off-site and time in transit for an amount sufficient to cover fully any loss. Professional liability (errors and omissions) insurance for any architect, engineer or other person or entity providing professional services to the Company and/or employed in connection with the design/build or maintenance of the Facility, with limits in an amount of not less than $1,000,000, must be maintained as well. The foregoing shall be in addition to all policies of insurance otherwise required by the IDA Lease Agreement, or the Company may provide such insurance by requiring each contractor or subcontractor engaged by it for the construction work to procure and maintain such insurance including such contractual liability endorsement, said insurance, whether procured by the Company or by a contractor or subcontractor engaged by it as aforesaid, not to contain any exclusion for bodily injury to or sickness, disease or death of any employee of the Company or of any of its contractors or subcontractors which would conflict with or in any way impair coverage under the contractual liability endorsement. Further, the Company shall provide and maintain or shall require each contractor engaged by it for the construction work, or any portion thereof, to provide and maintain contractor's property and equipment coverage for the full value of such property and equipment with the Agency insured thereunder as its interests may appear. All of the said policy or policies of insurance shall also provide or contain an endorsement providing that the protection afforded the Company thereunder with respect to any claim or action against the Company by a third person shall pertain and apply with like effect with respect to any claim or action against the Company by the Agency or the Trustee and shall also provide or contain an endorsement providing that the protection afforded the Agency or the Trustee thereunder and with respect to any claim or action against the Agency and the Trustee by the Company shall be the same as the protection afforded the Company thereunder with respect

to any claim or action against the Company by a third person as if the Agency or the Trustee were the named insureds thereunder, but such endorsement shall not limit, vary, change, or affect the protection afforded the Agency or the Trustee thereunder as an additional insured. It is specifically understood and agreed that the Agency shall have the right upon notice to the Company given from time to time and at any time to require the Company to increase any or all of the foregoing limits to reasonably commercial amounts and the Company shall promptly comply therewith and shall promptly submit a certificate or certificates evidencing the same to the Agency and the Trustee.

In addition to all other insurance required under the IDA Lease Agreement, the Company, during the term of the IDA Lease Agreement in its own name as insured and including the Agency and the Trustee as additional insureds, shall maintain and pay the premiums on a policy or policies of property insurance, to insure all buildings, structures, improvements, installations, facilities and fixtures now or in the future located on the Premises covered by the IDA Lease Agreement against all risks of physical loss or damage (including, but not limited to flood and earthquake risks) if available, and if not available, then against such hazards and risks as may now or in the future be included under the Standard Form of Fire Insurance Policy of the State of New York, and also covering boiler and machinery hazards and risks in a separate insurance policy or as an additional coverage endorsement to the aforesaid policies in the form as may now or in the future be prescribed as of the effective date of said insurance by the rating organization of the State, comprehensive general liability insurance, including premises-operations, products liability, liquor liability and completed operations, and covering bodily injury, including death, and property damage liability, broadened to include or equivalent separate policies covering aircraft liability, none of the foregoing to contain care, custody or control exclusions, and providing for coverage in the limits set forth below, and comprehensive automobile liability insurance covering owned, nonowned and hired vehicles providing for coverage in the limits set forth below. As to the said comprehensive general liability insurance the Company may, in lieu of the foregoing requirement with respect to care, custody and control exclusions, elect, in its own name as insured and including the Agency and the Trustee as additional insureds as their interests may appear, to maintain and pay the premiums on a baggage legal liability, a cargo legal liability and a real property legal liability policy or policies in the limits set forth below. The said property insurance policy shall be written on an "all risk" basis with an agreed amount endorsement attached. The said comprehensive general liability insurance policy shall have a limit of not less than $100,000,000 combined single limit per occurrence for bodily injury and property damage liability. The said comprehensive automobile liability insurance shall have a limit of not less than $25,000,000 combined single limit per accident for bodily injury and property damage liability.

The minimum limits as to the aforesaid baggage legal liability, cargo legal liability and real property legal liability policy and policies shall be as follows:

Baggage Legal Liability	$10,000,000
Cargo Legal Liability	$10,000,000
Real Property Legal Liability (Fire Legal Liability)	$10,000,000

All of the said policy or policies of insurance shall also provide or contain an endorsement providing that the protections afforded the Company thereunder with respect to any claim or action against the Company by a third person shall pertain and apply with like effect with respect to any claim or action against the Company by the Agency or the Trustee and shall also provide or contain an endorsement providing that the protections afforded the Agency and the Trustee thereunder and with respect to any claim or action against the Agency or the Trustee by the Company shall be the same as the protections afforded the Company thereunder with respect to any claim or action against the Company by a third person as if the Agency or the Trustee were the named insureds thereunder, but such endorsement shall not limit, vary, change, or affect the protection afforded the Agency and the Trustee thereunder as additional insureds. The said policy or policies of insurance shall also provide or contain a contractual liability endorsement covering the obligations assumed by the Company under the Port Authority Lease and any analogous provision of the New City/American Lease (if then effective).

All insurance required under the IDA Lease Agreement shall be procured and maintained in financially sound and generally recognized responsible insurance companies authorized to write such insurance in the State.

The Company shall, at its own cost and expense, make all proofs of loss and take all other steps necessary or reasonably requested by the Agency to collect from insurers for any loss covered by any insurance required to be obtained under the IDA Lease Agreement. The Company shall not do any act, or suffer or permit any act to be done, whereby any insurance required by the IDA Lease Agreement would or might be suspended or impaired.

In addition to notifying its insurer(s) in accordance with the policies, the Company shall provide prompt written notice to the Agency and the Trustee as soon as reasonably possible of any accident or loss relating to the Facility likely to exceed 50% of the applicable coverage limits. The limits of insurance set forth in the IDA Lease Agreement shall in no way be construed to limit the Company's, its contractors' or its subcontractors' liability under the IDA Lease Agreement. All insurance provided by the Company, its contractors and its subcontractors shall be primarily as regards the liabilities under the IDA Lease Agreement, and any insurance maintained by the Agency shall be in excess and not contributing with the Company's, its contractors' or its subcontractors' insurance.

Compliance with Law. The Company agrees that it will, throughout the term of the IDA Lease Agreement and at its sole cost and expense and subject to the provisions of the IDA Lease Agreement, promptly observe and comply or cause to be observed and complied with, in all material respects, all federal, State and local statutes, codes, laws, acts, ordinances, orders, judgments, decrees, rules, regulations and authorizations, whether foreseen or unforeseen, ordinary or extraordinary, which shall now or at any time hereafter be binding upon or applicable

to the Company, any occupant, user or operator of the Facility or any portion thereof (including without limitation those relating to zoning, land use, environmental protection, air, water and land pollution, toxic wastes, hazardous wastes, solid wastes, wetlands, health, safety, equal opportunity, minimum wages, and employment practices) (the *"Legal Requirements"*). The Company shall not occupy, use or operate the Facility or allow the Facility or any part thereof to be occupied, used or operated for any unlawful purpose or in violation of any certificate of occupancy affecting the Facility or that may constitute a nuisance, public or private, or make void or voidable any insurance then in force with respect thereto. The Company shall indemnify and hold harmless the Indemnified Parties (as defined in this Appendix C under "—Particular Covenants—*Indemnification*") from and against all loss, cost, liability and expense (a) in any manner arising out of or related to any violation of or failure to comply with any Legal Requirement or (b) imposed upon the Company or any of the Indemnified Parties by any Legal Requirement; in case any action or proceeding is brought against any of the Indemnified Parties in respect to any Legal Requirement, the Company shall upon notice from any of the Indemnified Parties defend such action or proceeding.

The Company may contest in good faith the validity, existence or applicability of any of the Legal Requirements if (i) in the Opinion of Counsel, such contest shall suspend the execution or enforcement of any lien against any of the rentals or other amounts payable under the IDA Lease Agreement or the interest of the Company or the Agency under the IDA Lease Agreement, the interest of the Trustee under the Indenture or the interest of the Leasehold Mortgagee under the Leasehold Mortgage or the Company Sublease (and as evidenced by a certificate of an Authorized Representative of the Company) shall not result in the Facility or any material part thereof or interest therein being in any material risk of being sold, forfeited or lost, and shall not materially adversely affect the Company's ability to pay and perform its obligations hereunder or under any other Security Document, and (ii) such contest shall not result in the Agency, the Leasehold Mortgagee or the Trustee being in any danger of any criminal liability for failure to comply therewith.

Damage, Destruction and Condemnation

In the event that at any time during the term of the IDA Lease Agreement the whole or part of the Facility shall be damaged or destroyed, or taken or condemned by a competent authority for any public use or purpose, or by agreement (to which the Company shall consent in writing) between the Agency and those authorized to exercise such right, or if the temporary use of the Facility shall be so taken by condemnation or agreement (a *"Loss Event"*):

(i) the Agency shall have no obligation to rebuild, replace, repair or restore the Facility,

(ii) there shall be no abatement, postponement or reduction in the rent or other amounts payable by the Company under the IDA Lease Agreement, and

(iii) the Company will promptly give written notice of any material Loss Event to the Agency and the Trustee, generally describing the nature and extent thereof.

Upon the occurrence of a Loss Event, insurance proceeds with respect to the Leased Facilities shall be applied as required under the Basic Lease and the Port Authority Lease or the New City/American Lease (if then effective).

If all or substantially all of the Facility shall be taken or condemned, or if the taking or condemnation renders the Facility unsuitable for use by the Company as contemplated under the IDA Lease Agreement, and such taking or condemnation shall not be subject to appeal or further appeal, the Company shall exercise its option to terminate the IDA Lease Agreement pursuant to the terms of the IDA Lease Agreement and cause all Bonds Outstanding to be redeemed pursuant to the Indenture, and the Company shall pay to the Trustee for deposit ratably in each of the Redemption Accounts of the Bond Fund an amount that, when added to the total amount then in all of the Bond Fund and available for that purpose, shall be sufficient to retire and redeem the Bonds in whole at the earliest possible date (including, without limitation, principal and interest to the maturity or redemption date) and to pay the expenses of redemption, the fees and expenses of the Agency, the Bond Registrar, the Trustee and the Paying Agents, together with all other amounts due under the Indenture and under the IDA Lease Agreement, and such amount shall be applied, together with such other available moneys in the Bond Fund, if applicable, to such redemption or retirement of the Bonds on said redemption or maturity date.

The Agency and the Company shall cooperate and consult with each other in all matters pertaining to the settlement, compromising, arbitration or adjustment of any claim or demand on account of any Loss Event, but the settlement, compromising, arbitration or adjustment of any such claim or demand shall be subject to the approval of the Company.

The Company waives the provisions of Section 227 of the New York Real Property Law or any law of like import now or hereafter in effect.

Particular Covenants

Dissolution or Merger of Company; Restrictions on Company. The Company covenants and agrees that at all times during the term of the IDA Lease Agreement, it will (i) maintain its corporate existence, (ii) continue to be a corporation subject to service of process in the State and duly qualified to do business as a foreign corporation in the State, (iii) not liquidate, wind-up or dissolve or otherwise dispose of all or substantially all of its property, business or assets, and (iv) not consolidate with or merge into another corporation. The Company may, however, without violating the foregoing, consolidate with or merge into another corporation, or sell or otherwise transfer all or substantially all of its property, business or assets to another such corporation (and thereafter liquidate, wind-up or dissolve or not, as the Company may elect) if (y) such consolidation, merger, sale or transfer shall not cause the Company to be in default under the terms of the Port Authority Lease, the City Attornment Agreement, the Agreement Towards Entering Into a Lease, the Port Authority Consent, the Leasehold Mortgage, upon the effectiveness thereof, the Equipment Security Agreement, any other Security Agreement or the New City/American Lease (if then effective) and (z) (i) the Company is the surviving, resulting or transferee corporation, as the case may be, or (ii) in the event that the Company is not the surviving, resulting or transferee corporation, as the case may be, such corporation (A) is not a Prohibited Person, (B) is a solvent corporation subject to service of process in the State and

either incorporated in or duly qualified to do business as a foreign corporation in the State, and (C) assumes in writing, by means of an instrument that is delivered to the Agency and the Trustee, all of the obligations of the Company contained in the Port Authority Lease, the City Attornment Agreement, the Agreement Towards Entering Into a Lease, the Port Authority Consent, the New City/American Lease (if then effective) and any leasehold mortgage thereon, the IDA Lease Agreement, the Company Sublease, the Leasehold Mortgage (if then effective), the Equipment Security Agreement, and all other Security Documents to which the Company shall be a party, and in the Opinion of Counsel, such corporation shall be bound by all of the terms applicable to the Company of the IDA Lease Agreement, the Port Authority Lease, the Company Sublease, the Agreement Towards Entering Into a Lease, the Port Authority Consent, the City Attornment Agreement, the New City/American Lease (if then effective) and any leasehold mortgage thereon, the Leasehold Mortgage (if then effective), the Equipment Security Agreement and all other Security Documents to which the predecessor Company corporation shall have been a party and such action does not legally impair the security for the Holders of the Bonds afforded by the Security Documents.

Indemnification. The Company shall at all times protect and hold the Agency, the Trustee, the Bond Registrar and the Paying Agents (collectively, the *"Indemnified Parties"*) harmless of, from and against any and all claims (whether in tort, contract or otherwise), demands, expenses and liabilities for losses, damage, injury and liability of every kind and nature and however caused, including reasonable costs, disbursements and expenses (including reasonable legal fees and expenses) and taxes (of any kind and by whomsoever imposed), other than, with respect to the Agency, losses arising from the gross negligence or willful misconduct of the Agency, or, with respect to any other Indemnified Party, losses arising from the negligence or willful misconduct of such other Indemnified Party, arising upon or about the Facility or resulting from, arising out of, or in any way connected with (i) the financing of the costs of the Facility and the marketing, issuance, sale and remarketing of the Agency's Bonds for such purpose (including all expenses and liability relating to any Internal Revenue Service audit or inquiry with respect to the Bonds), (ii) the planning, design, acquisition, site preparation, construction, renovation, equipping, installation or completion of the Project or any part thereof or the effecting of any work done in or about the Facility, (iii) any defects (whether latent or patent) in the Facility, (iv) any violation of or failure to comply with or requirement to comply with any Legal Requirement (v) the maintenance, repair, replacement, restoration, rebuilding, upkeep, use, occupancy, ownership, leasing, subletting or operation of the Facility or any portion of the Facility, or (vi) the Port Authority Lease, the Agreement Towards Entering Into a Lease, the City Attornment Agreement, the New City/American Lease, if any, the Company Sublease, the IDA Lease Agreement, the Indenture, the Leasehold Mortgage, the Equipment Security Agreement or any other Security Document or other document or instrument delivered in connection with the IDA Lease Agreement or the enforcement of any of the terms or provisions thereof or the transactions contemplated thereby. Such indemnification described above shall be binding upon the Company for any and all claims, demands, expenses, liabilities and taxes set forth in the IDA Lease Agreement and shall survive the termination of the IDA Lease Agreement. No Indemnified Party shall be liable for any damage or injury to the person or property of the Company or its directors, officers, employees, agents or servants or persons under the control or supervision of the Company or any other Person who may be about the Facility, due to any act or negligence of any Person other than for the gross negligence or willful

misconduct of the Agency or the negligence or willful misconduct of any other Indemnified Party.

The Company releases each Indemnified Party from, and agrees that no Indemnified Party shall be liable for, and agrees to indemnify and hold each Indemnified Party harmless against, any expense, loss, damage, injury or liability incurred because of any lawsuit commenced as a result of action taken by such Indemnified Party with respect to any of the matters described in clauses (i) through (vi) of the preceding paragraph or at the direction of the Company with respect to any of such matters described above. An Indemnified Party shall promptly notify the Company in writing of any claim or action brought against such Indemnified Party in which indemnity may be sought against the Company pursuant to the indemnification provisions of the IDA Lease Agreement described herein; such notice shall be given in sufficient time to allow the Company to defend such claim or action. The failure of an Indemnified Party to give such notice in sufficient time shall not constitute a defense hereunder nor in any way impair the obligations of the Company under the indemnification provisions of the IDA Lease Agreement, if (i) any officer or management-employee of the Company shall have actual knowledge of such claim or action, or (ii) any officer or professional staff of such Indemnified Party who shall have responsibility with respect to the handling of such claim or action shall not have actual knowledge thereof; *provided* that if any such officer or professional staff referred to in clause (ii) of this sentence shall have had actual knowledge thereof in reasonably sufficient time to give notice thereof to the Company and shall have failed to do so, and an officer or management-employee of the Company referred to in clause (i) of this sentence shall not have actual knowledge of such claim or action, such failure will reduce the liability of the Company under the indemnification provisions of the IDA Lease Agreement by the amount of actual damages resulting from such failure, but such failure will not otherwise relieve the Company from its obligations under the indemnification provisions of the IDA Lease Agreement. In the event the Company shall have suffered actual damages by reason of a circumstance referred to in the preceding sentence for which the Company's liability to an Indemnified Party is not to be reduced, such Indemnified Party shall (at the sole cost and expense of the Company) take such action to mitigate damages (including seeking to open any default judgment as might exist) as may be reasonably requested by the Company.

In addition to and without limitation of all other representations, warranties and covenants made by the Company under the IDA Lease Agreement, the Company further represents, warrants and covenants therein that the Company has not used Hazardous Materials (as defined below) in acquiring, constructing, renovating, expanding or equipping the Facility in any manner that violates federal, state or local laws, ordinances, rules, regulations, or policies governing the use, storage, treatment, transportation, manufacture, refinement, handling, production or disposal of Hazardous Materials, and other than as disclosed to the Indemnified Parties, the Company has no actual knowledge of the presence or use of any Hazardous Materials on the Leased Facilities in a manner that would violate any such laws, ordinances, rules, regulations or policies. The Company shall comply with and require compliance by all tenants and subtenants of the Leased Facilities, in the generation, manufacture, refining, transport, treatment, storage, handling, disposal, transfer, production or processing of Hazardous Materials, with all applicable federal, state and local laws, ordinances, rules and regulations, whenever and by whomever triggered, and shall obtain and comply with, and require that all tenants and

subtenants of the Leased Facilities obtain and comply with, any and all approvals, registrations or permits required thereunder. The Company shall defend, indemnify, and hold harmless each Indemnified Party from and against any claims, demands, penalties, fines, liabilities, settlements, damages, costs, or expenses of whatever kind or nature, known or unknown, contingent or otherwise, arising out of, or in any way related to, (w) the presence, disposal, release, or threatened release of any Hazardous Materials with respect to the Leased Facilities that are on, from, or affecting the soil, water, vegetation, buildings, personal property, persons, animals, or otherwise; (x) any personal injury (including wrongful death) or property damage (real or personal) arising out of or related to such presence, disposal, release, or threatened release of Hazardous Materials; (y) any lawsuit brought or threatened, settlement reached, or government order relating to such presence, disposal, release, or threatened release of Hazardous Materials, and/or (z) any violation of laws, orders, regulations, requirements or demands of government authorities, which are based upon or in any way related to such presence, disposal, release or threatened release of Hazardous Materials including, without limitation, reasonable attorney and consultant fees and expenses, investigation and laboratory fees, court costs, and litigation expenses. For purposes of this paragraph, *"Hazardous Materials"* includes, without limit, any flammable explosives, radioactive materials, hazardous materials, hazardous wastes, hazardous or toxic substances, or related materials defined in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sections 9601, *et seq.*), the Hazardous Materials Transportation Act, as amended (49 U.S.C. Sections 1801 *et seq.*), the Resources Conservation and Recovery Act, as amended (42 U.S.C. Sections 6901, *et seq.*), and in the regulations adopted and publications promulgated pursuant thereto, or any other federal, state or local environmental law, ordinance, rule, or regulation. The provisions of the IDA Lease Agreement described in this paragraph shall be in addition to any and all other obligations and liabilities the Company may have to any Indemnified Party at common law, and shall survive the termination of the IDA Lease Agreement.

In the event any claim, action, suit or proceeding shall be brought against an Indemnified Party within the protections provided by the Company under the indemnification provisions of the IDA Lease Agreement described herein, the Company shall, promptly after being so requested by such Indemnified Party, at the sole cost and expense of the Company, assume and direct the defense thereof, with counsel reasonably satisfactory to such Indemnified Party (counsel selected by the Company's insurance carrier being deemed to be so acceptable), and in such event the Company shall not be liable to such Indemnified Party for any legal or other expenses incurred by such Indemnified Party in connection with the defense thereof; *provided, however,* that unless and until the Company assumes the defense of any such action at the request of such Indemnified Party, the Indemnified Party shall have the right to conduct the defense of such action at the Company's expense; and *provided, further,* that if an Indemnified Party reasonably concludes that there may be defenses available to it or them that are different from or in addition to the defenses available to the Company (in which case the Company will not have the right to direct the defense of such claim, action, suit or proceeding on behalf of such Indemnified Party), reasonable legal and other expenses incurred by such Indemnified Party will be paid by the Company. If the Company shall not promptly employ counsel to have charge of the defense of any such claim, action, suit or proceeding, reasonable legal and other expenses incurred by such Indemnified Party shall be borne by the Company.

The indemnifications and protections set forth in the indemnification provisions of the IDA Lease Agreement and described herein shall be extended, with respect to each Indemnified Party, to its members, directors, officers, employees, agents and servants and persons under its control or supervision.

The covenants of the Company contained in the indemnification provisions of the IDA Lease Agreement and described herein shall remain in full force and effect after the termination of the IDA Lease Agreement until the later of (i) the expiration of the period stated in the applicable statute of limitations during which a claim or cause of action may be brought and (ii) payment in full or the satisfaction of such claim or cause of action and of all expenses and charges incurred by the Indemnified Party relating to the enforcement of the provisions thereof herein described.

Retention of Interest in the Facility. The Agency shall not sell, assign, encumber (other than pursuant to the Equipment Security Agreement, or the granting clauses of the Indenture), convey or otherwise dispose of its interest in the Facility or any part thereof or interest therein (including its interest in the IDA Lease Agreement, and in the rentals payable under the IDA Lease Agreement and in the Company Sublease) during the term of the IDA Lease Agreement, except as set forth therein, without the prior written consent of the Company, the Trustee and the Leasehold Mortgagee and any purported disposition without such consent shall be void.

The Agency and the Trustee, will, however, at the written direction of the Company and/or the Port Authority and at the written direction of the Company and/or the City during any period, if any, that the New City/American Lease shall be in effect, so long as there exists no Event of Default under the IDA Lease Agreement, grant such rights of way or easements over, across or under the Leased Facilities, or grant such permits or licenses in respect to the use thereof, free from the leasehold estate of the IDA Lease Agreement and the Company Sublease as shall be necessary or convenient for the operation or use of the Facility (or as shall be desirable for the use of another parcel of property at the Airport or for use by the City, the Port Authority or a public utility), *provided* that such leases, rights-of-way, easements, permits or licenses shall not materially adversely affect the use or operation of the Facility and shall not violate the provisions of the Leasehold Mortgage. The Agency and the Trustee agree, at the sole cost and expense of the Company, the Port Authority or the City, as the case may be, to execute and deliver any and all instruments necessary or appropriate to confirm and grant any such right of way or easement or any such permit or license and to release the same from the leasehold estate of the IDA Lease Agreement.

So long as there exists no Event of Default under the IDA Lease Agreement, the Company and/or the Port Authority may, and the Company and/or the City may during any period, if any, that the New City/American Lease shall be in effect, from time to time by written direction to the Agency and the Trustee direct the Agency and the Trustee to release and remove from the IDA Lease Agreement and the leasehold estate created thereby any unimproved part of the Leased Facilities (on which none of the improvements, including the buildings, structures, improvements, related facilities, fixtures or other property comprising the Facility are situated; *provided* the foregoing "improvements" shall not include roadways, runways, parking areas, curbs, gutters, landscaping and utility facilities) on the condition that such release and removal

shall constitute only a Minor Release. Upon any such request by the Company and/or the Port Authority or the Company and/or the City, as the case may be, the Agency and the Trustee shall, at the sole cost and expense of the Company, the Port Authority or the City, as the case may be, execute and deliver any and all instruments necessary or appropriate to so release and remove such portion of the Leased Facilities; *provided*, that no such release shall be effected unless there shall be delivered to the Trustee and the Agency a certificate of an Authorized Representative of the Company stating that (i) the proposed Minor Release will not have a material adverse effect on the use of the remaining Leased Facilities as a passenger terminal facility comparable to the passenger terminal facility immediately prior to such release (such determination to be based upon a report or appraisal of a nationally recognized airport engineering, traffic or consulting firm selected by the Company and acceptable to the Trustee to be appended to such certification of the Company), (ii) there exists no Event of Default under the Security Documents, and (iii) simultaneously with such release, the part of the Leased Facilities which is the subject of such Minor Release shall be eliminated from the Port Authority Lease or the New City/American Lease, as the case may be.

In the event that, pursuant to the Port Authority Lease or the New City/American Lease, any portion of the Leased Facilities is released from the Port Authority Lease or the New City/American Lease, if any, and such release constitutes a Major Release, the Company shall pay as additional rent to the Trustee on behalf of the Agency an amount equal to the Release Price and such Release Price shall be applied by the Trustee to the redemption of Bonds in accordance with the Indenture. See "THE SERIES 2002 BONDS—Redemption Prior to Maturity—*Mandatory Redemption Without Premium Upon the Release of a Portion of the Leased Facilities*."

No conveyance or release effected shall entitle the Company to any abatement or diminution of the rents payable under the IDA Lease Agreement.

Redemption Under Certain Circumstances; Special Covenants. Upon the determination by resolution of the board members of the Agency that the Company is operating all or substantially all of the Facility, or is allowing all or substantially all of the Facility to be operated, other than as a qualified "project" in accordance with the Act (as in effect on the date of original issuance and delivery of the Series 2002 Bonds) and the failure of the Company within 60 days (or such longer period as may be established under the IDA Lease Agreement as described in the proviso to this sentence) of the receipt by the Company of a copy of said resolution, together with written notice of such noncompliance from the Agency to cure such noncompliance (a copy of which notice shall be sent to the Trustee), the Company covenants and agrees that it shall, on the immediately succeeding Interest Payment Date following the termination of such 60 day (or longer) period for which sufficient notice of redemption can be given in accordance with the requirements of the Indenture, pay to the Trustee advance rentals in immediately available funds in an amount sufficient to redeem all Outstanding Bonds in whole at a redemption price equal to 100% of the unpaid principal amount of the Outstanding Bonds, together with interest accrued to the date of redemption and without premium, *provided, however*, that if such noncompliance cannot be cured within such period of 60 days with diligence (and is capable of being cured) and the Company promptly commences the curing of such noncompliance and thereafter prosecutes the curing thereof with diligence and to the

Agency's reasonable satisfaction, such period of time within which the Company may cure such failure shall be extended for such additional period of time as may be necessary to cure the same with diligence and the Agency shall notify the Trustee and the Bondholders of any such extension. The Agency shall give to the Company and the Trustee prior written notice of the meeting at which the members of the Agency are to consider such resolution, which notice shall be no less than 60 days prior to such meeting. See "THE SERIES 2002 BONDS—Redemption Prior to Maturity—*Extraordinary Optional Redemption Without Premium at the Option of the Agency Upon Failure to Operate the Facility as a Qualified Project.*"

The Company shall be conclusively deemed to be operating all or substantially all of the Facility (or causing all or substantially all of the Facility to be operated) as a qualified "project" in accordance with the Act if all or substantially all of the Facility shall be operated for general airport purposes substantially similar in nature to that conducted by the Company or other air carriers at the City's airports and other equivalent airports.

Upon the occurrence of the circumstances requiring a mandatory redemption of any series of Bonds pursuant to the applicable Series Supplemental Indenture, the Company shall pay, or cause the prepayment of, its lease rental obligations upon the circumstances and in the manner set forth in the Indenture or any such Series Supplemental Indenture.

Company's Covenants as to Tax Exemption. To the extent compliance is within the control of the Company, the Company covenants to comply with each requirement of the Code necessary to maintain the exclusion of interest on the Tax-Exempt Bonds (other than interest on Bonds accruing while owned by a "substantial user" or a related person (within the meaning of Section 147 of the Code)) from gross income for federal income tax purposes pursuant to Section 103 of the Code. In furtherance of the foregoing, the Company covenants that it shall not fail to take any action or consent to the failure to take any action which such failure to act or consent would cause the interest on the Tax-Exempt Bonds to be includable in gross income for federal income tax purposes under Section 103 of the Code. In furtherance of the covenant described in the preceding sentence, the Company agrees to comply with the terms, provisions and conditions in the each of the applicable Tax Certificates, including, without limitation, the making of any payments and filings required thereunder.

The Company covenants that it will not take any action or fail to take any action that may be taken by the Company with respect to the Tax-Exempt Bonds that would cause such Tax-Exempt Bonds to be "arbitrage bonds," within the meaning of such term as used in Section 148 of the Code and the regulations promulgated thereunder, as amended from time to time.

The obligation of the Company to make any payments required under the applicable Tax Certificates shall be absolute and unconditional, and the failure of the Agency, the Trustee or any other Person to execute or deliver or cause to be executed or delivered any documents or to take any action required under the IDA Lease Agreement or otherwise shall not relieve the Company of such obligations.

So long as it is necessary in order to maintain the exclusion of interest on the Tax-Exempt Bonds from gross income for federal income tax purposes, the covenants contained in the IDA

Lease Agreement described in the three preceding paragraphs shall survive the discharge and satisfaction of the Tax-Exempt Bonds (in accordance with the Indenture) and the term of the IDA Lease Agreement.

The Company agrees that the covenants, representations, warranties, and statements of expectation contained or incorporated by reference in the IDA Lease Agreement and described in this subheading shall be accurate and true and complied with as of the date on which each series of Tax-Exempt Bonds is issued and at all times thereafter until such series of Tax-Exempt Bonds are fully discharged and no longer accruing interest. The Company further agrees that if such discharge date is earlier than the final stated maturity date of such series of Tax-Exempt Bonds, the Company must continue to comply with the representations, certifications and covenants contained in or incorporated by reference in the IDA Lease Agreement and described in this subheading until such final maturity date unless the Company receives a Favorable Opinion of Bond Counsel.

The Company agrees that except to the extent that such use would not adversely affect the exclusion pursuant to Section 103 of the Code of interest on any Tax-Exempt Bonds from gross income of the owners thereof, no part of the proceeds of any Bonds or any funds held under the Indenture shall at any time be used directly or indirectly for any purpose that would cause any component of the Project to be financed with the proceeds of the Tax-Exempt Bonds (other than components the cost of which was a Nonqualified Cost) to become a facility not within those facilities referred to in Section 142(a)(1) of the Code.

The Company agrees and covenants that no requisition shall be paid from Net Proceeds of the Tax-Exempt Bonds for any Project Cost which is not a Qualified Cost (other than costs of issuance) until the date on which the aggregate Qualified Costs theretofore and thereupon paid equals or exceeds 95% of the total costs of the Project theretofore and thereupon paid from the Net Proceeds of the Tax-Exempt Bonds. After such date, the Company, as agent for the Agency, may pay any requisition that, after payment thereof, results in 95% or more of the remaining Net Proceeds of the Tax-Exempt Bonds theretofore and thereupon requisitioned or transferred being used to pay Qualified Costs, unless the Company receives an opinion of Bond Counsel to the effect that the Company may disregard such covenant without adversely affecting the exclusion from gross income of the interest on the Tax-Exempt Bonds for federal income tax purposes, in which case the Company may pay any such requisition without regard to such covenant. The representations, warranties, covenants and statements of expectation of the Company set forth in each applicable Tax Certificate are incorporated in the IDA Lease Agreement.

Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease. At least five Business Days prior to the execution of any material amendment, supplement or modification to the New City/American Lease, if any, the City Attornment Agreement or the Agreement Towards Entering Into a Lease, the Company shall deliver a copy of same in substantially final form to each of the Agency and the Trustee. The Company further covenants that it shall not (i) terminate, (ii) surrender, or (iii) materially amend the City Attornment Agreement, or the Agreement Towards Entering Into a Lease without the Trustee's prior written consent.

The Company shall not modify, amend, supplement or extend Section 92 or any analogous provision of the New City/American Lease, nor shall the Company enter into any amendment of the Port Authority Lease or the New City/American Lease which shall only affect a Qualifying Replacement Tenant under the Port Authority Lease or successor lessee under the New City/American Lease and shall not affect the originally named Company, without the prior consent of the Trustee in each case.

The Company shall not enter into any termination agreement with respect to the Port Authority Lease or the New City/American Lease (if then effective), nor surrender or abandon its interest in the Leased Facilities under the Port Authority Lease or the New City/American Lease other than as contemplated by the IDA Lease Agreement and described herein. The foregoing provision shall not in any way limit or modify the Company's obligations under the Port Authority Lease.

The Company shall use commercially reasonable good faith efforts to obtain the certificate of the Port Authority certifying that there has been substantial completion of the Redevelopment Work.

Upon the execution, delivery and recording of any mortgage of the Company's leasehold interest in the New City/American Lease, the Company shall pay any Mortgage Recording Tax due with respect to the recording thereof.

The Company covenants that (i) on or before the date it delivers to the Trustee the executed Leasehold Mortgage in accordance with the provisions of the IDA Lease Agreement described in the third succeeding paragraph, it shall pay to the Trustee for deposit into the Foreclosure Payment Account of the Mortgage Reserve Fund an amount equal to the Foreclosure Payment Account Requirement and (ii) it will replenish any deficiencies in the Foreclosure Payment Account based upon the valuation of the assets thereof in accordance with the Indenture.

In the event the Basic Lease has not been extended for a term at least equal to the final maturity date of the Bonds, the Company shall, beginning at such time as it reasonably deems appropriate, use commercially reasonable good faith efforts to obtain and execute, not later than 30 days prior to the expiration date of the Basic Lease, the New City/American Lease and the mortgage described in the third immediately succeeding paragraph. Simultaneously with the execution of the New City/American Lease, the Company and the Agency shall, to the extent necessary to preserve the Agency's leasehold interest in the Leased Facilities, execute and deliver an amended and restated Company Sublease to provide for the sublease of the Leased Facilities under the New City/American Lease from the Company to the Agency and, if necessary, an amended and restated IDA Lease Agreement to provide for the sublease of the Lease Facilities from the Agency to the Company.

The Company and the Agency each covenants and agrees that it shall comply with the Section 92(d) Provisions in connection with the recordation of the Leasehold Mortgage. In the event that any recordation of the Leasehold Mortgage shall constitute a Wrongful Recording of the Leasehold Mortgage, the Company expressly covenants, represents and agrees that it shall

cooperate with the Port Authority and the Trustee, and shall promptly take or cause to be taken any and all actions requested by the Port Authority or the Trustee or required under applicable law, to remove and discharge the Leasehold Mortgage and any lien created by such Wrongful Recording of the Leasehold Mortgage, including but not limited to the execution and filing of all appropriate instruments related thereto. Notwithstanding the foregoing, any failure of the Company to comply with the Section 92(d) Provisions or any Wrongful Recording of the Leasehold Mortgage shall not constitute a breach of the IDA Lease Agreement in the event such failure or Wrongful Recording of the Leasehold Mortgage is cured as provided in the IDA Lease Agreement and described in this paragraph or, in the case of a Wrongful Recording of the Leasehold Mortgage, such Wrongful Recording of the Leasehold Mortgage is waived in writing by the Port Authority. After the Redevelopment Work has been completed, the Company shall take such actions as are necessary to satisfy the conditions set forth in subsections (i) and (v) of Section(d)(1) of Section 92 as described herein in clauses (a) and (e) of the first paragraph under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Leasehold Mortgage and Reletting—*Reletting Rights Effective Date Conditions*," and the Company shall take the action contemplated to be taken by it under subsections (i), (ii) and (v) of Section (d)(3) of Section 92 as described herein in the fifth paragraph under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Leasehold Mortgage and Reletting Rights—*Reletting Rights Effective Date Conditions*."

The Company covenants and agrees that it shall, in accordance with the Section 92(d) Provisions, execute the Leasehold Mortgage and deliver two execution copies of the same to the Trustee no later than 21 Business Days after the Reletting Rights Effective Date. Simultaneously with such delivery, the Company shall deliver to the Trustee an Opinion of Counsel reasonably satisfactory to the Trustee and the Agency as to the validity and enforceability of the Leasehold Mortgage and the Company shall direct the Trustee to record the Leasehold Mortgage in the appropriate recording office of the City. Prior to the delivery of the Leasehold Mortgage to the Trustee for recording, the Company shall present the Leasehold Mortgage to the Agency for execution by the Agency and upon the request of the Company, the Agency shall execute the same. Simultaneously with such execution, the Agency shall deliver an opinion of the Vice President for Legal Affairs of the Agency in form reasonably satisfactory to the Trustee and the Company as to the validity and enforceability of the obligations of the Agency under the Leasehold Mortgage.

In the event the Basic Lease shall have expired and the Company occupies the Leased Facilities under the New City/American Lease, the Company shall use commercially reasonable good faith efforts to negotiate, execute and deliver to the Leasehold Mortgagee, not later than 30 days prior to the expiration date of the Basic Lease, a leasehold mortgage of the Company's leasehold interest under the New City/American Lease having substantially similar terms and provisions as the Leasehold Mortgage; *provided, however*, that if the Company, using such efforts, can obtain from the City only the right to grant to the Leasehold Mortgagee a leasehold mortgage that is substantially similar to comparable leasehold mortgages then permitted by the City to be granted by one or more similarly situated air carriers on leasehold interests in property at the Airport, the Company shall be deemed to have satisfied such obligation if it shall execute and deliver such a leasehold mortgage to the Leasehold Mortgagee.

The Company covenants that it will construct at the Premises not less than 55 aircraft loading and unloading gate positions of which at least 35 are to accommodate widebody aircraft and of which at least two are to accommodate narrowbody aircraft, or such other number of aircraft gate positions as shall have been approved in writing by the Director of the Port Authority's Aviation Department as being the number of aircraft gate positions as shall satisfy the requirement of item (i) in the definition of "Required Conditions" set forth herein in the first paragraph under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Conditions to Execution, Delivery and Recording of the Leasehold Mortgage.*"

Events of Default; Remedies

Events of Default. Any one or more of the following events shall constitute an "Event of Default" under the IDA Lease Agreement:

(a) Failure of the Company to make any rental payment that has become due and payable by the terms of the IDA Lease Agreement which results in an Event of Default under the Indenture;

(b) Failure of the Company to observe and perform any covenant, condition or agreement on its part to be performed (except as described in the preceding paragraph) as described in this Appendix C under "—Issuance of Bonds and Additional Bonds; Lease of Facility and Rental Provisions—*Lease of the Facility*" (the last sentence thereof) and the fifth paragraph under "—*Rental Provisions*," the last paragraph of "—Maintenance, Taxes and Insurance—*Maintenance, Alterations and Improvements*," "—*Payment of Impositions*," "—*Compliance with Law*," the third paragraph under "—Damage, Destruction and Condemnation," "—Particular Covenants—*Dissolution or Merger of Company; Restrictions on Company*," and "—*Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease*" (except as described in clause (i) of the fifth paragraph thereof) and in the provisions of the IDA Lease Agreement with respect to the discharge of liens and assignment or sublease (with respect to an assignment or transfer of the IDA Lease Agreement) of the IDA Lease Agreement and (1) continuance of such failure for a period of 60 days after receipt by the Company of written notice specifying the nature of such default from the Agency, the Trustee or the Holders of more than 25% in aggregate principal amount of the Bonds Outstanding, or (2) if by reason of the nature of such default the same can be remedied, but not within the said 60 days, the Company fails to proceed with reasonable diligence after receipt of said notice to cure the same or fails to continue with reasonable diligence its efforts to cure the same and the same shall not be cured within 360 days;

(c) Certain representations or warranties made by the Company in the IDA Lease Agreement shall prove to be false, misleading or incorrect in any material respect as of the date made, and, if the damage caused by such false, misleading or incorrect representation or warranty is capable of being remedied, the failure of the Company for 360 days after receipt by the Company of written notice specifying such false, misleading or incorrect representation or warranty from the Agency, the Trustee or the Holders of

more than 25% in aggregate principal amount of the Bonds Outstanding, to remedy such damage;

(d) An Event of Default under the Indenture shall occur and be continuing that shall result in the acceleration of the principal of any Outstanding Bonds; or

(e) Failure of the Company to fully fund the Foreclosure Payment Account in an amount equal to the Foreclosure Payment Account Requirement as required in the IDA Lease Agreement and described in this Appendix C in the fifth paragraph under "—Particular Covenants—*Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease*."

Remedies on Default. Whenever any Event of Default shall have occurred and be continuing under the IDA Lease Agreement, the Agency, or the Trustee where so provided, may take any one or more of the following remedial steps:

(a) The Trustee, as and to the extent provided in the Indenture, may cause all principal installments of rent payable under the IDA Lease Agreement for the remainder of the term of the IDA Lease Agreement to be immediately due and payable, whereupon the same, together with the accrued interest thereon to the date of such acceleration, shall become immediately due and payable; *provided, however,* that upon the occurrence of an Event of Default under the Indenture due to the occurrence of an Act of Bankruptcy, all principal installments of rent payable under the IDA Lease Agreement for the remainder of the term of the IDA Lease Agreement, together with the accrued interest thereon to the date of such acceleration, shall immediately become due and payable without any declaration, notice or other action of the Agency, the Trustee, the Holders of the Bonds or any other Person being a condition to such acceleration;

(b) Solely in conjunction with the exercise by the Trustee as mortgagee of its rights and remedies under the Leasehold Mortgage, the Trustee, or the Agency, with the prior written consent of the Trustee, may, subject to compliance with the provisions of the IDA Lease Agreement pertaining to assignment or sublease and without terminating the IDA Lease Agreement, re-let or sublease the Facility to a Qualifying Replacement Tenant Lessee for the account of the Company, holding the Company liable for the difference in the rent and other amounts payable by the sublessee in such subletting, and the rents and other amounts payable by the Company under the IDA Lease Agreement;

(c) The Agency, with the prior written consent of the Trustee, or the Trustee, may terminate the IDA Lease Agreement, and all of the estate, right, title and interest therein granted or vested in the Company shall cease and terminate. No such termination of the IDA Lease Agreement shall relieve the Company of its liability and obligations under the IDA Lease Agreement and such liability and obligations shall survive any such termination; and

(d) The Trustee may take whatever action at law or in equity (subject to the limitations set forth in the Indenture and described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Events of Default; Remedies of Bondholders—*Limitation of Remedies*") as may appear necessary or desirable to collect the rent then due and thereafter to become due, or to enforce performance or observance of any obligations, agreements or covenants of the Company under the IDA Lease Agreement the enforcement of which shall not have been expressly reserved only to the Agency.

The Agency, without the consent of the Trustee or any Bondholder, may proceed to enforce the Agency's Reserved Rights by an action for damages, injunction or specific performance, by requiring the surrender by the Company to the Agency of the Sales Tax Letter for suspension or cancellation and/or termination.

In the event that the Company fails to make any rental payment required by the IDA Lease Agreement, the installment so in default shall continue as an obligation of the Company with interest thereon at the rate or rates borne by the Bonds until the amount in default shall have been fully paid.

No action taken pursuant to any remedy described under this subheading shall, except as expressly provided in the IDA Lease Agreement, relieve the Company from its obligations under the IDA Lease Agreement, all of which shall survive any such action.

Remedies Cumulative. IDA Lease Agreement shall be cumulative and shall not exclude any other rights and remedies of the Agency or the Trustee allowed by law with respect to any default under the IDA Lease Agreement. Failure by the Agency or the Trustee to insist upon the strict performance of any of the covenants and agreements therein set forth or to exercise any rights or remedies upon default by the Company thereunder shall not be considered or taken as a waiver or relinquishment for the future of the right to insist upon and to enforce by mandatory injunction, specific performance or other appropriate legal remedy a strict compliance by the Company with all of the covenants and conditions thereof, or of the rights to exercise any such rights or remedies.

Limitation on Remedies Upon an Event of Default. The exercise of remedies under the IDA Lease Agreement by the Agency, the Trustee or the Holders of Bonds with respect to an Event of Default thereunder shall be subject to the provisions of the Indenture described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Events of Default; Remedies of Bondholders—*Limitation of Remedies.*"

Non-Default Remedies. Notwithstanding any provision of the IDA Lease Agreement to the contrary, the Agency, or the Trustee on behalf of the Agency, shall have the right to enforce any covenant or obligation of the IDA Lease Agreement the breach of which would not constitute an Event of Default thereunder by any action for damages, injunction or specific performance and any such action shall be limited by and subject to the provisions of the Indenture described herein under APPENDIX D—"SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE—Events of Default; Remedies of Bondholders—*Limitation of Remedies.*"

Options

Removal, Sale and Substitution of Facility Equipment Constituting Financed Property. The Company may, *provided* that there shall not exist and be continuing an Event of Default under the IDA Lease Agreement, remove any unit of Facility Equipment constituting Financed Property, not subject to the Port Authority Lease, the Basic Lease or the New City/American Lease, as the case may be, whether obsolete or not; *provided, however,* that the Company shall promptly replace any such Facility Equipment so removed with equipment of the same or a different kind but that is of at least equal value and capable of performing the same function as efficiently as the Facility Equipment so removed, *provided further* that such replacement equipment is free of all mortgages, liens, charges, encumbrances, claims and security interests other than Permitted Encumbrances and the replacement equipment shall be deemed Facility Equipment covered by the IDA Lease Agreement and the Equipment Security Agreement. Prior to any such replacement by the Company, (i) the Company shall deliver to the Agency a certificate by an Authorized Representative of the Company setting forth a complete description, including make, model and serial numbers, if any, of such Facility Equipment to be replaced and such Facility Equipment to be substituted, and the cost of each; (ii) the Company shall deliver or cause to be delivered to the Agency and the Trustee appropriate documents conveying to the Agency title to any such replacement equipment and subjecting such replacement equipment to the IDA Lease Agreement; and (iii) the Company and the Agency shall deliver or cause to be delivered to the Trustee appropriate documents subjecting such replacement equipment to the lien and security interest of the Leasehold Mortgage and the Equipment Security Agreement. Any Facility Equipment constituting Financed Property removed by the Company pursuant to the IDA Lease Agreement as described in this paragraph shall become the absolute property of the Company and may be sold or otherwise disposed of by the Company without accounting to the Agency with respect thereto. The Company agrees to pay all costs and expenses (including reasonable counsel fees and disbursements) incurred in subjecting to the IDA Lease Agreement and the lien and security interest of the Leasehold Mortgage or Equipment Security Agreement of any property installed or placed on the Premises as part of the Facility pursuant to the IDA Lease Agreement.

The Company shall have the right, (i) *provided* that there shall not exist and be continuing an Event of Default under the IDA Lease Agreement, and (ii) *provided* that any such sale shall not adversely affect operations at the Leased Facility, to compel the sale of any unit of Facility Equipment constituting Financed Property for any reason (whether during the term of the IDA Lease Agreement or at the expiration thereof). The Company shall give notice of its election to have such Facility Equipment sold by delivering to the Agency a certificate signed by a representative of the Company (i) stating the Company's desire to have such Facility Equipment sold and that removal of such Facility Equipment will not adversely affect operations at the Leased Facility, (ii) containing a complete description, including the make, model and serial number, if any, of any Facility Equipment to be sold and (iii) setting forth the original cost of such unit of Facility Equipment.

Provided that there shall not exist and be continuing an Event of Default under the IDA Lease Agreement, the Company shall have the right (the *"Right of First Refusal"*) to purchase any unit of Facility Equipment constituting Financed Property to be sold, subject to the

procedures set forth in the IDA Lease Agreement. The Right of First Refusal must be exercised by written notice to the Agency. If the Right of First Refusal is exercised, then, subject to the provisions set forth in the IDA Lease Agreement, the Agency shall convey to the Company, and the Company shall purchase from the Agency, the Agency's interest in the unit of Facility Equipment.

Upon the sale of any unit of Facility Equipment constituting Financed Property described in the third preceding paragraph: (i) the Agency shall convey the unit of Facility Equipment without representation or warranty, other than that such unit of Facility Equipment is free and clear of all liens created solely by the Agency, by a duly executed and acknowledged bill of sale of such Facility Equipment, (ii) upon the date fixed for any purchase of the Agency's interest in such unit of Facility Equipment, the purchaser shall pay to the Trustee the fair market value of such equipment as determined by the Company pursuant to a certificate of the Company, by wire transfer of immediately available funds, (iii) in the event any such purchase occurs within three years of the acquisition of such Facility Equipment by the Agency and such acquisition was exempt from the payment of Sales and Use Taxes by virtue of the Sales Tax Letter, the Company shall pay to the Agency an amount equal to the Sales Tax Savings granted with respect to the acquisition of such Facility Equipment, (iv) the Agency shall execute and deliver to the purchaser, at the purchaser's expense, such other documents as the purchaser may request in order to effect such conveyances as are customary in similar transfers, and (v) the Trustee shall deposit the proceeds of the sale in any Redemption Account(s) of the Bond Fund (as specified by the Company) to be applied to the prepayment of Bonds then Outstanding. In the event that the application of such proceeds of the sale to the payment of the Bonds as described in clause (v) above would adversely affect the exclusion pursuant to Section 103 of the Code of interest on any Tax-Exempt Bonds from the gross income of the owners thereof for federal income tax purposes, the Company shall have the option to cause the sale of such unit of Facility Equipment (regardless of its exercise of the Right of First Refusal) and to exercise its Right of First Refusal without having the proceeds of the sale applied to the payment of the Bonds. Upon the sale of such Facility Equipment, the Company shall no longer have any obligation to the Agency with regard to such Facility Equipment under the IDA Lease Agreement.

No such removal or replacement shall be effected if (w) such removal or replacement would change the nature of the Facility as a qualified "project" as defined in and as contemplated by the Act, or change the nature of the Financed Property so that it would cease to be an exempt "airport facility" within the meaning of Section 142(a)(1) of the Code, (x) such removal or replacement would cause the Company to be in breach or default of the Port Authority Lease, the Agreement Towards Entering Into a Lease or the New City/American Lease (if then effective), (y) such removal or replacement would impair the usefulness, structural integrity or operating efficiency of the Facility or (z) there shall exist and be continuing an Event of Default.

The Company shall not, without the prior written consent of the Agency, and except as permitted under the IDA Lease Agreement, remove any Financed Property from the Facility.

The removal from the Facility of any Facility Equipment pursuant to the IDA Lease Agreement shall not entitle the Company to any abatement or reduction in the rentals or other amounts payable by the Company under the IDA Lease Agreement.

Option to Purchase or Invite Tenders of Bonds. The Company shall have the option, at any time during the term of the IDA Lease Agreement, to purchase Bonds for its own account, whether by direct negotiation, through a broker or dealer, or by making a tender offer to the Holders thereof. In the event the Company or any Affiliate shall hold a majority in aggregate principal amount of the Bonds Outstanding for a period in excess of 180 days and the Company shall have not delivered to the Agency and the Trustee either (i) a certificate of an Authorized Representative of the Company that the reason for such holding is an inability to effect the remarketing of such Bonds at a reasonable price and that upon a return of favorable market conditions the Company intends to remarket such Bonds, or (ii) an opinion of Bond Counsel to the effect that such holding of Bonds by the Company (y) will not permanently cause the interest on the Bonds to become includable in gross income for federal income tax purposes, nor (z) adversely affect the validity of the Bonds, then the Company shall cause all such Bonds so held to be delivered to the Trustee for cancellation. The Agency shall at all times make available or cause to be made available to the Company its registration books (maintained at the principal corporate trust office of the Trustee) containing the names and addresses of the Bondholders if known.

Right to Prepay Rentals. With respect to each series of Bonds, the Company shall have the option to make prepayments of rent under the IDA Lease Agreement. Any such prepayment shall be deposited in the applicable Redemption Account of the Bond Fund (as specified by the Company) to effect the defeasance of the lien of the Indenture with respect to such series in whole or the redemption in whole or in part of such series of Bonds, all in accordance with the terms of the Indenture; *provided, however,* that no optional partial redemption of Bonds may be effected through advance rental payments under the IDA Lease Agreement if there shall exist and be continuing an Event of Default with respect to the Bonds. The Company shall exercise its option to make such advance rental payments by delivering a written notice of an Authorized Representative of the Company to the Trustee in accordance with the Indenture, with a copy to the Agency, setting forth (i) the amount of the advance rental payment, (ii) the principal amount and series of Bonds Outstanding requested to be redeemed with such advance rental payment (which principal amount shall be in such minimum amount or integral multiple of such amount as shall be permitted in the Indenture), (iii) in the case of any partial redemption, the maturities of principal amounts of Bonds of such series and maturities to be redeemed, and (iv) the date on which such principal amount of Bonds are to be redeemed, which date shall not be sooner than 40 days from the date of such Company notice. Such advance rental payment shall be paid to the Trustee in immediately available funds on or before the redemption date and shall be in an amount that, when added to the amount on deposit in the Bond Fund and available therefor, will be sufficient to pay the redemption price of the Bonds to be redeemed, together with interest to accrue to the date of redemption and all expenses of the Agency (in the event of a redemption in whole or defeasance of the lien of the Indenture), the Bond Registrar, the Trustee and the Paying Agents in connection with such redemption. In the event all the Bonds are to be redeemed in whole or otherwise retired, the Company shall further pay on or before such redemption date, in legal tender, to the Agency, the Trustee, the Bond Registrar and the Paying Agents, as the case may be, all fees and expenses owed such party or any other party entitled thereto under the IDA Lease Agreement or the Indenture together with all other amounts due and payable under the IDA Lease Agreement and the other Security Documents.

Force Majeure. In case by reason of force majeure either party to the IDA Lease Agreement shall be rendered unable wholly or in part to carry out its obligations under the IDA Lease Agreement, then except as otherwise expressly provided in the IDA Lease Agreement, if such party shall give notice and full particulars of such force majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied on, the obligations of the party giving such notice (other than the obligations of the Company to make the rental payments or other payments required under the IDA Lease Agreement, or to comply with the sections described under "—Maintenance, Taxes and Insurance—*Insurance*," "—Particular Covenants—*Indemnification*," "—Particular Covenants—*Company's Covenants as to Tax Exemption*" and "—Particular Covenants—*Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease*," and the sections of the IDA Lease Agreement regarding compensation and expenses, filings, discharge of liens and non-recourse to the officers and directors of the Agency), so far as they are affected by such force majeure, shall be suspended during the continuance of the inability then claimed which shall include a reasonable time for the removal of the effect thereof, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch. The term "force majeure", as employed herein, shall mean acts of God, terrorism, strikes, lockouts or other industrial disturbances, acts of the public enemy, orders of any kind of the government of the United States or of the State or any civil or military authority, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, hurricanes, storms, floods, washouts, droughts, arrest, restraining of government and people, civil disturbances, explosions, partial or entire failure of utilities, shortages of labor, material, supplies or transportation, or any other similar or different cause not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of existing or impending strikes, lockouts or other industrial disturbances shall be entirely within the discretion of the party having the difficulty and that the above requirements that any force majeure shall be reasonably beyond the control of the party and shall be remedied with all reasonable dispatch shall be deemed to be fulfilled even though such existing or impending strikes, lockouts and other industrial disturbances may not be settled but could have been settled by acceding to the demands of the opposing person or persons.

Termination of the Agreement. After full payment of the Bonds or provision for the payment in full thereof having been made in accordance with the Master Indenture, the Company shall terminate the IDA Lease Agreement by paying the fees and expenses of the Agency, the Trustee, the Bond Registrar and the Paying Agents and all other amounts due and payable under the IDA Lease Agreement and the other Security Documents, together with any amounts required to be rebated to the federal government pursuant to the Indenture or each of the applicable Tax Certificates and by giving the Agency notice in writing of such termination and thereupon such termination shall forthwith become effective, subject, however, to the survival of certain obligations of the Company under the IDA Lease Agreement.

Assignment or Sublease. (a) The Company shall not sublet nor permit to be sublet all or substantially all of the Facility, without the prior written consent of the Agency (which consent shall not be unreasonably withheld or delayed). No consent of the Agency shall be required for any subletting by the Company of less than all or substantially all of the Facility.

(b) No consent of the Agency shall be required for any assignment or transfer of the IDA Lease Agreement pursuant to the provisions of the IDA Lease Agreement described in this Appendix C under "—Particular Covenants—*Dissolution or Merger of Company; Restrictions on Company*."

(c) Any assignment or transfer of the IDA Lease Agreement (other than as described in clause (b) above) shall require the prior written consent of the Agency, which consent shall not be unreasonably withheld or delayed.

(d) With respect to any subletting in whole or in part of the Facility, the Company shall nevertheless remain liable to the Agency for the payment of all rent and for the full performance of all of the terms, covenants and conditions of the IDA Lease Agreement and of the Leasehold Mortgage or any other Security Document to which it shall be a party.

(e) With respect to any assignment or transfer of the IDA Lease Agreement for which no consent of the Agency shall be required as above described, or for which consent of the Agency shall be both required and have been given, such assignee or transferee of the Company shall assume in writing and agree to keep and perform all of the terms of the IDA Lease Agreement on the part of the Company to be kept and performed from the date of original execution and delivery of the IDA Lease Agreement.

(f) In addition to the conditions described above for any assignment or transfer of the IDA Lease Agreement (other than an assignment or transfer pursuant to the provisions of the IDA Lease Agreement described herein under "—Particular Covenants—*Dissolution or Merger of Company; Restrictions on Company*"), or any subletting in whole or in part of the Facility, the following conditions, as applicable, shall also apply:

(i) any sublessee in whole of the Facility and any assignee or transferee of the IDA Lease Agreement shall in each case be subject to service of process in the State, and, if a corporation, shall be qualified to do business in the State,

(ii) in the case of any assignment or transfer, there shall be delivered to the Agency and the Trustee (y) a Favorable Opinion of Bond Counsel and (z) an Opinion of Counsel to the assignee or transferee of the IDA Lease Agreement to the effect that such Person has duly and validly assumed all obligations of the Company under the IDA Lease Agreement and that such assumption constitutes the valid and binding obligation of such Person enforceable against such Person in accordance with its terms,

(iii) in the case of any Sublease in whole of the Facility, there shall be delivered to the Agency and the Trustee (y) an Opinion of Counsel to the Company to the effect that the IDA Lease Agreement continues in full force and effect as the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, and (z) a Favorable Opinion of Bond Counsel,

(iv) any assignee, transferee or sublessee shall agree to use the Facility as a qualified "project" within the meaning of the Act,

(v) any assignment, transfer or sublease shall not violate any provision of the Basic Lease, the Port Authority Lease, the Company Sublease, the Port Authority Consent, the Agreement Towards Entering Into a Lease, the City Attornment Agreement, the New City/American Lease (if then effective), the IDA Lease Agreement, the Leasehold Mortgage or any other Security Document,

(vi) in the case of any sublease, such sublease shall in no way diminish or impair the Company's obligation to carry the insurance required under the IDA Lease Agreement and described in this Appendix C under "—Maintenance, Taxes and Insurance—*Insurance*,"

(vii) in the case of any assignment, transfer or sublease in whole or substantially in whole, there shall have been delivered to the Trustee written evidence from each Rating Agency by which the Bonds are then rated to the effect that such action will not result in the reduction or withdrawal of the then applicable rating(s) on the Bonds, and

(viii) at least ten Business Days prior to the execution of any proposed assignment, transfer or sublease, the Company shall furnish to the Agency a substantially final draft of same, and, after execution thereof, shall then furnish a copy of such executed document.

Any consent by the Agency to any act of assignment, transfer or sublease shall be held to apply only to the specific transaction thereby authorized. Such consent shall not be construed as a waiver of the duty of the Company, or the successors or assigns of the Company, to obtain from the Agency, to the extent required under the IDA Lease Agreement, consent to any other or subsequent assignment, transfer or sublease, or as modifying or limiting the rights of the Agency under such covenant by the Company set forth in the IDA Lease Agreement.

Notwithstanding any assignment or transfer of the IDA Lease Agreement (other than an assignment or transfer of the IDA Lease Agreement by operation of, and effected in accordance with the requirements of, the provisions of the IDA Lease Agreement described in this Appendix C under "—Particular Covenants—*Dissolution or Merger of Company; Restrictions on Company*"), the Company shall not be released from its obligations to make rental payments pursuant to the IDA Lease Agreement described in this Appendix C under "—Issuance of Bonds and Additional Bonds, Lease of Facility and Rental Provisions—*Rental Provisions*" unless 100% of the Holders of Outstanding Bonds shall have consented to such release.

Benefit of and Enforcement by Trustee. The Agency and the Company agree that the IDA Lease Agreement is executed in part to induce the purchase by others of the Bonds and for the further securing of the Bonds, and accordingly all covenants and agreements on the part of the Agency and the Company (except to the extent of any of the Agency's Reserved Rights that are stated in the Indenture to be enforceable only by the Agency) as set forth in the IDA Lease Agreement are declared to be for the benefit of the Holders from time to time of the Bonds and may be enforced as provided in the Indenture on behalf of the Bondholders by the Trustee.

No Recourse under the IDA Lease Agreement or on Bonds. All covenants, stipulations, promises, agreements and obligations of the Agency contained in the IDA Lease Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency, and not of any member, director, officer, employee or agent of the Agency in his or her individual capacity, and no recourse shall be had for the payment of the principal or purchase price of, or Sinking Fund Installments, redemption premium, if any, or interest on, the Bonds or for any claim based thereon against any member, director, officer, employee or agent of the Agency or any natural person executing the Bonds.

APPENDIX D

SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE

The following is a brief summary of certain provisions of the Indenture and does not purport to be comprehensive or complete. Reference is made to the Indenture for full and complete provisions.

Authorization and Issuance of Bonds

Authorized Amount of Bonds; Pledge Effected by the Master Indenture. The Bonds will be issued in multiple series as provided in the Indenture. No Bond of any series may be authenticated and delivered under the Indenture except in accordance with the terms of the Indenture. Except as provided in the Indenture, the total aggregate principal amount of Bonds of any series that may be authenticated and delivered under the Indenture is limited to $2.3 billion.

The proceeds of the Bonds deposited in the Project Fund and certain of the lease rentals, receipts and revenues payable by the Company under the IDA Lease Agreement, including moneys which are required to be set apart, transferred and pledged to the Bond Fund, to the Lease Payments Fund or to certain special funds (including the investments, if any, thereof) (subject to disbursements from such Funds in accordance with the provisions of the Indenture, and when so disbursed, such amounts shall be released automatically from the lien and security interest of the Indenture) are pledged by the Indenture for the payment of the principal, redemption price, if applicable, Sinking Fund Installments, if applicable, purchase price of, and interest on the Bonds. Amounts on deposit in any Account held in the Debt Service Reserve Fund with respect to a series of Bonds are pledged solely to secure the payment of the principal of and interest on the Bonds of such series. Amounts in the Rebate Fund (including amounts on deposit therein) shall not be subject to any assignment, pledge, lien or security interest in favor of the Trustee or any Bondholder or any other Person.

Except as may otherwise be expressly provided in the Indenture, each series of Bonds shall be entitled to the benefit of the continuing pledge and lien created by the Indenture to secure the full and final payment of the principal, redemption price, if applicable, Sinking Fund Installments, if applicable, purchase price of, and the interest thereon. Each series of Bonds issued under the Indenture shall be secured by the Guaranties and the obligations of the Company and AMR under their respective Guaranties will be secured by the Leasehold Mortgage; but, as provided in Section 92, the Port Authority Consent and the Leasehold Mortgage shall not attach, the Leasehold Mortgagee shall have no rights under the Leasehold Mortgage, the Leasehold Mortgage shall not be dated, executed, delivered or recorded and the Reletting Rights shall not be exercisable until the Reletting Rights Effective Date. Each series of Bonds issued under the Indenture shall be special obligations of the Agency, secured and payable (except to the extent payable out of proceeds from the sale of such series of Bonds or the income from the temporary investments thereof) by the Agency solely out of the revenues or other receipts, funds or moneys pledged therefor pursuant to the Indenture and from any amounts otherwise available under the Indenture for the payment of such Bonds, from amounts payable under the Guaranties, from amounts payable under the Equipment Security Agreement and from

amounts payable to the Trustee as Leasehold Mortgagee under the Leasehold Mortgage. The Bonds shall be additionally secured by a pledge and assignment of the Agency's right, title and interest in and to the IDA Lease Agreement (excluding the Agency's Reserved Rights) and, except for the Equipment Security Agreement, shall not be secured by any other lien on or security interest or other possessory interest in the Facility or by any leasehold interest of the Port Authority, the Company or the Agency or any fee or leasehold interest of the City in the Facility. In the event the Company shall fail to make any payment under the IDA Lease Agreement or shall otherwise default under the IDA Lease Agreement, and, as a result thereof, the principal of the Bonds is declared or becomes due and payable, none of the Agency, the Trustee (except as mortgagee under the Leasehold Mortgage and except as secured party under the Equipment Security Agreement), or any Holder of any of the Bonds shall have any rights or remedies with respect to the Facility or the leasehold interest of the Port Authority, the Agency or the Company or any fee or leasehold interest of the City but shall only have the rights under the IDA Lease Agreement (exclusive of Possessory Rights and Remedies and subject to the provisions of the Indenture described below under "—Events of Default; Remedies of Bondholders—*Limitation of Remedies*"), including the right to enforce against the Company the obligation of the Company to pay lease rental payments sufficient to enable the Agency to pay the principal, redemption price, if applicable, Sinking Fund Installments, if applicable, purchase price of, and interest on the Bonds and the right under the Indenture to realize upon any of the Funds. Except as set forth in Section 92 and any corresponding provision of the New City/American Lease, neither the Port Authority nor the City shall have any obligation whatsoever with respect to the Bonds. All covenants, stipulations, promises, agreements and obligations of the Agency contained in the Indenture shall be deemed to be covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, officer, director, employee or agent thereof in his individual capacity, and no resort shall be had for the payment of the principal of, purchase price, redemption price and Sinking Fund Installments, if any, of and interest on the Bonds or for any claim based thereon or under the Indenture against any such member, officer, director, employee or agent or against any natural person executing the Bonds.

The Bonds shall never constitute a debt of the State nor the City, and neither the State nor the City shall be liable thereon, nor shall the Bonds be payable out of any funds of the Agency other than those pledged therefor.

Any payments paid to the Trustee by the Company are deemed paid by the Agency and any payments made to the Company by the Trustee are deemed paid by the Trustee to the Agency and by the Agency to the Company.

Supplemental Indentures. Each series of Bonds issued under the Indenture shall be issued pursuant to an applicable Series Supplemental Indenture authorizing the issuance of such series of Bonds. Each Series Supplemental Indenture shall specify the following:

(1) The authorized principal amount of such series of Bonds.

(2) The purpose or purposes for which such series of Bonds is being issued, which shall be limited to the purpose of payment or reimbursement of Project Costs.

(3) The dated date or dates, the maturity date or dates and principal amounts of each maturity of the Bonds of such series, the amount and date of each Sinking Fund Installment, if any, and the Record Date or Record Dates of the Bonds of such series.

(4) The interest rate or rates, if any, of the Bonds of such series or the manner of determining such rate or rates, the date from which interest on the Bonds of such series shall accrue, the first date on which interest on the Bonds of such series are payable and the date or dates on which the interest rate on Bonds bearing a variable rate of interest are adjusted and the date or dates on which interest on such Bonds are paid, or the manner of determining the same and the manner in which interest is to be paid on such Bonds.

(5) The provisions regarding tender for purchase or redemption thereof and payment of the purchase price or redemption price thereof, if any, *provided* that each Series Supplemental Indenture shall contain the following redemption provisions:

(i) in the event that the Company Sublease shall have terminated, the Bonds shall be subject to mandatory redemption in whole prior to maturity at a redemption price equal to 100% of the unpaid principal amount of the Bonds, together with accrued interest to the date of redemption, and without premium;

(ii) in the event that any portion of the Leased Facilities is released from the Port Authority Lease or the New City/American Lease, as the case may be, the Company Sublease and the IDA Lease Agreement, and such release constitutes a Major Release, the Bonds shall be subject to mandatory redemption at par in a principal amount (rounded down to the nearest authorized denomination) equal to the Release Price; and

(iii) the Bonds shall be subject to extraordinary mandatory redemption prior to maturity at any time at a redemption price of 100% of the unpaid principal amount thereof plus accrued interest thereon, if any, to the redemption date to the extent and as soon as practical following the Trustee's receipt of any moneys received by the Trustee as a result of the exercise by the Port Authority of its purchase rights under Section 92(v) of the Port Authority Lease or the exercise by the City of any comparable purchase rights contained in the New City/American Lease.

(6) The denomination or denominations of and the manner of numbering and lettering the Bonds of such series.

(7) The redemption price or redemption prices, if any, and, subject to the article of the Master Indenture entitled "Redemption of Bonds," the redemption terms, if any, for the Bonds of such series.

(8) Provisions for the sale of the Bonds of such series and for the delivery thereof.

(9) The form of the Bonds of such series and the form of the Trustee's certificate of authentication thereon, and whether any Bonds of such series are to be available only through the Book-Entry-Only System and the depository therefor; *provided* that each Bond shall contain the following provision:

> "Each Holder of this Bond (by the purchase or transfer and acceptance hereof) acknowledges and agrees that the IDA Lease Agreement and the Company Sublease are and will be subject in all respects to the terms and conditions of the Basic Lease, the Port Authority Lease and the Port Authority Consent and, upon the effectiveness thereof, the New City/American Lease and, except with respect to the City Attornment Agreement or except upon the effectiveness of the New City/American Lease, the termination or expiration of the Basic Lease or the Port Authority Lease may result in the termination of the IDA Lease Agreement and the Company Sublease in accordance with the provisions thereof; *provided, however,* that no such termination will relieve the Company from its obligations to pay rent under the IDA Lease Agreement, including under Section 3.4 or 3.8 of the IDA Lease Agreement, or release the Company or AMR from its guaranty obligations under the Guaranties. Each Holder of this Bond (by purchase or transfer and acceptance hereof) acknowledges that the only right and interest that the Agency shall have in the Leased Facilities is to sublease the Leased Facilities to and from the Company and impose upon the Company the obligations set forth in the IDA Lease Agreement. Each Holder of this Bond (by purchase or transfer and acceptance hereof) further agrees that neither the Agency, the Bondholder, nor the Trustee (except as Leasehold Mortgagee under and pursuant to the Leasehold Mortgage) shall have any other interest in the Leased Facilities or the Port Authority Lease (including, but not limited to, any rights to perform the rights or obligations of the Company under the Port Authority Lease (except for those rights pursuant to the Leasehold Mortgage or Section 92) or otherwise, any rights of possession, entry, re-entry, redemption, eviction or regaining or resumption of possession, any right to the appointment of a receiver or to sell, convey, transfer, mortgage, acquire, pledge, assign, let or resublet the Leased Facilities, the Project or the Port Authority Lease or any part thereof or any rights created thereby or the letting thereunder) under (i) the Financing Documents, (ii) the Act, (iii) the Real Property Actions and Proceedings Law of the State or (iv) the Real Property Law of the State; or otherwise. Further, the Bondholder acknowledges that it shall not have any claim, interest, remedy, right or action against the Port Authority or the Leased Facilities or under the Port Authority Lease at law or in equity arising out of or in connection with the Act, the Financing Documents or the

Project (other than the interests, rights and remedies granted to the Leasehold Mortgagee under or pursuant to the Leasehold Mortgage or Section 92). In addition to and without limiting the foregoing, the Bondholder hereby acknowledges and agrees that in the event there shall be a conflict between the provisions of the Leasehold Mortgage and Section 92 of the Port Authority Lease, Section 92 of the Port Authority Lease shall govern. Copies of the Indenture, the Basic Lease, the Port Authority Lease, the Company Sublease, the IDA Lease Agreement, the Leasehold Mortgage and the Port Authority Consent are on file at the principal corporate trust office of the Trustee in New York, New York and reference is made to such documents for the provisions relating, among other things, to the terms and security of the Bonds, the charging and collection of rentals for the Facility, the custody and application of the proceeds of the Bonds, the rights and remedies of the Holders of the Bonds, and the rights, duties and obligations of the Agency, the Company, the City of New York, the Port Authority and the Trustee. Except as set forth in Section 92 of the Port Authority Lease, the Port Authority shall have no obligation whatsoever with respect to the Bonds, the Bondholders or the Trustee."

(10) Directions for the application of the proceeds of the Bonds of such series.

(11) The maximum maturity date for the Bonds, which shall not exceed December 1, 2036.

(12) Whether the Bonds issued under such Series Supplemental Indenture will be Tax-Exempt Bonds.

(13) Any other provisions deemed advisable by an Authorized Representative of the Agency, not in conflict with the provisions of the Indenture or of any Series Supplemental Indenture.

All Bonds of a series of like maturity shall be identical in all respects, except as to denominations, numbers and letters, and except that Bonds of a series of like maturity may be Bonds which bear a variable rate of interest and Bonds which bear interest at a fixed rate.

Custody and Investment of Funds

Creation of Funds and Accounts. The Agency hereby establishes and creates the following special trust Funds (and authorizes the creation of the following Accounts comprising such Funds):

(1) Project Fund

(a) Construction Account
(b) Capitalized Interest Account

(2) Bond Fund

(a) Principal Account
(b) Interest Account
(c) Redemption Account
(d) Sinking Fund Installment Account

(3) Rebate Fund

(4) Lease Payments Fund

(5) Debt Service Reserve Fund

(a) Series 2002A Debt Service Reserve Account
(b) Series 2002B Debt Service Reserve Account

(6) Mortgage Reserve Fund

(a) Foreclosure Payment Account

All of the Funds and Accounts created under the Indenture shall be held by the Trustee, or in one or more depositories in trust for the Trustee. All moneys and investments deposited with or in trust for the Trustee shall be held in trust and applied only in accordance with the Indenture and shall be trust funds for the purposes of the Indenture.

Project Fund. As soon as practicable after the delivery of a series of Bonds, the Trustee shall deposit in the appropriate Account in the Project Fund the amount required to be deposited therein pursuant to the applicable Series Supplemental Indenture. The amounts in the Project Fund shall be subject to a security interest, lien and charge in favor of the Trustee for the benefit of the Holders of the Bonds until disbursed as provided in the Indenture. The Trustee shall apply the amounts in each Construction Account of the Project Fund to the payment of Project Costs, or reimbursement of Project Costs to the extent the same have been paid by or on behalf of the Company (as agent of the Agency) or the Agency. The Trustee shall apply any amounts held in each applicable Capitalized Interest Account in accordance with the Indenture.

The Trustee is authorized by the Indenture to disburse from each Construction Account (as designated by the Company pursuant to a requisition submitted under the Indenture) of the Project Fund the amount required for the payment of Project Costs and is directed to issue its checks, or, at the request of the Company (as agent of the Agency) or the Agency, to wire funds, for each disbursement from each Construction Account of the Project Fund, upon a requisition submitted to the Trustee and signed by an Authorized Representative of the Company (as agent

of the Agency). The Trustee will not be required to issue such disbursement sooner than five Business Days after the submission of such requisition. Such requisition shall be substantially as set forth in the Form of Requisition attached to the Indenture as Appendix B. Each such requisition shall be accompanied by bills or invoices (stamped "paid" if reimbursement is to be made to the Company) supporting Project Costs to which such requisition pertains. The Trustee shall be entitled to conclusively rely on such requisition. The Trustee shall keep and maintain adequate records pertaining to each Construction Account of the Project Fund and all disbursements therefrom.

The Trustee shall on written request furnish to the Agency and the Company a written statement of disbursements from the Project Fund, enumerating, among other things, item, cost, amount disbursed, date of disbursement and the person to whom payment was made, together with copies of all bills or invoices submitted to the Trustee for such disbursement.

The completion of the Project shall be evidenced as set forth in the IDA Lease Agreement. Upon such completion, the balance in each Construction Account of the Project Fund in excess of the amount, if any, stated in the completion certificate referred to in the IDA Lease Agreement for the payment of any remaining part of the Project Costs shall, at the written direction of the Company, (i) be ratably and equally deposited into each Redemption Account held under the Bond Fund and applied ratably and equally to the retirement of the Bonds by purchase or redemption at the earliest date permissible under the Indenture, *provided* that, prior to such application, a Favorable Opinion of Bond Counsel shall be received and (ii) be invested at a yield not in excess of the applicable Bond Yield (as defined in the applicable Tax Certificate); *provided, however,* the Company, on behalf of the Agency, may apply such balance to any other lawful purpose under the Act in connection with the Facility, *provided* that a Favorable Opinion of Bond Counsel is received by the Trustee and the Agency.

In the event the Company shall be required to or shall elect to cause the Bonds to be redeemed in whole pursuant to the IDA Lease Agreement or the Indenture, the balance in each of the Construction Accounts of the Project Fund (in excess of any amount that the Trustee is directed to transfer to the Rebate Fund pursuant to each applicable Tax Certificate and the Indenture) shall be ratably and equally deposited into each Redemption Account held under the Bond Fund and applied ratably and equally to the retirement of the Bonds by purchase or redemption. In the event the unpaid principal amount of the Bonds shall be accelerated upon the occurrence of an Event of Default under the Indenture, the balance in the Project Fund shall be deposited ratably and equally into each of the Interest Accounts and Principal Accounts held under the Bond Fund and shall be applied as provided in the Indenture.

Proceeds of Bonds deposited in any Capitalized Interest Account shall be applied as follows:

(1) prior to the completion of the Project, on each Interest Payment Date amounts in each applicable Capitalized Interest Account shall first be deposited in the Lease Payments Fund to the extent moneys in such fund are insufficient to meet principal and/or interest payments then due and owing under the Indenture with respect to an

applicable series of Bonds and second, be drawn by the Trustee at the direction of the Company (as agent for the Agency) for the payment of Project Costs, if any;

(2) on or after the Interest Payment Date next succeeding the date of completion of the Project, the moneys remaining in any Capitalized Interest Account shall at the direction of the Company be applied pursuant to the relevant provisions of the Indenture; and

(3) At any time prior to the completion of the Project, upon the written request of the Company and designation in writing of a certain amount by the Company, the Trustee will transfer such amounts from any Capitalized Interest Account to one or more Construction Accounts as specified by the Company and apply such amounts as provided in the relevant sections of the Indenture.

Lease Payments Fund. The Trustee shall deposit in the Lease Payments Fund the amounts so stated to be deposited therein pursuant to the IDA Lease Agreement, the Indenture or the applicable Series Supplemental Indenture.

Except as provided in the Indenture, on or before any Interest Payment Date relating to a series of Bonds the Trustee shall transfer to the applicable Principal Account, Interest Account, Redemption Account, and/or Sinking Fund Installment Account from the Lease Payments Fund an amount sufficient so that the payments required to be made from the Bond Fund pursuant to the Indenture on such Interest Payment Date may be made.

After making the payment described in the immediately preceding paragraph, amounts, if any, remaining in the Lease Payments Fund shall be deposited equally and ratably to the credit of each Account held in the Debt Service Reserve Fund in an amount, if any, equal to the amount necessary to make the amount on deposit in such Accounts equal to the applicable Debt Service Reserve Account Requirement and thereafter any remaining excess in the Lease Payments Fund shall be returned to the Company.

If, on any Interest Payment Date relating to a series of Bonds, any principal payment date or redemption date, as the case may be, the amount on deposit in the Lease Payments Fund or the Bond Fund is insufficient to make all payments with respect to the principal, redemption price, if applicable, Sinking Fund Installments, if applicable, and interest on such series of Bonds which are required to be made on such date, the Trustee shall promptly give telephonic notice (to be promptly confirmed in writing) stating the amount of such deficiency to the Company and the Agency. Promptly upon receipt of such notice, the Company shall, as provided in the IDA Lease Agreement, pay the amount of such deficiency in immediately available funds. Upon receipt of such funds, the Trustee shall deposit them in the Lease Payments Fund.

If, on any Purchase Date, the amount on deposit in the applicable Bond Purchase Fund relating to a series of Bonds is insufficient to make all payments with respect to purchase price, if any, on such series of Bonds which are required to be made on such date, the Trustee shall promptly give telephonic notice (to be promptly confirmed in writing) stating the amount of such deficiency to the Company and the Agency. Promptly upon receipt of such notice, the Company

shall, as provided in the IDA Lease Agreement, pay the amount of such deficiency in immediately available funds. Upon receipt of such funds, the Trustee shall deposit them in the applicable Lease Payments Account established in the applicable Bond Purchase Fund.

Payments into Bond Fund. The Trustee shall promptly deposit the following receipts into the Bond Fund:

(a) Excess amounts in any Construction Account held in the Project Fund required to be deposited (subject to any transfer required to be made to the Rebate Fund in accordance with directions received pursuant to the applicable Tax Certificate and the Indenture) in the applicable Redemption Account of the Bond Fund as described in this Appendix D under the fourth paragraph and the first sentence of the fifth paragraph of "*—Project Fund*," which shall be kept segregated from any other moneys within such Account.

(b) Amounts transferred from the Lease Payments Fund to the Bond Fund as described in this Appendix D under "*—Lease Payments Fund*" above, which shall be deposited *first* to the applicable Interest Account, in the amount required to make the payments described in paragraph (a) in this Appendix D under "*—Application of Bond Fund*" below, *second* to the applicable Sinking Fund Installment Account, in the amount required to make the payments described in paragraph (c) in this Appendix D under "*—Application of Bond Fund*" below, *third* to the applicable Principal Account, in the amount required to make the payments described in paragraph (b) in this Appendix D under "*—Application of Bond Fund*" below, and *fourth* to the applicable Redemption Account, in the amount required to make the payments described in paragraph (d) in this Appendix D under "*—Application of Bond Fund*" below. Advance rental payments received by the Trustee for deposit into the Lease Payments Fund pursuant to the IDA Lease Agreement shall be deposited in the applicable Redemption Account.

(c) The excess amounts referred to in the third sentence of paragraph (d) in this Appendix D under "*—Application of Bond Fund*" below, which shall be credited to the applicable Interest Account of the Bond Fund.

(d) Any amounts transferred from an applicable Redemption Account as described in paragraph (h) in this Appendix D under "*—Application of Bond Fund*" below, which shall be deposited to the applicable Interest Account, the applicable Principal Account and the applicable Sinking Fund Installment Account of the Bond Fund, as the case may be and in such order of priority, and applied solely to the payment of the principal of and interest on the applicable series of Bonds.

(e) All other receipts when and if required by the IDA Lease Agreement, by the Indenture, or by the Leasehold Mortgage (excluding any payment required to be made to the Port Authority under the Port Authority Lease) pursuant to the Leasehold Mortgagee's exercise of remedies thereunder, or by the Equipment Security Agreement, the Guaranties or any other Security Document to be paid into the Bond Fund, which

shall be credited (except as otherwise provided in the Indenture) to the applicable Redemption Account of the Bond Fund.

Application of Bond Fund. (a) The Trustee shall, on an Interest Payment Date with respect to a series of Bonds, pay or cause to be paid to the respective Paying Agents therefor out of the applicable Interest Account in the Bond Fund the interest due on such series of Bonds and further pay out of the applicable Interest Account of the Bond Fund any amounts required for the payment of accrued interest upon any redemption (including any mandatory sinking fund redemption) of such series of Bonds.

(b) The Trustee shall, on each principal payment date with respect to a series of Bonds, pay or cause to be paid to the respective Paying Agents therefor out of the applicable Principal Account of the Bond Fund the principal amount, if any, due on such series of Bonds (other than such as shall be due by mandatory sinking fund redemption), upon the presentation and surrender (if applicable) of the requisite Bonds of such series.

(c) There shall be paid from the applicable Sinking Fund Installment Account of the Bond Fund to the respective Paying Agents on each sinking fund payment date for a series of Bonds in immediately available funds the amounts required for such Sinking Fund Installment due and payable with respect to such series of Bonds which are to be redeemed from Sinking Fund Installments on such date (accrued interest on such Bonds being payable from the applicable Interest Account of the Bond Fund), all as may be set forth in the applicable Series Supplemental Indenture. Such amounts shall be applied by the Paying Agents to the payment of such Sinking Fund Installment when due. The Trustee shall call for redemption, in the manner provided in the Indenture, Bonds of such series for which Sinking Fund Installments are applicable in a principal amount equal to the Sinking Fund Installment then due with respect to such Bonds. Such call for redemption shall be made even though at the time of mailing of the notice of such redemption sufficient moneys therefor shall not have been deposited in the applicable Sinking Fund Installment Account of the Bond Fund.

(d) Amounts in the applicable Redemption Account of the Bond Fund established with respect to a series of Bonds shall be applied, at the written direction of the Company, as promptly as practicable, to the redemption of such series of Bonds at prices not exceeding the redemption price thereof applicable on the earliest date upon which such Bonds are next subject to redemption plus in each case accrued interest to the date of redemption. Any amount in the applicable Redemption Account not so applied to the redemption of such series of Bonds by 30 days prior to the next date on which the Bonds are so redeemable shall be applied, subject to the provisions described in paragraph (a) above of this subheading, to the redemption of such series of Bonds on such redemption date; *provided* that if such amount aggregates less than $100,000, such amount need not be then applied to such redemption. Any amounts deposited in such applicable Redemption Account and not applied within 12 months of their date of deposit to the redemption of, or as described in paragraph (e) below of this subheading, the purchase of such series of Bonds (except if held in accordance with the Indenture) shall be transferred to the applicable Interest Account. Upon the redemption of Bonds of a maturity of any series, an amount equal to the principal of such Bonds so redeemed or an amount of Bonds purchased by the Company and surrendered for cancellation as provided in the Indenture shall, in the order

designated by the Company, be credited against the next ensuing and future Sinking Fund Installments, if any, for that maturity of that series of Bonds until the full principal amount of such Bonds so redeemed or purchased shall have been so credited. The portion of any such Sinking Fund Installment remaining after the deduction of such amounts so credited shall constitute and be deemed to be the amount of such Sinking Fund Installment for the purposes of any calculation thereof under the Indenture. The Bonds of any maturity of a series to be redeemed shall be selected by the Trustee (at the written direction of the Company) in the manner provided in the Indenture. Amounts in any applicable Redemption Account to be applied to the redemption of Bonds of a series shall be paid to the respective Paying Agents on or before the redemption date and applied by them on such redemption date to the payment of the redemption price of such series of Bonds being redeemed plus interest on such Bonds accrued to the redemption date.

(e) In lieu of Bonds of any maturity of a series being redeemed through a mandatory sinking fund redemption, the Company, on behalf of the Agency, may negotiate or arrange for the purchase of Bonds of that maturity of such series by the Trustee on behalf of the Agency in such manner (through brokers or otherwise, and with or without receiving tenders) as it shall in its discretion determine. The Company, on behalf of the Agency, shall cause such Bonds to be delivered to the Trustee for cancellation. The Trustee, upon presentation by the Company to the Trustee of Bonds of such series to be purchased accompanied by a written request of an Authorized Representative of the Agency (given at the written direction of the Company) to the Trustee requesting payment therefor, shall provide monies for payment of the purchase price for any such Bonds from the moneys deposited in the applicable Redemption Account of the Bond Fund and the payment of accrued interest shall be made out of moneys deposited in the applicable Interest Account of the Bond Fund. Bonds so purchased and delivered shall be canceled by the Trustee.

(f) The Agency shall receive a credit in respect of Sinking Fund Installments for any Bonds of a series which are subject to mandatory sinking fund redemption and which are delivered by the Agency or the Company to the Trustee on or before the thirtieth day next preceding any Sinking Fund Installment payment date and for any Bonds which prior to said date have been purchased or redeemed (otherwise than through the operation of the applicable Sinking Fund Installment Account) and canceled by the Trustee and not theretofore applied as a credit against any Sinking Fund Installment. Each Bond of a series so delivered, canceled or previously purchased or redeemed shall be credited by the Trustee at 100% of the principal amount thereof against the obligation of the Agency on such Sinking Fund Installment payment date with respect to such series of Bonds, and the principal amount of such series of Bonds to be redeemed by operation of the applicable Sinking Fund Installment Account on the due date of such Sinking Fund Installment shall be reduced accordingly, and any excess over such principal amount shall be credited to future Sinking Fund Installments in the manner directed by the Company, and the principal amount of such series of Bonds to be redeemed by application of Sinking Fund Installment payments shall be accordingly reduced.

(g) The Company shall, on or before the thirtieth day next preceding each Sinking Fund Installment payment date, furnish the Trustee with the certificate of an Authorized Representative of the Company indicating whether or not and to what extent the provisions

described in this Appendix D under "—*Application of Bond Fund*" are to be availed of with respect to such Sinking Fund Installment payment relating to a series of Bonds, stating, in the case of the credit provided for, that such credit has not theretofore been applied against any Sinking Fund Installment relating to such series of Bonds and confirming that immediately available cash funds for the balance of the next succeeding prescribed Sinking Fund Installment payment relating to such series of Bonds will be paid on or prior to the next succeeding Sinking Fund Installment payment date.

(h) Moneys in the applicable Redemption Account of the Bond Fund established with respect to a series of Bonds which are not set aside or deposited for the redemption or purchase of such series of Bonds shall be transferred by the Trustee to the applicable Interest Account, to the applicable Principal Account or to the applicable Sinking Fund Installment Account of the Bond Fund.

Debt Service Reserve Fund. Within the Debt Service Reserve Fund there shall be created and held under the Indenture a separate Account for each series of Bonds issued thereunder for which the applicable Series Supplemental Indenture establishes a Debt Service Reserve Account Requirement greater than $0. The Trustee shall deposit to the credit of the applicable Account within the Debt Service Reserve Fund for a series of Bonds such proceeds of the sale of such series of Bonds, if any, as shall be prescribed in the applicable Series Supplemental Indenture, and any moneys that are delivered to the Trustee by the Company for the purposes of such applicable Account of the Debt Service Reserve Fund.

In lieu of or in substitution for moneys required to be deposited into an Account within the Debt Service Reserve Fund, the Company may deposit or cause to be deposited with the Trustee a Reserve Fund Facility for the benefit of the holders of Bonds of a series for all or any part of the Debt Service Reserve Account Requirement for such series of Bonds; *provided* (i) that any such surety bond or insurance policy shall be issued by an insurance company or association reasonably consented to by the Agency and either (A) the claims paying ability of such insurance company or association is rated in the highest rating category accorded by a nationally recognized insurance rating agency or (B) obligations insured by a surety bond or an insurance policy issued by such company or association are rated, without regard to qualification of such rating by symbols such as "+" or "-" or numerical notation, in the highest rating category at the time such surety bond or insurance policy is issued by Moody's and S&P or, if the Bonds of such series are not rated by both Moody's and S&P, by whichever of said rating services that then rates such Bonds and (ii) that any letter of credit shall be issued by a bank, a trust company, a national banking association, a corporation subject to registration with the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956 or any successor provision of law, a federal branch pursuant to the International Banking Act of 1978 or any successor provision of law, or a domestic branch or agency of a foreign bank which branch or agency is duly licensed or authorized to do business under the laws of any state or territory of the United States of America, the unsecured or uncollateralized long term debt obligations of which, or long term obligations secured or supported by a letter of credit issued by such person, are rated at the time such letter of credit is delivered, without regard to qualification of such rating by symbols such as "+" or "-" or numerical notation, in at least the second highest rating

category by Moody's and S&P or, if the Bonds of such series are not rated by Moody's and S&P, by whichever of said rating services that then rates such Bonds.

Moneys held for the credit of an applicable Account of the Debt Service Reserve Fund for a series of Bonds shall be withdrawn by the Trustee and deposited to the credit of the applicable Interest Account, Principal Account, Redemption Account or Sinking Fund Installment Account of the Bond Fund at the times and in the amounts required to comply with the provisions of the Indenture described in paragraphs (a), (b), (c) and (d) of this Appendix D under "*—Application of Bond Fund*" above with respect to such series of Bonds; provided that no payment under a Reserve Fund Facility shall be sought unless and until moneys are not available in the applicable Account of the Debt Service Reserve Fund and the amount required to be withdrawn from such Account of the Debt Service Reserve Fund pursuant to the provisions of the Indenture described in this subheading cannot be withdrawn therefrom without obtaining payment under such Reserve Fund Facility; provided further, that, if more than one Reserve Fund Facility is held for the credit of such Account of the Debt Service Reserve Fund at the time moneys are to be withdrawn therefrom, the Trustee shall obtain payment under each such Reserve Fund Facility, pro rata, based upon the respective amounts then available to be paid thereunder.

With respect to any demand for payment under any Reserve Fund Facility, the Trustee shall make such demand for payment in accordance with the terms of such Reserve Fund Facility at the earliest time provided therein to assure the availability of moneys on the Interest Payment Date for which such moneys are required.

If upon any valuation it is determined that the moneys and investments held for the credit of an applicable Account of the Debt Service Reserve Fund are in excess of those necessary to maintain the Debt Service Reserve Account Requirement for the related series of Bonds, an amount equal to such excess shall be withdrawn by the Trustee and deposited, *first*, ratably and equally to satisfy any deficiency then existing in any other Account held in Debt Service Reserve Fund and, *second*, in the Bond Fund or, prior to completion of the Project, in the applicable Construction Account in accordance with the direction of the Company; *provided, however,* that if such amount results from the substitution of a Reserve Fund Facility for any securities in such applicable Account of the Debt Service Reserve Fund, such amount shall not be deposited in the Bond Fund or the applicable Construction Account unless in the opinion of Bond Counsel such application will not adversely affect the exclusion of interest on any Tax-Exempt Bonds from gross income for federal income tax purposes.

Notwithstanding the provisions described in this subheading, if, upon any Bond of a series having been deemed to have been paid in accordance with the provisions of the Indenture described in this Appendix D under "—Discharge of Indenture" below or redeemed prior to maturity from the proceeds of Bonds, bonds, notes or other obligations issued for such purpose, the moneys and investments held for the credit of the applicable Account of the Debt Service Reserve Fund will exceed the Debt Service Reserve Account Requirement for the related series of Bonds, then the Trustee shall, simultaneously with such redemption or a deposit made in accordance with such provisions of the Indenture, withdraw all or any portion of such excess from the applicable Account of the Debt Service Reserve Fund upon the direction of an

Authorized Representative of the Company and either (i) apply such amount to the payment of the principal or redemption price of and interest on Bonds of such series secured by said Account of the Debt Service Reserve Fund or to fund any reserve for the payment of the principal and Sinking Fund Installments of or interest on the bonds, notes or other obligations, if any, issued to provide for payment of such Bonds of such series secured by said Account of the Debt Service Reserve Fund or (ii) pay such amount to the applicable Construction Account if, in the opinion of Bond Counsel, application of such moneys to the payment of Project Costs will not adversely affect the exclusion of interest on any Tax-Exempt Bonds from gross income for federal income tax purposes; *provided that* after such withdrawal the amount remaining in the applicable Account of the Debt Service Reserve Fund shall not be less than the Debt Service Reserve Account Requirement for such series of Bonds.

Except as otherwise provided in any Series Supplemental Indenture, the Trustee shall value each Account held in the Debt Service Reserve Fund at least ten days prior to each Interest Payment Date, upon the written request of the Company and upon a withdrawal from any Account of the Debt Service Reserve Fund as described in the immediately preceding paragraph. If upon a valuation, the aggregate of the moneys and investments held for the credit of any Account held in the Debt Service Reserve Fund is less than the applicable Debt Service Reserve Account Requirement for the related series of Bonds, the Trustee shall promptly notify the Agency and the Company of such deficiency and, except as otherwise provided in the applicable Series Supplemental Indenture authorizing the Bonds secured by such Account of the Debt Service Reserve Fund, the Agency shall cause the Company to deliver to the Trustee moneys or investments the value of which is sufficient to increase the amount on deposit in such Account of the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Account Requirement for such series of Bonds as described in the last paragraph under APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT —Issuance of Bonds and Additional Bonds; Lease of Facility and Rental Provisions —*Rental Provisions*."

Payments into Rebate Fund; Application of Rebate Fund. The Rebate Fund and the amounts deposited therein shall not be subject to a security interest, pledge, assignment, lien or charge in favor of the Trustee, the Company or any Bondholder or any other Person.

Deposits into the Rebate Fund shall be made pursuant to the applicable Tax Certificate, the terms of which are incorporated by reference in the Indenture, and amounts on deposit in the Rebate Fund that are required to be paid to the United States Department of the Treasury pursuant to the Code shall be paid at the times and in the amounts set forth in or determined in accordance with the applicable Tax Certificate.

Investment of Funds and Accounts. Amounts in the Rebate Fund, Lease Payments Fund, Bond Fund, Debt Service Reserve Fund, Project Fund and Mortgage Reserve Fund may, if and only to the extent then permitted by law, be invested but only in Qualified Investments (except that any amounts held in any account established within the Bond Fund pursuant to the provisions of the Indenture described in this Appendix D under "—Discharge of Indenture" below shall be invested solely in Government Obligations). Any investment authorized in the Indenture and described herein is subject to the condition that no portion of the proceeds derived from the sale of any series of Tax-Exempt Bonds shall be used, directly or indirectly, in such

manner as to cause any such Tax-Exempt Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code. Such investments shall be made by the Trustee only at the specific written request of an Authorized Representative of the Company. Except for amounts held in the Mortgage Reserve Fund, any investment under the Indenture shall be made in accordance with the applicable Tax Certificate, and the Company shall so certify to the Trustee with each such investment direction as described below. Such investments shall mature in such amounts and at such times as may be necessary to provide funds when needed to make payments from the applicable Fund or Account in which such investment is held. Net income or gain received and collected from such investments shall be credited and losses charged to the applicable Fund or Account for which such investment shall have been made; *provided, however,* that such net income or gain shall be credited to (i) the applicable Interest Account of the Bond Fund with respect to the investment of amounts held in the applicable Interest Account, Principal Account, Redemption Account or Sinking Fund Installment Account of the Bond Fund, (ii) the applicable Construction Account of the Project Fund with respect to the investment of amounts held in such Construction Account until completion of the Project and the applicable Redemption Account of the Bond Fund with respect to investment of amounts held in such Construction Account of the Project Fund subsequent to completion of the Project and (iii) the applicable Account of the Debt Service Reserve Fund with respect to the investment of amounts held in said Account of the Debt Service Reserve Fund.

At the written request of the Company and at least ten days prior to each Interest Payment Date, the Trustee shall notify the Company of the amount of such net investment income or gain received and collected subsequent to the last such rental payment under the IDA Lease Agreement and the amount then available in the various Accounts of the Bond Fund and any amounts then available in the Lease Payments Fund.

Upon the written direction of an Authorized Representative of the Company, the Trustee shall sell at the best price obtainable by it, or present for redemption or exchange, any obligations in which moneys shall have been invested to the extent necessary to provide cash in the respective Funds or Accounts to make any payments required to be made therefrom, or to facilitate the transfers of moneys or securities between various Funds and Accounts as may be required from time to time pursuant to the provisions of the Indenture. As soon as practicable after any such sale, redemption or exchange, the Trustee shall give notice thereof to the Agency and the Company.

Neither the Trustee nor the Agency shall be liable for any loss, fee, tax or other charge arising from, or any depreciation in the value of, any obligations in which moneys of the Funds and Accounts shall be invested or in connection with any liquidation of an investment under the Indenture. The investments authorized by the Indenture and described herein shall at all times be subject to the provisions of applicable law, as amended from time to time.

Qualified Investments shall be valued at the market value of such investments, inclusive of accrued interest.

Mortgage Reserve Fund. There shall be established under the Indenture a separate Mortgage Reserve Fund within which there shall be created a Foreclosure Payment Account.

The Trustee shall deposit to the credit of the Foreclosure Payment Account any amounts provided by the Company under the IDA Lease Agreement as described in the sixth paragraph under APPENDIX C—"SUMMARY OF CERTAIN PROVISIONS OF THE IDA LEASE AGREEMENT—Particular Covenants—*Certain Covenants with Respect to the Port Authority Lease, the Leasehold Mortgage, the City Attornment Agreement, the New City/American Lease and the Agreement Towards Entering Into a Lease.*"

In lieu of or in substitution for Bond proceeds or moneys required to be deposited into the Mortgage Reserve Fund the Company may deposit or cause to be deposited with the Trustee a Reserve Fund Facility for all or any portion of the Foreclosure Payment Account Requirement for the benefit of the Holders of the Bonds; *provided* (i) that any such surety bond or insurance policy shall be issued by an insurance company or association reasonably consented to by the Agency and either (A) the claims paying ability of such insurance company or association is rated in the highest rating category accorded by a nationally recognized insurance rating agency or (B) obligations insured by a surety bond or an insurance policy issued by such company or association are rated, without regard to qualification of such rating by symbols such as "+" or "-" or numerical notation, in the highest rating category at the time such surety bond or insurance policy is issued by Moody's and S&P or, if the Bonds of such series are not rated by both Moody's and S&P, by whichever of said rating services that then rates such Bonds and (ii) that any letter of credit shall be issued by a bank, a trust company, a national banking association, a corporation subject to registration with the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956 or any successor provision of law, a federal branch pursuant to the International Banking Act of 1978 or any successor provision of law, or a domestic branch or agency of a foreign bank which branch or agency is duly licensed or authorized to do business under the laws of any state or territory of the United States of America, the unsecured or uncollateralized long term debt obligations of which, or long term obligations secured or supported by a letter of credit issued by such person, are rated at the time such letter of credit is delivered, without regard to qualification of such rating by symbols such as "+" or "-" or numerical notation, in at least the second highest rating category by Moody's and S&P or, if the Bonds of such series are not rated by Moody's and S&P, by whichever of said rating services that then rates such Bonds.

Moneys, or any Reserve Fund Facility held in the Foreclosure Payment Account, shall be applied or drawn upon by the Trustee either (i) to pay the Port Authority any amounts due under Section 92 (or any similar amounts to the City under the New City/American Lease) or (ii) subsequent to a Notice of Termination, a Bonds Default or a Bankruptcy Rejection Date (as such terms are defined herein under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Leasehold Mortgage and Reletting Rights—*Election to Exercise Reletting Rights*" and "—*Extensions of Foreclosure Period*" or any similar provision of the New City/American Lease), in the event that the Trustee determines that it is not in the best interest of the Bondholders to make the payments described in (i) above, or if the Trustee is so directed by Bondholders in accordance with the Indenture, amounts then held in the Foreclosure Payment Account may be used to pay debt service on the Bonds.

The Trustee shall be obligated to value the Foreclosure Payment Account on the first day of each calendar month. If upon a valuation, the total amount of the moneys and the principal

amount of investments held for the credit of the Foreclosure Payment Account is less than the Foreclosure Payment Account Requirement, the Trustee shall promptly notify the Agency and the Company of such deficiency, and the Agency shall cause the Company to deliver to the Trustee moneys or investments the value of which is sufficient to increase the amount on deposit in such Foreclosure Payment Account to an amount equal to the Foreclosure Payment Account Requirement. If upon any such valuation it is determined that the moneys and investments held for the credit of the Foreclosure Payment Account are in excess of those necessary to maintain the Foreclosure Payment Account Requirement, an amount equal to such excess shall, *first*, be applied ratably and equally to satisfy any deficiency then existing in any Account held in the Debt Service Reserve Fund and, *second*, be withdrawn by the Trustee and paid to the Company.

Particular Covenants

Agency's Obligations Not to Create a Pecuniary Liability. Each and every covenant made in the Indenture, including all such covenants described in this paragraph and the two succeeding paragraphs, is predicated upon the condition that any obligation for the payment of money incurred by the Agency shall not create a debt of the State nor the City and neither the State nor the City shall be liable on any obligation so incurred, and the Bonds and any other obligation for the payment of money incurred by the Agency under the Indenture shall not be payable out of any funds of the Agency other than those pledged therefor but shall be payable by the Agency solely from the Funds available to the Trustee, the amounts payable by the Company under the IDA Lease Agreement pledged to the payment thereof in the manner and to the extent described in the Indenture, amounts payable to the Trustee as Secured Party under the Equipment Security Agreement and amounts payable to the Leasehold Mortgagee under the Leasehold Mortgage, and nothing in the Bonds, in the IDA Lease Agreement, in the Indenture, in the Equipment Security Agreement or in any other of the Security Documents shall be considered as pledging any other funds or assets of the Agency.

Payment of Principal and Interest. The Agency covenants that it will, from the sources contemplated under the Indenture, promptly pay or cause to be paid the principal, redemption price, if applicable, Sinking Fund Installments, if applicable, purchase price of, and interest on the Bonds, together with interest accrued to but not including the date of redemption, at the place, on the dates and in the manner provided in the Indenture and in the Bonds according to the true intent and meaning thereof. All covenants, stipulations, promises, agreements and obligations of the Agency contained in the Indenture shall be deemed to be covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, officer, director, employee or agent thereof in his individual capacity, and no resort shall be had for the payment of the principal, redemption price, if applicable, Sinking Fund Installment, if applicable, purchase price of, or interest on the Bonds or for any claim based thereon or under the Indenture against any such member, officer, director, employee or agent or against any natural person executing the Bonds. Neither the Bonds, the redemption price, if any, the Sinking Fund Installment, if any, or the purchase price thereof or interest thereon, shall ever constitute a debt of the State or of the City and neither the State nor the City shall be liable on any obligation so incurred, and the Bonds shall not be payable out of any funds of the Agency other than those pledged therefor. The Agency shall not be required under the Indenture or any other of the Security Documents to expend any of its funds other than (i) the proceeds of the Bonds, (ii) the

lease rentals, revenues and receipts, rental income and other moneys held or derived from or in connection with the Facility and payable by the Company under the IDA Lease Agreement as amended by any IDA Lease Amendment and pledged to the payment of the Bonds, and (iii) any income or gains therefrom.

Performance of Covenants; Authority. The Agency covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in the Indenture, in any and every Bond executed, authenticated and delivered under the Indenture and thereunder and in all proceedings pertaining to the Indenture or thereto. The Agency covenants that it is duly authorized under the Constitution and laws of the State, including particularly and without limitation the Act, to issue the Bonds authorized by the Indenture and to execute the Indenture, to lease the Facility pursuant to the IDA Lease Agreement, to assign the IDA Lease Agreement, and to pledge the lease rentals, revenues and receipts pledged under the Indenture in the manner and to the extent set forth therein; that all action on its part for the issuance of the Bonds of a series and the execution and delivery of the Master Indenture have been duly and effectively taken; and that each series of Bonds in the hands of the Holders thereof are and will be the valid and enforceable special obligations of the Agency according to the import thereof.

Events of Default; Remedies of Bondholders

Events of Default; Acceleration of Due Date. Each of the following events is defined as and shall constitute an "Event of Default" under the Indenture:

(1) Failure in the payment of the interest on any Bond when the same shall become due and payable and if no Credit Facility is in effect with respect to such Bond, the continuation of such failure for five Business Days;

(2) Failure in the payment of the principal or redemption price, if any, of, or Sinking Fund Installment for, any Bond, when the same shall become due and payable, whether at the stated maturity thereof or upon proceedings for redemption thereof or otherwise, or interest accrued thereon and the continuation of such failure for five Business Days;

(3) Failure to duly and punctually pay the purchase price of any Bond tendered or deemed tendered for purchase pursuant to a Series Supplemental Indenture;

(4) Failure of the Agency to observe or perform any covenant, condition or agreement in any Bond or under the Indenture on its part to be performed (except as described in subparagraphs (1), (2) and (3) immediately above) and (A) continuance of such failure for a period of 60 days after receipt by the Agency and the Company of written notice specifying the nature of such default from the Trustee or the Holders of at least 25% in aggregate principal amount of the Bonds Outstanding, or (B) if by reason of the nature of such default the same can be remedied, but not within the said 60 days, the Agency or the Company fails to proceed with reasonable diligence after receipt of said

notice to cure the same or fails to continue with reasonable diligence its efforts to cure the same and the same shall not be cured within 360 days;

(5) The occurrence of an "Event of Default" under the IDA Lease Agreement or the occurrence of an event of default under the Company Guaranty, the AMR Guaranty or the Leasehold Mortgage;

(6) The occurrence of an Act of Bankruptcy; provided, that with respect to the filing of an involuntary petition in bankruptcy or other commencement of a bankruptcy or similar proceeding against the Company or AMR, such petition or proceeding shall remain undismissed or unstayed for a period of 90 days;

(7) (A) The date of termination of the Port Authority Lease as set forth in the notice from the Port Authority to the Trustee pursuant to the Port Authority Lease to the effect that the Port Authority will terminate the Port Authority Lease pursuant to the provisions thereof or (B) the date of termination of the New City/American Lease as set forth in a notice from the City to the Trustee in accordance with the New City/American Lease to the effect that the City will terminate the New City/American Lease pursuant to the provisions thereof; *provided, however,* such termination of the New City/American Lease shall not result in an Event of Default under the Indenture if the Company is reinstated as or becomes tenant as described in the Port Authority Lease; or

(8) Receipt by the Leasehold Mortgagee of one or more Information Statements under the Port Authority Lease showing that the total unpaid rentals, fees, charges and other amounts under the Port Authority Lease exceeds $9,877,000 and failure of the Company to pay said amounts in accordance with the provisions of the Port Authority Lease within 20 days after notice of the same from the Leasehold Mortgagee.

Upon the happening and continuance of an Event of Default described in subparagraphs (4), (5) or (8) above, the Trustee may, or at the direction of the Holders of at least 25% in aggregate principal amount of the Bonds Outstanding (by notice in writing to the Agency, the Company and AMR) the Trustee shall, declare the principal of all the Bonds then Outstanding, and the interest accrued thereon, to be due and payable immediately, and upon such declaration the same shall become and be immediately due and payable, anything contained in the Indenture or in any of such Bonds to the contrary notwithstanding. Upon such declaration, the same shall become and be immediately due and payable, and the principal installments of rent payable under the IDA Lease Agreement (together with interest accrued thereon to the date of such declaration) shall also become and be immediately due and payable, and to the extent any Bonds in default are secured by a Credit Facility the Trustee shall promptly draw on any Credit Facility then in effect with respect to such Bonds to the extent permitted by the terms thereof in an amount equal to the principal of, and accrued interest on, such Bonds.

Upon the happening of any Event of Default described in subparagraphs (1), (2), (3), or (7) above, the Trustee shall immediately declare the principal of all the Bonds then Outstanding, and the interest accrued thereon, to be due and payable immediately, and upon such declaration the same shall become and be immediately due and payable, anything contained in the Indenture

or in any of such Bonds to the contrary notwithstanding. Upon such declaration, the same shall become and be immediately due and payable, and principal installments of rent payable under the IDA Lease Agreement (together with interest accrued thereon to the date of such declaration) shall become immediately due and payable, and to the extent any Bonds in default are secured by a Credit Facility the Trustee shall promptly draw on any Credit Facility then in effect with respect to such Bonds to the extent permitted by the terms thereof in an amount equal to the principal of, and accrued interest on, such Bonds. Upon the occurrence and continuance of an Event of Default described in subparagraph (7) above, the Agency or the Trustee shall terminate the IDA Lease Agreement, and all of the estate, right, title and interest therein granted or vested in the Company shall cease and terminate.

If there shall occur an Event of Default described in subparagraph (6) above, the unpaid principal of all the Bonds Outstanding and the interest accrued thereon (and all installments of rent under the IDA Lease Agreement) shall be due and payable immediately without the necessity of any declaration or other action by the Trustee or any other Person.

The right of the Trustee or of the Holders of at least 25% in aggregate principal amount of the Bonds Outstanding to make any such declaration as aforesaid, however, is subject to the condition that if, at any time before such declaration, all overdue installments of principal of and interest on all of the Bonds which shall have matured by their terms and the unpaid redemption price of the Bonds or principal portions thereof to be redeemed have been paid by or for the account of the Agency, and all other Events of Default with respect to such Bonds have been otherwise remedied, and the reasonable and proper charges, expenses and liabilities of the Trustee shall either be paid by or for the account of the Agency or provision satisfactory to the Trustee shall be made for such payment, and all defaults with respect to the Bonds have been otherwise remedied as described in this heading, then in every such case any such default and its consequences shall *ipso facto* be deemed to be annulled, but no such annulment shall extend to or affect any subsequent default or impair or exhaust any right or power consequent thereon; *provided, however,* that if the Holders of at least 25% in aggregate principal amount of the Bonds Outstanding shall have directed such declaration of acceleration, the Trustee shall not annul such declaration and its consequences without the prior consent of the Holders of greater than 50% in aggregate principal amount of the Bonds Outstanding.

Pursuant to the IDA Lease Agreement the Agency has granted to the Company full authority for the account of the Agency to perform any covenant or obligation the non-performance of which is alleged in any notice received by the Company to constitute a default under the Indenture, in the name and stead of the Agency with full power to do any and all things and acts to the same extent that the Agency could do and perform any such things and acts with power of substitution. The Trustee agrees to accept such performance by the Company as performance by the Agency.

Enforcement of Remedies. Upon the occurrence and continuance of any Event of Default under the Indenture, *provided* that the Trustee has delivered the notice required thereby, then and in every case the Trustee may proceed, and upon the written request of the Holders of at least 25% in aggregate principal amount of the Bonds Outstanding shall proceed, to protect and enforce the rights of the Bondholders and its rights under the Act, the IDA Lease Agreement, the

Indenture, the Leasehold Mortgage, the Guaranties, the Equipment Security Agreement and under any other of the Security Documents forthwith by such suits, actions or special proceedings in equity or at law, or by proceedings in the office of any board or officer having jurisdiction, whether for the specific performance of any covenant or agreement contained in the Indenture or in any other of the Security Documents or in aid of the execution of any power granted in, but solely as provided in, the Indenture, the Leasehold Mortgage, the Company Guaranty, the AMR Guaranty, the Equipment Security Agreement or in any other of the Security Documents or in the Act or for the enforcement of any legal or equitable rights or remedies as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights or to perform any of its duties under the Indenture or under any other of the Security Documents. In addition to any rights or remedies available to the Trustee under the Indenture or elsewhere, upon the occurrence and continuance of an Event of Default the Trustee may take such action, without notice or demand, as it deems advisable.

In the enforcement of any right or remedy with respect to the Bonds under the Indenture, the Leasehold Mortgage, the Company Guaranty, the AMR Guaranty, the Equipment Security Agreement or any other of the Security Documents, the Bonds or under the Act, the Trustee shall be entitled to, and shall sue for, enforce payment on and receive any or all amounts then or during any default becoming, and any time remaining, due from the Agency or from the Company relating to interest, principal, purchase price, Sinking Fund Installments, redemption price, or otherwise, under any of the provisions of the Indenture, or of the Bonds, and unpaid, with interest on overdue payments at the rate or rates of interest specified in the Bonds, together with any and all costs and expenses of collection and of all proceedings under the Indenture, the Leasehold Mortgage, the Equipment Security Agreement, the Company Guaranty, the AMR Guaranty or under any such other of the Security Documents and under the Bonds, without prejudice to any other right or remedy of the Trustee or of the Bondholders, and to recover and enforce judgment or decree against the Agency, but solely as provided in the Indenture, the Leasehold Mortgage, the Company Guaranty, the AMR Guaranty, the Equipment Security Agreement and in the Bonds, for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect (but solely from the moneys in the Bond Fund and other moneys available therefor to the extent provided in the Indenture) in any manner provided by law, the moneys adjudged or decreed to be payable. The Trustee shall file proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Bondholders allowed in any judicial proceedings relative to the Company, AMR, any of the other obligors under any other of the Security Documents, the Agency or their creditors or property.

Regardless of the occurrence of an Event of Default, the Trustee, if requested in writing by the Holders of at least 25% in aggregate principal amount of the Bonds then Outstanding, and in each case furnished with security and indemnity satisfactory to it, shall institute and maintain such suits and proceedings with respect to the Bonds as it may be advised shall be necessary or expedient to prevent any impairment of the security under the Indenture, the Company Guaranty, the AMR Guaranty, the Equipment Security Agreement, the Leasehold Mortgage or any other of the Security Documents by any acts which may be unlawful or in violation of the Indenture, the Equipment Security Agreement, the Company Guaranty, the AMR Guaranty, the Leasehold Mortgage or any other of the Security Documents or of any resolution authorizing any Bonds,

and such suits and proceedings as the Trustee may be advised shall be necessary or expedient to preserve or protect its interests and the interests of the Bondholders; *provided* that such request shall not be otherwise than in accordance with the provisions of law and of the Indenture.

No action taken pursuant to the provisions of the Indenture and described above shall be inconsistent or contrary to the terms and provisions of the Indenture described in this Appendix D under "*—Limitation of Remedies*" below.

Application of Revenues and Other Moneys After Default. All moneys received by the Trustee pursuant to any right given or action taken under the provisions of the Indenture, the Equipment Security Agreement, the Company Guaranty, the AMR Guaranty or the Leasehold Mortgage or under any other of the Security Documents shall, after payment of the costs and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Trustee, be deposited into the Bond Fund and all moneys so deposited and available for payment of the Bonds shall be applied, subject to the Indenture, as follows:

Unless the principal of all of the Bonds shall have become or have been declared due and payable,

First - To the payment to the persons entitled thereto of all installments of interest then due on such Bonds, in the order of the maturity of the installments of such interest and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or privilege; and

Second - To the payment to the persons entitled thereto of the unpaid principal or redemption price, if any, of any of the Bonds which shall have become due (other than Bonds or principal installments called for redemption for the payment of which moneys are held pursuant to the provisions of the Indenture), in the order of their due dates, and, if the amount available shall not be sufficient to pay in full the Bonds or principal installments due on any particular date, then to the payment ratably, according to the amount of principal due on such date, to the persons entitled thereto without any discrimination or privilege.

If the principal of all the Bonds shall have become or have been declared due and payable, to the payment to the Bondholders of the principal and interest (at the rate or rates expressed in the Bonds) then due and unpaid upon such Bonds and, if applicable, to the redemption price of the Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference.

If the principal of all the Bonds and interest thereon shall have been declared due and payable, and if such declaration shall thereafter shall have been rescinded and annulled, then, subject to the provisions of the Indenture described in the immediately preceding paragraph,

which shall be applicable in the event that the principal of all the Bonds shall later become due and payable, the moneys shall be applied in accordance with the provisions of the Indenture described in the second preceding paragraph.

Notwithstanding the foregoing provisions, amounts drawn under any Credit Facility held with respect to a particular series of Bonds shall be applied solely to the payments of amounts due on such series of Bonds secured by such Credit Facility.

Whenever moneys are to be applied pursuant to the provisions of the Indenture and described under this heading, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be an Interest Payment Date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue; *provided, however,* that if the principal or redemption price of the Bonds Outstanding, together with accrued interest thereon, shall have been declared to be due and payable as the result of an Event of Default, such date of declaration shall be the date from which interest shall cease to accrue. The Trustee shall give such written notice to all Bondholders as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Holder of any Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Majority Bondholders Control Proceedings. Anything in the Indenture to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the Indenture, or for the appointment of a receiver or any other proceedings; *provided,* that such direction shall not be otherwise than in accordance with the provisions of law and of the Indenture, and *provided, further*, if a series of Bonds is secured by a Credit Facility, for so long as such applicable Credit Facility is outstanding and no default specified in the Indenture has occurred and is continuing with respect to such Bonds, the applicable Credit Facility Provider shall have the right to direct all proceedings on behalf of the holders of the Bonds of such series secured thereby and to vote the Bonds of such series secured thereby for all purposes under the Indenture.

Individual Bondholder Action Restricted. No Holder of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provisions of the Indenture or any other Security Documents with respect to such Bond or the execution of any trust under the Indenture or for any remedy under the Indenture or any other Security Documents, unless such Holder shall have previously given to the Trustee written notice of the occurrence of an Event of Default as provided in the Indenture, and the Holders of at least 25% in aggregate principal amount of the Bonds then Outstanding shall have filed a written request with the Trustee, and shall have offered the Trustee reasonable opportunity either to exercise the powers granted in the Indenture or such other Security Documents or by the Act or by the laws

of the State or to institute such action, suit or proceeding in its own name, and unless such Holders shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby (other than costs, expenses and liabilities related to acceleration), and the Trustee shall have refused to comply with such request for a period of 60 days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that no one or more Holders of Bonds shall have any right in any manner whatever by his, its or their action to affect, disturb or prejudice the pledge created by the Indenture, or to enforce any right under the Indenture, except in the manner provided in the Indenture; and that all proceedings at law or in equity to enforce any provision of the Indenture shall be instituted, had and maintained in the manner provided in the Indenture and, subject to the provisions of the Indenture, be for the equal benefit of all Holders of the Outstanding Bonds.

Nothing contained in the Indenture, in any other Security Document or in the Bonds shall affect or impair the right of any Bondholder to payment of the principal, redemption price, if applicable, Sinking Fund Installments, if applicable, purchase price of, and interest on any Bond at and after the maturity thereof, or the obligation of the Agency to pay the principal or redemption price, if applicable, Sinking Fund Installment, if applicable, purchase price of, and interest on each of the Bonds to the respective Holders thereof at the time, place, from the source and in the manner expressed in the Indenture and in said Bonds.

Effect of Discontinuance of Proceedings. In case any proceedings taken by the Trustee on account of any Event of Default shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee, the Trustee and the Bondholders shall be restored, respectively, to their former positions and rights under the Indenture, and all rights, remedies, powers and duties of the Trustee shall continue as in effect prior to the commencement of such proceedings.

Notice of Default. The Trustee shall promptly mail to the Agency, to the registered Holders of Bonds, to the Company and to AMR, by first class mail, postage prepaid, written notice of the occurrence of any (i) Event of Default with respect to the Bonds and (ii) the receipt by the Trustee as Leasehold Mortgagee of a Notice of Termination pursuant to and as defined in the Port Authority Lease as amended or any similar notice of termination of or default under the New City/American Lease or the Agreement Towards Entering Into a Lease. The Trustee shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail any notice described under this subheading.

Waivers of Default. The Trustee shall waive any default under the Indenture and its consequences and rescind any declaration of acceleration upon the written request of the Holders of greater than 50% in aggregate principal amount of all the Bonds then Outstanding; *provided, however,* that there shall not be waived without the consent of the Holders of all the Bonds Outstanding (a) any default in the payment of the principal, purchase price or redemption price of any Outstanding Bonds at the date specified therein or (b) any default in the payment when due of the interest on any such Bonds, unless, prior to such waiver, all arrears of interest, with interest (to the extent permitted by law) at the rate borne by the Bonds on overdue installments of interest in respect of which such default shall have occurred, and all arrears of payment of principal, purchase price and redemption price with respect to such Bonds when due, as the case

may be, and all expenses of the Trustee in connection with such default shall have been paid or provided for; and in case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such default shall have been discontinued or abandoned or determined adversely to the Trustee, then and in every such case the Agency, the Trustee and the Bondholders shall be restored to their former positions and rights under the Indenture, respectively, but no such waiver or rescission shall extend to any subsequent or other default, or impair any right consequent thereon.

Limitation of Remedies. The Agency and the Trustee represent to and agree with the Port Authority that (a) the only right and interest that the Agency shall have in the Leased Facilities is to sublease the Leased Facilities to and from the Company and impose upon the Company the obligations set forth in the IDA Lease Agreement and (b) neither the Agency, nor the Bondholders, nor the Trustee (except as Leasehold Mortgagee under or pursuant to the Leasehold Mortgage) shall have any other interest in the Leased Facilities or the Port Authority Lease (including but not limited to, any rights to perform the rights or obligations of the Company under the Port Authority Lease (except for those rights pursuant to the Leasehold Mortgage or Section 92) or otherwise, any rights of possession, entry, re-entry, redemption, eviction or regaining or resumption of possession, any right to the appointment of a receiver or to sell, convey, transfer, mortgage, acquire, pledge, assign, let or resublet the Leased Facilities, the Project or the Port Authority Lease or any part thereof or any rights created thereby or the letting thereunder under (i) the Security Documents, (ii) the Act, (iii) the Real Property Actions and Proceedings Law of the State or (iv) the Real Property Law of the State; or otherwise. Further, the Company, the Agency and the Trustee have represented to and agree with the Port Authority that neither they nor the Bondholders shall have any claim, interest, remedy, right or action against the Port Authority or the Leased Facilities or under the Port Authority Lease at law or in equity arising out of or in connection with the Act, the Security Documents or the Project (other than the interests, rights and remedies under or pursuant to the Leasehold Mortgage or Section 92).

Leasehold Mortgage and Section 92. In addition to and without limiting the foregoing, the Trustee and each Bondholder acknowledges and agrees under the Indenture that in the event there shall be a conflict between the provisions of the Leasehold Mortgage and Section 92, Section 92 shall govern.

Trustee and Paying Agents

The Trustee, in its capacity as the Trustee, the Paying Agent or the Bond Registrar, shall be under no obligation to institute any suit, or to take any remedial action under the Indenture (other than accelerating the Bonds when required by the Indenture), or under any other Security Documents or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts created by the Indenture or in the enforcement of any rights and powers under the Indenture, or under any other Security Documents, until it shall be indemnified to its satisfaction against any and all reasonable expenses for services, costs, outlays and counsel fees and other disbursements, and against all liability not due to its willful misconduct or negligence; *provided, however,* that the Trustee shall nevertheless be obligated to make payments (from the sources specified in the Indenture) on the

Bonds when due as provided in the Indenture or in a Series Supplemental Indenture, all at the times and in the manner specified therein.

Discharge of Indenture

Bonds of a series will be deemed paid for all purposes of the Indenture when (x) the interest rate or interest rates in effect with respect to such series of Bonds cannot by their terms and under the applicable Series Supplemental Indenture be adjusted prior to the date on which the Bonds of such series are to be redeemed or their maturity date, if earlier, and the Bonds of such series are not subject to optional tender for purchase prior to the date on which such Bonds are to be redeemed or their maturity date, if earlier, (y) payment of the principal of and the maximum amount of interest that may become due on such series of Bonds to the due date of such principal and interest, including all regularly scheduled interest payments (whether to maturity, upon redemption, acceleration or otherwise) either (i) has been made in accordance with the terms of such series of Bonds or (ii) has been provided for by depositing with the Trustee in an account held in the Bond Fund by the Trustee (1) moneys sufficient to make such payment and/or (2) noncallable Government Obligations maturing as to principal and interest in such amounts and at such times as will ensure the availability of sufficient moneys to make such payment without regard to the reinvestment thereof; and (z) all compensation and expenses of the Trustee (as well as the fees and expenses of its counsel) pertaining to the Bonds of such series have been paid or provided to the satisfaction of the Trustee. When a Bond of a series is deemed paid, it will no longer be secured by or entitled to the benefits of the Indenture except for payment from moneys or Government Obligations under clause (y)(ii) above and except that it may be transferred, exchanged, registered, discharged from registration or replaced as provided in the Indenture.

Notwithstanding the foregoing, no deposit under clause (y)(ii) above shall be deemed a payment of a Bond of a series until (A) notice of redemption of such Bond is given in accordance with the Indenture or in accordance with the applicable Series Supplemental Indenture or, if the Bond is not to be redeemed or paid within the next 60 days, until the Company has given the Trustee, in form satisfactory to the Trustee, (i) irrevocable instructions to notify, as soon as practicable, the holder of the Bond of such series that the deposit required by clause (y)(ii) above has been made with the Trustee and that the Bond of such series is deemed to be paid under the Indenture and stating the maturity or redemption date upon which moneys are to be available for the payment of the principal of the Bond of such series, and (ii) in the event the amounts deposited pursuant to (y)(ii) above are to be invested in Government Obligations, a report or opinion addressed to the Trustee of an independent certified public accountant or firm of independent certified public accountants satisfactory to the Trustee to the effect that such deposit is an amount sufficient to effect such payment; or (B) the maturity of the Bond of such series.

When all Outstanding Bonds are deemed paid as provided in the Indenture, and all fees and expenses and other amounts due and payable in respect thereof to the Trustee and the Agency under the Indenture, the IDA Lease Agreement and the Equipment Security Agreement and any other amounts required to be paid to the United States government in accordance with each applicable Tax Certificate or pursuant to the Indenture shall be paid in full, then, subject to the paragraph below, the lien of the Leasehold Mortgage, the lien of the Equipment Security

Agreement, the obligations of the Company under the Company Guaranty and of AMR under the AMR Guaranty, the pledge under the Indenture of any lease rentals, revenues or receipts payable by, or any guaranteed obligation of, the Company under the IDA Lease Agreement, and the estate and rights granted under the Indenture and all covenants, agreements and other obligations of the Agency to the Holders of all of the Bonds under the Indenture in respect of the Bonds shall thereupon cease, terminate and become void and be discharged and satisfied and the Bonds shall thereupon cease to be entitled to any lien, benefit or security under the Indenture, except as to moneys or securities held by the Trustee or the Paying Agents as provided in the Indenture and described under this heading. At the time of such cessation, termination, discharge and satisfaction, in respect of all of the Bonds, (1) the Trustee shall cancel and discharge the lien of the Indenture and execute and deliver to the Company all such instruments as may be appropriate to satisfy such liens and to evidence such discharge and satisfaction, (2) the Trustee and the Paying Agents shall pay over or deliver to the Agency for payment to the Company or on its order, as a rebate of rent, all moneys or securities held by them pursuant to the Indenture which are not required (i) for the payment of principal of, purchase price, redemption price, and Sinking Fund Installments, if any, of or interest on Bonds not theretofore surrendered for such payment or redemption, (ii) for the payment of all such other amounts due or to become due under the Security Documents, or (iii) for the payment of any amounts the Trustee has been directed to pay to the United States government in accordance with any Tax Certificate or the Indenture and (3) the Trustee shall return each Guaranty to the respective Guarantor.

Prior to any defeasance of a series of Bonds becoming effective as described above, there shall have been delivered to the Agency and the Trustee an opinion of Bond Counsel, addressed to the Agency and the Trustee, to the effect that (i) interest on any Tax-Exempt Bonds of such series being discharged by such defeasance will not become includable in gross income for federal income tax purposes by reason of such defeasance and (ii) the Bonds of such series have been paid within the meaning and with the effect expressed in the Indenture.

No provision described under this heading, including any defeasance of Bonds, shall limit the rights of the Holder of any Bonds to tender such Bonds for purchase, exchange, register, discharge from registration or replace Bonds, nor limit the rights of the Trustee or the Paying Agents to compensation in accordance with their agreements theretofore existing, until such Bonds shall have been paid in full. Bonds delivered to the Trustee for payment shall be canceled by the Trustee pursuant to the Indenture.

The Trustee shall hold in trust money and/or Government Obligations deposited with it and as described above under this heading and shall apply the deposited money and the money from the Government Obligations in accordance with the Indenture only to the payment of principal of, interest on, or purchase price of, the Bonds of such series defeased in accordance with the Indenture.

When the Bonds have been paid in full, the Trustee shall so notify the Company.

Amendments of Indenture

Supplemental Indentures Without Bondholders' Consent. The Agency and the Trustee may, from time to time and at any time, enter into amendments or supplements to the Indenture, including any Series Supplemental Indenture (a "*Supplemental Indenture*"), without the consent of the Bondholders for any of the following purposes:

(1) To cure any formal defect, omission or ambiguity in the Indenture or in any description of property subject to the lien thereof.

(2) To grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security which may lawfully be granted or conferred and which are not contrary to or inconsistent with the Indenture as theretofore in effect.

(3) To add to the covenants and agreements of the Agency in the Indenture other covenants and agreements to be observed by the Agency which are not contrary to or inconsistent with the Indenture as theretofore in effect.

(4) To add to the limitations and restrictions in the Indenture other limitations and restrictions to be observed by the Agency which are not contrary to or inconsistent with the Indenture as theretofore in effect.

(5) To confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, the Indenture, of revenues or other income from or in connection with the Facility or of any other moneys, securities or funds, or to subject to the lien or pledge of the Indenture additional revenues, properties or collateral.

(6) To modify or amend such provisions of the Indenture as shall, in the opinion of Bond Counsel delivered to the Agency, be necessary to assure the exclusion of the interest on the Tax-Exempt Bonds from gross income for federal income tax purposes.

(7) To authorize the issuance of a series of Additional Bonds and to prescribe the terms, forms and details thereof consistent with the Indenture.

(8) To effect any other change in the Indenture which, in the judgment of the Trustee, is not to the material prejudice of the Trustee or the Bondholders.

(9) To make any change not materially adversely affecting any Bondholder's rights to provide for or to implement the provisions of any Credit Facility with respect to a particular series of Bonds.

(10) With respect to any Bonds of a series entitled to the benefits of a Credit Facility, to make any change (other than changes permitted in paragraph (9) above) to provide for or to implement the provisions of such Credit Facility, only if the changes to

the Indenture become effective on a purchase date on which the Bonds of such series are subject to mandatory tender for purchase.

(11) To evidence the succession of a new Trustee or the appointment by the Trustee or the Agency of a co-trustee.

(12) To make any change not materially adversely affecting any Bondholder's rights requested by the Rating Agency in order to secure or maintain a rating on the Bonds.

(13) To modify, amend or supplement the Indenture or any supplement thereto in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939 or any similar federal statute thereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of the United States of America or of any of the states of the United States of America, and, if they so determine, to add to the Indenture or any Supplemental Indenture such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939 or similar federal statute.

(14) To modify or amend the provisions of the Indenture as shall, in the Opinion of Counsel, be necessary to conform the provisions of the Indenture to the New City/American Lease and/or the provisions of a leasehold mortgage of the Company's leasehold interest under the New City/American Lease.

Before the Agency and the Trustee shall enter into any Supplemental Indenture described above, there shall have been filed with the Trustee an Opinion of Counsel stating that such Supplemental Indenture is authorized or permitted by the Indenture and complies with its terms, and that upon execution it will be valid and binding upon the Agency in accordance with its terms.

Supplemental Indentures With Bondholders' Consent. Subject to the terms and provisions contained in the Indenture, the Holders of greater than 50% in aggregate principal amount of the Bonds then Outstanding shall have the right, from time to time, to consent to and approve the entering into by the Agency and the Trustee of any Supplemental Indenture with respect to the Bonds as shall be deemed necessary or desirable by the Agency for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture. Nothing contained in the Indenture shall permit, or be construed as permitting, (i) a change in the times, amounts or currency of payment of the principal, redemption price, Sinking Fund Installments, purchase price of, or interest on any Outstanding Bond, a change in the terms of redemption or maturity of the principal of or the interest on any Outstanding Bond, a reduction in the principal amount of or the redemption price of any Outstanding Bond or the rate of interest thereon (except upon conversion), any extension of the time of payment thereof, a change in the mechanics for any interest rate determination method applicable to any Bond, or a change in the terms of the purchase, in any case without the consent of the Holder of such Bond, (ii) the creation of a lien upon or pledge of revenues or rental income from or in connection with the Facility and payable by the Company under the IDA Lease Agreement other than the lien or pledge created by the Indenture, the Equipment

Security Agreement, and the Leasehold Mortgage, except as provided in the Indenture with respect to Additional Bonds, (iii) a preference or priority of any Bond or Bonds over any other Bond or Bonds, (iv) a reduction in the aggregate principal amount of Bonds required for consent to such Supplemental Indenture, or (v) a modification, amendment or deletion with respect to any of the terms described in this paragraph, without, in the case of items (i) through and including (v) of this section, the written consent of 100% of the Holders of the Outstanding Bonds (*provided* that a change affecting less than all of Outstanding Bonds shall require the approval only of the Holders of the Outstanding Bonds so affected). For the purposes described in this paragraph, Bonds shall be deemed to be affected by a modification or amendment of the Indenture if the same adversely affects or diminishes the rights of the Holders of such Bonds. The Trustee may in its discretion determine whether or not, in accordance with the foregoing provisions, such Bonds would be affected by any modification or amendment of the Indenture and any such determination shall be binding and conclusive on the Agency and all Holders of such Bonds. The Trustee may receive an opinion of counsel, including an opinion of Bond Counsel, as conclusive evidence as to whether such Bonds would be so affected by any such modification or amendment of the Indenture.

If at any time the Agency shall determine to enter into any Supplemental Indenture for any of the purposes described in the immediately preceding paragraph, it shall cause notice of the proposed Supplemental Indenture to be mailed, postage prepaid, to all Bondholders. Such notice shall be prepared by the Company and shall briefly set forth the nature of the proposed Supplemental Indenture, and shall state that a copy thereof is on file at the offices of the Trustee for inspection by all Bondholders. Any change affecting less than all Bonds shall require notice to only to the Holders of the Bonds so affected.

Subject to the terms and provisions contained in the Indenture, within one year after the date of such notice, the Agency and the Trustee may enter into such Supplemental Indentures in substantially the form described in such notice only if there shall have first been filed with the Trustee (i) the written consents of Holders of not less than a majority of or 100% of, as the case may be, the aggregate principal amount of the Bonds then Outstanding (*provided* that a change affecting less than all of the Outstanding Bonds shall require approval only of the Holders of Outstanding Bonds so affected) and (ii) an Opinion of Counsel stating that such Supplemental Indenture is authorized or permitted by the Indenture and complies with its terms, and that upon execution it will be valid and binding upon the Agency in accordance with its terms. Each valid consent shall be effective only if accompanied by proof of the holding, at the date of such consent, of the Bonds with respect to which such consent is given. A certificate or certificates by the Trustee that it has examined such proof and that such proof is sufficient in accordance with the Indenture shall be conclusive that the consents have been given by the Holders of such Bonds described in such certificate or certificates. Any such consent shall be binding upon the Holder of the Bonds giving such consent and upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing such revocation with the Trustee prior to the execution of such Supplemental Indenture.

Upon the execution of any Supplemental Indenture as described under this heading, the Indenture shall be deemed to be modified and amended in accordance therewith and the respective rights, duties and obligations under the Indenture of the Agency, the Trustee and all Holders of the affected Bonds then Outstanding shall thereafter be determined, exercised and enforced under the Indenture, subject in all respects to such modifications and amendments.

Rights of Company. Anything in the Indenture to the contrary notwithstanding, any Supplemental Indenture shall not become effective unless and until the Company shall have given its written consent to such Supplemental Indenture signed by an Authorized Representative of the Company.

Amendments of Related Transaction Documents

Amendments of Security Documents Not Requiring Consent of Bondholders. The Agency and the Trustee may consent, without the consent of or notice to the Bondholders, to any amendment, change or modification of any of the Security Documents (i) for the purpose of curing any ambiguity or formal defect or omission therein, (ii) which, in the judgment of the Trustee, based upon an opinion of Bond Counsel, is not materially to the prejudice of the Trustee, the Agency or the Holders of the Bonds, (iii) which, in the opinion of Bond Counsel delivered to the Agency, shall be necessary to assure the exclusion of the interest on the Tax-Exempt Bonds from gross income for federal income tax purposes, or (iv) which, in the Opinion of Counsel, shall be necessary to conform the provisions of such Security Documents to the New City/American Lease and/or the provisions of a leasehold mortgage of the Company's leasehold interest under the New City/American Lease. The Trustee shall have no liability to any Bondholder or any other person for any action taken by it in good faith as described in this paragraph.

Amendments of Security Documents Requiring Consent of Bondholders. Except as described in the immediately preceding paragraph, the Agency and the Trustee shall not consent to any amendment, change or modification of any of the Security Documents affecting any Bonds, without mailing of notice and the written approval or consent of the Holders of greater than 50% in aggregate principal amount of the Bonds at the time Outstanding given and procured as set forth in the Indenture; *provided, however,* there shall be no amendment, change or modification to (i) the obligation of the Company to make lease rental payments with respect to any Bonds under the IDA Lease Agreement, or (ii) the Company's or AMR's obligations under the Guaranties, without the prior written approval of the Holders of 100% in aggregate principal amount of all Bonds at the time Outstanding given and procured as provided in the Indenture. If at any time an obligor under a Security Document shall request the consent of the Trustee to any such proposed amendment, change or modification, the Trustee shall cause notice of such proposed amendment, change or modification to be mailed in the same manner as is provided in the Indenture with respect to Supplemental Indentures. Such notice shall be prepared by the Agency or the Company and shall briefly set forth the nature of such proposed amendment, change or modification and shall state that copies of the instrument embodying the same are on file at the principal corporate trust office of the Trustee for inspection by all Bondholders. For the purposes described in this paragraph, Bonds shall be deemed to be affected by a modification or amendment to a Security Document if the same adversely affects or diminishes the rights of

the Holders of such Bonds. The Trustee may in its discretion determine whether or not, in accordance with the foregoing described provisions, the Bonds would be affected by any modification or amendment to a Security Document and any such determination shall be binding and conclusive on the Agency and all Holders of the Bonds. The Trustee may receive an opinion of counsel, including an opinion of Bond Counsel, as conclusive evidence as to whether the Bonds would be so affected by any such modification or amendment to a Security Document.

APPENDIX E

SUMMARY OF CERTAIN PROVISIONS OF THE GUARANTIES

The Company and AMR will execute separate Guaranties. Except as noted below, the Guaranties contain substantially the same terms and provisions. The following is a brief summary of certain provisions of the Guaranties and does not purport to be comprehensive or complete. Reference is made to the Guaranties for the complete provisions. As used in this Appendix E, the term "Guarantor" means American Airlines, Inc. or AMR Corporation, as applicable, as guarantor under its respective Guaranty.

Guaranty of the Bonds

Each Guarantor will execute and deliver to the Trustee its respective Guaranty, pursuant to which it will unconditionally guarantee to the Trustee for the benefit of the owners of the Bonds outstanding under the Indenture, including the Series 2002 Bonds: (a) the full and prompt payment of the principal, purchase price and premium, if any, on the Bonds when and as the same shall become due and payable, whether at the stated maturity thereof, by acceleration, call for redemption or otherwise and (b) the full and prompt payment of interest on the Bonds and, to the extent permitted by law, interest on overdue interest and premium, when and as the same shall become due and payable. The obligations of each Guarantor under its Guaranty will be absolute, unconditional and immediately enforceable when each payment is due thereunder and will remain in full force and effect until such date as the Indenture is discharged and satisfied in accordance with the terms of the Indenture.

Assignment; Dissolution or Merger; Ability to Incur Debt

Under the AMR Guaranty, AMR may assign the AMR Guaranty to any Person. Except as provided in the immediately succeeding paragraph, no such assignment pursuant to the immediately preceding sentence will release AMR from any of its obligations under the AMR Guaranty unless 100% of the Holders of the Outstanding Bonds have consented to such release. The Company may not assign its obligations under the Company Guaranty; *provided* that the Company may assign the Company Guaranty to any Person to whom it assigns the Port Authority Lease in its entirety (by operation of law or otherwise) as provided in the Port Authority Lease (and described in APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Assignment and Sublease") or to whom it assigns the New City/American Lease in its entirety pursuant to the New City/American Lease. Consistent with the provisions of the AMR Guaranty, except as provided in the immediately succeeding paragraph, no assignment of the Company Guaranty pursuant to the immediately preceding sentence will release the Company from any of its obligations under the Company Guaranty unless 100% of the Holders of the Outstanding Bonds have consented to such release.

Each Guarantor agrees that during the term of its respective Guaranty it will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into another entity unless the surviving entity or transferee, as applicable, is a solvent corporation or other solvent entity and, concurrently with such transaction, irrevocably and unconditionally

assumes in writing, by means of an instrument which is delivered to the Agency and the Trustee, all of the obligations of such Guarantor under such Guaranty (unless such Guarantor is the survivor, in which case no such written assumption will be required). Upon any dissolution, disposition, merger or consolidation in accordance with the preceding sentence, the successor entity formed by such consolidation or into which such Guarantor is merged or to which such disposition is made will succeed to, and be substituted for, and will exercise every right and power of, such Guarantor under its respective Guaranty with the same effect as if such successor entity had been named as the Guarantor therein. Upon any dissolution or disposition in accordance with the next preceding sentence where the applicable Guarantor is not the surviving entity, such Guarantor shall automatically be released from all of its obligations under its respective Guaranty. Under the Company Guaranty, the provisions described in this paragraph are also subject to the requirement that the guarantor under the Company Guaranty must at all times be the Person that is the "Lessee" under the Port Authority Lease and the New City/American Lease.

The Guaranties do not contain any restriction on the ability of AMR or the Company to incur debt or, except as described in the preceding paragraph, to sell or otherwise transfer any portion of its assets.

Events of Default

The following constitute "Events of Default" under each Guaranty:

(a) the applicable Guarantor fails under such Guaranty to make any payment with respect to the principal or purchase price or premium, if any, on the Bonds;

(b) the applicable Guarantor fails under such Guaranty to make any payment with respect to interest on the Bonds and such default continues for five Business Days from the date such payment was due;

(c) the applicable Guarantor fails to observe and perform any other covenant in such Guaranty and such failure continues for more than 60 days after written notice of such failure (which shall be deemed given when delivered or when mailed by registered or certified mail) has been given to such Guarantor by the Trustee;

(d) Any warranty, representation or other statement by the applicable Guarantor contained in such Guaranty is false or misleading in any material respect as of the date made; or

(e) the dissolution or liquidation of the applicable Guarantor or the commencement by the applicable Guarantor of a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect; the entry of a decree or order for relief in respect of the applicable Guarantor by a court of competent jurisdiction in an involuntary case under any applicable bankruptcy, insolvency or similar law now or hereafter in effect or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of the applicable Guarantor or for any substantial

part of its property and the failure of such decree, order or appointment to be discharged within 90 days after such decree, order or appointment; the assignment by the applicable Guarantor of all or substantially all its assets for the benefit of creditors or the entry by the applicable Guarantor into an agreement of composition with creditors; or the taking of any action by the applicable Guarantor in furtherance of the foregoing. The term "dissolution or liquidation of the applicable Guarantor" may not be construed to include cessation of the corporate existence of the applicable Guarantor resulting from either a merger or consolidation of the applicable Guarantor into or with another entity or dissolution or liquidation of the applicable Guarantor following a transfer of all or substantially all of its assets as an entirety under the conditions permitting such actions with respect to the applicable Guarantor contained in such Guaranty and described above under "—Assignment; Dissolution or Merger; Ability to Incur Debt."

Upon an Event of Default under a Guaranty, the Trustee will have the right to proceed first and directly against the applicable Guarantor under such Guaranty without resorting to any security held by the Agency or the Trustee under the Indenture.

Governing Law

Each Guaranty is governed by the laws of the State of Texas.

[THIS PAGE INTENTIONALLY LEFT BLANK.]

APPENDIX F

SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE

The following is a summary of certain provisions of the Port Authority Lease and does not purport to be comprehensive or complete. Reference is made to the Port Authority Lease for the complete provisions.

General

The Company has leased from the Port Authority, pursuant to the Port Authority Lease, the Premises on which the Facility is to be located at the Airport. The Port Authority Lease is subject to the Basic Agreement between the City and the Port Authority under which the City, the fee owner of the real property comprising the majority of the Airport and existing improvements thereon, has leased such real estate to the Port Authority. The current expiration date of the Basic Lease is December 31, 2015, subject to earlier termination in certain circumstances.

Redevelopment Work

The Company has agreed to submit to the Port Authority for its approval the Company's comprehensive plan for the redevelopment of the Premises. The Company has agreed that its comprehensive plan for the Redevelopment Work (which will include construction work both on and off the Premises) will include, among other things:

(a) A three level main passenger terminal building and a two level remote passenger terminal building consisting of approximately 1.9 million total square feet of floor space for both buildings.

(b) Not less than fifty-five aircraft loading and unloading gate positions, of which at least thirty-five are to accommodate wide-body aircraft and of which at least two are to accommodate narrowbody aircraft, together with all associated and related areas and facilities, including, without limitation, passenger boarding gate lounges; and

(c) Related mechanical areas, concession areas, utility conduits, fuel systems, roadways, aircraft ramp and apron areas, grading and landscaping and ground transportation systems.

All such Redevelopment Work, whether on or off the Premises, is at the Company's sole cost and expense and must be in conformance with the design criteria contained in the Port Authority Tenant Construction Review Manual, as the same may be amended from time to time.

All Redevelopment Work must be done in accordance with the terms and conditions set forth in the Port Authority Lease which include, among other things, the following:

(a) The Company must assume the risk of loss or damage to all of the Redevelopment Work prior to its completion and the risk of loss or damage to all property of the Port Authority and others and the risk of personal injury and death to all people arising out of or in connection with the performance of the Redevelopment Work. In the event of such loss or damage, the Company is required to forthwith repair, replace and make good the Redevelopment Work and the property of the Port Authority without cost or expense to the Port Authority.

(b) The Company has advised the Port Authority that it intends to expend not less than $850 million with respect to the Redevelopment Work and shall complete the Redevelopment Work by December 22, 2007.

(c) Prior to entering into a contract for any part of the Redevelopment Work, the Company must submit to the Port Authority for its approval the names of the contractors to whom the Company proposes to award said contracts. The Port Authority has the right to disapprove any contractor who is unacceptable to it. The Company must include in all such contracts such provisions and conditions as the Port Authority reasonably requires.

(d) The Company must furnish or require its architect to furnish a full-time resident engineer during the construction period of the Redevelopment Work.

(e) The Company has agreed to be solely responsible for any plans and specifications used by it and for any loss or damages resulting from the use thereof, notwithstanding their approval by the Port Authority and notwithstanding the incorporation therein of Port Authority recommendations or requirements.

(f) The Port Authority has the right, through its duly designated representatives, to inspect the Redevelopment Work and the plans and specifications relating to it, at any and all reasonable times during its progress and from time to time, in its discretion, to take samples and perform testing in any part of the Redevelopment Work.

(g) The Company must pay or cause to be paid all claims lawfully made against it by its contractors, subcontractors, materialmen and workmen, and all claims lawfully made against it by other third persons arising out of or in connection with or because of the performance of the Redevelopment Work, and must cause its contractors and subcontractors to pay all such claims lawfully made against them.

(h) The Company has agreed to procure and maintain insurance, including commercial general liability insurance, premises, operations, products liability, and builder's risk insurance.

(i) The Company has agreed that it will put into effect prior to the commencement of any of the Redevelopment Work an affirmative action program and

minority business enterprise program and women-owned business enterprise program in accordance with the provisions of the Port Authority Lease.

In general, title to the Redevelopment Work passes to the City as the same or any part thereof is erected, constructed or installed and as the same becomes a part of the Premises. When the Redevelopment Work is substantially completed and ready for use, the Company must advise the Port Authority to such effect and shall deliver to the Port Authority a certificate signed by an authorized officer of the Company and also signed by the Company's licensed architect or engineer certifying that the Redevelopment Work has been constructed in accordance with the approved plans and specifications and the provisions of the Port Authority Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders. Thereafter, the Redevelopment Work will be inspected by the Port Authority and if it has been completed as certified by the Company and the Company's licensed architect or engineer, as aforesaid, a certificate to such effect shall be delivered to the Company, subject to the condition that all risks thereafter with respect to the construction and installation of the Redevelopment Work and any liability for negligence or other reason shall be borne by the Company. The Company must not use or permit the use of the Redevelopment Work for the purposes set forth in the Port Authority Lease until such certificate is received from the Port Authority, and the Company shall not use or permit the use of the Redevelopment Work or any portion thereof even if such certificate is received if the Port Authority states in any such certificate that the same cannot be used until other specified portions are completed.

Term

The expiration date of the Port Authority Lease is December 30, 2015, *provided, however,* that if there is any extension or replacement of the Basic Lease (*"Applicable Airport Lease Extension Agreement"*) then the expiration date is the date which is the first to occur of (A) the day prior to the date of expiration of the Applicable Airport Lease Extension Agreement, (B) December 21, 2036 and (C) the day immediately preceding the 30th anniversary of the Redevelopment Work Completion Date; *provided, however,* in the event there shall be a transfer of title to and ownership of the fee in the Airport to the Port Authority, the expiration date shall be the first to occur of (B) and (C). Notwithstanding the foregoing, in the event that the Required Conditions have not occurred prior to December 30, 2015, then the Port Authority Lease will automatically terminate without notice to the Company on December 30, 2015, notwithstanding any Applicable Airport Lease Extension Agreement.

Following execution of any Applicable Airport Lease Extension Agreement, the Port Authority may, at its option, tender to the Company a proposed supplement to the Port Authority Lease with such terms and provisions as the Port Authority deems appropriate. However, no such proposed supplement may change the location or size of the Premises or the rentals under the Port Authority Lease, except that the Port Authority may require the Company to pay to the Port Authority an additional rental (*"Additional Rental"*) equal to the Port Authority's increased costs under or arising out of or resulting from said Applicable Airport Lease Extension Agreement. If the Company does not execute such proposed supplement within 25 days, the Port Authority may terminate the Port Authority Lease as of the 46th day after the original tender of such proposed supplement.

Rent

As of December 22, 2000, the effective date of the amended and restated Port Authority Lease, the Company agreed to pay the Port Authority ground rent and building rent equaling approximately $20,190,000 per year, such amount being subject to annual increases based upon a percentage of the percentage increase of the consumer price index.

In addition to general abatement provisions covering casualty and condemnation, the Company benefits from partial rent abatement of the existing buildings as it reaches the following investment targets in connection with the construction of the Project:

(i) For the period commencing on the date which is the later of (i) December 22, 2002 and (ii) the first of the month following the month that the Company's investment totals $283,333,050, through the date which is the later of (i) December 21, 2004 and (ii) the last day of the month during which the Company investment totals $566,666,100, the building rentals abate by 33.33%; and

(ii) For the period commencing on the date which is the later of (i) December 22, 2004 and (ii) the first of the month following the month that the Company's investment totals $566,666,100, through the date which is the earlier of the day preceding the (i) the first day of the month after all of the Required Conditions have been met (*"Building Rental End Date"*) and (ii) December 22, 2010, the building rentals abate by 66.66%;

provided however, if the Company does not complete construction of the new terminal and satisfy the Required Conditions by December 22, 2010, then the abatements described above will no longer be effective and the Company will be required to pay the full amount of building rent until the Building Rental End Date, whenever that occurs.

The Company is obligated to pay "Terminal Rental" (as defined below) on the new terminal contemplated by the Project from and after the date which is the earlier of (1) December 22, 2031 and (2) the 25th anniversary of the Redevelopment Work Completion Date (*"Terminal Rental Commencement Date"*). On the Terminal Rental Commencement Date, the Port Authority will take a certain terminal rental rate (calculated as set forth in the Port Authority Lease) and multiply it by the number of square feet of interior space in the new terminal building (such calculated figure being referred to herein as the *"Terminal Rental"*). As of the Terminal Rental Commencement Date, the Company has agreed to pay 33.33% of the Terminal Rental, as adjusted annually by a percentage of the percentage increase of the consumer price index. The percentage of Terminal Rental payable by the Company gradually increases to 66.67% of the Terminal Rental over set adjustment periods until the Company is obligated to pay 100% of the Terminal Rental.

Termination by Port Authority

The Port Authority Lease is subject to earlier termination by the Port Authority in the event that:

(a) The Company becomes insolvent or takes the benefit of any present or future insolvency statute, or makes a general assignment for the benefit of creditors, or files a voluntary petition in bankruptcy or a petition or answer seeking an arrangement or its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any other law or statute of the United States or of any state thereof, or consents to the appointment of a receiver, trustee or liquidator of all or substantially all of its property; or

(b) By order or decree of a court, the Company is adjudged bankrupt or an order is made approving a petition filed by any of its creditors or by any of the stockholders of the Company, seeking its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any law or statute of the United States or any state thereof, *provided* that if any such judgment or order is stayed or vacated within 60 days after the entry thereof, any notice of cancellation shall be and become null, void and of no effect; or

(c) By or pursuant to, or under authority of any legislative act, resolution or rule, or any order or decree of any court or governmental board, agency or officer having jurisdiction, a receiver, trustee, or liquidator shall take possession or control of all or substantially all of the property of the Company, and such possession or control shall continue in effect for a period of 60 days; or

(d) The Company voluntarily abandons, deserts or vacates the Premises or discontinues its operations at the Airport, or after exhausting or abandoning any right of further appeal, the Company, because of an act or omission of the Company, is prevented for a period of 30 days by action of any governmental agency (other than the Port Authority) having jurisdiction thereof, from conducting its operations at the Airport; or

(e) Any lien is filed against the Premises because of any act or omission of the Company and is not discharged within 30 days after the Company receives notice thereof; or

(f) Except as otherwise provided in the Port Authority Lease, the letting under the Port Authority Lease of the interest or estate of the Company under the Port Authority Lease is transferred directly by the Company or passes to or devolves upon, by operation of law or otherwise, any other person, firm or corporation; or

(g) A petition under any part of the federal bankruptcy laws or an action under any present or future insolvency law or statute is filed against the Company and is not dismissed within 90 days after the filing thereof; or

(h) Except as otherwise provided in the Port Authority Lease, the Company, without the prior written approval of the Port Authority, becomes a possessor or merged corporation in a merger, a constituent corporation in a consolidation, or a corporation in dissolution (except that a merger or consolidation shall not be grounds for termination if the resulting corporation has a financial standing as of the date of the merger or consolidation at least as good as that of the Company, by which is meant that its working capital, its ratio of current assets to current liabilities, its ratio of fixed assets to fixed liabilities and its net worth shall be at least as favorable as that of the Company); or

(i) The Company fails to pay the rentals or to make any other payment required under the Port Authority Lease when due to the Port Authority and continues in its failure to pay rentals or to make any other payments required under the Port Authority Lease for a period of 20 days after receipt of notice by it from the Port Authority to make such payments; or

(j) The Company fails to keep, perform and observe each and every other promise, covenant and agreement set forth in the Port Authority Lease on its part to be kept, performed, or observed, within 30 days after receipt of notice of default from the Port Authority (except where fulfillment of its obligation requires activity over a period of time, and the Company has commenced to perform whatever may be required for fulfillment within 30 days after receipt of notice and continues such performance without interruption except for causes beyond its control); or

(k) The occurrence of a "change of control" (as defined in the Port Authority Lease) which either (i) results in a detectable decrease in the amount of, and a change in the nature of, the Company's scheduled passenger aircraft operations at the Airport or (ii) has the effect of causing the Port Authority Lease to become the only asset or a greater portion of the assets of the Company than prior to such "change in control."

The Port Authority Lease is subject to termination upon the expiration or termination of the Basic Lease.

The term of the Port Authority Lease is also subject to termination, resulting in the Company being deemed a hold-over tenant, on a month-to-month periodical basis, due to the occurrence of any of the following (referred to as *"Triggering Events"*):

(a) Failure by the Company to make payment as provided in two or more of the categories listed below:

(i) payment of monthly installments of rent to the Port Authority on the first day of each calendar month;

(ii) payment of all sums, including, without limitation, flight fees and fuel gallonage fees under the General Airport Agreement, or otherwise, on or before the 20th day of the following calendar month;

(iii) payment of all sums due to the Port Authority under the Port Authority Lease or otherwise, and outstanding for more than 30 days, appearing on a statement of account rendered by the Port Authority to the Company.

(b) As a result of a default by the Company, other than a default arising due to compliance by the Company with any applicable law or directive or (*provided* that the Company has satisfied the Port Authority that it is reasonable to comply therewith) with any requirement, whether having the force of law or not, of any governmental or regulatory authority to which the Company is subject, unless such default results in the Company becoming bound to repay prematurely any of its indebtedness for borrowed moneys as described in (i) below (not being that in respect of which the default has occurred) and steps are taken to obtain repayment thereof:

(i) the Company becomes bound to repay prematurely any of its indebtedness for borrowed moneys having an outstanding aggregate principal amount of at least $25 million or its equivalent in any other currency or currencies (the *"Specified Amount"*) and steps are taken to obtain repayment thereof; or

(ii) any such indebtedness having an outstanding aggregate principal amount of at least the Specified Amount or any guarantee or indemnity by the Company of any indebtedness of any Person for borrowed moneys having an outstanding aggregate principal amount of at least the Specified Amount is not, when due, paid by the latest of (A) its due date, (B) the expiry of any applicable grace period and (C) if payment is prevented by any applicable law 15 days after the first date on which payment is permitted,

unless the Company satisfies the Port Authority that such acceleration, default or failure to pay is being contested in good faith by the Company or unless the Company demonstrates to the Port Authority that such acceleration, default or failure to pay has arisen from events other than those which would signify a deterioration in the Company's financial position or an inability to meet its financial obligations under such indebtedness; or

(c) a creditor takes possession of, or an administrative or other receiver is appointed for, the whole or a substantial part of the assets of the Company and such taking of possession or appointment is not released, discharged or canceled within 60 days; or

(d) a distress, execution or seizure before judgment is levied or enforced upon or sued out against a substantial part of the assets of the Company and is not discharged, dismissed or stayed within 60 days thereof; or

(e) the Company stops payment generally or is unable to pay its indebtedness generally as and when it falls due (otherwise than for the purposes of a solvent reconstruction, amalgamation or merger the terms of which have previously been

approved in writing by the Port Authority) or ceases or threatens to cease to carry on all or substantially all of its business; or

(f) the Company makes an assignment for the benefit of creditors generally or admits in writing its inability to pay its indebtedness generally as it becomes due or takes corporate action in furtherance of any such action.

Any such month-to month periodical tenancy is terminable by either the Port Authority or the Company in accordance with law. If four consecutive calendar quarters have elapsed after a Triggering Event has occurred during which time the Company is in occupancy of the Premises as a month-to-month tenant, and during such period none of the Triggering Events have occurred or continue to occur, the Company is not in default in the payment of rental or any other provision of its month-to-month tenancy and neither the Port Authority nor the Company has terminated the month-to-month tenancy by notice to the other, then upon request by either party to the other, the Company and the Port Authority will enter into a supplementary agreement to be prepared by the Port Authority and to be promptly executed by the Port Authority or the Company which provides for the re-establishment of a tenancy between the Port Authority and the Company on a fixed term basis in accordance with all of the terms and provisions of the Port Authority Lease, and upon said execution the Port Authority Lease, as the same may theretofore have been supplemented, amended or extended, shall have the fixed term stated in the Port Authority Lease.

Reallocation of Gate Positions

The Port Authority is permitted to reallocate gate positions, as well as aircraft ramp and terminal facilities, leased to the Company under the Port Authority Lease to other airlines on six months' notice to the Company if the Company does not satisfy usage requirements set forth in the Port Authority Lease. The Company would be compensated by such other airlines for such a reallocation.

Termination by the Company

Except as otherwise described in the immediately succeeding paragraph, the Company may terminate the Port Authority Lease prior to its expiration if:

(a) the Company is prevented from operating its air transportation system to and from the Airport by reason of its inability to use a substantial part of all of the runways and taxiways (as defined in the Port Authority Lease):

(i) for a period of longer than 30 consecutive days as a result of any condition of the Airport not due to the fault of the Company;

(ii) for a period of longer than 90 consecutive days as a result of a permanent injunction issued by any court of competent jurisdiction;

(iii) for a period of longer than 90 consecutive days as a result of any order, rule or regulation of the FAA or other governmental agency having jurisdiction over the operations of the Company with which the Company is unable to comply at reasonable cost or expense; or

(b) the Port Authority fails to perform any of its obligations under the Port Authority Lease within 20 days after receipt of a notice of default thereunder from the Company (except where fulfillment of its obligation requires activity over a period of time, and the Port Authority has commenced to perform whatever may be required for fulfillment within 20 days after receipt of notice and continues such performance without interruption, except for causes beyond the control of the Port Authority).

Notwithstanding the provisions of the Port Authority Lease described in subparagraphs (a) and (b) above, the Company shall not have the right to terminate the Port Authority Lease without the consent of the Leasehold Mortgagee prior to the date that the Leasehold Mortgage and the Reletting Rights of the Leasehold Mortgagee automatically terminate pursuant to Section 92 as described in this Appendix F under "—Leasehold Mortgage and Reletting Rights—*Automatic Termination.*"

Assignment and Sublease

The Company has agreed that it will not sell, convey, transfer, mortgage, pledge or assign the Port Authority Lease or any part of the Premises, or any rights created thereby or the letting thereunder or any part thereof without the prior written consent of the Port Authority; *provided, however*, that the Port Authority Lease may be assigned in its entirety (by operation of law or otherwise) without such consent to any successor in interest of the Company which is or is to be a Scheduled Aircraft Operator satisfying the conditions set forth in the Port Authority Lease, and into which the Company merges or with which the Company consolidates, or which succeeds to the assets of the Company or the major portion of its assets related to its air transportation system, if immediately following the merger, consolidation or assignment either (i) the entity which then is the Company has a Tangible Net Worth equal to at least 95% of that of the Company immediately preceding the merger, consolidation or assignment or (ii) the entity which then is the Company has Debt (as defined below) that is rated by both Rating Agencies (as defined below) at or above Investment Grade (as defined below); *provided* that if the Company's Debt is then not rated by both Rating Agencies and is only rated by one of the Rating Agencies, the rating then given by that Rating Agency rating the Company's Debt shall be used (together, the *"Financial Tests"*); or, in the event neither of the Financial Tests is satisfied, if the Company prior to the effectuation of such assignment submits to the Port Authority the Consent Security Deposit (as defined below). As used in the preceding sentence, the term *"Tangible Net Worth"* shall mean the difference between the Company's total assets and the sum of (i) the Company's intangible assets and (ii) the Company's total liabilities; the term "Debt" shall mean all obligations of the entity which then is the Company that are evidenced by indebtedness which are considered or known as senior unsecured long-term indebtedness; the term "Grade" shall mean that evaluation of the quality of such Debt as determined by the Rating Agencies (as hereinafter defined); the term *"Rating Agencies"* shall mean Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. and/or Moody's Investors Service,

Inc. or, in the event of the cessation of business of either, another nationally recognized rating agency firm or firms which is in the business of evaluating the degree of financial risk associated with debt securities and makes such information available to the investment community and as may be designated as a rating agency at any such time during the term of the Port Authority Lease by the Port Authority; the term *"Investment Grade"* shall mean a Grade of "BBB-" or higher by Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. or "Baa3" or higher by Moody's Investors Service, Inc. or such other equivalent designation that any of such Rating Agencies may use publicly in the future to designate the relative investment qualities of debt securities and to differentiate between those investments that are investment grade and those that are not.

In the event that the Company becomes the possessor (surviving) corporation in a merger without the prior written approval of the Port Authority and neither of the Financial Tests is satisfied, the Company shall submit to the Port Authority within 15 days following such merger all appropriate information and documentation sufficient to allow the Port Authority to determine whether the Financial Tests are satisfied. Thereafter if the Port Authority determines that neither of the Financial Tests is satisfied, the Port Authority shall by written notice advise the Company of the same and the Company shall submit the Consent Security Deposit (as defined below) to the Port Authority not later than 15 business days following said notice from the Port Authority (the *"Consent Security Deposit Delivery Date"*).

The *"Consent Security Deposit"* shall mean an aggregate amount equal to (i) the sum of all of the monetary obligations (including without limitation rent, fees, and charges of any type whatsoever) payable to the Port Authority by the Company arising out of or in connection with or due from its activities, operations, leases, permits or other agreements at the Airport, during the 12 calendar month period immediately preceding the calendar month of the date of the merger, consolidation or assignment, such sum under this clause (i) being limited, however, to the aggregate of the three highest monthly totals of said monetary obligations for any three calendar months during said 12 calendar month period with said sum to be determined by the Port Authority; plus (ii) the sum of all of the monetary obligations (including without limitation rent, fees, and charges of any type whatsoever), if any, payable to the Port Authority by the entity with which the Company merges or consolidates or to which the Lease is assigned arising out of or in connection with or due to its activities, operations, leases, permits or other agreements, if any, at the Airport, during the 12 calendar month period immediately preceding the calendar month of the date of the merger, consolidation or assignment, such sum under this clause (ii) being limited, however, to the aggregate of the three highest monthly totals of said monetary obligations for any three calendar months during said 12 calendar month period, with said sum to be determined by the Port Authority. In the event the Consent Security Deposit is delivered, the terms, provisions and conditions governing the use of said Consent Security Deposit shall be set forth in the assumption instrument referred to therein.

Leasehold Mortgage and Reletting Rights

Notwithstanding the provisions of the Port Authority Lease limiting assignments and transfers of the Premises, the Company has the right (exercisable one time only) to execute the Leasehold Mortgage and to date, execute and deliver the same in accordance with the Port

Authority Lease. The Leasehold Mortgage may mortgage only the leasehold interest of the Company or of a permitted assignee in the permitted Premises under the Port Authority Lease; *provided, however*, that if an assignee is granting a Leasehold Mortgage, it also must have assumed all of the obligations of the Company under the Port Authority Consent and all of the obligations of the Company under the Company Guaranty to pay principal, interest, purchase price and premium on the Bonds. The Leasehold Mortgage may secure only the obligations of (i) the Company (including permitted successors) under the Company Guaranty to pay principal, interest, purchase price and premium on the Bonds and (ii) AMR (including permitted successors) under the AMR Guaranty to pay principal, interest, purchase price and premium on the Bonds.

Reletting Rights Effective Date Conditions. The Leasehold Mortgage will not be effective, (i) the lien created by the Leasehold Mortgage will not attach, (ii) the Leasehold Mortgagee will have no rights under the Leasehold Mortgage, (iii) the Leasehold Mortgage will not be executed, dated, delivered or recorded and (iv) the Reletting Rights will not be exercisable, unless all of the following conditions (the *"Reletting Rights Effective Date Conditions"*) are satisfied:

(a) the Port Authority shall have received from the Company certain certificates certifying that there has been substantial completion of the Redevelopment Work;

(b) the Redevelopment Work Completion Date shall have occurred;

(c) the Company shall have received from the Port Authority its certificate certifying that there has been substantial completion of the Redevelopment Work;

(d) the Company shall have spent not less than $850 million of qualified costs for the Redevelopment Work and the Company shall have received from the Port Authority either (i) an Audit Confirmation Notice (as defined below) confirming such expenditure or (ii) a Reliance Notice (as defined below) stating that it will rely on the Company's statement that it has spent such amount; and

(e) the Port Authority shall have received from the Company a certificate signed by a responsible officer of the Company certifying that the Premises contain not less than fifty-five aircraft loading and unloading gate positions of which at least thirty-five are to accommodate wide-body aircraft and of which at least two are to accommodate narrowbody aircraft, or such other number of aircraft gate positions as shall have been approved in writing by the Director of the Port Authority's Aviation Department.

The Leasehold Mortgagee shall, at such time it deems appropriate following receipt of the Company's notice to the Leasehold Mortgagee that the Reletting Rights Effective Date Conditions have been satisfied, with the Leasehold Mortgage attached thereto, record or present for recording the Leasehold Mortgage in the appropriate filing office as required by and in compliance with all applicable law.

Any dating, execution, delivery or recording of the Leasehold Mortgage prior to the satisfaction of all of the Reletting Rights Effective Date Conditions or in violation or contravention of any of the terms, provisions, covenants and conditions of the Port Authority Lease or the Port Authority Consent, including any recording of a form of the Leasehold Mortgage which is not the same as the form attached to the Port Authority Consent or any dating, executing, delivery or recording of the Leasehold Mortgage which is in violation of any term, covenant, condition, provision or representation in the Port Authority Lease or the Port Authority Consent (each a *"Wrongful Recording of the Leasehold Mortgage"*) will constitute a material breach of the Port Authority Lease by the Company and an event of default under the Port Authority Lease permitting the Port Authority to terminate the Port Authority Lease, in addition to any other rights or remedies the Port Authority may have, legal, equitable or otherwise, under the Port Authority Lease or otherwise; and any Wrongful Recording of the Leasehold Mortgage will not constitute the Leasehold Mortgagee as the leasehold mortgagee nor entitle the Leasehold Mortgagee to any of the Reletting Rights or rights thereunder or any other rights against the Port Authority Lease or the Premises or the Port Authority. The Company has agreed to cooperate with the Port Authority and promptly take any action requested or required by the Port Authority or required by applicable law to remove and discharge the Leasehold Mortgage and any lien created by such Wrongful Recording of the Leasehold Mortgage, including the execution and filing of all appropriate instruments; and the Company will ensure that its agreements with the Leasehold Mortgagee, including the Indenture and the Leasehold Mortgage, incorporate such provisions, including similar obligations of the Leasehold Mortgagee.

The right of the Port Authority to terminate the Port Authority Lease based on the Wrongful Recording of the Leasehold Mortgage will not be subject to the Reletting Rights of the Leasehold Mortgagee, and the Leasehold Mortgagee will not have any rights to cure such default by the Company.

For purposes of determining whether the Company has made an investment in the Redevelopment Work of not less than $850 million to meet the Reletting Rights Effective Date Conditions, the Port Authority will, within one year after it receives a certificate from the Company, not later than December 1, 2014, stating that it has spent at least $850 million of qualified costs for the Redevelopment Work, send to the Company, with a copy to the Leasehold Mortgagee, a written notice that either (i) a Port Authority audit confirms an investment in the Redevelopment Work by the Company of not less than $850 million (an *"Audit Confirmation Notice"*), or (ii) a Port Authority audit does not confirm an investment in the Redevelopment Work by the Company of not less than $$850 million or (iii) the Port Authority elects to rely on the Company's certificates as submitted by the Company to the Port Authority without completion of an audit (a *"Reliance Notice"*). If the Port Authority audit does not confirm an investment in the Redevelopment Work by the Company of not less than $850 million, the Company can submit additional certificates and the Port Authority will have a year from submission of any such certificates to confirm or disaffirm (or choose to rely on) such certificates.

Automatic Termination. The Leasehold Mortgage and the Reletting Rights will automatically terminate upon the earliest to occur of:

(a) the expiration, surrender or termination of the Basic Lease, except that the Leasehold Mortgage and the Reletting Rights (but only if the Leasehold Mortgage or Reletting Rights have not terminated pursuant to the provisions of the Port Authority Lease described in the immediately succeeding paragraphs (b) through (j) of this subheading, or for any other reason) will not terminate solely by reason of the termination of the Basic Lease if the City Attornment Agreement is effective upon termination of the Basic Lease, to the extent and for the period, if any, that the Fee Owner, pursuant to the terms of the City Attornment Agreement, recognizes the Leasehold Mortgage and the Reletting Rights;

(b) the expiration, surrender or termination of the Port Authority Lease, except that the Leasehold Mortgage and the Reletting Rights (but only if the Leasehold Mortgage has not terminated pursuant to any of the provisions of the Port Authority Lease described in the immediately preceding paragraph (a) of this subheading or in the immediately succeeding paragraphs (c) through (j) of this subheading) (i) will not terminate solely by reason of the termination of the Basic Lease if the City Attornment Agreement is effective upon termination of the Basic Lease, to the extent and for the period, if any, that the Fee Owner, pursuant to the terms of the City Attornment Agreement, recognizes the Leasehold Mortgage and the Reletting Rights and (ii) will not terminate solely due to a deemed termination of the Port Authority Lease solely due to the occurrence of a Triggering Event;

(c) the termination of the consent granted under the Port Authority Consent as to the Leasehold Mortgage;

(d) the termination, expiration or surrender (including, without limitation, discharge or release) of both of (i) the Company Guaranty (except that if payment obligations of the Company (including its permitted successors under the Company Guaranty) thereunder with respect to the payment of principal, interest, purchase price and premium on the Bonds remain outstanding and unpaid, then upon the date when there are no such payment obligations remaining outstanding and unpaid); and (ii) the AMR Guaranty (except that if payment obligations of AMR (including its permitted successors under the AMR Guaranty) thereunder with respect to the payment of principal, interest, purchase price and premium on the Bonds remain outstanding and unpaid, then upon the date when there are no such obligations remaining outstanding and unpaid);

(e) the date on which no Bonds are Outstanding;

(f) the expiration of the Reletting Election Period without the timely exercise by the Leasehold Mortgagee of its election to exercise its Reletting Rights by service of its Reletting Election Notice on the Port Authority in accordance with the terms set forth in Section 92;

(g) the date of any written notice given by the Leasehold Mortgagee stating that it will not exercise its Reletting Rights;

(h) the effective date of the letting, pursuant to Section 92, of the Premises (whether for the full term of the Port Authority Lease or otherwise) to a Qualifying Replacement Tenant, whether resulting from a foreclosure of the Leasehold Mortgage, the exercise by the Leasehold Mortgagee of its Reletting Rights, an assignment in lieu of foreclosure or otherwise without the occurrence of the Lease Assignment/Assumption Commencement Date;

(i) the effective date of a Lease Assignment/Assumption and Consent Agreement; and

(j) the expiration or earlier termination or cancellation of the Foreclosure Period.

The Leasehold Mortgagee may not assign or transfer the Leasehold Mortgage to any person other than a successor trustee. Each successor trustee will be obligated to hold the Leasehold Mortgage subject to all the terms and provisions of the relevant section of the Port Authority Lease as if it were the original Leasehold Mortgagee. The rights of the Leasehold Mortgagee, as leasehold mortgagee, are as specified in the Leasehold Mortgage and the Port Authority Lease and are subject to, controlled by and dependent upon the terms, covenants, conditions and provisions set forth in the Port Authority Lease and the Port Authority Consent.

Until the Leasehold Mortgage has terminated, without the prior written consent of the Leasehold Mortgagee, (a) no amendment may be made to the provisions of the Port Authority Lease concerning Reletting Rights; and (b) no amendment may be made to the Port Authority Lease that affects only a Qualifying Replacement Tenant, without affecting the Company.

Neither a Qualifying Replacement Tenant nor any other person purchasing or succeeding to the leasehold under the Port Authority Lease has any right to pledge or mortgage the leasehold under the Port Authority Lease or any portion of the Premises.

Election to Exercise Reletting Rights. On and after the Reletting Rights Effective Date, the Port Authority will send to the Leasehold Mortgagee a copy of each notice of default given under the Port Authority Lease at the same time as such notice is sent to the Company. The Leasehold Mortgagee may cure any default with respect to the Premises as if, and with the same force and effect, as though cured by the Company. However, the Port Authority is not required to deliver to the Leasehold Mortgagee any notice of termination based on a Wrongful Recording of the Leasehold Mortgage and the Leasehold Mortgagee has no rights to cure a Wrongful Recording of the Leasehold Mortgage.

If on or after the Reletting Rights Effective Date the Port Authority elects to terminate the letting of the Premises under the Port Authority Lease, then, except as otherwise provided in the Port Authority Lease with respect to a Wrongful Recording of the Leasehold Mortgage, the Port Authority shall at the same time send a copy of the written notice of such termination (the *"Notice of Termination"*) to the Leasehold Mortgagee (the *"Notice of Termination Service Date"*). The Notice of Termination shall specify the effective time and date of such termination (the *"Notice of Termination Effective Date"*), which date must not be before the 30th day

following the Notice of Termination Service Date, subject to extension as provided in the Port Authority Lease. The serving of the Notice of Termination on the Leasehold Mortgagee shall trigger the Reletting Rights and the period during which the Leasehold Mortgagee must elect whether to exercise the Reletting Rights (the *"Reletting Election Period"*) unless the Leasehold Mortgagee has previously exercised its Reletting Rights based on a Bonds Default or a Bankruptcy Rejection Date (as defined below).

The Leasehold Mortgagee has the right to extend the Reletting Election Period for two additional 30-day periods beyond the original Notice of Termination Effective Date, but only if the Leasehold Mortgage pays to the Port Authority the extension fees provided in the Port Authority Lease and described below. Under certain circumstances the Reletting Election Period will be deemed to commence on a date other than the Notice of Termination Service Date. Upon the occurrence of a Bonds Default (as defined below), the Reletting Election Period shall be deemed to commence on the date of such Bonds Default and, upon the occurrence of a Company Bankruptcy (as defined below), the Reletting Election Period shall be deemed to commence on the Bankruptcy Rejection Date. Prior to the end of the Reletting Election Period, the Leasehold Mortgagee must affirmatively elect whether it will exercise its Reletting Rights or its right to foreclose on the Leasehold Mortgage or have the Port Authority Lease assigned to a Qualifying Replacement Tenant.

A *"Bonds Default"* is defined as either (i) a failure to make payment of any and all amounts required when due for the payment of the principal, purchase price, premium or interest on the Bonds resulting in the occurrence and continuance of an event of default under and as defined in the Indenture, or (ii) a failure to make payment under the Guaranties with respect to the payment of any and all amounts required when due for the payment of the principal, purchase price, premium or interest on the Bonds, which failure has resulted in the occurrence and continuance of an event of default under and as defined in the Indenture; *provided, however,* if any of the foregoing arises out of an act or omission of the Leasehold Mortgagee, despite the payment of any such amounts to the Leasehold Mortgagee, then such event of default shall not be a Bonds Default.

A *"Bankruptcy Rejection Date"* is defined as the later of (x) the date set forth in the order of the relevant bankruptcy court as the effective date of the rejection by the Company (or deemed rejection) of the Port Authority Lease and (y) the actual date of such order by the relevant bankruptcy court.

Foreclosure Obligations. The Foreclosure Period will commence upon the delivery by the Leasehold Mortgagee to the Port Authority of the Reletting Election Notice and the payment of the amounts described below, and will continue for up to 270 days thereafter, but is extendable to up to an aggregate total maximum period of 720 days (subject to certain provisions which toll the running of the Foreclosure Period) under certain circumstances and upon meeting certain conditions and paying certain amounts as described below. The Leasehold Mortgage sets out the Reletting Rights of the Leasehold Mortgagee under the Leasehold Mortgage to obtain a Qualifying Replacement Tenant during the Foreclosure Period.

The Leasehold Mortgagee must pay, as a condition to the commencement of the Foreclosure Period, the following: (the *"Leasehold Mortgagee's Foreclosure Period Obligations"*) during the Foreclosure Period:

(a) All amounts due and owing to the Port Authority under the Port Authority Lease which have accrued for any and all periods up to the actual date of service on the Port Authority by the Leasehold Mortgagee of its Reletting Election Notice, *provided* that such service is duly and timely made in accordance with the terms and provisions of the Port Authority Lease (the *"Reletting Election Notice Service Date"*).

(b) All amounts due and owing by the Company to the Port Authority under the General Airport Agreement and any successor or replacement agreement or arrangement covering the payment of flight fees and fueling fees which have accrued for a period of sixty (60) days up to the Reletting Election Notice Service Date; to the extent such amounts have not been paid to the Port Authority by the Company or the Leasehold Mortgagee prior to the commencement of the Foreclosure Period.

After the initial commencement of the Foreclosure Period and at all times during the continuation of the Foreclosure Period, including any and all extensions thereof (and in addition to the other payments due to the Port Authority), the Leasehold Mortgagee must pay to the Port Authority the following amounts on a current basis (the *"Leasehold Mortgagee's Foreclosure Period Current Basis Payments"*), as and when due under the Port Authority Lease and under the General Airport Agreement (and any successor or replacement agreement or arrangement covering the payment of flight fees and fueling fees), to the extent such amounts are not paid by the Company:

(a) All amounts due and owing to the Port Authority under the Port Authority Lease on a current basis as the same become due and payable to the Port Authority under the Port Authority Lease commencing as of the first day of the Foreclosure Period.

(b) All amounts due and owing to the Port Authority by the Company under the General Airport Agreement and any successor or replacement agreement or arrangement covering the payment of flight fees and fueling fees on a current basis accrued on or after the commencement of the Foreclosure Period as the same become due and payable to the Port Authority commencing as of the first day of the Foreclosure Period to the extent such amounts have not been paid to the Port Authority by the Company or the Leasehold Mortgagee.

At all times during the Foreclosure Period, the Leasehold Mortgagee will use all reasonable efforts to preserve the value of the Premises until the Leasehold Mortgagee has possession of the Premises under the Port Authority Lease, and thereafter shall fulfill all obligations under the Port Authority Lease with respect to the preservation of the Premises. Immediately upon the commencement of the Foreclosure Period, the Leasehold Mortgagee will use commercially reasonable efforts to obtain a Qualifying Replacement Tenant for the Premises for the balance of the term under the Port Authority Lease or such lesser term as it proposes to lease, subject to the consent of the Port Authority.

Upon any commencement of the Foreclosure Period, the Leasehold Mortgagee will (to the extent permitted by law) promptly and diligently and in good faith commence and continue and seek to complete proceedings to foreclose upon the Leasehold Mortgage and, in the event the Company fails to vacate the Premises, seek eviction of the Company therefrom; *provided* that in the event the Leasehold Mortgagee continues diligently to continue and complete the foreclosure proceedings (including the eviction of the Company) and, through no fault of its own, is unable to complete foreclosure proceedings by the 90th day from the initial commencement of the Foreclosure Period, then, *provided* that not less than five days prior to the expiration of such initial 90-day period the Leasehold Mortgagee gives written notice to the Port Authority, the initial Foreclosure Period shall be deemed extended for up to an additional 90 days and shall expire on the earlier of (i) the Lease Assignment/Assumption Commencement Date or (ii) the 180th day from the initial commencement of the Foreclosure Period; *subject, however*, to the further condition that during the 91st to 180th days of the Foreclosure Period the Leasehold Mortgagee performs and pays all of the Leasehold Mortgagee's Foreclosure Period Obligations, including, without limitation, the payment to the Port Authority of the Leasehold Mortgagee's Foreclosure Period Current Basis Payments.

Extensions of Foreclosure Period. In the event the Leasehold Mortgagee, during the initial 90 days of the Foreclosure Period, commenced in good faith and thereafter at all times diligently continued proceedings to foreclose upon the Leasehold Mortgage (including the eviction of the Company), and the Leasehold Mortgagee, through no fault of its own, is unable to complete foreclosure proceedings by the 180th day from the commencement of the Foreclosure Period, then, *provided* that not less than five days prior to the expiration of such 180-day period the Leasehold Mortgagee gives written notice to the Port Authority, the Foreclosure Period shall be deemed extended for up to an additional 90 days and shall expire on the earlier of (i) the Lease Assignment/Assumption Commencement Date or (ii) 270th day from the initial commencement of the Foreclosure Period; *subject, however,* to the following further conditions:

(a) that during the 181st to 270th days of the Foreclosure Period, the Leasehold Mortgagee performs and pays all of the Leasehold Mortgagee's Foreclosure Period Obligations, including, without limitation, the payment to the Port Authority of all the Leasehold Mortgagee's Foreclosure Period Current Basis Payments; and

(b) that, unless the Foreclosure Period commenced solely on the basis of a Bonds Default and there has been no subsequent Notice of Termination Service Date or Bankruptcy Rejection Date (a *"Subsequent Non-Bonds Default"*), the Leasehold Mortgagee shall pay to the Port Authority for the 181st to 270th day period a Leasehold Mortgage Extension Fee in the amount of $8,090,000, payable in installments and subject to proration.

Unless each of the following conditions is satisfied prior to the 270th day of the Foreclosure Period, there shall be no further extension of the Foreclosure Period beyond the 270th day: (i) the Leasehold Mortgagee has previously identified and proposed to the Port Authority a proposed Qualifying Replacement Tenant pursuant to and in accordance with the terms and provisions of the Port Authority Lease, (ii) such proposed Qualifying Replacement Tenant meets all of the requirements for being approved, as determined by, and to the

satisfaction of, the Port Authority, and (iii) such proposed Qualifying Replacement Tenant, the Leasehold Mortgagee, the Company and the Port Authority have executed the Lease Assignment/Assumption and Consent Agreement subject to, and under which, such proposed Qualifying Replacement Tenant will become the Qualifying Replacement Tenant, commencing upon the successful completion by the Leasehold Mortgagee of the foreclosure and eviction proceedings prior to the expiration of the Foreclosure Period (if and as extended). The foregoing pre-conditions shall be in addition to the conditions set forth below which the Leasehold Mortgagee must satisfy with respect to each of the following additional extensions of the Foreclosure Period.

In the event the Leasehold Mortgagee, during the initial 90 days of the Foreclosure Period, commenced in good faith and thereafter at all times diligently continued proceedings to foreclose the Leasehold Mortgage and to evict the Company from the Premises and the Leasehold Mortgagee, through no fault of its own, was unable to complete foreclosure proceedings by the 270th day from the commencement of the Foreclosure Period and the pendency of the foreclosure proceedings in the State of New York is the sole impediment to such completion, then, *provided* that not less than five days prior to the expiration of such 270-day period the Leasehold Mortgagee gives written notice to the Port Authority, the Foreclosure Period shall be deemed extended for up to an additional 90 days and shall expire on the earlier of (i) the Lease Assignment/Assumption Commencement Date or (ii) the 360th day from the commencement of the Foreclosure Period; *subject, however*, to the following further conditions:

(a) that during the 271st to 360th day extension of the Foreclosure Period, the Leasehold Mortgagee performs and pays all of the Leasehold Mortgagee's Foreclosure Period Obligations, including without limitation the payment to the Port Authority of all the Leasehold Mortgagee's Foreclosure Period Current Basis Payments; and

(b) that, unless the Foreclosure Period commenced solely on the basis of a Bonds Default and there has been no Subsequent Non-Bonds Default, the Leasehold Mortgagee pays to the Port Authority for the 271st to 360th day extension a Leasehold Mortgage Extension Fee in the amount of $8,090,000, payable in installments and subject to proration.

In the event the Leasehold Mortgage, during the initial 90 days of the Foreclosure Period, commenced in good faith and thereafter at all times diligently continued proceedings to foreclose the Leasehold Mortgage and to evict the Company from the Premises and the Leasehold Mortgagee, through no fault of its own, was unable to complete foreclosure proceedings by the 360th day from the commencement of the Foreclosure Period and the pendency of the foreclosure proceedings in the State of New York is the sole impediment to such completion, then, *provided* that not less than five days prior to the expiration of such 360-day period the Leasehold Mortgagee gives written notice to the Port Authority, the Foreclosure Period shall be deemed extended for an additional period which shall expire on the earlier of (i) the Lease Assignment/Assumption Commencement Date or (ii) the 540th day from the initial commencement of the Foreclosure Period; *subject, however*, to the following further conditions:

(a) that during the 361st to 540th day extension of the Foreclosure Period, the Leasehold Mortgagee performs and pays all of the Leasehold Mortgagee's Foreclosure Period Obligations, including without limitation the payment to the Port Authority of the Leasehold Mortgagee's Foreclosure Period Current Basis Payments; and

(b) that, unless the Foreclosure Period commenced solely on the basis of a Bonds Default and there has been no Subsequent Non-Bonds Default, the Leasehold Mortgagee pays to the Port Authority for the 361st to 540th day extension a Leasehold Mortgage Extension Fee in the amount of $32,361,000, payable in installments and subject to proration.

In the event the Leasehold Mortgage, during the initial 90 days of the Foreclosure Period, commenced in good faith and thereafter at all times diligently continued proceedings to foreclose the Leasehold Mortgage and to evict the Company from the Premises and the Leasehold Mortgagee, through no fault of its own, is unable to complete foreclosure proceedings by the 540th day from the commencement of the Foreclosure Period and the pendency of the foreclosure proceedings in the State of New York is the sole impediment to such completion, then, *provided* that not less than five days prior to the expiration of such 540-day period the Leasehold Mortgagee gives written notice to the Port Authority, the Foreclosure Period shall be deemed extended for a final period which shall expire on the earlier of (i) the Lease Assignment/Assumption Commencement Date or (ii) the 720th day from the initial commencement of the Foreclosure Period; *subject, however*, to the following further conditions:

(a) that during the 541st to 720th day extension of the Foreclosure Period the Leasehold Mortgagee performs and pays all of the Leasehold Mortgagee's Foreclosure Period Obligations, including without limitation the payment to the Port Authority of all the Leasehold Mortgagee's Foreclosure Period Current Basis Payments; and

(b) that, unless the Foreclosure Period commenced solely on the basis of a Bonds Default and there is no Subsequent Non-Bonds Default, the Leasehold Mortgagee pays to the Port Authority for the 541st to 720th day extension a Leasehold Mortgage Extension Fee in the amount of $48,541,000, payable in installments and subject to proration.

In the event that the Foreclosure Period initially commences as a result solely of a Bonds Default, the Leasehold Mortgage Extension Fees will not be payable unless and until there occurs a Subsequent Non-Bonds Default. In the event of such Subsequent Non-Bonds Default the obligation of the Leasehold Mortgagee to pay to the Port Authority the Leasehold Mortgage Extension Fees commences as follows: (i) if the Subsequent Non-Bonds Default occurs during the initial 90 days of the Foreclosure Period the actual date of said Subsequent Non-Bonds Default will be treated as the first day of the Foreclosure Period and the Leasehold Mortgage Extension Fees commence on the 181st day following the Subsequent Non-Bonds Default at the rate applicable on the 181st day thereof; and (ii) if such Subsequent Non-Bonds Default occurs after the 90th day of the Foreclosure Period, the 90th day of the Foreclosure Period will be treated as the first day of the Foreclosure Period and the Leasehold Mortgage Extension Fees will, where the Subsequent Non-Bonds Default occurs between the 91st and the 270th days of

the Foreclosure Period, commence on the 271st day of the Foreclosure Period at the rate applicable on the 181st day thereof; and where the Subsequent Non-Bonds Default occurs between the 271st and the 720th days of the Foreclosure Period the Leasehold Mortgage Extension Fees will commence on the actual date of the Subsequent Non-Bonds Default at the rate applicable on the 90th day preceding such actual date.

For illustrative purposes only the following two examples of the foregoing are provided:

Example 1. If the Foreclosure Period commenced based on a Bonds Default only and the Subsequent Non-Bonds Default occurred on the 20th day after such commencement of the Foreclosure Period, the 20th day of the Foreclosure Period would be treated as day 1 for purposes of the determination of the applicable Leasehold Mortgage Extension Fee and the obligation of the Leasehold Mortgagee to pay to the Port Authority the Leasehold Mortgage Extension Fees would commence on the 200th day of the Foreclosure Period at the installment rate set forth above for (the 181st to 270th day period); alternatively, if the Subsequent Non-Bonds Default occurred on the 150th day after such commencement of the Foreclosure Period, the 90th day of the Foreclosure Period would be treated as day 1 and said 150th day would be treated as day 60 for purposes of the determination of the applicable Leasehold Mortgage Extension Fee and the obligation of the Leasehold Mortgagee to pay to the Port Authority the Leasehold Mortgage Extension Fees would commence 121 days thereafter (i.e. on the 271st day of the Foreclosure Period) at the installment rate applicable on the 181st day as set forth above (the 181st-270th days rate) and continue thereafter during the Foreclosure Period and payable on the first day of each 30-day period thereafter occurring during the Foreclosure Period at the installment rates applicable to the 271st to 360th day period, the 361st to 540th day period and the 541st to 720th day period.

Example 2. If the Foreclosure Period commenced based on a Bonds Default only and the Subsequent Non-Bonds Default occurred on the 70th day after such commencement of the Foreclosure Period, the 70th day of the Foreclosure Period would be treated as day 1 for purposes of the determination of the applicable Leasehold Mortgage Extension Fee and the obligation of the Leasehold Mortgagee to pay to the Port Authority the Leasehold Mortgage Extension Fees would commence on the 251st day of the Foreclosure Period at the installment rate set forth above for the 181st to 270th day period and continue thereafter during the Foreclosure Period and payable on the first day of each 30-day period thereafter occurring during the Foreclosure Period at the installment rates applicable to the 271st to 360th day period, the 361st to 540th day period and the 541st to 720th day period; alternatively, if the Foreclosure Period commenced based on a Bonds Default only and the Subsequent Non-Bonds Default occurred on the 600th day after such commencement of the Foreclosure Period, the 90th day of the Foreclosure Period would be treated as day 1 and the said 600th day would be treated as day 510 for purposes of the determination of the applicable Leasehold Mortgage Extension Fee and the obligation of the Leasehold Mortgagee to pay to the Port Authority the Leasehold Mortgage Extension Fees would commence on the 600th day of the Foreclosure Period at the installment rate which would be in effect on the 510th day at the 361st - 540th days rate and continue thereafter during the Foreclosure Period and payable on the first day of each 30-day period thereafter occurring during the Foreclosure Period at the 30-day installment rates applicable to the 361st to 540th day period and the 541st to 720th day period.

The failure of the Leasehold Mortgage to pay the Leasehold Mortgagee's Foreclosure Period Obligations when due shall result in the automatic cancellation of the Leasehold Mortgagee's Reletting Rights (and of any Foreclosure Period) and of the Leasehold Mortgage. The failure of the Leasehold Mortgagee to timely pay any of the Leasehold Mortgagee's Foreclosure Period Obligations or to fully and duly perform any of the Leasehold Mortgagee's Foreclosure Period Obligations shall result in the termination of the Foreclosure Period and the Reletting Rights and the Leasehold Mortgage automatically without any further act on the part of the Port Authority and any Notice of Termination previously stayed shall become fully effective. The failure of the Leasehold Mortgagee to pay any Leasehold Mortgage Extension Fee when due shall result in the automatic termination and non-extension of the Foreclosure Period and the automatic termination of the Leasehold Mortgage and the Reletting Rights without any further act on the part of the Port Authority and any Notice of Termination previously stayed shall become effective.

If the Foreclosure Period is terminated or expires and the Leasehold Mortgagee has failed to obtain a Qualifying Replacement Tenant for the Premises in accordance with the Port Authority Lease, the Reletting Rights and the Leasehold Mortgage shall terminate automatically and the Leasehold Mortgagee shall have no further rights or obligations with respect to reletting, the Port Authority's termination under the Notice of Termination shall be deemed effective with respect to the Premises and the Port Authority Lease with respect to the Premises shall be deemed terminated effective immediately on such expiration of the Foreclosure Period in accordance with the Port Authority Lease. The Port Authority, in addition to pursuing any or all of its rights and remedies under the Port Authority Lease, or otherwise, shall be entitled to elect to use, alter or demolish any of the improvements on the Premises free of any claim, right or interest of the Company, the Leasehold Mortgagee, the Agency or the Bondholders.

In the event of the occurrence of either the filing by the Company of a voluntary petition under the United States Bankruptcy Code or the filing of an involuntary petition against the Company under the United States Bankruptcy Code, and the pendency of proceedings pursuant thereto (a *"Company Bankruptcy"*), the Port Authority Lease provides for suspension of the Foreclosure Period.

In the event of the failure of the Leasehold Mortgagee to exercise its Reletting Rights by the timely service of its Reletting Election Notice and the payment to the Port Authority of the Leasehold Mortgagee's Foreclosure Period Commencement Payments in accordance with the Port Authority Lease, the Port Authority Lease and the letting of the Premises shall be deemed terminated, and the Port Authority, in addition to pursuing any or all of its rights and remedies under the Port Authority Lease, or otherwise, shall be entitled to elect to use, alter or demolish any of the improvements on the Premises free of any claim, right or interest of the Company or the Leasehold Mortgage.

Qualifying Replacement Tenant. No entity, party or person other than a Qualifying Replacement Tenant will be entitled to become the owner of or acquire any interest in the Port Authority Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure or as a result of the exercise by the Leasehold Mortgagee of its Reletting Rights or otherwise; and any entity, person or party proposed to become a Qualifying

Replacement Tenant (a *"Proposed Replacement Tenant"*) will become a Qualifying Replacement Tenant only if the Leasehold Mortgagee duly exercises its Reletting Rights. In determining whether to approve or disapprove a Proposed Replacement Tenant, the Port Authority will consider all relevant factors, including but not limited to, the following factors, but the Port Authority has agreed to analyze all such factors in a reasonable manner:

(a) whether the Proposed Replacement Tenant will be able to fulfill all of the Company's obligations under the Port Authority Lease with respect to the Premises throughout the balance of the term of the letting or such lesser term as it proposes to lease;

(b) whether the financial standing of the Proposed Replacement Tenant as of the effective date of its acquisition of the leasehold under the Port Authority Lease is sufficient, in the opinion of the Port Authority, to assure the Port Authority that the Proposed Replacement Tenant will be able to fulfill all of the Company's obligations with respect to the Premises under the Port Authority Lease throughout the balance of the term of the letting of the Premises or such lesser term as it proposes to lease (which determination may require the submission to the Port Authority of such security or guaranty in such form and amount as the Port Authority may find satisfactory and submission of such financial statements and other financial information as the Port Authority may require);

(c) whether the Proposed Replacement Tenant and any officer, director or partner thereof and any person, firm or corporation having an outright or beneficial interest in 20% or more of the monies invested in the Proposed Replacement Tenant, if said Proposed Replacement Tenant is a corporation or partnership, by loans thereto, stock ownership therein or any other form of financial interest (a *"Related Person"*) has as of the date of the proposed assignment/assumption a good reputation for integrity and financial responsibility and has not been convicted of or is not under current indictment for any crime and is not currently involved in material civil anti-trust or fraud litigation (other than as a plaintiff);

(d) whether the Port Authority has had any Unfavorable Experience (as defined below) with the Proposed Replacement Tenant, or any Related Person. *"Unfavorable Experience"* means any one or more of the following: (A) a material default by such Proposed Replacement Tenant or any such Related Person of any obligation (monetary or non-monetary) to the Port Authority; (B) any assertion made by such Proposed Replacement Tenant or any such Related Person against the Port Authority in any frivolous, false, malicious, or unsupportable claim, demand or allegation or suit or proceeding; (C) any act or omission of such Proposed Replacement Tenant or any such Related Person causing or resulting in any loss, damage or injury to the Port Authority or the imposition or threatened imposition of any fine or penalty on the Port Authority or the commencement or threatened commencement of any action, suit or proceeding against the Port Authority; (D) any failure or refusal of such Proposed Replacement Tenant or any such Related Person to comply with any law, governmental order, directive, ordinance or requirement, including without limitation, environmental

requirements, at any Port Authority facility; (E) any failure to comply with, or breach of, the Port Authority's Code of Ethics and Financial Disclosure by such Proposed Replacement Tenant or any such Related Person; or (F) any breach by such Proposed Replacement Tenant or any such Related Person of any fiduciary obligation, trust, confidence or other duty to the Port Authority or of any confidentiality agreement with the Port Authority;

(e) whether the Proposed Replacement Tenant or any Related Person is in conflict of interest, as defined under the laws of the States of New York and New Jersey or Port Authority policy, with any Commissioner of the Port Authority as of the date of the proposed assignment; and

(f) whether the Proposed Replacement Tenant or any Related Person has filed a voluntary petition in bankruptcy or has been adjudicated a bankrupt within five (5) years prior to the date of the proposed assignment.

The Proposed Replacement Tenant also must agree in the Lease Assignment/Assumption and Consent Agreement to pay all of the rentals, fees, charges and other amounts payable under and in accordance with the Port Authority Lease. The Proposed Replacement Tenant must use and occupy the Premises for the purposes set forth in the Port Authority Lease and agree in the Lease Assignment/Assumption and Consent Agreement to use and occupy the Premises in accordance with all of the terms and conditions of the Port Authority Lease.

No Proposed Replacement Tenant shall become a Qualifying Replacement Tenant, or have any right to possess, use or occupy the Premises, unless and until an assignment and assumption agreement, in the event of an assignment in lieu of foreclosure, or an assumption agreement, in the event of a foreclosure, whereby the Proposed Replacement Tenant, effective on a date prior to or simultaneously with the expiration of the Foreclosure Period, assumes the obligations of the Company as if it were the original tenant under the Port Authority Lease, has been executed by the Port Authority, the Company (except in the case of an assumption agreement, in the event of a foreclosure, in which case the signature of the Company shall not be required), the Proposed Replacement Tenant and the Leasehold Mortgagee (said fully executed agreement in either case, the *"Lease Assignment/Assumption and Consent Agreement"*).

In addition, no Port Authority consent will be granted to any Qualifying Replacement Tenant and no Proposed Replacement Tenant or any other entity, person or party shall become a Qualifying Replacement Tenant until either (i) the Leasehold Mortgagee or the Proposed Replacement Tenant has paid to the Port Authority in a single lump sum payment the full amount of the Deferred Reletting Fee (as defined below), or (ii) at the election of the Qualifying Replacement Tenant, in lieu of such single lump sum payment, the Qualifying Replacement Tenant has agreed to pay the Deferred Reletting Fee over time as additional rental, commencing as of the commencement date of the Lease Assignment/Assumption and Consent Agreement (the *"Lease Assignment/ Assumption Commencement Date"*).

The *"Deferred Reletting Fee"* is the amount derived by the following formula:

$$DRF = MA \times Y \times C$$

Where *"DRF"* is the Deferred Reletting Fee.

"MA" is an amount equal to the lesser of (i) the principal amount of Bonds issued (without taking into account any prepayments, redemptions or refundings) and (ii) $2,300,000,000.

"Y" is a fraction the numerator of which is the greater of (a) the number of full years remaining during the term of the Port Authority Lease as of the Reletting Election Notice Service Date and (b) five, and the denominator of which is the number of years between the closing date of the sale of the Series 2002 Bonds and the earlier of (x) the day preceding the 30th anniversary of the Redevelopment Work Completion Date and (y) December 21, 2036.

"C" is (i) 2% if the Foreclosure Period commenced because of a Bonds Default and no subsequent lease termination or Bankruptcy Rejection Date occurred during the Foreclosure Period, (ii) 3% if the Foreclosure Period commenced because of a termination of the Port Authority Lease or a Bankruptcy Rejection Date, and no Bonds Default subsequently occurred, or (iii) 4% if the Foreclosure Period commenced because of a Bonds Default and a termination of the Port Authority Lease or Bankruptcy Rejection Date subsequently occurred, or if the Foreclosure Period commenced because of a termination of the Port Authority Lease or Bankruptcy Rejection Date and a Bonds Default subsequently occurred.

Port Authority Right to Terminate Leasehold Mortgage. The Leasehold Mortgagee may not foreclose the Leasehold Mortgage or have the Company's interest assigned in lieu of such foreclosure unless at least 30 days prior to commencing such foreclosure or requesting such assignment in lieu of foreclosure the Leasehold Mortgagee has given the Port Authority written notice of its intention to foreclose or to have the Port Authority Lease assigned with respect to the Premises. Such notice is to state the principal amount of the Bonds then outstanding, the amount of accrued and unpaid interest thereon, and the per diem interest that will accrue on the principal amount of the Bonds then outstanding from and after the giving of such notice. The Port Authority has the right, following the giving of such notice by the Leasehold Mortgagee, to terminate the Leasehold Mortgage and thus prevent foreclosure of the Leasehold Mortgage by paying to the Trustee an amount equal to the principal amount of the Bonds outstanding, including per diem interest to the date of purchase.

Insurance

The Company has agreed to keep insured, to the replacement value thereof, all buildings, structures, improvements, installments, facilities and fixtures now or in the future located on the Premises against all risks of physical loss or damage (including flood and earthquake risks), to the extent set forth in the Port Authority Lease.

Damage to or Destruction of the Premises

If all, or any part of, the Premises is damaged by fire, the elements, the public enemy or other casualty, the Company has agreed to promptly remove all debris resulting from such damage from the Premises, and to the extent, if any, that the removal of debris under such circumstances is covered by insurance, such insurance proceeds will be made available to the Company and the Company will use such proceeds for such purpose.

If all, or any part of, the Premises is damaged by fire, the elements, the public enemy or other casualty, but not rendered untenantable or unusable for a period of 90 days, the Company has agreed to repair the Premises with due diligence in accordance with the plans and specifications for the Premises as they existed prior to such damage by and at the expense of the Company and if such damage is covered by insurance the proceeds of such insurance will be made available to and be used by the Company for such repair.

If all, or any part of, the Premises is destroyed or so damaged by fire, the elements, the public enemy or other casualty as to be untenantable or unusable for a period of 90 days, or if within 90 days after such damage or destruction the Company notifies the Port Authority in writing that in its opinion said Premises will be untenantable or unusable for a period of 90 days, then the Company shall proceed with due diligence to make the necessary repairs or replacements to restore such Premises in accordance with the plans and specifications for the Premises as the same existed prior to such damage or destruction; or, with the approval of the Port Authority, make such other repairs, replacements or changes as may be desired by the Company. If such destruction or damage was covered by insurance, the proceeds of such insurance shall be made available to and used by the Company for such restoration.

The obligation of the Company to repair or replace shall be limited to the amount of the insurance proceeds, *provided* the Company has carried insurance to the extent and in accordance with the Port Authority Lease. Any excess of the proceeds of insurance over the costs of the restoration shall be retained by the Port Authority.

Indemnity and Liability Insurance

The Company has agreed to indemnify and hold harmless the Port Authority, its commissioners, officers, employees and representatives from and against all claims and demands of third persons (including reimbursement of the Port Authority's costs and expenses, including legal expenses) including, but not limited to, claims and demands for death or personal injuries, or for property damages, arising out of a breach or default of any term or provision of the Port Authority Lease, or out of the use or occupancy of the Premises by the Company or by others with its consent, or out of any other acts or omissions of the Company, its officers, employees, guests, representatives, customers, contractors, invitees or business visitors on the Premises, or arising out of the acts or omissions of the Company, its officers and employees elsewhere at the Airport (excepting only claims and demands arising from the sole negligence of the Port Authority), including claims and demands of the City from which the Port Authority derives its rights in the Airport, for indemnification, arising by operation of law or through agreement of the Port Authority with the City.

The Company has agreed to maintain commercial general liability insurance, including premises-operations, products, completed operations, liquor liability and covering bodily injury, including death, and property damage liability, broadened to include, or equivalent separate policies covering, aircraft liability; commercial automobile liability insurance covering owned, non-owned and hired vehicles; environmental impairment liability insurance covering both gradual and sudden and accidental occurrences; and other liability insurance coverage, all with minimum limits, endorsements, limits on exclusions and other requirements as set forth in the Port Authority Lease.

Condemnation

Upon the acquisition by condemnation or the exercise of the power of eminent domain by any entity having a superior power of eminent domain of a permanent interest in all or any part of the Premises or of a permanent interest in all or any part of the public landing area, the Port Authority has agreed to purchase from the Company, and the Company has agreed to sell to the Port Authority, the Company's leasehold interest (excluding personal property) in the Premises, except that in the event of such an acquisition of less than all of the Premises, the Port Authority has agreed to purchase and the Company will be required to sell only so much of the Company's leasehold interest in the Premises as so acquired. The consideration to be paid by the Port Authority to the Company will be an amount equal to the unamortized redevelopment investment, if any, of the Company in the Premises or, in the event of an acquisition of a portion of the Premises, an amount equal to the unamortized redevelopment investment, if any, of the Company in the acquired Premises.

Remedies

The Company's obligations under the Port Authority Lease will survive a termination, cancellation or re-entry by the Port Authority and will remain in full force and effect for the full term of, or the letting under, the Port Authority Lease and the amount of damages or deficiency owed by the Company to the Port Authority shall be due and payable to the Port Authority to the same extent, at the same time and in the same manner as if no termination, cancellation, or re-entry had occurred. The Port Authority may maintain separate actions each month to recover the damage or deficiency then due or, at its option and at any time, may sue to recover the full deficiency less the proper discount, for the entire unexpired term.

The Port Authority, upon termination, cancellation or re-entry, may occupy the Premises or may relet the Premises, and has the right to permit any persons, firm or corporation to enter and use the Premises. Such reletting may be of only a part of the Premises or a part of the Premises together with other space, and for a period of time the same as or different from the balance of the term remaining under the Port Authority Lease and on terms and conditions the same as or different from those set forth in the Port Authority Lease. The Port Authority, upon termination, cancellation or re-entry, has the right to repair or to make structural or other changes in the Premises, including changes which alter the character of the Premises and the suitability of the Premises for the Company's purposes under the Port Authority Lease, without affecting, altering or diminishing the obligations of the Company under the Port Authority Lease.

APPENDIX G

SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY CONSENT AND THE LEASEHOLD MORTGAGE

The following is a brief summary of certain provisions of each of the Port Authority Consent and the Leasehold Mortgage and does not purport to be comprehensive or complete. Reference is made to the Port Authority Consent and the Leasehold Mortgage for the complete provisions.

Summary of Certain Provisions of the Port Authority Consent

In connection with the issuance of the Bonds by the Agency for the financing of the Redevelopment Work, the Company has requested the consent of the Port Authority to the Company Sublease, the IDA Lease Agreement and the Leasehold Mortgage. The Port Authority has agreed to give such consent under, and in accordance with the terms and provisions of, the Port Authority Consent.

General. The Port Authority Consent provides that:

(a) except as otherwise expressly set forth therein and described in paragraph (b) below, the fact that certain provisions of the Port Authority Consent, the Company Sublease, the IDA Lease Agreement and/or the Leasehold Mortgage refer to and/or incorporate the Port Authority Lease and/or provisions thereof will not limit or be deemed to have limited or in any way affected the rights and ability of the Company and the Port Authority to amend, supplement, delete or otherwise change the terms and provisions of the Port Authority Lease, including without limitation any provisions of the Port Authority Lease referred to or incorporated in the Company Sublease and the IDA Lease Agreement, and the Company and the Port Authority will be as free to amend, supplement, delete or otherwise change the terms and provisions of the Port Authority Lease or any of them as if the Port Authority Consent, the Company Sublease, the IDA Lease Agreement, the Indenture, the Leasehold Mortgage, the Guaranties, the Agreement Towards Entering Into a Lease, the New City/American Lease, the City Attornment Agreement and resolutions of the Agency authorizing the issuance of the Bonds had never been entered into and the Bonds had never been issued;

(b) until the Leasehold Mortgage is terminated as provided in the Port Authority Consent and described below in this Appendix G under "—Summary of Certain Provisions of the Port Authority Consent—*Termination of the Port Authority Consent With Respect to Leasehold Mortgage*":

(i) no amendment may be made to Section 92 without the prior written consent of the Leasehold Mortgagee; and

(ii) no amendment which only affects a Qualifying Replacement Tenant, without affecting the Company, may be made to the Port Authority Lease without the prior written consent of the Leasehold Mortgagee;

(c) except as otherwise expressly set forth in Section 92, neither the Port Authority Consent nor anything contained therein nor the Company Sublease, the IDA Lease Agreement, the Indenture, the Leasehold Mortgage, the Guaranties, the Agreement Towards Entering Into a Lease, the New City/American Lease, the City Attornment Agreement or any resolutions of the Agency authorizing the issuance of the Bonds nor anything contained therein will limit or affect or be deemed to have limited or affected the right of the Port Authority to terminate the Port Authority Lease;

(d) neither the Port Authority Consent nor anything contained therein nor the issuance of the Bonds will be or be deemed to be a waiver by or consent of the Port Authority to any breach or default of the Port Authority Lease; and

(e) neither the Port Authority Consent nor anything contained therein, nor the Company Sublease, the IDA Lease Agreement, the Indenture, the Leasehold Mortgage, the Guaranties, the Agreement Towards Entering Into a Lease, the New City/American Lease, the City Attornment Agreement or any resolutions of the Agency authorizing the issuance of the Bonds, nor the issuance of the Bonds (including the issuance of Bonds with a maturity extending beyond the expiration date of the Port Authority Lease), nor the completion of, nor failure to complete, the Redevelopment Work or any portion thereof, nor the expenditure of monies or Bond proceeds thereon, will grant or be deemed to have granted any rights whatsoever in the Company or any of the parties related to the Bond financing to an extension or renewal of the Port Authority Lease beyond the expiration date of the Port Authority Lease or such further expiration date as the Port Authority and the Company may agree upon, or (except as provided in the Agreement Towards Entering Into a Lease, the New City/American Lease or the City Attornment Agreement) to lease, use or occupy the Premises or any part thereof after the expiration or earlier termination or surrender of the Port Authority Lease, or to be reimbursed by the Port Authority for the Company's cost of completing the Redevelopment Work or any portion thereof.

No Extension of Basic Lease. The Port Authority Consent also provides that it does not obligate the Port Authority to extend the Basic Lease.

Covenants With Respect to the Leasehold Mortgage. Each of the Company, the Trustee, each Bondholder, AMR and the Agency agrees that the Leasehold Mortgage will not be enforceable prior to the Reletting Rights Effective Date and that it will not attempt to deliver, file, record or enforce the Leasehold Mortgage prior to the Reletting Rights Effective Date. Such parties also agree that only the Trustee has the right to record the Leasehold Mortgage after the Reletting Rights Effective Date and that any Wrongful Recording of the Leasehold Mortgage will constitute a material breach of the Port Authority Lease by the Company and an event of default under the Port Authority Lease permitting the Port Authority to terminate the Port Authority Lease in accordance with the provisions thereof, in addition to and without limiting

any other rights or remedies the Port Authority may have, legal, equitable or otherwise, under the Port Authority Lease, the Port Authority Consent or otherwise; and any such Wrongful Recording of the Leasehold Mortgage will not constitute the Trustee as the Leasehold Mortgagee nor entitle the Trustee to any of the Reletting Rights or any other rights thereunder or any other rights against the Port Authority Lease or the Premises.

Termination of the Port Authority Consent With Respect to Subleases. The Port Authority Consent provides that the consent granted thereunder as to the Company Sublease and the IDA Lease Agreement will automatically terminate and end, without notice to the Company or any of the Trustee, the Agency, AMR or any Bondholder, upon the earliest to occur of the following:

(a) the expiration, surrender or termination of the Basic Lease;

(b) the expiration, surrender or termination of the Port Authority Lease;

(c) the expiration or earlier termination of the Company Sublease;

(d) the expiration or earlier termination of the IDA Lease Agreement, as amended;

(e) the date on which no Bonds are Outstanding; or

(f) the date which is the earlier to occur of (i) the day immediately preceding the 30th anniversary of the Redevelopment Work Completion Date or (ii) December 21, 2036.

Termination of the Port Authority Consent With Respect to Leasehold Mortgage. The Port Authority Consent provides that the consent granted thereunder as to the Leasehold Mortgage and the Reletting Rights associated therewith will become null and void, and the consent granted thereunder as to the Leasehold Mortgage will automatically terminate and end, without notice to the Company or any of the Trustee, the Agency, AMR or any Bondholder, upon the earliest to occur of the following:

(a) the expiration, surrender or termination of the Basic Lease, except that the Leasehold Mortgage and the Reletting Rights (but only if the Leasehold Mortgage has not terminated pursuant to any of the provisions of the Port Authority Consent described in the immediately succeeding paragraphs (b) through (i) of this subheading, or for any other reason), will not terminate solely by reason of the termination of the Basic Lease if the City Attornment Agreement is effective upon termination of the Basic Lease, to the extent and for the period, if any, that the City, or its successor in interest, including, without limitation, any tenant under a lease for the Airport into which the City enters, but in any event excluding the Port Authority, its affiliates and their respective successors in interest (the *"Fee Owner"*), pursuant to the terms of the City Attornment Agreement, recognizes the Leasehold Mortgage and the Reletting Rights;

(b) the expiration, surrender or termination of the Port Authority Lease, except that the Leasehold Mortgage and the Reletting Rights (but only if the Leasehold Mortgage has not terminated pursuant to any of the provisions of the Port Authority Consent described in the immediately preceding paragraph (a) of this subheading or in the immediately succeeding paragraphs (c) through (i) of this subheading) (i) will not terminate solely by reason of the termination of the Basic Lease if the City Attornment Agreement is effective upon termination of the Basic Lease, to the extent and for the period, if any, that the Fee Owner, pursuant to the terms of the City Attornment Agreement, recognizes the Leasehold Mortgage and Reletting Rights and (ii) will not terminate solely due to a deemed termination of the Port Authority Lease solely due to the occurrence of a Triggering Event;

(c) the termination, expiration or surrender (including without limitation discharge or release) of both of (i) the Company Guaranty (except that if payment obligations of the Company (including its permitted successors as the guarantor thereunder provided each such permitted successor is then the lessee under the Port Authority Lease), thereunder with respect to the payment of principal, interest, purchase price or premium on the Bonds remain outstanding and unpaid, then upon the date when there are no such payment obligations remaining outstanding and unpaid); and (ii) the AMR Guaranty (except that if payment obligations of AMR (including its permitted successors as the guarantor thereunder) thereunder with respect to the payment of principal, interest, purchase price or premium on the Bonds remain outstanding and unpaid, then upon the date when there are no such obligations remaining outstanding and unpaid);

(d) the date on which no Bonds are Outstanding;

(e) the expiration of the Reletting Election Period without the timely and effective exercise by the Leasehold Mortgagee of its election to exercise its Reletting Rights by service of its Reletting Election Notice on the Port Authority in accordance with the terms set forth in Section 92;

(f) the date of any written notice given by the Leasehold Mortgagee stating its election not to exercise its Reletting Rights under the Leasehold Mortgage;

(g) the effective date of the letting, pursuant to Section 92, of the Premises (whether for the full term of the Port Authority Lease or otherwise) to a Qualifying Replacement Tenant, whether resulting from a foreclosure of the Leasehold Mortgage, the exercise by the Leasehold Mortgagee of its Reletting Rights, an assignment in lieu of foreclosure or otherwise without the occurrence of the Lease Assignment/Assumption Commencement Date;

(h) the Lease Assignment/Assumption Commencement Date; and

(i) the expiration or earlier termination or cancellation of the Foreclosure Period.

Defaults. The Port Authority Consent provides that any breach or default of any of the terms and conditions of the Port Authority Consent by the Company constitutes a material breach of the Port Authority Lease and permits the Port Authority to terminate the Port Authority Lease in accordance with its terms, unless the Company has cured such breach or default within 30 days after receipt of notice of default thereunder from the Port Authority (except where fulfillment of its obligations requires activity over a period of time, and the Company has commenced to perform whatever may be required for fulfillment within 30 days after receipt of notice and continues such performance without interruption except for causes beyond its control).

Summary of Certain Provisions of the Leasehold Mortgage

Subject to Port Authority Lease and Consent. The Leasehold Mortgage is given in accordance with, and pursuant to, subject to, controlled by and dependent upon, the Port Authority Lease, including without limitation Section 92 and the Port Authority Consent.

Mortgaged Property. Upon the satisfaction of the Reletting Rights Effective Date Conditions, the Company will execute, deliver and record the Leasehold Mortgage, creating a lien on the Company's interest in the Mortgaged Property. The *"Mortgaged Property"* consists of (a) the leasehold estate held by the Company in real and personal property under, and created by, the Port Authority Lease (including all holdover, month-to-month and statutory tenancies arising out of the Port Authority Lease), (b) all modifications, extensions and renewals of the Port Authority Lease and (c) all casualty and condemnation compensation or insurance payments to which the Company may become entitled and which are not required to be used for the rebuilding of the Premises or to be paid to or retained by the landlord under the Port Authority Lease or the City.

Leasehold Mortgage Default. The term *"Leasehold Mortgage Default"* has the meaning set forth herein under "SECURITY FOR THE BONDS—Leasehold Mortgage and Reletting—*Foreclosure of Leasehold Mortgage.*"

Remedies and Rights. At any time while a Leasehold Mortgage Default remains uncured, at the option of the Leasehold Mortgagee, to be exercised in accordance with the applicable provisions of the Indenture and Section 92, the Leasehold Mortgagee may pursue the following remedies:

(i) *Foreclosure.* The Leasehold Mortgagee may institute any one or more actions of mortgage foreclosure against the Mortgaged Property, or take such other action at law or in equity for the enforcement of the Leasehold Mortgage and realization on the security therein or elsewhere provided for, as the law may allow, and may proceed therein to final judgment and execution for payment of the obligations due under the Company Guaranty and the AMR Guaranty which are secured by the Leasehold Mortgage (the *"Secured Obligations"*), together with interest from the date of default at the rate then in effect under the Indenture, and all costs of suit and attorneys' fees and expenses. The Company, for itself and anyone claiming by, through or under it, agrees that the Leasehold Mortgagee shall in no manner, in law or in equity, be limited, except

as therein provided and as provided in Section 92, in the exercise of its rights in the Mortgaged Property or in any other security thereunder or otherwise appertaining to the Secured Obligations, whether by any statute, rule or precedent which may otherwise require said security to be marshaled in any manner, and the Company, to the extent permitted by law, for itself and others as described above, expressly waives and releases any right to or benefit thereof. The failure to make any tenant or subtenant a defendant to a foreclosure proceeding shall not be asserted by the Company as a defense in any proceeding instituted by the Leasehold Mortgagee to collect the Secured Obligations or any deficiency remaining unpaid after the foreclosure sale of the Mortgaged Property.

(ii) *Excess Monies.* Subject to, controlled by, and dependent upon Section 92, and the Port Authority Consent, the Leasehold Mortgagee may apply on account of the Secured Obligations any unexpended monies still retained by the Leasehold Mortgagee that were paid by the Company to the Leasehold Mortgagee or the Trustee in accordance with the Indenture (A) for the payment of, or as security for the payment of, taxes, assessments or other governmental charges, insurance premiums or any other charges or (B) to secure the performance of some act by the Company.

(iii) *Remedies Under Section 92.* Subject to, controlled by and dependent upon Section 92 and the Port Authority Consent, the Leasehold Mortgagee may pursue any remedies set forth in Section 92, including its right to relet the Premises, in accordance with and subject to Section 92.

(iv) *Other Remedies.* Subject to, controlled by and dependent upon Section 92 and the Port Authority Consent, the Leasehold Mortgagee shall have the right, from time to time, to bring an appropriate action to recover any sums required to be paid by the Company and/or AMR under the terms of the Company Guaranty and/or the AMR Guaranty, as they become due, without regard to whether or not any other liabilities shall be due, and without prejudice to the right of the Leasehold Mortgagee thereafter to bring an action of mortgage foreclosure, or any other action, for any default by the Company existing at the time the earlier action was commenced.

Performance of Obligations. The Company will perform all of its obligations under the Port Authority Lease (including without limitation its obligations under Section 92) and the Port Authority Consent and the IDA Lease Agreement notwithstanding the existence of the Leasehold Mortgage. The Company shall neither modify, amend, supplement or extend Section 92 of the Port Authority Lease, nor enter into any amendment of the Port Authority Lease which shall only affect a Qualifying Replacement Tenant without affecting the originally named Company, without the prior consent of the Leasehold Mortgagee in each case. The Company shall not enter into any termination agreement with respect to the Port Authority Lease, surrender the leasehold estate created by the Port Authority Lease nor abandon the Premises.

Release of Part of Mortgaged Property. If the Leasehold Mortgagee and the Port Authority wish to eliminate certain portions of the Premises from the Port Authority Lease, such property may be released from the Leasehold Mortgage in accordance with the provisions of the Leasehold Mortgage described in the two immediately succeeding paragraphs.

A *"Minor Release"* is a release of part of the Premises with respect to which, together with the parts of the Premises previously released, the Company certifies will not have a material adverse effect on the use of the remaining Premises as a passenger terminal facility comparable to the passenger terminal facility on the Premises immediately prior to such release. A Minor Release will be permitted only if (a) the Company has provided the Leasehold Mortgagee and the Agency with a certificate stating that such release meets the conditions described in the immediately preceding sentence and clauses (b) and (c) of this paragraph, (b) at the time of such Minor Release there exists no uncured Leasehold Mortgage Default or event which, with the passage of time or the giving of notice or both, would constitute a Leasehold Mortgage Default, (c) simultaneously with such release, the parcel which is the subject of such Minor Release shall be eliminated from the Port Authority Lease and (d) the Company shall have delivered to the Leasehold Mortgagee a Favorable Opinion of Bond Counsel.

A *"Major Release"* (any proposed release that is not a Minor Release) will be permitted only if the Company shall cause the conditions applicable to a Minor Release to be satisfied (other than the delivery of certification described in the first sentence of the immediately preceding paragraph), and shall pay to the Leasehold Mortgagee a release price equal to the amount that bears the same ratio to the then outstanding principal amount of the Bonds secured by the Leasehold Mortgage as the Allocable Revenues bear to the Total Revenues (each as defined below in this paragraph). The Company shall provide to the Leasehold Mortgagee an appraisal, engineering or similar consultant's report prepared by an independent nationally recognized airport engineering, traffic or consulting firm selected by the Company which shall specify the portion of the total annual revenues (the *"Total Revenues"*) attributable to the Premises which are reasonably estimated to be allocable to the proposed released property (the *"Allocable Revenues"*). In preparing such report, such consultant may look at historic or projected revenue amounts, or both, in its professional judgment.

Subordination; Creation of Liens and Indebtedness; Sale of Mortgaged Property. The lien of the Leasehold Mortgage is subordinate to the fee estate held by the City in the Premises and to the leasehold estate held by the Port Authority pursuant to the Basic Lease. Subject to, controlled by and dependent upon the Port Authority Lease and the Port Authority Consent, the Company shall not (x) create or suffer to be created any lien or charge upon or pledge of the Mortgaged Property or any part thereof except the lien, charge and pledge created by the Leasehold Mortgage and Permitted Encumbrances, (y) incur any indebtedness or issue any evidences of indebtedness, other than the Company Guaranty, secured by a lien on or pledge of the Mortgaged Property or (z) sell, convey, transfer, lease, mortgage or encumber the Premises or any part thereof except as specifically permitted under the Port Authority Lease, the Port Authority Consent, the IDA Lease Agreement, the Indenture and the Leasehold Mortgage, so long as the Leasehold Mortgage is in effect.

Defense of Leasehold Estate. The Company shall defend the leasehold estate of the Company in and to the Mortgaged Property and every part thereof for the benefit of the Holders of the Bonds, and the Company agrees to warrant and defend such leasehold estate against the claims and demands of all persons.

Term. Notwithstanding anything to the contrary contained in the Leasehold Mortgage, the Leasehold Mortgage shall terminate no later than 11:59 p.m. on December 31, 2015 unless (a) it has previously been terminated or (b) the Port Authority Lease is extended in accordance with its terms, in which event the Leasehold Mortgage shall continue in effect until 11:59 p.m. on the new current expiration date of the Port Authority Lease.

No City Approval. The Company and the Leasehold Mortgagee acknowledge and agree that the form of the Leasehold Mortgage has not been approved or consented to by the City.

APPENDIX H

SUMMARY OF CERTAIN PROVISIONS OF THE AGREEMENT TOWARDS ENTERING INTO A LEASE AND THE CITY ATTORNMENT AGREEMENT

The following is a brief summary of certain provisions of each of the Agreement Towards Entering Into a Lease and the City Attornment Agreement and does not purport to be comprehensive or complete. Reference is made to the Agreement Towards Entering Into a Lease and the City Attornment Agreement for the complete provisions.

Summary of Certain Provisions of the Agreement Towards Entering Into a Lease

General. The Agreement Towards Entering Into a Lease obligates the City, upon satisfaction of the conditions precedent specified therein and described in the next succeeding paragraph (i) to deliver, or cause to be delivered, to the Company on or before October 31, 2013 (subject to extension as provided therein, as it may be so extended, the *"Draft Delivery Date"*), a draft of a new lease or sublease for the Premises, and (ii) to negotiate or cause its designee to negotiate, in good faith, and to execute and deliver on or before December 31, 2014 (subject to extension as provided therein) a new lease or sublease of the Premises (which new lease or sublease is referred to in this Official Statement as the *"New City/American Lease"*).

Conditions Precedent. The obligation of the City to enter into the New City/American Lease is contingent upon the satisfaction of the following conditions precedent:

(a) No extension or renewal of the Basic Lease nor the entering into by the City and the Port Authority (directly or through one or more entities or affiliates) of a new lease of the Airport, whereby the term of the letting of the Airport to the Port Authority continues without interruption and is extended to a date subsequent to December 31, 2015 (such extended, renewed or new lease being herein referred to as the *"Extended Basic Lease"*), can have occurred, the stated expiration date of which is on or after the earlier to occur of (i) the day immediately preceding the 30th anniversary of the Redevelopment Work Completion Date and (ii) December 21, 2036 (such earlier date being herein referred to as the *"Maximum Port Authority Lease Expiration Date"*); or if an Extended Basic Lease shall have been entered into with a shorter stated expiration date, the Port Authority Lease shall have been extended to a date which is one day before such shorter stated expiration date of the Extended Basic Lease;

(b) The City cannot have transferred fee title and ownership of the Airport to the Port Authority or any affiliate thereof;

(c) All applicable governmental approvals for the New City/American Lease must have been granted;

(d) The Port Authority Lease cannot have terminated prior to the stated expiration date thereof (as it may have been extended) and the Company is in possession of the Premises as tenant under the Port Authority Lease; *provided, however,* that the Port

Authority Lease will not be deemed terminated solely because of a termination of the Basic Lease if the Fee Owner has recognized the Company as its direct tenant and the Company has attorned to the Fee Owner as its direct landlord pursuant to the City Attornment Agreement;

(e) No default or event which would permit termination of the Port Authority Lease or the exercise by the landlord of any dispossess remedy at law or equity or the commencement of the exercise of any Reletting Rights on notice or otherwise and no event of default and no Triggering Event (individually, a *"Port Authority Lease Event of Default"* and, collectively,, *"Port Authority Lease Events of Default"*) can have occurred which has not been remedied (*provided* that no waiver of the underlying circumstances thereof by the Port Authority will be effective without the City's consent);

(f) There cannot be outstanding any material default under the Port Authority Lease, or any event which, upon the giving of notice and/or the passage of time, would ripen into a Port Authority Lease Event of Default, nor can the Company have committed or permitted any act or omission which would have constituted a material default under the Port Authority Lease or a Port Authority Lease Event of Default had the Port Authority not waived such default, event or the underlying circumstance thereof without the City's written consent, which waiver may reasonably have a material adverse effect on the City, the Premises or the Airport at any time during the term of the New City/American Lease;

(g) No event of default can have occurred under the Indenture, the IDA Lease Agreement or any other document or instrument securing and/or evidencing the Bonds which has or could have resulted in an acceleration of any of the Bonds and which has not been remedied (other than an event of default caused solely by a wrongful failure of the Agency to perform any covenant, condition or agreement in the Indenture);

(h) The execution and delivery of the New City/American Lease, and the performance by the Company of its obligations thereunder, cannot constitute a breach of any covenant, representation or condition of the Port Authority Lease;

(i) The Project must have been completed, all of the Required Conditions must have been met and the Company must have invested at least (1) $283,000,000 by not later than December 21, 2003 and (2) $850,000,000 by not later than December 31, 2008 (through Bond proceeds or equity) in the Project (subject to *force majeure* delays in construction described in the Agreement Towards Entering Into a Lease, not to exceed four years in the aggregate);

(j) If improvements to the Premises have suffered major damage or destruction, such improvements must have been restored or the Company must be proceeding with due diligence to such restoration to the reasonable satisfaction of the City, *provided* that completion of the restoration at the Company's expense and to the reasonable satisfaction of the City must be a requirement and covenant of the Company in the New City/American Lease;

(k) No representation or warranty under the Agreement Towards Entering Into a Lease can have been false or incomplete in any material respect when made, nor can any event of default under the Agreement Towards Entering Into a Lease have occurred which remains uncured after the applicable cure period; and

(l) No Change in Control with respect to the Company can have occurred without the City's prior written consent. For purposes of the Agreement Towards Entering Into a Lease, "*Change in Control*" has the same meaning as in the Port Authority Lease except that wherever "20%" is used in the definition of Change in Control in the Port Authority Lease, it will be deemed to be "10%" for purposes of the Agreement Towards Entering Into a Lease.

Possession. The City will not be liable to the Company if the City is unable to deliver possession of the Premises or perform its obligations under the New City/American Lease because the Port Authority continues to use or occupy the Premises, or refuses to vacate or surrender the Airport, or any portion thereof, after the stated expiration of the Basic Lease.

Obligation to Pay Rent. The Company is obligated to pay all rent and impositions under the New City/American Lease notwithstanding any failure by the City to give possession of the Premises to the Company or to perform its obligations under the New City/American Lease if the City is unable to do so because the Port Authority continues to use, occupy or possess the Premises, or otherwise continues to use, possess or occupy or refuses to surrender or vacate the Airport, or any portion thereof, after the stated expiration or earlier termination of the Basic Lease.

Events of Default. The following constitute events of default under the Agreement Towards Entering Into a Lease:

(a) the Company's failure to observe or perform any of the terms, conditions, covenants or agreements of the Agreement Towards Entering Into a Lease or the City Attornment Agreement, and such failure continues for 30 days after receipt of written notice from the City, or if such failure cannot be remedied within 30 days, the Company's failure to proceed diligently to cure such failure;

(b) any material representation or warranty made by the Company therein is incomplete or incorrect in any material respect as of the time made or, with respect to continuing representations or warranties, as of the time to which it speaks;

(c) to the extent permitted by law, if the Company makes an assignment for the benefit of creditors;

(d) to the extent permitted by law, pursuant to the Bankruptcy Code, the Company files a voluntary petition, a petition is filed against the Company and an order for relief is entered, or the Company files a petition or an answer seeking, consenting to, or acquiescing in, any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future federal

bankruptcy code or any other present or future applicable federal, state or other bankruptcy or insolvency statute or law, or seeks, or consents to, or acquiesces in, or suffers the appointment of, any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the Company, or of all or any substantial part of its properties, or of the Premises or any interest of the Company therein, or the Company takes any membership, partnership or corporate action in furtherance of any action described in subparagraphs (c), (d), (e) or (h) of this paragraph;

(e) to the extent permitted by law, if within 60 days after the commencement of a proceeding against the Company seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future federal bankruptcy code or any other present or future applicable federal, state or other bankruptcy or insolvency statute or law, such proceeding has not been dismissed, or if, within 120 days after the appointment, without the consent or acquiescence of the Company, of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the Company, or of all or any substantial part of its properties, or of the Premises or any interest of the Company therein, such appointment is not vacated or stayed on appeal or otherwise, or if, within 120 days after the expiration of any such stay, such appointment is not vacated;

(f) if (i) the Port Authority Lease has been terminated prior to its stated expiration date (as it may have been extended), *provided, however,* that the Port Authority Lease will be deemed not to have been terminated solely because of a termination of the Basic Lease if the Fee Owner recognizes the Company as its direct tenant and the Company has attorned to the Fee Owner as its direct landlord pursuant to the City Attornment Agreement; (ii) a Port Authority Lease Event of Default has occurred which has not been remedied, *provided* that no waiver of the underlying circumstances thereof without the City's consent will be effective; (iii) there is outstanding a material default under the Port Authority Lease, or any other event, which upon the giving of notice and/or the passage of time could ripen into a Port Authority Lease Event of Default, *provided, however,* that the Company will have the right to cure such default or event under any applicable cure period, *provided* that no such cure period can extend beyond the Draft Delivery Date; or (iv) the Company commits or permits any act or omission which would constitute a material default under the Port Authority Lease or a Port Authority Lease Event of Default had the Port Authority not waived the same or the underlying circumstances thereof without the City's consent, which waiver may reasonably have a material adverse effect on the City, the Premises or the Airport at any time during the term of the New City/American Lease and which default or event is not, after notice from the City, remedied within the applicable time period permitted to cure such default or event under the Port Authority Lease, *provided, however,* that no such cure period can extend beyond the Draft Delivery Date;

(g) if an event of default occurs under the Indenture, the IDA Lease Agreement or any other document or instrument securing and/or evidencing any of the Bonds and has not been cured, remedied or waived;

(h) to the extent permitted by law, if the Company admits, in writing, that it is unable to pay its debts as such debts become due;

(i) if (i) a levy under execution or attachment is made against the Premises or any part thereof, the income directly attributable thereto, the Agreement Towards Entering Into a Lease or the rights created thereby and such execution or attachment is not vacated or removed by court order, bonding or otherwise within a period of 120 days from the Company's receipt of notice thereof; or (ii) a levy under execution or attachment in an amount equal to or greater than $250,000,000 is made against the Company or any of its properties (other than the Premises or any part thereof, the income therefrom or the rights created thereby) and such execution or attachment is not vacated, discharged, dismissed or removed by court order, bonding or otherwise within a period of 120 days from the Company's receipt of notice thereof;

(j) if (i) certain principals or officers of the Company fail to submit to or cooperate with any investigation or update as required by the Agreement Towards Entering Into a Lease, or (ii) the City determines pursuant to any such investigation or update that such principal or officer is a Prohibited Person, or (iii) any 10% or greater shareholder of the Company is an airline company, or is wholly or substantially owned directly or indirectly by one or more airline companies, that is not permitted to operate as such in the United States;

(k) if the Company fails to have invested, or fails to have caused to have been invested, at least (i) $283,000,000 by not later than December 21, 2003; and (ii) $850,000,000 by not later than December 31, 2008 (through Bond proceeds or equity) in the Project (subject to delays in construction caused by *force majeure*, which may not exceed four years in the aggregate);

(l) if the Company fails to complete the construction of the Project within the time provided in the Port Authority Lease; or

(m) if the Port Authority exercises its rights to terminate the Leasehold Mortgage by tendering payment to the Leasehold Mortgagee of the total amount (including principal and interest to the date of payment) of the Bonds then outstanding.

Remedies; Termination by the City. If an event of default occurs under the Agreement Towards Entering Into a Lease, the City, in addition to any other remedy available to it, may elect to proceed by appropriate judicial proceedings, either at law or in equity, to enforce performance or observance by the Company of the applicable provisions of the Agreement Towards Entering Into a Lease for breach thereof. If (i) subject to the rights of the Trustee as Leasehold Mortgagee pursuant to the Agreement Towards Entering Into a Lease with respect to an event of default thereunder occurring and continuing during the Mortgagee Rights Period (as hereinafter defined), an event of default occurs thereunder, or (ii) a Nonapproved Successor Lessee Event (as hereinafter defined) has occurred, or (iii) the City and the Company have entered into the New City/American Lease by December 31, 2014 (or such later date to which such date may be extended pursuant to the Agreement Towards Entering Into a Lease), or

(iv) the City and the Company have failed to enter into a New City/American Lease, then the City may, at its option, terminate the Agreement Towards Entering Into a Lease upon written notice to the Company, and the Agreement Towards Entering Into a Lease will expire and terminate upon delivery of such notice to the Company. If (a) an Extended Basic Lease has been entered into, the stated expiration date of which is on or after the Maximum Port Authority Lease Expiration Date, or (b) the City has transferred fee title and ownership of the Airport, including the Premises, to the Port Authority, or (c) by December 31, 2014 (or such later date to which such date may be extended pursuant to the Agreement Towards Entering Into a Lease), the New City/American Lease has not been fully executed and delivered as provided therein, then the Agreement Towards Entering Into a Lease will automatically expire and terminate without further notice.

A *"Nonapproved Successor Lessee Event"* means an event pursuant to which, without the prior written consent of the City (such consent, during the Mortgagee Rights Period, as hereinafter defined, not to be arbitrarily or capriciously withheld), any person, firm or entity becomes or has the right to become a Qualifying Replacement Tenant or otherwise has the right to become the owner of or acquire any interest in all or any portion of the Company's interest in the Port Authority Lease or the leasehold estate created thereby pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure or as a result of the exercise by the mortgagee of any reletting or surrender rights or otherwise or as the result of the purchase of a mortgage. *"Mortgagee Rights Period"* means the period of time between the Reletting Rights Effective Date, if any, and the first to occur of (i) the date of the redemption, cancellation, defeasance, discharge or payment of the Bonds, the repayment, or guarantee of repayment, of which has been secured by the Leasehold Mortgage, (ii) the date of termination, cancellation, extinguishment, ending, discharge or release of the lien or the instrument creating the lien (*e.g.* the Leasehold Mortgage), (iii) the termination, expiration or ending of the Reletting Rights, (iv) the date of termination or expiration of the Port Authority Lease (unless, with respect to a termination described in this clause (iv) such termination is solely the result of the termination of the Port Authority Lease, and the Fee Owner has recognized the Port Authority Lease pursuant to the City Attornment Agreement and the rights of the Company thereunder, including its right to mortgage its leasehold to secure repayment, or the guarantee of repayment, of the Bonds), and (v) the date of commencement of the New City/American Lease.

Upon any expiration or termination of the Agreement Towards Entering Into a Lease (whether on account of any reason permitted or enumerated by the Agreement Towards Entering Into a Lease) or by operation of law or equity, all rights of the Company, of any Leasehold Mortgagee, and of any person, firm or entity claiming by, through or under the Company or any Leasehold Mortgagee (including, without limitation, any City Approved Successor Lessee, as hereinafter defined), and all obligations of and restrictions on the City thereunder or by reason thereof, will terminate, except such as survive by their express terms and the City will have the right to dispose, convey, lease, assign or transfer the Premises or enter into any agreement to do so without any restriction or limitation on or liability to the City whatsoever (subject to the provisions of the New City/American Lease if the Agreement Towards Entering Into a Lease was terminated as described in clause (iii) of the second sentence of the second immediately preceding paragraph and subject to the provision described below in this Appendix G under "—Summary of Certain Provisions of the Agreement Towards Entering into a Lease—*Request*

for and Execution of New Agreement," if applicable upon a termination of the Agreement Towards Entering Into a Lease as described in clause (i) of the second sentence of the second immediately preceding paragraph).

A *"City Approved Successor Lessee"* means a Qualifying Replacement Tenant, who is not a Prohibited Person (or other person, firm or entity with whom or which the City will not then generally do business), approval of whom or which has been sought by the Leasehold Mortgagee at least 60 days prior to the appointment of such Qualifying Replacement Tenant, and written approval of whom or which has been given by the City and delivered to the Leasehold Mortgagee, it being understood and agreed that the City will not arbitrarily or capriciously withhold, or unreasonably delay (a period of less than 60 days after receipt of all reasonably relevant information being considered reasonable), its approval.

Leasehold Mortgagee's Termination Rights. The City and the Company agree that the Company will not be permitted to terminate the Agreement Towards Entering Into a Lease without the consent of the Trustee, as Leasehold Mortgagee, except for a termination by reason of failure of the City and/or the Company to negotiate, execute or deliver the New City/American Lease. The City will accept performance by the Trustee of any covenant, condition or agreement on the Company's part to be performed under the Agreement Towards Entering Into a Lease, except for the obligation to negotiate, execute and deliver the New City/American Lease, with the same force and effect as though performed by the Company, provided that such performance by the Trustee constitutes performance in full of such covenant, condition or agreement, with no allowances being made for the fact that the Trustee does not have possession of the Premises.

If, during the Mortgagee Rights Period, the Agreement Towards Entering Into a Lease is terminated solely by reason of an event of default thereunder (excluding a termination by reason of a failure of the City and/or the Company to negotiate, execute or deliver the New City/American Lease), the City will give prompt notice thereof to the Trustee as Leasehold Mortgagee. Such termination will not be effective until 30 days after delivery of such notice to the Trustee, and, if such event of default is capable of cure by the Trustee without possession of the Premises and the Trustee notifies the City in writing within such 30 day period of its intention to cure such event of default, then the Agreement Towards Entering Into a Lease will not terminate and the Trustee will then have 60 days to cure the event of default from the date it delivers such cure notice to the City. If the event of default is not cured within such 60 day period, the City may then terminate the Agreement Towards Entering Into a Lease with written notice to the Trustee and the Company.

Request for and Execution of New Agreement. If, within two years after the receipt of the City's notice to the Trustee as Leasehold Mortgagee as described in the immediately preceding paragraph that the Agreement Towards Entering Into a Lease has been terminated solely by reason of an event of default (other than by reason of the exception described in said paragraph), the Trustee requests the City to enter into a new agreement with a City Approved Successor Lessee (*provided* that during said two year period the Trustee has performed all of the Company's obligations under the Agreement Towards Entering Into a Lease and under Section 92 of the Port Authority Lease to the extent not performed by the Company), then,

within 60 days after the City has received such request, the City will execute and deliver a new agreement with the City Approved Successor Lessee. The new agreement will contain all of the covenants, conditions, limitations and agreements contained in the Agreement Towards Entering Into a Lease (including, without limitation, the obligation to enter into a new city attornment agreement) (with such reasonable modification thereof to reflect the fact that the new agreement and the new city attornment agreement are with a successor lessee as well as the fact that the Trustee as Leasehold Mortgagee no longer has any rights), *provided* that the City will not be deemed to have represented or covenanted that such new agreement or new city attornment agreement will be superior to claims of the Company, its other creditors or a receiver or trustee for the Company. In no event will the City be required to (A) enter into a new agreement or new city attornment agreement (i) after the date which is 90 days before the Draft Delivery Date or (ii) with any person, firm or entity which does not have possession of the Premises as tenant under the Port Authority Lease or (iii) if an event has occurred (other than the event giving rise to the termination of the original Agreement Towards Entering Into a Lease) which has or would permit (or would have permitted if the Agreement Towards Entering Into a Lease were still in effect) termination of the Agreement Towards Entering Into a Lease or such new agreement or new city attornment agreement or (iv) if the Mortgagee Rights Period has terminated or expired or (v) after a New City/American Lease has been entered into (even if the letting thereunder is not yet effective), or (B) enter into a new city attornment agreement after the Basic Lease has terminated.

The provisions described in the immediately preceding paragraph notwithstanding, the City will not be obligated to enter into a new agreement with a City Approved Successor Lessee unless the City Approved Successor Lessee (i) except in the case of an event of default described in subparagraph (b) (which is particular to the Company), subparagraphs (c) through (e), subparagraphs (g) through (j) and subparagraph (l) above in this Appendix H under "—*Events of Default*," promptly after receipt from the City of its statement of the default(s) required to be cured, cures all such default(s) (which are capable of being cured by someone other than the Company) then existing under the Agreement Towards Entering Into a Lease (as though the Agreement Towards Entering Into a Lease had not been terminated), or if such default is not capable of prompt cure, diligently prosecutes cure of such default, as applicable, and (ii) delivers to the City a statement, in writing, acknowledging that the City, by entering into such new agreement with such City Approved Successor Lessee will not have or be deemed to have waived any defaults or events of default then existing under the Agreement Towards Entering Into a Lease or existing immediately before termination of the Agreement Towards Entering Into a Lease (other than the defaults or events of default described in subparagraph (b) (which are particular to the Company), subparagraphs (c) through (e), subparagraphs (g) through (j) and subparagraph (l) above in this Appendix H under "—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease—*Events of Default*," which the City will be deemed to have waived as against the City Approved Successor Lessee but as to which the City's recourse will be against the Company), notwithstanding that any such defaults or event of default existed prior to the execution of such new agreement and that the breached obligations which gave rise to the defaults or event of default are also obligations under such new agreement.

Indictment. If any grand jury files an indictment charging the Company or certain principals or officers of the Company with having committed an intentional felony in connection

with the Project, or any related matter, then the City is required to convene a hearing. Such hearing will be held not less than 45 days after written notice has been given to the indicted party and the Company to determine whether it is in the best interest of the City to require the indicted party to assign its interest in the Agreement Towards Entering Into a Lease or in the Company.

Any failure of the indicted party, following a conviction, to assign its interest in the Agreement Towards Entering Into a Lease or in the Company to an assignee reasonably satisfactory to the City will be deemed a default by the Company under the Agreement Towards Entering Into a Lease. As used in this paragraph, an "*assignee reasonably satisfactory to the City*" means any person or entity who is (x) the Leasehold Mortgagee or (y) neither (i) a Prohibited Person nor (ii) controlled by, controlling, or under common control with an indicted party and who is either (A) a person or entity (including an affiliate of the indicted party) who is financially capable of performing the indicted party's obligations as set forth under the Agreement Towards Entering Into a Lease or (B) a Person (other than an affiliate of the indicted party) who is acting in a fiduciary capacity as an independent trustee for the benefit of the indicted party for the purpose of actively managing the Agreement Towards Entering Into a Lease or the indicted party's interest in the Company, as the case may be.

Disposition of the Airport. The City may (i) transfer, sell, lease, assign, grant, dispose of or license any interest in, and/or make alternative arrangements for the operation and/or management of all or any portion of, the Airport, including the Premises; *provided, however,* that if the Agreement Towards Entering Into a Lease has not terminated, such transferee, vendee, lessee, assignee, grantee, licensee, manager or operator will take its interest subject to the Agreement Towards Entering Into a Lease for the period thereof, and (ii) assign or delegate to another person or entity succeeding to the rights or interests of the City with respect to the Premises, without recourse, all or any rights and obligations of the City under the Agreement Towards Entering Into a Lease, *provided* that if the Agreement Towards Entering Into a Lease has not terminated, such person or entity succeeding to the rights or interests of the City takes its interest subject to the Agreement Towards Entering Into a Lease.

Covenants of the Company. The Company has agreed to take the Premises in "as-is" condition and waives any claim against the City on account of any physical defect or defect in title to the Premises. The City makes no representations or warranties during the term of the Agreement Towards Entering Into a Lease, nor does it make any representations or warranties in or during the term of the New City/American Lease, as to the condition or state of title with respect to the Premises, including, without limitation, the existence or non-existence of any liens or encumbrances or conditions or defects in title. The Company expressly agrees that it will take its leasehold interest under the New City/American Lease subject to the then existing state of title.

The Company has agreed that the City has been out of possession and control of the Airport, inclusive of the Premises, and that the Port Authority has been in possession and control of the Airport, since the commencement of the Basic Lease, and that such possession and control by the Port Authority will continue until the surrender by the Port Authority of the Airport to the City. Further, the Company stipulates and agrees that the Company has been in possession and control of Terminal 8 on the Premises since April 11, 1956 and of Terminal 9 on the Premises

since December 1, 1989 and that such possession and control will continue throughout the term of the Port Authority Lease and throughout the term of the New City/American Lease.

The Company has agreed that the City makes no representation or warranty of the legality of the use of the Premises for the purposes contemplated in the Port Authority Lease or in the Agreement Towards Entering Into a Lease, or that all discretionary or non-discretionary public approvals necessary for the City to execute and deliver the New City/American Lease have been obtained or that all procedures requisite to such execution and delivery have been satisfied. The Company has agreed that the City has made no representation or warranty (i) as to which, if any, public approvals are requisite to the execution and delivery of the New City/American Lease, and (ii) that any necessary public approvals have been obtained or are obtainable for the execution and delivery of the New City/American Lease.

The Company has agreed to and with the City that it will invest, or cause to have been invested, at least (i) $283,000,000 by not later than December 21, 2003; and (ii) $850,000,000 by not later than December 31, 2008 (through Bond proceeds or equity) in the Project (subject to delays in construction caused by *force majeure*, which may not exceed four years in the aggregate). The Company has further agreed that the development and construction of the Project will be financed only by (i) the Company's own equity, (ii) the Bonds and (iii) general corporate debt which is not secured by the Project.

The Company has agreed to cooperate in studies conducted by the City and with City proposals to mitigate impacts of the Project. The Company has represented that it has obtained an environmental liability policy providing environmental liability coverage for the period of construction of the Project and a pollution legal liability site policy for environmental liabilities at the Premises. The Company has covenanted to cause the City to be named as an additional insured on such policies. The Company has covenanted that it will comply with the terms and conditions of the Port Authority Lease relating to environmental matters at the Premises.

The City and the Company agree to cooperate in good faith with each other to obtain all applicable governmental approvals for the New City/American Lease, it being understood that such covenant and agreement on the part of the City is made, and such cooperation will be, solely in its proprietary capacity and not in its governmental capacity.

Indemnification. The Company has agreed to indemnify and hold the City harmless from and against any damages, expenses (including reasonable attorneys' fees) and liability arising from the claims of any broker, finder, consultant, person, firm or corporation, based upon or alleging negotiations, dealings or communications with the Company or its representatives.

The Company has agreed to indemnify and hold harmless the City and its officials, officers, agents, representatives and employees from and against any and all liabilities, claims, demands, penalties, fines, settlements, damages, costs, expenses and judgments (i) except for gross negligence or intentional misconduct on the part of the City, for personal injury or property damage in connection with, or arising out of events occurring on or at or in connection with, the Premises or the Agreement Towards Entering Into a Lease, including any liability which the City may have to the Port Authority on account of, or in connection with, the Agreement Towards

Entering Into a Lease, the City Attornment Agreement or the New City/American Lease or (ii) in connection with hazardous materials stored, transported, disposed of, released or present at the Premises.

Assignment by the Company. The Agreement Towards Entering Into a Lease may not be assigned, transferred, pledged or otherwise encumbered by the Company without the written consent of the City, which consent will be given or withheld in the City's sole and absolute discretion, *provided, however,* that the Agreement Towards Entering Into a Lease may be assigned in its entirety without such consent to any successor in interest of the Company who becomes tenant under the Basic Lease and which is or is to be a Scheduled Aircraft Operator (*provided* that such operator is not a Prohibited Person), and with or into which the Company has merged or consolidated, or which has succeeded to the assets of the Company or the major portion of its assets related to its air transportation system, but in any such event, such assignment will not take effect before the assignee is actually engaged in the business of scheduled transportation by aircraft, and *provided, further,* that such succeeding entity or purchaser satisfies the financial tests set forth in the Port Authority Lease and/or provides the consent security deposit to the Port Authority as required, and executes and delivers to the City an instrument in a form satisfactory to the City assuming the obligations of the Company as if it was the original party to the Agreement Towards Entering Into a Lease.

Mortgages Not Recognized. The City has not consented to the Port Authority Lease, the Port Authority Consent or Leasehold Mortgage, nor any other mortgage, lien, pledge, encumbrance or security interest in connection with the Port Authority Lease; none of the Port Authority Lease, the Port Authority Consent or the Leasehold Mortgage and no other mortgage, lien, pledge or encumbrance on or in connection with the Port Authority Lease will be effective with respect to, or will encumber or burden, any New City/American Lease, the estate or interest of the City in the Premises, or any property located thereon or therein, nor will the City be required to recognize or permit any of the foregoing. The foregoing does not limit the Fee Owner's obligations, if any, under the City Attornment Agreement to recognize the Company or to recognize a Qualified Mortgage in the circumstances and on the terms provided therein.

Summary of Terms of the New City/American Lease. The Agreement Towards Entering Into a Lease provides that the New City/American Lease will contain, among other terms, the following basic terms, and, at the option of the City or its designee, more particular and such additional terms and conditions as the City (or its designee) deems appropriate in good faith. All references to the City in the following section include any such designee.

- The New City/American Lease is to expire on the earlier of (i) the day immediately preceding the 30th anniversary of the Redevelopment Work Completion Date and (ii) December 21, 2036 (the "*Stated Expiration Date*").

- Ground rent is to be in the amount payable immediately prior to the expiration of the Port Authority Lease, increased annually, starting as of the commencement date of the New City/American Lease, by an amount equal to the greater of (a) 4% or (b) one-half of the increase in the consumer price index over the immediately preceding lease year. The Company is to pay to the City rent on improvements located at the Premises in the same

amounts as would have been payable under the Port Authority Lease if the Port Authority Lease had been extended and was still in effect, *provided however*, that such amount may not be less than the fair market rental, determined by appraisal, and abated, or escalated, by the same percentage by which rental would have been abated or escalated, if any, if the Port Authority Lease had been extended and was still in effect. The Company also is required to pay to the City all other rental of a type payable under the Port Authority Lease (including, without limitation, handling fees, and all rental associated with advertising, concessions, the retail program, and consumer services), in amounts not less than such amounts to be paid under the Port Authority Lease.

- If during the period of the New City/American Lease it is customary for ground tenants or ground subtenants of air passenger terminals at the Airport, or for persons otherwise having occupancy rights at terminals at the Airport which rights are of comparable magnitude as the Company, to pay real property taxes or to make payments in lieu of real property taxes, then the Company will pay (as rental or as otherwise directed by the City) to the City all real property taxes assessed and levied against the Premises or, if the Premises are exempt from the payment of real property taxes, payments in lieu thereof, in the full amount which would have been payable as real property taxes if the Premises were not exempt from real estate taxes. Similarly, if it is customary for such ground tenant, subtenant or person to pay any impositions (as described in the Agreement Towards Entering Into a Lease) or make payments in lieu thereof, the Company will pay said impositions or make payments in lieu thereof.

- The New City/American Lease is required to provide for appropriate rent abatement in the event of substantial restrictions on use or reduction in the size of the Premises, as a consequence of condemnation or governmental action over which the Company has no control.

- The Company will be required to comply with all applicable laws, including all building codes and permit requirements, all FAA rules and the City's rules respecting similar facilities at the Airport. The Company will be required to operate the property in a non-discriminatory manner and to continue the affirmative action program under applicable federal law and regulations. The Company also will be required to render the Premises legal for occupancy in accordance with applicable law within definitive time periods as set forth in the New City/American Lease.

- The Company will be required to repair, clean and maintain the Premises or cause them to be repaired, cleaned and maintained. At the City's option, condition surveys of the Premises will be performed by the Company, the frequency and scope of which, as well as the determination of a qualified third party to conduct the survey, to be negotiated by the parties in good faith and included in the New City/American Lease. The Company will be required to comply with all recommendations of such surveys and to be responsible for the cost of preparing such surveys.

- The New City/American Lease is to contain condemnation, casualty and destruction provisions, without limitation, that are then usual and customarily included in leases from the

City to a tenant for similar IDA bond-financed projects, including, without limitation, the City's agreement to make any insurance proceeds available to, at the City's option, either (a) restore the Premises or (b) if the New City/American Lease is terminated, retire or defease the Bonds.

- The New City/American Lease is to contain insurance and indemnity provisions and coverage amounts which are appropriate in the City's determination in good faith for the size and nature of the operations being conducted at the Premises as well as the City's potential liability or financial exposure. Such insurance and indemnity provisions to be included in the New City/American Lease are to be at least as protective of the City as such provisions are protective of the Port Authority in the Port Authority Lease, it being understood and agreed, however, that the City is not agreeing to such provisions and reserves the right to reject any of them in whole or in part. To the extent the insurance and indemnity provisions are more protective of the City than of the Port Authority in the Port Authority Lease, and the added cost thereof is prohibitive or, in the Company's good faith judgment, not reasonably supportable economically by the Project, the parties may treat the New City/American Lease negotiations as having failed after good faith efforts, thereby terminating the Agreement Towards Entering Into a Lease.

- The City has not consented to the Port Authority Lease, the Port Authority Consent or the Leasehold Mortgage, nor any other mortgage, lien, pledge, encumbrance or security interest in connection with the Port Authority Lease; none of the Port Authority Lease, the Port Authority Consent or the Leasehold Mortgage, and no other mortgage, lien, pledge or encumbrance on or in connection with the Port Authority Lease will be effective with respect to, or will encumber or burden, any New City/American Lease, the estate or interest of the City in the Premises, or any property located thereon or therein, nor will the City be required to recognize or permit any of the foregoing. The Company cannot sell, convey, transfer, mortgage, pledge, assign or sublet the leasehold or the Premises, except for assignments and sublets made with the City's prior written consent in its sole and absolute discretion. Notwithstanding the foregoing, and provided that (i) the Reletting Rights Effective Date has occurred under the Port Authority Lease, (ii) the Leaseholder Mortgage and/or the Reletting Rights have not terminated, expired or ended under the Port Authority Lease, and (iii) the Mortgagee Rights Period did not terminate or expire prior to the expiration of the Port Authority Lease, the City agrees not to unreasonably withhold its consent to a new leasehold mortgage and associated reletting rights in favor of the Trustee (who is not a Prohibited Person) negotiated in good faith as part of the negotiation for the New City/American Lease, it being understood that the City may in good faith have different, but reasonable, requirements than the Port Authority's requirements and/or may, at its option, insist on any or all of the provisions of the Leasehold Mortgage and Reletting Rights and on all or any of the protections afforded the Port Authority in connection with the Leasehold Mortgage and associated Reletting Rights or elsewhere. Any consent by the City to a leasehold mortgage, reletting rights or the exercise of such rights, will require payment of various fees to the City, including but not limited to those payments, in substantially the same terms and amounts, as set forth and defined in the Port Authority Lease as Deferred Reletting Fee or Deferred Reletting Fee Rental and Deferred Reletting Fee Payment Amount, Leasehold Mortgagee's Notice of Termination Effective Date First Extension Fees, Leasehold Mortgagee's Notice of

Termination Effective Date Second Extension Fees, and Leasehold Mortgagee's Foreclosure Period Payments including Leasehold Mortgagee's Foreclosure Period Commencement Payments, Leasehold Mortgagee's Foreclosure Period Current Basis Payments and Foreclosure Period Extension Fee (but defined for purposes of this Official Statement as the Leasehold Mortgage Extension Fee). The City may require fees as a condition of its approval of any proposed sublease. Reasonable exceptions for assignments to affiliates and as a result of mergers/consolidations will be included, it being understood that the City's provisions regarding Prohibited Persons and persons with whom the City will not generally do business will be adhered to at the City's option. Security deposits will be required for all assignments not meeting minimum financial conditions, to be specified in the New City/American Lease.

- The Company is not to permit a Change in Control (as defined in the New City/American Lease) of the Company without the City's prior written consent.

- Default provisions are to include, with respect to monetary defaults, a cure period of 20 days after receipt of written notice from the City and, with respect to non-monetary defaults (other than insolvency and bankruptcy types of defaults as to which there may be no notice or cure period), a cure period of 30 days after receipt of written notice from the City (which cure period, if such default, other than for bankruptcy or insolvency types of defaults, is not susceptible of cure within said 30-day period, may be extended to the extent necessary to complete such cure *provided* that the Company has commenced such cure within said 30-day period and diligently pursues such cure to completion). If the Company fails to cure any default within the applicable periods, the City will have the right, without limitation, to terminate the New City/American Lease.

- The Company will be required to seek to maximize its use of the air passenger facility at the Premises (based on then current levels at the Airport) and to seek to keep the Premises fully occupied and used.

- The City will have the right, but not the obligation, to sell and furnish to the Company, or cause to be sold and furnished to the Company, electricity, water and sewage services. If the same are not supplied by the City, the Company will be required to arrange for such services directly with the provider. The Company will be responsible for costs of all underground utilities affected by the Project and the cost of any additional capacities required to be installed by the City or its successors in connection with the Company's operations at, or use or possession of, the Premises.

- The Company will be required to comply with any applicable governmental or regulatory environmental requirements with respect to the operation of the Premises and with respect to any hazardous materials introduced in or on the Premises from and after the date on which possession of the Premises initially was delivered to the Company. The Company will be required to deliver to the City, prior to execution of the New City/American Lease, a complete environmental report with respect to the environmental condition of the Premises. The Company will be required to comply with all its environmental obligations contained in

the Port Authority Lease. The Company will be required to provide the City with an appropriate environmental indemnity.

- The Company will be required to operate a "premier world class" retail program, defined as one that consistently scores within the top ten percent of industry recognized surveys. If the Company has an asset manager or retains a developer of its concessions program, it will absorb all associated costs. In such event, the asset manager or developer and any of its affiliates may not operate or have an equity ownership in any concession at the Premises. The Company is required to deliver the Premises to all future concessionaires inclusive of utilities brought to the site and demising walls. The City and the Company will conduct an annual joint review of its comprehensive retail plan, including the determination as to appropriate modifications.

- The Company will be required to actively participate in any customer service initiatives that the City may undertake. The Company will be required to provide services at the Premises for the benefit of the traveling public in a manner consistent with any airport standards that are developed by the City in consultation with the airlines for first-class airport terminals. The Company will be required to cooperate with the City and other airlines serving the traveling public at the Airport in maintaining these airport standards through working groups and other means to be negotiated by the parties.

- The Company will ensure that during the term of the New City/American Lease, through the enforcement of contractual provisions and all other commercially reasonable efforts, the prices for goods at concessions and elsewhere, including food and beverage and retail items, at the Premises are not set at a premium and are the same as for those sold off the Premises in the City at comparable retail establishments (*i.e.*, "street pricing").

- To the extent not done prior to commencement of the New City/American Lease, the Company will be required to be responsible for relocating all underground utilities affected by its operations at, or use or possession of, the Premises and the cost of any additional capacities required to be installed. Utilities will be at the Company's expense and of a nature and from a source to be negotiated by the parties in light of the then existing utilities structure at the Airport.

- The Company has agreed to the construction and operation of a passenger station on the Premises. The Company will permit the construction of the station, connector and guideway structures on the Premises. The Company will provide and be responsible for the vertical circulation in or adjacent to the terminal and appropriate signage in the terminal and Premises which will be appropriate to the operation of AirTrain or any other means of mass transit to be developed for the Airport. The Company also agrees to use the system (or any such successor) when it is completed. Any changes to the station/connector design will be at the Company's expense.

- The New City/American Lease will contain conditions (waivable in the City's sole and absolute discretion) that must be satisfied by the Company at all times after execution and immediately prior to the effectiveness of the letting under the New City/ American Lease, it

being understood that such conditions will be substantially similar to the Conditions Precedent described in this Appendix H under "—Summary of Certain Provisions of the Agreement Towards Entering Into a Lease—*Conditions Precedent*" with such reasonably appropriate modifications and supplements as the City reasonably deems necessary in light of then existing circumstances.

Summary of Certain Provisions of the City Attornment Agreement

Pursuant to the City Attornment Agreement, the City and the Company have agreed that, in the event of a termination of the Port Authority Lease as described in the next succeeding paragraph, the Company will attorn to the Fee Owner and recognize the Fee Owner as its landlord, and the Fee Owner will accept such attornment, and the Port Authority Lease will continue as a direct lease between the Company and the Fee Owner in accordance with its terms. Such attornment will provide the Fee Owner with all rights of the Port Authority under the Port Authority Lease, and the Company will be obligated to the Fee Owner to perform all of the obligations of the Company thereunder. In addition, the Company will provide or cause to be provided to the Fee Owner all the rights and protections afforded the Port Authority (when it was lessor under the Port Authority Lease) under the Leasehold Mortgage and under the Port Authority Consent (collectively, the *"Mortgage and Consent Protections"*). Such attornment and Mortgage and Consent Protections will be effective and self-operative as of the date of the termination of the Port Authority Lease without the execution of any further instrument.

Subject to the other provisions of the City Attornment Agreement if the Basic Lease is terminated prior to its stated expiration date (as it may be extended), the Port Authority Lease will continue as a direct lease between the Company and the Fee Owner in accordance with its terms and the Port Authority Lease will not be deemed terminated for any purpose other than as regards the Port Authority (*provided* that at the time of the Basic Lease termination, unless waived by the City in its sole and absolute discretion, the Company is not a Prohibited Person and has not defaulted under the Port Authority Lease and no event exists which would permit the Port Authority to terminate the Port Authority Lease or to exercise any dispossess remedy, and *provided further* that the Company has possession of the Premises as tenant under the Port Authority Lease and no event has occurred which would permit the commencement of the exercise of the Reletting Rights on notice or otherwise and no Qualifying Replacement Tenant has been appointed and no Triggering Event has occurred). As of the date of termination of the Basic Lease and subject to the proviso of the immediately preceding sentence, the Fee Owner agrees that it will recognize the Port Authority Lease and the rights of the Company thereunder (including without limitation its rights to mortgage its leasehold as provided therein to secure repayment, or the guarantee of repayment, of the Bonds (a mortgage thus granted for such purpose being referred to herein as a *"Mortgage"*)) and to not disturb the Company's possession of the Premises.

Neither the Fee Owner, nor anyone claiming by, through or under the Fee Owner, will be (a) liable for any act or omission of any prior landlord under the Port Authority Lease except for acts or omissions that are then continuing and are subject to being cured by the Fee Owner; (b) subject to any counterclaims, offsets or defenses which the Company may have against the prior landlord under the Port Authority Lease; (c) bound by any advance payment of rent or other

charges payable under the Port Authority Lease or to any other person; (d) bound by any obligation, with certain exceptions, to make any payment to the Company under the Port Authority Lease; (e) bound by any modification or amendment of the Port Authority Lease which reduces the rent payable under the Port Authority Lease or any other charges payable thereunder or shortens or lengthens the term thereof, or otherwise adversely affects the rights of the landlord thereunder or amends the Reletting Rights or similar rights afforded to any mortgagee, unless the Fee Owner has given its written consent; (f) liable for any environmental hazards at the Premises; (g) obligated to repair or restore the Premises if a condemnation occurs; (h) subject to any cancellation or termination rights requiring payment by the landlord of a fee or penalty for such cancellation or termination, unless the Fee Owner voluntarily exercises such right for other than a casualty or condemnation; (i) obligated to recognize, permit or be subject to (A) any mortgage, lien, claim, encumbrance or security interest which is not a Qualified Mortgage (as defined below) or any rights or purported rights thereunder or (B) any Reletting Rights or similar type of rights other than by a Permitted Mortgagee (as defined below) in connection with a Qualified Mortgage held by such Permitted Mortgagee; or (j) obligated to recognize any rights of the Company, or anyone claiming by, through or under the Company (including without limitation, any mortgagee), after the earlier of (A) the stated expiration date of the Basic Lease and (B) the expiration date of the Port Authority Lease as described under the first paragraph under APPENDIX F—"SUMMARY OF CERTAIN PROVISIONS OF THE PORT AUTHORITY LEASE—Term," subject to earlier termination.

A "*Qualified Mortgage*" means a mortgage which is an IDA Mortgage (as defined below) (i) which by its terms does not extend to or affect, or represent a lien or encumbrance on, the estate or interest of the Fee Owner in the Premises or any property located therein or thereon, (ii) which includes a provision stating that "This instrument does not extend to or affect, or represent a lien or encumbrance on, the estate or interest of the fee owner of the premises that are the subject of this instrument or any property located therein or thereon, and in the event of any inconsistent provision in this instrument this provision shall prevail," (iii) is held by a Permitted Mortgagee, and (iv) under which the Port Authority, its successors and assigns (other than the Fee Owner), does not have any rights. A "*Permitted Mortgagee*" means The Bank of New York or another trustee who is not a Prohibited Person who has been appointed pursuant to and in accordance with the Indenture and to whom the prior Permitted Mortgagee has assigned or transferred the Qualified Mortgage. "*IDA Mortgage*" means a mortgage lien on all of the Company's interest in the Port Authority Lease and the leasehold estate created thereby which is (i) made to secure payment of all or any portion of the Bonds pursuant to the guaranty of payment thereof of the Company and the guaranty of payment thereof of AMR, (ii) which complies with the provisions described in clause (i) of the definition of Qualified Mortgage above and which includes the provision set forth in clause (ii) of the definition of Qualified Mortgage above, and (iii) in no event attaches to or encumbers the leasehold estate or is otherwise effective unless and until the Reletting Rights Effective Date has occurred. Further, to constitute an "*IDA Mortgage*" the lien will not attach or encumber the leasehold estate or otherwise be effective before the Reletting Rights Effective Date, if any, and will terminate and in no event extend beyond the Mortgagee Rights Period.

Upon the request of either the Company or the Fee Owner, the other party shall promptly execute and deliver to the requesting party an agreement or other instrument in recordable form

evidencing the recognition and attornment under the City Attornment Agreement and/or the Mortgage and Consent Protections.

Notwithstanding any other provision of the City Attornment Agreement, neither the Fee Owner (if the Fee Owner is the City) nor any of its agencies is required to recognize the Company or its otherwise permitted successor in interest as the City's direct tenant under the Port Authority Lease if the Company or such otherwise permitted successor in interest is a Prohibited Person.

The Fee Owner is not liable for damages or restitution to the Company if the Fee Owner is unable to deliver possession of the Premises or unable to perform its obligations under the Port Authority Lease because the Port Authority continues to use or occupy the Premises or refuses to vacate any portion of the Airport after the termination of the Basic Lease. Notwithstanding any failure by the Fee Owner to give possession of the Premises to the Company or to perform its obligations under the Port Authority Lease, the Company remains obligated to pay all rental and other charges to the Fee Owner and all impositions to the appropriate regulatory authority under the Port Authority Lease.

The City Attornment Agreement will automatically terminate if the Fee Owner has transferred fee title and ownership of the Airport, including the Premises, to the Port Authority, or any affiliate thereof, directly or indirectly, through one or more entities. Additionally, the City Attornment Agreement will terminate at the Fee Owner's option, upon written notice to the Company, upon any termination of the Agreement Towards Entering Into a Lease for any reason whatsoever, other than (i) solely because of the entry into a New City/American Lease or (ii) the entry into an Extended Basic Lease the stated expiration date of which is on or after the Maximum Port Authority Lease Expiration Date. Further, in the event the City Attornment Agreement survives the termination of the Agreement Towards Entering Into a Lease due solely to such entry into a New City/American Lease or Extended Basic Lease with an expiration date on or after the Maximum Port Authority Lease Expiration Date, the City Attornment Agreement will nevertheless terminate at the City's option upon notice to the Company if an event occurs thereafter which would have permitted termination of the Agreement Towards Entering Into a Lease or the City Attornment Agreement if the Agreement Towards Entering Into a Lease were still in effect, or an event occurs permitting termination (or constituting a failure of a condition to the effectiveness) of the New City/American Lease. Upon any termination of the City Attornment Agreement, all rights and obligations thereunder will terminate, and the City's right to dispose, convey, lease, assign or transfer the Premises or enter into any agreement to do so will not be restricted or limited by the City Attornment Agreement or any agreement or instrument entered into pursuant to or to evidence the terms of the City Attornment Agreement.

The City Attornment Agreement will inure to the benefit of the Fee Owner and the Company and their respective permitted successors in interest and their permitted successors and assigns and will be binding upon the successor in interest of the parties thereto and their permitted successors and assigns. Except as otherwise expressly described in this paragraph, the City Attornment Agreement cannot be assigned, transferred, pledged or otherwise encumbered by the Company without the written consent of the City, which consent will be given or withheld in the City's sole and absolute discretion, *provided, however*, that the City Attornment

Agreement may be assigned in its entirety without such consent to any successor in interest of the Company which becomes tenant under the Port Authority Lease and is or is to be a Scheduled Aircraft Operator, and with or into which the Company has merged or consolidated, or which has succeeded to the assets of the Company or the major portion of its assets related to its air transportation system, but in any such event, such assignment will not take effect before the assignee is actually engaged in the business of scheduled transportation by aircraft, and *provided, further*, that such succeeding entity or purchaser (whether it be the Company or any other entity or purchaser) satisfies the financial tests in the Port Authority Lease, and/or provides the consent security deposit as required, and executes and delivers to the City an instrument in a form satisfactory to the City assuming the obligations of the Company as if it was the original party to the City Attornment Agreement.

APPENDIX I

FORM OF OPINION OF BOND COUNSEL

July __, 2002

New York City Industrial
Development Agency
110 William Street
New York, New York 10038

Ladies and Gentlemen:

We have examined a record of proceedings of the New York City Industrial Development Agency (the *"Agency"*), a corporate governmental agency constituting a body corporate and politic and a public benefit corporation organized and existing under the laws of the State of New York, and other proofs submitted to us relative to the issuance and sale of the $120,000,000 New York City Industrial Development Agency Special Facility Revenue Bonds, Series 2002A (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Series 2002A Bonds"*) and $380,000,000 New York City Industrial Development Agency Special Facility Revenue Bonds, Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Series 2002B Bonds"* and collectively with the Series 2002A Bonds, the *"Series 2002 Bonds"*).

The Series 2002 Bonds are issued under and pursuant to (i) the New York State Industrial Development Agency Act (constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York), as amended, and Chapter 1082 of the 1974 Laws of New York, as amended (collectively, the *"Act"*); (ii) a Master Indenture of Trust, dated as of July 1, 2002 (the *"Master Indenture"*), as supplemented by a First Series Supplemental Indenture of Trust, dated as of July 1, 2002, with respect to the Series 2002A Bonds (the *"First Series Supplemental Indenture"*) and a Second Series Supplemental Indenture of Trust, dated as of July 1, 2002 with respect to the Series 2002B Bonds (the *"Second Series Supplemental Indenture"* and collectively with the Master Indenture and the First Series Supplemental Indenture, the *"Indenture"*), by and between the Agency and The Bank of New York (the *"Trustee"*); and (iii) resolutions of the Agency adopted on October 23, 2001 and November 23, 2001 authorizing the Series 2002 Bonds and certain actions relating thereto.

The Series 2002 Bonds are dated July 1, 2002 and are issuable as fully registered bonds, without coupons, in authorized denominations of $100,000 or any integral multiple of $5,000 in excess of $100,000.

The Series 2002 Bonds are subject to redemption prior to maturity, in the manner and upon the terms and conditions set forth in the Indenture.

The Series 2002 Bonds are being issued to provide funds to finance a portion of the cost of a project (the *"Project"*) which consists of (i) the demolition of Terminals 8 and 9 at John F. Kennedy International Airport in Queens, New York (the *"Airport"*) on land owned by the City (as hereinafter defined) (the *"Premises"*), and (ii) the acquisition, construction and equipping of a new approximately 2,000,000 square foot air passenger terminal together with related arrival and departure access ramps, parking facilities on the Premises and a passenger tunnel connecting Concourse C to the new terminal, all to be used and managed as a passenger facility located at the Airport by American Airlines, Inc., a Delaware corporation (the *"Lessee"*). The Series 2002 Bonds will also provide funds to reimburse the Lessee for the payment of such Project costs, to pay costs of issuance related to the Series 2002 Bonds and to fund applicable accounts of the Debt Service Reserve Fund.

The Airport is leased by the City of New York (the *"City"*) to The Port Authority of New York and New Jersey (the *"Port Authority"*) pursuant to an Agreement of Lease dated April 17, 1947, as amended and supplemented (the *"Basic Lease"*), by and between the City and the Port Authority. The Premises have been subleased by the Port Authority to the Lessee pursuant to an agreement of lease entered into as of August 1, 1976 being Port Authority Agreement No. AYB-085 as amended and supplemented and as further amended, supplemented, and restated in an Amended and Restated Lease (No. AYB-085R) dated December 22, 2000 between the Port Authority and the Lessee, as the same may now or hereafter be amended, modified or supplemented from time to time (the *"Port Authority Lease"*). The Lessee and the Agency have entered into a Company Sublease Agreement dated as of July 1, 2002 (the *"Company Sublease"*). Pursuant to the Company Sublease, the Lessee will sub-sublease to the Agency certain improvements located on the Premises (the *"Leased Facilities"*). The Leased Facilities consists of only the improvements which are to be made or acquired pursuant to the IDA Lease Agreement, dated as of July 1, 2002 by and between the Agency and Lessee (the *"IDA Lease Agreement"*), and financed with the proceeds of the Series 2002 Bonds and Additional Bonds (herein defined) issued from time to time under the Indenture (the *"Bonds"*). Pursuant to the IDA Lease Agreement the Agency has sub-sub-subleased to the Lessee the Leased Facilities, and has leased to the Lessee the systems, machinery, equipment and other tangible personal property acquired and installed or to be acquired and installed at the Leased Facilities as part of the Project and financed in whole or in part with the proceeds of the Bonds (the *"Facility Equipment"*). The Leased Facilities and the Facility Equipment are referred to collectively herein as the "Facility."

The Lessee will be obligated under the IDA Lease Agreement to make lease rental payments to the Trustee in an amount sufficient to pay the principal and purchase price of, redemption premium, if any, and interest on the Bonds, including the Series 2002 Bonds. The Indenture permits the issuance of additional bonds (the *"Additional Bonds"*) ranking on a parity with the Series 2002 Bonds, provided that the maximum principal amount of bonds issued under the Indenture shall not exceed $2,300,000,000. Payment of the principal and purchase price of, premium, if any, and interest on the Bonds (including the Series 2002 Bonds) issued under the Indenture will be guaranteed by the Lessee pursuant to a Guaranty dated as of July 1, 2002 from the Lessee to the Trustee (the *"Lessee Guaranty"*) and will also be guaranteed by AMR Corporation (*"AMR"*) pursuant to a Guaranty dated as of July 1, 2002 from AMR to the Trustee (the *"AMR Guaranty"*). The Bonds will be additionally secured pursuant to an Equipment

Security Agreement dated as of July 1, 2002 among the Agency, the Lessee and the Trustee (*"the Equipment Security Agreement"*).

We are of the opinion that:

1. The Agency has the right and power to enter into the Indenture, the IDA Lease Agreement, the Company Sublease and the Equipment Security Agreement, and the Indenture, the IDA Lease Agreement, the Company Sublease and the Equipment Security Agreement have been duly authorized, executed and delivered by the Agency, and, assuming due authorization, execution and delivery by the other parties thereto, are in full force and effect in accordance with their terms and are valid and binding upon the Agency and enforceable in accordance with their respective terms and no other authorization by the Agency for the Indenture, the IDA Lease Agreement, the Company Sublease or the Equipment Security Agreement is required.

2. The Indenture creates the valid pledge which it purports to create of the lease rentals payable or receivable under the IDA Lease Agreement and the moneys and securities from time to time held by the Trustee under the terms of the Indenture, subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.

3. The Agency has the right and power to authorize, execute and deliver the Series 2002 Bonds, and the Series 2002 Bonds have been duly authorized, executed and delivered by the Agency. The Series 2002 Bonds are valid and binding special obligations of the Agency, are enforceable in accordance with their terms and the terms of the Indenture and are payable as to principal and purchase price, redemption premium, if any, and interest from moneys on deposit in the funds and accounts maintained under the Indenture, all as provided in the Indenture. The Series 2002 Bonds are entitled to the benefit of the Indenture.

4. The Internal Revenue Code of 1986, as amended to the date hereof (the *"Code"*), imposes certain requirements that must be met subsequent to the issuance and delivery of the Series 2002 Bonds in order that interest on the Series 2002 Bonds be and remain not included in gross income for Federal income tax purposes. Pursuant to the Tax Certificate executed by the Lessee and the Agency dated the date hereof (the *"Tax Certificate"*), the Lessee has made certain representations, certifications and covenants relating to such non-inclusion in gross income. The IDA Lease Agreement and the Tax Certificate obligate the Lessee to do and perform all acts and things necessary and within its control to assure that interest on the Series 2002 Bonds not be included in gross income pursuant to Section 103 of the Code. Noncompliance with current requirements or future amendments may cause interest on the Series 2002 Bonds to be subject to federal income taxes retroactive to the date of issue of the Series 2002 Bonds, irrespective of the date on which such noncompliance occurs or is ascertained.

In our opinion, under existing statutes and court decisions, assuming continuing compliance by the Agency and the Lessee (and their successors) with the aforementioned covenants and the accuracy of the aforementioned representations and certifications, interest on the Series 2002 Bonds is not included in gross income for Federal income tax purposes, except that we express no opinion as to the exclusion from gross income of interest on any Series 2002

Bond for any period during which such Series 2002 Bond is held by a "substantial user" of the Facility or a "related person" within the meaning of Section 147(a) of the Code. Interest on the Series 2002 Bonds will be treated as a preference item to be included in calculating the alternative minimum taxable income for purposes of the alternative minimum tax imposed with respect to individuals and corporations.

The Series 2002 Bonds are initially offered to the public at a price less than the principal amount thereof payable at maturity. If the first price at which a substantial amount of the Series 2002 Bonds is sold in the initial offering to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) is less than the principal amount thereof payable at maturity, the difference between such price and principal amount constitutes original issue discount. We are of the opinion that original issue discount, as it accrues, is not includable in gross income for federal income tax purposes and is subject to the alternative minimum tax to the same extent as is interest on the Series 2002 Bonds. Original issue discount accrues over the term of the Series 2002 Bonds under the "constant yield method" described in regulations interpreting Section 1272 of the Code, with certain adjustments.

5. The interest (and accrued original issue discount) on the Series 2002 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including the City) and is exempt from all taxation directly imposed by or under the authority of said State except for transfer and estate taxes.

Except as stated in paragraphs 4 and 5 above, we express no opinion as to any other Federal or state tax consequences of the ownership or disposition of the Series 2002 Bonds.

We have examined one of the Series 2002 Bonds in fully registered form and, in our opinion, the form of said Series 2002 Bond is regular and proper.

Certain requirements and procedures contained or referred to in the Indenture and other relevant documents may be changed and certain actions may be taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of Bond Counsel. Furthermore, we express no opinion as to the impact of any such change or action on the tax-exempt status of interest on any Series 2002 Bond, if such change occurs or action is taken upon the advice or approval of Bond Counsel other than Winston & Strawn.

The foregoing opinions are qualified to the extent that the enforceability of the Series 2002 Bonds, the Indenture, the Basic Lease, the Port Authority Lease, the Company Sublease, the IDA Lease Agreement and the Equipment Security Agreement may be limited by bankruptcy, moratorium or insolvency or other laws affecting creditors' rights generally and by application of general rules of equity (regardless of whether such enforceability is considered in a proceeding at law or in equity). In addition, we express no opinion as to the severability of any provision of the Indenture, the Company Sublease, the IDA Lease Agreement or the Equipment Security Agreement in the event that the modification of the foregoing agreements resulting from

a severed provision constitutes a material change to the original intention of the parties to such agreements.

In rendering the foregoing opinions, we have assumed that each of the Basic Lease and the Port Authority Lease are in full force and effect. In rendering this opinion, we have not made any investigation of, do not express an opinion as to, and are not passing upon any matters relating to, title to the Facility.

In rendering the foregoing opinions, we have reviewed the opinions of Anne H. McNamara, Senior Vice President and General Counsel of AMR Corporation and American Airlines, Inc., dated the date hereof, as to certain matters relating to the Lessee and have assumed the due authorization, execution and delivery of the Company Sublease, the IDA Lease Agreement and the Equipment Security Agreement by the Lessee. We understand that you have received said opinions with respect to such matters.

In rendering the foregoing opinions, we have reviewed the opinion of Emmet, Marvin & Martin, LLP, counsel to the Trustee, dated the date hereof, as to certain matters relating to the Trustee and have assumed the due authorization, execution and delivery of the Indenture by the Trustee. We understand that you have received such opinion with respect to such matters.

Our opinions set forth herein are based upon the facts in existence and the laws in effect on the date hereof and we disclaim any obligation to update our opinions herein, regardless of whether changes in such facts or laws come to our attention after the delivery hereof.

Very truly yours,

BLUE SKY MEMORANDUM

$500,000,000*

New York City Industrial Development Agency
Special Facility Revenue Bonds
(American Airlines, Inc. John F. Kennedy International Airport Project)
$ 92,955,000* Series 2002A
$ 96,590,000* Series 2002B
$144,465,000* Series 2002C
$165,990,000* Series 2002D

Salomon Smith Barney Inc.
As Representative of the Underwriters

Ladies/Gentlemen:

This Memorandum relates to the requirements of the "Blue Sky" laws of the jurisdictions listed with respect to the above-referenced Bonds (hereinafter the *"Bonds"*). The Memorandum is based upon an examination of Section 18 of the Securities Act of 1933, as amended (*"Section 18"*) and of the securities laws of the several jurisdictions and the rules and regulations, where published, of the authorities administering such laws, all, as to such jurisdictions, as set forth in the CCH Blue Sky Law Reporter or upon informal interpretive advice or "no-action" letters obtained from certain securities commissions or their representatives relating to the Bonds or similar securities. It is noted, however, that the securities laws of certain jurisdictions provide that the burden of claiming an exemption is upon the person claiming the exemption and that informal interpretive advice and "no-action" letters are not necessarily binding upon a court of law.

We call attention to the fact that the authorities responsible for administering the securities laws of the various jurisdictions have broad discretionary powers with respect to the

*Preliminary, subject to change

offer and sale of securities, including the power to withdraw exemptions granted by the applicable statutes and the power to impose additional requirements with respect to securities offerings and the information which must be furnished by the proposed issuers and underwriters. This Memorandum is, of course, subject to any changes made in the securities laws of the jurisdictions by reason of such discretionary powers, to the extent that the same are not preempted by Section 18. Furthermore, we have not obtained any opinions from members of the bar of any jurisdiction or formal rulings from regulatory commissions or other administrative bodies or officials.

This Memorandum does not purport to cover the requirements under any of the laws of the jurisdictions enumerated herein with respect to the registration or licensing of dealers, brokers, salesmen, the form or substance of advertising or the legality of investments in the Bonds by any institutional investor which is subject to statutory or other restrictions as to its investments.

SECTION I

Sales by Persons Registered or Licensed as Dealers or Brokers

A.

In the following jurisdictions, no action need be taken to qualify the Bonds and the Bonds may be sold or offered to anyone therein. Such offers and sales may be made only by sellers which are registered or licensed appropriately as dealers, brokers, sales persona or sales agents within the applicable jurisdiction or who are properly exempted from such jurisdiction's registration of licensing requirements:

Alabama
Alaska
Arizona
Arkansas
California
Colorado
Connecticut
Delaware
District of Columbia
Florida
Georgia
Hawaii
Idaho
Illinois
Indiana
Iowa
Kansas
Kentucky
Louisiana
Maine
Maryland
Massachusetts
Michigan
Mississippi
Missouri
Montana
Nebraska
Nevada
New Jersey
New York
North Carolina
North Dakota
Ohio
Oklahoma
Oregon
Pennsylvania
Puerto Rico
Rhode Island
South Carolina
South Dakota
Tennessee
Texas
Utah
Vermont
Virginia
West Virginia
Wisconsin
Wyoming

B.

In the following jurisdictions, appropriate action is required by either the filing of notice and/or payment of fees before the Bonds may be sold or offered to anyone therein other than in exempt transactions. Pursuant to your request, no such action is being taken in these jurisdictions, therefore, no offers or sales of the Bonds may be made to anyone in these jurisdictions other than in exempt transactions. Such offers and sales may be made only by sellers which are registered or licensed appropriately as dealers, brokers, sales persona or sales agents within the applicable jurisdiction or who are properly exempted from such jurisdiction's registration of licensing requirements:

Minnesota	New Mexico	Washington
New Hampshire		

SECTION II

PERMISSIBLE SALES TO INSTITUTIONS AND BY PERSONS NOT REGISTERED OR LICENSED AS DEALERS OR BROKERS

In the following jurisdictions, except as noted, no action need be taken to qualify the Bonds and the seller need not be registered or licensed as a dealer or broker to offer for sale or sell the Bonds to the persons and institutions described in the footnotes, as well as to dealers or brokers registered or licensed in such jurisdictions, subject to the conditions, if any, set forth in the footnotes:

Alabama (1)
Alaska (2)
Arizona (3)
Arkansas (2)
California (4)
Colorado (5)
Connecticut (6)
Delaware (12)
District of Columbia (7)
Florida (8)
Georgia (9)
Hawaii (2)
Idaho (10)

Mississippi (2)
Missouri (2)
Montana (10)
Nebraska (18)
Nevada (19)
New Hampshire (34)
New Jersey (20)
New Mexico (21)
New York (22)
North Carolina (2)
North Dakota (35)
Ohio (23)
Oklahoma (36)
Oregon (24)
Pennsylvania (25)
Puerto Rico (26)
Rhode Island (27)
South Carolina (2)
South Dakota (28)
Tennessee (29)
Texas (30)
Utah (12)
Vermont (31)
Virginia (32)
Washington (37)
West Virginia (2)
Wisconsin (33)
Wyoming (2)

---

(1) Any bank, savings institution, credit union, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, or other financial institution or institutional buyer, whether the purchaser is acting for itself or in some fiduciary capacity.

(2) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, or other financial institution or institutional buyer, whether the purchaser is acting for itself or in some fiduciary capacity; *provided*, that any seller who is not registered as a dealer

or broker-dealer in the state has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(3) Any bank, savings institution, insurance company, agency or instrumentality of the United States or of a state, or any person a principal part of whose business consists of buying securities; provided, that any seller who is not registered as a dealer or broker-dealer in the state must have no place of business there and effects transactions therein exclusively with dealers.

(4) Any bank, savings and loan association, trust company, insurance company, investment company registered under the Investment Company Act of 1940, pension or profit-sharing trust (other than a pension or profit-sharing trust of the issuer, a self employed individual retirement plan or individual retirement account), or a wholly-owned subsidiary of any such institutional investor, or such other institutional investor or governmental agency or instrumentality as the Commissioner of Corporations may designate by rule, whether the purchaser is acting for itself or as trustee (the other institutional investors and governmental agencies or instrumentalities designated by the Commissioner by rule being any organization described in Section 501(c)(3) of the Internal Revenue Code, as amended December 29, 1981, which has total assets, including endowment, annuity and life income funds, of not less than $5,000,000 according to its most recent audited financial statement, any corporation with a consolidated net worth of not less than $14,000,000 according to its most recent audited financial statement, and any wholly-owned subsidiary of any such institutional investor, the federal government, any agency or instrumentality thereof, any corporation wholly-owned by the federal government, any state, city, city and county, or county, or any agency or instrumentality of a state, city, city and county, or county, or any state university or state college, and any retirement system for the benefit of employees of any of the foregoing public agencies); *provided*, that the purchaser represents that it is purchasing for its own account (or for such trust account) for investment and not with a view to or for sale in connection with any distribution of the security (any offer to resell or resale made in compliance with Rule 144A (17 CFR 230.144A) of the Securities and Exchange Commission being considered as not in connection with a distribution for this purpose); provided further, as to all of the foregoing, that any seller not registered as a broker-dealer in California has no place of business in California and either effects transactions exclusively with a broker-dealer or is a broker-dealer registered under the Securities Exchange Act of 1934 who has not previously had any certificate denied or revoked under the California Corporate Securities Law of 1968 or any predecessor statute and does not direct offers to sell or buy into California other than to broker-dealers and the institutional investors (other than self-employed individual retirement plans) or governmental agencies or instrumentalities listed above, or any offer to resell or resale of restricted securities made in compliance with Rule 144A (17 CFR 230.144A) of the Securities and Exchange Commission.

(5) Any broker-dealers licensed or exempt from licensing under the Colorado Securities Act (except when the seller is acting as a clearing broker-dealer for such broker-dealers); financial or institutional investors (*"financial or institutional investor"* means a

depository institution (*"depository institution"* means any of the following, whether acting for itself or others in a fiduciary capacity: a person that is organized or chartered, or is doing business or holds an authorization certificate, under the laws of a state or of the United States which authorize the person to receive deposits, including deposits in savings, share, certificate, or other deposit accounts, and that is supervised and examined for the protection of depositors by an official or agency of a state or the United States; and a trust company or other institution that is authorized by federal or state law to exercise fiduciary powers of the type a national bank is permitted to exercise under the authority of the comptroller of the currency and is supervised and examined by an official or agency of a state or the United States. The term does not include an insurance company or other organization primarily engaged in the insurance business); an insurance company; a separate account of an insurance company; an investment company registered under the federal Investment Company Act of 1940; a business development company as defined in the federal Investment Company Act of 1940; any private business development company as defined in the federal Investment Advisers Act of 1940; an employee pension, profit-sharing, or benefit plan if the plan has total assets in excess of five million dollars or its investment decisions are made by a named fiduciary, as defined in the federal Employee Retirement Income Security Act of 1974, that is a broker-dealer registered under the federal Securities Exchange Act of 1934, an investment adviser registered or exempt from registration under the federal Investment Advisers Act of 1940, a depository institution, or an insurance company; an entity, but not an individual, a substantial part of whose business activities consist of investing, purchasing, selling, or trading in securities of more than one issuer and not of its own issue and that has total assets in excess of five million dollars as of the end of its latest fiscal year; a small business investment company licensed by the federal small business administration under the federal Small Business Investment Act of 1958; and any other institutional buyer); and individuals who are existing customers of the broker-dealer and whose principal places of residence are not in this state; provided, seller is registered as a broker-dealer under the federal Securities Exchange Act of 1934 and has no place of business in this state.

(6) Any state bank and trust company, national banking association, savings bank, savings and loan association, federal savings and loan association, credit union, federal credit union, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, as amended, pension or profit-sharing trust, or other financial institution or institutional buyer, whether the purchaser is acting for itself or as a trustee; *provided*, that any seller who is not registered as a broker-dealer in Connecticut has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(7) Any financial or institutional investor (*"financial or institutional investor"* means any of the following, whether acting for itself or others in a fiduciary capacity: a depository institution (*"depository institution"* means: a person that is organized, chartered, or holding an authorization certificate under the laws of a state or of the United States to receive deposits, including a savings, share, certificate or deposit account, and that is supervised and examined for the protection of depositors by an official or agency of a

state or the United States; a trust company or other institution that is authorized by federal or state law to exercise fiduciary powers of the type a national bank is permitted to exercise under the authority of the Comptroller of the Currency and is supervised and examined by an official or agency of a state or the United States; and "*depository institution*" does not include an insurance company or other organization primarily engaged in the insurance business, or a Morris Plan bank, industrial loan company, or a similar bank or company unless its deposits are insured by a federal agency); an insurance company; a separate account of an insurance company; an investment company registered under the Investment Company Act of 1940; a business development company as defined in the Investment Company Act of 1940; an employee pension, profit-sharing or benefit plan if the plan has total assets in excess of $5 million, or if investment decisions are made by a named fiduciary, as defined in the Employee Retirement Income Security Act of 1974, that is either a broker-dealer registered under the Securities Exchange Act of 1934, an investment adviser registered or exempt from registration under the Investment Advisers Act of 1940, a depository institution, or an insurance company; a "qualified institutional buyer" as defined in SEC Rule 144A; a broker-dealer; an accredited investor as defined in SEC Rule 501(a); a limited liability company with net assets of at least $500,000; and any other financial institution or institutional buyer; *provided*, that the seller has no place of business in the District of Columbia and effects transactions therein exclusively with the foregoing classes of purchasers.

(8) Any bank or trust company, savings institution, insurance company, investment company as defined by the Investment Company Act of 1940, or pension plan or profit-sharing trust, or qualified institutional buyer as defined by rule of the Department of Banking and Finance in accordance with Securities and Exchange Commission Rule 144A (17 C.F.R. 230.144(A)(a)), whether any of such entities is acting in its individual or fiduciary capacity; *provided* that such offer or sale of securities is not for the direct or indirect promotion of any scheme or enterprise with the intent of violating or evading any provision of the Florida Securities and Investor Protection Act.

(9) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, as now or hereafter amended, real estate investment trust, small business investment corporation, pension or profit-sharing plan or trust, or other financial institution, whether the purchaser is acting for itself or in some fiduciary capacity.

(10) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, qualified institutional buyer under SEC Rule 144A, or other financial institution or institutional buyer, whether the purchaser is acting for itself or in some fiduciary capacity.

(11) Any corporation, bank, savings bank, savings institution, savings and loan association, trust company, insurance company, building and loan association, pension fund or pension trust, employees' profit-sharing trust, other financial institution (including, but not limited to, a manager of investment accounts on behalf of other than natural persons

who, with affiliates, exercises sole investment discretion with respect to such accounts; *provided*, that such accounts exceed 10 in number and have a fair market value of not less than $10,000,000 at the end of the calendar month preceding the offering of the securities) or institutional investor (including, but not limited to, any investment company, university, or other organization whose primary purpose is to invest its own assets or those held in trust by it for others; trust accounts and individual or group retirement accounts in which a bank, trust company, insurance company or savings and loan institution acts in a fiduciary capacity; and foundations and endowment funds exempt from taxation under the Internal Revenue Code, a principal business function of which is to invest funds to produce income in order to carry out the purpose of the foundation or fund), any government or political subdivision or instrumentality thereof, whether the purchaser is acting for itself or in some fiduciary capacity; or any partnership or other association engaged as a substantial part of its business or operations in purchasing or holding securities, or any trust in respect of which a bank or trust company is trustee or co-trustee; or any employee benefit plan within the meaning of Title I of ERISA if (i) the investment decision is made by a plan fiduciary as defined in Section 3(21) of ERISA and such plan fiduciary is either a bank, savings and loan association, insurance company, registered investment adviser or an investment adviser registered under the Investment Advisers Act of 1940 or (ii) the plan has total assets in excess of $5,000,000 or (iii) in the case of a self-directed plan, investment decisions are made solely by persons that are described in this paragraph; any entity in which at least 90% of the equity is owned by (i) persons described above, (ii) any natural person who has, or is reasonably believed to have, a net worth or joint net worth with that person's spouse, at the time of the offer, sale or issuance, in excess of $1,000,000 or any natural person who had, or is reasonably believed to have had, an individual income or joint income with that person's spouse, in excess of $200,000 in the current year or any entity that is not a natural person and in which at least 90% of the equity interest is owned by natural persons described in this clause (ii), and (iii) directors, executive officers or general partners of the issuer of the securities being sold; or any plan established and maintained by, and for the benefit of the employees of, any state or political subdivision or agency or instrumentality thereof if such plan has total assets in excess of $5,000,000; or any organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, any Massachusetts or similar business trust, or any partnership, if such organization, trust, or partnership has total assets in excess of $5,000,000.

(12) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, or other financial institution or institutional buyer, whether the purchaser is acting for itself or in some fiduciary capacity; *provided*, that any seller who is not registered as a dealer or broker-dealer in the state has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers. "Institutional buyer" includes qualified institutional buyers under SEC Rule 144A.

(13) Any underwriter, bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, or other financial institution or institutional buyer; *provided*, that the

financial institution is acting for its own account or as a bona fide trustee of a trust organized or existing other than for the purpose of acquiring the Bonds.

(14) Any bank; savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, as now or hereafter amended, real estate investment trust, small business investment corporation, pension or profit-sharing plan or trust, qualified institutional buyer in compliance with SEC Rule 144 or Rule 144A, or other financial institution, whether the purchaser is acting for itself or in some fiduciary capacity.

(15) Existing customers of the seller who represent that they have no principal residence in Maine; *provided*, that the seller has no place of business in Maine and is registered as a broker-dealer in the state of its principal place of business and under the Securities Exchange Act of 1934; broker-dealers licensed or exempt under the Revised Maine Securities Act, except when the broker-dealer is acting as a clearing broker-dealer for such other broker-dealers; financial and institutional investors acting for themselves or in a fiduciary capacity (*"financial and institutional investor"* includes, but is not limited to, depository institutions and depository institution holding companies (*"depository institution"* means a person, other than an insurance company or other organization primarily engaged in the insurance business, which is: organized, chartered or holding an authorization certificate under the laws of any state or of the United States which authorizes the person to receive deposits, including a savings, share, certificate or deposit account; and supervised and examined for the protection of depositors by an official or agency of any state or the United States. "*Depository institution*" also includes any trust company or other institution which is authorized by state law to exercise fiduciary powers similar to those permitted to national banks under the authority of the United States Comptroller of the Currency, but does not include any industrial bank, Morris Plan Bank or industrial loan bank); insurance companies; separate accounts of insurance companies; investment companies as defined by the Investment Company Act of 1940; business development companies as defined in the Investment Company Act of 1940; entities, other than natural persons, a substantial part of whose business consists of investing, purchasing, selling or trading in securities of more than one issuer and not of its own issue whose gross assets exceeded $1,000,000 at the end of its latest fiscal year; employee pension and profit sharing or benefit plans other than those of the issuer, self-employed individual retirement plans or individual retirement accounts; *provided*, that the investment decision is made by a plan fiduciary as defined in Section 3, subsection 21 of the United States Employee Retirement Income Security Act of 1974, which is either a depository institution, insurance company, or an investment adviser registered under the Maine Securities Act, or the plan has total assets in excess of $5,000,000; small business investment companies licensed by the United States Small Business Administration under Section 301(c) or (d) of the Small Business Investment Act of 1958; not for private profit entities as defined in Section 501(c)(3) of the Internal Revenue Code with total assets in excess of $5,000,000); *provided*, that any seller who is not registered as a broker-dealer in Maine is registered as a broker-dealer under the Securities Exchange Act of 1934 and effects transactions in Maine exclusively with or through the foregoing classes of purchasers.

(16) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, or other financial institution or institutional buyer ("*Institutional Buyer*" includes, but is not limited to, the following: (1) a Small Business Investment Company licensed by the U.S. Small Business Administration under the Small Business Investment Act of 1958, as amended; (2) a private business development company as defined in s.202(a)(22) of the Investment Advisors Act of 1940, as amended; (3) a Business Development Company as defined in s.2(a)(48) of the Investment Company Act of 1940, as amended; (4) an entity with total assets in excess of $5 million and which is either: (a) a company (whether a corporation, a Massachusetts or similar business trust or a partnership) not formed for the specific purpose of acquiring the securities offered; a substantial part of whose business activities consists of investing, purchasing, selling or trading in securities issued by others and whose investment decisions made by persons who are reasonably believed by the seller to have such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of investment; or (b) an organization described in Section 501(c)(3) of the Internal Revenue Code; and (5) a Qualified Institutional Buyer as defined in 17 CFR 230.144A(a)), whether the purchaser is acting for itself or in some fiduciary capacity; *provided*, that any seller who is not registered as a dealer or broker-dealer in the state has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(17) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, or other financial institution or institutional buyer ("*financial institution or institutional buyer*" includes, but is not limited to: (1) any corporation with a class of equity securities registered under Section 12(b) or 12(g) of the Securities Exchange Act of 1934, as amended, and (2) any "*qualified institutional buyer*" within the meaning of Rule 144A, and any person who is an "*accredited investor*" within the meaning of Rule 501(a), adopted by the Securities and Exchange Commission under the Securities Act of 1933, as amended) whether the purchaser is acting for itself or in some fiduciary capacity; *provided*, that any seller who is not registered as a broker-dealer in Minnesota has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(18) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust ("*pension or profit-sharing trust*" means an employee benefit plan, as defined in Title I of the Employee Retirement Income Security Act of 1974 ("*ERISA*"), if (i) the investment decisions are made by a "*plan fiduciary,*" as defined in Section 3(21) of ERISA, which is either a bank, insurance company or registered investment adviser or (ii) the employee benefit plan has total assets in excess of $5,000,000) or other financial institution or institutional buyer ("*financial institution or institutional buyer*" meaning (i) any bank as defined in Section 3(a)(2) of the Securities Act of 1933, whether acting in its individual or fiduciary capacity; (ii) any insurance company as defined in Section 2(13) of the Securities Act of 1933; (iii) any business development company as defined in Section 2(a)(48) of the Investment Company Act of 1940; and (iv) any small business

investment company licensed by the United States Small Business Administration, pursuant to Section 301(c) or (d) of the Small Business Investment Company Act of 1958), or to an individual accredited investor (*"individual accredited investor"* includes (i) any natural person whose individual net worth, or joint net worth with that person's spouse, at the time of his or her purchase, exceeds one million dollars, or (ii) any natural person who had an individual income in excess of two hundred thousand dollars in each of the two most recent years or joint income with that person's spouse in excess of three hundred thousand dollars in each of those years and has a reasonable expectation of reaching the same income level in the current year) or to a broker dealer whether the purchaser is acting for itself or in some fiduciary capacity.

(19) Any financial or institutional investor (*"financial or institutional investor"* means a depository institution; insurance company; a separate account of an insurance company; an investment company as defined in the Investment Company Act of 1940; an employee pension, profit-sharing, or benefit plan if the plan has total assets in excess of $5,000,000 or its investment decisions are made by a named fiduciary, as defined in the Employee Retirement Income Security Act of 1974, that is either a broker-dealer registered under the Securities Exchange Act of 1934, an investment adviser under the Investment Advisers Act of 1940, a depository institution, or an insurance company, and any other institutional buyer, whether the purchaser is acting for itself or others in a fiduciary capacity other than as an agent); *provided*, that the seller either is registered or is not required to be registered as a broker-dealer under the Securities Exchange Act of 1934 and has no place of business in Nevada and effects transactions therein exclusively with the foregoing classes of purchasers.

(20) Any bank, savings institution (*"savings institution"* means any savings and loan association or building and loan association operating pursuant to the Savings and Loan Act of New Jersey, any federal savings and loan association and any association organized under the laws of any state whose accounts are insured by the Federal Savings and Loan Insurance Corporation and which are subject to supervision and examination by the Federal Home Loan Bank Board, and any credit union licensed and supervised under the Credit Union Act of New Jersey or licensed and supervised by the National Credit Union Administration), trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, or other financial institution or institutional buyer, whether the purchaser is acting for itself or in some fiduciary capacity; *provided*, that any seller who is not registered as a broker-dealer in New Jersey effects transactions exclusively with or through the foregoing classes of purchasers.

(21) Any broker-dealer licensed or exempt under the New Mexico Securities Act, or financial or institutional investor (*"financial or institutional investor"* includes a depository institution, insurance company, separate account of an insurance company, investment company as defined in the Investment Company Act of 1940, a business development company as defined by the Investment Company Act of 1940, a small business investment company licensed by the United States Small Business Administration under Section 301(c) or (d) of the Small Business Investment Act of 1958, or employee

pension, profit-sharing or benefit plan, *provided*, that the plan has total assets in excess of $5,000,000, or, investment decisions are made by a plan fiduciary, as defined in the Employee Retirement Income Security Act of 1974, which is either a broker-dealer registered under the Securities Exchange Act of 1934, an investment adviser registered or exempt from registration under the Investment Advisors Act of 1940, a depository institution or an insurance company, whether acting for itself or others in a fiduciary capacity, other than as an agent); *provided*, that any seller who is not registered as a broker-dealer in New Mexico is registered as a broker-dealer under the Securities Exchange Act of 1934, has no place of business in New Mexico and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(22) Any bank (*"bank"* means a state or national bank, trust company or savings institution incorporated under the laws and subject to the examination, supervision and control of any state or of the United States or of any insular possession thereof), syndicate, corporation or group formed for the specific purpose of acquiring such securities for resale to the public directly or through other syndicates or groups, or any person purchasing such securities on the floor of any securities exchange registered as a national securities exchange under the Securities Exchange Act of 1934; and, *as part of a private placement*, any bank, corporation, savings institution, trust company, insurance company, investment company, as defined in the federal investment company act of nineteen hundred forty, pension or profit-sharing trust, or other financial institution or institutional buyer, whether the purchaser is acting for himself or itself or in some fiduciary capacity.

(23) An unlicensed Ohio dealer may sell to any licensed Ohio dealer. In addition, a licensed Ohio dealer may sell to the issuer, a dealer or an institutional investor. "*Institutional investor*" means any corporation, bank (defined to include any bank, trust company, savings and loan association, savings bank or credit union organized under the laws of the United States or any state), insurance company, pension fund or pension fund trust, employees' profit sharing fund or employees' profit sharing trust, any association engaged, as a substantial part of its business or operations, in purchasing or holding securities, or any trust in respect of which a bank is trustee or co-trustee.

(24) Any bank, savings institution, trust company, insurance company, investment company, pension or profit-sharing trust, or other financial institution or institutional buyer (including, but not limited to, qualified institutional buyer under SEC Rule 144A, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Veterans Administration and the Government National Mortgage Association), or to a mortgage broker or a mortgage banker, whether the purchaser is acting for itself or in a fiduciary capacity when the purchaser has discretionary authority to make investment decisions.

(25) Any institutional investor (*"institutional investor"* means any bank, insurance company, pension or profit-sharing plan or trust, investment company as defined in the Investment Company Act of 1940, other financial institution or any person, other than an individual, which controls any of the foregoing, the Federal government, any state, or any agency or political subdivision thereof or any person so designated by regulation of the

Pennsylvania Securities Commission; the other institutional investors designated by regulation of such commission being (1) any corporation or business trust or wholly-owned subsidiary of such person (a) which has a tangible net worth, which shall include net worth less the amount of all items of goodwill, pre-operating, deferred and development expenses, patents, trademarks, licenses or other similar accounts, on a consolidated basis of not less than $10,000,000, as reflected on its most recent audited financial statements ("most recent" audited financial statements meaning audited financial statements dated not more than 16 months prior to the date of the transaction in which such person proposes to purchase securities), and (b) which has been in existence for 18 months; (2) any college, university or other public or private institution which has received exempt status under Section 501(c)(3) of the Internal Revenue Code of 1954 and which has total endowment or trust funds, including annuity and life income funds, of not less than $5,000,000 according to its most recently audited financial statements; *provided*, that the aggregate dollar amount of the securities being sold to such person shall not exceed 5% of such endowment or trust funds; (3) a wholly-owned subsidiary of any bank (*"bank"* means any bank, banking and trust company, savings bank, trust company or private bank, as defined in the Banking Code of 1965, or any savings and loan association, as defined in the Savings Association Code of 1967 or any successor statutes thereto, or any banking institution, trust company or savings and loan institution organized under the laws of the United States, or of any state, territory or the District of Columbia, or a receiver, conservator or other liquidating agent of any of the foregoing); (4) a person, except an individual or an entity whose security holders consist entirely of one individual or group of individuals who are related, which is organized primarily for the purpose of purchasing, in nonpublic offerings, securities of corporations or issuers engaged in research and development activities in conjunction with a corporation and which complies with certain conditions; (5) a Small Business Investment Company as defined in Section 103 of the Small Business Investment Act of 1958 which meets certain conditions; (6) a Seed Capital Fund, as defined in Section 2 and authorized in Section 6 of the Small Business Incubators Act; (7) a Business Development Credit Corporation, as authorized by the Business Development Credit Corporation Law; (8) a person whose security holders consist solely of institutional investors or broker-dealers; (9) a person as to which the issuer reasonably believed qualified as an institutional investor at the time of the offer or sale of the securities on the basis of written representations made by the purchaser to the issuer), whether the buyer is acting for itself or in some fiduciary capacity; and (10) a qualified institutional buyer as that term is defined in Rule 144A under the Securities Act of 1933, or any successor rule thereto, *provided*, that any seller who is not registered as a broker-dealer in Pennsylvania has no place of business there, and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(26) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Companies Act of Puerto Rico, pension or profit-sharing trust, or other financial institution or institutional buyer, whether the purchaser is acting for itself or in some fiduciary capacity; *provided*, that any seller who is not registered as a broker-dealer in Puerto Rico has no place of business there and effects transactions exclusively with or through the foregoing classes of purchasers.

(27) Any registered or exempt broker-dealer or financial or institutional investor (*"financial or institutional investor"* means any of the following, whether acting for itself or another in a fiduciary capacity: a depository institution (*"depository institution"* means: a person which is organized, chartered, or holding an authorization certificate under the laws of a state or of the United States which authorizes the person to receive deposits, including a savings, share, certificate or deposit account, and which is supervised and examined for the protection of depositors by an official or agency of a state or the United States; a trust company or other institution that is authorized by federal or state law to exercise fiduciary powers of the type a national bank is permitted to exercise under the authority of the comptroller of the currency and is supervised and examined by an official or agency of a state or the United States; and "*depository institution*" does not include an insurance company or other organization primarily engaged in the insurance business, or a Morris plan bank, industrial loan company, or a similar bank or company unless its deposits are insured by a federal agency); an insurance company; a separate account of an insurance company; an investment company as defined in the Investment Company Act of 1940; an employee pension, profit sharing or benefit plan if the plan has total assets in excess of five million dollars ($5,000,000), or if investment decisions are made by a plan fiduciary, as defined in the Employee Retirement Income Security Act of 1974, which is either a broker-dealer registered under the Securities Exchange Act of 1934, an investment adviser registered or exempt from registration under the Investment Advisers Act of 1940, a depository institution, or an insurance company; and any other institutional buyer (*"Institutional buyer"* includes qualified institutional buyers under SEC Rule 144A); *provided*, that the seller either is registered or is not required to be registered as a broker-dealer under the Securities Exchange Act of 1934 and has no place of business in Rhode Island and effects transactions therein exclusively with the foregoing classes of purchasers.

(28) Any bank, savings institution, trust company, insurance company, savings and loan association, investment company as defined in the Investment Company Act of 1940, pension or profit sharing trust or other financial institution or other institutional buyer (*"financial institution"* or *"institutional buyer"* means an endowment or trust fund of a charitable organization specified in Section 170(b)(1)(A) of the Internal Revenue Code (as amended through April 1, 1990); an issuer who has any class of securities registered under Section 12 of the Securities Exchange Act of 1934 and any wholly owned subsidiary of such issuer; and any other corporation, partnership or association which has been in existence for 10 years or whose net assets exceed $500,000 and whose principal purpose as stated in its articles, by-laws or other organizational instrument is investment in securities), whether such person is acting for itself or as a trustee; *provided*, that any seller who is not registered as a broker-dealer in the state has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(29) Any institutional investor (*"institutional investor"* means any bank, trust company, insurance company, investment company registered under the Investment Company Act of 1940, as amended, a holding company which controls any of the foregoing, a trust or fund over which any of the foregoing has or shares investment discretion, or any other

person engaged as a substantial part of its business in investing in securities, unless such other person is within the definition of a broker-dealer, in each case having a net worth in excess of $1,000,000); *provided*, that any seller who is not registered as a broker-dealer in Tennessee has no place of business there, is registered as a broker-dealer with the Securities and Exchange Commission or the National Association of Securities Dealers, and effects transactions in Tennessee exclusively with or through the foregoing classes of purchasers.

(30) Any registered dealer actually engaged in buying and selling securities; any bank, trust company, building and loan association, insurance company, surety or guaranty company, savings institution (including any federally chartered credit union or savings and loan association or federal savings bank, and any credit union or savings and loan association chartered under the laws of any state of the United States); investment company as defined in the Investment Company Act of 1940; small business investment company as defined in the Small Business Investment Act of 1958, as amended; an accredited investor under SEC Rule 501(a)(1)-(4), (7) and (8), excluding, however, any self-directed employee benefit plan with investment decisions made solely by persons that are accredited investors under SEC Rule 501(a)(5)-(6); any qualified institutional buyer under SEC Rule 144A; or any corporation, partnership, trust, estate, or other entity (excluding individuals) having net worth of not less than $5 million or a wholly-owned subsidiary of such entity, as long as the entity was not formed for the purpose of acquiring the Bonds; *provided,* that such financial institutions or other institutional investors are acting for their own account or as a bone fide trustee of a trust organized and existing other than for the purpose of acquiring the Bonds.

(31) Any qualified institutional buyer under SEC Rule 144A, or broker-dealer registered or exempt by the Vermont Securities Act; *provided*, that seller has no place of business in the State of Vermont.

(32) Any corporation, investment company, or pension or profit-sharing trust.

(33) Any bank, savings institution, savings bank, credit union, trust company, insurer, broker-dealer, investment adviser or savings and loan association, *provided* that the purchaser or prospective purchaser is acting for itself or as trustee with investment control; any investment company as defined in the Investment Company Act of 1940, or pension or profit-sharing trust (*provided* that such trust is administered by a bank, savings institution, savings bank, credit union, trust company, insurer, broker-dealer, investment adviser or savings and loan association that has investment control); the State of Wisconsin or any of its agencies or political subdivisions; the federal government or any of its agencies or instrumentalities; or any other financial institution or institutional investor designated by rule or order of the Wisconsin Securities Commissioner ("*financial institution or institutional investor*" includes any endowment or trust fund of a charitable organization specified in section 170(b)(1)(A) of the Internal Revenue Code; any issuer which has a class of securities registered under section 12 of the Securities Exchange Act of 1934 and any wholly owned subsidiary thereof; any other corporation, partnership or association operating a small business investment company licensed under the Small Business Investment Act of 1958 or a corporation, partnership or association

whose net assets exceed $1,000,000 and either whose principal purpose as stated in its articles, by-laws or other organizational instrument is investing in securities or whose primary business is investing in developmental stage companies or eligible small business companies as defined in the regulations of the Small Business Administration at 13 CFR 108.2; any "qualified institutional buyer" as defined and listed in Section 230.144A under the Securities Act of 1933 as amended inclusive to October 22, 1992, whether acting for its own account or the accounts of other qualified institutional buyers that in the aggregate owns and invests on a discretionary basis at least $100 million in securities of issuers that are not affiliated with the qualified institutional buyer; any entity, all of the equity owners of which are persons or institutions described herein, acting for its own account or the accounts of other persons designated herein; any "individual accredited investor" including any director, executive officer, or general partner of the issuer of the securities being offered or sold, or any director, executive officer, or general partner of a general partner of that issuer, any natural person whose individual net worth or joint net worth with that person's spouse at the time of his or her purchase exceeds $1,000,000, or any natural person who had an individual income in excess of $200,000 in each of the two most recent years or joint income with that person's spouse in excess of $300,000 in each of those years and has a reasonable expectation of reaching the same income level in the current year, *provided* the issuer reasonably believes that the individual accredited investor either alone or with an investor representative, has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of the prospective investment; or any "accredited investor" as listed in Section 230.501(a)(1),(2),(3) or (7) under Regulation D under Sections 3(b) and 4(2) of the Securities Act of 1933), *provided* that any seller who is not registered as a broker-dealer in the state effects transactions in the state exclusively for the account of or exclusively in offers to sell or sales to the foregoing classes of purchasers.

(34) Any offer or sale to a bank savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit sharing trust, or other financial institution or institutional buyer, or to a broker-dealer, whether the purchaser is acting for itself or in some fiduciary capacity.

(35) A bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust or similar benefit plan, or other financial institution or qualified institutional buyer, or to a dealer, whether the purchaser is acting for itself or in some fiduciary capacity.

(36) Other broker-dealers or financial or institutional investors, whether acting for themselves or as trustees (*"financial or institutional investor"* means any of the following, whether acting for itself or others in a fiduciary capacity: (1) a depository institution (hereinafter defined); (2) an insurance company; (3) a separate account of an insurance company; (4) an investment company as defined in the Investment Company Act of 1940; (5) an employee pension, profit-sharing, or benefit plan if the plan has total assets in excess of $5,000,000 or its investment decisions are made by a named fiduciary, as defined in the Employee Retirement Income Security Act of 1974, that is either a broker-dealer registered under the Securities Exchange Act of 1934, an investment advisor registered or

exempt from registration under the Investment Advisers Act of 1940, a depository institution (hereinafter defined) or any insurance company; (6) a qualified institutional buyer as defined in Rule 144A adopted by the United States Securities and Exchange Commission; or (7) any other institutional buyer. A *"depository institution"* means: (1) a person that is organized, chartered or holding an authorization certificate under the laws of a state or of the United States which authorizes the person to receive deposits, including a savings, share, certificate, or deposit account, and which is supervised and examined for the protection of depositors by an official or agency of a state or the United States; or (2) a trust company or other institution that is authorized by federal or state law to exercise fiduciary powers of the type a national bank is permitted to exercise under the authority of the Comptroller of the Currency and is supervised and examined by an official or agency of a state or the United States. The term *"depository institution"* does not include an insurance company or other organization primarily engaged in the insurance business or a Morris Plan bank, industrial loan company, or a similar bank or company unless its deposits are insured by a federal agency); *provided,* that any seller who is not registered as a broker-dealer in the state has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers.

(37) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, qualified institutional buyer under SEC Rule 144A, or other financial institution or institutional buyer, whether the purchaser is acting for itself or in some fiduciary capacity. (The Administrator has interpreted the term *"institutional buyer"* to mean: (1) a corporation, business trust, or partnership or wholly owned subsidiary of such an entity, which has been operating for at least 12 months and which has a net worth on a consolidated basis of at least $10,000,000 as determined by the entity's most recent audited financial statements, such statements to be dated within 16 months of the transaction made in reliance upon this exemption; (2) any entity which has been granted exempt status under Section 501(c)(3) of the Internal Revenue Code of 1986 and which has a total endowment or trust funds of $5,000,000 or more according to its most recent audited financial statements, such statements to be dated within 16 months of the transaction made in reliance upon this exemption; or (3) any wholly owned subsidiary of a bank, savings, institution, insurance company or investment company as defined in the Investment Company Act of 1940. The Administrator has further found that the term "institutional buyer" does not include a natural person, individual retirement account (IRA), Keogh account or other self-directed pension plan.)

(38) An investment company as defined in the Investment Company Act of 1940, an investment adviser with assets under management of not less than $1,000,000, a broker-dealer, bank, trust company, savings and loan association, insurance company, employee benefit plan with assets of not less than $1,000,000, or governmental agency or instrumentality whether acting for itself or or other financial institution or institutional buyer, whether the purchaser is acting for itself or as a trustee or a fiduciary with investment control or other institutional investor designated by rule or order; *provided*, that any seller who is not registered as a dealer or broker-dealer in the state has no place

of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers. "Institutional investor" is designated as an accredited investor under Rule 501(a)(1)-(3), (7) and (8) or a qualified institutional buyer under SEC Rule 144A.

(39) Any bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, the federal national mortgage association, the federal home loan mortgage corporation, or the government national mortgage association, pension or profit-sharing trust, the assets of which are managed by an institutional manager, the treasurer of this state, other financial institution, broker dealer, whether the purchaser is acting for itself or in some fiduciary capacity, or a lender approved by the federal housing administration and who has satisfied any additional requirements established by the administrator by rule or order; *provided*, that any seller who is not registered as a dealer or broker-dealer in the state has no place of business there and effects transactions therein exclusively with or through the foregoing classes of purchasers.

UNDER SECTION (b)(5) OF RULE 15c2-12

This Continuing Disclosure Undertaking (the *"Agreement"*) is executed and delivered by American Airlines, Inc. (the *"Company"*) and AMR Corporation (*"AMR"*) in connection with the issuance of $500,000,000 in aggregate principal amount of New York City Industrial Development Authority Special Facility Revenue Bonds, Series 2002A (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Series 2002A Bonds"*) and Special Facility Revenue Bonds, Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Series 2002B Bonds"*). The Series 2002A Bonds and the Series 2002B Bonds (collectively, the *"Series 2002 Bonds"*) will be issued pursuant to and secured by a Master Indenture of Trust dated as of July 1, 2002 (the *"Master Indenture"*), as supplemented by a First Series Supplemental Indenture of Trust dated as of July 1, 2002 (with respect to the Series 2002A Bonds) and a Second Series Supplemental Indenture of Trust dated as of July 1, 2002 (with respect to the Series 2002B Bonds) (collectively, the *"Indenture"*) between the Agency and The Bank of New York, New York, New York, as trustee (the *"Trustee"*).

In connection with the issuance of the Bonds, the Company will enter into an IDA Lease Agreement with the Issuer dated as of July 1, 2002 (the *"IDA Lease"*). Payments of principal and purchase price of and interest and redemption premium, if any, on each series of the Bonds will be guaranteed by AMR pursuant to a Guaranty from AMR to the Trustee dated as of July 1, 2002 (the *"AMR Guaranty"*) and by the Company pursuant to a Guaranty from the Company to the Trustee dated as of July 1, 2002 (the *"Company Guaranty"*).

In consideration of the issuance of the Bonds by the Issuer and the purchase of such Bonds by the beneficial owners thereof, the Company and AMR (each for itself only) covenant and agree as follows:

1. PURPOSE OF THIS AGREEMENT. This Agreement is executed and delivered by the Company and AMR as of the date set forth below, for the benefit of the beneficial owners of the Bonds and in order to assist the Participating Underwriters (as defined below) in complying with the requirements of the Rule (as defined below). The Company and AMR each represent that they will be the only obligated persons with respect to the Bonds at the time the Bonds are delivered to the Participating Underwriters and that no other person is expected to become so committed at any time after issuance of the Bonds.

2. DEFINITIONS. The terms set forth below shall have the following meanings in this Agreement, unless the context clearly otherwise requires.

Annual Financial Information means the financial information and operating data described in *Exhibit I.*

Annual Financial Information Disclosure means the dissemination of disclosure concerning Annual Financial Information and the dissemination of the Audited Financial Statements as set forth in Section 4.

Audited Financial Statements means the audited financial statements of the Company and AMR, as the case may be, prepared pursuant to the standards and as described in *Exhibit I*.

Commission means the Securities and Exchange Commission.

Dissemination Agent means any agent designated as such in writing by the Company or AMR and that has filed with the Company or AMR a written acceptance of such designation and such agent's successors and assigns.

Event means the occurrence of any of the events set forth in *Exhibit II*.

Exchange Act means the Securities Exchange Act of 1934, as amended.

Material Event means the occurrence of an Event that is material, as materiality is interpreted under the Exchange Act.

Material Events Disclosure means dissemination of a notice of a Material Event as set forth in Section 5.

MSRB means the Municipal Securities Rulemaking Board.

NRMSIRs means, as of any date, all Nationally Recognized Municipal Securities Information Repositories then recognized by the Securities and Exchange Commission for purposes of the Rule. As of the date of this Agreement, the NRMSIRs are:

The names and addresses of all current NRMSIRs should be verified each time information is delivered to the NRMSIRs pursuant to this Agreement.

Participating Underwriter means each broker, dealer or municipal securities dealer acting as an underwriter in the primary offering of the Bonds.

Rule means Rule 15c2-12 adopted by the Commission under the Exchange Act, as the same may be amended from time to time.

SID means the public or private repository designated by the State as the state information depository and recognized as such by the Commission for purposes of the Rule. As of the date of this Agreement there is no SID.

State means the State of New York.

Undertaking means the obligations of the Company and AMR pursuant to Sections 4 and 5.

All capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Indenture.

3. CUSIP NUMBER/FINAL OFFICIAL STATEMENT. The CUSIP numbers of the Bonds are 64971SBG3 (Series 2002A) and 64971SBJ7 (Series 2002B). The Final Official Statement relating to the Bonds is dated July 25, 2002 (the *"Final Official Statement"*).

4. ANNUAL FINANCIAL INFORMATION DISCLOSURE. Subject to Section 9 of this Agreement, the Company and AMR each hereby covenants that it will disseminate its Annual Financial Information and its Audited Financial Statements (in the form and by the dates set forth in *Exhibit I*) to the Commission. The Company and AMR each hereby covenants that it will send a notice to each NRMSIR and to the SID, if any, on an annual basis indicating that its respective Annual Report on Form 10-K filed with the Commission in accordance with the Exchange Act constitutes its respective Annual Financial Information and Audited Financial

Statements for that year. The Company and AMR are required to deliver such information in such manner and by such time so that such entities receive the information by the dates specified.

If any part of the Annual Financial Information can no longer be generated because the operations to which it is related have been materially changed or discontinued, the Company or AMR, as the case may be, will disseminate a statement to such effect as part of its Annual Financial Information for the year in which such event first occurs.

If any amendment is made to this Agreement, the Annual Financial Information for the year in which such amendment is made (or in any notice or supplement provided to each NRMSIR and the SID) shall contain a narrative description of the reasons for such amendment and its impact on the type of information being provided.

5. EVENTS NOTIFICATION; MATERIAL EVENTS DISCLOSURE. Subject to Section 9 of this Agreement, the Company and AMR each hereby covenants that it will disseminate in a timely manner Material Events Disclosure (a) to each NRMSIR or to the MSRB and (b) to the SID, if any. Notwithstanding the foregoing, notice of optional or unscheduled redemption of any Bonds or defeasance of any Bonds need not be given under this Agreement any earlier than the notice (if any) of such redemption or defeasance is given to the Bondholders pursuant to the Indenture.

6. DUTY TO UPDATE NRMSIRs/SID. Each of the Company and AMR shall determine, in the manner it deems appropriate, the names and addresses of the then existing NRMSIRs and SID each time it is required to file information with such entities.

7. CONSEQUENCES OF FAILURE OF THE COMPANY OR AMR TO PROVIDE INFORMATION. The Company or AMR, as applicable, shall give notice in a timely manner to each NRMSIR or to the MSRB and to the SID, if any, of any failure by it to provide Annual Financial Information Disclosure when the same is due hereunder.

In the event of a failure of the Company or AMR to make timely filings under Section 4 or Section 5 of this Agreement, the beneficial owner of any Bond may seek mandamus or specific performance by court order, to cause the Company or AMR, as the case may be, to make such filings. The beneficial owners of 25% or more in principal amount of the Bonds outstanding may challenge the adequacy of the information provided under this Agreement and seek specific performance by court order to cause the Company or AMR to provide the information as required by this Agreement. A default under this Agreement shall not be deemed an Event of Default under the Indenture, the IDA Lease, the AMR Guaranty, the Company Guaranty or any other agreement, and the sole remedy under this Agreement in the event of any failure of the Company or AMR to comply with this Agreement shall be an action to compel performance.

8. AMENDMENTS; WAIVER. Notwithstanding any other provision of this Agreement, the Company and AMR may amend this Agreement, and any provision of this Agreement may be waived, if:

(a) The amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, change in the identity, nature or status of the Company or AMR or change in the type of business conducted by the Company;

(b) This Agreement, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; or

(c) The amendment or waiver does not materially impair the interests of the beneficial owners of the Bonds, as determined either by parties unaffiliated with the Issuer, the Company or AMR (such as the Trustee or Bond Counsel), or by an approving vote of Bondholders pursuant to the terms of the Indenture at the time of the amendment.

9. TERMINATION OF UNDERTAKING. The Undertaking of the Company or AMR shall be automatically terminated hereunder when the Company or AMR, as the case may be, shall no longer have any legal liability for any obligation on or relating to repayment of the Bonds under the Indenture, the IDA Lease, the AMR Guaranty or the Company Guaranty. The Company or AMR, as applicable, shall give notice in a timely manner to each NRMSIR or to the MSRB and to the SID, if any, if this Section is applicable.

10. DISSEMINATION AGENT. Each of the Company and AMR may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Agreement and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

11. ADDITIONAL INFORMATION. Nothing in this Agreement shall be deemed to prevent the Company or AMR from disseminating any other information, using the means of dissemination set forth in this Agreement or any other means of communication, or including any other information in any Annual Financial Information Disclosure or notice of occurrence of a Material Event, in addition to that which is required by this Agreement. If the Company or AMR chooses to include any information from any document or notice of occurrence of a Material Event in addition to that which is specifically required by this Agreement, neither the Company nor AMR shall have any obligation under this Agreement to update such information or include it in any future disclosure or notice of occurrence of a Material Event.

12. BENEFICIARIES. This Agreement has been executed in order to assist the Participating Underwriters in complying with the Rule; however, this Agreement shall inure solely to the benefit of the Company, AMR, any Dissemination Agent and the beneficial owners of the Bonds, and shall create no rights in any other person or entity.

13. RECORDKEEPING. The Company and AMR shall maintain records of all Annual Financial Information Disclosure and Material Events Disclosure, including the content of such disclosure, the names of the entities with whom such disclosure was filed and the date of filing such disclosure.

14. ASSIGNMENT. The Company shall not transfer its obligations under the IDA Lease or the Company Guaranty unless the transferee agrees to assume all obligations of the Company under this Agreement or to execute an Undertaking under the Rule. AMR shall not transfer its obligations under the AMR Guaranty unless the transferee agrees to assume all obligations of AMR under this Agreement or to execute an Undertaking under the Rule.

15. GOVERNING LAW. This Agreement shall be governed by the laws (other than the conflicts of law provisions) of the State of New York.

16. APPLICABILITY AND TERMINATION. Anything to the contrary herein not withstanding, the Company and AMR shall have no obligation to provide continuing disclosure pursuant to this Agreement with respect to any series of Bonds that bears interest at an interest rate other than a Long-Term Interest Rate. If all series of the Bonds bear interest at rates other than Long-Term Interest Rates, this Agreement shall terminate.

EXHIBIT I

ANNUAL FINANCIAL INFORMATION AND TIMING AND AUDITED FINANCIAL STATEMENTS

"Annual Financial Information" means information of the type contained in the Company's or AMR's (as the case may be) Annual Report on Form 10-K filed with the Commission pursuant to the Exchange Act. All or a portion of the Annual Financial Information and the Audited Financial Statements as set forth below may be included by reference to other documents, including other official statements (subject to the following sentence), that have been submitted to each NRMSIR and to the SID, if any, or filed with the Commission. If the information included by reference is contained in a final Official Statement, the final Official Statement must be available from the MSRB. The Company or AMR (as the case may be) shall clearly identify each such item of information included by reference.

I. Annual Financial Information:

a. Annual Financial Information (exclusive of Audited Financial Statements) will be provided to the Commission not later than the date information is or would otherwise be required to be filed with the Commission under the requirements of the Exchange Act.

b. Audited Financial Statements as described in Part II should be filed at the same time as the Annual Financial Information described in this Part I. If Audited Financial Statements are not available when the Annual Financial Information is filed, unaudited financial statements shall be included.

II. Audited Financial Statements:

a. Audited Financial Statements will be prepared in accordance with generally accepted accounting principles in the United States as in effect from time to time.

b. Audited Financial Statements will be provided to the Commission not later than the date information is or would otherwise be required to be filed with the Commission under the requirements of the Exchange Act.

III. If any change is made to the Annual Financial Information as permitted by Section 4 of the Agreement, the Company or AMR (as the case may be) will disseminate a notice of such change as required by Section 4.

EXHIBIT II
EVENTS WITH RESPECT TO THE BONDS FOR WHICH MATERIAL EVENTS DISCLOSURE IS REQUIRED

1. Principal and interest payment delinquencies.
2. Non-payment related defaults.
3. Unscheduled draws on debt service reserves reflecting financial difficulties.
4. Unscheduled draws on credit enhancements reflecting financial difficulties.
5. Substitution of credit or liquidity providers, or their failure to perform.
6. Adverse tax opinions or events affecting the tax-exempt status of the security.
7. Modifications to the rights of security holders.
8. Bond calls.
9. Defeasances.
10. Release, substitution or sale of property securing repayment of the securities.
11. Rating changes.

Ladies and Gentlemen:

Salomon Smith Barney Inc. (the *"Senior Managing Underwriter"*), acting on behalf of itself and the other underwriters listed in *Schedule I* attached hereto (collectively, the *"Underwriters"*), offers to enter into the following agreement (the *"Agreement"* or *"Bond Purchase Agreement"*) with you, the New York City Industrial Development Agency (the *"Issuer"*), American Airlines, Inc., a Delaware corporation (the *"Company"*), and AMR Corporation, a Delaware corporation (*"AMR"*), which, upon your acceptance of this offer, will be binding upon you and the Underwriters. This offer is made subject to the acceptance of this Agreement by the Issuer, the Company and AMR, on or before 5:00 P.M., New York City time, on the date indicated above and, if not so accepted, may be withdrawn by the Underwriters upon notice to the Issuer, the Company and AMR by the Underwriters at any time before its acceptance.

The Underwriters represent that the Senior Managing Underwriter is authorized to take any actions which may be required by this Agreement on behalf of the Underwriters. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Indenture or the Official Statement, as those terms are defined below. The Underwriters represent that the

Senior Managing Underwriter has been duly authorized to execute this Agreement on behalf of the other Underwriters.

1. *Purchase and Sale of Bonds.* Upon the terms and conditions and upon the basis of the representations set forth herein, the Underwriters jointly and severally agree to purchase from the Issuer, and the Issuer hereby agrees to sell to the Underwriters, the Issuer's Special Facility Revenue Bonds, Series 2002A (American Airlines, Inc. John F. Kennedy International Airport Project) in the aggregate principal amount of $120,000,000 (the *"Series 2002A Bonds"*) and the Issuer's Special Facility Revenue Bonds, Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) in the aggregate principal amount of $380,000,000 (the *"Series 2002B Bonds"*). The Series 2002A Bonds and the Series 2002B Bonds are herein collectively called the *"Bonds."* The Bonds will be dated July 1, 2002, and will bear interest from their date at the Long-Term Interest Rates for the Long-Term Interest Rate Periods as set forth in Schedule I hereto. The purchase price for the Bonds will be $475,974,866.67, reflecting the aggregate principal amount of the Bonds less net original issue discount of $24,891,800 and less an underwriting discount of $2,625,000, plus accrued interest of $3,491,666.67 (calculated on the basis of a 360-day year of twelve 30 day months) to the date of payment for delivery of the Bonds (the *"Closing"*).

The Bonds will be issued pursuant to a Master Indenture of Trust dated as of July 1, 2002, as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (collectively the *"Indenture"*) between the Issuer and The Bank of New York, New York, New York, as trustee (the *"Trustee"*). The Bonds are being issued to provide funds to finance a portion of the costs of the *"Project"* which consists of (i) the demolition of Terminals 8 and 9 at John F. Kennedy International Airport (the *"Airport"*) in Queens, New York, and (ii) the acquisition, construction and equipping of a new air passenger terminal together with related arrival and departure access ramps (the *"Facility"*) to be used and managed by the Company. The land on which the Facility is to be located, together with the buildings, structures, improvements and related facilities on such land (the *"Premises"*), are owned by The City of New York (the *"City"*) and are leased by the City to The Port Authority of New York and New Jersey (the *"Port Authority"*) pursuant to an Agreement of Lease dated April 17, 1947, as amended and supplemented (the *"Basic Lease"*). The Premises have been subleased by the Port Authority to the Company pursuant to an Agreement of Lease entered into as of August 1, 1976, as supplemented and amended, as further supplemented, amended and restated in an Amended and Restated Lease dated as of December 22, 2000, as further supplemented and amended by the First Supplemental Agreement dated as of July 31, 2002 (the *"First Supplement"*) and as further supplemented, amended or modified from time to time (the *"Port Authority Lease"*). The Company and the Issuer will enter into a Company Sublease Agreement dated as of July 1, 2002 (the *"Company Sublease"*), pursuant to which the Company will sub-sublease to the Issuer those portions of the Premises (but excluding any portion of the underlying land) subject to the Port Authority Lease which constitute the Facility (the *"Leased Facilities"*). Pursuant to an IDA Lease Agreement dated as of July 1, 2002 (the *" Lease Agreement"*), the Issuer will sub-sub-sublease the Leased Facilities, and lease certain equipment to be owned by the Issuer and to be located at the Premises (the *"Facility Equipment"*), to the Company. The Leased Facilities and the Facility Equipment constitute the Facility. Pursuant to the Lease Agreement the Company will agree to pay amounts

sufficient to pay principal, purchase price, premium, if any, and interest on the Bonds when due. The Bonds will be payable out of payments made by the Company to the Issuer under the Lease Agreement, which payments the Issuer has assigned to the Trustee pursuant to the Indenture. Payments of principal and purchase price of, premium, if any, and interest on the Bonds will be guaranteed by the Company pursuant to a Guaranty from the Company to the Trustee dated as of July 1, 2002 (the *"Company Guaranty"*). Payments of principal and purchase price of, premium, if any, and interest on the Bonds will also be guaranteed by AMR pursuant to a Guaranty from AMR to the Trustee dated as of July 1, 2002 (the *"AMR Guaranty"*). The Bonds will be secured by an Equipment Security Agreement dated as of July 1, 2002 among the Issuer, the Company and the Trustee (the *"Equipment Security Agreement"*). After the Reletting Rights Effective Date (as defined in the First Supplement) the obligations of the Company and AMR under the Company Guaranty and the AMR Guaranty, respectively, will be secured by a Leasehold Mortgage and Security Agreement from the Company to the Leasehold Mortgagee (initially the Trustee) and joined by the Issuer as set forth therein to be executed, delivered and recorded after the Reletting Rights Effective Date (the *"Leasehold Mortgage"*). The Company and the Issuer will also enter into a Tax Certificate as to Arbitrage and the Provisions of Sections 103 and 141-150 of the Internal Revenue Code of 1986, dated the Closing (the *"Tax Certificate"*). The Port Authority, the Company, AMR, the Issuer and the Trustee will also enter into a Consent to Subleases and Leasehold Mortgage Agreement (the *"Consent to Subleases"*). In connection with the Project the Company and the City will also enter into (i) the Agreement Towards Entering Into a Lease (the *"ATEIL"*) and (ii) the Recognition, Non-Disturbance and Attornment Agreement (the *"RNDA"*). The Issuer has executed and delivered a Global Letter of Representations (the *"DTC Letter"*) to The Depository Trust Company (*"DTC"*).

2. *Official Statement.* Concurrently with their acceptance of this Agreement, the Issuer, the Company and AMR will deliver to the Underwriters an official statement dated the date of this Bond Purchase Agreement, including Appendix A consisting of information in respect of the Company and AMR, Appendices B, C, D, E, F, G and H consisting of certain definitions and summaries of the Lease Agreement, the Indenture, the Company Guaranty, the AMR Guaranty, the Port Authority Lease, the Consent to Subleases and the Leasehold Mortgage, and the ATEIL and RNDA, Appendix I consisting of the form of the opinion of Bond Counsel (as hereinafter defined) and Appendix J consisting of the JFK Gate Demand Study dated June 27, 2002 prepared by Simat, Helliesen & Eichner (the *"Gate Demand Study"*). Such Official Statement, together with such Appendix A and all the information incorporated by reference in it, and Appendices B through J, is called the "Official Statement." The Issuer, the Company and AMR authorize the Indenture, the Lease Agreement, the Company Sublease, the Port Authority Lease, Company Guaranty, the AMR Guaranty, the Tax Certificate, the Consent to Subleases, the Leasehold Mortgage, the ATEIL and the RNDA, to the extent each of the Issuer, the Company and AMR are parties to such documents, respectively, to be used by the Underwriters in connection with the offering and sale of the Bonds. The Company and AMR authorize the Gate Demand Study, the Official Statement and any amendments or supplements thereto pursuant to this Section 2 and the information contained therein to be used by the Underwriters in connection with the offering and sale of the Bonds. The Issuer authorizes the Official Statement and any amendments or supplements thereto pursuant to this Section 2 and the information contained therein to be used by the Underwriters in connection with the offering and sale of the Bonds. The Issuer, the Company and AMR also consent to the use by the

Underwriters, prior to the date of this Agreement, of a preliminary official statement, dated July 15, 2002, including similar appendices, in connection with the offering of the Bonds. Such preliminary official statement, together with Appendix A and all information incorporated by reference in it, and Appendices B through J, is called the *"Preliminary Official Statement."*

If, during such period (not to exceed 25 days after the "end of the underwriting period," as defined for purposes of Section (b)(4) of Rule 15c2-12 (the *"Rule"*) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the *"Exchange Act"*)) as, in the Underwriters' reasonable judgment, delivery of the Official Statement, as it may be amended or supplemented, is necessary or desirable in connection with sales of the Bonds by the Underwriters or any dealer or as otherwise may be required by applicable law or regulation, any event shall occur as a result of which, in the Underwriters' judgment, it is necessary to amend or supplement the Official Statement in order to make the statements therein, in the light of the circumstances when the Official Statement is delivered to a purchaser or "potential customer" (as defined for purposes of Section (b)(4) of the Rule), not misleading, the Company, with the cooperation and approval of AMR and the Issuer, will, at the Underwriters' request, but solely at the expense of the Company, cooperate in the preparation of either amendments or supplements to the Official Statement so that the statements in the Official Statement, as so amended or supplemented, will not, in the light of the circumstances when the Official Statement is delivered to a purchaser or "potential customer," be misleading. The Issuer will be required to prepare and furnish amendments or supplements relating only to information contained in the page immediately following the table of contents of the Official Statement and under the caption "THE AGENCY" in the Official Statement. The Company, with the cooperation of AMR and the Issuer, will, before the Official Statement is amended or supplemented, furnish a copy of each proposed amendment or supplement to the Underwriters who will have the right to approve it, approval of which shall not be unreasonably withheld.

On or before the second business day prior to the delivery of the Bonds (and in sufficient time to accompany any confirmation that requests payment from any customer), the Issuer shall cause to be delivered to the Underwriters in sufficient quantity to enable the Underwriters to comply with the Rule, copies of the Official Statement as the Underwriters shall request; *provided* that the Company and AMR (at their expense) shall furnish sufficient quantities of the Official Statement to the Issuer to enable the Issuer to comply with the foregoing covenant. The Underwriters agree that they will not confirm the sale of any Bonds unless the confirmation of sale is accompanied or preceded by the delivery of a copy of the Official Statement.

The Company and AMR will enter into a written agreement, constituting an undertaking (the *"Undertaking"*) to provide ongoing disclosure about the Company and AMR, on or before the date of the Closing, as required under Paragraph(b)(5) of the Rule. The Undertaking shall be as described in the Preliminary Official Statement, with such changes as may be agreed to in writing by the Underwriters.

3. *Sale of All the Bonds.* It will be a condition to the Issuer's obligation to sell the Bonds to the Underwriters and to the obligation of the Underwriters to purchase the Bonds that all Bonds are sold and delivered by the Issuer and accepted and paid for by the Underwriters at the Closing.

4. *Issuer's Representations and Warranties.* The Issuer represents and warrants to the Company, AMR and the Underwriters (and it shall be a condition of the obligation of the Underwriters to purchase and accept delivery of the Bonds that the Issuer so represents and warrants) that:

(a) The Issuer is a corporate governmental agency constituting a body corporate and politic and a public benefit corporation of the State of New York duly organized and existing under the laws of the State of New York, particularly the Act. The Issuer is authorized to issue the Bonds in accordance with the Act, and to use the proceeds thereof for the financing of all or a portion of the costs of the Project.

(b) The Issuer has complied with the provisions of the Act and has full power and authority pursuant to law and the Act to act with respect to all transactions contemplated by this Bond Purchase Agreement, the Bonds, the resolution adopted by the Issuer on October 23, 2001, as amended November 13, 2001 and authorizing the Bonds (the *"Resolution"*), the Official Statement, the Company Sublease, the Equipment Security Agreement, the Lease Agreement, the Indenture, the Leasehold Mortgage, the Consent to Subleases, the Tax Certificate and the DTC Letter, to issue, sell and deliver the Bonds to the Underwriters as provided herein, to execute the Bonds, the Leasehold Mortgage, the Consent to Subleases, the Equipment Security Agreement, the Company Sublease, the Lease Agreement, the Indenture and the Tax Certificate, and to carry out and consummate all other transactions contemplated by each of the aforesaid documents.

(c) When delivered to and paid for by the Underwriters in accordance with the terms of this Bond Purchase Agreement, the Bonds will have been duly authorized, issued, executed, authenticated and delivered and will constitute the legal, valid and binding special limited obligations of the Issuer (payable by the Issuer solely from the Trust Estate pledged for the Bonds) and will be entitled to the benefit of the Indenture. The rental payments due under the Lease Agreement from the Company to the Issuer and pledged by the Issuer to the payment of the Bonds pursuant to the Indenture are not subject to any prior pledge by the Issuer and shall not be pledged by the Issuer to the payment of any other obligation.

(d) The execution and delivery of this Bond Purchase Agreement and the Bonds, the Indenture, the Company Sublease, the Equipment Security Agreement, the Lease Agreement, the Consent to Subleases and the Tax Certificate, and compliance with the provisions thereof, the DTC Letter, the Leasehold Mortgage and the Resolution, will not conflict with or constitute on the part of the Issuer a violation of the Constitution of the State of New York or a violation of, breach of or default under its bylaws or any statute, indenture, mortgage, deed of trust, note agreement or other agreement or instrument to which the Issuer is a party or by which the Issuer is bound, or, to the knowledge of the Issuer, any order, rule or regulation of any court or governmental agency or body having jurisdiction over the Issuer or any of its activities or properties; and all consents, approvals, authorizations and orders of governmental or regulatory authorities which are required for the consummation of the transactions contemplated thereby have been obtained.

(e) There is no action, suit, proceeding or investigation at law or in equity by or before any court or public agency (of which the Issuer has knowledge), or to the best of the knowledge of the Issuer, any basis therefor, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated hereby, by the Official Statement and by the Indenture, or which in any way would adversely affect the validity of the Bonds, the Resolution, this Bond Purchase Agreement, the Indenture, the Lease Agreement, the Company Sublease, the Equipment Security Agreement, the Consent to Subleases, the Leasehold Mortgage or the DTC Letter, or any agreement or instrument to which the Issuer is a party and which is used or contemplated for use in consummation of the transactions contemplated hereby, by the Official Statement or by the Indenture or the exemption from taxation of the Issuer and property owned by it pursuant to Section 874 of the New York State Industrial Development Agency Act and, with respect to any such actions, suits, proceedings or investigations involving the Issuer, which would adversely affect the exemption from federal and State of New York taxation of interest on the Bonds.

(f) Pursuant to the Resolution, the Issuer has duly authorized and approved the Bonds, the Preliminary Official Statement and the Official Statement, has duly authorized and approved the execution and delivery of, and the performance by the Issuer of the obligations contained in, this Bond Purchase Agreement, the Indenture, the Company Sublease, the Equipment Security Agreement, the Lease Agreement, the Tax Certificate, the Consent to Subleases, the Leasehold Mortgage and the DTC Letter, and the consummation by it of all other transactions contemplated by the Official Statement and this Bond Purchase Agreement, including the Consent to Subleases.

(g) The Issuer makes no representation or warranty concerning the financial position or business condition of the Company or AMR, nor does it represent or warrant as to the correctness of any statements or representations made or materials furnished by any person (other than the Issuer) in connection with the purchase of the Bonds.

(h) At the time of the Issuer's acceptance hereof, the information contained in the page immediately following the table of contents of the Official Statement and under the caption "THE AGENCY" does not, and the information in the Preliminary Official Statement, as of its date contained in the page immediately following the table of contents and under such heading did not, contain any untrue statement of a material fact or omit to state any material fact which should be included therein for the purposes for which the Official Statement is to be used or which is necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; and as of the Closing, the information contained in the inside front cover of the Official Statement and under the caption "THE AGENCY" will not contain any untrue statement of a material fact or omit to state any material fact which should be included therein for the purposes for which the Official Statement is to be used or which is necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(i) The Issuer will furnish such information, execute such instruments and take such other action in cooperation with the Underwriters (all at the expense of the Company) as the Senior Managing Underwriter may reasonably request to qualify the Bonds for offer and sale under the Blue Sky or other securities laws or regulations of such states and other jurisdictions of the United States as the Senior Managing Underwriter may designate; *provided, however*, that the Issuer will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any state.

(j) Assuming due and proper authorization, execution and delivery by the other parties thereto, the Issuer has taken all action required of it to make this Bond Purchase Agreement, the Lease Agreement, the Company Sublease, the Equipment Security Agreement, the DTC Letter, the Tax Certificate, the Indenture, the Consent to Subleases, the Leasehold Mortgage and the Bonds the valid special limited obligations of the Issuer which they purport to be; when executed and delivered by the parties thereto, this Bond Purchase Agreement, the Lease Agreement, the Company Sublease, the Equipment Security Agreement, the DTC Letter, the Tax Certificate, the Indenture, the Consent to Subleases, the Leasehold Mortgage and the Bonds will constitute valid and binding agreements of the Issuer and will be enforceable against the Issuer in accordance with their respective terms (subject to applicable bankruptcy, insolvency and other laws affecting creditors' rights generally and subject, as to enforceability, to general principles of equity).

(k) So long as any of the Bonds remain outstanding and except as may be authorized by the Indenture, the Issuer will not issue or sell any bonds or obligations, other than the Bonds and Additional Bonds (as defined in the Indenture), the principal of or premium, if any, or interest on which will be payable from the Trust Estate described in the granting clauses of the Indenture.

(l) The Issuer agrees (at the sole cost and expense of the Company) to cooperate with the Underwriters and their counsel in applying for and securing a rating on the Bonds by Moody's Investors Service, Inc. and Standard & Poor's and the Issuer agrees that this obligation shall continue until such rating on the Bonds is secured.

(m) The representations and warranties of the Issuer contained in Section 1.3 of the Lease Agreement are correct as of the date hereof.

(n) The Issuer acknowledges that the Underwriters are required to comply with the requirements of the Rule in connection with the offer and sale of the Bonds and agrees to cooperate (at the cost and expense of the Company and AMR) with the Underwriters so as to enable the Underwriters to comply with the Rule. To this end, the Issuer has delivered to the Senior Managing Underwriter the Preliminary Official Statement that the Issuer deems final as of its date, except for the omission of no more than the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery dates,

ratings, other terms of the Bonds depending on such matters and the identity of the underwriter(s).

Any certificate signed by a representative of the Issuer and delivered to the Underwriters or Winston & Strawn (*"Bond Counsel"*) shall be deemed a representation and warranty by the Issuer to the Underwriters and Bond Counsel, as the case may be, as to statements made therein.

Any information supplied by the Issuer for inclusion in any amendments or supplements to the Official Statement will not contain any untrue or misleading statement of a material fact relating to the Issuer or omit to state any material fact relating to the Issuer necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

5. *Representations, Warranties and Agreements of the Company.* The Company represents, warrants and agrees to and with the Issuer and the Underwriters as follows:

(a) The Company is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware and is authorized to transact business under the laws of the State of New York and has all corporate power to execute and deliver and to carry out and perform its obligations under the Lease Agreement, the Company Sublease, the Equipment Security Agreement, the Port Authority Lease, the Consent to Subleases, the Undertaking, the Company Guaranty, this Bond Purchase Agreement, the Tax Certificate, the Leasehold Mortgage, the ATEIL and the RNDA. The Lease Agreement, the Company Sublease, the Equipment Security Agreement, the Port Authority Lease, the Consent to Subleases, the Undertaking, the Company Guaranty, this Bond Purchase Agreement, the Tax Certificate, the Leasehold Mortgage, the ATEIL and the RNDA are herein referred to as the *"Company Documents."*

(b) At the date of execution by the Company of this Bond Purchase Agreement, the Official Statement is, and at the Closing Date will be, and the Preliminary Official Statement as of its date was, true and correct in all material respects for the purposes for which their respective uses are or were authorized; and the Official Statement does not, and the Preliminary Official Statement as of its date did not, include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading; except that the foregoing does not apply to information contained in the page immediately following the table of contents and under the captions "THE AGENCY," "UNDERWRITING," "TAX MATTERS" or "APPROVAL OF LEGAL PROCEEDINGS" (as the information in the immediately preceding caption relates to opinions other than the Company's counsel opinion referred to in Section 9(d)(13)).

(c) Except as may be set forth (or incorporated by reference) in the Official Statement, there is no action, suit, proceeding or investigation at law or in equity before or by any court or governmental agency or body pending or, to the best knowledge of the Company, threatened, which involves the Company (i) which might reasonably be expected to (x) result in material liability on the part of the Company or (y) materially

and adversely affect the operation, condition or feasibility of the Project or (ii) wherein an adverse decision, ruling or finding would (x) materially and adversely affect the transactions contemplated by this Bond Purchase Agreement and the Official Statement or (y) adversely affect the validity or enforceability of the Indenture, the Bonds or any of the Company Documents.

(d) When executed by the parties thereto, each of the Company Documents (other than the Port Authority Lease and the Leasehold Mortgage) will have been duly authorized, executed and delivered by, and will constitute a legal, valid and binding obligation of, the Company enforceable against the Company in accordance with its terms (i) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (ii) except as limited by applicable laws which may affect the remedies provided in the Company Documents (other than the Port Authority Lease and the Leasehold Mortgage), which laws, however, do not make the remedies provided for in the Company Documents (other than the Port Authority Lease and the Leasehold Mortgage) inadequate for the practical realization of the rights and benefits provided thereby, and (iii) except as rights to indemnification and contribution may be limited by applicable law.

(e) The Port Authority Lease has been duly authorized, executed and delivered by the Company, is in full force and effect as against the Company and constitutes a legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms (i) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (ii) except as limited by applicable laws which may affect the remedies provided in the Port Authority Lease, which laws, however, do not make the remedies provided for in the Port Authority Lease inadequate for the practical realization of the rights and benefits provided thereby, and (iii) except as rights to indemnification and contribution may be limited by applicable law.

(f) The Company is not in default in any material respect under the Port Authority Lease or any other material agreement or material instrument to which the Company is a party or by which the Company is bound or to which any of the property or assets of the Company is subject; neither the execution or delivery of any of the Company Documents, nor the consummation of any other of the transactions on the part of the Company contemplated thereby or by the Official Statement nor the fulfillment of the terms hereof or thereof, will conflict with or result in a breach of any of the terms, conditions or provisions of, or constitute a default under, its Certificate of Incorporation or by-laws, any corporate restriction contained in the Port Authority Lease, or contained in any other material agreement or material instrument to which the Company is bound,

or, to the best knowledge of the Company, any order, rule or regulation applicable to the Company of any court, Federal or state regulatory body, administrative agency or other governmental body having jurisdiction over the Company or any of its properties or operations, or (except as contemplated by the Company Documents or otherwise disclosed to the Underwriters and the Issuer) will result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Company under the terms of any such restriction, agreement, instrument, order, rule or regulation.

(g) All of the net proceeds of the Bonds (exclusive of accrued interest) will be required to be held by the Trustee under the Indenture and used to pay all or a portion of the cost of the Project; and the Company will not take or omit to take any action which action or omission will in any way cause the proceeds of the Bonds to be applied in a manner contrary to that provided in the Lease Agreement and the Tax Certificate, as in force from time to time.

(h) The representations and warranties of the Company contained in Section 1.5 of the Lease Agreement and in Section 1.1 of the Company Guaranty are true and correct as of the date hereof.

(i) The audited consolidated financial statements with respect to the Company and its consolidated subsidiaries included in Appendix A to the Official Statement and the Preliminary Official Statement through incorporation by reference of the Annual Report on Form 10-K for the year ended December 31, 2001 filed by the Company pursuant to Section 13 of the Exchange Act (i) have been prepared in accordance with generally accepted accounting principles consistently applied throughout the periods concerned (except as otherwise disclosed in the notes to such financial statements), conform in all material respects to the requirements of Regulation S-X of the Securities and Exchange Commission and (ii) present fairly the financial position, results of operations and cash flows of the Company and its consolidated subsidiaries at the respective dates and for the respective periods indicated therein. Said Form 10-K, as of its date, did not include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

(j) The unaudited consolidated financial statements with respect to the Company and its consolidated subsidiaries included in Appendix A to the Official Statement and the Preliminary Official Statement through incorporation by reference of the Quarterly Report on Form 10-Q for the quarters ended March 31, 2002 and June 30, 2002, filed by the Company pursuant to Section 13 of the Exchange Act (i) have been prepared in conformity with the generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements referred to in (i) above, except as otherwise disclosed in the notes to such financial statements, and (ii) in the opinion of the management of the Company present fairly the financial position, results of operations and cash flows of the Company and its consolidated subsidiaries at the respective dates and for the periods indicated therein and,

except as otherwise stated therein, reflect all adjustments necessary to that effect. As of its date, said Forms 10-Q did not include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

(k) The Company's Current Reports on Form 8-K filed with the Securities and Exchange Commission on January 16, 2002, June 13, 2002 and June 19, 2002 did not, as of their respective dates, include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

(l) The Company has obtained all approvals required as of the date hereof to be obtained by the Company in connection with the execution and delivery of, and performance by the Company of its obligations under, the Company Documents.

(m) During the period between the date hereof and the Closing Date (as hereinafter defined), the Company will furnish to the Underwriters, promptly after the filing thereof, copies of such financial statements and reports as it shall file with the Securities and Exchange Commission.

(n) The Company agrees to comply with the terms of the Undertaking. The Company is in compliance with each and every undertaking it has previously been required to enter into pursuant to the Rule.

(o) The Company deems (i) the Preliminary Official Statement final as of its date solely for purposes of the Rule, except for the omission of no more than the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery dates, ratings, other terms of the Bonds depending on such matters and the identity of the underwriter(s) and (ii) the Official Statement complete within the meaning of the Rule.

(p) No fact or event exists or has occurred which, with the giving of notice or the lapse of time, or both, would constitute a default or an event of default by the Company under the Port Authority Lease or, when executed, under the Consent to Subleases, the RNDA or the ATEIL.

(q) The Company has obtained all local, state and federal approvals necessary to construct the Project.

(r) The Company has duly authorized the execution, delivery and recordation of the Leasehold Mortgage and, after the Reletting Rights Effective Date, when executed and delivered by the Company and recorded in compliance with applicable law, the Leasehold Mortgage will constitute a legal, valid and binding obligation of, the Company enforceable against the Company in accordance with its terms (i) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors

generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (ii) except as limited by applicable laws which may affect the remedies provided in the Leasehold Mortgage, which laws, however, do not make the remedies provided for in the Leasehold Mortgage inadequate for the realization of the rights and benefits provided thereby, and (iii) except as rights to indemnification and contribution may be limited by applicable law. When executed and recorded in compliance with Section 92(d) of the First Supplement, the Leasehold Mortgage will create a first mortgage lien on the Port Authority Lease subject to no encumbrances other than encumbrances permitted by the Leasehold Mortgage.

Any certificate signed by a representative of the Company and delivered to the Issuer, the Underwriters or Bond Counsel, as the case may be, shall be deemed a representation and warranty by the Company to the Issuer, the Underwriters and Bond Counsel, as the case may be, as to the statements made therein.

6. *Representations, Warranties and Agreements of AMR.* AMR represents, warrants and agrees to and with the Issuer and the Underwriters as follows:

(a) AMR is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware and has all corporate power necessary to execute and deliver and to carry out and perform its obligations under the AMR Guaranty, this Bond Purchase Agreement, the Consent to Subleases and the Undertaking (collectively, the *"AMR Documents"*).

(b) At the date of execution by AMR of this Bond Purchase Agreement, the Official Statement does not, and at the Closing Date will not, and the Preliminary Official Statement as of its date did not, include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading; except that AMR makes no representation as to information contained in the page immediately following the table of contents or under the captions "THE AGENCY," "UNDERWRITING," "TAX MATTERS" or "APPROVAL OF LEGAL PROCEEDINGS" (as the information in the immediately preceding caption relates to opinions other than AMR's counsel opinion referred to in Section 9(d)(13)).

(c) Except as may be set forth (or incorporated by reference) in the Official Statement, there is no action, suit, proceeding or investigation at law or in equity before or by any court or governmental agency or body pending or, to the best knowledge of AMR, threatened, which involves AMR (i) which might reasonably be expected to result in material liability on the part of AMR or (ii) wherein an adverse decision, ruling or finding would (x) materially and adversely affect the transactions contemplated by this Bond Purchase Agreement or (y) adversely affect the validity or enforceability of the AMR Documents.

(d) Each of the AMR Documents will have been duly authorized, executed and delivered by AMR and, when duly executed and delivered by the other parties thereto, will constitute legal, valid and binding obligations of AMR enforceable against AMR in accordance with its terms (i) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (ii) except as limited by applicable laws which may affect the remedies provided in the AMR Documents, which laws, however, do not make the remedies provided for in the AMR Documents inadequate for the realization of the rights and benefits provided thereby, and (iii) except as rights to indemnification and contribution may be limited by applicable law.

(e) AMR is not in default in any material respect under any material agreement or material instrument to which AMR is a party or by which AMR is bound or to which any of the property or assets of AMR is subject; neither the execution or delivery of the AMR Documents, nor the consummation of any other of the transactions on the part of AMR contemplated thereby or by the Official Statement nor the fulfillment on the part of AMR of the terms hereof or thereof, will conflict with or result in a breach of any of the terms, conditions or provisions of, or constitute a default under, its Certificate of Incorporation or bylaws or any material agreement or material instrument to which AMR is bound, or, to the best knowledge of AMR, any order, rule or regulation applicable to AMR of any court, Federal or state regulatory body, administrative agency or other governmental body having jurisdiction over AMR or any of its properties or operations, or (except as contemplated thereby or otherwise disclosed in writing to the Underwriters and the Issuer) will result in the creation or imposition of any prohibited lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of AMR under the terms of any such restriction, agreement, instrument, order, rule or regulation. No fact or event exists or has occurred which, with the giving of notice or the lapse of time, or both, would constitute a default or an event of default by AMR under the Consent to Subleases, when executed.

(f) The representations and warranties of AMR contained in Section 1.1 of the AMR Guaranty are true and correct as of the date hereof.

(g) The audited consolidated financial statements with respect to AMR and its consolidated subsidiaries included in Appendix A to the Official Statement and the Preliminary Official Statement through incorporation by reference of the Annual Report on Form 10-K for the year ended December 31, 2001 filed by AMR pursuant to Section 13 of the Exchange Act (i) have been prepared in accordance with generally accepted accounting principles consistently applied throughout the periods concerned (except as otherwise disclosed in the notes to such financial statements), conform in all material respects to the requirements of Regulation S-X of the Securities and Exchange Commission and (ii) fairly present the financial position, results of operations and cash flows of AMR and its consolidated subsidiaries at the respective dates and for the

respective periods indicated therein. Said Form 10-K, as of its date, did not include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

(h) The unaudited consolidated financial statements with respect to AMR and its consolidated subsidiaries included in Appendix A to the Official Statement and the Preliminary Official Statement through incorporation by reference of the Quarterly Reports on Form 10-Q for the quarters ended March 31, 2002 and June 30, 2002 filed by AMR pursuant to Section 13 of the Exchange Act (i) have been prepared in conformity with the generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements referred to in (g) above, except as otherwise disclosed in the notes to such financial statements, and (ii) in the opinion of the management of AMR present fairly the financial position, results of operations and cash flows of AMR and its consolidated subsidiaries at the respective dates and for the periods indicated therein and, except as otherwise stated therein, reflect all adjustments necessary to that effect. As of its respective date, said Forms 10-Q did not include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

(i) AMR's Current Reports on Form 8-K filed with the Securities and Exchange Commission on January 16, 2002, June 13, 2002, June 19, 2002 and July 18, 2002 did not, as of their respective dates, include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading.

(j) AMR has obtained all approvals required as of the date hereof to be obtained by AMR in connection with the execution and delivery of, and performance by AMR of its obligations under, the AMR Documents.

(k) During the period between the date hereof and the Closing Date, AMR will furnish to the Underwriters, promptly after the filing thereof, copies of such financial statements and reports as it shall file with the Securities and Exchange Commission.

(l) AMR agrees to comply with the terms of the Undertaking. AMR is in compliance with each and every undertaking it has previously been required to enter into pursuant to the Rule.

(m) AMR deems (i) the Preliminary Official Statement final as of its date, except for the omission of no more than the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery dates, ratings, other terms of the Bonds depending on such matters and the identity of the underwriter(s) and (ii) the Official Statement complete within the meaning of the Rule.

Any certificate signed by a representative of AMR and delivered to the Issuer, the Underwriters or Bond Counsel, as the case may be, shall be deemed a representation and warranty by AMR to the Issuer, the Underwriters and Bond Counsel, as the case may be, as to the statements made therein.

7. *Underwriters' Acknowledgements.* Each Underwriter acknowledges (as to itself but not as to the other Underwriters) to the Issuer, the Company and AMR that the Bonds shall be special obligations of the Issuer, payable by the Issuer solely from the Trust Estate pledged therefor; that the Bonds shall never constitute a debt of the State of New York or of The City of New York; that neither the State of New York nor The City of New York shall be liable on the Bonds; that the Issuer has no power of taxation; that neither the members, directors, officers, employees or agents of the Issuer nor any person executing the Bonds shall be liable personally or be subject to any personal liability or accountability by reason of or in connection with the issuance thereof; that the Issuer makes no representation or warranty, express or implied, with respect to the merchantability, condition or workmanship of any part of the Facility or the suitability of the Facility for the purposes or needs of the Company or the extent to which proceeds derived from the sale of the Bonds will be sufficient to pay the costs of the Project; that the Issuer does not in any way represent that the insurance required by the Lease Agreement, whether in scope or coverage or limits of coverage, is adequate or sufficient to protect the business or interests of the Company. The Underwriters have not requested nor received any information concerning the Company or AMR from the Issuer, and the Underwriters are not relying on the Issuer with respect to the financial condition or creditworthiness of the Company or AMR or of the competency or integrity of the management of the Company or AMR.

8. *Closing.* At 10:00 a.m., New York City time, on July 31, 2002, or on such other date and time as shall be agreed upon by the Issuer, the Company, AMR and the Underwriters (the *"Closing Date"*), the Issuer will deliver a single Bond for each Series (and within a series, for each maturity) of the Bonds to the Trustee to facilitate a "FAST" closing through DTC, in typewritten form, bearing CUSIP numbers, duly executed and authenticated, registered in the name of Cede & Co., as nominee for DTC, and will deliver to the Underwriters the other documents herein mentioned at the office of Bond Counsel, 200 Park Avenue, New York, New York. The Bonds will be made available to the Senior Managing Underwriter in New York, New York not less than 24 hours prior to the Closing for checking. The Senior Managing Underwriter, on behalf of the Underwriters, will accept such delivery and pay the purchase price of the Bonds as set forth in Section 1 hereof payable by certified check, or by wire transfer in federal funds to the order of the Trustee.

9. *Conditions of Closing.* The Underwriters' obligation to purchase the Bonds on the Closing Date is subject to the performance by the Issuer, the Company and AMR of their obligations under this Bond Purchase Agreement, the accuracy of their representations and warranties contained in this Bond Purchase Agreement as of its date and the Closing Date and, in the Underwriters' discretion, to the following additional conditions:

(a) Each of the Indenture, the Lease Agreement, the Company Sublease, the Equipment Security Agreement, the Port Authority Lease, the ATEIL, the RNDA, the DTC Letter, the Consent to Subleases, the Company Guaranty, the AMR Guaranty, the

Indenture, the Undertaking and the Tax Certificate shall have been duly authorized, executed and delivered, and each of the foregoing shall be in full force and effect and shall not have been amended, modified or supplemented except as may have been agreed to by the Underwriters; and the Official Statement and any amendments or supplements thereto shall have been duly authorized and executed; and the Issuer shall have duly adopted and there shall be in full force and effect such resolutions as, in the opinion of Bond Counsel, shall be necessary in connection with the transactions contemplated by this Bond Purchase Agreement.

(b) (1) The marketability of the Bonds or their market price must not be, in the reasonable judgment of the Underwriters, materially adversely affected by (A) an amendment to or proposal to amend the Constitution of the State of New York or any Federal or New York legislation or proposed legislation or any decision of any Federal or state court or any ruling or regulation (final, temporary or proposed) or official statement on behalf of the United States Treasury Department, the Internal Revenue Service or other Federal authority or authority of the State of New York, affecting the tax status of bonds of the Issuer (including the Bonds) or the interest on any of its bonds, (B) a general suspension of or material limitation on trading on the New York Stock Exchange, the American Stock Exchange, the Chicago Stock Exchange or the Pacific Stock Exchange, the establishment of minimum prices on any such exchange or the declaration of a general banking moratorium by the authorities of the United States or the State of New York, (C) a downgrading or withdrawal by Standard & Poor's Ratings Services (*"S&P"*) or Moody's Investors Service, Inc. (*"Moody's"*) of such ratings on the Bonds as such agencies may have prior to the date hereof advised the Underwriters would be in effect, (D) an amendment or supplement to the Official Statement after the date of this Bond Purchase Agreement or (E) the establishment of any new restrictions on transactions in securities materially affecting the free market for securities (including the imposition of any limitations on interest rates) or the extension of credit by, or the charge to the net capital requirements of, underwriters established by the New York Stock Exchange, the American Stock Exchange, the Chicago Stock Exchange or the Pacific Stock Exchange, the Securities and Exchange Commission, any other Federal or state agency or the United States Congress, or by Executive Order; or (2) there must not have occurred any outbreak or escalation of hostilities or other calamity or crisis the effect of which on the financial markets of the United States is such as to make it, in the reasonable judgment of the Underwriters, impracticable to market the Bonds or enforce contracts for the sale of the Bonds.

(c) No decision of any Federal or state court and no ruling or regulation (final, temporary or proposed) of the Securities and Exchange Commission or any other governmental agency shall have been made or issued to the effect that (1) the Bonds or any other securities of the Issuer or of any similar body of the type contemplated by this Bond Purchase Agreement, or the obligations of the Company under the Lease Agreement or the Company Guaranty, or the obligations of AMR under the AMR Guaranty are subject to the registration requirements of the Securities Act of 1933, as amended (the *"Securities Act"*), or (2) the qualification of the Indenture or any other

agreement in respect of the Bonds or any such securities is required under the Trust Indenture Act of 1939, as amended (the *"TIA"*).

(d) By the Closing, the Underwriters must receive the following documents, each satisfactory in form and substance to the Underwriters and their counsel:

(1) Executed counterparts of the Indenture, the Company Sublease, the Lease Agreement, the Company Guaranty, the AMR Guaranty, the ATEIL, the RNDA, the Equipment Security Agreement, the First Supplement, the Undertaking, the Tax Certificate and the Consent to Subleases, a copy of the DTC Letter and certified copies of the Port Authority Lease (other than the First Supplement) and the Basic Lease.

(2) The Official Statement.

(3) Two copies of a transcript of all proceedings of the Issuer relating to the authorization and issuance of the Bonds, including the TEFRA hearing relating to the issuance of the Bonds, certified by an official of the Issuer acceptable to the Underwriters.

(4) A certificate, dated the Closing Date, of an officer of the Issuer, to the effect that to the best knowledge of such officer (i) the representations and warranties of the Issuer contained in Section 4 hereof are true and correct in all material respects on and as of the Closing Date as if such representations and warranties had been made on and as of the Closing Date and (ii) the Issuer has complied with all the terms of this Bond Purchase Agreement, the Indenture, the Company Sublease, the DTC Letter, the Consent to Subleases, the Lease Agreement and the Tax Certificate to be complied with by it prior to or concurrently with the Closing Date.

(5) A certificate, dated the Closing Date, of an authorized officer of the Company, to the effect that to the best knowledge of such officer (i) the representations and warranties of the Company contained in Section 5 hereof are true and correct in all material respects on and as of the Closing Date as if such representations and warranties had been made on and as of the Closing Date and (ii) the Company has complied with all the terms of this Bond Purchase Agreement, the Company Sublease, the Lease Agreement, the Port Authority Lease, the ATEIL, the RNDA, the Equipment Security Agreement, the Consent to Subleases, the Company Guaranty, the Undertaking and the Tax Certificate to be complied with by it prior to or concurrently with the Closing Date.

(6) A certificate, dated the Closing Date, of an authorized officer of AMR, to the effect that to the best knowledge of such officer (i) the representations and warranties of AMR contained in Section 6 hereof are true and correct in all material respects on and as of the Closing Date as if such representations and warranties had been made on and as of the Closing Date and

(ii) AMR has complied with all the terms of this Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking to be complied with by it prior to or concurrently with the Closing Date.

(7) A certificate of one or more authorized officers of the Trustee, dated the Closing Date, as to the due execution and delivery of the Indenture, the Consent to Subleases, the Company Guaranty, the AMR Guaranty and the Equipment Security Agreement by the Trustee and the due authentication and delivery of the Bonds by the Trustee.

(8) The approving opinion, dated the Closing Date, of Winston & Strawn, Bond Counsel, addressed to the Issuer, with reliance letters to the Underwriters, the Trustee, the Company and AMR, in substantially the form attached as Appendix I to the Official Statement.

(9) An opinion, dated the Closing Date, of Richard E. Marshall, Vice President for Legal Affairs for the Issuer, addressed to the Trustee, the Underwriters, the Company and AMR, in substantially the form attached as *Exhibit A* to this Bond Purchase Agreement.

(10) A supplemental opinion, dated the Closing Date, addressed to the Issuer, the Company, AMR and the Underwriters, of Bond Counsel, in substantially the form attached as *Exhibit B* to this Bond Purchase Agreement.

(11) The written approval of the Mayor of the City of New York after the Issuer held a public hearing in accordance with the Internal Revenue Code of 1986, as amended.

(12) Evidence satisfactory to the Underwriters of a rating for the Bonds of B1 by Moody's Investors Service, Inc. and of BB- by Standard & Poor's Corporation.

(13) The opinion, dated the Closing Date, addressed to the Issuer, the Trustee and the Underwriters, of (a) the General Counsel of the Company and AMR, in substantially the forms attached as *Exhibits C-1* and *C-2*, respectively, to this Bond Purchase Agreement and (b) Debevoise & Plimpton in the form attached as *Exhibit C-3* to this Bond Purchase Agreement.

(14) The opinion, dated the Closing Date, addressed to the Underwriters, of Chapman and Cutler, counsel to the Underwriters, in substantially the form attached as *Exhibit D* to this Bond Purchase Agreement.

(15) The opinion, dated the Closing Date, addressed to the Issuer, the Company, AMR and the Underwriters, of Emmet, Marvin & Martin, LLP, counsel to the Bond Trustee, in substantially the form attached as *Exhibit E* to this Bond Purchase Agreement.

(16) Copies of resolutions and/or minutes adopted by the Board of Directors of the Company and certified by its Secretary or Assistant Secretary, authorizing the execution and delivery of the Company Documents.

(17) Copies of resolutions and/or minutes adopted by the Board of Directors of AMR and certified by its Secretary or Assistant Secretary, authorizing the execution and delivery of the AMR Documents.

(18) A standard letter from Ernst & Young LLP in the form to be agreed upon by the Underwriters and Ernst & Young LLP, addressed to the Underwriters, based on procedures, not constituting an audit in accordance with generally accepted auditing standards, set forth in such letter to a date not more than five business days prior to the Closing Date.

(19) A certificate, dated the Closing Date, of an authorized official of the Port Authority in substantially the form set forth in *Exhibit F* to this Bond Purchase Agreement.

(20) Consent of Simat, Helliesen & Eichner.

(21) A copy of the leasehold title insurance policy referred to in Section 2.6 of the Lease Agreement.

(22) Copies of certificates of insurance required by Section 4.4(e) of the Lease Agreement.

(23) A letter from the Issuer relating to the exemption of the Leasehold Mortgage from recording taxes under New York law.

(24) Such additional certificates, proceedings, opinions, instruments or documents as the Underwriters may reasonably request in connection with the transactions contemplated by this Bond Purchase Agreement.

(e) After the dates as of which information is given in the Official Statement, there shall not have been any material adverse change, or any development involving a prospective material adverse change, in or affecting the business, financial condition or properties of the Company, its operations at the Airport, or AMR which change or development makes it impractical or inadvisable in the reasonable judgment of the Underwriters, after consultation with the Company and AMR, to proceed with the offering or the delivery of the Bonds as contemplated by the Official Statement.

(f) All matters relating to this Bond Purchase Agreement, the Bonds and the sale thereof, the Indenture, the Company Sublease, the Port Authority Lease, the ATEIL, the RNDA, the Consent to Subleases, the Lease Agreement, the Company Guaranty, the AMR Guaranty, the Equipment Security Agreement, the Undertaking, the Leasehold Mortgage, the DTC Letter and the Tax Certificate and the consummation of the

transactions contemplated by this Bond Purchase Agreement shall have been approved by the Underwriters, such approval not to be unreasonably withheld.

If any of the Issuer, the Company or AMR is unable to satisfy any such condition, or if the Underwriters' obligation is terminated for any reason permitted by this Bond Purchase Agreement, this Bond Purchase Agreement may be cancelled by the Underwriters, and, upon such cancellation, the Underwriters, the Issuer, the Company and AMR shall not be under further obligation except for the respective obligations of the parties set forth in Section 10 hereof.

10. *Expenses.* The Issuer and the Underwriters shall not be obligated to pay, and the Company will pay, all reasonable fees and expenses incident to the performance of the Issuer's and the Underwriters' obligations under this Bond Purchase Agreement, including but not limited to (a) all out-of-pocket expenses in connection with the preparation of the Preliminary Official Statement and the Official Statement and any amendment or supplement to either, (b) any bond issuance fee charged by the Issuer or the State of New York, (c) all out-of-pocket expenses of preparing, printing, issuing and delivering the Bonds, (d) all out-of-pocket expenses of preparing, printing, issuing and delivering the Indenture, the Company Guaranty, the AMR Guaranty, the Equipment Security Agreement, the Lease Agreement, the Company Sublease, the Undertaking, the First Supplement, the ATEIL, the RNDA, the Tax Certificate, the Consent to Subleases and this Bond Purchase Agreement and any related document, notice, publication, filing or recording, (e) all out-of-pocket expenses, including the fees and out-of-pocket disbursements of counsel, in connection with the preparation and printing of blue sky and legal investment memoranda, if any, and the qualification of the Bonds for sale under the securities or blue sky laws of such jurisdictions as the Underwriters designate, (f) the fees and out-of-pocket disbursements of Bond Counsel, (g) the fees and out-of-pocket disbursements of counsel for the Company and AMR, (h) all out-of-pocket expenses, if any, in connection with obtaining a rating or ratings for the Bonds, (i) the out-of-pocket expenses of the Underwriters (including fees and out-of-pocket expenses of counsel to the Underwriters), (j) the fees and out-of-pocket expenses of counsel for the Trustee and out-of-pocket expenses of the Underwriters, and (k) all other out-of-pocket expenses and costs of the Issuer, the Company and AMR incident to the performance of their respective obligations in connection with the authorization, issuance, sale and distribution of the Bonds. It is understood (x) that except for the expenses referred to in clauses (a), (c), (d), (f), (g) and (h) above, payment of all expenses referred to above is contingent upon the Closing and (y) that in the event the Closing does not occur, the expenses referred to in clauses (a), (c), (d), (f), (g) and (h) above shall be paid by the Company.

If the Bonds are not sold because the Underwriters fail to purchase the Bonds for reasons other than those permitted by Section 9 of this Agreement, the Company shall pay only the costs referred to in clause (h) above and the Underwriters shall pay all other non-contingent expenses.

All fees and expenses required to be paid under this Section 10 by the Underwriters or the Company must be reasonable.

11. *Indemnification and Contribution.* (a) The Company and AMR will, jointly and severally, indemnify and hold harmless the Issuer and each Underwriter, each of their respective members, officers, officials or employees, and each person who controls any Underwriters

within the meaning of Section 15 of the Securities Act (for purposes of this paragraph (a), each such person being an *"Indemnified Party"* and collectively, the *"Indemnified Parties"*), against all losses, claims, damages, or liabilities, joint or several, to which such Indemnified Party may become subject under any statute or at law or in equity or otherwise, and will reimburse any such Indemnified Party for any legal or other expenses reasonably incurred by it in connection with investigating any claims against it and defending any actions, but only insofar as such losses, claims, damages, liabilities or actions arise out of or are based upon (i) an allegation or determination that the Bonds or the obligations of the Company under the Lease Agreement or the Company Guaranty or of AMR under the AMR Guaranty should have been registered under the Securities Act or the Indenture should have been qualified under the TIA, or (ii) any untrue statement or alleged untrue statement of a material fact contained in the Preliminary Official Statement or the Official Statement or any amendment of or supplement to the Official Statement, or the omission or alleged omission to state in them a material fact necessary in order to make the statements made therein, in light of the circumstances in which they were made, not misleading. The Company and AMR, jointly and severally, will reimburse the Issuer for any legal or other expenses reasonably incurred by it in connection with defending any actions against it which arise out of or are based upon any failure of the Company or AMR to comply with their respective obligations under the Undertaking and the Rule. The Company and AMR shall not be liable under this paragraph to an Underwriter or its respective members, directors, officers, and employees or each person who controls that Underwriter within the meaning of Section 15 of the Securities Act if (i) the person asserting any such loss, claim, damage or liability purchased Bonds from that Underwriter, (ii) delivery to such person of the Official Statement or any amendment of or supplement to the Official Statement theretofore delivered to the Underwriters by or on behalf of the Company would have been a valid defense to the action from which such loss, claim, damage or liability arose and (iii) the Official Statement, amendment or supplement was not delivered to such person by or on behalf of that Underwriter on a timely basis. In addition, the Company shall not be liable under this paragraph (a) to any Indemnified Party for any untrue statement or omission or allegation thereof in the three paragraphs immediately preceding the table of contents of the Preliminary Official Statement or the Official Statement or under the caption "UNDERWRITING" therein. The Company shall not be liable under this paragraph to the Issuer for any such untrue statement or omission or allegation thereof under the caption "THE AGENCY." This indemnity agreement will not limit any other liability the Company or AMR may otherwise have to any Indemnified Party, but in no event will the Company or AMR be liable for double indemnification. If an Indemnified Party is reimbursed hereunder for any expenses, such reimbursement of expenses shall be refunded to the extent it is finally judicially determined that the indemnifying party was not liable therefor hereunder.

(b) (i) Each Underwriter will indemnify and hold harmless the Issuer, the Company and AMR and each of their respective members, directors, officers and employees and each person who controls any of them within the meaning of Section 15 of the Securities Act (for purposes of this paragraph (b)(i), an *"Indemnified Party"*) to the same extent as the indemnity in paragraph (a) from the Company and AMR to the Issuer and the Underwriters, but only with reference to written information relating to the Underwriters furnished by the Underwriters specifically for use in the preparation of the documents referred to in the indemnity in paragraph (a). The Issuer, the Company and AMR acknowledge that the statements in the Preliminary Official Statement

and the Official Statement in the three paragraphs immediately preceding the table of contents and under the caption "UNDERWRITING" constitute the only information furnished in writing by or on behalf of the Underwriters for inclusion in the Preliminary Official Statement and the Official Statement and the Underwriters confirm that such statements are correct.

(ii) Each Underwriter will indemnify and hold harmless the Issuer, the Company and AMR and each of their respective members, directors, officers and employees and each person who controls any of them within the meaning of Section 15 of the Securities Act (for purposes of this paragraph (b)(ii), an *"Indemnified Party"*) against all losses, claims, damages or liabilities to which such Indemnified Party may become subject under any statute or at law or in equity or otherwise, and will reimburse any such Indemnified Party for any legal or other expenses reasonably incurred by it in connection with investigating any claims against it and defending any actions, but only insofar as such losses, claims, damages, liabilities or actions arise out of or are based upon a loss, claim, damage or liability of a person who purchased Bonds from that Underwriter, if delivery to such person of the Official Statement or any amendment of or supplement to the Official Statement by that Underwriter would have been a valid defense to the action from which such loss, claim, damage or liability arose and if the Official Statement, amendment or supplement was not delivered to such person by or on behalf of that Underwriter in any case where such delivery is required by law.

(iii) If an Indemnified Party is reimbursed under this Section 11(b) for any expenses, such reimbursement of expenses shall be refunded to the extent it is finally judicially determined that the indemnifying party was not liable therefor hereunder.

(c) An Indemnified Party (as defined in paragraph (a), paragraph (b)(i) or paragraph (b)(ii) of this Section 11) will, promptly after receiving notice of the commencement of any action or proceeding against such Indemnified Party in respect of which indemnification may be sought against the Company, AMR or the Underwriters, as the case may be (in any case the *"Indemnifying Party"*), notify the Indemnifying Party in writing of the commencement of the action or proceeding. Failure of the Indemnified Party to give such notice will reduce the liability of the Indemnifying Party under this Bond Purchase Agreement by the amount of the damages attributable to the failure to give the notice; but the failure will not relieve the Indemnifying Party from any liability that it may have to such Indemnified Party otherwise than under paragraph (a), (b)(i) or (b)(ii) of this Section 11. If such action or proceeding is brought against an Indemnified Party and such Indemnified Party notifies the Indemnifying Party of its commencement, the Indemnifying Party at its election may, or if so requested by the Indemnified Party shall, participate in it or assume its defense, with counsel reasonably satisfactory to the Indemnified Party, and after notice from the Indemnifying Party to the Indemnified Party of an election to assume the defense, the Indemnifying Party will not be liable to the Indemnified Party under this Section 11 for any legal or other expenses subsequently incurred by such Indemnified Party in connection with the defense other than reasonable costs of investigation. Until the Indemnifying Party assumes the defense, whether at the Indemnifying Party's election or at the request of the Indemnified Party, the Indemnifying Party may participate at its own expense in the defense. If the Indemnifying Party does not employ counsel to have charge of the defense or if any Indemnified Party shall have been advised by its counsel that there may be defenses available to it or them which are different from or in addition to those available to the

Indemnifying Party (in which case the Indemnifying Party will not have the right to direct the defense of such action on behalf of such Indemnified Party), legal and other expenses incurred by such Indemnified Party will be paid by the Indemnifying Party; *provided, however*, that the Indemnifying Party, in connection with any one such action or proceeding or separate but substantially similar or related actions or proceedings in the same jurisdiction arising out of the same general allegations or circumstances, shall not be liable for the fees and reasonable expenses of more than one separate firm of attorneys (in addition to any local counsel), designated in writing by the Underwriters in the case of paragraph (a), at any time for all such Indemnified Parties. Notwithstanding the foregoing, the Indemnifying Party shall not be liable for any settlement of any action or claim effected without its consent, which consent shall not be unreasonably withheld.

(d) If the indemnification provided for in this Section 11 is unavailable to an Indemnified Party (as defined in paragraph (a), paragraph (b)(i) or paragraph (b)(ii) of this Section 11), other than by reason of the exceptions provided in those paragraphs, in respect of any losses, claims, damages or liabilities referred to therein, then each applicable Indemnifying Party, in lieu of indemnifying such Indemnified Party, shall contribute to the amount paid or payable by such Indemnified Party as a result of such losses, claims, damages or liabilities (i) in such proportion as is appropriate to reflect the relative benefits received by the Company and AMR on the one hand and by the Underwriters on the other from the offering of the Bonds or (ii) if the allocation provided in clause (i) above is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (i) above but also the relative fault of the Company and AMR on the one hand and the Underwriters on the other in connection with the statements or omissions which resulted in such losses, claims, damages or liabilities, as well as any other relevant equitable considerations. The relative benefits received by the Company and AMR on the one hand and by the Underwriters on the other shall be deemed to be in the same proportion as the total proceeds from the offering (net of underwriting fee but before deducting expenses) received by the Company and AMR bear to the underwriting fee received by the Underwriters, in each case as set forth in the Official Statement. The relative fault of the Company and AMR on the one hand and of the Underwriters on the other shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Company and AMR or by the Underwriters and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The amount paid or payable by a party as a result of the losses, claims, damages and liabilities referred to above shall be deemed to include, subject to the limitations set forth in paragraph (c) of this Section 11, any legal or other fees or expenses reasonably incurred by such party in connection with investigating or defending any action or claim.

(e) The Issuer, the Company, AMR and the Underwriters agree that it would not be just and equitable if contribution pursuant to Section 11(d) were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the immediately preceding paragraph. Notwithstanding the provisions of Section 11(d), the Underwriters shall not be required to contribute any amount in excess of the amount by which the total price at which the Bonds underwritten by the Underwriters and

distributed to the public were offered to the public exceeds the amount of any damages which the Underwriters have otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

(f) The indemnification and contribution agreements contained in this Section 11 and the representations and warranties of the Issuer, the Company and AMR contained in this Bond Purchase Agreement shall remain operative and in full force and effect, regardless of (i) any investigation made by or on behalf of the Underwriters, by or on behalf of any person controlling the Underwriters or by or on behalf of the Issuer, the Company or AMR, (ii) acceptance of any of the Bonds and payment therefor or (iii) any termination of this Bond Purchase Agreement.

12. *Notices.* Any notice or other communication to be given to the Issuer, the Company or AMR under this Bond Purchase Agreement may be given by delivering the same in writing at such party's address set forth above, and any notice or other communication to be given to the Underwriters under this Bond Purchase Agreement may be given by delivering it in writing to Salomon Smith Barney Inc., 390 Greenwich Street, 2nd Floor, New York, New York 10013, Attention: Robert DeMichiel.

13. *Parties in Interest; Survival of Representations and Warranties.* This Bond Purchase Agreement is made solely for the benefit of the Issuer, the Company, AMR and the Underwriters (including their respective successors and assigns), and no other person will have any right under this Bond Purchase Agreement, except as provided in Sections 10 and 11 hereof. The term "successors and assigns" shall not include a purchaser, as such purchaser, of the Bonds from the Underwriters. All of the representations, warranties and agreements of the Issuer, the Company, AMR and the Underwriters in this Bond Purchase Agreement will remain operative and in full force and effect, regardless of any investigations made by or on behalf of the Underwriters, delivery of and payment for the Bonds under this Bond Purchase Agreement or any termination of this Bond Purchase Agreement.

14. *Headings.* The headings of the sections of this Bond Purchase Agreement are inserted for convenience and are not a part of it.

15. *Payment of Expenses by Issuer.* Anything herein to the contrary notwithstanding, the Issuer shall not be required to pay any expense or be liable for the payment of any sum by reason of the terms of this Bond Purchase Agreement unless the necessary funds for such payment shall have been made available to it by the Company, and every undertaking of the Issuer shall be subject to this condition.

16. *Governing Law.* This Bond Purchase Agreement shall be governed by and construed in accordance with the laws of New York, including laws applicable to contracts made and to be performed in New York.

If you agree with the foregoing, please sign the enclosed counterpart of this Bond Purchase Agreement and return it to the Senior Managing Underwriters. This Bond Purchase Agreement will become a binding agreement among the Issuer, the Company, AMR and the Underwriters when at least one counterpart of this Bond Purchase Agreement has been signed on behalf of each of the parties.

BOND TERMS

$120,000,000 Series 2002A Bonds	8.00% maturing August 1, 2012
$380,000,000 Series 2002B Bonds	8.50% maturing August 1, 2028

The Series 2002B Bonds are subject to optional redemption by the Issuer, at the direction of the Company, during the periods specified below, in whole or in part on any date, at the redemption prices (expressed as a percentage of principal amount) specified below, together with accrued interest, if any, to the redemption date:

Redemption Periods	Redemption Prices
August 1, 2012 to July 31, 2013	101%
August 1, 2013 to July 31, 2014	100.5%
August 1, 2014 and thereafter	100%

The Series 2002 Bonds are subject to extraordinary optional redemption without premium, mandatory redemption without premium and extraordinary mandatory redemption without premium under the circumstances described in the Official Statement.

The Series 2002B Bonds will be subject to redemption by lot in such manner as the Trustee determines pursuant to the terms of a mandatory sinking fund provided in the Indenture, on August 1 of each year, beginning August 1, 2015, in the amounts set forth opposite such years in the following table, at the principal amount thereof, together with accrued interest to the date of redemption, and without premium:

August 1 of the year	Principal Amount
2015	$15,140,000
2016	$16,425,000
2017	$17,825,000
2018	$19,340,000
2019	$20,980,000
2020	$22,765,000
2021	$24,700,000
2022	$26,800,000
2023	$29,080,000
2024	$31,550,000
2025	$34,230,000
2026	$37,140,000
2027	$40,300,000
2028†	$43,725,000

Re: New York City Industrial Development Agency
$500,000,000 Special Facility Revenue Bonds,
Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Dear Sirs/Madam:

This opinion is being furnished to you (i) in connection with the issuance and sale by the New York City Industrial Development Agency (the *"Agency"*) of its $500,000,000 aggregate principal amount of Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*) and (ii) pursuant to

Section 9(d)(9) of the Bond Purchase Agreement (herein defined). The Series 2002 Bonds are issued under a Master Indenture of Trust dated as of July 1, 2002, as supplemented by a First Series Supplemental Indenture of Trust, a Second Series Supplemental Indenture of Trust, a Third Series Supplemental Indenture of Trust, and a Fourth Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (collectively, the *"Indenture"*) all by and between the Agency and The Bank of New York, as Trustee (the *"Trustee"*). Capitalized terms used herein but not otherwise herein defined shall have the same meaning as in the Indenture or the Bond Purchase Agreement dated July 25, 2002 (the *"Bond Purchase Agreement"*) among the Agency, American Airlines, Inc. (the *"Company"*), AMR Corporation, and Salomon Smith Barney Inc. as Senior Managing Underwriter of the several underwriters named therein.

I am the Vice President for Legal Affairs of the Agency and as such I am familiar with the acts and proceedings heretofore had or taken by the Agency relative to (i) the authorization, issuance and sale of the Bonds including the resolutions of the Agency dated October 23, 2001 as amended November 13, 2001 (collectively the *"Resolution"*), and (ii) the authorization, execution and delivery by the Agency of the Bonds, the Bond Purchase Agreement, the Company Sublease Agreement dated as of July 1, 2002 (the *"Company Sublease Agreement"*) between the Company as lessor and the Agency as lessee, the IDA Lease Agreement dated as of July 1, 2002 (the *"IDA Lease Agreement"*) between the Agency and the Company, the form of Leasehold Mortgage and Security Agreement (the *"Leasehold Mortgage"*) among the Company, the Agency and the Trustee to be executed and delivered after the Reletting Rights Effective Date, the Tax Certificate from the Agency and the Company to the Trustee dated July 31, 2002 (the *"Tax Certificate"*), the Equipment Security Agreement dated as of July 1, 2002 among the Agency, the Trustee and the Company (the *"Equipment Security Agreement"*), the Consent to Subleases and Leasehold Mortgage Agreement (the *"Consent to Subleases"*) dated July 31, 2002 among the Trustee, the Port Authority, the Agency, the Company and AMR Corporation and the Indenture (collectively the *"Agency Documents"*).

Based on the foregoing, I am of the opinion that:

(a) The Indenture constitutes a direct pledge and assignment by the Agency to the Trustee of, and a valid security interest in, all rentals and other amounts (except as otherwise provided in the Indenture) payable by the Company to the Agency under the IDA Lease Agreement. Financing statements in respect of such security interest have been entrusted to the Trustee, for due filing in proper form in the office of the Secretary of State of the State of New York, which filing is all of the filing and recording necessary to constitute the Indenture, and the Indenture constitutes, a valid direct pledge and assignment of, and with such filings the Indenture will constitute a valid perfected security interest in, all rentals and other amounts (except as otherwise provided in the Indenture) payable by the Company to the Agency under the provisions of the IDA Lease Agreement, as against all subsequent creditors of the Agency or of the Company and subsequent assignees of the Agency of such rentals and other amounts payable under the IDA Lease Agreement. No refiling of such financing statement is required in order to maintain such perfected security interest and pledge and assignment of such rentals and such other amounts except a continuation statement under the New York State Uniform

Commercial Code, which is required to be filed in conformity with the provisions of the New York State Uniform Commercial Code.

(b) There is no action, suit, proceeding or investigation at law or in equity by or before any court, public board or body, of which the Agency has notice, pending, or, to the best of my knowledge, threatened against or affecting the Agency, or to the best of my knowledge, any basis for such action, suit, proceeding or investigation, wherein an unfavorable decision, ruling or finding would affect the organization or existence of the Agency or the transactions contemplated by the Agency Documents or the exclusion of interest on the Bonds from gross income of the owners thereof for Federal Income tax purposes.

(c) No legislation has been enacted by the Legislature of the State of New York or the Council of the City of New York which in any way affects the issuance or delivery of the Bonds or the payment, collection or application of the proceeds thereof or rentals and other moneys and securities pledged or to be pledged under the Indenture, or the creation, organization or existence of the Agency or the titles to office of any officers thereof, or the power of the Agency to construct, renovate, equip, expand and install the Project or improve, assign or sublease the Facility referred to in the Indenture, the IDA Lease Agreement and the Company Sublease Agreement.

(d) The directors and officers of the Agency identified in the Agency's general certificate delivered the date hereof have been duly elected or appointed and are qualified to serve as such.

(e) The adoption by the Agency of the Resolution and the execution and delivery of the Agency Documents, and the performance by the Agency of its obligations thereunder, do not and will not violate or constitute a default under its bylaws, or any indenture or other agreement or instrument to which the Agency is a party or by which it or its properties is or may be bound, or any regulation, order or decree to which the Agency is subject, or result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Agency, except as contemplated by the Indenture or the Equipment Security Agreement, and do not and will not violate any provision of the Constitution or statutes of the State of New York, or any resolution of the Agency, or any applicable judgment, order, rule, ordinance, decree or regulation of any court or of any public or governmental agency or authority having jurisdiction over the Agency or any of its property, and no approval or other action by any governmental authority or agency is required in connection with the Agency's obligations under the Resolution or the Agency Documents except such as has already been obtained.

(f) The Equipment Security Agreement is sufficient to create in the Trustee's favor as security for the payment of the Bonds a security interest in all right, title and interest of the Agency in those items of equipment and machinery described in the Equipment Security Agreement and in which a security interest may be created under Article 9 of the New York State Uniform Commercial Code (the *"UCC"*). Financing

statements in proper form in respect of such security interest have been entrusted to the Trustee for due filing in the office of the Secretary of State of New York. Assuming that the financing statements have been properly filed in the office of the Secretary of State of New York, such filing will be sufficient to perfect a security interest in the items and types of equipment and machinery described therein, as against all subsequent creditors of the Agency and subsequent assignees of such equipment and machinery. No refiling of such financing statements is required in order to maintain such perfected security interest except a continuation statement under the UCC, which is required to be filed in conformity with the provisions of the UCC.

In rendering this opinion, I have assumed the due authorization, execution and delivery by, and enforceability against (i) the Company of the IDA Lease Agreement, the Company Sublease Agreement, the Bond Purchase Agreement, the Tax Certificate, the Equipment Security Agreement, the Leasehold Mortgage, and the Consent to Subleases (ii) the Underwriters of the Bond Purchase Agreement, and (iii) the Trustee of the Indenture, the Consent to Subleases, the Equipment Security Agreement and the Tax Certificate.

This opinion is delivered to the addressees solely in connection with the transaction described herein, and it may be relied upon by the parties to whom this opinion is addressed and their counsel. This opinion may not be relied upon by any other person, firm or entity without the Agency's prior written consent.

Very truly yours,

Richard E. Marshall
Vice President for Legal Affairs

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)
(the *"Bonds"*)

Gentlemen:

We have acted as Bond Counsel in connection with the issuance and sale on this date of the Bonds by the New York City Industrial Development Agency (the *"Issuer"*). This opinion is being rendered in connection with the delivery of the Bonds to Salmon Smith Barney Inc., as Senior Managing Underwriter of the several underwriters named in the Bond Purchase Agreement, dated July 25, 2002 (the *"Bond Purchase Agreement"*), among the Issuer, American Airlines, Inc. (the *"Company"*), AMR Corporation (*"AMR"*), and the aforementioned underwriters. All capitalized terms not otherwise defined herein shall have the same meaning as defined in the Bond Purchase Agreement.

In connection therewith we have examined the transcripts of proceedings relating to the Bonds and such other documents as we have deemed necessary or desirable.

Based upon the foregoing, it is our opinion that:

1. The Bond Purchase Agreement, the Leasehold Mortgage and the Consent to Subleases have each been duly authorized and executed by the Issuer and each of the Bond Purchase Agreement and the Consent to Subleases has been duly delivered and constitutes the legal and binding obligation of the Issuer enforceable in accordance with its terms (except to the extent that the obligations of the Issuer and the enforceability thereof are subject to the general principles of equity and to applicable bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting creditors' rights generally).

2. The Official Statement has been duly authorized by the Issuer.

3. The Bonds constitute exempted securities under Section 3(a)(2) of the Securities Act of 1933, as amended (the *"Securities Act"*), and under Section 304(a)(4)(B) of the Trust Indenture Act of 1939, as amended (the *"Trust Indenture Act"*); and the offer, sale and delivery of the Bonds does not require registration of the Bonds, the Lease Agreement, the Company Guaranty or the AMR Guaranty.

4. The statements contained in the Official Statement under the captions "THE AGENCY," "THE PROJECT; PLAN OF FINANCE—Plan of Finance," "THE SERIES 2002 BONDS," "SECURITY FOR THE BONDS" (but only with respect to the statements contained under the subcaptions "—The Indenture," "Debt Service Reserve Fund," "—The IDA Lease Agreement," "—Leasehold Mortgage and Reletting" (but only with respect to the first sentence of the first paragraph under "—*Leasehold Mortgage,*" the third sentence of the first paragraph under "—*Conditions to Execution, Delivery and Recording of the Leasehold Mortgage,*" the first and third sentences of the first paragraph and the first three sentences of the second paragraph under "—*Execution, Delivery and Recording of Leasehold Mortgage after Reletting Rights Effective Date,*" "—*Foreclosure of Leasehold Mortgage,*" and the second, third and second to the last sentences in the paragraph under the table in *"—Conditions Precedent to Foreclosure—3. Foreclosure Periodic Payments*"), "—Equipment Security Agreement," the second paragraph under "—New Leasehold Mortgage Upon Expiration of the Basic Lease," and "—Company Leases; Lease Term Differential" (but only with respect to "—*Term of Company Sublease*" and the second paragraph under "—*Lease Term Differential*")) and "TAX MATTERS" and Appendices B through D and G thereto insofar as the statements contained under such captions purport to summarize the certain provisions of the Bonds, the Indenture, the Lease Agreement and the Leasehold Mortgage and our opinion as to tax matters, present a fair and accurate summary of such provisions and matters of law purported to be summarized therein; *provided* that we express no opinion with respect to the statements describing The Depository Trust Company and its book-entry only system.

In expressing opinion Number 3 above, we have relied on, and assume continuing compliance by the Issuer, the Trustee and the Company with, certain representations and covenants relating to the use and investment of the proceeds of the Bonds and the projects financed therewith.

This letter is furnished solely for your information and benefit in connection with the offering and sale of the Bonds and may not be relied upon by any other person.

Respectfully submitted,

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

This opinion is being furnished to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement (the *"Bond Purchase Agreement"*), dated July 25, 2002 among Salomon Smith Barney Inc., as Senior Managing Underwriter of the several underwriters, American Airlines, Inc., a Delaware corporation (the *"Company"*), AMR Corporation, a Delaware corporation (*"AMR"*), and the New York City Industrial Development Agency (the *"Issuer"*) relating to the issuance and sale by the Issuer of $500,000,000 aggregate principal amount of its Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*). Capitalized terms used herein without definition shall have the meanings specified in the Bond Purchase Agreement.

I am Senior Vice President and General Counsel of the Company and have acted as such in connection with the preparation of the Leasehold Mortgage and the preparation, execution and delivery of the Lease Agreement, the Company Guaranty, the Bond Purchase Agreement, the Company Sublease, the Equipment Security Agreement, the Port Authority Lease, the Consent to Subleases, the Tax Certificate, the ATEIL, the RNDA and the Undertaking (collectively, the *"Company Documents"*).

In connection with this opinion, I or attorneys in the legal department of the Company have examined and are familiar with originals or copies, certified or otherwise, of the Company

Documents, and such other documents and records of the Company and such statutes, regulations and other instruments as we have deemed necessary or advisable for purposes of this opinion. As to certain facts material to this opinion, I have relied upon the accuracy of representations of one or more officers or other employees of the Company. In addition, I have assumed that communications of public officials and their assistants concerning the content of public files and records and actions taken by them in their public capacities are accurate, that all signatures, other than signatures of the Company, on all documents presented to me are genuine, that all documents submitted to me as originals are accurate and complete, that all documents submitted to me as copies are true and correct copies of the originals thereof, that all factual information submitted to me was accurate and complete and that all persons executing and delivering originals or copies of documents examined by me, other than persons executing and delivering such documents on behalf of the Company, were competent to execute and deliver such documents. In addition, I have assumed the due authorization, execution and delivery of the Company Documents by the respective parties thereto other than the Company and that such agreements are the valid and binding obligations of each of such other parties enforceable against such other parties in accordance with their terms.

Based on the foregoing, I am of the following opinion:

1. The Company is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware, is duly qualified to do business in and is in good standing under the laws of the State of New York and has full corporate power to execute and deliver and to carry out and perform its obligations under the Company Documents.

2. The Company Documents have been duly authorized and (other than the Leasehold Mortgage) executed and delivered by the Company and (other than the Leasehold Mortgage) constitute the legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their respective terms, (a) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (b) except as limited by applicable laws which may affect the remedies provided in the Company Documents (other than the Leasehold Mortgage), which laws, however, do not in my opinion make the remedies provided for in the Company Documents (other than the Leasehold Mortgage) inadequate for the realization of the rights and benefits provided thereby and (c) except that no opinion is expressed as to the enforceability of any provisions relating to indemnity and contribution.

3. The execution and delivery by the Company of the Company Documents, and compliance by the Company with the provisions of the Company Documents, will not conflict with or constitute a breach of or default under (a) the certificate of incorporation or by-laws of the Company, (b) any indenture, mortgage, deed of trust, loan agreement or other material agreement or material instrument to which the Company or any of its subsidiaries is a party or by which it or any of its subsidiaries or any of their respective property or assets are bound, which conflict, breach or default would adversely affect the validity as to the Company of, or the

Company's performance of any of its obligations under, the Company Documents or (c) to the best of my knowledge, any existing law, rule or regulation to which the Company or any of its subsidiaries is subject.

4. Except as disclosed in the Official Statement, including any documents incorporated therein by reference in Appendix A, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body, pending or, to the best of my knowledge, threatened against the Company or any of its subsidiaries, respectively, affecting any of them (a) which would materially adversely affect the transactions contemplated by the Bond Purchase Agreement or the Official Statement, or which would adversely affect the validity or enforceability of the Bonds or the Company Documents, or (b) which would have a material adverse effect on the financial condition of the Company and its subsidiaries taken as a whole.

5. No consent, approval, authorization or order of, or registration or filing with, any court or governmental or public agency, authority or body is required with respect to the Company for the execution, delivery and performance by the Company as of the date hereof of the Company Documents.

6. I have no reason to believe the Official Statement as of its date and as of the date hereof, insofar as it relates to the Company, the Project, the application of the proceeds of the Bonds or the description of the provisions of the Company Documents other than the Bond Purchase Agreement (except as to financial statements and other financial and statistical data contained in or incorporated by reference in the Official Statement, including Appendix A thereto, as to which no opinion is expressed), contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

7. The Equipment Security Agreement is sufficient to create in the Trustee's favor as security for the payment of the Bonds a security interest in all right, title and interest of the Company in those items of equipment and machinery described in the Equipment Security Agreement and in which a security interest may be created under Article 9 of the Uniform Commercial Code of the State of Delaware (*"Delaware Article 9"*). Financing statements in proper form in respect of such security interest have been entrusted to the Trustee for due filing in the office of the Secretary of State of the State of Delaware. Assuming that the financing statements have been properly filed in the office of the Secretary of State of the State of Delaware, such filing will be sufficient to perfect a security interest in the items and types of equipment and machinery described therein. No further action is required in order to maintain such perfected security interest except for the filing of continuation statements under Delaware Article 9, which are required to be filed in conformity with the provisions of Delaware Article 9.

This opinion is limited in all respects to the laws of the States of New York and Texas, the general corporate laws of the State of Delaware, the Federal laws of the United States of America and, to the extent set forth in the following sentence, Delaware Article 9. The opinions set forth in paragraph 7 are limited to Article 9 of the Uniform Commercial Code of the State of New York and to Delaware Article 9 (and such opinions as to Delaware law are limited to a reading of Delaware Article 9) and therefore such opinions do not address (i) laws of a

jurisdiction other than New York and Delaware, and laws of Delaware except for Delaware Article 9, and (ii) collateral of a type not subject to Delaware Article 9. I express no opinion as to the securities or blue sky laws of any jurisdiction.

I am delivering this opinion to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement, and no person other than you, your counsel and Bond Counsel is entitled to rely hereon.

Very truly yours,

General Counsel

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

This opinion is being furnished to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement (the *"Bond Purchase Agreement"*), dated July 25, 2002 among Salomon Smith Barney, Inc., as Senior Managing Underwriter of the several underwriters, American Airlines, Inc., a Delaware corporation (the *"Company"*), AMR Corporation, a Delaware corporation (*"AMR"*), and the New York City Industrial Development Agency (the *"Issuer"*) relating to the issuance and sale by the Issuer of $500,000,000 aggregate principal amount of its Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*). Capitalized terms used herein without definition shall have the meanings specified in the Bond Purchase Agreement.

I am Senior Vice President and General Counsel of AMR and have acted as such in connection with the preparation, execution and delivery of the AMR Guaranty, the Bond Purchase Agreement, the Consent to Subleases and the Undertaking.

In connection with this opinion, I or attorneys in the legal department of AMR have examined and are familiar with originals or copies, certified or otherwise, of the AMR Guaranty, the Bond Purchase Agreement, the Consent to Subleases and the Undertaking, and such other documents and records of AMR and such statutes, regulations and other instruments as we have deemed necessary or advisable for purposes of this opinion. As to certain facts material to this

opinion, I have relied upon the accuracy of representations of one or more officers or other employees of AMR. In addition, I have assumed that communications of public officials and their assistants concerning the content of public files and records and actions taken by them in their public capacities are accurate, that all signatures, other than signatures of AMR, on all documents presented to me are genuine, that all documents submitted to me as originals are accurate and complete, that all documents submitted to me as copies are true and correct copies of the originals thereof, that all factual information submitted to me was accurate and complete and that all persons executing and delivering originals or copies of documents examined by me, other than persons executing and delivering such documents on behalf of AMR, were competent to execute and deliver such documents. In addition, I have assumed the due authorization, execution and delivery of the AMR Guaranty, the Consent to Subleases and the Bond Purchase Agreement by the respective parties thereto other than AMR and that such agreements are the valid and binding obligations of each of such other parties enforceable against such other parties in accordance with their terms.

Based on the foregoing, I am of the following opinion:

1. AMR is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware, is duly qualified to do business in and is in good standing under the laws of the State of New York and has full corporate power to execute and deliver and to carry out and perform its obligations under the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking.

2. The Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking have been duly authorized, executed and delivered by AMR and constitute the legal, valid and binding obligations of AMR, enforceable against AMR in accordance with their respective terms, (a) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (b) except as limited by applicable laws which may affect the remedies provided in AMR Guaranty, the Consent to Subleases or the Bond Purchase Agreement, which laws, however, do not in my opinion make the remedies provided for in the AMR Guaranty, the Consent to Subleases or the Bond Purchase Agreement inadequate for the realization of the rights and benefits provided thereby and (c) except that no opinion is expressed as to the enforceability of any provisions relating to indemnity and contribution.

3. The execution and delivery by AMR of the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking, and compliance by AMR with the provisions of the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking, will not conflict with or constitute a breach of or default under (a) the certificate of incorporation or by-laws of AMR, (b) any indenture, mortgage, deed of trust, loan agreement or other material agreement or material instrument to which AMR or any of its subsidiaries is a party or by which it or any of its subsidiaries or any of their respective property or assets are bound, which conflict, breach or default would adversely affect the validity as to AMR of, or AMR's performance of any of its obligations under, the Bond Purchase Agreement,

the AMR Guaranty, the Consent to Subleases or the Undertaking or (c) to the best of my knowledge, any existing law, rule or regulation to which the Company or any of its subsidiaries is subject.

4. Except as disclosed in the Official Statement, including any documents incorporated therein by reference in Appendix A, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body, pending or, to the best of my knowledge, threatened against AMR or any of its subsidiaries, respectively, affecting any of them (a) which would materially adversely affect the transactions contemplated by the Bond Purchase Agreement or the Official Statement, or which would adversely affect the validity or enforceability of the Bonds, the AMR Guaranty, the Consent to Subleases or the Undertaking, or (b) which would have a material adverse effect on the financial condition of AMR and its subsidiaries taken as a whole.

5. No consent, approval, authorization or order of, or registration or filing with, any court or governmental or public agency, authority or body is required with respect to AMR for the execution, delivery and performance by AMR as of the date hereof of the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases or the Undertaking.

6. I have no reason to believe the Official Statement as of its date and as of the date hereof, insofar as it relates to AMR or the description of the provisions of the AMR Guaranty, the Consent to Subleases or the Undertaking (except as to financial statements and other financial and statistical data contained in or incorporated by reference in the Official Statement, including Appendix A thereto, as to which no opinion is expressed), contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

This opinion is limited in all respects to the laws of the States of New York and Texas, the general corporate laws of the State of Delaware and the Federal laws of the United States of America. I express no opinion as to the securities or blue sky laws of any jurisdiction.

I am delivering this opinion to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement, and no person other than you, your counsel and Bond Counsel is entitled to rely hereon.

Very truly yours,

General Counsel

EXHIBIT C-3

Form of Opinion of Debevoise & Plimpton

[Date of Closing]

To Each of the Persons
Listed on Schedule I Attached Hereto:

$500,000,000
New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

We have acted as special New York counsel to (i) American Airlines, Inc., a Delaware corporation (the *"Company"*) and (ii) AMR Corporation, a Delaware corporation (*"AMR"*), in connection with the preparation of the form of Leasehold Mortgage and Security Agreement (attached as Exhibit __ to the Consent Agreement) (the *"Leasehold Mortgage"*) which Leasehold Mortgage is being prepared in connection with the transactions contemplated by the Bond Purchase Agreement (the *"Bond Purchase Agreement"*), dated July 25, 2002, among Salomon Smith Barney Inc., as Senior Managing Underwriter on behalf of the several Underwriters named therein, the Company, AMR and the New York City Industrial Development Agency (the *"Issuer"*) relating to the issuance and sale by the Issuer of $500,000,000 aggregate principal amount of its Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*) issued pursuant to a Master Indenture of Trust, dated as of July 1, 2002, as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (collectively, the *"Indenture"*) between the Issuer and The Bank of New York, as Trustee. Unless otherwise defined herein, capitalized terms used herein without definition shall have the meaning specified in the Indenture or, if not defined therein, in the Bond Purchase Agreement.

The opinion expressed below is furnished to you pursuant to Section 4.2(b) of the Consent Agreement and Section 9(d)(13) of the Bond Purchase Agreement.

In arriving at the opinion expressed below,

we have examined and relied on the originals, or copies certified or otherwise identified to our satisfaction, of the Company Documents and AMR Documents[1],

we have examined and relied on such corporate documents and records of the Company and AMR and such other instruments and certificates of public officials, officers and representatives of the Company and AMR and other persons as we have deemed necessary or appropriate for the purposes of this opinion,

we have examined and relied upon the representations and warranties as to factual matters contained in or made pursuant to the Company Documents and AMR Documents, and

we have made such investigations of law as we have deemed appropriate as a basis for this opinion.

In rendering the opinions expressed below, we have assumed, with your permission, without independent investigation or inquiry, (a) the authenticity of all documents submitted to us as originals, (b) the genuineness of all signatures on all documents that we examined, (c) the conformity to authentic originals of documents submitted to us as certified, conformed or photostatic copies and (d) the due authorization, execution and delivery by each of the parties thereto of each of the Company Documents and AMR Documents, the corporate or partnership power and authority of each such person to enter into and perform its obligations under each such document, the enforceability of each such document and the binding effect thereof as against each such person.

Based upon and subject to the foregoing and the qualifications hereinafter set forth, we are of the opinion that:

The Leasehold Mortgage is in a form sufficient (a) to create a valid and effective lien in favor of the Trustee for the benefit of the bondholders on and against the leasehold interest of the Company in the real property other than fixtures, (the *"Mortgaged Premises"*) created under that that certain Amended and Restated Agreement of Lease (Lease No. AYB-085R) made as of December 22, 2000 between the Company and the Port Authority and described in such Leasehold Mortgage (the *"Leasehold Estate"*) and (b) for recording in the office of the City Register for Queens County, New York. In order to provide constructive notice of the lien intended to be created on the Leasehold Estate by the Leasehold Mortgage, it is necessary to record the Leasehold Mortgage in the office of the City Register for Queens County, New York in accordance with the recording system established by applicable laws of the State of New York. We have assumed that the Company has or will have a leasehold interest of record in the Mortgaged Premises at the time of recording of the Leasehold Mortgage.

---

1 Company Documents and AMR Documents are defined in Sections 5(a) and 6(a) of the Bond Purchase Agreement.

The opinion expressed above is subject to the following limitations, exceptions and assumptions:

A. Our opinion is qualified to the extent that the lien on the Leasehold Estate intended to be created by the Leasehold Mortgage may be limited by (i) applicable bankruptcy, insolvency, reorganization, receivership, conservatorship, arrangement, moratorium, fraudulent conveyance or similar laws relating to or affecting the enforcement of creditors' rights generally and (ii) general principles of equity and certain legal or statutory principles, including, without limitation, concepts of materiality, reasonableness, good faith and fair dealing.

We have not made or undertaken to have made any investigation of the state of title to the Mortgaged Premises or the validity of the leasehold interest in the Mortgaged Premises, and we express no opinion as to (i) the title to or other ownership rights in such property, (ii) the legal description of such property, (iii) the priority of any lien or security interest intended to be created by the Leasehold Mortgage, or (iv) the absence of any conflicting rights of others with respect to such property.

We have assumed that the Company has "rights" in the Leasehold Estate and that "value" has been given.

The opinion expressed herein does not encompass, and we express no opinion with respect to, the creation of any security interest in the fixtures or any other personal property described in the Leasehold Mortgage.

The opinion expressed herein does not encompass, and we express no opinion with respect to, the filings and other acts that may be required in the State of New York in connection with foreclosure or other realization upon the property subject to security interests pursuant to the Leasehold Mortgage.

We express no opinion with respect to any provision of the Leasehold Mortgage that purports to permit the Trustee or any person to sell or otherwise dispose of any of the Leasehold Estate except in compliance with applicable federal and state laws.

We express no opinion with respect to the ability of the Trustee to proceed with foreclosure of the lien under the Leasehold Mortgage without accelerating the underlying indebtedness evidenced by the Bonds as guaranteed by the Guaranties.

We express no opinion as to any law relating to the protection of the environment or to building codes, zoning, land use controls, environmental or similar matters.

We express no opinion as to the effectiveness against third parties of any provision of the Leasehold Mortgage purporting to grant a lien on after-acquired real property.

We express no opinion as to the applicability or effect of, or compliance with, any provision of any federal or state securities laws.

In rendering the foregoing opinion, we have relied upon the opinions, dated today, of Anne McNamara, Esq., General Counsel of the Company and AMR, as to all matters contained therein.[2] To the extent of such reliance, our opinion is subject to the same assumptions, qualifications and limitation as are contained therein. We express no opinion as to the laws of any jurisdiction other than the laws of the State of New York and the Federal laws of the United States of America, in each case that in our experience are generally applicable to transactions of this type. In particular (and without limiting the generality of the foregoing) we express no opinion as to the laws of any country (other than the Federal laws of the United States of America) or as to the effect of such laws (whether limiting, prohibitive or otherwise) on any of the rights or obligations of the Company or AMR or of any other party to or beneficiary of any of the Company Documents and AMR Documents. We have assumed, with your permission, that the execution and delivery of each of the Company Documents and AMR Documents by each of the parties thereto and the performance of their respective obligations thereunder will not violate any fundamental public policy under applicable law (other than the laws of the State of New York and Federal laws of the United States of America).

Our opinion is expressly limited to the matters set forth above and we render no opinion, whether by implication or otherwise, as to any other matters. This opinion is given as of the date hereof, and we assume no obligation to advise you of facts, circumstances, events or developments which hereafter may be brought to our attention and which may alter, affect or modify the opinion expressed herein.

The opinions expressed herein are solely for your benefit and, without our prior consent, neither our opinion nor this opinion letter may be relied upon by any other person.

Very truly yours,

---

2 Anne McNamara, General Counsel to the Company and AMR, will be delivering opinions at the closing. The form of such opinions are currently set forth as Exhibits C-1 and C-2 of the Bond Purchase Agreement.

Form of Opinion of Underwriters' Counsel

_____, 2002

Salomon Smith Barney, Inc., as
Senior Managing Underwriter of the several Underwriters
390 Greenwich Street, 2nd Floor
New York, New York 10013

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

We have acted as your co-counsel in connection with your purchase of $500,000,000 aggregate principal amount of Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*), issued on this date by the New York City Industrial Development Agency (the *"Issuer"*) pursuant to the terms of a Master Indenture of Trust dated as of July 1, 2002 as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (collectively, the *"Indenture"*) between the Issuer and The Bank of New York, as trustee (the *"Trustee"*). As such counsel we have examined executed copies of: (i) the Indenture; (ii) the IDA Lease Agreement, dated as of July 1, 2002 (the *"Agreement"*) between the Issuer and American Airlines, Inc. (the *"Company"*); (iii) the Bond Purchase Agreement dated July 25, 2002 (the *"Bond Purchase Agreement"*) among the Company, AMR Corporation (*"AMR"*), the Issuer and you; (iv) the Guaranty dated as of July 1, 2002 (the *"Company Guaranty"*) between the Company and the Trustee; (v) the Guaranty dated as of July 1, 2002 (the *"AMR Guaranty"*) between AMR and the Trustee; (vi) the Undertaking of the Company and AMR dated the date hereof (the *"Undertaking"*); (vii) Amended and Restated Lease (ABY-083R) dated December 22, 2000, between the Company and the Port Authority, as amended by the First Supplemental Agreement dated as of July 31, 2002; (viii) the Company Sublease Agreement dated as of July 1, 2002 between the Company and the Issuer; (ix) the form (unexecuted) of the Leasehold Mortgage and Security Agreement from the Company to the Trustee as joined by the Issuer; (x) the Consent to Subleases and Leasehold Mortgage Agreement dated July 31, 2002 among the Port Authority, the Company, AMR, the Issuer and the Trustee; (xi) the Agreement Towards Entering into a Lease dated _____, 2002 between the City and the Company; (xii) the Recognition, Non-Disturbance and Attornment Agreement dated _____, 2002 between the City and the Company; (xiii) the opinions of even date herewith as required by Sections 9(d)(8) through 9(d)(10), Section 9(d)(13) and Section 9(d)(15) of the

Bond Purchase Agreement; and (xiv) certain certificates as required by the Bond Purchase Agreement.

Assuming the validity of the Bonds and that interest on the Bonds is excludable from the gross income of the owners thereof for federal income tax purposes as set forth in the opinion of even date herewith of Winston & Strawn, Bond Counsel (*"Bond Counsel"*), and based upon our review of such documents and showings and related matters of law as we have deemed necessary and in reliance thereon, we are of the opinion that, under existing law, in connection with the offering, sale and delivery of the Bonds under the circumstances described in the Official Statement (as defined below) the Bonds, the Agreement, the Company Guaranty and the AMR Guaranty are not required to be registered under the Securities Act of 1933, as amended, and the Indenture is not required to be qualified under the Trust Indenture Act of 1939, as amended.

In accordance with our understanding with you, we have rendered legal advice and assistance to you in the course of your investigation with respect to, and your participation in the preparation of, the Official Statement with respect to the Bonds dated July 25, 2002 (the *"Official Statement"*) and certain other matters related to the subject financing. Rendering such assistance involved, among other things, discussions and inquiries concerning various legal and related subjects and a limited review of certain documents, including opinions of Bond Counsel and other counsel and certificates of officers of the Issuer and other appropriate persons. We also participated in meetings and telephone conferences with your representatives and other persons involved in the preparation of information for the Official Statement, at which the contents of the Official Statement and related matters were discussed and revised. While we are not passing upon, and do not assume responsibility for, the accuracy, completeness or fairness of the statements contained in the Official Statement, based upon our limited review of documents and participation in conferences as aforesaid, without independent verification, no facts have come to our attention which lead us to believe that the Official Statement (apart from the information relating to The Depository Trust Company and its book-entry only system and the financial, statistical and operating data contained or incorporated therein, as to which we do not express any opinion or belief) contained as of its date or contains as of the date hereof any untrue statement of a material fact or omitted or omits to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading.

We have rendered legal advice and assistance to you as to the requirements of Rule 15c2-12 prescribed under the Securities Exchange Act of 1934, as amended (the *"Rule"*), in connection with your review, for purposes of the Rule, of the Undertaking. Based upon our examination of the Undertaking, the Rule and such other documents and matters of law as we have considered necessary, we are of the opinion that, under existing law, the Undertaking complies in all material respects with the applicable requirements of the Rule; *provided, however,* no view is expressed regarding the items comprising Annual Financial Information (as defined in the Undertaking).

This letter is furnished by us as counsel to the Underwriters and is solely for the benefit of the Underwriters. This opinion is given as of the date hereof and we assume no obligation to

revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

SNWohl/GWeinstein

EXHIBIT E

Form of Opinion of Trustee's Counsel

July __, 2002

To the Persons on the attached
Exhibit A

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

We have acted as counsel for The Bank of New York, a New York banking corporation (the *"Trustee"*), in connection with the issuance by New York City Industrial Development Agency (the *"Agency"*) of its $500,000,000 aggregate principal amount of Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*), pursuant to the Master Indenture of Trust, dated as of July 1, 2002, between the Agency and the Trustee (the *"Master Indenture"*) as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (the Master Indenture, as supplemented, the *"Indenture"*). Capitalized terms used in this opinion shall have the respective meanings assigned such terms by the Indenture.

In rendering the opinions set forth below, we have examined the originals, or copies certified to our satisfaction, of such agreements, documents, certificates and other statements of government officials and corporate officers of the Trustee and other papers as we deemed relevant and necessary as a basis for such opinions and have relied as to factual matters on representations, warranties and other statements therein. In such examination, we have assumed the genuineness of all signatures and the authenticity of all documents submitted to us as originals and the conformity with the originals of all documents submitted to us as copies. We have also assumed the due authorization, execution and delivery of instruments and agreements by the parties (other than the Trustee) thereto, and the authority and existence of such parties other than the Trustee.

Based upon and subject to the foregoing, we are of the opinion that as of this date:

1. The Trustee is a banking corporation organized and validly existing and in good standing under the laws of the State of New York and is authorized and qualified to accept the trusts imposed by the Indenture and to act as Trustee and Paying Agent under the Indenture, the Company Guaranty, the AMR Guaranty, the Leasehold Mortgage, the Consent Agreement, and the Equipment Security Agreement.

2. Each of the Indenture, the Company Guaranty, the AMR Guaranty, the Consent Agreement, and the Equipment Security Agreement bas been duly authorized, executed and delivered by the Trustee and constitutes a legal, valid and binding obligation of the Trustee enforceable against the Trustee in accordance with its terms, except as enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws relating to the enforcement of creditors' rights generally, and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). The execution and delivery of the Leasehold Mortgage has been duly authorized by the Trustee.

We are members of the New York Bar and do not hold ourselves out as experts on, nor do we express any opinion as to, the laws of any jurisdiction other than the laws of the State of New York and the Federal laws of the United States. This opinion is for your benefit and may not be disclosed to or relied upon by any other person without our prior written consent.

Very truly yours,

Certificate of Port Authority

I, _____, certify that I am the duly qualified and acting _____ of the Port Authority of New York and New Jersey (the *"Port Authority"*). Capitalized terms used herein without definition shall have meanings specified in the Consent to Subleases and Leasehold Mortgage Agreement to be dated July 31, 2002 (the *"Consent Agreement"*). All terms used herein are defined in the Consent Agreement. I further certify, in connection with the issuance by the New York City Industrial Development Agency of $500,000,000 aggregate principal amount of its Special Facility Revenue Bonds, Series 2002A, Series 2002B, Series 2002C and Series 2002D (American Airlines, Inc. John F. Kennedy International Airport Project), pursuant to Section 4.2 of the Consent Agreement, the Port Authority has received (1) an acceptable form of the Leasehold Mortgage, attached as Exhibit G of the Consent Agreement which form includes a copy of the Consent Agreement and Section 92 as attachments thereto; and (2) the opinion given by the Company's counsel with respect to the Leasehold Mortgage, which is in the form of Exhibit J of the Consent Agreement.

New York City Industrial
Development Agency
110 William Street
New York, New York 10038

Ladies and Gentlemen:

We have examined a record of proceedings of the New York City Industrial Development Agency (the "Agency"), a corporate governmental agency constituting a body corporate and politic and a public benefit corporation organized and existing under the laws of the State of New York, and other proofs submitted to us relative to the issuance and sale of the $120,000,000 New York City Industrial Development Agency Special Facility Revenue Bonds, Series 2002A (American Airlines, Inc. John F. Kennedy International Airport Project) (the "Series 2002A Bonds") and $380,000,000 New York City Industrial Development Agency Special Facility Revenue Bonds, Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the "Series 2002B Bonds" and collectively with the Series 2002A Bonds, the Series 2002B Bonds, the "Series 2002 Bonds").

The Series 2002 Bonds are issued under and pursuant to (i) the New York State Industrial Development Agency Act (constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York), as amended, and Chapter 1082 of the 1974 Laws of New York, as amended (collectively, the "Act"); (ii) a Master Indenture of Trust, dated as of July 1, 2002 (the "Master Indenture"), as supplemented by a First Series Supplemental Indenture of Trust, dated as of July 1, 2002, with respect to the Series 2002A Bonds (the "First Series Supplemental Indenture") and a Second Series Supplemental Indenture of Trust, dated as of July 1, 2002, with respect to the Series 2002B Bonds (the "Second Series Supplemental Indenture" and collectively with the Master Indenture and the First Series Supplemental Indenture, the "Indenture"), by and between the Agency and The Bank of New York (the "Trustee"); and (iii) resolutions of the Agency adopted on October 23, 2001 and November 23, 2001 authorizing the Series 2002 Bonds and certain actions relating thereto.

The Series 2002 Bonds are dated July 1, 2002, and are issuable as fully registered bonds, without coupons, in authorized denominations of $100,000 or any integral multiple of $5,000 in excess of $100,000.

The Series 2002 Bonds are subject to redemption prior to maturity, in the manner and upon the terms and conditions set forth in the Indenture.

The Series 2002 Bonds are being issued to provide funds to finance a portion of the cost of a project (the "Project") which consists of (i) the demolition of Terminals 8 and 9 at John F. Kennedy International Airport in Queens, New York (the "Airport") on land owned by the City (as hereinafter defined) (the "Premises"), and (ii) the acquisition, construction and equipping of a new approximately 2,000,000 square foot air passenger terminal together with related arrival and departure access ramps, parking facilities on the Premises and a passenger tunnel connecting Concourse C to the new terminal, all to be used and managed as a passenger facility located at the Airport by American Airlines, Inc., a Delaware corporation (the "Lessee"). The Series 2002 Bonds will also provide funds to reimburse the Lessee for the payment of such Project costs, to pay costs of issuance related to the Series 2002 Bonds and to Fund applicable accounts of the Debt Service Reserve Fund.

The Airport is leased by the City of New York (the "City") to The Port Authority of New York and New Jersey (the "Port Authority") pursuant to an Agreement of Lease dated April 17, 1947, as amended and supplemented (the "Basic Lease"), by and between the City and the Port Authority. The Premises have been subleased by the Port Authority to the Lessee pursuant to an agreement of lease entered into as of August 1, 1976 being Port Authority Agreement No. AYB-085 as amended and supplemented and as further amended, supplemented, and restated in an Amended and Restated Lease (No. AYB-085R) dated December 22, 2000 between the Port Authority and the Lessee, as the same may now or hereafter be amended, modified or supplemented from time to time (the "Port Authority Lease"). The Lessee and the Agency have entered into a Company Sublease Agreement dated as of July 1, 2002 (the "Company Sublease"). Pursuant to the Company Sublease, the Lessee will sub-sublease to the Agency certain improvements located on the Premises (the "Leased Facilities"). The Leased Facilities consists of only the improvements which are to be made or acquired pursuant to the IDA Lease Agreement, dated as of July 1, 2002, by and between the Agency and Lessee (the "IDA Lease Agreement"), and financed with the proceeds of the Series 2002 Bonds and Additional Bonds (herein defined) issued from time to time under the Indenture (the "Bonds"). Pursuant to the IDA Lease Agreement the Agency has sub-sub-subleased to the Lessee the Leased Facilities, and has leased to the Lessee the systems, machinery, equipment and other tangible personal property acquired and installed or to be acquired and installed at the Leased Facilities as part of the Project and financed in whole or in part with the proceeds of the Bonds (the "Facility Equipment"). The Leased Facilities and the Facility Equipment are referred to collectively herein as the "Facility."

The Lessee will be obligated under the IDA Lease Agreement to make lease rental payments to the Trustee in an amount sufficient to pay the principal and purchase price of, redemption premium, if any, and interest on the Bonds, including the Series 2002 Bonds. The Indenture permits the issuance of additional bonds (the "Additional Bonds") ranking on a parity

with the Series 2002 Bonds, provided that the maximum principal amount of bonds issued under the Indenture shall not exceed $2,300,000,000. Payment of the principal and purchase price of, redemption premium, if any, and interest on the Bonds (including the Series 2002 Bonds) issued under the Indenture will be guaranteed by the Lessee pursuant to a Guaranty dated as of July 1, 2002 from the Lessee to the Trustee (the "Lessee Guaranty") and will also be guaranteed by AMR Corporation ("AMR") pursuant to a Guaranty dated as of July 1, 2002 from AMR to the Trustee (the "AMR Guaranty"). The Bonds will be additionally secured pursuant to an Equipment Security Agreement dated as of July 1, 2002 among the Agency, the Lessee and the Trustee ("the Equipment Security Agreement").

We are of the opinion that:

1. The Agency has the right and power to enter into the Indenture, the IDA Lease Agreement, the Company Sublease and the Equipment Security Agreement, and the Indenture, the IDA Lease Agreement, the Company Sublease and the Equipment Security Agreement have been duly authorized, executed and delivered by the Agency, and, assuming due authorization, execution and delivery by the other parties thereto, are in full force and effect in accordance with their terms and are valid and binding upon the Agency and enforceable in accordance with their respective terms and no other authorization by the Agency for the Indenture, the IDA Lease Agreement, the Company Sublease or the Equipment Security Agreement is required.

2. The Indenture creates the valid pledge which it purports to create of the lease rentals payable or receivable under the IDA Lease Agreement and the moneys and securities from time to time held by the Trustee under the terms of the Indenture, subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.

3. The Agency has the right and power to authorize, execute and deliver the Series 2002 Bonds, and the Series 2002 Bonds have been duly authorized, executed and delivered by the Agency. The Series 2002 Bonds are valid and binding special obligations of the Agency, are enforceable in accordance with their terms and the terms of the Indenture and are payable as to principal and purchase price, redemption premium, if any, and interest from moneys on deposit in the funds and accounts maintained under the Indenture, all as provided in the Indenture. The Series 2002 Bonds are entitled to the benefit of the Indenture.

4. The Internal Revenue Code of 1986, as amended to the date hereof (the "Code"), imposes certain requirements that must be met subsequent to the issuance and delivery of the Series 2002 Bonds in order that interest on the Series 2002 Bonds be and remain not included in gross income for Federal income tax purposes. Pursuant to the Tax Certificate executed by the Lessee and the Agency dated the date hereof (the "Tax Certificate"), the Lessee has made certain representations, certifications and covenants relating to such non-inclusion in gross income. The IDA Lease Agreement and the Tax Certificate obligate the Lessee to do and perform all acts and things necessary and within its control to assure that interest on the Series 2002 Bonds not be included in gross income pursuant to Section 103 of the Code. Noncompliance with current requirements or future amendments may cause interest on the Series

2002 Bonds to be subject to federal income taxes retroactive to the date of issue of the Series 2002 Bonds, irrespective of the date on which such noncompliance occurs or is ascertained.

In our opinion, under existing statutes and court decisions, assuming continuing compliance by the Agency and the Lessee (and their successors) with the aforementioned covenants and the accuracy of the aforementioned representations and certifications, interest on the Series 2002 Bonds is not included in gross income for Federal income tax purposes, except that we express no opinion as to the exclusion from gross income of interest on any Series 2002 Bond for any period during which such Series 2002 Bond is held by a "substantial user" of the Facility or a "related person" within the meaning of Section 147(a) of the Code. Interest on the Series 2002 Bonds will be treated as a preference item to be included in calculating the alternative minimum taxable income for purposes of the alternative minimum tax imposed with respect to individuals and corporations.

The Series 2002 Bonds are initially offered to the public at a price less than the principal amount thereof payable at maturity. If the first price at which a substantial amount of the Series 2002 Bonds is sold in the initial offering to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) is less than the principal amount thereof payable at maturity, the difference between such price and principal amount constitutes original issue discount. We are of the opinion that original issue discount, as it accrues, is not includable in gross income for federal income tax purposes and is subject to the alternative minimum tax to the same extent as is interest on the Series 2002 Bonds. Original issue discount accrues over the term of the Series 2002 Bonds under the "constant yield method" described in regulations interpreting Section 1272 of the Code, with certain adjustments.

5. The interest (and accrued original issue discount) on the Series 2002 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including the City) and is exempt from all taxation directly imposed by or under the authority of said State except for transfer and estate taxes.

Except as stated in paragraphs 4 and 5 above, we express no opinion as to any other Federal or state tax consequences of the ownership or disposition of the Series 2002 Bonds.

We have examined one of the Series 2002 Bonds in fully registered form and, in our opinion, the form of said Series 2002 Bond is regular and proper.

Certain requirements and procedures contained or referred to in the Indenture and other relevant documents may be changed and certain actions may be taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of Bond Counsel. Furthermore, we express no opinion as to the impact of any such change or action on the tax-exempt status of interest on any Series 2002 Bond, if such change occurs or action is taken upon the advice or approval of Bond Counsel other than Winston & Strawn.

The foregoing opinions are qualified to the extent that the enforceability of the Series 2002 Bonds, the Indenture, the Basic Lease, the Port Authority Lease, the Company

Sublease, the IDA Lease Agreement and the Equipment Security Agreement may be limited by bankruptcy, moratorium or insolvency or other laws affecting creditors' rights generally and by application of general rules of equity (regardless of whether such enforceability is considered in a proceeding at law or in equity). In addition, we express no opinion as to the severability of any provision of the Indenture, the Company Sublease, the IDA Lease Agreement or the Equipment Security Agreement in the event that the modification of the foregoing agreements resulting from a severed provision constitutes a material change to the original intention of the parties to such agreements.

In rendering the foregoing opinions, we have assumed that each of the Basic Lease and the Port Authority Lease are in full force and effect. In rendering this opinion, we have not made any investigation of, do not express an opinion as to, and are not passing upon any matters relating to, title to the Facility.

In rendering the foregoing opinions, we have reviewed the opinions of Anne H. McNamara, Senior Vice President and General Counsel of AMR Corporation and American Airlines, Inc., dated the date hereof, as to certain matters relating to the Lessee and have assumed the due authorization, execution and delivery of the Company Sublease, the IDA Lease Agreement and the Equipment Security Agreement by the Lessee. We understand that you have received said opinions with respect to such matters.

In rendering the foregoing opinions, we have reviewed the opinion of Emmet, Marvin & Martin, LLP, counsel to the Trustee, dated the date hereof, as to certain matters relating to the Trustee and have assumed the due authorization, execution and delivery of the Indenture by the Trustee. We understand that you have received such opinion with respect to such matters.

Our opinions set forth herein are based upon the facts in existence and the laws in effect on the date hereof and we disclaim any obligation to update our opinions herein, regardless of whether changes in such facts or laws come to our attention after the delivery hereof.

Very truly yours,

Winston + Strawn

Ladies and Gentlemen:

Under even date, we have delivered our final approving opinion, addressed to the New York City Industrial Development Agency (the "Agency"), relating to the Agency's $500,000,000 aggregate principal amount of Special Facility Revenue Bonds (American Airlines, Inc. John F. Kennedy International Airport Project), Series 2002 (the "Bonds"). We hereby authorize The Bank of New York, as trustee under that certain Master Indenture of Trust, as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust (collectively, the "Indenture of Trust"), each dated as of July 1, 2002, and the Agency, Salomon Smith Barney Inc., as representative of itself and the other underwriters of the Bonds, American Airlines, Inc. and AMR Corporation, to rely on said opinion and to make use thereof to the same extent and with the same force and effect as if it were addressed to each such party.

Very truly yours,

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)
(the "Bonds")

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance and sale on this date of the Bonds by the New York City Industrial Development Agency (the "Issuer"). This opinion is being rendered in connection with the delivery of the Bonds to Salmon Smith Barney Inc., as Senior Managing Underwriter of the several underwriters named in the Bond Purchase Agreement, dated July 25, 2002 (the "Bond Purchase Agreement"), among the Issuer, American Airlines, Inc. (the "Lessee"), AMR Corporation ("AMR"), and the aforementioned underwriters. All capitalized terms not otherwise defined herein shall have the same meaning as defined in the Bond Purchase Agreement.

We have examined the following documents relating to the Bonds and such other documents as we have deemed necessary or desirable:

(a) a resolution of the Agency adopted on October 23, 2001 as amended November 11, 2001, authorizing the Bonds and certain other matters in connection with the issuance thereof;

(b) the Company Sublease Agreement, dated as of July 1, 2002 (the "Company Sublease"), by and between the Issuer and the Lessee;

(c) the IDA Lease Agreement, dated as of July 1, 2002 (the "IDA Lease Agreement"), by and between the Issuer and the Lessee;

(d) the Master Indenture of Trust (the "Master Indenture"), dated as of July 1, 2002, by and between the Issuer and The Bank of New York (the "Trustee") as amended and supplemented by a First Series Supplemental Indenture of Trust dated as of July 1, 2002 by and between the Issuer and the Trustee and the Second Series Supplemental Indenture of Trust dated as of July 1, 2002 by and between the Issuer and the Trustee;

(e) the Guaranty from AMR to the Trustee dated as of July 1, 2002 (the "AMR Guaranty") and the Guaranty from the Lessee to the Trustee dated as of July 1, 2002 (the "Lessee Guaranty") together with the AMR Guaranty (the "Guaranty);

(f) the Bond Purchase Agreement;

(g) the Form of Leasehold Mortgage and Security Agreement (attached as Exhibit G, to the Consent to Subleases) among the Issuer, the Lessee and the Trustee (the "Leasehold Mortgage");

(h) a Consent to Subleases and Leasehold Mortgage Agreement (the "Consent to Subleases") dated as of July 31, 2001 among the Port Authority, the Issuer, the Lessee, AMR and the Trustee; and

(i) the Official Statement of the Issuer, dated July 25, 2002 (the "Official Statement"), relating to the Bonds.

We are of the opinion that:

1. The Bond Purchase Agreement and the Consent to Subleases have each been duly authorized and executed by the Issuer and each of the Bond Purchase Agreement and the Consent to Subleases has been duly delivered and constitutes the legal and binding obligation of the Issuer enforceable against the Issuer in accordance with its terms.

2. The Leasehold Mortgage has been duly authorized by the Issuer and assuming the due execution and delivery thereof by the Issuer and the Lessee, Section 20 of the Leasehold Mortgage will constitute the legal and binding obligation of the Issuer enforceable against the Issuer in accordance with its terms.

3. The Official Statement has been duly authorized by the Issuer.

4. The Bonds constitute exempted securities under Section 3(a)(2) of the Securities Act of 1933, as amended (the "Securities Act"), and under Section 304(a)(4)(B) of the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"); and the offer, sale and delivery of the Bonds does not require registration of the Bonds, the IDA Lease Agreement, or the Guaranty.

5. The statements contained in the Official Statement under the captions "INTRODUCTORY STATEMENT," "THE AGENCY," "THE SERIES 2002 BONDS," "SECURITY FOR THE BONDS" (but only with respect to the statements contained under the subcaptions (i) "—The Indenture," (ii) "—Debt Service Reserve Fund—" (iii) "—The IDA Lease Agreement," (iv) "—Leasehold Mortgage and Reletting" (but only with respect to (A) the first and second sentences of the first paragraph under "*—Leasehold Mortgage,*" (B) the third sentence of the first paragraph under "*—Conditions to Execution, Delivery and Recording of the Leasehold Mortgage,—*" (C) the first and third sentences of the first paragraph and the first three sentences of the second paragraph under "*—Execution, Delivery and Recording of Leasehold Mortgage after Reletting Rights Effective Date,*" (D) the statements under "*—Foreclosure of Leasehold Mortgage,*" (E) the second sentence and the third and second to the last sentences in the paragraph under the table in "*—Conditions Precedent to Foreclosure—3. Foreclosure Periodic Payments*" and (F) the third sentence under "*—Conditions Precedent to Foreclosure—4. Right of the Port Authority to Terminate Leasehold Mortgage Prior to Foreclosure)*", (v) "Equipment Security Agreement," (vi) the second paragraph under "—New Leasehold Mortgage Upon Expiration of the Basic Lease," "Company Leases; Lease Term Differential" (but only with respect to "*—Term of Company Sublease*" and the second paragraph under "*—Lease Term Differential*")) and "TAX MATTERS" and under Appendices B through D of the Official Statement and under Appendix G of the Official Statement (but with respect to Appendix G, only the statements under the subheading "Summary of Certain Provisions of the Leasehold Mortgage") insofar as the statements contained under such captions and appendices purport to describe the Agency or purport to summarize certain provisions of the Bonds, the Indenture, the IDA Lease Agreement, the Company Sublease and the Leasehold Mortgage and our opinion as to tax matters contained in Appendix I, present a fair and accurate summary of such provisions and matters of law purported to be summarized therein; *provided* that we express no opinion with respect to the statements describing The Depository Trust Company and its book-entry only system.

In expressing our opinion in paragraph 4 above, we have relied on, and assume continuing compliance by the Issuer, the Trustee and the Lessee with, certain representations and covenants relating to the use and investment of the proceeds of the Bonds and the projects financed therewith.

The foregoing opinions are qualified to the extent that the enforceability of the Bond Purchase Agreement and the Consent to Subleases may be limited by bankruptcy, moratorium or insolvency or other laws affecting creditors' rights generally and by application of general rules of equity (regardless of whether such enforceability is considered in a proceeding at law or in equity). In addition, we express no opinion as to the severability of any provision of the Bond Purchase Agreement and the Consent to Subleases in the event that the modification of the

foregoing agreements resulting from a severed provision constitutes a material change to the original intention of the parties to such agreements.

In rendering the foregoing opinions, we have reviewed the opinions of Anne H. McNamara, Senior Vice President and General Counsel of AMR and the Lessee dated the date hereof, as to certain matters relating to the Lessee and AMR and have assumed the due authorization, execution and delivery of the Consent to Subleases, the Guaranty, the Company Sublease, the Leasehold Mortgage and the Bond Purchase Agreement by AMR and/or the Lessee. We understand that you have received said opinions with respect to such matters.

In rendering the foregoing opinions, we have reviewed the opinion of Emmett Marvin & Martin, LLP, counsel to the Trustee, dated the date hereof, as to certain matters relating to the Trustee and have assumed the due authorization, execution and delivery of the Consent to Subleases by the Trustee. We understand that you have received such opinion with respect to such matters.

As the primary purpose of our professional engagement as Bond Counsel to the Issuer was not to establish factual matters and because of the wholly or partially non-legal character of many of the determinations involved in the preparation of the Official Statement, we are not passing upon and do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Official Statement (except to the extent expressly set forth in paragraph 5 above) and we make no representation that we have independently verified the accuracy, completeness or fairness of such statements.

We are delivering this opinion to you solely for your benefit. This opinion is not to be used, circulated, quoted or otherwise referred to for any other purpose. Our opinions set forth herein are based upon the facts in existence and the laws in effect on the date hereof and we expressly disclaim any obligation to update our opinions herein, regardless of whether changes in such facts or laws come to our attention after the delivery hereof.

Very truly yours,

Winston + Strawn

Re: New York City Industrial Development Agency
$500,000,000 Special Facility Revenue Bonds, Series 2002
(American Airlines, Inc. John F. Kennedy International Airport Project)

Dear Sirs/Madam:

This opinion is being furnished to you (i) in connection with the issuance and sale by the New York City Industrial Development Agency (the "Agency") of its $500,000,000 aggregate principal amount of Special Facility Revenue Bonds, Series 2002 (American Airlines, Inc. John F. Kennedy International Airport Project) (the "Bonds") and (ii) pursuant to Section 9(d)(9) of the Bond Purchase Agreement (herein defined). The Series 2002 Bonds are issued under a Master Indenture of Trust dated as of July 1, 2002, as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (collectively, the "Indenture") by and between the Agency and The Bank of New York, as Trustee (the "Trustee"). Capitalized terms used herein but not otherwise herein defined shall have the same meaning as in the Indenture or the Bond Purchase Agreement dated July 25, 2002 (the "Bond Purchase Agreement") among the Agency, American Airlines, Inc., AMR Corporation, and Salomon Smith Barney Inc., as a representative of itself and the other underwriters.

I am the Vice President for Legal Affairs of the Agency and as such I am familiar with the acts and proceedings heretofore had or taken by the Agency relative to (i) the authorization,

issuance and sale of the Bonds including the resolutions of the Agency dated October 23, 2001 as amended November 13, 2001 (collectively the "Resolution"), (ii) the authorization, execution and delivery by the Agency of the Bonds, the Bond Purchase Agreement, the Company Sublease Agreement dated as of July 1, 2002 (the "Company Sublease Agreement") between American Airlines, Inc., as lessor and the Agency as lessee, the IDA Lease Agreement dated as of July 1, 2002 (the "IDA Lease Agreement") between the Agency and American Airlines, Inc. (the "Company"), the Tax Certificate from the Agency and Lessee to the Trustee dated July 31, 2002 (the "Tax Certificate"), the Equipment Security Agreement dated as of July 1, 2002 among the Agency, the Trustee and the Company (the "Equipment Security Agreement"), the Consent to Subleases and Leasehold Mortgage Agreement (the "Consent to Subleases") dated July 31, 2002 among the Trustee, the Port Authority, the Agency, the Company and AMR Corporation and the Indenture (collectively the "Agency Documents") and (iii) the form of Leasehold Mortgage and Security Agreement (the "Leasehold Mortgage") among the Company, the Agency and the Trustee to be executed and delivered after the Reletting Rights Effective Date.

Based on the foregoing, I am of the opinion that:

(a) The Indenture constitutes a direct pledge and assignment by the Agency to the Trustee of, and a valid security interest in, all rentals and other amounts (except as otherwise provided in the Indenture) payable by the Company to the Agency under the IDA Lease Agreement. Financing statements in respect of such security interest have been entrusted to CIT Corporation for due filing in proper form in the office of the Secretary of State of the State of New York, which filing is all of the filing and recording necessary to constitute the Indenture, and the Indenture constitutes, a valid direct pledge and assignment of, and with such filings the Indenture will constitute a valid perfected security interest in, all rentals and other amounts (except as otherwise provided in the Indenture) payable by the Company to the Agency under the provisions of the IDA Lease Agreement, as against all subsequent creditors of the Agency or of the Company and subsequent assignees of such rentals and other amounts payable under the IDA Lease Agreement. No refiling of such financing statement is required in order to maintain such perfected security interest and pledge and assignment of such rentals and such other amounts except a continuation statement under the New York State Uniform Commercial Code, which is required to be filed in conformity with the provisions of the New York State Uniform Commercial Code.

(b) The Equipment Security Agreement is sufficient to create in the Trustee's favor as security for the payment of the Bonds, a security interest in all right, title and interest of the Agency in those items of equipment and machinery described in the Equipment Security Agreement and in which a security interest may be created under Article 9 of the New York State Uniform Commercial Code (the "UCC"). Financing statements in respect of such security interest have been entrusted to the Trustee for due filing in proper form in the office of the Secretary of State of New York. Assuming that the financing statements have been properly filed, such filing will be sufficient to perfect a security interest in the items and types of equipment and machinery described therein, as against all subsequent creditors of the Agency and subsequent assignees of such equipment and machinery. No refiling of such financing statements is required in order to maintain such perfected security interest except a continuation statement under the UCC, which is required to be filed in conformity with the provisions of the UCC.

(c) There is no action, suit, proceeding or investigation at law or in equity by or before any court, public board or body, of which the Agency has notice, pending, or, to the best of my knowledge, threatened against or affecting the Agency, or, to the best of my knowledge, any basis for such action, suit, proceeding or investigation, wherein an unfavorable decision, ruling or finding would affect the organization or existence of the Agency or the transactions contemplated by the Agency Documents or the exclusion of interest on the Bonds from gross income of the owners thereof for Federal income tax purposes.

(d) No legislation has been enacted by the Legislature of the State of New York or the Council of the City of New York which in any way affects the issuance or delivery of the Bonds or the payment, collection or application of the proceeds thereof or rentals and other moneys and securities pledged or to be pledged under the Indenture, or the creation, organization or existence of the Agency or the titles to office of any officers thereof, or the power of the Agency to construct, renovate, equip, expand and install the Project or improve, assign or sublease the Facility referred to in the Indenture, the IDA Lease Agreement and the Company Sublease Agreement.

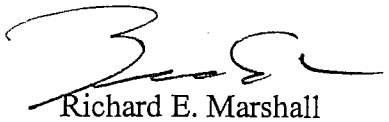
(e) The directors and officers of the Agency identified in the Agency's general certificate delivered the date hereof have been duly elected or appointed and are qualified to serve as such.

(f) The adoption by the Agency of the Resolution and the execution and delivery of the Agency Documents, and the performance by the Agency of its obligations thereunder, do not and will not violate or constitute a default under its bylaws, or any indenture or other agreement or instrument to which the Agency is a party or by which it or its properties is or may be bound, or any regulation, order or decree to which the Agency is subject, or result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Agency, except as contemplated by the Indenture or the Equipment Security Agreement, and do not and will not violate any provision of the Constitution or statutes of the State of New York, or any resolution of the Agency, or any applicable judgment, order, rule, ordinance, decree or regulation of any court or of any public or governmental agency or authority having jurisdiction over the Agency or any of its property, and no approval or other action by any governmental authority or agency is required in connection with the Agency's obligations under the Resolution or the Agency Documents except such as has already been obtained.

In rendering this opinion, I have assumed the due authorization, execution and delivery by, and enforceability against, (i) the Company of the IDA Lease Agreement, the Company Sublease Agreement, the Bond Purchase Agreement, the Tax Certificate, the Equipment Security Agreement, and the Consent to Subleases (ii) the Underwriter of the Bond Purchase Agreement, and (iii) the Trustee of the Indenture, the Consent to Subleases, the Equipment Security Agreement and the Tax Certificate. In rendering this opinion, I have further assumed the due authorization by, and enforceability against, the Company of the Leasehold Mortgage.

This opinion is delivered to the addressees solely in connection with the transaction described herein, and it may be relied upon by the parties to whom this opinion is addressed and their counsel. This opinion may not be relied upon by any other person, firm or entity without the Agency's prior written consent.

Very truly yours,



Richard E. Marshall
Vice President for Legal Affairs

Re:$500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

This opinion is being furnished to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement (the *"Bond Purchase Agreement"*), dated July 25, 2002 among Salomon Smith Barney Inc., as Senior Managing Underwriter of the several underwriters, American Airlines, Inc., a Delaware corporation (the *"Company"*), AMR Corporation, a Delaware corporation (*"AMR"*), and the New York City Industrial Development Agency (the *"Issuer"*) relating to the issuance and sale by the Issuer of $500,000,000 aggregate principal amount of its Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*). Capitalized terms used herein without definition

P.O. BOX 619616, MD 5675, DALLAS/FORT WORTH AIRPORT, TEXAS 75261-9616

shall have the meanings specified in the Bond Purchase Agreement.

I am Senior Vice President and General Counsel of the Company and have acted as such in connection with the preparation of the Leasehold Mortgage and the preparation, execution and delivery of the Lease Agreement, the Company Guaranty, the Bond Purchase Agreement, the Company Sublease, the Equipment Security Agreement, the Port Authority Lease, the Consent to Subleases, the Tax Certificate, the ATEIL, the RNDA and the Undertaking (collectively, the *"Company Documents"*).

In connection with this opinion, I or attorneys in the legal department of the Company have examined and are familiar with originals or copies, certified or otherwise, of the Company Documents, and such other documents and records of the Company and such statutes, regulations and other instruments as we have deemed necessary or advisable for purposes of this opinion. As to certain facts material to this opinion, I have relied upon the accuracy of representations of one or more officers or other employees of the Company. In addition, I have assumed that communications of public officials and their assistants concerning the content of public files and records and actions taken by them in their public capacities are accurate, that all signatures, other than signatures of the Company, on all documents presented to me are genuine, that all documents submitted to me as originals are accurate and complete, that all documents submitted to me as copies are true and correct copies of the originals thereof, that all factual information submitted to me was accurate and complete and that all persons executing and delivering originals or copies of documents examined by me, other than persons executing and delivering such documents on behalf of the Company, were competent to execute and deliver such documents. In addition, I have assumed the due authorization, execution and delivery of the Company Documents (other than the Leasehold Mortgage) by the respective parties thereto other than the Company and that such agreements are the valid and binding obligations of each of such other parties enforceable against such other parties in accordance with their terms.

Based on the foregoing, I am of the following opinion:

1. The Company is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware, is duly qualified to do business in and is in good standing under the laws of the State of New York and has full corporate power to execute and deliver and to carry out and perform its obligations under the Company Documents.

2. The Company Documents have been duly authorized and (other than the Leasehold Mortgage) executed and delivered by the Company and (other than the Leasehold Mortgage) constitute the legal, valid and binding obligations of the Company, enforceable against the

Company in accordance with their respective terms, (a) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (b) except as limited by applicable laws which may affect the remedies provided in the Company Documents (other than the Leasehold Mortgage), which laws, however, do not in my opinion make the remedies provided for in the Company Documents (other than the Leasehold Mortgage) inadequate for the realization of the rights and benefits provided thereby and (c) except that no opinion is expressed as to the enforceability of any provisions relating to indemnity and contribution.

3. The execution and delivery by the Company of the Company Documents, and compliance by the Company with the provisions of the Company Documents, will not conflict with or constitute a breach of or default under (a) the certificate of incorporation or by-laws of the Company, (b) any indenture, mortgage, deed of trust, loan agreement or other material agreement or material instrument to which the Company or any of its subsidiaries is a party or by which it or any of its subsidiaries or any of their respective property or assets are bound, which conflict, breach or default would adversely affect the validity as to the Company of, or the Company's performance of any of its obligations under, the Company Documents or (c) to the best of my knowledge, any existing law, rule or regulation to which the Company or any of its subsidiaries is subject.

4. Except as disclosed in the Official Statement, including any documents incorporated therein by reference in Appendix A, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body, pending or, to the best of my knowledge, threatened against the Company or any of its subsidiaries, respectively, affecting any of them (a) which would materially adversely affect the transactions contemplated by the Bond Purchase Agreement or the Official Statement, or which would adversely affect the validity or enforceability of the Bonds or the Company Documents, or (b) which would have a material adverse effect on the financial condition of the Company and its subsidiaries taken as a whole.

5. No consent, approval, authorization or order of, or registration or filing with, any court or governmental or public agency, authority or body is required with respect to the Company for the execution, delivery and performance by the Company as of the date hereof, or, with respect to the Bond Purchase Agreement, as of July 25, 2002, of the Company Documents.

6. I have no reason to believe the Official Statement as of its date and as of the date hereof, insofar as it relates to the Company, the Project, the application of the proceeds of the Bonds or the description of the provisions of the Company Documents other than the Bond Purchase Agreement (except as to financial statements and other financial and statistical data contained in or incorporated by reference in the Official Statement, including Appendix A thereto, as to which no opinion is expressed), contains any untrue statement of a material fact or

omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

7. The Equipment Security Agreement is sufficient to create in the Trustee's favor as security for the payment of the Bonds a security interest in all right, title and interest of the Company in those items of equipment and machinery described in the Equipment Security Agreement and in which a security interest may be created under Article 9 of the Uniform Commercial Code of the State of Delaware (*"Delaware Article 9"*). Financing statements in proper form in respect of such security interest have been entrusted to the Trustee for due filing in the office of the Secretary of State of the State of Delaware. Assuming that the financing statements have been properly filed in the office of the Secretary of State of the State of Delaware, such filing will be sufficient to perfect a security interest in the items and types of equipment and machinery described therein. No further action is required in order to maintain such perfected security interest except for the filing of continuation statements under Delaware Article 9, which are required to be filed in conformity with the provisions of Delaware Article 9.

This opinion is limited in all respects to the laws of the States of New York and Texas, the general corporate laws of the State of Delaware, the Federal laws of the United States of America and, to the extent set forth in the following sentence, Delaware Article 9. The opinions set forth in paragraph 7 are limited to Article 9 of the Uniform Commercial Code of the State of New York and to Delaware Article 9 (and such opinions as to Delaware law are limited to a reading of Delaware Article 9) and therefore such opinions do not address (i) laws of a jurisdiction other than New York and Delaware, and laws of Delaware except for Delaware Article 9, and (ii) collateral of a type not subject to Delaware Article 9. I express no opinion as to the securities or blue sky laws of any jurisdiction.

I am delivering this opinion to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement, and no person other than you, your counsel and Bond Counsel is entitled to rely hereon.

Very truly yours,

Anne H. McNamara
Senior Vice President and
General Counsel

Re:$500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

This opinion is being furnished to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement (the *"Bond Purchase Agreement"*), dated July 25, 2002 among Salomon Smith Barney Inc., as Senior Managing Underwriter of the several underwriters, American Airlines, Inc., a Delaware corporation (the *"Company"*), AMR Corporation, a Delaware corporation (*"AMR"*), and the New York City Industrial Development Agency (the *"Issuer"*) relating to the issuance and sale by the Issuer of $500,000,000 aggregate principal amount of its Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*). Capitalized terms used herein without definition shall have the meanings specified in the Bond Purchase Agreement.

I am Senior Vice President and General Counsel of AMR and have acted as such in connection with the preparation, execution and delivery of the AMR Guaranty, the Bond Purchase Agreement, the Consent to Subleases and the Undertaking.

In connection with this opinion, I or attorneys in the legal department of AMR have

P.O. BOX 619616, DALLAS/FORT WORTH, TEXAS 75261-9616

examined and are familiar with originals or copies, certified or otherwise, of the AMR Guaranty, the Bond Purchase Agreement, the Consent to Subleases and the Undertaking, and such other documents and records of AMR and such statutes, regulations and other instruments as we have deemed necessary or advisable for purposes of this opinion. As to certain facts material to this opinion, I have relied upon the accuracy of representations of one or more officers or other employees of AMR. In addition, I have assumed that communications of public officials and their assistants concerning the content of public files and records and actions taken by them in their public capacities are accurate, that all signatures, other than signatures of AMR, on all documents presented to me are genuine, that all documents submitted to me as originals are accurate and complete, that all documents submitted to me as copies are true and correct copies of the originals thereof, that all factual information submitted to me was accurate and complete and that all persons executing and delivering originals or copies of documents examined by me, other than persons executing and delivering such documents on behalf of AMR, were competent to execute and deliver such documents. In addition, I have assumed the due authorization, execution and delivery of the AMR Guaranty, the Consent to Subleases and the Bond Purchase Agreement by the respective parties thereto other than AMR and that such agreements are the valid and binding obligations of each of such other parties enforceable against such other parties in accordance with their terms.

Based on the foregoing, I am of the following opinion:

1. AMR is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware, is duly qualified to do business in and is in good standing under the laws of the State of New York and has full corporate power to execute and deliver and to carry out and perform its obligations under the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking.

2. The Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking have been duly authorized, executed and delivered by AMR and constitute the legal, valid and binding obligations of AMR, enforceable against AMR in accordance with their respective terms, (a) except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or obligation or similar laws affecting the rights of creditors generally and by general equitable principles which may limit the availability of specific performance or other equitable remedies (regardless of whether enforcement is considered in a proceeding at law or in equity), (b) except as limited by applicable laws which may affect the remedies provided in the AMR Guaranty, the Consent to Subleases or the Bond Purchase Agreement, which laws, however, do not in my opinion make the remedies provided for in the AMR Guaranty, the Consent to Subleases or the Bond Purchase Agreement inadequate for the realization of the rights and benefits provided thereby and (c) except that no opinion is expressed as to the enforceability of any provisions relating to indemnity and contribution.

3. The execution and delivery by AMR of the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking, and compliance by AMR with the

provisions of the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases and the Undertaking, will not conflict with or constitute a breach of or default under (a) the certificate of incorporation or by-laws of AMR, (b) any indenture, mortgage, deed of trust, loan agreement or other material agreement or material instrument to which AMR or any of its subsidiaries is a party or by which it or any of its subsidiaries or any of their respective property or assets are bound, which conflict, breach or default would adversely affect the validity as to AMR of, or AMR's performance of any of its obligations under, the Bond Purchase Agreement, the AMR Guaranty, the Consent to Subleases or the Undertaking or (c) to the best of my knowledge, any existing law, rule or regulation to which AMR or any of its subsidiaries is subject.

4. Except as disclosed in the Official Statement, including any documents incorporated therein by reference in Appendix A, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body, pending or, to the best of my knowledge, threatened against AMR or any of its subsidiaries, respectively, affecting any of them (a) which would materially adversely affect the transactions contemplated by the Bond Purchase Agreement or the Official Statement, or which would adversely affect the validity or enforceability of the Bonds, the AMR Guaranty, the Consent to Subleases or the Undertaking, or (b) which would have a material adverse effect on the financial condition of AMR and its subsidiaries taken as a whole.

5. No consent, approval, authorization or order of, or registration or filing with, any court or governmental or public agency, authority or body is required with respect to AMR for the execution, delivery and performance by AMR (a) as of July 25, 2002 of the Bond Purchase Agreement, and (b) as of the date hereof of the AMR Guaranty, the Consent to Subleases or the Undertaking.

6. I have no reason to believe the Official Statement as of its date and as of the date hereof, insofar as it relates to AMR or the description of the provisions of the AMR Guaranty, the Consent to Subleases or the Undertaking (except as to financial statements and other financial and statistical data contained in or incorporated by reference in the Official Statement, including Appendix A thereto, as to which no opinion is expressed), contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

This opinion is limited in all respects to the laws of the States of New York and Texas, the general corporate laws of the State of Delaware and the Federal laws of the United States of America. I express no opinion as to the securities or blue sky laws of any jurisdiction.

I am delivering this opinion to you pursuant to Section 9(d)(13) of the Bond Purchase Agreement, and no person other than you, your counsel and Bond Counsel is entitled to rely hereon.

Very truly yours,

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

We have acted as your counsel in connection with your purchase of $500,000,000 aggregate principal amount of Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the *"Bonds"*), issued on this date by the New York City Industrial Development Agency (the *"Issuer"*) pursuant to the terms of a Master Indenture of Trust dated as of July 1, 2002, as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (collectively, the *"Indenture"*) between the Issuer and The Bank of New York, as trustee (the *"Trustee"*). As such counsel we have examined executed copies of: (i) the Indenture; (ii) the IDA Lease Agreement dated as of July 1, 2002 (the *"Agreement"*) between the Issuer and American Airlines, Inc. (the *"Company"*); (iii) the Bond Purchase Agreement dated July 25, 2002 (the *"Bond Purchase Agreement"*) among the Company, AMR Corporation (*"AMR"*), the Issuer and you; (iv) the Guaranty dated as of July 1, 2002 (the *"Company Guaranty"*) between the Company and the Trustee; (v) the Guaranty dated as of July 1, 2002 (the *"AMR Guaranty"*) between AMR and the Trustee; (vi) the Undertaking of the Company and AMR dated the date hereof (the *"Undertaking"*); (vii) the Amended and Restated Lease (ABY-083R) dated December 22, 2000, between the Company and The Port Authority of New York and New Jersey (the *"Port Authority"*), as amended by the First Supplemental Agreement dated as of July 31, 2002; (viii) the Company Sublease Agreement dated as of July 1, 2002 between the Company and the Issuer; (ix) the form (unexecuted) of the Leasehold Mortgage and Security Agreement from the Company to the Trustee as joined by the Issuer; (x) the Consent to Subleases and Leasehold Mortgage Agreement dated July 31, 2002 among the Port Authority, the Company, AMR, the Issuer and the Trustee; (xi) the Agreement Towards Entering into a Lease dated July 31, 2002 between The City of New York (the *"City"*) and the Company; (xii) the Recognition, Non-Disturbance and Attornment Agreement dated July 31, 2002 between

the City and the Company; (xiii) the opinions of even date herewith as required by Sections 9(d)(8) through 9(d)(10), Section 9(d)(13) and Section 9(d)(15) of the Bond Purchase Agreement; and (xiv) certain certificates as required by the Bond Purchase Agreement.

Assuming the validity of the Bonds and that interest on the Bonds is excludable from the gross income of the owners thereof for federal income tax purposes as set forth in the opinion of even date herewith of Winston & Strawn, Bond Counsel (*"Bond Counsel"*), and based upon our review of such documents and showings and related matters of law as we have deemed necessary and in reliance thereon, we are of the opinion that, under existing law, in connection with the offering, sale and delivery of the Bonds under the circumstances described in the Official Statement (as defined below) the Bonds, the Agreement, the Company Guaranty and the AMR Guaranty are not required to be registered under the Securities Act of 1933, as amended, and the Indenture is not required to be qualified under the Trust Indenture Act of 1939, as amended.

In accordance with our understanding with you, we have rendered legal advice and assistance to you in the course of your investigation with respect to, and your participation in the preparation of, the Official Statement with respect to the Bonds dated July 25, 2002 (the *"Official Statement"*) and certain other matters related to the subject financing. Rendering such assistance involved, among other things, discussions and inquiries concerning various legal and related subjects and a limited review of certain documents, including opinions of Bond Counsel and other counsel and certificates of officers of the Issuer and other appropriate persons. We also participated in meetings and telephone conferences with your representatives and other persons involved in the preparation of information for the Official Statement, at which the contents of the Official Statement and related matters were discussed and reviewed. While we are not passing upon, and do not assume responsibility for, the accuracy, completeness or fairness of the statements contained in the Official Statement, based upon our limited review of documents and participation in conferences as aforesaid, without independent verification, no facts have come to our attention which lead us to believe that the Official Statement (apart from the information relating to The Depository Trust Company and its book-entry only system and the financial, statistical and operating data contained or incorporated therein, as to which we do not express any opinion or belief) contained as of its date or contains as of the date hereof any untrue statement of a material fact or omitted or omits to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading.

We have rendered legal advice and assistance to you as to the requirements of Rule 15c2-12 prescribed under the Securities Exchange Act of 1934, as amended (the *"Rule"*), in connection with your review, for purposes of the Rule, of the Undertaking. Based upon our examination of the Undertaking, the Rule and such other documents and matters of law as we have considered necessary, we are of the opinion that, under existing law, the Undertaking complies in all material respects with the applicable requirements of the Rule; *provided,*

however, no view is expressed regarding the items comprising Annual Financial Information (as defined in the Undertaking).

This letter is furnished by us as counsel to the Underwriters and is solely for the benefit of the Underwriters. This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

Chapman and Cutler

To the Persons on the attached
Exhibit A

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

We have acted as counsel for The Bank of New York, a New York banking corporation (the "Trustee"), in connection with the issuance by the New York City Industrial Development Agency (the "Agency") of its $500,000,000 aggregate principal amount of Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (the "Bonds"), pursuant to the Master Indenture of Trust, dated as of July 1, 2002, between the Agency and the Trustee (the "Master Indenture"), as supplemented by a First Series Supplemental Indenture of Trust and a Second Series Supplemental Indenture of Trust, each dated as of July 1, 2002 (the Master Indenture, as supplemented, the "Indenture"). Capitalized terms used in this opinion shall have the respective meanings assigned such terms by the Indenture.

In rendering the opinions set forth below, we have examined the originals, or copies certified to our satisfaction, of such agreements, documents, certificates and other statements of government officials and corporate officers of the Trustee and other papers as we deemed relevant and necessary as a basis for such opinions and have relied as to factual matters on representations, warranties and other statements therein. In such examination, we have assumed the genuineness of all signatures and the authenticity of all documents submitted to us as originals and the conformity with the originals of all documents submitted to us as copies. We have also assumed the due authorization, execution and delivery of instruments and agreements by the parties (other than the Trustee) thereto, and the authority and existence of such parties other than the Trustee.

Based upon and subject to the foregoing, we are of the opinion that as of this date:

1. The Trustee is a banking corporation organized and validly existing and in good standing under the laws of the State of New York and is authorized and qualified to accept the trusts imposed by the Indenture and to act as Trustee and Paying Agent under the Indenture, the Company Guaranty, the AMR Guaranty, the Leasehold Mortgage, the Consent Agreement and the Equipment Security Agreement.

2. Each of the Indenture, the Company Guaranty, the AMR Guaranty, the Consent Agreement and the Equipment Security Agreement has been duly authorized, executed and delivered by the Trustee and constitutes a legal, valid and binding obligation of the Trustee enforceable against the Trustee in accordance with its terms, except as enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws relating to the enforcement of creditors' rights generally, and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). The execution and delivery of the Leasehold Mortgage has been duly authorized by the Trustee.

We are members of the New York Bar and do not hold ourselves out as experts on, nor do we express any opinion as to, the laws of any jurisdiction other than the laws of the State of New York and the Federal laws of the United States. This opinion is for your benefit and may not be disclosed to or relied upon by any other person without our prior written consent.

Very truly yours,

Emmet, Marvin & Martin, LLP

To Each of the Persons
Listed on Schedule I Attached Hereto:

$ 500,000,000
New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

We have acted as special New York counsel to (i) American Airlines, Inc., a Delaware corporation (the "Company") and (ii) AMR Corporation, a Delaware corporation ("AMR"), in connection with the preparation of the form of Leasehold Mortgage and Security Agreement (attached as Exhibit G to the Consent Agreement) (the "Leasehold Mortgage") which Leasehold Mortgage is being prepared in connection with the transactions contemplated by the Bond Purchase Agreement (the "Bond Purchase Agreement"), dated July 25, 2002, among Salomon Smith Barney Inc., as Senior Managing Underwriter on behalf of the several Underwriters named therein, the Company, AMR and the New York City Industrial Development Agency (the "Issuer") relating to the issuance and sale by the Issuer of $500,000,000 aggregate principal amount of its Special Facility Revenue Bonds, Series 2002 (American Airlines, Inc. John F. Kennedy International Airport Project) (the "Bonds") issued pursuant to a Master Indenture of Trust, dated as of July 1, 2002, as supplemented by a First Series Supplemental Indenture of Trust, dated as of July 1, 2002 and by a Second Series Supplemental Indenture of Trust, dated as of July 1, 2002 (collectively, the "Indenture") between the Issuer and The Bank of New York, as Trustee. Unless otherwise defined herein, capitalized terms used herein without definition shall have the meaning specified in the Indenture or, if not defined therein, in the Bond Purchase Agreement.

The opinion expressed below is furnished to you pursuant to Section 4.2(b) of the Consent Agreement and Section 9(d)(13) of the Bond Purchase Agreement.

In arriving at the opinion expressed below,

(a) we have examined and relied on the originals, or copies certified or otherwise identified to our satisfaction, of the Company Documents and AMR Documents,

(b) we have examined and relied on such corporate documents and records of the Company and AMR and such other instruments and certificates of public officials, officers and representatives of the Company and AMR and other persons as we have deemed necessary or appropriate for the purposes of this opinion,

(c) we have examined and relied upon the representations and warranties as to factual matters contained in or made pursuant to the Company Documents and AMR Documents, and

(d) we have made such investigations of law as we have deemed appropriate as a basis for this opinion.

In rendering the opinions expressed below, we have assumed, with your permission, without independent investigation or inquiry, (a) the authenticity of all documents submitted to us as originals, (b) the genuineness of all signatures on all documents that we examined, (c) the conformity to authentic originals of documents submitted to us as certified, conformed or photostatic copies and (d) the due authorization, execution and delivery by each of the parties thereto of each of the Company Documents and AMR Documents, the corporate or partnership power and authority of each such person to enter into and perform its obligations under each such document, the enforceability of each such document and the binding effect thereof as against each such person.

Based upon and subject to the foregoing and the qualifications hereinafter set forth, we are of the opinion that:

The Leasehold Mortgage is in a form sufficient (a) to create a valid and effective lien in favor of the Trustee for the benefit of the bondholders on and against the leasehold interest of the Company in the real property, other than fixtures (the "Mortgaged Premises") created under that that certain Amended and Restated Agreement of Lease (Lease No. AYB-085R) made as of December 22, 2000 between the Company and the Port Authority and described in such Leasehold Mortgage (the "Leasehold Estate") and (b) for recording in the office of the City Register for Queens County, New York. In

order to provide constructive notice of the lien intended to be created on the Leasehold Estate by the Leasehold Mortgage, it is necessary to record the Leasehold Mortgage in the office of the City Register for Queens County, New York in accordance with the recording system established by applicable laws of the State of New York. We have assumed that the Company has or will have a leasehold interest of record in the Mortgaged Premises at the time of recording of the Leasehold Mortgage.

The opinion expressed above is subject to the following limitations, exceptions and assumptions:

A. Our opinion is qualified to the extent that the lien on the Leasehold Estate intended to be created by the Leasehold Mortgage may be limited by (i) applicable bankruptcy, insolvency, reorganization, receivership, conservatorship, arrangement, moratorium, fraudulent conveyance or similar laws relating to or affecting the enforcement of creditors' rights generally and (ii) general principles of equity and certain legal or statutory principles, including, without limitation, concepts of materiality, reasonableness, good faith and fair dealing.

B. We have not made or undertaken to have made any investigation of the state of title to the Mortgaged Premises or the validity of the leasehold interest in the Mortgaged Premises, and we express no opinion as to (i) the title to or other ownership rights in such property, (ii) the legal description of such property, (iii) the priority of any lien or security interest intended to be created by the Leasehold Mortgage, or (iv) the absence of any conflicting rights of others with respect to such property.

C. We have assumed that the Company has "rights" in the Leasehold Estate and that "value" has been given.

D. The opinion expressed herein does not encompass, and we express no opinion with respect to, the creation of any security interest in the fixtures or any other personal property described in the Leasehold Mortgage.

E. The opinion expressed herein does not encompass, and we express no opinion with respect to, the filings and other acts that may be required in the State of New York in connection with foreclosure or other realization upon the property subject to security interests pursuant to the Leasehold Mortgage.

F. We express no opinion with respect to any provision of the Leasehold Mortgage that purports to permit the Trustee or any person to sell or otherwise dispose of any of the Leasehold Estate except in compliance with applicable federal and state laws.

G. We express no opinion with respect to the ability of the Trustee to proceed with foreclosure of the lien under the Leasehold Mortgage without accelerating the underlying indebtedness evidenced by the Bonds as guaranteed by the Guaranty.

H. We express no opinion as to any law relating to the protection of the environment or to building codes, zoning, land use controls, environmental or similar matters.

I. We express no opinion as to the effectiveness against third parties of any provision of the Leasehold Mortgage purporting to grant a lien on after-acquired real property.

J. We express no opinion as to the applicability or effect of, or compliance with, any provision of any federal or state securities laws.

K. In rendering the foregoing opinion, we have relied upon the opinions, dated today, of Anne McNamara, Esq., General Counsel of the Company and AMR, as to all matters contained therein. To the extent of such reliance, our opinion is subject to the same assumptions, qualifications and limitation as are contained therein. We express no opinion as to the laws of any jurisdiction other than the laws of the State of New York and the Federal laws of the United States of America, in each case that in our experience are generally applicable to transactions of this type. In particular (and without limiting the generality of the foregoing) we express no opinion as to the laws of any country (other than the Federal laws of the United States of America) or as to the effect of such laws (whether limiting, prohibitive or otherwise) on any of the rights or obligations of the Company or AMR or of any other party to or beneficiary of any of the Company Documents and AMR Documents. We have assumed, with your permission, that the execution and delivery of each of the Company Documents and AMR Documents by each of the parties thereto and the performance of their respective obligations thereunder will not violate any fundamental public policy under applicable law (other than the laws of the State of New York and Federal laws of the United States of America).

Our opinion is expressly limited to the matters set forth above and we render no opinion, whether by implication or otherwise, as to any other matters. This opinion is given as of the date hereof, and we assume no obligation to advise you of facts,

circumstances, events or developments which hereafter may be brought to our attention and which may alter, affect or modify the opinion expressed herein.

The opinions expressed herein are solely for your benefit and, without our prior consent, neither our opinion nor this opinion letter may be relied upon by any other person.

Very truly yours,

All right, title and interest of the Lessee (hereinafter defined) in the property, estates, rights and interests described generally in paragraphs (i) - (ix) below (except as to property, estates, rights and interests expressly excluded therefrom), whether now held or owned or hereafter acquired and all right, title and interest of the Agency (hereinafter defined), whether now held or owned or hereafter acquired in and to the property, estates, rights and interests described generally in paragraphs (i)-(ix) below (except as to the Agency's Reserved Rights and any other property, estates, rights and interests expressly excluded therefrom by Section 2 of the Equipment Security Agreement (hereinafter defined)) (all such property, estates, rights and interests hereby granted by the Lessee and the Agency not expressly excluded herefrom being collectively referred to as the "Collateral") (the Lessee and the Agency herein jointly, the "Debtor"):

(i) all automobiles, trucks, boats and other rolling stock or moveable personal property in which Debtor has an interest ("Rolling Stock"), including Rolling Stock any portion of which constitutes Financed Property and IDA Equipment for which the title thereto is evidenced by a certificate of title issued by the United States or a state that permits or requires a lien thereon to be evidenced upon such certificate, in which the Debtor now or at any time in the future may have an interest in connection with the Project or the Leased Facilities;

(ii) all proceeds of and any prepaid premiums on any insurance policies covering the Collateral, including the right to receive the proceeds of any insurance, judgments or settlements made in lieu thereof for damage to the Collateral;

(iii) any and all of the estate, right, title and interest of each Debtor in all machinery, apparatus, equipment, trade fixtures, personal property, and fittings which are in the nature of personal property and other personal property of every kind and nature whatsoever owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon or used (temporarily or permanently) or usable on or in connection with the Leased Facilities or appurtenances thereto, and all equipment, materials and supplies of any nature whatsoever, owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon the Leased Facilities and all renewals, replacements and substitutions thereof and additions thereto owned by any of them or in which any of them has or shall have an interest, including any and all partitions, ducts, shafts, pipes, radiators, conduits, wiring, interconnection facilities, transmission lines, floor coverings, awnings, motors, engines, boilers, stokers, pumps, dynamos, transformers, turbines, generators, fans, blowers, vents, switchboards, elevators, mail or coal

SCHEDULE A

All right, title and interest of the Lessee (hereinafter defined) in the property, estates, rights and interests described generally in paragraphs (i) - (ix) below (except as to property, estates, rights and interests expressly excluded therefrom), whether now held or owned or hereafter acquired and all right, title and interest of the Agency (hereinafter defined), whether now held or owned or hereafter acquired in and to the property, estates, rights and interests described generally in paragraphs (i)-(ix) below (except as to the Agency's Reserved Rights and any other property, estates, rights and interests expressly excluded therefrom by Section 2 of the Equipment Security Agreement (hereinafter defined)) (all such property, estates, rights and interests hereby granted by the Lessee and the Agency not expressly excluded herefrom being collectively referred to as the "Collateral") (the Lessee and the Agency herein jointly, the "Debtor"):

(i) all automobiles, trucks, boats and other rolling stock or moveable personal property in which Debtor has an interest ("Rolling Stock"), including Rolling Stock any portion of which constitutes Financed Property and IDA Equipment for which the title thereto is evidenced by a certificate of title issued by the United States or a state that permits or requires a lien thereon to be evidenced upon such certificate, in which the Debtor now or at any time in the future may have an interest in connection with the Project or the Leased Facilities;

(ii) all proceeds of and any prepaid premiums on any insurance policies covering the Collateral, including the right to receive the proceeds of any insurance, judgments or settlements made in lieu thereof for damage to the Collateral;

(iii) any and all of the estate, right, title and interest of each Debtor in all machinery, apparatus, equipment, trade fixtures, personal property, and fittings which are in the nature of personal property and other personal property of every kind and nature whatsoever owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon or used (temporarily or permanently) or usable on or in connection with the Leased Facilities or appurtenances thereto, and all equipment, materials and supplies of any nature whatsoever, owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon the Leased Facilities and all renewals, replacements and substitutions thereof and additions thereto owned by any of them or in which any of them has or shall have an interest, including any and all partitions, ducts, shafts, pipes, radiators, conduits, wiring, interconnection facilities, transmission lines, floor coverings, awnings, motors, engines, boilers, stokers, pumps, dynamos, transformers, turbines, generators, fans, blowers, vents, switchboards, elevators, mail or coal

conveyors, compressors, furnaces, cleaning equipment, sprinkler systems, fire extinguishing apparatus, water and other tanks, heating, ventilating, plumbing, laundry, incinerating, air conditioning and air cooling systems, water, gas, telephone, telecommunications, telemetry and electric equipment and all other equipment (as defined in the Uniform Commercial Code on the date hereof), appliances, appurtenances and accessions related thereto any portion of which constitutes Financed Property and IDA Equipment, and the estate, right, title and interest of either of them in and to any of the foregoing that may be subject to any security agreements (as defined in the Uniform Commercial Code) superior in lien to the lien of the Equipment Security Agreement;

(iv) any and all of the estate, right, title, interest, claim or demand of any nature whatsoever of the Lessee, in law or in equity, in and to all awards or payments, including interest thereon, and the right to receive the same, which may be made with respect to the Collateral, from the exercise of the right of eminent domain, condemnation or otherwise (including any transfer made in lieu of the exercise of said right), changes of grade of street or for any other injury to or decrease in the value of the Collateral now or hereafter located thereon, whether direct or consequential, which said awards and payments are assigned pursuant to the Equipment Security Agreement;

(v) any and all of the estate, right, title, interest, claim or demand of any nature whatsoever of the Lessee, in law or in equity, in and to all refunds or rebates of taxes or charges in lieu of taxes, now or hereafter assessed or levied against the Collateral (which shall be applied according to the provisions of the Indenture and the IDA Lease Agreement);

(vi) any and all of the estate, right, title, claim, demand and interest of each Debtor in and to all franchises, licenses, concessions, permits, contracts and other agreements (other than Agency Reserved Rights) affecting the use or occupancy of the Collateral, or any part thereof, now or hereafter entered into and any renewals or extensions thereof and all right, title and interest of any of them thereunder, including the right to receive the issues and profits of the Collateral (subject to the terms and conditions set forth in the Equipment Security Agreement);

(vii) to the extent permitted by law, the nonexclusive right, in the name and on behalf of each Debtor (at the sole cost and expense of the Lessee), to appear in and defend any action or proceeding brought with respect to the estate, right, title or interest of any of them in and to the Collateral and to commence any action or proceeding to protect the estate, right, title or interest of the Secured Party in and to the Collateral (subject, however, to the provisions of the Equipment Security Agreement and the provisions of the Indenture and the IDA Lease Agreement);

(viii) any and all right, title and interest hereafter acquired by each Debtor in and to any and all of the property described in paragraphs (i) through (vii) above and pledged by the respective Debtors thereunder; and

(ix) to the extent not included in the foregoing, all proceeds, products and accessions of and to any and all of the foregoing, including "proceeds" (within the meaning of the Uniform Commercial Code) and whatever is received upon any collection, exchange, sale or

other disposition of any of the Collateral, and any property into which any of the Collateral is converted, whether cash or noncash proceeds, and any and all other amounts paid or payable under or in connection with any of the Collateral.

Notwithstanding the foregoing, the Security Interest granted hereby in favor of the Secured Party shall be released without condition (i) if the Debtors, or each of their respective successors or assigns, shall well and truly pay, or cause to be paid, the Secured Obligations at the times and in the manner provided in the Indenture or (ii) if the Port Authority shall purchase the Facility in accordance with Section 92(v) of the PA Lease.

In addition, notwithstanding the foregoing, the Security Interest granted by the Equipment Security Agreement shall in no event include any Agency Reserved Rights.

Capitalized terms used herein which are undefined shall have the meanings ascribed to such terms in that certain Equipment Security Agreement (the "Equipment Security Agreement"), dated as of July 1, 2002 among American Airlines, Inc. (the "Lessee"), the New York City Industrial Development Agency (the "Agency") and The Bank of New York (the "Secured Party").

SCHEDULE A

All right, title and interest of the Lessee (hereinafter defined) in the property, estates, rights and interests described generally in paragraphs (i) - (ix) below (except as to property, estates, rights and interests expressly excluded therefrom), whether now held or owned or hereafter acquired and all right, title and interest of the Agency (hereinafter defined), whether now held or owned or hereafter acquired in and to the property, estates, rights and interests described generally in paragraphs (i)-(ix) below (except as to the Agency's Reserved Rights and any other property, estates, rights and interests expressly excluded therefrom by Section 2 of the Equipment Security Agreement (hereinafter defined)) (all such property, estates, rights and interests hereby granted by the Lessee and the Agency not expressly excluded herefrom being collectively referred to as the "Collateral") (the Lessee and the Agency herein jointly, the "Debtor"):

(i) all automobiles, trucks, boats and other rolling stock or moveable personal property in which Debtor has an interest ("Rolling Stock"), including Rolling Stock any portion of which constitutes Financed Property and IDA Equipment for which the title thereto is evidenced by a certificate of title issued by the United States or a state that permits or requires a lien thereon to be evidenced upon such certificate, in which the Debtor now or at any time in the future may have an interest in connection with the Project or the Leased Facilities;

(ii) all proceeds of and any prepaid premiums on any insurance policies covering the Collateral, including the right to receive the proceeds of any insurance, judgments or settlements made in lieu thereof for damage to the Collateral;

(iii) any and all of the estate, right, title and interest of each Debtor in all machinery, apparatus, equipment, trade fixtures, personal property, and fittings which are in the nature of personal property and other personal property of every kind and nature whatsoever owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon or used (temporarily or permanently) or usable on or in connection with the Leased Facilities or appurtenances thereto, and all equipment, materials and supplies of any nature whatsoever, owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon the Leased Facilities and all renewals, replacements and substitutions thereof and additions thereto owned by any of them or in which any of them has or shall have an interest, including any and all partitions, ducts, shafts, pipes, radiators, conduits, wiring, interconnection facilities, transmission lines, floor coverings, awnings, motors, engines, boilers, stokers, pumps, dynamos, transformers, turbines, generators, fans, blowers, vents, switchboards, elevators, mail or coal

SCHEDULE A

All right, title and interest of the Lessee (hereinafter defined) in the property, estates, rights and interests described generally in paragraphs (i) - (ix) below (except as to property, estates, rights and interests expressly excluded therefrom), whether now held or owned or hereafter acquired and all right, title and interest of the Agency (hereinafter defined), whether now held or owned or hereafter acquired in and to the property, estates, rights and interests described generally in paragraphs (i)-(ix) below (except as to the Agency's Reserved Rights and any other property, estates, rights and interests expressly excluded therefrom by Section 2 of the Equipment Security Agreement (hereinafter defined)) (all such property, estates, rights and interests hereby granted by the Lessee and the Agency not expressly excluded herefrom being collectively referred to as the "Collateral") (the Lessee and the Agency herein jointly, the "Debtor"):

(i) all automobiles, trucks, boats and other rolling stock or moveable personal property in which Debtor has an interest ("Rolling Stock"), including Rolling Stock any portion of which constitutes Financed Property and IDA Equipment for which the title thereto is evidenced by a certificate of title issued by the United States or a state that permits or requires a lien thereon to be evidenced upon such certificate, in which the Debtor now or at any time in the future may have an interest in connection with the Project or the Leased Facilities;

(ii) all proceeds of and any prepaid premiums on any insurance policies covering the Collateral, including the right to receive the proceeds of any insurance, judgments or settlements made in lieu thereof for damage to the Collateral;

(iii) any and all of the estate, right, title and interest of each Debtor in all machinery, apparatus, equipment, trade fixtures, personal property, and fittings which are in the nature of personal property and other personal property of every kind and nature whatsoever owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon or used (temporarily or permanently) or usable on or in connection with the Leased Facilities or appurtenances thereto, and all equipment, materials and supplies of any nature whatsoever, owned by either of them any portion of which constitutes Financed Property and IDA Equipment, or in which either of them has or shall have an interest, now or hereafter located upon the Leased Facilities and all renewals, replacements and substitutions thereof and additions thereto owned by any of them or in which any of them has or shall have an interest, including any and all partitions, ducts, shafts, pipes, radiators, conduits, wiring, interconnection facilities, transmission lines, floor coverings, awnings, motors, engines, boilers, stokers, pumps, dynamos, transformers, turbines, generators, fans, blowers, vents, switchboards, elevators, mail or coal

conveyors, compressors, furnaces, cleaning equipment, sprinkler systems, fire extinguishing apparatus, water and other tanks, heating, ventilating, plumbing, laundry, incinerating, air conditioning and air cooling systems, water, gas, telephone, telecommunications, telemetry and electric equipment and all other equipment (as defined in the Uniform Commercial Code on the date hereof), appliances, appurtenances and accessions related thereto any portion of which constitutes Financed Property and IDA Equipment, and the estate, right, title and interest of either of them in and to any of the foregoing that may be subject to any security agreements (as defined in the Uniform Commercial Code) superior in lien to the lien of the Equipment Security Agreement;

(iv) any and all of the estate, right, title, interest, claim or demand of any nature whatsoever of the Lessee, in law or in equity, in and to all awards or payments, including interest thereon, and the right to receive the same, which may be made with respect to the Collateral, from the exercise of the right of eminent domain, condemnation or otherwise (including any transfer made in lieu of the exercise of said right), changes of grade of street or for any other injury to or decrease in the value of the Collateral now or hereafter located thereon, whether direct or consequential, which said awards and payments are assigned pursuant to the Equipment Security Agreement;

(v) any and all of the estate, right, title, interest, claim or demand of any nature whatsoever of the Lessee, in law or in equity, in and to all refunds or rebates of taxes or charges in lieu of taxes, now or hereafter assessed or levied against the Collateral (which shall be applied according to the provisions of the Indenture and the IDA Lease Agreement);

(vi) any and all of the estate, right, title, claim, demand and interest of each Debtor in and to all franchises, licenses, concessions, permits, contracts and other agreements (other than Agency Reserved Rights) affecting the use or occupancy of the Collateral, or any part thereof, now or hereafter entered into and any renewals or extensions thereof and all right, title and interest of any of them thereunder, including the right to receive the issues and profits of the Collateral (subject to the terms and conditions set forth in the Equipment Security Agreement);

(vii) to the extent permitted by law, the nonexclusive right, in the name and on behalf of each Debtor (at the sole cost and expense of the Lessee), to appear in and defend any action or proceeding brought with respect to the estate, right, title or interest of any of them in and to the Collateral and to commence any action or proceeding to protect the estate, right, title or interest of the Secured Party in and to the Collateral (subject, however, to the provisions of the Equipment Security Agreement and the provisions of the Indenture and the IDA Lease Agreement);

(viii) any and all right, title and interest hereafter acquired by each Debtor in and to any and all of the property described in paragraphs (i) through (vii) above and pledged by the respective Debtors thereunder; and

(ix) to the extent not included in the foregoing, all proceeds, products and accessions of and to any and all of the foregoing, including "proceeds" (within the meaning of the Uniform Commercial Code) and whatever is received upon any collection, exchange, sale or

other disposition of any of the Collateral, and any property into which any of the Collateral is converted, whether cash or noncash proceeds, and any and all other amounts paid or payable under or in connection with any of the Collateral.

Notwithstanding the foregoing, the Security Interest granted hereby in favor of the Secured Party shall be released without condition (i) if the Debtors, or each of their respective successors or assigns, shall well and truly pay, or cause to be paid, the Secured Obligations at the times and in the manner provided in the Indenture or (ii) if the Port Authority shall purchase the Facility in accordance with Section 92(v) of the PA Lease.

In addition, notwithstanding the foregoing, the Security Interest granted by the Equipment Security Agreement shall in no event include any Agency Reserved Rights.

Capitalized terms used herein which are undefined shall have the meanings ascribed to such terms in that certain Equipment Security Agreement (the "Equipment Security Agreement"), dated as of July 1, 2002 among American Airlines, Inc. (the "Lessee"), the New York City Industrial Development Agency (the "Agency") and The Bank of New York (the "Secured Party").

SCHEDULE A

All right, title and interest of the Debtor (hereinafter defined) in and to the IDA Lease Agreement, including, but not limited to, all lease rentals, revenues and receipts payable or receivable thereunder, excluding, however, the Agency's Reserved Rights, which Reserved Rights may be enforced by the Debtor and the Secured Party (hereinafter defined) jointly or severally subject to the limitations contained in the IDA Lease Agreement and the Indenture. Notwithstanding the foregoing grant, the Secured Party and the Debtor acknowledge and agree that neither the Debtor nor the Secured Party (except as secured party under the Equipment Security Agreement or as Leasehold Mortgagee under the Leasehold Mortgage) pursuant to its rights under the Indenture have or shall have any rights to appoint a receiver for, right of entry or re-entry, redemption, eviction, possession, regaining or resumption of assigning, letting, or any similar rights with respect to the possession, sale, conveyance, transferring, mortgaging, pledging, assigning or subletting of all or any part of the Facility.

All moneys and securities from time to time held by the Secured Party under the terms of the Indenture (other than moneys and securities held in the Rebate Fund or in any Bond Purchase Fund, created under the Indenture), and all investment earnings of any of the foregoing, subject to disbursements therefrom in accordance with the provisions of the IDA Lease Agreement and the Indenture; provided, however, that any amounts held with respect to a Credit Facility for a Series of Bonds shall be pledged solely to such Series of Bonds secured by such Credit Facility and any amounts held in any Account held in the Debt Service Reserve Fund, created under the Indenture for a Series of Bonds shall be pledged solely to such Series of Bonds; provided, further, that there is under the Indenture expressly excluded from any assignment, pledge, lien or security interest granted to the Secured Party any amounts set apart and transferred to the Rebate Fund or any Bond Purchase Fund.

Any and all other property of every kind and nature from time to time which was heretofore or hereafter is by delivery or by writing of any kind conveyed, mortgaged, pledged, assigned or transferred, as and for additional security under the Indenture, by the Debtor or by any other person, firm or corporation with or without the consent of the Debtor, to the Secured Party with respect to any Series of Bonds which is authorized under the Indenture to receive any and all such property at any time and at all times to hold and apply the same subject to the terms thereof.

Capitalized terms used herein which are undefined shall have the meanings ascribed to them in the Master Indenture of Trust (the "Master Indenture") from the New York City Industrial Development Agency (the "Debtor") to The Bank of New York, as Trustee (the "Secured Party"), dated as of July 1, 2002.

SALES TAX LETTER

July 31, 2002

TO WHOM IT MAY CONCERN

Re: New York City Industrial Development Agency
American Airlines Inc.

Gentlemen:

The New York City Industrial Development Agency (the "Agency"), by this notice, hereby advises you as follows:

1. The Agency constitutes a corporate governmental agency and a public benefit corporation under the laws of the State of New York, and therefore, in the exercise of its governmental functions, including the issuance of its bonds and/or notes, is exempt from the imposition of any sales and use tax. As an exempt governmental entity, no exempt organization identification number has been issued to the Agency nor is one required.

2. Pursuant to a resolution adopted by the Agency on October 23, 2001, the Agency has authorized and pursuant to the terms hereof does hereby authorize American Airlines, Inc., a corporation organized under the laws of the State of Delaware ("American Airlines"), to act as its agent for and on behalf of the Agency in connection with a project (the "Project") consisting of: (y) the demolition of Terminals 8 and 9 at John F. Kennedy International Airport in Queens, New York (the "Project Premises") and the acquisition, construction, installation and equipping on the Project Premises by the Agency with the proceeds of a bond issue, of an air passenger terminal facility consisting of the acquisition, construction and equipping of an air passenger terminal together with related arrival and departure access ramps, parking facilities and a passenger tunnel connecting Concourse C to the main terminal (collectively, the "Facility") and (z) the acquisition, installation, leasing, subleasing, repair, replacement, use and maintenance of building materials, machinery, equipment, furniture, fixtures, furnishings, apparatus and other items of tangible personal property all as generally described in and limited to scope as set forth in Exhibit A attached hereto (the "Project Property") for use in connection with the construction and equipping of the Facility and the demolition of Terminals 8 and 9 at the Project Premises and all pursuant to and as more specifically described in the Lease Agreement, dated as of July 1, 2002 (the "Lease Agreement"), between the Agency and American Airlines. The Facility, Project Property and Project shall in each case only refer to such items for which sales and use tax exemptions shall be taken pursuant to this letter and the Lease Agreement and shall not in any case refer to the land or site underlying such item or such items for which a sales and use tax exemption has not been claimed under this Sales Tax Letter. The Agency authorizes American

Airlines to use and American Airlines shall use this letter only for the payment of costs of the Project.

3. As agent for the Agency, American Airlines agrees that each lease, sublease, contract, invoice, bill or purchase order entered into by American Airlines as agent for the Agency for the acquisition, construction, reconstruction, renovation, demolition, improving, equipping, installation, leasing, subleasing, repair, replacement and maintenance of Project Property and the acquisition, construction, demolition, installation and equipping of the Facility all to be undertaken in connection with the Project shall include language in substantially the following form:

> "This contract is being entered into by American Airlines, Inc., a corporation organized under the laws of the State of Delaware (the "Agent"), as agent for and on behalf of the New York City Industrial Development Agency (the "Agency") in connection with a certain project of the Agency for the Agent consisting of (y) the demolition of Terminals 8 and 9 at John F. Kennedy International Airport in Queens, New York (the "Project Premises") and the acquisition, construction and equipping on the Project Premises by the Agency with the proceeds of a bond issue of an air passenger terminal facility consisting of the acquisition, construction and equipping of an air passenger terminal together with related arrival and departure access ramps, parking facilities and a passenger tunnel connecting Concourse C to the main terminal (collectively, the "Facility") and (z) the acquisition, construction, installation, leasing, subleasing, repair, replacement and maintenance of building materials, machinery, equipment, furniture, fixtures, furnishings, apparatus and other items of tangible personal property all as generally described in and limited to scope as set forth in Exhibit A attached hereto for use in connection with the construction, installation and equipping of the Facility and the demolition of Terminals 8 and 9 at the Project Premises and all pursuant to and as more specifically described in the Lease Agreement dated as of July 1, 2002 (the "Lease Agreement") between the Agency and the Agent (collectively, the "Project"). The acquisition, construction, installation and equipping of the Facility at the Project Premises by the Agency with the proceeds of bonds to be by issued the Agency and the acquisition, installation and leasing, subleasing, repair, replacement and maintenance of building materials, machinery, equipment, fixtures, furniture, furnishings, apparatus and other tangible personal property for purposes of the Project which is the subject of this [lease, sublease, contract, invoice, bill or purchase order] shall be exempt from the sales and use tax levied by the State of New York and The City of New York if effected in accordance with (y) the terms and conditions set forth in the attached Sales Tax Letter of the Agent, and (z) the Lease Agreement and the Agent hereby represents that

this [lease, sublease, contract, invoice, bill or purchase order] is in compliance with the terms of the Lease Agreement and the Sales Tax Letter. The liability of the Agency hereunder is limited as set forth in the Lease Agreement and the Sales Tax Letter. By execution or acceptance of this [lease, sublease, contract, invoice, bill or purchase order], the [vendor, lessor or sublessor] hereby acknowledges the terms and conditions set forth in this paragraph."

4. The acquisition, construction, reconstruction, renovation, improving, leasing, subleasing, equipping, furnishing, installation, maintenance, repair and replacement from time to time of the Project Property in furtherance of the Project shall be exempt from the sales and use tax levied by the State of New York and The City of New York on the condition that (i) the Project Property is segregated as separately identifiable property of the Agency and the purchase of Project Property shall be effected by and at the sole cost of American Airlines subject to reimbursement from bond proceeds and the purchase of the Project Property shall be for the sole purpose of the Project, (ii) the Project Property is acquired and leased and the Project is undertaken in accordance with the Lease Agreement, (iii) the acquisition, leasing or maintaining of the Project Property shall be characterized or capable of being characterized, shall be treated or shall be capable of being treated (whether or not so characterized by American Airlines) in accordance with the Accounting Standards of the Financial Accounting Standards Board, as a capital expenditure, and shall solely be for the use of American Airlines, its affiliates, tenants, alliance partners, other airlines, subagents, contractors and others at the Project Premises in accordance with the provisions of the Lease Agreement and shall be acquired, leased or maintained solely in furtherance of the Project for the acquisition and construction, installation and equipping of the Facility, and for no other entity and at no other location and (iv) any maintenance and repair contracts shall only be for "Qualified Maintenance", as defined in Exhibit A attached hereto. The foregoing exemption from sales and use taxes granted pursuant to the provisions hereof may, subject to compliance with the provisions hereof and the provisions of the Lease Agreement, be applied by American Airlines to any expenditure made subsequent to the date hereof regardless of whether American Airlines' obligation to make such expenditure arose prior to the date hereof.

5. The Agency shall have no liability, or payment or performance obligations, under any lease, sublease, contract, invoice, bill or purchase order entered into by American Airlines as agent for the Agency hereunder, either directly or indirectly or contingently, in any manner and to any extent whatsoever, and American Airlines shall be the sole party liable thereunder.

6. By execution by American Airlines of its acceptance of the terms of this letter, American Airlines agrees to accept the terms hereof and represents and warrants to the Agency that the use of this letter by American Airlines is strictly for the purposes above stated.

7. Accordingly, until the earlier of (1) August 31, 2010, (2) the completion of the Project as provided in Section 2.2 of the Lease Agreement, (3) the termination of the Lease Agreement, (4) receipt by American Airlines of notice from the Agency of the termination of this Sales Tax Letter, or (5) the termination of this Sales Tax Letter pursuant to Section 7.2 of the Lease Agreement (as so terminated, the "Termination Date") all vendors, lessors, licensors and contractors are hereby authorized to rely upon this Letter (or a photocopy or fax of this Letter) as

The signature of a representative of American Airlines where indicated below will indicate that American Airlines has accepted the terms hereof.

EXHIBIT A

Exemptions from sales or use tax relating to the following categories:

1. the acquisition, maintenance, repair, replacement, installation and use of machinery, equipment, building materials, furniture, furnishings, trade fixtures and other tangible and intangible personal property for use solely with respect to the Project, including computers (and peripherals), telecommunication equipment, business machines and software, but excluding art, plants, objets d'art and other similar decorative items, utilities, rolling stock and ordinary office supplies such as pencils, paper clips and paper;

2. the leasing or subleasing of machinery, equipment, furniture, furnishings, fixtures and other tangible and intangible personal property (including the maintenance, repair, replacement, enhancement and addition with respect to such items) solely for use with respect to the Project, including computers (and peripherals), telecommunications equipment, business machines and software;

3. maintenance, repair and service contracts for the maintenance, service or repair of machinery, equipment, and other personal property solely for use with respect to the Project;

4. the acquisition, replacement and installation of computers (and peripherals), telecommunications equipment, equipment relating to the operation of all the foregoing categories and software solely for use with respect to the Project; and

5. the leasing or subleasing of computers (and peripherals), telecommunications equipment, equipment relating to the operation of all the foregoing categories and software for the sole use of the Project in connection with the foregoing equipment; provided, however, that (i) such software is in a tangible form and is treated or capable of being treated (whether or not so treated) in accordance with the Accounting Standards of the Financial Accounting Standards Board as a capital expenditure and (ii) any maintenance or repairs shall only be for "Qualified Maintenance". "Qualified Maintenance" shall mean, with respect to any of the above categories of property which is characterized (whether or not so characterized by American Airlines) in accordance with the Accounting Standards of the Financial Accounting Standards Board as capital in nature, the replacement of parts (other than parts that contain materials or substances that are consumed in the operation of such property (e.g., a toner cartridge) where such parts must be replaced whenever the substance is consumed) or the making of repairs, but shall not include maintenance of the type constituting janitorial services.

SH&E

July 25, 2002

Salomon Smith Barney Inc., as Underwriter
390 Greenwich Street
Second Floor
New York, New York 10013

Subject: New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002A and Series 2002B
(American Airlines, Inc. John F. Kennedy International Airport Project)

Ladies and Gentlemen:

This letter is furnished pursuant to Section 9(d)(20) of the Bond Purchase Agreement (the *"Bond Purchase Agreement"*) dated July 25, 2002 among the New York City Industrial Development Agency (the *"Issuer"*), and Salomon Smith Barney Inc., as the Senior Managing Underwriter of the underwriters named therein (the *"Underwriter"*), American Airlines, Inc. (the *"Company"*) and AMR Corporation (*"AMR"*), relating to the sale by the Issuer of its Special Facility Revenue Bonds, Series 2002A and Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) (collectively, the *"Bonds"*), as more fully described in the Official Statement of the Issuer dated July 25, 2002 (the *"Official Statement"*) prepared in connection with the offering of the Bonds. Terms capitalized but not defined in this letter shall have the meaning given such terms in the Bond Purchase Agreement. References to the Official Statement include the Preliminary Official Statement dated July 15, 2002.

Simat, Helliesen & Eichner, Inc. (*"SH&E"*) has been retained by the Company to prepare a Gate Demand Study dated June 27, 2002 (the *"Study"*) included as Appendix J to the Official Statement and hereby consents to the inclusion of the Study in the Official Statement.

The Study was prepared in accordance with generally accepted aviation consulting practices.

In connection with preparation of the Study, personnel of SH&E have participated in meetings or telephone discussions with representatives of the Company, the AMR, the Underwriter, counsel to the Underwriter, Bond Counsel, and the Company's counsel regarding the Study. Nothing has come to the attention of SH&E in connection with the preparation of the Study which would cause SH&E to believe that the Study, as of its date, or any of the statements in the Official Statement specifically attributed to SH&E, as of the dates of the Preliminary Official Statement and the Official Statement, were inaccurate or misleading in any material respect.

SH&E

This letter is solely for the information of, and assistance to, the Underwriter in conducting and documenting their investigation of the matters covered by the Study in connection with the offering pursuant to the Official Statement of the Bonds, and is not to be used, circulated, quoted or otherwise referred to within or without the underwriting group for any other purpose, including but not limited to the purchase or sale of the Bonds, nor is it to be referred to in whole or in part in the Official Statement or any other document, except that reference may be made to it in the above-mentioned Bond Purchase Agreement or in any list of closing documents pertaining to such offering.

SH&E disclaims any obligation to update this letter. This letter is not intended to, and may not, be relied upon by any party other than the Underwriter.

Very truly yours,

SIMAT, HELLIESEN & EICHNER, INC.

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage (and the Company will not pay costs, attorney's fees or expenses) which arise by reason of:

1. Any state of facts an accurate survey would show.

2. Grant of Gas Line Easements recited in Memorandum of Agreement of Lease and Grant of Easements and Other Rights made by and between The Port Authority of New York and New Jersey (Landlord) and KIAC Partners (Tenant) dated April 28, 1993, recorded May 3, 1993 in Reel 3556 page 1139.

3. Terms, Covenants, Conditions and Provisions of Lease ("Master Lease") dated April 17, 1947 made by and between The City of New York, as Landlord and The Port of New York Authority, as Tenant recorded May 22, 1947 in Liber 5402 Cp. 319; as amended by First Supplemental Agreement made between the same parties, dated May 26, 1948, recorded July 22, 1949 in Liber 5794 Cp. 554; Second Supplemental Agreement made between the same parties, dated November 7, 1952, recorded November 10, 1952 in Liber 6455 Cp. 632; Third Supplemental Agreement made between the same parties dated May 28, 1956, recorded June 29, 1966 in Record Liber 162 page 417; Fourth Supplemental Agreement made between the same parties dated November 6, 1958, recorded February 27, 1959 in Record Liber 162 page 432; Fifth Supplemental Agreement made between the same parties, dated October 3, 1960, recorded June 29, 1966 in Record Liber 162 page 466; Sixth Supplemental Agreement made between the same parties dated August 24, 1965, recorded June 29, 1965 in Record Liber 163 page 1; Seventh Supplemental Agreement made between the same parties dated December 21, 1965, recorded June 29, 1966 in Record Liber 163 page 13; Eighth Supplemental Agreement made between the same parties dated December 12, 1968, recorded July 23, 1969 in Reel 339 page 44; Ninth Supplemental Agreement made between The City of New York and The Port Authority of New York and New Jersey (successor to The Port of New York Authority) dated January 1, 1979, recorded March 11, 1982 in Reel 1411 page 1393; Tenth Supplemental Agreement made between the same parties dated September 3, 1983, recorded March 12, 1984 in Reel 1650 page 626; Eleventh Supplemental Agreement made between the same parties dated December 11, 1992, recorded December 17, 1992 in Reel 3464 page 465; unrecorded Twelfth Supplemental Agreement recited in Reel 4927 page 2436, and by Thirteenth Supplemental Agreement made between the same parties dated February 19, 1998, recorded on July 28, 1998 in Reel 4292 page 2436, and re-recorded on July 28, 2000 in Reel 5638 page 1166. (**Note:** Master Lease contains the following provision "Title to all buildings, structures, and additions made or added to the demised premises by The Port Authority or any of its subtenants shall vest in the City immediately upon annexation, except where leases, permits, licenses or other agreements provide that title thereto shall remain in lessees, permittees or other third persons".)

   In connection therewith, terms and conditions of a Recognition, Non-Disturbance and Attornment Agreement dated as of July 31, 2002 between The City of New York and American Airlines, Inc. intended to be recorded in the Register's Office of the City of New York, Queens County.

SCHEDULE B
EXCEPTIONS FROM COVERAGE
(Continued)

4. Terms, Covenants, Conditions, Provisions and Agreements of unrecorded Amended and Restated Agreement of Lease dated December 22, 2000 ("Port Authority Lease No. AYB-085R") made by and between The Port Authority of New York and New Jersey, as lessor and American Airlines, Inc., as lessee, as sub-sub leased by American Airlines, Inc. to New York City Industrial Development Agency by unrecorded Company Sublease Agreement dated as of July 1, 2002, and the rights of American Airlines, Inc., as tenant under the Port Authority Lease No. AYB-085R.

Fidelity National Title Insurance Company of New York

New York, NY

LEASEHOLD ENDORSEMENT
(Owner's Policy)

ATTACHED to and made a part of POLICY NUMBER: 26-031-92-77621

1. As used in this endorsement, the following terms shall mean:

a. "Evicted" or "Eviction": (a) the lawful deprivation, in whole or in part, of the right of possession insured by the Policy, contrary to the terms of the Lease or (b) the lawful prevention of the use of the land or the Tenant Leasehold Improvements for the purposes permitted by the Lease, in either case, as a result of a matter covered by the Policy.

b. "Lease": the lease agreement described in Schedule A.

c. "Leasehold Estate": the right of possession for the Lease Term.

d. "Lease Term": the duration of the Leasehold Estate, including any renewal or extended term if a valid option to renew or extend is contained in the Lease.

e. "Personal Property": chattels located on the land and property which, because of their character and manner of affixation to the land, can be severed from the land without causing appreciable damage to such chattels and property or to the land to which they are affixed.

f. "Remaining Lease Term": the portion of the Lease Term remaining after the insured has been Evicted as a result of a matter covered by the Policy.

g. "Tenant Leasehold Improvements": Those improvements, including landscaping, required or permitted to be built on the land by the Lease that have been built at the insured's expense or in which the insured has an interest greater than the right to possession during the Lease Term.

2. The provisions of subsection (b) of Section 7 of the Conditions and Stipulations shall not apply to any Leasehold Estate covered by the Policy.

3. Valuation of Estate or Interest Insured

If, in computing loss or damage, it becomes necessary to value the estates or interests of the insured as the result of a covered matter that results in an Eviction, then that value shall consist of the value for the Remaining Lease Term of the Leasehold Estate and any Tenant Leasehold Improvements existing on the date of the Eviction. The insured claimant shall have the right to have the Leasehold Estate and the Tenant Leasehold Improvements valued either as a whole or separately. In either event, this determination of value shall take into account rent no longer required to be paid for the Remaining Lease Term.

4. Additional items of loss covered by this endorsement:

If the insured is Evicted, the following items of loss, if applicable, shall be included in computing loss or damage incurred by the insured, but not to the extent that the same are included in the valuation of the estates or interests insured by the Policy.

a. The reasonable cost of removing and relocating any Personal Property that the insured has the right to remove and relocate, situated on the land at the time of Eviction, the cost of transportation of that Personal Property for the initial one hundred miles incurred in connection with the relocation, and the reasonable cost of repairing the

LEASEHOLD ENDORSEMENT
(Owner's Policy)
Continued

Personal Property damaged by reason of the removal and relocation.

b. Rent or damages for use and occupancy of the land prior to the Eviction which the insured as owner of the Leasehold Estate is obligated to pay to any person having paramount title to that of the lessor in the Lease.

c. The amount of rent that, by the terms of the Lease, the insured must continue to pay to the lessor after Eviction with respect to the portion of the Leasehold Estate and Tenant Leasehold Improvements from which the insured has been Evicted.

d. The fair market value, at the time of the Eviction, of the estate or interest of the insured in any lease or sublease made by the insured as lessor of all or part of the Leasehold Estate or the Tenant Leasehold Improvements.

e. Damages that the insured is obligated to pay to lessees or sublessees on account of the breach of any lease or sublease made by the insured as lessor of all or part of the Leasehold Estate or the Tenant Leasehold Improvements caused by the Eviction

f. Reasonable costs incurred by the insured to secure a replacement leasehold equivalent to the Leasehold Estate.

g. If Tenant Leasehold Improvements are not substantially completed at the time of Eviction, the actual cost incurred by the insured, less the salvage value, for the Tenant Leasehold Improvements up to the time of Eviction. Those costs include costs incurred to obtain land use, zoning, building and occupancy permits, architectural and engineering fees, construction management fees, costs of environmental testing and reviews, landscaping costs, and fees, costs and interest on loans for the acquisition and construction.

THIS ENDORSEMENT is made a part of the policy and is subject to all of the terms and provisions thereof and of any prior endorsement thereto. Except to the extent expressly stated, it neither modifies any of the terms and provisions of the policy and any prior endorsements, nor does it extend the effective date of the Policy, nor does it increase the face amount thereof.

IN WITNESS WHEREOF, the Company has caused its corporate name and seal to be hereunto affixed by its duly authorized signatory and countersigned on the date hereinafter set forth.

Fort Worth, TX 76155

Re: $500,000,000
New York City Industrial Development Agency
Special Facility Revenue Bonds, Series 2002
(American Airlines, Inc. John F. Kennedy International Airport Project)

Dear Ms. Benners:

At your request, Moody's rating committee has reviewed the documents submitted in connection with the referenced bond offering. Proceeds from the Series 2002 Bonds will be used to provide funds to reimburse American Airlines, Inc. ("American") for a portion of the costs of acquiring, constructing, and equipping a new passenger terminal and related facilities at John F. Kennedy International Airport (the "Airport"), a portion of the costs of the demolition of Terminals 8 and 9 at the Airport and related issuance costs with respect to the Series 2002 Bonds. Principal and interest on the Series 2002 Bonds will be paid solely from payments made pursuant to an IDA Lease Agreement dated as of July 1, 2002 between American and the New York City Industrial Development Agency. Payment of principal, premium, if any, purchase price of and interest on the Series 2002 Bonds will be unconditionally guaranteed by AMR Corporation and American.

Moody's has assigned a rating of B1 to the Series 2002 Bonds. The rating takes into account the pass-through nature of the facilities payments and the unconditional guaranties of AMR Corporation and American. The rating also considers the importance of John F. Kennedy International Airport to American's current route network as well as Moody's expectation for stability in the overall financial condition of American.

The rating so assigned, as well as any revisions therein or withdrawals thereof, will be publicly disseminated by Moody's through normal print and electronic media and in response to oral requests to Moody's rating desk.

We appreciate the opportunity to serve you on this issue, and please let us know if we may be of further assistance.

Sincerely,

Richard C. Bittenbender II

Dear Ms. Benners:

Pursuant to your request, Standard & Poor's Ratings Services has reviewed the information presented to us and has assigned a **"BB-"** rating to the above-captioned bonds. Please send us final documents as soon as they become available. Should the documents not be received by us within a reasonable amount of time, we reserve the right to withdraw our rating.

In addition, in order to maintain our rating surveillance, we must receive all publicly distributed company financial information such as annual and quarterly shareholder reports and communications, as well as 10-K, 8-K, and other SEC filings, the absence of which may result in the withdrawal of our rating. Standard & Poor's relies on the issuer and its counsel, accountants, and other experts for the accuracy and completeness of the information submitted in connection with the rating. If you would place us on a mailing list for the information, this would facilitate the process. Please address all reports to: Standard & Poor's; 55 Water Street, New York, NY 10041; Attn.: **Philip Baggaley, CFA, Managing Director, Corporate Ratings.**

This letter constitutes Standard & Poor's permission to you to disseminate the above-assigned rating to interested parties. You understand that Standard & Poor's has not consented to, and will not consent to, being named an "expert" under the federal securities laws, including without limitation, Section 7 of the Securities Act of 1933. In addition, it should be understood that the rating is not a "market" rating, nor a recommendation to buy, hold, or sell the securities. Standard & Poor's reserves the right to advise its own clients, subscribers, and the public of the rating.

We are pleased to have had the opportunity of being of service to you. If we can be of further help, please do not hesitate to call upon us.

Very truly yours,

Thomas Kelly/pab

****Payment of the principal and purchase price of, premium, if any, and interest on the Series 2002 Bonds when due will also be unconditionally guaranteed by the Company and by AMR Corporation.***

ida New York City Industrial Development Agency

SECOND AMENDED AND RESTATED PRELIMINARY SALES TAX LETTER

July 1, 2002

TO WHOM IT MAY CONCERN

Re: New York City Industrial Development Agency
American Air Lines, Inc.

Gentlemen:

The New York City Industrial Development Agency (the "Agency"), by this notice, hereby advises you as follows:

1. The Agency constitutes a corporate governmental agency and a public benefit corporation under the laws of the State of New York, and therefore, in the exercise of its governmental functions, including the issuance of its bonds and/or notes, is exempt from the imposition of any sales and use tax. As an exempt governmental entity, no exempt organization identification number has been issued to the Agency nor is one required.

2. Pursuant to a resolution adopted by the Agency on January 11, 2000, the Agency has authorized and pursuant to the terms hereof does hereby authorize American Airlines, Inc., a corporation organized under the laws of the State of Delaware ("American Airlines"), to act as its agent for and on behalf of the Agency in connection with a project (the "Project") consisting of: (y) the demolition of Terminals 8 and 9 at John F. Kennedy International Airport in Queens, New York (the "Project Premises") and the acquisition, construction, installation and equipping on the Project Premises by the Agency with the proceeds of a bond issue, of an air passenger terminal facility consisting of the acquisition, construction and equipping of an air passenger terminal together with related arrival and departure access ramps, parking facilities and a passenger tunnel connecting Concourse C to the main terminal (collectively, the "Facility") and (z) the acquisition, installation, leasing, subleasing, repair, replacement, use and maintenance of building materials, machinery, equipment, furniture, fixtures, furnishings, apparatus and other items of tangible personal property all as generally described in and limited to scope as set forth in Exhibit A attached hereto (the "Project Property") for use in connection with the construction and equipping of the Facility and the demolition of Terminals 8 and 9 at the Project Premises and all pursuant to and as more specifically described in the Preliminary Project Agreement dated July 27, 2000 as amended by Amendment No. 1 to the Preliminary Project Agreement dated as of January 1, 2002 and Amendment No. 2 to the Preliminary Project Agreement dated as of July 1, 2002 (collectively, the "Preliminary Project Agreement"), each between the Agency and American Airlines. The Facility, Project Property and Project shall in each case only refer to such items for which sales and use tax exemptions shall be taken pursuant to this letter and the Preliminary Project Agreement and shall not in any case refer to the land or site underlying such

item or such items for which a sales and use tax exemption has not been claimed under this Second Amended and Restated Preliminary Sales Tax Letter. The Agency authorizes American Airlines to use and American Airlines shall use this letter only for the payment of costs of the Project.

3. As agent for the Agency, American Airlines agrees that each lease, sublease, contract, invoice, bill or purchase order entered into by American Airlines as agent for the Agency for the acquisition, construction, reconstruction, renovation, demolition, improving, equipping, installation, leasing, subleasing, repair, replacement and maintenance of Project Property and the acquisition, construction, demolition, installation and equipping of the Facility all to be undertaken in connection with the Project shall include language in substantially the following form:

> "This contract is being entered into by American Airlines, Inc., a corporation organized under the laws of the State of Delaware (the "Agent"), as agent for and on behalf of the New York City Industrial Development Agency (the "Agency") in connection with a certain project of the Agency for the Agent consisting of (y) the demolition of Terminals 8 and 9 at John F. Kennedy International Airport in Queens, New York (the "Project Premises") and the acquisition, construction and equipping on the Project Premises by the Agency with the proceeds of a bond issue of an air passenger terminal facility consisting of the acquisition, construction and equipping of an air passenger terminal together with related arrival and departure access ramps, parking facilities and a passenger tunnel connecting Concourse C to the main terminal (collectively, the "Facility") and (z) the acquisition, construction, installation, leasing, subleasing, repair, replacement and maintenance of building materials, machinery, equipment, furniture, fixtures, furnishings, apparatus and other items of tangible personal property all as generally described in and limited to scope as set forth in Exhibit A attached hereto for use in connection with the construction, installation and equipping of the Facility and the demolition of Terminals 8 and 9 at the Project Premises and all pursuant to and as more specifically described in the Preliminary Project Agreement dated July 27, 2000 as amended by Amendment No. 1 to the Preliminary Project Agreement dated January 1, 2002 and Amendment No. 2 to the Preliminary Project Agreement dated July 1, 2002 (collectively the "Preliminary Project Agreement") each between the Agency and the Agent (collectively, the "Project"). The acquisition, construction, installation and equipping of the Facility at the Project Premises by the Agency with the proceeds of bonds to be by issued the Agency and the acquisition, installation and leasing, subleasing, repair, replacement and maintenance of building materials, machinery, equipment, fixtures, furniture, furnishings, apparatus and other tangible personal property for purposes of the Project which is the

subject of this [lease, sublease, contract, invoice, bill or purchase order] shall be exempt from the sales and use tax levied by the State of New York and The City of New York if effected in accordance with (y) the terms and conditions set forth in the attached Second Amended and Restated Preliminary Sales Tax Letter of the Agent, and (z) the Preliminary Project Agreement and the Agent hereby represents that this [lease, sublease, contract, invoice, bill or purchase order] is in compliance with the terms of the Preliminary Project Agreement and the Second Amended and Restated Preliminary Sales Tax Letter. The liability of the Agency hereunder is limited as set forth in the Preliminary Project Agreement and the Second Amended and Restated Preliminary Sales Tax Letter. By execution or acceptance of this [lease, sublease, contract, invoice, bill or purchase order], the [vendor, lessor or sublessor] hereby acknowledges the terms and conditions set forth in this paragraph."

4. The acquisition, construction, reconstruction, renovation, improving, leasing, subleasing, equipping, furnishing, installation, maintenance, repair and replacement from time to time of the Project Property in furtherance of the Project shall be exempt from the sales and use tax levied by the State of New York and The City of New York on the condition that (i) the Project Property is segregated as separately identifiable property of the Agency and the purchase of Project Property shall be effected by and at the sole cost of American Airlines subject to reimbursement from bond proceeds and the purchase of the Project Property shall be for the sole purpose of the Project, (ii) the Project Property is acquired and leased and the Project is undertaken in accordance with the Preliminary Project Agreement, (iii) the acquisition, leasing or maintaining of the Project Property shall be characterized or capable of being characterized, shall be treated or shall be capable of being treated (whether or not so characterized by American Airlines) in accordance with the Accounting Standards of the Financial Accounting Standards Board, as a capital expenditure, and shall solely be for the use of American Airlines, its affiliates, tenants, alliance partners, other airlines, subagents, contractors and others at the Project Premises in accordance with the provisions of the Preliminary Project Agreement and shall be acquired, leased or maintained solely in furtherance of the Project for the acquisition and construction, installation and equipping of the Facility, and for no other entity and at no other location and (iv) any maintenance and repair contracts shall only be for "Qualified Maintenance", as defined in Exhibit A attached hereto. The foregoing exemption from sales and use taxes granted pursuant to the provisions hereof may, subject to compliance with the provisions hereof and the provisions of the Preliminary Project Agreement, be applied by American Airlines to any expenditure made subsequent to the date hereof regardless of whether American Airlines' obligation to make such expenditure arose prior to the date hereof.

5. The Agency shall have no liability, or payment or performance obligations, under any lease, sublease, contract, invoice, bill or purchase order entered into by American Airlines as agent for the Agency hereunder, either directly or indirectly or contingently, in any manner and to any extent whatsoever, and American Airlines shall be the sole party liable thereunder.

6. By execution by American Airlines of its acceptance of the terms of this letter, American Airlines agrees to accept the terms hereof and represents and warrants to the Agency that the use of this letter by American Airlines is strictly for the purposes above stated.

7. Accordingly, until the earlier of (i) July 30, 2002 unless such date is extended by the Agency, (ii) the receipt by American Airlines in the aggregate of $9,000,000 in sales and use tax exemptions pursuant to this Second Amendment and Restated Preliminary Sales Tax Letter dated July 1, 2002, the First Amended and Restated Preliminary Sales Tax Letter dated January 1, 2002 and the Preliminary Sales Tax Letter dated July 27, 2000, (the foregoing dollar limitation shall not, and shall not be deemed to limit any other exemption from Sales and Use Taxes obtained by American Airlines exclusive of any exemption granted pursuant to Article 18-A of the General Municipal Law of the State of New York or pursuant to the Agency's involvement in the Project), (iii) the issuance by the Agency of its bonds for the Project, (iv) the occurrence of an event of default under the Preliminary Project Agreement dated the date hereof, and (v) such other time as the Agency shall request American Airlines to stop using this Second Amended and Restated Preliminary Sales Tax Letter and return said letter to the Agency, all vendors, lessors, contractors and subcontractors are hereby authorized to rely on this letter (or on a photocopy or fax of this letter) as evidence that purchases and leases of the Project Property, and improvement, installation and maintenance contracts relating to the Project to the extent effected by American Airlines (or by an agent, contractor or subcontractor engaged by American Airlines) as agent for the Agency, are exempt from all New York State and New York City sales and use taxes.

The Agency reserves the right, in its absolute and unlimited discretion, to suspend or terminate this Second Amended and Restated Preliminary Sales Tax Letter and to require that American Airlines surrender this Second Amended and Restated Preliminary Sales Tax Letter to the Agency for suspension or cancellation.

The signature of a representative of American Airlines, Inc. where indicated below will indicate that American Airlines, Inc. has accepted the terms hereof.

AMENDMENT NO. 2

to

PRELIMINARY PROJECT AGREEMENT

Dated July 1, 2002

PRELIMINARY PROJECT AGREEMENT

THIS AMENDMENT NO. 2 TO PRELIMINARY PROJECT AGREEMENT (this "Amendment No. 1"), made and entered into as of July 1, 2002, by and between NEW YORK CITY INDUSTRIAL DEVELOPMENT AGENCY, a corporate governmental agency constituting a body corporate and politic and a public benefit corporation of the State of New York, duly organized and existing under the laws of the State of New York, party of the first part (the "Agency"), having its principal office at 110 William Street, New York, New York, and AMERICAN AIRLINES, INC. a corporation organized and existing under and by virtue of the laws of the State of Delaware, party of the second part (the "Company"), having an office at 4333 Amon Carter Blvd., MD 5675, Fort Worth, Texas 76155 amending that certain Preliminary Project Agreement dated July 27, 2000 as amended by Amendment No. 1 to the Preliminary Project Agreement dated January 1, 2002 (capitalized terms used in the WHEREAS recitals to this Agreement but not defined therein shall have the meanings assigned to such terms in Section 1.1 of said Preliminary Project Agreement):

WITNESSETH:

WHEREAS, the Agency was established by the New York State Industrial Development Agency Act, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended, and Chapter 1082 of the Laws of 1974 of the State of New York, as amended (the "Act"), for the benefit of The City of New York and the inhabitants thereof; and

WHEREAS, to accomplish the purposes of the Act, the Agency has entered into negotiations with the Company to induce the Company to undertake the demolition of Terminals 8 and 9 at John F. Kennedy International Airport in Queens, New York and the acquisition, construction and equipping on the Project Premises of a new air passenger terminal facility consisting of the acquisition, construction and equipping of an air passenger terminal together with related arrival and departure access ramps, parking facilities and a passenger tunnel connecting Concourse B to the main terminal (the "Facility") and in connection with the foregoing to undertake the acquisition, installation, leasing, subleasing, repair, replacement, use and maintenance of building materials, machinery, equipment, furniture, fixtures, furnishings, apparatus and other items of tangible personal property in, and limited to, scope as set forth in Exhibit A attached to the Preliminary Sales Tax Letter for use at or for incorporation into the Facility, all in connection with the construction of the same and the demolition of Terminals 8 and 9; and

WHEREAS, in connection with such construction, reconstruction, renovation, demolition, improvement, installation, equipping, leasing, subleasing, repairs, replacement and maintenance, the Agency has granted to the Company financial assistance in the form of Sales and Use Tax exemptions pursuant to the provisions of a Preliminary Project Agreement dated July 27, 2000 between the Agency and the Company as amended by Amendment No. 1 to the Preliminary Project Agreement (collectively the "Preliminary Project Agreement") and a Preliminary Sales Tax Letter of the Agency dated July 27, 2000 as amended by the First

Amended and Restated Preliminary Sales Tax Letter dated January 1, 2002 (collectively the "Preliminary Sales Tax Letter"); and

WHEREAS, the Agency financial assistance in the form of exemptions from New York State and Local Sales and Use Taxes and related Agency benefits are necessary to provide employment in, and are beneficial for the economy of, The City of New York and are reasonably necessary to induce the Company to continue with the Project; and

WHEREAS, each of the Preliminary Project Agreement and the Preliminary Sales Tax Letter expires in accordance with its respective terms on July 1, 2002; and

WHEREAS, the Agency and the Company desire to extend the term of the Preliminary Project Agreement and the Preliminary Sales Tax Letter in accordance with the terms hereof;

NOW THEREFORE, in consideration of the premises and the respective representations and agreements hereinafter contained, the parties hereto agree as follows:

Section 1. The defined terms "Preliminary Sales Tax Letter" and "Termination Date" as contained in Section 1.1 of the Preliminary Project Agreement are amended to read as follows:

"Preliminary Sales Tax Letter" shall collectively mean the Preliminary Sales Tax Letter dated July 27, 2000, the First Amended and Restated Preliminary Sales Tax Letter dated January 1, 2002 and the Second Amended and Restated Preliminary Sales Tax Letter dated July 1, 2002.

"Termination Date" shall mean July 31, 2002.

Section 2. Section 2.1(1) of the Preliminary Project Agreement is amended in whole to read as follows:

"(l) With respect to each of the Benefits Periods described below the Lessee agrees to submit to the Agency on each of the applicable due dates set forth below a completed Benefits Report in the form of Appendix B attached hereto to the extent and in the amount that the Lessee shall have received Sales Tax Savings during the following Benefit Periods.

Benefit Period	Benefit Report Due Date
July 27, 2000 to December 31, 2000	February 15, 2001
January 1, 2001 to June 30, 2001	August 15, 2001
July 1, 2001 to December 31, 2001	February 15, 2002
January 1, 2002 to the earlier of the Closing Date or the Termination Date	45 days subsequent to the Closing Date or Termination Date"

Section 3. Section 3.2 of the Preliminary Project Agreement is amended in whole to read as follows:

"Section 3.2. Duration to Term. The term of this Agreement shall commence on July 27, 2000 and shall expire on the earliest of (i) the Closing Date, (ii) the termination or expiration of the Preliminary Sales Tax Letter, (iii) such earlier date as this Agreement may be terminated in accordance with its terms as herein provided, (iv) upon the receipt by the Agency of written notice from the Company of its intent to terminate this Agreement together with payment by the Company of all outstanding amounts due hereunder, or (v) July 31, 2002."

Section 4. Subdivision (i) of Section 7.1 of the Preliminary Project Agreement is amended to read as follows:

"(i) Except by reason of misconduct or negligence of the Agency, the Closing Date shall not have occurred prior to July 31, 2002 and the Agency and the Company shall not have entered into a lease agreement with respect to the Project Premises in conjunction therewith."

Section 5. Except, as amended by the foregoing provisions, the Preliminary Project Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the Agency has caused its corporate name to be hereunto subscribed by its duly authorized Chairman, Vice Chairman, Executive Director or Deputy Executive Director and attested under the seal of the Agency by its Assistant Secretary and the Company has caused its name to be subscribed hereto by an authorized officer all being done as of the year and day first above written.

REQUISITION NO. 2002-01

TO: The Bank of New York,
as Trustee

FROM: American Airlines, Inc.

Ladies and Gentlemen:

You are irrevocably requested to draw on any Construction Account(s) of the Project Fund, established pursuant to Section 5.01 of the Master Indenture of Trust dated as of July 1, 2002 (the "Master Indenture") between the New York City Industrial Development Agency (the "Agency") and yourself, a check in the amount of $3,500,000, payable to the order of the New York State Department of Taxation and Finance for the purpose of paying the cost set forth on Schedule A attached hereto. All capitalized terms used in this Requisition not otherwise defined herein shall have the meanings given such terms by Schedule A to the Master Indenture.

I hereby certify, to the best of my knowledge after due investigation and inquiry that:

(i) I am an Authorized Representative of the Lessee;

(ii) the number of this Requisition is 2002-01;

(iii) the items of cost set forth on Schedule A attached hereto are correct and proper under Section 5.02(b) of the Indenture and each such item has been properly incurred as an item of Project Costs;

(iv) none of the items for which this Requisition is made has formed the basis for any disbursement heretofore made from the Project Fund;

(v) no item of cost set forth on Schedule A attached hereto was incurred or paid prior to October 10, 1999;

(vi) the payee set forth above and the amount stated in Schedule A attached hereto are true and correct and each item of cost so stated is due and owing;

(vii) the item stated in Schedule A attached hereto is a proper charge against the Project Fund;

(viii) no Event of Default exists and is continuing under the IDA Lease Agreement or any other Security Documents nor any condition, event or act which, with notice or lapse of time or both, would constitute such an Event of Default;

(ix) I have no knowledge of any vendor's lien, materialmen's lien, mechanic's lien or security interest which should be satisfied or discharged before the payment herein requested is made or which will not be discharged by such payment;

(x) each item of cost set forth in Schedule A attached hereto is consistent in all material respects with the Applicable Tax Certificate; and (1) (A) the amounts to be paid will not be used for any Project Cost which is not Qualified Cost (other than Costs of Issuance), or (B) of the total amount of the Net Proceeds of the Bonds theretofore applied and then being requisitioned, no less than ninety-five percent (95%) has been or will be expended for Qualified Costs and no more than five percent (5%) has been or will be expended for Nonqualified Costs; (2) the Project Cost was incurred on the Leased Facilities, and (3) the Project Cost has not otherwise been reimbursed, funded or paid.

(xi) if the payment herein requested is a reimbursement to the Lessee for costs or expenses of the Lessee incurred by reason of work performed or supervised by officers, partners or employees of the Lessee or any Affiliate, such officers, partners or employees were specifically employed for such purpose and the amount to be paid does not exceed the actual cost thereof to the Lessee and such costs or expenses will be treated by the Lessee on its books as a capital expenditure in conformity with generally accepted accounting principles applied on a consistent basis;

(xii) if the payment herein requested is for an item of Facility Equipment, upon payment of the cost thereof The City of New York will be the owner thereof and such Facility Equipment will be subject to the IDA Lease Agreement;

(xiii) such item of cost for which payment is herein requested is chargeable to the capital account of the Project for Federal income tax purposes, or would be so chargeable either with an election by the Lessee or but for the election of the Lessee to deduct the amount of such item.

Attached to this Requisition is a copy of the bills or invoices evidencing and supporting this Requisition.

SCHEDULE A TO REQUISITION NO. 2002-01

Project Cost	Category Payee	Amount
State Bond Fee	New York State Department of Taxation and Finance	$3,500,000

REQUISITION NO. 2002-02

TO: The Bank of New York,
as Trustee

FROM: American Airlines, Inc.

Ladies and Gentlemen:

You are requested to draw on the Construction Accounts of the Project Fund, established pursuant to Section 5.01 of the Indenture of Trust dated as of July 1, 2002 (the "Indenture") between the New York City Industrial Development Agency (the "Agency") and yourself, a check or wire transfer, as specified, in the amounts, payable to the order of American Airlines, Inc. for the purpose of reimbursing American Airlines, Inc. for those costs incurred as agent set forth on Schedule A attached hereto. All capitalized terms used in this Requisition not otherwise defined herein shall have the meanings given such terms by Schedule A to the Master Indenture.

I hereby certify, to the best of my knowledge after due investigation and inquiry that:

(i) I am an Authorized Representative of the Lessee;

(ii) the number of this Requisition is 2002-02;

(iii) the items of cost set forth on Schedule A attached hereto are correct and proper under Section 5.02(b) of the Indenture and each such item has been properly paid or incurred as an item of Project Costs;

(iv) none of the items for which this Requisition is made has formed the basis for any disbursement heretofore made from the Project Fund;

(v) no item of cost set forth on Schedule A attached hereto was incurred or paid prior to October 10, 1999, except for certain "preliminary expenditures" for architectural, engineering, surveying, soil testing and similar costs incurred prior to commencement of construction of the Facility;

(vi) the payees and amounts stated in Schedule A attached hereto are true and correct and each item of cost so stated is due and owing;

(vii) each such item stated in Schedule A attached hereto is a proper charge against the Project Fund;

(viii) no Event of Default exists and is continuing under the IDA Lease Agreement or any other Security Documents nor any condition, event or act which, with notice or lapse of time or both, would constitute such an Event of Default;

(ix) I have no knowledge of any vendor's lien, materialmen's lien, mechanic's lien or security interest which should be satisfied or discharged before the payment herein requested is made or which will not be discharged by such payment;

(x) each item of cost set forth in Schedule A attached hereto is consistent in all material respects with the Applicable Tax Certificate; and (1) (A) the amounts to be paid will not be used for any Project Cost which is not Qualified Cost (other than Costs of Issuance), or (B) of the total amount of the Net Proceeds of the Bonds theretofore applied and then being requisitioned, no less than ninety-five percent (95%) has been or will be expended for Qualified Costs and no more than five percent (5%) has been or will be expended for Nonqualified Costs; (2) the Project Cost was incurred on the Leased Facilities, and (3) the Project Cost has not otherwise been reimbursed, funded or paid.

(xi) if the payment herein requested is a reimbursement to the Lessee for costs or expenses of the Lessee incurred by reason of work performed or supervised by officers, partners or employees of the Lessee or any Affiliate, such officers, partners or employees were specifically employed for such purpose and the amount to be paid does not exceed the actual cost thereof to the Lessee and such costs or expenses will be treated by the Lessee on its books as a capital expenditure in conformity with generally accepted accounting principles applied on a consistent basis;

(xii) if the payment herein requested is for an item of Facility Equipment, upon payment of the cost thereof The City of New York will be the owner thereof and such Facility Equipment will be subject to the IDA Lease Agreement;

(xiii) such item of cost for which payment is herein requested is chargeable to the capital account of the Project for Federal income tax purposes, or would be so chargeable either with an election by the Lessee or but for the election of the Lessee to deduct the amount of such item.

Attached to this Requisition is a copy of the bills or invoices evidencing and supporting this Requisition.

Re: $500,000,000 New York City Industrial Development Agency
Special Facility Revenue Bonds (American Airlines, Inc
John F. Kennedy International Airport Project) Series 2002

Dear Beverly:

Here is the breakdown of hours and billable rates which was used to compute the fee portion of our July 26, 2002 bill for professional services:

18.10 hours of attorney time (Irving C. Apar - Partner) at $476.89 per hour $8,631.71

1.30 hours of attorney time (Valerie A. Molinaro - Of Counsel) at $370.00 per hour $481.00

11.00 hours of paralegal time at $150.00 per hour $1,650.00

30.40 hours TOTALS $10,762.71

The total accrued charges (fees and disbursements) were $10,987.91 and the total invoice amount (fees and disbursements) was $10,000.00.

With respect to the work performed during the above-referenced time, please see the text of our July 26, 2002 invoice, which I believe is fairly detailed. If you or anyone else require any further information, please don't hesitate to call me.

Very truly yours,

REQUISITION NO. 2002-03

TO: The Bank of New York,
as Trustee

FROM: American Airlines, Inc.

Ladies and Gentlemen:

You are requested to draw on the Construction Accounts of the Project Fund, established pursuant to Section 5.01 of the Indenture of Trust dated as of July 1, 2002 (the "Indenture") between the New York City Industrial Development Agency (the "Agency") and yourself, a check or wire transfer, as specified, in the amounts, payable to the order of American Airlines, Inc. for the purpose of reimbursing American Airlines, Inc. for those costs incurred as agent set forth on Schedule A attached hereto. All capitalized terms used in this Requisition not otherwise defined herein shall have the meanings given such terms by Schedule A to the Master Indenture.

I hereby certify, to the best of my knowledge after due investigation and inquiry that:

(i) I am an Authorized Representative of the Lessee;

(ii) the number of this Requisition is 2002-03;

(iii) the items of cost set forth on Schedule A attached hereto are correct and proper under Section 5.02(b) of the Indenture and each such item has been properly paid or incurred as an item of Project Costs;

(iv) none of the items for which this Requisition is made has formed the basis for any disbursement heretofore made from the Project Fund;

(v) no item of cost set forth on Schedule A attached hereto was incurred or paid prior to October 10, 1999, except for certain "preliminary expenditures" for architectural, engineering, surveying, soil testing and similar costs incurred prior to commencement of construction of the Facility;

(vi) the payees and amounts stated in Schedule A attached hereto are true and correct and each item of cost so stated is due and owing;

(vii) each such item stated in Schedule A attached hereto is a proper charge against the Project Fund;

(viii) no Event of Default exists and is continuing under the IDA Lease Agreement or any other Security Documents nor any condition, event or act which, with notice or lapse of time or both, would constitute such an Event of Default;

(ix) I have no knowledge of any vendor's lien, materialmen's lien, mechanic's lien or security interest which should be satisfied or discharged before the payment herein requested is made or which will not be discharged by such payment;

(x) each item of cost set forth in Schedule A attached hereto is consistent in all material respects with the Applicable Tax Certificate; and (1) (A) the amounts to be paid will not be used for any Project Cost which is not Qualified Cost (other than Costs of Issuance), or (B) of the total amount of the Net Proceeds of the Bonds theretofore applied and then being requisitioned, no less than ninety-five percent (95%) has been or will be expended for Qualified Costs and no more than five percent (5%) has been or will be expended for Nonqualified Costs; (2) the Project Cost was incurred on the Leased Facilities, and (3) the Project Cost has not otherwise been reimbursed, funded or paid.

(xi) if the payment herein requested is a reimbursement to the Lessee for costs or expenses of the Lessee incurred by reason of work performed or supervised by officers, partners or employees of the Lessee or any Affiliate, such officers, partners or employees were specifically employed for such purpose and the amount to be paid does not exceed the actual cost thereof to the Lessee and such costs or expenses will be treated by the Lessee on its books as a capital expenditure in conformity with generally accepted accounting principles applied on a consistent basis;

(xii) if the payment herein requested is for an item of Facility Equipment, upon payment of the cost thereof The City of New York will be the owner thereof and such Facility Equipment will be subject to the IDA Lease Agreement;

(xiii) such item of cost for which payment is herein requested is chargeable to the capital account of the Project for Federal income tax purposes, or would be so chargeable either with an election by the Lessee or but for the election of the Lessee to deduct the amount of such item.

Attached to this Requisition is a copy of the bills or invoices evidencing and supporting this Requisition.

Dated: July 31, 2002

John F. Kennedy International Airport
Supplement No. 2
Port Authority Lease No. AYB-085R

SECOND SUPPLEMENTAL AGREEMENT

THIS SECOND SUPPLEMENTAL AGREEMENT, made as of November 8, 2005 by and between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY (the "**Port Authority**") and AMERICAN AIRLINES, INC., a corporation organized under the laws of the State of Delaware (the "**Lessee**"; collectively with the Port Authority, the "**Parties**"),

WITNESSETH, That:

WHEREAS, the Port Authority and the Lessee as of the first day of August 1976 entered into an agreement of lease bearing Port Authority agreement number AYB-085 covering certain premises at John F. Kennedy International Airport (the "**Airport**") as therein set forth, which agreement of lease, as amended, supplemented and modified, was further amended, supplemented, modified, and restated, in an Amended and Restated Agreement of Lease made as of the 22nd day of December 2000 and bearing Port Authority Agreement No. AYB-085R (as heretofore amended, supplemented, modified and restated, the "**Lease**"); and

WHEREAS, the Lease requires that the Lessee construct on the premises demised under the Lease (the "**Premises**") a passenger terminal building containing fifty-five (55) aircraft loading and unloading gate positions, and the Parties desire to reduce such requirement to thirty-six (36) aircraft loading and unloading gate positions, as more fully provided herein; and

WHEREAS, the Port Authority and the Lessee desire to amend the Lease in certain other respects regarding the scope of the Redevelopment Work and the Lessee's mortgaging of its leasehold interest in the Lease and to otherwise amend and supplement the Lease as provided herein; and

WHEREAS, the Port Authority and the Lessee have entered into a certain *John F. Kennedy International Airport Flight Fees Agreement* dated as of January 1, 2004 (the "**JFK Flight Fees Agreement**") covering the payment of flight fees at the Airport and certain other matters, and the Parties desire to amend the Lease to reflect the terms of the JFK Flight Fees Agreement; and

WHEREAS, the Port Authority and the City of New York have entered into an *Amended and Restated Agreement of Lease of the Municipal Air Terminals* dated as of November 24, 2004 (the "**Amended and Restated Basic Lease**"), which, *inter alia*, extends the term of the Basic Lease through December 31, 2050 and imposes certain requirements with respect to the Port Authority's subleases at the Airport, and the Parties desire to amend the Lease to reflect the terms of the Amended and Restated Basic Lease;

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, the Port Authority and the Lessee hereby agree to supplement and amend the Lease, as follows:

1. Effective Date

Except as otherwise provided herein, this Second Supplemental Agreement shall be effective as of the date hereof (the "**Restructuring Effective Date**").

2. Partial Surrender

Effective as of the Restructuring Effective Date, the Lessee hereby surrenders to the Port Authority those portions of the Premises shown in wave hatching on Exhibit 1.1A (Detail 3, Detail 4) (the "**Restructuring Surrendered Premises**"), and the provisions of Section 1(c) of the Lease as they apply to the Surrendered Premises shall apply equally to the Restructuring Surrendered Premises; provided, that with respect to the Restructuring Surrendered Premises, all references to the Surrender Date shall be deemed to refer to the Restructuring Effective Date, and all references to the Lease shall be deemed to refer to the Lease as supplemented and amended hereby.

3. Amendment to Section 2B, "*Redevelopment of the Premises and Performance of the ACO Work by the Lessee*"

Section 2B of the Lease is hereby amended as follows:

(a) Items (i) and (ii) of subparagraph (2) of paragraph (a) shall be deleted in their entirety and the following new items (i) and (ii) shall be inserted in lieu thereof to read as follows:

> "(i) A three (3) level main passenger terminal building (the "**Main Terminal**") and a two (2) level remote passenger terminal building (the "**Remote Terminal**"), consisting of approximately 1.4 million total square feet of floor space for both buildings and all associated and related areas and facilities, including without limitation Gates (as defined in Section 91 below), stairwells, stairways, escalators, elevators and United States government inspection areas (as described in Section 74 hereof entitled "**Federal Inspection**");
>
> (ii) Not less than thirty-six (36) Gates, of which at least twenty-four (24) Gates are to accommodate wide-body aircraft and of which no more than ten (10) Gates are to accommodate regional jet aircraft;"

(b) Subdivision (aa) of paragraph (d)(9)(ii) of Section 2B is deleted in its entirety, and the following is inserted in its place:

> "(ii) (aa) In addition to subparagraph (9)(i) above and subject to the limitation set forth in subparagraph (9)(ii)(bb) below, in its performance of the Section 2B Work the Lessee shall perform at its cost and expense all appropriate, required and necessary work for the removal of all asbestos, lead, petroleum contamination and other Hazardous Substances from the Site including without limitation the groundwater thereunder, the foregoing to include without limitation the handling, transporting and off-Airport disposal thereof in accordance with applicable law, including without limitation, all applicable Environmental Requirements (including,

if required, disposal of asbestos in a long-term disposal facility at the Lessee's sole cost and expense) and all in a manner satisfactory to the Port Authority, provided, however, that if there is any conflict between applicable laws and Environmental Requirements, the Environmental Requirements shall control."

(c) A new paragraph (r) shall be added at the end of Section 2B of the Lease to read as follows:

"(r) The Expanded Terminal Work

(1) The "**Expanded Terminal Work**" shall mean the construction subsequent to the completion of the Redevelopment Work, on portions of the Premises, including Parcel M, of an expansion of the Main Terminal so that the Main Terminal, as expanded, together with the Remote Terminal shall in the aggregate contain a total of (x) fifty-five (55) Gates, of which at least thirty-five (35) are to accommodate wide-body aircraft and at least two (2) are to accommodate narrow-body aircraft, or, if the Lessee requests, (y) such lesser number of Gates, of such sizes and configurations, as the Port Authority's Director of Aviation shall determine in his or her sole discretion; together with all associated and related areas and facilities, including any off-Premises work, all as more fully provided herein.

The "**Expanded Terminal Work Completion Date**" shall mean the date appearing on the certificate issued by the Port Authority, after the substantial completion of the Expanded Terminal Work, in the manner provided in subparagraph (1) of paragraph (n) in connection with the substantial completion of the Redevelopment Work.

(2) Subject in all events to the provisions of Section 95 of this Lease, in the event that following the completion of the Redevelopment Work the Lessee wishes to elect to expand the Main Terminal pursuant to the provisions of this Section 2B(r), the Lessee shall notify the Port Authority of such election, and shall submit to the Port Authority, for its

approval, the Lessee's comprehensive plan for the construction of the Expanded Terminal Work, including but not limited to renderings, layouts, locations, models, estimated commencement, milestone and completion dates, staging plans and preliminary functional plans for the Expanded Terminal Work (such comprehensive plan, as approved by the Port Authority, the "**Expanded Terminal Work Comprehensive Plan**"). The Lessee shall keep the completion dates, staging plans and preliminary functional plans for the Expanded Terminal Work Comprehensive Plan up to date and shall submit to the Port Authority for its approval all amendments, supplements or modifications thereto, which amendments, supplements or modifications shall not become effective until the same have been approved by the Port Authority.

(3) Without limitation as to the foregoing, the Expanded Terminal Work Comprehensive Plan shall include the relevant items of on-Premises construction enumerated in Section 2B(a)(2) above and shall be in accordance with the requirements relating thereto.

(4) In addition to and without limitation as to the foregoing, the Expanded Terminal Work Comprehensive Plan shall include the relevant items of off-Premises construction enumerated in Section 2B(a)(3) above and shall be in accordance with the requirements relating thereto.

(5) Prior to the commencement of the Expanded Terminal Work, the Lessee shall deliver to the Port Authority complete plans and specifications for the construction thereof, which shall be consistent with the Expanded Terminal Work Comprehensive Plan and which shall otherwise be in accordance with and subject to the provisions of Section 2B(c) relating to the plans and specifications for the Section 2B Work.

(6) The Lessee agrees that the performance of the design and construction of the Expanded Terminal Work shall be at the Lessee's sole cost and expense and shall be subject to and performed in accordance with all the terms,

provisions and conditions of this Lease, and, without limiting any other term or provision of this Lease, also be subject to the terms of and in conformance with the design criteria contained in the Port Authority Tenant Construction Review Manual, as the same may be amended from time to time.

(7) All of the relevant terms and provisions of this Section 2B as they apply to the Section 2B Work shall equally and fully apply to the Expanded Terminal Work; and all of the relevant terms and provisions of this Section 2B as they apply to the Redevelopment Work, including without limitation paragraphs (f), (g), (h), (i), (k), (l), (n)(1), (n)(2), (n)(3) and (q), shall equally and fully apply to the Expanded Terminal Work; and all of the terms and provisions of paragraph (e) of this Section 2B as they apply to the Off-Premises Work shall equally and fully apply to the portion, if any, of the Expanded Terminal Work that is not performed on the Premises; and all of the terms and provisions of paragraph (d)(11) of this Section as they apply to the Redevelopment Work Completion Date shall equally and fully apply to the Expanded Terminal Work Completion Date. In addition to and without limitation as to the generality of the foregoing, and without limitation as to the generality of the Port Authority's rights of approval hereunder, all of the rights and obligations of the Port Authority and the Lessee as they apply to the Redevelopment Work shall equally and fully apply to the Expanded Terminal Work. To the extent any of these rights and obligations terminated on the Section 2B Work Completion Date, including without limitation certain of the Lessee's obligations under Section 2B(1)(2) and Section 59 hereof, such rights and obligations shall be reinstated upon (x) the Port Authority's approval of the Expanded Terminal Work Comprehensive Plan or (y) the Lessee's commencement of any portion of the Expanded Terminal Work, whichever is earlier, and shall terminate on the Expanded Terminal Work Completion Date.

(8) "**Expanded Terminal Work Investment**" shall have the meaning ascribed to the defined term "Redevelopment Work Investment" in Section 91 hereof, except that all references therein to "Redevelopment Work" and "Redevelopment Work Investment" shall, for purposes of this definition, be deemed to refer to "Expanded Terminal Work" and "Expanded Terminal Work Investment", respectively."

4. Amendment to Section 3, "*Term*"

Section 3 of the Lease, entitled "*Term*", as previously amended by Supplement No. 1 to the Lease, is hereby deleted in its entirety and the following new Section 3 is inserted in lieu thereof to read as follows:

"Section 3. Term

(a) The term of the letting under this Lease, as the same shall have commenced under Lease AYB-085, shall expire on December 31, 2036, unless sooner terminated in accordance with the terms and provisions of this Lease.

(b) Notwithstanding the foregoing, in the event that all of the Required Conditions shall not have occurred prior to December 30, 2015, then this Lease and the letting hereunder shall in any event automatically terminate without notice to the Lessee on December 30, 2015. Such termination shall be and operate as a conditional limitation. In the event any court of competent jurisdiction shall not give full and complete effect to this termination provision and its operation as a conditional limitation, the Lessee and the Port Authority agree, as a condition of this Agreement, and not merely as a covenant, that this Agreement and the stated term of the letting hereunder shall nonetheless, from and after the effective date of termination provided above in this paragraph (b), be deemed to have expired.

(c) Notwithstanding the preceding paragraphs (a) and (b), however, in the event that all of the Required Conditions have not occurred by December 31, 2010, then the Port

Authority shall have the option to terminate this Lease and the letting hereunder.

(d) **"Required Conditions"** shall mean all of the following conditions: (i) the Redevelopment Work Completion Date shall have occurred, (ii) the Lessee shall have made a Redevelopment Work Investment in the Premises of not less that Eight Hundred Fifty Million Dollars and No Cents ($850,000,000.00), and (iii) the Premises shall contain not less than thirty-six (36) Gates, of which at least twenty-four (24) are to accommodate wide-body aircraft and of which no more than ten (10) are to be Regional Gates."

5. Amendment to Section 4, *"Rental"*

Section 4 of the Lease, entitled *"Rental"*, is hereby amended as follows:

(a) Paragraph (q) of Subdivision I is deleted in its entirety, and the following is inserted in its place:

"(q) **"Rentals"** shall collectively mean the Ground Rental, the Area IA and IB Building Rental, the Area I Building Rental, the Area II Building Rental and the Additional Land Rental."

(b) Paragraph (a)(3) of Subdivision II is amended by deleting subdivision (ii) in its entirety and inserting the following new subdivisions (ii) and (iii) in its place:

"(ii) Effective on January 1, 2002 and on the first day of each Adjustment Period commencing prior to the Restructuring Effective Date, the Ground Rental shall be further increased for each Adjustment Period as follows: the amount of the Ground Rental set forth in paragraph (a)(1) above, as the same may have been last adjusted under this paragraph (a), shall be multiplied (x) by a percentage composed of ½ of the CPI Percentage Increase calculated using the two Reference Months immediately preceding the first day of the subject Adjustment Period plus 100% and (y) by 104%; and the greater of the amounts so obtained from the foregoing calculations set forth in clauses (x) and (y) shall be and become the Ground Rental in effect for the Adjustment Period.

(iii) Effective on the Restructuring Effective Date, the Ground Rental shall be at the rate of (2.a.) per annum; and on the first day of the Adjustment Period commencing on January 1, 2006, and on the first day of each Adjustment Period occurring thereafter during the remainder of the term of the letting under this Lease, the Ground Rental shall be further increased for each Adjustment Period as follows: the amount of the Ground Rental set forth in the first clause of this subdivision (iii), as the same may have been last adjusted under this subdivision (iii), shall be multiplied (x) by a percentage composed of ½ of the CPI Percentage Increase calculated using the two Reference Months immediately preceding the first day of the subject Adjustment Period plus 100% and (y) by 104%; and the greater of the amounts so obtained from the foregoing calculations set forth in clauses (x) and (y) shall be and become the Ground Rental in effect for the Adjustment Period."

(c) The following new paragraphs (i), (j) and (k) are inserted at the end of Subdivision II to read as follows:

"(i) ***Additional Land Rental.***

(1) "**Additional Land Rental Adjustment Year**" shall mean, as the context requires, (x) the period of twelve months commencing on the first anniversary of the Additional Land Rental Commencement Date and expiring on the day immediately preceding the second anniversary of the Additional Land Rental Commencement Date, (y) each succeeding period of twelve months occurring during the term of the letting under this Lease commencing on each anniversary of the Additional Land Rental Commencement Date and (z) in the event this Lease expires or is terminated on other than the day preceding an anniversary of the Additional Land Rental Commencement Date, the period of less than twelve months commencing on the anniversary of the Additional Land Rental Commencement Date last preceding the date of such

expiration or termination of this Lease and expiring on the date of such expiration or termination.

"**Additional Land Rental Base Year**" shall mean the period from the Additional Land Rental Commencement Date through the day before the first day of the first Additional Land Rental Adjustment Year to occur following the Additional Land Rental Commencement Date (such first Additional Land Rental Adjustment Year, the "**First Additional Land Rental Adjustment Year**").

"**Additional Land Rental Payment Period**" shall mean the period commencing on the Building Rental End Date (such date of commencement, the "**Additional Land Rental Commencement Date**") and expiring on the earliest to occur of (i) the expiration of the term of the letting under this Lease, (ii) the Expanded Terminal Work Completion Date and (iii) the Parcel M Surrender Date, as defined in Section 96 of this Lease.

(2) Effective as of the Additional Land Rental Commencement Date and throughout the Additional Land Rental Payment Period, the Lessee shall pay to the Port Authority an annual rental for the ground area shown in diagonal hatching on Exhibit 95.1 attached hereto and hereby made a part hereof and marked "Exhibit 95.1" (the "**Additional Land Rental**"). The rate of the Additional Land Rental shall be (2.a.)

per annum for the Additional Land Rental Base Year. The Additional Land Rental shall thereafter be adjusted on an annual basis as hereinbelow set forth during the Additional Land Rental Payment Period.

(3) The Port Authority shall ascertain the CPI for the first Reference Month and for each succeeding Reference Month after the same has been published, and the Port Authority shall also determine each CPI Percentage Increase.

(4) Effective on the first day of the First Additional Land Rental Adjustment Year, and on the first day of each following Additional

Land Rental Adjustment Year, the annual rate of the Additional Land Rental shall be increased as follows: the annual rate of the Additional Land Rental payable for the Additional Land Rental Base Year or for the Additional Land Rental Adjustment Year immediately preceding such first day, as the case may be, shall be multiplied by a percentage composed of the sum of (2.a.) of the CPI Percentage Increase as calculated using the (2.a.) immediately preceding such first day; and the amount obtained from the foregoing calculation shall be the Additional Land Rental in effect for such Additional Land Rental Adjustment Year.

(5) The Additional Land Rental hereunder shall be payable by the Lessee in advance on the Additional Land Rental Commencement Date and on the first day of each and every calendar month thereafter occurring during the Additional Land Rental Payment Period, in equal monthly installments, each in the amount of one-twelfth (1/12th) of the annual Additional Land Rental then in effect, provided, however, that if Additional Land Rental is payable hereunder for less than a full calendar month, the amount payable on the first day of such calendar month shall be the amount of the foregoing monthly installment prorated on a daily basis using the actual number of days in the said month.

(j) ***Leasehold Mortgage Rental.***

(1) **"Bond Debt Service"** shall mean the amount payable with respect to the Bonds, including any amounts required to be paid or set aside for any amortization, payment at maturity, redemption (including redemption premium, if any) or retirement of the Bonds (but excluding the principal portion of any purchase price paid in connection with a mandatory or optional tender of the Bonds pursuant to (x) Section 2.05 of the Second Series Supplemental Indenture of Trust dated as of July 1, 2002 between the IDA and the Trustee, (y) Section 2.05 of the Third Series Supplemental Indenture of Trust dated as of November 1, 2005 between the Agency and the

Trustee and (z) any Additional Supplemental Indenture which provides for the optional or mandatory tender for purchase of any Series of Additional Bonds).

"**Leasehold Mortgage**" and "**Leasehold Mortgage Termination Date**" shall have the meanings given such terms in Section 92 of this Lease.

"**Leasehold Mortgage Annual Period**" shall mean the twelve-month period commencing with the Restructuring Effective Date and expiring on the day preceding the first anniversary of the Restructuring Effective Date, and each succeeding twelve-month period thereafter commencing on each anniversary of the Restructuring Effective Date and expiring on the day preceding the next anniversary of the Restructuring Effective Date, and in the event that the Leasehold Mortgage Termination Date shall be other than the last day of a Leasehold Mortgage Annual Period, then in such event "Leasehold Mortgage Annual Period" shall mean the actual number of days from the commencement of the Leasehold Mortgage Annual Period in which the Leasehold Mortgage Termination Date shall occur to and including the Leasehold Mortgage Termination Date.

(2) Effective on the Restructuring Effective Date and continuing thereafter to and including the Leasehold Mortgage Termination Date, the Lessee shall pay to the Port Authority a rental (the "**Leasehold Mortgage Rental**") in the following amounts and at the following times:

(i) For the period commencing on the Restructuring Effective Date to and including the day preceding the first anniversary of the Restructuring Effective Date, on each date that the Lessee is obligated to pay Bond Debt Service (whether in the form of rental payments or otherwise), the Lessee shall pay to the Port Authority an amount equal to (2.a.) of the amount of Bond Debt Service payable on such date, and

(ii) For the period commencing on the first anniversary of the Restructuring Effective Date to and including the day preceding the second anniversary of the Restructuring Effective Date, on each date that the Lessee is obligated to pay Bond Debt Service (whether in the form of rental payments or otherwise), the Lessee shall pay to the Port Authority an amount equal to (2.a.) of the amount of Bond Debt Service payable on such date, and

(iii) For the period commencing on the second anniversary of the Restructuring Effective Date to and including the Leasehold Mortgage Termination Date, on each date that the Lessee is obligated to pay Bond Debt Service (whether in the form of rental payments or otherwise), the Lessee shall pay to the Port Authority an amount equal to (2.a.) of the amount of Bond Debt Service payable on such date; provided, however, that if the Leasehold Mortgage Termination Date is also the Refinancing Leasehold Mortgage Termination Date, no Leasehold Mortgage Rental shall be payable on (as well as after) the Leasehold Mortgage Termination Date, and the Lessee shall instead pay to the Port Authority a one-time Leasehold Mortgage Termination Fee, as provided in paragraph (k) below.

(3) Leasehold Mortgage Rental shall be due and payable to the Port Authority in the amounts and on the dates provided in the preceding subparagraph (j)(2), irrespective of whether the Lessee actually pays the amounts of Bond Debt Service payable on such dates.

(k) ***Leasehold Mortgage Termination Fee.***

Notwithstanding the foregoing, in the event that the Bonds are refinanced, and in connection therewith the Leasehold Mortgage is terminated, the Lessee shall pay to the Port Authority, as additional rent hereunder, a one-time fee (the "**Leasehold Mortgage Termination Fee**") in the amount of (2.a.)

(2.a.) of the Bond Debt Service payable in connection with such refinancing and termination of the Leasehold Mortgage. The Leasehold Mortgage Termination Fee shall be paid to the Port Authority not later than the date of such termination of the Leasehold Mortgage (the "**Refinancing Leasehold Mortgage Termination Date**"). It is understood, consistent with paragraph (j)(2)(iii) above, that if the Bonds are refinanced but the Leasehold Mortgage is not terminated in connection therewith (and thus no Leasehold Mortgage Termination Date or Refinancing Leasehold Mortgage Termination Date occurs in connection with such refinancing), no Leasehold Mortgage Termination Fee shall be payable hereunder in connection with such refinancing transaction, and Leasehold Mortgage Rental shall continue to be payable in accordance with the provisions of the foregoing paragraph (j)."

(d) Subparagraph (2) of paragraph (a) of Subdivision IV of the Lease is deleted in its entirety, and the following new subparagraphs (2) and (3) are inserted in its place:

"(2) For the portion of the term of the letting from January 1, 2001 through the day preceding the Restructuring Effective Date, at the daily rate of $191.78, as appropriately adjusted to reflect any and all adjustments in the Ground Rental pursuant to paragraph (a) of Subdivision II of this Section.

(3) For the portion of the term of the letting from the Restructuring Effective Date through the remainder of the term of the letting, at the daily rate of $234.76, as appropriately adjusted to reflect any and all adjustments in the Ground Rental pursuant to paragraph (a) of Subdivision II of this Section."

6. Amendment to Section 11, "*Insurance*" and Section 13, "*Indemnity and Liability Insurance*"

Notwithstanding anything to the contrary in Section 11 of the Lease, entitled "Insurance", or Section 13 of the Lease, entitled "Indemnity and Liability Insurance", The

City of New York shall be named as an additional insured or loss payee, as applicable, under each policy of insurance procured by the Lessee pursuant to the Lease.

7. Amendment to Section 18, "*Condemnation*"

Section 18 of the Lease, entitled "Condemnation", is deleted in its entirety, and the following is substituted in its place:

"Section 18. Condemnation

(a) ***Definitions***.

The following terms, when used in this Section 18, shall, unless the context shall require otherwise, have the respective meanings given below:

"**Date of Taking**" shall mean the date on which title to all or any portion of the Premises, as the case may be, has vested in any lawful power or authority pursuant to a Taking.

"**Material Part**" with reference to the Premises or with reference to the Public Landing Area shall mean such portion of the Premises or the Public Landing Area as when so taken would leave remaining a balance of the Premises, due either to the area so taken or the location of the part so taken in relation to the part not so taken, that would not under economic conditions and after performance by the Lessee of all covenants, agreements, terms and provisions contained herein or required by law to be observed or performed by the Lessee, permit the restoration of the Premises so as to enable the Lessee to operate, maintain and develop the Premises in accordance with Sections 2 and 5 of this Agreement and to continue to carry on its normal operations at the Airport without using such part taken.

"**Taking**" shall mean the acquisition of a real property interest, through condemnation or the exercise of the power of eminent domain, by any body having a superior power of eminent domain.

(b) ***Permanent Taking of All or a Portion of the Premises and the Public Landing Area.***

(1) If a Taking is permanent and covers the entire Premises, then this Agreement shall, as of the Date of Taking, cease and determine in the same manner and with the same effect as if such date were the original date of expiration hereof.

(2) If a Taking is permanent but covers less than all of the Premises, this Agreement and the term hereof shall continue as to the portion of the Premises not so taken, and the letting as to the part of the Premises so taken shall, as of the Date of Taking, cease and determine in the same manner and with the same effect as if the term of the letting had on that date expired, and the rentals shall be abated as provided in Section 4 hereof.

(3) If a Taking is permanent and covers a Material Part of the Premises or of the Public Landing Area, then the Lessee and the Port Authority shall each have an option exercisable by notice given within ten (10) days after the Date of Taking to terminate the letting hereunder with respect to the Premises not taken, as of the Date of Taking, and such termination shall be effective as if the Date of Taking were the original date of expiration hereof. If the Port Authority exercises this option, it shall purchase from the Lessee the Lessee's leasehold interest (excluding any personal property whatsoever) in the Premises not taken for a consideration equal to the Unamortized Redevelopment Investment, if any, of the Lessee in the Premises not taken. If the letting of the entire Premises is not terminated, the rentals shall be abated in accordance with Section 4 hereof after the date of surrender of possession of the portion of the Premises taken.

(4) If a Taking is permanent but covers less than the entire Premises and the letting of the portion of the Premises not taken is not terminated pursuant to paragraph (b)(3) of this Section, the Lessee shall proceed diligently to restore the remaining part of the Premises not

so taken so that the Premises shall be a complete, operable, self-contained architectural unit in good condition and repair and the proceeds of that portion of any award paid in trust to the Port Authority pursuant to Section 23.3 of the Basic Lease attributable to the improvements on the Premises not so taken shall be made available by the Port Authority to be used by the Lessee for that purpose. The Port Authority shall retain any excess of such award over the costs of the restoration.

(5) If a Taking (x) covers all or "substantially all of a Municipal Air Terminal", as defined in the Basic Lease, and (y) the Basic Lease (with respect to the Airport) and this Agreement are consequently terminated, then the Port Authority shall pay to the Lessee its Unamortized Redevelopment Investment, if any, in the Premises, provided, however, that the Port Authority's foregoing payment obligation to the Lessee shall be limited to a proportionate share (as determined by the Port Authority in its sole discretion following consultation with all of the Port Authority's tenants at the Airport) of the condemnation proceeds available to be paid to the Lessee and the Port Authority's other tenants at the Airport, and provided, further, that such available condemnation proceeds shall be limited to the amount of the condemnation proceeds received from the City remaining after the Port Authority has been compensated for (p) the value of its leasehold interest in the Airport or (q) the sum of the unamortized portion of the Port Authority's investment in improvements at the Airport and any remaining deferred charges for equipment acquired by the Port Authority for use at or in connection with its operation of the Airport, whichever of (p) or (q) is greater (such greater amount, the "**Port Authority Share**"). In making the determination of "proportionate share" provided in the first proviso of the preceding sentence, the Port Authority shall in no event be liable, in any respect, to the Lessee or any other party by reason of such determination or the resulting distribution of proceeds, and the Lessee shall, prior to receipt of any such

distribution, execute and deliver to the Port Authority such form of waiver, release and indemnification as the Port Authority may request. The Lessee understands and accepts that after payment of the Port Authority Share, there may be insufficient condemnation proceeds (or none at all) remaining to pay all or any portion of the Lessee's Unamortized Redevelopment Investment.

(c) ***Temporary Taking of All or Any Part of the Premises or the Public Landing Area.***

(1) If the temporary use of the whole or any part of the Premises shall be taken for any public or quasi-public purpose by any lawful power or authority pursuant to a Taking or by agreement between the Port Authority and such lawful power or authority, (w) the Lessee shall give prompt notice thereof to the Port Authority, (x) the Term shall not be reduced or affected in any way and (y) the Lessee shall continue to pay in full all rentals payable by the Lessee hereunder without reduction or abatement except as set forth in paragraph (c)(2) below.

(2) If a temporary Taking covers all or a Material Part of the Premises or the Public Landing Area, then the Lessee and the Port Authority shall each have an option, exercisable by notice given within ten (10) days after the Date of Taking, to suspend the term of the letting of such of the Premises as are not so taken during the period of the Taking, and, in that event, the rentals for such portion of the Premises not so taken shall abate for the period of the suspension in accordance with Section 4 hereof. If the Port Authority exercises this option, it shall purchase from the Lessee the Lessee's leasehold interest (excluding any personal property whatsoever) in the Premises not taken for the period of suspension for a consideration equal to the Unamortized Redevelopment Investment, if any, of the Lessee in such Premises which is to be amortized over the period of such suspension.

(d) ***Lessee's Cooperation.***

The Lessee shall execute any and all documents that may be reasonably required in order to facilitate collection by the appropriate party of awards or payments covered by this Section.

(e) ***Condemnation Claims by the Lessee.***

To the extent a condemnation claim by the Lessee shall not diminish any claim, award, compensation or damages of or to the City or of or to the Port Authority on account of any condemnation and such condemnation claim is permitted by Section 23 of the Basic Lease, the Lessee may file a claim in a condemnation proceeding."

8. Amendment to Section 20, "*Termination by the Port Authority*"

Paragraph (a) of Section 20 of the Lease, entitled "Termination by the Port Authority", shall be amended by inserting the word "or" immediately after the semi-colon appearing at the end of subparagraph (10) thereof and by inserting the following new subparagraph (11) immediately after said subparagraph (10) thereof to read as follows:

"(11) Any change in the identity of the Lessee hereunder, or the use of the Premises, shall cause the Port Authority to be in breach of the T-4 Covenant, and the condition causing such breach has not been remedied within ninety (90) days after the Lessee has received notice thereof from the Port Authority;"

9. Amendment to Section 23, "*Survival of the Obligations of the Lessee*"

Paragraph (b) of Section 23 of the Lease, entitled "Survival of the Obligations of the Lessee", is hereby amended by redesignating subparagraph "(6)" of paragraph (b) thereof as subparagraph "(8)" and by inserting the following new subparagraphs (6) and (7) immediately after subparagraph (5) thereof to read as follows:

"(6) If the Additional Land Rental Payment Period is in effect immediately prior to

such termination, the amount of the total of all annual Additional Land Rentals (such total being calculated on the basis that the Additional Land Rental Payment Period would have expired on the expiration of the term of the letting under this Lease), less the installments thereof payable prior to the effective date of termination except that the credit to be allowed for the installments payable on the first day of the month in which the termination is effective shall prorated for the part of the month the letting mains in effect on the basis of the actual number of days in said month, and

(7) The amount of the total of all monthly Leasehold Mortgage Rentals (such total being calculated on the basis of the total amount of Outstanding Bonds on the effective date of termination and on the assumption that the Leasehold Mortgage would have terminated on December 31, 2036), less the installments thereof payable prior to the effective date of termination, except that the credit to be allowed for the installments payable on the first day of the month in which the termination is effective shall be prorated for the part of the month the letting remains in effect on the basis of the actual number of days in said month, and".

10. Amendment to Section 45, "*Requesting Airlines at the Airport*"

Section 45 of the Lease, entitled "Requesting Airlines at the Airport", is hereby deleted in its entirety and the following is inserted in its place:

"Section 45. Requesting Airlines at the Airport

(a) ***Best Efforts Accommodations.***

(1) If a Scheduled Aircraft Operator advises the Lessee that it would like to be accommodated by the Lessee at the Premises (any such Scheduled Aircraft Operator being hereinafter called a "**Requesting Airline**"), the Lessee in furtherance of the public interest of having the Premises fully and most effectively utilized shall use its best efforts to

accommodate the request of said Requesting Airline. If the Lessee fails to reach agreement with said Requesting Airline for its accommodation, the Lessee shall advise the Port Authority to such effect. Thereafter, the Port Authority shall make a reasonable determination as to whether the Lessee should accommodate the Requesting Airline as requested and if so, whether there are any limitations on the nature, extent, cost, duration and extent of such accommodation. Such determinations of the Port Authority would take into consideration the then existing utilization of the Premises and the necessity for the flights, schedules, flight times, operations, operating practices and aircraft equipment of the Requesting Airline to be compatible with those of the Lessee, as well as the need for labor harmony. The Lessee agrees to comply with such determinations of the Port Authority made in accordance with this Section.

(2) Any arrangement between the Lessee and the Requesting Airline made in accordance with any of the foregoing provisions shall be submitted by the Lessee to the Port Authority for its consent, which will be in the form of a consent agreement prepared by the Port Authority and to be executed by the Lessee, the Requesting Airline and the Port Authority.

(3) The foregoing shall not be deemed to abrogate, change or affect any restrictions, limitations or prohibitions on assignment, subletting or use of the Premises by others under this Lease and shall not in any manner affect, waive or change any of the provisions thereof.

(b) ***Section 45 Notice to Provide Accommodations.***

(1) If the Port Authority shall make a determination under Section 45(a) above that the Lessee should accommodate the request of a Requesting Airline and the Lessee shall fail to comply with such determination, then, in addition to and without limiting each and every other right the Port Authority has under this Agreement or otherwise, the Port Authority, as to any and each such Requesting Airline, shall have the

right, upon ninety (90) days' notice to the Lessee (such notice, a "**Section 45 Notice to Provide Accommodations**", and such 90-day period, the "**Section 45 Notice Period**") to require the Lessee to make available and provide Accommodations to such Requesting Airline at the Premises as directed by the Port Authority. Each Section 45 Notice to Provide Accommodations shall specify the number and type of Gates that the Port Authority has determined shall be made available by the Lessee to the Requesting Airline.

(2) The Lessee shall, on or before the expiration of each Section 45 Notice Period, provide Accommodations to the Requesting Airline in accordance with the Section 45 Notice to Provide Accommodations. The Lessee shall accept information from the Requesting Airline and/or the Port Authority with respect to the Requesting Airline's scheduled arrivals and departures for each Gate specified in the Section 45 Notice to Provide Accommodations, and the Lessee shall provide Accommodations to the Requesting Airline in such manner so as to properly meet the Requesting Airline's schedule and needs as to each applicable Gate for its said scheduled arrivals and departures. Notwithstanding the foregoing, however, the Lessee shall not be required to provide Accommodations to the Requesting Airline at times that would conflict with the Lessee's present or future aircraft departure and arrival schedules, as shown by the Lessee's present or future schedules set forth in the Official Airline Guides (or successor publication).

(3) Without limiting the foregoing, upon its receipt of a Section 45 Notice to Provide Accommodations the Lessee shall also secure an arrangement with the Requesting Airline in accordance with the Section 45 Notice to Provide Accommodations and shall in good faith negotiate with the Requesting Airline as the Port Authority shall direct for Accommodations in the Premises, all in accordance herewith; provided, however, that so long as the Lessee shall have negotiated in good faith, the Lessee shall have

no obligation to execute an agreement providing for such Accommodations if the Requesting Airline refuses to agree to the Lessee's proposed reasonable and non-discriminatory rates, fees and charges, as described in paragraph (c)(6) of this Section.

(c) ***"Accommodations".***

(1) The term "**Accommodations**" shall mean aircraft ramp and gate position capacity and related passenger terminal facilities, including but not limited to passenger ticketing, passenger check-in, baggage handling and flight information systems, passenger lounge and waiting areas and appropriate signage and public identification. Such Accommodations may be accomplished by the Lessee by making available and providing non-exclusive use of gate positions and other related facilities to Scheduled Aircraft Operators pursuant to a Handling Agreement between the Lessee and any such Scheduled Aircraft Operator (hereinafter called an "**Accommodated Handled Airline**"). Each such Handling Agreement shall be subject to the prior and continuing approval of the Port Authority and the execution among the Port Authority, the Lessee and the Accommodated Handled Airline of a form of consent agreement prepared by the Port Authority. Moreover, and without limiting the foregoing, the Lessee will at all times keep the Port Authority informed and advised and will consult with the Port Authority from time to time as to all aspects of its accommodation of Scheduled Aircraft Operators hereunder.

(2) It is understood furthermore that the Accommodations contemplated hereunder may involve the use of subleases of exclusive or preferential areas of the Premises in addition to or in lieu of Handling Agreements. Any sublease with a Scheduled Aircraft Operator (hereinafter called an "**Accommodated Sublessee Airline**") will similarly be subject to the prior and continuing approval of the Port Authority and the execution of a consent agreement prepared by the Port Authority, and executed by the Port Authority, the Lessee and the Accommodated Sublessee

Airline. It is understood that American Eagle is an Accommodated Sublessee Airline pursuant to the American Eagle Arrangement.

(3) Nothing contained herein shall in any way affect the discretion of the Port Authority in granting or withholding its consent to a Handling Agreement or a sublease with an Accommodated Sublessee Airline, proposed by the Lessee or directed by the Port Authority, and such consent may contain such terms and conditions including but not limited to such financial or other conditions which may include a fixed charge or a charge based upon a percentage of the Lessee's gross receipts arising therefrom, as the Port Authority may, at that time, elect, and all provisions of the Lease requiring the prior written consent or approval of the Port Authority.

(4) Notwithstanding anything to the contrary contained herein, the Lessee understands and agrees that the Lessee shall not perform any services and functions pursuant to any Handling Agreement or sublease with a Accommodated Handled Airline or a Accommodated Sublessee Airline with respect to which the Port Authority has specifically withheld consent and approval in the consent agreement to such Handling Agreement or sublease. The Accommodated Handled Airline and the Accommodated Sublessee Airline may either perform said services and functions themselves or use the services of the authorized service organization, including but not limited to in-flight caterers, aircraft fuelers, and ramp handlers performing such services or functions at the Airport. The Lessee however may make the necessary arrangements with the authorized service organization performing such services and functions performed for the Accommodated Handled Airline or the Accommodated Sublessee Airline.

(5) The Lessee shall furnish to the Port Authority from time to time such itemization, details and information pertaining to the Handling Agreements and subleases as the Port Authority may from time to time reasonably request.

(6) The Lessee agrees that all Handling Agreements and subleases shall be at reasonable and at non-discriminatory rates, fees and charges, which rates, fees and charges shall be based upon the recovery by the Lessee of a pro rata share of the Lessee's costs of (i) operation and maintenance of the Premises, (ii) the services provided to the Accommodated Handled Airline or the Accommodated Sublessee Airline, and (iii) the Lessee's investment in the Premises not otherwise included in the above; plus costs, fees and standard industry markups associated with accommodating the Accommodated Handled Airline or the Accommodated Sublessee Airline at the Premises, provided, however, that it is understood and agreed that the following shall not be a reason for the Lessee to refuse a sublease or Handling Agreement or to impose any conditions or limitations on operations in connection therewith under this Section: (aa) possible or potential labor disharmony with an Accommodated Handled Airline or Accommodated Sublessee Airline, (bb) competitive nature of the routes, schedules or type of air transportation service to be provided by an Accommodated Handled Airline or Accommodated Sublessee Airline, provided, further, however, that with respect to item (aa) above if, after notice from the Port Authority to provide Accommodations to a specific Scheduled Aircraft Operator, the Lessee shall, in good faith, believe that the operations of such specific Scheduled Aircraft Operator on the Premises would cause such significant, immediate and unremediable labor disharmony which would seriously affect the operations of the Lessee, then, upon request by the Lessee to the Port Authority setting forth in specific detail satisfactory to the Port Authority the nature of the anticipated labor disharmony and requesting that the Lessee not be obligated under this Section to provide Accommodations for such specific Scheduled Aircraft Operator, the Port Authority shall, in good faith, consider the Lessee's request; and if the Port Authority finds that the labor disharmony described by the Lessee is reasonably likely to result if the Lessee were

to provide Accommodations to such Scheduled Aircraft Operator on the Premises, then the Port Authority shall notify the Lessee that the Port Authority's direction to provide Accommodations to such Scheduled Aircraft Operator is rescinded.

(d) ***Gate Termination***.

(1) "**Domestic Gate**" shall mean a non-FIS Gate capable of handing aircraft with 91 or more seats, but shall not include any International Gate located at the Premises and at Terminal 4.

"**FIS**" shall mean of or relating to Federal Inspection Facilities, or premises made available to the United States for inspection of airline passengers and their baggage by United States Customs and Immigration.

"**International Gate**" shall mean a Gate that has access to FIS facilities.

"**Lessee's Net Investment**" shall mean the difference obtained by subtracting the amount of all of the Bonds (as defined in Section 92 hereof) from the amount of (x) the Redevelopment Work Investment or, as the case may be, (y) the sum of the Redevelopment Work Investment and the Expanded Terminal Work Investment.

(2.a.)

(2.a.)

"**Regional Gate**" shall mean a non-FIS Gate incapable of handling aircraft with over 90 seats.

"**Required Conditions Attainment Date**" shall mean the date on which all of the Required Conditions shall have been met.

"**Terminated Gate**" shall mean a Gate with respect to which the letting is terminated pursuant to the provisions of Section 45 or of Section 46 hereof.

"**Unamortized Bond Obligation**" shall mean the Outstanding principal of the Bonds from time to time.

"**Unamortized Lessee's Net Investment**" shall mean the Lessee's Net Investment amortized on a straight line basis over the number of months from the earlier to occur of January 1, 2008 or the Required Conditions Attainment Date to December 31, 2031.

"**Unamortized Obligation**" shall mean (i) prior to the Expanded Terminal Work Completion Date, an amount equal to the sum of the Unamortized Lessee's Net Investment plus the Unamortized Bond Obligation, provided, however, that said sum shall be limited to a maximum amount of One Billion Two Hundred Seventy Four Million Dollars and No Cents ($1,274,000,000.00) amortized on a straight line basis over the number of months from the earlier to occur of January 1, 2008 or the Required Conditions Attainment Date to December 31, 2031, and (ii) from and after the Expanded Terminal Work Completion Date, an amount equal to the sum of the Unamortized Lessee's Net Investment plus the Unamortized Bond Obligation, provided, however, that said sum shall be limited to a maximum amount of One Billion Five Hundred Seventy One Million Dollars and No Cents ($1,571,000,000.00)

amortized on a straight line basis over the number of months from the earlier to occur of January 1, 2008 or the Required Conditions Attainment Date to December 31, 2031.

(2) In the event that at the expiration of the Section 45 Notice Period the Lessee shall fail to provide Accommodations to the Requesting Airline named in the Section 45 Notice to Provide Accommodations triggering such Notice Period, the Port Authority may, upon at least sixty (60) days' notice to the Lessee (the "**Section 45 Gate Termination Notice**"), terminate the letting of the number and type of Gates specified in said Section 45 Notice to Provide Accommodations, such termination to be effective on the date set forth in the Section 45 Gate Termination Notice (the "**Section 45 Gate Termination Date**"), provided that the Lessee and/or the Trustee, as applicable, shall have received the payments set forth in subparagraph (5) below.

(3) The Port Authority's rights to terminate one or more Gates set forth above in this Section 45 may be exercised as to one or more than one Requesting Airline, without waiving, limiting or impairing any other right of the Port Authority under this Agreement or otherwise.

(4) As to each Section 45 Gate Termination Notice, upon such termination, the term of the letting as to the Terminated Gates shall cease and expire on the Section 45 Gate Termination Date with the same force and effect as if said date were the date originally stated in this Agreement for the expiration of the term of the letting as to the Terminated Gates, provided that the Lessee and/or the Trustee, as applicable, shall have received the payments set forth in subparagraph (5) below. This Agreement and the letting as to all other portions of the Premises (excluding all other previously terminated portions thereof, if any) shall continue in full force and effect. Subject to and conditioned on the provisions of this Section, and only so long as the Lessee provides

full and unrestricted access, ingress and egress to and from the Terminated Gate to the Port Authority and each user of the Terminated Gate and its employees, agents, representatives and contractors, (i) the annual Ground Rental payable by the Lessee to the Port Authority hereunder shall, from and after the Section 45 Gate Termination Date, be reduced by an amount equal to the product obtained by multiplying the Pro-Rata Share for each Terminated Gate by the annual Ground Rental payable and in effect prior to such termination, (ii) the applicable annual Building Rental, if any, payable by the Lessee to the Port Authority hereunder shall, from and after the Section 45 Gate Termination Date, be reduced by an amount equal to the product obtained by multiplying the Pro-Rata Share for each Terminated Gate by the applicable annual Building Rental, if any, payable and in effect prior to such termination, and (iii) the applicable annual Terminal Rental, if any, payable by the Lessee to the Port Authority hereunder shall, from and after the Section 45 Gate Termination Date, be reduced by an amount equal to the product obtained by multiplying the Pro-Rata Share for each Terminated Gate by the applicable annual Terminal Rental, if any, payable and in effect prior to such termination.

(5) (i) As a condition to the effectiveness of each Section 45 Gate Termination Date, but only if the Lessee actually surrenders and vacates each Terminated Gate in accordance with all applicable provisions of this Lease, the Port Authority shall be obligated, simultaneously with such surrender by the Lessee, to make a one-time payment to the Lessee and/or the Trustee, as applicable, in the lesser amount of (i) the product obtained by multiplying the Pro-Rata Share for such Terminated Gate by the Unamortized Obligation (such product, the **"Maximum Gate Investment Amount"**) or (ii) the sum of (x) the product obtained by multiplying the Pro-Rata Share for such Terminated Gate by the Unamortized Bond Obligation (such product,

the "**Pro-Rata Bond Gate Investment Amount**") and (y) the product obtained by multiplying the Pro-Rata Share for such Terminated Gate by the Unamortized Lessee's Net Investment (said product, the "**Pro-Rata Lessee Gate Investment Amount**"). The Trustee shall, promptly upon the Port Authority's request, provide the Port Authority with the correct amount of the Unamortized Bond Obligation, certified by the Trustee, in sufficient detail as to enable the Port Authority to calculate the Pro-Rata Bond Gate Investment Amount to be paid with respect to each Terminated Gate.

(ii) In accordance with the foregoing subdivision (i), on or before the Section 45 Gate Termination Date, the Port Authority shall pay (x) to the Trustee the portion of the payment constituting a portion of the Unamortized Bond Obligation and (y) to the Lessee the portion of the payment constituting a portion of the Lessee's Net Investment.

(iii) The foregoing and all payments to be made by the Port Authority hereunder shall be subject to Port Authority rights of audit and inspection rights, and shall be subject to the record-keeping obligations of the Lessee under Section 69 hereof.

(iv) For purposes of determining the amount payable in connection with a Terminated Gate under this Section 45, the Lessee shall certify the amounts of the Redevelopment Work Investment and the Expanded Terminal Work Investment, respectively, promptly following the Redevelopment Work Completion Date and the Expanded Terminal Work Completion Date, and the Port Authority shall perform (and the Lessee shall fully cooperate in) an audit of the Redevelopment Work and the Expanded Terminal Work within one year following the date of such respective certification; provided, however, that any such audit shall

not preclude the Port Authority, prior to a Gate Termination Date, from revising any such determination based on updated or corrected audit results.

(6) The Lessee shall cooperate with the Port Authority in arrangements at the Premises so that each Aircraft Operator who uses a Terminated Gate may handle itself or be handled by a handling permittee of the Port Authority of its choice, subject to prior written consent of the Port Authority and payment of all applicable fees to the Port Authority. In the event that the Lessee wishes to perform handling services for any such Aircraft Operator, the Lessee shall not do so unless the Lessee has obtained an appropriate handling permit from the Port Authority covering the Lessee's handling of such Aircraft Operator, to be subject to the prior and continuing approval of the Port Authority and payment of all applicable fees to the Port Authority and, if the Port Authority deems appropriate, the execution among the Port Authority, the Lessee, and such Aircraft Operator of a form of consent agreement prepared by the Port Authority. Nothing contained herein shall in any way affect the discretion of the Port Authority in granting or withholding a permit or its consent to a handling agreement proposed by the Lessee and any such permit and/or consent may contain such terms and conditions including but not limited to such financial or other conditions which may include a fixed charge or a charge based upon a percentage of the Lessee's gross receipts arising therefrom, as the Port Authority may, at that time, elect. All such rates, fees and charges pursuant to any such handling agreement shall be at reasonable and at non-discriminatory rates, fees and charges.

(7) Effective from and after a Gate Termination Date as to each Terminated Gate, the Port Authority and each user of a Terminated Gate, and their respective officers, employees, passengers, patrons, invitees, contractors, suppliers of material and furnishers of services, shall (x) have the right of ingress and egress between the Terminated Gate and the public

streets outside the Premises, and also the right of ingress and egress between the Premises and the Public Landing Area at the Airport, by means of existing taxiways to be used in common with others having rights of passage thereon, as well as over the taxiway areas of the Premises, and (y) pay to the Lessee a pro rata share of the Lessee's operating and maintenance costs allocable to the Terminated Gate.

(8) Effective from and after a Gate Termination Date as to each Terminated Gate, the Lessee and its officers, employees, passengers, patrons, invitees, contractors, suppliers of material and furnishers of services, shall have the right of ingress and egress between public portions of the Terminated Gate and the public streets outside the Premises, and also the right of ingress and egress between the Premises and the Public Landing Area at the Airport, by means of existing taxiways to be used in common with others having rights of passage thereon, as well as over the taxiway areas of the Premises.

(9) Effective from and after a Gate Termination Date as to each Terminated Gate, each of the Port Authority and any user of the Terminated Gate, on the one hand, and the Lessee, on the other hand, shall indemnify and hold the other harmless for and against its negligence and intentional misconduct in connection with its use of the Terminated Gate and its exercise of its rights pursuant to the foregoing subparagraphs (7) and (8), as the case may be.

(10) So long as any Bonds are Outstanding, the Port Authority will endeavor to make arrangements such that within thirty (30) days after entering into an agreement for the use of any Terminated Gate with a term (including renewal option periods) of more than thirty (30) days or for the use of any Terminated Gate by an airline that does not provide scheduled passenger service as a common carrier, the Port Authority will notify the Lessee of the identity of the user and the term and all renewal option periods provided in such agreement (and, if requested by the Lessee, will provide the Lessee with

additional information regarding the terms of any such renewal options); provided, however, that the Port Authority shall have no liability to the Lessee or any other party for failing to so notify the Lessee, and provided, further, that any such failure shall not excuse the Lessee's or any other party's performance of any obligation to the Port Authority hereunder or under any other agreement.

(e) ***No Waiver.***

(1) The failure of the Port Authority to exercise any of its rights under this Section 45 during any period in which it may have such a right, shall not affect, waive or limit its right to exercise said rights at any subsequent time.

(2) Nothing in this Section shall be deemed to have abrogated, changed or affected any restrictions, limitations or prohibitions on assignment, subletting or use of the Premises by others under this Lease nor shall in any manner affect, waive or change any of the provisions thereof."

11. Amendment to Section 46 of the Lease, "*Additional Rights of the Port Authority as to Portions of the Premises*"

Section 46 of the Lease, entitled "Additional Rights of the Port Authority as to Portions of the Premises", is hereby deleted in its entirety and the following is inserted in its place:

"Section 46. Additional Rights of the Port Authority as to Portions of the Premises

(a) ***Lessee's Commencement Basic Schedule.***

It is hereby agreed that for the purpose of this Section the term the "**Lessee's Commencement Basic Schedule**" shall be and mean for the period from the December 22, 2000 to and including the day immediately preceding the Redevelopment Work Completion Date a "Revenue Seats Daily Average" (as said term is defined in paragraph (f) hereof) of (2.a.) and from and after the Redevelopment Work Completion Date

shall be and mean the Revenue Seats Daily Average for the first full calendar year from and after the Redevelopment Work Completion Date.

(b) ***Lessee's Basic Schedule.***

Commencing with calendar year 2000 and for each and every calendar year thereafter, the Port Authority may ascertain the Revenue Seats Daily Average of the Lessee for the Airport for the preceding calendar year in accordance with the provisions of paragraph (f) hereof, which Revenue Seats Daily Average shall be the Lessee's Basic Schedule for the preceding calendar year and shall be referred to as such. Thus, for example, in the case of the first calculation which would be based on the calendar year 1999 experience, said Revenue Seats Daily Average shall be called the "Lessee's Basic Schedule for 1999".

(c) ***Section 46 Notice to Provide Accommodations; Gate Termination.***

As of January 1, 2000 and as of January 1 of each succeeding calendar year (i) *in the event that* the Lessee's Basic Schedule for the immediately preceding calendar year for the Airport is less than (2.a.) of the Lessee's Commencement Basic Schedule or (ii) *in the event that* because of reasons beyond the control of the Lessee the Lessee's Basic Schedule for the immediately preceding two calendar years is less than (2.a.) of the Lessee's Commencement Basic Schedule, *then in either of such events* and without limiting each and every other right the Port Authority has under this Agreement or otherwise, the Port Authority shall have the right, upon six (6) months' written notice to the Lessee, (x) to require the Lessee (and the Lessee hereby agrees) to make available Accommodations to Scheduled Aircraft Operators at the Premises in the number (which shall be as set forth in paragraph (g) of this Section) and type of Gates as directed by the Port Authority (such notice, a "**Section 46 Notice to Provide Accommodations**"); or (y) upon payment of the amounts set forth in Section 46(e)(4) below, to terminate the letting under

this Lease as to the number (which shall be as set forth in paragraph (g) of this Section) and type of Gates as the Port Authority may specify (such notice, a "**Section 46 Gate Termination Notice**"); or (z) to serve both a Section 46 Notice to Provide Accommodations and a Section 46 Gate Termination Notice as to any combination of Gates in the number set forth in paragraph (g) hereof. Notwithstanding the foregoing, however, the Port Authority shall give thirty (30) days' prior notice of its intention to give the Section 46 Gate Termination Notice, and it is expressly agreed that the Port Authority shall not exercise the aforementioned right of termination with respect to any portion or portions of the Premises if the Lessee has submitted to the Port Authority definite plans for the use of the entire Premises at least at the levels specified in this Section 46, *provided that* the Lessee in fact commences such use including the portions of the Premises proposed to be terminated by the Port Authority within ninety (90) days after the submission of such plans.

(d) ***Accommodations.***

The Lessee's obligation to provide Accommodations to Scheduled Aircraft Operators shall be effective on the date set forth in the Section 46 Notice to Provide Accommodations. Upon such Notice the Lessee shall use its best efforts to secure an arrangement with a Scheduled Aircraft Operator as directed by the Port Authority for Accommodations in the Premises and shall in good faith negotiate with any such Scheduled Aircraft Operator as the Port Authority shall direct for Accommodations in the Premises, all in accordance herewith; provided, however, that so long as the Lessee shall have negotiated in good faith, the Lessee shall have no obligation to execute an agreement providing for such Accommodations if the Scheduled Aircraft Operator refuses to agree to the Lessee's proposed reasonable and non-discriminatory rates, fees and charges, as described in Section 45(c)(6). The Lessee shall make such Accommodations available, in accordance with Section 45(c) above, from time to time during the

entire period commencing on the effective date set forth in the Section 46 Notice to Provide Accommodations and ending when the Lessee's Basic Schedule for a calendar year, determined in accordance with the foregoing, shall have been seventy percent (70%) or more of the Lessee's Commencement Basic Schedule.

(e) ***Section 46 Gate Termination.***

(1) In the event the Port Authority serves a Section 46 Gate Termination Notice in accordance with the foregoing paragraph (c), the termination of the number and type of Gate or Gates specified in such Notice shall be effective on the date set forth in said Section 46 Gate Termination Notice (the "**Section 46 Gate Termination Date**"), provided that the Lessee and/or the Trustee, as applicable, shall have received the payments set forth in subparagraph (4) below.

(2) As to each Section 46 Gate Termination Notice, upon such termination, the term of the letting as to the Terminated Gates shall cease and expire on the Section 46 Gate Termination Date with the same force and effect as if said date were the date originally stated in this Agreement for the expiration of the term of the letting as to the Terminated Gates. This Agreement and the letting as to all other portions of the Premises (excluding all other previously terminated portions thereof, if any) shall continue in full force and effect. Subject to and conditioned on the provisions of this Section, and only so long as the Lessee provides full and unrestricted access, ingress and egress to and from the Terminated Gate to the Port Authority and each user of the Terminated Gate and its employees, agents, representatives and contractors, (i) the annual Ground Rental payable by the Lessee to the Port Authority hereunder shall, from and after the Section 46 Gate Termination Date, be reduced by an amount equal to the product obtained by multiplying the Pro-Rata Share for each Terminated Gate by the annual Ground Rental payable and in effect prior to such termination, (ii) the applicable annual Building

Rental, if any, payable by the Lessee to the Port Authority hereunder shall, from and after the Section 46 Gate Termination Date, be reduced by an amount equal to the product obtained by multiplying the Pro-Rata Share for each Terminated Gate by the applicable annual Building Rental, if any, payable and in effect prior to such termination, and (iii) the applicable annual Terminal Rental, if any, payable by the Lessee to the Port Authority hereunder shall, from and after the Section 46 Gate Termination Date, be reduced by an amount equal to the product obtained by multiplying the Pro-Rata Share for each Terminated Gate by the applicable annual Terminal Rental, if any, payable and in effect prior to such termination.

(3) The Port Authority's rights to terminate one or more Gates set forth above may be exercised one or more times until the total applicable Gates have been terminated, without waiving, limiting or impairing any other right of the Port Authority under this Agreement or otherwise.

(4) (i) As a condition to the effectiveness of each Section 46 Gate Termination Date, but only if the Lessee actually surrenders and vacates each Terminated Gate in accordance with all applicable provisions of this Lease, the Port Authority shall be obligated, simultaneously with such surrender by the Lessee, to make a one-time payment to the Lessee and/or the Trustee, as applicable, in the lesser of the amount of (i) the product obtained by multiplying the Pro-Rata Share for such Terminated Gate by the Unamortized Obligation (such product, the **"Maximum Gate Investment Amount"**) or (ii) the sum of (x) the product obtained by multiplying the Pro-Rata Share for such Terminated Gate by the Unamortized Bond Obligation (such product, the **"Pro-Rata Bond Gate Investment Amount"**) and (y) the product obtained by multiplying the Pro-Rata Share for such Terminated Gate by the Unamortized Lessee's Net Investment (said product, the **"Pro-Rata Lessee Gate**

Investment Amount"). The Trustee shall, promptly upon the Port Authority's request, provide the Port Authority with the correct amount of the Unamortized Bond Obligation, certified by the Trustee, in sufficient detail as to enable the Port Authority to calculate the Pro-Rata Bond Gate Investment Amount to be paid with respect to each Terminated Gate.

(ii) In accordance with the foregoing subdivision (i), on or before the Section 46 Gate Termination Date, the Port Authority shall pay (x) to the Trustee the portion of the payment constituting a portion of the Unamortized Bond Obligation and (y) to the Lessee the portion of the payment constituting a portion of the Lessee's Net Investment.

(iii) The foregoing and all payments to be made by the Port Authority hereunder shall be subject to Port Authority rights of audit and inspection rights, and shall be subject to the record-keeping obligations of the Lessee under Section 69 hereof.

(iv) For purposes of determining the amount payable in connection with a Terminated Gate under this Section 46, the Lessee shall certify the amounts of the Redevelopment Work Investment and the Expanded Terminal Work Investment, respectively, promptly following the Redevelopment Work Completion Date and the Expanded Terminal Work Completion Date, and the Port Authority shall perform (and the Lessee shall fully cooperate in) an audit of the Redevelopment Work and the Expanded Terminal Work within one year following the date of such respective certification; provided, however, that any such audit shall not preclude the Port Authority, prior to a Gate Termination Date, from revising any such determination based on updated or corrected audit results.

(5) The Lessee shall cooperate with the Port Authority in arrangements at the Premises so that each Aircraft Operator who uses a Terminated Gate may handle itself or be handled by a handling permittee of the Port Authority of its choice, subject to prior written consent of the Port Authority and payment of all applicable fees to the Port Authority. In the event that the Lessee wishes to perform handling services for any such Aircraft Operator, the Lessee shall not do so unless the Lessee has obtained an appropriate handling permit from the Port Authority covering the Lessee's handling of such Aircraft Operator, to be subject to the prior and continuing approval of the Port Authority and payment of all applicable fees to the Port Authority and, if the Port Authority deems appropriate, the execution among the Port Authority, the Lessee, and such Aircraft Operator of a form of consent agreement prepared by the Port Authority. Nothing contained herein shall in any way affect the discretion of the Port Authority in granting or withholding a permit or its consent to a handling agreement proposed by the Lessee and any such permit and/or consent may contain such terms and conditions including but not limited to such financial or other conditions which may include a fixed charge or a charge based upon a percentage of the Lessee's gross receipts arising therefrom, as the Port Authority may, at that time, elect. All such rates, fees and charges pursuant to any such handling agreement shall be at reasonable and at non-discriminatory rates, fees and charges.

(6) Effective from and after a Gate Termination Date as to each Terminated Gate, the Port Authority and each user of a Terminated Gate, and their respective officers, employees, passengers, patrons, invitees, contractors, suppliers of material and furnishers of services, shall (x) have the right of ingress and egress between the Terminated Gate and the public streets outside the Premises, and also the right of ingress and egress between the Premises and the Public Landing Area at the Airport, by means of existing taxiways to be used in common with

others having rights of passage thereon, as well as over the taxiway areas of the Premises, and (y) pay to the Lessee a pro rata share of the Lessee's operating and maintenance costs allocable to the Terminated Gate.

(7) Effective from and after a Gate Termination Date as to each Terminated Gate, the Lessee and its officers, employees, passengers, patrons, invitees, contractors, suppliers of material and furnishers of services, shall have the right of ingress and egress between public portions of the Terminated Gate and the public streets outside the Premises, and also the right of ingress and egress between the Premises and the Public Landing Area at the Airport, by means of existing taxiways to be used in common with others having rights of passage thereon, as well as over the taxiway areas of the Premises.

(8) Effective from and after a Gate Termination Date as to each Terminated Gate, each of the Port Authority and any user of the Terminated Gate, on the one hand, and the Lessee, on the other hand, shall indemnify and hold the other harmless for and against its negligence and intentional misconduct in connection with its use of the Terminated Gate and its exercise of its rights pursuant to the foregoing subparagraphs (6) and (7), as the case may be.

(9) So long as any Bonds are Outstanding, the Port Authority will endeavor to make arrangements such that within thirty (30) days after entering into an agreement for the use of any Terminated Gate with a term (including renewal option periods) of more than thirty (30) days or for the use of any Terminated Gate by an airline that does not provide scheduled passenger service as a common carrier, the Port Authority will notify the Lessee of the identity of the user and the term and all renewal option periods provided in such agreement (and, if requested by the Lessee, will provide the Lessee with additional information regarding the terms of any such renewal options); provided, however, that the Port Authority shall have no liability to the Lessee or any other party for failing to so

notify the Lessee, and provided, further, that any such failure shall not excuse the Lessee's or any other party's performance of any obligation to the Port Authority hereunder or under any other agreement.

(f) ***Ascertainment of Revenue Seats Daily Average.***

(1) In the event the Port Authority decides to ascertain the Revenue Seats Daily Average of the Lessee for the preceding calendar year it shall do so as follows: based upon the Official Airlines Guide (herein called the "**Guide**"), or in the event that the Guide shall not list the Lessee's schedules, then based upon the generally accepted United States aviation industry standard published airline schedule reference which shall include the Lessee's published schedules, the Port Authority shall ascertain the total number of revenue seats that were accommodated on the aircraft equipment scheduled to have been used by the Lessee on its published aircraft departures at the Airport as set forth in the Guide during two specified calendar weeks (Sunday through Saturday), the first of which weeks is the one during which the fifteenth (15th) day of February of the prior calendar year fell and the second being the one during which the fifteenth (15th) day of August of the said prior calendar year fell (said week of February together with said week of August being hereinafter collectively called the "**Measuring Period**"), and shall total the said number of revenue seats which are hereinafter called the "**Total Revenue Seats**" of the Lessee. In determining the Total Revenue Seats of the Lessee, the Total Revenue Seats as defined above of those Accommodated Handled Airlines, if any, of the Lessee who were Accommodated Handled Airlines as of the date of such determination and Accommodated Sublessee Airlines at the Premises who were Accommodated Sublessee Airlines on the date of such determination, with respect to the aircraft of the Accommodated Handled Airlines and aircraft of the Accommodated Sublessee Airlines operating at the Premises, shall be included.

(2) In making said determination, the Port Authority shall use the aircraft configurations as supplied by the Lessee for the Measuring Period in question with respect to the number of revenue seats that can be accommodated on the particular aircraft equipment scheduled to be used by the Lessee at the Airport. The Total Revenue Seats of the Lessee shall then be divided by fourteen, the resulting quotient being herein called the **"Revenue Seats Daily Average"** of the Lessee.

(g) (1) Effective from and after the Restructuring Effective Date to the Required Conditions Attainment Date, subject to subparagraph (4) below:

Column A	Column B
Percentage of the Lessee's Basic Schedule Compared To the Lessee's Commencement Basic Schedule	Number of Gate Positions the Port Authority May Require Accommodations at the Premises and/or May Terminate from the Premises
(2.a.)	(2.a.)

(2) Effective from and after the Required Conditions Attainment Date to the Expanded Terminal Work Completion Date, subject to subparagraph (4) below:

Column A	Column B
Percentage of the Lessee's Basic Schedule Compared To the Lessee's Commencement Basic Schedule	Number of Gate Positions the Port Authority May Require Accommodations at the Premises and/or May Terminate from the Premises

(3) From and after the Expanded Terminal Work Completion Date, subject to subparagraph (4) below:

Column A Percentage of the Lessee's Basic Schedule Comparec To the Lessee's Commencernent Basic Schedule	Column B Number of Gate Positions the Port Authority May Require Accommodations at the Premises and/or May Terminate from the Premises
(2.a.)	(2.a.)

(4) The following shall apply when at any time the total number of Gates in the Premises is other than as set forth in subparagraphs (1), (2) and (3) above.

If the number of Gates in the Premises shall decrease as a result of the Port Authority having exercised its rights of termination under this Lease as to a portion or portions of the Premises as set forth in above in this Section,

or if, after the Restructuring Effective Date, the number of Gates in the Premises shall increase (the date of each such increase or decrease of the number of Gates in the Premises being hereinafter called a "**Change Date**") then: commencing with the immediately succeeding Measuring Period following such Change Date the number of Gates which the Port Authority may require Accommodations or may terminate set forth in each Column B above for each percentage set forth in each Column A above shall be adjusted to equal the difference obtained by subtracting from the number of Gates in the Premises on the Change Date, the product obtained by multiplying said percentage by the number of Gates in the Premises on the Change Date, in accordance with the following formula:

G - (P x G) = U

Where, G equals the total number of Gates in the Premises on the Change Date,

P equals the applicable percentage under each Column A, and

U equals the number of Gates that the Port Authority may require Accommodations or may terminate from the Premises.

(h) ***No Waiver.***

(1) The failure of the Port Authority to exercise any of its rights under this Section during any period in which it may have such a right, shall not affect, waive or limit its right to exercise said rights at any subsequent time.

(2) Nothing in this Section shall be deemed to have abrogated, changed or affected any restrictions, limitations or prohibitions on assignment, subletting or use of the Premises by others under this Lease nor shall in any manner affect, waive or change any of the provisions thereof."

(i) ***Port Authority's Use of Recaptured Portions of the Premises.***

The Lessee acknowledges and agrees that in the event of the Port Authority's recapture of

portions of the Premises pursuant to the provisions of Sections 45 and 46 of this Lease relating to Gate termination, (x) the Port Authority will use the portions of the Premises so recaptured in such manner as the Port Authority, as the operator of the Airport and the owner of such recaptured portions, may deem appropriate, including without limitation for the purpose of maximizing revenues, and (y) the Port Authority may be in competition with the Lessee in seeking tenants or other users of the portions of the Premises so recaptured.

12. Amendment to Section 91, "*Definitions*"

(a) Section 91 of the Lease is hereby amended, effective as of November 24, 2004, as follows:

(1) The definition of "Basic Lease" is deleted in its entirety and the following is substituted in its place:

> "**Basic Lease**" shall mean the Amended and Restated Agreement of Lease between the City of New York, as landlord, and the Port Authority, as tenant, dated as of November 24, 2004, as the same from time to time may be supplemented or amended and/or restated. Said agreement dated as of November 24, 2004, has been recorded in the Office of the Register of The City of New York, County of Queens, on December 3, 2004 with a City Register File Number of 2004000748687."

(2) The definition of "Environmental Requirement" and "Environmental Requirements" is deleted in its entirety and the following is substituted in its place (to conform to the definition contained in the Amended and Restated Basic Lease):

> "**Environmental Requirement**" shall mean in the singular and "**Environmental Requirements**" shall mean in the plural all common law and all past, present and future laws, statutes, enactments, resolutions, regulations, rules, directives, ordinances, codes, licenses, permits, orders, memoranda of understanding and memoranda of agreement, guidances, approvals, plans, authorizations, concessions, franchises,

requirements and similar items of all governmental agencies, departments, commissions, boards, bureaus or instrumentalities of the United States, states and political subdivisions thereof, all pollution prevention programs, "best management practices plans", and other programs adopted and agreements made by the Port Authority (whether adopted or made with or without consideration or with or without compulsion), with any government agencies, departments, commissions, boards, bureaus or instrumentalities of the United States, states and political subdivisions thereof, and all judicial, administrative, voluntary and regulatory decrees, judgments, orders and agreements relating to the protection of human health or the environment, the foregoing to include without limitation:

(i) all requirements pertaining to reporting, licensing, permitting, investigation and remediation of emissions, discharges, releases or threatened releases of Hazardous Substances into the air, surface water, groundwater or land, or relating to the manufacture, processing, distribution, use, treatment, storage, disposal, transport or handling of Hazardous Substances, or the transfer of property on which Hazardous Substances exist;

(ii) all requirements pertaining to the protection from Hazardous Substances of the health and safety of employees or the public; and

(iii) the Atomic Energy Act of 1954 , 42 U.S.C. Section 2011 *et seq.*; the Clean Water Act also known as the Federal Water Pollution Control Act, 33 U.S.C. Section 1251 *et seq.*; the Clean Air Act, 42 U.S.C. Section 7401 *et seq.*; the Federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. Section 136 *et seq.*; the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. Section 9601 *et seq.*; the Superfund Amendments and Reauthorization Act of 1986 ("SARA"), Section 2701 *et seq.*; the

Emergency Planning and Community Right to Know Act, 42 U.S.C. Section 11001 *et seq.*; the Occupational Safety and Health Act, 29 U.S.C. Section 651 *et seq.*; the Hazardous Materials Transportation Act, 49 U.S.C. Section 5101 *et seq.*; the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 *et seq.*; the Toxic Substances Control Act, 15 U.S.C. Section 2601 *et seq.*; the Safe Drinking Water Act of 1974, 42 U.S.C. Sections 300f-300h-11 *et seq.*; the Oil Pollution Act, 33 U.S.C. Section 2701 *et seq*; the National Environmental Policy Act, 42 USC Section 4321 *et seq.*; the State Environmental Quality Review Act (SEQRA), NY ECL Section 8-0101 *et seq.*; the New York State Environmental Conservation Law; the New York State Navigation Law; together, in each case, with any amendment thereto, and the regulations adopted, guidances, memoranda and publications promulgated thereunder and all substitutions thereof and any other analogous current or future federal, state municipal, city or local laws;

and in the event that there shall be more than one compliance standard, the standard for any of the foregoing shall be that which requires the lowest level of a Hazardous Substance, provided, however, that with respect to removal from the soil and groundwater in the Site of those chemicals set forth in the exhibit attached hereto, hereby made a part hereof and marked "Exhibit 2B.3", the compliance standard shall be the respective Approved Cleanup Criteria therefor for so long as the DEC shall continue its approval and acceptance of such Approved Cleanup Criteria, and provided, further, that in the use of any Approved Cleanup Criteria the Lessee shall comply with all requirements of all Governmental Authorities for the use thereof, including without limitation those set forth in the letter dated June 28, 1996 from Steven Miller of the DEC to Marvin Kirshner of the Port Authority covering the DEC's conditional approval of the use of such

Approved Cleanup Criteria in certain areas of the Airport, which letter is attached hereto as part of Exhibit 2B.3, and all the requirements of the DEC pursuant to the ACO."

(2) The definition of "Hazardous Substance" and "Hazardous Substances" is deleted in its entirety and the following is substituted in its place (to conform to the definition contained in the Amended and Restated Basic Lease):

> "**Hazardous Substance**" shall mean and include in the singular and "Hazardous Substances" shall mean and include in the plural any pollutant, contaminant, toxic or hazardous waste, dangerous substance, noxious substance, toxic substance, flammable, explosive or radioactive material, urea formaldehyde foam insulation, asbestos, polychlorinated biphenyls ("PCBs"), radon, chemicals known to cause cancer, endocrine disruption or reproductive toxicity, petroleum and petroleum products, fractions, derivatives and constituents thereof, of any kind and in any form, including without limitation oil, petroleum, fuel, fuel oil, sludge, crude oil, gasoline, kerosene, and mixtures of, or waste materials containing any of the foregoing, and other gases, chemicals, materials and substances which have been or in the future shall be declared to be hazardous or toxic, or the removal, containment or restriction of which have been or in the future shall be required, or the manufacture, preparation, production, generation, use, maintenance, treatment, storage, transfer, handling or ownership of which have or in the future shall be restricted, prohibited, regulated or penalized by any federal, state, county, or municipal or other local statute or law now or at any time hereafter in effect as amended or supplemented and by the regulations adopted and publications promulgated pursuant thereto."

(b) Section 91 of the Lease is hereby amended, effective as of the date hereof, as follows:

(1) The definition of "Required Conditions" is deleted in its entirety and the following is substituted in its place:

"**Required Conditions**" shall have the meaning provided in Section 3(d) hereof.

(2) The following new terms and definitions shall be deemed added:

"**Additional Land Rental**" shall have the meaning provided in Section 4(i) hereof.

"**Additional Land Rental Adjustment Year**" shall have the meaning provided in Section 4(i) hereof.

"**Additional Land Rental Base Year**" shall have the meaning provided in Section 4(i) hereof.

"**Additional Land Rental Commencement Date**" shall have the meaning provided in Section 4(i) hereof.

"**Additional Land Rental Payment Period**" shall have the meaning provided in Section 4(i) hereof.

"**Change Date**" shall have the meaning provided in Section 46 hereof.

"**Date of Taking**" shall have the meaning provided in Section 18 hereof.

"**Domestic Gate**" shall have the meaning provided in Section 45(d) hereof.

"**Expanded Terminal Work**" shall have the meaning provided in Section 2B(r) hereof.

"**Expanded Terminal Work Completion Date**" shall have the meaning provided in Section 2B(r) hereof.

"**Expanded Terminal Work Comprehensive Plan**" shall have the meaning provided in Section 2B(r) hereof.

"**Expanded Terminal Work Investment**" shall have the meaning provided in Section 2B(r) hereof.

"**FIS**" shall have the meaning provided in Section 45(d) hereof.

"**Gate**" shall mean an airline passenger aircraft loading and unloading gate position and all related (as reasonably determined by the Port

Authority) ramp and passenger terminal facilities, fixtures and space in the Premises, including but not limited to passenger ticketing, passenger check-in, baggage handling and flight information systems, passenger hold room and waiting areas and appropriate signage and public identification.

"**Guide**" shall have the meaning provided in Section 46(f) hereof.

"**International Gate**" shall have the meaning provided in Section 45(d) hereof.

"**Leasehold Mortgage**" shall have the meaning provided in Section 96 hereof.

"**Leasehold Mortgage Annual Period**" shall have the meaning provided in Section 4(j) hereof.

"**Leasehold Mortgage Rental**" shall have the meaning provided in Section 4(j) hereof.

"**Leasehold Mortgage Termination Fee**" shall have the meaning provided in Section 4(k) hereof.

"**Leasehold Mortgage Termination Date**" shall have the meaning provided in Section 96 hereof.

"**Lessee's Net Investment**" shall have the meaning provided in Section 45(d) hereof.

"**Material Part**" shall have the meaning provided in Section 18 hereof.

"**Maximum Gate Investment Amount**" shall have the meaning provided in Section 45(d) hereof.

"**Measuring Period**" shall have the meaning provided in Section 46(f) hereof.

"**Parcel M**" shall have the meaning set forth in Section 95(a) hereof.

"**Parcel M Construction Notice**" shall have the meaning set forth in Section 96(a) hereof.

"**Parcel M Enlarged Terminal**" shall have the meaning set forth in Section 96(a)(2) hereof.

"Parcel M Surrender Date" shall have the meaning set forth in Section 95(c) hereof.

"Parcel M Tenant" shall have the meaning set forth in Section 96(a) hereof.

"Parcel M Termination Notice" shall have the meaning set forth in Section 95(a) hereof.

"Pro Rata Bond Gate Investment Amount" shall have the meaning provided in Section 45(d) hereof.

"Pro Rata Lessee Gate Investment Amount" shall have the meaning provided in Section 45(d) hereof.

"Pro-Rata Share" shall have the meaning provided in Section 45(d) hereof.

"Refinancing Leasehold Mortgage Termination Date" shall have the meaning provided in Section 4(k) hereof.

"Regional Gate" shall have the meaning provided in Section 45(d).

"Requesting Airline" shall have the meaning provided in Section 45(a) hereof.

"Required Conditions Attainment Date" shall have the meaning provided in Section 45(d) hereof.

"Restructuring Effective Date" shall have the meaning provided in Section 1 of the Second Supplemental Agreement to this Lease.

"Restructuring Surrendered Premises" shall have the meaning provided in Section 2 of the Second Supplemental Agreement to this Lease.

"Revenue Seats Daily Average" shall have the meaning provided in Section 46(f) hereof.

"Section 45 Gate Termination Date" shall have the meaning provided in Section 45(d) hereof.

"Section 45 Gate Termination Notice" shall have the meaning provided in Section 45(d) hereof.

"**Section 45 Notice Period**" shall have the meaning provided in Section 45(b) hereof.

"**Section 45 Notice to Provide Accommodations**" shall have the meaning provided in Section 45(b) hereof.

"**Section 46 Gate Termination Date**" shall have the meaning provided in Section 46 hereof.

"**Section 46 Gate Termination Notice**" shall have the meaning provided in Section 46 hereof.

"**Section 46 Notice to Provide Accommodations**" shall have the meaning provided in Section 46(c) hereof.

"**T-4 Covenant**" shall mean the covenant of the Port Authority set forth in Section 76 of Lease AYC-685 between the Port Authority and JFK International Air Terminal LLC, as it has been amended as of the Restructuring Effective Date, a copy of which is attached hereto as Exhibit T-4; and as it may be further amended by any amendment that (x) renders such covenant less restrictive to the Port Authority but (y) does not restrict to a greater degree, or require the Port Authority to restrict to a greater degree, the use of the Premises.

"**Taking**" shall have the meaning provided in Section 18 hereof.

"**Terminated Gate**" shall have the meaning provided in Section 45(d) hereof.

"**Total Revenue Seats**" shall have the meaning provided in Section 46(f) hereof.

"**Unamortized Bond Obligation**" shall have the meaning provided in Section 45(d) hereof.

"**Unamortized Lessee's Net Investment**" shall have the meaning provided in Section 45(d) hereof.

"**Unamortized Obligation**" shall have the meaning provided in Section 45(d) hereof.

13. Substitution of a New Section 92, "*Leasehold Mortgage - Foreclosure Rights*"

Section 92 of the Lease shall be deleted in its entirety, and the following new Section 92 shall be inserted in lieu thereof to read as follows:

"Section 92. Leasehold Mortgage - Foreclosure Rights

(a) ***Definitions.***

As used in this Section 92 the following terms shall have the following meanings:

"Additional Bond Resolutions" shall mean the resolutions adopted by the IDA in connection with the issuance and sale of Additional Bonds.

"Additional Bonds" shall mean all series of bonds that are issued by the IDA, subsequent to the issuance of the Series 2002 Bonds and the Series 2005 Bonds, in accordance with the terms and conditions of Section 6.2 of the Consent Agreement, pursuant to the Subleases and Indenture, to finance (or reimburse the Lessee for payment of) the costs of the Redevelopment Work and the Expanded Terminal Work (including all reserves, costs of issuance and capitalized interest); provided, however, that each of the Additional Bonds shall mature on or before December 31, 2031 and further that after the issuance of any Additional Bonds, the outstanding debt service on all of the Bonds shall be on a substantially equal annual payment basis (that is, a level debt service), with the sole exception of the Series 2002 Bonds to the extent that the debt service on the Series 2002 Bonds requires a balloon payment of One Hundred Twenty Million Dollars ($120,000,000) on August 1, 2012, or such other payment basis as the Port Authority may agree.

"Additional Supplemental Indentures" shall mean such indentures supplemental or amendatory to the Indenture, which are executed subsequent to the execution of the 2005 Supplemental Indentures in accordance with the

terms and conditions of Section 6.2 of the Consent Agreement.

"Approved Successor Lessee" shall mean a Scheduled Aircraft Operator, or a consortium of Scheduled Aircraft Operators, who shall each meet all of the requirements set forth in paragraph (p) of this Section, including but not limited to the entering into with the Port Authority of the Lease Assignment/Assumption and Consent Agreement (as defined in paragraph (p) of this Section), and thereby become the assignee/purchaser of this Lease with respect to the Mortgaged Premises resulting from the exercise by the Leasehold Mortgagee of its Foreclosure Rights, whether by foreclosure and sale or by assignment in lieu of foreclosure. In the event that the Approved Successor Lessee is a consortium, each of the Scheduled Aircraft Operators which is a member of the consortium (each, a **"Signatory Carrier"**) shall have (x) a "joint and step-up obligation" to the Port Authority with respect to all of the consortium's monetary obligations under this Lease, i.e., each Signatory Carrier is obligated with respect to its pro rata share of the consortium's monetary obligations under this Lease, including, in the event of a default by any other Signatory Carrier, a pro rata share of the defaulting Signatory Carrier's monetary obligations, and (y) a joint and several obligation with respect to all of the consortium's non-monetary obligations under this Lease.

"Bankruptcy Code" shall mean the United States Bankruptcy Reform Act of 1978, as amended, including without limitation amendments made by the Bankruptcy Reform Act of 1994, and as the same may be further amended or supplemented, or any Federal bankruptcy law or laws replacing the foregoing.

"Bankruptcy Rejection Date" shall have the meaning provided in Section 92(n)(1) below.

"Bondholder" and "Bondholders" shall mean, respectively, (i) each holder of a Bond or Bonds and (ii) all holders of all the Bonds.

"**Bonds**" shall mean, collectively, the Series 2002 Bonds, the Series 2005 Bonds and the Additional Bonds; provided, however, that the principal amount of Bonds issued under the Indenture and secured by the Leasehold Mortgage shall be limited to a maximum amount of Two Billion Dollars ($2,000,000,000) for the Redevelopment Work or, if the Lessee performs the Expanded Terminal Work, a maximum amount of Two Billion Three Hundred Million Dollars ($2,300,000,000), in each instance determined without taking into account any prepayments, redemptions or refundings made pursuant to any of the Financing Documents; and provided, further, however, that all Bonds shall have a maturity date on or before December 31, 2031 and that the outstanding debt service on all of the Bonds shall be on a substantially equal annual payment basis (that is, a level debt service), with the sole exception of the Series 2002 Bonds to the extent that the debt service on the Series 2002 Bonds requires a balloon payment of One Hundred Twenty Million Dollars ($120,000,000) on August 1, 2012, or such other payment basis as the Port Authority may agree. Nothing in the foregoing shall mean or be deemed to mean that the Port Authority shall have any obligation to consent to or approve the Expanded Terminal Work, it being understood and agreed that any such consent or approval shall be given only as provided in Section 2B of the Lease.

"**Bonds Default**" shall have the meaning provided in paragraph (g) of this Section.

"**Bonds Default Foreclosure Election Notice**" shall have the meaning provided in paragraph (g) of this Section.

"**Bond Resolutions**" shall mean, collectively, (x) the resolution adopted by the IDA on December 9, 1999, (y) the resolution adopted by the IDA on October 23, 2001, as amended November 13, 2001, September 13, 2005, and October 11, 2005, and (z) all Additional Bond Resolutions.

"**Company Sublease**" shall have the meaning given to such term in the Consent Agreement.

"**Consent Agreement**" shall mean the Amended and Restated Consent to Subleases and Leasehold Mortgage Agreement, dated as of the Restructuring Effective Date, entered into by and among the Port Authority, the Lessee, AMR Corporation, the Trustee and the IDA.

"**Financing Documents**" shall have the meaning given to such term in the Consent Agreement.

"**Financing Transaction**" shall mean the issuance of the Bonds for the financing of (or reimbursement to the Lessee for) the costs of the Redevelopment Work and the Expanded Terminal Work (including all reserves, costs of issuance and capitalized interest) and all the transactions documented by the Financing Documents that support and facilitate such issuance.

"**Foreclosure Election Notice**" shall have the meaning provided in Section 92(g) below.

"**Foreclosure Election Notice Service Date**" shall have the meaning provided in Section 92(g) below.

"**Foreclosure Election Period**" shall have the meaning provided in Section 92(g) below.

"**Foreclosure Period**" shall have the meaning provided in Section 92(i) below.

"**Foreclosure Rights**" shall mean the right, pursuant to the provisions of this Section 92, to foreclose upon the Leasehold Mortgage and to have this Lease with respect to the Mortgaged Premises assigned to an Approved Successor Lessee.

"**Guaranties**" shall have the meaning given to such term in the Consent Agreement.

"**IDA**" shall mean the New York City Industrial Development Agency, a corporate governmental agency constituting a body corporate and politic and a public benefit corporation

created and existing under and by virtue of the laws of the State of New York.

"IDA Sublease" shall have the meaning given to such term in the Consent Agreement, as amended by all IDA Sublease Amendments.

"IDA Sublease Amendments" shall mean written amendments amendatory to the IDA Sublease which are executed subsequent to the execution of the IDA Sublease in accordance with the terms and conditions of Section 6.2 of the Consent Agreement.

"Indenture" shall mean the Master Indenture of Trust dated as of July 1, 2002 by and between the IDA and The Bank of New York, as Trustee, as amended, modified or supplemented by the 2002 Supplemental Indentures, the 2005 Supplemental Indenture(s) and all Additional Supplemental Indentures.

"Lease Assignment/Assumption and Consent Agreement" shall have the meaning provided in paragraph (p)(3) of this Section.

"Lease Assignment/Assumption Commencement Date" shall have the meaning provided in paragraph (p)(3) of this Section.

"Leasehold Mortgage" shall mean the mortgage, dated as of the Restructuring Effective Date, to be granted by the Lessee to the Leasehold Mortgagee, a form of which is attached to the Consent Agreement as Exhibit G, and which is subject to this Lease, including this Section.

"Leasehold Mortgagee" shall mean the Trustee acting in its capacity as "Leasehold Mortgagee" under the Leasehold Mortgage.

"Leasehold Mortgagee's Foreclosure Period Commencement Payments" shall mean all amounts due and owing to the Port Authority under this Lease which have accrued for any and all periods up to the Foreclosure Election Notice Service Date, including without limitation the Ground Rental, the Area IA and Area IB Building Rental, the Area I Building Rental, the Area II Building Rental, the Terminal Rental, the Additional Land Rental, the Leasehold Mortgage

Rental, amounts for Hot Water and Chilled Water, the Cost of Assumable Maintenance and Repair, the Lessee's portion of the Costs of the Condition Survey, late charges, fees on In-Flight Meals, the Lessee's Parking Garage Contribution, handling fees, subletting fees, fees on consumer services, electrical, water and other utility charges, extermination services and additional rental under Section 16 of this Lease, to the extent such amounts have not been paid to the Port Authority by the Lessee or the Leasehold Mortgagee prior to the commencement of the Foreclosure Period.

"Leasehold Mortgagee's Foreclosure Period Current Basis Payments" shall mean all amounts due and owing to the Port Authority under this Lease on a current basis as the same become due and payable to the Port Authority under this Lease commencing as of the first day of the Foreclosure Period, including without limitation the Ground Rental, the Area IA and Area IB Building Rental, the Area I Building Rental, the Area II Building Rental, the Terminal Rental, the Additional Land Rental, the Leasehold Mortgage Rental, amounts for Hot Water and Chilled Water, the Cost of Assumable Maintenance and Repair, the Lessee's portion of the Costs of the Condition Survey, late charges, fees on In-Flight Meals, the Lessee's Parking Garage Contribution, handling fees, subletting fees, fees on consumer services, electrical, water and other utility charges, extermination services and additional rental under Section 16 of this Lease, to the extent such amounts have not been paid to the Port Authority by the Lessee or the Leasehold Mortgagee.

"Leasehold Mortgagee's Foreclosure Period Obligations" shall have the meaning provided in paragraph (j) of this Section.

"Leasehold Mortgage Termination Date" shall have the meaning provided in paragraph (b)(6) of this Section.

"Lessee Bankruptcy" shall have the meaning provided in Section 92(n)(1) below.

"Mortgaged Premises" shall mean the premises with respect to which the leasehold interest hereunder is mortgaged to the Leasehold Mortgagee pursuant to the Leasehold Mortgage.

"Notice of Termination" shall have the meaning set forth in paragraph (f) of this Section.

"Notice of Termination Service Date" shall have the meaning set forth in paragraph (f) of this Section.

"Outstanding" shall have the meaning given to such term in the Indenture.

"Proposed Successor Lessee" shall have the meaning set forth in paragraph (p)(1) of this Section.

"Related Party" shall have the meaning provided in paragraph (p)(2) of this Section.

"Section 19 Assignee" shall mean a Scheduled Aircraft Operator to whom the Lessee has assigned its leasehold interest under this Lease with the prior written consent of the Port Authority or as otherwise permitted in Section 19 of the Lease.

"Series 2002 Bonds" shall mean, collectively, the $120,000,000 Special Facility Revenue Bonds, Series 2002A (American Airlines, Inc. John F. Kennedy International Airport Project) and the $380,000,000 Special Facility Revenue Bonds, Series 2002B (American Airlines, Inc. John F. Kennedy International Airport Project) of the IDA issued, executed, authenticated and delivered under the Indenture.

"Series 2005 Bonds" shall mean, the $800,000,000 Special Facility Revenue Bonds, Series 2005 (American Airlines, Inc. John F. Kennedy International Airport Project) of the IDA issued, executed, authenticated and delivered under the Indenture.

"Subleases" shall mean, collectively, the Company Sublease and the IDA Sublease.

"Successor Trustee" shall mean a successor to the Trustee, selected and appointed

in accordance with the Indenture, which has delivered a Certificate of Assumption and Agreement in accordance with the Indenture and Section 6.4 of the Consent Agreement.

"Supplement No. 2 to the Lease" shall mean the supplemental agreement, dated as of the Restructuring Effective Date, supplementing and amending the Lease.

"Termination Effective Date" shall have the meaning set forth in paragraph (f) of this Section.

"Trustee" shall mean The Bank of New York, or any Successor Trustee under the Indenture.

"Unfavorable Experience" shall have the meaning provided in paragraph (p)(2) of this Section.

(b) ***Leasehold Mortgage.***

(1) The Lessee hereby represents to the Port Authority (x) that the Lessee intends to finance (and reimburse itself for) the costs of the Redevelopment Work and the Expanded Terminal Work (including reserves, costs of issuance and capitalized interest), together with associated personal property, with the proceeds of the Bonds issued by the IDA pursuant to the Financing Transaction, (y) that contemporaneously with the execution of Supplement No. 1 to this Lease, the Lessee executed certain of the Financing Documents and (z) that contemporaneously with the execution of Supplement No. 2 to this Lease, the Lessee has executed certain of the Financing Documents subject to the execution by the Lessee, the Port Authority, the Trustee, AMR and the IDA of the Consent Agreement.

(2) It is expressly acknowledged that the intent of the parties hereto is that the Leasehold Mortgage is to be granted by the Lessee to the Trustee pursuant to the provisions hereof, solely for the purposes of allowing the Trustee in its capacity as Leasehold Mortgagee to exercise its Foreclosure Rights with respect to the Mortgaged Premises, as the implementation of

the security afforded to the Bondholders solely with respect to the Mortgaged Premises by virtue of the Leasehold Mortgage, and to obtain an Approved Successor Lessee during the Foreclosure Period if it elects to do so pursuant to this Section.

(3) Notwithstanding the provisions of Section 19 of this Lease and any other provision of this Lease, and without otherwise limiting the generality thereof, American Airlines, Inc., the Lessee hereunder on the Restructuring Effective Date, shall have the right (**exercisable only one time and only as part of the Financing Transaction**) to execute the Leasehold Mortgage and to date, execute, deliver and record the same in accordance with this Lease, including without limitation this Section 92, and the Consent Agreement, provided that the Consent Agreement shall have been duly executed by all the parties thereto and have been delivered by the Port Authority to the other parties thereto. It is hereby understood and agreed that there shall be only one (1) Leasehold Mortgage.

(4) It is hereby understood and agreed that in no event shall the principal amount of Bonds issued under the Indenture and secured by the Leasehold Mortgage exceed the amount of Two Billion Dollars ($2,000,000,000), determined without taking into account any prepayments, redemptions or refundings made pursuant to any of the Financing Documents, provided, however, that if the Lessee shall have commenced the performance of the Expanded Terminal Work in accordance with all the terms and conditions of paragraph (r) of Section 2B of this Lease, then from and after such commencement the principal amount of Bonds issued under the Indenture and secured by the Leasehold Mortgage shall not exceed the amount of Two Billion Three Hundred Million Dollars ($2,300,000,000), determined without taking into account any prepayments, redemptions or refundings made pursuant to any of the Financing Documents. Nothing in the foregoing shall mean or be deemed to mean that the Port Authority shall have any obligation to consent to or approve the Expanded Terminal Work,

it being understood and agreed that any such consent or approval of the Expanded Terminal Work shall be given only as provided in Section 2B of this Lease.

(5) It is hereby understood and agreed that the Leasehold Mortgage shall only secure the obligations of (i) American Airlines, Inc. (including its permitted successors as Guarantor pursuant to and under the American Airlines Guaranty, provided that each such permitted successor is then the Lessee under this Lease) under the American Airlines Guaranty to pay principal, interest, purchase price and premium on the Bonds and (ii) AMR Corporation (including its permitted successors as Guarantor pursuant to and under the AMR Guaranty) under the AMR Guaranty to pay principal, interest, purchase price and premium on the Bonds.

(6) Without limiting Section 19 or any other term or provision of this Lease or any term or provision of the Consent Agreement, and notwithstanding anything herein or in the Financing Documents, the Leasehold Mortgage or any consent or approval of the Port Authority thereto to the contrary, the Leasehold Mortgage shall become effective only upon the Restructuring Effective Date, and the Leasehold Mortgage (and the Foreclosure Rights) shall automatically terminate and end in any event upon the date of the earliest to occur of the following (such date, the **"Leasehold Mortgage Termination Date"**):

(i) the expiration, surrender or termination of the Basic Lease;

(ii) the expiration, surrender or termination of this Lease, except that the Leasehold Mortgage and the Foreclosure Rights (but only if the Leasehold Mortgage shall not have terminated pursuant to any of subdivision (i) or subdivisions (iii) through (xi) of this Section 92(b)(6)) shall not terminate solely due to a deemed termination of this Lease, pursuant to Section 52(a) of this Lease, solely due to the occurrence of a Triggering Event;

(iii) the termination of the consent granted under the Consent Agreement as to the Leasehold Mortgage pursuant to Section 5.2 of the Consent Agreement;

(iv) the termination, expiration or surrender (including without limitation discharge or release) of both of (x) the American Airlines Guaranty, as such term is defined in the Consent Agreement (except that if payment obligations of American Airlines, Inc. (including its permitted successors pursuant to and under the American Airlines Guaranty as the Guarantor thereunder, provided each such permitted successor is then the Lessee under this Lease) thereunder with respect to the payment of principal, interest, or premium on the Bonds remain Outstanding and unpaid, then upon the date when there are no such payment obligations remaining Outstanding and unpaid); and (y) the AMR Guaranty, as such term is defined in the Consent Agreement (except that if payment obligations of AMR (including its permitted successors pursuant to and under the AMR Guaranty as the Guarantor thereunder) thereunder with respect to the payment of principal, interest, purchase price or premium on the Bonds remain Outstanding and unpaid, then upon the date when there are no such obligations remaining Outstanding and unpaid);

(v) the date on which no Bonds shall be Outstanding;

(vi) the expiration of the Foreclosure Election Period without the Leasehold Mortgagee's due and timely election to exercise its Foreclosure Rights in accordance with the terms of this Section;

(vii) the date of any written notice given by the Leasehold Mortgagee stating its election not to exercise its Foreclosure Rights hereunder;

(viii) the effective date of the letting of the Mortgaged Premises hereunder, whether for the full term or otherwise, to an Approved Successor Lessee, whether resulting from a foreclosure of the Leasehold Mortgage, the exercise by the Leasehold Mortgagee of its Foreclosure Rights, an assignment in lieu of foreclosure or otherwise without the occurrence of a Lease Assignment/Assumption Commencement Date, provided, however, that nothing contained in this subdivision (viii) shall or shall be deemed to have changed any term or provision of this Section 92, including without limitation paragraph (p) hereof;

(ix) the Lease Assignment/ Assumption Commencement Date;

(x) the expiration or earlier termination or cancellation of the Foreclosure Period; and

(xi) December 31, 2036.

(9) The Leasehold Mortgagee shall not assign or transfer the Leasehold Mortgage to any Person other than a Successor Trustee. Each Successor Trustee shall be obligated under this Section and also under the Consent Agreement, pursuant to the terms of Section 6.4 of the Consent Agreement, and shall hold the Leasehold Mortgage subject to all the terms and provisions of this Section as if it were the original Leasehold Mortgagee.

(10) Any approval or consent by the Port Authority hereunder, whether to the Leasehold Mortgage or to any assignment thereof, shall apply only to the specific transaction thereby authorized and shall not relieve the Lessee or the Leasehold Mortgagee from the requirement of obtaining the prior approval or consent of the Port Authority to each and every further assignment of the Leasehold Mortgage (except if otherwise expressly permitted hereunder without such approval).

(11) Provided that nothing in this paragraph shall in any way impair or limit the

rights of the Leasehold Mortgagee under this Section or the Leasehold Mortgagee's rights against the Lessee under the Leasehold Mortgage, which shall be in accordance with and subject to this Section, and notwithstanding anything contained in the Leasehold Mortgage or any consent or approval of the Port Authority thereto, it is understood and agreed that the rights of the Leasehold Mortgagee shall in all respects be as specified in the Leasehold Mortgage and this Section, and shall be subject to the terms, covenants, conditions and provisions set forth in this Lease and the Consent Agreement. The terms, covenants, conditions and provisions of this Lease shall govern as between the Port Authority and the Lessee. As between the Port Authority and the Leasehold Mortgagee, in the event of any inconsistency between the terms, covenants, conditions and provisions of this Lease and the terms, covenants, conditions and provisions of the Leasehold Mortgage or the Indenture or any of the other Financing Documents, the terms, covenants, conditions and provisions of this Lease shall control.

(12) Neither this Section nor the Leasehold Mortgage shall prevent the Lessee from amending this Lease without the approval of the Leasehold Mortgagee, provided, however, that:

(i) until the Leasehold Mortgage shall have terminated as provided in paragraph (b)(6) of this Section, no amendment shall be made to this Section 92 without the prior written consent of the Leasehold Mortgagee; and

(ii) until the Leasehold Mortgage shall have terminated as provided in paragraph (b)(6) of this Section, no amendment which shall only affect an Approved Successor Lessee who is not then the Lessee, without affecting the Lessee, shall be made to this Lease without the prior written consent of the Leasehold Mortgagee.

(13) Except as expressly authorized in this Section, the Lessee shall not mortgage the Lessee's interest in this Lease or the letting hereunder in whole or in part, or any portion of the Premises or the Lessee's subleasehold interests under the Subleases in whole or in part. The foregoing shall not prohibit the IDA's pledge, pursuant to the Indenture, of its interests under the IDA Sublease and the execution of any financing statements relating to the same.

(14) Neither an Approved Successor Lessee nor any other Person purchasing or succeeding to the leasehold hereunder shall have any right to pledge or mortgage the leasehold hereunder or any portion of the Premises.

(c) ***Limitations on Leasehold Mortgagee's Right to Use and Occupy Mortgaged Premises.***

The Leasehold Mortgagee shall not have any right in or to the occupancy or use of the Mortgaged Premises except (A) to the extent necessary to cure Lessee's default in accordance with paragraph (e) of this Section and (B) to fulfill the Leasehold Mortgagee's obligations under paragraph (i)(2) of this Section. The Leasehold Mortgagee shall not enter into or be entitled to enter into possession of the Mortgaged Premises under this Lease except to the extent afforded to it under this Lease.

(d) ***Leasehold Mortgagee Notices.***

Notices, statements and requests by or to the Leasehold Mortgagee under the provisions of this Section shall be governed by Section 32 of this Lease, entitled "Notices", and shall be given to the Leasehold Mortgagee at 101 Barclay Street, New York, New York 10286 or to such other address as The Bank of New York or a Successor Trustee shall have last furnished to the Port Authority in writing for the purpose of sending of notices to the Leasehold Mortgagee pursuant to this Section.

(e) ***Notices of Default.***

(1) The Port Authority shall send to the Leasehold Mortgagee a copy of each notice of default given under Section 20 of this Lease, entitled "Termination by the Port Authority", or otherwise at the same time as and whenever any such notice of default shall have been sent to the Lessee, and (so long as the Leasehold Mortgage is in effect) no notice of default given by the Port Authority shall be deemed to have been given by the Port Authority unless and until a copy thereof shall have been so given to the Leasehold Mortgagee.

(2) The Lessee irrevocably directs that the Port Authority accept, and the Port Authority agrees to accept, the curing of such default with respect to the Mortgaged Premises by the Leasehold Mortgagee as if and with the same force and effect as though cured by the Lessee. In addition, with respect to a Notice of Termination under Section 3(c), a copy of which is required to be sent to the Leasehold Mortgagee pursuant to the following paragraph (f), the Lessee also irrevocably directs that the Port Authority accept, and the Port Authority agrees to accept, the satisfaction of the Required Conditions by the Leasehold Mortgagee as if and with the same force and effect as though satisfied by the Lessee.

(f) ***Notices of Termination.***

If the Port Authority shall elect to terminate the letting of the Premises under this Lease pursuant to Section 20 of this Lease, entitled "Termination by the Port Authority", or otherwise (including a termination pursuant to an election by the Port Authority to terminate the letting of the Premises under this Lease (x) pursuant to Section 3(c) of this Lease or (y) during a month-to-month tenancy of this Lease following a Trigger Event as provided in Section 52 of this Lease), then, the Port Authority shall at the same time send to the Leasehold Mortgagee a copy of the written notice of such termination (the "**Notice of Termination**"; and the date of sending thereof, the "**Notice of Termination**

Service Date"), and (so long as the Leasehold Mortgage is in effect) no Notice of Termination given by the Port Authority shall be deemed to have been given by the Port Authority unless and until a copy thereof shall have been so given to the Leasehold Mortgagee. The effective time and date of such termination (the "**Termination Effective Date**"), so long as the Leasehold Mortgage is in effect (and notwithstanding Section 20(a) of this Lease), shall not be before 11:59 p.m. New York City time on the thirtieth (30th) day after the Notice of Termination Service Date, and shall be subject to the extension provided in paragraph (g)(2) of this Section and to the stay provided in paragraph (i)(2) of this Section.

(g) ***Election to Exercise Foreclosure Rights.***

(1) "**Bonds Default**" shall mean either (x) a failure to make payment of any and all amounts required when due for the payment of the principal, purchase price, premium or interest on the Bonds resulting in the occurrence and continuance of an Event of Default under and as defined in the Indenture, or (y) a failure to make payment under the Guaranties with respect to the payment of any and all amounts required when due for the payment of the principal, purchase price, premium or interest on the Bonds, which failure has resulted in the occurrence and continuance of an Event of Default under and as defined in the Indenture and an event of default under the Leasehold Mortgage giving the Leasehold Mortgagee the right to foreclose the Leasehold Mortgage.

"**Bonds Default Foreclosure Election Notice**" shall mean a notice given by the Leasehold Mortgagee to the Port Authority in accordance with the provisions of paragraph (g)(3) below, (A) certifying that a Bonds Default has occurred and is continuing, and (B) stating the Leasehold Mortgagee's affirmative election to exercise the Foreclosure Rights.

"**Foreclosure Election Notice**" shall mean a notice given by the Leasehold

Mortgagee to the Port Authority in accordance with the provisions of paragraph (g)(3) below, stating the Leasehold Mortgagee's affirmative election to exercise the Foreclosure Rights, and shall include a Bonds Default Foreclosure Election Notice.

"**Foreclosure Election Notice Service Date**" shall have the meaning provided in paragraph (g)(3) of this Section.

"**Foreclosure Election Period**" shall mean (except with respect to the Bonds Default Foreclosure Election Notice, for which there is no Foreclosure Election Period) the period commencing on the earlier to occur of (x) the Notice of Termination Service Date and (y) the Bankruptcy Rejection Date (such earlier date, the "**Foreclosure Election Commencement Date**"), and expiring at 11:59 p.m. New York City time on the thirtieth (30th) consecutive day thereafter or, if extended in accordance with the terms of the following subparagraph, on the one hundred fiftieth (150th) day thereafter (such date of expiration, the "**Foreclosure Election Expiration Date**"); provided, however, that as of the date and during the pendency of any Lessee Bankruptcy, the counting of days during the Foreclosure Election Period shall be tolled until (p) the conclusion of the Lessee Bankruptcy or (q) the Bankruptcy Rejection Date, whichever date is earlier, and provided, further, that in the event of such tolling, the Foreclosure Election Expiration Date shall be not less than thirty (30) days following the conclusion of the Lessee Bankruptcy.

(2) By giving notice to the Port Authority not later than 11:59 p.m. New York City time on the thirtieth (30th) consecutive day after the Foreclosure Election Commencement Date, the Leasehold Mortgagee shall have the right to extend the Foreclosure Election Period, and the Termination Effective Date (if applicable) to the date that is the one hundred fiftieth (150th) day after the Foreclosure Election Commencement Date.

(3) If the Leasehold Mortgagee desires to exercise the Foreclosure Rights, the Leasehold

Mortgagee shall, on or prior to the Foreclosure Election Expiration Date, (x) give to the Port Authority a Foreclosure Election Notice and (y) simultaneously pay to the Port Authority the Leasehold Mortgagee's Foreclosure Period Commencement Payments (the date of such timely service of notice and simultaneous payment, the "**Foreclosure Election Notice Service Date**"); for purposes of the foregoing, a Bonds Default Foreclosure Election Notice (with respect to which there is no Foreclosure Election Period) shall be deemed to have been given "prior to the Foreclosure Election Expiration Date" so long as it is given prior to the occurrence of any Foreclosure Election Commencement Date.

(4) In the event of the failure of the Leasehold Mortgagee to elect to exercise its Foreclosure Rights by the timely service of its Foreclosure Election Notice and the payment to the Port Authority of the Leasehold Mortgagee's Foreclosure Period Commencement Payments in accordance with this Section, this Lease and the letting of the Mortgaged Premises shall be deemed terminated effective immediately on the Foreclosure Election Expiration Date, or on the effective date of any other notice of termination served by the Port Authority in accordance with the Section of this Lease entitled "Termination by the Port Authority", and the Port Authority, in addition to pursuing any or all of its rights and remedies under this Lease, or otherwise, shall be entitled to elect to use, alter or demolish any of the improvements on the Mortgaged Premises free of any claim, right or interest of the Lessee, the Trustee, the Leasehold Mortgagee, the IDA or the Bondholders.

(h) ***Information Statements.***

(1) For purposes of the Leasehold Mortgagee's making of the Leasehold Mortgagee's Foreclosure Period Commencement Payments, the Port Authority agrees, upon the request of the Leasehold Mortgagee made not less than ten (10) days prior to the Foreclosure Election Expiration Date (or upon the Port Authority's receipt of notice from the Leasehold Mortgagee that the

Leasehold Mortgagee is considering a potential Bonds Default and needs to determine the amount of the Leasehold Mortgagee's Foreclosure Period Commencement Payments) to send to the Leasehold Mortgagee a statement setting forth the Leasehold Mortgagee's Foreclosure Period Commencement Payments.

(2) After the written request of the Leasehold Mortgagee to the Port Authority which may be made from time to time (but not more frequently than once per calendar month) up to the end of the Foreclosure Period, the Port Authority shall promptly provide to the Leasehold Mortgagee a statement of amounts invoiced by the Port Authority to the Lessee during the sixty-(60-) day period preceding the date of each request and setting forth the unpaid amounts, if any, owing or estimated to be owing to the Port Authority by the Lessee under this Lease at the date of the request.

(3) Any statement provided by the Port Authority pursuant to the foregoing paragraphs (h)(1) and (h)(2) shall not be conclusive as to the relevant amounts actually owed for the periods in question and shall not release or relieve the Lessee or the Leasehold Mortgagee from any amounts due for such periods, notwithstanding any failure to include all amounts due and owing, and shall not preclude the Port Authority from rendering a billing for the same. Notwithstanding the foregoing, however, the amounts set forth in the information statement to be provided pursuant to paragraph (h)(1) above, although not conclusive as to the amounts actually owed, shall be deemed sufficient for purposes of determining the amount to be paid as the Leasehold Mortgagee's Foreclosure Period Commencement Payments, in order to establish the Foreclosure Election Notice Service Date and the commencement of the Foreclosure Period.

(4) Neither the provisions of this paragraph (h) nor any information statement provided hereunder shall be deemed to impair, restrict, limit, alter or affect any claim, right or remedy of the Port Authority under this Lease

or otherwise, including without limitation the right to serve a Notice of Termination under the Lease, or to limit the amounts forming the basis for any termination of this Lease by the Port Authority or for which the Lessee may be liable under Section 23 of this Lease entitled "Survival of the Obligations of the Lessee", nor shall the same impose or create any liability on the Port Authority to, or be the basis of any claim against the Port Authority by, the Lessee, the Leasehold Mortgagee, the Bondholders or any of them, the IDA or any other party or Person with respect to such information statement, so long as the Port Authority has provided the same in good faith, and no such information statement shall be binding on the Port Authority or constitute or be deemed to constitute any waiver or estoppel of any claim, right or remedy of the Port Authority.

(i) ***Foreclosure Period***

(1) **"Foreclosure Period"** shall mean the period *commencing* on the Foreclosure Election Notice Service Date, provided, however, that the Foreclosure Period shall not commence if any of the terms and conditions of paragraph (g) of this Section shall not have been satisfied, including without limitation the payment of the Leasehold Mortgagee's Foreclosure Period Commencement Payments simultaneously with the giving of the Foreclosure Election Notice to the Port Authority, and *expiring* on the earliest to occur of (w) the one thousand ninety-fifth ($1,095^{th}$) consecutive day following the Foreclosure Election Notice Service Date, (x) the Lease Assignment/Assumption Commencement Date, (y) the transfer of title to the Lessee's interest in the Mortgaged Premises under this Lease pursuant to the issuance of a final judgment of foreclosure by a court of competent jurisdiction and (z) any termination or expiration of the Leasehold Mortgage as provided in this Section; provided, however, that the Foreclosure Period shall be subject to earlier termination as provided in paragraph (k) of this Section and (except as otherwise expressly provided) to the tolling of the running of the Foreclosure Period pursuant to paragraphs (i)(3) and (p)(4) of this Section or

to the suspension of the running of the Foreclosure Period pursuant to paragraph (n)(3)(ii) of this Section.

(2) In the event that a Notice of Termination is served, or has been served and is pending, during the Foreclosure Period, such Notice of Termination shall be deemed stayed during the balance of the Foreclosure Period, and such Foreclosure Period may continue so long as the Leasehold Mortgagee shall comply with all of the Leasehold Mortgagee's Foreclosure Period Obligations, including without limitation its continued payments of the Leasehold Mortgagee's Foreclosure Period Current Basis Payments.

(3) As of the date and during the pendency of any Lessee Bankruptcy, notwithstanding anything herein to the contrary, the counting of days and the Leasehold Mortgagee's Foreclosure Period Obligations in connection with any then-pending Foreclosure Period shall be deemed suspended and held in abeyance until the earlier of (i) the conclusion of the Lessee Bankruptcy or (ii) the Bankruptcy Rejection Date, provided, however, that nothing in the foregoing shall or shall be deemed to suspend or hold in abeyance any of the Lessee's obligations under this Lease, all of which obligations shall remain in full force and effect.

(4) Notwithstanding anything herein to the contrary, if, during the pendency of any Foreclosure Period, the Bonds Default and/or Lease default giving rise to such Foreclosure Period, or any subsequent Bonds Defaults or Lease defaults thereafter occurring, are cured, or waived by the Port Authority (or the Leasehold Mortgagee in connection with a Bonds Default), as applicable, in accordance with the applicable agreement(s) prior to the Lease Assignment/Assumption Commencement Date and any pleading/proceedings based upon such Bonds Defaults or lease defaults are dismissed with prejudice, then such Foreclosure Period shall be deemed not to have occurred (provided that any amounts paid or owing to the Port Authority as of

the date thereof shall be retained by, or continue to be owing to, the Port Authority, as applicable).

(j) ***Leasehold Mortgagee's Foreclosure Period Obligations.***

The Trustee as Leasehold Mortgagee shall have all of the following obligations upon the commencement of and during the Foreclosure Period (all of the following obligations, collectively, the **"Leasehold Mortgagee's Foreclosure Period Obligations"**):

(i) From the first day of the Foreclosure Period and at all times during the continuation of the Foreclosure Period (and in addition to the Leasehold Mortgagee's Foreclosure Period Commencement Payments) the Leasehold Mortgagee shall pay to the Port Authority the Leasehold Mortgagee's Foreclosure Period Current Basis Payments on a current basis, as and when due under this Lease, to the extent such amounts are not paid by Lessee.

(ii) At all times during the Foreclosure Period the Leasehold Mortgagee shall use all reasonable efforts to preserve the value of the Mortgaged Premises until it has control of the Mortgaged Premises, and thereafter shall fulfill all obligations under this Lease with respect to the preservation of the Mortgaged Premises;

(iii) Promptly upon any commencement of the Foreclosure Period, whether triggered by a default under this Lease (Notice of Termination or Bankruptcy Rejection Date) or a Bonds Default, the Leasehold Mortgagee shall (to the extent permitted by law) commence, and throughout the Foreclosure Period diligently and in good faith continue and seek to complete, proceedings to foreclose upon the Leasehold Mortgage, including eviction of the Lessee in the event the Lessee fails to vacate the Mortgaged Premises.

(iv) From time to time, promptly following the Port Authority's request, the Leasehold Mortgagee shall deliver to the Port Authority the Leasehold Mortgagee's certified statement as to the status of the proceedings to foreclose upon the Leasehold Mortgage.

(k) ***Termination of Foreclosure Period.***

(1) If the Leasehold Mortgagee fails to timely pay any of the Leasehold Mortgagee's Foreclosure Period Current Basis Payments, and such failure has not been cured within twenty (20) days after notice from the Port Authority, or fails to fully and duly perform any of the other Leasehold Mortgagee's Foreclosure Period Obligations, and such failure has not been cured within thirty (30) days after notice from the Port Authority (except where fulfillment of the obligation requires activity over a period of time, and the Leasehold Mortgagee shall have commenced to perform whatever may be required for fulfillment within such thirty-day period and continues such performance without interruption except for causes beyond its control), the Foreclosure Period and the Foreclosure Rights and the Leasehold Mortgage shall automatically terminate without any further act on the part of the Port Authority, and any Notice of Termination previously stayed shall become fully effective as provided below. Notwithstanding anything herein to the contrary but without limiting subparagraph (2) below or paragraph (o) of this Section, the automatic termination of the Foreclosure Period, the Foreclosure Rights and the Leasehold Mortgage shall be the sole right or remedy of the Port Authority for the failure of the Leasehold Mortgagee to pay the Leasehold Mortgagee's Foreclosure Period Current Basis Payments, provided, however, that the foregoing shall not be deemed to preclude the Port Authority from charging any late payment or other fees and charges that the Port Authority would be entitled to collect under this Lease in the event of any late payment or performance of the Lessee's obligations under this Lease.

(2) Upon any expiration, termination or cancellation of the Foreclosure Period (other than by reason of a final judgment of foreclosure by a court of competent jurisdiction or an assignment of lease in lieu of foreclosure), the Port Authority's termination under the Notice of Termination shall be deemed effective with respect to the Mortgaged Premises, and this Lease with respect to the Mortgaged Premises shall be deemed terminated effective immediately on said termination of the Foreclosure Period in accordance with Section 20 of this Lease, entitled "Termination by the Port Authority", and the Port Authority, in addition to pursuing any or all of its rights and remedies under the Lease, or otherwise, shall be entitled to elect to use, alter or demolish any of the improvements on the Mortgaged Premises free of any claim, right or interest of the Lessee, the Leasehold Mortgagee, the IDA, the Trustee or the Bondholders.

(l) ***Port Authority Use of Mortgaged Premises during Foreclosure Period.***

Without limiting the terms and conditions of Sections 45, 46 and 95 hereof and in addition thereto, during the Foreclosure Period, as to any and all portions of the Mortgaged Premises which the Lessee has vacated or from which the Lessee has been evicted, the Port Authority, until such time as the Leasehold Mortgagee obtains an Approved Successor Lessee, may use or grant the use of such portion or portions of the Mortgaged Premises on a temporary basis (subject to a thirty (30) day right of termination by the Port Authority without cause) to other Aircraft Operators who have not conducted scheduled passenger aircraft operations at the Airport within the immediately prior thirty-six (36) calendar months, which shall be deemed a subuse under this Lease and shall not impair or limit any of the obligations or liabilities of the Lessee or the Leasehold Mortgagee; any net amount received by the Port Authority (after deducting all expenses, costs and disbursements incurred or paid by the Port Authority in connection therewith) shall be credited, as the Port

Authority shall determine, either to the obligations of the Lessee to the Port Authority under this Lease and/or the Leasehold Mortgagee's Foreclosure Period Current Basis Payments. No such subuse shall be or be construed to be an acceptance of a surrender or a waiver of any claims, rights or remedies of the Port Authority or to be a Foreclosure by the Leasehold Mortgagee, or to limit the Foreclosure Rights of the Leasehold Mortgagee under this Section.

(m) ***Termination of Foreclosure Rights on Expiration of Foreclosure Period.***

In the event that at the expiration of the Foreclosure Period there has not occurred (x) a transfer of title to the Lessee's interest in the Mortgaged Premises under this Lease pursuant to the issuance of a final judgment of foreclosure by a court of competent jurisdiction or (y) an assignment-in-lieu-of-foreclosure of the Lessee's interest in the Mortgaged Premises under this Lease, then upon the expiration of the Foreclosure Period the Foreclosure Rights and the Leasehold Mortgage shall terminate automatically and the Trustee shall have no further rights or obligations with respect to Foreclosure, the Port Authority's termination under the Notice of Termination shall be deemed effective with respect to the Mortgaged Premises and this Lease with respect to the Mortgaged Premises shall be deemed terminated effective immediately on said expiration of the Foreclosure Period in accordance with Section 20 of this Lease, entitled "Termination by the Port Authority", and the Port Authority, in addition to pursuing any or all of its rights and remedies under the Lease, or otherwise, shall be entitled to elect to use, alter or demolish any of the improvements on the Mortgaged Premises free of any claim, right or interest of the Lessee, the Leasehold Mortgagee, the IDA, the Trustee or the Bondholders.

(n) ***Lessee Bankruptcy.***

(1) **"Bankruptcy Rejection Date"** shall mean the later of (x) the date set forth in the final, non-appealable order of the bankruptcy

court as the effective date thereof for the rejection of this Lease by the Lessee and (y) the actual date that such order of the bankruptcy court becomes final and non-appealable.

"Lessee Bankruptcy" shall mean the filing by the Lessee of a voluntary petition under the Bankruptcy Code or the filing of an involuntary petition against the Lessee under the Bankruptcy Code, and the pendency of proceedings pursuant thereto.

(2) The fact that the Bankruptcy Rejection Date may trigger the Foreclosure Election Period pursuant to Section 92(g) above shall not constitute any waiver, impairment or limitation of any claims, rights or remedies of the Port Authority with respect to such rejection of this Lease or the Lessee Bankruptcy.

(3) In the event of the occurrence of a Lessee Bankruptcy prior to the commencement of the Foreclosure Period,

(i) if the Lessee as debtor in possession or the bankruptcy trustee assumes and assigns this Lease to an assignee which assignee also assumes this Lease subject to the encumbrance created by the Leasehold Mortgage (by operation of law or otherwise) (whether or not such assignee also assumes the Subleases and the Lessee's obligations to pay the principal, redemption premium and interest on any of the Bonds) and there are then Bonds Outstanding, then the Foreclosure Rights of the Leasehold Mortgagee and the Leasehold Mortgage shall continue to obtain and apply to the tenancy of said assignee of the assigned Lease of the Mortgaged Premises, with Foreclosure Rights and a new Foreclosure Period as to such assignee in accordance with and subject to this Section;

(ii) if the Lessee as debtor in possession or the bankruptcy trustee rejects this Lease, then the Foreclosure Election Period shall commence upon the Bankruptcy Rejection Date, and the provisions of paragraph (g) hereof shall apply.

(4) In the event of the occurrence of a Lessee Bankruptcy subsequent to the commencement of the Foreclosure Period,

(i) if the Lessee as debtor in possession or the bankruptcy trustee assumes and assigns this Lease to an assignee which assignee also assumes this Lease subject to the encumbrance created by the Leasehold Mortgage (by operation of law or otherwise) (whether or not such assignee also assumes the Subleases and the Lessee's obligations to pay the principal, redemption premium and interest on the Bonds) and there are then Bonds Outstanding, then the Foreclosure Rights of the Leasehold Mortgagee and the Leasehold Mortgage shall continue to obtain and apply to the tenancy of said assignee of the assigned Lease of the Mortgaged Premises, with Foreclosure Rights and a new Foreclosure Period as to such assignee in accordance with and subject to this Section;

(ii) if the Lessee as debtor in possession or the bankruptcy trustee rejects this Lease, then the running of the previously commenced Foreclosure Period shall be deemed suspended as of the date of the Lessee Bankruptcy and shall resume as of the occurrence of a Bankruptcy Rejection Date; provided, however, that the foregoing shall not constitute any waiver, impairment or limitation of any claims, rights or remedies of the Port Authority with respect to such rejection of this Lease or with respect to a Lessee Bankruptcy.

(5) The foregoing shall not limit the rights granted hereunder to the Leasehold Mortgagee, so long as the Leasehold Mortgagee fulfills all Leasehold Mortgagee's Foreclosure Period Obligations, including without limitation the payment to the Port Authority of the Leasehold Mortgagee's Foreclosure Period Current Basis Payments.

(6) In the event that title to the Lessee's interest in the Mortgaged Premises is transferred to the Leasehold Mortgagee, so that

the Leasehold Mortgagee becomes the lessee under this Lease, then, unless in the meantime an Approved Successor Lessee shall have become the Lessee hereunder, this Lease shall automatically terminate at 11:59 p.m. on the thirtieth (30^{th}) day following such transfer of title.

(o) ***Port Authority Right to Pay Off Bonds.***

(1) At any time, upon the Port Authority's request, the Leasehold Mortgagee shall give the Port Authority a notice which shall state the principal amount of the Bonds then Outstanding, the amount of accrued and unpaid interest thereon, and the per diem interest which will accrue on the principal amount of the Bonds then Outstanding from and after the date of such notice.

(2) The Port Authority shall have the right, after the occurrence of a Leasehold Mortgage Default (as defined in the Leasehold Mortgage) to tender to the Leasehold Mortgagee the total amount specified in such notice, including per diem interest through the date of such tender, and upon such tender the Leasehold Mortgage and the Foreclosure Rights, if any, shall terminate and be of no further force and effect. Promptly following the Port Authority's tender of such amount specified in such notice, the Lessee shall cause to be executed, and the Leasehold Mortgagee shall execute a satisfaction of the Leasehold Mortgage, cause the same to be filed in the Office of the City Register for Queens County and take all other and additional actions that are required in order to discharge the lien of the Leasehold Mortgage as of record.

(p) ***Successor Lessee.***

(1) No entity, party or Person other than an Approved Successor Lessee shall be entitled to become the owner of or acquire any interest in this Lease pursuant to a judgment of foreclosure and sale or as a result of an assignment in lieu of foreclosure or as a result of the exercise by the Leasehold Mortgagee of its Foreclosure Rights or otherwise. Without limiting the foregoing, it is understood and acknowledged

that the transfer of this Lease to an entity, party or Person other than a Scheduled Aircraft Operator or a consortium of Scheduled Aircraft Operators in violation of the foregoing prohibition may cause irreparable and substantial harm, injury and liability to the Port Authority. Any entity, person or party proposed to become an Approved Successor Lessee (the "**Proposed Successor Lessee**") shall become an Approved Successor Lessee only if (x) the Leasehold Mortgagee duly exercises its Foreclosure Rights by submitting to the Port Authority its Foreclosure Election Notice stating its election to exercise its Foreclosure Rights under this Lease and including therewith the payment to the Port Authority of the Leasehold Mortgagee's Foreclosure Period Commencement Payments, and fulfills all the other Leasehold Mortgagee's Foreclosure Period Obligations, including without limitation the payment to the Port Authority of the Leasehold Mortgagee's Foreclosure Period Current Basis Payments, (y) said Proposed Successor Lessee meets all of the requirements for an Approved Successor Lessee and (z) said Proposed Successor Lessee receives the approval of the Port Authority in advance.

(2) In determining whether to approve or disapprove a Proposed Successor Lessee, the Port Authority shall consider all relevant factors, including without limitation the following factors, but it is agreed that the Port Authority shall analyze all such factors in a reasonable manner:

(i) whether the Proposed Successor Lessee will be able to fulfill all of the Lessee's obligations under this Lease with respect to the Mortgaged Premises throughout the balance of the term of the letting hereunder or such lesser term as it proposes to lease;

(ii) whether the financial standing of the Proposed Successor Lessee as of the effective date of its acquisition of the leasehold hereunder is sufficient, in the opinion of the Port Authority, to assure

the Port Authority that the Proposed Successor Lessee is able to fulfill all of the Lessee's obligations with respect to the Mortgaged Premises under this Lease throughout the balance of the term of the letting of the Mortgaged Premises hereunder or such lesser term as it proposes to lease which shall constitute the term of the proposed relatting to the Proposed Successor Lessee; including without limitation the submission to the Port Authority of such security or guaranty in such form and amount as the Port Authority may find satisfactory and shall also submit such financial statements and other financial information as the Port Authority may require;

(iii) whether the Proposed Successor Lessee and any officer, director or partner thereof and any person, firm or corporation having an outright or beneficial interest in twenty percent (20%) or more of the monies invested in the Proposed Successor Lessee, if said Proposed Successor Lessee is a corporation or partnership, by loans thereto, stock ownership therein or any other form of financial interest has as of the date of the proposed assignment/assumption a good reputation for integrity and financial responsibility and has not beer. convicted of or under current indictment for any crime and is not currently involved in material civil anti-trust or fraud litigation (other than as a plaintiff);

(iv) whether the Port Authority has had any "Unfavorable Experience" with the Proposed Successor Lessee, or any of its officers, directors, or partners, or any person, firm or corporation (such officers, directors, partners, person, firm and corporation, being herein in this item (iv) individually and collectively referred to as a **"Related Party"**) having an outright or beneficial interest in twenty percent (20%) or more of the monies invested in the Proposed Successor Lessee, if said Proposed

Successor Lessee is a corporation or partnership, by loans thereto, stock ownership therein or any other form of financial interest; **"Unfavorable Experience"** as used herein shall mean any one or more of the following: (A) a material default by said Proposed Successor Lessee or any such Related Party of any obligation (monetary or non-monetary) to the Port Authority; (B) any assertion made by said Proposed Successor Lessee or any such Related Party against the Port Authority in any frivolous, false, malicious, or unsupportable claim, demand or allegation or suit or proceeding; (C) any act or omission of said Proposed Successor Lessee or any such Related Party causing or resulting in any loss, damage or injury to the Port Authority or the imposition or threatened imposition of any fine or penalty on the Port Authority or the commencement or threatened commencement of any action, suit or proceeding against the Port Authority; (D) any failure or refusal of said Proposed Successor Lessee or any such Related Party to comply with any law, governmental order, directive, ordinance or requirement, including without limitation, Environmental Requirements, at any Port Authority facility; (E) any failure to comply with, or breach of, the Port Authority's Code of Ethics and Financial Disclosure by said Proposed Successor Lessee or any such Related Party; or (F) any breach by said Proposed Successor Lessee or any such Related Party of any fiduciary obligation, trust, confidence or other duty to the Port Authority or of any confidentiality agreement with the Port Authority; and

(v) whether the Proposed Successor Lessee or any officer, director or partner thereof or any Person, firm or corporation having an outright or beneficial interest in twenty percent (20%) or more of the monies invested in the proposed assignee, if said Proposed Successor Lessee is a corporation or partnership, by loans

thereto, stock ownership therein or any other form of financial interest is in conflict of interest, as defined under the laws of the States of New York and New Jersey or Port Authority policy, with any Commissioner of the Port Authority as of the date of the proposed acquisition.

Without limiting any other term or provision hereof, the Proposed Successor Lessee must also agree in the Lease Assignment/Assumption and Consent Agreement, to pay all of the rentals, fees, charges and other amounts payable under and in accordance with the Lease, including without limitation, any unpaid amount of the Leasehold Mortgagee's Foreclosure Period Current Basis Payments. The Proposed Successor Lessee shall use and occupy the Mortgaged Premises for the purposes set forth in Section 5 hereof and shall meet all of the requirements set forth in this Section for a Proposed Successor Lessee, including without limitation being a Scheduled Aircraft Operator or a consortium of such Scheduled Aircraft Operators and shall agree (and, if a consortium, shall agree jointly and severally) in the Lease Assignment/Assumption and Consent Agreement to use and occupy the Mortgaged Premises in accordance with all the terms and conditions of this Lease.

(3) Notwithstanding the foregoing, no acquisition, assignment, sale or transfer pursuant to this paragraph (p) shall be effective, and no Proposed Successor Lessee shall become an Approved Successor Lessee, or have any right to possess, use or occupy the Mortgaged Premises unless and until an assignment and assumption agreement, in the event of an assignment in lieu of foreclosure, or an assumption agreement, in the event of a foreclosure, whereby the Proposed Successor Lessee assumes the obligations of the Lessee as if it were the original tenant hereunder, has been executed by the Port Authority, the Lessee (except in the case of an assumption agreement,

in the event of a foreclosure, in which case the signature of the Lessee shall not be required and the Lessee hereby expressly so agrees), the Proposed Successor Lessee and the Leasehold Mortgagee (said fully executed agreement in either case, the **"Lease Assignment/Assumption and Consent Agreement"**). The effective date of the Lease Assignment/Assumption and Consent Agreement (the **"Lease Assignment/Assumption Commencement Date"**), shall be a date prior to or simultaneous with the expiration of the Foreclosure Period, provided, however, that where the Leasehold Mortgagee has commenced proceedings to foreclose the Leasehold Mortgage, such date shall be deemed to have occurred only upon the Leasehold Mortgagee's successful completion of foreclosure and eviction proceedings prior to the expiration of the Foreclosure Period (subject to the aggregate total maximum of 1,095 days, except as the running of the 1,095-day Foreclosure Period may be tolled as provided in paragraph (p)(4) of this Section or suspended as provided in the last sentence of the definition of the Foreclosure Period or paragraph (n)(3)(ii) of this Section); provided, further, however, that in the event the Leasehold Mortgagee does not in fact successfully complete the foreclosure of the Leasehold Mortgage and eviction proceedings prior to the expiration of the Foreclosure Period (subject to the aggregate total maximum of 1,095 days, except as the running of the 1,095-day Foreclosure Period may be tolled as provided paragraph (p)(4) of this Section or suspended as provided in the last sentence of the definition of the Foreclosure Period or paragraph (n)(3)(ii) of this Section) the Lease Assignment/Assumption and Consent Agreement shall be null and void and of no force or effect. The Lease Assignment/ Assumption Agreement shall be substantially in the form used by the Port Authority at the time of the foreclosure or assignment in lieu of foreclosure for the assignment and assumption or assumption, as the case shall be, of leases at the Airport and shall contain such other terms and conditions as the Port Authority may determine to be necessary or desirable to

effectuate such assignment and assumption or assumption.

(4) It is understood and agreed that after the Leasehold Mortgagee has obtained a Proposed Successor Lessee and has promptly submitted to the Port Authority all required and necessary information and materials (provided, however, that failure by the Leasehold Mortgagee to give such written notice promptly shall not be deemed to be a violation of the terms of this Section or the Consent Agreement and shall not be deemed to impair the Foreclosure Rights of the Leasehold Mortgagee except that there shall be no Approved Successor Lessee where the Port Authority is unable to make a determination resulting from such failure of the Leasehold Mortgagee; provided, further, however, that such failure by the Leasehold Mortgagee to promptly give such notice and information to the Port Authority shall also mean that there shall be no tolling of the Foreclosure Period pursuant to this paragraph (p)) to enable the Port Authority to determine whether it will approve such Proposed Successor Lessee as an Approved Successor Lessee (which determination includes the signing by the Port Authority, the Lessee (in the case of an assignment in lieu of foreclosure) and the Approved Successor Lessee of the Lease Assignment/Assumption and Consent Agreement), the running of the Foreclosure Period shall be deemed tolled pending such determination by the Port Authority, such determination to be made promptly and reasonably by the Port Authority, provided, however, that no such tolling shall be effective unless the Leasehold Mortgagee promptly continues to submit such additional information and material as may be reasonably required by the Port Authority for its making of its determination. Such tolling shall not toll the Leasehold Mortgagee's Foreclosure Period Obligations.

(q) ***No Merger.***

No sale, transfer or assignment by the Lessee of its interest in this Lease to the Port Authority shall create a merger between the

estates of the Port Authority and the Lessee unless the Port Authority, the Lessee and the Leasehold Mortgagee shall specifically consent to such merger in writing, nor shall any such sale, transfer or assignment be deemed to affect or diminish the liabilities of the Lessee named in this Lease, whether for survived damages or otherwise.

(r) ***Inclusion in Consent Agreement.***

Each and every provision stated herein to be or become a right or an obligation of the Trustee or of the Leasehold Mortgagee shall be included in the Consent Agreement (by reference to this Lease or otherwise) as among the rights and obligations of the Trustee, and in the Leasehold Mortgage as among the rights and obligations of the Leasehold Mortgagee under the Leasehold Mortgage, and each and every provision stated herein to be or become an obligation of the Approved Successor Lessee shall be deemed included in the obligations assumed by the Approved Successor Lessee by its acquisition of the Mortgaged Premises, the Lease with respect thereto and by its execution of the Lease Assignment/Assumption and Consent Agreement.

(s) ***No Waiver, etc.***

(1) If the Leasehold Mortgagee shall obtain an Approved Successor Lessee, such Approved Successor Lessee shall acquire the Lease with respect to the Mortgaged Premises with no further right to mortgage or pledge the leasehold, and shall have no right to assign the Lease with respect to the Mortgaged Premises other than the limited right of assignment provided under Section 19 hereof.

(2) Nothing herein shall or shall be deemed to release or relieve the Lessee from any terms, provisions, covenants or conditions to be kept, performed or observed by the Lessee under this Lease or under the Consent Agreement.

(3) Nothing herein shall constitute or be deemed to constitute any waiver by the Port Authority of any of its rights or remedies to evict the Lessee in the event the Port Authority

terminates this Lease pursuant to Section 20 of this Lease, entitled "Termination by the Port Authority", or otherwise and the Leasehold Mortgagee fails to properly exercise its Foreclosure Rights in accordance with the provisions hereof.

(4) Except for the rights granted herein to the Leasehold Mortgagee, nothing herein shall constitute any waiver, impairment or limitation of any of claims, rights or remedies of the Port Authority based upon any event of default or based on any rejection of this Lease resulting from a Lessee Bankruptcy or based on any Lessee Bankruptcy.

(5) This Section and the right of the Lessee to grant the Leasehold Mortgage and the right of the Trustee to take the Leasehold Mortgage are and shall be rights granted and effective only as to the Lessee hereunder and are exercisable one time only as above provided, and shall not extend, obtain or apply to any Approved Successor Lessee or other entity, party or Person who may become a tenant or lessee of the Premises or any portion thereof with no further right to grant a Leasehold Mortgage. Any Scheduled Aircraft Operator, including without limitation any Section 19 Assignee, to which this Lease is assigned with the consent of the Port Authority shall take this Lease subject to this Section 92 and the prior exercise by the Lessee of said one time right to grant a Leasehold Mortgage and shall not have any further right to grant a Leasehold Mortgage.

(6) Neither this Section nor anything contained herein nor any action taken or not taken hereunder shall impair, restrict or limit the rights of the Port Authority under Section 46 hereof.

(t) ***Leasehold Mortgagee's Right to Dispute.***

With respect to all obligations of the Lessee to be fulfilled by the Leasehold Mortgagee as a condition to the commencement or continuation of the Foreclosure Rights or the Foreclosure Period, including without limitation

with respect to the amounts constituting the Leasehold Mortgagee's Foreclosure Period Commencement Payments and the Leasehold Mortgagee's Foreclosure Period Current Basis Payments, the Leasehold Mortgagee shall be entitled to the same rights of dispute as the Lessee would have under the Lease with respect to the items in dispute.

14. Addition of New Sections 95 through 97

The Section of this Lease entitled "Entire Agreement", as amended by Supplemental Lease Agreement No. 1, shall be renumbered as "Section 100", the reference in the first sentence thereof to "Section 95" shall be amended to read "Section 100" and the following new Sections 95 through 97 are hereby added to the Lease to read as follows:

"Section 95. Termination of Parcel M by the Port Authority

(a) Without limiting any other rights of termination of the Port Authority under the Lease, from and after the earlier to occur of January 1, 2008 and the Redevelopment Work Completion Date, in addition to all of the rights of termination of the Port Authority under this Lease, the Port Authority shall have the right to terminate this Agreement and the letting thereunder with respect to that portion of the Premises shown in diagonal hatching on Exhibit 95.1 attached hereto and hereby made a part hereof (which portion of the Premises is herein called **"Parcel M"**), without cause, at any time on ninety (90) days' prior notice to the Lessee (the **"Parcel M Termination Notice"**), provided, however, this right of termination shall be suspended commencing on the date of the Lessee's notice to the Port Authority of the Lessee's election to perform the Expanded Terminal Work, and submittal of a tenant alteration application or applications and plans and specifications covering the Expanded Terminal Work as defined in Section 2B of this Lease as amended by Supplement No. 2 to this Lease and for so long thereafter as the Lessee diligently and in good faith commences and continues the Expanded Terminal Work,

provided, further. however, the Port Authority shall have no right to terminate this Agreement and the letting hereunder with respect to Parcel M from and after the date that the Expanded Terminal Work has been completed in accordance with the tenant alteration applications and plans and specifications therefor as approved by the Port Authority in accordance with Section 2B of this Lease.

(b) Nothing contained in this Section shall be or be deemed to be the Port Authority's consent to the Lessee's construction of additional Gates on the Premises or have limited or otherwise affected the rights and remedies of the Port Authority under this Lease or otherwise including without limitation Section 33 hereof entitled "Other Construction by the Lessee" nor shall have imposed any obligation whatsoever on the Port Authority, including without limitation, any obligation to consider or consent to the construction of additional Gates on the Premises, including without limitation the Expanded Terminal Work.

(c) Effective as of the date and time stated in the Parcel M Termination Notice which date and time (the **"Parcel M Surrender Date"**) shall be at least ninety (90) days after the date of the Parcel M Termination Notice, the Lessee has granted, bargained, sold, surrendered and yielded up and does by these presents grant, bargain, sell, surrender and yield up unto the Port Authority, its successors and assigns, forever, its rights in Parcel M and the term of years with respect thereto under this Lease yet to come and has given, granted, surrendered and by these presents does give, grant and surrender to the Port Authority, its successors and assigns, all the rights, rights of renewal, licenses, privileges and options of the Lessee granted by this Lease with respect to Parcel M, all to the intent and purpose that the said term under this Lease and the said rights of renewal, licenses, privileges and options may be wholly merged, extinguished and determined on the Parcel M Surrender Date, with the same force and effect as if the said term were in and by the provisions

of this Lease originally fixed to expire on the Parcel M Surrender Date, but this Lease and the letting thereunder shall continue in full force and effect as to the remainder of the Premises under this Lease and in accordance with all the terms and provisions thereof.

TO HAVE AND TO HOLD the same unto the Port Authority, its successors and assigns forever.

(d) The Lessee hereby covenants on behalf of itself, its successors and assigns that (x) as of the Parcel M Surrender Date, the Lessee has not done or suffered and will not do or suffer anything, other than the Leasehold Mortgage, whereby Parcel M or the Lessee's leasehold therein has been or shall be encumbered in any way whatsoever; (y) subject to the Leasehold Mortgage, the Lessee is and will remain until the Parcel M Surrender Date the sole and absolute owner of the leasehold estate in Parcel M and of the rights, rights of renewal, licenses, privileges and options granted by this Lease with respect thereto and that the same are and will remain until the Parcel M Surrender Date free and clear of all liens and encumbrances of whatsoever nature; and (z) the Lessee has full right and power to make this Agreement.

(e) All promises, covenants, agreements and obligations of the Lessee with respect to Parcel M which under the provisions thereof would have matured upon the date originally fixed in this Lease for the expiration of the term thereof, or upon the termination of this Lease prior to the said date, or within a stated period after expiration or termination shall, notwithstanding such provisions, mature upon the Parcel M Surrender Date and shall survive the delivery of the Parcel M Termination Notice by the Port Authority to the Lessee.

(f) The Lessee has released and discharged and does by these presents release and discharge the Port Authority from any and all obligations on the part of the Port Authority to be performed under this Lease with respect to Parcel M. The Port Authority does by these presents release and

discharge the Lessee from any and all obligations on the part of the Lessee to be performed under this Lease with respect to Parcel M for that portion of the term subsequent to the Parcel M Surrender Date; it being understood that nothing herein contained shall release, relieve or discharge the Lessee from any liability for rentals or for other charges that may be due or become due to the Port Authority under this Lease for any period or periods prior to the Parcel M Surrender Date, or for breach of any other obligation on the Lessee's part to be performed under this Lease for or during such period or periods or maturing pursuant to the foregoing paragraph, nor shall anything herein be deemed to release the Lessee from any liability for rentals or other charges that may be due or become due to the Port Authority under this Lease for any other portion of the Premises or for breach of any other obligation on the Lessee's part to be performed under the Lease.

(g) The Lessee hereby agrees to terminate its occupancy of Parcel M and to deliver actual, physical possession of Parcel M to the Port Authority, on or before the Parcel M Surrender Date, in the condition required by this Lease upon surrender. The Lessee further agrees that it shall remove all the Lessee's Personal Property from Parcel M prior to the Parcel M Surrender Date, and all the terms and conditions of Section 29 of this Lease with respect to termination of the letting shall apply to any of the Lessee's Personal Property not so removed.

(h) The Lessee hereby acknowledges that each and every term, provision and condition of this Lease shall continue to apply to the premises remaining after the termination of the Parcel M.

(i) From and after the day immediately following the Parcel M Surrender Date, the Lessee shall be entitled to an abatement of the Ground Rental in accordance with and pursuant to this Lease and the Additional Land Rental shall terminate as provided for in Section 4 hereof.

"Section 96. Continuing Rights and Obligations with Respect to Parcel M

In addition to all other terms or provisions of this Agreement, and without limiting any of the same and without limiting, impairing or diminishing any of the obligations, duties and liabilities of the Lessee under this Agreement, it is expressly understood and agreed that:

(a) ***Work to be Completed by Lessee after Surrender.***

After the Parcel M Surrender Date, the Port Authority shall give notice to the Lessee identifying the new tenant of Parcel M (the "**Parcel M Tenant**") and detailing the basic footprint of such new tenant's planned construction on Parcel M (the "**Parcel M Construction Notice**"). The Lessee shall (x) promptly provide access to the Parcel M Tenant in accordance with the following and (y) promptly commence, and within 24 months thereafter complete, the following work at its sole cost and expense, subject to the further terms and conditions of a tenant alteration application (TAA) which the Lessee, in accordance with Section 33 hereof, shall submit to the Port Authority for its approval.

(1) In the event the Parcel M Construction Notice states that a stand-alone terminal building will be constructed on Parcel M, the Lessee shall provide the Parcel M Tenant access to the Premises for the purpose of performing the work necessary or appropriate to transfer and rededicate aviation fuel lines 403.1, 403.2 and 403.3 (as shown on Exhibit 2B.4) to serve Parcel M, and the Lessee shall cooperate in such transfer and rededication. The Lessee shall also perform the work necessary or appropriate to activate fuel line 408.3 (shown on Exhibit 2B.4), including the pumps, from the Satellite Fuel Farm at the Airport to the isolation valve vault (IVV-C6) located on the Premises.

(2) (i) In the event the Parcel M Construction Notice states that the terminal

building to be constructed on Parcel M will be an enlargement of the Lessee's Main Terminal (the "**Parcel M Enlarged Terminal**"), the Parcel M Tenant may agree with the Lessee to have the Parcel M Enlarged Terminal jointly served by the four functioning fuel lines located at the Premises as of the Restructuring Effective Date (403.1, 403.2, 408.1 and 408.2).

(ii) If, however, the Parcel M Tenant does not agree to the foregoing arrangement and prefers to have a separate fuel supply for its portion of the Parcel M Enlarged Terminal, the Lessee shall provide the Parcel M Tenant access to the Premises for the purpose of performing the work necessary or appropriate to transfer and rededicate aviation fuel lines 403.1, 403.2 and 403.3 (as shown on Exhibit 2B.4) to serve Parcel M, and the Lessee shall cooperate in such transfer and rededication. The Lessee shall also perform the work necessary or appropriate to activate fuel line 408.3, including the pumps, from the Satellite Fuel Farm at the Airport to the isolation valve vault (IVV-C6) located on the Premises.

(3) In the event the Parcel M Construction Notice states that the terminal building to be constructed on Parcel M will be the Parcel M Enlarged Terminal, the Lessee shall perform all work necessary or appropriate for the relocation of the fire hydrant line designated as "fire hydrant line E/S" serving the Main Terminal so that the same shall not be situated underneath the structure of the Main Terminal, the Parcel M Enlarged Terminal or any other building on the Premises or on Parcel M.

(4) In the event the Parcel M Construction Notice states that the terminal building to be constructed on Parcel M will be the Parcel M Enlarged Terminal, the Lessee shall perform all work necessary or appropriate for the relocation of the sanitary line and lift station designated as "E/S" serving the Main Terminal to and through such areas on the Premises so that the same shall not be situated underneath the structure of the Main Terminal, the Parcel M

Enlarged Terminal or any other building on the Premises or on Parcel M.

(5) The Lessee shall perform all work necessary or appropriate for the paving and grading of the aircraft taxiway areas shown in cross hatching (Area-1) on Exhibit 96.1.

(6) The Lessee shall perform all work necessary or appropriate for the relocation of the PPS operation from Parcel M.

(b) ***Lessee's Failure to Complete on Time.***

In the event of the Lessee's failure to complete the foregoing work within the time provided in the foregoing paragraph (a) of this Section, such work may be performed, at the Lessee's expense, by the Port Authority or any new tenant of Parcel M.

(c) ***Mutual Easements.***

From and after the Parcel M Surrender Date during the term of the Lease:

(1) The strip of land lying along and within the easterly boundary line of the Premises (which strip is shown in stipple/diagonal hatching [Area-2] on Exhibit 96.1), together with the corresponding contiguous strip of land lying along and within the westerly boundary of Parcel M and immediately abutting on the easterly side of the Premises (which strip is shown in cross hatching/diagonal triangular hatching [Area-1, Area-3] on Exhibit 96.1) shall be subject to a joint and mutual easement for a taxiway to be used jointly by the Lessee and the tenants, occupants and permittees of Parcel M or by any successors in interest of the Lessee or of said persons or by sublessees or other occupants or users who, pursuant to Port Authority permission, may occupy or use the Premises herein or Parcel M, and such rights of easement for such taxiway purposes shall continue during the effective periods of the respective agreements covering or which may cover the same.

(2) The roadway areas lying along and within the southerly boundary of the Premises and shown in stipple/cross hatching (Area-4) on

Exhibit 96.1 shall be subject to a non-exclusive easement right of way for purposes of vehicular roadway ingress and egress to Parcel M in favor of the lessee(s), tenant(s), occupant(s) and user(s) (and their invitees), now or in the future leasing, renting, occupying or using any of the areas or buildings on Parcel M.

(3) The roadway areas lying along and within the southerly boundary of Parcel M and shown in star/diagonal hatching (Area-5) on Exhibit 96.1 shall be subject to a non-exclusive easement right of way for purposes of vehicular roadway ingress and egress to the Premises in favor of the Lessee (and its invitees), now or in the future leasing, renting, occupying or using any of the areas or buildings on Parcel M.

(4) The Premises shall be subject to an easement in favor of the Port Authority, and the lessee(s), tenant(s), occupant(s) and user(s) of Parcel M (and their contractors and other invitees) for the purposes of the installation through the Premises of a fire hydrant system, fuel lines and sanitary lift stations to serve Parcel M (including ingress to and egress from the Premises for such purposes and for the maintenance and repair of the same), provided that no such activity shall interfere with the Lessee's operations on the Premises.

(5) In the event that a stand-alone terminal is to be constructed on Parcel M, Parcel M shall be subject to an easement of ingress and egress in favor of the Lessee (and its contractors and other invitees) for the purposes of accessing any fuel lines, the fire hydrant system or sanitary lines/lift stations serving the Premises in order to maintain and repair the same, provided that no such activity shall interfere with the Parcel M Tenant's operations on Parcel M.

(6) The portion of the AirTrain pedestrian connector shown in rectangular hatching (Detail 2) on Exhibit 96.1 shall be subject to an easement of ingress and egress in favor of the Parcel M Tenant and its invitees for the purpose of accessing the AirTrain station.

(7) The areas shown in diagonal hatching/honeycomb (Detail 2) on Exhibit 96.1 shall be subject to an easement of access in favor of the Lessee and its contractors for the purposes of inspection, maintenance and repair of the AirTrain pedestrian connector.

(d) ***Environmental Obligations.***

(1) Notwithstanding the Lessee's surrender of Parcel M, and notwithstanding anything to the contrary herein or elsewhere in this Agreement, the Lessee shall continue to be responsible and liable for compliance with all Environmental Requirements and remediation of all Environmental Damages with respect to Parcel M in accordance with the terms and provisions of this Agreement, including but not limited to Sections 2B, 6, 13, 57, 58 and 59, and for any and all costs or expenses that may be incurred by the Port Authority in connection therewith, but only to the extent arising out of the condition of Parcel M as of the date of such surrender. The foregoing shall not limit, alter or impair any of the indemnities from the Lessee to the Port Authority under this Agreement or otherwise or any other term or provision of this Agreement, or limit, alter or impair any other right or remedy of the Port Authority, whether in law, equity or otherwise.

(2) In order to limit its environmental liability with respect to Parcel M in accordance with the foregoing, the Lessee, at its own cost and expense, shall cause to performed, by properly qualified environmental engineers, a baseline survey of the condition of Parcel M as of the surrender date.

(3) Notwithstanding the Lessee's surrender of Parcel M, the Lessee shall continue to be responsible and liable for any portion of the ACO Work that relates to Parcel M.

(e) ***No Port Authority Reimbursement.***

The Lessee acknowledges and agrees that (x) the Port Authority has made Parcel M available to the Lessee as a part of the Premises in connection with the Lessee's option hereunder

to perform the Expanded Terminal Work, (y) the Lessee shall incur certain costs and make certain investments in consideration for such option and in anticipation of exercising such option, and (z) if the Lessee does not elect to exercise such option and the Port Authority accordingly terminates the letting hereunder with respect to Parcel M pursuant to Section 95 hereof, the Port Authority shall have no obligation to reimburse the Lessee for any costs incurred or investments made by the Lessee in connection with Parcel M.

"Section 97. Security

(a) ***Definitions.***

As used in this Section 97 the following terms shall have the following meanings:

(1) **"Effective Period"** shall mean the period commencing on the Restructuring Effective Date and expiring on the last day of the sixth full calendar month occurring after to occur the expiration or earlier termination or revocation of this Lease.

(3) **"Letter of Credit"** shall mean in the singular each of and **"Letter of Credits"** shall mean in the plural all of the letters of credit required to be delivered by the Lessee to the Port Authority pursuant to the provisions of this Section and which meet all the requirements set forth in paragraph (c) below.

(4) **"Obligations"** shall mean all of the provisions, terms and conditions of this Agreement on the part of the Lessee to be fulfilled, kept, performed or observed and (ii) the payment of all rentals, fees and other amounts, charges and obligations now or in the future to become due and owing to the Port Authority by the Lessee hereunder, and (iii) the performance of all other present and future obligations of the Lessee to the Port Authority covered by this Agreement.

(5) "Security Amount" shall mean

(b) ***Delivery of Letter of Credit.***

The Lessee hereby agrees that on or before the Restructuring Effective Date the Lessee shall cause to be delivered to the Port Authority a Letter of Credit in the Security Amount meeting all the requirements set forth in paragraph (c) below as security for the full, faithful and prompt performance of and compliance with, on the part of the Lessee of all of the Obligations.

(c) Each Letter of Credit shall be clean, irrevocable and issued to and in favor of the Port Authority by a banking institution acceptable to the Port Authority and having its main office in the Port of New York District. The form and terms of each Letter of Credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Each Letter of Credit shall provide that it shall continue until the last day of the Effective Period. Such continuance may be by provision for automatic renewal or by delivery to the Port Authority of a substitute letter of credit satisfactory to the Port Authority and meeting all the requirements set forth in this paragraph (c) in an amount so that at all times during the Effective Period the Port Authority shall have a Letter of Credit or Letters of Credit in the Security Amount. If requested by the Port Authority, any Letter of Credit delivered pursuant to this Section shall be accompanied by a letter expressing the opinion of counsel for the banking institution issuing the Letter of Credit that the issuance of said Letter of Credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law.

(d) Upon notice of cancellation of a Letter of Credit or upon notice that a Letter of Credit will not be extended the Lessee agrees that unless, by a date thirty (30) days prior to the effective date of such cancellation or

expiration, such Letter of Credit is replaced by another letter of credit satisfactory to the Port Authority and meeting all the requirements of paragraph (c) above in an amount so that at all times during the Effective Period the Port Authority shall have a Letter of Credit or Letters of Credit in the Security Amount, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security under this Agreement.

(e) In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option at any time and from time to time, with or without notice, to draw upon each Letter of Credit or any part thereof in whole or partial satisfaction of any of its claims or demands against the Lessee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of a Letter of Credit or Letters of Credit shall cure any default or breach of the Obligations.

(f) If at any time any bank shall fail to make any payment to the Port Authority in accordance with any Letter of Credit issued by any such bank, the Lessee shall cause to be delivered to the Port Authority on demand another letter of credit satisfactory to the Port Authority and meeting all the requirements set forth in paragraph (c) above in an amount so that at all times during the Effective Period the Port Authority shall have a Letter of Credit or Letters of Credit in the Security Amount.

(g) If at any time and from time to time during the Effective Period a payment is made to the Port Authority under any Letter of Credit, the Lessee within ten (10) days thereafter shall bring the Letter of Credit back up to the Security Amount or shall cause to be delivered to the Port Authority an additional letter of credit satisfactory to the Port Authority and meeting all the requirements set forth in paragraph (c) above, in such an amount so that at all times during the Effective Period the Port Authority

shall have a Letter of Credit or Letters of Credit in the Security Amount.

(h) No action by the Port Authority pursuant to the terms of any Letter of Credit, or receipt by the Port Authority of funds from any bank issuing any Letter of Credit, shall be or be deemed to be a waiver of any breach or default by the Lessee of the Obligations and all rights and remedies under the Agreements, or otherwise consequent upon such breach or default shall not be affected by the existence of or recourse to any such Letter of Credit.

(i) After the expiration of the Effective Period, and upon the condition that the Lessee shall then be in no wise in default of any of the Obligations, and upon written request therefor by the Lessee, the Port Authority will return to the Lessee the Letter of Credit or Letters of Credit which have been caused to be delivered to the Port Authority by the Lessee hereunder and are in the possession of the Port Authority less the amount by partial or full drawings of any and all unpaid claims and demands (including estimated damages) of the Port Authority by reason of any default or breach by the Lessee of the Obligations.

(j) [Intentionally omitted]

(k) No failure by the Port Authority to insist upon the strict performance of any of the Obligations or any agreement, term, covenant, requirement or condition thereof or to exercise any right or remedy consequent upon a breach or default of any of the foregoing, and no extension, supplement or amendment of any of the Obligations during or after a breach thereof, unless expressly stated to be a waiver, and no acceptance by the Port Authority of rentals, fees, charges or other payments in whole or in part after or during the continuance of any such breach or default, shall constitute a waiver of any such breach or default of such Obligations or such agreement, term, covenant, requirement, obligation or condition. No agreement, term, covenant, requirement, obligation or condition of the Obligations to be performed or complied with

by the Lessee and no breach or default thereof, shall be waived, altered or modified except by a written instrument executed by the Port Authority. No waiver by the Port Authority of any default or breach on the part of the Lessee in performance of any of the Obligations or any agreement, term, covenant, requirement, obligation or condition thereof shall affect or alter any Obligation, but each and every agreement, term, covenant, requirement, obligation and condition thereof shall continue in full force and effect with respect to any other then existing or subsequent breach or default thereof.

(l) The Lessee hereby agrees that a breach or failure to perform or comply with any of the terms and conditions of this Agreement, including without limitation failure to provide a Letter of Credit or Letters of Credit in accordance with the terms and provisions of this Agreement at any time during the Effective Period valid and available to the Port Authority or any failure of any banking institution issuing a Letter of Credit to make one or more payments as provided in such Letter of Credit, shall constitute a material breach of each and every Obligation, thereby entitling the Port Authority to immediately exercise any and all rights available to it as fully as if such breach, failure or non-compliance were a breach of the Obligations, including without limitation, the right to terminate this Agreement for cause.

(m) The Lessee agrees that it will not assign or encumber any Letter of Credit and any such assignment or encumbrance shall be void as to the Port Authority.

(n) (1) In the event that the rentals payable by the Lessee under this Lease for two consecutive months shall exceed the existing Security Amount (the amount that such rentals shall exceed the existing Security Amount being herein called the "**Increased Bi-Monthly Rental**"), the Security Amount may be increased by the Port Authority upon thirty (30) days' notice to the Lessee in an amount equal to the Increased Bi-

Monthly Rental and the Lessee shall deliver to the Port Authority before the expiration of such thirty- (30-) day period a new Letter of Credit in the amount of the Increased Bi-Monthly Rental or an amendment to a Letter of Credit then being held by the Port Authority providing for the increase in the Letter of Credit to the new Security Amount set forth in such notice.

(2) In the event that the rentals payable by the Lessee under this Lease for two consecutive months shall be less than the existing Security Amount (the amount that the existing Security Amount shall exceed the two months consecutive rentals being herein called the "**Decreased Bi-Monthly Rental**"), the Security Amount may be decreased by the Lessee upon ten (10) days' notice to the Port Authority in an amount equal to the Decreased Bi-Weekly Rental, provided, however, in no event shall the Security Amount be so decreased or such notice be effective if (x) the Lessee shall have been in default at any time in the twelve-month period immediately preceding the date of the receipt of such notice by the Port Authority in the performance or observance of any term, provision, covenant, condition or agreement of this Agreement and (y) the Port Authority has not at any time during such twelve month period paid any sum or sums or incurred any obligations, expense or cost by reason of the failure, neglect or refusal of the Lessee to perform or fulfill any one or more of such terms, provisions, covenants, conditions and agreements. Such decrease in the Security Amount shall be effectuated by the delivery by the Lessee to the Port Authority of a substitute Letter of Credit in the reduced Security Amount. Upon the Lessee's delivery of such new Letter of Credit to the Port Authority in the new Security Amount meeting all the requirements of this Section 97, and provided that none of the events set forth in clauses (x) and (y) above shall be the case, the Port Authority shall return to the Lessee the Letter of Credit(s) then being held by the Port Authority for the old Security Amount.

15. Effective as of January 1, 2004: Amendments to various sections of the Lease relating to or resulting from new JFK Flight Fees Agreement

Effective as of January 1, 2004, the following amendments shall be made to the Lease in recognition that the JFK Flight Fees Agreement, as hereinafter defined, became effective and replaced the General Airport Agreement (except as to certain provisions thereof covering the aviation fuel system at the Airport) as of January 1, 2004.

(a) Section 2B of the Lease shall be deemed to be amended as follows:

(i) The phrase, "and as may be defined in the New Airport Fueling Agreements" shall be deemed inserted after the term "General Airport Agreement" and before the parenthesis appearing in the sixth (6th) line of paragraph (a)(2)(vi) thereof and in the sixth (6th) line of paragraph (a)(3)(iv) thereof, and in the third (3rd) line of paragraph (q)(1)(vi) thereof, and in the last line of paragraph (q)(1)(xii) thereof, and in the tenth (10th) and twelfth (12th) lines of paragraph (q)(1)(xiv) thereof.

(ii) The phrase, ", and shall also include the New Airport Fueling Agreements" shall be deemed inserted immediately after the word "operative" and before the period appearing in the last line of paragraph (q)(1)(iv) thereof.

(iii) The phrase, "or New Airport Fueling Agreements" shall be deemed inserted immediately after the word "Leases" and before the word "and" appearing in the third (3rd) to the last line of paragraph (q)(1)(xiv) thereof and after the word "Leases" and before the period appearing in the last line of paragraph (q)(1)(xix) thereof.

(iv) The word "Ogden" shall be deleted from the first line of paragraph (q)(1)(xix) thereof and the word "Allied" substituted in lieu thereof.

(v) The phrase, "and other Airport Fueling Agreements" shall be deemed inserted after the word "Agreement" and before the period appearing in the last line of paragraph (q)(2)(ii) thereof.

(vi) The phrase, "and, if as a party to any of the New Airport Fueling Agreements, if it becomes such a party" shall be deemed to have been inserted immediately

after the word "User" and before the first comma appearing in the second (2nd) line of paragraph (q)(2)(x) thereof.

(vii) The phrase, "other Airport Fueling Agreement" shall be deemed deleted from the fourth (4th) and fifth (5th) lines of paragraph (q)(2)(x) and the phrase, "of the other Airport Fueling Agreements" shall be deemed inserted in lieu thereof.

(viii) The phrase, "as the same may be replaced by New Airport Fueling Agreements" shall be deemed inserted immediately after the word "Agreement" and before the period appearing in both the last line of paragraph (q)(2)(xi)(aa) and in the last line of paragraph (q)(2)(xi)(bb) thereof.

(ix) The phrase, "or of the New Airport Fueling Agreements" shall be inserted immediately after the term "General Airport Agreement" in paragraph (q)(2)(xiii)(aa) thereof.

(x) The phrase, "and, if, there is in effect, New Airport Fueling Agreements" shall be inserted immediately after the term "General Airport Agreement" as it appears in the eight (8th), fourteenth (14th) and fifteenth (15th) lines of paragraph (q)(3) thereof.

(b) Paragraph (b) of Section 4 of the Lease, entitled "Use of Premises", shall be amended by deleting the phrase, "or Associated or Affiliated Companies" appearing in the fourth (4th) and (5th) lines thereof and by inserting the word "or" immediately after the comma and before the word "Accommodated" appearing the in the (4th) line thereof.

(c) Section 7 of the Lease, entitled "Rules and Regulations", shall be amended by deleted paragraph (c) thereof in its entirety and by redesignating paragraph (d) thereof as paragraph "(c)".

(d) Paragraph (k) of Section 9 of the Lease entitled "Prohibited Acts" shall be amended by deleting therefrom the term "General Airport Agreement" appearing in the second (2nd) and third (3rd) lines thereof and by substituting lieu thereof the term "Airport Fueling Agreements".

(e) Paragraphs (a), (b) and (c) of Section 42 of the Lease entitled "General Airport Agreement" shall be deemed deleted therefrom in their entirety and the following new unlettered paragraph shall be deemed to have been inserted in lieu thereof to read as follows:

"The parties hereto agree that in the event any provisions contained in the Lessee's JFK Flight Fees Agreement conflict with any one or more provisions of this Lease, the provisions of this Lease shall control with respect to all areas and subject matters covered by this Lease, provided, however, except only as to operations on the Public Aircraft Facilities at the Airport, to the extent that any of the provisions of this Lease conflict with the provisions of the Lessee's JFK Flight Fees Agreement concerning rights and obligations as to operations on the Public Aircraft Facilities at the Airport, the Lessee's JFK Flight Fees Agreement shall control with respect to rights and obligations as to operations on the Public Aircraft Facilities at the Airport."

(f) The unlettered paragraph constituting Section 43 of the Lease entitled "General Airport Agreement Expiration" shall be deemed deleted from the Lease in its entirety and the following new unlettered paragraph shall be deemed to have been inserted in lieu thereof to read as follows:

"It is recognized that the JFK Flight Fees Agreements and the principles and formula set forth therein for the calculation of flight fees, including the costs recovery accounting principles, have by agreement become the basis for determining flight fees payable by various Aircraft Operators at the Airport who are the actual signatories to JFK Flight Fees Agreements. In the event of the expiration and non-extension or non-renewal of the JFK Flight Fees Agreement, the same formula, accounting principles and costs recovery methodology now set forth in the JFK Flight Fees Agreements for the calculation of flight fees shall continue to be utilized for the calculation of flight fees at the Airport for the Lessee until such time as the JFK Flight Fees Agreements are formally replaced by a new agreement or agreements or by a new policy or policies. The Port Authority has advised the Lessee that it is the intention of the Port Authority that with respect to the formula, accounting principles and the costs recovery methodology for the calculation of flight fees

upon the expiration and non-extension or non-renewal of the JFK Flight Fees Agreements all Aircraft Operators at the Airport which are similarly situated will be treated in a similar manner."

(g) Section 44 of the Lease entitled "Associated and Affiliated Companies" shall be deleted from the Lease in its entirety.

(h) Section 49 of the Lease entitled "Restrictions on Use of Passenger Terminal Frontage Roadways - Use of Airport Taxi Dispatchers and Roadway Frontage Management" shall be deemed amended by inserting the phrase, "or the JFK Flight Fees Agreements, as applicable," immediately after the word "Agreement" and before the word "and" appearing in the fifth (5th) to the last line of paragraph (b) thereof and immediately after the word "Agreement" and before the period appearing at the end of paragraph (b) thereof.

(i) Section 62 of the Lease entitled "Future Airport Transportation Facilities and Operations Use of Portions of the Premises" shall be deemed amended by inserting the phrase, "or the JFK Flight Fees Agreements, as applicable," immediately after the word "Agreement" and before the word "for" appearing in the fifth (5th) to the last line of paragraph (d) thereof and immediately after the word "Agreement" and before the period appearing at the end of paragraph (d) thereof.

(j) Section 78 of the Lease entitled "In-Flight Meals" shall be deemed to have been amended as follows:

(1) The first sentence of paragraph (a) thereof shall be deemed deleted therefrom and the following new sentence shall be deemed to have been substituted in lieu thereof to read as follows:

"(a) It is recognized that Section 8.04 of Title VIII of the General Airport Agreement has expired and therefore is of no further force or effect and that the following paragraphs (a)(1), (a)(2) and (a)(3) shall be in full force and effect and a part hereof from and after January 1, 2004."

(2) The phrase, "Section 8.04 of Title VIII of the General Airport Agreement" shall be deleted from the second (2nd) and third (3rd) lines of paragraph (b)(1)

thereof and the phrase "this Section 78" shall be deemed inserted in lieu thereof.

(3) Subparagraph (b)(3) shall be deleted therefrom in its entirety.

(k) The following amendments shall be deemed to have been made to Section 91 of the Lease as of January 1, 2004:

(1) The definition of "Distribution Portion of the System" shall be amended to read as follows:

> "'Distribution Portion of the System' shall mean the Distribution Portion of the System as described in the Airport Fueling Agreements."

(2) The definition of "General Airport Agreement" shall be amended by inserting the following phrase after the term 'Airport" and before the period appearing at the end thereof.

> ", as the same has been extended by the Standstill Agreement and the Second Standstill Agreement".

(3) The definition of "Public Aircraft Facilities" shall be deemed amended by deleting in its entirety the parenthetical "(except as provided in Section 12.12 of the General Airport Agreement)" and inserting in lieu thereof the following:

> "(except as provided in Section 14 of the JFK Flight Fees Agreement)".

(4) The definition of Runways shall be amended to read as follows:

> "'Runways' shall mean runways (including aerial approaches) at the Airport used for the purpose of the landing and taking-off of Aircraft.

(5) The definition of Taxiways shall be amended to read as follows:

> "'Taxiways' shall mean taxiways at the Airport for the purpose of the ground movement of Aircraft to, from and between the Runways, the Public Ramp and Apron Area, the Public Aircraft Parking and Storage Area and other portions of the Airport (not including, however, any taxilanes, the exclusive use of which is granted

to the Lessee or any other Person by lease, permit or otherwise)."

(6) The following new definitions shall be deemed added to Section 91 to read as follows:

"Aircraft" shall mean airplanes, helicopters and every other contrivance now or hereafter used for the navigation of or flight in air or space.

"JFK Flight Fees Agreement" shall mean the agreement designated therein as the JFK Flight Fees Agreement effective as of January 1, 2004 entered into between the Port Authority and the Lessee covering the payment of flight fees at the Airport and other matters covered therein

"New Airport Fueling Agreements" shall mean such of the separate agreement or agreements if and when entered into by the Port Authority and airlines operating at the Airport which would cover the operations of the Airport Fuel Storage and Distribution System in replacement of the aviation fuel provisions of the General Airport Agreement.

"Second Standstill Agreement" shall mean the certain agreement entered into between the Port Authority and the Lessee covering the extension of the General Airport Agreement through September 30, 2004, or through such later date as may thereafter be agreed upon by extension, restatement or modification of such agreement, with the extension of the fuel fee provisions of the General Airport Agreement extended through December 31, 2004, or through such later date as may thereafter be agreed upon by extension, restatement or modification of such agreement.

"Standstill Agreement" shall mean the certain agreement entered into between the Port Authority and the Lessee covering the extension of the General Airport Agreement through March 31, 2004.

"Standstill Agreements" shall mean collectively the Standstill Agreement and the Second Standstill Agreement.

(l) Subparagraph (ii) of paragraph (1) of Subdivision (II) of Exhibit 52.1 of the Lease shall be amended by

inserting the phrase, "or under the Lessee's JFK Flight Fees Agreement (with respect to flight fees)", immediately after the word "Agreement" and before the first comma appearing in the second line thereof; by deleting the phrase, "on or before the twentieth day of the following calendar month" appearing at the end thereof; and by inserting the phrase, "on or before the date required for payment in such agreements" immediately after the term "Port Authority" and before the semicolon appearing at the end thereof;

16. No Broker

Each party represents and warrants to the other that no broker has been concerned in the negotiation of this Second Supplemental Agreement and that there is no broker who is or may be entitled to be paid a commission in connection therewith. Each party shall indemnify and save harmless the other party of and from any and all claims for commissions or brokerage made by any and all Persons, firms or corporations whatsoever for services provided to or on behalf of the indemnifying party in connection with the negotiation and execution of this Second Supplemental Agreement.

17. Non-liability of Individuals

No Commissioner, director, officer, agent or employee of any party to this Second Supplemental Agreement shall be charged personally or held contractually liable by or to any other party under any term or provision of this Second Supplemental Agreement or of any supplement, modification or amendment to the Lease or because of its or their execution or attempted execution or because of any breach or alleged or attempted breach thereof.

18. Continued Effectiveness

As hereby amended, all of the terms, covenants, provisions, conditions and agreements of the Lease shall be and remain in full force and effect.

19. Entire Agreement

This Second Supplemental Agreement and the Lease which it amends constitute the entire agreement between the Port Authority and the Lessee on the subject matter, and may not be changed, modified, discharged or extended except by instrument in writing duly executed on behalf of both the Port Authority and the Lessee. The Lessee and the Port Authority agree that no representations or warranties shall be binding upon the other unless expressed in writing in the Lease or in this Second Supplemental Agreement.

20. Counterparts

This Second Supplemental Agreement may be signed in several counterparts, each of which shall be an original and all of which shall constitute the same instrument.

IN WITNESS WHEREOF, the Port Authority and the Lessee have executed these presents as of the date first above written.

Section 76. Airport Operator Limitations

(a) In the Port Authority's operation of the Airport, including, without limitation, the formulation of the policies and procedures respecting such operation and/or the specific application of such policies and procedures and the allocation of costs, the Port Authority agrees that it will not unjustly discriminate against the Lessee or the Premises.

(b) (i) During the Term, for so long as the Lessee makes available Terminal FIS Premises (as hereinafter defined) on a twenty-four (24) hour basis, the Port Authority will not itself construct or operate an airline terminal which includes premises to be made available to the United States for inspection of airline passengers and their baggage by United States Customs and Immigration (such premises to be so used by the United States being called "Federal Inspection Service Premises" or "FIS Premises") or enter into an agreement at the Airport with any Person that is not either (i) a Scheduled Aircraft Operator, or (ii) wholly owned by one or more Scheduled Aircraft Operators and formed to provide air terminal operation services predominantly to such Scheduled Aircraft Operators; for the construction or operation of an airline terminal which includes FIS Premises, unless (i) the operation of such FIS Premises is necessary for the Port Authority to comply with United States Government requirements or (ii) the number of deplaned passengers entering the FIS Premises to be constructed by the Lessee as a portion of the Premises hereunder pursuant to Section 18 of this Agreement (the "Terminal FIS Premises") has exceeded the Design Capacity (as the Design Capacity may be increased from time to time with the written acknowledgment of the Port Authority as to the extent of any such increase, such acknowledgment not to be unreasonably withheld.) For purposes of this Section, the utilization of the Terminal FIS Premises shall be deemed to have exceeded Design Capacity (such event, a "Capacity Deficiency") if the Design Capacity is exceeded in accordance with subparagraph (iii) below.

(ii) In the event of a Capacity Deficiency, the Port Authority may by notice, annexing thereto

appropriate supporting documentation, inform the Lessee that the Port Authority shall thereafter not be subject to the restrictions set forth above in this paragraph (b).

(iii) There shall be a Capacity Deficiency upon the occurrence of all of the following events:

(A) The Average Peak Hourly Passenger Volume exceeds the Design Capacity in an Annual Period; and

(B) The Average Peak Waiting time for an Annual Period exceeds Forty-five (45) minutes; and

(C) The events described in subparagraphs (A) and (B) above occur for two successive Annual Periods.

(iv) (A) "Peak Day(s)" shall mean the three (3) busiest days during each of the eight consecutive calendar weeks (Sunday through Saturday) commencing with the calendar week during which July 1st occurs; and January 2nd, Good Friday, the Friday prior to Memorial Day, the Friday prior to Labor Day, Labor Day, the Wednesday prior to Thanksgiving, the Friday after Thanksgiving and December 22nd, 23rd and 24th for a total of 34 Peak Days during each Annual Period.

(B) "Peak Hours Period" shall mean the continuous two hundred forty (240) minute period on each Peak Day during which the highest volume of arriving international passengers enters the Terminal FIS Premises.

(C) The "Average Peak Hourly Passenger Volume" for each Annual Period shall be determined as follows: The number of arriving international passengers entering the Terminal FIS Premises during the Peak Hours Period on each Peak Day shall be ascertained; then, the sum total volume of such passengers during the Peak Hours Periods on all Peak Days in an Annual Period shall be ascertained. Such total number of passengers shall then be divided by one hundred thirty-six (136) and such quotient shall be the Average Peak Hourly Passenger Volume for such Annual Period.

(D) The "Average Peak Waiting Time" for each Annual Period shall mean the average of the time periods, expressed in minutes per passenger, that ten (10) randomly selected arriving international passengers entering the Terminal FIS Premises during each hour of each Peak Hours Period on each Peak Day in an Annual Period take to clear the Terminal FIS Facilities.

[Supplement No. 1 (8/10/01):]

15.1. *Additional Operators.* A new Section 76 (c) shall be added to the Lease and shall read as follows:

"(c) Notwithstanding the limitations set forth in paragraph (b) above, the Port Authority may itself construct or operate an airline terminal which includes FIS premises or enter into an agreement with another Person to construct an airline terminal which includes FIS premises which in either case is to be primarily utilized by one or more Scheduled Aircraft Operator(s) so long as such Scheduled Aircraft Operator(s) do not hold a Foreign Air Carrier Permit under the Federal Aviation Act of 1958 or a substantially similar permit under any similar federal statute."

THIS AGREEMENT SHALL NOT BE BINDING UPON
THE PORT AUTHORITY UNTIL DULY EXECUTED BY
AN EXECUTIVE OFFICER THEREOF AND DELIVERED
TO THE LESSEE BY AN AUTHORIZED
REPRESENTATIVE OF THE PORT AUTHORITY

John F. Kennedy International Airport
Lease No. AYB-876

AGREEMENT OF LEASE

THIS AGREEMENT OF LEASE, dated as of the fourth day of January, 1988, by and between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY (hereinafter called "the Port Authority"), a body corporate and politic, established by Compact between the States of New Jersey and New York with the consent of the Congress of the United States of America, and having an office at 1 World Trade Center, in the Borough of Manhattan, City, County and State of New York, and BRITISH AIRWAYS, Plc. (hereinafter called "the Lessee"), a corporation of England and Wales, having an office and place of business at 75-20 Astoria Boulevard, Jackson Heights, New York 11370, whose representative is Arthur Mc Mahon, Senior Vice President, Customer Services,

WITNESSETH, That:

The Port Authority and the Lessee for and in consideration of the rents, covenants and mutual agreements hereinafter contained, hereby covenant and agree as follows:

Section 1. Letting

(a) The Port Authority hereby lets to the Lessee and the Lessee hereby hires and takes from the Port Authority at John F. Kennedy International Airport (sometimes hereinafter referred to as "the Airport") in the Borough of Queens, City and State of New York, the land shown in stipple and in stipple-diagonal hatching on the sketch attached hereto hereby made a part hereof and marked "Exhibit A (sheet 1 of 3)", and the land shown in stipple on the sketch attached hereto, hereby made a part hereof and marked "Exhibit B", together with all buildings, improvements and structures, which were erected thereon under the Agreement of lease between the Lessee's predecessor and the Port Authority made as of January 11, 1967 and bearing Port Authority Lease No. AYA-101 (which agreement of lease, as the same has been supplemented and amended, is sometimes hereinafter referred to as the "Prior Lease"), the aforesaid land, together with the fixtures, improvements and other property of the Port Authority,

if any, located therein, thereon or thereunder, and all the foregoing buildings, improvements and structures erected thereon by the Lessee and all structures, improvements, additions, buildings and facilities located, constructed or installed or to be located, constructed or installed therein, thereon or thereunder, being hereinafter collectively referred to as "the premises". The parties acknowledge that the premises constitute nonresidential real property.

(b) Except to the extent required for the performance of any of the obligations of the Lessee hereunder nothing contained in this Agreement shall grant to the Lessee any rights whatsoever in the air space above the premises in excess of a sight line slope as shown on the sketch attached hereto, hereby made a part hereof and marked "Exhibit B".

(c) The strip of land lying along and within the easterly (directions set forth in this paragraph (c) are true) boundary line of the premises (which strip is shown in stipple-diagonal hatching on Exhibit A, Sheet 1 of 3), together with the corresponding contiguous strip of land lying along and within the westerly boundary of space let to Pan American World Airways, Inc. and occupied by Trans World Airlines, Inc. and immediately abutting on the easterly side of the premises (which strip is shown in diagonal hatching on Exhibit A, Sheet 1 of 3) shall be subject to a joint and mutual easement for a taxiway to be used jointly by the Lessee and Trans World Airlines, Inc. or by any successors in interest of either or both of them or other sublessees or other occupants or users who, pursuant to Port Authority permission, may occupy or use the premises herein or the space let to Pan American World Airways, Inc. and occupied by Trans World Airlines, Inc. and such rights of easement for such taxiway purposes shall continue during the effective periods of the respective agreements covering the same.

Section 2. Term

(a) The term of the letting under this Agreement shall commence on January 1, 1995.

(b) Unless sooner terminated, the term of the letting under this Agreement shall expire on November 30, 2015.

Section 3. Rental

(a) Rental Obligations:

(1) The Lessee hereby agrees to and shall pay to the Port Authority a basic rental at the annual rate of

(Ex. 2.a.)

subject to increase as provided in paragraph (b) hereof.

(2) In addition to the rental set forth in subparagraph (1) above effective on and after the day following the 25th anniversary of either (i) the Construction Completion Date, as defined in the Letter Agreement (as set forth in Section 4 hereof), or (ii) September 30, 1989, whichever is earlier, the Lessee shall pay to the Port Authority a rental (hereinafter called "the Additional Facility Rental") at an annual rate in an amount equal to the sum obtained by multiplying the number of interior square feet constructed by the Lessee as a part of the Terminal Expansion Work, as hereinafter defined, by(Ex. 2.a.) as increased effective on and after January 1, 1995 by increases in the CPI pursuant to paragraph (b) hereof, said Additional Facility Rental to be thereafter subject to increase as provided in paragraph (b) hereof.

(b) CPI Adjustments:

The following terms as used in this Section 3 shall have the respective meanings given below:

(1) "CPI" or "Consumer Price Index" shall mean the Consumer Price Index for all Urban Consumers, New York, N.Y. Northeastern, N.J., All Items (1967=100) published by the Bureau of Labor Statistics of the United States Department of Labor.

(2) The Port Authority shall ascertain the CPI for the month of September 1993 and for the month of September in each year thereafter during the term of this Agreement after the same has been published, and the Port Authority shall also determine the annual percentage increase, if any, for each such twelve month period (from September to September) after the same has been published (hereinafter called "the annual CPI percentage increase").

(3) Effective on January 1, 1995 the rentals set forth in paragraph (a) of this Section 3 shall be increased as follows: the annual rental rates as set forth in paragraph (a) shall be multiplied by a percentage composed of 1/4 of the annual CPI percentage increase, if any, from September 1993 to September 1994 plus 100%; and the product so obtained shall be and become the annual rental in effect for the annual period ending on the last day of the next following month of December.

(4) Effective on January 1, 1996 and thereafter on the first day of the month of January in each succeeding year of the term of the letting the rentals set forth in paragraph (a) of this Section 3 shall be increased as follows: the annual rental rates as set forth in paragraph (a) as the same may have been last adjusted hereunder, shall be multiplied by a percentage composed of 1/2 of the annual CPI percentage increase, if any, as determined for the latest period from September to September plus 100%; and the product so obtained shall be and become the annual rental in effect for the annual period ending on the last day of the next following month of December.

(5) In the event that the Consumer Price Index is not available for any specified month as hereinabove set forth within the time set forth for payment such index for the latest month then published shall be used to constitute the Consumer Price Index. In the event of the change of basis or the discontinuance of the publication by the United States Department of Labor of the Consumer Price Index such other appropriate index or indexes shall be substituted as may be agreed by the parties hereto as properly reflecting changes in the value of the current United States money in a manner similar to that established in the said indexes used in the latest adjustment. In the event of the failure of the parties to so agree, the Port Authority may select and use such index or indexes as it deems appropriate, provided, however, that the foregoing shall not preclude the Lessee from contesting the Port Authority's selection.

(6) In no event shall any rental rate established under this paragraph (b) be less than the rental rate it supersedes.

(c) The rental hereunder shall be payable by the Lessee in advance in equal monthly installments on the first day of the term of the letting and on the first day of each and every calendar month thereafter during the balance of the term of the letting.

(d) Abatement

In the event that the Lessee shall at any time by the provisions of this Agreement become entitled to an abatement of basic rentals, said abatement shall be computed as follows (it being understood that there shall be no abatement of rental under the Lease for any portion of the premises or for any portion of the term except as specifically provided herein):

(1) For each square foot of land as shown in stipple and stipple-diagonal hatching on Exhibit A (sheet 1 of 3) and in stipple on Exhibit E the use of which is denied to the Lessee at the daily rate of (2.a.) ~~CPI adjustments~~ as appropriately adjusted to reflect any and all pursuant to paragraph (b) above.

(2) For each square foot of the 334,860 square feet of interior space located within the Unit Terminal Building and Security Building as shown on Exhibit C attached hereto and hereby made a part hereof, and from and after the Completion Date for each square foot of the interior space constructed by the Lessee as a part of the Terminal Expansion, the use of which is denied to the Lessee, at the daily rate of (2.a.) ~~CPI adjustments~~ as appropriately adjusted to reflect any and all pursuant to paragraph (b) above.

(e) For the purposes of paragraph (d) and subparagraph (a) (2), all of the interior space shall be measured and the same shall be ascertained by measuring between the interior plaster surfaces of the exterior building walls, and no deductions will be made therefrom for columns, pilasters, projections, partitions, toilets, vertical shafts, elevator shafts, stairs, fire towers, vents, pipe shafts, meter closets, flues, stacks, structures or facilities of any kind or anything else located therein.

Section 4. Conditional Limitations: Performance of the Terminal Expansion Work - Termination of the Prior Lease

(a) The Lessee and the Port Authority hereby understand and agree that if any one or more of the following events shall occur, that is to say:

(1) The Prior Lease, as defined in Section 1 hereof, shall expire or shall have been terminated, surrendered, revoked or cancelled for any reason whatsoever prior to December 31, 1994, or

(2) The sublease agreement between BIDL Properties, Inc. and the Lessee's predecessor dated as of June 10, 1968, and consented to by the Port Authority in a Consent Agreement entered into among the Port Authority, the Lessee's predecessor and BIDL Properties, Inc. and dated as of June 10, 1968 shall expire or shall have been terminated, surrendered, revoked or cancelled, for any reason whatsoever, prior to November 30, 1994, or

(3) The Lessee shall not be in possession of the premises under the Prior Lease on December 31, 1994;

then, effective upon the date of such expiration, termination, surrender, revocation or cancellation under subparagraphs (1) or (2) above or effective as of the date the Lessee shall no longer be in possession under the Prior Lease under subparagraph (3) above this Lease and the letting hereunder shall be and shall be deemed to be terminated, cancelled, null, void and of no force or effect.

(b) The Lessee and the Port Authority have simultaneously herewith entered into a letter agreement dated April 12, 1988 which sets forth the terms and conditions under which the Port Authority will consent to the performance by the Lessee of certain construction work on the premises under the Prior Lease (herein called "the Terminal Expansion Work" and said letter agreement as the same may be amended and supplemented from time to time being herein called "the Letter Agreement"). The Lessee understands and acknowledges that the performance of the Terminal Expansion Work is of the essence to the Port Authority in entering into this Agreement of lease with the Lessee and in

consenting to the sublease to, and occupancy of, portions of the premises by United (as set forth in Section 24 hereof). The Lessee understands and agrees that the Terminal Expansion Work shall be substantially completed and ready for occupancy and the Lessee shall have expended at least $60 million thereon on or before July 1, 1991 in accordance with all of the terms and conditions of the Letter Agreement and that in the event the Lessee shall not have completed the Terminal Expansion Work, as aforesaid, by July 1, 1991 or if the Terminal Expansion Work shall have been completed but the Lessee shall not have expended $60 million thereon by July 1, 1991 in accordance with all of the terms and conditions of the Letter Agreement then, without limiting the generality of any other term or provision hereof, and subject to the provisions of this paragraph (b), such failure or failures on the part of the Lessee shall be and be deemed an event of termination under subparagraph (10) of paragraph (a) of Section 25 of this Lease and subject to the terms of provisions of Section 25, including but not limited to the Port Authority's right of termination as therein provided.

It is understood that the provisions of Section 69 (Force Majeure) of this Lease shall apply to and pertain to the performance and completion by the Lessee of the Terminal Expansion Work as set forth in this Section 4 provided, however, that the Lessee understands and agrees that nothing contained in said Section 69 shall extend or be deemed to extend the time of the Lessee to complete the Terminal Expansion Work and to have invested at least $60 million therein, as set forth herein, beyond June 30, 1994, at which time in any and all events, and without regard to Section 69, which shall no longer apply thereto, or the right of the Lessee to cure under subparagraph (10) of paragraph (a) of Section 25 hereof and whether or not the Port Authority shall have served a Notice of Default hereunder on the Lessee with respect to such failure of performance by the Lessee, this Lease and the term of letting hereunder shall be and shall be deemed to be, effective June 30, 1994, terminated, cancelled, null, void and of no further force or effect without other further or separate notice to or from either party hereto.

(c) Termination hereunder and the effect of this Section 4 shall be and operate as a conditional limitation. In the event any court of competent jurisdiction shall not give full and complete effect to this termination provision and its operation as a conditional limitation, the Lessee and the Port Authority agree, as a condition of this Agreement, and not merely as a covenant, that this Agreement and the stated term of the letting hereunder is nonetheless, from and after the effective date of termination provided above, to be deemed to have expired.

Section 5. Use of Premises

The Lessee, in connection with its business of transportation by aircraft, may use the premises for the following purposes and for activities reasonably required for such purposes and for such purposes and activities only:

(1) For the reservation of space and the sale of tickets for transportation on aircraft operated by the Lessee.

(2) For the reservation of space and the sale of tickets for transportation by other carriers but only as an incident to or in connection with transportation performed or to be performed by the Lessee or as an incident to or in connection with the cancellation of such transportation, or for the accommodation or convenience of the incoming or outbound passengers of the Lessee at the Airport. The occasional reservation of space and the sale of tickets for transportation by other carriers shall not be deemed to be prohibited by this provision.

(3) For the clearance, checking and rendering of service to passengers of the Lessee and for the furnishing of information service to such passengers and the general public.

(4) For providing rooms or space for the special handling of or the furnishing of special services to any of its passengers, guests, or invitees, subject to the provisions of Section 66 hereof.

(5) For the handling of baggage of passengers of the Lessee including baggage and parcels such passengers decide to send as air cargo.

(6) For the handling of unclaimed baggage and lost and found articles.

(7) For the conduct of operations, traffic, communications, reservations and administrative office functions and activities in connection with air transportation performed by the Lessee.

(8) For the preparation, packaging and storage of food, beverages and commissary supplies to be consumed on aircraft operated by the Lessee.

(9) For the storage of repair parts, supplies and other personal property owned or leased by the Lessee and for the performance of minor repairs to personal property of the Lessee.

(10) For the storage of such automotive fuel and lubricants as may be approved by the Port Authority.

(11) For the operation of a cafeteria for over-the-counter sales to officers and employees of the Lessee and their families and to occasional business guests of such officers and employees (other than passengers of the Lessee), of food, beverages and other merchandise normally sold in such an establishment at no profit to the Lessee and either directly by the Lessee or through a subsidiary thereof or by an independent

contractor who has received a permit from the Port Authority so to do.

(12) For use as crew quarters to be used by personnel of the Lessee during layovers between flights and for the establishment of lounges for employees of the Lessee.

(13) For the loading and unloading of passengers, baggage, mail, air cargo and commissary supplies, that the use of the premises for the unloading and loading of passengers and their baggage from ground transportation vehicles shall be subject to limitation and restriction, from time to time, as set forth in Section 75 hereof.

(14) For the parking and storage of aircraft and ramp equipment operated by the Lessee.

(15) For the fueling and routine servicing of aircraft and ramp equipment operated by the Lessee and for the maintenance of ramp equipment operated by the Lessee.

(16) For the performance of emergency or turn-around aircraft maintenance on aircraft operated by the Lessee.

(17) For the training of personnel employed or to be employed by the Lessee or other persons engaged in commercial transportation by aircraft, provided, that unless consented to by the Port Authority, the Lessee shall not engage in the training of persons employed by others or to be employed by others if the training of such persons is in competition with any concessionaire, permittee or licensee of the Port Authority at the Airport (other than another person engaged in the business of transportation by aircraft).

(18) For the temporary storage of baggage, mail and air cargo.

(19) For federal inspection services by federal agencies (if the United States Government makes the same available to the Lessee).

(20) For any other purpose or activity, in addition to those specified in this Section 5, for which the premises are expressly authorized to be used by any other provision of this Agreement.

The loading or unloading on the premises of any aircraft used principally for cargo is expressly prohibited.

Section 6. Ingress and Egress

(a) The Lessee, its officers, employees, passengers, customers, patrons, invitees, contractors, suppliers of material and furnishers of services, shall have the right of ingress and

egress between the premises and city streets or public ways outside the Airport by means of existing roadways to be used in common with others having rights of passage within the Airport, provided, however, that the Port Authority may from time to time substitute other reasonably equivalent means of ingress and egress and provided, further, however, notwithstanding anything contained in the General Airport Agreement as defined in Section 53 hereof that the Lessee hereby expressly understands and agrees that the Lessee shall have no right of ingress and egress or access hereunder or otherwise for its employees, passengers, customers, patrons, invitees and their baggage between the premises and the city streets or public ways outside the Airport by means of any mode of transportation or any vehicle which may be limited or restricted in accordance with Section 75 hereof it being understood that access to the premises for emergency response for reasons of safety or health shall not be deemed a breach hereof.

(b) The Lessee shall have the right of ingress and egress between the premises and the Public Landing Area at the Airport, by means of existing taxiways to be used in common with others having rights of passage thereon, provided, however, that the Port Authority may from time to time substitute other reasonably equivalent means of ingress and egress.

(c) The use of all roadways and taxiways shall be subject to the Rules and Regulations of the Port Authority which are now in effect or which may hereafter be promulgated for the safe and efficient operation of the Airport. In addition to the rights of closure granted above, the Port Authority may, at any time, temporarily or permanently close, or consent to or request the closing of, any such roadway, taxiway and any other area at the Airport presently or hereafter used as such, so long as a means of ingress and egress reasonably equivalent to that provided in paragraphs (a) and (b) above remains available to the Lessee. The Lessee hereby releases and discharges the Port Authority its successors and assigns, of and from any and all claims, demands or causes of action which the Lessee may now or at any time hereafter have against any of the foregoing, arising or alleged to arise out of the closing of any street, roadway, taxiway or other area used as such whether within or outside the Airport, provided, a reasonably equivalent means of ingress and egress is available. The Lessee shall not do or permit anything to be done which will interfere with the free access and passage of others to space adjacent to the premises or in any streets, ways and walks near the premises.

Section 7. Compliance with Governmental Requirements

(a) The Lessee shall comply with all laws and ordinances and governmental rules, regulations and orders now or at any time during the term of this Lease which as a matter of law are applicable to or which affect the operations of the Lessee at the premises hereunder and the Airport, and the Lessee

shall, in accordance with and subject to the provisions of Section 44 hereof, make any and all structural and non-structural improvements, alterations or repairs of the premises that may be required at any time hereafter by any such present or future governmental law, rules, regulation, requirement, order or direction.

(b) The Lessee hereby agrees that it shall, at its own cost and expense procure and obtain from all governmental authorities having jurisdiction over the operations of the Lessee hereunder and shall maintain in full force and effect throughout the term of this Agreement all licenses, certificates, permits or other authorization which may be necessary for the conduct of such operations. "Governmental authority" shall not be construed as intending to include The Port Authority of New York and New Jersey, the lessor under this Agreement.

(c) The obligation of the Lessee to comply with governmental requirements is provided herein for the purpose of assuring proper safeguards for the protection of persons and property on the premises. Such provision is not to be construed as a submission by the Port Authority to the application to itself of such requirements or any of them.

(d) Since the Port Authority has agreed in the Basic Lease to conform to the enactments, ordinances, resolutions and regulations of the City of New York and its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection which would be applicable if the Port Authority were a private corporation to the extent that the Port Authority finds it practicable so to do, the Lessee shall comply with all such enactments, ordinances, resolutions and regulations which would be applicable to its operations at the premises if the Port Authority were a private corporation except in cases where the Port Authority either notifies the Lessee that it need not comply with or directs it not to comply with any such enactments, ordinances, resolutions or regulations which are applicable only because of the Port Authority's agreement in the Basic Lease. The Lessee shall, for the Port Authority's information, deliver to the Port Authority promptly after receipt of any notice, warning, summons, or other legal process for the enforcement of any such enactment, ordinance, resolution or regulation a true copy of the same. Any direction by the Port Authority to the Lessee not to comply with any such enactment, ordinance, resolution or regulation shall be given only pursuant to a resolution duly adopted by the Board of Commissioners of the Port Authority or by an authorized committee of its Board and if any such direction is given by the Port Authority to the Lessee, the Port Authority to the extent that it may lawfully do so, shall indemnify and hold the Lessee harmless from and against all claims, actions, damages, liabilities, fines, penalties, costs and expenses suffered or incurred by the Lessee as a result of noncompliance with such enactment, ordinance, resolution or regulation.

In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Lessee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Lessee of a written direction from the Port Authority not to comply (and thereafter discontinued) such compliance shall not constitute a breach of this Agreement, although the Port Authority thereafter directs the Lessee not to comply. Nothing herein contained shall release or discharge the Lessee from compliance with any other provision hereof respecting governmental requirements.

(e) The Lessee shall have such time within which to comply with the aforesaid laws, ordinances, rules and regulations as the authorities enforcing the same shall allow.

Section 8. Rules and Regulations

(a) The Lessee covenants and agrees to observe and obey (and to require its officers, employees, guests, invitees, and those doing business with it to observe and obey) with respect to the premises the existing Rules and Regulations of the Port Authority in effect as of the execution of this Agreement and such reasonable future Rules and Regulations for the government of the conduct and operations of the Lessee and others on the premises as may from time to time during the letting be promulgated by the Port Authority for reasons of safety, health, noise, sanitation or good order. The obligation of the Lessee to require such observance and obedience on the part of its guests, invitees, and those doing business with it shall obtain only while such persons are on the premises. The Port Authority agrees that except in cases of emergency, it will give notice to the Lessee of every such future rule or regulation adopted by it at least ten (10) days before the Lessee shall be required to comply therewith.

(b) Upon the expiration or earlier termination of the General Airport Agreement as defined in Section 53 hereof the following shall be deemed to apply hereunder and be a part hereof: "The use by the Lessee and its officers, employees, passengers, guests, invitees and those doing business with it, of the Public Aircraft Facilities and any and all other portions of the Airport which it may be entitled to use under this Lease (other than space leased to the Lessee for its exclusive use) shall be subject to the Rules and Regulations of the Port Authority in effect as of the execution of this Agreement, and such reasonable future rules and regulations (including amendments and supplements to existing Rules and Regulations) as the Port Authority may from time to time promulgate in the public interest and in the interest of health, safety, sanitation, good order and the economic and efficient operation of the Airport, including but not limited to, the number and type of aircraft which at any particular time may use the Public Aircraft Facilities and the time or times when such aircraft may use the Public Aircraft Facilities. Without limiting the foregoing, the

Port Authority may take into account in adopting such Rules and Regulations the adequacy, capacity and suitability of (i) aircraft using the Airport, (ii) passenger handling facilities at the Airport including, but not limited to the Passenger Distribution System and the Transportation Center, as hereinafter defined, (iii) the Public Aircraft Facilities at the Airport, (iv) the roadways and (v) the parking facilities. In the event the Port Authority promulgates rules and regulations pursuant to this paragraph (b), the Port Authority may devise and implement reasonable procedures governing the affected use of the Public Aircraft Facilities, including but not limited to, allocations among Aircraft Operators at the Airport."

(c) If a copy of the Rules and Regulations is not attached, then the Port Authority will notify the Lessee thereof by delivery of a copy, or by making a copy available at the office of the Secretary of the Port Authority.

Section 9. Various Obligations of the Lessee

(a) The Lessee shall conduct its operations hereunder in an orderly and proper manner, considering the nature of such operations so as not to annoy, disturb or be offensive to others at or off the Airport. The Lessee shall take all reasonable measures (1) to eliminate or reduce as low as possible vibrations tending to damage any equipment, structure, building or portion of a building which is on the premises, or is a part thereof, or is located elsewhere on or off the Airport; and (2) to keep the sound level of its operations as low as possible.

(b) The Lessee shall use its best efforts to conduct all its operations at the premises in a safe and careful manner, following in all respects the best practices of the air transportation industry in the United States.

(c) The Port Authority shall have the right to object to the Lessee regarding the conduct and demeanor of the employees of the Lessee whereupon the Lessee will take all steps reasonably necessary to remove the cause of the objection. If requested by the Port Authority the Lessee shall supply and shall require its employees to wear or carry badges or other suitable means of identification, which shall be subject to the prior and continuing approval of the General Manager of the Airport.

(d) The Lessee shall control all vehicular traffic on the roadways or other areas within the premises or serving the same the use of which is granted to the Lessee hereunder and shall take all precautions reasonably necessary to promote the safety of all persons. The Lessee shall employ such means as may be necessary to direct the movement of vehicular traffic within the premises to prevent traffic congestion on the public roadways leading to the premises.

(e) The Lessee shall remove from the Airport or otherwise dispose of in a manner approved by the General Manager of the Airport, all garbage, debris and other waste materials (whether liquids which are not susceptible to ordinary sanitary sewerage disposal or solids) arising out of its occupancy or use of the premises or out of its operations at the Airport. Any such which may be temporarily stored in the open shall be kept in suitable garbage and waste receptacles, the same to be made of metal or other suitable material, and equipped with tightfitting covers, and to be of a design safely and properly to contain whatever material may be placed therein. The Lessee shall use extreme care when effecting removal of all such waste materials, and shall effect such removal at such times and by such means as first approved by the Port Authority. No such garbage, debris, or other waste materials shall be or be permitted to be thrown, discharged or deposited into or upon the waters at or bounding the Airport.

(f) From time to time and as often as reasonably required by the Port Authority, the Lessee shall conduct pressure, waterflow, and other appropriate tests of the fire extinguishing system and apparatus which constitute a part of the premises. The Lessee shall keep in proper functioning order all firefighting equipment on the premises and the Lessee shall at all times maintain on the premises adequate stocks of fresh, usable chemicals for use in such system and apparatus. The Lessee shall notify the Port Authority prior to conducting such tests. If requested by the Port Authority, the Lessee shall furnish the Port Authority with a copy of written reports of such tests.

(g) It is the intention of the parties hereto that noise caused by aircraft engine operations shall be held to a minimum considering the nature of the Lessee's operations. To this end the Lessee will conduct its operations in such a manner as to keep the noise produced by aircraft engines to a minimum and where appropriate shall employ noise arresting and noise reducing devices that are suitable. Aircraft testing and aircraft runups will be conducted only in such areas as shall meet with the prior and continuing approval of the Port Authority. The obligations assumed by the Lessee under this paragraph (g) shall not diminish, limit, modify or affect all other obligations of the Lessee with respect to noise under this Agreement.

(h) In its use of the premises, the Lessee shall use its best efforts to minimize jet or prop blast interference to aircraft operating on or to buildings and structures now located on or which in the future may be located on areas adjacent to the premises. In the event the Port Authority determines at any time and from time to time that the Lessee has not so minimized the jet or prop blast interference, it may serve a notice to the Lessee to such effect and if the condition is not corrected to the satisfaction of the Port Authority within thirty days after

the service of said notice, the Lessee hereby covenants and agrees to erect and maintain at its own expense such structure or structures as may be necessary to minimize the said jet or prop blast interference, subject, however, to the prior written approval of the Port Authority as to the type, manner and method of construction. The obligations assumed by the Lessee under this paragraph shall not diminish, limit, modify or affect all other obligations of the Lessee with respect to interference under this Agreement.

(i) The Lessee agrees that it will not erect, construct or maintain or otherwise create or continue any obstacle or so park or store any aircraft or other object on the premises so as to create any obstacle that will hamper or interfere with the free, orderly, unobstructed and uninterrupted passage of vehicles, aircraft or of the wings or other integral part of aircraft of any type, nature or description, while such vehicle is operating or aircraft is taxiing or being transported or towed along any runways, taxiways and roads outside of and adjacent to the premises.

(j) In addition to compliance by the Lessee with all laws, ordinances, governmental rules, regulations and orders now or at any time in effect during the term of the letting hereunder which as a matter of law are applicable to the operation, use or maintenance by the Lessee of the premises or the operations of the Lessee under this Agreement (the foregoing not to be construed as a submission by the Port Authority to the application to itself of such requirements or any of them), the Lessee agrees that it shall exercise the highest degree of safety and care and shall conduct all its operations under the Agreement and shall operate, use and maintain the premises in accordance with the highest standards and in such manner that there will be at all times a minimum of air pollution, water pollution or any other type of pollution and a minimum of noise emanating from, arising out of or resulting from the operation, use or maintenance of the premises by the Lessee and from the operations of the Lessee under this Agreement. The Port Authority hereby reserves the right from time to time and at any time during the term of the Lease to require the Lessee, and the Lessee agrees to design and construct at its sole cost and expense such reasonable structures, fences, equipment, devices and other facilities as may be necessary or appropriate to accomplish the objectives as set forth in the first sentence of this paragraph. All locations, the manner, type and method of construction and the size of any of the foregoing shall be determined by the Port Authority. The Lessee shall submit for Port Authority approval its plans and specifications covering the required work and upon receiving such approval shall proceed diligently to construct the same.

(k) The obligations assumed by the Lessee under paragraph (j) hereof shall continue throughout the term of this Lease and shall not be limited, affected, impaired or in any

manner modified by the fact that the Port Authority shall have approved any Construction Application and supporting plans, specifications and contracts covering construction work and notwithstanding the incorporation therein of the Port Authority's recommendations or requirements and notwithstanding that the Port Authority may have at any time during the term of the Lease consented to or approved any particular procedure or method of operation which the Lessee may have proposed or the Port Authority may have itself prescribed the use of any procedure or method. The agreement of the Lessee to assume the obligations under this paragraph (k) is a special inducement and consideration to the Port Authority in entering into this Lease with the Lessee.

(l) The Lessee shall periodically inspect, clean out and maintain the oil separators serving the premises which are located on the premises and the oil separators located outside the premises if they exclusively serve the premises.

(m) The Lessee shall at all times during the term of this Agreement on a twenty-four hour basis maintain sufficient qualified personnel at the Airport or on call within 30 minutes, who shall be qualified to perform the maintenance obligations of the Lessee under this Agreement and particularly be able to respond to all emergencies.

Section 10. Prohibited Acts

(a) The Lessee shall commit no nuisance, waste or injury at the Airport, and shall not do or permit to be done anything which may result in the creation or commission or maintenance of such nuisance, waste or injury at the Airport.

(b) The Lessee shall not create nor permit to be caused or created at the Airport any obnoxious odors or smokes, or noxious gases or vapors. The creation of exhaust fumes by the operation of the Lessee's internal combustion engines or aircraft engines of other types, so long as such engines are maintained and are being operated in a proper manner, shall not be a violation of this paragraph (b).

(c) The Lessee shall not do or permit to be done anything which may interfere with the effectiveness or accessibility of the drainage and sewerage system, water system, communications system, electrical, fire protection system, sprinkler system, alarm system, fire hydrants and hoses, if any, or any other part of utility, electrical mechanical or other systems installed or located from time to time at the Airport.

(d) The Lessee shall not do or permit to be done any act or thing at the Airport (1) which will invalidate or conflict with any fire insurance, extended coverage or rental insurance policies covering the premises or any part thereof, or the Airport, or any part thereof, or (2) which may constitute an

extra hazardous condition, so as to increase the risks normally attendant upon the operations permitted by this Agreement. The Lessee shall promptly observe, comply with and execute the provisions of any and all present and future rules and regulations, requirements, orders and directions of The National Board of Fire Underwriters and The Fire Insurance Rating Organization of New York, or of any other board or organization exercising or which may exercise similar functions, which may pertain or apply to the operations of the Lessee at the Airport and the Lessee shall, subject to and in accordance with the provisions of Section 44 hereof, make any and all structural and non-structural improvements, alterations or repairs to the premises required at any time hereafter by any such present or future rule, regulation, requirement, order or direction. If by reason of any failure on the part of the Lessee to comply with the provisions of this paragraph any fire insurance rate, extended coverage or rental insurance rate on the premises or any part thereof, or on the Airport or any part thereof, shall at any time be higher than it would otherwise be then the Lessee shall pay to the Port Authority, as an item of additional rental, that part of all insurance premiums paid by the Port Authority which shall have been charged because of such violation or failure by the Lessee.

(e) The Lessee shall not dispose of nor permit any one to dispose of any waste material taken from its aircraft (whether liquids or solid) by means of the toilets, manholes, sanitary sewers or storm sewers in the premises except after treatment in installations or equipment included in plans and specifications submitted to and approved by the Port Authority.

(f) The Lessee shall not keep or store during any 24 hour period flammable liquids within any enclosed portion of the premises (other than in rooms or areas expressly constructed for the storage of such liquids) in excess of the Lessee's working requirements during the said 24 hour period. Any such liquids having a flash point of less than 110 degrees Fahrenheit shall be kept and stored in safety containers of a type approved by the Underwriters Laboratories or the Factory Mutual Insurance Association.

(g) (1) The Lessee shall prevent access by persons or vehicles (unless duly authorized by the Port Authority) to the Public Landing Area from the premises except for aircraft, which aircraft shall be equipped with radio receivers tuned to control tower frequencies and adequately manned in accordance with applicable Rules and Regulations. Such aircraft may be towed by a motor vehicle equipped with a radio receiver tuned to the appropriate control tower frequency and adequately manned or such other means as may be approved by the Port Authority. The Lessee shall control access by its passengers and patrons from and to aircraft ramp, apron and parking areas on the premises and shall maintain control of its passengers and patrons while they are upon said areas by proper measures to insure that the highest standards of safety are maintained.

(2) The Lessee shall furnish adequate security and guard service or such comparable means as approved by the Port Authority from time to time, on a 24 hour, seven day-a-week basis for the prevention of access to and control of persons on the aeronautical operations areas of the premises and the prevention of access to the Public Landing Area.

(h) The Lessee shall not use or permit the use of any structural supporting member of the building or roof or any part thereof for the storage of any material or equipment, or hoist, lift, move or support any material or equipment or other weight or load, by means of said trusses or structural supporting members, without prior approval of the Port Authority.

(i) The Lessee shall not overload any floor on the premises, and shall repair, replace or rebuild any floor, including supporting members, damaged by overloading. Nothing in this paragraph or elsewhere in this Agreement shall be or be construed to be a representation by the Port Authority of the weight any floor or paved area will bear.

(j) The Lessee shall not use any cleaning materials having a harmful corrosive effect, on any part of the premises.

(k) The Lessee shall not fuel or defuel any equipment in the enclosed portions of the premises without prior approval of the General Manager of the Airport.

(l) The Lessee shall not start or operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated and unless such engine is equipped with a proper spark-arresting device which has been approved by the Port Authority.

(m) The Lessee shall not operate or cause to be operated aircraft engines in any areas of the premises other than for the purpose of taxiing or maneuvering aircraft to and from the premises or in connection with authorized aircraft maintenance on the premises. (The Lessee shall not perform any aircraft maintenance on the premises other than emergency or turn-around maintenance.)

(n) The Lessee shall not keep or store aviation fuel on the premises except that fueling equipment may be operated on the unenclosed portions of the premises in accordance with all the provisions of this Agreement and with the Port Authority Rules and Regulations pertaining thereto.

Section 11. Care, Maintenance, Rebuilding and Repair by the Lessee

(a) The Lessee shall repair, replace, rebuild and paint all or any part of the Airport which may be damaged or destroyed

by the acts or omissions of the Lessee or by those of its officers or employees or of other persons on or at the premises with the Lessee's consent.

(b) The Lessee shall, throughout the term of this Lease, assume the entire responsibility for, shall perform and shall relieve the Port Authority from all responsibility for all repair, replacement, rebuilding and maintenance whatsoever in the premises, whether such repair, replacement, rebuilding or maintenance be ordinary or extraordinary, partial or entire, inside or outside, foreseen or unforeseen, structural or otherwise, and without limiting the generality of the foregoing, the Lessee shall:

(1) Keep at all times in a clean and orderly condition and appearance, the premises and all the Lessee's fixtures, equipment and personal property which are located in any part of the premises which is open to or visible by the general public;

(2) Remove all snow and ice and perform all other activities and functions necessary or proper to make the premises available for use by the Lessee;

(3) Take good care of the premises and maintain the same at all times in good condition, except for reasonable wear and tear which does not adversely affect the efficient or the proper utilization thereof; including but not limited to painting (the exterior of the premises and areas visible to the general public to be painted only in colors which have been approved by the Port Authority); and make all repairs and replacements, and do all rebuilding, inside and outside, ordinary and extraordinary, partial and entire, foreseen and unforeseen, structural or otherwise, which repairs, rebuilding and replacements by the Lessee shall be in quality and class not inferior to the original in materials and workmanship; and to pay promptly the cost and expense of such repairs, replacements and maintenance;

(4) Provide and maintain all obstruction lights and similar devices on the premises, and provide and maintain all fire protection and safety equipment and all other equipment of every kind and nature required by any law, rule, ordinance, resolution or regulation of the type and nature described in Sections 9 and 10 of this Agreement. The Lessee shall enter into and keep in effect through the term of the Lease a contract or contracts with a central station alarm company acceptable to the Port Authority to provide continuous and automatic surveillance of the fire protection system on the premises. The Lessee shall insure that all fire alarm signals with respect to the premises shall also be transmitted to the Airport's police emergency alarm board or to such other location on the Airport as the General Manager of the Airport may direct. The Lessee's obligations hereunder shall in no way create any obligation whatsoever on the part of the Port Authority;

(5) Take such anti-erosion measures and maintain the landscaping at all times in good condition, including but not limited to periodic replanting, as the Port Authority may require, and perform and maintain such other landscaping with respect to all portions of the premises not paved or built upon, as the Port Authority may require;

(6) Be responsible for the maintenance and repair of all utility service lines, including but not limited to, service lines for the supply of water, electric power and telephone conduits and lines, sanitary sewers and storm sewers, located upon the premises or located adjacent to the premises and used by the Lessee exclusively.

(7) Be responsible for appropriate lighting of all ramp and apron areas and for the maintenance and repair of all access roadways, taxiways and ramp and apron areas located upon the premises or located adjacent to the premises and used by the Lessee exclusively.

(8) Repair any damage to the paving or other surface of the premises caused by any oil, gasoline, grease, lubricants or other flammable liquids and substances having a corrosive or detrimental effect thereon.

(c) If the performance of any of the foregoing repair, maintenance, replacement, repainting or rebuilding obligations of the Lessee requires work to be performed near an active taxiway or where safety of operations is involved, the Lessee agrees that it will at its own expense, post guards at such locations to insure the safety of the work performed thereat.

(d) In the event the Lessee fails to commence so to maintain, clean, repair, replace, lamp, relamp, rebuild, paint repaint or to restore as required by this Agreement within a period of twenty (20) days after notice from the Port Authority so to do in the event that the said notice specifies that the required work to be accomplished by the Lessee includes maintenance or repair other than preventive maintenance, or within a period of one hundred eighty (180) days if the said notice specifies that the work to be accomplished by the Lessee involves preventive maintenance only, or fails diligently to continue to completion the cleaning, maintenance, repair, replacement, lamping and relamping, rebuilding, painting, repainting or restoration of all of the premises required to be repaired, replaced, rebuilt, painted, repainted or restored by the Lessee under the terms of this Agreement, the Port Authority may, at its option, and in addition to any other remedies which may be available to it, clean, maintain, repair, replace, lamp or relamp, rebuild, paint, repaint or restore all or any part of the premises included in the said notice, and the cost thereof shall be payable by the Lessee upon demand.

Section 12. Insurance

The Lessee shall, during the term of this Agreement, insure and keep insured to the extent of the full replacement value thereof, all buildings, structures, improvements, installations, facilities and fixtures now or in the future located on the premises against all risks of physical loss or damage (including, but not limited to flood and earthquake risks) if available, and if not available, then against such hazards and risks as may now or in the future be included under the Standard Form of Fire Insurance Policy of the State of New York and also against damage or loss by windstorm, cyclone, tornado, hail, explosion, riot, flood, earthquake, civil commotion, aircraft, vehicles and smoke, under the Standard Form of Fire Insurance Policy of New York and the form of extended coverage endorsement prescribed as of the effective date of the said insurance by the Rating Organization having jurisdiction, and also covering nuclear property losses and contamination hazards and risks if it becomes a reasonably available insurable risk in the commercial market, and boiler and machinery hazards and risks in a separate insurance policy or policies or as an additional coverage endorsement to the aforesaid policies in the form as may now or in the future be prescribed as of the effective date of said insurance by the Rating Organization having jurisdiction and/or the Superintendent of Insurance of the State of New York and the Lessee shall furthermore provide additional insurance with respect to the premises covering any other peril of loss or damage that the Port Authority may at any time during the term of this Agreement cover by carrier or self-insurance covered by appropriate reserves at other locations at the Airport upon written notice to the Lessee to such effect.

The aforesaid insurance coverage and renewals thereof shall insure the Port Authority, the Lessee and the City of New York, as their interests may appear, and shall provide that the loss, if any shall be adjusted with and payable to the Port Authority.

In the event the premises or any part thereof shall be damaged by any casualty against which insurance is carried pursuant to this Section 12, the Lessee shall promptly furnish to the Port Authority such information and data as may be necessary to enable the Port Authority to adjust the loss.

The policies or certificates representing insurance covered by this Section 12 shall be delivered by the Lessee to the Port Authority prior to the commencement date of the Lease and each policy or certificate delivered shall bear the endorsement of or be accompanied by evidence of payment of the premium thereon, and also, a valid provision obligating the insurance company to furnish the Port Authority and the City of New York thirty (30) days' advance notice of the cancellation, termination, change or modification of the insurance evidenced by said policy or certificate. Renewal policies or certificates shall be delivered to the Port Authority at least ten (10) days before the expiration of the insurance which such policies are to renew.

Regardless, however, of the persons whose interests are insured, the proceeds of all policies covered by this Section 12 shall be applied as provided in Section 13; and the word "insurance" and all other references to insurance in said Section 13 shall be construed to refer to the insurance which is the subject matter of this Section 12, and to refer to such insurance only.

The insurance covered by this Section 12 shall be written by companies approved by the Port Authority, the Port Authority covenanting and agreeing not to withhold its approval unreasonably. If at any time any of the insurance policies shall be or become unsatisfactory to the Port Authority as to form or substance or is any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Lessee shall promptly obtain a new and satisfactory policy in replacement, the Port Authority covenanting and agreeing not to act unreasonably hereunder. If the Port Authority at any time so requests, the Lessee shall make available to the Port Authority at a location in the Port of New York District, during normal business hours, the original or a certified copy of the entirety of each of the said policies and shall, upon request, deliver to the Port Authority a certified copy of such portions of said policies pertaining to the coverage hereunder as the Port Authority shall request.

Section 13. Damage to or Destruction of the Premises

(a) Removal Of Debris. If the Premises, or any part thereof shall be damaged by fire, the elements, the public enemy or other casualty, the Lessee shall promptly remove all debris resulting from such damage from the premises, and to the extent, if any, that the removal of debris under such circumstances is covered by insurance, the proceeds thereof shall be made available to and be used by the Lessee for such purpose.

(b) Minor Damage. If the premises, or any part thereof, shall be damaged by fire, the elements, the public enemy or other casualty but not rendered untenantable or unusable for a period of ninety (90) days, the premises shall be repaired with due diligence in accordance with the plans and specifications for the premises as they existed prior to such damage by and at the expense of the Lessee and if such damage is covered by insurance, the proceeds thereof shall be made available to and be used by the Lessee for such repairs.

(c) Major Damage to or Destruction of the Premises. If the premises, or any part thereof shall be destroyed or so damaged by fire, the elements, the public enemy of other casualty as to be untenantable or unusable for ninety (90) days, or if within ninety (90) days after such damage or destruction the Lessee notifies the Port Authority in writing that in its opinion said premises will be untenantable or unsuable for ninety (90)

days then: The Lessee shall proceed with due diligence to make the necessary repairs or replacements to restore such premises in accordance with the plans and specifications for the premises as the same existed prior to such damage or destruction; or with the approval in writing of the Port Authority make such other repairs, replacements or changes as may be desired by the Lessee. If such destruction was covered by insurance, the proceeds thereof shall be made available to and used by the Lessee for such restoration.

(d) The obligation of the Lessee to repair or replace shall be limited to the amount of the insurance proceeds provided the Lessee has carried insurance to the extent and in accordance with Section 12 hereof. Any excess of the proceeds of insurance over the costs of the restoration shall be retained by the Port Authority.

(e) The parties hereby stipulate that neither the provisions of Section 227 of the Real Property Law of New York nor those of any other similar statute shall extend or apply to this Agreement.

Section 14. Assumption of Maintenance and Repair of the Premises by the Port Authority

Subdivision I. Defined Terms in this Section.

The following terms shall have the meanings stated in this Subdivision I for the purposes of this Section:

(a) "Assumable Maintenance and Repair" shall mean the obligation of the Lessee to clean, maintain, perform janitorial services and perform structural and non-structural improvements, repairs and rebuilding as such obligations are set forth in:

(i) paragraphs (a) and (b) of Section 11 hereof; and

(ii) Section 7 hereof insofar as laws, ordinances and governmental rules, regulations, orders, requirements and directions require structural and non-structural improvements, alterations or repairs of the premises; and

(b) The "Cost of Assumable Maintenance and Repair" shall, for each calendar year, consist of the sum of the Operation and Maintenance Cost and the Annual Capital Cost which shall both be determined as follows:

(i) The Port Authority will determine the total of all costs incurred or accrued during each calendar year in connection with the Assumable Maintenance and Repair in accordance with normal Port Authority accounting practice and as follows:

The Port Authority will apportion Assumable Maintenance and Repair performed between "Operation and Maintenance" and "Capital Work". The cost of Operation and Maintenance is hereinafter called the "Operation and Maintenance Cost" and the cost of the Capital Work is hereinafter called the "Capital Cost".

(ii) Operation and Maintenance Cost for each calendar year shall consist of the following expenditures for, in connection with, or related to Operation and Maintenance:

(1) On-the-job payroll costs of employees and supervisory personnel (including Airport supervisors, foremen and clerks) (including, but not limited to, contributions to any retirement system or the cost of or participation in any pension plans or the like, social security, old age, survivor's, disability and unemployment insurance and other insurance costs, sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port Authority policy to or with respect to said employees and personnel;

(2) The cost (including rental charges) of materials, equipment, supplies and utilities (including but not limited to, electricity, water and phone);

(3) Payment to contractors and any other third persons, firms or corporations for work performed or services rendered;

(4) The cost of any performance bond or bonds;

(5) The cost of insurance;

(6) Any other direct costs as charged under the Port Authority's normal accounting practice;

(7) Twenty-five percent (25%) of the sum of all of the foregoing items (1) through (6).

(iii) A. Capital Cost for each calendar year shall consist of the following expenditures, for, in connection with, or related to Capital Work;

(1) On-the-job payroll costs of employees and supervisory personnel (including Airport supervisors, foremen and clerks) including but not limited to, contributions to any retirement system or the cost of or participation in any pension plans or the like, social security, old age, survivor's, disability and unemployment insurance and other insurance costs, sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port

Authority policy to or with respect to said employees and personnel;

(2) The cost (including rental charges) of materials, supplies, equipment and utilities (including but not limited to electricity, water and phone):

(3) Payment to contractors and any other third persons, firms or corporations for work performed or services rendered;

(4) The cost of any performance bond or bonds;

(5) The cost of any insurance;

(6) Payments to independent consultants, architects and engineers engaged or retained by the Port Authority;

(7) Any other direct costs as charged under the Port Authority's normal accounting practice;

(8) Financial Expense on the foregoing computed in accordance with Port Authority accounting practice;

(9) Ten percent (10%) of the sum of all the foregoing items (1) through (8);

B. "Annual Capital Cost" shall mean the total of all annual amounts based upon the amortization of the Capital Cost for each calendar year over the shorter of the weighted average period of the useful life of the Capital Work for each calendar year, or the remaining term of this Agreement as determined by the Port Authority. Each annual amount shall be determined on the basis of an equal annual payment method. The rate used in determining the Annual Capital Cost for all of the annual amounts shall be for each successive calendar year an annual percentage rate equal to the sum of (i) the average of all the weekly indices of the Bond Buyer Revenue Bond Index as reported in the publication "The Bond Buyer" for the 52-week period in the immediately preceding calendar year and (ii) three (3) percentage points. For purposes of example and illustration only, The Bond Buyer Revenue Bond Index for the week ending January 15, 1988 was 8.31% as set forth in the table entitled "Bond Buyer Indices" on page 30 of The Bond Buyer, Vol. 283 No. 230, New York, N.Y., dated January 15, 1988. In the event that The Bond Buyer or its weekly Bond Buyer Revenue Bond Index shall be discontinued prior to the commencement date of the term of the letting a comparable substitute for such Index shall be mutually agreed upon in writing by the Lessee and the Port Authority within thirty (30) days after discontinuance. In the event that the Port Authority and the Lessee shall fail to agree upon such a substitute within the time hereinabove specified then upon notice of either

party such dispute shall be disposed of by arbitration in accordance with the then existing rules of the American Arbitration Association or any successor association. One half of the cost of said arbitration shall be borne by the Port Authority and the other half of said cost shall be borne by the Lessee.

Subdivision II. Commencement of Performance of Assumable Maintenance and Repair

(a) The "Port Authority Effective Date" shall be the date, from time to time, determined as follows:

(i) The Port Authority may at any time and from time to time during the term of this Agreement advise the Lessee, by notice, of one or more deficiencies in the performance by the Lessee of the Assumable Maintenance and Repair, or in any portion, or portions, thereof. Such notice shall specify the aforesaid deficiencies in reasonable detail. In such notice the Port Authority shall also advise the Lessee of what reasonable period of time shall be afforded the Lessee to cure such deficiencies and the Port Authority shall advise the Lessee therein when and where its representatives may meet with representatives of the Port Authority to discuss the foregoing. The Port Authority will consider the response, if any, of representatives of the Lessee, as given at the aforesaid meeting or during such period for a further response from the Lessee, as the Port Authority may, in its sole discretion, afford the Lessee. The Port Authority may, after the occurrence of the above, advise the Lessee, by notice, that it has elected not, at that time, to assume the performance of the Assumable Maintenance and Repair. The Port Authority, in its sole discretion, may condition such an election on such terms as it chooses to include in the notice, including the taking of certain remedial or other actions by the Lessee to the continuing satisfaction of the Port Authority. The fact that the Port Authority may previously have given a notice under this subparagraph but has subsequently elected on one or more occasions not to assume the performance of the Assumable Maintenance and Repair or having on one or more occasions assumed the Assumable Maintenance and Repair and thereafter returned the said obligations to the Lessee pursuant to the provisions hereof, shall not be deemed to limit the right of the Port Authority to, at any time, give another notice of one or more deficiencies pursuant to this subparagraph or notice pursuant to subparagraph (ii) below.

(ii) The Port Authority may at any time and from time to time during the term of this Agreement, but only after the issuance of a notice described above and giving the opportunity to cure as provided above, advise the Lessee, by notice, that commencing on a date to be specified in such notice, which shall be not less than ninety (90) days after the giving thereof, the Port Authority will perform the Assumable Maintenance and Repair. Such date as the same may be established from time to time shall be the "Assumable Maintenance and Repair Date".

Subdivision III. Performance of the Assumable Maintenance and Repair

(a) The Port Authority shall perform the Assumable Maintenance and Repair from and after the Assumable Maintenance and Repair Effective Date with the Cost of Assumable Maintenance and Repair to be paid by the Lessee as provided in Subdivision IV below.

(b) The Lessee and the Port Authority each acknowledge and agree that the rights and obligations of the Port Authority and the Lessee hereunder are limited to the performance of all of the Assumable Maintenance and Repair by the Port Authority and not of particular portions thereof.

(c) The Lessee shall give its full cooperation to the Port Authority so as to better enable the Port Authority and its contractors to perform the Assumable Maintenance and Repair and the Port Authority and its employees, agents and contractors shall have the right to enter the premises at all reasonable times to perform the Assumable Maintenance and Repair.

Subdivision IV. Payment for the Assumable Maintenance and Repair

The Cost of the Assumable Maintenance and Repair shall be payable by the Lessee from and after the Assumable Maintenance and Repair Effective Date as follows:

(a) The Port Authority shall establish monthly interim billing rates. Such billing rates shall be based upon determinations by the Port Authority of its estimate of the Cost of the Assumable Maintenance and Repair for the calendar year or; for the portion of the calendar year in which the Assumable Maintenance and Repair Effective Date, if less than a calendar year, shall occur or for the portion of the calendar year during which the term of this Agreement shall expire, if less than a calendar year. Such determinations shall be based upon the prior calendar year's experience, if any, and upon other such reasonable basis as the Port Authority shall select. The Port Authority may prospectively revise its billing rates during any calendar year. The Lessee shall pay current billings as they are received.

(b) As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the actual Cost of the Assumable Maintenance and Repair for the preceding calendar year and shall determine the amounts payable by the Lessee. In the event the Assumable Maintenance and Repair Date does not fall on the first day of a calendar year or in the event the term of this Agreement expires on a day other than the last day of a calendar year the Annual Capital Cost for said calendar year shall be prorated based on the number of days during said calendar year during which the Port Authority provides the Assumable Maintenance and Repair. Corrected billings based upon such determination shall thereupon be rendered by the Port Authority to the Lessee and if any monies are due to the Port Authority they shall be promptly paid by the Lessee

and if any monies are due to the Lessee they shall be credited to it.

Subdivision V. Limitation of Port Authority Obligations and No Waiver of Rights of Port Authority

(a) The right and obligation of the Port Authority to perform the Assumable Maintenance and Repair shall not release, waive or affect the obligations of the Lessee with respect thereto set forth in any provision of this Agreement, nor limit, waive or effect any rights of termination with respect thereto, including but not limited to, the right of the Port Authority to terminate this Agreement, whether before or after the occurrence of the Assumable Maintenance and Repair Effective Date pursuant to Section 25 of this Agreement.

(b) The Port Authority shall not be obligated to the Lessee to furnish the Assumable Maintenance and Repair at any time while the Lessee shall be in default under this Agreement.

(c) No failure, delay or interruption in performing the Assumable Maintenance and Repair by the Port Authority shall be or be construed to be an eviction of the Lessee or grounds for the diminution or abatement of rentals, fees, or other charges, or (unless resulting from the negligence or wilful failure of the Port Authority) shall be grounds for termination of this Agreement by the Lessee pursuant to Section 48 hereof or for any claims by the Lessee for damages, consequential or otherwise.

(d) The Port Authority shall be under no obligation to perform the Assumable Maintenance and Repair if and to the extent that during any period such performance shall be prohibited, limited or rationed by any federal, state or municipal law, rule, regulation, requirement, order or direction and if the Port Authority deems it in the public interest to comply therewith, even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency. Furthermore, the obligation of the Port Authority to perform the Assumable Maintenance and Repair shall be deemed limited and modified during any period that repair or rebuilding of the premises is required pursuant to Section 11 or Section 13 hereof.

Subdivision VI. Return of the Assumable Maintenance and Repair to the Lessee

At any time and from time to time after the Port Authority may have exercised its rights under Subdivision II (a) (ii)) to perform the Assumable Maintenance and Repair the Port Authority shall have the right, upon notice to the Lessee to return the obligation to perform the Assumable Maintenance and Repair to the Lessee commencing on a date to be specified in such notice which date shall be not less than thirty (30) nor more than ninety (90) days from the giving of such notice. Such date shall be "the Return Date of the Assumable Maintenance and Repair". From and after the Return Date

of the Assumable Maintenance and Repair the Lessee shall perform the Assumable Maintenance pursuant to and in accordance with all the terms and provisions of the Lease including, but not limited to, this Section 14.

From and after the Return Date of the Assumable Maintenance and Repair the Lessee shall continue to pay the cost of Assumable Maintenance and Repair, it being understood, that nothing herein shall release or be deemed to release the Lessee from the payment to the Port Authority of the cost of Assumable Maintenance and Repair including that portion thereof consisting of the Annual Capital Cost in accordance with Subdivision IV hereof arising prior to the Return Date of the Assumable Maintenance and Repair; nor shall anything herein require the Port Authority to make any calculation or determination with respect to the cost of Assumable Maintenance and Repair prior to the time specified therefor in Subdivision IV hereof.

Section 15. Indemnity and Liability Insurance

(a) The Lessee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees and representatives, from and against (and shall reimburse the Port Authority for the Port Authority's costs and expenses including reasonable legal expenses incurred in connection with the defense of) all claims and demands of third persons including, but not limited to, claims and demands for death or personal injuries, or for property damages arising out of a breach or default of any term or provision of this Agreement by the Lessee or out of the use or occupancy of the premises by the Lessee, or by others with its consent, or out of any other acts or omissions of the Lessee, its officers and employees, guests, invitees and business visitors on the premises or arising out of the acts or omissions of the Lessee, its officers and employees elsewhere at the Airport (excepting only claims and demands arising from the sole negligence of the Port Authority); including claims and demands of the City of New York, from which the Port Authority derives its rights in the Airport, for indemnification, arising by operation of law or through agreement of the Port Authority with the said City.

(b) If so directed, the Lessee shall at its own expense defend any suit based upon any such claim or demand (even if such, claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

(c) In addition to the obligations set forth in paragraph (a) of this Section and all other insurance required under this Agreement, the Lessee during the term of this Agreement in its own

name as insured and including the Port Authority as an additional insured shall maintain and pay the premiums on a policy or policies of comprehensive general liability insurance, including automotive, products, liquor liability and covering bodily injury, including death, and property damage liability, broadened to include or equivalent separate policies covering aircraft liability and airport operator's liability under an airport liability policy, none of the foregoing to contain care, custody or control exclusions, and providing for coverage in the limits set forth below. The Lessee may elect, in lieu of the foregoing requirement with respect to care, custody and control exclusions, in its own name as insured and including the Port Authority as an additional insured as its interest may appear to maintain and pay the premiums on a Hangar Legal Liability, Cargo Legal Liability, Baggage Legal Liability and Real Property Legal Liability policy or policies in the limits set forth below. The said policy or policies of insurance shall also provide or contain an endorsement providing that the protections afforded the Lessee thereunder with respect to any claim or action against the Lessee by a third person shall pertain and apply with like effect with respect to any claim or action against the Lessee by the Port Authority and any claim or action against the Port Authority by the Lessee as though the Port Authority were a named insured but such endorsement shall not limit, vary, change, or affect the protection afforded the Port Authority thereunder as an additional insured. The said policy or policies of insurance shall also provide or contain a contractual liability endorsement covering the obligations assumed by the Lessee under paragraph (a) hereof.

	Minimum Limits
Comprehensive General Liability Bodily Injury Liability: For injury to or wrongful death of one or more than one person in any one occurrence:	$100,000,000
Property Damage Liability (including but not limited to aircraft in the care, custody and control of the Lessee) For all damages arising out of injury to or destruction of property in any one occurrence:	$100,000,000
Comprehensive Automobile Liability Bodily Injury Liability: For injury to or wrongful death one or more than one person in any one occurrence:	$25,000,000
Property Damage Liability: For all damages arising out of injury to or destruction of property in any one occurrence:	$25,000,000

Notwithstanding the foregoing, it is specifically understood and agreed that the Port Authority shall have the right upon notice to the Lessee given from time to time and at any time to require the Lessee to increase any or all of the foregoing limits to reasonably commercial amounts and the Lessee shall promptly comply therewith and shall promptly submit a certificate or certificates evidencing the same to the Port Authority.

(c) As to the insurance required by the provisions of this Section a certified copy of the policies or a certificate or certificates or binders, evidencing the existence thereof, or binders, shall be delivered by the Lessee to the Port Authority at least ten (10) days prior to the commencement date of the letting. Each policy, certificate or binder delivered as aforesaid shall bear the endorsement of or be accompanied by evidence of payment of the premium thereon. In the event a binder is delivered, it shall be replaced within thirty (30) days by a certified copy of the policy or a certificate. Each such copy or certificate shall contain a valid provision or endorsement that the policy may not be cancelled, terminated, changed or modified without giving thirty (30) days' written advance notice thereof to the Port Authority. Each such copy or certificate shall contain an additional endorsement providing that the insurance carrier shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority. Any renewal policy shall be delivered to the Port Authority at least ten (10) days prior to the expiration of each expiring policy, except for any policy expiring after the date of expiration of the term of this Agreement. The aforesaid insurance shall be written by a company or companies approved by the Port Authority, the Port Authority agreeing not to withhold its approval unreasonably. If at any time any of the insurance policies shall be or become unsatisfactory to the Port Authority as to the form or substance or if any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Lessee shall promptly obtain a new and satisfactory policy in replacement, the Port Authority covenanting and agreeing not to act unreasonably hereunder. If the Port Authority at any time so requests, the Lessee shall make available to the Port Authority at a location in the Port of New York District, during normal business hours, the original or a certified copy of the entirety of each of the said policies and shall, upon request, deliver to the Port Authority a certified copy of such portions of said policies pertaining to the coverage hereunder as the Port Authority shall request.

Section 16. Signs

(a) Except with the prior written approval of the Port Authority, the Lessee shall not erect, maintain or display any signs

or any advertising at or on the exterior parts of the premises or in the premises so as to be visible from outside the premises or at or on any other portion of the Airport outside the premises. Interior signs affecting public safety and security shall be in accordance with established Port Authority standards.

(b) Upon the expiration or termination of the letting, the Lessee shall remove, obliterate or paint out, as the Port Authority may direct, any and all signs and advertising on the premises or elsewhere on the Airport and in connection therewith shall restore the portion of the premises and the Airport affected by such signs or advertising to the same condition as existing prior to the installation of such signs and advertising. In the event of a failure on the part of the Lessee so to remove, obliterate or paint out each and every such sign or advertising and so to restore the premises and the Airport, the Port Authority may perform the necessary work and the Lessee shall pay the cost thereof to the Port Authority on demand.

Section 17. Obstruction Lights

The Lessee shall furnish such obstruction lights as the Port Authority shall direct, of the type and design approved by the Port Authority, and shall install said lights in the locations on the premises designated by the Port Authority and shall maintain them in first class operating condition at all times. The Lessee shall furnish and install the bulbs and furnish the electricity necessary for the operation of said lights, and shall operate the same in accordance with the directions of the Port Authority. The Port Authority hereby directs that all said obstruction lights shall, until further notice be operated daily for a period commencing thirty (30) minutes before sunset and ending thirty (30) minutes after sunrise (as sunset and sunrise may vary from day to day throughout the year) and for such other periods as may be directed or requested by the control tower at the Airport.

Section 18. Additional Rent and Charges

If the Port Authority is required or elects to pay the sum or sums or incurs any obligations or expense by reason of the failure, neglect or refusal of the Lessee to perform or fullfill any one or more of the conditions, covenants or agreements contained in this Agreement or as a result of an act or omission of the Lessee contrary to the said conditions, covenants and agreements, the Lessee agrees to pay the sum or sums so paid or the expense so incurred including all the interest, costs, damages and penalties, and the same may be added to any installment of rent thereafter due hereunder, and each every part of the same shall be and become additional rent, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the rent as set forth in Section 3.

Section 19. Late Charges

If the Lessee should fail to pay any amount required to be paid by the Lessee under this Agreement when due to the Port Authority, including without limitation any payment of rental or Additional Facility Rental or other rental or any payment of utility or other charges or if any such amount if found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (but not less than thirteen) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Agreement. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority of payment of any late charge of late charges payable under the provisions of this Section with respect to such unpaid amount. Each late charge shall be and become additional rent, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the rental. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Agreement, including without limitation the Port Authority's rights to set forth in Section 25, of this Agreement or (ii) any obligations of the Lessee under this Agreement. In the event that any late charge imposed pursuant to this Section shall exceed a legal maximum such late charges payable under this Agreement shall be payable instead at such legal maximum.

Section 20. Rights of Entry Reserved

(a) The Port Authority, by its officers, employees, agents, representatives and contractors shall have the right at all reasonable times to enter upon the premises for the purpose of inspecting the same, for observing the performance by the Lessee of its obligations under this Agreement, and for the doing of any act or thing which the Port Authority may be obligated or have the right to do under this Agreement.

(b) Without limiting the generally of the foregoing, the Port Authority, by its officers, employees, agents, representatives, and contractors, and furnishers of utilities and other services, shall have the right, for its own benefit, for the benefit of the

Lessee, or for the benefit of other than the Lessee at the Airport, to maintain existing and future utility, mechanical, electrical and other systems and to enter upon the premises at all reasonable times to make such repairs, replacements or alterations as may, in the opinion of the Port Authority, be deemed necessary or advisable and, from time to time, to construct or install over, in or under the premises new systems or parts of the Airport otherwise not conveniently accessible; provided, however, that in the exercise of such rights of access, repair, alteration or new construction the Port Authority shall not unreasonably interfere with the use and occupancy of the premises by the Lessee.

(c) Further, without limiting the generality of this Section the Port Authority, by its officers, employees, agents, representatives and contractors and furnishers of service shall have the right, for its own benefit, for the benefit of the Lessee, or for the benefit of others than the Lessee at the Airport to maintain the portions of the Distribution Portion of the Underground Fuel Distribution System as described in the General Airport Agreement as defined in Section 53 located under or on the premises and to enter upon the premises at all times to make such repairs, replacements or alterations to the Distribution Portion of the Underground Fuel Distribution System as may, in the opinion of the Port Authority, be deemed necessary or desirable and, from time to time to construct or install over, in or under the premises additions or extensions to said Distribution Portion of the Underground Fuel Distribution System; provided however, that in the exercise of such rights of access, repair, alteration or new construction the Port Authority shall not unreasonably interfere with the use and occupancy of the premises by the Lessee pursuant to the provisions of this Agreement.

Neither the Distribution Portion of the Underground Fuel Distribution System or any part thereof as described in Supplement No. 37 to the General Airport Agreement as defined in Section 53 of the Lease, shall be or be deemed to be a part of the premises under the Lease.

(d) In the event that any property of the Lessee shall obstruct the access of the Port Authority, its employees, agents or contractors to any of the existing or future utility, mechanical, electrical and other systems and thus shall interfere with the inspection, maintenance or repair of any such system, the Lessee shall move such property, as directed by the Port Authority, in order that access may be had to the system or part thereof for its inspection, maintenance or repair, and, if the Lessee shall fail to so move such property after direction from the Port Authority to do so, the Port Authority may move it and the Lessee hereby agrees to pay the cost of such moving upon demand.

(e) Nothing in this Section shall or shall be construed to impose upon the Port Authority any obligations so to construct or maintain or to make repairs, replacements, alterations or additions, or shall create any liability for any failure so to do. The Lessee is and shall be in exclusive control and possession of the premises

and the Port Authority shall not in any event be liable for any injury or damage to any property or to any person happening on or about the premises nor for any injury or damage to the premises or to any property of the Lessee or of any other person located in or thereon (other than those occasioned by the affirmative acts of the Port Authority, its employees, agents and representatives).

(f) At any time and from time to time during ordinary business hours within the six (6) months next preceding the expiration of the letting, the Port Authority, for and by its agents and employees, whether or not accompanied by prospective lessees, occupiers or users of the premises, shall have the right to enter thereon for the purpose of exhibiting and viewing all parts of the same, and during such six month period the Port Authority may place and maintain on the premises the usual "To Let" signs, which signs the Lessee shall permit to remain without molestation.

(g) If, during the last month of the letting, the Lessee shall have removed all or substantially all its property from the premises, the Port Authority may immediately enter and alter, renovate and redecorate the premises.

(h) The exercise of any or all of the foregoing rights by the Port Authority or others shall not be or be construed to be an eviction of the Lessee and shall not be made the grounds for any abatement of rental nor any claim or demand for damages, consequential or otherwise.

Section 21. Condemnation

(a) Definitions

As used in this Section the phrase, "temporary interest," when used with reference to real property, shall mean an interest in such real property entitling the owner of such interest to the possession of such property (whether or not such interest includes or is coextensive with an interest of the Lessee therein under this Agreement), for an indefinite term or for a term terminable at will or at sufferance of for a term measured by a war or an emergency or other contingency or for a fixed term expiring prior to the expiration date of this Lease; and the phrase "permanent interest," when used with reference to real property, shall mean an interest in such real property entitling the owner of such interest to possession thereof, other than a temporary interest as above defined, including among others a fee simple and an interest for a term of years expiring on or after the expiration date of this Agreement.

As used in this Section with reference to any premises or facilities leased to the Lessee for its exclusive use or with reference to the Public Landing Area, the phrase "a material part" shall mean such a part of the said premises or said public Landing Area that the Lessee cannot continue to carry on its normal operations at the Airport without using such part.

(b) Condemnation or Taking of a Permanent Interest in All or any part of the Premises or All or a Material Part of the Public Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by any body having a superior power of eminent domain of a permanent interest in all or any part of the premises or of a permanent interest in all or any part of the Public Landing Area (any such acquisition under this Section 21 hereinafter referred to as a "taking"), the Port Authority shall purchase from the Lessee, and the Lessee shall sell to the Port Authority, the Lessee's leasehold interest (excluding any personal property whatsoever) in the premises except that in the event of a taking of less than all of the said premises, the Port Authority shall purchase and the Lessee shall sell only so much of the Lessee's leasehold interest in the premises as are taken. The sole and entire consideration to be paid by the Port Authority to the Lessee shall be an amount equal to the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in the premises or, in the event of a taking of less than all of the said premises, an amount equal to the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in so much of the premises as are taken. However, the Port Authority shall purchase and the Lessee shall sell only if the consideration paid by the Port Authority therefor will constitute "unamortized Port Authority funds other than bond proceeds or Federal or State grants expended for capital improvements at the municipal air terminals," within the meaning of said phrase as used in Section 23, I, D of the Basic Lease or if an amount not less than such consideration can otherwise be retained by the Port Authority (and not be required to be paid to the City of New York) out of the damages or award in respect to such talking without violation of any obligation of the Port Authority to the City of New York under the Basic Lease. Such purchase and sale shall take effect as of the date upon which such body having superior power of eminent domain obtains possession of any such permanent interest in the demised premises or in the Public Landing Area, as the case may be, and in that event, the Lessee (except with respect to its personal property), shall not have any claim or right to claim or be entitled to any portion of the amount which may be awarded as damages or paid as a result of such taking, and all rights to damages, if any, of the Lessee (except for damages to its personal property) by reason thereof are hereby assigned to the Port Authority.

If however, the amount to be paid by the Port Authority (the unamortized capital investment, as defined in Section 81 hereof, if any, of the Lessee in the premises) for such leasehold interest will not constitute "unamortized Port Authority funds other than bond proceeds or Federal or State grants, expended for capital improvements at the municipal air terminals," within the meaning of said phrase as used in Section 23, I, D of the Basic Lease or if an amount not less than such consideration cannot otherwise be retained by the Port Authority (and not be required to be paid to the City of

New York) out of the damages or award in respect to such taking without violation of any obligation of the Port Authority to the City of New York under the Basic Lease, then the aforesaid agreement to purchase and sell said leasehold interest shall be null and void; and in any such event, the Lessee shall have the right to appear and file its claim for damages in the condemnation or eminent domain proceedings, to participate in any and all hearings, trials and appeals therein, and to receive such amount as it may lawfully be entitled to receive as damages or payment as a result of such taking, because of its leasehold interest in the premises, up to but not in excess of an amount equal to the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in the premises. The Port Authority and the Lessee hereby agrees that as full and final settlement of any sum that may be due as rent or otherwise for the balance of the term of this Lease, the Lessee will pay to the Port Authority the excess, if any, which the Lessee may be entitled to receive over the foregoing sum. If there be no excess, any sum that may be due as rent or otherwise for the balance of the term of this Lease shall abate.

In the event of the taking of all of the premises and if the Lessee has no unamortized capital investment (as defined in Section 81 hereof) in the premises at the time of the taking, then the aforesaid agreement to purchase and sell said leasehold interest shall be null and void; and in that event, this Lease and all rights granted by this Lease to the Lessee to use or occupy the premises for its exclusive use or for its use in common with others at the Airport and all rights, privileges, duties and obligations of the parties in connection therewith or arising thereunder shall terminate as of the date of the taking, and in that event, the Lessee (except with respect to its personal property) shall not have any claim or right to claim or be entitled or paid as a result of such taking, and all rights to damages, if any, of the Lessee (except for damages to its personal property) by reason thereof are hereby assigned to the Port Authority.

In the event that the taking covers only a material part of the premises, then the Lessee and the Port Authority shall each have an option exercisable by notice given within (10) days after the effective date of such taking to terminate the letting hereunder with respect to the premises not taken, as of the date of such taking and such termination shall be effective as if the date of such taking were the original date of expiration hereof. If the Port Authority exercises this option, it shall purchase from the Lessee the Lessee's leasehold interest (excluding any personal property whatsoever) in the premises not taken for a consideration equal to the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in the premises not taken. If the letting of the entire premises is not terminated, the settlement or abatement of rentals after the date possession is taken by the body having a superior power of eminent domain shall be in accordance with Section 3 thereof.

(c) Condemnation or Taking of a Permanent Interest in Less Than a Material Part of the Public Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by a body having a superior power of eminent domain of a permanent interest in less than a material part of the Public Landing Area, the Port Authority and the Lessee each shall have the right to appear and file claims for damages, to the extent of their respective interest, in the condemnation or eminent domain proceedings, to participate in any and all hearings, trials and appeals therein, and receive and retain such amount as they may lawfully be entitled to receive as damages or payment as a result of such taking. However, if at the time of such taking the Lessee has no unamortized investment (as defined in Section 81 hereof) in the premises, in that event, the Lessee (except with respect to its personal property) shall not have any claim or right to claim or be entitled to any portion of the amount which may be awarded as damages or paid as a result of such taking, and all rights to damages, if any, of the Lessee (except for damages to its personal property) by reason thereof are hereby assigned to the Port Authority.

(d) Condemnation or Taking of a Temporary Interest in All or Any Part of the Premises or All or a Material Part of the Public Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by a body having a superior power of eminent domain of a temporary interest in all or any part of the premises or of a temporary interest in all or a material part of the Public Landing Area, there shall be no abatement of any rental payable by the Lessee to the Port Authority under the provisions of the Agreement but the Lessee shall have the right to claim and in the event of an award thereof shall be entitled to retain the amount which may be awarded as damages or paid as a result of the condemnation or other taking of such temporary interest, provided, that the Lessee shall be obligated to pay over to the Port Authority all such payments as may be made to the Lessee as damages or in satisfaction of such claim, after deduction of (a) reasonable expense incurred by the Lessee in the prosecution of such claim; (b) an amount equal to the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in the premises, or in the event of a taking of less than all of the said premises, an amount equal to such unamortized capital investment in the premises as are taken, to the extent in either case that the same is to be amortized over the period of the taking; and (c) the then present capitalized value of the Lessee's obligation for rentals thereafter payable during the period of the taking in respect to the demised premises, or, in the event of a taking of less than all of the said premises, in respect to the premises so taken.

In the event that the taking covers a material part but less than all of the premises, then the Lessee and the Port Authority shall each have an option, exercisable by notice given within ten (10) days after the effective date of such taking, to suspend the term of the letting of such of the premises as are not so taken during the period of the taking, and, in that event, the rentals for such premises shall abate for the period of the suspension. If the Port Authority exercises the option, it shall purchase from the Lessee the Lessee's leasehold interest (excluding any personal property whatsoever) in the premises not taken for the period of suspension for a consideration equal to the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in such premises which is to be amortized over the period of such suspension.

(e) Condemnation or Taking of a Temporary Interest in Less Than a Material Part of the Public Landing Area.

Upon the acquisition by condemnation or the exercise of the power of eminent domain by a body having a superior power of eminent domain of a temporary interest in less than a material part of the Public Landing Area, the Lessee shall not have any claim or right to claim or be entitled to any portion of the amount which may be awarded as damages or paid as a result of such condemnation or taking, and all rights to damages, if any, of the Lessee, including consequential damages, by reason of such condemnation or taking, are hereby assigned to the Port Authority.

Section 22. Right of Termination - Securities Ownership

(a) The occurrence of any one or more of the following events shall be and shall be deemed an event of termination under Section 25 of the Lease, and upon the occurrence of any such event or at any time thereafter during the continuance thereof the Port Authority shall have the right to terminate the Lease and the letting hereunder pursuant to the provisions of said Section 25.

(i) Excepting only the Government of the United Kingdom of Great Britain and Northern Ireland, any individual, corporation, partnership or other entity shall have direct or indirect beneficial ownership (as described below) of a portion of any class of outstanding voting securities of the Lessee (as described below) in excess of thirty percent (30%) thereof; which shall result in a detectible decrease in the amount of, and a change in, the nature of the Lessee's scheduled passenger aircraft operations at the Airport or shall have the effect of causing this Lease to become the only asset or a significantly greater portion of the assets of the Lessee than prior to such action; unless the Port Authority shall have given its prior written consent thereto;

(ii) There shall be an issuance, transfer, purchase or exchange of all or a portion of the securities of the Lessee or

of a subsidiary corporation of the Lessee or the creation, transfer, purchase or exchange of any rights or privileges thereunder, or the transfer, purchase or exchange of all or a portion of the assets of the Lessee or of a subsidiary corporation of the Lessee, which causes or results in a change in the relationship between the Lessee and a subsidiary corporation of the Lessee, or the Lessee and the holders of the securities of the Lessee, or the creation of another corporation for the purpose, among others, of accepting and holding securities of the Lessee, or which places control of the Lessee in a single entity, or which effects, causes or results in a transfer or change in the entity exercising control over the Lessee unless the Port Authority shall have given its prior written consent thereto; which shall in any such case result in a detectible decrease in the amount of and a change in the nature of the Lessee's scheduled passenger aircraft operations at the Airport or shall have the effect of causing this Lease to become the only asset or a significantly greater portion of the assets of the Lessee than prior to such action.

(b) The foregoing right of termination shall be in addition to all other rights of termination the Port Authority has under this Agreement and the failure of the Port Authority to exercise its right of termination under this Section at any time in which it may have such right shall not affect, waive or limit its right to exercise said right of termination at any subsequent time.

(c) The Lessee represents, knowing that the Port Authority is relying on the accuracy of such representation, that, at the time of execution of this Agreement, it is a corporation organized and existing under the laws of England and Wales, and has issued and has outstanding (2.a.) voting securities which constitute all its outstanding voting securities.

(d) The phrase "direct or indirect beneficial ownership" shall include without limiting the generality thereof the direct or indirect power through contract, arrangement, understanding, relationship or otherwise to dispose of or to direct the disposal of, or to vote or to direct the voting of, any voting security of a corporation.

(e) The term "voting security" shall include any stock, bond or other obligation of a corporation the holder of which has any voting rights including but not limited to the right to vote for the election of members of the board of directors of said corporation and shall include any security convertible into a voting security and any right, option or warrant to purchase a voting security.

(f) The Lessee shall promptly advise the Port Authority of any change in the representation made in paragraph (c) of this Section.

Section 23. Assignment to a Trust

In the event that the Port Authority is of the opinion that it is advisable due to changes (occurring after the execution of this Agreement) in the laws of the United States of America regarding bankruptcy and insolvency, which changes lessens or limits the rights or remedies of a landlord should a tenant under a lease of non-residential real property become a debtor pursuant to the aforesaid laws, (such changes being hereinafter called "Changes in Landlord Rights'), the Port Authority and the Lessee agree that this Agreement, as the same may have been theretofore amended or supplemented and as then amended by a Supplement to be prepared by the Port Authority and executed by the Lessee and the Trust (described below) and delivered to the Port Authority for its execution, shall be assigned to a Trust, created as provided herein. The Trust shall be created by a Trust Indenture to be prepared by the Port Authority and executed by the Port Authority and the Lessee. The Trust would be under the voting control of the trustee designated by the Lessee, unless and until stipulated events of the type set forth as Triggering Events in Exhibit X occurred, in which event voting control would shift to the trustee designated by the Port Authority. The occurrence of such Triggering Events would be as certified by the independent trustee jointly designated by the Port Authority and the Lessee. The Port Authority agrees that it will simultaneously with the assignment of this Agreement, as the same may have been theretofore amended or supplemented, to the Trust, consent to the Trust entering into a sublease with the Trust as landlord and the Lessee, as sublessee, provided however that such sublease shall be a month-to-month periodical tenancy and the Trust Indenture shall provide for the same. If four consecutive calendar quarters shall elapse after voting control of the Trust shifted to the trustee designated by the Port Authority and (i) the Trustee designated by the Port Authority shall not have, by notice, advised the Lessee that it may no longer occupy the premises as a month-to-month periodical tenant pursuant to the aforesaid sublease and the Lessee in fact is so occupying and (ii) none of the aforesaid stipulated events shall have occurred or continued to occur or shall have again occurred, the Port Authority will, at the request of the Lessee prepare a Supplemental Agreement to be executed by the Trust and the Lessee, and delivered to the Port Authority for its execution reassigning this Agreement to the Lessee. If the Trust becomes the assignee of this agreement as provided above, and there are further changes in Landlord Rights such that the rights and remedies of a landlord, as aforesaid, are restored, the Port Authority shall prepare and tender to the Lessee, and the Trust a Supplemental Agreement to be executed and delivered by each of them and returned to the Port Authority for its execution, reassigning this Agreement, as the same may have been theretofore amended or supplemented, to the Lessee.

Section 24. Assignment and Sublease

(a) The Lessee covenants and agrees that it will not sell, convey, transfer, mortgage, pledge or assign this Agreement or any

part thereof, or any rights created thereby or the letting thereunder or any part thereof without the prior written consent of the Port Authority; provided, however, that this Agreement may be assigned in its entirety without such consent to any successor in interest of the Lessee which is or is to be a Scheduled Aircraft Operator, and with or into which the Lessee may merge or consolidate, or which may succeed to the assets of the Lessee or the major portion of its assets related to its air transportation system, but in any such event, such assignment shall not take effect before the assignee is actually engaged in the business of scheduled transportation by aircraft; provided, further, that the successor entity has a financial standing as of the date of the transfer or assignment at least as good as that of the Lessee by which is meant that its ratio of current assets to current liabilities, its ratio of fixed assets to fixed liabilities and its net worth shall each be at least as favorable as that of the Lessee and provided, further, that such successor entity or purchaser executes and delivers to the Port Authority an instrument in a form satisfactory to the Port Authority assuming the obligations of the Lessee as if it were the original tenant hereunder.

Without limiting the foregoing, in the event the successor entity referred to above is not anticipated to have a financial standing as of the date of transfer or assignment which is as good or better than the Lessee, the Lessee shall have the right to request the Port Authority to consider an appropriate increase in the amount of the security deposit required pursuant to Section 79 or other additional form of security as a condition of its consent to an assignment hereunder to such entity.

(b) The Lessee shall not sublet the premises or any part thereof, without the prior written consent of the Port Authority, provided, however, that if any of the events set forth in Section 48 (a) (1) hereof shall occur, the Lessee may sublet the entire premises or assign this Agreement, with the consent of the Port Authority thereto not to be unreasonably withheld if the sublessee or assignee is a Scheduled Aircraft Operator.

(c) If without the prior written consent of the Port Authority, the Lessee assigns, sells, conveys, transfers, mortgages, pledges or sublets in violation of paragraph (a) or (b) of this Section or if the premises are occupied by anybody other than the Lessee, the Port Authority may collect rent from any assignee, sublessee or anyone who claims a right under this Agreement or letting or who occupies the premises, and the Port Authority shall apply the net amount collected to the rental herein reserved; but no such collection shall be deemed a waiver by the Port Authority of the covenants contained in paragraph (a) and (b) of this Section or an acceptance by the Port Authority of any such assignee, sublessee, claimant or occupant as Lessee, nor a release of the Lessee by the Port Authority from the further performance by the Lessee of the covenants contained herein.

(d) Neither the limited right of assignment provided in paragraph (a) hereof nor the exercise of said right by the Lessee shall be construed or deemed to release, relieve or discharge any succeeding assignee, successor or transferee of the Lessee or any other person claiming any right, title or interest in this Agreement from the requirement of obtaining the prior written consent of the Port Authority in the event it wishes to sell, convey, transfer, mortgage, pledge, sublet or assign this Agreement or any part thereof, or any rights created thereby or the letting hereunder or any part thereof; and such assignee, successor or transferee or other person claiming any right, title or interest in this Agreement shall not sell, convey, transfer, mortgage, pledge, sublet or assign this Agreement or any part thereof, or any rights created thereby or the letting thereunder or any part thereof without such prior written consent of the Port Authority.

(e) The Lessee shall not use or permit any person to use the premises or any portion thereof for any purpose other than the purpose stated in Section 5 hereof. Except as provided in this Agreement or otherwise permitted in writing by the Port Authority, the Lessee shall not permit the premises to be used or occupied by any person other than its own officers, employees, passengers, contractors and representatives.

(f) Notwithstanding the provisions of paragraph (b) hereof and subject to obtaining the approval and written consent of the Port Authority to do so in a written agreement in a form prepared by the Port Authority to be entered into among the Port Authority, the Lessee and United Air Lines, Inc., (hereinafter called "United"), a corporation of the State of Delaware, the Lessee shall have the right and the obligation to sublet to United for a term expiring on the last day of the month preceding the month in which the expiration date of the term of this Lease shall fall, a portion of the premises herein let to the Lessee equal to approximately 50% of the enclosed space and associated outside area forming a part of the premises computed on the basis of the square footage of floor space of such enclosed space and outside area. It is understood and agreed that notwithstanding the right and obligation of subletting to United described herein, the Lessee shall continue to be liable and responsible to the Port Authority for the performance of all of the obligations of the Lessee hereunder on the part of the Lessee to be performed with respect to all the premises under the Lease, regardless of whether occupied and used by the Lessee or United, in the same manner and to the same extent as if such sublease agreement with United had never been made or consented to by the Port Authority and all acts and omissions of United shall, as between the Port Authority and the Lessee, be deemed to be acts and omissions of the Lessee.

Section 25. Termination by the Port Authority

(a) If any one or more of the following events shall occur, that is to say:

(1) The Lessee shall become insolvent (which shall mean the inability to pay debts in the regular course of business) or shall take the benefit of any present or future insolvency statute, or shall make a general assignment for the benefit of creditors, or file a voluntary petition in bankruptcy or a petition or answer seeking an arrangement or its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any other law or statute of the United States or of any State thereof, or consent to the appointment of a receiver, trustee, or liquidator of all or substantially all of its property; or

(2) By order or decree of a court the Lessee shall be adjudged a bankrupt or an order shall be made approving a petition filed by any of its creditors or by any of the stockholders of the Lessee, seeking its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any law or statute of the United States or of any state thereof provided that if any such judgment or order is stayed or vacated within sixty (60) days after the entry thereof, any notice of termination shall be and become null, void and of no effect; or

(3) By or pursuant to, or under authority of any legislative act, resolution or rule, or any order or decree of any court or governmental board, agency or officer having jurisdiction, a receiver, trustee, or liquidator shall take possession or control of all or substantially all of the property of the Lessee, and such possession or control shall continue in effect for a period of thirty (30) days; or

(4) The Lessee shall voluntary abandon, desert or vacate the premises or discontinue its operation at the premises, or after exhausting or abandoning any right of further appeal, the Lessee shall be prevented for a period of thirty (30) days by action of any governmental agency other than the Port Authority having jurisdiction thereof, from conducting its operations at the Airport, regardless of the fault of the Lessee; or

(5) Any lien is filed against the premises because of any act or omission of the Lessee and shall not be removed, discharged or bonded within thirty (30) days after the Lessee has received notice therof; or

(6) Except as otherwise provided in Section 23 or paragraph (a) of Section 24, the letting hereunder or the interest or estate of the Lessee under this Agreement shall be transferred directly by the Lessee or shall pass to or devolve upon, by operation of law or otherwise, any other person, firm or corporation; or

(7) A petition under any part of the federal bankruptcy laws or an action under any present or future insolvency law or statute shall be filed against the Lessee and shall not be dismissed within sixty (60) days after the filing thereof; or

(8) Except as otherwise provided in paragraph (a) of Section 24, the Lessee, if a corporation, shall, without the prior written approval of the Port Authority, become a possessor or merged corporation in a merger, a constituent corporation in a consolidation, or a corporation in dissolution; or

(9) The Lessee shall fail duly and punctually to pay the rentals or fees or to make any other payment required hereunder when due to the Port Authority and shall continue in its failure to pay rentals or fees or to make any other payment required hereunder for a period of ten (10) days after receipt of notice by it from the Port Authority to make such payment; or

(10) The Lessee shall fail to keep, perform and observe each and every other promise, covenant and agreement set forth in this Agreement on its part to be kept, performed, or observed, within thirty (30) days after receipt of notice of default thereunder from the Port Authority (except where fulfillment of its obligation requires activity over a period of time, and the Lessee shall have commenced to perform whatever may be required for fulfillment within thirty (30) days after receipt of notice and continues such performance without interruption except for causes beyond its control);

then upon the occurrence of any such event or at any time thereafter during the continuance thereof, the Port Authority may upon twenty (20) days' notice terminate the rights of the Lessee hereunder and the letting, such termination to be effective upon the date specified in such notice. Such right of termination and the exercise thereof shall be and operate as a conditional limitation.

(b) No acceptance by the Port Authority of rentals, fees, charges or other payments in whole or in part for any period or periods after a default of any of the terms, covenants and conditions hereof to be performed, kept or observed by the Lessee shall be deemed a waiver of any right on the part of the Port Authority to terminate the letting.

(c) No waiver by the Port Authority of any default on the part of the Lessee in performance of any of the terms, covenants or conditions hereof to be performed, kept or observed by the Lessee shall be or be construed to be a waiver by the Port Authority of any other or subsequent default in performance of any of the said terms, covenants and conditions.

(d) The rights of termination described above shall be in addition to any other rights of termination provided in this Agreement and in addition to any rights and remedies that the Port Authority would have at law or in equity consequent upon any breach of this Agreement by the Lessee, and the exercise by the Port Authority of any right of termination shall be without prejudice to any other such rights and remedies.

Section 26. Additional Rights of Termination by the Port Authority as to Portions of the Premises

(a) It is hereby agreed that for the purpose of this Section 26 the term "the Lessee's Commencement Basic Schedules" shall be and mean a revenue seats daily average (as said term is defined in paragraph (e) hereof) of (2.a.)

(b) Commencing with calendar year 1995 and for each and every calendar year thereafter, the Port Authority may ascertain the revenue seats daily average of the Lessee for the Airport for the preceding calendar year in accordance with the provisions of paragraph (e) hereof, which revenue seats daily average shall be the Lessee's Basic Schedules for the preceding calendar year and shall be referred to as such. Thus, for example, in the case of the first calculation which would be based on the calendar year 1994 experience, said revenue seats daily average shall be called the "Lessee's Basic Schedule for 1994".

(c) As of January 1, 1995 and as of January 1 of each succeeding calendar year (i) in the event that the Lessee's Basic Schedules for the immediately preceding calendar year for the Airport are less than sixty percent (60%) of the Lessee's Commencement Basic Schedules or (ii) in the event that because of reasons beyond the control of the Lessee the Lessee's Basic Schedules for the immediately preceding two calendar years are less than sixty percent (60%) of the Lessee's Commencement Basic Schedules, then in either of such events and without limiting each and every other right of termination the Port Authority has under this Agreement or otherwise, the Port Authority shall have the right, upon six (6) month's written notice to the Lessee, to terminate the letting under the Lease as to any portion or portions of the premises which the Port Authority determines to be underutilized by the Lessee. Such termination shall be effective on the date set forth in said notice of termination. Upon such termination the term of the letting as to the terminated portion or portions of the premises shall cease and expire on the effective date set forth in said notice with the same force and effect as if said date were the date originally stated in this Agreement for the expiration of the term of the letting as to said portion or portions of the premises. This Agreement and the letting as to all other portions of the premises shall continue in full force and effect. In the event of the termination of any portion or portions of the premises, as aforesaid, the annual amount of the rental payable by the Lessee to the Port Authority shall, from and after the effective date of termination, be abated in accordance with Section 3 hereof.

The Port Authority shall give thirty (30) days' prior notice of its intention to give the termination notice set forth above and it is expressly agreed that the Port Authority shall not exercise the aforesaid right of termination with respect to any portion or portions of the premises if the Lessee has submitted to the Port Authority definite plans for the use of the entire premises at least at the levels specified in subparagraph (i) above provided

the Lessee in fact commences such use including the portions of the premises proposed to be terminated by the Port Authority within ninety (90) days after the submission of the said plans.

(d) The failure of the Port Authority to exercise its right of termination under this Section during any year in which it may have such a right, shall not affect, waive or limit its right to exercise said right of termination in any subsequent year.

(e) In the event the Port Authority decides to ascertain the revenue seats daily average of the Lessee for the preceding calendar year it shall do so as follows: based upon the Official Airline Guide (herein called "the Guide"), or in the event that the Guide shall not list the Lessee's schedules then based upon the generally accepted United States aviation industry standard published airline schedule reference which shall include the Lessee's published schedules, the Port Authority shall ascertain the total number of revenue seats that were accommodated on the aircraft equipment scheduled to have been used by the Lessee on its published aircraft arrivals at the Airport as set forth in the Guide during two specified calendar weeks (Sunday through Saturday), the first of which weeks is the one during which the fifteenth (15th) day of April of the prior calendar year fell and the second being the one during which the fifteenth (15th) day of October of the said prior calendar year fell, and shall total the said number of revenue seats which are hereinafter called "the total revenue seats" of the Lessee. In determining the total revenue seats of the Lessee, the total revenue seats as defined above of those Handled Airlines (as defined in Section 81 hereof), if any, of the Lessee who were Handled Airlines as of the date of such determination and sublessees of the Lessee at the premises who were sublessees on the date of such determination, with respect to the aircraft of the Handled Airlines and aircraft of the sublessee's operating at the premises, shall be included.

In making said determination, the Port Authority shall use the most recent configuration as supplied by the Lessee with respect to the number of revenue seats that can be accommodated on the particular aircraft equipment scheduled to be used by the Lessee at the Airport. The total revenue seats of the Lessee shall then be divided by fourteen, the resulting quotient being herein called "the revenue seats daily average" of the Lessee.

(f) In the event the Port Authority shall, from time to time, exercise its right of termination hereunder as to a portion or portions of the premises then, effective upon the date the Port Authority takes possession thereof, (i) the Lessee's Commencement Basic Schedules as set forth in paragraph (a) hereof shall be adjusted by multiplying the Lessee's Commencement Basic Schedules as originally set forth herein by a fraction, the denominator of which shall be 12 and the numerator of which shall be 12 less the number of gate positions in the portion or portions of the premises then or previously terminated by the Port Authority hereunder and (ii) the Port Authority shall pay to the Lessee the Lessee's unamortized

investment (as defined in Section 81 hereof) in the portion of the premises terminated by the Port Authority hereunder (without reference to unamortized investment in any other portions of the premises) computed from the date actual physical possession of such portion of the premises is delivered to the Port Authority; such payment to be made one hundred and eighty days after such delivery date.

Section 27. Right of Re-Entry

The Port Authority shall, as an additional remedy upon the giving of a notice of termination as provided in Section 25, 26 or other Section hereof, have the right to re-enter the premises and every part thereof upon the effective date of termination without further notice of any kind, and may regain and resume possession either with or without the institution of summary or any other legal proceedings or otherwise. Such re-entry, or regaining or resumption of possession, however, shall not in any manner affect, alter or diminish any of the obligations of the Lessee under this Agreement, and shall in no event constitute an acceptance of surrender.

Section 28. Waiver of Redemption

The Lessee hereby waives any and all rights to recover or regain possession of the premises and all rights of redemption, granted by or under any present or future law in the event it is evicted or dispossessed for any cause, or in the event the Port Authority obtains possession of the premises in any lawful manner.

Section 29. Survival of the Obligations of the Lessee

(a) In the event that the letting shall have been terminated in accordance with a notice of termination as provided in Section 25 hereof, or the interest of the Lessee cancelled pursuant thereto, or in the event that the Port Authority has re-entered, regained or resumed possession of the premises in accordance with the provisions of Section 27 hereof, all the obligations of the Lessee under this Agreement shall survive such termination or cancellation, or re-entry, regaining or resumption of possession and shall remain in full force and effect for the full term of the letting under this Agreement, and the amount or amounts of damages or deficiency shall become due and payable to the Port Authority to the same extent, at the same time or times and in the same manner as if no termination, cancellation, re-entry, regaining or resumption of possession had taken place. The Port Authority may maintain separate actions each month to recover the damage or deficiency then due or at its option and at any time may sue to recover the full deficiency less the proper discount, for the entire unexpired term.

(b) The amount of damages for the period of time subsequent to termination or cancellation (or re-entry, regaining or resumption of possession) on account of the Lessee's rental obligations, shall be the sum of the following:

(1) On account of the Lessee's annual rental obligation, (including the Additional Facility Rental), the amount of the total of all annual rentals, less the amount attributable to the installments of said annual rentals payable prior to the effective date of termination except that the credit to be allowed for the amount attributable to the installment payable on the first day of the month in which the termination is effective shall be prorated for the part of the month the letting remains in effect, on the basis of the actual number of days in the month; and

(2) On account of the Lessee's obligations to pay the cost of Assumable Maintenance and Repair set forth in Section 14 hereof, an amount equal to the total sum of the Capital Cost under Section 14 hereof less the amount thereof payable prior to the effective date of termination, except that the credit to be allowed for the amount attributable to the installment payable on the first day of the month in which the termination is effective shall be prorated for the part of the month the letting remains in effect or the actual number of days in such month.

(c) Port Authority may at any time during an action to recover all the damages as set forth above not previously recovered in separate actions, or it may bring separate actions to recover the items of damages set forth in subparagraphs (1) and (2) of paragraph (b) above and separate actions periodically to recover from time to time only such portion of the damages set forth in subparagraph (1) of paragraph (b) above as would have accrued as rental up to the time of the action if there had been no termination or cancellation. In any such action the Lessee shall be allowed a credit against its survived damages obligations equal to the amounts which the Port Authority shall have actually received from any tenant, licensee, permittee or other occupier of the premises or a part thereof during the period for which damages are sought, and if recovery is sought for a period subsequent to the date of suit a credit equal to the market rental value of the premises during such period (discounted to reflect the then present value thereof). If at the time of such action the Port Authority has used and occupied or relet the premises, the rental for the premises obtained through such use and occupancy or reletting shall be deemed to be the market rental value of the premises or be deemed to be the basis for computing such market rental value if less than the entire premises were used or occupied or relet. In no event shall any credit allowed to the Lessee against its damages for any period exceed the then present value of the annual rental which would have been payable under this Agreement during such period if a termination or cancellation had not taken place.

Section 30. Reletting by the Port Authority

The Port Authority upon termination or cancellation pursuant to Section 25 hereof, or upon any re-entry, regaining or resumption of possession pursuant to Section 27 hereof, may occupy the premises or may relet the premises, and shall have the right to permit any

person, firm or corporation to enter upon the premises and use the same. Such reletting may be of part only of the premises or a part thereof together with other space, and for a period of time the same as or different from the balance of the term hereunder remaining, and on the terms and conditions the same as or different from those set forth in this Agreement. The Port Authority shall also, upon termination or cancellation pursuant to the said Section 25, or upon its re-entry, regaining or resumption of possession pursuant to the said Section 27, have the right to repair or to make structural or other changes in the premises including changes which alter the character of the premises and the suitability thereof for the purpose of the Lessee under this Agreement, without affecting, altering or diminishing the obligations of the Lessee hereunder. In the event either of any reletting or of any actual use and occupancy by the Port Authority (the mere right of the Port Authority to use and occupy not being sufficient however) there shall be credited to the account of the Lessee against its survived obligations under Section 29 hereof any net amount remaining after deducting from the amount actually received from any lessee, licensee, permittee or other occupier in connection with the use of the said premises or portion thereof during the balance of the letting as the same is originally stated in this Agreement, or from the market value of the occupancy of such portion of the premises as the Port Authority may during such period actually use and occupy, all expenses, costs and disbursements incurred or paid by the Port Authority in connection therewith. No such reletting shall be or be construed to be an acceptance of a surrender.

Section 31. Remedies to be Non-Exclusive

All remedies provided in this Agreement shall be deemed cumulative and additional and not in lieu of or exclusive of each other or of any other remedy available to the Port Authority or to the Lessee at law or in equity, and the exercise of any remedy, or the existence herein of other remedies or indemnities shall not prevent the exercise of any other remedy.

Section 32. Surrender

The Lessee covenants and agrees to yield and deliver peaceably to the Port Authority possession of the premises on the date of cessation of the letting, whether such cessation be by termination, expiration or otherwise, promptly and in good condition, reasonable wear arising from the use of the premises to the extent such use is permitted elsewhere in this Agreement, excepted.

Section 33. Acceptance of Surrender of Lease

No agreement of surrender or to accept a surrender shall be valid unless and until the same shall have been reduced to writing and signed by the duly authorized representatives of the Port Authority and of the Lessee. Except as expressly provided in this Section, neither the doing of, nor any omission to do, any act or thing, by any of the officers, agents or employees of the Port

Authority, shall be deemed an acceptance of a surrender of the letting or of this Agreement.

Section 34. Books and Records

(a) The Lessee shall keep in an office or offices in the Port of New York District, appropriate books and records showing (i) the date and hour of each take-off or departure from the Airport of each aircraft operated by it and the date and hour of the landing by such aircraft next preceding each take-off or departure, (ii) all matters which it is required to certify to the Port Authority pursuant to this Lease and (iii) any other matter concerning the Lessee's operations at the Airport with respect to which the Port Authority may reasonably need information to fulfill its obligations or exercise its rights under this Lease whether or not of the type enumerated above in this Section 34 and whether or not an express obligation to keep books and records with regard thereto is expressly set forth elsewhere in this Lease. The Lessee shall not be obligated to preserve any such records for more than twelve (12) months unless they are material to litigation initiated within that time, in which event they shall be preserved until the final determination of the controversy. The Port Authority shall have the right upon prior notice to inspect such books and records during regular business hours.

(b) Without limiting the foregoing, the Lessee shall maintain for a period in accordance with accepted accounting practice, during the term of the letting and for one (1) year after the expiration or earlier termination of this Lease, and for a further period extending until the Airline shall receive written permission from the Port Authority to do otherwise, records and books of account recording all transactions of the Airline at, through, or in anywise connected with in-flight meals and ramp service including without limitation all payments by the Airline to its independent contractors which furnish in-flight meals or any portion thereof, or ramp service, to the Airline at or in connection with the Airport, which records and books of account shall be kept at all times within the Port of New York District and the Lessee shall permit during ordinary business hours during the term of the letting, for one year thereafter, and during such further period as mentioned above, the examination and audit by officers, employees and representatives of the Port Authority of such records and books of account.

(c) If and when service segment data now or formerly supplied by the Lessee to the Department of Transportation pursuant to Economic Regulation 586 or schedule T-9 traffic data, are no longer available to the Port Authority from a government source, the Lessee will provide the following data to the Port Authority, on request, for each of its non-stop city-pair markets involving the Port District: total scheduled flights operated, seats available, revenue passengers carried and similar data for charter flights. The Lessee shall see that such data shall be provided to the Port Authority, on request, by its sublessees and Handled Airlines, if

any. The Lessee and its sublessees and Handled Airlines, if any, shall furnish said data for each month of operations within thirty (30) days after the end of such month.

Section 35. Effect of Basic Lease

(a) This Agreement and the letting hereunder shall, in any event, terminate with the termination or expiration of the Basic Lease with the City of New York which covers the premises, such termination to be effective on such date and to have the same effect as if the term of the letting had on that date expired. The rights of the Port Authority in the premises are those granted to it by the Basic Lease, and no greater rights are granted or intended to be granted to the Lessee than the Port Authority has power thereunder to grant.

(b) The Port Authority covenants that, during the term of this Agreement, the Port Authority will not take any action which would amount to or have the effect of cancelling, surrendering or terminating the Basic Lease prior to the date specified in the Basic Lease for its expiration insofar as such surrender, cancellation or termination would in any manner deprive the Lessee of any of its rights, licenses or privileges under this Agreement.

(c) Nothing herein contained shall prevent the Port Authority from entering into an agreement with The City of New York pursuant to which the Basic Lease is surrendered, cancelled or terminated provided that The City of New York, at the time of such agreement, assumes the obligations of the Port Authority under this Agreement.

Section 36. Removal of Property

All personal property (including trade fixtures) removable without material damage to the premises, which are installed by the Lessee in or on the premises leased to the Lessee pursuant to the Agreement, shall be deemed to be and remain the property of the Lessee. All such property, provided the Lessee shall install suitable replacements therefor if such personal property is necessary to operate the premises in accordance with the terms and provisions hereof in accordance with the best practices of the air transportation industry, may at the Lessee's option be removed by the Lessee from the premises at any time during the term of this Lease. Furthermore, all such property of the Lessee shall, unless otherwise agreed in writing by the parties hereto, be removed by the Lessee on or before the expiration or other termination of the term of the Lease. If the Lessee shall fail to remove its property on or before the termination or expiration of this Agreement, the Port Authority may remove such property to a public warehouse for deposit or retain the same in its own possession, and sell the same at public auction, the proceeds of which shall be applied first to the expenses of removal, storage and sale, second to any sums owed by the Lessee to the Port Authority, with any balance remaining to be paid to the Lessee; if the expenses of such removal, storage and

sale shall exceed the proceeds of sale, the Lessee shall pay such excess to the Port Authority upon demand.

Section 37. Purchase of Property

The Port Authority shall have the option from time to time exercisable by notice to the Lessee effective on the expiration or earlier termination of the letting of the premises hereunder, or any part thereof, to purchase all, or such part as the Port Authority elects, of the Lessee's personal property (including trade fixtures but excluding ground vehicles) including without limiting the generality of the foregoing any system for handling baggage, any counters, and any passenger loading bridges, as and to the extent any of the foregoing are personal property, which may at the time of the giving of such notice have been installed or placed on the premises. In the event the Port Authority exercises its option to make a purchase, the Port Authority shall pay to the Lessee a sum equal to the reasonable value of the personal property (including trade fixtures) purchased. The Lessee hereby agrees that on the effective date of the purchase and sale none of the aforesaid items shall be subject to any lien, security interest or other encumbrance, and upon request of the Port Authority the Lessee will execute a bill of sale or such other document of conveyance as the Port Authority may request to transfer title to the aforesaid items to the Port Authority (including a warranty of Title to the Port Authority) and the Port Authority shall pay the purchase price. Further, the Lessee shall from time to time execute such other documentation as the Port Authority may require and prepare evidencing the option of the Port Authority, as herein provided, to purchase the aforesaid personal property, including without limitation, security agreements and filings pursuant to the Uniform Commercial Code.

Section 38. Brokerage

The Lessee represents and warrants that no broker has been concerned on its behalf in the negotiation of this Agreement and that there is no broker who is or may be entitled to be paid a commission in connection therewith. The Lessee shall indemnify and save harmless the Port Authority of and from any claim for commission or brokerage made by any and all persons, firms or corporations whatsoever for services rendered to the Lessee in connection with the negotiation and execution of this Agreement.

Section 39. Limitation of Rights and Privileges Granted

(a) No greater rights or privileges with respect to the use of the premises or any part thereof are granted or intended to be granted to the Lessee by this Agreement, or by any provision thereof, than the rights and privileges expressly and specifically granted hereby.

(b) The premises are let to the Lessee and the Lessee takes the same subject to all the following: (i) easements,

restrictions, reservations, covenants and agreements, if any, to which the premises may be subject, rights of the public in and to any public street, (ii) rights, if any, of any enterprise, public or private which is engaged in furnishing heating, lighting, power, telegraph, telephone, steam, or transportation services and of the City and State of New York; (iii) permits, licenses, regulations and restrictions, if any, of the United States, the City of New York or State of New York, or other governmental authority, (iv) all of the rights, liabilities, obligations, occupancies and encumbrances, if any, arising out of the Prior Lease (as defined in Section 1 hereof) and the Security Assignment, the Assignment of Lease with Assumption and Consent, the Operating Agreement, the Trust Indenture and the BOAC Sublease, all dated as of June 10, 1968, as the same may have been amended, transferred and assigned.

(c) The Lessee acknowledges that it has not relied upon any representation or statement of the Port Authority or its Commissioners, officers, employees or agents as to the condition of the premises or the suitability thereof for the operations permitted on the premises by this Agreement. Without limiting any obligation of the Lessee to commence operations hereunder at the time and in the manner stated elsewhere in this Agreement, the Lessee agrees that no portion of the premises will be used initially or at any time during the letting which is in a condition unsafe or improper for the conduct of the Lessee's operations hereunder so that there is possibility of injury or damage to life or property. The Lessee shall take possession of the premises in the condition they are in as of the commencement of the term of the letting hereunder. The Lessee hereby further acknowledges that it has during the term of the Prior Lease performed repairs and construction and installed improvements on the premises, title to all of which it is hereby agreed has vested in the City of New York. In the event that as of the commencement of the term of the letting under this Lease, the Lessee shall not have kept any or all of the foregoing in good condition as required under the Prior Lease, the Lessee shall place and keep the same in good condition as required under this Lease.

Any liabilities or obligations which by the terms of the Prior Lease, or letter agreements or permits thereunder to make alterations, mature at the expiration or termination of said lease, shall be deemed to survive and mature at the expiration or earlier termination of this Lease.

Section 40. Notices

Except where expressly required or permitted herein to be oral, all notices, directions, requests, consents and approvals required to be given to or by either party shall be in writing, and all such notices and requests shall be personally delivered to the duly designated officer or representative of such party or delivered to the offices of such officer or representative during regular business hours, or forwarded to him or to the party at such address by registered or certified mail. The Lessee shall from time to time designate in writing an office within the Port of New York District

and an officer or representative whose regular place of business is at such office upon whom notices and requests may be served. Until further notice, the Port Authority hereby designates its Executive Director, and the Lessee designates the person named on the first page hereof as their officers upon whom notices and requests may be served, and the Port Authority designates its office at One World Trade Center, New York, New York, 10048, and the Lessee designates its office at 75-20 Astoria Boulevard, Jackson Heights, New York 11370 as their respective offices where notices and requests may be served. If mailed, the notices herein required to be served shall be deemed effective and served as of the date of the registered or certified mailing thereof.

Section 41. Facilities Non-Discrimination

(a) Without limiting the generality of any of the provisions of the Agreement, the Lessee, for itself, its successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that (1) no person on the grounds of race, color, sex, creed, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of the premises, and the exercise of any privilege under this Agreement, (2) that in the construction of any improvements on, over, or under the premises and the furnishing of services thereon, no person on the grounds of race, color, creed, national origin, or sex shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the Lessee shall use the premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the Lessee's operations at the Airport whether by reason of agreement between the Port Authority and the United States Government or otherwise.

(b) The Lessee shall include the provisions of paragraph (a) of this Section in every agreement or concession it may make pursuant to which any person or persons, other than the Lessee, operates any facility at the Airport providing services to the public and shall also include therein a provision granting the Port Authority a right to take such action as the United States may direct to enforce such provisions.

(c) The Lessee's noncompliance with the provisions of this Section shall constitute a material breach of this Agreement. In the event of the breach by the Lessee of any of the above non-discrimination provisions the Port Authority may take any appropriate action to enforce compliance; or in the event such non-compliance shall continue for a period of twenty (20) days after

receipt of written notice from the Port Authority, the Port Authority shall have the right to terminate this Agreement and the letting hereunder with the same force and effect as a termination under the Section of this Agreement providing for termination for default by the Lessee in the performance or observance of any other term or provision of this Agreement, or may pursue such other remedies as may be provided by law; and as to any or all of the foregoing, the Port Authority may take such action as the United States may direct.

(d) The Lessee shall indemnify and hold harmless the Port Authority from any claims and demands of third persons including the United States of America resulting from the Lessee's noncompliance with any of the provisions of this Section and the Lessee shall reimburse the Port Authority for any loss or expense incurred by reason of such noncompliance.

(e) Nothing contained in this Section shall grant or shall be deemed to grant to the Lessee the right to transfer or assign this Agreement, to make any agreement or concession of the type mentioned in paragraph (b) hereof, or any right to perform any construction on the premises.

Section 42. Affirmative Action

In addition to and without limiting the provisions of Section 43 and Schedule E hereof, the Lessee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Lessee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Lessee assures that it will require that its covered suborganizations provide assurances to the Lessee that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

Section 43. The Lessee's Ongoing Affirmative Action Equal Opportunity Commitment

(a) The Lessee shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status (such reference to marital status not to preclude Lessee's policies on the hiring and placement of married couples) and shall undertake or continue existing programs of affirmative action to ensure that minority group persons and women are afforded equal employment opportunity without discrimination. Such programs shall include, but not be limited to, recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeship and on-the-job training.

(b) In addition to and without limiting the foregoing, and without limiting the provisions of Sections 41 and 42 and Schedule E hereof, it is hereby agreed that the Lessee in connection with its continuing operation, maintenance and repair of the premises, or any portion thereof, and in connection with every award or agreement for concessions or consumer services at the Airport, shall throughout the term of the letting hereunder commit itself to and use good faith efforts to implement an extensive program of Affirmative Action, including specific affirmative action steps to be taken by the Lessee, to ensure maximum opportunities for employment and contracting by minorities and women. In meeting the said commitment the Lessee agrees to submit its said extensive Affirmative Action program, including the specific affirmative action steps to be taken by the Lessee to meet its aforesaid commitment, within six (6) months prior to the commencement of the term of the letting hereof to the Port Authority for its review and approval. The Lessee shall incorporate in its said program such revisions and changes which the Port Authority initially or from time to time may reasonably require. The Lessee throughout the term of the letting hereunder shall document its efforts in implementing the said program, shall keep the Port Authority fully advised of the Lessee's progress in implementing the said program and shall supply to the Port Authority such information, data and documentation with respect thereto as the Port Authority may from time to time and at any time request, including but not limited to annual reports.

(c) "Minority" as used herein shall be as defined in paragraph II(c) of Part I of Schedule E.

(d) The Lessee's non-compliance with the provisions of this Section shall constitute a material breach of this Agreement. In the event of the breach by the Lessee of any of the above provisions the Port Authority may take any appropriate action to enforce compliance; or in the event such non-compliance shall continue for a period of twenty (20) days after receipt of written notice from the Port Authority, the Port Authority shall have the right to terminate this Agreement and the letting hereunder with the same force and effect as a termination under the Section of this Agreement providing for termination for default by the Lessee in the performance or observance of any other term or provision of this Agreement, or may pursue such other remedies as may be provided by law.

(e) In the implementation of this Section, the Port Authority may consider compliance by the Lessee with the provisions of any federal, state or local law concerning affirmative action equal employment opportunity which are at least equal to the requirements of this Section, as effectuating the provisions of this Section. If the Port Authority determines that by virtue of such compliance with the provisions of any such federal, state or local law that the provisions hereof duplicate or conflict with such law the Port Authority may waive the applicability of the provisions of this Section to the extent that such duplication or conflict exists.

(f) Nothing herein provided shall be construed as a limitation upon the application of any laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents.

(g) Nothing in this Section 43 shall grant or be deemed to grant to the Lessee the right to make any agreement or award for concessions or consumer services at the Airport.

Section 44. Other Construction by the Lessee

(a) The Lessee shall not erect any structures, make any improvements or do any construction on the premises or alter, modify, or make additions, improvements or repairs to or replacements of any structure existing at the commencement of the term of the letting hereunder or built at any time during the letting, or install any fixture (other than trade fixtures, removable without material damage to the premises, any such damage to be immediately repaired by the Lessee) without the prior written approval of the Port Authority and in the event any construction, improvement, alteration, modification, repair, replacement or addition is made without such approval, then upon reasonable notice so to do, the Lessee will remove the same, or at the option of the Port Authority cause the same to be changed to the satisfaction of the Port Authority. In case of any failure on the part of the Lessee to comply with such notice, the Port Authority may effect the removal or change and the Lessee shall pay the cost thereof to the Port Authority.

(b) Without limiting the generality of the foregoing paragraph the Lessee acknowledges and agrees that any Notes and associated reference lines set forth on Exhibit A or Exhibit E to the Lease shall not constitute or be deemed to constitute or imply that approval of the Port Authority will be granted to any proposed construction by the Lessee nor shall the same grant or be deemed to grant any right or permission to the Lessee now or in the future to erect any structures, make any improvements or do any other construction work in the premises, including but not limited to repairs to or replacements of, any structure now existing or built at any time during the letting or install any fixtures on the premises, including but not limited to paving, and that the provisions of the foregoing paragraph of this Section shall be read and construed as if there were no Notes and associated reference lines on Exhibit A and that any which were placed on such Exhibit are solely and exclusively for the benefit of the Port Authority.

(c) Notwithstanding the obligation of maintenance imposed upon the Lessee by the provisions of Section 11 hereof, the Lessee shall not make any repairs or replacements (except emergency repairs or replacements) unless and until it has first obtained an approved Port Authority Alteration Application for such repairs or replacements which shall then be performed in full accordance with the terms of said Alteration Application.

Section 45. Place of Payments

All payments required of the Lessee by this Agreement shall be made to the Port Authority, P.O. Box 17309, Newark, New Jersey 07194, or to such other address, office or location as may be substituted therefor by the Port Authority by notice to the Lessee from time to time.

Section 46. Construction and Application of Terms

(a) The section and paragraph headings, if any, in this Agreement, are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope or intent of any provision hereof.

(b) The terms, provisions and obligations contained in the Exhibits and Schedules attached hereto, whether there set out in full or as amendments of, or supplements to provisions elsewhere in the Agreement stated, shall have the same force and effect as if herein set forth in full.

(c) It is hereby understood and agreed that any occupancy and use of the premises hereunder which constituted a portion of the premises under the Prior Lease (as defined in Section 1 hereof), from and after the commencement of the term of the letting hereunder, shall be and shall be deemed for all purposes, to be occupancy and use under this Agreement, and not as a holdover tenant under the Prior Lease, which shall be deemed to have been surrendered by the Lessee.

Section 47. Non-liability of Individuals

No Commissioner, director, officer, agent or employee of either party shall be charged personally or held contractually liable by or to the other party under any term or provision of this Agreement or of any supplement, modification or amendment to this Agreement or because of any breach thereof, or because of its or their execution or attempted execution.

Section 48. Termination by the Lessee

(a) If any one or more of the following events shall occur:

(1) If the Lessee shall be prevented from operating its air transportation system to and from the Airport by reason of its inability to use a substantial part or all of the runways and taxiways, as hereinafter defined:

(i) for a period of longer than thirty (30) consecutive days, resulting from any condition of the Airport not due to the fault of the Lessee; or

(ii) for a period of longer than ninety (90) consecutive days, resulting from a permanent injunction issued by any court of competent jurisdiction; or

(iii) for a period of longer than ninety (90) consecutive days, resulting from any order, rule or regulation of the Federal Aviation Administration, or other governmental agency having jurisdiction over the operations of the Lessee with which the Lessee is unable to comply at reasonable cost or expense; or

(2) The Port Authority shall fail to perform any of its obligations under this Lease within twenty (20) days after receipt of notice of default thereunder from the Lessee (except where fulfillment of its obligation requires activity over a period of time and the Port Authority shall commence to perform whatever may be required for fulfillment within twenty (20) days after the receipt of notice and continues such performance without interruption, except for causes beyond its control);

then upon the occurrence of any such event or at any time thereafter during the continuance of the condition, the Lessee may by twenty (20) days' notice terminate the letting, such termination to be effective upon the date set forth in such notice and to have the same effect as if the term of the letting had on that date expired. No waiver by the Lessee of any default on the part of the Port Authority in performance of any of the terms, covenants or conditions hereof to be performed, kept or observed by the Port Authority shall be or be construed to be a waiver by the Lessee of any other or subsequent default in performance of any of the said terms, covenants and conditions.

(b) The payment of rentals by the Lessee for the period or periods after the Lessee shall have a right to terminate under this Section but before any such default of the Port Authority has been cured, shall not be or be construed to be a waiver by the Lessee of any such right of termination.

(c) The rights of termination described above shall be in addition to any other rights of termination provided in this Agreement and in addition to any rights and remedies that the Lessee would have at law or in equity consequent upon any breach of this Agreement by the Port Authority, and the exercise by the Lessee of any right of termination shall be without prejudice to any other such rights and remedies.

Section 49. Effect of Termination by the Lessee

(a) If the Lessee terminates the letting pursuant to the provisions of Section 48 (a) (1) then the Port Authority may at its option, pay to the Lessee the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in the premises. Such option shall be evidenced by notice in writing to the Lessee by the Port Authority within sixty (60) days after the Lessee has given notice of termination. The failure of the Port

Authority to exercise the said option will impose no obligation upon it to relet the premises.

(b) If the Lessee terminates the letting pursuant to the provisions of Section 48 (a) (2) then the Port Authority may, at its option, pay to the Lessee the unamortized capital investment (as defined in Section 81 hereof), if any, of the Lessee in the premises. Such option shall be evidenced by notice in writing to the Lessee by the Port Authority within sixty (60) days after the Lessee has given notice of termination. If the Port Authority fails to exercise such option, then the Port Authority shall use its best efforts to relet the premises.

(c) If the Port Authority relets the premises prior to the date upon which this Lease would have expired but for such termination, then the net rent paid by the new tenant to the Port Authority (after deducting any costs or expenses incurred by the Port Authority in securing said new tenant and in complying with the terms of the lease to such tenant, including but not limited to costs of alteration and decoration of such premises, in the event of termination pursuant to the provisions of Section 48 (a) (1), and after deducting any costs or expenses incurred by the Port Authority for the maintenance of said premises or for services furnished to the new tenant and after deducting the amounts which would have been payable as rent by the Lessee but for such termination) shall be paid over by the Port Authority to the Lessee until said amounts paid over equal the unamortized capital investment (as defined in Section 81 hereof) of the Lessee in the premises as of the date of termination. The obligation of the Port Authority to pay over to the Lessee any net rent received from such new tenant shall endure only while such new tenant continues to pay rent and occupy such premises, and only until the unamortized capital investment (as defined in Section 81 hereof) of the Lessee in such premises is unamortized, and in no event is such obligation to pay over to endure beyond the date upon which this Lease would have expired but for such termination.

Section 50. Abatement

If the Port Authority shall, for safety or other reasons, prohibit the use of the Public Landing Area at the Airport or of any substantial part thereof for foreign or domestic scheduled air transport operations for a period covering more than sixty (60) consecutive days and the Lessee shall thereby be prevented from conducting those operations at the Airport enumerated in Section 5 hereof, then upon the occurrence of such event, the Lessee at its option shall be entitled to abatement of rental during such period of prohibition and prevention. In the event that the Lessee shall exercise such option the Lessee shall be deemed to have released and discharged the Port Authority of and from all claims and rights which the Lessee may have hereunder arising out of or consequent upon such closing and the subsequent interrupted use of such Public Landing Area or part thereof during the period of prohibition.

Section 51. Services to the Lessee

(a) The Port Authority shall sell, furnish and supply to the Lessee for use on the premises and the Lessee agrees to take from the Port Authority and pay for electricity of the same voltage, phase and cycle as supplied to the premises by the public utility in the vicinity, but limited, however, to serve a maximum of 5,000 KVA installed transformer capacity, at the same charge which would be made by such public utility for the same quantity under the same conditions and in the same service classification but in no event less than an amount that would reimburse the Port Authority for its costs of obtaining and supplying electricity to the Lessee hereunder; charges shall be payable by the Lessee when billed and the quantity of electricity consumed shall be measured by the meter or meters installed for the purpose; provided, however, that if for any reason, any meter or meters fail to record the consumption of electricity, the consumption during the period such meter or meters are out of service will be considered to be the same as the consumption for a like period either immediately before or after the interruption as elected by the Port Authority. The Port Authority shall not discontinue the supply of electricity except upon fifteen (15) days' notice to the Lessee and unless a supply of electricity of the same voltage, phase and cycle (subject to the KVA limitation aforesaid) shall be available from another supplier and upon any such discontinuance the Lessee shall be at liberty to contract or otherwise arrange for the supply of such current after the expiration of said fifteen (15) days from any other person, firm or corporation. The Port Authority shall install the appropriate meters.

(b) The Port Authority agrees to sell, furnish and supply to the Lessee for use on the premises cold water (of the character furnished by the City of New York) in reasonable quantities through existing pipes, mains and fittings and the Lessee agrees to take such water from the Port Authority and to pay the Port Authority therefor an amount equal to that which would be charged by the municipality or other supplier of the same (whether or not representing a charge for water or other services measured by water consumption) for the same quantity, used under the same conditions and in the same service classification plus the cost to the Port Authority of supplying such water which shall not be less than ten percent (10%) nor in excess of fifty percent (50%) of the amount charged, but in no event less than an amount that would reimburse the Port Authority for its costs of obtaining and supplying water to the Lessee hereunder. The charge therefor shall be payable by the Lessee when billed and the quantity of water consumed shall be measured by the meter or meters installed for the purpose; provided, however, that if for any reason, any meter or meters fail to record the consumption of water, the consumption during the period such meter or meters are out of service will be considered to be the same as the consumption for a like period immediately before or after the interruption, as elected by the Port Authority. The Port Authority shall install the appropriate meters. In the event meters are not installed to measure the consumption of water under high pressure,

the quantity of such water used by the Lessee will be based upon equitable estimates of consumption, which estimates shall be deemed binding on the Lessee.

(c) The Lessee shall pay to the Port Authority such of the existing and future charges for sewerage services furnished by the City of New York as are presently or may hereafter be imposed or assessed against the Port Authority in respect of the Lessee's premises or its use and occupancy thereof. In the event that the City or the State of New York is now furnishing services with or without charge therefor, which are beneficial to the Lessee in its use and occupancy of the premises, and shall hereafter impose charges or increase existing charges for such services, the Lessee agrees to pay to the Port Authority such of the charges or the increase in charges as may be imposed or assessed against the Port Authority in respect to the Lessee's premises or its use and occupancy thereof.

(d) In the event the Port Authority shall provide extermination service for the enclosed areas of the premises, the Lessee agrees to utilize the same and to pay its pro rata share of the reasonable cost thereof upon demand.

(e) The Port Authority shall not be obligated to perform or furnish any other services whatsoever in connection with the premises or any services at any time while the Lessee shall be in default hereunder after the period, if any, herein granted to cure such default shall have expired.

(f) The Port Authority shall be under no obligation to supply services if and to the extent and during any period that the supplying of any such service or the use of any component necessary therefor shall be prohibited or rationed by any federal, state or municipal law, rule, regulation, requirement, order or direction and if the Port Authority deems it in the public interest to comply therewith, even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency.

(g) No failure, delay or interruption in supplying agreed services (whether or not a separate charge is made therefor) shall be or be construed to be an eviction of the Lessee or grounds for any diminution or abatement of rental, or (unless resulting from the negligence or wilful failure of the Port Authority) shall be grounds for any claim by the Lessee for damages, consequential or otherwise.

Section 52. The Central Heating and Refrigeration and Facility

The Port Authority heretofore designed, constructed and installed at the Airport certain installations consisting of an "L" shaped one story building, two fuel storage spheres, an eleven cell cooling tower array, sixteen absorption refrigeration units, six high temperature hot water generators, a closed loop distribution

system including underground lines, meters, heat exchangers and appropriate and related lines, pipes, mains, motors, pumps, ducts, fixtures, transformers, cables, manholes, wires, conduits, machinery, devices, equipment, structures and facilities and such utility, mechanical, pump, sewer, telephone, water, electrical, fire alarm, fire protection, gas and other systems, all as are appropriate or necessary for the manufacture, production and distribution of high temperature hot water and chilled water. The Port Authority thereafter embarked on a program for the expansion and rehabilitation of the foregoing which program consisted generally of the design, construction and installation of an expansion of the existing building, two additional new cells to the existing cooling tower cell array and a complete upgrading of the existing cells, the installation of a centrifugal refrigeration unit, the construction of new and the replacement of existing high temperature hot water lines and chilled water lines with lines of greater capacity, the enlargement of the fire alarm and telephone systems, the extension of the pump system, together with such appropriate meters, heat exchangers, lines, pipes, mains, motors, pumps, devices, fixtures, transformers, cables, manholes, wires, conduits, machinery, devices, equipment, structures, and facilities as were necessary or appropriate, as well as necessary and appropriate changes to the utility, mechanical, sewer, telephone, water, electrical, fire alarm, fire protection, gas and other systems now part of the Facility, all of the foregoing being sometimes hereinafter collectively in this Section and for the purposes of this Section only called "The Central Heating and Refrigeration Facility" or "the Facility".

(a) The Port Authority agrees to sell, furnish and supply to the Lessee in reasonable quantities for use on the premises, high temperature hot water (hereinafter called "hot water") by a closed loop system to be converted for heating use, for kitchen service, for snow melting and for heating aircraft, and chilled water (hereinafter called "chilled water") for air conditioning (excluding use for air conditioning aircraft, said exclusion not to imply any broadening of permitted uses), and the Lessee agrees to take such hot water and chilled water from the Port Authority and to pay the Port Authority therefor at the times and in the manner hereinafter provided. The Lessee shall pay to the Port Authority for hot water its pro rata share of the Annual Hot Water Facility Cost as hereinafter defined and the Lessee shall pay to the Port Authority for chilled water its pro rata share of the Annual Chilled Water Facility Cost as hereinafter defined. The Lessee's pro rata share of the Annual Hot Water Facility Cost shall be determined by multiplying the Annual Hot Water Facility Cost for each calendar year by a fraction, the numerator of which shall be the total number of BTU's of heat drawn from the hot water lines serving the premises during said calendar year, and the denominator of which shall be the Annual Total Hot Water Reading as hereinafter defined for said calendar year. The Lessee's pro rata share of the Annual Chilled Water Facility Cost shall be determined by multiplying the Annual Chilled Water Facility Cost for each calendar year by a fraction, the numerator of which shall be the total number of BTU's absorbed

by the chilled water lines serving the premises during said calendar year, and the denominator of which shall be the Annual Total Chilled Water Reading as hereinafter defined for said calendar year.

(b) The Annual Total Facility Cost for each calendar year shall consist of the sum of the following:

(1) An Annual Original Facility Capital Charge in the amount of (2.a.)

(2) An Annual Facility Expansion Capital Charge in the amount of (2.a.)

(3) Additional Annual Facility Capital Charges, if any, each of which to be an annual amount equal to the product of the Construction Cost of each Additional Capital Improvement described in paragraph (d) hereof, determined in accordance with the provisions of paragraph (e) hereof, multiplied by the factor of 0.18525.

(4) The Annual Facility Operating and Maintenance Charge as defined in paragraph (g) hereof.

(c) (1) The Annual Hot Water Facility Cost shall be 27.8% of the Annual Total Facility Cost.

(2) The Annual Chilled Water Facility Cost shall be 72.2% of the Annual Total Facility Cost.

(d) The Port Authority shall have the right, in its discretion, to make improvements, alterations, enlargements, extensions, additions, repairs and replacements to the Facility, including but not limited to the extension of the hot water and chilled water service emanating from the Facility to other buildings, terminals, facilities and structures at the Airport but only within the Central Terminal Area as defined in Section 74 hereof. Each of such improvements, alterations, enlargements, extensions, additions, repairs and replacements is hereinafter called "an Additional Capital Improvement" and the same shall be and become a part of the Facility upon its completion. The Construction Cost of each Additional Capital Improvement shall be determined upon the completion thereof in accordance with the provisions of paragraph (e) hereof and shall be the Construction Cost as set forth in subparagraph (3) of paragraph (b) hereof. In instances where repairs or replacements are involved, the Port Authority shall determine, in accordance with its normal accounting practice, whether such repairs or replacements shall be included within the meaning of this paragraph (d) as an Additional Capital Improvement or be covered by the Annual Facility Operating and Maintenance Charge within the meaning of paragraph (g) hereof.

(e) The term "Construction Cost" of any Additional Capital Improvement shall for the purpose of this Section and this Section only be the sum of the following applied to the Additional Capital

Improvement, each Additional Capital Improvement being hereinafter referred to as a category of construction:

(i) Payments by the Port Authority to independent contractors engaged or retained by the Port Authority for the construction of any part of the category of construction or for services rendered incidental to or in connection with the category of construction, including any payments made to any contractors in satisfaction of any claims or judgments arising out of or in connection with any part of the category of construction performed by them;

(ii) Payments by the Port Authority to independent consultants, architects and engineers engaged or retained by the Port Authority to perform services incidental to or in connection with the category of construction, including any payments made to any of the foregoing in satisfaction of any claims or judgments arising out of or in connection with any portion of the work or services performed by them;

(iii) The cost of all materials, supplies, equipment and utilities (including but not limited to electricity, water and phone) used in connection with or incidental to the category of construction;

(iv) The amounts of any claims or judgments paid by the Port Authority to third persons arising out of or in connection with the category of construction, including but not limited to those for personal injury, death or damage to property;

(v) The cost of any performance bond or bonds in connection with the category of construction;

(vi) The cost of any insurance in connection with the category of construction;

(vii) Payments by the Port Authority to any user to whom hot water and cold water is supplied by the Port Authority from the Facility for the construction or installation by said user of any portion of the Facility in connection with its use which construction or installation is the obligation of the Port Authority but is performed by said user with the consent of the Port Authority in order to facilitate the construction or installation;

(viii) Payments by the Port Authority to any other third persons (excluding Port Authority employees) for work performed or services rendered in connection with or incidental to the category of construction.

Notwithstanding any reference in any provision of this Section any Port Authority contract or contracts with respect to any category of construction, it is hereby expressly understood and agreed that the Construction Cost of any category of construction shall not be limited to the contract or contracts which may have

been so mentioned in any provision of this Section, and the Construction Costs with respect to each category of construction shall include the cost of all contracts, purchase orders, extra work orders and any other agreements with a third party of whatever kind or nature for, in connection with, relating to or arising out of the planning, design or construction of the said category of construction.

(f) (1) The total amount of BTU's of heat drawn during each calendar year from the hot water lines emanating from the Facility as measured by the meters installed at all the terminals, facilities, structures and buildings at the Airport, but only within the Central Terminal Area as defined in Section 74 hereof, including the premises but excluding Buildings 181, 182 and 184, receiving such hot water from the Facility shall be ascertained for each calendar year and is hereinafter called the "Annual Total Hot Water Reading" and the total amount of BTU's absorbed during each calendar year by the chilled water lines emanating from the Facility as measured by the meters installed at all the terminals, facilities, structures and buildings at the Airport, but only within the Central Terminal Area as defined in Section 74 hereof, including the premises but excluding Buildings 181, 182 and 184, receiving such chilled water from the Facility shall be ascertained for each calendar year and is hereinafter called the "Annual Total Chilled Water Reading". The Port Authority has installed or will install and maintain all appropriate meters and high temperature heat exchangers including those in the premises.

(2) If any meter or meters fail to record the amount of consumption, the amount of consumption during the period such meter or meters are out of service will be considered to be the same as the consumption for a like period either immediately before or after the interruption, as elected by the Port Authority. In making meter readings and ascertaining consumption for each calendar year, in addition to all readings to be taken during the calendar year, readings shall be taken as soon as practicable to the beginning of each calendar year or at the end of each calendar year.

(g) The service of the Port Authority in furnishing, supplying, activating, cleaning, testing, providing, maintaining, repairing, servicing and operating the Facility and the hot water and chilled water emanating therefrom is hereinafter called "the Facility Service". The Annual Facility Operating and Maintenance Charge shall mean the cost to the Port Authority of the Facility Service for each calendar year. Said Cost shall be determined in accordance with the Port Authority's normal accounting practice and shall consist of the following:

(1) The cost of all fuel, water, electricity and any other utilities and components used, consumed or employed. The cost of water shall include the cost to the Port Authority of sewage and other services based upon water charges or consumption. In the event furthermore that the City or State of New York is now furnishing services with or without charge therefor which in any way

affect the Facility Service, and shall hereinafter impose charges or increase existing charges for such services, the said charges or increase in charges as may be imposed or assessed against the Port Authority shall be deemed a part of the cost under this subdivision (1);

(2) On-the-job payroll costs of employees and supervisory personnel (including Facility supervisors, foremen and clerks) working in the Facility Service, including but not limited to contributions to any retirement system or the cost of or participation in any pension plans or the like, social security, old age, survivors, disability and unemployment insurance and other insurance costs, sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port Authority policy to or with respect to said employees and personnel;

(3) The cost (including rental charges) of materials, equipment, machinery and supplies used and the cost of maintaining, cleaning, repairing and servicing the same;

(4) Payments to contractors and any other third persons, firms or corporations for the performance of services;

(5) Payments of premiums (or to the extent of self-insurance an amount equivalent to what the premiums would have been) for insurance on the Facility and the Facility Service, including without limitation thereto, fire and extended coverage, workmen's compensation and comprehensive general liability;

(6) Any other direct costs as charged under the Port Authority's normal accounting practice;

(7) Fifteen percent (15%) of the sum of all of the foregoing items (1) through (6).

(8) (a) There shall be deducted from item (7) hereof an amount as hereinafter defined and herein called "the utility credit".

(b) The utility credit shall mean the amount of $350,000.00, or fifteen percent (15%) of the sum of "the electricity credit", "the gas credit" and "the fuel oil credit" all as hereinafter defined, whichever is less.

(c) The electricity credit shall be an amount determined by dividing the amount paid by the Port Authority for the fuel adjustment factor portion of electricity covered by item (1) hereof by the total number of kilowatt hours (KWH) of electricity covered by said item (1) hereof, and subtracting from the quotient obtained thereby the amount of (2.a.) KWH, and multiplying the resulting difference or KWH, whichever is less, by the total KWH of electricity covered by item (1) hereof.

(d) The gas credit shall be an amount determined by dividing the amount paid by the Port Authority for illuminating gas covered by item (1) hereof by the total number of thousands of cubic feet (MCF) of illuminating gas covered by said item (1) hereof, and subtracting from the quotient obtained thereby the amount of (2.a.) per MCF, and multiplying the resulting difference or per MCF, whichever is less, by the total MCF of illuminating gas covered by item (1) hereof.

(e) The fuel oil credit shall be an amount determined by dividing the amount paid by the Port Authority for fuel oil covered by item (1) hereof by the total number of gallons of fuel oil covered by said item (1) hereof, and subtracting from the quotient obtained thereby the amount of (2.a.) per gallon, and multiplying the resulting difference or per gallon, whichever is less, by the total gallons of fuel oil covered by item (1) hereof.

(h) The Port Authority shall not be obligated to the Lessee to furnish the services covered by paragraph (a) hereof at any time while the Lessee shall be in default hereunder after the period, if any, herein granted to cure such default shall have expired. The Port Authority shall be under no obligation to provide said services, if and to the extent and during any period that the supplying of such services or the use of any component necessary therefore shall be prohibited or rationed by any federal, state or municipal law, rule, regulation, requirement, order or direction and if the Port Authority deems it in the public interest to comply therewith, even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency, nor shall the Port Authority be under any obligation to provide such services if and to the extent and during any period that the same are curtailed or stopped because of the need to repair, replace, rebuild or alter the Facility. The services covered by paragraph (a) with respect to the Terminal Expansion shall commence as of the time the Lessee performs the necessary portion of the construction work pertaining thereto and has received the certificate of the Port Authority pertaining to each such portion of the construction work pursuant to Section 2(h) hereof.

No failure, delay or interruption in supplying said services shall be or be construed to be an eviction of the Lessee or grounds for the diminution or abatement of rentals, fees or other charges, or (unless resulting from the negligence or wilful failure of the Port Authority) shall be grounds for any claims by the Lessee for damages, consequential or otherwise.

(i) In the event that by the end of any calendar year the Construction Cost of any Additional Capital Improvement completed during said year has not been finally determined, the Additional Annual Facility Capital Charge for said calendar year and all subsequent calendar years until said Cost has been finally determined shall be such of the Construction Cost of said Additional

Capital Improvement as has been determined at the time the Port Authority renders corrected billings under paragraph (j) hereof and the amounts payable by the Lessee pursuant to paragraph (a) hereof for all applicable prior calendar years for said Additional Capital Improvement shall be recomputed from time to time until the final determination of said Construction Cost and any amounts owing to the Port Authority shall be promptly paid to it.

(j) The amounts payable to the Port Authority pursuant to paragraph (a) hereof are for each calendar year, but in the event the term of the Lease expires on a day other than the last day of a calendar year, then in each such event the amounts payable to the Port Authority pursuant to paragraph (a) hereof shall, for the year during which each such event occurs, be for such portion of said year during which the Port Authority provides hot water and chilled water pursuant to paragraph (a) hereof. In determining said amounts, the Annual Total Facility Cost, the Annual Hot Water Facility Cost, the Annual Chilled Water Facility Cost, the Annual Total Hot Water Reading, the Annual Total Chilled Water Reading and the readings of BTU's of heat drawn and of BTU's absorbed in the premises shall be computed, determined and ascertained for each calendar year (or portion thereof in the event mentioned in the first sentence hereof) of the term of the Lease subsequent to the commencement date. Notwithstanding the foregoing and for current monthly or other periodic billing purposes as shall from time to time be selected by the Port Authority, the Port Authority shall establish for each calendar year estimated interim rates for hot water based upon BTU's of heat drawn from the hot water lines emanating from the Facility and estimated interim rates for chilled water based upon BTU's absorbed by the chilled water lines emanating from the Facility. Such estimated rates shall be based upon the Annual Chilled Water Facility Cost, the Annual Hot Water Facility Cost, the Annual Total Hot Water Reading and the Annual Total Chilled Water Reading for the previous calendar year and upon estimated changes in the same or upon such other reasonable basis as the Port Authority may determine. The Lessee shall pay current billings as they are received. Said billings shall be based upon the interim rates and upon the total number of BTU's of heat drawn from the hot water lines serving the premises and the total number of BTU's absorbed by the chilled water lines serving the premises. Said readings shall be measured by the meters serving the premises as described in paragraph (f) hereof. The provisions of subparagraph (2) of said paragraph (f) shall apply and pertain as well for current billing purposes.

As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the Annual Hot Water Facility Cost and the Annual Chilled Water Facility Cost for the preceding calendar year and shall determine the amounts payable by the Lessee in accordance with the provisions of paragraph (a) hereof. In the event the term of the Lease expires on a day other than the last day of calendar year, the Expansion Capital Charge for said calendar year shall be prorated based on the number of days during said calendar year during which the Port Authority provides

hot water and chilled water pursuant to paragraph (a) hereof compared to 365. In the event an Additional Capital Improvement has been completed on a day other than the last day of a calendar year, the Additional Annual Facility Capital Charge for said Additional Capital Improvement for said calendar year shall be prorated based on the number of days during said calendar year subsequent to completion compared to 365. Corrected billings based upon such determination shall thereupon be rendered by the Port Authority to the Lessee and if any monies are due to the Port Authority they shall be promptly paid by the Lessee and if any monies are due to the Lessee they shall be promptly credited to it. In the event the term of this Lease expires or is sooner terminated on a date other than the last day of a calendar year, the Port Authority shall have no obligation to immediately make the computations as hereinabove provided which would determine the amounts payable by the Lessee in accordance with paragraph (a) hereof for the period during said year when the Lease was in effect. Said computation shall be made subsequent to the end of the calendar year as hereinabove provided, and if any monies are due to the Port Authority they shall be paid by the Lessee promptly and if any monies are due to the Lessee they shall be promptly paid to it by the Port Authority less such amounts, if any, then owing and due to the Port Authority from the Lessee.

(k) Notwithstanding anything contained in this Section, the Port Authority's obligation to provide hot water and chilled water to the premises shall be limited by the safe and efficient operating capacity of the Facility.

(l) The Lessee has installed or shall install all machinery, equipment and facilities required to be installed in the premises in order to utilize said high temperature hot water and chilled water and has tied into or shall tie into the Facility at the mechanical equipment rooms constructed by the Lessee on the premises, but in the event that any of such rooms are located at a point 100 feet or more from the point or points at the boundary of the premises to which the Port Authority shall have brought high temperature hot water and chilled water, the Lessee shall be responsible for the cost of the installations in excess of 100 feet required to bring high temperature hot water and chilled water to the rooms, which installations shall be a part of the Facility.

(m) The Port Authority shall keep in an office or offices within the Port of New York District such books, records and accounts as may be necessary or appropriate to record the items and transactions affecting the computation of payments to be made by the Lessee under this Section. The Lessee or its designated representative shall have the right to examine the books and records of the Port Authority during regular business hours in connection with or in respect to any cost incurred, charged, allocated or prorated to the construction, operation or maintenance of the Central Heating and Refrigeration Facility to the extent that such affect the computation of such payments by the Lessee, it being understood that the Lessee shall have no right to inspect such parts

thereof as pertain to any cost or expense which is part of the cost of administration and overhead which is covered by item (7) of paragraph (g) of this Section.

Section 53. General Airport Agreement

The parties hereto are also parties to a certain agreement entitled "John F. Kennedy International Airport Airline Lease," dated as of January 1, 1953 (as the same may have been extended, supplemented and amended) and bearing Port Authority file number designation AY-352 which governs the rights, privileges, duties and obligations of and between the parties hereto with respect to the Airport, sometimes herein called the "General Airport Agreement".

The Parties hereto agree that in the event any provisions contained in said Lease AY-352 are inconsistent or otherwise in conflict with any one or more provisions of this Lease, the provisions of this Lease shall apply with respect to the premises let hereunder.

Notwithstanding the foregoing provisions of this Section 53, the Lessee shall have the same rights and privileges under this Lease with respect to "Airline Contractors", "Fees or Charges Against Employees, Passengers and Suppliers" and "Use of Airport by Patrons and Invitees" to the extent applicable, as said phrases are used in Lease AY-352 as if the provisions of Sections 8.15, 8.16 and 8.19 of Title VIII of Lease AY-352 were herewith incorporated in full as to the subject matter of this Lease and in any of such matters the language of such cited Sections of Lease AY-352 shall be deemed to apply to the premises.

The foregoing provisions of this Section 53 shall apply and obtain only up to the expiration or earlier termination of the General Airport Agreement and thereafter shall be void and of no further force or effect.

Section 54. Associated and Affiliated Companies

In addition to the purposes specified in Section 5 hereof the Lessee may use the premises for the following purposes and for activities reasonably required for such purposes:

(1) For the reservation of space and the sale of tickets for transportation on aircraft operated by Associated or Affiliated Companies of the Lessee.

(2) For the reservation of space and the sale of tickets for transportation by other carriers but only as an incident to or in connection with transportation performed or to be performed by the Lessee's Associated or Affiliated Companies or as an incident to or in connection with the cancellation of such transportation, or for the accommodation or convenience of the incoming or outbound passengers of such Associated or Affiliated Companies at the Airport.

(3) For the clearance, checking and rendering of service to passengers of the Lessee's Associated or Affiliated Companies and for the furnishing of information service to such passengers and the general public.

(4) For providing rooms or space for the special handling of or the furnishing of special services to any of the passengers, guests, or invitees of the Lessee's Associated or Affiliated Companies, subject to the provisions of Section 66 hereof.

(5) For the handling of baggage of passengers of the Lessee's Associated or Affiliated Companies including baggage and parcels such passengers decide to send as air cargo.

(6) For the handling of unclaimed baggage and lost and found articles of the Lessee's Associated or Affiliated Companies.

(7) For the conduct of operations, traffic, communications, reservations and administrative office functions and activities in connection with air transportation performed by the Lessee's Associated or Affiliated Companies.

(8) For the preparation, packaging and storage of food, beverages and commissary supplies to be consumed on aircraft operated by the Lessee's Associated or Affiliated Companies.

(9) For the storage of repair parts, supplies and other personal property owned by the Associated or Affiliated Companies of the Lessee and for the performance of minor repairs to personal property of such Associated or Affiliated Companies.

(10) For the storage of such Associated or Affiliated Companies fuel and lubricants as may be approved by the Port Authority.

(11) For the operation of a cafeteria for over-the-counter sales to officers and employees of the Lessee's Associated or Affiliated Companies and their families and to occasional business guests of such officers and employees (other than passengers of such Associated or Affiliated Companies) of food, beverages and other merchandise normally sold in such an establishment at no profit to the Lessee or its Associated or Affiliated Companies and either directly by the Lessee or by an independent contractor who has received a permit from the Port Authority so to do.

(12) For use as crew quarters to be used by personnel of the Lessee's Associated or Affiliated Companies during layovers between flights and for the establishment of lounges for employees of such Associated or Affiliated Companies.

(13) For the loading and unloading of passengers baggage, mail, air cargo and commissary supplies of the Lessee's Associated or Affiliated Companies.

(14) For the parking and storage of aircraft and ramp equipment operated by Associated or Affiliated Companies of the Lessee.

(15) For the fueling and servicing of aircraft and ramp equipment operated by Associated or Affiliated Companies of the Lessee.

(16) For the performance of aircraft maintenance of aircraft operated by the Lessee's Associated or Affiliated Companies subject to the limitations imposed by Section (j) hereof.

(17) For the temporary storage of baggage, mail and air cargo to be carried in aircraft operated by the Lessee's Associated or Affiliated Companies.

The loading or unloading on the premises of all aircraft used principally for cargo is expressly prohibited.

For the purposes of this Lease, the phrase "Associated and Affiliated Companies" when used herein shall be construed to mean any corporation or foreign entity which is an "Associated Company" or an "Affiliated Company" of the Lessee within the meaning of such phrases as defined in Section 17.01 of Title XVII and Exhibit 37 the General Airport Agreement, as it may be amended from time to time.

Any act or thing which the Lessee may do for its Associated and Affiliated Companies pursuant to this Lease may be done by it at the same place and under the same circumstances either directly or through a contractor or contractors of its choice, provided, that such acts and things shall be done through a contractor or contractors only if by the terms of this Lease the Lessee may do the same acts or things for itself through contractors, and then only under the same circumstances and subject to the same conditions, and provided further that this Section shall not be deemed to grant to the Lessee's Associated and Affiliated Companies, any greater rights or privileges than are granted to the Lessee under the Lease.

The Lessee's Associated and Affiliated Companies and the officers, employees, passengers, patrons, contractors, suppliers of material, furnishers of services and invitees of the Lessee shall have such right of ingress and egress with respect to the premises and the right of way over highways at the Airport as are described in Section 6 hereof, subject, however, to the further provisions of said Section 6.

In the event any Associated or Affiliated Company of the Lessee has entered or hereafter enters into a separate lease or other written agreement with the Port Authority for the use of any premises, space, or facilities at the Airport (whether or not containing provisions similar to those in this Section), then any provisions of this Section which are in conflict with or inconsistent with such provisions under such separate lease or agreement shall be null and void.

The foregoing provisions of this Section shall apply and obtain notwithstanding the expiration or earlier termination of the General Airport Agreement unless different provisions are agreed upon in any successor agreement between the parties to the General Airport Agreement, if, as and when there is such a successor agreement, there being no obligation of any kind hereunder to enter into a successor agreement.

Section 55. Consumer Services

The Lessee acknowledges that various portions of the premises have been and will in the future be utilized for consumer services and said portions which have received and will in the future receive the concurrence of the Lessee and the Port Authority, as hereinafter provided, are herein referred to as "the concession areas". Without limiting the provisions of Section 43 hereof, the Lessee shall develop a comprehensive plan for consumer services, including but not limited to the locations of existing and future concession areas, the amount of services to be provided of the types hereinafter set forth in Sections 56, 57, 58, 59, 60, 61 and 62 hereof, and the types and amounts of any consumer services proposed under Section 63, and the Lessee agrees that it will at all times throughout the term of the Lease keep said comprehensive plan updated and that said updated plan shall be submitted to and be subject to the continuing approval of the Port Authority. The Port Authority shall furnish to the Lessee guidelines to be utilized by the Lessee with respect to all matters affecting consumer services in the concession areas including the Lessee's comprehensive plan.

After approval by the Port Authority of the Lessee's comprehensive plan for consumer services the Lessee shall enter into negotiations or go out for bid, as the circumstances dictate, with respect to the selection of proposed new operators and new agreements with the same. At all times during the negotiation and award procedure the Lessee shall consult with the Port Authority as to all aspects of the proposed arrangements including but not limited to the proposed operators and the financial terms thereof. As hereinafter provided the Lessee will be entering into a direct contract with each new operator but said operator must also enter into an appropriate agreement with the Port Authority. The Lessee shall not finalize negotiations with any operator and shall not execute any agreement with any proposed operator until it has received notification from the Port Authority that said arrangement is acceptable to the Port Authority and until said operator has indicated that it is prepared to enter into the appropriate contractual agreement with the Port Authority. The foregoing procedure will be followed throughout the term of the Lease. It is expressly understood and agreed that the provisions of this Section shall not limit or be deemed to limit the provisions of Section 43 hereof and the Lessee's on-going affirmative action commitment with respect to the consumer services awards and agreements provided for herein.

Section 56. Restaurant and Bar

The Lessee may select and thereafter enter into an agreement with a qualified Restaurant Operator (hereinafter referred to in this Section as "the Restaurant Operator") authorizing the Restaurant Operator to operate in the premises facilities for the sale of food, alcoholic and non-alcoholic beverages and similar items for consumption in the premises (hereinafter called "the Restaurant Service") provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Restaurant Operator, said Restaurant Operator shall obtain a permit from the Port Authority authorizing such Restaurant Operator to operate the Restaurant Service in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Restaurant Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Restaurant Operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service, health, sanitary and safety measures. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the Restaurant Operator, the terms of the permit shall control and prevail. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Restaurant Operator the same shall be consented to in writing by the Lessee.

The agreement between the Lessee and the Restaurant Operator shall cover the arrangements for the space to be used in the Restaurant Service within the premises including the amount, type and location of the space. The Lessee will bring to the perimeter of the space to be occupied by the Restaurant Operator pipes, wires and conduits for the supply of electricity, gas and water, together with the necessary steam and waste lines for use in connection with the Restaurant Service and shall provide said utilities to the Restaurant Operator. Said agreement will also provide that the Restaurant Operator will furnish and install at its own expense all necessary fixtures, furniture and personal property required in connection with the Restaurant Service and that the Restaurant Operator may be required to perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions.

The agreement between the Restaurant Operator and the Port Authority will contain appropriate provisions permitting cancellation of such agreement on short notice in the event the service of the Restaurant Operator is unsatisfactory to the

Lessee. In the event of such cancellation the Lessee agrees to reimburse the Restaurant Operator for its unamortized investment in the fixtures, equipment, furniture and personal property furnished in connection with the operation, and the unamortized cost of the work performed in finishing off the space and title to such fixtures, equipment, furniture and personal property shall thereupon vest in the Lessee.

The agreement between the Lessee and the Restaurant Operator shall not call for any fixed rental or fee but shall provide that the Restaurant Operator shall pay a percentage fee based upon the gross receipts of the Restaurant Operator from the sale of food, alcoholic and non-alcoholic beverages, which fee shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Restaurant Operator to the Lessee except for appropriate payments for any utilities which may be furnished to the Restaurant Operator by the Lessee, it being understood, however, that the foregoing shall not preclude the Lessee from furnishing services to the Restaurant Operator, such as janitorial and garbage removal services, and from receiving payments from the Restaurant Operator for such services provided the same are covered by appropriate written agreements duly entered into between the Lessee and the Restaurant Operator including the charges therefor, and that the Lessee hereby agrees to provide the Port Authority with any and all agreements covering any such services promptly and upon the receipt of a request therefor from the Port Authority. It is hereby understood and agreed that 80% of the percentage fee payable by the Restaurant Operator shall be paid by the Restaurant Operator to the Lessee and 20% of the percentage fee payable by the Restaurant Operator shall be paid by the Restaurant Operator to the Port Authority. Both the agreement between the Lessee and the Restaurant Operator and the permit to be issued by the Port Authority shall have provisions covering the fee in accordance with this Section and, without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

In the event the Restaurant Operator is the same person providing in-flight meal and employee food service to the Lessee and is a wholly owned subsidiary of the Lessee, the fees to be paid by the Restaurant Operator shall apply only to the gross receipts of the Restaurant Operator from the sale of food, alcoholic and non-alcoholic beverages at retail for consumption on the premises, and the Port Authority shall determine the percentage fee to be paid by the Restaurant Operator.

Section 57. Vending Machines, Public Telephones, Advertising Displays

If requested by the Lessee the Port Authority, by itself or through contractors, lessees, or permittees, shall install and maintain in the premises vending machines, public telephones, and advertising displays, at such locations and to such extent as

requested by the Lessee. The Lessee shall provide the necessary wires and conduits for the supply of electricity for such machines and displays.

The Port Authority shall require its contractors, lessees, or permittees to pay a fee, which may be a percentage fee subject to a minimum amount, based upon the gross receipts received from such vending machines, public telephones, and advertising displays or a fixed fee.

The Port Authority shall pay the Lessee an annual fee equivalent to 80% of the fee collected by the Port Authority from its contractors, lessees, or permittees aforementioned. The fees payable hereunder shall be paid in the same manner, under the conditions and at the times, provided in Section 65 hereof.

Section 58. Insurance Covering Air Transportation

The Port Authority may enter into contracts or agreements with qualified insurance vendors requiring such vendors to sell or arrange for the sale, at the premises, of insurance covering air transportation, of such types and coverages as may be required by the Lessee.

The contract between the insurance vendor and the Port Authority shall provide that such vendor shall pay a basic rental for the space occupied by such vendor in the premises in connection with the sale of such insurance. The basic rental will be based upon the cost to the Lessee of providing such space to the vendor. In determining the cost to the Lessee there shall be considered the construction cost of the premises, and an appropriate allocation of the cost of providing and maintaining public areas within the premises. For the purpose of determining the aforesaid costs the premises shall be considered as a single entity and a single rental rate shall be established for all areas of the premises based thereon. The amount of the basic rental to be paid by the vendor shall be agreed upon between the Port Authority and the Lessee, when the costs aforementioned are determined or can be reasonably estimated provided, however, in no event shall such basic rental be computed at a rate in excess of the Consumer Service Maximum Basic Rental Rate as defined in Section 81 hereof.

The contract shall further provide that the vendor shall pay an amount equal to a percentage of the vendor's gross premiums from the sale of such insurance, less the amount of any basic rental paid by the vendor.

It is hereby understood and agreed that all of the basic rental and 50% of the percentage fee payable by the insurance vendor shall be paid by the insurance vendor to the Lessee and 50% of the percentage fee payable by the insurance vendor shall be paid by the insurance vendor to the Port Authority. The rental and fees payable hereunder shall be paid in the manner, under the conditions, and at the times provided in Section 65 hereof.

The contract with the insurance vendor will provide that: (a) if the Lessee so requests, the vendor shall provide a general information service to the public; and (b) the vendor shall not be required to provide a counter for the sale of insurance if, in its opinion, there will be insufficient patronage to support such a counter; and (c) the vendor shall not be required to continue to provide at any designated location vending machines for the sale of insurance when the gross premiums from any such machines at any such location is less than $200 per month, provided, however, if twenty-four (24) hour counter coverage is not provided there shall be at least one machine in the premises; and (d) the provisions of insurance policies and the minimum coverage offered shall be acceptable to the Lessee.

The location of insurance counters and insurance vending machines shall be determined by the Lessee. The vendor will furnish and install at its expense all necessary fixtures, machines, counters and equipment required in connection with its operation. The Lessee shall provide the necessary wires and conduits for the supply of electricity for use in connection with the vendor's operation. The Lessee shall not require unreasonably frequent moves of insurance counters and insurance vending machines hereunder.

Section 59. Newsstands

(a) The Lessee may select and thereafter enter into an agreement or agreements with a qualified newsstand operator or operators authorizing such operators to operate newsstands in the premises for the sale at retail of such of the following items as may be approved by the Port Authority: newspapers, magazines, cigarettes, cigars and other tobacco supplies, candy, chewing gum, playing cards and paperbound books, small novelty gift items, and such other items as may be approved by the Port Authority from time to time, provided, however, that prior to any selection and prior to the entering by the Lessee into any such agreement with any such newsstand operator, each such newsstand operator obtains a permit from the Port Authority authorizing said newsstand operator to operate the newsstand in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed newsstand operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the newsstand operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service, health, sanitary and safety measures. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the newsstand operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority

shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed newsstand operator the same shall be subscribed to by the Lessee. The Port Authority shall require such operator or operators to sell at retail from its or their locations, such other items or furnish such other services as may be approved by the Port Authority and as are requested by the Lessee.

(b) The agreement between the newsstand operator or operators and the Port Authority shall provide that each such operator shall pay to the Lessee a basic rental for the space occupied by such operator in the premises in connection with the operation of the newsstand. The basic rental will be based upon the cost to the Lessee of providing such space to the operator. In determining the cost to the Lessee there shall be considered the construction cost of the premises and an appropriate allocation of the cost of providing and maintaining public areas within the premises. For the purpose of determining the aforesaid costs the premises shall be considered as a single entity and a single basic rental rate shall be established for all areas of the premises based thereon. The amount of the basic rental to be paid by the operator shall be agreed upon between the Port Authority and the Lessee, when the costs aforementioned are determined or can be reasonably estimated, provided, however, in no event shall such basic rental be computed at a rate in excess of the Consumer Service Maximum Basic Rental Rate as defined in Section 81 hereof. The Lessee shall furnish without additional charge, a reasonable amount of storage space for the use of the newsstand operator.

(c) The agreement with the newsstand operator or operators shall further provide that the operator will pay to the Port Authority a percentage fee of the gross receipts derived by the newsstand operator from all sales made by the newsstand operator less the amount of the basic rental paid by the newsstand operator to the Lessee, the amount of said percentage fee payable to the Port Authority up to the amount of the basic rental being herein called "the basic rental equivalent".

(d) The agreement with the newsstand operator shall provide furthermore that the newsstand operator shall pay directly to the Port Authority and to the Lessee the excess, if any, of the percentage fee remaining after the newsstand operator has paid to the Port Authority the basic rental equivalent, said excess to be divided equally between the Lessee and the Port Authority. Both the agreement between the Lessee and the newsstand operator and the permit to be issued by the Port Authority shall have provisions covering the percentage fee in accordance with this Section and without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

(e) The agreement with the newsstand operator or operators will further provide that the newsstand operator will be permitted to sell at retail only such merchandise as is normally sold at

newsstands in operation at Port Authority Airports together with such other merchandise as may be requested by the Lessee, if authorized by the Port Authority. The contract shall further provide that no merchandise objectionable to the Lessee or the Port Authority shall be sold.

(f) The location of newsstands for the use of the newsstand operators shall be determined by the Lessee subject to the approval of the Port Authority and in accordance with the Lessee's comprehensive plan. The said agreement between the newsstand operator and the Lessee shall provide that the newsstand operator will furnish and install at its expense all necessary trade fixtures, stands, counters and equipment required in connection with its operation. The Lessee shall perform all construction work necessary to accommodate such installations including the necessary wires and conduits for the supply of electricity and shall supply the same including the supply of electricity for use in connection with the operation of the newsstand or newsstands at no cost to the newsstand operator or to the Port Authority. In addition to other rights of termination or revocation that may be contained in said agreement between the newsstand operator and the Lessee, the said agreement may contain appropriate provisions permitting cancellation of the agreement by the Lessee on short notice in the event the newsstand service provided by the newsstand operator is unsatisfactory to the Lessee. In the event of such termination or revocation, the Lessee agrees to reimburse the newsstand operator for its unamortized investment in the fixtures, equipment, stands, counters and equipment furnished in connection with the operation, and the unamortized cost of the construction work performed to accommodate such installations, and title to such fixtures, stands, counters and equipment furnished in connection with the newsstand operation shall thereupon vest in the Lessee.

Section 60. Duty-Free Shop

(a) The Lessee may select and thereafter enter into an agreement with a qualified person, firm or corporation (which person, firm or corporation is hereinafter referred to as "the Duty-Free Shop Operator") authorizing such Duty-Free Shop Operator to operate a shop in the premises for the sale at retail of in-bond liquors, in-bond cigarettes, cigars and other in-bond tobacco products, and other in-bond items, (hereinafter called "the Duty-Free Shop"), provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Duty-Free Shop Operator, said Duty-Free Shop Operator obtains a permit from the Port Authority authorizing such Duty-Free Shop Operator to operate the Duty-Free Shop in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Duty-Free Shop Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Duty-Free Shop Operator will conduct its operations at the premises in a first-class manner in accordance with the best

practices in the industry and shall comply with maximum Port Authority standards with respect to service, health, sanitary and safety measures. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the Duty-Free Shop Operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Duty-Free Shop Operator the same shall be subscribed to by the Lessee.

(b) The Lessee agrees and the agreement between the Lessee and the Duty-Free Shop Operator shall provide that the Lessee will furnish to the Duty-Free Shop Operator sufficient and suitable space for conducting and carrying on its aforesaid operation. The Lessee agrees that it shall perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions, the decor and color scheme to be subject to the approval of the Port Authority. In addition, the Lessee shall construct in the portion of the premises designated by the Port Authority a storage area for the storage of the aforesaid in-bond items to be sold by the Duty-Free Shop Operator (said storage area being herein called "the Duty-Free Distribution Center"). The Lessee shall proceed diligently to construct and install those portion of pipes wires and conduits in the manner and to the locations as shall be shown in detail on the Lessee's plans and specifications to be submitted to and approved by the Port Authority for the supply of such utilities and services including without limitation thereto those portions of the electrical, heating and air-conditioning equipment required by the Duty-Free Shop Operator in its operations in the Duty-Free Shop and the Duty-Free Distribution Center. The Lessee shall supply said utilities and services to the Duty-Free Shop Operator without charge to the Duty-Free Shop Operator or the Port Authority.

(c) The agreement between the Lessee and the Duty-Free Shop Operator shall not call for any fixed rental or fee but shall provide that the Duty-Free Shop Operator shall pay a percentage fee subject to appropriate minimum amounts based upon the gross receipts of the Duty-Free Shop Operator from the sale of in-bond liquors, in-bond cigarettes, cigars and other in-bond tobacco products and other in-bond items, which fee shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Duty-Free Shop Operator to the Lessee except other than as provided herein. It is hereby understood and agreed that 50% of the percentage fee payable by the Duty-Free Shop Operator shall be paid by the Duty-Free Shop Operator to the Lessee and 50% of the percentage fee payable by the Duty-Free Shop Operator shall be paid by the Duty-Free Shop Operator to the Port Authority. Both the agreement between the Lessee and the Duty-Free Shop Operator and

the permit to be issued by the Port Authority shall have provisions covering the fee in accordance with this Section and, without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

(d) The agreement between the Duty-Free Shop Operator and the Lessee will provide that the Duty-Free Shop Operator will furnish at its expense all necessary trade fixtures, equipment furniture and personal property required in connection with the efficient and satisfactory operation of the Duty-Free Shop and the Duty-Free Distribution Center. The decor and color scheme of the facilities to be operated by the Duty-Free Shop Operator and the location of fixtures therein shall be subject to the prior and continuing approval of the Port Authority. In addition to other rights of termination or revocation that may be contained in said agreement between the Duty-Free Shop Operator and the Lessee, said agreement may contain appropriate provisions permitting cancellation of the agreement by the Lessee on short notice in the event the Duty-Free Shop provided by the Duty-Free Shop Operator is unsatisfactory to the Lessee.

Section 61. Foreign Currency Exchange

(a) The Lessee may select and thereafter enter into agreements with qualified persons, firms or corporations (which persons, firms or corporations are hereinafter referred to as "the Currency Exchange Operator") authorizing the Currency Exchange Operator to operate an establishment in the premises for the exchange, purchase and sale of domestic and foreign currencies (hereinafter called "the Foreign Currency Exchange Service") provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Currency Exchange Operator, said Currency Exchange Operator obtains a permit from the Port Authority authorizing such Currency Exchange Operator to operate the Foreign Currency Exchange Service in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Currency Exchange Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Currency Exchange Operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the Currency Exchange Operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Currency Exchange Operator the same shall be subscribed to by the Lessee.

(b) The Lessee agrees and the agreement between the Lessee and the Currency Exchange Operator shall provide that the Lessee will furnish to the Currency Exchange Operator sufficient and suitable space for conducting and carrying on its aforesaid operation. The Lessee agrees that it shall perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions, the decor and color scheme to be subject to the approval of the Port Authority. The Lessee shall supply said utilities and services to the Currency Exchange Operator without charge to the Currency Exchange Operator or the Port Authority.

(c) The agreement between the Lessee and the Currency Exchange Operator shall not call for any fixed rental or fee but shall provide that the Currency Exchange Operator shall pay a percentage fee based upon the gross receipts of the Currency Exchange Operator, which fee shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Currency Exchange Operator to the Lessee except other than as provided herein. It is hereby understood and agreed that 50% of the percentage fee payable by the Currency Exchange Operator shall be paid by the Currency Exchange Operator to the Lessee and 50% of the percentage fee payable by the Currency Exchange Operator shall be paid by the Currency Exchange Operator to the Port Authority. Both the agreement between the Lessee and the Currency Exchange Operator and the permit to be issued by the Port Authority shall have provisions covering the fee in accordance with this Section and, without limiting the generality of any other provision of this Section, the permit shall control as to the manner, conditions and terms of payment.

(d) The agreement between the Currency Exchange Operator and the Lessee will provide that the Currency Exchange Operator will furnish at its expense all necessary trade fixtures, equipment furniture and personal property required in connection with the efficient and satisfactory operation of the Foreign Currency Exchange Service. The decor and color scheme of the facilities to be operated by the Currency Exchange Operator and the location of fixtures therein shall be subject to the prior and continuing approval of the Port Authority. In addition to other rights of termination or revocation that may be contained in said agreement between the Currency Exchange Operator and the Lessee, said agreement may contain appropriate provisions permitting cancellation of the agreement by the Lessee on short notice in the event the Foreign Currency Exchange Service provided by the Currency Exchange Operator is unsatisfactory to the Lessee.

Section 62. Retail Banking

(a) The Lessee may select and thereafter enter into agreements with qualified persons, firms or corporations (which

persons, firms or corporations are hereinafter referred to as "the Retail Bank Operator") authorizing such Retail Bank Operator to operate a service consisting of the maintaining of accounts, receipt and disbursement of funds and including automatic teller machine service and foreign currency exchange, sale and purchase (hereinafter called "the Retail Banking Service") in the premises, provided, however, that prior to any such selection and prior to the entering by the Lessee into any such agreement with the Retail Bank Operator, said Retail Bank Operator obtains a permit from the Port Authority authorizing such Retail Bank Operator to operate the Retail Banking Service in a portion of the premises hereunder. Prior to the issuance of any such permit, the proposed Retail Bank Operator may be required to submit to the Port Authority evidence satisfactory to the Port Authority of its qualifications, the scope of its proposed operations and the standards of service it will provide. Any such permit will provide that the Retail Bank Operator will conduct its operations at the premises in a first-class manner in accordance with the best practices in the industry and shall comply with maximum Port Authority standards with respect to service. The permit will not be revoked without cause by the Port Authority without the prior consent of the Lessee. In the event of any inconsistencies between the terms of the permit and the terms of the agreement between the Lessee and the Retail Bank Operator, the terms of the permit shall control and be prevailing. Without limiting the foregoing, it is agreed that prior to the issuance of the permit the Port Authority shall make a copy of the same available to the Lessee and that upon the execution of the permit by the proposed Retail Bank Operator the same shall be subscribed to by the Lessee.

(b) The Lessee agrees and the agreement between the Lessee and the Retail Bank Operator shall provide that the Lessee will furnish to the Retail Bank Operator sufficient and suitable space for conducting and carrying on its aforesaid operation. The Lessee agrees that it shall perform all work necessary or required to finish off the space, including the finishing of the floors and ceilings from the structural slab and the walls from the rough partitions, the decor and color scheme to be subject to the approval of the Port Authority. The Lessee shall supply said utilities and services to the Retail Bank Operator without charge to the Retail Bank Operator or the Port Authority.

(c) The agreement between the Lessee and the Retail Bank Operator shall provide that the Retail Bank Operator shall pay a basic fixed rental for the space occupied by such operator, which rental shall be subject to the prior written approval of the Port Authority and shall be incorporated into the permit to be issued by the Port Authority. There shall be no other payments by the Retail Bank Operator to the Lessee except as provided herein. It is hereby understood and agreed that 50% of the rental payable by the Retail Bank Operator shall be paid by the Retail Bank Operator to the Lessee and 50% of the rental payable by the Retail Bank Operator shall be paid by the Retail Bank Operator to the Port Authority. Both the agreement between the Lessee and the Retail Bank Operator

and the agreement to be issued by the Port Authority shall have provisions covering the rental in accordance with this Section and, without limiting the generality of any other provision of this Section, the agreement shall control as to the manner, conditions and terms of payment.

(d) The agreement between the Retail Bank Operator and the Lessee will provide that the Retail Bank Operator will furnish at its expense all necessary trade fixtures, equipment furniture and personal property required in connection with the efficient and satisfactory operation of the Retail Banking Service. The decor and color scheme of the facilities to be operated by the Retail Bank Operator and the location of fixtures therein shall be subject to the prior and continuing approval of the Port Authority.

Section 63. Other Consumer Services

(a) If the Lessee requests that additional consumer services be provided in the premises for the sale of other items or the furnishing of other services the Port Authority will endeavor to secure a qualified tenant, permittee or licensee (hereinafter referred to as the "Operator"), to furnish such consumer services and shall enter into contracts or agreements with such Operator requiring it to furnish the items or services to the extent required by the Lessee.

(b) The contract between the Operator and the Port Authority shall provide that such Operator shall pay to the Port Authority a basic rental for the space occupied by such Operator in the premises in connection with the furnishing of the consumer services. The basic rental will be based upon the cost to the Lessee of providing such space to the Operator. In determining the cost to the Lessee there shall be considered the construction cost of the premises and the cost of operation and maintenance of the premises. The amount of the basic rental to be paid by the Operator shall be agreed upon between the Port Authority and the Lessee.

(c) The contract shall further provide that the Operator shall pay a percentage fee based upon the gross receipts of such Operator from the operation of such consumer service, less the amount of any basic rental paid by the Operator.

(d) The Operator shall pay to the Lessee the amount of the basic rental. If the percentage fee actually paid to the Port Authority exceeds the amount of the basic rental, the Port Authority shall retain the percentage fee up to the amount of the basic rental. The excess, if any, remaining shall be divided equally between the Port Authority and the Lessee. The rental and fees payable hereunder shall be paid in the same manner, under the conditions, and at the times provided in Section 48 hereof.

(e) The Operator will furnish and install at its expense all necessary fixtures, stands, counters and equipment required in

connection with its operation and all construction work necessary to accommodate such installations.

(f) In the event the Port Authority is unable to secure a qualified tenant, permittee or licensee to provide the consumer services requested by the Lessee, in accordance with the terms and conditions set forth in this Section, the Lessee may make its own arrangements with a tenant, permittee or licensee of its own choice, subject to the Port Authority's approval of such tenant, permittee or licensee. Such approval may include limitations as to the scope of the activities of such tenant, permittee or licensee in the light of the availability of similar services in the Central Terminal Area.

(g) The Lessee understands and agrees that it may not itself nor will the Port Authority install or cause to be installed coin-operated lockers on the premises.

Section 64. Subletting of the Premises for Consumer Services

Irrespective of whether the Persons selected in accordance with this Agreement to furnish the Consumer Services set forth in Sections 56, 57, 58, 59, 60, 61, 62 and 63 hereof have contracts with or are contractors or permittees of the Port Authority, the Lessee may require that such Persons enter into separate agreements or subleases with the Lessee as a condition precedent to the occupancy of space within and the operation of such establishments upon the Lessee's premises, provided, however, that all such Persons must have first obtained a permit from the Port Authority authorizing them to operate such establishments. The terms and provisions of the said agreements or subleases shall not be inconsistent with the terms of this Agreement except that the same may provide for cancellation by the Lessee on short notice in the event the services furnished by such Persons are unsatisfactory to the Lessee.

Prior to the issuance of any of the aforementioned permits, such Persons may be required to submit to the Port Authority evidence satisfactory to the Port Authority of their qualifications, the scope of their proposed operations and the standards of service they will provide. Any such permits will provide that such Persons will conduct their operations thereunder in a first class manner in accordance with the best practices in the industry and shall comply with the maximum Port Authority standards with respect to service, health, sanitary and safety measures. Such Persons shall be required to pay to the Port Authority a fee but such fee shall not in any event exceed the fees or charges that would be retained by the Port Authority if their respective establishments were operated by regular Operators of the Port Authority.

Section 65. Obligations in Connection with Consumer Services Agreements

The Port Authority shall administer all contracts and agreements with its tenants, licensees or permittees furnishing consumer

services at the premises. All such contracts and agreements shall contain provisions, among others, providing that such tenant, licensee or permittee shall:

(a) Take all reasonable measures in every proper manner to maintain, develop and increase the business conducted by it at the premises;

(b) Not divert or cause or allow to be diverted any business from the premises;

(c) Maintain in accordance with accepted accounting practice, records and books of account recording all transactions at, through or in anywise connected with the premises, which records and books of account shall be kept at all times within the Port of New York District and permit, in ordinary business hours during such time, the examination and audit by the officers, employees and representatives of the Port Authority of such records and books of account;

(d) Permit in ordinary business hours the inspection by the officers, employees and representatives of the Port Authority or the Lessee of any equipment used by the tenant, licensee or permittee, including but not limited to cash registers and recording tapes;

(e) Furnish on or before the twentieth day of each month following the commencement date of the operation a sworn statement of gross receipts arising out of the operations of the tenant, licensee or permittee, for the preceding month;

(f) Install and use such cash registers, sales slips, invoicing machines and any other equipment or devices for recording orders taken or services rendered as may be appropriate to the business and necessary or desirable to keep accurate records of gross receipts;

(g) Furnish good, prompt and efficient service, adequate to meet all demands therefor at the premises; furnish said service on a fair, equal and nondiscriminatory basis to all users thereof; and charge fair, reasonable and nondiscriminatory prices for all items and/or services which it is permitted to sell and/or render; and

(h) Promptly observe, comply with and execute the provisions of any and all present and future governmental laws, rules, regulations, requirements, orders and directions which may pertain and apply to its operations or the use and occupancy of the premises.

The Port Authority does not guarantee the payments of rentals and fees required to be paid by the tenant, licensee, permittee or operator pursuant to the provisions of Sections 56, 57, 58, 59, 60, 61, 62 and 63 hereof and shall have no obligation to the

Lessee to make any payments to the Lessee until the fees or rentals are actually collected from the tenant, licensee, permittee or operator. The Port Authority will advise the Lessee of all accounts remaining delinquent for more than sixty (60) days and will consult with the Lessee as to the appropriate steps to effect collection. A default by the Port Authority in observing the provisions of the preceding sentence shall not result in the imposition of any liability on the Port Authority with respect to the Lessee.

Section 66. Club Rooms

In the event the Lessee provides any rooms or space for the special handling of or the furnishing of special services to any of its passengers, guests or invitees it shall furnish such rooms or space at its expense and without cost to the Port Authority. The Lessee agrees that any food, alcoholic or non-alcoholic beverages and similar items sold or furnished to the Lessee's passengers, guests or invitees shall be obtained by the Lessee from the Operator who has been authorized to operate establishments for the sale of food, alcoholic and non-alcoholic beverages and similar items for consumption in passenger terminal facilities at the Airport. All monies paid or payable to the Operator for such sales shall be included in the gross receipts of the Operator. In the event the Lessee wishes to use its own personnel for serving food, alcoholic or non-alcoholic beverages and similar items it may do so; provided that the food, alcoholic and non-alcoholic beverages are obtained by the Lessee from the Operator and provided that monies paid therefor, in that event, shall not be included in the gross receipts of the Operator. If the Lessee uses its own personnel for serving food, alcoholic or non-alcoholic beverages and similar items, the Lessee will not be obligated to pay a fee to the Port Authority which would be greater than the fee that would be retained by the Port Authority if the food, alcoholic or non-alcoholic beverages and similar items were served by the Operator.

Section 67. Ground Transportation Services

(a) The Lessee shall make available within the premises at reasonable rental rates, such counter spaces and at such locations as may be determined by the Port Authority and the Lessee for use by limousine, bus, car rental, taxi and other ground transportation operators at the Airport, all of the foregoing being hereinafter called "the ground transportation operators". The Lessee shall enter into an agreement only with a ground transportation operator designated or approved by the Port Authority, covering the occupancy of said counter space, which agreement may provide for the payment of a basic rental (but no other rental, charge or fee of any kind) to the Lessee for the counter space, provided that such basic rental shall represent a fair and reasonable rental for the counter space. The Port Authority shall have the right to, in its agreement with any ground transportation operator, impose obligations on the ground transportation operator with respect to its operations at the counter space, including but not limited to the dissemination of information applicable to said service, and may charge such fees payable to the Port Authority as it may determine.

(b) (1) In lieu of the provisions of paragraph (a) of this Section obligating the Lessee to make available counter spaces and wall telephone installations with respect to limousine, bus and other ground transportation operators at the Airport (but not including car rental operators as to which the provisions of paragraph (a) shall be and continue in full force and effect) the Lessee shall provide to the Port Authority or its contractor, without charge, such counter space at such location as may be specified by the Port Authority within the premises as may reasonably be required for use as a consolidated ground transportation reservation and information counter (hereinafter called "the Consolidated Counter") to be operated by the Port Authority or its contractors.

(2) The Lessee agrees to provide access to and from the public ways outside the premises to the Port Authority, its employees and its contractors and the ground transportation patrons and other users of the Consolidated Counter; to permit use of such portions of the public pedestrian circulation areas of the premises as may reasonably be required for the operation of the counter and the accommodation of the users thereof; and to permit the installation of such telephone and other communication lines, cables and conduits on and across the premises as may be required for the operation of the Consolidated Counter. The Lessee acknowledges and agrees that the Consolidated Counter shall at all times be a part of the premises under the Lease and subject to all the terms and provisions thereof including, but not limited to indemnity, the payment of rentals, repair and maintenance. The Lessee shall, at its sole cost and expense, supply all utilities necessary for the operation of the Consolidated Counter including but not limited to heat, light, ventilation, air conditioning and electricity on a 24 hour 7 day a week basis. The Lessee shall not be required to provide telephone service to the Consolidated Counter hereunder.

(3) The Port Authority shall have the right at any time, without cause, on 180 days notice to the Lessee to terminate and discontinue the operation of the Consolidated Counter and from and after the effective date stated in said notice the operation of the Consolidated Counter shall terminate and cease and the provisions of this paragraph (b) shall be null, void and of no further force and effect and the provisions of paragraph (a) of the Lease and the Lessee's obligations as set forth therein with respect to limousine, bus, car rental and other ground transportation operators shall be deemed reinstated and in full force and effect.

Section 68. Observation Deck

In the event the Lessee provides an Observation Deck in connection with the Lessee's operations under the Lease and such Deck is open to the public generally the Lessee shall charge a fee for admission upon such Observation Deck. Such fee shall be

established by the Port Authority which shall be uniform throughout the Airport. The Lessee shall pay to the Port Authority a percentage fee equal to 30% of the gross receipts received by the Lessee from the operation of the Observation Deck.

Section 69. Force Majeure

Neither the Port Authority nor the Lessee shall be deemed to be in violation of this Agreement if it is prevented from performing any of its obligations hereunder by reason of strikes, boycotts, labor disputes, embargoes, shortages of material, acts of God, acts of the public enemy, acts of superior governmental authority, weather conditions, tides, riots, rebellion, sabotage or any other circumstances for which it is not responsible and which are not within its control; provided, however, that this provision shall not apply to failures by the Lessee to pay the rentals specified in Section 3 and shall not apply to any other charges or money payments; and, provided, further, that this provision shall not prevent either party from exercising its right of termination under Sections 22, 25, 48, 75 and 77 hereof, and shall not prevent the Lessee from exercising its right to an abatement of rental under Sections 3 and 50 hereof.

Section 70. Federal Inspection

The Lessee has advised the Port Authority that it intends to make available to the United States a portion or portions of the premises for the inspection of the Lessee's passengers and their baggage by the United States for United States customs, immigration, public health and other governmental purposes, if the United States will accept and use the same. The Port Authority shall have no obligation or responsibility of any kind with respect to the foregoing or the arrangements that must be made by the Lessee with the United States and any agencies thereof having jurisdiction.

Section 71. Rotary Wing and Tilt-Rotor Operations

The Lessee hereby acknowledges that the Lease does not grant to it any right and the Lessee does not have any right to use or permit the use of any portion of the premises for the landing or taking off of helicopters, rotary wing, tilt-rotor or other similar aircraft. In the event that the Port Authority determines that approval for such use will be given at any time hereafter, the same shall be granted only in accordance with such terms and conditions, including but not limited to fees, charges and rights of user, as the Port Authority may set forth in a supplement to the Lease, which is duly executed by the Lessee and the Port Authority.

Section 72. Ground Transportation

(a) The Lessee may arrange for the transportation to and from the Airport of its employees and their baggage (and such employees and baggage only) either directly or by contract with a surface carrier or carriers (hereinafter called "the Employee

Surface Carrier or Carriers") of its choice, provided, that such Employee Surface Carrier or Carriers are at all times Ground Carrier Permittees of the Port Authority as defined in paragraph (b) hereof and provided, further, that ten percent (10%) or such lesser percentage as may be set pursuant to paragraph (e) hereof of the gross receipts received from the ground transportation of employees and their baggage by the Employee Surface Carrier providing such service, or by the Lessee, including all advertising and any other revenues of any type arising out of or in connection with said service (excluding only local, state and federal transportation taxes which are separately stated to and paid by the passengers and are directly payable to the taxing authority by the Lessee or by the Employee Surface Carrier) shall be paid to the Port Authority. No fee shall be paid by the Lessee to the Port Authority in connection with the ground transportation of employees and their baggage if the Lessee operates the service itself and if the Lessee makes no charge to its employees and their baggage therefor.

(b) As of the Commencement Date as defined in paragraph (c) hereof, the Port Authority shall endeavor to issue permits to at least 12 qualified surface carriers (herein called "the Ground Carrier Permittees") which Permits shall grant to said Ground Carrier Permittees the privilege of providing a service for the transportation to and from the Airport of employees and their baggage of all Aircraft Operators at the Airport. Each Permit shall provide that the Port Authority shall have the right at any time to revoke the Permit granted to any Ground Carrier Permittee with or without cause and regardless of whether any such Permittee is an Employee Surface Carrier of the Lessee and regardless of any agreement between the Lessee and its Employee Surface Carrier. Without limiting the foregoing right, if the Ground Carrier Permittee selected by the Lessee shall at any time fail to pay the Port Authority ten percent (10%) or such other percentage of its gross receipts as established pursuant to paragraph (e) hereof as required under the Permit, the Port Authority shall have the right in addition to all other rights and remedies, to deny such Permittee entrance upon the Airport for the purpose of transporting employees and their baggage as aforesaid to and from the Airport and the Lessee shall no longer use the same.

In the event that there should at any time during the term of this Lease be less than 12 Ground Carrier Permittees in operation at the Airport the Lessee shall have the right to engage an Employee Surface Carrier of its choice to provide the service set forth in paragraph (a) hereof, subject, however, to the prior and continuing approval of the Port Authority, and provided that such Employee Surface Carrier agrees to become a Permittee of the Port Authority and to pay a percentage of its gross receipts to the Port Authority in accordance with paragraphs (a) and (e) hereof and only for so long as such Permittee observes and complies with the terms of its Permit, it being understood that said Employee Surface Carrier may be restricted to serving the Lessee at the Airport. At such time thereafter as there is in operation at the Airport at least 12 Ground Carrier Permittees, the Permit with the said Employee Surface

Carrier may be revoked by the Port Authority and the Lessee shall thereupon select an Employee Surface Carrier from the Ground Carrier Permittees of the Port Authority. Nothing contained hereunder shall be deemed to preclude the Port Authority from issuing from time to time during the term of the Lease Permits to more than 12 Ground Carrier Permittees. The Permits with the Ground Carrier Permittees may contain privileges other than those set forth in the first subparagraph of this paragraph (b), including but not limited to the privilege to transport passengers and baggage of Aircraft Operators. All Permits shall contain such terms or provisions as the Port Authority may deem from time to time necessary or desirable.

(c) The Port Authority hereby states its intention to attempt to incorporate, into all existing leases and into all new leases with all Scheduled Aircraft Operators covering passenger terminal facilities within the Central Terminal Area, provisions having the same effect as the provisions of paragraphs (a) and (b) hereof. The term "Commencement Date" as used in this Section shall mean the date specified in a written notice from the Port Authority served upon the Lessee and upon all Scheduled Aircraft Operators who are lessees of passenger terminal facilities within the Central Terminal Area, it being understood that such notice shall not be served unless and until all said Scheduled Aircraft Operators have executed agreements with the Port Authority incorporating provisions having the same effect as the provisions of paragraphs (a) and (b) hereof into their leases with the Port Authority covering passenger terminal facilities within the Central Terminal Area. The provisions of this Section other than the foregoing provisions of this paragraph (c) shall be applicable as well to Aircraft Operators who may be occupying space within the Central Terminal Area pursuant to a sublease, subuse or handling agreement with any Unit Terminal Lessee or with any East or West Wing Building Lessee (the foregoing not to waive the requirement for Port Authority consent) as said lessees are defined in Section 74 of the Lease.

(d) For the period prior to the Commencement Date hereunder, the following provisions of this paragraph (d) shall be in effect in lieu of the provisions of paragraph (a) hereof:

The lessee may arrange for the transportation to and from the Airport of passengers, employees and baggage (and such passengers, employees and baggage only) either directly or by contract with a surface carrier or carriers (hereinafter called "Passenger Surface Carrier or Carriers") of its choice, subject, however, to the prior and continuing approval of the Port Authority and provided, that such Passenger Surface Carrier or Carriers agree to become Permittees of the Port Authority and provided, further, that ten percent (10%) or such lesser percentage as may be set pursuant to paragraph (e) hereof of the gross receipts received from the ground transportation of passengers, employees and baggage by the Passenger Surface Carrier providing such service or by the Lessee, including all advertising and any other revenues of any type arising out of or in connection with said service (excluding only

local, state and federal transportation taxes which are separately stated to and paid by and are directly payable to the taxing authority by the Lessee or by the Passenger Surface Carrier) shall be paid to the Port Authority. If the Passenger Surface Carrier designated by the Lessee shall at any time fail to pay to the Port Authority ten percent (10%) or such lesser percentage as may be set pursuant to paragraph (e) hereof of its gross receipts as aforesaid when billed therefor by the Port Authority, the Port Authority shall have the right to deny such carrier entrance upon the Airport for the purpose of transporting passengers, employees and baggage as aforesaid to and from the Airport and the Lessee shall no longer use the same. No fee shall be paid by the Lessee to the Port Authority in connection with the ground transportation of officers and employees of the Lessee if the Lessee operates the service itself and if the Lessee makes no charge to its employees and officers therefor. The occasional non-recurring employment by the Lessee of a surface carrier who is not a Permittee of the Port Authority shall not be deemed to be a breach of this Section by the Lessee; the foregoing, however, shall not affect the right of the Port Authority to the percentage fee with respect to such surface carrier.

For the period subsequent to the Commencement Date hereunder, the foregoing provisions of this paragraph (d) shall continue in effect with respect to passengers and their baggage only of the Lessee and wherever the phrase "passengers, employees and baggage" appears in the foregoing provisions it shall be deemed amended to read "passengers and their baggage".

(e) It is recognized that the Port Authority has established a five percent fee with respect to the service covered by paragraphs (a) and (d) hereof in lieu of the ten percent fee therein stated. It is hereby specifically understood and agreed that the fact that said fee is presently five percent shall not constitute a waiver by the Port Authority of its right to impose a percentage fee of ten percent as provided in paragraphs (a) and (d). It is hereby specifically agreed that the Port Authority shall have the right at any time and from time to time during the term of this Lease to revise the percentage fee it shall charge the Ground Carrier Permittees, other permittees and the Lessee as provided in paragraphs (a) and (d) hereof but in no event shall said fee be greater than ten percent. The Port Authority shall notify the Lessee of any such revision.

(f) The Lessee may arrange for the transportation to and from the Airport of freight and other cargo of the Lessee either directly or by contract with the surface carrier or carriers of its choice. No Permit or fee shall be required of the Lessee or its contractor for the picking up from or the delivery to of freight or other cargo from or to the Lessee. No fee shall be paid to the Port Authority by the Lessee or its contractor for the privilege of transporting freight or cargo of the Lessee on the surface as aforesaid. If such contractor of the Lessee enters into a Lease or other agreement with the Port Authority for space and/or privileges at the Airport, the rent or other compensation payable to the Port

Authority shall not be measured by the amount of freight or other cargo of the Lessee transported on the surface by such contractor.

(g) The right of the Lessee to arrange transportation to and from the Airport of its airline passengers as hereinabove provided shall not be construed as being applicable to any establishment or operation by the Lessee of facilities outside the Airport for the handling of airline passengers of the Lessee arriving at or departing from the Airport.

As used in this Section 72, reference to passengers, baggage, freight or other cargo of the Lessee shall be construed to mean persons, baggage, freight or cargo transported or to be transported on aircraft of the Lessee.

The Ground Carrier Permittee of the Lessee's choice, its Passengers Surface Carrier or any other contractor used by it shall not solicit business on the public areas of the Airport and the Lessee shall prohibit any such activity on the premises or on any other area at the Airport occupied by the Lessee. The use, at any time, either on the premises or elsewhere on the Airport of hand or standard megaphones, loudspeakers or any electric, electronic or other amplifying devices is hereby expressly prohibited and any advertising or signs shall be subject to continuing Port Authority approval.

(h) Effective as of January 1, 1972, the provisions of this Section 72 superseded the provisions of Section 4.11 of Title IV of the General Airport Agreement, as defined elsewhere in this Agreement and from and after said date said provisions of said Section 4.11 of Title IV were no longer of any force or effect.

Section 73. The Original Premises Use Agreements

It is recognized that the Lessee has entered into various agreements with subtenants, licensees and other persons covering the occupancy of the space or providing for the furnishing of services in the premises pursuant to the provisions of the Prior Lease and that the Port Authority has approved or consented to the same, all of the foregoing as to which Port Authority approval or consent has been given, being hereinafter called "the Lessee's use agreements". The Port Authority has no objection to the continuance in effect under the Lease of all of the Lessee's use agreements.

The parties agree that appropriate documents will be prepared and executed, if the same are deemed by the Port Authority to be necessary or desirable, recognizing the continuance under this Lease of the Lessee's use agreements, subject to the existing terms of such agreements and the Port Authority's consent to or approval thereof including but not limited to termination and revocation rights as provided therein.

Without limiting the generality of the foregoing, it is recognized specifically that the Lessee has undertaken certain

obligations pursuant to Section 24 hereof to sublease portions of the premises to United Air Lines, Inc. under this Lease and that in addition United Air Lines, Inc. was a sublessee under the Prior Lease. The Port Authority hereby consents to the continuance under this Agreement of the United Air Lines, Inc. sublease as the same has been consented to by the Port Authority, and the Port Authority Consent Agreement entered into among the Port Authority, the Lessee and United Air Lines, Inc. as of even date herewith covering said sublease without the execution of other or further documents or agreements subject, however, to all of the terms and conditions of said Consent Agreement.

Section 74. Ground Transportation Within the Central Terminal Area

(a) The Port Authority has established at the Airport a Central Terminal Area generally as described in Exhibit S, attached hereto and hereby made a part hereof. If at any time and from time to time during the term of the Lease, the Port Authority substantially revises the Central Terminal Area, it shall thereafter forward to the Lessee a revised Exhibit showing the revised Central Terminal Area which revised Exhibit shall replace Exhibit S and shall become a part of the Lease.

(b) The Lessee hereby agrees that it will not directly, indirectly or by arrangement with any independent third party, operate any surface vehicles for the transportation of its passengers to or from the premises and the various other passenger terminal facilities or other locations within the Central Terminal Area. The prohibition hereinabove set forth in this paragraph (b) shall be effective as of the Commencement Date of the Lease and shall continue thereafter during the term of the Lease, but such prohibition shall be in effect only during such periods as there is in operation at the Airport a CTA ground transportation service as hereinafter defined to be provided by an independent third party contractor. The CTA ground transportation service shall consist of the following: a ground transportation service for the transportation of airline passengers and other persons between the various passenger terminal facilities, including the premises, within the Central Terminal Area including the service of transporting a group of passengers where the Aircraft Operator must accommodate the group as a whole (hereinafter called "the CTA omnibus service") and a ground transportation service for the transportation of passengers of Aircraft Operators within the Central Terminal Area, but only when a passenger is disabled, the passenger must take a direct connection and where time is critical, and in the very limited instance where an Aircraft Operator must accommodate a particular passenger, the foregoing service being hereinafter called "the CTA supplementary service". It is understood furthermore that, notwithstanding the prohibition hereinabove set forth in this paragraph (b), the Lessee may directly, indirectly or by arrangement with an independent third party, operate surface vehicles for the transportation of its passengers to or from the premises and such passenger terminal

facility of the Lessee, if any, located outside the Central Terminal Area, provided, that the Lessee has the prior and continuing approval of the Port Authority to operate such passenger terminal facility outside the Central Terminal Area, that the aforesaid service shall not serve any passenger terminal facility or location within the Central Terminal Area other than the premises and that if the Lessee utilizes a third party to provide the service, said third party shall be subject to the prior and continuing approval of the Port Authority, shall agree to become a permittee of the Port Authority and shall pay the percentage of its gross receipts to the Port Authority with respect to said service as specified in said permit and shall comply with all the terms and conditions of its permit.

Nothing contained in this paragraph (b) or paragraph (c) hereof shall impose or be construed as imposing an obligation on the Port Authority to operate or cause to be operated the CTA ground transportation service for the transportation of passengers and other persons between the various passenger terminal facilities, including the premises, within the Central Terminal Area.

(c) (1) (i) It is hereby agreed that it is in the best interests of the Port Authority and all Participants as hereinafter defined that the CTA omnibus service be a good, proper and efficient service, able to adequately, timely and properly handle the ground transportation needs of airline passengers and other persons between the various passenger terminal facilities including the premises within the Central Terminal Area. The parties recognize furthermore that the CTA supplementary service should be a service that would transport those persons authorized to be carried thereon in an adequate, proper and timely manner so as to meet their flight connections.

(ii) The Port Authority agrees that it shall meet and consult from time to time with the Participants with respect to the procedures, schedules, fares, prices and operations of the CTA omnibus service and shall, except in case of emergency, give the Participants prior written notice of any substantive changes with respect thereto. Notwithstanding the foregoing, it is hereby understood and agreed that the procedures, schedules, fares, prices, operations and other matters affecting the CTA omnibus service shall be determined by the Port Authority.

(iii) The Port Authority agrees that it shall meet and consult from time to time with the Participants with respect to the procedures, schedules, fares, prices and operations of the CTA supplementary service. Before adopting any initial procedures or schedules covering the operation of the CTA supplementary service and before putting into effect any modifications to any procedures or schedules then in effect with respect to the CTA supplementary service, except in case of emergency, the Port Authority shall submit the initial or the changed procedures and schedules (hereinafter called the "submissions") to the Participants for their approval. If

Participants representing more than fifty percent (50%) of the effective published passenger flight schedules to and from the Airport of all Participants for the calendar year prior to the year in which the submissions are made to the Participants for their approval, approve the same, the submissions shall be deemed to be approved for all purposes hereunder and said approval shall be deemed binding as well upon all other Aircraft Operators who may use or pay for the CTA supplementary service, notwithstanding the fact that said submissions had not been submitted to them for their approval. Notwithstanding anything herein provided and without limiting the provisions of paragraph (b) hereof, it is hereby understood and agreed that the Port Authority shall have no obligation hereunder to itself operate the CTA ground transportation service nor any obligation to operate said service through an independent contractor unless and until the submissions with respect to the CTA supplementary service submitted as aforesaid to the Participants have been approved by the Participants in accordance with the foregoing provisions. The failure of any Participant to disapprove the submission within twenty (20) days after its submission to it for approval shall constitute such Participant's approval hereunder to said submissions.

(iv) It is hereby understood and agreed that the amount to be charged for the CTA supplementary service shall consist of an initial price and, if the Port Authority so elects from time to time during the term of the Lease, an excess price. The initial price shall be based upon the cost of the CTA supplementary service. The Lessee shall pay to the Port Authority as and representing the initial price its pro rata share of the cost to the Port Authority of providing the CTA supplementary service. The Lessee's pro rata share of the cost to the Port Authority of providing the CTA supplementary service shall be that proportion of said cost as the number of passengers of the Lessee who actually used the CTA supplementary service bears to the total number of passengers using the CTA supplementary service. Except as provided in the last subparagraph of subparagraph (v) hereof, there will be no charge to the Lessee of either an initial price or an excess price if the Lessee does not have any passengers using the CTA supplementary service.

(v) The initial price payable to the Port Authority pursuant to subparagraph (iv) hereof is for each calendar year, but in the event the Commencement Date as defined in paragraph (d) hereof falls on a day other than the first day of a calendar year or in the event the term of the Lease expires or the provisions covering the CTA transportation services are terminated on a day other than the last day of a calendar year, then in any such event the initial price payable to the Port Authority pursuant to subparagraph (iv) hereof shall, for the year during which such event occurs, be for such portion of said year during which the Port Authority provides the CTA supplementary service. In determining the initial price, the cost of the CTA supplementary service shall be computed, determined and ascertained for each calendar year (or portion thereof upon the occurrence of any of the events mentioned

in the first sentence hereof) of the term of this Lease subsequent to the aforesaid Commencement Date.

Notwithstanding the foregoing and for current monthly or other periodical billing purposes as may from time to time be selected by the Port Authority, the Port Authority shall establish interim billing rates to cover the initial price for the CTA supplementary service. Such billing rates shall be based on determinations by the Port Authority of its estimate of the cost of the CTA supplementary service for the calendar year and the number of passengers to be using the CTA supplementary service for said calendar year. Such determinations shall be based upon the prior calendar year's experience, if any, and upon such other reasonable basis as the Port Authority may determine. The Port Authority may prospectively revise its billing rates during any calendar year. On the 20th day of each calendar month following the month upon which the Commencement Date hereunder falls and on the 20th day of each and every calendar month thereafter the Lessee shall pay to the Port Authority the amount due as the initial price for the preceding calendar month, which shall be determined by multiplying the interim billing rate per passenger for the initial price established by the Port Authority as aforesaid by the number of Lessee's passengers carried on the CTA supplementary service for the previous calendar month.

As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the cost of the CTA supplementary service and the initial price payable therefore. Corrected billings based upon such determination shall thereupon be rendered by the Port Authority and if any monies are due to the Port Authority they shall be promptly paid by the Lessee and if any monies are due to the Lessee they shall be promptly credited to it.

In the event and only in the event that the CTA supplementary service for all or any portion of a calendar year has been provided by the Port Authority but there has been no use thereof by any of the Participants, then the initial price and the excess price shall be payable by all Participants and each Participant's share shall be based on the number of passengers on its outbound and inbound aircraft at the Airport compared to the total number of passengers on all inbound and outbound aircraft using the Airport of all Participants. The Port Authority agrees that, if as of the commencement of any calendar year there appears to be no use by the Participants of the CTA supplementary service, it will use all reasonable efforts to limit its payments to the contractor for the CTA supplementary service for such period where there appears to be no use.

(vi) The Port Authority shall have full discretion in awarding a contract for the CTA ground transportation service and may award the same to a contractor who has not proposed the lowest price for the CTA supplementary service or the CTA omnibus service. As stated in subparagraph (iv) hereof the Port

Authority shall have the right to charge the Lessee, in addition to the initial price for the CTA supplementary service, an additional amount herein called "the excess price", which amount shall be applied to offset any deficit in the CTA omnibus service.

The amount representing the excess price shall be an amount payable only by the Lessee if it uses the CTA supplementary service and shall be an amount fixed for each passenger using the CTA supplementary service. The Port Authority shall advise the Participants prior to the beginning of each calendar year of the amount per passenger which shall constitute the excess price for said calendar year. On the 20th day of the calendar month following the month upon which the Commencement Date hereunder falls and on the 20th day of each and every calendar month thereafter the Lessee shall pay to the Port Authority the amount due as the excess price for the preceding calendar month, which shall be determined by multiplying the amount per passenger for the excess price established by the Port Authority as aforesaid by the number of Lessee's passengers carried on the CTA supplementary service for the previous calendar month. As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the cost of the CTA omnibus service for said calendar year. If there is no deficit or if the deficit is less than the amount received by the Port Authority from users of the CTA omnibus service, then the total amount of the excess price if there is no deficit or the amount of the excess price which is over and above any deficit on the CTA omnibus service shall be refunded or credited to the Participants based on the portion of each Participant's payments of the excess price for said calendar year as compared to the total amount received as the excess price from all Participants. In determining whether or not there is a deficit or in determining the amount of the deficit, revenues from the CTA omnibus service shall be deemed to be 87.5% of the cost of the CTA omnibus service whether or not the revenues actually received add up to 87.5%, but if said revenues exceed 87.5% of the cost, the actual amount of revenues received shall be used.

(vii) The Port Authority shall determine for each calendar year (or portion thereof, where applicable) the cost to the Port Authority of providing the CTA omnibus service and the cost to the Port Authority of providing the CTA supplementary service. Each such cost shall be determined in accordance with the Port Authority's normal accounting practice and shall consist of those of the following items, which are applicable to each such service:

(a) All payments made by the Port Authority to the independent contractor for providing the CTA supplementary service or the CTA omnibus service, as the case may be (it being understood that the Port Authority shall not impose any percentage charge or fee on the contractor for such services);

(b) On-the-job payroll costs of Port Authority employees working in any aspect of the CTA supplementary service or the CTA omnibus service, as the case may be, including but not limited to contributions to any retirement system or the cost of participation in any pension plans or the like, social security, old age, survivors, disability and employment insurance and other insurance costs, sick leave pay, holiday, vacation, authorized absence and severance pay, other employee fringe benefits and any other payments made or costs incurred whether pursuant to law or by Port Authority policy to or with respect to said employees;

(c) The cost (including rental charges) to the Port Authority of providing space, equipment, materials, facilities or services to or in connection with the CTA omnibus service or the CTA supplementary service, as the case may be;

(d) Payments or premiums (or to the extent of self-insurance an amount equivalent to what the premiums would have been) for insurance with respect to the CTA omnibus service or the CTA supplementary service, as the case may be, including without limitation thereto, fire and extended coverage, workmen's compensation and comprehensive general liability;

(e) Other direct costs as charged under the Port Authority's normal accounting practice;

(f) With respect to the CTA omnibus service, ten percent (10%) of the amounts paid to the contractor providing said service under item (a) hereof and with respect to the CTA supplementary service, twenty percent (20%) of the amount paid to the contractor providing said service under item (a) hereof.

In the event that any specific cost incurred or any specific amount expended for any of the items hereinabove set forth covers both the CTA omnibus service and the CTA supplementary service, then the Port Authority shall divide and allocate any such cost or amount as between the CTA omnibus service and the CTA supplementary service in accordance with its normal accounting principles.

(2) If at any time during the term of the Lease the Port Authority receives a written notice from the East and West Wing Building Lessees (as hereinafter defined) representing more than thirty percent (30%) of the effective published passenger flight schedules to and from the Airport of all the East and West Wing Building Lessees for the calendar year prior to the year during which the notice was given, or if the Port Authority receives a written notice from Unit Terminal Lessees (as hereinafter defined) representing more than thirty percent (30%) of the effective published passenger flight schedules to and from the Airport of all Unit Terminal Lessees for the calendar year prior to the year during

which the notice is given, which notice shall be either (i) to the effect that the service being provided by the contractor furnishing the CTA ground transportation service does not satisfy the standards set forth in item (i) of subparagraph (1) hereof and specifying whether it is the CTA omnibus service or the CTA supplementary service, or both, which is at fault, and further specifying the nature and extent of the failure or (ii) to the effect that the Participants serving the notice are dissatisfied for any reason with the service, the Port Authority shall endeavor in the case of item (i) above to rectify the conditions complained of either by the existing contractor doing so or by engaging a new contractor to provide the CTA ground transportation service or by a combination of both.

(3) If the Port Authority receives, by a date no earlier than one hundred twenty (120) days and no later than one hundred eighty (180) days after its receipt of either notice covered by subparagraph (2) hereof, a written notice from the East and West Wing Building Lessees representing more than fifty percent (50%) of the effective published passenger flight schedules to and from the Airport of all East and West Wing Building Lessees for the year prior to the year during which the notice is given or if the Port Authority receives a written notice during the period described above from Unit Terminal Lessees representing more than fifty percent (50%) of the effective published passenger flight schedules to and from the Airport of all the Unit Terminal Lessees for the year prior to the year during which the notice is given, which notice is to the effect that the Participants sending the notice continue to be dissatisfied with the CTA ground transportation service whether provided by the old contractor, or if said contractor has been replaced, by the new contractor, then the Port Authority agrees that, effective no later than sixty (60) days after its receipt of said notice (said date to be established by written notice to the Participants) the provisions of this Section covering the CTA ground transportation service shall be terminated and shall no longer be in effect and from and after said date the Lessee shall have the right directly or by arrangement with an independent third party to operate surface vehicles for the transportation of its passengers to and from the premises and the various other passenger terminal facilities or other locations within the Central Terminal Area, provided, however, that the same shall be used exclusively for the transportation of the Lessee's disabled passengers, passengers who must make a direct connection and where time is critical, in the very limited instances where the Lessee must accommodate particular passengers, and for the transportation of passengers travelling as a group where the Lessee must accommodate the group as a whole, it being understood that the foregoing limitation on the right of the Lessee shall be in effect only during such periods as there is in operation at the Airport a CTA omnibus service as defined in paragraph (b) hereof (the Port Authority having no obligation so to do), excluding the transportation of passengers travelling as a group, and <u>provided, however,</u> that if the Lessee utilizes a third party to provide said service, that said third party shall be subject to the prior and continuing approval of the Port Authority,

shall agree to become a permittee of the Port Authority and shall pay the percentage of its gross receipts to the Port Authority with respect to its service as specified in said permit and shall comply with all the terms and conditions of its permit.

(d) (1) The Port Authority hereby states its intention to attempt to incorporate into all new leases and into all existing leases which may not already include the same with all Scheduled Aircraft Operators covering passenger terminal facilities within the Central Terminal Area provisions having the same effect as the provisions of this Section.

For the purposes of this Section, the term "Unit Terminal Lessees" shall mean all Participants other than the East and West Wing Building Lessees. The term "East and West Wing Building Lessees" shall mean those foreign flag Scheduled Aircraft Operators who shall have entered into long term leases with the Port Authority covering space in the East or West Wing Buildings.

(2) All Aircraft Operators who may be occupying space within the Central Terminal Area pursuant to a sublease, subuse or handling agreement with any Unit Terminal Lessee or with any East or West Wing Building Lessee (the foregoing not to waive the requirement for Port Authority consent) shall be obligated to comply with all obligations of this Section which are applicable to the Participants, but said Aircraft Operators shall not be or be deemed to be Participants within the meaning of subparagraph (1) of this paragraph (d) or be or be deemed to be an East or West Wing Building Lessee or a Unit Terminal Lessee within the meaning of subparagraphs (2) and (3) of paragraph (c) hereof, but their activities, operations and payments hereunder shall be deemed to be those of the Participants whose space they are using.

(e) The agreement by the Lessee under paragraph (b) hereof as well as the agreement by the Lessee under paragraph (c)(3) hereof, in the event the provisions covering the CTA transportation service are terminated and are no longer in effect, are of the essence of this Section and the Lessee agrees that the Port Authority shall be entitled to a decree against the Lessee requiring the specific performance thereof in any court of equity having jurisdiction. The aforesaid remedy which may be available to the Port Authority hereunder in the event the Lessee breaches its agreement.

The Lessee understands and acknowledges that the provisions of this Section 74 have been in effect in the Central Terminal Area of the Airport under the Prior Lease. The Lessee and the Port Authority understand and agree that the foregoing provisions of this Section represent the agreement of the parties reached under the Prior Lease and each acknowledges that in actual operation the ground transportation services actually provided at the Airport pursuant thereto have, by mutual agreement and request of the parties, from time to time, not conformed in particular respects to the provisions hereof. Nothing contained herein, nor the execution of this Agreement, shall grant or be deemed to grant or

confer on either party a retroactive right or claim that any provisions hereof, or of the Prior Lease, has been breached, nor shall either party claim the inclusion of these provisions herein, nor the execution of this Agreement, has created or affirmed such right, nor shall any rights of the parties hereunder be deemed waived or limited thereby.

Section 75. Future Airport Transportation Facilities and Operations - Use of Portions of the Premises - Limitation of Lease Term Upon Failure of Future Agreement

(a) The Lessee understands that the Port Authority has announced a Capital Plan which includes certain work at the Airport, and that such work is, at the time of execution of this Lease, in planning and design and, upon the satisfactory conclusion of such planning and design the Port Authority expects to proceed to modify the air terminal highway system and the utility distribution systems at the Airport and to construct, maintain and operate at the Airport a new system or systems for the accommodation and transportation of persons, baggage and utilities all as generally described in the schedule attached hereto, hereby made a part hereof and marked "Schedule A" (such new systems and modifications including, but not limited to, those to the air terminal highway and utilities systems, ancillary related facilities and others as very generally described in Schedule A, being herein collectively referred to as the "New Systems"). The Lessee acknowledges and agrees that the New Systems will be a benefit and enhancement to the Airport and the Lessee's operations thereon.

(b) (1) The Lessee understands that one or more of the New Systems or portions thereof may be completed and put into operation in whole or in part prior to the execution by the parties of the New Systems Agreement covering the items referred to below in paragraph (c) hereof and may require the location on the premises of various installations including but not limited to a passenger embarkation and debarkation facility, a baggage reception and dispatch facility and new utility tie-ins and, in addition, may require the use of a portion or portions of the premises for and in connection with the construction, maintenance and operation of one or more of the New Systems or portions thereof. The Lessee agrees that it shall make available to the Port Authority upon demand such portion or portions of the premises for such purposes as may be required or be appropriate therefor and, where exclusively serving the premises, the same shall be without abatement of any rental or charges hereunder or any payments by the Port Authority to the Lessee therefor. The Lessee further understands that the efficient utilization of portions of the New Systems including, but not limited to, the Passenger Distribution System and Transportation Center (as set forth in Schedule A) at the Airport, may require or make it appropriate that, effective upon commencement of the use thereof by the Lessee or others, ingress to and egress from the roadways on the premises (including the terminal roadways as defined in Section 76 hereof) as provided for in Section 6 hereof, of

certain types of passenger carrying ground transportation vehicles and the pick-up and discharge of passengers and baggage therefrom shall be prohibited and, in such event, the Lessee shall comply with the Port Authority's directions with respect thereto.

(2) The Lessee agrees that, from time to time, upon the commencement of use of one or more of the New Systems, or portions thereof serving the premises, the Lessee upon the direction of the Port Authority shall accept and utilize the same, and shall accept and comply with the restrictions upon ingress to and egress from the premises and use of the premises for the loading and unloading of passengers and baggage from ground vehicles and such directions, procedures, rules and regulations as, in the opinion of the Port Authority, may be required for the efficient and proper utilization of the New Systems or portions thereof. The Lessee understands that the Port Authority may require, from time to time, that the Lessee enter into an interim agreement covering various aspects of the use of the New Systems or portions thereof, including charges therefor, which charges will include the Lessee's proportional share of the cost of the study, planning, design, construction, maintenance and operation thereof not otherwise included in fees and charges at the Airport, before permission to use the same may be given to the Lessee.

(c) (1) The Lessee understands that the Port Authority considers the construction, operation and maintenance of the New Systems of the utmost importance to the efficient operation of the Airport and to the fulfillment of the Port Authority's governmental function to provide, maintain and develop the Airport; that the efficient use and operation of the New Systems will require that the Lessee's passenger terminal facilities under this Lease utilize and participate in the operation of one or more of the New Systems or portions thereof; and that the Port Authority does not by this Lease intend to enter into an agreement, understanding or commitment which will interfere with, limit, restrict, hinder or prevent in any way the development, construction or maintenance or the efficient use or operation of any of the New Systems or any portion thereof including, but not limited to, the payment of appropriate charges by the Lessee and others therefore, which charges will include the Lessee's proportional share of the cost of the study, planning, design, construction, maintenance and operation thereof not otherwise included in fees and charges at the Airport, and the Lessee agrees that this Lease shall in no event or manner be construed or used for such purposes.

(2) The Lessee also understands and acknowledges that the cost of all or portions of the planning and design, and the contemplated construction, maintenance and operation of the New Systems is includable in and will be included in the calculation of the flight fee and other fees and charges under existing agreements and policies at the Airport, and that as to any of such costs not so includable, the Port Authority has under study and consideration the method to be employed to establish charges based thereon which would include recovery of said costs. Without in any way limiting the

provisions of existing agreements and policies at the Airport which may pertain and apply to the New Systems or portions thereof and payment therefor, the Lessee understands that it may be requested by the Port Authority to execute and deliver to the Port Authority an agreement or agreements (which may be in the form of an agreement supplementary to this Lease, a separate agreement, or an agreement supplementary to another agreement between the Port Authority and the Lessee, or a combination of the foregoing) in the form to be prepared by the Port Authority (said agreement or agreements being collectively referred to in this Section 75 as "the New Systems Agreement") setting forth the agreement of the Lessee and the Port Authority and containing terms and provisions providing for the payment to the Port Authority of charges for the New Systems including the Lessee's proportionate share of the cost of the study, planning, design, construction, maintenance and operation thereof not otherwise included in fees and charges at the Airport and the changes and modifications to the provisions of the Lease set forth below in this subparagraph (2) as well as other terms and provisions deemed necessary or desirable by the Port Authority in connection with the New Systems.

The parties hereby acknowledge that it has been proposed by the Port Authority and accepted in principle by the Lessee that the formula to determine the fees and charges for the use of the New Systems would generally be based upon the creation of an account (hereinafter called "the Airline Direct Account") to accumulate capital and operating costs for the New Systems not otherwise included in fees and charges at the Airport, and the establishment of fees and charges applicable to all passenger aircraft operators at the Airport which would include distribution of the Airline Direct Account (including, but not limited to, capital recovery component consistent with existing lease formuli at the Airport) pro-rata, on the basis of passenger aircraft maximum weight for take-off. The Lessee understands and agrees that the foregoing formula represents an attempt, at the time of execution of this Lease, to achieve an appropriate distribution of the costs of the study, planning, design, construction, maintenance and operation of the New Systems among all passenger airlines at the Airport and that such proposal does not represent the final determination of the matter covered, as to either party. The Port Authority has also advised the Lessee that it is the intention of the Port Authority that all such airlines at the Airport will be treated in a similar manner including the treatment of the cost, if any, of each in accommodating its airport terminal facility to the New Systems.

Without limiting any other provisions of this Section 75 the Lessee understands and agrees that changes and modifications to certain provisions of this Lease including, but not limited to, Section 6 (Ingress and Egress), Section 74 (Ground Transportation Within The Central Terminal Area) and Section 76 (Terminal Roadways) may be required or appropriate to conform the provisions of these Sections to the operation of any of the New Systems or portions thereof. The Lessee and the Port Authority agree that each will consult and discuss with the other and provide information to the

other, from time to time, with respect to the study, planning, design, construction, maintenance and operation of the New Systems and after submission of the New Systems Agreement or any portion thereof to the Lessee the Port Authority will meet with the Lessee and discuss the same with the Lessee.

(d) (1) In the event that the Lessee shall not have entered into and fully executed the New Systems Agreement referred to above in paragraph (c) of this Section 75 and delivered the same to the Port Authority on or before the first anniversary of the date of delivery to the Lessee by the Port Authority of execution copies of the New Systems Agreement which the Port Authority shall notify the Lessee at the time of delivery thereof is the "Final Execution Copy of the New Systems Agreement pursuant to Section 75 of Lease AYB-876" then, in such event, and without regard to the cause of the failure or delay of the Lessee to properly execute and deliver to the Port Authority such New Systems Agreement (including all parts thereof), ten (10) days following such applicable anniversary date this Lease and the term of the letting hereunder shall terminate, and the Lessee shall thereafter be a hold-over tenant, on a month-to-month periodical basis, of the Port Authority. Without limiting the foregoing, in the event the date of termination under this paragraph (d) (1) shall occur prior to the commencement date of the term of the letting, then subject to all limitations and conditions contained in this Agreement, the term of the letting hereunder shall commence on January 1, 1995 as a hold-over tenancy on a month-to-month basis, unless sooner terminated. Without limiting the foregoing the Lessee agrees that it shall never contest in any forum the effectiveness and validity of the Final Execution Copy of the New Systems Agreement, as aforesaid, or the delivery thereof to the Lessee including, but not limited to, a challenge or contest on the basis, or alleged basis, that the Final Execution Copy of the New Systems Agreement tendered to the Lessee by the Port Authority does not represent the Port Authority's final or last offer on the matter to the Lessee or to other airlines at the Airport. Termination of the Lease and the term of the letting hereunder shall be and operate as a conditional limitation. In the event any court of competent jurisdiction shall not give full and complete effect to this termination provision and its operation as a conditional limitation, the Lessee and the Port Authority agree, as a condition of this Lease, and not merely as a covenant, that this Lease and the stated term of the letting hereunder shall nonetheless, from and after the effective date of termination provided above, expire.

(2) In the event that the Port Authority shall exercise its right of termination of the month to month periodical tenancy as described in paragraph (d) (1) above then the Port Authority shall pay to the Lessee within 90 days after the Lessee shall have vacated the premises and delivered possession thereof to the Port Authority in the condition required by the Lease upon expiration of the term of the letting hereunder the Lessee's Unamortized Capital Investment (as said term is defined in Section 81 of the Lease) in the premises, if any, calculated as of the date of delivery of possession of the premises to the Port Authority, as aforesaid.

(e) The Lessee understands that the foregoing principles and provisions of this Section 75 are of the essence of this Lease with the Lessee and that the Port Authority is entering into this Lease on the basis that should the Lessee and the Port Authority fail to reach agreement on the New Systems Agreement, including, but not limited to, payment by the Lessee of charges therefore, including its proportional share of the cost of the study, planning and design, and contemplated construction, maintenance and operation thereof not otherwise included in fees and charges at the Airport, the Port Authority may take such action as it deems necessary or desirable including but not limited to the termination of this Lease under the provisions of this Section 75. The Lessee has considered the position of the Port Authority with respect to the New Systems, understands the great importance the Port Authority attaches to the New Systems and the Lessee has determined that it is in the Lessee's best interest at this time to proceed with this Lease and to proceed with construction work under the Prior Lease even though it may never enjoy the entire term of the letting as provided in Section 2 thereof.

Section 76. Terminal Roadways

(a) The Lessee hereby grants to the Port Authority the right and option, exercisable on thirty (30) days' notice to the Lessee, with respect to the areas shown in diagonal hatching and the areas shown in cross hatching on the sketch attached hereto, hereby made a part hereof and marked "Exhibit D" (which areas are hereinafter sometimes collectively called "the terminal roadways"), to make the terminal roadways available to the general public for general or limited highway use, the Lessee being aware that in the event the Port Authority shall exercise its right hereunder the terminal roadways will be designated by the Port Authority as part of the Air Terminal Highway System at the Airport.

(b) The Port Authority may assign one or more Port Authority law enforcement officers seven (7) days per week to be stationed at positions at the terminal roadways to perform all activities, actions and services which said law enforcement officers may perform on air terminal highways as authorized under the Laws of the State of New York, which shall include but not be limited to enforcement of the Port Authority's Rules and Regulations governing traffic on air terminal highways, enforcement of the law against illegal solicitation and overcharging of the public and responding to emergencies. It is hereby specifically agreed that the Port Authority shall have sole and complete control over all aspects of the foregoing, including but not limited to, the assignment of law enforcement officers and the manner in which the said activities are performed.

(c) Either prior to or subsequent to the exercise by the Port Authority of the right set forth in paragraph (a) hereof the Port Authority shall have the right to terminate this Section and the rights and obligations hereunder with or without cause upon

sixty (60) days' prior written notice to the Lessee. Upon the termination of this Section, the Port Authority shall delete the terminal roadways from being a part of the Air Terminal Highway System at the Airport, if they shall have been made a part thereof and thereafter said terminal roadways shall no longer be a part of the Air Terminal Highway System at the Airport, but all other provisions of the Lease shall be and remain in full force and effect.

(d) Notwithstanding any other term or provision of the Lease, in the event the Port Authority shall have exercised its right under paragraph (a) hereof the Port Authority may from time to time and at any time upon written notice to the Lessee determine how specified portions of the terminal roadways may be used. It is hereby specifically understood that nothing contained in this Section shall relieve the Lessee from its liabilities, obligations, indemnities and responsibilities under the Lease nor limit, in any way, its obligations to operate and maintain the terminal roadways, which roadways shall continue to be a part of the premises under the Lease, including but not limited to, its obligations of cleaning, snow and ice removal and to exercise control over its patrons, employees and invitees using the premises.

(e) Notwithstanding the generality of any other term or provision of the Lease it is hereby specifically understood and agreed that nothing contained in this Section does or shall constitute either party the agent or representative of the other for any purpose whatsoever.

(f) The Lessee hereby expressly represents and agrees that no statements, representations, promises or assurances have been given to the Lessee by the Port Authority or any representatives thereof nor shall the Lessee rely on any the Lessee may allege to have been given with respect to the subject matter of this Section, nor is the Port Authority making any representation, promise or assurance hereunder including, but not limited to, any that any assignment of law enforcement officers hereunder will succeed in any way to alleviate or control any problem associated with traffic or other activities or operations at the Unit Terminal or elsewhere at the Airport.

Section 77. Lessee's Financial Condition - Limitation of Lease Term - Triggering Events

I. If any one or more of the Triggering Events listed in Exhibit X, annexed hereto and hereby made a part hereof, shall occur, then, ten (10) days following the occurrence of any such Triggering Event, the term of this Agreement and the letting hereunder shall be deemed terminated, and the Lessee shall thereafter be a hold-over tenant, on a month-to-month periodical basis, of the Port Authority. Termination hereunder shall be and operate as a conditional limitation. In the event any court of competent jurisdiction shall not give full and complete effect to this termination provision and its operation as a conditional

limitation, the Lessee and the Port Authority agree, as a condition of this Agreement, and not merely as a covenant, that this Agreement and the stated term of the letting hereunder shall nonetheless, from and after the effective date of termination provided above, be deemed to have expired.

II. (a) The Lessee agrees that:

(1) There shall be a semi-annual meeting (from time to time such meeting may be held at a greater time interval at the sole discretion of the Port Authority) between representatives of the Port Authority and the Chief Financial Officer of the Lessee or, at the election of the Lessee, a senior financial officer of the Lessee (but in any event no less senior than the chief financial officer of the Lessee located in the United States) to review the financial performance of the Lessee including, but not limited to, the information supplied in accordance with paragraph (2) below.

(2) The Lessee shall deliver to the Port Authority, as soon as available, but not later than ninety (90) days after the close of each fiscal quarter (except as to Securities and Exchange Commission Form 20-F which shall be delivered not later than 180 days after the close of the latest period covered therein) copies of all material and information provided or made available to shareholders and/or all creditors of the Lessee or the Lessee's parent or subsidiaries (but not including information made available solely to the Lessee), including but not limited to the following:

(i) Financial data including monthly operating statements, changes in bank credit lines and debt obligations, cash flow projections compared with required debt service payments and United States Securities and Exchange Commission filings (including without limitation 6K and 20-F filings) and shareholder reports.

(ii) Traffic data including passengers, aircraft movements, available seat miles and revenue passenger miles.

(iii) Performance indicators including load factors, break-even load factors, yield per revenue passenger mile and cost per available seat mile.

(b) The Lessee shall submit to the Port Authority a statement at any time during the term of the letting signed by the Treasurer of the Lessee notifying the Port Authority that a Triggering Event or Triggering Events listed in Exhibit X has or have occurred as of the date of such notice and the date of the occurrence thereof, provided, however, that failure to give any such notice shall not affect the occurrence of any Triggering Event or the consequences thereof hereunder.

III. If the Lessee has, by notice, advised the Port Authority that it reasonably believes that any of the Triggering Events which are listed in Exhibit X hereof and constitute events which would result in termination pursuant to this Section 77 either are anticipated to occur within forty-five (45) days of said notice, or

has or have already occurred, or if in fact any Triggering Event or Triggering Events has or have occurred, or the Port Authority believes that the same has or have occurred without receipt of any notice from the Lessee, as aforesaid, then:

(a) the Lessee may, at any time prior to the termination of the letting, by notice, request that the Port Authority waive the occurrence of one or more of the Triggering Events, and the effect thereof hereunder, for a period of time to be determined by the Port Authority and to be contained in a letter agreement to be prepared by the Port Authority and executed by the Port Authority, which shall be effective upon its execution by the Lessee; or

(b) the Port Authority may, at any time prior to the termination of the letting, in its sole discretion and without a prior request from the Lessee, waive the occurrence of one or more of the Triggering Events, and the effect thereof hereunder, for a period of time to be determined by the Port Authority and to be set forth in a notice from the Port Authority to the Lessee. Service of a notice hereunder shall not in and of itself imply or be deemed to imply that a Triggering Event has occurred.

The Port Authority shall have no obligation to take either of the above two actions in this Part III.

IV. Although it is hereby specifically acknowledged and agreed that the aforesaid month-to-month periodical tenancy, if any should occur hereunder, is terminable by either party in accordance with law and that the following provision shall have no effect whatsoever on the right of either party to so terminate, it is further understood that if 4 consecutive calendar quarters have elapsed after a Triggering Event has occurred during which time the Lessee is in occupancy of the premises as a month-to-month tenant, and during such period none of the Triggering Events listed in Exhibit X have occurred or continue to occur, the Lessee is not in default in the payment of rental or any other provision of its month-to-month tenancy and neither the Port Authority nor the Lessee has terminated the month-to-month tenancy by notice to the other, then upon request by either party to the other, the parties will enter into a Supplementary Agreement to be prepared by the Port Authority and to be promptly executed by the parties hereto which would provide for the re-establishment of a tenancy between the Port Authority and the Lessee on a fixed term basis in accordance with all of the terms and provisions of this Lease, and upon said execution the Lease, as the same may theretofore have been supplemented and amended, shall have the fixed term stated in Section 2 hereof.

Section 78. Requesting Airlines at the Airport

(a) If a Scheduled Aircraft Operator (hereinafter called a "Requesting Airline") advises the Lessee that it would like to be accommodated by the Lessee at the premises, the Lessee in furtherance of the public interest of having the premises fully and most effectively utilized shall use its best efforts to accommodate

the request of said Requesting Airline. If the Lessee fails to reach agreement with said Requesting Airline for its accommodation, the Lessee shall advise the Port Authority to such effect. Thereafter, the Port Authority shall make a determination as to whether the Lessee should accommodate the Requesting Airline as requested and if so, whether there are any limitations on the nature, extent, cost, duration and extent of such accommodation. Determinations of the Port Authority shall not be arbitrary or capricious. Such determinations of the Port Authority would take into consideration the then existing utilization of the premises and the necessity for the flights, schedules, flight times, operations, operating practices and aircraft equipment of the Requesting Airline to be compatible with those of the Lessee, as well as the need for labor harmony. The Lessee agrees to comply with such determinations of the Port Authority.

(b) Any arrangement between the Lessee and the Requesting Airline made in accordance with any of the foregoing provisions shall be submitted by the Lessee to the Port Authority for its consent, which will be in the form of a Consent Agreement prepared by the Port Authority and to be executed by the Lessee, the Requesting Airline and the Port Authority.

(c) The foregoing shall not be deemed to abrogate, change or affect any restrictions, limitations or prohibitions on assignment, subletting or use of the premises by others under this Lease and shall not in any manner affect, waive or change any of the provisions thereof.

Section 79. Security Deposit

Upon the execution of this Agreement by the Lessee and delivery thereof to the Port Authority, the Lessee shall deposit with the Port Authority (and shall keep deposited throughout the effective period under this Lease) either the sum of [redacted] in cash, or bonds of the United States of America, or of The Port Authority of New York and New Jersey, or of the States of New York or New Jersey having a market value of that amount, as security for the full, faithful and prompt performance of and compliance with, on the part of the Lessee, all of the provisions, terms and conditions of this Lease on its part to be fulfilled, kept, performed or observed. Bonds qualifying for deposit hereunder shall be in bearer form but if bonds of that issue were offered only in registered form, then the Lessee may deposit such bond or bonds in registered form, provided, however, that the Port Authority shall be under no obligation to accept such deposit of a bond in registered form unless such bond has been re-registered in the name of the Port Authority (the expense of such re-registration to be borne by the Lessee) in a manner satisfactory to the Port Authority. The Lessee may request the Port Authority to accept a registered bond in the Lessee's name and if acceptable to the Port Authority the Lessee shall deposit such bond together with a bond power (and such other instruments or other documents as the Port Authority may require) in form and substance satisfactory to the Port Authority. In the event

the deposit is returned to the Lessee, any expenses incurred by the Port Authority in re-registering a bond to the name of the Lessee shall be borne by the Lessee. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice to use the said deposit or any part thereof in whole or partial satisfaction of any of its claims or demands against the Lessee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of the deposit itself shall cure any default or breach of this Agreement on the part of the Lessee. In the event that the Port Authority shall at any time or times so use the deposit, or any part thereof, or if bonds shall have been deposited and the market value thereof shall have declined below the above-mentioned amount, the Lessee shall on demand of the Port Authority and within two (2) days thereafter, deposit with the Port Authority additional cash or bonds so as to maintain the deposit at all times to the full amount above stated, and such additional deposits shall be subject to all the conditions of this Section 79. After the expiration or earlier termination of the letting under this Agreement (or any extension thereof) and upon condition that the Lessee shall then be in no wise in default under any part of this Agreement, and upon written request therefor by the Lessee, the Port Authority will return the said deposit to the Lessee less the amount of any and all unpaid claims and demands (including estimated damages) of the Port Authority by reason of any default or breach by the Lessee of this Agreement or any part thereof. The Lessee agrees that it will not assign or encumber the said deposit and any such assignment or encumbrance shll be void as to the Port Authority. The Lessee may collect or receive annually any interest or income earned on bonds and interest paid on cash deposited in interest-bearing bank accounts less any part thereof or amount which the Port Authority is or may hereafter be entitled or authorized by law to retain or to charge in connection therewith, whether as or in lieu of an administrative expense or custodial charge, or otherwise, provided, however, that the Port Authority shall not be obligated by this provision to place or to keep cash deposited hereunder in interest-bearing bank accounts. Without limiting the foregoing provisions of this Section 79 with respect to any bonds deposited by the Lessee, the Port Authority shall have the right, in order to satisfy any of its claims or demands against the Lessee, to sell the same in whole or in part, at any time and from time to time, with or without prior notice, at public or private sale, all as determined by the Port Authority together with the right to purchase the same at such sale free of any claims, equities or rights of redemption of the Lessee. The Lessee hereby waives any right to participate therein or any right to prior notice or demand of the amount or amounts of the Port Authority's claims or demands against the Lessee. The proceeds of any such sale shall be applied by the Port Authority first to the costs and expenses of the sale (including but not limited to any advertising or commission expenses) and then to the amounts due the Port Authority from the Lessee. Any balance remaining shall be retained in cash toward bringing the security deposit to the sum specified above provided that this shall not

relieve the Lessee from maintaining the deposit in the full amount stated above.

In satisfaction of the security depost required by this Section 79, the Lessee may, at its option, cause to be delivered to the Port Authority as security for the full, faithful and prompt performance of and compliance with, on the part of the Lessee, all of the provisions, terms and conditions of this Agreement of Lease on its part to be fulfilled, kept, performed or observed, a clean, irrevocable letter of credit issued to and in favor of the Port Authority, by a banking institution having its main office within the Port of New York District and acceptable to the Port Authority, payable in the Port of New York District, in the amount of $1,200,000 and in such form and content which shall have been approved in advance by the Port Authority, and which letter of credit (which may be periodically renewable) shall ultimately expire no later than a date six months after the expiration, termination or revocation of this Agreement. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice to draw upon the said letter of credit or any part thereof in whole or partial satisfaction of any of its claims or demands against the Lessee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of a letter of credit shall cure any default or breach of this Agreement on the part of the Lessee. If requested by the Port Authority, the said letter of credit shall be accompanied by a letter expressing the opinion of counsel for the banking institution that the issuance of the said clean, irrevocable letter of credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law. If at any time and from time to time during the term of this Agreement, including any extension, a payment is made to the Port Authority under any letter of credit running in its favor as provided in this Section 79, the Lessee shall cause to be delivered to the Port Authority on demand from time to time and at any time made, cash or an additional clean, irrevocable letter of credit satisfactory to and issued in favor of the Port Authority by a banking institution satisfactory to the Port Authority, the form and content of which letter of credit shall have been approved by the Port Authority and which, if required by the Port Authority, shall be accompanied by an opinion of counsel as aforesaid and in such an amount so that at all times during the term of this Agreement, the Port Authority shall have clean, irrevocable letters of credit or cash adding up to a total amount of $1,200,000. If at any time any bank shall fail to make payment to the Port Authority in accordance with any letter of credit issued by any such bank in favor of the Port Authority as herein provided, the Lessee shall cause to be delivered to the Port Authority, on demand, cash or another clean, irrevocable letter of credit satisfactory to the Port Authority and issued by another banking institution in favor of the Port Authority and satisfactory to it, the form and content of which letter of credit shall have been approved by the Port Authority and which, if requested by the Port Authority, shall be accompanied by an opinion of counsel as

aforesaid, in an amount equal to the amount of the original letter of credit. Notwithstanding anything hereinabove provided, any failure of any banking institution issuing a letter of credit in favor of the Port Authority to make payments as provided in the said letter of credit shall, after failure of the Lessee to make such payment upon demand therefor by the Port Authority, be and be deemed a breach of this Agreement by the Lessee. No action by the Port Authority pursuant to the terms of any letter of credit, or receipt by the Port Authority of funds from any bank issuing any such letter of credit, shall be or be deemed to be a waiver of any default by the Lessee under the terms of this Agreement and all remedies of this Agreement and of the Port Authority consequent upon such default shall not be affected by the existence of a recourse to any such letter of credit. In the event more than one form of security shall be available to the Port Authority hereunder, use, in accordance with this Section 79, of either cash or other security deposited by the Lessee or a letter or letters of credit delivered to the Port Authority hereunder in lieu thereof shall be at the sole and complete discretion of the Port Authority.

Section 80. Itinerant Aircraft

(a) The Port Authority hereby grants to the Lessee the privilege of permitting the occasional use of the premises by air taxi, corporate and private aircraft (sometimes hereinafter called "the Itinerant Aircraft") for the sole purpose of discharging or picking up passengers, business guests and other invitees of the Lessee. All operations of such Itinerant Aircraft shall be in compliance with all the terms and provisions of the Lease and with the Rules and Regulations of the Port Authority. The Lessee shall be completely responsible for all acts and omissions of said Itinerant Aircraft as if said acts and omissions were the acts or omissions of the Lessee.

(b) The Port Authority shall have the right to cancel the privilege granted to the Lessee as set forth in paragraph (a) hereof in whole or in part or with respect to any particular Itinerant Aircraft at any time and from time to time and without cause upon thirty (30) days' written notice to the Lessee, and upon the effective date of such notice the Lessee shall no longer have the right to permit all or any specific Itinerant Aircraft as specified in the notice to use the premises as hereinabove provided, but the same shall not affect the Lease or any of the terms, rentals, fees, provisions or agreements hereof, all of which shall continue in full force and effect.

Section 81. Definitions

The following terms, when used in this Agreement, shall, unless the context shall require otherwise, have the respective meanings given below.

(a) "Airport" shall mean the land and premises in the City of New York, in the County of Queens and State of New York, which

are shown in green upon the Exhibit attached to the Basic Lease between The City of New York and the Port Authority referred to in subdivision (b) below, said Exhibit being marked "Map II, and lands contiguous thereto which may have been heretofore or may hereafter be acquired by the Port Authority to use for air terminal purposes.

(b) "Basic Lease" shall mean the agreement between The City of New York and the Port Authority dated April 17, 1947, as the same from time to time may have been or may be supplemented or amended. Said agreement dated April 17, 1947, has been recorded in the Office of the Register of The City of New York, County of Queens, on May 22, 1947, in Liber 5402 of Conveyances, at pages 319, et seq.

(c) "Agreement" shall mean this agreement of lease.

(d) "Lease" or "this Agreement of Lease" shall mean this agreement of lease.

(e) "Letting" shall mean the letting under this Agreement for the original term stated herein, and shall include any extension thereof.

(f) "Premises" shall mean and include the land, the buildings, structures and other improvements located or to be located or to be constructed therein or thereon, the equipment permanently affixed or permanently located therein, such as electrical, plumbing, sprinkler fire protection and fire alarm, heating, steam, sewage, drainage, refrigerating, communications, gas and other systems, and their pipes, wires, mains, lines, tubes, conduits, equipment and fixtures, and all paving, drains, culverts, ditches and catchbasins.

(g) "Public Landing Area" shall mean the area of land at the Airport including runways, taxiways and the areas between and adjacent to runways and taxiways, designated and made available from time to time by the Port Authority for the landing and taking off of aircraft.

(h) "Public Ramp and Apron Area" shall mean the area adjacent to the Public Landing Area designated and made available from time to time by the Port Authority for common use for the loading or unloading of passengers or cargo to or from aircraft using the public landing area.

(i) "Runways" (including approaches thereto) shall mean the portion of the Airport used for the purpose of the landing and taking off of aircraft.

(j) "Scheduled Aircraft Operator" shall mean a Civil Aircraft Operator engaged in transportation by aircraft operated wholly or in part on regular flights to and from the Airport in accordance with published schedules; but so long as the Federal Aviation Act of 1958, or any similar federal statute providing for

the issuance of Foreign Air Carrier Permits or Certificates of Public Convenience and Necessity or substantially similar permits or certificates, is in effect, no person shall be deemed to be a Scheduled Aircraft Operator within the meaning of this Lease unless he also holds such a permit or certificate.

(k) "General Manager of the Airport" shall mean the person or persons from time to time designated by the Port Authority to exercise the powers and functions vested in the said General Manager by this Agreement; but until further notice from the Port Authority to the Lessee it shall mean the General Manager (or the temporary or acting General Manager) of the Airport for the time being, or his duly designated representative or representatives.

(l) "Taxiways" shall mean the portion of the Airport used for the purpose of the ground movement of aircraft to, from and between the runways, the public ramp and apron area, the aircraft parking and storage space and other portions of the Airport (not including, however, any taxiways, the exclusive use of which is granted to the Lessee or any other person by lease, permit or otherwise.)

(m) "gross receipts" shall mean and include all monies paid or payable to the Operator for sales made and for services rendered at or from the premises, regardless of when or where the order therefor is received, and outside the premises, if the order therefor is received at the premises, and any other revenues of any type arising out of or in connection with the Operator's operations at the premises, provided, however, that any taxes or other governmental charges imposed by law which are separately stated to and paid by a customer and directly payable to the taxing authority by the Operator, shall be excluded therefrom.

(n) "Unamortized Capital Investment" shall mean for purposes of this Lease, the amount of the Lessee's investment in the premises arising out of the performance of the Terminal Expansion Work as set forth in the letter agreement entered into between the Port Authority and the Lessee, dated February 16, 1988, which provided for the performance of the Terminal Expansion Work under the Prior Lease, after deduction therefrom of an amount equivalent to an allowance for depreciation and amortization; such allowance to be computed on a straight-line basis from the earlier of October 1, 1989 or the completion of the Terminal Expansion Work (the date of the Certificate of Completion or Final Certificate of Completion, issued for the entire Terminal Expansion Work under the aforesaid letter agreement) to the end of the average useful life thereof (as determined under generally accepted United States accounting principles) or September 30, 2014, whichever is the shorter.

The foregoing computation to be made shall not take into consideration the effect of accelerated amortization, if any, granted to or taken by the Lessee on its books or otherwise under the provisions of Section 168(a) of Title 26 USCA or similar legislation hereafter enacted.

For purposes of this subparagraph (n) the Lessee's investment in the premises arising out of the performance of the construction of the Terminal Expansion as aforesaid shall be the lesser of (2.a.) _ _ or an amount equal to the sum of: (i) the amounts paid by the Lessee to independent contractors for work actually performed and labor and materials actually furnished, inclusive of sales, use and like taxes where applicable, and (ii) the payments made and expenses incurred by the Lessee, in connection with such construction, for engineering, architectural, professional and consulting services, and the supervision of construction, provided, however, that such payments and expenses pursuant to this subdivision (ii) shall not exceed eighteen per cent (18%) of the amounts described in subdivision (i); in each case, as the above-mentioned amounts, payments and expenses are evidenced, from time to time, by certificates of a responsible fiscal officer of the Lessee, sworn to before a notary public and delivered to the Port Authority, which certificates shall (a) set forth, in reasonable detail, the amounts paid to specified independent contractors, the payments made to other specified persons and the other expenses incurred by the Lessee, which have not previously been reported in certificates delivered to the Port Authority, (b) have attached thereto reproduction copies or duplicate originals of the invoices of such independent contractors and other persons acknowledging the receipt by them of such amounts and payments, and (c) certify that the amounts, payments and expenses therein set forth constitute the Lessee's investment in the premises arising out of the performance of the construction of the Terminal Expansion. All records of the Lessee with respect to the foregoing shall be kept at all times within the Port of New York District for a period of two (2) years after the final costs of all the construction work have been submitted by the Lessee to the Port Authority or the end of the term of the letting, whichever is later, and shall be subject to the audit and inspection of the Port Authority, its representatives and employees.

(o) "Governmental Authority", "Governmental Board", "Governmental Agency" shall mean federal, state, municipal and other governmental authorities, boards and agencies of any state, nation or government, except that it shall not be construed to include The Port Authority of New York and New Jersey, the lessor under this Lease.

(p) "Subsidiary" shall mean any corporation or company in which the Lessee owns fifty percent (50%) or more of the total outstanding voting securities (other than treasury stock).

(q) "Aircraft Operator" shall mean (a) a Person owning one or more aircraft which are not leased or chartered to any other person for operation, and (b) a Person to whom one or more aircraft are leased or chartered for operation whether the aircraft so owned, leased or chartered are military or non-military, or are used for private business, pleasure or governmental business, or for carrier or non-carrier operations, or for scheduled or non-scheduled

operations or otherwise. Said phrase shall not mean the pilot of an aircraft unless he is also the owner or lessee thereof or a Person to whom it is chartered.

(r) "Civil Aircraft Operator" shall mean a Person engaged in civil transportation by aircraft or otherwise operating aircraft for civilian purposes, whether governmental or private. If any such Person is also engaged in the operation of aircraft for military, naval or air force purposes, he shall be deemed to be a Civil Aircraft Operator only to the extent that he engages in the operation of aircraft for civilian purposes.

(s) "Person" shall mean not only a natural person, corporation or other legal entity, but also two or more natural persons, corporations or other legal entities acting jointly as a firm, partnership, unincorporated association, consortium, joint adventurers or otherwise.

(t) "Handled Airlines" shall mean the Requesting Airlines, as defined in Section 78 hereof, or any other Scheduled Aircraft Operator who is operating at the Airport pursuant to accommodations provided by a Lessee, whether by sublease, handling agreement, or a combination of both, which agreement has been consented to by the Port Authority and in which consent the Port Authority has designated said Operator a Handled Airline.

(u) "In-flight meals" as used in the air transportation industry and in this Lease is a word of art and includes food, beverages, snacks, non-reusable supplies, materials, dry goods and all services rendered in connection therewith.

(v) "Consumer Service Maximum Basic Rental" shall mean the amount of (2.a.) per square foot subject to adjustment based upon changes in the Consumer Price Index as set forth in paragraph (b) of Section 3 in the same manner as adjustments are made to the Lessee's rental obligations in said Section 3 in said paragraph (b).

Section 82 In-Flight Meals

(a) In the event Section 8.04 of Title VIII of the General Airport Agreement, as defined in Section 53 hereof, shall expire or be cancelled or deleted or for any other reason shall be of no further force or effect then the following paragraphs (1), (2) and (3) shall be deemed to apply hereunder and be a part hereof:

(1) If the Lessee desires to prepare, for its exclusive use, in-flight meals (as defined in Section 81 hereof) for consumption by passengers and crew on board aircraft operated by the Lessee and to deliver such meals to such aircraft it shall have the right to do so, individually or through a contractor of its own choice (which contractor shall not be another person engaged in the business of transportation by aircraft). If the Lessee does so directly, it shall do so only on space located outside the Central

Terminal Area (as defined in Section 74 hereof). The foregoing, however, shall create no obligation of the part of the Port Authority to provide such space and shall in no way be deemed a committment by the Port Authority that any such space shall be available. If the Lessee chooses to use an independent contractor, such contractor shall be a regular In-Flight Meal Operator by which is meant an operator authorized by the Port Authority to provide in-flight meals to Aircraft Operators at the Airport unless, in the opinion of the Lessee, all regular In-Flight Meal Operators are unsatisfactory to the Lessee, in which case the Lessee may employ any other contractor (other than another person engaged in the business of transportation by aircraft), satisfactory to the Port Authority, who will accept a permit from the Port Authority on the same terms and conditions including the same rates, fees or charges as imposed upon and required of the Port Authority's In-Flight Meal Operators.

(2) The Lessee shall have the further right, either directly or through an independent contractor of its choice, satisfactory to the Port Authority, or by arrangements, jointly with one or more other users at the Airport, to employ a contractor, satisfactory to the Port Authority, to prepare outside the Airport and to deliver at the Airport to aircraft operated by the Lessee, in-flight meals for consumption by passengers and crew on board such aircraft, provided, however, that if the Lessee employs a contractor either alone, or, by arrangement, jointly with one or more other users at the Airport for the preparation, outside the Airport, of in-flight meals, then the Lessee shall cause such contractor to pay to the Port Authority the rate or rates which would be payable to the Port Authority by a regular Port Authority permittee for the off-Airport preparation or delivery, or both, of such in-flight meals to aircraft for consumption by passengers and crews on board such aircraft.

(3) (i) The Lessee has advised that it may use more that one independent contractor to furnish its 'in-flight meals' at the Airport but may not wish to have all of said contractors become permittees of the Port Authority under permits which require, as aforesaid, the permittees to pay fees at the rates imposed on the Port Authority's In-Flight Meal Operators upon gross receipts based on amounts the Lessee pays said contractors.

(ii) Should the Lessee elect not to have all its independent contractors be Port Authority permittees as aforesaid, it shall serve a written notice on the Port Authority to such effect which notice shall state that it elects the method of additional payment as hereinafter set forth and thereupon the Port Authority shall consent thereto provided that, in addition to the amounts payable to the Port Authority under paragraphs (1) and (2) above, the Lessee shall pay and the Lessee hereby agrees to pay to the Port Authority an amount determined by applying the rates referred to in subparagraph (i) above to the amounts payable by the Lessee to said independent contractors for its 'in-flight meals' or any part thereof delivered to the Lessee's aircraft at the Airport (whether

such delivery be by said independent contractor, the Lessee or another). The foregoing payments by the Lessee shall be made monthly on the 20th day of the month commencing with the first month immediately following the Lessee's notice and continuing each month thereafter up to an including the 20th day of the month following the expiration date hereof. The Lessee at any time on at least thirty (30) days' prior written notice to the Port Authority may change from its selection above and the Lessee may at any time advise the Port Authority that this paragraph (3) no longer applies to it based upon its representation, that it then shall make, that all payments made by it for in-flight meals as said term is defined above shall be made to its contractors who are permittees of the Port Authority as 'In-Flight Meal Operators".

(iii) It is hereby expressly recognized that the procedures allowed under this paragraph (3) are not included within the contemplation of the provisions of paragraphs (1) and (2) above and that the inclusion of the same within this paragraph (3) shall not constitute or be deemed to constitute any concession or agreement by the Port Authority that said procedures are not in violation of paragraphs (1) and (2) hereof.

(b) (1) The Lessee acknowledges and agrees, with respect to any "in-flight meals" prepared and delivered on the Airport pursuant to Section 8.04 of title VIII of the General Airport Agreement, that it may use more than one independent contractor to furnish its in-flight meals at the Airport but may not wish to have all of said contractors become permittees of the Port Authority under permits which require the permittees to pay fees at the rates imposed on the Port Authority's In-Flight Meal Operators upon gross receipts based on amounts the Lessee pays said contractors, nor shall the same limit or be deemed to limit the provisions of said Section 8.04.

(2) Should the Lessee elect not to have all its independent contractors be Port Authority permittees as aforesaid, it shall serve a written notice on the Port Authority to such effect which notice shall state that it elects the method of additional payment as hereinafter set forth and thereupon the Port Authority shall consent thereto provided that, in addition to all other amounts payable to the Port Authority, the Lessee shall pay and the Lessee hereby agrees to pay to the Port Authority an amount determined by applying the rates referred to in subparagraph (1) above to the amounts payable by the Lessee to said independent contractors for its 'in-flight meals' or any part thereof delivered to the Lessee's aircraft at the Airport (whether such delivery be by said independent contractor, the Lessee or another). The foregoing payments by the Lessee shall be made monthly on the 20th day of the month commencing with the first month immediately following the Lessee's notice and continuing each month thereafter up to an including the 20th day of the month following the expiration date of the term of the letting hereunder. The Lessee at any time on at least thirty (30) days' prior written notice to the Port Authority may change from its selection above and the lessee may at any time

advice the Port Authority that this paragraph (b) no longer applies to it based upon its representation, that it then shall make, that all payments made by it for in-flight meals shall be made to its contractors who are permittees of the Port Authority as 'In-Flight Meal Operators'.

(3) It is hereby expressly recognized that the procedures allowed under this paragraph (b) are not included within the contemplation of the provisions of Section 8.04 of Title VII of the General Airport Agreement and that the inclusion of the same within this paragraph (b) shall not constitute or be deemed to constitute any concession or agreement by the Port Authority that said procedures are not in violation of said Section 8.04 of Title VII of the General Airport Agreement, nor shall the same limit or be deemed to limit the provisions of said Section 8.04.

Section 83. Entire Agreement

This Agreement consists of the following: Sections 1 through 83, inclusive, and Exhibits A, B, C, D, E, S and X, and Schedules A and E. It constitutes the entire agreement of the parties on the subject matter hereof and may not be changed, modified, discharged or extended except by written instrument duly executed by the Port Authority and the Lessee. The Lessee and the Port Authority agree that no representations or warranties shall be binding upon the other unless expressed in writing in this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed these presents the day and year first above written.

Exhibit X

TRIGGERING EVENTS

The following are the Triggering Events applicable to the provisions of Section 77 of the Agreement between British Airways (the "Lessee"), and the Port Authority, Lease AYB-876 (the "Agreement") to which this Exhibit is attached.

I. Exhibit X Definitions

All accounting terms used in this Exhibit and not otherwise defined herein shall have the meanings usually given such terms, in accordance with United States generally accepted accounting principles.

As used herein the following terms shall have the following meanings for the purposes of this Exhibit.

(1) "Debt", "debt financing" and "debt financing agreement(s)" of the Lessee shall mean, at any date (i) all obligations of the Lessee evidenced by loan agreement(s), bonds, debentures, notes or other similar instruments or for borrowed money; (ii) all equipment trust certificates, equipment trust indentures, mortgages, conditional sales or other security agreements, or other similar agreements, and (iii) all capital lease obligations of the Lessee.

(2) The terms "protective financial covenants" and "triggering mechanisms" shall mean the events set forth in any debt, debt financing or debt financing agreement between the Lessee and any bank or other financial institution the occurrence of which would give said bank or financial institution the right to accelerate the payment of the debt under the debt financing.

II. Triggering Events

(1) A Triggering Event shall occur when the Lessee shall fail to make payment as provided for in two or more of the categories listed below. Furthermore, such Triggering Event shall not have occurred unless the Port Authority shall have notified the Lessee (such notice to be marked to the attention of the Lessee's Treasurer) that such Triggering Event shall be effective on a date thirty (30) days following the date of such notice unless all payments due from the Lessee pursuant to such

categories listed below and specified in such notice have been received by the Port Authority:

(i) Payment of monthly installments of rental shall be made to the Port Authority on the first day of each calendar month;

(ii) Payment of all sums, including, without limitation, flight fees and fuel gallonage fees under the Lessee's Dewey Lease Agreement, AY-352 or otherwise, shall be made to the Port Authority on or before the twentieth day of the following calendar month;

(iii) Payment of all sums due to the Port Authority under this Agreement or otherwise, and outstanding for more than thirty (30) days, appearing on a Statement of Account rendered by the Port Authority to the Lessee.

No provision of this paragraph (1) shall be deemed to affect or limit the right of the Port Authority to terminate this Agreement pursuant to Section 25 (a) (9) hereof for failure to make such payments when due under this agreement.

(2) The Lessee expressly represents and warrants to the Port Authority that, as of the effective date of the Lease and as of the date of the Lessee's execution thereof, the Lessee has multiple publicly or non-publicly held debt financings each in excess of $36,000,000 which include events of default which could lead to acceleration thereof. The Lessee agrees that it shall within ninety (90) days after execution of said Lease deliver to the Port Authority itemized listings of said events of default for publicly traded debt financings, as aforesaid, together with adequate contextual matter (including but not limited to identity of the parties, amounts, etc.) of the debt financing agreement(s).

(3) A Triggering Event shall occur if any of the following shall occur and the Port Authority shall have previously given or shall thereafter give the Lessee notice of the election of the Port Authority to activate such Triggering Event:

(a) as a result of a default by the Lessee, (other than a default arising due to compliance by the Lessee with any applicable law or directive or (provided that the Lessee has satisfied the Port Authority that it is reasonable to comply therewith) with any requirement, whether having the force of law or not, of any government or regulatory authority to which the Lessee is subject, unless such default results in the Lessee becoming bound to repay prematurely any of its indebtedness for borrowed

moneys as described in (i) below (not being that in respect of which the default has occurred) and steps are taken to obtain repayment thereof):

(i) the Lessee becomes bound to repay prematurely any of its indebtedness for borrowed moneys having an outstanding aggregate principal amount of at least $36,000,000 or its equivalent in any other currency or currencies (hereinafter in this paragraph (a) called the "specified amount") and steps are taken to obtain repayment thereof; or

(ii) any such indebtedness having an outstanding aggregate principal amount of at least the specified amount or any guarantee or indemnity of the Lessee of any indebtedness of any person for borrowed moneys having an outstanding aggregate principal amount of at least the specified amount is not, when due, called or demanded, repaid or paid by the latest of its due date, the expiry of any applicable grace period and (if payment is prevented by any applicable law) 15 days after the first date on which payment is permitted,

provided that any such acceleration of maturity, default or failure to pay, as the case may be, shall not constitute a Triggering Event so long as the Lessee satisfies the Port Authority that it is being contested in good faith by the Lessee; or

(b) a resolution is passed, or a final order of a court in the United Kingdom is made, or an order of a court of competent jurisdiction outside the United Kingdom is made and not discharged or stayed within a period of 60 days, that the Lessee be wound up or dissolved (otherwise than for the purposes of a solvent reconstruction, amalgamation or merger the terms of which have previously been approved in writing by the Port Authority); or

(c) a creditor takes possession or an administrative or other receiver is appointed of the whole or a substantial part of the assets or undertaking of the Lessee or an administrative order is made in relation to the Lessee and such taking of possession, appointment or order is not released, discharged or cancelled within 60 days; or

(d) a distress, execution or seizure before judgment is levied or enforced upon or sued out against a substantial part of the assets or undertaking of the Lessee and is not discharged, dismissed or stayed within 60 days thereof; or

(e) the Lessee stops payment generally or is unable to pay its debts generally as and when they fall due or (otherwise than for the purposes of a solvent reconstruction, amalgamation or merger the terms of which have previously been approved in writing by the Port Authority) or ceases or threatens to cease to carry on all or substantially all of its business; or

(f) the Lessee makes an assignment for the benefit of creditors generally or admits in writing its inability to pay its debts generally as they become due or takes corporate action in furtherance of any such action.

III. Modification Requested by Lessee:

The Lessee may deliver a notice to the Port Authority requesting that one or more of the Triggering Events contained in is Exhibit X be modified. The Lessee shall include as part of such notice the text of the proposed modification. If the Executive Director of the Port Authority, with the approval of the Chairman of the Committee on Finance of the Board of Commissioners of the Port Authority shall countersign such modification, or an amended version of the modification acceptable to the Lessee, such notice duly signed by both the Lessee and the Executive Director of the Port Authority, shall be a valid and binding modification of the Triggering Events.

SCHEDULE A

FUTURE AIRPORT TRANSPORTATION FACILITIES

The following systems and facilites which constitute the New Systems generally as set forth in Section 75 hereof may be independent of one another, or may, in whole or part, be physically combined with each other or with other systems not described below or may not, in whole or part, be included in the New Systems as finally designed, developed installed or operated. The description contained herein is intended to be only a general, conceptualized description of the purposes of the various elements included and is not intended to necessarily set forth discrete and complete facilities nor indicate their final form.

I Passenger Distribution System

An automated system providing transportation for persons among the transportation center, airline passenger terminals and other facilities at the Airport.

II Transportation Center

A transportation center which will serve as a part of the Passenger Distribution System and as a primary arrival and departure facility for airline passenger terminal facilites at the Airport for persons and their baggage arriving and departing the Airport by means of ground transportation and to provide airline passenger check-in, ticketing and baggage pick-up facilities and other services to the public.

III Baggage Handling System

An automated baggage transportation system among the airline passenger terminal facilities, the Transportation Center and other transportation facilities at the Airport.

IV Southwest Area Connection

A transportation system generally among the Transportation Center and locations in the southwesterly, westerly and northwesterly portions of the Airport including, but not limited to, the Howard Beach Station of the New York City Transit Authority, the Airport long term parking lots, Airport employee parking lot and the Airport Federal Circle rental car area.

V Redeveloped Roadway Network

The removal, relocation, reconfiguration, reconstruction, expansion and reinstallation of the Airport roadways to provide a balanced transportation system and to reflect the impact of, and to accommodate to, the other new systems and facilities.

VI Redeveloped Utilities Distribution System

The removal, relocation, reconfiguration, reconstruction, expansion and reinstallation of some or all of the utility distribution systems serving facilities at the Airport including, but not limited to, the disribution systems providing high temperature hot water and chilled water to and from the Central Heating and Refrigeration Facility.

SCHEDULE A

SCHEDULE E

PART I

Affirmative Action Guidelines - Equal Employment Opportunity

(I) As a matter of policy the Port Authority hereby requires the Lessee and the Lessee shall require the Contractor, as hereinafter defined, to comply with the provisions set forth hereinafter in this Part I and in the Lease. These provisions are similar to the conditions for bidding on federal government contracts adopted by the Office of Federal Contract Compliance and effective May 8, 1978.

The Lessee as well as each bidder, contractor or subcontractor of the Lessee (herein collectively referred to as the "Contractor") must fully comply with the following conditions set forth in this Part I as to each construction trade to be used on the construction work or any portion thereof (said conditions being herein called "Bid Conditions"). The Lessee hereby commits itself to the goals for minority and female utilization set forth below and all other requirements, terms and conditions of the Bid Conditions. The Lessee shall likewise require the Contractor to commit itself to the said goals for minority and female utilization set forth below and all other requirements, terms and conditions of the Bid Conditions by submitting a properly signed bid.

(II) The Lessee and the Contractor shall each appoint an executive of its company to assume the responsibility for the implementation of the requirements, terms and conditions of the following Bid Conditions:

(a) The goals for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work are as follows:

Trade	
Electricians	9.0% - 10.2%
Carpenters	27.6% - 32.0%
Steamfitters	12.2% - 13.5%
Metal Lathers	24.6% - 25.6%
Painters	22.8% - 26.0%
Operating Engineers	25.6% - 26.0%
Plumbers	12.0% - 14.5%
Iron Workers (Structural)	25.9% - 32.0%
Elevator Constructors	5.5% - 6.5%
Bricklayers	13.4% - 15.5%
Asbestos Workers	22.8% - 28.0%
Roofers	6.3% - 7.5%
Iron Workers (Ornamental)	22.4% - 23.0%
Cement Masons	23.0% - 27.0%
Glaziers	16.0% - 20.0%
Plasterers	15.8% - 18.0%
Teamsters	22.0% - 22.5%
Boilermakers	13.0% - 15.5%
All other	16.4% - 17.5%*
Women	6.9%*

*(In the event that during the performance of this contract the Office of Federal Contract Compliance establishes different goals for the New York City area the Contractor shall be deemed bound to such different goals and this Schedule shall be deemed amended to substitute such goals for the goals set forth above.)

These goals are applicable to all the Contractor's construction work performed in and for the premises.

The Contractor's specific affirmative action obligations required herein of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of these provisions. Compliance with the goals will be measured against the total work hours performed.

(b) The Contractor shall provide written notification to the Lessee and the Lessee shall provide written notification to the Manager of the Equal Opportunity Programs Unit of the Port Authority within 10 working days of award of any construction subcontract in excess of $10,000 at any tier for construction work. The notification shall list the name, address and telephone number of the subcontractor; employer identification number; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.

(c) As used in these specifications:

(1) "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U. S. Treasury Department Form 941;

(2) "Minority" includes:

(i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);

(ii) Hispanic (all persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American culture or origin, regardless of race);

(iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asian, the Indian Subcontinent, or the Pacific Islands); and

(iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

(d) Whenever the Contractor, or any subcontractor at any tier, subcontracts a portion of the construction work involving any construction trade, it shall physically include in each subcontract in excess of $10,000 those provisions which include the applicable goals for minority and female participation.

(e) The Contractor shall implement the specific affirmative action standards provided in subparagraphs (1) through (16) of paragraph (h) hereof. The goals set forth above are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the premises. The Contractor is expected to make substantially uniform progress toward its goals in each craft during the period specified.

(f) Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer to either minorities or women shall excuse the Contractor's obligations hereunder.

(g) In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U. S. Department of Labor.

(h) The Contractor shall take specific affirmative actions to ensure equal employment opportunity ("EEO"). The evaluation of the Contractor's compliance with these provisions shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

(1) Ensure and maintain a working environment free of harassment, intimidation, and coercion at all portions of the premises at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each phase of the construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other supervisory personnel at the premises are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at the premises.

(2) Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.

(3) Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.

(4) Provide immediate written notification to the Lessee when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

(5) Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under subparagraph (2) above.

(6) Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the Contractor's newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the Contractor's EEO policy on bulletin boards accessible to all employees at each location where the construction work is performed.

(7) Review, at least every six months, the Contractor's EEO policy and affirmative action obligations hereunder with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-premises supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of construction work at the premises. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

(8) Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.

(9) Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students, to minority and female recruitment and training organizations and to State certified minority referral agencies serving the Contractor's

recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

(10) Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the premises and in other areas of a Contractor's workforce.

(11) Tests and other selection requirements shall comply with 41 CFR Part 60-3.

(12) Conduct, at least every six months, an inventory and evaluation of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

(13) Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations hereunder are being carried out.

(14) Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

(15) Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

(16) Conduct a review, at least every six months, of all supervisors' adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

(i) Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (subparagraphs (1)-(16) of Paragraph (h) above). The efforts of a contractor association, joint contractor-union, contractor- community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under Paragraph (h) hereof provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the

program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's non-compliance.

(j) Goals for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation hereof if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation hereof if a specific minority group of women is under-utilized).

(k) The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

(l) The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

(m) The Contractor shall carry out such sanctions and penalties for violation of these provisions including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered by the Port Authority. Any Contractor who fails to carry out such sanctions and penalties shall be in violation hereof.

(n) The Contractor, in fulfilling its obligations hereunder shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph (h) hereof so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of these provisions, the Lessee shall proceed accordingly.

(o) The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g. mechanic, apprentice, trainee, helper, or laborer), date of changes in status, hours worked per week in the indicated trade, rate of pay, and location at which the work was performed. Records shall be maintained in an easily understandable and

retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

(p) Nothing herein provided shall be construed as a limitation upon the application of any laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

PART II

Minority Business Enterprises/Women-Owned Business Enterprises

As a matter of policy the Port Authority requires the Lessee and the Lessee shall itself and shall require the general contractor or other construction supervisor and each of the Lessee's contractors to use every good faith effort to provide for meaningful participation by Minority Business Enterprises (MBEs) and Women-owned Business Enterprises (WBEs), pursuant to the provisions hereof and of the Lease. For purposes hereof, Minority Business Enterprise (MBE) shall mean any business enterprise which is at least fifty-one percentum owned by or in the case of a publicly owned business, at least fifty-one percentum of the stock of which is owned by citizens or permanent resident aliens who are minorities and such ownership is real, substantial and continuing. For the purposes hereof, Women-owned Business Enterprise (WBE) shall mean any business enterprise which is at least fifty-one percentum owned by, or in the case of a publicly owned business, at least fifty-one percentum of the stock of which is owned by women and such ownership is real, substantial and continuing. A minority shall be as defined in paragraph II(c) of Part I of this Schedule E. "Meaningful participation" shall mean that at least twelve percent (12%) of the total dollar value of the construction contracts (including subcontracts) covering the construction work are for the participation of Minority Business Enterprises and that at least two percent (2%) of the total dollar value of the construction contracts (including subcontracts) are for the participation of Women-owned Business Enterprises. Good faith efforts to include meaningful participation by MBEs and WBEs shall include at least the following:

(a) Dividing the Work to be subcontracted into smaller portions where feasible.

(b) Actively and affirmatively soliciting bids for subcontracts from MBEs and WBEs, including circulation of solicitations to minority and female contractor associations. The Contractor shall maintain records detailing the efforts made to provide for meaningful MBE and WBE participation in the Work, including the names and addresses of all MBEs and WBEs contacted and, if any such MBE or WBE is not selected as a joint venturer or subcontractor, the reason for such decision.

Kennedy International Airport
Port Authority Lease No. AYB-876
Supplement No. 1

THIS AGREEMENT, made as of May 4, 1993, by and between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY (hereinafter referred to as the "Port Authority") and BRITISH AIRWAYS, Plc. (hereinafter referred to as the "Lessee"),

WITNESSETH, That:

WHEREAS, by an agreement of lease made as of January 4, 1988, (which agreement of lease, as the same may have been heretofore supplemented and amended, is hereinafter referred to as the "Lease"), the Port Authority let to the Lessee and the Lessee hired and took from the Port Authority at Kennedy International Airport (hereinafter called the "Airport") certain premises as more particularly described in the Lease; and

WHEREAS, the Port Authority and the Lessee desire to amend the Lease in certain respects as hereinafter set forth.

NOW, THEREFORE, for and in consideration of the covenants and mutual agreements herein contained, the Port Authority and the Lessee hereby agree, effective on May 4, 1993, as follows:

The Port Authority and KIAC Partners, a New York General Partnership (hereinafter called "KIAC") have entered into agreements consisting of an Energy Purchase Agreement dated as of April 28, 1993, a Construction and Operations Agreement dated as of April 28, 1993, and an Agreement of Lease dated as of April 28, 1993, for the construction, installation and operation of a cogeneration facility at the Airport which will include portions of the Central Heating and Refrigeration Facility, as set forth

in Section 52 of the Lease. Effective May 4, 1993, Section 52 of the Lease entitled "The Central Heating and Refrigeration Facility" shall be deemed amended as follows:

1. The following shall be deemed inserted at the end of the introductory paragraph of Section 52 of the Lease:

> "The Port Authority has entered into agreements consisting of an Energy Purchase Agreement dated as of April 28, 1993, a Construction and Operations Agreement, dated as of April 28, 1993, and an Agreement of Lease, dated as of April 28, 1993, (hereinafter as the same may be supplemented, amended and extended from time to time collectively and individually called the 'Cogeneration Agreement') with KIAC Partners, a New York General Partnership (hereinafter called 'KIAC'), for the construction, installation and operation of a cogeneration facility at the Airport which will include portions of the Central Heating and Refrigeration Facility, as set forth above, now operated at the Airport, which cogeneration facility will, from and after the date of its 'Commercial Operation' as such term is defined in the Cogeneration Agreement, produce electricity, hot water and chilled water, as the terms hot water and chilled water are defined below, and which cogeneration facility is hereinafter called the 'Cogeneration Facility'. Effective on May 4, 1993, and while the construction of the Cogeneration Facility proceeds, KIAC will operate the Facility on behalf of the Port Authority to produce hot water and chilled water, as such terms are defined below, and the following shall be and continue in effect with respect to the sale, furnishing and supply of hot water and chilled water by the Port Authority to the Lessee."

2. The provisions of Section 52 (b) of the Lease shall be deemed deleted therefrom and the following shall be deemed inserted in lieu thereof:

> "(b) (1) The Annual Total Facility Cost for the calendar year commencing on January 1, 1995, and ending on December 31, 1995, shall consist of the sum of the following:
>
> (i) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement and determined at the rate

or rates provided for in the Cogeneration Agreement on (A) a principal amount of

(Ex. 2.a.)

tion of such calendar year commencing on January 1, 1995, and ending on May 3, 1995, plus (B) a principal amount of

(Ex. 2.a.)

or the portion of such calendar year commencing on May 4, 1995, and ending on December 31, 1995;

(ii) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement for expenditures for capital improvements that are useable and useful and that have the potential to provide both an immediate benefit to the operation of the Facility prior to Commercial Operation and would provide a continuing and significant benefit to the operation of the Cogeneration Facility after Commercial Operation;

(iii) The Annual Facility Operating and Maintenance Charge as defined in paragraph (g) hereof.

(2) The Annual Total Facility Cost for each calendar year commencing on and after January 1, 1996, shall consist of the sum of the following:

(i) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement and determined at the rate or rates provided for in the Cogeneration Agreement on a principal amount of

(ii) The amount of interest payable by the Port Authority to KIAC pursuant to the Cogeneration Agreement for expenditures for capital improvements that are useable and useful and that have the potential to provide both an immediate benefit to the operation of the Facility prior to Commercial Operation and would provide a continuing and significant benefit to the operation of the Cogeneration Facility after Commercial Operation;

(iii) The Annual Facility Operating and Maintenance Charge as defined in paragraph (g) hereof."

3. The provisions of Sections 52 (d) and 52 (e) of the Lease shall be deemed deleted therefrom.

4. (a) The provisions of the introductory portion of Section 52 (g) of the Lease shall be deemed deleted therefrom and the following shall be deemed inserted in lieu thereof:

"(g) The service of the Port Authority in furnishing, supplying, activating, cleaning, testing, providing, maintaining, repairing, servicing and operating the Facility and the hot water and chilled water emanating therefrom is hereinafter called the 'Facility Service'. The Cogeneration Agreement provides that KIAC shall furnish most aspects of the Facility Service to the Port Authority. The Annual Facility Operating and Maintenance Charge shall mean the cost to the Port Authority of the Facility Service for each calendar year. Without limiting the generality of the provisions of this paragraph, the said cost to the Port Authority shall include, but not be limited to, the Port Authority's payments to KIAC for the provision of the Facility Service. Said cost shall be determined in accordance with the Port Authority's normal accounting practice and shall consist of the following:"

(b) The provisions of item (4) of Section 52 (g) shall be deemed renumbered as item (4) (A) thereof and the following shall be deemed inserted as item (4) (B) thereof:

"(B) Payments to KIAC by the Port Authority under the Cogeneration Agreement in connection with the Facility Service;"

(c) The provisions of Section 52 (i) of the Lease shall be deemed deleted therefrom.

(d) The second and third sentences of the second paragraph of Section 52 (j) of the Lease shall be deemed deleted therefrom.

(e) The following shall be deemed inserted as the last sentence of Section 52 (l) of the Lease:

> "The Lessee hereby agrees that the Port Authority and KIAC and the contractors or suppliers of either of them shall have the right to enter upon the premises to install, operate and maintain facilities to bring hot water and chilled water to the rooms."

(f) The following shall be deemed inserted as paragraph (n) of Section 52 of the Lease:

> "(n) In the event of the termination of the Cogeneration Agreement, if the facilities at the Airport therefor are, in the opinion of the Port Authority, economically operable, the Port Authority, itself or pursuant to agreement with a contractor or permittee, shall supply hot water and chilled water to the premises and the Lessee shall take and pay therefor with the Annual Facility Operating and Maintenance Charge therefor to be the amount that would reimburse the Port Authority for its capital and operating costs in connection therewith determined in accordance with the Port Authority's normal accounting practice."

5. Effective on a date to be stated in a notice from the Port Authority to the Lessee, the provisions of Section 52 of the Lease as the same have been amended pursuant to Paragraphs 1, 2, 3 and 4 above shall be deemed deleted therefrom (this deletion not to affect or limit the obligation of the Lessee to pay all sums due under the said superseded Section 52 prior to the aforesaid effective date) and the following shall be deemed inserted in lieu thereof:

"Section 52. <u>Hot Water and Chilled Water Requirements</u>

> (a) (i) The Port Authority has entered into agreements consisting of an Energy Purchase Agreement, dated as of April 28, 1993, a Construction and Operations Agreement, dated as of April 28, 1993, and an Agreement of Lease, dated as of April 28, 1993, (hereinafter as the same may be supplemented, amended and extended from time to time collectively and individually called the

"Cogeneration Agreement") with KIAC Partners, a New York General Partnership (hereinafter called 'KIAC'), for the construction, installation and operation of a cogeneration facility at the Airport which will include portions of the Central Heating and Refrigeration Facility previously operated by the Port Authority at the Airport and which cogeneration facility will produce electricity, hot water (hereinafter called 'Hot Water') and chilled water (hereinafter called 'Chilled Water') and which cogeneration facility is hereinafter called the 'Cogeneration Facility'. The Cogeneration Facility shall include a thermal distribution system (the 'TDS') including distribution lines extending to the premises as provided in paragraph (f) below.

(ii) The Lessee acknowledges that it has received a copy of the Cogeneration Agreement and agrees that the supply by KIAC of Hot Water and Chilled Water to the premises is subject to all of the terms and provisions of the Cogeneration Agreement. The Lessee agrees that the Port Authority may grant waivers, consents and approvals to KIAC from time to time and the Port Authority and KIAC may, except to the extent provided in paragraph (i) below, supplement, amend or extend the Cogeneration Agreement from time to time and that the Lessee shall be subject to any such waivers, consents and approvals and supplements, amendments, and extensions as part of the Cogeneration Agreement. Copies of any such supplements, amendments and extensions will be made available to the Lessee upon request by the Lessee therefor.

(b) (i) The Cogeneration Agreement provides, among other things, that the Port Authority will purchase from KIAC for resale to the Lessee, and the Lessee hereby agrees that it will accept and purchase from the Port Authority from and after the date stated in a notice from the Port Authority (the 'Cogeneration Effective Date'), subject to all of the terms and conditions of the Cogeneration Agreement, for use on the premises, to the extent the same is delivered by KIAC to the Port Authority and by the Port Authority to the

Lessee, all of the Lessee's requirements at the premises for Hot Water and Chilled Water (excluding requirements exclusively for aircraft and loading bridges leading to aircraft); and the Lessee hereby agrees to pay the Port Authority therefor as follows:

(1) The Lessee acknowledges and agrees that the charge to the Lessee by the Port Authority for the Lessee's consumption of Hot Water and Chilled Water at the premises and Chilled Water makeup water and chemical treatment of makeup water (due to system leakage at the premises or otherwise) shall be the sum of (A) the amount payable by the Port Authority to KIAC therefor pursuant to the Cogeneration Agreement, plus (B) Five Percent (5%) of the foregoing and plus (C) all applicable taxes.

(2) The Lessee acknowledges that pursuant to the Cogeneration Agreement KIAC will furnish the Port Authority with measurements of the Lessee's consumption of (A) Hot Water based upon energy drawn by the Lessee from KIAC's Hot Water distribution lines, (B) Chilled Water based upon the energy absorbed from the Lessee by KIAC's Chilled Water distribution lines and (C) Chilled Water makeup water and chemical treatment of makeup water consumed on the premises, and the Lessee agrees that the provisions of the Cogeneration Agreement with respect to the accuracy of such measurements, the determination of such measurements in the event of inaccurate registration by metering devices, and the use of estimates in the event of the failure of such metering devices shall all be applicable to the Lessee under this Agreement as though set forth in full herein.

(3) The Lessee acknowledges that the Cogeneration Agreement provides that KIAC shall provide estimated bills to the Port Authority for consumption of Hot Water and Chilled Water on a monthly basis commencing approximately ten (10) days after the Cogeneration Effective Date for the first calendar month or portion thereof and on or about the tenth day of the month for each calendar

month thereafter. KIAC is then to render a final bill with respect to each estimated bill approximately ten (10) days after the conclusion of the said month together with the estimated bill for the then current month.

(4) Notwithstanding such arrangement between KIAC and the Port Authority, the Port Authority shall, with respect to each calendar year or fraction thereof, establish estimated unit rates, subject to change from time to time by the Port Authority, for the consumption on the premises of Hot Water and Chilled Water and shall render an estimated bill to the Lessee for the Lessee's consumption at such estimated rates monthly on the last day of the calendar month following each full or partial calendar month during the term hereof after the Cogeneration Effective Date which bill shall be payable on receipt.

(5) As soon as practicable after the expiration of each calendar year, the Port Authority shall determine the amounts payable by the Lessee in accordance with the provisions of subparagraphs (1), (2) and (3) of this paragraph (b). A corrected billing based upon such determination shall thereupon be rendered by the Port Authority to the Lessee and if any monies are due to the Port Authority they shall be promptly paid by the Lessee and if any monies are due to the Lessee they shall be credited to it. In the event the term of this Agreement expires or is sooner terminated on a date other than the last day of a calendar year, the Port Authority shall have no obligation to immediately make the computations as hereinabove provided which would determine the amounts payable by the Lessee in accordance with subparagraphs (1), (2) and (3) of this paragraph (b) for the period during said year when this Agreement was in effect. In the event this Agreement expires on a day other than the last day of a calendar month and the actual consumption of and charges to the Lessee for such portion of the calendar month are not available, the charge to the Lessee shall be equitably prorated. Said computations shall be made

subsequent to the end of the calendar year as hereinabove provided, and if any monies are due to the Port Authority they shall be paid by the Lessee and if any monies are due to the Lessee they shall be paid to it by the Port Authority less such amounts, if any, then due and owing to the Port Authority from the Lessee.

(6) The Port Authority shall render a bill to the Lessee from time to time for the Lessee's Chilled Water distribution gallonage which shall be payable upon receipt. The charge therefor shall be based on KIAC's charge to the Port Authority for makeup water and chemical treatment of makeup water and shall be determined in accordance with subparagraphs (1) and (2) of this paragraph (b).

(7) In the event that the Lessee disputes any item of an estimated or final bill, the Lessee shall promptly pay the bill in full and the Port Authority shall make any necessary adjustments only after resolution of such dispute.

(ii) The Lessee agrees that in order that KIAC or any successor thereto may maintain the status of the Cogeneration Facility as a "qualifying cogeneration facility" under applicable Federal laws, rules and regulations ('QF Status') including the Public Utility Regulatory Policies Act of 1978 as the same may be amended and any successor statute thereto, the Lessee shall, at all times it is operating the premises for the purposes permitted in this Agreement, purchase from the Port Authority and use on an annual basis a minimum amount of thermal energy contained in Hot Water and Chilled Water produced by use of steam from the Cogeneration Facility equivalent to the lesser of (1) an amount that, together with all thermal energy contained in Hot Water and Chilled Water purchased and used by the Port Authority and all other lessees of premises in the Central Terminal Area, is sufficient to maintain the QF Status of the Cogeneration Facility and (2) the product of (x) 167,379 mmBTUs of thermal energy, which is one-third of the use of thermal energy contained

in Hot Water and Chilled Water in the Central Terminal Area of the Port Authority and the lessees of premises in the Central Terminal Area in the year ended December 31, 1989, and (y) a fraction, the numerator of which is the amount of the Lessee's use of thermal energy contained in Hot Water and Chilled Water at the premises in the most recent complete calendar year preceding the applicable date of determination and the denominator of which is the amount of all use in the Central Terminal Area of thermal energy contained in Hot Water and Chilled Water in such calendar year.

(iii) It is agreed that during or subsequent to the expiration of this Agreement no charge to or payment by the Lessee with respect to Hot Water, Chilled Water or Chilled Water distribution gallonage shall be included in, affect, or change in any way the calculation and determination of Port Authority costs or charges under any other agreement between the Lessee and the Port Authority at the Airport and any such Port Authority cost or charge shall be calculated and determined as if no charge to or payment by the Lessee with respect to Hot Water, Chilled Water or Chilled Water distribution gallonage had been incurred.

(c) THE LESSEE HEREBY WAIVES AND RELINQUISHES for itself, its successors and assigns any right it may have, and further agrees that it, its successors and assigns shall have no right, to manufacture or produce, to cause to be manufactured or produced, or to purchase or receive from any third party, Hot Water or Chilled Water for use on the premises or to use any other manner of air cooling or air heating at the premises except to purchase, receive and use Hot Water and Chilled Water from the Port Authority pursuant to this Agreement.

(d) There shall be no obligation to the Lessee by either KIAC or the Port Authority to furnish the goods and services covered by this Section at any time (i) while any component necessary therefor shall be prohibited or rationed by any federal,

state or municipal, law, rule, regulation, requirement, order or direction or while the Port Authority deems it in the public interest to comply therewith even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency, (ii) while the same are curtailed or stopped because of the need to repair, replace, rebuild or alter the Cogeneration Facility, (iii) during the continuance of any event of Force Majeure, as such term is defined in the Cogeneration Agreement or (iv) that the Lessee shall be in default under this Agreement after the period, if any, herein granted to cure such default shall have expired. No failure, delay or interruption in supplying said goods and services shall be or be construed to be an eviction of the Lessee or grounds for the diminution or abatement of rentals, fees or other charges, nor shall any such failure, delay or interruption be grounds for any claim by the Lessee for damages, consequential or otherwise, against the Port Authority or KIAC.

(e) Without limiting any other provision of this Section, any supply of Hot Water or Chilled Water to the premises from the Cogeneration Facility shall be limited by the safe and efficient operating capacity of the Cogeneration Facility as determined by KIAC and as approved by the Port Authority.

(f) (i) The Lessee has installed or shall install all machinery, equipment and facilities required to be installed in the premises in order to utilize Hot Water and Chilled Water to be distributed and has tied into or shall tie into the TDS at the heat exchangers, heretofore installed by the Port Authority or to be installed by KIAC, in the mechanical equipment rooms constructed by the Lessee on the premises.

(ii) The Lessee hereby agrees that the Port Authority, KIAC and the contractors or suppliers of either of them shall have the right, subject to and as provided in Section 17 of this Agreement, to enter upon the premises to install, operate and maintain any part of the Cogeneration Facility

however, that the Port Authority will not enter into any amendment, supplement or extension of the Cogeneration Agreement which will result in a change in the formula used to calculate the Hot Water and Chilled Water rates payable by the Lessee which change results in an increase in the rates payable by the Lessee pursuant to such formula (the Lessee hereby acknowledging that such formula may, according to its terms, provide for such rates to be adjusted from time to time) without the consent of the lessees (including the Port Authority as and to the extent that the Port Authority uses Hot Water and Chilled Water) of premises that purchased and used at least Fifty-one percent (51%) of the aggregate Hot Water and Chilled Water purchased and used in the Central Terminal Area during the last full calendar year preceding the effective date of such amendment, supplement or extension."

6. The amendment of the Lease by this Agreement shall not be deemed to affect or modify in any way the provisions the provisions of Section 51 entitled "Term" or Section 4 of the Lease entitled "Conditional Limitations: Performance of the Terminal Expansion Work - Termination of the Prior Lease".

7. Neither the execution of this Agreement by the parties hereto nor any reference herein to any date prior to January 1, 1995, shall be deemed to affect or modify in any way the provisions of Section 2 of the Lease entitled "Term" or Section 4 of the Lease entitled "Conditional Limitations: Performance of the Terminal Expansion Work - Termination of the Prior Lease".

8. The Lessee represents and warrants that no broker has been concerned in the negotiation of this Agreement or the extension hereunder and that there is no broker who is or may be entitled to be paid a commission in connection therewith. The Lessee shall indemnify and save harmless the Port Authority of and from any and all claims for commission or brokerage made by any and all persons, firms or corporations whatsoever for services in connection with the negotiation and execution of this Agreement or the extension hereunder.

9. Neither the Commissioners of the Port Authority nor any of them, nor any officer, agent or employee thereof, shall be charged personally by the Lessee with any liability, or held

liable to it under any term or provision of this Agreement, or because of its execution or attempted execution or because of any breach thereof.

10. As hereby amended, all of the terms, covenants, provisions, conditions and agreements of the Lease shall be and remain in full force and effect.

11. This Agreement and the Lease which it amends constitute the entire agreement between the Port Authority and the Lessee on the subject matter, and may not be changed, modified, discharged or extended except by instrument in writing duly executed on behalf of both the Port Authority and the Lessee. The Lessee agrees that no representations or warranties shall be binding upon the Port Authority unless expressed in writing in the Lease or this Agreement.

IN WITNESS WHEREOF, the Port Authority and the Lessee have executed these presents, as of the date first above written.

Supplement No. 2

SUPPLEMENTAL AGREEMENT

THIS SUPPLEMENTAL AGREEMENT made as of April 9, 1998 (said date being hereinafter called the "Effective Date") by and between THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY (hereinafter called the "Port Authority") and BRITISH AIRWAYS, Plc. (hereinafter called the "Lessee"),

WITNESSETH, THAT:

WHEREAS, by an agreement of lease dated as of January 4, 1988 (which lease agreement, as the same has been supplemented and amended is hereinafter called the "Lease"), the Port Authority let to the Lessee and the Lessee hired and took from the Port Authority certain premises at John F. Kennedy International Airport, all as more particularly described in the Lease; and

WHEREAS, the Port Authority and the Lessee desire to amend the Lease in certain respects;

NOW, THEREFORE, for and in consideration of the covenants and mutual agreements herein contained, the Port Authority and the Lessee hereby agree, effective as of the Effective Date (except as otherwise expressly provided), as follows:

1. (a) In addition to the premises heretofore let to the Lessee under the Lease as to which the letting shall continue in full force and effect subject to all the terms and conditions of the Lease, as herein amended, the Port Authority hereby lets to the Lessee and the

Lessee hereby hires and takes from the Port Authority at John F. Kennedy International Airport, Queens, New York, effective as of 12:01 A.M. on the Effective Date (said date being also hereinafter sometimes referred to as the "Area 1 Commencement Date") the ground areas shown in stipple on the sketch attached hereto, hereby made a part hereof and marked "Exhibit A" Sheet 1 of 3 and identified thereon as "Area 1", together with the fixtures, improvements and other property of the Port Authority located or to be located therein or thereon (except as otherwise herein provided), said areas to be and become a part of the premises under the Lease, as herein amended, let to the Lessee (said additional areas being sometimes hereinafter referred to as "Area 1") subject to and in accordance with all of the terms, covenants, provisions and conditions of the Lease, as herein amended for and during all the residue and remainder of the term of the Lease; provided, however, that, notwithstanding anything to the contrary herein, the portions of the "Elevated Parking Structure" (as defined in Section 83 of the Lease, as hereby amended) to be located on or above said added areas shall not be or become part of the premises (or of Area 1) under the Lease, except for the portion thereof which constitutes the "Remote Check-in Space" as defined in Paragraph 3 hereof and which shall become part of the premises on the "Elevated Parking Structure Completion Date" as defined in said Paragraph 3 hereof.

(b) The parties acknowledge and agree that the aforesaid areas added to the premises under this Paragraph 1 constitute non-residential real property.

(c) Subject to Paragraph 2 below, the Lessee accepts Area 1 in its "as is" condition and agrees that the Port Authority shall not have any responsibility for any work or installation to make said Area 1 usable by the Lessee , to place them in any particular condition or to reimburse the Lessee for any work or installation as may be made by or on behalf of the Lessee, the Lessee having exclusive responsibility therefor. However, the Lessee shall not effect, without the prior written approval of the Port Authority, any modification, addition, removal or other change with respect to said areas. Subject to Paragraph 2 below, the Lessee hereby acknowledges that it has not relied upon any representation or statement of the Port Authority or its Commissioners, officers, employees or agents as to the condition of the said areas. The Lessee, prior to the execution of this Agreement, has thoroughly examined the said areas and determined them to be suitable for the Lessee's operations hereunder and the Lessee, subject to Paragraph 2 below, hereby agrees to take Area 1 in the condition it is in as of the Area 1 Commencement Date and, subject to Paragraph 2 below, to assume all responsibility for any and all risks, costs and expenses of any kind whatsoever caused by, arising out of or in connection with, the condition of the said areas whether any aspect of such condition existed prior to, on or after the effective date of the letting of the premises hereunder, including without limitation all Environmental Requirements (as defined in the Lease) and Environmental Damages (as defined in the Lease), and, subject to Paragraph 2 below, to indemnify and hold harmless the Port Authority for all such risks, requirements, costs and expenses. Without limiting any obligation of the Lessee to commence operations hereunder at the time and in the manner stated elsewhere in the Lease as herein amended, the Lessee agrees that no portion of the premises will be used initially or at any time during the letting which is in a condition unsafe or improper for

the conduct of the Lessee's operations hereunder so that there is possibility of injury or damage to life or property. All the obligations of the Lessee under the Lease as hereby amended with respect to the aforesaid responsibilities, risks, costs and expenses assumed by the Lessee shall survive the expiration or termination of the Lease.

(d) The foregoing areas added to the premises as Area 1 shall be subject to the height limitations set forth in paragraph (b) of Section 1 of the Lease, and further subject to the restrictions on construction and to the construction obligations of the Lessee under Section 83 of the Lease, as herein amended.

2. Area 1: Certain environmental testing and clean-up obligations:

(a) (1) Attached hereto, hereby made a part hereof is an exhibit marked "Exhibit L (Book 1 of 3 , Book 2 of 3 and Book 3 of 3)" with respect to Area 1 which consists of (i) a report entitled "J.F.K. International Airport British Airways Building 59 Environmental Investigation Summary Report" including its appendices and its compilation of reports and tests results of soil and water samples taken on various dates in November 1997 from nine (9) test boring and monitoring wells, and setting forth the levels of certain chemicals and compounds in the soil and the groundwater of the upper aquifer of Area 1, as said items are more specifically named and set forth therein; all of the aforesaid items mentioned in the foregoing clauses , as more specifically named and set forth in Exhibit L, for which the said samples were tested as set forth in Exhibit L are hereinafter collectively referred to as the "Analyzed Items".

(2) The said reports and tests results described in sub-subparagraph (1) above as applied by the methodology set forth in paragraph (b) below for the establishment of the levels of the Analyzed Items for all portions of Area 1 are hereinafter called the "Area 1 Initial Existing Condition".

(3) If after any remediation performed on Area 1, whether by the Lessee, the Port Authority or a third party(ies), the Port Authority shall sample and test the soil and upper aquifer of Area 1 or portions thereof (which testing shall be done by a duly qualified independent contractor and testing laboratory mutually acceptable to the Port Authority and the Lessee) and shall set forth the results of such subsequent tests in a report (it being understood however that the Port Authority shall not have any obligation hereunder to perform such subsequent sampling and testing or to set forth the results thereof in a subsequent report), upon delivery of such subsequent report and subsequent test results to the Lessee, such report and test results shall supersede Exhibit L or the applicable portions thereof if the test results and report are of Analyzed Items which have been previously tested and the results thereof reported in Exhibit L and the existing and new test results are from samples taken from the same well or a new well or boring which is immediately adjacent to such well or boring and shall supplement Exhibit L or the applicable portions thereof if the test results and report would not supersede any test results and reports in Exhibit L as aforesaid, and the results of such report setting forth the

levels of the Analyzed Items in the soil and upper aquifer of Area 1 together with those portions of Exhibit L which have not been superseded, as applied by the methodology set forth in paragraph (b) below for the establishment of the level of the Analyzed Items for all portions of Area 1, shall thereafter upon such delivery to the Lessee be and be deemed to be an "Area 1 Succeeding Existing Condition" with respect to Area 1 under this Paragraph; provided, however, and notwithstanding the foregoing, in no event shall the level of any Analyzed Item in any Area 1 Succeeding Existing Condition be above the lower of (i) the level for such Analyzed Item as set forth in the Area 1 Initial Existing Condition or (ii) the lowest level to which such Analyzed Item has been remediated as shown in an Area 1 Succeeding Existing Condition.

(4) The Area 1 Initial Existing Condition as superseded and supplemented by each Area 1 Succeeding Existing Condition is hereinafter called the " Area 1 Existing Condition". The Area 1 Existing Condition shall be, for the purposes of this Agreement, the level of the Analyzed Items in the soil and upper aquifer in Area 1 provided, however, and notwithstanding the foregoing, in no event shall the level of any Analyzed Item in any Area 1 Existing Condition be above the lower of (i) the level for such Analyzed Item as set forth in the Area 1 Initial Existing Condition or (ii) the lowest level to which such Analyzed Item has been remediated to as shown in an Area 1 Succeeding Existing Condition.

(b) The level of an Analyzed Item for any Area 1 Existing Condition at any location in Area 1 shall be the level of that Analyzed Item as shown in the reports and test results constituting such Area 1 Existing Condition taken from samples at the well or boring located on Area 1 at or nearest to such location.

(c) (l) The Lessee and the Port Authority agree as between themselves, and notwithstanding any other evidence to the contrary, that the levels of the Analyzed Items in the soil and upper aquifer of Area 1 as of the Area 1 Commencement Date (as defined in Paragraph 1 hereof) shall be and shall be deemed as set forth in Exhibit L and only as set forth in Exhibit L. Without limiting the generality of Section 39 of the Lease or of Paragraph 1 hereof, the Lessee agrees to accept Area 1 with the Area 1 Initial Existing Condition.

(2) (i) In addition to and without limiting the foregoing or any other term or provision of the Lease, including without limitation Sections 7, 8, 9, 10 and 11 thereof, it is expressly understood and agreed that the proper handling, delivery, treatment, storage, transportation, disposal, and depositing (all of the foregoing being hereinafter collectively referred to as "Disposal"), whether on or off the Airport, of any soil, dirt, sand, water or other matter (hereinafter collectively called the "Matter") excavated, disturbed or removed by the Lessee (or by any contractor or contractors of the Lessee) at or from Area 1 at any time or times, including without limitation any and all remediation and Disposal of said Matter and any and all other remediation, Disposal and clean up (whether soil, upper aquifer or otherwise) necessary, required or appropriate as a result of, caused by, incidental to or triggered by such excavation, disturbance or removal of the Matter or arising therefrom, and the taking or doing of

any and all other action or actions necessary, required or appropriate in connection therewith, shall be the sole and complete responsibility of the Lessee, including without limitation all costs and expenses thereof and any and all claims, penalties or other expenses relating thereto. The foregoing obligations of the Lessee shall obtain and apply with full force and effect irrespective of the nature or source of any contaminants, pollutant, chemical, waste or other substance or whether any of the same is an Analyzed Item or whether any of the same is at a level or levels above or below the level or levels of the Area 1 Existing Condition or whether there has or has not been any increase in such level or levels. The Lessee shall perform all of the foregoing in accordance with and subject to all the terms, provisions, covenants and conditions of the Lease including without limitation Sections 7, 8, 9, 10 and 11 thereof.

(ii) Notwithstanding any term or provision hereof to the contrary, the Lessee shall not be responsible for remediation of soil which is excavated by the Lessee from Area 1 in order for it to perform the On-Premises Area 1 Work or the Lessee LRS Work (as defined in and pursuant to and under Section 83 of the Lease as set forth in this Supplemental Agreement) and during the course of the said On-Premises Area 1 Work or the Lessee LRS Work and which soil is not used at Area 1; *provided that* (x) the Lessee shall deliver such soil at its expense to an on-Airport location as designated by the Port Authority, (y) the contaminant or contaminants in such soil were not caused by or did not result from any act or omission of the Lessee, and (z) the Lessee is able to prove to the reasonable satisfaction of the Port Authority that such contaminant or contaminants, if not listed in Exhibit L, in fact existed in Area 1 prior to the Area 1 Commencement Date.

(3) Notwithstanding anything to the contrary herein or in the Lease, the Lessee shall have no obligation under the Lease with respect to the Area 1 Existing Condition (other than the obligations described in subparagraph (2) above, the obligations described in subparagraph (4) below and the obligations described in paragraph (e) below) including but not limited to any other obligation to remediate the Area 1 Existing Condition, or to pay any claim, penalty or expense with respect thereto (including any which relate to other premises allegedly affected by the Area 1 Existing Condition or the spread of such contaminants from Area 1); provided, however, if any of the levels of the Analyzed Items, or any of them, in the soil or the upper aquifer of Area 1 shall increase above the Area 1 Existing Condition then the Lessee shall have such obligations with respect to such increase to the extent required by and in accordance with the terms and conditions of the Lease, as hereby amended; provided, further, however, if such increase is caused by the flow of ground water from outside the premises under the Lease or by the leaching of contaminants from outside the premises under the Lease or by the acts or omissions of the Port Authority, then the Lessee shall have no such obligations with respect to such increase.

(4) It is expressly understood and agreed that, notwithstanding anything to the contrary above, in the event the Area 1 Initial Existing Condition or any Area 1 Existing Condition or any portion thereof was caused by or resulted from the Lessee's use of or operations

at Area 1, or the Lessee's use or occupancy of any other portion of the premises under the Lease, or any act or omission of the Lessee or of any of its agents, contractors or representatives, or any act or omission of any subusers of the Lessee, then the Lessee shall have all obligations with respect to the remediation of Area 1, the Area 1 Initial Existing Condition and any Area 1 Existing Condition; and neither this Paragraph 2 nor any remediation of the Area 1 Initial Existing Condition by the Port Authority or of the Area 1 Existing Condition shall or shall be deemed to release or relieve the Lessee from its said obligations.

(d) Without limiting the generality of the provisions of Section 20 of the Lease, the Port Authority and its designees shall have the right but not the obligation to enter upon Area 1 upon forty-eight (48) hours' notice to the Lessee to conduct testing and related activities from the existing wells made by the borings referred to in paragraph (a) above, to make additional wells and borings and to conduct testing and related activities therefrom and to perform such activities as shall be necessary to remediate the Area 1 Initial Existing Condition including but not limited to conducting pumping operations from the wells made by borings referred to in paragraph (a) above and this paragraph (d). In the exercise of the foregoing rights the Port Authority and its designees shall not unreasonably interfere with the use and occupancy of Area 1 by the Lessee.

(e) Without limiting the generality of the provisions of Section 11 of the Lease, the Lessee agrees to protect and maintain the wells made by the borings referred to in paragraphs (a) and (d) above and shall repair any damage thereto not caused by the activities of the Port Authority, if any, or its designee(s), if any, pursuant to paragraphs (a) and (d) above. If in connection with the Construction Work under Section 83 of the Lease it is necessary to fill any of the said wells, then, provided that such filling is permitted or approved by the Port Authority, the Lessee shall perform such filling and all work necessary or required for a replacement well or wells in accordance with the terms and provisions of the Lease and the related Construction Applications (s) to be submitted by the Lessee covering such work in accordance with Section 83 of the Lease, as the same may be approved by the Port Authority, and, further the Lessee hereby agrees that all costs and expenses for and in connection with the filling of such well or wells and the drilling of a new well or well to replace the filled well or wells shall be borne by the Lessee and the Port Authority on an equal (50/50) basis provided that the Port Authority's said share of such costs and expenses shall not in any event exceed the amount of Fifteen Thousand Dollars and No Cents ($15,000.00). The said costs and expenses and each part and share thereof shall not form a part of the Cost of the Eligible Construction Work (except as otherwise expressly provided in Section 84 of the Lease) or the Cost of the Lessee LRS Work under Section 84 of the Lease. The obligation of the Lessee to protect and maintain the wells as set forth in the first sentence of this paragraph (e) shall be deemed to also pertain and apply to any and all such replacement wells.

(f) The Lessee acknowledges that it has been in occupancy of the premises under

the Lease (other than Area 1) prior to the Effective Date, and the Lessee's duties, responsibilities, liabilities and obligations, and the Port Authority's rights and remedies, with respect to said premises under the Lease shall not be or construed to be limited, diminished or impaired by this Paragraph 2.

(g) Nothing in this Paragraph 2 shall limit , modify waive or otherwise alter the rights, claims and remedies which the Port Authority or the Lessee may have against third parties or persons whether at law, equity or otherwise.

3. (a) In addition to the premises heretofore let to the Lessee under the Lease, as herein amended, as to which the letting shall continue in full force and effect subject to all the terms and conditions of the Lease, as herein amended, the Port Authority hereby lets to the Lessee and the Lessee hereby hires and takes from the Port Authority at John F. Kennedy International Airport, Queens, New York, effective as of 12:01 A.M. on the Elevated Parking Structure Completion Date (as defined below) the unenclosed space located on that portion of the second level of the Elevated Parking Structure (as defined in Section 83 of the Lease) as shown in stipple on the sketch attached hereto, hereby made a part hereof and marked "Exhibit A"Sheet 2 of 3, together with the fixtures, improvements and other property of the Port Authority located or to be located therein or thereon, said unenclosed space to be and become a part of Area 1 of the premises under the Lease, as herein amended, let to the Lessee (said unenclosed space being sometimes hereinafter referred to as "Area 1 Remote Check-in Space") subject to and in accordance with all of the terms, covenants, provisions and conditions of the Lease, as herein amended for and during all the residue and remainder of the term of the Lease.

For purposes of the foregoing, the term "Elevated Parking Structure Completion Date" shall mean the earliest to occur of (i) the Completion Date, as defined in Section 83 (r) (2) of the Lease; or (ii) the separate date, if any, set forth in a completion certificate delivered to the Lessee by the Port Authority under Section 83 (r) (3) of the Lease as the completion date of the Area 1 Remote Check-in Space.

(b) The parties acknowledge and agree that the aforesaid area added to the premises under this Paragraph 3 constitutes non-residential real property.

(c) The Lessee accepts the aforesaid area in its "as is" condition and agrees that the Port Authority shall not have any responsibility for any work or installation to make said area usable by the Lessee , to place them in any particular condition or to reimburse the Lessee for any work or installation as may be made by or on behalf of the Lessee, the Lessee having exclusive responsibility therefor. However, the Lessee shall not effect, without the prior written approval of the Port Authority, any modification, addition, removal or other change with respect to said area. The Lessee hereby acknowledges that it has not relied upon any representation or statement of the Port Authority or its Commissioners, officers, employees or agents as to the condition of the said area. The Lessee hereby agrees to take the aforesaid area

in the condition it is in as of the Elevated Parking Structure Completion Date, to assume all responsibility for any and all risks, costs and expenses of any kind whatsoever caused by, arising out of or in connection with, the condition of the said area whether any aspect of such condition existed prior to, on or after the effective date of the letting of the premises hereunder, including without limitation all Environmental Requirements (as defined in the Lease) and Environmental Damages (as defined in the Lease), and to indemnify and hold harmless the Port Authority for all such risks, requirements, costs and expenses. Without limiting any obligation of the Lessee to commence operations hereunder at the time and in the manner stated elsewhere in the Lease as herein amended, the Lessee agrees that no portion of the premises will be used initially or at any time during the letting which is in a condition unsafe or improper for the conduct of the Lessee's operations hereunder so that there is possibility of injury or damage to life or property. All the obligations of the Lessee under the Lease as hereby amended with respect to the aforesaid responsibilities, risks, costs and expenses assumed by the Lessee shall survive the expiration or termination of the Lease.

(d) The foregoing area added to the premises shall be subject to the height limitations set forth in paragraph (b) of Section 1 of the Lease, and further subject to the restrictions on construction and to the construction obligations of the Lessee under Section 83 of the Lease, as herein amended.

4. (a) Paragraph (a) of Section 3 of the Lease is hereby amended as follows: There shall be deemed added at the end thereof a new subparagraph (3) reading as follows:

"(3) Additional basic rental--Area 1:

(i) For the portion of the term of the letting hereunder commencing on the date of the commencement of the term of the letting of Area 1 of the premises hereunder, as such date is set forth in subparagraph (a) of Paragraph 1 of Supplement No. 2 of the Lease (the "Area 1 Commencement Date"), to and including the day preceding the Area 1 Remote Check-in Space Rent Start Date, as defined in subsubparagraph (ii) below, in addition to the other rentals set forth in the Lease, hereby agrees to and shall pay to the Port Authority basic rental for Area 1 at the annual rate of (2.a.)

subject to annual increases as provided in Subdivision II of paragraph (b) hereof and subject to the increases as provided in subsubparagraph (ii) below.

(ii) For the portion of the term of the letting hereunder commencing on the Area 1 Remote Check-in Space Rent Start Date, as defined herein, to and including the expiration of the term of the letting hereunder, in addition to the other rentals set forth in the Lease, hereby agrees to and shall pay to the Port Authority basic rental for Area 1 at the annual rate equal to the sum produced (x) by multiplying the number of square feet of the Area 1 Remote Control Check-in Space (to be constructed by the Lessee pursuant to Section 83 hereof)

by (2.a.) as increased on and after the first year anniversary of the Area 1 Commencement Date by the annual increases pursuant to Subdivision II of paragraph (b) below, and (y) by adding to the product of said multiplication the amount of the basic rental for Area 1 under subsubparagraph (i) above as increased effective on and after the first anniversary of the Area 1 Commencement Date by increases pursuant to Subdivision II of paragraph (b) below; said basic rental for Area 1 to be thereafter subject to further annual increases as provided in Subdivision II of paragraph (b) below.

For purposes of the above, the 'Area 1 Remote Check-in Space Rent Start Date' shall mean the earliest to occur of (i) the Completion Date, as defined in Section 83 (r) (2) of the Lease; (ii) the separate date, if any, set forth in a completion certificate delivered to the Lessee by the Port Authority under Section 83 (r) (3) hereof as the completion date of the Area 1 Remote Check-in Space, or (iii) March 31, 2002 ."

(b) Paragraph (b) of said Section 3 of the Lease is hereby amended as follows:

(1) The first line thereof shall be deemed amended to read as follows:

"(b) I. CPI Adjustments applicable to rentals under paragraphs (a) (1) and (a) (2) above:"

(2) The words "subparagraphs (1) and (2) of" shall be deemed inserted immediately preceding the fifth line of subparagraph (4) thereof.

(3) The following shall be deemed inserted immediately following subparagraph (6) thereof:

"II. Annual increases/CPI Adjustments applicable to Area 1 rental under subsubparagraph (i) and (ii) of paragraph (a) (3) above.

(1) 'Area 1 CPI' or 'Area 1 Consumer Price Index' shall mean the Consumer Price Index for all Urban Consumers, New York-Northern New Jersey, Long Island, NY- NJ-CT, (All Items unadjusted 1982-84=100) published by the Bureau of Labor Statistics of the United States Department of Labor.

(2) The Port Authority shall ascertain the Area 1 CPI for the month in which the Area 1 Commencement Date occurs and for the month in which the first year anniversary of the Area 1 Commencement Date occurs and for the same calendar month in each year thereafter during the term of this Agreement after the same has been published, and the Port Authority shall also determine the annual percentage increase, if any, for each such twelve month period after the same has been published (hereinafter

called 'the annual Area 1 CPI percentage increase').

(3) Effective on the first day of the month in which the first year anniversary of the Area 1 Commencement Date occurs the rentals set forth above in subsubparagraph (i) and (ii) of paragraph (a) (3) of this Section 3 shall be increased as follows: (i) the annual rental rates as set forth in said subsubparagraph (i) and (ii) of paragraph (a) (3) shall be multiplied by a percentage composed of l/2 of the annual Area 1 CPI percentage increase, if any, for the latest twelve month period using the same calendar month in accordance with subparagraph (2) above plus 100%; and (ii) the annual rental rates as set forth in said subsubparagraph(i) and (ii) of paragraph (a) (3) shall be multiplied by 104%; and the greater of the two products so obtained by the calculations set forth in the foregoing clauses (i) and (ii) shall be and become the annual rental for Area 1 in effect for the annual period commencing on the said first day of the month in which the first anniversary of the Area 1 Commencement Date occurs and ending on the last day of the immediately succeeding twelfth month.

It is understood that while the foregoing calculation shall also include the annual rental rate applicable to the Area 1 Remote Check-in Space for purposes of determining the annual increases thereto, the same shall become part of the annual rental for Area 1 upon the Area 1 Remote Check-in Space Rent Start Date, in accordance with and as provided in subsubparagraph (ii) of paragraph (a) (3) above.

(4) Effective on the first day of the month in which the second year anniversary of the Area 1 Commencement Date occurs and thereafter on the first day of the month in each succeeding year of the Area 1 Commencement Date during the term of the letting hereunder the basic rental for Area 1 set forth in paragraph (a) (3) of this Section 3 shall be increased as follows: (i) the annual rental rate as set forth in said subsubparagraph(i) and (ii) of paragraph (a) (3) as the same may have been last adjusted hereunder, shall be multiplied by a percentage composed of ½ of the annual Area 1 CPI percentage increase, if any, as determined for the latest twelve month period using the same calendar month in accordance with subparagraph (2) above plus 100%; (ii) and the said annual rental rate as set forth in said paragraph (a) (3) of this Section 3 as the same may have been last adjusted hereunder shall be multiplied by 104%; and the greater of the two products so obtained by the calculations set forth in the foregoing clauses (i) and (ii) shall be and become the basic annual rental for Area 1 in effect for the annual period ending on the last day of the immediately succeeding twelfth month.

It is understood that while the foregoing calculation shall also include the annual rental rate applicable to the Area 1 Remote Check-in Space for purposes of determining the annual increases thereto, the same shall become part of the annual rental for Area 1 upon the Area 1 Remote Check-in Space Rent Start Date, in accordance with and as provided in subsubparagraph (ii) of paragraph (a) (3) above.

the event the Area 1 CPI for the calendar month to be used in
e of the basic rental for Area 1 is not available as of the effective
the Lessee shall continue to pay the basic rental for Area 1 at the
t to retroactive adjustment and a lump sum payment of any
deficiency so determined at such time as the Area 1 Consumer Price Index for said calendar month becomes available. In the event that the Area 1 Consumer Price Index is not available for any specified month as hereinabove set forth within the time set forth for payment such index for the latest month then published shall be used to constitute the Area 1 Consumer Price Index. In the event of the change of basis or the discontinuance of the publication by the United States Department of Labor of the Area 1 Consumer Price Index such other appropriate index or indexes shall be substituted as may be agreed by the parties hereto as properly reflecting changes in the value of the current United States money in a manner similar to that established in the said indexes used in the latest adjustment. In the event of the failure of the parties to so agree, the Port Authority may select and use such index or indexes as it deems appropriate, provided, however, that the foregoing shall not preclude the Lessee from contesting the Port Authority's selection.

(6) In no event shall any rental rate established under this paragraph (b) be less than the rental rate it supersedes."

(c) Paragraph (c) of said Section 3 of the Lease is hereby amended by adding at the end thereof the following:

"That portion of the rental hereunder which constitutes the annual basic rental for Area 1 shall be payable by the Lessee in advance in equal monthly installments on the first day of the term of the letting of Area 1 (the Area 1 Commencement Date) and on the first day of each and every calendar month thereafter during the balance of the term of the letting. If the commencement date for the payment of basic rental for Area 1 herein be other than the first day of the month, or if any installment of basic rental for Area 1 payable hereunder shall be for less than a full calendar month, then the rental payment for the portion of the month for which said payment is due shall be the monthly installment prorated on a daily basis using the actual number of days in the said month."

(d) (1) Subparagraph (1) of paragraph (d) of Section 3 of the Lease is hereby amended by adding at the end thereof the following:

"For each square foot of land of Area 1 as shown in stipple on Sheet 1 of Exhibit A the use of which is denied to the Lessee at the daily rate of (2.a.) as appropriately adjusted to reflect any

and all CPI adjustments pursuant to paragraph (b) above."

(2) A new subparagraph (3) shall be deemed added to said paragraph (d) of said Section 3 of the Lease reading as follows:

"For each square foot of space in the Area 1 Remote Check-in Space as shown in stipple on Sheet 2 of Exhibit A , the use of which is denied to the Lessee at the daily rate of (2.a.) as appropriately adjusted to reflect any and all Area 1 CPI adjustments pursuant to paragraph (b) above."

5. Section 5 of the Lease is hereby amended by adding at the end of paragraph (20) thereof the following:

"(21) With respect to that portion of the premises shown in stipple on Sheet 2 of Exhibit A attached to Supplement No. 2 of the Lease, effective from and after the 'Area 1 Remote Check-in Space Completion Date' as defined in Paragraph 3 of Supplement No. 2 of the Lease, the Lessee shall use the same solely for the remote-check in of automobiles of passengers of the Lessee which automobiles are to parked in a public parking lot at the Airport; it being understood that the Lessee shall not and is expressly prohibited from parking or storing any automobiles or other vehicles on said portion of the premises."

6. (a) Section 83 of the Lease entitled "Entire Agreement" shall be deemed renumbered as Section 88 and the number appearing in the second line thereof as "83" shall be deemed amended to read "88", and the words "and also the Exhibits (A, B, C, D, E, F, G, H, I, J, K, L [Book 1 of 3, Book 2 of 3, and Book 3 of 3], M, and S) and the Attachment A and the Schedule E attached to Supplement No. 2 to this Lease" shall be added at the end of the first sentence thereof.

(b) New Sections 83, 83A, 83B, 84, 85, 86 and 87 are hereby added to the Lease and made a part thereof reading as follows:

"Section 83. Additional Construction by the Lessee

(a) (1) As used herein the term 'Construction Work Site' shall for the purposes of the Construction Work under this Section 83 mean:

(i) 'Area 1' which shall, for purposes of the Construction Work hereunder, consist of the ground areas added to the premises under Paragraph 1 of Supplement No. 2 to the Lease; and the area within the premises upon which the Terminal 7 Building

Expansion, as hereinafter defined, is to be constructed.

(ii) 'Area 2' which shall consist of the areas outside of the premises hereunder and located in 'Quadrant 4' of the Central Terminal Area of the Airport (which encompasses approach roads, exiting and recirculation roadways, frontage and parking areas located in front of the premises hereunder and also in front of Terminals 5 and 6 at the Airport and in front of the Cogeneration Facility (as defined in Supplement No. 1 of the Lease) and includes the north entry toll plaza to the parking lot located in front of Terminal 4 and known as the 'blue parking lot' , and the east parking garage) upon which the Lessee shall perform the Off-Premises Work (as defined below) and portions of the Lessee LRS Work (as defined below) pursuant to this Section 83 as such roads, roadways and areas are generally shown in bubble hatch and cross hatch on Sheet 1 of Exhibit B and in wavy hatch and in cross-hatch on Sheet 2 of Exhibit B attached to said Supplement No. 2 to the Lease.

(2) As used herein the term 'Terminal 7' shall mean the passenger terminal building forming a part of the premises hereunder.

(3) As used herein the terms 'Terminal 4' ,'Terminal 5' , and 'Terminal 6' shall mean the passenger terminal buildings at the Airport identified as such on Exhibit B.

(4) As used herein the term 'Project' shall mean the Construction Work as defined in paragraph (f) of this Section 83.

(5) As used herein the term 'Project Schedule' shall mean the schedule shown on Exhibit C attached hereto and hereby made a part hereof.

(6) As used herein the term 'Port Authority Basis of Design' shall refer to the document attached hereto entitled "Port Authority of New York and New Jersey Technical Design Criteria and Assumptions for JFK Roadway Contract Package # 5", hereby made a part hereof and marked 'Attachment A'.

(7) As used herein the terms 'LRS Contractor' and 'LRS DBOM Contractor' shall mean the contractor(s) hired by the Port Authority to build the 'LRS' (as defined in Section 75 of this Lease).

(8) The Lessee understands that the Port Authority presently has in effect and has planned various physical improvements and policies concerning and affecting the use of vehicular roadways in the Central Terminal Area of the Airport (the 'CTA' as generally shown on Exhibit S) for the limitation and control of traffic thereon including the limitation and control of vehicular traffic on the premises and vehicular traffic moving between the Air Terminal Highways, as designated from time to time by the Port Authority in the CTA of the Airport, and the vehicular roadways on the premises connecting to the said Air Terminal

Highways. It is further recognized that the Port Authority has developed design criteria for the development of the vehicular roadways in the Construction Work Site and that said design criteria is attached hereto and marked 'Attachment A' and hereby made a part hereof.

(b) The Lessee shall, prior to its submission to the Port Authority of the plans and specifications hereinafter provided for, submit to the Port Authority for its consent, the Lessee's comprehensive plan for the development of the Construction Work Site, including the Lessee's completion of the planning, design and performance of the roadway development (roadway package #5) in the Construction Work Site as part of the Construction Work and the construction of the On-Premises Area 1 Work and the Terminal 7 Building Expansion Work as set forth in paragraph (c) below and the construction of the Off-Premises Work as set forth in paragraph (d) below and the construction of the Lessee LRS Work as set forth in paragraph (e) below, including but not limited to renderings, layouts, locations, models, estimated commencement and completion dates, and preliminary functional plans. Said comprehensive plan shall also include the Port Authority's Basis of Design (Attachment A attached hereto), together with the further design development documents (the 'Design Development Documents') based thereon which shall be prepared by the Lessee and submitted to the Port Authority for its approval; said comprehensive plan, Port Authority's Basis of Design and said Design Development Documents as approved by the Port Authority shall constitute the Lessee's 'Comprehensive Plan' hereunder. The Lessee shall keep the Comprehensive Plan covered by this paragraph (b) (including the On-Premises Area 1 Work and the Terminal 7 Building Expansion Work covered by paragraph (c) below and the Off-Premises Work covered by paragraph (d) below and the construction of the Lessee LRS Work as set forth in paragraph (e) below) up to date and shall submit to the Port Authority for its prior approval any amendments, revisions, or modifications thereof, which amendments, supplements or modifications shall not become effective until the same have been approved by the Port Authority.

(c) <u>On-Premises Area 1 Work and Terminal 7 Building Expansion Work:</u> (1) Without limiting the above, the Lessee agrees that said Comprehensive Plan shall include the construction in, on and under the premises of the Terminal Building Expansion Work as defined and described in item (i) below; and the construction in, on and under Area 1 of the following portions of the Construction Work as defined and described in items (ii) through (x) below ("On-Premises Area 1 Work"):

(i) An expansion of the terminal building consisting of the addition of approximately 18,000 square feet of floor space to be located in the area generally shown in solid/broken diagonal hatch on Sheet 2 of Exhibit B, the foregoing together with all associated and related areas and facilities, including but not limited to stairwells, stairways, escalators and elevators being sometimes referred to hereinafter as the 'Terminal 7 Building Expansion';

(ii) The construction and installation of all appropriate lines, pipes, mains,

cables, manholes, wires, conduits and other facilities required in connection with or relating to the mechanical, utility, electrical, storm sewer, sanitary sewer, communications, security, telephone, fire alarm, fire protection, gas and other systems including all necessary relocations, and all work necessary or required to tie the foregoing to the utility access stubs now existing or to be constructed as part of the Off-Premises Work which include water, electrical power, sanitary service lines, including all necessary valves and other equipment and accessories necessary to the use and operation of the heating, electrical, water, communications and other utility systems serving or which are to serve the premises; and including all stubouts for the LRS station at Terminal 7 and guideway tie-ins based on information to be supplied to the Lessee by the Port Authority in a timely manner (said stubouts being hereinafter sometimes referred to as the 'LRS Station 7 Stubouts');

(iii) (1) To the extent permitted by KIAC (as defined in Supplement No. 1 to the Lease), all work necessary or required to relocate and/or construct lateral mains to tie into the Central Terminal Area ring supply lines for hot water for heating and domestic use purposes only and chilled water for air conditioning purposes only in accordance with the requirements and specifications as set forth in Section 52 of this Lease;

(2) To the extent permitted by KIAC, the work specified in subdivision (1) above, upon completion, will become the property of the Port Authority and will not be part of the premises;

(iv) New upper level and lower level roadways on Area 1 and all other necessary or appropriate ground and elevated roadways, ramps, sidewalks, vehicular service areas, and vehicular staging areas, and pedestrian circulation areas, including without limitation the on-premises portions of the following ramp and roads:

> a portion of the elevated ramp that will provide access to Terminal 7; an expanded lower-level Arrivals frontage for Terminal 7 that will provide a separate road and pick up island for private automobiles, taxis and buses; an expanded upper level Departures frontage for Terminal 7; a portion of the new recirculation road for Terminal 7; a portion of the road providing a HOV (high occupancy vehicle) connection between Terminal 6 and Terminal 7;

together with all related and associated areas and facilities (all of the foregoing being herein sometimes called the "Premises Circulation Areas" and the portion of the Construction Work consisting solely of the aforesaid upper level and lower level roadways, ramps, frontage roads, vehicular service areas and vehicular staging areas described in this clause (iv) is also sometimes hereinafter referred to as the 'On-Premises Area 1 Roads');

(v) All grading and paving of ground areas and appropriate landscaping together with all related and associated work, including without limitation decorative paving of

selected areas and landscaping and irrigation of the unpaved areas described in item (iv) above;

(vi) All necessary or required fencing including functional decorative fencing at locations identified by the Port Authority;

(vii) All necessary or required work to conform to Port Authority frontage control requirements, and all necessary or required work to conform to Port Authority requirements for access to public parking areas including static and dynamic sign systems;

(viii) All other appropriate or necessary work in connection with the foregoing items, including without limitation thereto, all borings, surveys, route marker signs, obstruction lights and material inspections and also including all other tie-ins to utility lines and roadway access stubs, and tie-ins to the Off-Premises Work hereunder; and

(ix) Subject to the terms and provisions set forth in Paragraph 2 of Supplement No. 2 of the Lease with respect to the Area 1 Initial Existing Condition, all appropriate, necessary or required demolition and removal work, and including without limitation all appropriate, required or necessary work for the removal, clean-up and remediation and off-airport disposal, in accordance with all Environmental Requirements, of all asbestos, lead and other Hazardous Substances, and including the handling, transporting and off-Airport disposal thereof in accordance with all Environmental Requirements (including, if required, disposal of asbestos in an off-Airport long-term asbestos-only disposal facility);

(x) All necessary or appropriate work within other areas of the premises outside of the Construction Work Site required in connection with the On-Premises Area 1 Work;

(2) All of the foregoing work described in subparagraph (1) of this paragraph (c) shall be constructed by the Lessee on Area 1 and on other portions of the premises where required and shall be and become a part of the premises under the Lease, except as otherwise provided in this Lease. All of the foregoing work described in items (ii) through (x) of the foregoing subparagraph (1) and any other on-premises work on Area 1 which the Lessee includes in its Comprehensive Plan and which is consented to by the Port Authority are sometimes herein collectively referred to as 'the On-Premises Area 1 Work'. The Terminal Building Expansion Work described in items (i) of the foregoing subparagraph (1) and the On-Premises Area 1 Work are sometimes collectively called the 'On-Premises Work'.

(d) Off-Premises Work: (1) In addition to all the hereinabove mentioned, the Lessee shall include as part of its Comprehensive Plan submitted in accordance with paragraph (b) hereof the construction of the following portions of the Project in, on and under Area 2, which construction, however, shall not be on the premises and shall not be part of the premises

under the Lease. The Lessee, its contractors, subcontractors, suppliers of materials and furnishers of services shall at all reasonable times have access to Area 2, subject and pursuant to and in accordance with the Port Authority's right of entry as to other tenant areas, and such other areas immediately adjacent thereto under the control of the Port Authority as necessary to perform the construction obligations set forth in this paragraph (d) of this Section 83. Said portions of the Construction Work outside of the premises under this Lease shall include:

(i) New airport roads and roadway ramps, including but not limited to approach, exiting and frontage roadways and recirculation roadways in Area 2, on the areas shown generally in wavy hatch and in cross-hatch on Sheet 2 of Exhibit B, attached hereto, hereby made a part hereof, and including all replacements to the existing road system in front of the premises and in front of Terminals 5 and 6 , separate circulation routes, all tie-ins to the Premises Circulation Areas and including all frontage, access, ingress and egress roads for Terminals 5 and 6 , as well as any and all associated or related extension, widening, realignment, relocation and rehabilitation of existing Airport roads, together with all appropriate ground lighting, lines, pipes, drains, wires, cables, manholes and conduits and other facilities; including but not limited to the following:

> demolition and reconstruction of a portion of the inbound three-lane road that will provide access to Terminal 5, Terminal 6 and the premises hereunder (Terminal 7); a portion of the elevated ramp that will provide access to Terminal 7; demolition and reconstruction of the access road to Terminal 5 and Terminal 6, a new signalized intersection between Terminal 5 and Terminal 6; modifications to the 'A' Road in front of Terminal 6; construction of a new egress road serving Terminal 5 and Terminal 6, construction of the recirculation road serving Terminal 5 and Terminal 6; construction of a portion of the new recirculation road for Terminal 7 located on the south side of the Cogeneration Facility; construction of a modified access road to the Cogeneration Facility on the south side of the Cogeneration Facility; construction of a portion of the road providing an HOV connection between Terminal 6 and Terminal 7;

all of the foregoing being sometimes hereinafter collectively called the 'Off-Premises Roads';

(ii) All retaining walls, bridge structures, sign bridges, ground mounted signs, static and dynamic sign systems for roads, parking and frontages, lift stations, guiderails and concrete barriers, traffic signals and controllers, canopies, light poles and high mast towers, parking lot entrance and exit plaza realignments, new exit toll plaza at Terminals 5 and 6, all modifications to the Revenue Control System associated with the reconfigured parking lots in the Construction Work Site including but not limited to ancillary structures and service buildings, crash gates at all parking lots, escape lanes between inner and outer frontage roads, a new entrance plaza and its approaching and exiting ramps on the north side of the 'blue parking lot' serving Terminal 4; reconfigured entrance/exit plazas and associated Revenue Control system equipment necessary for the parking lots serving Terminal 4, Terminal 5, Terminal 6 and

Terminal 7; together with all appropriate or necessary work in connection with any or all of the foregoing:

(iii) Expanded vehicular parking areas serving Terminal 7 and including an elevated vehicular parking structure with two (2) levels with a minimum of seven hundred and fifty (750) public parking spaces including all lamping, striping and all appropriate ground and upper-level lighting, lines, pipes, drains, wires, cables, manholes, conduits, fire alarm and fire protection system and other facilities and all other necessary or appropriate work in connection therewith ('the Elevated Parking Structure'), including without limitation all appropriate or necessary work to provide sufficient vertical clearance for equipment to access and maintain or replace utilities under the Elevated Parking Structure; with the second level of said Elevated Parking Structure to include all work necessary, required or appropriate for the 'Area 1 Remote Check-in Space in the area generally as shown in stipple on Exhibit A, Sheet 2.

(iv) Expanded vehicular parking areas serving Terminal 5 and Terminal 6 and including at-grade automobile parking areas to be located in front of Terminal 5 and Terminal 6 with a minimum of four hundred and fifty (450) public parking spaces including all static and dynamic signing required to divert persons parking their vehicles from the parking area known as the 'orange lot' into the 'blue lot' and from the 'blue lot' into the 'orange lot', all lamping, striping and all appropriate ground lighting, lines, pipes, drains, wires, cables, manholes and conduits and other facilities and all other necessary or appropriate work in connection therewith ('the At-Grade Parking Areas');

(v) Construction, including but not limited to all necessary or appropriate relocations, of all appropriate utility lines, mains, pipes, drains, manholes, wires, cables, conduits and other facilities in Area 2 including without limitation portions of the Airport-wide utility distribution network that must be relocated for the construction of the Elevated Parking Structure and the expanded frontage roads serving Terminal 7, the support structure for the LRS connector, station and guideways, and the roadway serving Terminal 7, and also including lift stations for the drainage systems serving below-grade roadways, and also including all service lines for the supply of water, electrical power, gas, communications, security, sanitary sewer, storm sewer, fire alarm, fire protection, and other systems and facilities necessary or appropriate to service all areas, buildings, facilities in Area 2; with the relocations to such locations as the Port Authority may designate; the foregoing being respectively called 'the water lines', or 'the electric lines', 'gas lines', 'sanitary lines', 'sewer lines', 'communication lines', and all of the foregoing being hereinafter called the 'Area 2 Utility Lines Construction';

(vi) With respect to the Area 2 Utility Lines Construction, all appropriate, necessary or required demolition and removal work including without limitation all appropriate, necessary or required removal, clean-up and remediation and off-airport disposal, in accordance with all Environmental Requirements, of all asbestos, lead and other Hazardous Substances, and including the handling, transporting and off-Airport disposal thereof in accordance with all

Environmental Requirements (including, if required, disposal of asbestos in an off-Airport long-term asbestos-only disposal facility);

(vii) All necessary or appropriate work in other areas of the Airport outside of the Construction Work Site and outside of the premises under the Lease directly impacted by the Construction Work and required to be constructed in connection with other portions of the Construction Work;

(viii) All grading and paving of ground areas and appropriate landscaping together with all related and associated work; including without limitation decorative paving of selected areas and landscaping and irrigation of the unpaved areas described in item (i) above;

(ix) All design and construction work and space necessary or required to construct a suitable supporting structure for a connector for the LRS (based upon information relating to design specifications of the LRS existing as of the date of approval by the Port Authority of the Design Development Documents), including without limitation, for the enclosed thirty (30) foot wide connector connecting the LRS station at Terminal 7, which connector is to be constructed by the LRS Contractor and to be located on the Elevated Parking Structure contiguous with the expanded Departures frontage for Terminal 7 as shown generally in bubble hatch on Sheet 1 of Exhibit B attached hereto and hereby made a part hereof; and the design criteria and specifications for the said supporting structure for the LRS connector will be based upon information existing as of the date of approval by the Port Authority of the Design Development Documents.

(2) All of the foregoing work described in subparagraph (1) of this paragraph (d) shall be constructed by the Lessee in, on and under Area 2 and outside of the premises and shall not be or become a part of the premises under the Lease and is herein collectively referred to as the 'Off-Premises Work'.

(3) The Lessee shall be responsible for developing a set of Design Development Documents as part of the Lessee's Comprehensive Plan which shall clearly delineate the Off-Premises Work and the On-Premises Area 1 Work and the Terminal 7 Building Expansion Work and the Lessee LRS Work (as defined in paragraph (e) below) and the Lessee shall provide separate construction costs estimates for the Off-Premises Work and for the On-Premises Area 1 Work and the Terminal 7 Building Expansion Work and the Lessee LRS Work. For purposes of coordination with the On-Premises Area 1 Work and the Lessee LRS Work, consolidated drawings clearly depicting the limits of each of the Off-Premises Work and the On-Premises Area 1 Work and the Terminal 7 Building Expansion Work and the Lessee LRS Work shall also be developed. The Lessee shall be responsible for developing contract documents including separated detailed construction costs estimates for the Off-Premises Work, the On-Premises Area 1 Work and the Lessee LRS Work. For purposes of coordination and review with contiguous On-Premises Area 1 Work, Terminal 7 Building Expansion Work , the Off-Premises

Work and the Lessee LRS Work, consolidated documents depicting the limits of each shall be included.

(e) Lessee LRS Work:

(1) In addition to and without limiting the above, the Lessee agrees that its Comprehensive Plan shall include the construction in, on and under Area 2 of the following:

(i) Fourteen (14) shared foundations at the LRS Station serving Terminal 7 and adjacent LRS guideways: the Lessee shall design and construct the fourteen (14)) common foundations and columns to support the LRS Station serving Terminal 7 as well as the Elevated Parking Structure (shared foundations) identified in Exhibit D, and in accordance with the criteria set forth in Exhibit E . These foundations and columns shall be constructed and completed to support the subsequent construction of the said LRS Station and guideways in accordance with the timeframe and stationing called for in paragraph (r) (2) below; and

(ii) Fourteen (14) independent foundations and columns to support the LRS Station and guideway identified in Exhibit D , and in accordance with the criteria set forth in Exhibit E . These foundations and columns shall be constructed and completed to support the subsequent construction of the said LRS Station and guideways in accordance with the timeframe and stationing called for in paragraph (o) (3) below; and

(iii) The LRS Station 7 Stubouts described in paragraph (c) (ii) above shall be deemed part of the Lessee LRS Work;

The foregoing work specified above in clauses (i), (ii) and (iii) of this paragraph (e) is herein collectively called the 'Lessee LRS Work'.

The Lessee and the Port Authority acknowledge and agree that the preliminary designs prepared by the Lessee as and when approved by the Port Authority for the Lessee LRS Work shall be used by the LRS Contractor to prepare the final construction documents for that portion of the LRS which shall be located on or relate to the premises

(2) LRS Construction Zones: The Lessee shall at all times provide and make available the LRS Construction Zones A through F pursuant to and as defined in paragraph (o) (2) below for the LRS and the LRS Contractor, and the other related items for the LRS called for in paragraph (o) (2) below.

(3) "Notice to Proceed"; "Notice Not to Proceed"; "Notice to Suspend";"Notice to Discontinue"; : In addition to and without limiting any other term or provision of this Lease, it

is specifically understood and agreed that the commencement and performance of the Lessee LRS Work by the Lessee shall be subject to the right of the Port Authority to give the following written notices to the Lessee at any time with respect to the Port Authority's election, exercisable by the Port Authority in its sole discretion, to have the Lessee proceed with or not proceed with the Lessee LRS Work, or portions thereof, or to commence or not to commence the construction of the Lessee LRS Work, or portions thereof, or to have the Lessee discontinue or suspend the construction of the Lessee LRS Work, or portions thereof, in accordance with the following:

(i) "Notice to Proceed": The Lessee shall not commence the construction of the Lessee LRS Work, or any portion thereof, unless and until the Port Authority provides to the Lessee a written notice advising the Lessee to commence with the Lessee LRS Work, or specified portions thereof; and upon the delivery by the Port Authority to the Lessee of such Notice to Proceed the Lessee shall commence the Lessee LRS Work, or the specified portions thereof; in accordance with this Agreement and said Notice.

(ii) "Notice Not to Proceed": The Port Authority shall have the right, exercisable in its sole discretion, to elect not to have the Lessee LRS Work performed by the Lessee, and in such case the Port Authority shall give the Lessee written notice thereof; and upon the delivery by the Port Authority to the Lessee of such Notice Not to Proceed the Lessee shall not have the right or the obligation to perform the Lessee LRS Work nor to receive any reimbursement from the Port Authority with respect thereto under Section 84 hereof; except for actual amounts incurred by the Lessee prior to the date of said Notice for engineering and architectural services forming part of the Cost of the Lessee LRS Work under item (iii) of subparagraph (6) of paragraph (a) of Section 84 hereof, provided that said actual amounts are actually paid by the Lessee not later than ninety (90) days after the date of said Notice and are included in a LRS Work Certificate submitted by the Lessee to the Port Authority pursuant to Section 84 hereof not later than ninety (90) days after the date of said Notice; provided, further, that any such reimbursement shall be made subject and pursuant to said Section 84 hereof.

(iii) "Notice to Suspend"

The Port Authority shall have the right, exercisable in its sole discretion, to suspend the Lessee LRS Work being performed by the Lessee, and in such case the Port Authority shall give the Lessee written notice thereof; and upon the delivery by the Port Authority to the Lessee of such Notice to Suspend the Lessee shall not have the right or the obligation to perform any further Lessee LRS Work nor to receive any further reimbursement from the Port Authority with respect thereto under Section 84 hereof or otherwise; except for actual amounts incurred by the Lessee prior to the date of said Notice for the Cost of the Lessee LRS Work as defined in subparagraph (6) of paragraph (a) of Section 84 hereof, provided that said actual amounts are actually paid by the Lessee not later than ninety (90) days after the date of said Notice and are included in a LRS Work Certificate submitted by the Lessee to the Port Authority pursuant to Section 84 hereof not later than ninety (90) days after the date of said

Notice; provided, further, that any such reimbursement shall be made subject and pursuant to said Section 84 hereof; provided, further, however, that the Lessee shall continue to perform such portions of the Lessee LRS Work that are integral in function to the On-Premises Area 1 Work or the Off-Premises Work as and to the extent designated by the Port Authority in its aforesaid Notice and such work as is reasonably necessary, in the opinion of the Port Authority, for the close-out of the Lessee LRS Work performed prior to the date of said Notice. The Port Authority shall have the right to have the Lessee continue with the Lessee LRS Work in accordance with the terms and provisions of this Lease upon subsequent written notice to the Lessee, the Lessee shall have the obligation to continue with the Lessee LRS Work in event of such subsequent notice from the Port Authority. In the event of any such suspension pursuant to a Notice to Suspend, the applicable time frames set forth in paragraph (o) (2) (A) (1) of this Section 83 shall be extended for each day (on a day per day basis) of the suspension; and in the event the Lessee LRS Work is reinstated subsequent to any such suspension thereof and such suspension and reinstatement has a direct impact on all of the other portions of the Construction Work and on the staging thereof as provided in paragraph (i) of this Section 83, then the date set forth in paragraph (g) (2) (1) (iii) of this Section 83 as the required date for the completion of the Construction Work shall be extended for each day (on a day per day basis) of the suspension.

(iv) "Notice to Discontinue":

The Port Authority shall have the right, exercisable in its sole discretion, to discontinue the Lessee LRS Work being performed by the Lessee, and in such case the Port Authority shall give the Lessee written notice thereof; and upon the delivery by the Port Authority to the Lessee of such Notice to Discontinue the Lessee shall not have the right or the obligation to perform any further Lessee LRS Work nor to receive any further reimbursement from the Port Authority with respect thereto under Section 84 hereof or otherwise, except for actual amounts incurred by the Lessee prior to the date of said Notice for the Cost of the Lessee LRS Work as defined in subparagraph (6) of paragraph (a) of Section 84 hereof, provided that said actual amounts are actually paid by the Lessee not later than ninety (90) days after the date of said Notice and are included in a LRS Work Certificate submitted by the Lessee to the Port Authority pursuant to Section 84 hereof not later than ninety (90) days after the date of said Notice; provided, further, that any such reimbursement shall be made subject and pursuant to said Section 84 hereof; provided, further, however, that the Lessee shall continue to perform such portions of the Lessee LRS Work that are integral in function to the On-Premises Area 1 Work or the Off-Premises Work as and to the extent designated by the Port Authority in its aforesaid Notice and such work as is reasonably necessary, in the opinion of the Port Authority, for the close-out of the Lessee LRS Work performed prior to the date of said Notice

(f) (1) The Lessee agrees at its sole cost and expense to design and to construct (i) the On-Premises Area 1 Work on Area 1 of the premises and the Terminal 7 Building Expansion Work on the premises as described in paragraph (c) above; (ii) the Off-Premises Work on Area 2 outside the premises as described in paragraph (d) above; and (iii) the

Lessee LRS Work on the premises (as to item 1 (iii) of paragraph (e) above and on Area 2 outside the premises (as to items items 1 (i) and (1) (ii) of paragraph (e) above); such design and construction of the On-Premises Area 1 Work and the Off-Premises Work and the Lessee LRS Work shall, without limiting any other term or provision of the Lease, also be in conformance with the Port Authority's Basis of Design and Port Authority standard design details and design criteria as contained in the Port Authority Tenant Construction Review Manual (as the same may be amended from time to time), and, where applicable, LRS design detail and design criteria (such design and construction of the On-Premises Area 1 Work and the Terminal 7 Building Expansion Work and the Off-Premises Work and the Lessee LRS Work being sometimes herein collectively referred to as 'the Construction Work').

(2) Prior to the commencement of the Construction Work, the Lessee shall submit to the Port Authority for the Port Authority's approval complete plans and specifications therefor. The Port Authority may refuse to grant approval with respect to the Construction Work if, in its opinion, any of the proposed Construction Work as set forth in said plans and specifications (all of which shall be in such detail as may reasonably permit the Port Authority to make a determination as to whether the requirements hereinafter referred to are met) shall:

(i) Be unsafe, unsound, hazardous or improper for the use and occupancy for which it is designed, or

(ii) Not comply with the Port Authority's requirements for harmony of external architecture of similar existing or presently planned future improvements at the Airport, or

(iii) Not comply with the Port Authority's requirements with respect to external and interior building materials and finishes of similar existing or presently planned future improvements at the Airport, or

(iv) Not provide for sufficient clearances for taxiways, runways and apron areas, or

(v) Be designed for use for purposes other than those authorized under the Agreement, or

(vi) Set forth ground elevations or heights other than those prescribed by the Port Authority, or

(vii) Not provide adequate and proper circulation areas, or

(viii) Not be at locations or not be oriented in accordance with the Lessee's approved Comprehensive Plan, or

(ix) Not comply with the provisions of the Basic Lease, including without limiting the generality thereof, those provisions of the Basic Lease providing that the Port Authority will conform to the enactments, ordinances, resolutions and regulations of the City of New York and its various departments, boards and businesses in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection which would be applicable if the Port Authority were a private corporation to the extent that the Port Authority finds it practicable so to do, or

(x) Permit aircraft to overhang the boundary of the premises, except when entering or leaving the premises, or

(xi) Be in violation or contravention of any other provisions and terms of this Agreement, or

(xii) Not comply with all applicable governmental laws, ordinances, enactments, resolutions, rules and orders, or

(xiii) Not comply with all applicable requirements of the National Board of Fire Underwriters and the Fire Insurance Rating Organization of New York, or

(xiv) Not comply with the Port Authority's requirements with respect to landscaping, or

(xv) Not comply with Port Authority's requirements and standards with respect to noise, air pollution, water pollution or other types of pollution, or

(xvi) Not comply with the construction limitations set forth in Exhibit A, or Exhibit F ,if any, or elsewhere in this Agreement, or

(xvii) Without limiting any other term or provision hereof, not comply with the Americans With Disabilities Act of 1990 and all federal rules, regulations and guidelines pertaining thereto, or

(xviii) Not comply with the Port Authority's Basis of Design (Attachment A hereto), or

(xix) Not comply with the Port Authority's standard design details;

(xx) Not comply with the Port Authority's plans and policies with respect to ground transportation and traffic control and frontage control within the Central Terminal Area of the Airport, or

(xxi) Not be coordinated in design, functional planning, construction or scheduling or staging with other Port Authority or tenant construction in the Central Terminal Area at the Airport or with the Lessee's staging of the Construction Work hereunder or other ongoing Airport construction projects, including without limitation the Port Authority's planned LRS, or

(xxii) Not provide appropriate or adequate access for KIAC to its cogeneration facility and the Central Heating and Refrigeration Facility for all types of vehicular, including oversized, deliveries, or

(xxiii) Not comply with the construction scheduling set forth in Exhibit G attached hereto and hereby made a part hereof, if any, or

(xxiv) Not comply with the Port Authority's requirements with respect to design and construction of the Lessee LRS Work as contained in Exhibit E

(3) In addition to and without limiting the foregoing, with respect to the portion of the Construction Work representing the Off-Premises Work and the Lessee LRS Work, the Lessee's design thereof and the said plans and specifications shall be subject to the complete prior written approval of the Port Authority and the Lessee shall make all changes and modifications to the said design, plans and specifications as may be required or recommended by the Port Authority.

(4) The Lessee and the Port Authority shall establish a design and construction working group to review the development of the Project and all drawings, specifications, calculations and reports and like items prior to the submission of any drawings or plans to the Port Authority. The working group shall meet on a regular basis in order that the Port Authority will generally be informed of all areas of the design of the Project and be aware of all construction approval dates. The meetings shall be on an informal basis to encourage a full discussion of all appropriate issues and will not supersede the review or approval process of the Design Development Documents and the contract documents as described in this Section. The meetings shall continue until the Project is completed. Attached hereto as Exhibit H is a schedule of the submission by the Lessee to the Port Authority of specified 'Packages' of Design Development Documents and construction documents which include the plans and specifications covering the Construction Work ('Schedule of Design Packages').

(g) All Construction Work shall be done in accordance with the following terms and conditions:

(1) The Lessee hereby assumes the risk of loss or damage to all of the Construction Work prior to the completion thereof and the risk of loss or damage to all property of the Port Authority or others arising out of or in connection with the performance of the

Construction Work including without limitation any and all Environmental Requirements. In the event of such loss or damage, the Lessee shall forthwith repair, replace and make good the Construction Work and the property of the Port Authority or others without cost or expense to the Port Authority. The Lessee shall itself and shall also require its contractors to indemnify and hold harmless the Port Authority, its Commissioners, officers, agents and employees from and against all claims and demands, just or unjust, of third persons (including employees, officers, and agents of the Port Authority) arising or alleged to arise out of the performance of the Construction Work and for all expenses incurred by it and by them in the defense, settlement or satisfaction thereof, including without limitation thereto, claims and demands for death, for personal injury or for property damage, direct or consequential, whether they arise from the acts or omissions of the Lessee, of any contractors of the Lessee, of the Port Authority, or of third persons, or from acts of God or of the public enemy, or otherwise, (including claims of the City of New York against the Port Authority pursuant to the provisions of the Basic Lease whereby the Port Authority has agreed to indemnify the City against claims), excepting only claims and demands which result solely from affirmative wilful acts done by the Port Authority, its Commissioners, officers, agents and employees with respect to the Construction Work, provided, however, that the Lessee shall not be required to indemnify the Port Authority where indemnity would be precluded pursuant to the provisions of Section 5-322.1 of the General Obligations Law of the State of New York.

If so directed, the Lessee shall at its own expense defend any suit based upon any such claim or demand (even if such suit, claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance written permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

(2) (i) Prior to engaging or retaining an architect or architects for the Construction Work, the name or names of said architect or architects shall be submitted to the Port Authority for its approval. The Port Authority shall have the right to disapprove any architect who may be unacceptable to it. All Construction Work shall be done in accordance with plans and specifications to be submitted to and approved by the Port Authority prior to the commencement of the Construction Work, and until such approval has been obtained the Lessee shall continue to resubmit plans and specifications as required. Upon approval of such plans and specifications by the Port Authority (such approved plans and specifications as modified by a Change Order (as hereinafter defined) being herein sometimes called the 'Contract Documents'), the Lessee shall proceed diligently at its sole cost and expense to perform the Construction Work. All Construction Work, including workmanship and materials, shall be of first class quality. The Lessee shall re-do, replace or construct at its own cost and expense, any Construction Work not done in accordance with the approved plans and specifications, the provisions of this Section 83 or any further requirements of the Port Authority.

(ii) The Lessee shall expend not less than (2.a.) with respect to the following: the Off-Premises Work, the On-Premises Area 1 Work and the Existing Premises Renovation Work as defined in Section 83 B hereof; (and exclusive of the Lessee LRS Work).

(iii) The Lessee shall complete all of the Construction Work no later than March 31, 2002, subject to extensions for force majeure and applicable extensions for Change Orders (as defined in paragraph (iv) below).

(iv) For purposes of Sections 83 and 84 of this Agreement, a 'Change Order' shall mean (x) any material change to the Contract Documents (as defined above) for which the Lessee has received the prior written approval of the Port Authority in such form as may be required by the Port Authority or (y) any immaterial change to the Contract Documents which the Port Authority determines does not require the approval of the Port Authority. The following proposed change orders shall be deemed to be material changes (including but not limited to those resulting from authorized Port Authority Requested Changes as described in paragraph (h) (3) of this Section 83) requiring the prior written approval in such form as may be required by the Port Authority and authorization of the Port Authority:

(A) a proposed change order which increases or reduces the scope of , or the design intent of, the Project from the project described in the Port Authority's Summary Basis of Design (Attachment A) or in the Design Development Documents;

(B) a proposed change order which after the Port Authority has approved the Contract Documents results in the issuance of a new or revised drawing by the Lessee's architect or engineer;

(C) a proposed change order which adversely affects the quality of the Project so that the Project will not deliver a level of service 'C' as defined by AASHTO and IATA Standards during peak operation; or

(D) a proposed change order the performance of which would require an extension of the required completion date beyond March 31, 2002, other than by reason of force majeure.

In the event of any dispute as to whether a change is a material or an immaterial change to the contract documents, such dispute shall be referred to and determined by the Chief Engineer of the Port Authority. The Lessee will not start the work described in any proposed change order without the prior written of the Port Authority until such proposed change order has been so approved.

(3) Prior to entering into a contract for any part of the Construction

Work, the Lessee shall submit to the Port Authority for its approval the names of the contractors to whom the Lessee proposes to award said contracts. The Lessee shall require all proposed contractors to submit a detailed breakdown of bids at bid submittal which allows identification of On-Premises Area 1 Work, Off-Premises Work and Lessee LRS Work. The Port Authority shall have the right to disapprove any contractor who may be unacceptable to it. The Lessee shall include in all such contracts such provisions and conditions as may be reasonably required by the Port Authority. Without limiting the generality of the foregoing all of the Lessee's construction contracts shall provide as follows: 'If (i) the Contractor fails to perform any of his obligations under the Contract, including his obligation to the Lessee to pay any claims lawfully made against him by any materialman, subcontractor or workman or other third person which arises out of or in connection with the performance of the Contract or (ii) any claim (just or unjust) which arises out of or in connection with the Contract is made against the Lessee or (iii) any subcontractor under the Contract fails to pay any claims, lawfully made against him by any materialman, subcontractor, workman or other third persons which arises out of or in connection with the Contract or if in the Lessee's opinion any of the aforesaid contingencies is likely to arise, then the Lessee shall have the right, in its discretion, to withhold out of any payment (final or otherwise and even though such payments have already been certified as due) such sums as the Lessee may deem ample to protect it against delay or loss or to assume the payment of just claims of third persons, and to apply such sums in such manner as the Lessee may deem proper to secure such protection or satisfy such claims. All sums so applied shall be deducted from the Contractor's compensation. Omission by the Lessee to withhold out of any payment, final or otherwise, a sum for any of the above contingencies, even though such contingency has occurred at the time of such payment, shall not be deemed to indicate that the Lessee does not intend to exercise its right with respect to such contingency. Neither the above provisions for rights of the Lessee to withhold and apply monies nor any exercise, or attempted exercise of, or omission to exercise such rights by the Lessee shall create any obligation of any kind to such materialmen, subcontractors, workmen or other third persons. Until actual payment is made to the Contractor, his right to any amount to be paid under the Contract (even though such amount has already been certified as due) shall be subordinate to the rights of the Lessee under this provision.'

The Lessee shall file with the Port Authority a copy of its contracts with its contractors prior to start of the Construction Work.

(4) The Lessee shall furnish or require its architect to furnish a full time resident engineer during the construction period. The Lessee shall require certification by a licensed engineer of all pile driving data and of all controlled concrete work and such other certifications as may be required by the Port Authority from time to time.

(5) The Lessee agrees to be solely responsible for any plans and specifications used by it and for any loss or damages resulting from the use thereof, notwithstanding that the same have been approved by the Port Authority and notwithstanding the incorporation therein of Port Authority recommendations or requirements; provided that with respect to the Lessee LRS

Work, the Lessee shall submit to the Port Authority for its approval the names of the contractors to whom the Lessee proposes to award said contracts. The Lessee shall require all proposed contractors to submit a detailed breakdown of bids at bid submittal which allows identification of On-Premises Area 1 Work, Off-Premises Work and Lessee LRS Work. The Port Authority shall have the right to disapprove any contractor who may be unacceptable to it. The Lessee shall include in all such contracts such provisions and conditions as may be reasonably required by the Port Authority. Without limiting the generality of the foregoing all of the Lessee's construction contracts shall provide as follows: 'If (i) the Contractor fails to perform any of his obligations under the Contract, including his obligation to the Lessee to pay any claims lawfully made against him by any materialman, subcontractor or workman or other third person which arises out of or in connection with the performance of the Contract or (ii) any claim (just or unjust) which arises out of or in connection with the Contract is made against the Lessee or (iii) any subcontractor under the Contract fails to pay any claims, lawfully made against him by any materialman, subcontractor, workman or other third persons which arises out of or in connection with the Contract or if in the Lessee's opinion any of the aforesaid contingencies is likely to arise, then the Lessee shall have the right, in its discretion, to withhold out of any payment (final or otherwise and even though such payments have already been certified as due) such sums as the Lessee may deem ample to protect it against delay or loss or to assume the payment of just claims of third persons, and to apply such sums in such manner as the Lessee may deem proper to secure such protection or satisfy such claims. All sums so applied shall be deducted from the Contractor's compensation. Omission by the Lessee to withhold out of any payment, final or otherwise, a sum for any of the above contingencies, even though such contingency has occurred at the time of such payment, shall not be deemed to indicate that the Lessee does not intend to exercise its right with respect to such contingency. Neither the above provisions for rights of the Lessee to withhold and apply monies nor any exercise, or attempted exercise of, or omission to exercise such rights by the Lessee shall create any obligation of any kind to such materialmen, subcontractors, workmen or other third persons. Until actual payment is made to the Contractor, his right to any amount to be paid under the Contract (even though such amount has already been certified as due) shall be subordinate to the rights of the Lessee under this provision.'

The Lessee shall file with the Port Authority a copy of its contracts with its contractors prior to start of the Construction Work.

(4) The Lessee shall furnish or require its architect to furnish a full time resident engineer during the construction period. The Lessee shall require certification by a licensed engineer of all pile driving data and of all controlled concrete work and such other certifications as may be required by the Port Authority from time to time.

(5) The Lessee agrees to be solely responsible for any plans and specifications used by it and for any loss or damages resulting from the use thereof, notwithstanding that the same have been approved by the Port Authority and notwithstanding the incorporation therein of Port Authority recommendations or requirements; provided that with respect to the Lessee LRS

Work the foregoing shall not be deemed to create any Lessee responsibility for the underlying design assumptions made in the LRS design and supplied by the Port Authority to the Lessee with respect to the location of the LRS in the Construction Work Site. Notwithstanding the requirement for approval by the Port Authority of the contracts to be entered into by the Lessee or the incorporation therein of Port Authority requirements or recommendations, and notwithstanding any rights the Port Authority may have reserved to itself hereunder, the Port Authority shall have no liabilities or obligations of any kind to any contractors engaged by the Lessee or for any other matter in connection therewith and the Lessee hereby releases and discharges the Port Authority, its Commissioners, officers, representatives and employees of and from any and all liability, claims for damages or losses of any kind, whether legal or equitable, or from any action or cause of action arising or alleged to arise out of the performance of any Construction Work pursuant to the contracts between the Lessee and its contractors. Any warranties contained in any construction contract entered into by the Lessee for the performance of the Construction Work hereunder shall be for the benefit of the Port Authority as well as the Lessee, and the contract shall so provide.

(6) The Port Authority shall have the right, through its duly designated representatives, to inspect the Construction Work and the plans and specifications thereof, at any and all reasonable times during the progress thereof and from time to time, in its discretion, to take samples and perform testing on any part of the Construction Work.

(7) The Lessee agrees that it shall deliver to the Port Authority two (2) sets of 'as built' microfilm drawings of the Construction Work mounted on aperture cards, an electronic CADD data file in a format to be designated by the Port Authority, all of which shall conform to the specifications of the Port Authority (the receipt of a copy of said specifications prior to the execution of this Lease being hereby acknowledged by the Lessee), all engineering reports, engineering analysis, boring logs, survey information and engineering design calculations and operation and maintenance manuals in a comprehensive, coordinated package. The Lessee shall during the term of this Lease keep said microfilm drawings and digital electronic files of the drawings and said electronic CADD data file current showing thereon any changes or modifications which may be made. (No changes or modifications shall be made without prior Port Authority consent).

(8) The Lessee shall, if requested by the Port Authority, take all reasonable measures to prevent erosion of the soil and the blowing of sand during the performance of the Construction Work, including but not limited to the fencing of the premises or portions thereof or other areas and the covering of open areas with asphaltic emulsion or similar materials as the Port Authority may direct.

(9) Any soil, dirt, sand or other matter (hereinafter in this item (9) collectively called the 'matter') excavated by the Lessee during the course of the Construction Work and not used at the Construction Work Site shall be delivered and deposited by the Lessee at its expense to

any location on the Airport or to any location off the Airport within the Port of New York District as may be designated by the Port Authority, subject to and in accordance with the provisions hereof and all Environmental Requirements. The entire proceeds, if any, of the sale or other disposition of the matter shall belong to the Port Authority. Notwithstanding the foregoing the Port Authority may elect by prior written notice to the Lessee to waive any rights it may have hereunder as to all or portions of the matter in which event the Lessee at its expense shall dispose of the same without further instruction from the Port Authority, subject to and in accordance with the provisions hereof and with respect to Area 1 subject to Paragraph 2 of Supplement No. 2 of the Lease.

(10) The Lessee shall pay or cause to be paid all claims lawfully made against it by its contractors, subcontractors, materialmen and workmen, and all claims lawfully made against it by other third persons arising out of or in connection with or because of the performance of the Construction Work, and shall cause its contractors and subcontractors to pay all such claims lawfully made against them, provided, however, that nothing herein contained shall be construed to limit the right of the Lessee to contest any claim of a contractor, subcontractor, materialman, workman and/or other person and no such claim shall be considered to be an obligation of the Lessee within the meaning of this Section unless and until the same shall have been finally adjudicated. The Lessee shall use its best efforts to resolve any such claims and shall, keep the Port Authority fully informed of its actions with respect thereto. Nothing herein contained shall be deemed to constitute consent to the creation of any liens or claims against the premises, Area 2 or any other part of the Airport nor to create any rights in said third persons against the Port Authority.

(11) (i) The Lessee in its own name as insured and including the Port Authority as an additional insured shall procure and maintain Comprehensive General Liability insurance, including but not limited to premises-operations, products-completed operations, explosion, collapse and underground property damages, personal injury and independent contractors, with a broad form property damage endorsement, and with a contractual liability endorsement covering the obligations assumed by the Lessee pursuant to subparagraphs (1) and (5) of this paragraph (g), and Comprehensive Automobile Liability insurance covering owned, non-owned and hired vehicles. The said Comprehensive General Liability insurance policy shall have a limit of not less than $10,000,000 combined single limit per occurrence for bodily injury and property damage liability, and said Comprehensive Automobile Liability policy shall have a limit of not less than $10,000,000 combined single limit per accident for bodily injury and property damage liability.

Without limiting the provisions hereof, in the event the Lessee maintains the foregoing insurance in limits greater than aforesaid, the Port Authority shall be included therein as an additional insured to the full extent of all such insurance in accordance with all the terms and provisions hereof.

The foregoing shall be in addition to all policies of insurance otherwise required by this Agreement, or the Lessee may provide such insurance by requiring each contractor engaged by

it for the Construction Work to procure and maintain such insurance including such contractual liability endorsement; said insurance, whether procured by the Lessee or by a contractor engaged by it as aforesaid, not to contain any care, custody or control exclusions or any exclusion for bodily injury to or sickness, disease or death of any employee of the Lessee or of any of its contractors which would conflict with or in any way impair coverage under the contractual liability endorsement. The said policy or policies of insurance shall also provide or contain an endorsement providing that the protections afforded the Lessee thereunder with respect to any claim or action against the Lessee by a third person shall pertain and apply with like effect with respect to any claim or action against the Lessee by the Port Authority, and shall also provide or contain an endorsement providing that the protections afforded the Port Authority thereunder with respect to any claim or action against the Port Authority by the Lessee or its contractor(s) shall be the same as the protections afforded the Lessee thereunder with respect to any claim or action against the Lessee by a third person as if the Port Authority were the named insured thereunder; but such endorsement shall not limit, vary or affect the protections afforded the Port Authority thereunder as an additional insured.

(ii) The Lessee shall also procure and maintain in effect, or cause to be procured and maintained in effect Workers' Compensation Insurance and Employer's Liability Insurance in accordance with and as required by law.

(iii) The insurance required hereunder in this subparagraph (11) shall be maintained in effect during the performance of the Construction Work. As to the insurance required by the provisions of this paragraph (11), a certified copy of the policies or a certificate or certificates or binders, evidencing the existence thereof, shall be delivered by the Lessee to the Port Authority at least fifteen (15) days prior to the commencement of any Construction Work. Each policy, certificate or binder delivered as aforesaid shall bear the endorsement of or be accompanied by evidence of payment of the premium thereon. In the event a binder is delivered, it shall be replaced within thirty (30) days by a certified copy of the policy or a certificate. Each such copy or certificate with respect to the insurance required by the provisions of this paragraph (11), shall contain a valid provision or endorsement that the policy may not be canceled, terminated, changed or modified without giving thirty (30) days' written advance notice thereof to the Port Authority. Each such copy or certificate shall contain an additional endorsement providing that the insurance carrier shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, its Commissioners, officers, agents, or employees, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority. Any renewal policy or certificate shall be delivered to the Port Authority prior to the expiration of each expiring policy, except for any policy expiring after the date of expiration of the term of this Agreement. The aforesaid insurance shall be written by a company or companies approved by the Port Authority, the Port Authority agreeing not to withhold its approval unreasonably. If at any time any of the insurance policies shall be or become unsatisfactory to the Port Authority as to the form or

substance or if any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Lessee shall promptly obtain a new and satisfactory policy in replacement, the Port Authority covenanting and agreeing not to act unreasonably hereunder. If the Port Authority at any time so requests, a certified copy of each of the policies shall be delivered to the Port Authority.

(12) The Lessee shall be under no obligation to reimburse the Port Authority for expenses incurred by the Port Authority in connection with its normal review and approval of the original plans and specifications submitted by the Lessee pursuant to this Section. The Lessee however agrees to pay to the Port Authority upon its demand the expenses incurred by the Port Authority in connection with any additional review for approval of any changes, modifications or revisions of the original plans and specifications which may be proposed by the Lessee for the Port Authority's approval. The expenses of the Port Authority for any such additional review and approval shall be computed on the basis of direct payroll time expended in connection therewith plus 100%. Wherever in this Lease reference is made to "direct payroll time", costs computed thereunder shall include a prorata share of the cost to the Port Authority of providing employee benefits, including, but not limited to, pensions, hospitalization, medical and life insurance, vacations and holidays. Such computations shall be in accordance with the Port Authority's accounting principles as consistently applied prior to the execution of this Lease.

(13) The Lessee shall prior to the commencement of construction and at all times during construction submit to the Port Authority all engineering studies with respect to construction and samples of construction materials as may be required at any time and from time to time by the Port Authority.

(14) The Lessee shall procure and maintain Builder's Risk (All Risk) Completed Value Insurance covering the Construction Work during the performance thereof including material delivered to the Construction Work Site but not attached to the realty. Such insurance shall be in compliance with and subject to the applicable provisions set forth herein and shall name the Port Authority, the City of New York, the Lessee and its contractors and subcontractors as additional assureds and such policy shall provide that the loss shall be adjusted with and payable to the Lessee. Such proceeds shall be used by the Lessee for the repair, replacement or rebuilding of the Construction Work and any excess shall be paid over to the Port Authority. The policies or certificates representing insurance covered by this paragraph (14) shall be delivered by the Lessee to the Port Authority at least thirty (30) days prior to the commencement of construction of the Construction Work, and each policy or certificate delivered shall bear the endorsement of or be accompanied by evidence of payment of the premium thereof and, also, a valid provision obligating the insurance company to furnish the Port Authority and the City of New York thirty (30) days' advance notice of the cancellation, termination, change or modification of the insurance evidenced by said policy or certificate. Renewal policies or certificates shall be delivered to the Port Authority at least thirty (30) days before the expiration of the insurance which such policies are to renew.

The insurance covered by this paragraph (14) shall be written by companies approved by the Port Authority, the Port Authority covenanting and agreeing not to withhold its approval unreasonably. If at any time any of the insurance policies shall be or become unsatisfactory to the Port Authority as to the form or substance or if any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Lessee shall promptly obtain a new and satisfactory policy in replacement, the Port Authority covenanting and agreeing not to act unreasonably hereunder. If at any time the Port Authority so requests, a certified copy of each of the said policies shall be delivered to the Port Authority.

(15) The Lessee shall at the time of submitting the Comprehensive Plan to the Port Authority as provided in paragraph (b) hereof submit to the Port Authority its forecasts of the number of people who will be working at various times during the term of the Lease at the Construction Work Site, the expected utility demands of the premises, noise profiles and such other information as the Port Authority may require. The Lessee shall continue to submit its latest forecasts and such other information as may be reasonably required as aforesaid as the Port Authority shall from time to time and at any time request.

(16) The Lessee shall execute and submit for the Port Authority's approval a Construction Application or Applications in the form prescribed by the Port Authority covering the Construction Work or portions thereof. The Lessee shall comply with all the terms and provisions of the approved Construction Applications. In the event of any inconsistency between the terms of any Construction Application and the terms of this Lease, the terms of this Lease shall prevail and control.

(17) Nothing contained in this Lease shall grant or be deemed to grant to any contractor, architect, supplier, subcontractor or any other person engaged by the Lessee or any of its contractors in the performance of any part of the Construction Work any right of action or claim against the Port Authority, its Commissioners, officers, agents and employees with respect to any work any of them may do in connection with the Construction Work. Nothing contained herein shall create or be deemed to create any relationship between the Port Authority and any such contractor, architect, supplier, subcontractor or any other person engaged by the Lessee or any of its contractors in the performance of any part of the Construction Work and the Port Authority shall not be responsible to any of the foregoing for any payments due or alleged to be due thereto for any work performed or materials purchased in connection with the Construction Work.

(18) (i) Without limiting any of the terms and conditions of this Lease, the Lessee understands and agrees that it shall put into effect prior to the commencement of any Construction Work an affirmative action program and Minority Business Enterprise (MBE) program and Women-owned Business Enterprise (WBE) program in accordance with the provisions of Schedule E, attached to Supplement No. 2 of the Lease and hereby made a part hereof; and as used in said Schedule E the term 'construction work' shall apply to the Construction Work hereunder. The provisions of said Schedule E of this Lease shall be applicable to the Lessee's contractor or

contractors and subcontractors at any tier of construction as well as to the Lessee itself and the Lessee shall include the provisions of said Schedule E within all of its construction contracts so as to make said provisions and undertakings the direct obligation of the construction contractor or contractors and subcontractors at any tier of construction. The Lessee shall and shall require its said contractor, contractors and subcontractors to furnish to the Port Authority such data, including but not limited to compliance reports relating to the operation and implementation of the affirmative action, MBE and WBE programs called for hereunder as the Port Authority may request at any time and from time to time regarding the affirmative action, Minority Business Enterprises and Women-owned Business Enterprises programs of the Lessee and its contractor, contractors, and subcontractors at any tier of construction, and the Lessee shall and shall also require that its contractor, contractors and subcontractors at any tier of construction make and put into effect such modifications and additions thereto as may be directed by the Port Authority pursuant to the provisions hereof and said Schedule E to effectuate the goals of affirmative action and Minority Business Enterprise and Women-owned Business Enterprise programs.

(ii) In addition to and without limiting any terms and provisions of this Lease, the Lessee shall provide in its contracts and all subcontracts covering the Construction Work or any portion thereof, that:

(aa) The contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, and shall undertake or continue existing programs of affirmative action to ensure that minority group persons are afforded equal employment opportunity without discrimination. Such programs shall include, but not be limited to, recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeships and on-the-job training;

(bb) At the request of either the Port Authority or the Lessee, the contractor shall request such employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding and which is involved in the performance of the contract with the Lessee to furnish a written statement that such employment agency, labor union or representative shall not discriminate because of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will cooperate in the implementation of the contractor's obligations hereunder;

(cc) The contractor will state, in all solicitations or advertisements for employees placed by or on behalf of the contractor in the performance of the contract, that all qualified applicants will be afforded equal employment opportunity without discrimination because of race, creed, color, national origin, sex, age, disability or marital status;

(dd) The contractor will include the provisions of subparagraphs (aa) through (cc)

of this paragraph in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to its work in connection with the contract;

(ee) 'Contractor' as used herein in this paragraph (18) and in Schedule E shall include each contractor and subcontractor at any tier of construction.

(19) (i) Attached hereto, hereby made a part hereof and identified as "Exhibit M" is a copy of Long Island Well Permit No. 2-6308-00019/00005-0 effective for the period November 2, 1995 through December 31, 2000 issued by the New York State Department of Environmental Conservation ("NYSDEC") to the Port Authority covering the installation and operation of temporary dewatering systems associated with the Central Terminal Area redevelopment program at the Airport (which permit, including the attachment marked as Attachment 1 thereof, as the same may be extended or superseded or replaced by another dewatering permit, is hereinafter called the "General Dewatering Permit"). The Lessee has requested that it be permitted to conduct dewatering performed by it in connection with the certain portions of the Construction Work (hereinafter described) to be performed by the Lessee hereunder and pursuant to the General Dewatering Permit. The Port Authority hereby grants its permission for the Lessee to perform dewatering performed by it in connection with the limited portions of the Construction Work under and pursuant to the General Dewatering Permit on the following terms and conditions, provided, however, that the said permission shall be limited to and shall extend and apply solely to the portions of the Construction Work which consist of the Roadway Package # 5 work and the portion of the Lessee LRS Work stated in sub-subdivision (1) (B) below; and provided, further, however, that the permission granted hereunder with respect to any extension of or replacement or succeeding permit to Permit No. 2-6308-00019/00005-0 shall not be effective if the conduct of dewatering thereunder by the Lessee would be a violation of such permit:

(1) (A) The Lessee shall comply with all the terms and conditions of the General Dewatering Permit and with all additional requirements of the NYSDEC in connection with dewatering performed by the Lessee under the General Dewatering Permit and the JFK SPDES (New York State Pollution Discharge Elimination System) permit (No. NY 0008109) (the 'JFK SPDES Permit') and all other regulations in connection with any dewatering and/or discharge performed by the Lessee or contractor(s) of the Lessee at the Airport. The Lessee, in its own name, prior to the commencement of any portion of the Construction Work, shall also obtain, prior authorization under the NYSDEC Stormwater Discharge Permit for Construction Activity, which requires the Lessee to develop and implement an approved Stormwater Pollution prevention Plan tailored to the Construction Work Site, and the Lessee shall maintain compliance with that Plan for the duration of the Project.

(B) It is specifically understood and agreed that the permission of the Port Authority granted hereunder will allow the Lessee solely to dewater well points under the General Dewatering Permit contingent on NYSDSEC review for the Roadway Package # 5 work and the

installation of the columns for the Lessee LRS Work stated below, as described in Attachment 1 of Exhibit M; with the following additional conditions:

Condition for the Roadway Package #5 work: The Lessee shall not remove through installed deep wells more than 1,250,000 gallons per day under the General Dewatering Permit for the duration of the General Dewatering Permit.

Condition for the Lessee LRS Work: The permission hereunder shall be limited to the installation of columns. The allocation for well dewatering by the Lessee for the said portion of the Lessee LRS Work will be confirmed by the Port Authority Engineering Department, not to exceed 0.6 million gallons per day from October 1, 1998 through September 30, 1999. The Port Authority will allocate from available volume provided under the General Dewatering Permit, not to impact any other LRS construction, pending submission of complete calculations from the Lessee.

The Roadway Package #5 work and the Lessee LRS Work dewatering and discharges must be monitored and reported separately. Accordingly, separate monitoring systems shall be used to track dewatering and discharge activities at the respective portions of the Construction Work Site. In addition, quantities allocated for one portion may not be applied to any other portion of the Construction Work or any other portion of the Construction Work Site.

(2) (A) The Lessee shall designate, by written notice to the Port Authority given not later than five (5) days after the Lessee's execution of Supplement No. 2 to this Lease, a duly authorized representative of the Lessee (the 'Lessee Environmental Representative') who shall be responsible for the Lessee's compliance with the General Dewatering Permit and the aforesaid JFK SPDES Permit.

(B) Upon written notice to the Lessee by the Port Authority which may be given at any time upon any indication of non-compliance or potential non-compliance by the Lessee with the General Dewatering Permit, the Lessee shall immediately retain, at its own expense, under contract a qualified environmental consultant, independent of the Lessee's construction contractor, which qualified environmental consultant shall be subject to the approval of the Port Authority and which qualified environmental consultant shall provide liaison with the Port Authority and shall have the obligation to submit any and all reports, and any other requested information, directly to the Port Authority and to oversee installation of the dewatering wells by a licensed driller, and to monitor contractor compliance with all dewatering operations. The aforesaid Lessee Environmental Representative and/or the qualified environmental consultant of the Lessee shall promptly notify the Supervisor, Permits and Government Approvals of the Port Authority's Environmental Engineering Unit of the progress of scheduled activities, including initiation of

dewatering activities and shall provide weekly updates (by facsimile) on the activities at the Construction Work Site, including the status of dewatering activities (e.g. volumes removed, condition of waters). Anything to the contrary in the foregoing notwithstanding, the said environmental consultant shall at all times be a contractor of the Lessee. The Port Authority shall not be responsible for any act or omission or fault or neglect of the said environmental consultant nor shall the Port Authority have any liabilities or obligations of any kind to said environmental consultant nor any responsibility for any payments due or alleged to be due thereto.

(3) In addition to and without limiting sub-subdivision (5) below or any other term or provision of this Lease, the Lessee shall be solely responsible for any and all fines, penalties, assessments, or levies assessed due to deviation from or violation of the General Dewatering Permit and the requirements and conditions thereof or due to deviation from or violation of the aforesaid JFK SPDES Permit or of the Lessee's authorization to discharge stormwater during construction, mentioned above, or of any other permit, plan, authorization or permission mentioned herein. All design planning shall be in conformance with the requirements and conditions of the General Dewatering Permit, of the aforesaid JFK SPDES permit and applicable NYSDEC regulatory requirements and of any other permit, plan, authorization or permission mentioned herein. The Lessee is responsible for complete compliance with the said regulatory requirements and regulations.

(4) In the event that the projected zone of influence of planned dewatering system is found to extend into any area outside of the premises under this Lease, the Lessee shall notify the Port Authority by submitting to the Geotechnical Unit of the Port Authority the proposed dewatering design for review and approval. This proposed plan shall include the identification of potentially affected non-pile supported structures and pavements which may be impacted by drawdown effects during dewatering operations. In addition, the impact of pumped discharge (which will impact measurement of total suspended solids levels limited by the discharge permit conditions) during pumping and sumping operations shall be subject to prior review and approval by the Port Authority.

(5) The Lessee agrees to assume all risks arising out of its performance of dewatering and discharging at any portion or area of the Construction Work Site under the General Dewatering Permit the JFK SPDES Permit or any other applicable permit or of any other permit, plan, authorization or permission mentioned herein and, without limiting the generality of any other term or provision contained in this Agreement, the Lessee shall indemnify, hold harmless and reimburse the Port Authority, its Commissioners, officers, employees and representatives from and against (and shall reimburse the Port Authority for the Port Authority's costs and expenses including, without limitation, legal costs and expenses incurred in connection with the defense of) all claims and demands, penalties, fines, liabilities (including, without limitation, strict liability), settlements, attorney and consultant fees, investigation and laboratory fees, cleanup and remediation costs, court costs and litigation expenses, damages, judgements, losses, costs and expenses, including, without limitation, claims for personal injury, including death, and property damage, of

whatsoever kind or nature and whether known or unknown, contingent or otherwise, just or unjust, groundless or foreseeable or otherwise arising or alleged to arise out of, or any way related to the Lessee's performance of dewatering or any discharging at any portion of the Construction Work Site or the Airport or the use of the General Dewatering Permit or the JFK SPDES Permit by the Lessee or of any other permit, plan, authorization or permission mentioned herein. If so directed, the Lessee shall at its own expense defend any suit based upon the foregoing, and in handling such it shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority.

(6) In accordance with Special Condition No. 3 of the General Dewatering Permit, the Lessee shall submit to the Supervisor, Permits and Government Approvals of the Port Authority's Environmental Engineering Division all information required by Special Condition No. 3 of the General Dewatering Permit at least forty-five (45) days prior to commencement of construction under each individual contract pursuant to which dewatering and discharge shall be performed by the Lessee. Exhibit M (the General Dewatering Permit) contains a listing of the designated requirements. The Lessee, prior to any performance of any portion of the Construction Work, shall also provide to the Port Authority copies of the Notice of Intent which the Lessee shall submit to the NYSDEC in the Lessee's application for the Construction Discharge Permit, mentioned above, under the JFK SPDES Permit.

(7) Monthly volume logs, water quality results, visual inspection logs and photographs required by the Special Conditions of the General Dewatering Permit covering each portion of the Construction Work Site are to be submitted by the Lessee to the Supervisor, Permits and Government Approvals of the Port Authority's Environmental Engineering Division by the 10th (tenth) day of the month following the month in which the foregoing are recorded or obtained. The parameters to be analyzed and reported will be specified by NYSDEC pursuant to Special Condition No. 4 of the General Dewatering Permit.

(8) The permission granted pursuant to this subdivision (i) of this subparagraph (19) for the Lessee to perform dewatering pursuant to the General Dewatering Permit and discharging pursuant to the JFK SPDES Permit, as aforesaid, and any other related matter may be revoked by the Port Authority upon twenty-four (24) hours' notice to the Lessee if the Lessee fails, within seven (7) days after receipt by the Lessee of notice of default from the Port Authority identifying the breach or breaches of this subdivision (i) of this subparagraph (19) , to cure any default of the terms and conditions of this subdivision (i) of this subparagraph (19) so identified.

(9) Not later than ten (10) days after completion by the Lessee of

dewatering activities, the Lessee shall perform and complete, a closure of the deep water wells in conformance with the NYSDEC requirements. As part of the closure of these wells. The Lessee and its contractor (s) shall notify both the Port Authority and the NYSDEC of this action.

(ii) (1) Dewatering criteria shall be developed to accommodate pile cap construction for thethe Elevated Parking Structure. The Lessee shall, at its sole cost and expense, promptly obtain from the NYSDEC and maintain in effect its own dewatering permit and its own New York State Pollution Discharge Elimination System (SPDES) construction permit covering the Elevated Parking Structure portion of the Construction Work and all other portions of the Construction Work Site not included in (i) of this subparagraph (19) (herein called 'the Lessee's Permits') for the removal of groundwater and discharge elimination in connection with all or any of the said work. Maximum flow from the dewatering systems shall not exceed permissible limits defined in the Lessee's Permits.

(2) In addition to and without limiting any of the terms or provisions of this Lease, the Lessee shall comply with all the terms and conditions of the Lessee's Permits and with any and all additional requirements of the NYSDEC. Without limiting the terms and provisions of the Lease, the Lessee hereby assumes all risks arising out of or in connection with the Lessee's performance of dewatering or discharging under the Lessee's Permits and, without limiting the generality of any other term or provision of this Lease the Lessee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, agents and employees from and against (and shall reimburse the Port Authority for its costs and expenses including without limitation legal costs and expenses incurred in connection with the defense of) all claims and demands, penalties, fines, liabilities (including without limitation strict liability), settlements, attorney and consultant fees, investigation and laboratory fees, clean-up and remediation costs, court costs and litigation expenses, damages, judgements, losses, costs and expenses, including without limitation claims for personal injury, including death, and property damage, of whatsoever kind or nature and whether known or unknown, contingent or otherwise, just or unjust, groundless or foreseeable or otherwise arising or alleged to arise out of, or any related to the use of the Lessee's Permits by the Lessee or the performance of the dewatering or discharging by the Lessee. If so directed the Lessee shall at its expense defend any suit based upon any of the foregoing and in handling such it shall not without first having express advance permission from the General Counsel of the Port Authority raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority.

(3) In the event that the projected zone of influence of planned dewatering system is found to extend into any area outside of the premises under this Agreement, the Lessee shall notify the Port Authority by submitting to the Geotechnical Unit of the Port Authority the proposed dewatering design for review and approval.

(h) In addition to and without limiting the terms and conditions set forth in paragraph (g) above, the portion of the Construction Work representing the Eligible Construction Work (as defined in Section 84 hereof) and the Lessee LRS Work shall be done in accordance with the following further terms and conditions:

(1) In addition to the submission of the names of the architects and contractors for Port Authority approval as required by subparagraphs (2) and (3) of paragraph (g) hereof, all proposed contracts covering the portion of the Construction Work representing the Eligible Construction Work, or any portion thereof submitted and/or the Lessee LRS Work or any portion thereof for Port Authority approval shall be subject to disapproval including but not limited to the disapproval of any contract the costs of which are not acceptable to the Port Authority. The Lessee shall include in all such contracts such provisions and conditions as may be required by the Port Authority. In addition to and without limiting any other right or remedy of the Port Authority under this Lease or otherwise, the Port Authority shall have the right to audit the books of any contractor (at any tier) with respect to any contract covering the Eligible Construction Work, or any portion thereof and/or the Lessee LRS Work or any portion thereof. It is expressly understood and agreed that in the event any proposed contract covers the construction of On-Premises Area 1 Work, or any portion thereof, as well as Off-Premises Work, or any portion thereof or the Lessee LRS Work or any portion thereof, or covers both Eligible Construction Work and other portions of the construction, then the contract shall contain an allocation of costs between the On-Premises Area 1 Work and the Off-Premises Work and between the Eligible Construction Work and the Lessee LRS Work or any portion thereof and the other portions of the Construction Work, or shall set forth a method for properly determining the allocation of such costs, provided, however, that if such contract does not properly allocate said costs or set forth a method for the allocation of said costs the Port Authority shall determine the costs thereof that are applicable to the Eligible Construction Work, or any portion thereof or the Lessee LRS Work or any portion thereof. It is further understood and agreed that the Port Authority shall have as full a right to require the use of competitive bidding and award, or other basis of award, for the construction of the Eligible Construction Work, or any portion thereof and for the Lessee LRS Work or any portion thereof as if such construction were to be performed by the Port Authority. The Lessee shall not enter into any proposed contract covering the Eligible Construction Work, or any portion thereof, or the Lessee LRS Work, or any portion thereof, without the prior written approval of the Port Authority, in accordance with the foregoing, and the Port Authority shall have the right to review each such proposed contract prior to the award or execution thereof.

(2) Without limiting subparagraph (1) above or any other term or provision of this Agreement, all construction documents and bid documents and all contracts including but not limited to any and all changes, supplements or amendments or changes thereto covering the Eligible Construction Work or any portion thereof, or the Lessee LRS Work or any portion thereof, shall be subject to the prior approval of the Port Authority, and, the Lessee shall not make any such changes, supplements or amendments without the prior approval of the Port Authority. In accordance with paragraph (g) (3) hereof all bid documents and proposed contracts

shall require a cost breakdown separately detailing Eligible Construction Work and Lessee LRS Work or any portion thereof, which shall be made available to the Port Authority for its review. In addition, with respect to the Lessee LRS Work, all bid documents shall contain a bid breakdown in accordance with the construction cost estimates for the Lessee LRS Work prepared by the Lessee and submitted to the Port Authority . Further, without limiting any other term or provision of this Agreement, the Lessee shall include in said construction documents, bid documents and contracts such terms, provisions and conditions as may be required by the Port Authority (including, without limitation, the terms, provisions and conditions required under Section 84 hereof and including, without limitation, provisions permitting retainage from amounts due the contractor until final completion by the contractor of the work under such contract and acceptance thereof by the Port Authority).

(3) Port Authority Requested Change Orders to the Eligible Construction Work and/or to the Lessee LRS Work:

(a) (i) The Lessee hereby specifically agrees that notwithstanding the Port Authority's approval of the Lessee's Comprehensive Plan or the Contract Documents or any Construction Application the Lessee shall, as directed by the Port Authority, design and make such changes or modifications in the Eligible Construction Work and the Lessee LRS Work as may be required by the Port Authority (including but not limited to any further conditions which may be imposed by the General Manager of the Airport), which changes and modifications will become a part of the Construction Application and the Construction Work; (each, a 'Port Authority Requested Change').

(ii) The Port Authority shall advise the Lessee in writing of each Port Authority Requested Change, and upon its receipt of each such Port Authority Requested Change the Lessee shall within ten (10) business days provide the Port Authority with a written statement setting forth in detail the Lessee's good faith estimates and itemization of the costs of each such Port Authority Requested Change (including the costs of any changes in related work) or the cost savings which would result from each such Port Authority Requested Change and the impact of the same (either positive or negative), cumulatively with all prior Change Orders (including but not limited to Port Authority Requested Change Orders), (A) on the Cost of the Eligible Construction Work or the Cost of the Lessee LRS Work, or both, as the case may be, and (B) on the required time for the completion by the Lessee of the Construction Work.

(iii) After its receipt of the said statement from the Lessee, the Port Authority shall in writing either (A) authorize such Port Authority Requested Change and instruct the Lessee to proceed with the same, or (B) disapprove such Port Authority Requested Change and such Port Authority Requested Change shall be deemed withdrawn. If the Port Authority shall so authorize in writing any such Port Authority Requested Change (each such, a 'Port Authority Requested Change Order') , then the Lessee shall design and make such

changes or modifications in the Eligible Construction Work and the Lessee LRS Work in accordance with the Port Authority Requested Change Order , which changes and modifications will become a part of the Construction Application and the Construction Work. If the Port Authority shall disapprove any such Port Authority Requested Change, then the Lessee shall not perform such change or modification, and the plans and specifications and the Construction Application shall not be changed to reflect such approved Port Authority Requested Change.

(iv) It is expressly understood and agreed, that the Port Authority shall have the right to approve in writing any and all work or services and the cost of each item of such work or services for the implementation of a Port Authority Requested Change; it being specifically understood and agreed that any and all Change Orders affecting the Eligible Construction Work, or any portion thereof, or the Lessee LRS Work, or any portion thereof, resulting from Port Authority Requested Changes shall be subject to the prior written authorization of the Port Authority, and, further, that the Lessee shall not authorize or permit any contractor to perform any work in connection with any such Port Authority Requested Change unless such prior authorization of the Port Authority is obtained. The Lessee hereby agrees to perform all work and services in connection with any such authorized Port Authority Requested Change Order not covered by any proposed contract for the Eligible Construction Work or the Lessee LRS Work.

(v) 'Port Authority Requested Change in Scope Change Order':

(A) With respect to the Eligible Construction Work, a Port Authority Requested Change Order shall be considered a Change in Scope if it changes the size, number, configuration or materials of the major components of the Comprehensive Plan as shown on the Design Development Drawings; or significantly increases the size or number of the ancillary components of the Comprehensive Plan above the requirements cited in Attachment A (each, a 'Port Authority Requested Change in Scope Change Order'). A Port Authority Requested Change Order shall not be considered a Change in Scope if it is in response to field conditions. For the purposes of determining Change in Scope, major components of the Comprehensive Plan include at-grade roadways, roadways on-embankment, elevated roadways on-structure, open-depressed roadways, roadways in tunnels, passenger islands, canopies, at-grade parking lots, structural parking decks, parking entry and exit plazas. All other elements and components of the Comprehensive Plan, regardless of whether they are or are not specifically shown on the Design Development Drawings or cited in Attachment A, necessary for the function of the said major components shall, for the purposes of determining Change in Scope, be considered ancillary components of the Comprehensive Plan. Ancillary components of the Comprehensive Plan shall include, but are not limited to, all utility systems and their required equipment, enclosures and structures (electrical power, communications, water, storm sewer, sanitary sewer, revenue control, security, natural gas, thermal distribution, chilled water); traffic signals; static and dynamic signing; striping; landscaping; and fencing.

(B) With respect to the Lessee LRS Work, a Port Authority Requested Change Order shall be considered a Change in Scope if it changes the size, number, configuration or materials of the major components of the LRS Work as shown on Exhibit D (each, a 'Port Authority Requested Change in Scope Change Order'). A Port Authority Requested Change Order shall not be considered a Change in Scope if it is in response to field conditions. For the purposes of determining Change in Scope, major components of the Lessee LRS Work shall include foundations and columns.

(vi) The term 'Net Amount of Port Authority Requested Change in Scope Change Orders' shall mean (A) with respect to Eligible Construction Work, the total cumulative sums of all Port Authority Requested Change in Scope Change Orders applicable to the Eligible Construction Work after deducting the total amounts of all cost savings resulting from all Change Orders (including but not limited to Port Authority Requested Change Orders) applicable to the Eligible Construction Work; and (B) with respect to the Lessee LRS Work, the total cumulative sums of all Port Authority Requested Change in Scope Change Orders applicable to the Lessee LRS Work after deducting the total amounts of all cost savings resulting from all Change Orders (including but not limited to Port Authority Requested Change Orders) applicable to the Lessee LRS Work.

(vii) Failure of the Lessee to comply with the provisions hereof shall be deemed a material breach of this Agreement. Without limiting the foregoing, in the event the Lessee shall fail to provide any statement or other information required to be provided by the Lessee under this paragraph with respect to a Port Authority Requested Change, the Port Authority shall nevertheless have the right to require the Lessee to proceed with such Port Authority Requested Change based upon Port Authority established cost estimates.

(i) The Lessee hereby acknowledges its awareness that the expeditious performance by the Lessee of the Eligible Construction Work and the Lessee LRS Work including the proper staging of the components thereof is a special inducement to the Port Authority in entering into this Agreement. Accordingly, the Lessee agrees that it shall perform the Construction Work in accordance with, and in the sequence as set forth in, the exhibit attached hereto, hereby made a part hereof and marked "Exhibit I ". The Lessee understands the importance of performing such portions of the Construction Work in such a manner and at such times so that the same will be completed expeditiously. Toward the accomplishment of the foregoing, and without limiting the terms and provisions of paragraph (r) hereof, the Lessee shall submit a Construction Application or Applications and the plans and specifications forming a part thereof in connection with the aforesaid specified portions of the Construction Work for the approval of the Port Authority. The Lessee shall monitor the progress of the architect and engineer in preparing said plans and specifications and shall cause the same to be completed expeditiously and shall promptly deliver the same to the Port Authority for approval. The Lessee shall continue diligently and expeditiously to submit and resubmit such material as may be required until approval is granted. The Lessee hereby agrees to commence construction of the

aforesaid specified portions of the Construction Work promptly after the approval of its Construction Application or Applications and the plans and specifications covering the same and to continue said construction diligently to completion. The foregoing provisions of this paragraph (i) shall not prevent the Lessee from proceeding with the On-Premises Area 1 Work at the same time it is proceeding with the Off-Premises Work and the Lessee LRS Work as long as the completion of the Off-Premises Work and the Lessee LRS Work is not unduly delayed.

(j) As aforesaid, it is understood and agreed that the Off-Premises Work, the On-Premises Area 1 Work and the Lessee LRS Work and all of the various portions thereof might not be constructed concurrently. Accordingly and expressly subject to the provisions of paragraph (r)of this Section 2 and without limiting said paragraph (r) or any other terms or provisions of this Agreement, the required approval by the Port Authority of the Lessee's plans and specifications under paragraph (f) hereof may be given as said plans and specifications for each of the portions of the Construction Work specified in paragraph (i) hereof are submitted. In addition, the Lessee may wish to commence construction of portions of the Construction Work prior to the approval by the Port Authority of the Lessee's complete plans and specifications pursuant to paragraph (f) hereof, and if it does it shall submit a written request to the Port Authority setting forth the work it proposes then to do.

The Port Authority shall have full and complete discretion as to whether or not to permit the Lessee to proceed with said work. If the Port Authority has no objection to the Lessee's proceeding with the work, it shall do so by writing a letter to the Lessee to such effect. If the Lessee performs the work covered by said letter it agrees all such work shall be performed subject to and in accordance with all of the provisions of the approval letter and subject to and in accordance with the following terms and conditions:

(1) The performance by the Lessee of the work covered by any request as aforesaid will be at its sole risk and if for any reason the plans and specifications for the Construction Work are not approved by the Port Authority or if the approval thereof calls for modifications or changes in the work undertaken by the Lessee under any approval granted by the Port Authority pursuant to this paragraph (j), the Lessee will, as directed by the Port Authority, at its sole cost and expense, either restore the area affected to the condition existing prior to the commencement of any such work or make such modifications and changes in any such work as may be required by the Port Authority.

(2) Nothing contained in any approval hereunder shall constitute a determination or indication by the Port Authority that the Lessee has complied with the applicable governmental laws, ordinances, enactments, resolutions, rules and orders, including but not limited to those of the City of New York, which may pertain to the work to be performed.

(3) The approved work will be performed in accordance with and subject to the terms, indemnities and provisions of the Lease covering the Construction Work and with the terms and conditions of any Construction Application which the Port Authority may request this Lessee to submit even though such Construction Application may not have, at the time of the approval under this paragraph (j), been approved by the Port Authority.

(4) No work under any such approval shall affect or limit the obligations of the Lessee under all prior approvals with respect to its construction of the Construction Work.

(5) The Lessee shall comply with all requirements, stipulations and provisions as may be set forth in the letters of approval.

(6) In the event that the Lessee shall at any time during the construction of any portion of the Construction Work under the approval granted by the Port Authority pursuant to this paragraph (j) fail, in the opinion of the General Manager of the Airport, to comply with all of the provisions of this Lease with respect to the Construction Work, the Construction Application or the approval letter covering the same or be, in the opinion of the General Manager, in breach of any of the provisions of this Lease, the Construction Application or the approval letter covering the same, the Port Authority shall have the right, acting through said General Manager to cause the Lessee to cease all or such part of the Construction Work as is being performed in violation of this Lease, the Construction Application or the approval letter. Upon such written direction from the General Manager the Lessee shall promptly cease construction of the portion of the Construction Work specified. The Lessee shall thereupon submit to the Port Authority for its written approval the Lessee's proposal for making modifications, corrections or changes in or to the Construction Work that has been or is to be performed so that the same will comply with the provisions of this Lease, the Construction Application and the approval letter covering the Construction Work. The Lessee shall not commence construction of the portion of the Construction Work that has been halted until such written approval has been received.

(7) It is hereby expressly understood and agreed that neither the field engineer covered by paragraph (k) hereof nor the Resident Engineer of the Port Authority at the Airport has any authority to approve any plans and specifications of the Lessee with respect to the Construction Work, to approve the construction by the Lessee of any portion of the Construction Work or to agree to any variation by the Lessee from compliance with the terms of this Lease, or the Construction Application or the approval letter with respect to the Construction Work. Notwithstanding the foregoing, should the field engineer or the Resident Engineer give any directions or approvals with respect to the Lessee's performance of any portion of the Construction Work which are contrary to

the provisions of this Lease, the Construction Application or the approval letter, said directions or approvals shall not affect the obligations of the Lessee as set forth herein nor release or relieve the Lessee from the strict compliance therewith. It is hereby further understood and agreed that the Port Authority has no duty or obligation of any kind whatsoever to inspect or police the performance of the Construction Work by the Lessee and the rights granted to the Port Authority hereunder shall not create or be deemed to create such a duty or obligation. Accordingly, the fact that the General Manager has not exercised the Port Authority's right to require the Lessee to cease its construction of all or any part of the Construction Work shall not be or be deemed to be an agreement or acknowledgment on the part of the Port Authority that the Lessee has in fact performed such portion of the Construction Work in accordance with the terms of the Lease, the Construction Application or the approval letter nor shall such fact be or be deemed to be a waiver by the Port Authority from the requirement of strict compliance by the Lessee with the provisions of the Lease, the Construction Application and the approval letter with respect to the Construction Work.

(8) Without limiting the discretion of the Port Authority hereunder, the Port Authority hereby specifically advises the Lessee that even if the Port Authority hereafter in the exercise of its discretion wishes to grant approvals under this paragraph (j), it may be unable to do so, so as to permit the Lessee to continue work without interruption following its completion of the work covered by any prior approval hereunder. The Lessee hereby acknowledges that if it commences work pursuant to this paragraph (j), it shall do so with full knowledge that there may not be continuity by it in the performance of its Construction Work under the procedures of this paragraph (j).

(9) No prior approval of any work in connection with the Construction Work shall create or be deemed to create any obligation on the part of the Port Authority to permit subsequent work to be performed in connection with such Construction Work prior to the approval by the Port Authority of the Lessee's complete plans and specifications thereof. It is understood that no such prior approval shall release or relieve the Lessee from its obligation to submit complete plans and specifications for the Construction Work and to obtain the Port Authority's approval of the same as set forth in paragraph (f) hereof. It is further understood that in the event the Lessee elects not to continue to seek further approval letter(s) pursuant to this paragraph (j), the obligations of the Lessee to restore the area and to make modifications and changes as set forth in subparagraph (1) above shall be suspended until the Lessee's submission of its complete plans and specifications in accordance with paragraph (f) hereof.

(k) The Lessee will give the Port Authority fifteen (15) days' notice prior to the commencement of construction. The Port Authority will assign to the Construction Work a full time field engineer or engineers. The Lessee shall pay to the Port Authority for the services of said engineer or engineers, the sum of (2.a.)

for each day or part thereof that the engineer or engineers are so assigned during the 1998 calendar year; and for each and every calendar year thereafter, the rate that the Port Authority shall charge Aircraft Operators at the Airport for the services of such engineer or engineers during such calendar year for each day or part thereof that the engineer or engineers are so assigned for such calendar year; not to exceed the total sum of (2.a.) Notwithstanding the foregoing provision for a maximum total amount, it is agreed that in the event the Lessee shall not complete the Construction Work on or before the required completion date therefor as stated in paragraph (g) (2) (iii) above then, in addition to and without limiting any other right or remedy of the Port Authority under this Agreement or otherwise, the Lessee shall pay to the Port Authority for the services of said engineer or engineers for each day or part thereof that the engineer or engineers are so assigned during calendar year from and after April 1, 2002 and for each and every calendar year thereafter, the rate that the Port Authority shall charge Aircraft Operators at the Airport for the services of such engineer or engineers during such calendar year for each day or part thereof that the engineer or engineers are so assigned for such calendar year, without any maximum dollar limitation. Nothing contained herein shall affect any of the provisions of paragraph (r) hereof or the rights of the Port Authority hereunder. The foregoing provisions of this paragraph (j) for the services of said field engineer may be revoked at any time by either party on thirty (30) days' written notice to the other, but if revoked by the Lessee the foregoing provisions of this paragraph (k) for the services of said field engineer shall continue during the period that construction under any partial approvals pursuant to paragraph (j) hereof is performed.

(l) (1) The Construction Work shall be constructed in such a manner that there will be at all times a minimum of air pollution, water pollution or any other type of pollution and a minimum of noise emanating from, arising out of or resulting from the operation, use or maintenance thereof by the Lessee and from the operations of the Lessee under this Agreement. Accordingly, and in addition to all other obligations imposed on the Lessee under this Agreement and without diminishing, limiting, modifying or affecting any of the same, the Lessee shall be obligated to construct as part of the Construction Work hereunder such structures, fences, equipment, devices and other facilities as may be necessary or appropriate to accomplish the foregoing and each of the foregoing shall be and become a part of Construction Work it affects and all of the foregoing shall be covered under the Comprehensive Plan of the Lessee submitted under paragraph (b) hereof and shall be part of the Construction Work hereunder.

(2) Notwithstanding the provisions of subparagraph (1) above and in addition thereto, the Port Authority hereby reserves the right from time to time and at any time during the term of the Lease to require the Lessee, subsequent to the completion of the On-Premises Work to design and construct at its sole cost and expense such further reasonable structures, fences, equipment, devices and other facilities as may be necessary or appropriate to accomplish the objectives as set forth in the first sentence of said subparagraph (1). All locations, the manner, type and method of construction and the size of any of the foregoing shall be determined by the Port Authority. The Lessee shall submit for Port Authority approval its

plans and specifications covering the required work and upon receiving such approval shall proceed diligently to construct the same. All other provisions of this Section 83 with respect to the Construction Work shall apply and pertain with like effect to any work which the Lessee is obligated to perform pursuant to this paragraph (l) and upon completion of each portion of such work it shall be and become a part of the Construction Work. The obligations assumed by the Lessee under this paragraph (l) are a special inducement and consideration to the Port Authority in entering into Supplement No. 2 to the Lease.

(m) Title to all the Construction Work shall pass to the City of New York as the same or any part thereof is erected, constructed or installed, and the portion thereof representing the On-Premises Work shall be and become part of the premises if located within the premises.

(n) The Lessee acknowledges that it will be continuing its operations at the existing premises under the Lease during the period of time it is performing the Construction Work hereunder. The Lessee further acknowledges that this may involve among other things inconvenience, noise, dust, interference and disturbance to the Lessee in its operations at the premises as well as to its customers, patrons, invitees and employees and possibly other risks as well. The Lessee hereby expressly assumes all of the foregoing risks and agrees that there will be no reduction or abatement of any of the rentals, fees or charges payable by the Lessee under the Lease or otherwise on account of its performance of the Construction Work and that the performance of the Construction Work shall not constitute an eviction or constructive eviction of the Lessee nor be grounds for any abatement of rentals, fees or charges payable by the Lessee under the Lease or otherwise nor give rise to or be the basis of any claim or demand by the Lessee against the Port Authority, its Commissioners, officers, employees or agents for damages, consequential or otherwise, under this Lease or otherwise.

(o) Minimization of disruption of, and coordination with, airport operations and other Port Authority activities and other tenant activities:

(1) (i) The Lessee acknowledges that the Port Authority as well as other users, lessees, tenants, airport patrons and invitees and others will be continuing their operations in the Central Terminal Area of the Airport ('CTA') during the period of time the Lessee is performing the Construction Work hereunder and that this will involve among other things inconvenience, noise, dust, interference and disturbance to said operations and possibly other risks as well. The Lessee further acknowledges that the Construction Work hereunder will impact traffic flow and control on the roadways in the CTA as well as the Terminal frontage roads in front of the premises and Terminals 5 and 6 as well as to customers, patrons, invitees and employees. The Lessee hereby expressly assumes all of the foregoing risks. Without limiting the foregoing, the Lessee shall and expressly hereby agrees to perform, and to require each of its contractors and subcontractors to perform, the Construction Work and each portion thereof in such a manner so as to minimize the impact and any disruption resulting therefrom on

said operations and on traffic control and traffic flow in the CTA. The Lessee shall, without limiting any other term or provision hereof, communicate and cooperate (and require each of its contractors to communicate and cooperate) with the Port Authority and with each of the users, lessees, tenants, airport patrons, invitees and others in all aspects of the Construction Work, and the Lessee shall coordinate and work in harmony with all said persons, including without limitation the users and occupants of Terminals 4, 5 and 6, the cogeneration facility and KIAC and Port Authority contractors. The Lessee shall also communicate and cooperate (and require each of its contractors to communicate and cooperate) with all ground transportation operators and providers including all taxi, limousine and bus operators throughout the entire period of time of the performance of the Construction Work.

(ii) Without limiting the foregoing, the Lessee specifically recognizes the importance of minimum disruption of the operations of KIAC (as defined in Supplement No. 1 of the Lease) and its operations at the cogeneration facility and the Central Heating and Refrigeration Facility at the Airport, and the Lessee shall use its best efforts to coordinate the Construction Work with said operations and shall require each of its contractors to cooperate with KIAC.

(iii) The Lessee shall include in each of its contracts and subcontracts covering the Construction Work or any portion thereof the foregoing requirements for minimization of disruption and for contractor cooperation and coordination.

(2) The Lessee shall perform and schedule the Construction Work with a high degree of coordination with the Port Authority's plan and schedule for the LRS in the CTA and the Lessee shall at all times during the construction of the planned LRS cooperate with the Port Authority and the Port Authority's contractors and the LRS Contractor, and the Lessee shall also require each of its contractors also to cooperate with the Port Authority and the Port Authority's contractors and the LRS Contractor.

The Lessee has been advised and understands that the Lessee LRS Work as defined in paragraph (e) hereof which the Lessee is obligated to perform and complete hereunder form an integral part and important portion of the LRS which the Port Authority plans to construct and operate for the transportation of passengers and others to and from the Airport; and that the completion and operation of the LRS for the benefit of the Airport requires the timely completion of the Lessee LRS Work. From time to time, the Port Authority shall keep the Lessee apprised of the progress of the construction of the LRS. The Lessee LRS Work is expected to be completed by the Lessee in stages and by the following projected completion dates:

Completion by February 28, 1999: All LRS foundations and piers for LRS Station: OL942+ 50 to OL950+ 00*

Completion by February 28, 1999 : Departures level of the Elevated Parking Structure to support LRS Connector between grid lines 02 and LRS03*

Completion by April 30, 1999 : All LRS foundations and piers for LRS Station OL950+ 00 to OL952+ 068*

Completion by November 30, 1999: Departures level of the Elevated Parking Structure to support LRS Connector between grid lines 01 and 02*

* Exhibit I

Any Port Authority directed modification or any modification mutually agreed to by the Port Authority and the Lessee to the above-stated time frames that results from a delay of the stated start date (expected to be on or about April 15, 1998) shall result in a corresponding extension of the applicable completion date, so that the time frame duration does not decrease.

Each of the aforesaid projected completion dates shall be modified to be the actual date (the 'LRS Contractor's Commencement Date'), set forth in the contract (the 'LRS Contract') with the LRS Contractor for the LRS Contractor to commence that portion of the LRS Contractor's work (which portion is hereinafter referred to as the 'LRS Contractor's Work') at the Construction Work Site which is to be performed upon the substantial completion of the applicable stage of the Lessee LRS Work, provided the LRS Contractor's Commencement Date is later that the applicable projected completion date set forth above. The Port Authority shall endeavor to include in the LRS Contract that the LRS Contractor will commence its work at the premises in accordance with the stages (but not necessarily by the projected completion dates) set forth above. In addition, each of the aforesaid projected completion dates shall be extended for each day after the LRS Contractor's Commencement Date that the LRS Contractor shall fail, for whatever reason (other than the failure of the Lessee to substantially complete the applicable stage of the Lessee LRS Work by the projected completion dates, as the same may be modified as provided in this paragraph), to commence the LRS Contractor's Work.

In the event that any stage of the Lessee LRS Work is not substantially completed and available to the Port Authority or the LRS Contractor for the LRS Contractor to commence the LRS Contractor's Work within sixty (60) days after the projected completion date therefor, as modified and extended as aforesaid (such projected completion date as so modified and extended being hereinafter, for purposes of this paragraph (o), referred to as the 'Lessee LRS Work Projected Completion Date'), then, upon ninety (90) days prior notice from the Port Authority to the Lessee (which notice may be given prior to the occurrence of the Lessee LRS Work Completion Date if the Port Authority believes in good faith that the Lessee will not be able to substantially complete the applicable portion of the Lessee LRS Work by the Lessee LRS Work Projected Completion Date), the LRS Contractor shall have the right to enter and use that portion of the premises or the Construction Work Site as shall be reasonably necessary, in the opinion of the Port Authority, for the LRS Contractor to perform that portion of the Lessee LRS Work; provided, however, that the LRS Contractor shall not have such right if the Lessee

shall substantially complete the applicable portion of the Lessee LRS Work by the sixtieth (60) day after the applicable Lessee LRS Work Projected Completion Date. The aforesaid right of the LRS Contractor to enter and use said portion of the premises or the Construction Work Site is intended to insure continuous and timely performance of the construction of the LRS. Any performance by the LRS Contractor of the Lessee LRS Work shall be done (1) in accordance with approved Design Development Documents and contract documents prepared by the Lessee hereunder, which will be made available to the Port Authority and the LRS Contractor by the Lessee for such purpose, and (2) in such manner so as to minimize interference with other portions of the Construction Work and the continuous operation of the premises as an air terminal facility. In the event that the LRS Contractor performs any portion of the Lessee LRS Work, the Lessee will be relieved of the obligation, set forth in clauses (1) (i) and (1) (ii)of paragraph (e), to build that portion to be performed by the LRS Contractor. Such portion of the Lessee LRS Work performed by the LRS Contractor, upon completion, will be turned over to the Lessee for purposes of becoming, and will become, part of the Construction Work, subject to all of the terms and conditions hereof (except that the same shall not form a part of the Cost of the Eligible Construction Work under Section 84 hereof or of the Cost of the Lessee LRS Work under Section 84 hereof).

The Lessee shall coordinate Off-Premises Work and On-Premises Area 1 Work and Lessee LRS Work in accordance with the following requirements for LRS construction. (Exhibit K attached hereto shows the requirements of the proposed LRS Contract for the LRS DBOM Contractor to provide access to and through LRS work zones during performance of the LRS DBOM Contractor's work in Quadrant 4):

A. Station & Guideway Construction Zones

1. A fifty (50) foot wide 'LRS Construction Zone A' which provides unimpeded access at ground level on the southern side of the LRS Station and Guideway at Terminals 5 and 6 and at the premises hereunder (Terminal 7), as generally shown in diagonal hatch on Exhibit J , attached hereto and hereby made a part hereof, shall be provided by the Lessee in accordance with the following timeframes and stationings. The LRS Construction Zone A will be isolated in its entirety by the LRS DBOM Contractor and shall be dedicated for the LRS DBOM Contractor(s)' use. Access through this Construction Zone A will be provided by the LRS DBOM Contractor in accordance with Exhibit K. Access to this LRS Construction Zone A shall be provided by the Lessee seven days per week, 24 hours per day during the listed timeframe.

LOCATION: Construction Zones	TIME FRAME	STATIONING*
Terminal 7 Area	December 1998 thru December 1999	Station OL935+00 - OL942+50
Terminal 7 Station	March 1999 thru April 2000	Station OL942+50 - OL948+00
Terminal 7 Connector (GL 02-LRS03)	March 1999 thru April 2000	Station OL946+92- OL947+17
Terminal 7 Connector (GL 01 - 02)	December 1999 thru April 2000	Station OL946+92- OL947+17
Terminal 7 Area	March 1999 thru February 2000	Station OL948+00 - OL950+00
Terminal 7 Area	May 1999 thru October 1999	Station OL950+00 - OL952+68
Terminals 5 & 6 Area	April 1999 thru February 2000	Station OL952+68 - OL955+50
Terminals 5 & 6 Station	April 1999 thru September 2000	Station OL955+50 - OL959+00
Terminals 5 & 6 Connector	April 1999 thru February 2000	
Terminals 5 & 6 Area	April 1999 thru February 2000	Station OL959+00 - OL966+00

2. A twenty-five (25) foot wide 'LRS Construction Zone B' which provides unimpeded access at the departures level of the Elevated Parking Structure on the northern side of the LRS Station and Guideway in the vicinity of the Elevated Parking Structure , as generally shown in cross-hatch on Exhibit J , attached hereto and hereby made a part hereof, shall be provided in accordance with the aforementioned timeframes and stationing. ~~Access in Zone B shall be from ground level on the south side of the LRS station.~~ The elevated LRS Construction Zone B will be isolated in its entirety by the LRS DBOM Contractor and shall be dedicated for the LRS DBOM Contractor(s)' use. Access to this LRS Construction Zone B shall be provided by the Lessee seven days per week, 24 hours per day during the aforementioned timeframes. ~~Access through this LRS Construction Zone B is to be provided by the LRS DBOM Contractor in accordance with Exhibit K.~~

The Elevated Parking Structure within the LRS Construction Zone B shall be designed and constructed for a live load of 200 pounds per square foot (PSF).

3. A twenty-five (25) foot wide 'LRS Construction Zone C' which provides unimpeded access at ground level on the northern side of the Terminals 5 and 6 Station

and Guideway in the areas other than the section addressed in clause 2 above, as generally shown in wavy hatch on Exhibit J , attached hereto and hereby made a part hereof, shall be provided in accordance with the aforementioned timeframes and stationing. This LRS Construction Zone C will be isolated in its entirety by the LRS DBOM Contractor and shall be dedicated for the LRS DBOM contractor(s)' use. Access to this LRS Construction Zone C shall be provided by the Lessee, seven days per week, 24 hours per day during the aforementioned timeframe. Access through this LRS Construction Zone C is to be provided by the LRS DBOM Contractor in accordance with Exhibit K.

B. LRS Connector at Terminal 7 Construction

A twenty-five (25) foot wide 'LRS Construction Zone D' on each side of the LRS connector, taking into account skylight positions, etc., all as shown on in double-lined hatch on Exhibit J , attached hereto and hereby made a part hereof, which provides unimpeded access at the departures level of the parking structure shall be provided in accordance with the aforementioned timeframe and stationing. Access in Zone D shall be from ground-level on the south side of the LRS station. The LRS Construction Zone D will be isolated in its entirety by the LRS DBOM Contractor and shall be dedicated for the LRS DBOM Contractor(s)' use. Access to this LRS Construction Zone D shall be provided by the Lessee seven days per week, 24 hours per day during the aforementioned timeframe. Access through this LRS Construction Zone D is to be provided by the LRS DBOM Contractor in accordance with Exhibit K.

The parking structure within the LRS Construction Zone D just described shall be designed and constructed by the Lessee for a live load of 200 pounds per square foot (PSF). In addition, to allow for the weight of the LRS Connector, the Elevated Parking Structure shall be designed and constructed by the Lessee for an uniformly distributed load of three (3) kips per linear foot.

C. LRS Connector at Terminals 5 & 6 Construction

A fifty (50) foot wide 'LRS Construction Zone E' the west side and a twenty-five (25) foot wide "LRS Construction Zone F " on the east side of the LRS connector; as well as the area directly beneath the connector, as generally shown in bubble hatch and in diagonal hatch on Exhibit J , attached hereto and hereby made a part hereof, which provides unimpeded access at ground level, shall be provided in accordance with the aforementioned timeframes and stationing. The LRS Construction Zone E and LRS Construction Zone F will be isolated in their entirety by the LRS DBOM Contractor and shall be dedicated for the LRS DBOM Contractor(s)' use. Access to the LRS Construction Zone E and LRS Construction Zone F shall be provided by the Lessee, seven days per week, 24 hours per day during the aforementioned timeframe. Access through these LRS Construction Zones E and F is to be provided by the LRS DBOM

Contractor in accordance with Exhibit K.

Without limiting the generality of any other provisions of this Section, the Lessee acknowledges and agrees that it shall be responsible for coordinating the proposed column locations for the Construction Work (and any currently-contemplated future expansion thereof) with utilities located on or outside the Construction Work Site, as such utilities may be relocated by the Lessee as part of the Construction Work. The Port Authority will cause the LRS Contractor to be responsible under the LRS Contract for the coordination of the locations of the columns and other structural and mechanical elements of the LRS with the utilities located on or outside the Construction Work Site, as such utilities may be relocated by the Lessee as part of the Construction Work (such utilities as so relocated being hereinafter referred to as the 'LRS Relocated Utilities'). The parties hereto acknowledge and agree that the Design Development Documents and /or the contract documents, to the extent then available, may be used by the LRS Contractor for purposes of coordinating the locations of the columns and other structural and mechanical elements of the LRS with the LRS Relocated Utilities, and for such purpose the Design Development Documents and/or the contract documents, as the case may be, shall be considered 'as built' conditions.

(3) 'Temporary construction program': In order to ensure appropriate levels of service to the users, occupants, and Airport patrons and others using the Airport during the performance of the Construction Work, the Lessee, not less than sixty (60) days prior to the commencement of any portion of the Construction Work and the implementation of each construction stage, shall prepare and submit to the Port Authority for its prior approval a temporary construction program (including, but not limited to, drawings, sketches, schedules and narrative descriptions) which sets forth plans for the continuing provision of all patron services, for roadway frontage for Terminals 5 and 6, and Terminal 7, and landside operations. Without limiting any other term or provision hereof, any temporary construction is and shall be subject to paragraph (r) (3) below, including, but not limited to, certifications of the Lessee and the Lessee's licensed architect or engineer and the issuance of a certificate of completion therefor by the Port Authority.

(4) Without limiting any other term or provision hereof, the Lessee shall complete the design and perform the Construction Work in a manner consistent with other on-going roadway, frontage and utility improvements of the Port Authority at the Airport.

(p) In addition to and without limiting paragraphs (d) or (e) or any other term or provision of this Section 83, the Lessee understands that there may be communications and utility lines and conduits located on or under the Construction Work Site which do not, and may not in the future, serve the premises. The Lessee agrees at its sole cost and expense, if directed by the Port Authority so to do, to relocate and reinstall such communications and utility lines and conduits on the Construction Work Site or off the Construction Work Site as directed by the Port Authority and to restore all affected areas (such work being hereinafter collectively called 'the

relocation work'). The Lessee shall perform the relocation work subject to and in accordance with all the terms and provisions of this Section 83 and the relocation work shall be and become a part of the Construction Work, it being understood, however, that the relocation work shall not be or become a part of the premises hereunder.

(q) It is expressly understood and agreed that neither the provisions of this Section 83 or of Section 84 shall or shall be deemed to grant to the Lessee any right, interest or claim to any portion of the Construction Work Site located outside of the premises other than for the performance of the Construction Work pursuant hereto, and further that neither the performance of the Construction Work or any portion thereof by the Lessee nor payment by the Lessee of any costs or expenses thereof shall grant to or be deemed to grant to the Lessee any right, interest or claim whatsoever, legal or equitable, to the use or occupancy of, or any other right, claim or interest whatsoever in, the Construction Work or any portion thereof, or any facility completed thereunder, located outside of the premises hereunder or to the receipt of any revenues or income from any facility forming a part of the Construction Work or the Construction Work Site outside of the premises hereunder. Further, any and all use or occupancy of the On-Premises Area 1 Work by the Lessee shall be subject to and in accordance with this Lease. Without limiting the foregoing or any other term or provision of this Section 83 or of Section 84 hereof, the Lessee expressly understands and agrees that all use of the Elevated Parking Structure and the At-Grade Parking Areas as well as all other parking areas (other than parking areas, if any, lying within the premises hereunder) shall be within the sole and exclusive control of the Port Authority (or of the Port Authority permittees, licensees, contractors or tenants authorized by separate agreement with the Port Authority to use the same) and that the Lessee shall have no right or claim whatsoever, legal nor equitable, under this Lease or otherwise, to said Elevated Parking Structure, At-Grade Parking Areas and other parking areas or to any income or revenues therefrom. Neither this Agreement nor the Lessee's performance of or payment of costs or expenses for or relating to the Construction Work or any portion thereof, or otherwise, shall or shall be deem to grant or constitute any such right, interest or claim of the Lessee.

(r) (1) When the Construction Work is substantially completed and ready for use the Lessee shall advise the Port Authority to such effect and the Lessee shall deliver to the Port Authority a certificate signed by an authorized officer of the Lessee and also signed by the Lessee's licensed architect or engineer certifying that the same has been constructed in accordance with the approved plans and specifications (including but not limited to all Change Orders) and the provisions of this Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders. Thereafter, the Construction Work will be inspected by the Port Authority and if the same has been completed as certified by the Lessee and the Lessee's licensed architect or engineer, as aforesaid, a certificate to such effect shall be delivered to the Lessee, subject to the condition that all risks thereafter with respect to the Construction Work and any liability therefor for negligence or other reason shall be borne by the Lessee. The Lessee shall not use or permit the use of the Construction Work or any portion

thereof for the purposes set forth in the Lease until such certificate is received from the Port Authority and the Lessee shall not use or permit the use of the Construction Work or any portion thereof even if such certificate is received if the Port Authority states in any such certificate that the same cannot be used until other specified portions which are necessary to such use are completed. Notwithstanding anything herein to the contrary with respect to the Off-Premises Work, or any of the aforesaid portions thereof, or Lessee LRS Work or any portion thereof when the same is substantially completed and ready for use and in the event the Lessee shall fail to deliver to the Port Authority the certificate required under the provisions of this paragraph, the Port Authority shall have the right to serve on the Lessee a notice requiring the Lessee to deliver said certificate and the Lessee shall deliver its certificate and shall use its best efforts to cause its licensed architect or engineer to issue the aforesaid certificate.

(2) The term 'Completion Date' shall mean for the purposes of this Lease the date appearing on the certificate issued by the Port Authority pursuant to subparagraph (1) of this paragraph.

(3) In addition to and without affecting the obligations of the Lessee under the preceding subparagraph, when an integral and material portion of the Construction Work is substantially completed or is properly usable the Lessee may advise the Port Authority to such effect and may deliver to the Port Authority a certificate signed by an authorized officer of the Lessee and also signed by the Lessee's licensed architect or engineer certifying that such portion of the Construction Work has been constructed in accordance with the approved plans and specifications (including but not limited to all Change Orders) and the provisions of this Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders, and specifying that such portion of the Construction Work can be properly used even though the Construction Work has not been completed and that the Lessee desires such use. The Port Authority may in its sole discretion deliver a certificate to the Lessee with respect to each such portion of the Construction Work permitting, with respect to the On-Premises Area 1 Work or the Terminal 7 Building Expansion Work, the Lessee to use such portion thereof for the purposes set forth in the Lease, and permitting, with respect to the Off-Premises Work or the Lessee LRS Work the use of such portion thereof by the persons which may be authorized by the Port Authority to use the same. In such event such portion may be so used subject to the condition that all risks thereafter with respect to the construction and installation of the same and any liability therefor for negligence or other reason shall be borne by the Lessee, and subject to the risks as set forth in paragraph (j) hereof in the event that the Port Authority shall not have then approved the complete plans and specifications for the Construction Work. Moreover, at any time prior to the issuance of the certificate required in subparagraph (1) above for the Construction Work, the Lessee shall promptly upon receipt of a written notice from the Port Authority cease its use of such portion of the Construction Work which it had been using pursuant to permission granted in this subparagraph (3).

(s) The Lessee shall be solely and fully responsible for any and all cost

overruns and delays in connection with the Construction Work and each portion thereof and each contract and subcontract covering the Construction Work and any portion thereof, without any reimbursement or claim or right to reimbursement from the Port Authority (except as otherwise expressly provided with respect to Port Authority Requested Change in Scope Change Orders in subparagraphs (2) and (4) of paragraph (e) of Section 84 hereof), notwithstanding anything to the contrary in any other term or provision of this Lease .

"Section 83A. Security Deposit/Letter(s) of Credit

(a) (1) For purposes of this Section 83A:

(i) 'Letter of Credit Delivery Date' shall mean the earlier of (A) December 31, 1998, or (B) 'the GMP Statement Date'.

For purposes of the foregoing, the GMP Statement Date shall mean the date of the receipt by the Port Authority of a notice signed by the Lessee (' the GMP Statement'), which the Lessee shall submit to the Port Authority, setting forth the Guaranteed Maximum Price ('GMP')established by and between the Lessee and the Lessee's General Contractor, pursuant to the contract between the Lessee and Lessee's General Contractor, as the maximum cost to the Lessee of the construction of all of the Off-Premises Work and the On-Premises Area 1 Work, guaranteed to the Lessee by said Lessee's General Contractor; which said notice from the Lessee shall state the amount of the said GMP and shall also contain an itemized listing of the components thereof. The Lessee shall submit the said GMP Statement to the Port Authority not later than five (5) days after the said GMP is so established between the Lessee and the Lessee's General Contractor. In the event the said GMP is at any time increased by the Lessee and the Lessee's General Contractor after the GMP Statement Date, the Lessee shall deliver to the Port Authority, not later than five (5) days after each such increase, a notice setting forth the increased GMP and the components thereof (each, a 'GMP Increase Notice').

(ii) 'Letter of Credit Required Amount' shall mean the sum of
ubject to increase as follows: In the event the GMP established by the Lessee and the Lessee's General Contractor, as aforesaid, and set forth in the GMP Statement exceeds the amount
the Letter of Credit Required Amount shall mean the amount of
lus the amount equivalent to the amount by which the said GMP exceeds and, further, in the event of any increase in the GMP after the GMP Statement Date, the Letter of Credit Required Amount shall be increased by adding thereto the amount equivalent to the amount of such increase as set forth in each GMP Increase Notice; so that the Letter of Credit Required Amount at all times shall equal the sum of
plus the amount, in the aggregate, by which the then current GMP exceeds subject to and in accordance with the provisions of paragraph

(b) below.

As used herein, the term 'Lessee's General Contractor' shall mean the general contractor hired by the Lessee for the performance of the Construction Work in accordance with the terms and provisions of Section 83 hereof.

(2) Upon the Letter of Credit Delivery Date, the Lessee shall deliver to the Port Authority as security for the Lessee's 'Construction Work Obligations' (as hereinafter defined in paragraph (d) below) a clean irrevocable letter of credit issued to and in favor of the Port Authority, by a banking institution having its main office within the Port of New York District and acceptable to the Port Authority, payable in the Port of New York District, in the Letter of Credit Required Amount ('Letter of Credit'). The form and terms of such Letter of Credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Such Letter of Credit shall provide that it shall continue until 'Final Completion' (as defined in paragraph (c) below) and for a period of not less than six (6) months thereafter; such continuance may be by provision for automatic renewal or by substitution of a subsequent satisfactory clean irrevocable Letter of Credit. Upon notice of cancellation of a Letter of Credit the Lessee agrees that unless, by a date twenty (20) days prior to the effective date of cancellation, the Letter of Credit is replaced by another clean irrevocable Letter of Credit in accordance with this Section and satisfactory to the Port Authority, the Port Authority may draw down the full amount thereof without statement of default and thereafter the Port Authority will hold the same as security under this Section. Failure to provide such a Letter of Credit at any time during the term of this Lease, valid and available to the Port Authority, including any failure of any banking institution issuing any such Letter of Credit previously accepted by the Port Authority to make one or more payments as may be provided in such Letter of Credit shall be deemed to be a breach of this Lease on the part of the Lessee. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice to draw upon said Letter of Credit or any part thereof, and use the security hereunder, in whole or partial satisfaction of any of its claims or demands against the Lessee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of a Letter of Credit shall cure any default or breach of the Lease on the part of the Lessee. If requested by the Port Authority, said Letter of Credit shall be accompanied by a letter expressing the opinion of counsel for the banking institution that the issuance of said clean irrevocable Letter of Credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law. If the Port Authority shall at any time make any drawing under a Letter of Credit held by the Port Authority hereunder, the Lessee on demand of the Port Authority and within two (2) days thereafter, shall bring the Letter of Credit back up to its full amount. If at any time any bank shall fail to make any payment to the Port Authority in accordance with any Letter of Credit issued by any such bank in favor of the Port Authority as herein provided, the Lessee shall cause to be delivered to the Port Authority on demand another clean irrevocable Letter of Credit satisfactory to the Port Authority and issued by another banking institution in favor of the Port Authority and satisfactory to it, in an amount

equal to the original amount of the said Letter of Credit. Notwithstanding anything hereinabove provided, any failure of any banking institution issuing a Letter of Credit in favor of the Port Authority to make payments as provided in said Letter of Credit shall be deemed to be a breach of this Lease by the Lessee. No action by the Port Authority pursuant to the terms of any Letter of Credit, or receipt by the Port Authority of funds from any bank issuing any such Letter of Credit, shall be or be deemed to be a waiver of any default by the Lessee under the terms of this Lease and all remedies of this Lease and of the Port Authority consequent upon such default shall not be affected by the existence of or recourse to any such Letter of Credit. Use, in accordance with this Section, of a Letter of Credit or Letters of Credit delivered to the Port Authority hereunder shall be at the sole and complete discretion of the Port Authority.

(b) Upon the GMP Statement Date (where the same occurs subsequent to December 31, 1998 and the GMP exceeds (2.a.) nd upon the date of each GMP Increase Notice described in paragraph (a) (1) (i) above, the Lessee shall and hereby agrees to cause to be delivered to the Port Authority, a proper amendment to the Letter of Credit delivered to and accepted by the Port Authority pursuant to paragraph (a) (2) above), satisfactory to the Port Authority and issued by the same banking institution which issued the Letter of Credit in accordance with paragraph (a) (2) above, whereby the aggregate amount of the Letter of Credit is increased by the amount of the increase set forth in the GMP Increase Notice, so that the total amount of the Letter of Credit with each Letter of Credit Increase Amendment shall total in the aggregate the amount of the original Letter of Credit plus the amount of each increase set forth in each GMP Increase Notice (each such amendment, a ' Letter of Credit Increase Amendment'). The form and terms of each such Letter of Credit Increase Amendment shall be subject to the prior and continuing approval of the Port Authority. Further, each such Letter of Credit Increase Amendment shall form part of the security required hereunder; and shall be in accordance with and subject to the requirements and provisions of paragraph (a) (2) above; and shall not change any of the other terms and conditions of the Letter of Credit.

(c) For purposes hereof, the term 'Final Completion', shall mean the full completion by the Lessee of all of the Off-Premises Work and all of the On-Premises Area 1 Work in accordance with Section 83 and the other terms and provisions of this Lease, including but not limited to the completion by the Lessee of any work or punch list items remaining after the Completion Date established for the Off-Premises Work and the On-Premises Area 1 Work under and as defined in Section 83 (r) hereof, and including the submission by the Lessee of all of the items specified in paragraph (c) (5) of Section 84 hereof and the satisfaction of the other requirements stated therein.

(d) (1) 'Construction Work Obligations' as used herein shall mean any and all obligations, duties, responsibilities, liabilities and indemnities of the Lessee relating to, in connection with, resulting from or arising out of the Off-Premises Work, or any portion thereof, or the On-Premises Work, or any portion thereof, and including without limitation the Lessee's obligations under Sections 83 and 84 of the Lease.

(2) Without limiting the generality of the foregoing, it is agreed, with respect to those circumstances where the Lessee has failed to meet a particular Construction Obligation the fulfillment of which would require construction activity by the Lessee over a period of time greater than thirty (30) days, that the Port Authority may, at its option exercisable in its sole discretion, prior to its drawing against the Letter of Credit with respect to the Lessee's failure to meet such Construction Obligation, deliver to the Lessee a letter requiring the Lessee to submit to the Port Authority, within thirty (30) days of the date of said letter, a written plan, satisfactory to the Port Authority, for the Lessee's corrective actions with respect to said Construction Obligation. In the event the Port Authority delivers such letter to the Lessee, the Lessee shall within thirty (30) days of the date of said Port Authority letter, deliver to the Port Authority a written plan, satisfactory to the Port Authority, detailing corrective actions to be immediately undertaken by the Lessee to fulfill said Construction Obligation. In the event the Port Authority finds said Lessee plan to be acceptable, the Lessee shall immediately commence and diligently continue without interruption the corrective actions under the accepted plan, in accordance with the terms and provisions of this Lease and all conditions of the Port Authority's acceptance. In the event the Port Authority elects not to deliver the aforesaid letter to the Lessee, or upon the Port Authority's determination that the Lessee has failed to deliver an acceptable corrective plan in accordance with the foregoing or that the Lessee has failed to immediately commence the corrective action(s) pursuant to the accepted plan or that the Lessee has failed to diligently continue the performance of the same without interruption, Port Authority may draw upon the Letter of Credit in accordance with and as provided in subparagraph (2) of paragraph (a) above.

(3) The foregoing shall not and shall not be construed to limit, impair, restrict, diminish, reduce or affect any of the rights or remedies of Port Authority under this Lease or otherwise; and Port Authority shall at all times have all such rights and remedies, including but not limited to its rights of termination under Section 25 of this Lease.

(e) For purposes of the foregoing, the Lessee hereby certifies that its I.R.S. Employer Identification No. is: (Ex. 1)

"Section 83 B. The Lessee's Existing Premises Renovation Work

The Lessee has, prior to the execution of Supplement No. 2 of the Lease, submitted to the Port Authority the following Alteration Applications covering the Lessee's proposed work in the premises under the Lease (exclusive of Area 1):

Alteration Application No. 7000.02--proposed demolition of concorde lounge;
Alteration Application No. 7000.03--proposed concorde lounge expansion
Alteration Application No. 7000.04--proposed north roadway foundation and expansion
Alteration Application No. 7000.05--proposed shell and fitout for north roadway

expansion, lounges, new elevators and escalators
Alteration Application No. 7000.06--proposed mechanical, electrical and plumbing and fire protection for the north roadway expansion and lounges

(said Alteration Applications, including any additional Alteration Application for the Existing Premises Renovation work which the Lessee may submit hereunder to the Port Authority, hereinafter collectively called the 'Alteration Applications'). The Lessee's proposed work in the premises (exclusive of Area 1) under the Alteration Applications, including but not limited to asbestos removal, being herein called 'the Existing Premises Renovation Work'. The Lessee shall perform at its sole cost and expense the Existing Premises Renovation Work in accordance with the Lease and in accordance with the Alteration Applications if, as and when the same are approved by the Port Authority. The Lessee hereby represents to the Port Authority that the Lessee expects to expend (2.a.) with respect to the Existing Premises Renovation Work. The Port Authority may assign to the Existing Premises RenovationWork a full time field engineer or engineers. The Lessee shall pay to the Port Authority for the services of said engineer or engineers, the sum of (2.a.) for each day or part thereof that the engineer or engineers are so assigned during the 1998 calendar year; and for each and every calendar year thereafter, the rate that the Port Authority shall charge Aircraft Operators at the Airport for the services of such engineer or engineers during such calendar year for each day or part thereof that the engineer or engineers are so assigned for such calendar year. Nothing contained herein shall affect any of the provisions of the Lease or any of the Alteration Applications or the rights of the Port Authority hereunder.

"Section 84. Cost of the Eligible Construction Work// Cost of the Lessee LRS Work// Port Authority Limited Payments

(a) As used herein the terms

(1) 'Eligible Construction Work' shall mean

(i) the Off-Premises Work as defined and set forth in paragraph (d) of Section 83 hereof (excluding the Lessee LRS Work and also excluding all LRS Work performed by the LRS Contractor as described in Section 83 (n) (2) hereof); and

(ii) 'Eligible On-Premises Area 1 Work'.
'Eligible On-Premises Area 1 Work' shall mean and include (A) only the following limited portions of the On-Premises Roads (as defined in Section 83 (c) (iv) hereof) which form a part of the On-Premises Area 1 Work, but solely to the extent that each of the following is consistent with the Comprehensive Plan: (aa) the On-Premises continuation of the Off-Premises portion of the access ramp to Terminal 7, to be constructed pursuant to paragraph (d) (i) of Section 83 hereof, up to and including the last span of the elevated portion where

it engages the Departures frontage of Terminal 7, as generally shown on Exhibit B attached hereto, and hereby made a part hereof; (bb) the On-Premises continuation of the Off-Premises portion of the access ramp to Terminal 7, to be constructed pursuant to paragraph (d) (i) of Section 83 hereof, as it descends to, and including those portions of the new lower-level Arrivals frontage at Terminal 7 as generally shown on Exhibit B; and (cc) the On-Premises continuation of the Off-Premises Terminal 7 recirculation road, to be constructed pursuant to paragraph (d) (i) of Section 83 hereof, to the terminus point where it meets the HOV-connection between Terminal 6 and Terminal 7 as generally shown on Exhibit B;

(2) 'the Cost of the Eligible Construction Work' shall mean the sum of (i) amounts actually paid by the Lessee to independent contractors for work actually performed and labor and materials actually furnished in connection with the Eligible Construction Work, plus (ii) fifteen percent (15%) of the amounts in the foregoing item (i) as and for amounts actually paid by the Lessee to its General Contractor in connection with the Eligible Construction Work (without duplication and excluding any amounts included in any other item hereof) for construction site maintenance; supervision of construction; construction inspection; materials testing; construction coordination; the installation, maintenance and removal of on-site construction trailers; the preparation and maintenance of all records and files, technical support to resolve construction issues, overhead expenses and profit.

The Cost of the Eligible Construction Work shall include only Eligible Construction Work performed by the Lessee in accordance with all the terms and provisions of this Lease, including without limitation Section 83 and Section 84 hereof, and the Construction Application(s) (including the final plans and specifications forming a part thereof) as approved by the Port Authority. Further, with respect to the On-Premises Area 1 Work, the Cost of the Eligible Construction Work shall include only those portions of the On-Premises Roads as described in the foregoing subparagraph (1) of this paragraph (a).

It is specifically understood and agreed that the Cost of the Eligible Construction Work shall not include any amounts paid or incurred for or in connection with any trade fixtures or other personal property of the Lessee. It is further specifically understood and agreed that the Cost of the Eligible Construction Work shall not include any amounts paid or costs incurred by the Lessee in connection with the Eligible Construction Work, or any other portion of the Construction Work, for engineering, architectural, design, or (except as provided above) for project management, professional and consulting services and supervision. It is further specifically understood and agreed that the Cost of the Eligible Construction Work shall not include any amounts paid or costs incurred by the Lessee, nor any other cost or fee, for or in connection with the Letter of Credit or Letters of Credit (or any amendment(s) thereto) required under Section 83A hereof. No payment or payments on account of any of the foregoing or any administrative or other overhead costs shall be included in the Cost of the Eligible Construction Work whether or not allocated to the Cost of the Eligible Construction Work by the Lessee's own

accounting practices. Further, the Cost of the Eligible Construction Work shall not include any cost or item or work forming a part of the Terminal 7 Building Expansion Work or other portions of the On-Premises Area 1 Work (except for the inclusion of those limited portions of the On-Premises Roads described in the foregoing subparagraph (1) of this paragraph (a)).

Further, the Cost of the Eligible Construction Work shall not include any cost or item or work forming a part of the Lessee LRS Work or any cost or item forming a part of the Existing Premises Renovation Work.

(3) 'Port Authority's Share of the Cost of the Eligible Construction Work' shall mean the sum of amounts allowed under subparagraph (2) above with respect to the Eligible Construction Work but limited to maximum amount of (2.a.) ; provided, however, that said maximum amount shall be deemed reduced by (i) the amount equal to one-half of the 'Costs of the Area 1 Environmental Condition Survey' and (ii) the amount of the Lessee's share of the cost of replacement wells in Area 1 of the premises as called for and pursuant to Paragraph 2 (e) of Supplement No. 2 of this Agreement.

For purposes of the foregoing, the term 'Costs of the Area 1 Environmental Condition Survey' shall mean the total amount expended or incurred by the Port Authority for the Area 1 Environmental Existing Condition Survey defined in Paragraph 2 of Supplement No. 2 to this Lease; it being understood and agreed that for the purposes hereof the said Costs of the Area 1 Environmental Condition Survey equals the amount of (2.a.) and that one-half of said Costs of the Area 1 Environmental Condition Survey shall be borne by the Port Authority, and that the balance of said Costs of the Area 1 Environmental Condition Survey shall be applied to the Port Authority's Share of the Cost of the Eligible Construction Work.

(4) 'Final Date' shall mean (i) the 365th day following the Completion Date, as defined in Section 83 (r) hereof, or (ii) the 90th day following the required date for the Lessee's completion of the Construction Work as provided in paragraph (g) (1) (iii) of Section 83 hereof ; whichever shall first occur.

(5) 'Elevated Parking Structure Cost Component' shall, for purposes of the priority of reimbursement provisions in paragraph (c) (3) (ii) hereof, mean those portions of the Cost of the Eligible Construction Work (as defined above) which are paid for or allocable to the portion of the Elevated Parking Structure (as defined in Section 83 hereof) located outside of the premises hereunder.

(6) 'the Cost of the Lessee LRS Work' shall mean the sum of (i) amounts actually paid by the Lessee to independent contractors for work actually performed and labor and materials actually furnished in connection with the Lessee LRS Work; plus (ii) seven percent (7%) of the amounts in the foregoing item (i) as and for amounts actually paid by the Lessee to its

General Contractor for and in connection with the Lessee LRS Work (without duplication and excluding any amounts included in any other item hereof) for general conditions and General Contractor's fees; plus (iii) amounts actually paid by the Lessee for all required engineering and architectural services for the Lessee LRS Work, provided, however, that payments under this item (iii) shall not exceed (2.a.)

The Cost of the Lessee LRS Work shall include only Lessee LRS Work performed by the Lessee in accordance with all the terms and provisions of Section 83 and Section 84 of this Lease and the Construction Application(s) (including the final plans and specifications forming a part thereof) as approved by the Port Authority. It is specifically understood and agreed that the Cost of the Lessee LRS Work shall not include any amounts paid or costs incurred by the Lessee in connection with the Eligible Construction Work or the On-Premises Area B Work or the Terminal 7 Building Expansion Work or the Off-Premises Work or any cost or item forming a part of the Existing Premises Renovation Work.

It is further specifically understood and agreed that the Cost of the Lessee LRS Work shall not include any amounts paid or incurred for or in connection with any trade fixtures or other personal property of the Lessee. It is further specifically understood and agreed that the Cost of the Lessee LRS Work shall not include any amounts paid or costs incurred by the Lessee in connection with the Eligible Construction Work, or any other portion of the Construction Work, for engineering, architectural, design, project management, or any professional and consulting services and supervision. It is further specifically understood and agreed that the Cost of the Lessee LRS Work shall not include any amounts paid or costs incurred by the Lessee, nor any other cost or fee, for or in connection with the Letter of Credit or Letters of Credit (or any amendment(s) thereto) required under Section 83A hereof. No payment or payments on account of any of the foregoing or any administrative or other overhead costs shall be included in the Cost of the Lessee LRS Work whether or not allocated to the Cost of the Lessee LRS Work by the Lessee's own accounting practices.

(7) 'Port Authority's Share of the Cost of the Lessee LRS Work' shall mean the sum of amounts allowed under subparagraph (6) above with respect to the Lessee LRS Work but limited to the maximum amount of (2.a.)

(b) It is specifically understood and agreed that notwithstanding anything to the contrary herein, all costs and expenses of the Construction Work and the Eligible Construction Work and the Lessee LRS Work shall be borne fully and solely by the Lessee without reimbursement or payment by the Port Authority except to the extent provided for herein and properly includable in the Cost of the Eligible Construction Work and the Port Authority's Share of the Cost of the Eligible Construction Work, or in the Cost of the Lessee LRS Work and the Port Authority's Share of the Cost of the Lessee LRS Work; and also subject to the limitations set forth in subparagraphs (a) and (e) hereof.

(c) The Port Authority shall reimburse the Lessee for the Port Authority's Share of the Cost of the Eligible Construction Work, as follows:

(1) (i) The Lessee shall periodically during the performance of the Eligible Construction Work (but not more often than once per month) deliver to the Port Authority certificates which shall be signed by a responsible fiscal officer of the Lessee, sworn to before a notary public and which shall set forth a representation by the Lessee that it will apply the reimbursement payment only to the Cost of the Eligible Construction Work and for no other purpose whatsoever and shall contain and have attached thereto all of the certifications and other documentation and items required to be attached thereto as described in this Section (each such certificate being hereinafter referred to as a 'Eligible Work Certificate'). Each such Eligible Work Certificate shall contain the Lessee's certification as to each of the amounts, payments and expenses and costs contained therein and that the same constitute portions of the Cost of the Eligible Construction Work in accordance with and as described and defined in paragraph (a) above. Each such Eligible Work Certificate shall also have attached thereto reproduction copies or duplicate originals of the invoices of the independent contractors of the Lessee and for such invoices an acknowledgment by the said independent contractors of the receipt by them of such amounts and payments; contain the Lessee's certification that the work for which payment is requested is in place and has been accomplished in accordance with the terms of the applicable contract and that the amounts requested have been paid; set forth the total cumulative payments made by the Lessee as aforesaid from the commencement of the Eligible Construction Work to the date of the Eligible Work Certificate; contain a certification by the Lessee that each portion of the Eligible Construction Work covered by said Eligible Work Certificate has been performed strictly in accordance with the terms of this Lease and the Construction Application(s); have attached thereto accurate, readable and complete copies of all change estimates, change orders, extra work authorizations, design change authorizations, purchase orders in connection with the Eligible Construction Work; have attached thereto true copies of any and all reports and schedules of any type submitted or kept, or required to be submitted or kept, by the Lessee or any contractor, architect, engineer or other consultant of the Lessee; and have attached thereto true copies of the items described in and required under items (ii) and (iii) of this subparagraph (1).

(ii) Each Eligible Work Certificate shall also contain a breakdown of each of the aforesaid amounts, payments and expenses which constitute portions of the Cost of the Eligible Construction Work, as aforesaid, listed separately by contract (or other agreement) (with sufficient detail as to identification and retainage) for each contractor or other person to whom payment has been made; it being expressly understood and agreed that each Eligible Work Certificate shall be for amounts net of applicable retainage amounts with respect to each contract (as approved by the Port Authority) but each Eligible Work Certificate shall state the amounts of such retainage on a cumulative basis as to each and every such contract and subcontract.

(iii) Each Eligible Work Certificate shall also identify and contain a

breakdown of costs as between the Off- Premises Work and the On-Premises Area 1 Work and the Lessee LRS Work; and without limiting the foregoing, each Eligible Work Certificate shall also separately identify and itemize, on a cumulative basis, the 'Elevated Parking Structure Cost Component'

(iv) In addition to and without limiting any term or provision of this Agreement, it is hereby expressly agreed that the Port Authority shall have, and the Lessee shall convey or cause to be conveyed to the Port Authority, full and unrestricted ownership (and free and clear of any and all security interests, liens, or other encumbrances) and all proprietary rights and interests in and to all documents produced for the design and construction of the Eligible Construction Work and each and every portion thereof, including without limitation drawings and specifications, work product, and the like, (including such which are or are to become the property of any 'Owner' named as such in such a contract or other agreements,) upon any payment made hereunder or otherwise therefore, or upon such earlier time or times as may be provided under the applicable contract(s)or other agreement(s), by the Port Authority for any item of the Eligible Construction Work, or applicable portion thereof, and each contract, purchase order, consultant agreement, architectural agreement, or any other type of agreement entered into by or on behalf of the Lessee for the Eligible Construction Work or of any portion thereof shall reflect and or provide for the foregoing. It is further hereby expressly agreed that if the applicable contract or other agreement gives to the Lessee any such rights of ownership that the same shall be deemed given to the Port Authority automatically without the requirement for any execution of any further documentation. The Lessee shall and hereby agrees, without limiting the foregoing, to execute any and all documents which may be required by the Port Authority to transfer to or evidence such ownership and proprietary rights of the Port Authority.

(v) The Eligible Work Certificate shall also contain such further information and documentation with respect to the Cost of the Eligible Construction Work as the Port Authority from time to time may require.

In addition to and without limiting the foregoing, and in addition to any and all other information required to be submitted pursuant to the Lease, the Lessee shall furnish to the Port Authority information concerning budget, costs, costs estimates, timing and scheduling of construction of the Construction Work as may be requested by the Port Authority with respect to the Cost of the Eligible Construction Work or the Cost of the Lessee LRS Work, or both, from time to time including but not limited to the following:

(aa) Reports of the construction manager hired by the Lessee and reports of the Lessee's architect, which reports must contain reports as to activity conducted in connection with the Construction Work on a continuing basis from the commencement of the work to the date of submission;

(bb) A certification signed by the Lessee's architect or licensed

professional engineer certifying the value of work in place;

(cc) A certification signed by the Lessee's licensed architects or licensed professional engineers that the applicable portion of the Construction Work is in compliance with the plans and specifications therefor as approved by the Port Authority;

(dd) Accurate, readable and complete copies of all change estimates, change orders, extra work authorizations, design change authorizations, purchase orders in connection with the Construction Work;

(ee) True copies of any and all reports and schedules of any type submitted or kept, or required to be submitted or kept, by the Lessee or any contractor, architect, engineer or other consultant of the Lessee;

(ff) True copies of any and all of the items described in and required under item (iv) of this subparagraph (1).

(2) Each contract covering the Eligible Construction Work or portion thereof shall contain provisions requiring retainage from amounts due the contractor until final completion of the work by the contractor and acceptance thereof. Such required retainage applicable to the Eligible Construction Work or any portion thereof under the contract shall be in percentage amounts as follows: retainage of not less than ten percent (10%) until fifty percent (50%) of the said work is completed and thereafter retainage of not less than five percent (5%) until final completion of all of the said work. Each Eligible Work Certificate shall set forth the totals of the amounts so retained with specific identification as to the applicable contract.

(3) (i) Within thirty (30) days after the delivery of a duly submitted Eligible Work Certificate by the Lessee, the Port Authority shall pay to the Lessee the amounts paid by the Lessee for the Cost of the Eligible Construction Work during the period covered by such Eligible Work Certificate, as certified in such Eligible Work Certificate (but only to the extent that such amounts or any portion thereof have not theretofore been included in a prior Eligible Work Certificate) (net of retainage) subject to the maximum amount of the Port Authority's Share of the Cost of the Eligible Construction Work as stated in paragraph (a) (3) above and subject to the limitations in paragraphs (e), (f) and (g) below; provided, further, however, in the event the Lease is not in full force end effect or if the Lessee shall be under a notice of termination of the Lease or in default under any term or provision thereof, the Port Authority shall have the right, in its discretion, to withhold payment to the Lessee, provided, further, no payment or withholding of a payment shall be or be deemed to have waived any rights of the Port Authority with respect to the termination of the Lease or to a default by the Lessee under any term or provision thereof or to the withholding or payment of future payments.

(ii) Notwithstanding the foregoing or anything to the contrary herein, subject to limitations set forth in paragraphs (a) and in paragraphs (e), (f) and (g) hereof, there shall be the following priority of reimbursement as between the portion of the Cost of the Eligible Construction Work which constitutes Elevated Parking Structure Cost Component and the other portions of the Cost of the Eligible Construction Work: the Port Authority shall not reimburse the Lessee for the 'Elevated Parking Structure Cost Component' or any portion thereof unless and until the cumulative total of the payments made hereunder by the Port Authority to the Lessee for all other portions of the Cost of the Eligible Construction Work (other than the Elevated Parking Structure Cost Component), including any and all retainage, equals or exceeds the amount of (2.a.) thereafter the Lessee shall include in its Eligible Work Certificates the Elevated Parking Structure Cost Component; subject to the limitations in paragraph (a) (3) and in paragraphs (e), (f) and (g) hereof; provided, however, any such reimbursement for the Elevated Parking Structure Cost Component shall be made only if said Elevated Parking Structure Cost Component has been included in Eligible Work Certificate (s) in accordance with and subject to this Section 84 and only if such reimbursement also meets the conditions and limitations of paragraphs (a) (3), (a) (5) hereof.

(iii) It is understood that at the election of the Port Authority no payment will be made if the Port Authority's inspection or audit does not substantiate the contents of any of said Eligible Work Certificates and until such matters have been resolved to the satisfaction of the Port Authority, but the Port Authority shall have no obligation to conduct any such inspection or audit at such time.

(4) The Lessee shall set forth in its final Eligible Work Certificate its final statement of the Cost of the Eligible Construction Work and shall mark such final Eligible Work Certificate as 'Final'. After submitting said final Eligible Work Certificate, the Lessee shall submit no further Eligible Work Certificate hereunder with respect to the Cost of the Eligible Construction Work.

(5) Notwithstanding anything to the contrary above or in any other Section of this Lease, the and notwithstanding the delivery by the Lessee of is Final Eligible Work Certificate, the Letter of Credit required under Section 83A of this Lease shall be retained by and shall remain available to the Port Authority, in accordance with and in the Letter of Credit Required Amount under said Section 83A, until the Lessee has, to the satisfaction of the Port Authority, fully complied with all of the terms of this Section 84 and Section 83 hereof and all other applicable terms of this Agreement, submitted to the Port Authority all certifications, documentation and the like required under this Section 84 and Section 83; submitted to the Port Authority such evidence of title to the Eligible Construction Work in accordance with the provisions of this Agreement, including without limitation any certifications, warranties, documentation, releases or waivers the Port Authority may require in connection therewith; and obtained the acceptance of the Port Authority of the Lessee's completion of the Eligible

Construction Work, and any and all other portions of the On-Premises Area 1 Work and the Off-Premises Work. No final payment by the Port Authority of the Port Authority's Share of the Cost of the Eligible Construction Work or any subsequent release or cancellation of the Letter of Credit shall constitute any waiver of claims or release by the Port Authority against the Lessee or any of its contractors, subcontractors, construction managers, architects or others, nor any waiver of the Port Authority's rights of audit and inspection, nor any waiver of any other rights or remedies, legal or equitable, of the Port Authority.

(6) In addition to and without limiting the foregoing provisions and without limiting or impairing or waiving any other right or remedy of the Port Authority under this Lease or otherwise, the Port Authority shall have the right, in its discretion, to withhold from any of the aforesaid payments to the Lessee the amounts of any or all items contained in an Eligible Work Certificate in any one or more of the following events or upon any one or more of the following bases (and the Port Authority shall notify Lessee of the same and the reason (s) therefor):

(i) Any contractor or other person included or covered by the Eligible Work Certificate is in default or under a notice of termination with respect to its contract or agreement, or has not complied with all of the applicable terms or provisions of its contract or agreement;

(ii) The Eligible Work Certificate or any of the certifications and documentation and other items required to be contained therein, attached thereto or submitted therewith is not in accord with the terms of this Lease or the applicable contract, or is not complete or is otherwise improper or inadequate, or the same fails to include or omits required items;

(iii) Inadequate or defective work or work not in accordance with this Lease or the approved Construction Application(s) or the approved plans and specifications; or materials and equipment are not properly stored or protected;

(iv) Claims related to the Eligible Construction Work made by the Port Authority against a contractor included in such Eligible Work Certificate which are outstanding;

(v) Failure of the Lessee to make payments to the contractor in connection with the Eligible Construction Work;

(vi) Work not performed but for which a Eligible Work Certificate has been submitted; or

(vii) Materials or supplies delivered to the Construction Work Site but not incorporated in the realty.

(d) The Port Authority shall reimburse the Lessee for the Port Authority's Share of the Cost of the Lessee LRS Work, as follows:

(1) (i) The Lessee shall periodically during the performance of the Lessee LRS Work (but not more often than once per month) deliver to the Port Authority certificates which shall be signed by a responsible fiscal officer of the Lessee, sworn to before a notary public and which shall set forth a representation by the Lessee that it will apply the Lessee LRS Work reimbursement payment only to the Cost of the Lessee LRS Work and for no other purpose whatsoever and shall contain and have attached thereto all of the certifications and other documentation and items required to be attached thereto as described in this Section (each such certificate being hereinafter referred to as a 'LRS Work Certificate'). Each such LRS Work Certificate shall contain the Lessee's certification as to each of the amounts, payments and expenses and costs contained therein and that the same constitute portions of the Cost of the Lessee LRS Work in accordance with and as described and defined in paragraph (a) above. Each such LRS Work Certificate shall also have attached thereto reproduction copies or duplicate originals of the invoices of the independent contractors of the Lessee and for such invoices an acknowledgment by the said independent contractors of the receipt by them of such amounts and payments; contain the Lessee's certification that the work for which payment is requested is in place and has been accomplished in accordance with the terms of the applicable contract and that the amounts requested have been paid; set forth the total cumulative payments made by the Lessee as aforesaid from the commencement of the Lessee LRS Work to the date of the LRS Work Certificate; contain a certification by the Lessee that each portion of the Lessee LRS Work covered by said LRS Work Certificate has been performed strictly in accordance with the terms of this Lease and the Construction Application(s); have attached thereto accurate, readable and complete copies of all change estimates, change orders, extra work authorizations, design change authorizations, purchase orders in connection with the Lessee LRS Work; have attached thereto true copies of any and all reports and schedules of any type submitted or kept, or required to be submitted or kept, by the Lessee or any contractor, architect, engineer or other consultant of the Lessee; and have attached thereto true copies of the items described in and required under items (ii) and (iii) of this subparagraph (1)

(ii) Each LRS Work Certificate shall also contain a breakdown of each of the aforesaid amounts, payments and expenses which constitute portions of the Cost of the Lessee LRS Work, as aforesaid, listed separately by contract (or other agreement) (with sufficient detail as to identification and retainage) for each contractor or other person to whom payment has been made; it being expressly understood and agreed that each LRS Work Certificate shall be for amounts net of applicable retainage amounts with respect to each contract (as approved by the Port Authority) but each LRS Work Certificate shall state the amounts of such retainage on a cumulative basis as to each and every such contract.

(iii) Each LRS Work Certificate shall also identify and contain a

breakdown of costs as between the Off- Premises Work and the Eligible On-Premises Area 1 Work and the Lessee LRS Work.

(iv) In addition to and without limiting any term or provision of this Agreement, it is hereby expressly agreed that the Port Authority shall have, and the Lessee shall convey or cause to be conveyed to the Port Authority, full and unrestricted ownership (and free and clear of any and all security interests, liens, or other encumbrances) and all proprietary rights and interests in and to all documents produced for the design and construction of the Lessee LRS Work and each and every portion thereof, including without limitation drawings and specifications, work product, and the like, (including such which are or are to become the property of any 'Owner' named as such in such a contract or other agreements,) upon any payment made hereunder or otherwise therefore, or upon such earlier time or times as may be provided under the applicable contract(s)or other agreement(s), by the Port Authority for any item of the Lessee LRS Work , or applicable portion thereof, and each contract, purchase order, consultant agreement, architectural agreement, or any other type of agreement entered into by or on behalf of the Lessee for the Lessee LRS Work or of any portion thereof shall reflect and or provide for the foregoing. It is further hereby expressly agreed that if the applicable contract or other agreement gives to the Lessee any such rights of ownership that the same shall be deemed given to the Port Authority automatically without the requirement for any execution of any further documentation. The Lessee shall and hereby agrees, without limiting the foregoing, to execute any and all documents which may be required by the Port Authority to transfer to or evidence such ownership and proprietary rights of the Port Authority.

(v) The LRS Work Certificate shall also contain such further information and documentation with respect to the Cost of the Lessee LRS Work as the Port Authority from time to time may require.

In addition to and without limiting the foregoing, and in addition to any and all other information required to be submitted pursuant to the Lease, the Lessee shall furnish to the Port Authority information concerning budget, costs, costs estimates, timing and scheduling of construction of the Construction Work as may be requested by the Port Authority with respect to the Cost of the Lessee LRS Work from time to time including but not limited to the following:

(aa) Reports of the construction manager hired by the Lessee and reports of the Lessee's architect, which reports must contain reports as to activity conducted in connection with the Construction Work on a continuing basis from the commencement of the work to the date of submission;

(bb) A certification signed by the Lessee's architect or licensed professional engineer certifying the value of work in place;

(cc) A certification signed by the Lessee's licensed architects or licensed professional engineers that the applicable portion of the Construction Work is in compliance with the plans and specifications therefor as approved by the Port Authority;

(dd) Accurate, readable and complete copies of all change estimates, change orders, extra work authorizations, design change authorizations, purchase orders in connection with the Construction Work;

(ee) True copies of any and all reports and schedules of any type submitted or kept, or required to be submitted or kept, by the Lessee or any contractor, architect, engineer or other consultant of the Lessee;

(ff) True copies of any and all of the items described in and required under item (iv) of this subparagraph (1).

(2) Each contract covering the Lessee LRS Work or portion thereof shall contain provisions requiring retainage from amounts due the contractor until final completion of the work by the contractor and acceptance thereof. Such required retainage applicable to the Lessee LRS Work or any portion thereof under the contract shall be in percentage amounts as follows: retainage of not less than ten percent (10%) until fifty percent (50%) of the said work is completed and thereafter retainage of not less than five percent (5%) until final completion of all of the said work. Each Lessee LRS Work Certificate shall set forth the totals of the amounts so retained with specific identification as to the applicable contract.

(3) Within thirty (30) days after the delivery of a duly submitted LRS Work Certificate by the Lessee, the Port Authority shall pay to the Lessee the amounts paid by the Lessee for the Cost of the Lessee LRS Work during the period covered by such LRS Work Certificate, as certified in such LRS Work Certificate (but only to the extent that such amounts or any portion thereof have not theretofore been included in a prior LRS Work Certificate) (net of retainage) subject to the maximum amount of the Port Authority's Share of the Cost of the LRS Work as stated in paragraph (a) (6) above and subject to the limitations in paragraphs (e), (f) and (g) below, and subject, further, to the "Notice to Proceed", "Notice Not to Proceed", "Notice to Suspend" and "Notice to Discontinue" provisions set forth in paragraph (e) of Section 83 hereof; provided, further, however, in the event the Lease is not in full force end effect or if the Lessee shall be under a notice of termination of the Lease or in default under any term or provision thereof, the Port Authority shall have the right, in its discretion, to withhold payment to the Lessee, provided, further, no payment or withholding of a payment shall be or be deemed to have waived any rights of the Port Authority with respect to the termination of the Lease or to a default by the Lessee under any term or provision thereof or to the withholding or payment of future

payments.

It is understood that at the election of the Port Authority no payment will be made if the Port Authority's inspection or audit does not substantiate the contents of any of said LRS Work Certificates and until such matters have been resolved to the satisfaction of the Port Authority, but the Port Authority shall have no obligation to conduct any such inspection or audit at such time.

(4) The Lessee shall set forth in its final LRS Work Certificate its final statement of the Cost of the Lessee LRS Work and shall mark such final LRS Work Certificate as 'Final'. After submitting said final LRS Work Certificate, the Lessee shall submit no further LRS Work Certificate hereunder with respect to the Cost of the Lessee LRS Work .

(5) Notwithstanding anything to the contrary above, the final reimbursement payment of the Cost of the Lessee LRS Work by the Port Authority to the Lessee based on the Lessee Final LRS Work Certificate shall not become due to the Lessee unless and until the Lessee has, to the satisfaction of the Port Authority, fully complied with all of the terms of this Section and all other applicable terms of this Agreement, submitted to the Port Authority all certifications, documentation and the like required under this Section; submitted to the Port Authority such evidence of title to the Lessee LRS Work in accordance with the provisions of this Agreement, including without limitation any certifications, warranties, documentation, releases or waivers the Port Authority may require in connection therewith; and obtained the acceptance of the Port Authority of the Lessee's completion of the Lessee LRS Work . No such final payment by the Port Authority shall constitute any waiver of claims or release by the Port Authority against the Lessee or any of its contractors, subcontractors, construction managers, architects or others, nor any waiver of the Port Authority's rights of audit and inspection, nor any waiver of any other rights or remedies, legal or equitable, of the Port Authority.

(6) In addition to and without limiting the foregoing provisions and without limiting or impairing or waiving any other right or remedy of the Port Authority under this Lease or otherwise, the Port Authority shall have the right, in its discretion, to withhold from any of the aforesaid payments to the Lessee the amounts of any or all items contained in a LRS Work Certificate in any one or more of the following events or upon any one or more of the following bases (and the Port Authority shall notify Lessee of the same and the reason (s) therefor):

(i) Any contractor or other person included or covered by the LRS Work Certificate is in default or under a notice of termination with respect to its contract or agreement, or has not complied with all of the applicable terms or provision of its contract or agreement;

(ii) The LRS Work Certificate or any of the certifications and documentation and other items required to be contained therein, attached thereto or

submitted therewith is not in accord with the terms of this Lease or the applicable contract, or is not complete or is otherwise improper or inadequate, or the same fails to include or omits required items;

(iii) Inadequate or defective work or work not in accordance with this Lease or the approved Construction Application(s) or the approved plans and specifications; or materials and equipment are not properly stored or protected;

(iv) Claims related to the Lessee LRS Work made by the Port Authority against a contractor included in such LRS Work Certificate which are outstanding;

(v) Failure of the Lessee to make payments to the contractor in connection with the Lessee LRS Work ;

(vi) Work not performed but for which a LRS Work Certificate has been submitted; or

(vii) Materials or supplies delivered to the Construction Work Site but not incorporated in the realty.

(e) (1) The entire obligation of the Port Authority under this Agreement to reimburse the Lessee for the Cost of the Eligible Construction Work shall be limited in amount to the Port Authority's Share of the Cost of the Eligible Construction Work, as defined in paragraph (a) (3) above, provided, however, that such obligation shall be further limited in time to Eligible Construction Work covered by Certificates of the Lessee in accordance with paragraph (c) above properly submitted by the Lessee in accordance with and under said paragraph (c) on or prior to the Final Date as defined in paragraph (a) above.

(2) In the event that the Net Amount of Port Authority Requested Change in Scope Change Orders applicable to the Eligible Construction Work (as defined and described in paragraph (h) (3) (vi) (A) of Section 83 hereof) causes the Cost of the Eligible Construction Work to exceed (2.a.) then in such event (and only in such event), the amount equal to the Net Amount of Port Authority Requested Change in Scope Change Orders for Eligible Construction Work shall be the responsibility of the Port Authority on condition that (i) the Lessee has complied with the requirements of paragraph (h) (3) of Section 83 hereof including without limitation its submission to the Port Authority of all cost estimations and statements with respect to each such Port Authority Requested Change in Scope Change Order; (ii) each Port Authority Requested Change in Scope Change Order has been duly authorized in writing by the Port Authority in accordance with said paragraph (h) (3) of Section 83 hereof); (iii) the Lessee shall have given prior written notice to the Port Authority promptly and not later than ninety (90) days prior to the expected date that the Net Amount of Port

Authority Requested Change in Scope Change Orders applicable to the Eligible Construction Work would cause the Cost of the Eligible Construction Work to exceed (2.a.) and (iv) said amount meets all of the other conditions for Port Authority reimbursement under this Section 84.

(3) The entire obligation of the Port Authority under this Agreement to reimburse the Lessee for the Cost of the Lessee LRS Work shall be limited in amount to the Port Authority's Share of the Cost of the Lessee LRS Work, as defined in paragraph (a) (7) above, , provided, however, that such obligation shall be further limited in time to Lessee LRS Work covered by LRS Work Certificates of the Lessee in accordance with paragraph (d) above properly submitted by the Lessee in accordance with and under said paragraph (d) on or prior to the Final Date as defined in paragraph (a) above;

(4) In the event the Net Amount of Port Authority Requested Change in Scope Change Orders for the Lessee LRS Work (as defined and described in paragraph (h) (3) (vi) (B) of Section 83 hereof) causes the Cost of the Lessee LRS Work to exceed (2.a.) then in such event (and only in such event) the amount equal to the Net Amount of Port Authority Requested Change in Scope Change Orders applicable to the Lessee LRS Work shall be the responsibility of the Port Authority on condition that (i) the Lessee has complied with the requirements of paragraph (h) (3) of Section 83 hereof including without limitation its submission to the Port Authority of all cost estimations and statements with respect to each such Port Authority Requested Change in Scope Change Order; (ii) and each Port Authority Requested Change in Scope Change Order has been duly authorized in writing by the Port Authority in accordance with said paragraph (h) (3) of Section 83 hereof); (iii) the Lessee shall have given prior written notice to the Port Authority promptly and not later than ninety (90) days prior to the expected date that the Net Amount of Port Authority Requested Change in Scope Change Orders for the Lessee LRS Work would cause the Cost of the Lessee LRS Work to exceed (2.a.) , and (iv) said amount meets all of the other conditions for Port Authority reimbursement of the Cost of the Lessee LRS Work under this Section 84.

(f) It is understood and agreed that the Lessee shall be responsible without any reimbursement from the Port Authority for all costs of the Construction Work, and that the Lessee shall be responsible without any reimbursement from the Port Authority (i) for all costs of the Eligible Construction Work in excess of the maximum amount of the Port Authority's Share of the Cost of the Eligible Construction Work (defined in paragraph (a) (3) above) and subject to paragraph (e) above; and (ii) for all costs of the Lessee LRS Work in excess of the maximum amount of the Port Authority's Share of the Cost of the Lessee LRS Work (defined in paragraph (a) (6) above) and subject to paragraph (e) above.

(g) (1) Without limiting Section 34 or any other term or provision of the

Lease, the Port Authority shall have the right by its agents, employees and representatives to audit and inspect at any time and from time to time the books and records and other data of the Lessee relating to the costs of the Construction Work including but not limited to the Cost of the Eligible Construction Work and the Cost of the Lessee LRS Work and any and all invoices relating to the Construction Work or any portion thereof and any and all contracts covering each portion of the Construction Work including but not limited to the Lessee's contracts and agreements with its architects, engineers, and construction managers and other contractors; it being specifically understood that the Port Authority shall not be bound by any prior audit or inspection conducted by it. The Lessee agrees to keep such books, records and other data within the Port of New York District, but the Lessee shall not be required to maintain any such books, records and other data for more than seven (7) years after it has delivered the final Certificate called for under paragraphs (c) and (d) above; unless they are material to litigation initiated within that time, in which event they shall be preserved until the final determination of the controversy.

(2) In the event that a Port Authority audit shall disclose that amounts paid by the Port Authority exceed the Port Authority's Share of the Cost of the Eligible Construction Work or the Port Authority's Share Cost of the Lessee LRS Work based upon certificates or otherwise then, upon thirty (30) days demand, the Lessee shall immediately pay to the Port Authority an amount equal to the excess amount paid by the Port Authority; the foregoing shall not be or be deemed to be any limitation, impairment or waiver of any other right or remedy of the Port Authority under the Lease or otherwise.

(h) The parties recognize that one or more of the contracts to be entered into by the Lessee for the performance of the Construction Work may cover the construction of portions of the Construction Work the costs of which pursuant to the terms of this Lease are not to be nor to become a part of the Cost of the Eligible Construction Work or the Cost of the Lessee LRS Work. The Lessee shall at all times maintain, and each certificate submitted by the Lessee to the Port Authority hereunder shall set forth, a proper breakdown and allocation of costs and payments as between the Eligible Construction Work, the Lessee LRS Work and the other portions of the Construction Work and between the On-Premises Area 1 Work and the Off-Premises Work, and the Lessee shall ensure that each applicable contract provides for such breakdown and allocation. In submitting the statements and certificates required of the Lessee hereunder, the Lessee shall in such event specifically and separately state the amounts covered by said contracts for portions of the Construction Work the costs of which are not to be a part of the Cost of the Eligible Construction Work, and for portions of the Construction Work the costs of which are not to be a part of the Cost of the Lessee LRS Work. Moreover the Lessee shall specifically and separately set forth therein the Cost of the Eligible Construction Work as defined in paragraph (a) (2) hereof; and the Lessee shall specifically and separately set forth therein the Cost of the Lessee LRS Work as defined in paragraph (a) (6) hereof. In the event the Port Authority questions the appropriateness or correctness of the amounts set forth by the Lessee, the Port Authority shall advise the Lessee to such effect and the Port Authority and the Lessee shall meet with each other in an attempt to agree upon and resolve their differences with respect thereto.

If the Lessee has included in any portion of the Cost of the Eligible Construction Work or in any portion of the Cost of the Lessee LRS Work any item which does not represent an appropriate division of the costs of a particular contract which are required to be designated according to time of performance or delivery, and the parties have been unable to resolve their differences within ninety (90) days after Port Authority gave its notice objecting to the same, the Port Authority's decision as to the nature of the item of construction cost shall be final.

(i) Without limiting any other term or provision of this Agreement and in addition to and without limiting any other right or remedy of the Port Authority under this Agreement or otherwise, each construction contract of the Lessee covering the Eligible Construction Work or any portion thereof, or covering the Lessee LRS Work or any portion thereof, shall contain a provision, in such form and content as is satisfactory to the Port Authority, providing to the Port Authority the right (but not the obligation) to have the contractor continue its performance of the work under and in accordance with such contract and to have such contract, or portion thereof, that covers the Eligible Construction Work or the Lessee LRS Work, assigned to the Port Authority prior to any termination thereof in the event that the Lessee shall be in default or notice of termination under this Lease or in the event that the Lessee shall be in default or notice of termination under said construction contract; such right to be exercisable by the Port Authority upon written notice given by the Port Authority at its election and in its sole discretion. In the event that the Port Authority exercises such right the Lessee and the contractor shall execute all such documents and take such actions, including without limitation the legal assignment of contractual rights, as the Port Authority may require for the purpose of fully vesting in the Port Authority all rights, interests and benefits of the Lessee in the contract, and if, appropriate in the subcontracts under the contract; provided that such assignment shall be effective notwithstanding any failure or refusal of the Lessee to execute such documents. The contract shall also provide that the Port Authority shall have the right to require the contractor to execute an addendum to the contract, if the Port Authority so requests, incorporating into the contract, such additional provisions normally found in a Port Authority contract for similar type of construction work. Nothing herein shall create any obligation or liability of the Port Authority under any such contract or any third party beneficiary rights. Neither the foregoing nor any exercise of the aforesaid right by the Port Authority shall or shall be deemed to constitute any waiver or release by Port Authority of any of its rights or remedies against the Lessee hereunder or otherwise, or to release or relieve the Lessee from any obligations or liabilities.

(j) It is hereby understood and agreed that nothing herein shall or shall be deemed for the benefit of any contractor of the Lessee.

"Section 85. Off-Premises Roads--No restriction of Port Authority Right

Neither the provisions of Section 83 hereof, nor the construction thereunder by the Lessee of the Off-Premises Roads, nor any payment of costs thereof by the Lessee nor any of the provisions of Section 84 shall prevent or restrict the right of the Port Authority to designate

the Off-Premises Roads as part of the Air Terminal Highway System, upon the Lessee's completion of the construction thereof, and to make the same available to the general public for general or limited highway use; the Port Authority to make said Off-Premises Roads, after the Lessee's satisfactory completion thereof and acceptance of the same by the Port Authority, as part of the Air Terminal Highway System in accordance with and subject to its policy or policies governing or which may govern such matters.

"Section 86. General Airport Agreement Expiration

It is recognized that the General Airport Agreement, as defined in Section 53 hereof, and the principles and formula set forth therein for the calculation of flight fees, including the costs recovery accounting principles, have by agreement or policy been the basis for determining flight fees payable by various aircraft operators at the Airport in addition to the aircraft operators who are the actual signatory lessees to the General Airport Agreement. In the event of the expiration and non-extension or non-renewal of the General Airport Agreement, the same formula, accounting principles and costs recovery methodology now set forth in the General Airport Agreement for the calculation of flight fees shall continue to be utilized for the calculation of flight fees at the Airport for the Lessee until such time as the General Airport Agreement is formally replaced by a new agreement or agreements or by a new policy or policies. The Port Authority has advised the Lessee that it is the intention of the Port Authority that with respect to the formula, accounting principles and the costs recovery methodology for the calculation of flight fees upon the expiration and non-extension or non-renewal of the General Airport Agreement all aircraft operators at the Airport which are similarly situated will be treated in a similar manner.

"Section 87. Airline Service Standards.

Subject to and without limiting or affecting any other term or provision of this Lease, the Lessee agrees to provide service at the premises for the benefit of the traveling public in a manner consistent with generally accepted airline industry standards for airport terminals and will cooperate with the Port Authority and other airlines serving the traveling public at the Airport in maintaining these standards through organized airport service improvement working groups."

7. Section 75 of the Lease shall be deemed deleted therefrom and the following new Sections 75 and 75A shall be deemed inserted in the Lease in lieu thereof:

"Section 75. Future Airport Transportation Facilities and Operations and Use of Portions of the Premises

(a) The Lessee understands that the Port Authority presently is planning to construct certain ground transportation facilities at the Airport including, but not limited

to, a light rail passenger distribution system ('LRS'). It is presently contemplated that the LRS will include a rail transportation system circulating around the Central Terminal Area of the Airport (as generally shown on Exhibit S of the Lease and herein called 'the CTA'), generally aligned along the roadway frontage of the passenger terminal buildings and with stations to serve the passenger terminal buildings in the CTA at various locations. At the discretion of the Port Authority, stations may be located to serve one or more passenger terminal buildings in the CTA, Airport parking areas, Airport rent-a-car facilities, other areas of the Airport and off Airport transit systems. Pedestrian access between the LRS stations and the passenger terminal buildings will be provided as part of the LRS. Vertical circulation areas, if needed, including stairs, escalators, ramps and elevators at the passenger terminal building on the premises will be the responsibility of the Lessee and shall be appropriate to the operation of the LRS. The Port Authority expects to commence planning and design for the LRS and upon completion of such planning and design, to implement the construction of the LRS and after the completion of such construction, to maintain and operate the LRS for the accommodation and transportation of persons desiring to use the same, and their baggage. The Lessee acknowledges and agrees that the LRS will be a benefit and enhancement to the Airport and to the Lessee's operations thereon.

(b) The Lessee understands that the construction and operation of the LRS may require the location on the premises of a passenger station (including pedestrian access between it and the passenger terminal building) and, in addition, may require the use of a portion or portions of the premises for and in connection with the construction, maintenance or operation of other portions of the LRS. The Lessee agrees that it shall make available to the Port Authority upon demand such portion or portions of the premises for use for or in connection with the construction, maintenance and operation of the LRS for such purposes as may be required or be appropriate therefor and, where such portion of the LRS exclusively serves the premises, the same shall be made available by the Lessee without abatement of rental or charges hereunder or any payments by the Port Authority to the Lessee therefor. Where such portion of the LRS does not exclusively serve the premises then the rental hereunder shall be abated in accordance with the rental abatement provisions of this Lease.

Without limiting the foregoing, the Lessee shall comply with the provisions of Section 83 hereof with respect to the design and construction of the LRS Work, as defined therein and the coordination of the same with the Construction Work as set forth in said Section 83.

(c) The Lessee understands that the Port Authority considers the construction, operation and maintenance of the LRS of the utmost importance to the efficient operation of the Airport and to the fulfillment of the Port Authority's governmental function to provide, maintain, develop and operate the Airport; that the efficient use and operation of

the LRS will require that the Lessee in the operation and use of its passenger terminal facilities under this Lease shall utilize and cooperate in the operation of the LRS to the end that the LRS shall be utilized to the fullest extent possible so that its advantages and efficiencies can be fully realized; and that the Port Authority does not by this Lease Agreement intend to enter into any agreement, understanding or commitment which will interfere with, limit, restrict, hinder or prevent in any way the development, construction, maintenance, operation or efficient use of the LRS.

(d) The Lessee also understands and acknowledges that the Port Authority's cost of planning, design, construction, maintenance and operation of the LRS will be accorded the same cost recovery treatment as the similar elements of the Air Terminal Highway System is accorded in the General Airport Agreement (as defined in Section 53 of the Lease) for calculation of the flight fees under the General Airport Agreement and the same cost recovery treatment as the Air Terminal Highway System is accorded for the calculation of other fees and charges under other existing agreements and policies at the Airport, and under any agreements or policies which may be entered into or implemented in the future including agreements or policies to replace such existing agreement(s) or the General Airport Agreement.

(e) Without limiting any other provisions of this Section, the Lessee understands and agrees that changes and modifications to certain provisions of the Lease including, but not limited to ingress and egress, and ground transportation within the Central Terminal Area and related terminal and roadway frontage management may be required or appropriate to conform such provisions to the operation of the LRS and the Lessee agrees upon the presentation to it of a form of supplemental agreement to this Lease which includes such modifications it will execute and return the same to the Port Authority. The Port Authority and the Lessee agree that each will consult with the other, from time to time, and will provide information to the other, from time to time, with respect to the study, planning, design, construction, maintenance and operation of the LRS and its interconnection with the passenger terminal facilities.

Section 75A. Restrictions on Use of Passenger Terminal Frontage Roadways - Use of Airport Taxi Dispatchers - and Roadway Frontage Management

(a) The Lessee understands that the Port Authority presently has in effect and has planned various physical improvements and policies concerning and affecting the use of vehicular roadways in the CTA for the limitation and control of vehicular traffic thereon including the limitation and control of vehicular traffic on the premises and vehicular traffic moving between the Air Terminal Highways, as designated from time to time by the Port Authority in the CTA of the Airport, and the vehicular roadways on the premises connecting to the said Air Terminal Highways. These improvements and policies, both in existence and planned, generally include the following:

(1) Restrictions on the use of roadways in the Central Terminal Area as set forth in Section 74 (Ground Transportation In The Central Terminal Area) and Section 72 (Ground Transportation) of the Lease.

(2) The use of Airport Taxi Dispatching Services (as generally set forth in paragraph (b) hereof) where the Port Authority, either itself or through its contractor, utilizes at passenger terminals under the control of the Port Authority and makes available to passenger terminals at the Airport operated by others, the services of a Taxi Dispatcher to assist in the expeditious and orderly flow of taxicabs to and from passenger terminals at the Airport.

(3) The planning, development and implementation of a central taxi holding and dispatching system for the Airport to be used in conjunction with the use of Taxi Dispatchers at the passenger terminals at the Airport.

(4) The designation of specified portions of the vehicular roadways on the premises for limited use exclusively by certain types of ground transportation vehicles and/or certain types of ground transportation carriers for the loading and unloading of passengers and their baggage.

(b) The Lessee agrees to restrict from the premises during the time period or time periods, as may be specified by the Port Authority from time to time (each such period being herein referred to as a 'Taxi Dispatcher Period' or 'TDP'), all taxicabs except those taxicabs which are discharging passengers at the premises and those taxicabs which are requested by a Taxi Dispatcher stationed on the premises and dispatched through the airport central taxi holding and dispatching facility (herein called 'the Airport Central Taxi Stack') to the premises. Further, during any TDP the Lessee agrees to take and accept from the Port Authority, and permit the stationing at an appropriate location or locations on the premises, of a Taxi Dispatcher or Taxi Dispatchers and the establishment of a taxicab waiting line on the premises of such number of vehicles as shall be specified by the Port Authority from time to time. A Taxi Dispatcher or Taxi Dispatchers when located on the premises shall provide the sole and exclusive dispatch of taxicabs to the Lessee's passengers and others desiring the use of a taxicab from the premises and shall perform such other duties and functions in connection therewith as may be specified by the Port Authority from time to time. The Lessee agrees to permit the installation on the premises by the Port Authority of such fixtures, equipment and improvements including, but not limited to, a taxi dispatcher shelter, telephone, radio transceiver and transponder receiving device as may be necessary or reasonably desired by the Port Authority in connection with the activities and operations of the Taxi Dispatchers. The Lessee understands and agrees that all expenses of the Port Authority associated with the implementation and operation of the Taxi Dispatchers on the Airport including, but not limited to, the Taxi Dispatchers on the premises and the construction, maintenance and operation of the Airport Central Taxi

Stack shall be included in and payable through the aircraft flight fees at the Airport and will be accorded the same cost recovery treatment as the Air Terminal Highway System is accorded for such purposes under the General Airport Agreement and the calculation of other fees and charges under other existing agreements and policies at the Airport, and under any agreements which may be entered into and any policies which may be implemented, in the future, including agreements and policies to replace such existing agreements and policies or the General Airport Agreement.

(c) In connection with and furtherance of the Port Authority's policies concerning ground transportation on the Airport, the operation of the Ground Transportation Counter as set forth in Section 67, the operation of Taxi Dispatchers and the Airport Central Taxi Stack as set forth in this Section 75A, and the provisions governing Ground Transportation Within The Central Terminal Area as set forth in Section 74, the Lessee hereby agrees that, from time to time, the Port Authority may designate and specify areas of roadways and curbs located on the premises, for the purpose of segregated and exclusive use by separate categories of vehicles, including but not limited to buses, taxicabs, private automobiles and other vehicles, and use by separate categories of ground transportation carriers, (including but not limited to Port Authority permittees), as may be designated by the Port Authority, from time to time, for the purpose of loading and unloading passengers and their baggage. The Lessee shall prohibit the operation of all other types of vehicular traffic on the roadways on the premises used for the loading and unloading of passengers and their baggage and shall prohibit parking or stopping except in the areas designated as aforesaid. Designated areas shall be clearly indicated by the Lessee by appropriate signing and marking on the premises as shall be directed or approved from time to time by the Port Authority. The Lessee shall permit the installation on the premises by the Port Authority of such fixtures, equipment and improvements, including, but not limited to transponder receiving devices and other vehicular tracking and monitoring devices; and the Lessee shall, through the use of appropriate and sufficient means including, but not limited to, removing unauthorized parked vehicles from the premises, security guards and other personnel stationed on the premises in the area of the said roadways, require that the limitations and restrictions established hereunder by the Port Authority on the use of the said roadways are complied with and enforced on a 24-hour basis, during any TDP and at other times as may be directed by the Port Authority.

(d) The Lessee understands that the Port Authority considers the provisions of this Section 75A and the use of the Lessee's passenger terminal roadway areas of the utmost importance to the efficient operation of the Air Terminal Highway System on the Airport and to the fulfillment of the Port Authority's governmental function to provide, maintain, develop, and operate the Airport; that the efficient use and operation of the Air Terminal Highway System requires that the Lessee, in the operation and use of its passenger terminal facilities under this Lease shall utilize and cooperate fully in all

respects in the operation and implementation of the provisions of this Section 75A to the end that the Air Terminal Highway System, including ingress thereto and egress therefrom, will operate in the most efficient manner; and that the Port Authority does not by this Lease intend to enter into any agreement, understanding, or commitment which will interfere with, limit, restrict, hinder, or prevent in any way, the efficient development, implementation and operation of the Air Terminal Highway System and the rights and discretion of the Port Authority with respect thereto."

8. Subparagraph (7) of paragraph (b) of Section 11 of the Lease shall be deemed amended by adding at the end thereof the following:

"Without limiting the foregoing, the Lessee understands and agrees that the Lessee shall be responsible for all paving, lighting, signage, storm drains, culverts, cables, supporting structures, cleaning and snow removal of the ground level and elevated roadways existing and to be constructed on access roadways on Area 2 which serve the premises exclusively."

9. Paragraph (a) of Section 76 of the Lease shall be deemed amended by adding at the end thereof the following:

"The term 'terminal roadways' as hereinbefore defined shall be deemed to include the On-Premises Roads to be constructed by the Lessee pursuant to Section 83 hereof."

10. Section 29 of the Lease shall be deemed amended as follows: paragraph "(c)" thereof shall be redesignated as paragraph "(e)" and the following new paragraphs "(c)" and "(d)" shall be inserted therein immediately preceding said paragraph (e) reading as follows:

"(c) In addition to and without limiting the foregoing or any other right, claim or remedy of the Port Authority hereunder or otherwise, in the event this Lease shall be terminated pursuant to Section 25 hereof and the Lessee shall not have completed the Construction Work, as defined in Section 83 hereof, or any portion thereof within the time period(s) specified in Section 83 (f) hereof, the Lessee shall and hereby agrees to pay to the Port Authority any and all amounts, costs and expenses, of any type whatsoever, paid or incurred by the Port Authority by reason of the failure of the Lessee so to complete the said Construction Work, or any portion thereof, including without limitation all interest and other costs, damages, direct and consequential, losses and penalties, and all of the same shall also be deemed treated as survived damages hereunder in addition to the foregoing.

(d) Notwithstanding anything to the contrary herein contained, all of the obligations of the Lessee under this Lease with respect to Environmental Damages and Environmental Requirements shall survive the expiration or termination of this Agreement."

11. Paragraph (a) of Section 7 of the Lease shall be deemed amended to read as follows:

"(a) The Lessee shall promptly comply with, observe and execute all laws and ordinances and governmental rules, regulations and orders now or at any time during the term of this Agreement which as a matter of law are applicable to or which affect (i) the premises, (ii) the operations of the Lessee at the premises hereunder or the Airport, (iii) the occupancy or use of the premises or (iv) with regard to Environmental Requirements, property outside the premises as a result of the Lessee's use and occupancy of the premises or a migration of Hazardous Substances from the premises. The Lessee shall, in accordance with and subject to the provisions of Section 44 hereof, make any and all structural and non-structural improvements, alterations or repairs of the premises and perform all remediation work and clean up of Hazardous Substances required in order to fully satisfy the compliance obligations set forth herein, including without limitation, the removal, containment, control or other action with respect to asbestos-containing material."

12. Section 9 of the Lease shall be deemed amended by adding at the end thereof the following:

"(m) Without limiting any other of the Lessee's obligations under the Lease, the Lessee shall provide the General Manager of the Airport at the cost and expense of the Lessee with such information, documentation, records, correspondence, notices, reports, tests, results, and certifications and any other information as the Port Authority shall request in connection with any Environmental Requirements or Environmental Damages, and the Lessee shall promptly acknowledge, swear to, sign or otherwise fully execute the same. The Lessee agrees that any of the foregoing may be filed by the Port Authority with the appropriate governmental authority on behalf of the Lessee at the Lessee's cost and expense. Further, the Lessee agrees unless directed otherwise by the Port Authority, to provide the General Manager of the Airport with copies of all information, documentation, records, correspondence, notice, certifications, reports, test results and all other submissions provided by the Lessee to a governmental authority and by a governmental authority to the Lessee within ten (10) business days that the same are made available to or received by the Lessee with respect to any Environmental Requirements.

(n) In addition to and without limiting the generality of the obligations of the Lessee set forth above and elsewhere in the Lease, the Lessee shall at its sole cost and

expense and in accordance with and subject to the provisions of Section 44 hereof, upon notice from the Port Authority, promptly take all actions to completely remove and remediate all Hazardous Substances on the premises or the Airport which result from the Lessee's use and occupancy of the premises or which have been disposed of, released, discharged or otherwise placed on, under or about the premises during the term of the letting hereunder, and to cleanup and remediate all other Hazardous Substances on, about or under the premises or which have migrated from the premises to any adjoining property, which any federal, state or local governmental agency or political subdivision or any Environmental Requirement or any violation thereof require to be remediated, and to cleanup and remediate all Hazardous Substances necessary to mitigate Environmental Damages. The foregoing obligations of the Lessee shall include without limitation the investigation of the environmental condition of the area to be remediated, the presentation of feasibility studies, reports and remedial plans, and the performance of any cleanup, remediation, containment, operation, maintenance, monitoring or restoration work; the standard for any of the foregoing to be that standard as required under Environmental Requirements and in the event that any Environmental Requirement sets forth more than one standard, the standard to be applied shall be that which requires the lowest level of a Hazardous Substance. Any actions of the Lessee under the foregoing shall be performed in a good, safe and workmanlike manner and shall minimize any impact on activities off the premises. The Lessee shall promptly provide to the Port Authority all copies of test results and reports generated in connection with such actions. Promptly upon completion of such investigation and remediation, the Lessee shall seal or cap all monitoring wells and test holes, remove all associated equipment and restore the remediated property.

The Lessee shall not be obligated under this Lease for the remediation of any Hazardous Substance or contamination of soil and groundwater to the extent that the same is caused by (1) acts or omissions of the Port Authority or (2) the flow of ground water from outside the premises hereunder or the leaching of soil from outside the premises hereunder.

Nothing herein shall limit, modify, waive or otherwise alter the rights, claims and remedies which the Port Authority or the Lessee may have against third parties or persons, whether at law, equity or otherwise, or which the Port Authority or the Lessee may have under the General Airport Agreement."

13. (a) Section 10 of the Lease shall be deemed amended by adding at the end thereof the following:

"(o) The Lessee shall not dispose of, release or discharge nor permit anyone to dispose of, release or discharge any Hazardous Substance on the premises or at the Airport. Any Hazardous Substance disposed of, released or discharged by the Lessee (or permitted by the Lessee to be disposed of, released or discharged) on the premises or at the

Airport, shall upon notice by the Port Authority to the Lessee and subject to the provisions of Section 44 hereof and all Environmental Requirements, be completely removed, cleaned up and/or remediated by the Lessee. The obligations of the Lessee pursuant to this paragraph (o) shall survive the expiration or termination of this Agreement.

(b) Section 81 of the Lease is hereby amended by inserting at the end thereof the following new paragraphs "(w)", "(x)" and "(y)":

"(w) 'Environmental Requirements' and 'Environmental Requirement' shall mean all applicable present and future laws, statutes, enactments, resolutions, regulations, rules, ordinances, codes, licenses, permits, orders, approvals, plans, authorizations, concessions, franchises, requirements and similar items, of any and all Governmental Authority(ies), and all pollution prevention programs, 'best management plans' and other voluntary programs adopted and agreements made by the Port Authority with any and all Governmental Authority(ies) and all applicable judicial, administrative, and regulatory decrees, judgments, and orders relating to the protection of human health or the environment, and in the event that there shall be more than one compliance standard, the standard for any of the foregoing to be that which requires the lowest level of a Hazardous Substance, the foregoing to include without limitation:

(i) All requirements pertaining to reporting, licensing, permitting, investigation, and remediation of emissions, discharges, releases, or threatened releases of Hazardous Substances into the air, surface water, groundwater, or land, or relating to the manufacture, processing, distribution, use, treatment, storage, disposal, transport, or handling of Hazardous Substances; and

(ii) All requirements, pertaining to the protection of the health and safety of employees or the public.

(x) 'Hazardous Substance' and 'Hazardous Substances' shall mean and include without limitation any pollutant, contaminant, toxic or hazardous waste, dangerous substance, potentially dangerous substance, noxious substance, toxic substance, flammable, explosive, radioactive material, urea formaldehyde foam insulation, asbestos, polychlorinated biphenyls (PCBs), chemicals known to cause cancer or reproductive toxicity, petroleum and petroleum products and other substances which have been or in the future shall be declared to be hazardous or toxic, or the removal of which has or in the future shall be required, or the manufacture, preparation, production, generation, use, maintenance, treatment, storage, transfer, handling or ownership of which has or in the future shall be restricted, prohibited, regulated or penalized by any Environmental Requirement."

(y) "Environmental Damages" shall mean any one or more of the following: (i) the

presence on, about or under the premises of any Hazardous Substance and/or (ii) the disposal, release or threatened release of any Hazardous Substance from the premises, and/or (iii) the presence of any Hazardous Substance on, about or under other property at the Airport as a result of the Lessee's use and occupancy of the premises or a migration of a Hazardous Substance from the premises, and/or (iv) any personal injury (including wrongful death) or property damage arising out of or related to any such Hazardous Substance, and/or (v) the violation of any Environmental Requirements pertaining to any such Hazardous Substance, the premises and/or the activities thereon.

14. Paragraph (b) of Section 20 of the Lease shall be deemed amended by inserting on the seventh (7th) line thereof after the word "systems" the following:

> "(including without limitation the foundations, columns and support structure for the LRS and the Elevated Parking Structure (as such terms are defined in Section 83 hereof) which are or are to be located in or on the premises)".

15. Schedule E attached hereto shall be deemed to replace Schedule E attached to the Lease and from and after the effective date hereof shall be deemed to be and become a part of the Lease.

16. As hereby amended, all of the terms, covenants, provisions, conditions and agreements of the Lease shall be and remain in full force and effect.

17. The Lessee represents and warrants that no broker has been concerned in the negotiation of this Supplemental Agreement or the extension hereunder and that there is no broker who is or may be entitled to be paid a commission in connection therewith. The Lessee shall indemnify and save harmless the Port Authority of and from any and all claims for commission or brokerage made by any and all persons, firms or corporations whatsoever for services in connection with the negotiation and execution of this Supplemental Agreement or the extension hereunder.

18. No Commissioner, director, officer, agent or employee of any party to this Supplemental Agreement shall be charged personally or held contractually liable by or to any other party under any term or provision of this Supplemental Agreement or of any supplement, modification or amendment to the Lease or because of its or their execution or attempted execution or because of any breach or alleged or attempted breach thereof.

19. This Supplemental Agreement (consisting of Volume 1 which includes Paragraphs 1 through 19 and Exhibits A, B, C, D, E, F, G, H, I, J, K, L [Book 1 of 3], M and S, and Attachment A and Schedule E; Volume 2 which consists of Book 2 of Exhibit L; and Volume 3 which consists of Book 3 of Exhibit L) and the Lease which it amends constitute the entire agreement between the

Port Authority and the Lessee on the subject matter, and may not be changed, modified, discharged or extended except by instrument in writing duly executed on behalf of both the Port Authority an the Lessee. The Lessee and the Port Authority agree that no representations or warranties shall be binding upon the other unless expressed in writing in the Lease or in this Supplemental Agreement.

IN WITNESS WHEREOF, the Port Authority and the Lessee have executed these presents as of the date first above written.

SCHEDULE E

AFFIRMATIVE ACTION-EQUAL OPPORTUNITY---MINORITY BUSINESS ENTERPRISES ---WOMEN-OWNED BUSINESS ENTERPRISES REQUIREMENTS

Part I. Affirmative Action Guidelines - Equal Employment Opportunity

I. As a matter of policy the Port Authority hereby requires the Lessee and the Lessee shall require the Contractor, as hereinafter defined, to comply with the provisions set forth hereinafter in this Schedule E and in Section 83 (e) (18) of Port Authority Agreement No. AYB-876 (herein called the "Lease") with BRITISH AIRWAYS, Plc. (herein and in the Lease called the "Lessee"). The provisions set forth in this Part I are similar to the conditions for bidding on federal government contract adopted by the Office of Federal Contract Compliance and effective May 8, 1978.

The Lessee as well as each bidder, contractor and subcontractor of the Lessee and each subcontractor of a contractor at any tier of construction (herein collectively referred to as "the Contractor") must fully comply with the following conditions set forth herein as to each construction trade to be used on the construction work or any portion thereof (said conditions being herein called "Bid Conditions"). The Lessee hereby commits itself to the goals for minority and female utilization set forth below and all other requirements, terms and conditions of the Bid Conditions. The Lessee shall likewise require the Contractor to commit itself to the said goals for minority and female utilization set forth below and all other requirements, terms and conditions of the Bid Conditions by submitting a properly signed bid.

II. The Lessee and the Contractor shall each appoint an executive of its company to assume the responsibility for the implementation of the requirements, terms and conditions of the following Bid Conditions:

(a) The goals for minority and female participation expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work are as follows:

(1)	Minority participation	
	Minority, except laborers	30%
	Minority, laborers	40%
(2)	Female participation	
	Female, except laborers	6.9%
	Female, laborers	6.9%

These goals are applicable to all the Contractor's construction work performed in and for the premises.

The Contractor's specific affirmative action obligations required herein of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make good faith efforts to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract. Compliance with the goals will be measured against the total work hours performed.

(b) The Contractor shall provide written notification to the Lessee and the Lessee shall provide written notification to the Manager of the Office of Business and Job Opportunity of the Port Authority within 10 working days of award of any construction subcontract in excess of $10,000 at any tier for construction work. The notification shall list the name, address and telephone number of the subcontractor; employer identification number; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.

(c) As used in these specifications:

(1) "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941:

(2) "Minority" includes:

(i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);

(ii) Hispanic (all persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American culture or origin, regardless of race);

(iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and

(iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

(d) Whenever the Contractor, or any subcontractor at any tier, subcontracts a portion of the construction work involving any construction trade, it shall physically include in each

subcontract in excess of $10,000 those provisions which include the applicable goals for minority and female participation.

(e) The Contractor shall implement the specific affirmative action standards provided in subparagraphs (1) through (16) of Paragraph (h) hereof. The goals set forth above are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the premises. The Contractor is expected to make substantially uniform progress toward its goals in each craft during the period specified.

(f) Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations hereunder.

(g) In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

(h) The Contractor shall take specific affirmative actions to ensure equal employment opportunity ("EEO").

The evaluation of the Contractor's compliance with these provisions shall be based upon its good faith efforts to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

(1) Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each Phase of the construction project. The Contractor, shall specifically ensure that all foremen, superintendents, and other supervisory personnel at the premises are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at the premises.

(2) Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.

(3) Maintain a current file of the names, addresses and telephone number of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.

(4) Provide immediate written notification to the Lessee when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

(5) Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and training programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under subparagraph (2) above.

(6) Disseminate the Contractor's EEO Policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the Contractor's newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the Contractor's EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

(7) Review, at least every six months the Contractor's EEO policy and affirmative action obligations hereunder with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decision including specific review of these items with on-premises supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of construction work at the premises. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

(8) Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.

(9) Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations and to State-certified minority referral agencies serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

(10) Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the premises and in areas of a Contractor's workforce.

(11) Tests and other selecting requirements shall comply with 41 CFR Part 60-3.

(12) Conduct, at least every six months, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

(13) Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations hereunder are being carried out.

(14) Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

(15) Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

(16) Conduct a review, at least every six months, of all supervisors' adherence to and performance under the Contractors' EEO policies and affirmative action obligations.

(i) Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (subparagraphs (1)-(16) of Paragraph (h) above). The efforts of a contractor association, joint contractor-union, contractor-community, or

other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under Paragraph (h) hereof provided that: the Contractor actively participates in the group, makes good faith efforts to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes good faith efforts to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's non-compliance.

(j) A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation hereof if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation hereof if a specific minority group of women is underutilized).

(k) The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex or national origin.

(l) The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

(m) The Contractor shall carry out such sanctions and penalties for violation of this clause including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered by the Lessee. Any Contractor who fails to carry out such sanctions and penalties shall be in violation hereof.

(n) The Contractor, in fulfilling its obligations hereunder shall implement specific affirmative actions steps, at lease as extensive as those standards prescribed in paragraph (h) hereof so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of these provisions, the Lessee shall proceed accordingly.

(o) The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g. mechanical apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and location at which the work is performed. Records shall be

maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

(p) Nothing herein provided shall be construed as a limitation upon the application of any laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

(q) Without limiting any other obligation, term or provision under the Lease, the Contractor shall cooperate with all federal, state or local agencies established for the purpose of implementing affirmative action compliance programs and shall comply with all procedures and guidelines established or which may be established by the Port Authority.

PART II. MINORITY BUSINESS ENTERPRISES/WOMEN-OWNED BUSINESS ENTERPRISES

As a matter of policy the Port Authority requires the Lessee and the Lessee shall itself and shall require the general contractor or other construction supervisor and each of the Lessee's contractors to use every good faith effort to provide for meaningful participation by Minority Business Enterprises (MBEs) and Women-owned Business Enterprises (WBEs) in the construction work pursuant to the provisions of this Schedule E. For purposes hereof, "Minority Business Enterprise" "(MBE)" shall mean any business enterprise which is at least fifty-one percentum owned by, or in the case of a publicly owned business, at least fifty-one percentum of the stock of which is owned by citizens or permanent resident aliens who are minorities and such ownership is real, substantial and continuing. For the purposes hereof, "Women-owned Business Enterprise" "(WBE)" shall mean any business enterprise which is at least fifty-one percentum owned by, or in the case of a publicly owned business, at least fifty-one percentum of the stock of which is owned by women and such ownership is real, substantial and continuing. A minority shall be as defined in paragraph II(c) of Part I of this Schedule E. "Meaningful participation" shall mean that at least seventeen percent (17%) of the total dollar value of the construction contracts (including subcontracts) covering the construction work are for the participation of Minority Business Enterprises and Women-owned Business Enterprises, of which at least twelve percent (12%) are for the participation of Minority Business Enterprises. Good faith efforts to include meaningful participation by MBEs and WBEs shall include at least the following:

(a) Dividing the work to be subcontracted into smaller portions where feasible.

(b) Actively and affirmatively soliciting bids for subcontracts from MBEs and WBEs, including circulation of solicitations to minority and female contractor associations. The Contractor shall maintain records detailing the efforts made to provide for meaningful MBE and WBE participation in the work, including the names and addresses of all MBEs and WBEs contacted and,

if any such MBE or WBE is not selected as a joint venturer or subcontractor, the reason for such decision.

(c) Making plans and specifications for prospective construction work available to MBEs and WBEs in sufficient time for review.

(d) Utilizing the list of eligible MBEs and WBEs maintained by the Port Authority or seeking minorities and women from other sources for the purpose of soliciting bids for subcontractors.

(e) Encouraging the formation of joint ventures, partnerships or other similar arrangements among subcontractors, where appropriate, to insure that the Lessee and Contractor will meet their obligations hereunder.

(f) Insuring that provision is made to provide progress payments to MBEs and WBEs on a timely basis.

(g) Not requiring bonds from and/or providing bonds and insurance for MBEs and WBEs, where appropriate.

Certification of MBEs and WBEs hereunder shall be made by the Office of Business and Job Opportunity of the Port Authority. If the Contractor wishes to utilize a firm not already certified by the Port Authority, it shall submit to the Port Authority a written request for a determination that the proposed firm is eligible for certification. This shall be done by completing and forwarding such form as may be then required by the Port Authority. All such requests shall be in writing addressed to the Office of Business and Job Opportunity, the Port Authority of New York and New Jersey, One World Trade Center, 63 East, New York, New York 10048 or such other address as the Port Authority may specify by notice to the Lessee. Certification shall be effective only if made in writing the Director in charge of the Office of Business and Job Opportunity of the Port Authority. The determination of the Port Authority shall be final and binding.

The Port Authority has compiled a list of the firms that the Port Authority has determined satisfy the criteria for MBE and WBE certification. This list may be supplemented and revised from time to time by the Port Authority. Such list shall be made available to the Contractor upon request. The Port Authority makes no representation as the financial responsibility or such, firms, their technical competence to perform, or any other performance-related qualifications.

Only MBE's and WBE's certified by the Port Authority will count toward the MBE and WBE goals.

Please note that only sixty percent (60%) of expenditures to MBE or WBE suppliers will count towards meeting the MBE and WBE goals. However, expenditures to MBE or WBE

manufacturer's (i.e. suppliers that produce goods from raw materials or substantially alter them before resale) are counted dollar for dollar.

ATTACHMENT A

PORT AUTHORITY OF NEW YORK AND NEW JERSEY
TECHNICAL DESIGN CRITERIA AND ASSUMPTIONS
FOR JFK ROADWAY CONTRACT PACKAGE #5

Rev. April 2, 1998

1.0 ROADWAY DESIGN

1.0.1 Codes, Standards, and References

1.0.1.1 Traffic

The codes, specifications and guidelines (latest editions) will be used but not be limited to the following:

- Transportation Research Board Highway Capacity Manual
- USDOT Manual on Uniform Traffic Control Devices.
- Airport Signing Standard Manual
- All criteria for pavement marking, signals, concrete barrier, lane closures and signs in conformance with Port Authority "Traffic Design Standards" unless otherwise noted.

1.0.1.2 Civil

The codes, specifications and guidelines (latest editions) of the following will be used:

- AASHTO Policy on Geometric Design of Highway and Streets (1990)
- USDOT Manual on Uniform Traffic Control Devices.
- All criteria for storm drainage, sanitary sewer, and water distribution will conform the Port Authority "Civil Design Standards" unless otherwise noted.
- The water distribution system is designed to meet or exceed the New York City and National Fire Prevention Association guidelines.

1.0.1.3 Structural

- Standard Specifications for Highway Bridges, adopted by the AASHTO, 15th Edition, 1992, with interim specifications up to and including 1993 and 1994.
- Standard Specifications for Structural Supports for Highway Signs, Luminaries and Traffic Signals, adopted by the AASHTO, 1985 Edition updated to 1994.
- The AASHTO Guide Specifications for Horizontally Curved Highway Bridges, 1980 Edition updated to 1993.

1.0.1.4 Electrical Codes for Entrance/Exit Plaza Canopies, Booths, and Service Building

- NYC Electrical Code
- National Electric Code

1.0.1.5 Geotechnical

Data and results of previous studies to be found in a report entitled "JFK 2000 - Geotechnical Study and Evaluation of Foundation Design Concepts", dated September 1987.

1.0.2 **Design Criteria and Assumptions:**

1.0.2.1 Traffic

1.0.2.1.1 Planning Horizon

Design Year 2015 - 45 Million Annual Air Passengers (MAAP)

Traffic generation inputs are based on the 1988 JFKIA Central Terminal Area Air Passenger Vehicle History and Forecast (revised January 1990), on the Year 2000 Travel Demand (revised final report October, 1989), and on the updated Year 2015 JFK Redevelopment Planning Parameters (June 9, 1994 draft final report).

The passenger projections updated by the Port Authority in 1993 determined that the average annual growth rate is 2.5% at JFK for the period of 1994 - 2003. This is lower than the earlier projection of 3% annual growth rate for the airport in the Year 2000. Due to various factors related to the aviation industry and more recent data available, the revised JFK Planning Parameters for the Year 2015 resulted in a lower growth rate of 2.3 %. Consequently, the planning horizon of 45 million annual passengers activity level projected by Year 2000 would be reached in the Year 2015.

Distribution of total air passengers among the unit terminals is based on available information for Year 1992 and the effects of the Terminal One reconstruction by TOGA, the IAB renovation beginning in 1997, and the relocation of Tower Air Terminal flights into the new IAB. Growth factors for each unit terminal were developed by comparing actual 1992 and projected 2015 volumes.

August Peak Month - 5.1 million air passengers
Design day - 167,500 air passengers
Orange Quadrant - 14.85 million air passengers

Terminals 5 and 6- (TWA)	9.99 MAAP
Terminal 7 - (BA)	4.86 MAAP

1.0.2.1.2 Peak Hour Demand

1.0.2.1.2.1

Orange Quadrant Unit Terminal Peak Hour Passengers:

	Arrivals	Departures
Terminal 5 (TWA)	1814	1950
Terminal 6 (TWA)	3079	2241
Terminal 7- (BA)	1874	1457

These volumes were based on the actual passenger peak hour volumes obtained in 1992 and the growth factors applied to them. The following were assumed in this methodology:

- Increase in passenger peak hour volumes is linearly proportional to the increase in annual volume.
- Growth rate can be applied throughout the entire day, including the peak period.
- Airside operations at JFK can accommodate this growth.

The actual 1992 passenger peak hour volumes represent the peak hour of the average day of the peak month or the tenth highest hour. This corresponds to the peak hour developed on Sunday, August 23, 1992. The departure passenger peak hour occurred from 2:30 PM to 3:30 PM and the arrivals peak hour occurred from 4:00 PM to 5:00 PM.

The new projected peak hour volumes for Terminals 5 and 6 (TWA) are similar to the earlier Year 2000 projections. The volumes for Terminal 7 (British Airways) are considerably higher compared to the original

forecast. This is attributed to the higher baseline condition for this terminal which experienced approximately 20% growth in the Year 1992 - 1993. This high growth rate is not predicted to continue, nevertheless, a higher projected annual volume than the Year 2000 Travel Design Parameters is marked.

1.0.2.1.3 Design Elements

Roadway Functional Requirements:

Level of service for all elements of the Orange Quadrant (previously Area 4) roadway system (roadways, signalized and unsignalized intersections, pedestrian crosswalks and walkways) shall be equal to or better than Level of Service "C" as defined in the Transportation Research Board 1994 Highway Capacity Manual. Weaving sections shall also operate at level of service "C". Level of service "C" capacity levels (mixed vehicle per hour per lane) for various roadways are described in Exhibit A.

1.0.2.1.4 Planning Parameters

The design of the roadway system will not include provisions for a separate quadrant. The Terminals 5, 6, and 7 will be served as the Orange Quadrant without variation.

The roadway system is to be designed to include the following:

- Inter-area roadway connections at the arrivals level.
- All on-airport HOVs including buses to long term parking/other terminals, courtesy vans, short haul taxis and limos shall have full access to the Orange Quadrant and use the dedicated HOV frontage.
- All mass transit buses (NYCTA) and employee buses will access the Orange Quadrant from either the Blue Quadrant (previously Area 2) or the expressways. These buses must have a dedicated curb area.
- The underpass between the parking lots of the Blue and Orange Quadrants is to be maintained in service at all times.
- Access to the Central Taxi Hold located off JFK Expressway.
- Inter-terminal pedestrian movements are to be maintained in the new scheme.

- Private Auto - Primary Movement Decision Sequence: Entering CTA via Van Wyck or JFK Expwy

- Area Decision
- Terminal Frontage/parking decision
- Specific Unit Terminal decisions

Leaving Unit Terminals
- Airport Exit - Van Wyck/JFK Expwy
- Return to Terminals
- To area parking
- To long term parking
- Rental car returns
- To other terminals

Leaving Area Parking Lots
- Airport Exit - Van Wyck/JFK Expwy
- Return to Terminals.
- Return to area parking
- To long term parking
- Rental car returns

Inter-Area Movements
- Via JFK or Van Wyck Expwy and their Recirculation loops
- Taxi - Primary Movement Decision Sequence:

Drop-off air passengers at Unit Terminals and exit airport -
- Same movement as for private automobiles

Drop-off air passengers at Unit Terminals and proceed to Central Taxi Hold -
- Inbound movement same as for private automobiles
- Access to Central Taxi Hold from CTA provided from outbound JFK Expwy and Recirculation Loop

Inbound empty taxis to Central Terminal Area -
- Inbound empty taxis on JFK Expwy will be diverted directly to Central Taxi Hold
- Inbound empty taxis on Van Wyck will be diverted to JFK Expwy and Central Taxi Hold
- Short haul taxi decision sequence:
- Via area roadways and JFK/Van Wyck Expwy Recirculation Loops

Courtesy Vehicles - Decision Sequence -
- All passenger pick-up and drop-off activity will be at designated stops along the HOV frontage.

Courtesy vehicles - Service Type -

- Bus to Long Term Parking/NYCTA Subway - schedule
- Airline Connection - schedule
- Rental Car Courtesy Van/Bus - schedule
- Hotel Courtesy Van - schedule
- NY Helicopter Van - demand only

Local Bus - Decision Sequence -
- All passenger pick-up and drop-off activity will be at designated stops along the HOV frontage.

Local Bus - Service Type -
- Q10 Greenline Bus to Queens - schedule
- Q3 NYCTA Bus to Queens - schedule
- B15 NYCTA Bus to Brooklyn - schedule
- Airport Employee Bus - schedule

Commercial Bus, Ground Transportation Permittees - Decision Sequence -
- All passenger pick-up and drop-off activity will be at designated stops along the HOV frontage

Vehicles - Service Type:
- Carey Bus (Manhattan)-schedule
- Carey Bus (LaGuardia)-schedule
- Carey Bus (Brooklyn)-schedule
- Carey Bus (Jamaica Station)-schedule
- Flight Catcher-schedule
- Connecticut Limousine-schedule
- Transport Classic-schedule
- Trans-Bridge-schedule
- Westchester Express-schedule
- Princeton Airporter-schedule
- Salem Transport-schedule
- Grayline Air shuttle-schedule
- Giraldo Limousine-schedule
- Classic Airport Share Ride-schedule
- Others-demand
- Charter Bus Activity - is assumed to be along the HOV frontage

1.0.2.1.5 Passengers Classification and Transfers

Distribution of passengers between terminating, interlining and intralining at each unit terminal is as follows:

Terminals 5 and 6 (TWA):

Arriving passengers:	
Peak hour terminating passengers	40%
Peak hour interlining terminating passengers	20%
Peak hour intralining terminating passengers	40%
Departing passengers:	
Peak hour originating passengers	40%
Peak hour interlining originating passengers	20%
Peak hour intralining originating passengers	40%

Terminal 7 (BA):

Arriving passengers:	
Peak hour terminating passengers	80%
Peak hour interlining terminating passengers	10%
Peak hour intralining terminating passengers	10%
Departing passengers:	
Peak hour originating passengers	80%
Peak hour interlining originating passengers	10%
Peak hour intralining originating passengers	10%

Modal distribution of peak hour terminating and originating passengers is as follows:

LOV: (74%)

Auto:	37%
Taxi:	18%
For-Hire:	14%
Rental Car:	3%
Long Term Park:	2%

HOV: (26%)

Limousines:	12%
Bus/Van:	8%
Mass Transit:	4%
Courtesy cars:	2%

Modal distribution of peak hour interlining passengers is as follows:

Total LOV (taxi only) 7%
Total HOV 93% (81% bus/van and 12% limo)

Meeters / Greeters:
Meeters and greeters are included in determining frontage requirements. No. of greeters = 70% of terminating passengers using autos + 10% of terminating passengers using HOVs, rental cars and long term parking.

No of meeters = 70% of originating passengers using autos + 10% of originating passengers using HOVs, rental cars and long term parking.

1.0.2.1.6 Frontages

The following is to be used in the frontage design:

- Weather protected passenger pick-up and drop-off areas along the arrival, HOV, and departure curbs.
- Minimum platform width = 20 feet
- Minimum frontage roadways requirement is to provide two 10 feet wide parking/maneuvering lanes and two 12 feet wide lanes for bypass traffic.
- Frontages will be provided for LOVs, HOVs, and taxis with right-door loading.
- Minimum overhead roadway clearance = 14'-6"
- All frontages should be at level grade.
- All inter-terminal transfer passengers go directly to frontage and use HOVs and LOVs in the proportion stated previously.
- Intra-terminal passengers do not use frontage.
- Poisson distribution is assumed for the peak hour vehicles arrival rate. It is a random distribution taking into account the peaking characteristics occurring within the hour. Frontage requirement thus calculated reflects a 90% probability for each vehicle to find an empty space.
- The frontage requirement calculated above will be reduced by 30% for level of service C criteria. It assumes that 30% of the traffic will park in the second parking lane provided along the curb.

- There is no inter-area HOV access to the Departures Roadway. Except single terminal HOVs, all departure HOVs are assigned to the HOV Frontage and therefore, included in the HOV frontage requirement.

- Taxis picking up passengers will be provided with separate frontage and taxi feed line.

- Frontage assigned to the LOVs will be shared as a common frontage by all types of LOVs. "Common" frontage analysis will be used to determine LOV frontage requirement.

- Different types of HOVs will have their own processing area. "Segmented" frontage analysis will be used to determine HOV frontage requirement.

- No HOV holding area will be provided at the site.

- HOV projection is based on demand and not "schedule oriented".

- Frontage analysis for Terminals 5, 6, and 7 is described in Exhibits B, C, and D respectively.

ROADWAY CRITERIA

CATEGORY			ACCESS	CENTRAL TERMINAL AREA		
ITEM	EXPRESS ROAD SYSTEM	COLL_ DIST_ ROAD SYSTEM	AREA ROAD SYSTEM			
Design Speed (MPH)	50	40	30	25	20	15
Minimum Radius (FT)	720	510	230	150	90	50
Maximum Super	0.06	0.06	0.06	0.04	0.04	0.04
Stopping Sight Distance (FT)	400-475	275-325	200	150	125	N/R
Maximum Grade	5%	6%	6%	6%	6%	6%
Speed Change Lanes	Yes	No	No	No	No	No
Reserve Area for Crash cushion Barrier	Yes	Yes	Yes	No	No	No
Roadway Widths	Widths shall be based on the most recent AASHTO policy for design condition B. Widths of tangent sections on structure of 20; 29; and 42' and 54' for 1, 2, 3 and 4 lanes.					
Bridge Rail	In accordance with AASHTO standards					
Roadside Objects	Objects must be located behind or atop the bridge rail so that the rail has a smooth surface that will not snag errant vehicles. On grade proper protection or sufficient clearance must be provided					
Sidewalks	None will be provided along the roadways in most cases. Pedestrian requirements for interterminal movements and parking movements will be determined separately.					
Shoulders	On Structure - None will be provided. On Grade - Asphalt block paver shoulders behind mountable curb where possible					

Clearances	Public parking under deck- 11'-0" minimum w/o utilities, 13'-6" w/utilities. Other - 14'-6" minimum bridge clearance Overhead Sign Structure 15'-6" minimum Overhead Traffic Signal 15'-6" minimum/17'-6" maximum.* * Based on Manual of Uniform Traffic Control Devices.

1.0.2.2 Civil

1.0.2.2.1 Roadway Ramp Designation

Ramps shall be designated such that the origin and the destination of that roadway are given in order.

Design Speed-- 30 MPH Desirable

The central radius of a ramp and maximum superelevation (0.04) shall be used for design speed control

CENTRAL RAMP RADIUS IN FEET	RECOMMENDATION DESIGN SPEED IN MPH
90	20
150	25
230	30

Horizontal Alignment

Desirable Minimum Radius 230 ft.

The minimum length of tangent between reverse curves is controlled by the superelevation runoff.

Ramp width vary with the horizontal radii and are as follows:

RADIUS AT LANE EDGE OF INSIDE CURVE	LANE WIDTH FOR ONE LANE RAMP	LANE WIDTH FOR TWO LANE RAMP
90'	23'	33'
150'	22'	32'
200'	22'	31'
250'	22'	31'
300'	21'	30'
400'	21'	30'
500'	21'	30'
600' or more	20'	29'

If any obstruction is encountered, sight distance shall control. In the area of horizontal transition curves, it is intended that smooth lane width transitions, controlled by the central radius, be used. Changes in pavement width shall utilize a taper rate of 1:15 or $\frac{W \times V}{60}$

1.0.2.2.2 Acceleration/Deceleration

For typical acceleration and deceleration lane treatment, see the following tables and consult with the Traffic Engineer.

Acceleration Lane (AASHTO) page 986

Deceleration Lane (AASHTO) page 991

1.0.2.2.3 Vertical Clearance

Minimum clearance between profiles is based on 14'-6" roadway clearance plus the depth of structure.

1.0.2.2.4 Vertical Alignment

Grades:
a) Maximum upgrade 6.0 percent
b) Desirable maximum upgrade 5.0 percent
c) Maximum downgrade 6.0 percent
d) Absolute minimum grade 0.5 percent

1.0.2.2.5 Vertical Curves

Minimum length determined by: L = A x K
Where: L, A, and K are defined in the "Collector Distribution Road System-Vertical Alignment", with minimum K values as follows:

DESIGN SPEED		STOPPING SIGHT	DESIRABLE		ABSOLUTE MIN.	
MPH	FPS	DISTANCE (ft)	CREST K	SAG K	CREST K	SAG K*
10	17	50	10	10	8	
15	22	75	10	10	8	
20	29	125	10	20	8.6	
25	37	150	20	30	14.4	
30	44	200	30	40	23.7	

* Because all roadways will be lighted, minimum sag curves may be based on riding comfort.

1.0.2.2.6 Superelevation

Maximum 4 percent.

The rate of change of the cross slope is not to exceed 2 percent per distance traveled in one second at the design speed.

Change in cross slope between adjacent lanes not to exceed 4 percent

Ramp superelevation shall be controlled by the central curve of the ramp. Full superelevation as indicated by the central radius of a ramp shall not be attained before that radius is reached. A smooth superelevation transition shall be provided over the length of the corresponding horizontal transition. By the use of the proper superelevation, it is intended that the driver be discouraged from "over-driving" the ramp.

Where there are no transition curves adjacent to the central radius, the approximately two-third of the transition length is to set on the approach tangent with the remaining one-third within the central curve.

Current AASHTO tables relating design speed and horizontal curvature of the central curve for a maximum superelevation of 4 percent shall be used a minimum criteria.

1.0.2.2.7 Superelevation

Recirculation Roads and Frontage Roads.

The central radius for a ramp shall be: 125 ft Absolute minimum 50 feet.

Central Angle Radius (Feet)	Recommended design Speed (MPF)
50	10
75	15
125	20

Desirable Minimum Radius

Pavement widths:

Radius	1 Lane	2 Lanes
50'	26'	38'
75'	24'	35'
125'	23'	32'

1.0.2.3 Architectural Design Criteria for Elevated Roadways and Retaining Walls

Elevated roadways shall be consistent with the JFK Redevelopment Program Standards established by the Roadway Packages.

Major Materials:

Painted Steel Railings (color to match Benjamin Moore Light Gray 1594).

Concrete Parapet (match existing profile).

Exposed recessed painted steel superstructure (color to match Benjamin Moore Dark Gray 1631).

Round concrete columns encased.

Drainage piping to be within the concrete columns.

1.0.2.4 Structural Design Criteria

1.0.2.4.1 Structural Loads for Elevated Roadways

Dead Load includes a 30 psf future Wearing Surface overlay.
Live Load: HS20-44
Seismic Load: Seismic Performance Category B.
Acceleration Coefficient A= 0.19
All other loads as per AASHTO Specifications.

1.0.2.4.1.1 Reinforced Concrete Design:

Materials:

- Reinforcing Steel shall be ASTM A615 Grade 60.
- Concrete shall be class 'B', f'c = 4000 psi except for footings and pile caps, which shall be class 'D', f'c = 3000 psi.

1.0.2.4.1.2 Structural Steel Design:

Materials:

- Unless otherwise specified, all structural steel shall be AASHTO M270 Grade 50 (ASTM A709 Grade 50).

- Structural Tubing shall be ASTM A500 Grade B.

1.0.2.4.1.4 Foundations:

Bridge Piers, Abutments and Retaining Walls shall be supported on monotube piles as per section 8.1.2.6.3.1. Retaining walls 6' high and below shall be supported on spread footings.

Light Structures: - Use 30 Ton Timber Piles

Pile Capacities:

Compression:	30 Tons
Tension:	5 Tons
Lateral Capacity:	1 Ton

Where spread footing is used, the allowable bearing pressure shall be recommended by the Geotechnical Engineering Department.

1.0.2.5 Electrical Design Criteria

100 ft. high rigid steel mast floodlight poles (see "Parking Lots") will be used for lighting of the on-grade roadways in the vicinity of the parking lots.

30 ft. high aluminum lighting poles with 5' arms will be used for on-grade roadway lighting out of the CTA. The pole spacing will be approximately 100 ft. and an average lighting level of 2 F.C will be maintained for all roadways. Cutoff (no uplight component) outdoor 250W high pressure sodium lighting fixtures with high power factor ballasts will be mounted beneath overpasses to provide lighting for on-grade roads under structures.

Roadways adjacent to terminal and canopies will be illuminated by outdoor high pressure sodium lighting fixtures with high power factor ballasts mounted on these structures.

Lighting for elevated roads will be provided by 30 ft. high aluminum lighting poles.

One 250W high pressure sodium cutoff outdoor lighting fixture with high power factor ballast will be utilized.

The pole spacing will be approximately 100 ft.

An average level of 2 FC will be maintained.

Elevated roads, power, and communication cables will be installed within rigid galvanized steel conduits mounted on roadway structures.

1.0.2.6 Geotechnical Design Criteria and Assumptions

Liquefaction analyses are to be performed for all significant structures.

Details of methods proposed to perform liquefaction analysis and incorporation of the results into foundation designs are to be submitted to Port Authority Geotechnical Unit.

A boring program is to be performed that conforms with Port Authority standards, including using safety hammer during split spoon sampling. PDA measurement is to be performed on selected borings to confirm applied energy from safety hammer.

The boring program is to be carried out utilizing hand auguring to a depth of seven feet to minimize potential risk of impacting utilities. Borings may subsequently be advanced twelve inches from the auger hole. Jetting of soil shall not be permitted.

Boring logs and cone penetration test data is to be transmitted to the Port Authority, Geotechnical Group on a daily basis to permit review of results.

1.0.2.6.1 Embankments:

Geotechnical inputs to design embankments will be based on the following investigations, studies and analyses:

Detailed evaluation of subsurface soils will be based on site investigations planned for this project. Existing subsurface data, along with additional borings to be carried out as required, will be used in foundation design of the structures.

Laboratory testing of soil samples will be performed to confirm representative engineering properties for design.

Preliminary investigations and cost comparisons of alternative methods of embankment construction should be performed with the objective of minimizing the overall length of the planned elevated roadway structure. Methods of construction will include the following:

Lightweight fill
Pile supported embankment
Preloading and surcharging

Criteria for embankment design is based on post construction differential settlement between pile supported abutment and approach embankment not exceeding 3.5 inches over a 10 year period..

Surcharging by fill or lightweight fill is to be used to minimize differential settlement if above value is exceeded. Waiting period of 3 months may be imposed between completion of embankment construction and start of paving.

1.0.2.6.2 Foundations

All piers, abutments, wingwalls and portions of retaining walls in excess of a height of six (6) feet shall be supported on piles: Retaining walls less than six (6) feet in height and other minor structures may be supported on spread footings.

1.0.2.6.2.1 Pile Types

A major comprehensive pile test program was completed in the CTA area covering a wide variety of acceptable pile types. In addition a pile test program was conducted in conjunction with the foundation contract for the Air Traffic Control Tower. Results of the load test programs were evaluated in order to recommend the optimum pile types to support the elevated roadway structures, abutments and retaining walls. Details are included in the "Pile Load Test Report dated June 1989."

1.0.2.6.3 Roadways

1.0.2.6.3.1 Elevated Structures

Provisions of AASHTO including seismic design and liquefaction analyses will be performed for elevated roadway structures including piers, abutments, wingwalls, retaining walls and embankments. Piers for elevated roadway structures outside terminal will be supported by Monotube piles (3NJ8X14) as indicated in Table B. Vertical and batter piles will be used to minimize impact of liquefaction.

TABLE B

Vertical	Uplift
100 tons	30 tons

Batter piles will be provided to resist lateral forces. The pile batter shall not exceed 1 (horizontal) to 4 (vertical)

Abutments wingwalls and retaining walls will be supported by Monotube piles (5NJ8X14)

Bearing capacity	65 tons
Length	50 feet

Monotube piles used to support abutments, wingwalls and retaining walls will be designed for the following downdrag values:
Vertical Piles 11 tons
Batter Piles
Inner Row 3 tons
Outer Row negligible

Soil parameters and seismic response coefficients for determination of earth pressures on bridge abutments and wingwalls and retaining wall will be as follows:

Unit weight of backfill: 120 pcf
Angle of internal friction of backfill material: 30°
Coefficient of active earth pressure: 0.33
Coefficient of passive earth pressure: 3.00
Friction coefficient between concrete footing and sand (fill) : 0.40

Structural design of permanent walls will be carried out using a coefficient of at rest pressure of 0.50.

1.0.2.6.3.2 Bridge Abutments

Surcharging period will be required before start of paving of approach embankments to bridge abutments. Structural approach slab supported at the abutment will be provided at each bridge location.

1.0.6.2.4 *Miscellaneous Structures*

The following structures will be supported on spread footing type foundations: Light poles, Toll plaza structures, Lighting vaults, Ground mounted signs. For temporary loading conditions, the allowable bearing pressure at the edge of the footing may be increased by 33%.

The allowable bearing pressure for spread footing type foundations will be determined as needed.

1.0.6.2.5 Settlement Monitoring

A settlement monitoring program will be employed during construction to assess the performance of the surcharging and filling and to verify the schedule for surcharge removal. Instrumentation for the program may consist of: Settlement plates to be monitored by optical survey.
Settlement markers to be installed on top of retaining walls that are not pile supported. Piezometers, to measure pore pressure dissipation.

1.0.6.2.5 Dewatering

Dewatering criteria will be developed to accommodate pile cap, utility and depressed roadway construction. British Airways will be included under the existing Port Authority General Dewatering Permit, issued by the

NYSDEC (DEC Permit Number 2-638-00019/00005-0), and is for withdrawals of groundwater from the roadway construction area. Under the Port Authority allocations, British Airways may withdraw up to 1.25 million gallons of water per day. If British Airways is not in compliance with the requirements of the permit, British Airways shall hire a qualified environmental consultant, independent of the construction contractor, to provide liaison with and serve under the direction of the Port Authority, to oversee installation of the dewatering wells by a licensed driller, and to monitor dewatering operations (e.g., provide photo-documentation of affected outfalls and timely notification to the Port Authority when dewatering activities are occurring; maintain all logs and records of activity). British Airways will be responsible for any and all fines associated with deviation from compliance with the requirements of the General Dewatering Permit. The complete terms and requirements for compliance are contained in the Tenant Lease Agreement. All design planning shall be in conformance with the applicable NYSDEC regulatory requirements.

Dewatering criteria will be developed to accommodate pile cap construction for the British Airways Terminal Building and the proposed Garage structure. Maximum flow from the dewatering systems will not exceed permissible limits defined in a separate General Dewatering Permit to be issued to British Airways by NYSDEC.

2.0 PAVEMENT

2.0.1 Design Criteria and Assumptions

2.0.1.1 General

All roadway pavement will be flexible pavement and will be based on H20-S16 loading. The typical sections for different roadways are as follows:

a. Pavement section for Access Expressways, Ramps, Recirculation Roads, and Frontage Access Roads

4" asphalt Concrete Top Course
4" Plant Mix Macadam
6" Dense Graded Aggregate Base Course

b. Pavement section for Parking Lots
2" Asphalt Concrete Top Course
6" Dense Graded Aggregate Base Course

All roadways will have 6" concrete curb (either mountable or non-mountable).

At grade roadway where shoulder is provided, a 5 foot berm will be maintained with a maximum of 2:1 side slope. This also applies for embankment area without retaining walls.

Concrete barriers and box beam guide rail will be used as per the AASHTO Roadside Design Guide. The guiderail shall conform to PA criteria used at the other terminals at JFK Airport.

A 3 foot gutter on both sides will be provided for three or more lane roadway.

The maximum slope for cut and fill for embankment is 2 on 1.

Median treatment- median with between roadways greater than 10 feet shall be topsoiled and seeded. Widths less than 10 feet shall be paved with Asphalt Block Pavers.

A three-foot wide asphalt-block-paver salt splash shall be installed immediately behind curbs in locations where the adjacent area will be landscaped. The salt splash shall be installed for the full length of the landscaped area.

3.0 UTILITIES/ DRAINAGE

3.0.1 Design Criteria and Assumptions

3.0.1.1 General

All existing pipes, electrical conduits, ductbanks, and other structures not capable of being utilized will be removed or plugged and abandoned. All electrical cables are to be pulled before abandoning any conduits or ductbanks.

3.0.1.2 Electrical

All power and communication services external to the buildings will be run inside concrete encased underground duct banks buried at a minimum depth of 30 inches. FRE(Fiber glass reinforced epoxy) and PVC-H conduits will be used for medium voltage and low voltage installations respectively. All conduits for medium voltage duct banks will be 5 inches in diameter. Main runs of low voltage power and communications duct bank conduits will be 4 inches diameter.

Sufficient number of spare conduits (a minimum of 25% or 1 whichever is greater) will be included for all duct banks.

Manhole spacing for power cables will not exceed 500 feet. A minimum separation of 20 feet will be provided between two main 5 KV duct banks.

Medium voltage power cables will be either 500 MCM or 350 MCM. Low voltage power cables will be minimum #10 AWG.

3.0.1.3 Storm Drainage:

The new storm water system is designed following the Port Authority "Civil Utility Standards". A 10- year frequency storm was used for the preliminary pipe sizing. The hydraulic grade line should not exceed the catch basin rim elevation. The new and existing storm trunk lines are connected to relieve the overloaded conditions. A 25-year frequency storm shall be used to design the drainage system for areas below the design groundwater elevation.

3.0.1.3.1 Drainage at Intersection Area

Drainage at large areas of pavements specifically at intersection areas with minimum slopes will be studied carefully to avoid sheet flow conditions and/or puddle situations. Depending on the final grading at those locations, trench drains and/or a series of catch basins may be provided.

3.0.1.3.2 Drainage at Low Points

Because of the high quantities of debris, it is recommended to use two or three inlets at the low point by placing one at the low point and the others on both sides as appropriate.

The roof drainage from the entrance/exit plazas and frontage canopies will be collected.

All pipes are circular reinforced concrete (Class V), unless otherwise noted.

Catch basins are not provided in landscaped areas.

Unless otherwise noted, the existing drainage system will be utilized.

Certain assumptions have been made regarding existing drainage structures (manholes and catch basins) such as modifying or adjusting casting elevations to suit the finished grade.

3.0.1.4 Sanitary Sewer

The sanitary sewer system will include new connections to the service building at the parking lot exit plaza.

3.0.1.5 Water Distribution

The existing low pressure water system is assume to be able to maintain a minimum peak flow pressure of 50 psi throughout the system. During a fire, the system will be able to provide minimum 30 psi of pressure at the fire and minimum 20 psi at all other locations.

New fire hydrants are provided to cover the entire parking lot and the circulation roadways.

The water distribution system will include connections to the service building at the parking lot exit plaza.

4.0 SITE PREPARATION/ DEMOLITION

4.0.1 Civil Design Criteria and Assumptions

Site preparation will include the removal of existing concrete curbs, concrete islands, asphalt or concrete pavements, fences, concrete barriers, guide rail, all cleared and grubbed items, and unsuitable excavated materials.

Utility structures (catch basins and manholes) will be demolished and removed. Sections of pipes (drainage, sanitary or water lines) may be removed or plugged and left in place.

5.0 PARKING LOTS

5.0.1 Codes, Standards, and References

5.0.1.1 Traffic Standard

USDOT Manual on Uniform Traffic Control Devices

5.0.1.2 Architectural Codes

American with Disabilities Act (ADA)

5.0.1.3 Electrical Codes

NYC Electrical Code
National Electric Code

5.0.2 Design Criteria and Assumptions

5.0.2.1 Traffic Design Criteria

The planned Light Rail System (LRS) has not been considered in projecting parking demand.

Limited vehicular egress/ingress points shall be provided to preclude evasion of parking fees. Parking Lot Entrance and Exit plazas shall be provided in all parking lots.

Peak hour potential air passenger parking demand is composed of all originating and terminating passengers who use autos and who may park. This excludes all transfer passengers. It is assumed that 44% of all O/D air passengers are auto users and use parking facilities.
The 1987 peak hour parking space demand will be utilized as the baseline demand as this information is derived from actual revenue and non-revenue parkers and represents the latest available information.

Crash gates are required in all parking lots and an escape ramp is to be provided at all parking entry plazas.

A minimum of five exit lanes are required for the British Airways Terminal parking lot.

5.0.2.2 Electrical Design Criteria

5.0.2.2.1 Parking Lot - Lighting Vault

Electrical power load not exceeding 250KVA @ 480 Volt, 3 phase, will be supplied from the existing lighting vault substation #6. A new lighting

vault, double ended substation will be required if the load exceeds 250 KVA.. The design of a new vault will contain two medium voltage incoming load interrupter switches with ground switches and automatic transfer, two 4330-480 Volt indoor dry type transformers and 480 Volt switchgear. Secondary breakers of the transformers and the tie breaker will have provision for manually selectable (closed or open transition) mode of automatic transfer. The transformers will have provisions for fan cooling, 80 degree C temperature rise and be rated such that each is capable of supplying the entire load of the substation without fans.

The lighting vault will be complete with all necessary 480/277 Volt distribution boards to supply all the types of loads. The loads will consist of parking lot entrance/exit plazas, parking lot high mast light towers, street lights, traffic lights, overhead signs, lighting for walking bridge between East Parking garage and IAB etc. Photocell controlled lighting contactors will be housed within the vault for all outdoor lighting feeders.

5.0.2.2.2 Parking Lot Lighting- High Mast Towers

100 ft., rigid steel high mast floodlight pole, complete with head assembly and lowering device, exactly duplicating those already installed in the other Central terminal Area parking lots, with five (5) 1000W Metal Halide and five (5) 1000W HPS lamps, 277V, high power factor ballast and cutoff fixtures (no uplight component) will be installed as required. An average of 5 F.C. will be maintained throughout the parking area.

Three phase, 480/277 volt power supply feeders from main feeder to lighting high mast pole will be installed in 2 inch concrete encased PVC - H conduit.

High Mast Lighting Tower foundation design criteria is included in "Structural" portion of this criteria.

6.0 PARKING LOT ENTRANCE/EXIT PLAZA CANOPIES, BOOTHS, AND SERVICE BUILDING

6.0.1 Codes, Standards, and References

6.0.1.1 Structural Codes for Plaza Canopies

- Building Officials and Code Administrators (BOCA, latest edition)
- The Building Code of the City of New York (latest edition)
- Standard Specifications for Highway Bridges (AASHTO, latest edition)

6.0.1.2 Electrical Codes for Plaza Canopies, Booths, and Service Building

- NYC Electrical Code
- National Electric Code

6.0.2 Design Criteria and Assumptions

6.0.2.1 General/Traffic Design Criteria

Entrance and exit plaza lane requirements will be finalized based on queuing analysis at entrance and exit plazas.

To maintain level of service "C" at the parking lot plazas, a service rate of 350 vehicles per hour/entrance booth and 100 vehicles per hour/exit booth is required.

Parking Lot Entrance and Exit plazas, canopies, booths and service building shall be consistent with the JFK Redevelopment Program standards established by the Roadway Packages.

6.0.2.2 Architectural Design Criteria

6.0.2.2.1. Plaza Canopies:

Major Materials: Painted Steel Canopy (color to match Benjamin Moore Dark Gray 1631).

All plaza structures shall be consistent with the JFK Redevelopment Program Standards and Design.

6.0.2.2.2. Booths

Major Materials: Stainless Steel, clad with color coded accent painted band. Color coding to be per JFK Redevelopment requirements.

6.0.2.2.3. Service Building

Major Materials: Stainless Steel clad with color coded accent painted band Color coding to be per JFK Redevelopment requirements.

6.0.2.3 Structural

6.0.2.3.1 Loads

6.0.2.3.1.1 Loads for Plaza Canopies

1. Wind Load (AASHTO)

a. Uplift = 20 PSF (applied at the windward quarter point of the transverse superstructure width)
b. Transverse direction = 50 PSF
c. Longitudinal direction = 12 PSF

2. Snow Loads (BOCA)

a. Uniform = 21 PSF
b. Drift effect (where applicable)

3. Temperature Load (AASHTO)

Temperature range = 0 to 120 deg. Fahrenheit (moderate climate)

4. Earthquake (BOCA)

SEISMIC hazard exposure Group I and effective peak velocity related acceleration = 0.15

6.0.2.3.1.2 Loads for Service Building

All loading shall be as per BOCA requirements.

6.0.2.3.2 Materials

Unless otherwise specified, all structural steel shall be ASTM A36. All structural tubing shall be ASTM A500 Grade B.

Concrete shall be Class 'D' f'c = 3 KSI.

Reinforcing steel shall be ASTM A615 Grade 60

Foundations for spread footings: The allowable bearing pressure shall be recommended by the Engineering Department, Geotechnical Design Division.

6.0.2.3.3 Load Combinations

6.0.2.3.3.1 Plaza Canopy Load Combinations

	% Overstress
1. Dead + Snow (Uniform)	100
2. Dead + Wind	125
3. Dead + Wind + Snow (Unbalanced)	133
4. Dead + Snow (Uniform) + Temp	125
5. Dead + Wind + Temp	125
6. Dead + Snow (Unbalanced) + Wind + Temp	145
7. Dead + Seismic	133
8. Dead + Snow (Uniform) + Seismic	140

6.0.2.3.3.2 Service Building Load Combinations

Service Building loading combinations shall be as per BOCA requirements.

6.0.2.3.4 Allowable Deflections

Snow Load = L/240
Wind Load = L/180

6.0.2.4 Mechanical/Plumbing Design Criteria for Plazas, Booths, and Service Building

All booths, and service buildings will be heated and cooled.

Booths will be supplied with a packaged air conditioning unit providing both heating and cooling. supplementary heating will be provided by baseboard heaters.

Service building restroom will be heated and ventilated. An exhaust fan shall be provided for ventilation of the plaza electrical room. Service building restroom will be provided with a water closet, lavatory, hot and cold water. Roof drains and interior leaders will be provided for storm water.

6.0.2.5 Electrical

6.0.2.5.1 Electrical Design Criteria for Service Building

Electrical room in the parking lot entrance/exit plaza service building will house the following equipment: 112.5KVA, 480-208/120V, 3 phase dry type transformer to feed the plazas electrical and electronic equipment.

200 amp, 208/120v, 3 phase, 4W distribution panel.

200A, 480V service entrance circuit breaker.

6.0.2.5.2 Electrical Design Criteria for Plaza

All wiring for plazas will be in rigid steel conduits. An average of 10 F.C. shall be maintained for the length and width of all lanes in each entrance and exit plaza.

6.0.2.5.3 Electronics Design Criteria for Booths

New booths will be designed to support the permanent RCS.

Assumptions:

The front counter will be provided by the RCS contractor

A cutout will be specified in the side wall of the booth for the installation of an exit ticket reader/verifier, for use in the "normal" mode and in "rapid exit" mode.

Space requirements for housing of electronic equipment will be based on the CTA Parking Lot booth design.

6.0.2.5.4 Electronics Design Criteria for Revenue Control System (RCS)

The permanent RCS will be furnished and installed by NYNEX. The lane equipment will be manufactured by Trindel.

The RCS will consist of ticket dispensers, automatic gates, cashier terminals, and other interface equipment necessary to operate in both stand-alone and central control (on-line) modes. RCS equipment will perform all required functions.

6.0.2.5.5 Electrical Design Criteria for Manual Closing Gate

Manual closing gate will be designed and positioned as not to interface with electronic equipment.

6.0.2.5.6 Electrical Design Criteria for Prepaid Only Sign

The prepaid only sign identifies lanes to be used by those who have prepaid parking fees in the RCS System.

7.0 OVERHEAD & GROUND MOUNTED TRAFFIC SIGNS AND TRAFFIC SIGNALS

7.0.1 Codes, Standards, and References

7.0.1.1 Structural Codes

Standard Specifications for Structural Supports for Highway Signs, Luminaries and traffic Signals (AASHTO), latest edition.

Standard Specifications for Highway Bridges (AASHTO), latest edition.

7.0.1.2 Traffic Standards: Motorist Information System

7.0.1.2.1 Static Information Requirement

Regulatory notice messages
Warning messages
Route Guidance messages
Information messages

7.0.1.2.2 Real-Time Motorist Advisory Information

Alternate inbound routes to the terminal
Terminal frontage status
Outbound diversion to Van Wyck or JFK Expressway
Emergency roadway conditions

7.0.1.2.3 Message Display Types

Overhead sign structures
Ground mounted sign structures
Fixed message sign panels
Changeable message sign panels

7.0.1.3 Electrical Codes

NYC Electrical Code
National Electric Code

7.0.2 **Design Criteria and Assumptions**

7.0.2.1 Traffic Design Criteria

All sign structures shall be consistent with the JFK Redevelopment Program Standards.

7.0.2.1 Structural Design Criteria

All sign structures shall be designed as per requirements of "Standard specifications for Structural Supports for Highway Signs, Luminaries and Traffic Signals" (AASHTO), latest edition.

All overhead sign structures shall be designed for temperature and seismic requirements as per "Standard Specifications for Highway Bridges" (AASHTO), latest edition.

7.0.2.2 Electrical Design Criteria

7.0.2.2.1 Static Sign

Sign lighting will be provided by installing on sign structure 250W metal halide outdoor sign lighting fixtures. An average illumination of about 30 to 40 foot-candles on the sign panel surface will be provided. Each overhead or ground mounted sign lighting will be automatically controlled by a dusk to dawn photosensor cell installed on each sign.

7.0.2.2.2 Electronics

Variable Message Sign (VMS) System will be provided as follows:

The design of the variable message sign (VMS) system will be based on the master system currently being developed by PA Engineering. All overhead sign structures shall be fully equipped with VMS including wiring and cable connections.

The hardware must be compatible with that of the existing CTA system and with NTCIP (National Transportation Council for ITS Protocol)

7.0.2.3 Traffic: Sign Placement Criteria

650 feet - minimum sign viewing distance for primary message.
450 feet - minimum sign viewing distance for secondary message.
450 feet - minimum separation between overhead sign structures.

250 feet - minimum separation between overhead and ground mount sign structures.
250 feet - minimum separation between ground mount structures when limited to two (2) adjacent locations.
450 feet - minimum separation between ground mount structures in series of more than two (2) adjacent locations.
250 feet - minimum separation between sign structures and traffic signal installations.

7.0.3 TRAFFIC SIGNALS

7.0.3.1 Codes, Standards and References

Traffic Standards

USDOT Manual on Uniform Traffic Control Devices
Port Authority's "Traffic Design Standards"

7.0.3.2 Design Criteria

The signal design including the surveillance system must follow PA standards.

Any modifications or changes to the existing to remain signal system must be coordinated with PA.

All permanent signalized intersections shall be connected and compatible to the existing centralized Traffic Signal System (JFK 2000 System).

All vehicular signal heads used within the CTA shall be 12" in diameter.

Mast arms and pedestal poles shall be generally used as permanent structures for traffic signals. Span wire shall not be acceptable.

All vehicle signal phases shall have a minimum of 1.8 seconds of all red clearance time and 3.0 seconds of yellow time.

All major vehicle phases shall have a minimum green time of 12 seconds.

All minor vehicle phases shall have a minimum green time of 7 seconds.

Pedestrian traffic signals shall use STOP HAND and WALKING PERSON symbols utilizing incandescent illumination. Each symbol shall be a minimum of 12" in height and 7" in width.

Pedestrian push buttons shall be installed at all signalized pedestrian crosswalks.

The design walking speed of pedestrians is 3.5 feet per second.

8.0 FRONTAGE CANOPIES

8.0.1 Codes, Standards, and References

8.0.1.2 Structural Codes

Building Officials and Code Administrators (BOCA, latest edition)
The Building Code of the City of New York (latest edition)
Standard Specifications for Highway Bridges (AASHTO, latest edition)

8.0.1.3 Electrical Codes

NYC Electrical Code
National Electric Code

8.0.2 Design Criteria and Assumptions

8.0.2.1 Architectural/Graphics

8.0.2.1.1 Canopies

Passengers shall be able to travel to/ from the terminal building and frontage areas under uninterrupted cover.

Frontage canopy shall maintain 14'-6" minimum clearance above any roadways--there shall be a 3'-6" overhang beyond curb edge to provide weather protection for passengers while entering or exiting vehicles.

The design of the canopies and other frontage-related elements shall be architecturally consistent with the JFK Redevelopment Program Standards.

8.0.2.1.1.1 Major canopy materials:

Painted aluminum ceiling panels and nosing

2-ply built-up roof

Precast concrete column covers

Exterior jacketed fluorescent light fixture--surface mounted in to ceiling panel.

Windscreens and shelters major materials:

Precast concrete base.

Stainless steel tube frames and tinted glass panels.

Flip-up seats.

Infrared heating units shall be supplied in bus shelters.

8.0.2.1.2 Frontage sidewalks materials

Scored concrete with exposed aggregate concrete edging shall be used in public pick-up/drop-off areas.

Roadways under canopies shall be concrete, with exposed aggregate concrete edging..

Handicap parking spaces shall be sloped concrete surface with exposed aggregate concrete aisle areas.

8.0.2.1.2 Signage/Graphics

Directional signage, providing for pedestrian orientation, shall be illuminated signs hung from canopy structures and non-illuminated ground mounted signs and parking aisle markers.

Informational signage shall be provided for in the form of illuminated boxes similar to those shown in typical JFK wind screens.

Regulatory signage shall be kept to a minimum. Similar regulatory messages shall be formatted in the same way.

Provide ADA compliant signage as required by Federal law.

The typeface for all signage shall be Helvetica Medium and utilize the Helvetica family of fonts.

Architectural graphics shall have a consistent copy style, with recognizable terminology and utilize universally acceptable DOT symbols.

Message content shall be in language understandable by the general public.

Provide a comprehensive signing and architectural graphics plan, including but not limited to:

- Sign type elevations showing Wayfinding, Informational, and Regulatory Signs following ADA requirements.

- Sign schedule including all sign message text, arrow placement, and symbols.

- Sign location plan keyed to the sign schedule

General construction and fabrication criteria for terminal, frontage, parking signage as follows:

- Materials and construction methods shall match these used in other areas including Porcelain aisle marker enamel on steel and internally illuminated sign boxes.

- Use only the highest quality materials and method of construction.

- Visible public fasteners shall be kept to an absolute minimum and if used shall match adjacent material finish and color.

8.0.2.2 Structural Design Criteria

8.0.2.2.1 Loads

1. Wind Load: AASHTO
   a. Uplift = 20 PSF (applied at the windward quarter point of the transverse superstructure width)
   b. Transverse direction = 50 PSF
   c. Longitudinal direction = 12 PSF

2. Snow Load: BOCA
   a. Uniform = 21 PSF
   b. Drift effect (where applicable)

3. Temperature Load: AASHTO
   Temperature range = 0 to 120 deg. Fahrenheit (moderate climate)

4. Earthquake: BOCA

5.Seismic: Hazard exposure Group I, and effective peak velocity related acceleration, $A_v = 0.15$

8.0.2.2.2 Materials

Steel Fy = 36 KSI.
Concrete f'c = 3 KSI.
Reinforcing Fy = 60 KSI

8.0.2.2.3 Foundations

Piles: 14" Diam. Monotube Pile Capacity:
Compression - 100 Ton
Tension - 30 Ton
Soil Bearing capacity = 3 KSF

8.0.2.2.4 Load Combinations

	% Overstress
1. Dead + Snow (Uniform)	100
2. Dead + Wind	125
3. Dead + Wind + Snow (Unbalanced)	133
4. Dead + Snow (Uniform) + Temp	125
5. Dead + Wind + Temp	125
6. Dead + Snow (Unbalanced) + Wind + Temp	145
7. Dead + Seismic	133
8. Dead + Snow (Uniform) + Seismic	140

8.0.2.2.5 Allowable Deflections

Snow Load = L/240
Wind Load = L/180

8.0.2.2.6 Miscellaneous

Allowable stress in structural steel due to loss of support at expansion joints, induced by earthquake, is limited to yield stress.

8.0.2.3 Mechanical/Plumbing Design Criteria

Bus shelters will be heated with infrared heating which will be automatically controlled with motion detectors.

Canopy drains and leaders will be provided for storm water drainage.

8.0.2.4 Electrical Design Criteria

Pedestrian canopies will be illuminated by fluorescent lighting fixtures with outdoor high power factor ballasts.

A minimum of lighting level of 10 F.C. will be maintained. Power for lighting off the leasehold will be from the main street lighting feeders. Bus Shelters, signage etc. will be powered from separate feeders. Power for canopies within the leasehold shall be provided by Terminal 7.

8.0.2.6 Geotechnical Design Criteria

A supplementary site investigation program will be conducted to provide information on subsurface conditions for the canopy structure foundations.

Final recommendations on foundation design of canopies were prepared after the final plan location and vertical alignment of the roadways was determined.

Foundations and structures will be designed in accordance with NYC Building Codes and Port Authority policy on seismic design including potential for liquefaction.

9.0 LANDSCAPING/ HARDSCAPING

9.0.1 Codes, Standards, and References

JFK Redevelopment Program Investigation Studies: Bird Hazard, Soils, Irrigation, Hanna/Olin, Ltd. December 1988.

International JFK Airport Central Terminal Area: Parking Lot Perimeter, Port Authority Engineering Dept. , February 1993

9.0.2 General Design Criteria and Assumptions

Landscaping provides a beneficial experience for the airport patron and is critical in re-establishing a strong and attractive image for JFK International Airport.

Innovative and effective landscape design, while comprising only a small fraction of the overall cost of the entire project, can be one of the most powerful tools in the creation of a new image for the airport. The areas available for landscape treatment for the most part are residual scraps of land between the parking fields, roadways, overpasses and assorted buildings-all of which work against the possibility of creating a unified landscape in a traditional manner.

9.0.2.1 Goals

The goal of the JFK Redevelopment Landscape Program is to provide a quality landscape environment that complements the design elements serving the airport patron while providing a minimum of attractants to birds. In order to achieve this goal a successful landscape must satisfy these objectives:

A design that is approved by the FAA/USDA Wildlife Damage Control Division.

A contract that requires a two year maintenance follow up by the installing Contractor, who shall have as his superintendent over the entire installation an maintenance a New York State Certified Arborist knowledgeable and experienced in this type of Work.

9.0.2.2 Design Parameters

The frontages of the parking fields will provide an eight-foot wide collector sidewalk, and security fencing and functional decorative fencing. Security fencing will be a tubular steel construction four feet in height,

finished in black. The design, material and use of decorative functional fencing shall be consistent with the Port Authority design and installation at Terminals 8 and 9.

Small irregular islands occurring at the extreme ends of the frontage islands shall consist of seasonal flowering displays and masses of evergreen and deciduous groundcover.

Larger irregular islands will contain ornamental trees as well as a few specimen canopy trees in order to add a sense of maturity and to match the scale of the overpasses and wide expansive roads.

Salt splash shall consist of eight-inch hexagonal asphalt pavers laid out in a random pattern composed of two different color aggregates, CP-Central Park Formula and RB/B-Reading Brown with Brown sand. Salt splash shall be three feet wide.

9.0.2.3 Design Criteria for Plant Material

9.0.2.3.1 Trees

- Trees shall be selected that meet the following criteria:
- To withstand pollution and tough urban environments,
- To tolerate poor soils, wind and drought
- To tolerate excessive road de-icing salts and salt-laced prevailing winds.
- To be unattractive to birds as a food source and meet FAA approval
- To be unattractive to birds as a roosting site and meet FAA approval
- To be primarily deciduous, since evergreen trees are an ideal bird habitat.
- To have interesting flowers, fall color, size, shape or habit
- To be obtainable on the commercial market

Sample List

Gleditsia triacanthos "Halka"	Moraine Honeylocust
Koelreuteria paniculata	Golden Raintree
Metasequoia gyptostroboides	Dawn Redwood
Platanus acerifolia "Bloodgood"	Bloodgood London Plane
Pyrus calleryana "Chanticleer"	Chanticleer Pear
Quercus phellos	Willow Oak
Sophora japonica	Japanese Pagodatree

Tilia euchlora	Crimean Linden
Zelkova serrata	Japanese Zelkova

9.0.2.3.2 Shrubs and Groundcover

Shrubs and groundcover shall meet the same criteria as trees.

Sample List

Abelia x grandiflora	Glossy Abelia
Deutzia gracilis	Slender Deutzia
Euonymus alata "Compacta"	Dwarf Winged Euonymus
Forsythia suspense	Weeping Forsythia
Ilex crenata helleri	Heller's Dwarf Japanese Holly
Juniperus chinensis sargenti	Sargent's Chinese Juniper
Spiraea nipponica "Snowmound"	Snowmound Spirea
Taxus x media wardii	Ward's Yew
Weigela florida "Red Prince"	Purple Leaf Weigela

9.0.2.3.3 Lawn

Select cultivars that can thrive on low nutrient, low water availability and that are an "endophyte enhanced" variety and resistant to insects.

Select native grasses that can thrive on low nutrient and low water availability while providing varying heights, textures and colors.

A landscape design least likely to attract birds should have the following qualities: avoid plant material and design features that provide birds with a source of food, water, cover, and spatial domain. .

Canopy trees should be planted in linear rows, canopies spaced 15-20 feet apart at maturity. (Adjacent canopies should never be touching).

Shrubs and small trees should be used moderately and not be planted under or directly adjacent to canopy trees.

Shrub beds should be small in size and discontinuous.

Flowering ornamental trees should be limited in quality.

Groundcover should be well manicured, healthy, dense, moderately tall lawn, a fruitless low growing groundcover, gravel or bark mulch.

All plants should be planted at the same size and time.

9.0.2.3.4 Irrigation

Seasonal display areas and landscaped areas adjacent to pedestrian nodes should be irrigated with automatic sprinklers.

Trees, shrubs and groundcover may be irrigated with automatic sprinklers or at the very least have non freeze surface mounted box hydrants installed for 1" hose connections. Trees not handled by automatic sprinklers should be irrigated with tree graters for the first two years after installation.

Lawn, meadows and mature grass may not necessarily be irrigated after the initial six months after germination.

Water supply will be from connections to the existing water mains. The water will be metered and supplied with a backflow preventer.

9.0.2.3.5 Maintenance-The IPM Approach

The goal of the Integrated Pest Management (IPM) approach is to manage pests and the environment to balance costs, benefits, public health and environmental quality.

The contractor shall employ as supervisor for the installation and maintenance a New York State Certified Arborist (represented by an individual certified and qualified to evaluate horticulture requirements).

STANDARD SPECIFICATIONS

02520 ASPHALT BLOCK PAVER
02920 SCREENED TOPSOIL
02930 SEED
02954 TREES, SHRUBS AND GROUNDCOVER
02971 MAINTENANCE OF PERMANENT PLANTINGS
02997 GRAVEL MULCH FOR NON-LANDSCAPED AREAS.

10.0 ENVIRONMENTAL INVESTIGATIONS

10.0.1 Codes, Standards, and References

10.0.1.1 Codes

Article 15 Environmental Conservation Law
NYCRR Part 360 Solid Waste Management Facilities

10.0.1.2 Procedures:

American Society for Testing and Materials (ASTM), E 1527-93, standard practice for environmental site assessments: Phase 1 site assessment process.

Sampling guidelines & protocols, technological background and quality control/quality assurance for NYSDEC spill response program.

Stars memo #1 Petroleum-Contaminated Soil Guidance Policy prepared by New York State Department of Environmental Conservation, Division of Construction Management, Bureau of Spill Prevention and Response, August 1992.

10.0.2 Environmental Program Criteria

10.0.2.1 Asbestos Abatement Design Criteria

Site specific sampling of suspected Asbestos Containing Material (ACM) will be performed in accordance with Asbestos Hazard Response Emergency Act (AHERA).

Analysis of suspected ACM will be performed as per NESHAPS-40 CFR Part 61, NYS-12 NYCRR Part 56, and NYC-ACP Section 8101.

Design of asbestos abatement will be in accordance with Port Authority Specification 02081 and New York State Industrial Code Rule 56 (12 NYCRR Part 56).

10.0.2.2. Lead

Lead program shall be in compliance with the provisions of OSHA Interim Final Rule 29 CFR 1926.62 "Lead in Construction".

10.0.2.3 PCB Ballast

Dismantling,, removal and storage of fluorescent lighting ballast containing non-leaking PCB shall be accomplished accordance with 40CFR 761.

11.0 POWER, HVAC, AND COMMUNICATIONS SYSTEMS

11.0.1 Codes, Standards, and References

11.0.1.1 Mechanical Codes

Rerouted CHW piping, associated removal work, new piping and air conditioning installation shall conform to the following codes, Standards and Specifications:
American Iron and Steel Institute (AISI).
American National Standards Institute (ANSI).
American Society of Mechanical Engineers (ASME)
American Society for Testing and Materials (ASTM).
Manufacturers Standardization Society of the Valve and Fittings Industry (MSS).
Underwriters Laboratory Incorporated (UL)
Port Authority Specifications.
New York City Building Code.
American Society of Heating, Refrigeration and Air conditioning Engineers (ASHRAE)
Sheet Metal and Air conditioning Contractors' National Association (SMACNA).
National Fire Protection Association (NFPA)

11.0.1.2 Electrical Codes

NYC Electrical Code
National Electric Code

11.0.2 Design Criteria and Assumptions

11.0.2.1 Mechanical

11.0.2.1.1 Environmental Issues

The existing CHW and abandoned HTW piping may contain asbestos which has to be removed along with the contaminated soil.

11.0.2.1.2 Planning Factors

Establish the building demarcation lines to allow a clear definition of the extent of work.

Establish the terminal building's heating and cooling loads, and associated chilled and hot water pipe sizes.

Establish the terminal building foundation's outline coordinates.

Identify the estimated square footage intended for construction such as the parking garage.

Phased planning of chilled and hot water piping installation for existing and remaining sections of the terminal building.

11.0.2.1.3 Design Criteria

All new underground chilled water piping will be cathodically protected and will need to be coordinated with the Port Authority Electrical group.

During construction, the existing underground piping systems, consisting of Medium Temperature Hot Water and Chilled Water piping will be maintained. Rerouting and protection of the existing piping will be necessary where it conflicts with proposed structures including building foundations, canopy and elevated roadway columns. Existing abandoned piping shall be cut and capped where conflicts occur.

Chilled water piping shall be butt-welded/seamless, black steel pipe in accordance with ASTM-A53 Grade B, standard wall. Fittings shall conform to ANSI-B16.9 and ASTM A 234 Grade WEB.

Chilled Water Piping will be protected from corrosion with sacrificial anodes and shall be insulated with pre-formed cellular glass with an outer insulating jacket.

The Medium Temperature Hot Water piping will be installed in accordance with the KIAC requirements and specifications. Final determination on materials and installation will be as authorized by KIAC.

11.0.2.2 Power Design Criteria

Primary medium voltage power will be distributed at 4330 Volts AC. Sufficient number of feeders will be provided to supply full power to the terminal on a second contingency basis.

All outdoor lighting fixtures will be rated at 277 Volts AC. Motors rated 3/4 HP and above will be rated for 460 Volts 3 ph. AC. Only circuit breakers will be used for all low voltage power distribution system.

11.0.2.3 Communication Design Criteria

Provision for telephones will be made for all the toll booths, the Service Building at the toll plaza, at selected locations within the pedestrian canopies, and the lighting vault. Provision will be made for installation of Revenue Control System for the toll plazas. Necessary provisions will be made for running communication links interconnecting all Variable Message Signs for central control. Communication duct banks will normally run parallel to the roadways to facilitate installation of communication system.

12.0 LRS INTERFACE

12.0.1 Design Criteria and Assumptions:

12.0.1.1 General

To allow for construction (by others) of a LRS station.

The station will allow passengers to access other terminals, long term parking, the rental car areas, and off-airport stations.

The station will be, and will allow for, easy access for both arriving and departing passengers.

The entrance to the station shall be located such that direct access is provided for all passengers exiting.

The station design shall allow for passengers on the emergency walkway to enter the station.

The station entrance(s) shall allow for a future fare control & baggage cart storage system.
