Regarding Subject:

Open Record Request

Comments: This is a request per your Freedom of Information Policy. Please provide a copy of any illumination or lighting standard or guideline used by LAWA regarding the level of lighting or illumination in passenger terminals. For example, many public agencies with facilities open to the public have design standards or requirements setting minimum and – sometimes – maximum levels of illumination. These standards may be part of a larger set of standards covering facility construction and maintenance. I do not need the entire standard, but just that part dealing with illumination. Thanks, Don Padou

Mr. Don Padou

Re: Freedom of Information Reference No. 15453

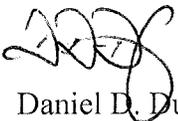

Dear Mr. Padou:

This is a response to your October 30, 2014 request, which has been processed under the Port Authority's Freedom of Information Code, copy enclosed, for a copy of any illumination or lighting standard or guideline used by LAWA regarding the level of lighting or illumination in passenger terminals. For example, many public agencies with facilities open to the public have design standards or requirements setting minimum and – sometimes – maximum levels of illumination. These standards may be part of a larger set of standards covering facility construction and maintenance. I do not need the entire standard, but just that part dealing with illumination.

Please be advised that we have searched our files and found no documents responsive to the request.

Please refer to the above FOI reference number in any future correspondence relating to your request.

Sincerely,

Daniel D. Duffy  
FOI Administrator
