Memorandum

To: Stephen Ferraro, Chairman, IBEW Local Union #3-PA

Subject: SEMAC-NEW EMPLOYEE INDOCTRINATION

Reference:

Copy To: Messrs. J. Caputo, D. Darcy, R. Dokus, J. Gemellaro,
C. Rosenkranz, R. Spehalski, C. Zingaro, File

DATE	TO	NOTES	BY	DATE

Confirming our January 27th conversation on the referenced subject, all new SEMAC electricians are informed by the General Maintenance Supervisor (Ron Spehalski) that their respective duties and job locations can vary from day to day, and even state (N.Y.) to state (N.J.).

However, SEMAC does make an honest effort to locate employees on jobs that are in the state of their permanent residence. If an employee who resides in New York requests work in New Jersey (and vice-versa), we will accomodate his wishes, wherever possible.

As I stated at our meeting let's keep the lines of communication open and I feel that we could arrive at a mutually acceptable solution to whatever problem arises.

EXHIBIT D – OVERTIME POLICY

An initial overtime roster will be compiled at the beginning of each calendar year according to classification seniority within each title. Employees who are assigned to a unit after the initial overtime roster has been constructed will be credited for equalization purposes with the average number of hours charged to members of the unit.

NON-SCHEDULED OVERTIME

When it is necessary for an employee to work overtime on a non-scheduled basis, the availability of those to be selected will be limited to those actually working at the time the overtime is required. Employees will be asked to work based on the lowest amount of overtime charged by those available at the time. Each employee may have the option of refusing the overtime. In the event all the employees refuse, the employee with the lowest amount of charged overtime will be ordered to work the overtime unless he arranges for a substitute.

The only exception to this will be overtime that will be worked as a continuation of a project being done during the regular tour. In this event, those employees working on the project will continue to do so if a change in staff would impede the completion of the task, even if it requires subsequent days of work including RDO's.

SCHEDULED OVERTIME

On those occasions when overtime work can be planned, supervisors shall request employees to work the scheduled overtime, such request to be made to such employees in the inverse order of overtime charged for that year. This would include employees not immediately available who might have to be contacted by telephone. Employees will have the option as to whether or not they elect to work the scheduled overtime. In the event all the employees refuse, the employee with the lowest amount of charged overtime will be ordered to work the overtime unless he arranges for a substitute.

ACCOUNTING FOR OVERTIME

An overtime roster, maintained by the unit supervisor, which reflects the amount of overtime charged to each employee, shall be kept current. Charged overtime is the sum of the overtime worked by the employee plus the amount of overtime refused by the employee for the year in question.

STANDBY

Whenever an employee is directed to standby at his home or facility, he will be paid for all hours he is required to standby

CANCELLING, POSTPONING AND RESCHEDULING OVERTIME

For scheduled work (other than snow) which is not a continuation of a tour, an employee who is scheduled to work in a situation which could require the payment of overtime, will in all such cases work a minimum of four hours.

SNOW EMERGENCY PROCEDURES

a) Where a facility posts snow emergency work schedule ("A" shift – hours between 8:00 A.M. to 8:00 P.M. – "B" shift – hours between 8:00 P.M. and 8:00 A.M.) employees scheduled to work the "A" shift who are changed to the "B" shift would receive a Schedule Change Premium. The same would apply to an employee normally scheduled to work the "B" shift who would be subsequently changed to the "A" shift.

b) If an employee is required to call in during snow conditions, on a continuing basis, and is not required to report in connection with the snow schedule, he will be compensated to the extend of four (4) hours at standard time.

c) Employees who are granted excused time in connection with snow removal operations will have these hours credited as hours worked in lieu of call-in premiums.

RESPONSIBILITY

Overtime rosters should be available and should be kept current. This responsibility will be charged to the unit supervisor. In the event that the proper employee is not given the opportunity to work an overtime job by management, then that employee shall receive four hours pay as restitution.

EXHIBIT E – GRIEVANCE PROCEDURE

The arbitrator shall operate within the rules of the American Arbitration Association.
- v. All fees and expenses of the arbitrator shall be divided equally between the parties. Each party shall bear the cost of preparing and presenting its own case. If a court reporter is requested, that cost shall be borne by the party requesting the court reporter. If both parties require a transcript of the proceeding, then the cost of the court reporter shall be shared equally between the parties.

D. Representation

The grievant is entitled to Union representation at any grievance and arbitration meeting. The Union shall have the exclusive right to represent members in any grievance. The Union shall receive copies of written determinations and of appeals at all steps.

E. General Provisions

1. All time limits contained in this procedure may be extended by mutual agreement.

OPERATING RULES - VACATIONS

- I. Vacation Scheduling for Pay Plan C (Including Pay Plan D. Levels 1-5) Staff
- A. Each facility will publish an annual vacation schedule, stating the periods when operating conditions will permit vacations to be taken and the number of employees in each class of each work group who will be permitted to pick vacations during those periods. Where operating conditions permit, provision should be made for scheduling vacations throughout the year. Employees picking vacations will do so in minimum periods of one week and maximum periods of two weeks in order of their Port Authority seniority.
- Employees in T. W. U. classes are permitted to take vacations in all weeks of a calendar year. When peak staffing is required by the facility manager, a minimum of one employee in each classification may, in any such week, elect to take his vacation.
- B. Employees entitled to three or four weeks vacation, wishing to take it all in a single period, will do so in Port Authority seniority order within each classification in a work group during the second series of picks. Employees with five weeks vacation, wishing to take it all in a single period, will do so in a third series of picks.
- C. When approved by management, employees will be permitted to take single vacation days. Such days will be deducted from the least desirable pick which is understood to be the last pick made by each employee.
- D. 1. Vacation scheduling for Police will be handled in accordance with instructions issued by the Superintendent of Police.
2. If a Police Officer is required to work for other than disciplinary reasons on a scheduled vacation day and if such vacation day is not rescheduled at the request of the Police Officer, payment for the day will be made at overtime rates.
- II. Rules for Charging Vacation Time
- A. Vacation days taken in any year shall be charged first against any accrued normal vacation carried over from the prior year,

and second, against the current year's normal vacation allowance. The only exception to this sequence is for the Special Vacation days (see Paragraph V. below) which may be taken at any time, subject to the controls. If any, of the employee's, department.

- B. When a paid holiday occurs during an employee's vacation period, it will not be counted as a day of vacation (see PAI 20-3.02).
- C. When management excused time (unscheduled holidays. National days of mourning, weather. etc.) is granted during an employee's vacation period, it will be counted as vacation time.

III. Vacation in Connection with Sick Leave

- A. If an employee falls ill after starting his scheduled vacation, the period of his illness during this vacation cannot be charged as a sick absence. However, if an employee is hospitalized for one night or more while on vacation, only the days of hospitalization should be charged as sick absence time. Should questions arise regarding application of this policy, the Personnel Department should be consulted.
- B. If an employee's sick absence starts before a scheduled vacation, the time absent due to illness should be charged as sick absence provided the employee returns to work at the end of his illness before starting his vacation.
- C.
 - 1. A non-police employee who is absent for an extended period because of illness or injury, whether work connected or not, and who received paid sick leave for a part or all of the period of absence, may be required to forfeit a portion or all of his normal vacation allowance. Department heads will recommend to the Personnel Director for his approval the appropriate action to be taken in such cases.
 - 2. A police employee who is absent for an extended period because of illness and who received paid sick leave for a part or all of the period of absence, may be required to forfeit a portion or all of his normal vacation allowance. The Superintendent of Police will recommend to the Personnel Director for his approval the appropriate action to be taken in such cases.

IV. Vacation Carryover

- A. Vacation must be taken in the year in which it is earned, unless special permission for carryover of vacation allowance from the year earned to the following year is granted by the Personnel Director. Such permission must be obtained prior to the end of the year in which the vacation is earned. No employee may carry over to a succeeding year more than one full year's vacation allowance. Department heads (or, for Police, the Superintendent of Police) may authorize carryover of vacations of five days or less. The only exception to this rule is for Special Vacation allowance and is described in Paragraph V, C and D, below.
- B. In determining the amount of vacation which may be carried over to a succeeding year, a continuous period of vacation begun before the end of one calendar year which extends into the succeeding calendar year shall be considered to have been taken in its entirety during the calendar year in which it was begun.

V. Special Vacation Allowance for Certain Professional, Managerial and Executive Staff

- A. Under previously authorized compensation adjustments, Professional, Managerial, and Executive staff in salary levels 6 through 13 could choose special vacation days as additional compensation.
- B. These special vacation days, if opted for, are credited to the employee's annual vacation allowance on a calendar year basis beginning on January 1 each year. At that time, the employee will be required to reduce his or her annual allotment of special vacation days by converting a portion of them into a dollar amount necessary to cover his or her Social Security obligations for the ensuing year. If the employee leaves the Port Authority before the end of the 12-month cycle, payment for these special vacation days will be prorated based on the number of months which have elapsed since the beginning of the current year.
- C. Special vacation allowances should be taken as time off, if possible. The maximum accumulation of special vacation days at the end of any calendar year is thirty days. In the event it is impossible to reduce an employee's special vacation days to below thirty at the end of any calendar year, a special payment will be made in December of that year for any such days in excess of thirty. Departments will prepare Special Payment Requests (form PA 1992) to pay employees for such accumulate

special vacation days in excess of thirty days at the rate of pay then currently earned by the affected employee.

- D. Those special vacation days which are not (1) taken as paid time off, (2) paid for annually, (3) converted to FICA payments, or (4) diminished by other means will be paid for only on a separation from the Port Authority on the basis of the employee's salary rate in effect at that time.
- E. These special vacation days should be recorded separately from the standard vacation day tally on the appropriate documents.

VI. Length of Service in Connection with Vacation

Length of service is determined as follows in computing vacation allowance:

- A. All periods of authorized absence with pay are included.
- B. All time on military leave and sick leave, with or without pay, is included.
- C. Time on Long Term Absence without pay is not included.
- D. If an individual is separated because of reduction in force and is re-employed within one year of the date of separation, his service prior to separation is included.
- E. If an individual is re-employed after dismissal or resignation, or after a separation of more than one year due to reduction in force, his service prior to such dismissal, resignation, or separation is not included, unless specifically approved by the Personnel Director.
- F. Service as a full-time temporary employee is included, provided there is no interruption in employment exceeding five calendar days at the time his status is changed to project or permanent employee.

VII. Vacation Allowance at Separation or Leave of Absence

- A. 1. An employee who is separating from Port Authority employment in any circumstances other than those specified in Paragraphs B and C, below, or beginning a Leave of Absence, is entitled to Vacation Allowance as shown on the appropriate Vacation Schedule attached, plus any unused vacation carried forward from the previous year.

2. Vacation allowance at separation or Leave of Absence (Ordinary, Maternity, Long Term Military) will be reduced by any vacation days already taken in the calendar year in which the separation or leave occurs.
 3. If the employee has already taken vacation days in excess of his allowance, their value is subtracted from his last paycheck before the separation or leave. However, if at the time of the separation or leave, vacation has been taken in excess of vacation due in accordance with a published facility or unit vacation schedule, no adjustments in the final salary check will be made, provided that the employee did not initiate a change in his assigned vacation via a mutual swap or special request.
 4. An employee beginning a Leave of Absence may be required to take the unused portion of his vacation before the leave begins.
 5. An employee returning from a Leave of Absence in a calendar year other than that in which the leave began will be entitled to a vacation allowance, for that year only, as shown on the appropriate Vacation Schedule attached.
- B. Regardless of his termination date, an employee in good standing who has at least nine month's service and who is separated for such reasons as reduction in force, death, or retirement will be granted his full vacation allowance for the calendar year in which his services terminate. Non-Police employees must have been present at work for at least one day during the calendar year for this provision to apply.
- C. An employee in good standing who is separated for any reason, before the completion of nine month's service, and all employees who are discharged for cause, or resign under charges, are not eligible for vacation allowances on separation. Adjustments in the final salary check will be made in such cases for any vacation taken in the calendar year.
- D. A member of the Police Force absent without pay for more than thirty consecutive days during a year, with the exception of absence while on military leave, shall have his succeeding vacation allowance reduced by 1/12 for each 30 consecutive days of such absence

EXHIBIT H – SICK ABSENCE CONTROL PROGRAM

In order to promote the well-being of employees, the sick leave policy and protection for long term illnesses specified in PAI 20-3.03 date July 1, 1968 remains in effect. This policy provides a maximum of 13 weeks at full and 39 weeks at half pay for an employee with ten years of service. As specified in said PAI, the Personnel Director may extend sick leave benefits beyond regular allowances. In evaluating whether to extend such benefits, the Personnel Director shall consider the entire record of the employee including his performance and prior attendance record. In addition, effective January 1, 1978, the sick absence control program described herein shall apply to employees in the covered membership.

In computing sick absences, one day of absence or any number of consecutive days of absence would be considered as one occasion and would equal one point; each day of absence during any sick occasion would also equal one point.

If a permanent employee accumulates 9 or more points during any nine-month period, his absence experience, computed on the same basis, for the nine month period immediately preceding the first occasion upon the basis of which his points have been accumulated, will be examined. If he has accumulated less than six points, he will be given a warning. If in said preceding nine months period or the nine month period following the warning, such employee has accumulated 6 or more points, such employee shall be placed upon a Doctor's Note Restriction for a period of nine months. A Doctor's Note Restriction shall mean that such employee will not be paid for any sick absences thereafter unless upon his return to work such employee submits a Doctor's Note to his supervisor.

If in the nine month period commencing with the application of a restriction on the employee's sick pay status, the employee has accumulated less than 5 points, his sick leave restriction will be removed. If the said employee during said period accumulated 5 or more points, his absence record will be reviewed and a new determination will be made. If during the nine month period of restriction that an

employee is on doctor's note status, he accumulated more than five points he will be placed on a no-pay status for future absences for nine months.

In computing points, sick absences resulting in hospitalization and the first sick absence caused by and directly related to an injury on duty within any twelve month period shall be excluded; thereafter, all additional sick absence with that period attributable to any IOD shall be included, unless the Director of the Human Resources Department determines otherwise. The only exception will be in the case of an employee who has a documented absence as a result of a reoccurrence of the original IOD within seven work days from the return to work. By documented it is meant sent home by a Port Authority physician. In this event, if the employee had not been on any type or restricted pay status or doctor's note status prior to the original injury on duty, the reoccurrence of the IOD will not be used in computing points.

When an employee is placed on a Doctor's Note Restriction, the employee's record will be reviewed by the Facility Manager. If a pattern of abuse exists or if the employee has been excessively absent, the employee shall be subject to local facility discipline up to 5 days suspension according to the provisions or Discipline as stated in Exhibit L. Excessive and continuous absenteeism may be considered cause for further disciplinary action by the Director of the Human Resources Department.

Effective October 6, 1994, a recurring sick absence attributable to an IOD when the employee's return to work was "conditionally approved" by the Port Authority Office of Medical Services will not be subjected to the "seven work days" rule and will not be included in computing sick absence control program points.

This sick absence control program shall not be deemed to abrogate any existing Port Authority power with respect to controlling abuses of sick leave benefits.

EXHIBIT I – INFORMATION BULLETIN NO. 28

TO: All Unit Heads
FROM: Office of the Personnel Director
DATE: June 14, 1971

EXHIBIT J – USE OF RELIEF MAN

In units with rotating shifts involving the use of employees in IUOE classes as Relief Man, the following rules apply:

1. When the employee is scheduled to work as Relief Man, his tours may be changed to cover unplanned absences of other assigned employees without incurring work schedule change compensation. However, the Relief Man must have reasonable advance notice of a tour change, e. g.. at least eight hours off duty between tours; in addition, up to four hours' excused time may be granted upon approval of the department director. In order to cover for un- planned absences in situations where the above is not possible, the absence should be covered by overtime work on the part of other employees in lieu of changing the Relief Man's tour.
2. Where it become necessary to use a Relief Man other than the scheduled Relief Man, the former receives a work schedule change premium, equal to a standard half-day's pay, if his tour of duty is changed.

(CN Nos. 142 & 144 incorporated herein.)

Office of the Executive Director
The Port Authority
of New York and New Jersey

PAI 15-3.50
Revised March 28, 1977

I. Introduction

This instruction describes the procedures governing the use of rented and employee-owned vehicles on Port Authority business. It supplements the instructions contained in PAI 15-3.02. The Port Authority Passenger Vehicle Use Program, and PAI 15-3.04. Use of Port Authority Passenger Vehicles.

II. Rented Automobiles and Taxis

A. Rented Automobiles

1. If no suitable Port Authority vehicles are available, the need to rent a passenger vehicle for use in the Port District on Port Authority business will be reviewed by the Operations Standards Division, Management Services Department. If the Operations Standards Division authorizes the rental, the Special Services Division, General Services Department will be responsible for making the necessary arrangements. In cases where this is impractical (e. g., Trade Development or Port Authority employees on business outside the Port District) the arrangements are made by the department concerned, with concurrence of the General Services Department. In the case of an emergency, the General Manager or Facility or Division Manager may authorize the use of a rental passenger vehicle. A memorandum of explanation should be sent to the Operations Standards Division, Management Services Department, as soon after the authorization as possible.
2. Accidents involving a vehicle rented by the Port Authority shall be reported as provided in PAI 55-3. 01, Accident Reporting.

B. Taxis

Taxis may be used by employees on Port Authority business if circumstances warrant the expense. Reimbursement is obtained by inclusion of the expense in Expense Account, form PA 15, or Petty Cash Voucher, form PA 618 (see PAI. 30-3 01, Expense Accounts)

II. Rented Special Use Vehicles

will be reviewed by the Operations Standards Division, Management Services Department. If the Operations Standards Division authorizes the rental, the Purchase and Supply Services Division, General Services Department, will be responsible for making the necessary arrangements. In the case of an emergency, the General Manager or Facility or Division Manager may authorize the rental of a special use vehicle. A memorandum of explanation should be sent to the Operations Standards Division, Management Services Department, as soon after the authorization as possible.

IV. Employee-Owned Vehicles

A. Authorization

1. Department Directors, deputy directors, organization unit heads, or their designees may authorize the use of employee-owned vehicles on Port Authority business when.
 - a. Public transportation is unavailable or impractical;
 - b. an employee is asked to respond from his or her home to an emergency situation and a Port Authority vehicle is not readily available; or
 - c. the use of an employee-owned vehicle would require significantly less mileage on an origin-destination basis than the use of a staff car.
2. Except in cases when an employee is asked to respond from his or her home to an emergency situation, the employee must obtain authorization on either a Daytime Vehicle Usage Authorization, form PA 2036, or Overnight, Weekend and Holiday Vehicle Usage Authorization, form PA 2927. In the space provided for vehicle number, the employee should write his or her license plate number.

B. Conditions of Use

1. Employee-owned vehicles are subject to the same regulations as prescribed for Port Authority vehicles when their use on Port Authority business is authorized (see PAI 15-3.02).
2. Except for emergency call-in, only those drivers who are authorized to drive Port Authority vehicles may be permitted to use their own vehicles on Port Authority business. Written authorization is obtained by completing a Daytime Vehicle Usage Authorization, form PA 2036, or

Overnight, Weekend and Holiday Vehicle Usage Authorization, form PA 2927, using the employee's license plate number in place of the vehicle number.

C. Reimbursement

1. a. When a department director or organization unit head requests an employee to use his or her own vehicle on Port Authority business, reimbursement is made at the rate of 18.5 cents per mile.
- b. Personnel assigned to overseas trade offices are reimbursed for such vehicle use as follows:

London	-	33 cents per mile
Zurich	-	43 cents per mile
Tokyo	-	44 cents per mile
2. In addition, such other expenses as parking fees, non-Port Authority tolls, etc. • will also be reimbursed as may be required. Expense accounts claiming such reimbursement will show the starting and ending odometer readings, total mileage, starting point, destination and the reason why the employee's car was used. In certain cases, employees will be reimbursed on the basis of mileage traveled from their normal work place instead of mileage traveled from home. Expenses for repairs (other than for damages sustained in an accident) made to an employee - owned vehicle while in use on Port Authority business, and other vehicle maintenance costs, are not reimbursable (see Paragraph D, 4 below).

D. Accidents and Liability for Damages

1. Accidents arising out of the operation of an employee-owned vehicle on Port Authority business shall be fully reported as provided, in PAI 55-3. 01.
2. In the case of a claim against an employee for damages to third persons arising out of the operation of an employee-owned vehicle on Port Authority business, the employee against whom the claim is made should immediately notify his or her organization unit head, the Claims Section of the Law Department, and, if applicable, his or her insurance carrier. Such claims are deemed to be potential claims against the Port Authority and the provisions of the Board Resolution of May 12, 1955, relative to the settlement of such claims, will apply.
3. If the employee carries insurance against such claims, the Port Authority will pay only the amount by which the claim exceeds the insurance.
4. In the event any employee-owned vehicle on Port Authority business is damaged through accident, the Port Authority shall recompense the owner

for that portion of losses deemed unrecoverable. The latter may include such losses as the amount deductible under a collision policy or for other losses not covered by insurance. Employees seeking unrecoverable expenses should contact the Claims Section, Law Department, for instructions.

E. Settlement of Claims

1. Employees whose vehicles have been damaged while on Port Authority business and who may be eligible for repayment of unrecoverable losses in accordance with the provisions of Paragraph IV, D, 4 shall, in all cases, comply with the following. Under any circumstances the cost of repairing the vehicle is to be estimated by a reputable, established auto body firm. An itemized statement must be included together with any copies of supplementary bills or statements.
2. The employee prepares a memorandum which includes all pertinent information concerning the expected cost of repairs and any unrecoverable losses and forwards the memorandum to his or her department director. The department director indicates on the employee's memorandum whether use of the vehicle on Port Authority business had been authorized and forwards the memorandum to the Claims Section.
3. Upon review, the Claims Section forwards approved claims to the Comptroller's Department for processing. In the event the claim is not approved for payment, the Claims Section notifies the claimant of the disapproval.

The Impartial Hearing Officer shall proceed promptly with the hearing, shall receive testimony and evidence offered by the employee and the complainant, shall summon witnesses, and shall require the production of records and other data deemed appropriate to the hearing and the determination of the discipline.
3. G. Waiver of Rights, Resignations Pending Disciplinary Proceedings

1. An employee may waive the right to have a Notice or Charges filed and may waive the right to a hearing, and may do so either before or after the hearing has commenced. All such waivers must be in writing. In addition, the failure to appear at a hearing after notification shall constitute a waiver of such hearing unless the Impartial Hearing Officer shall find such failure excusable.
2. An employee may resign at any time, and in that event any disciplinary proceedings against the employee shall terminate, but unless the Notice or Charges are withdrawn they shall be filed with the employee's record and entry made in such record "Resigned under Notice pending disciplinary hearing" or "Resigned under Charges pending disciplinary hearing".

H. Temporary Suspensions Without Pay

1. Any employee may be temporarily suspended without pay in accordance with these procedures pending the preparation of the Notice or Charges and the completion of the disciplinary proceedings (but not for more than two weeks without the approval of the Labor Relations Executive of the Labor Relations Department) and such temporary suspension shall not be deemed to constitute disciplinary action unless the notice of formal charges are thereafter sustained.
2. Port Authority facility management or Labor Relations Department staff shall, whenever feasible, notify the appropriate IUOE Business Representative whenever an IUOE represented employee is to be suspended. The Union, whenever feasible, shall have an opportunity to meet with facility management prior to implementing the suspension.
3. If the notice or formal changes are sustained and if disciplinary action is taken, such disciplinary action shall be effective as of the day upon which the employee was suspended.
4. Except as provided above, the employee shall be restored to duty either prior to or upon the completion of the disciplinary proceedings and shall then receive full pay for the period of the temporary suspension.
5. Nothing contained in this discipline procedure shall be deemed to prevent suspending employees with pay pending the preparation of the Notice or Charges and the completion of disciplinary proceedings or for other administrative purposes.

I. Major Discipline Before Impartial Hearing Officer

Notwithstanding the foregoing, Charges filed with a Department Director more than one (1) year after the Port Authority should reasonably have known of the commission of the offense shall be void.

5. **Action by Director** - Upon receipt of the Charges and after such preliminary investigation as necessary, the Director shall either:

- i. Return the Charges to the complainant for correction in the event that they do not conform to the required form of Charges;
- ii. Direct that the Charges be dropped; but in case the complainant is not a member of the employee's department or office only with approval of the Labor Relations Manager, Labor Relations Department.

8. Findings - As promptly as practicable following the conclusion of a hearing the Impartial Hearing Officer shall make findings. The findings shall be in writing and shall refer to each separate Charge and shall state whether each Charge is "sustained" or "not sustained." The Impartial Hearing Officer, if he/she desires, may accompany the findings with opinions in writing explaining the reasons for such findings.

The Impartial Hearing Officer shall make a determination of the appropriate disciplinary penalty if the Charges are sustained, and in doing so may receive and consider records of prior disciplinary proceedings.

The findings of the Impartial Hearing Officer shall be final and binding on both the Port Authority, the IUOE and the employee, and may be implemented immediately and without further action or review to the extent permitted by and in accordance with applicable law.

J. Minor Discipline Before Impartial Hearing Officer

1. When management deems that disciplinary action should be taken, the employee shall be served with a NOI, with a copy to the Labor Relations Department and to the appropriate representative of the IUOE, of the facts upon which such action is based and the requested disciplinary penalty.

2. If requested, a meeting shall be scheduled between management, the employee, the IUOE representative and a representative of the Labor Relations Department, to attempt resolution of the pending NOI.

3. If a meeting is requested and resolution is not attained or if a meeting is not requested, the Labor Relations Department representative and the IUOE representative shall agree to the appointment of an Impartial Hearing Officer and to a mutually convenient date for hearing at which time the Impartial Hearing Officer shall receive evidence and testimony.

4. The Impartial Hearing Officer is encouraged to render his/her findings, determinations and disciplinary penalty, if any, on the hearing date. Such decision shall be in writing and shall be final and binding on the Port Authority, the IUOE, and the employee.

K. Local Administrative Disciplinary Procedures applicable to classes represented by the International Union of Operating Engineers

The following procedure shall apply in lieu of the procedures specified in Paragraphs I and J, above. A Facility or Division Manager may, after consultation with the Labor Relations Manager, administer initial discipline for minor violations of Port Authority rules and regulations. For all such offenses charged in connection with any one violation, the amount of penalty will be no greater than the equivalent of five days' pay.

PROCEDURE

1. When a supervisor deems that disciplinary action should be taken in connection with an alleged violation by an employee, he shall notify the employee in writing, with a copy to the appropriate representative of the IUOE, of the facts upon which such action is based and shall at the same time schedule a meeting with the manager, and the employee involved. The employee's representative may attend this meeting.
2. At the meeting, the manager will interview the supervisor and the employee. The purpose of these interviews will be to permit the manager, the supervisor and the employee to develop pertinent facts and to permit the evaluation by the manager of the circumstances leading to the alleged violations, and result in the determination by the manager of appropriate action. If additional information is needed, the manager will make arrangements to elicit same, and if necessary arrange for a subsequent meeting.
3. Within fifteen days after the above meeting, the manager shall inform the employee, in person, of the action to be taken and the reasons for this action. A comprehensive written report of the manager's determination and findings will be presented to the employee at this time. Copies of this determination will be transmitted to the Labor Relations Manager and to a representative of the IUOE. If the

employee accepts such determination, he will signify his concurrence in writing.

4. If the employee does not accept such determination, he may appeal the determination to the appropriate Department Director within fifteen days of the issuance of the determination. Such appeal shall be in writing, setting forth the basis for appeal, and may be in the form of a letter or memorandum addressed to the Director.
5. If an employee appeals such determination, the Director or his designee shall review all pertinent data, conducting such interviews as he may elect, and render a written determination in the matter to the said employee within fifteen days of receipt of the appeal.
6. If the employee disagrees with the determination of the Department Director, he may, within fifteen days of the issuance of the determination, appeal to the Labor Relations Manager for final review, said appeal to be in the form of a letter or memorandum addressed to the Labor Relations Manager.
7. The Labor Relations Manager, acting for the Director of the Labor Relations Department, must reply in writing to the aggrieved employee within thirty days. Such reply will be final. Failure on the part of an employee to make his appeal within the prescribed time limits will result in the acceptance of the recommended discipline. Failure on the part of any management representative to inform the employee of disciplinary action within the prescribed time limits will result in the charges against the employee being waived.

Any such revocation so filed shall be effective upon the commencement of the second standard pay period following its filing.

5. The Port Authority will provide the Association with a copy of the minutes of the meetings of the Board of Commissioners and Committees thereof adopted after the execution of this Memorandum of Agreement and of all current and future PAIs, APs, PDIs, POIs, OPIs, HRPs and LDDs affecting Port Authority Police Lieutenants, such as memoranda from Police Headquarters (formerly known as Police Division), Facility Police Commands, or Consolidated Police Zones, and with any Office Memoranda or similar directives affecting Police Lieutenants prepared for bulletin board posting or general dissemination to such Police Lieutenants. XIII. WORK CHARTS; TOURS OF DUTY; REGULAR DAYS OFF

1. Each Police Lieutenant shall be assigned to a work chart which shall provide for a minimum of 120 (121 for Police Lieutenants assigned to the administrative chart) and a maximum of 123 regular days off (RDO's) per calendar year.

2. The work charts referred to in Paragraph 1 of this Section have been negotiated with the Association and are annexed hereto as Document "N".* Deviations from work charts shall not be permitted without the prior approval of the Association President.**

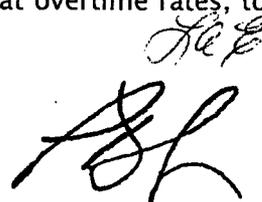

* Vacation relief work charts have not been negotiated with the Association and are not annexed hereto but their development and the Association President's approval of such charts shall be in accordance with the provisions of Appendix "J" annexed hereto.

** But see Appendix "J" for vacation relief work charts only.

3. *** But see Appendix "J" for vacation relief work charts only.

4. At the end of any calendar year in which a Police Lieutenant has received fewer than 120* regular days off, the number of regular days off received by such Police Lieutenant shall be subtracted from 120* and with respect to any resulting day or days he shall receive an additional 12 hours compensatory time or cash payment, at overtime rates, to the extent

he has not already received compensatory time or overtime payment with respect to such day or days. (121* for Police Lieutenants assigned to the administrative chart.)

5. The standards established in this Section XIII for work charts shall not preclude any Police Lieutenant from being required to work, for such reasons as overtime requirements on any day scheduled in his chart as a regular day off.

6. Personnel may be added to, reduced from or reassigned to any work charts, in accordance with operational requirements, thereby permitting a possible reduction in or additions to the manning levels of squads and positions set forth in said negotiated work charts.

7. If the work charts selected by the Port Authority for use at a Facility Police Command during the next succeeding year are different from those selected for use at that Facility Police Command for the then current year, the selection process and assignment of Police Lieutenants in the work charts shall be as set forth herein:

- a. Each Facility Police Command shall make appropriate squad or position assignments in the work charts in accordance with the facility Police Lieutenant's request subject to the following:
 - (i) The Police Lieutenant with the greatest Police Lieutenant seniority shall be assigned the selection of his choice from among vacant squad or position assignments, if any;
 - (ii) For vacant preferred assignments the Police Lieutenant with the greatest Police Lieutenant seniority shall be assigned the selection of his choice, except upon a showing of demonstrable cause, and so on until the list is exhausted; and
 - (iii) thereafter, remaining vacancies, if any, in either a squad, position or preferred assignment shall then be filled by the assignment of the junior Lieutenant.
- b. If the work charts selected by the Port Authority for use at a Facility Police Command during the next succeeding year are the same as the work charts selected for use at that Facility Police Command for the then current year, the selection process described in Paragraph 7a. hereof shall not be implemented at that Facility Police Command and there will be no "bumping" by Police Lieutenants assigned to that Facility Police Command for squad, position or preferred assignments within those work charts.
- c. If a Police Lieutenant assigned to a Facility Police Command, other than a Police Lieutenant who is in a preferred assignment by selection of the Superintendent of Police, is involuntarily removed from his squad, position or preferred assignment as a result of the decision of the Port Authority to reduce Police Lieutenant staffing from any work chart in use at that Facility

Police Command, then that Police Lieutenant, and all Police Lieutenants assigned to that Facility Police Command, if any, who are bumped from their squad, position or preferred assignment as a result of that Police Lieutenant's selection of a new squad, position or preferred assignment, shall have the right to select a squad, position or preferred assignment in the same manner as provided in Paragraph 7a hereof.

- d. Seniority shall be defined in accordance with PDI 2-1, dated September 1981, as revised with the agreement of the Association as PDI 2-1D, dated March 1988, and further revised with the agreement of the Association as P.O.I. 2-1D, annexed hereto as Document "B".

Upon their election or appointment to a vacant office, the Association First Vice-President, Second Vice-President, Treasurer and Sergeant at Arms if they elect such work chart assignment at that time, and one (1) additional Executive Board Member selected at the discretion of the Association President will be assigned to an administrative work chart on a tour of the individual Association Officer's choice. The administrative work charts for those Association Officers will be considered Association work charts and will be separate from the Facility Police Command administrative work charts. Work chart selection by the Association First Vice-President, Second Vice-President, Treasurer, Sergeant at Arms and the Association President's selection upon completion of their respective terms of office shall be in accordance with Limited Distribution Directive 4-05.

XIV. OVERTIME; COMPENSATORY TIME

1. Overtime shall be earned and paid to a Police Lieutenant, unless applied to compensatory time purposes as set forth below, at the rate of one and one-half (1-1/2) times the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity, payable to such Police Lieutenant as set forth in the schedules annexed hereto as Appendices "A(1)", "A(2)", "A(3)", "A(4)", "A(5)" and "A(6)" respectively.

2. Overtime worked shall be applied first to the reduction of any negative compensatory time balance on an hour-for-hour basis, and then to replenish any compensatory time bank up to the hourly maximum designated in accordance with Paragraph 6 hereof.

3. Overtime not applied to compensatory time purposes shall be paid in cash at overtime rates to a Police Lieutenant whose eight-hour tour of duty is extended (exclusive of preparation time) either prior to or after any eight-hour tour of duty for all additional time worked by reason of such extension and shall be computed in quarter-hour segments for each full fifteen minutes worked during the term of this Memorandum of Agreement. Compensation or compensatory time credit at overtime rates shall not be provided if, after an early call-in prior to his scheduled eight-hour tour of duty, a Police Lieutenant is afforded and accepts the option to terminate his tour of duty after eight hours worked (exclusive of

preparation time). However, the Police Lieutenant shall have the option to continue to work to complete the entire extended tour of duty and receive overtime payment in accordance with this Section.

4. Overtime not applied to compensatory time purposes shall be paid in cash at overtime rates when a Police Lieutenant is required to work on a scheduled day off which is not rescheduled at the request of the Police Lieutenant or by reason of promotion, reassignment or mandatory attendance at training programs. If such a Police Lieutenant works a full tour of duty on such regularly scheduled day off, he shall receive payment for such time at overtime rates for eight hours work (exclusive of preparation time). If such a Police Lieutenant works more or less than a full tour of duty on such regularly scheduled day off, he shall receive payment at overtime rates for all time worked from the actual commencement of his tour of duty (exclusive of any preparation time), computed in quarter-hour segments for each full fifteen minutes worked during the term of this Memorandum of Agreement. In addition to the above payments, the Police Lieutenant shall receive an additional hour's pay at his appropriate hourly base pay for up to eight hours actually worked on a regularly scheduled day off which is either an official police holiday pursuant to Section XVII of this Memorandum of Agreement, or Christmas Eve or New Year's Eve.

5. A Police Lieutenant required to work on a scheduled day off which is not rescheduled at the request of the Police Lieutenant or by reason of promotion, reassignment or mandatory attendance at training programs, or who is called into work between regularly scheduled tours, will be guaranteed four hours work at overtime rates. This guarantee shall not apply to the extension of a scheduled tour of duty either prior to its scheduled commencement or after its scheduled termination. Any such extension shall be considered overtime and be paid at overtime rates as set forth in Paragraph 1 hereof.

6. Each Police Lieutenant shall be afforded the option, subject to the provisions of this Paragraph and Paragraph 2 hereof, to accumulate up to four hundred fifty (450) hours in a compensatory time bank in lieu of receiving overtime pay. Each Police Lieutenant exercising this option may, but only in the even numbered pay periods of each year, designate or redesignate a maximum number of hours (not to exceed 450 such hours) to be included in his compensatory time bank. Compensatory time not applied to reduce negative compensatory time balances shall accrue at the rate of one and one-half (1-1/2) hours for each one hour of overtime worked. No compensatory time shall accrue after the designated maximum hourly limitation is reached, and any subsequent overtime shall be paid in cash. If by reason of a redesignation of maximum hours to be banked, the number of hours in a Police Lieutenant's compensatory time bank exceeds the new hourly maximum, the Police Lieutenant shall receive payment in cash at straight time rates for all hours in excess of the new maximum. Accumulated compensatory time may be taken off in accordance with policies established in Appendix "B" annexed hereto. If for any reason pursuant to Law compensatory time cannot be continued, or upon retirement or other separation, all hours accrued in a Police Lieutenant's compensatory bank shall be paid at straight time rates.

7. Except for preparation time allowance if the Police Lieutenant is otherwise eligible therefor pursuant to Section VI of this Memorandum of Agreement, no payment at overtime rates shall be made by reason of the mutual exchange of regular days off between Police Lieutenants unless overtime is worked in connection therewith. All such mutual exchanges shall be subject to the advance approval of the Facility Police Commanding Officer or his designee and shall not be unreasonably denied.

8. Once a mutual exchange is approved, it shall be treated as a change in schedule and considered as part of his regular work schedule.

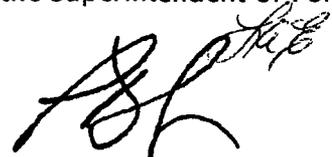

9. Police Lieutenants who work an additional hour on a tour of duty due to the annual change from daylight savings time to standard time will be compensated for such additional hour at overtime rates. Police Lieutenants who work an hour less on a tour of duty due to the annual change from standard time to daylight savings time will have the option to leave at the conclusion of the abbreviated tour and be charged one hour compensatory time, or, remain and work a full eight hours and, in either event, will receive preparation time allowance notwithstanding, provided the Police Lieutenant is otherwise eligible therefor pursuant to Section VI of this Memorandum of Agreement.

10. A Police Lieutenant assigned to report to a non-Port Authority location or a Facility Police Command other than his assigned Facility Police Command for Port Authority medical examinations and/or training will be compensated at his base daily rate or overtime rate where applicable, plus mileage reimbursement for travel expense between such non-Port Authority location or a Facility Police Command and his assigned Facility Police Command in accordance with the allowances set forth in Section XLVIII of this Memorandum of Agreement.

11. In the event the provisions of the Fair Labor Standards Act (FLSA) become applicable to members of the Lieutenants Benevolent Association, the parties agree to meet and negotiate over all mandatory subjects of bargaining arising out of the applicability of the FLSA to members of the Lieutenants Benevolent Association.

12. Overtime payments shall be made only in circumstances where overtime work is incurred in accordance with existing Public Safety Department policy or procedures or where such work is required by authorized Public Safety Department personnel.

13. Any Police Lieutenant may be ordered to work overtime under any of the following circumstances: a) failure of essential equipment or systems where there is urgency to restore essential services or systems; or b) conditions resulting from accidents, floods, fires, natural disasters, or other similar emergencies; or c) public functions, VIP arrivals and departures, strikes, picketing or other unusual events; or d) special events that are not a result of normal roll call deficiencies; or e) occasions when crowds may gather; or f) threatened or actual adverse weather conditions; or g) any other situation which in the judgment of the authorized person ordering overtime may affect public safety or may endanger persons or property, subject to subsequent review by the Superintendent of Police;

14. Prior to the date of execution of this Memorandum of Agreement, voluntary overtime will be in accordance with the procedure set forth in Appendix "I" annexed to the July 21, 1991 - January 20, 2003 Memorandum of Agreement between the Port Authority and the Association. Effective on the date of execution of this Memorandum of Agreement voluntary overtime will be in accordance with the procedure set forth in Appendix "I", annexed hereto.

XV. MEAL AND RELIEF PERIODS

The total paid time for meal and relief periods shall not exceed seventy-five (75) minutes in any tour of duty and such periods shall not be unreasonably denied. In accordance with the provisions for meal and relief periods stated herein, the Facility Police Commanding Officer or his designee shall, subject to operating requirements and the availability of adequate facilities for obtaining meals, exercise reasonable discretion to determine when meal and relief periods will be scheduled and where they will be taken.

starting time for any tour of duty of any Police Lieutenant to any starting time within the range of starting times provided for that tour in Paragraph 1.b. of this Section. Notice of an alteration shall be given to the Police Lieutenant by the end of his immediately preceding tour of duty, except that when a Police Lieutenant has one or more days off (e.g., RDO, vacation, compensatory time, sick leave, absence due to injury incurred in the line of duty, personal leave) the Police Lieutenant shall telephone toll free his permanently assigned Facility Police Command, on the calendar day immediately preceding the day he is to return to work to be advised as to whether the starting time of his next day's regularly scheduled tour of duty will be altered.

On the day the Police Lieutenant is cleared for duty by the Office of Medical Services his day tour shall be deemed to start at 8 a.m. and end at 4 p.m., except, however, the ending time for that day tour shall be modified where necessary to provide for eight hours of time off prior to his next regularly scheduled tour of duty. There shall be the payment of preparation time allowance for the day the Police Lieutenant is cleared for duty for each occasion of absence hereunder notwithstanding the shortening of the Police Lieutenant's tour for the purpose of providing eight hours of time off prior to his next regularly scheduled tour of duty provided the Police Lieutenant is otherwise entitled to receive preparation time allowance pursuant to Section VI of this Memorandum of Agreement. There shall be no change in the Police Lieutenant's regularly scheduled days off.

The schedule of allowances for sick leave shall be as set forth in said PAI 20-3.03.

2. Notwithstanding Paragraph 1 hereof, any Police Lieutenant on sick leave because of an injury incurred in the line of duty prior to April 13, 1988, will receive payment at his base annual salary rate plus longevity and, as per past practice, all applicable benefits, where necessary, for a period or cumulative periods of absences not to exceed one year resulting from such injury.

- (iii) The Superintendent of Police shall issue such determination in writing within sixty (60) working days from the first day of absence allegedly resulting from an injury incurred in the line of duty on or after the date of execution of this Memorandum of Agreement. A copy of the Superintendent's determination will be provided to the Police Lieutenant and the Association. Failure on the part of the Police Lieutenant to keep an appointment with the Port Authority Office of Medical Services concerning an alleged injury incurred in the line of duty shall be a basis for denial of injury incurred in the line of duty status unless the Police Lieutenant can provide to the Office of Medical Services documentation from a physician which establishes that the Police Lieutenant was unable to appear for that appointment due to his medical condition.
- (iv) Steps One and Two of Appendix "G" annexed to this Memorandum of Agreement shall be waived for disputes concerning any such determination made by the Superintendent of Police. Such disputes shall be referred directly to Step Three: Arbitration of Appendix "G" and the sole issue before the arbitrator shall be whether the absence is to be classified as a sick absence or an absence due to an injury in the line of duty. At any time prior to the end of one year of absence related to such injury in the line of duty, the Police Lieutenant shall have the right to withdraw his application for accidental disability retirement and his written waiver of his right to a medical termination hearing, in which case the injury on duty benefit shall be governed by Paragraph 2 or Paragraph 3, whichever is applicable of this Section.

6. An absence resulting from an injury incurred in the line of duty requiring time off for treatment, recuperation or rehabilitation shall not be construed as an occasion of sick absence pursuant to PDI 3-8 revised March, 1968 and further revised as PDI 2-9 dated July, 1976 and further revised with the agreement of the Association March, 1988 and further revised with the agreement of the Association, dated June, 1998, and annexed hereto as Appendix "F".

Vacation days forfeited pursuant to Attachment "A", Section IV, Paragraphs C and D of Appendix "D" shall be taken as follows: absences beginning and ending in a single calendar year shall only have vacation days forfeited from the calendar year in which the absence occurs; absences which begin in one calendar year and continue into a successor calendar year shall have vacation days forfeited based upon the entire period of absence first from the calendar year in which the absence began and, if the Police Lieutenant's remaining vacation allowance for that year is insufficient to satisfy the forfeiture, then the remainder of the forfeiture shall be taken from the calendar year in which the absence ended.

8. A Police Lieutenant no longer receiving full pay due to sick leave or injury incurred in the line of duty will be assigned to one of two Police Lieutenant medically restricted positions (which shall be in that Police Lieutenant's Consolidated Police Zone) in the chronological order in which he entered reduced pay status, if, at the time of such assignment:

9. Such assignment shall continue until the Police Lieutenant returns to full duty or leaves Port Authority service. None of the payments provided for in Section XVI of this Memorandum of Agreement will be earned by such Police Lieutenant on restricted duty either as a result of his initial assignment or of his return to full duty following such an assignment consistent with the provisions of Document "C", annexed hereto.

10. A female Police Lieutenant who returns to duty on a medically restricted basis following an occasion of sick absence resulting from pregnancy will not be charged with a subsequent occasion of sick absence for such an absence resulting from childbirth.

11. Each Police Lieutenant will receive upon separation in good standing at his base bi-weekly salary rate then in effect additional compensation as follows: for each calendar year commencing January, 1972 during which a Police Lieutenant has no unexcused absence or absence for reasons of sickness or injury - two days compensation; for each calendar year during which a Police Lieutenant has no unexcused absence and not more than five days of absence for reasons of sickness or injury - one day's compensation. Any such absence for part of a day shall be considered absence for an entire day. All occasions of absence due to injuries incurred in the line of duty after July 2, 1998 which are exempt from consideration for purposes of repeated and excessive absence discipline under Appendix "L", annexed hereto, and the days of absence of such occasions shall not be counted in the calculation of such additional compensation, if any, attributable to the calendar year 1998 or any calendar year thereafter.

12. The compensation provided for in Paragraph 11 hereof shall be payable with respect to each full calendar year of service as a Police Lieutenant and any full calendar year during which a Police Lieutenant is promoted to the rank of Police Captain.

If the Police Lieutenant requests an additional list of at least three physicians, then the OMS shall provide an additional list to the Police Lieutenant, provided that the Police Lieutenant makes such request in writing to the OMS within three working days of the Police Lieutenant's receipt of the first list. The opinion of that physician as to whether a) the Police Lieutenant is medically fit to return to full duty, or b) is medically fit to return to duty under a medical restriction, or c) is not medically fit to return either to full duty or under a medical restriction shall be final and binding on the Port Authority, the Police Lieutenant and the Association and not subject to the grievance-arbitration procedures of the Memorandum.

Handwritten signatures in black ink, including a large signature that appears to be 'A. H.' and a smaller signature to its right that appears to be 'J. A. E.'

Section XXVII of this Memorandum of Agreement is to be sought, he shall submit the charges directly to Step Three of Appendix "G" annexed to this Memorandum of Agreement for handling as provided therein for charges seeking such disciplinary action.

- (iii) Such disciplinary charges may be served either personally or by registered mail at the last known address of the Police Lieutenant on file with the Port Authority.
 - (iv) Except as provided in Appendix "M" annexed to this Memorandum of Agreement, the only disciplinary hearing of any kind to which Police Lieutenants are entitled in connection with such disciplinary charges which seek any disciplinary action enumerated in Paragraph V B of Document "G" annexed hereto as amended by this Section XXVII shall be that provided for at Step Three of Appendix "G" annexed to this Memorandum of Agreement, and the only disciplinary hearing of any kind to which Police Lieutenants are entitled in connection with such disciplinary charges which seek any disciplinary action enumerated in Paragraph V A of Document "G" annexed hereto as amended by this Section XXVII shall be that provided for at Step Three of Appendix "G" annexed to this Memorandum of Agreement.
- h. The Port Authority shall provide upon request by the charged Police Lieutenant or his representative prior to the disciplinary hearing copies of the evidence it intends to present at the hearing, including statements, photographs, recordings and other writings made in the normal course of business but excluding attorney work product. The Port Authority shall provide such discovery no later than twenty-eight days prior to the scheduled hearing date or within ten days of receipt of the request, whichever is later. Failure to provide such discovery by such date shall be a basis for adjournment in the discretion of the person before whom such hearing is to be held, provided that if such discovery is provided within fourteen days of the hearing date it shall be an automatic basis for adjournment if requested.
- i. (i) If a Police Lieutenant is administratively suspended, disciplinary charges must be filed against the Police Lieutenant no later than one hundred and twenty days after the first day of that suspension to continue him on administrative suspension. If the disciplinary charges are not filed within that period, the Police Lieutenant shall be removed from administrative suspension no later than the end of the one hundred and twenty day period and he shall receive payment with respect to the period of his administrative suspension in an amount based upon an estimate of

Handwritten signatures in black ink, including a large signature that appears to be 'AR' and a smaller signature to its right.

missed opportunities to earn overtime during his administrative suspension. The estimate shall be determined as provided in the next paragraph.

- (ii) A Police Lieutenant against whom disciplinary charges have been filed and who has been administratively suspended but who has not been dismissed from employment shall receive payment of an amount based on an estimate of his missed opportunities to earn overtime during that administrative suspension. The estimate shall be determined as follows:

First, an initial estimate shall be determined by use of the following formula:

$$\frac{a}{b} = \frac{c}{d}$$

where "a" is the average overtime earned per pay period by the suspended Police Lieutenant during the seventy-eight (or the actual number if less than seventy-eight) pay periods immediately prior to the pay period during which his suspension commenced;

"b" is the average overtime earned per pay period per Police Lieutenant during those seventy-eight (or the actual number if less than seventy-eight) pay periods at the Police Command to which the suspended Police Lieutenant was assigned during that period. If the Police Lieutenant was assigned to more than one Police Command during that period, then the average overtime for the period shall be determined by using average overtime earned per Police Lieutenant at each Police Command to which the Police Lieutenant was assigned during that period for the pay periods he was assigned to that Police Command;

"c" is the initial estimate of the Police Lieutenant's missed overtime earned per pay period to be determined, and

"d" is the average overtime earned per pay period per Police Lieutenant at the Police Command to which the suspended Police Lieutenant is assigned during the same pay periods of the Police Lieutenant's administrative suspension.

Upon determination of "c", that amount shall be multiplied by the number of pay periods that the Police Lieutenant was on administrative suspension, provided that any pay period during that suspension in which the Police Lieutenant was absent due to sickness or injury incurred in the line of duty on at least half of his scheduled work days shall not be used in that multiplication. Then, from that amount shall be subtracted all overtime, if any, earned by the Police Lieutenant during the suspension. The resulting balance shall be paid to the Police Lieutenant for missed overtime.

- j. If a Police Lieutenant who is suspended without pay is changed to administrative suspension or returned to full duty he shall receive payment of his full pay for the period during which he was suspended without pay except payment for missed overtime opportunities. If such Police Lieutenant is not dismissed from employment the calculation of missed overtime opportunities shall be made in accordance with the method set forth in paragraph i (ii), above, except that the period of suspension shall include the period during which the Police Lieutenant was suspended without pay.
- k. A Police Lieutenant charged in a disciplinary proceeding shall not be permitted to take personal leave on a day for which a hearing in that disciplinary proceeding is scheduled, provided, however, if the person before whom such hearing is to be held grants an adjournment of the hearing scheduled for a particular day, personal leave may be taken on that day.
- l. The following shall be substituted for and implemented in lieu of Rule 4 in Document "F" of this Memorandum of Agreement:

Rule 4. Warnings required in cases of Criminal Investigation or Criminal charges against employee

If an employee is under arrest, or is a subject of a criminal investigation, or there is a substantial likelihood that criminal charges against the employee may result from the investigation, he shall be given a written statement as to the alleged criminal matter(s) under investigation and he shall be warned of his rights as follows:

"I wish to advise you that you are being questioned as part of an official investigation by the Port Authority Police. You will be asked questions specifically directed and narrowly related to the performance of your official duties with respect to the alleged criminal matter(s) under investigation. You are entitled to all the rights and privileges guaranteed by the laws of the State of New York or New Jersey, the constitutions of these states and the Constitution of the United States, including the right not to be compelled to incriminate yourself and the right to have legal counsel present at each and every stage of this investigation.

I further wish to advise you that if you refuse to testify or to answer questions relating to the performance of your official duties with respect to the alleged criminal matter(s) under investigation, you will be subject to Port Authority disciplinary charges which could result in your dismissal from the Port Authority. You have use immunity, that is, if you do answer, neither your statements nor any information or evidence which is gained by reason of such statements may be received in evidence against you in any subsequent criminal proceeding. However, these statements can be used against you in relation to subsequent Port Authority disciplinary charges."

If the employee will be asked questions related to his official duties performed in the State of New Jersey, the Port Authority will obtain a written grant of use immunity with respect thereto from a county prosecutor having jurisdiction prior to asking those questions, and the written grant of use immunity will be shown to the employee.

m. Rule 3. Clarification of Application of PDI 2-6, Rule 3 and General Rule and Regulation Section 9, Rule 3 to interviews of witnesses, in accordance to Appendix "K-1", annexed hereto. The notice and time off provisions applicable to waivers as set forth in Appendix "K-2", annexed hereto, shall apply equally to all Rule 3 interviews.

3. The disciplinary standards and penalties with respect to Repeated and Excessive Absence shall be as set forth in Appendix "L", annexed hereto.

4. Counseling of Police Lieutenants does not constitute discipline.

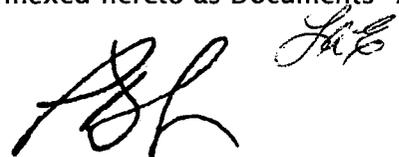

5. Effective on the date of execution of this Memorandum of Agreement, any waiver of a disciplinary hearing for minor disciplinary charges as defined in Document "G", Paragraph V.B., as amended by Section XXVII of the Memorandum of Agreement executed by a Police Lieutenant will be deemed null and void and expunged from the Police Lieutenant's personnel files two (2) years after the execution thereof, provided the following conditions are satisfied:

- a. The waiver was executed prior to the date the matter was heard in arbitration; and
- b. The Police Lieutenant has not been served with Charges and Specifications and/or Notice of Pending Charges in the two (2) years following the execution of the waiver.

Assuming the aforesaid conditions are satisfied, the Police Lieutenant shall submit a request for expungement in writing addressed to the Superintendent of Police and his Commanding Officer identifying the waiver to be removed. All qualifying waivers will be removed within thirty (30) working days of the date that the Police Lieutenant submitted the expungement request.

The President of the Association or his designee shall be authorized to park his personal vehicle in available space at any such designated police employee parking area. All other existing areas and practices for Police Lieutenant parking in existence prior to this Memorandum of Agreement shall be maintained during the term of this Memorandum of Agreement so long as such areas are used for parking purposes.

XLIX. LONG-TERM DISABILITY PROGRAM

1. Active Police Lieutenants who have a minimum of five years continuous service as a Port Authority employee, and, effective July 20, 1991, but commencing July 21, 1991, active Police Lieutenants who have a minimum of one year continuous service as a Port Authority employee will be covered by the Port Authority's Long-Term Disability Program created April 24, 1974 for managerial and professional employees, under which a covered Police Lieutenant who is permanently disabled due to a non-job connected illness or injury is eligible to receive up to 60% of his annual base pay to age 65 from a combination of sources, including any New York State and Local Police and Fire Retirement System Ordinary Disability and Social Security Act benefits (and any other relevant payments), with the difference up to the 60% maximum (but no more than 50% of the Police Lieutenant's base salary) to be provided by the Port Authority.

2. Nothing in this Section requires a Police Lieutenant to apply for Workers' Compensation Law benefits in both New York and New Jersey.

3. As used in this section, the term "permanently disabled" shall mean "physically or mentally incapacitated for the performance of duty as a Police Lieutenant," the term "Workers' Compensation Law" shall include both the New York Workers' Compensation Law and the New Jersey Workers' Compensation Act, and the term "Workers' Compensation Law benefits" shall not include payments of medical expenses or that portion, if any, of other Workers' Compensation Law benefits which is paid to a Police Lieutenant for any period of time prior to the termination of his Port Authority employment.

4. Except as provided for in Paragraph 2, herein, The Long Term Disability Program is annexed hereto as Document "EE".

LI. DEFERRED COMPENSATION PLAN

During the term of this Memorandum of Agreement, so long as the Port Authority offers to any of its employees a deferred compensation plan pursuant to 26 U.S.C. Section 457, Police Lieutenants shall be eligible to participate on the same terms, conditions and basis.

LII. INDEMNIFICATION AND DEFENSE AGAINST CIVIL LIABILITY

1. During the term of this Memorandum of Agreement, for all claims or causes of action covered by the terms of this Section as set forth below which claims or causes of action may occur or be asserted during the term of this Memorandum of Agreement, and if such Police Lieutenant has authorized the Port Authority, in its discretion, to settle or defend such actions or claims, and said Police Lieutenant has fully cooperated in the defense thereof

The coverage for assault and/or battery and/or third party property damage is limited to any acts of any Police Lieutenant committed at the time of making or attempting to make an arrest or in resisting an overt attempt to escape by a person under arrest or committed during the time that any person under arrest is in the care, custody or control of any Police Lieutenant; in resisting an overt attempt to escape by a person in the care, custody or control of any Police Lieutenant, or while in lawful confinement; or any other situation within the scope of his employment as a Port Authority Police Lieutenant where the Police Lieutenant has not used unjustifiable or excessive force.

2. Definitions. For purposes of this Section, the following terms are defined as indicated:

- a. "Police Lieutenant". In addition to its definition contained in Section I, Paragraph 1 of this Memorandum of Agreement, the words "Police Lieutenant" shall include the heirs, executors, administrators or other legal representatives of a Police Lieutenant in the event of his death or incapacity.

b. "Damages". The word "Damages" shall mean damages (and costs and interest included in any judgment entered) to the extent the Port Authority is permitted by applicable law to pay such damages.

3. With respect to the indemnity afforded by this Section the Port Authority shall, to the extent permitted by applicable law, defend, either through its General Counsel or such other counsel as it may choose in its discretion, any claim or suit against a Police Lieutenant seeking damages to which this indemnity applies even if any of the allegations of the suit are groundless, false or fraudulent.

5. Nothing contained in this Section is intended otherwise to restrict the right of any Police Lieutenant to pursue any available remedy, including a plenary court hearing.

LIII. NON-CIVIL CHARGES OR COMPLAINTS

2. Effective January 1, 2005, counsel fee rates shall be as follows:

2. For Police Lieutenants (Job Specification No. 2615) the following Facility Police Commands or Port Authority facilities have not been consolidated with any other Facility Police Commands, Port Authority facilities or Consolidated Police Zones and shall continue to be treated as separate Facility Police Commands:

- a. Police Headquarters
- b. Lieutenants Reserve Pool

3. Notwithstanding the above consolidations, Police Lieutenants, including Detective Lieutenants, shall continue to be permanently assigned to individual Facility Police Commands and transfer lists shall continue to be maintained as provided in Document "C", annexed hereto and facilities including, but not limited to gun lockers, clothing lockers and mailboxes shall continue to be maintained at Facility Police Commands for the Police Lieutenants permanently assigned thereto.

4. Deficiencies in normal roll call positions at Facility Police Commands within a Consolidated Police Zone which the Port Authority in its sole discretion elects to cover shall be covered in the following order of assignment:

- i. A Lieutenants Reserve Pool Lieutenant on straight time;
- ii. A qualified Police Lieutenant assigned to any of the Facility Police Commands within the Consolidated Police Zone who is excess on the tour of duty of the deficiency and who volunteers for the assignment;
- iii. the junior qualified Police Lieutenant assigned to any of the Facility Police Commands within the Consolidated Police Zone who is excess on the tour of duty of the deficiency;
- iv. A Police Lieutenant pursuant to the overtime provisions of the Memorandum of Agreement.

For purposes of this Paragraph 4, a Police Lieutenant is "excess" if the Police Lieutenant has not been assigned to a normal roll call position at the Police Lieutenant's Facility Police Command on that tour of duty and all normal roll call positions at the Command have been filled. The excess Police Lieutenant must have reported to his Facility Police Command for his regularly scheduled tour of duty and stood roll call prior to his assignment. The assigned excess Police Lieutenant will be provided transport in a Police vehicle to and from the Facility Police Command to which he has been assigned. He shall return to his Facility Police Command at the end of his regularly scheduled tour of duty to sign off duty. In implementation of this procedure the Port Authority may not create an excess Police Lieutenant by failing to fill a normal roll call position in order to use the Police Lieutenant who would have filled that position in order to use the Police Lieutenant who would have filled that position to cover a deficiency at another Facility Police Command.

For purposes of this Paragraph 4, a Police Lieutenant is "qualified" if the Police Lieutenant has had at least the number of tours of on-the-job training at the Facility Police

Command with the deficiency as the Port Authority, in its sole discretion, then requires a Lieutenants Reserve Pool Police Lieutenant to have to be assigned to that Facility Police Command on that tour. The Port Authority is not required to have tour specific qualification requirements.

LVI. REPRESENTATION FEE

During the term of this Memorandum of Agreement, all Police Lieutenants who are not subject to dues checkoff in accordance with Section I of this Memorandum of Agreement (hereinafter for purposes of this Section called "non-members") shall have deducted from their wages or salary and forwarded to the Association a representation fee in a manner and in an amount as provided below.

2. Representation Fee Amount

At least two standard pay periods before any modification to the existing representation fee to be deducted, the Association shall notify the Port Authority in writing of the representation fee sum to be deducted from non-members' wages and salaries, but in no event shall such fee exceed 85% of the membership dues and assessments of the Association. Any change in the amount of the representation fee to be deducted shall be made upon written notification by the Association to the Port Authority.

3. Representation Fee Deduction

The representation fee shall be deducted from non-members' wages or salary in equal bi-weekly installments. The amount of representation fee so deducted shall be transmitted bi-weekly to the designated Association representative along with the membership dues and assessments deducted pursuant to Section I of this Memorandum of Agreement.

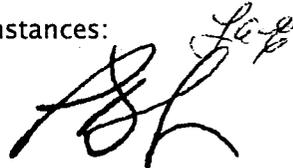

Representation fee deductions from the wages or salary of any non-member shall commence on or after but in no case sooner than two standard pay periods following the beginning of the non-member's placement in or re-entry into Job Specification 2615 or into Job Specification 2616.

If the Association submits a member's signed dues checkoff authorization form in accordance with Section I of this Memorandum of Agreement, the Port Authority shall cease deducting the representation fee and commence deducting membership dues and assessments on or after but in no case sooner than two standard pay periods following the filing of such signed dues checkoff authorization form.

Any memorandum designating an individual as acting Superintendent of Police shall be required to be copied to the LBA President under Section I, Paragraph 5 of the Memorandum of Agreement.
 - c) The Association must be given notice of a search and will be afforded a reasonable opportunity to attend the search. A representative of the LBA on the tour of duty of the search will be permitted to be a witness to the search. If no representative is working the tour of duty, the President of the LBA shall be notified that no representatives are available. The President will be permitted three (3) hours to obtain an alternate witness for the search.
 - d) The search shall not be more intrusive than necessary to accomplish its purpose.
2. Searches of lockers in connection with criminal investigations will be governed solely by applicable law.
3. Upon notice to the pertinent Facility Police Command, the Port Authority Police Command staff may enter all police lockers not currently assigned to Lieutenants.

LVIII. SPECIAL OPERATIONS DIVISION

1. In the event a Police Lieutenant is assigned to the Special Operations Division (SOD) he shall receive, effective on the date of his assignment a quarterly stipend of two percent (2%) of the base salary of the Police Lieutenant for the entire quarter.
2. For purposes of this stipend, the quarters shall be January through March, April through June, July through September, and October through December, and assignment to the SOD for any day in a quarter shall entitle the Police Lieutenant to payment for the entire quarter.

For purposes of this paragraph, a Lieutenants "hourly rate of pay" for a straight time hour of work shall be the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity payable to such Lieutenant as set forth in the schedules annexed hereto as Appendix "A (1)", "A (2)", "A (3)", "A (4)", "A (5)" and "A (6)" and, for an overtime hour of work, shall be one and one-half (1 ½ %) times the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity payable to such Lieutenant as set forth in the schedules annexed hereto as Appendix "A (1)", "A(2)", "A(3)", "A(4)", "A(5)" and "A(6)".

I. POLICIES

- A. Vacations for Port Authority Police Lieutenants are based on the assumption that they contribute to the good health and well being of the staff and are, therefore, mutually beneficial to the employee and the organization.
- B. Police Lieutenants receive vacations of up to 29 days yearly, depending on length of police service.
- C. Police Lieutenants cited for performing services beyond normal expectations and receiving either the Medal of Honor, the Howard S. Cullman Distinguished Service Medal, the Distinguished Service Medal, the Police Commendation Medal, or the Meritorious Police Duty Medal receive extra days of vacation as specified in Attachment B to this Appendix D.
- D. The Human Resources Director may, with the approval of the Executive Director, modify vacation policies to fit the requirement of an unusual situation.

II. OPERATING RULES

- A. Attachment A, "Operating Rules - Vacations" outlines the operating rules for the administration of the vacation program.
- B. Attachment B, Vacation Allowance Table, shows the specific vacation allowances for Police Employees during their first year of employment, in subsequent years, and upon termination of employment. It also covers extra vacation days authorized for Lieutenants awarded medals.

ATTACHMENT "A"

OPERATING RULES - VACATIONS

I. VACATION SCHEDULING

- A. Vacation scheduling for Police will be handled in accordance with instructions issued by the Superintendent of Police.

II. VACATION ELIGIBILITY IN CONNECTION WITH LEAVE OF ABSENCE

For the year in which an ordinary, maternity, or long term military leave begins, an employee is entitled to vacation allowance equivalent to that for terminating employees shown in Part II of Attachment B plus any vacation days carried over from previous years. After subtracting vacation already taken, the balance is taken before the leave begins. If the employee has already taken vacation days in excess of his allowance for the year, their value is subtracted from his last paycheck before the leave begins. However, if at the time the leave begins, vacation has been taken in excess of vacation due in accordance with a facility or unit vacation schedule published at the start of a calendar year, no adjustments in the final salary check will be made provided that the employee did not initiate a change in his assigned vacation via a mutual swap or special request. Employees returning from ordinary, maternity, or long term military leave of absence in a calendar year other than that in which their leave commenced will be entitled to a vacation allowance, for that year only as shown in Part III of Attachment B.

- III. Vacation days taken in any year shall be charged first, against any accrued normal vacation carried over from the prior year, and second, against the current year's normal vacation allowance.

IV. VACATION IN CONNECTION WITH SICK LEAVE

- A. If an employee falls ill after starting his scheduled vacation, the period of his illness during his vacation cannot be charged as a sick absence. However, if an employee is hospitalized for one night or more while on vacation, only the days of hospitalization should be charged as sick absence time. Should questions arise regarding application of this policy, the Human Resources Department should be consulted.
- B. If an employee's sick absence starts before a scheduled vacation, the time absent due to illness should be charged as sick absence provided the employee returns to work at the end of his illness before starting his vacation.

- C. An employee who is absent for an extended period because of illness and who received paid sick leave for a part or all of the period of absence, may be required to forfeit a portion or all of his normal vacation allowance. The Superintendent of Police will recommend to the Human Resources Director the appropriate action to be taken in such cases.

- D. Following an extended period of absence because of illness (other than the first occasion of absence due to each injury incurred in the line of duty and injuries incurred in the line of duty after the execution of the Memorandum of Agreement (1996-2003) which are exempt from consideration for purposes of Repeated and Excessive Absence discipline under Appendix "L", annexed hereto and the days of absence of such occasions) which totals a minimum of 30 cumulative work days lost within any 12 consecutive month period, one (1) day of vacation allowance may be forfeited for each 10 work days of absence.

Vacation days forfeited shall be taken as follows: absences beginning and ending in a single calendar year shall only have vacation days forfeited from the calendar year in which the absence occurs; absences which begin in one calendar year and continue into a successor calendar year shall have vacation days forfeited based upon the entire period of absence, first from the calendar year in which the absence began and, if the Police Lieutenant's remaining vacation allowance for that year is insufficient to satisfy the forfeiture, then the remainder of the forfeiture shall be taken from the calendar year in which the absence ended.

V. VACATION CARRYOVER

- A. Vacation must be taken in the year in which it is earned, unless special permission for carryover of vacation allowance from the year earned to the following year is granted by the Human Resources Director. Such permission must be obtained prior to the end of the year in which the vacation is earned. No employee may carry over to a succeeding year more than one full year's vacation allowance. The Superintendent of Police may authorize carryover of vacations of five days or less.

- B. In determining the amount of vacation which may be carried over to a succeeding year, a continuous period of vacation begun before the end of one calendar year which extends into the succeeding calendar year shall be considered to have been taken in its entirety during the calendar year in which it was begun.

- C. The provisions of Paragraphs A and B above shall apply to unused vacation days at the end of any calendar year which have accumulated as a result of illness or injury.

VI. LENGTH OF SERVICE IN CONNECTION WITH VACATION

- A. Length of service is determined as follows in computing vacation allowance:
1. All periods of authorized absence with pay are included.
 2. All time on military leave and sick leave, with or without pay, is included.
 3. Time on leave of absence without pay in excess of one month is not included.
 4. If an individual is separated because of reduction in force and is re-employed within one year of the date of separation and his service prior to separation, is included.
 5. If an individual is re-employed after a separation of more than one year due to reduction in force, or after dismissal or resignation, his service prior to such separation, dismissal or resignation is not included, unless specifically approved by the Human Resources Director.
 6. Service as a full-time temporary employee is included, provided there is no interruption in employment exceeding five calendar days at the time his status is changed to project or permanent employee.

VII. VACATION ALLOWANCES ON SEPARATION - POLICE EMPLOYEES

- A.
1. Vacation allowances on separation will be reduced by any vacation taken in the calendar year in which separation occurs, unless such days were carried over from a previous year.
 2. A member of the Police Force who is separated in good standing will be entitled to full credit for any unused vacation carried forward from a previous year under the provisions of Paragraph V, above. Any vacation carried forward from a previous year and taken prior to separation will not be considered in determining vacation allowance on separation.
- B. A member of the Police Force in good standing who has had at least nine months' service and who is separated for such reasons as reduction in force, death, or retirement will be granted his full vacation allowance for the calendar year in which his services terminate, regardless of his termination date.

- C. A member of the Police Force in good standing who is separated for any reason before the completion of nine months' service, or who is discharged for cause, including resignation under charges, is not eligible for vacation allowance on separation.

- D. A member of the Police Force absent without pay for more than thirty consecutive days during a year, with the exception of absence while on military leave, shall have his succeeding vacation allowance reduced by 1/12 for each 30 consecutive days of such absence.

REVISED JUNE 1998

I. INTRODUCTION

It is the purpose of this instruction to establish the policy and procedures to be used by the Facility Police Commanding Officer in reviewing individual sick leave performance of all police personnel, as well as to provide the means for an evaluation and counseling of those individual cases requiring special attention.

II. STANDARDS FOR SICK ABSENCES

III. REVIEWS

- A. Each month the Facility Police Commanding Officer will conduct a review of the sick leave performance of all members of his command, for the preceding 12 months.
- B. When a member of the force reaches three occasions of sick absence in a twelve month period, the Facility Police Commanding Officer will conduct a review of the individual's sick record for the previous 24 month period. The review will include all occasions of sick absence, the number of tours and less than full tours of sick absence, medical problems related to the absences and other related data which will aid in reviewing the total record of the person.

If a note is not presented, the individual will receive no pay for the sick absence.

B. No-Pay Status

- 1. When a review of the sick leave record of an individual on a Half-Pay Doctor's Note Status shows no improvement and continues Below

V. TO REDUCE PAY

then current address, by the filing of a Demand for Arbitration, with a copy of the demand provided to the Association. The process for selecting the arbitrator shall begin upon the filing of the demand and shall proceed in accordance with the then-effective Voluntary Labor Arbitration Rules of the American Arbitration Association.

(b) Except as otherwise provided in Appendix "J" annexed to the Memorandum of Agreement, the President of the Association or his designee shall have the exclusive right to refer to arbitration any unsettled grievance with respect to the application or interpretation by the Port Authority of any provision of the Memorandum of Agreement (other than paragraph one of Section II, paragraph fourteen of Section XIX, Section XXIX, Section XXX, the second sentence of paragraph seven of Section XXXIV, and Section LII) which application or interpretation is alleged to constitute a violation of the said Memorandum of Agreement or any provision thereof by serving written notice in duplicate on the Manager of the Labor Relations Department or his designee, not later than twenty (20) working days following receipt of the Step Two determination; provided, however, that, notwithstanding any provision or provisions of the Memorandum of Agreement, the term "grievance" shall not include any complaint or dispute whatsoever concerning unit work irrespective of its nature and source nor any complaint or dispute whatsoever concerning any transfer of a Police Lieutenant or denial thereof irrespective of its nature and source if the Superintendent of Police declares in writing that such transfer or denial is deemed necessary for the good of the service and sets forth the reason or reasons therefor. No complaint or dispute whatsoever concerning any transfer of a Police Lieutenant or denial thereof irrespective of its nature and source shall be subject to or processed through this Grievance Procedure or submitted to arbitration if the Superintendent of Police declares in writing that such transfer or denial thereof is deemed necessary for the good of the service and sets forth the reason or reasons therefor. No complaint or dispute concerning unit work irrespective of its nature and source shall be subject to or processed through this Grievance Procedure or submitted to arbitration but shall be subject to the exclusive jurisdiction of the Port Authority Employment Relations Panel pursuant to Section XXX of the Memorandum of Agreement.

(c) If the President of the Association demands to refer a grievance to arbitration, he shall do so by filing a Demand for Arbitration with the Manager of the Labor Relations Department and the designated representative of the American Arbitration Association at its then current address, or, in the case of a grievance by the Port Authority pursuant to Appendix "J", upon filing of a written notice of a demand to refer the grievance to arbitration with the President of the Association and the designated representative of the American Arbitration Association at its then current address, an arbitrator shall be selected in accordance with the then effective Voluntary Labor Arbitration Rules of the American Arbitration Association from its Labor Panel.

(d) The arbitrator shall not have the power to add to, subtract from or modify the provisions of the Memorandum of Agreement and shall confine his decision solely to the interpretation and application of the Memorandum of Agreement. He shall confine himself to the precise issue presented for arbitration and shall have no authority to determine any other issues not so presented to him nor shall he submit observations or declarations of opinion which are not essential in reaching the determination.

(e) The decision or award or relief afforded by the arbitrator shall be final and binding upon the Port Authority, the Association and the grievant (s) or charged employee(s) to the extent permitted by and in accordance with applicable law and the Memorandum of Agreement.

(f) All fees and expenses of the American Arbitration Association and the arbitrator shall be divided equally between the parties. Each party shall bear the cost of preparing and presenting its own case. However, if none of the disciplinary charges against a Police Lieutenant are sustained by the Arbitrator, then the Port Authority shall pay reasonable counsel fees at the rates set forth in the Section of this Memorandum of Agreement entitled "Non-Civil Charges or Complaints" for the defense of the Police Lieutenant in the arbitration.

(g) The Port Authority shall select the court reporters and arrange for their attendance. The Port Authority and Association shall divide equally the costs of the transcript for the arbitrator, court reporter fees and court reporter expenses. Each party shall be responsible for the cost of their own transcript (s).

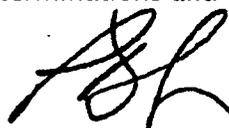

(h) The arbitrator shall issue his decision as soon as possible after the close of the hearing. The arbitrator shall be bound by the then-effective Voluntary Labor Arbitration Rules of the American Arbitration Association. The hearing will be located alternately, between Police Headquarters and the Association Office.

(i) The settlement or award or relief upon a grievance may or may not be retroactive as the equities of each case demand but in no event shall such resolution be retroactive to a date earlier than the date the grievance was first submitted or the date the grievance occurred.

(j) Grievance resolutions or decisions at Steps One and Two shall not constitute a precedent in any arbitration or other proceeding.

D. Representation

1. The grievant is entitled to Association representation at any grievance and arbitration meetings. The Association shall have the exclusive right to represent members in any grievance provided, however, that any grievant or group of grievants shall have the right to present his or their own grievance at Steps One and Two without representation of any kind, provided further that no resolution of a grievance shall be inconsistent with the provisions of the Memorandum of Agreement. The Association shall receive copies of written determinations and of appeals at all Steps and

may submit written comments thereon and shall have the right to be present and to offer statements at any grievance step meeting.

2. The grievant (s) and any witness (es) shall be excused from duty with pay as required for the processing of grievances, subject to the approval of the Superintendent of Police. If possible, any such request for excusal must be presented in advance, and approval thereof shall not be unreasonably withheld. Time off for Association representation purposes shall be in accordance with Limited Distribution Directive 4-05, dated April 12, 2005.

3. In the event a hearing of a disciplinary charge is scheduled to occur on the charged employee's scheduled day off (RDO), excluding RDO's falling within or concurrent to the employee's scheduled vacation period, he shall be given an RDO in place of the RDO eliminated by the scheduled hearing date. In the event the hearing date is scheduled on the charged employee's vacation day or on an RDO within or concurrent to a scheduled vacation the hearing for that date will be adjourned.

E. Special Provisions

1. The term "working days" as used in this Grievance procedure shall mean calendar days exclusive of Saturdays, Sundays and public holidays.

2. The parties may mutually agree in writing, when circumstances warrant, to by-pass Step One of this Grievance Procedure.

3. The failure by the Port Authority to meet a deadline specified herein shall permit advancing the matter to the next Step. The failure of the grievant or the Association to file a grievance or an appeal within the time limit specified shall be deemed to be a resolution of the grievance.

4. All time limits contained in this procedure may be extended by mutual agreement in writing.

APPENDIX H

EXCUSED ABSENCES
AND
PERSONAL LEAVE

I. Introduction

This section describes the policy regarding excused absences and personal leave for permanent and probationary Police Lieutenants covered by Memorandum of Agreement.

II. Definition

A. Excused absences are any authorized absences from scheduled hours of work for which no deduction is made from the Lieutenant's compensation, and which are not attributable to vacations, holidays, sick leave, military leave, or compensatory time credited or to be earned.

B. Personal leave is any authorized absence from scheduled hours of work for which no deduction is made from the Lieutenant's compensation, and which are not attributable to vacations, holidays, sick leave, military leave, or compensatory time credited or to be earned.

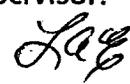

III. Policy

A. Excused Absences

Port Authority management grants time off with pay to Police Lieutenants and identifies the absence as excused time under the following circumstances only:

1. Time necessary for involuntary participation in governmental proceedings such as jury duty, draft board examinations, Workmen's Compensation Board hearings, or appearing in court as a subpoenaed witness.

2. Time necessary for voting. Any eligible Lieutenant who desires to vote in a general election, primary election, special election or local election in the community where he resides, and who is required to work on the day of such election and whose hours of work are such that it will be difficult or impossible for him to vote, shall be granted two hours of excused time off to vote. Such time off shall be allowed only at the beginning or end of the Lieutenant's tour of duty as designated by his supervisor.

However, any Lieutenant who has four or more consecutive hours before or after his working hours during which polls are open will be considered to have sufficient time to vote outside of his working hours and will not, therefore, be granted excused time.

3. Time necessary because of a death in the Lieutenant's immediate family (spouse, child, parent, brother, sister, spouse's parent, other person living in the Lieutenant's home). When more than three scheduled work days are needed, the additional time must be approved by the Superintendent of Police. Absences in excess of five (5) work days for any one instance require written approval by the Personnel Director, copy to the Manager, Accounting Division.
4. Time for donating to the Port Authority Blood Bank. Any Police Lieutenant who donates blood to the Port Authority Blood Bank during his normal work schedule is granted the rest of that working day off as excused time. Any Police Lieutenant who donates blood outside his normal work schedule is granted three (3) hours of excused time, to be taken at a time mutually convenient to the Police Lieutenant and his supervisor.
5. When overtime work in excess of five and one-half hours (5 1/2) is performed by a Police Lieutenant who is called in from off-duty status, sufficient excused time is granted in order to provide a period of four (4) consecutive hours off before the Police Lieutenant starts his next normal tour. For example, if the Police Lieutenant works from midnight until 6 A.M. and is scheduled to work the 8 A.M. to 4 P.M. tour, he receives two hours of excused time and starts his tour at 10 A.M.
6. Excused absences granted in accordance with the provisions of L.D.D. 4-05.
7. A Police Lieutenant who is scheduled to take a Police promotion examination and who is also scheduled to work the tour of duty immediately preceding the scheduled commencement of that examination shall be excused from that tour of duty.
8. Special individual situations as recommended by the Superintendent of Police and approved by the Personnel Director.

B. Personal Leave

This section describes the policy and procedure regarding personal leave for permanent and probationary Police Lieutenants covered by Memorandum of Agreement.

1. Police Lieutenants will receive up to five days of personal leave.
2. Each Police Lieutenant may, in addition to paragraph "1" herein, designate up to sixteen hours of compensatory time per annum to be converted into a maximum of two additional days of personal leave which may be taken in the year of designation. Once a Police Lieutenant has taken the maximum of sixteen hours of compensatory time converted to personal leave, the Police Lieutenant may, in addition, designate up to an additional sixteen hours of compensatory time per annum to be converted into a maximum of two additional days of personal leave which must be carried over into the following year unless paid in accordance with this Appendix "H".
3. Effective July 31, 1988, Police Lieutenants shall not have any right to take personal leave on the following days: Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, and Thanksgiving Day.
4. Except as set forth in III B3 above, personal leave can only be denied for the following reasons: failure of essential equipment or systems where there is an urgency to restore essential services, conditions resulting from serious accidents affecting facility operations, floods, fires, disasters or other similar emergencies, high security VIP arrivals or departures, strikes, picketing, riots, demonstrations, civil disorders or other occasions when crowds may gather that are not as a result of normal operations or occurrences and threatened or actual weather conditions which could adversely affect facility operations.
5. Police Lieutenants are to submit written notice in advance for personal leave to their Commanding Officers whenever possible. (Examples used for vacation, family affair, planned event, etc.)

- b. A Police Lieutenant may, at any time during the year, utilize up to sixteen hours per annum of his compensatory time as personal leave, consistent with III B.2.
- c. Before or during payroll period 23 of each year, Police Lieutenants may submit a handwritten memorandum to their Commanding Officer with regard to any unused personal leave days.
 - i) Police Lieutenants will have the right to carry all unused personal leave days (including converted compensatory time) into each following calendar year without limitation.
 - ii) Police Lieutenants will have the right to be paid for all or any unused personal leave days and the same shall be paid in payroll period #25 of any year.
 - iii) Police Lieutenants will have the right to include in their compensatory time bank all or any of their unused personal leave days.
 - iv) All unused personal leave days will be carried into the following calendar year for Police Lieutenants who do not submit a handwritten memorandum during the prescribed time.
 - v) Police Lieutenants will be paid, upon separation from police service, for all unused personal leave days.
 - vi) Unused personal leave days will be accrued for payment in the year of separation on the basis of two days for each four-month period or any part thereof, to a maximum of five days, the Police Lieutenant is on the payroll in the calendar year of separation.

APPENDIX "F"

**VOLUNTARY OVERTIME ASSIGNMENT PROCEDURE FOR
POLICE LIEUTENANTS**

I. Policy

- A. Overtime assignments will be authorized in accordance with Section XIV of the memorandum of Agreement.

This procedure shall be utilized to identify the appropriate Police Lieutenant for a voluntary overtime work assignment.

Voluntary overtime is an overtime assignment which is not ordered or which need not be assigned to a particular Police Lieutenant. Some examples of overtime which would not be governed by this procedure are overtime ordered pursuant to Section XIV, Paragraph 13, of the Memorandum of Agreement, preparation time or overtime required in connection with training, arrest, or appearances at court or before administrative bodies.

- B. Selection of a Police Lieutenant for an overtime assignment will be from an overtime equalization list based on the Daily Police Timekeeping System Overtime Distribution-Year to Date computer printout updated on a daily basis, in accordance with this procedure. At the beginning of each calendar year, all Police Lieutenants shall return to zero (0) overtime hours. Overtime assignment selection on January 1 of each year will begin in accordance with seniority as a Lieutenant as defined in Document "B", Section II.
- C. Police Lieutenants must express advance interest in working Regular Day off Cancellation (RDOX) or Vacation Cancellation (VACX). RDOX and VACX have equal standing under the procedure. All Lieutenants will be deemed available to Holdover (HO) and Early Call In (ECI) at their assigned facility police commands, except that Lieutenants who are available to holdover (HO) and early call in (ECI) at other than their assigned facility police commands or other locations must also express advanced interest at the Central Police Desk.

Early Call In (ECI)

An Early Call In is an overtime assignment which is adjacent to and immediately precedes and extends a Police Lieutenant's regularly scheduled tour of duty and which results in

no break in time between the conclusion of the overtime and the start of the regularly scheduled tour of duty.

Holdover (HO)

A Hold Over is an overtime assignment which is adjacent to and immediately follows and extends a Police Lieutenant's regularly scheduled tour of duty which results in no break in time between the conclusion of the regularly scheduled tour of duty and the start of the overtime assignment.

- D. Police Lieutenants with the least amount of overtime shall be solicited first, subject to the procedure in Section II hereof for the assignment. In the event the Police Lieutenant with the lowest amount of overtime declines, the Police Lieutenant with the next lowest amount shall be solicited and so on, until all interested Police Lieutenants have been canvassed. If two or more Police Lieutenants have the same number of hours, the Police Lieutenant with the greatest in grade seniority will be called first. Refusals of overtime will not be considered; only overtime hours or parts thereof worked will be recorded.
- E. For all newly promoted Lieutenants overtime accrued as a Sergeant or Detective Sergeant will be carried over upon promotion.

II. Procedure

A. Voluntary Overtime Assignment of four (4) hours or less

Whenever a voluntary overtime assignment for a Police Lieutenant is to be four (4) hours or less, the Commanding Officer shall fill such assignments by "HO" or "ECP" of Police Lieutenants assigned to that Facility Police Command with equalization amongst those eligible Police Lieutenants working the tour adjacent to the overtime requirement. If no Police Lieutenant is available at that Facility Police Command then the Police Lieutenant with the lowest overtime hours who has expressed advanced interest at the Central Police Desk as described in I. B. herein may cover the overtime assignment.

B. Voluntary Overtime Assignment of more than Four (4) Hours

- 1. Whenever a voluntary overtime assignment for a Police Lieutenant is to be for more than four (4) hours, it may be covered by RDOX, VACX, where possible, or by HO/ECI in the following sequence.
 - a. Police Lieutenants assigned to that Facility Police Command, the Consolidated Police Zone Vacation Relief Position and the

Lieutenants Reserve Pool may be solicited to work on an RDOX or VACX on an overtime equalization basis.

- b. Police Lieutenants who are assigned to that Facility Police Command on a HO/ECI basis.
- c. Police Lieutenants on RDOX and VACX who are assigned to other Facility Police Commands.
- d. Should no Lieutenant be available pursuant to the above steps then the assignment may be covered:

First: By any Police Lieutenant by HO/ECI who is assigned to other Facility Police Commands, who has expressed advanced interest, subject to overtime equalization.

Second: By any Detective Lieutenant, wherever assigned in accordance to the following sequence: RDOX or VACX, HO/ECI, expressed advanced interest, subject to overtime equalization.

Third: By any Police Lieutenant on duty outside the Consolidated Police Zone of the Facility Police Command where the assignment is located on a straight time basis with the payment of four (4) hours pay at his straight time rate in addition to his regular pay for each full tour.

2. For Purposes of this procedure Lieutenants covering a Vacation Relief Position :

- a. Will first be solicited to work on an RDOX or VACX overtime equalization basis at Facility Police Commands within their Consolidated Police Zones in accordance to Appendix "T", Attachment 1.
- b. All other overtime assignments of Vacation Relief Lieutenants will be pursuant to Section II, paragraph (B) (1) (c) of this section.
- c. For purposes of this procedure the Lieutenants Reserve Pool Vacation Relief Lieutenant will be solicited to work on an RDOX or VACX on the same basis as a Reserve Pool Lieutenant.

3. In those instances where a voluntary overtime assignment of more than four (4) hours is filled utilizing a Lieutenant on a RDOX or VACX pursuant to this procedure the Lieutenant shall be guaranteed a minimum of eight (8) hours work.

LaE

AR

- C. For overtime assignments at other than Port Authority Facility Police Commands, the assignment shall be filled pursuant to the sequence beginning at Section II, paragraph (B) (1) (c) from among all Police Lieutenants who have expressed advanced interest subject to overtime equalization regardless of facility of assignment. Except that:

Assignments to NYC Office of Emergency Management (currently in Brooklyn, NY) and NYC Emergency Command Center (currently at One Police Plaza) shall be filled with Lieutenants assigned to Police Headquarters.

- D. For the purpose of this procedure a Police Lieutenant completing an afternoon tour on a day prior to his RDO or Vacation shall be considered eligible for an RDOX or VACX on the night tour following that afternoon tour. A Police Lieutenant scheduled to work a night tour on the day following his RDO or Vacation shall be considered eligible for an RDOX or VACX on the afternoon tour of the day preceding that night tour.
- E. For the purpose of this overtime procedure, a Facility Police Command shall be defined in accordance with the Position and Assignment List as contained in Document "M" of the Memorandum of Agreement.
- F. If a Police Lieutenant who has in accordance with this Procedure expressed advance interest in working a voluntary overtime assignment is by passed in violation of this procedure due to an administrative misapplication of this Procedure, then the Port Authority in its sole discretion will either remunerate the Police Lieutenant (make whole) or afford the Police Lieutenant the opportunity to work an overtime assignment mutually acceptable to his Commanding Officer and himself, for the equivalent amount of hours at the equivalent rate of pay. The work opportunity shall not be a normal roll call position, but shall be a staff and/or extra operations work assignment. Whenever practicable, the equivalent overtime work assignment shall be completed during the pay period in which the violation was confirmed by the Public Safety Department. This paragraph sets forth the only remedy (s) for overtime by pass violation.

- III. This Overtime Procedure shall be effective on the date of the execution of the Memorandum of Agreement.

PROCEDURE FOR DEVELOPMENT AND APPROVAL
OF
VACATION RELIEF WORK CHARTS

I. GENERAL

- A. Lieutenants assigned to Vacation Relief positions will be responsible for providing vacation coverage of Lieutenants within their vacation group. Each vacation group shown in Attachment 1, annexed hereto, will consist of seven (7) Lieutenants plus the Vacation Relief Lieutenant.
- B. Lieutenants shall select vacations in accordance with the sequence set forth in the Police Lieutenants vacation group assignments shown on Attachment 1, annexed hereto. Once vacation picks have been established for the year they will not be changed as a result of lieutenants transferring out of a vacation group.
- C. Lieutenants assigned to a facility police command may bid, in seniority rank order, to assume a vacancy within a vacation group for the selection of vacation in the following calendar year before the arrival of any newly assigned Lieutenant. A newly assigned Lieutenant may keep his assigned vacation for that year or may elect to take the vacation slot available in the group to which he is assigned. In the event more than one Police Lieutenant is permanently transferred to a facility police command on the same date, the vacancies within a vacation group will be filled utilizing seniority in accordance to Document "B", II. Definitions, A.1.

II. VACATION RELIEF WORK CHARTS

- A. The yearly calendar setting forth the vacation schedule periods available for Lieutenants will be published annually in the month of September with final posting on Vacation Relief work charts by December 31.

These charts will be developed based upon the work charts of the individuals within the vacation group to be relieved. In developing these charts, for periods where there is no scheduled vacation for which relief is required, the Vacation Relief Lieutenant will be assigned a tour by the Commanding officer. Such assignments shall be to a tour of duty, which is consistent with the provisions contained in the Memorandum of Agreement.

- B. If no vacation Relief Chart has been developed and implemented by January 1st the affected Vacation Relief Lieutenant will be placed into Position 3 (Work Chart #07 Day/Afternoon Tours, rotating days off) or if the affected Lieutenant is the LRP Vacation Relief Lieutenant, he will be placed into Position C (Work Chart #04, Night Tour, rotating days off). The Vacation Relief Lieutenant(s) and the LRP

Vacation Relief Lieutenant will remain in the above identified work charts until such time as the Vacation Relief Lieutenant work chart is implemented.

- C. Vacation Relief work charts will be submitted to Police Headquarters for review after which copies of these work charts will be provided to the Association President for his approval. The Association President may withhold his approval only if a Vacation Relief work chart does not conform to Section XIII, Paragraphs 1 and 7 (a) and (b), Section XVI, Paragraphs 1 (a) and (b) section XVIII of the Memorandum of Agreement. Should a vacation relief work chart fail to conform to these provisions of the Memorandum of Agreement, the President shall provide the Port Authority with the specific reason(s) for withholding approval of the vacation relief work chart so that appropriate adjustments can be made to insure that the work chart conforms to the above Memorandum of Agreement requirements and can be approved and implemented. If the Port Authority believes that the work chart does not require such adjustments it shall not implement the work chart and the dispute shall be submitted by the Port Authority to expedited arbitration pursuant to Section C, Step Three of Appendix G of the Memorandum of Agreement, notwithstanding the provisions of Section C, Step Three, Paragraph (a) thereof, for a determination as to whether the work chart conforms to the above requirements.
- D. Once the Vacation Relief work charts have been implemented, in addition to the basis already set forth in the Memorandum of Agreement for changing work charts, a Vacation Relief work chart may be changed without payment of Schedule Change Premium (SCP) to adjust for a change in the scheduled vacation periods or tours of Lieutenants assigned to a vacation group. Examples of such changes would be the assignment of a new Lieutenant to a group during the year or a change in work charts of those assigned to the vacation group as a result of changes in squad or position of the individuals assigned to the group.
- E. In the event of change, as described in Paragraph II (D) above, the Vacation Relief Lieutenant shall be required to provide vacation coverage consistent with those changes. The revised Vacation Relief work chart shall be submitted to his Commanding Officer for approval. If, following such revisions to the Vacation Relief work Chart, there are periods which do not require Vacation Relief coverage, the selection of tours to be worked by the Vacation Relief Lieutenant during periods where vacation coverage is not required will be made by the Commanding Officer at the time of his review of the revised Vacation Relief work chart. The selection of these tours of duty shall be consistent with the provision contained in this Section of the Memorandum of Agreement. A copy of the revised Vacation Relief work chart will be submitted to Police Headquarters for review after which a copy of the Vacation Relief revised work chart will be provided to the Association President for his approval on the same basis provided for in Paragraph C of this Section.

APPENDIX K-1

June 10, 1998

Lieutenant Louis Echavarria, Jr.
President Port Authority Police
Lieutenants Benevolent Association
241 Erie Street
Jersey City, NJ 07310

RE: CLARIFICATION OF APPLICATION OF PDI 2-6, RULE 3 AND GENERAL RULE AND REGULATION SECTION 9, RULE 3 TO INTERVIEWS OF WITNESSES.

Dear Lieutenant Echavarria:

This letter is intended to clarify the application of Section 9, Rule 3 of the Port Authority Rules and Regulations and Rule 3 of PDI 2-6 to interviews of members of the force who have been identified as witnesses in connection with an authorized investigation involving a member of the force other than the witness.

When a Lieutenant is called in for an interview based on the belief that he may have been a witness to a particular event and, at the time of the interview, it does not appear that the matter under discussion may result in disciplinary action against the Lieutenant who is being called as a witness the Lieutenant shall be so advised of these facts which require his cooperation in an authorized investigation.

The LBA acknowledges that all Lieutenants are obligated to cooperate in this type of interview pursuant to the General Rules and Regulations and failure to do so is grounds for disciplinary action against the Lieutenant. The LBA further acknowledges that a Lieutenant who is being interviewed as a witness and against whom there does not appear to exist at the time of the interview any basis for disciplinary action does not have a right to have his Association representative present during such interviews.

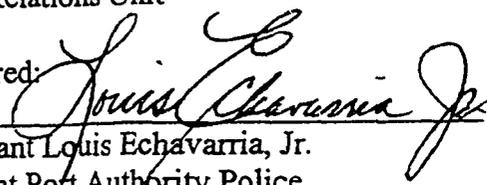

If, during the course of an interview with a Lieutenant who has been called as a witness, it appears that the matter under discussion may result in disciplinary action against the Lieutenant the interview shall cease and any further discussions shall be conducted subject to PDI 2-6 to include but not be limited to the reading of PDI 2-6 Rule 3 and the right to have an Association representative present before proceeding any further with the interview.

Sincerely,

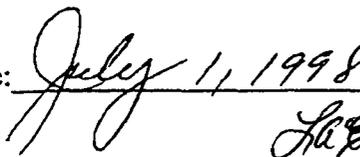

Joseph Morris

APPENDIX L

REPEATED AND EXCESSIVE ABSENCE DISCIPLINE

Effective with the execution of the Memorandum of Agreement the following shall be applicable to disciplining a Lieutenant for Repeated and Excessive Absence:

A. This Appendix provides a progressive discipline system for Repeated and Excessive Absence. In accordance with Paragraph B. 1. below, no Lieutenant shall be subject to entering the progressive disciplinary process under this Appendix until and unless he has at least two occasions of absence and at least eighteen regularly scheduled workdays absent in a consecutive period up to nine months. In addition to the automatic exemption of certain injuries incurred in the line of duty as set forth below, the Superintendent of Police can consider the totality of the circumstances involving any absence from duty and in his sole discretion may exclude such absence(s) from the disciplinary process. The Superintendent's decision as to whether an absence is or isn't to be excluded shall be without precedental value. Absences on account of pregnancy or on account of maternity leave shall not constitute absences for purposes of establishing "repeated and excessive absence" for disciplinary action.

A Lieutenant who enters the progressive disciplinary process is subject to successive stages of discipline which provide for successively greater maximum penalties.

A Lieutenant who enters the progressive disciplinary process is also able to retreat out of it. If a Lieutenant is at a particular stage in this disciplinary process and the next subsequent charge in the process is either not brought against him or, if brought, is not sustained, then a Lieutenant shall retreat to the immediately preceding stage in the process. In this way, a Lieutenant who had entered the process may, retreat through the stages and return to the status of a Lieutenant against whom no charge of Repeated and Excessive Absence has been sustained. Such a Lieutenant shall be subject to reentering the progressive disciplinary process only as provided in Paragraph B.1. below.

B. 1. A Lieutenant who has two or more occasions of absence and a total of eighteen or more regularly scheduled workdays absent in any consecutive period up to nine months shall be subject to being charged with Repeated and Excessive Absence - Stage I.

However, if a Lieutenant's absence record for the period which includes the period which would otherwise be covered by that Stage I charge and the nine month period immediately preceding the first day of absence in that period is four or more

occasions of absence and a total of twenty-five or more regularly scheduled work days absent, he shall be subject to being charged instead with Repeated and Excessive Absence – Stage II.

A Lieutenant who has a Stage I charge or, as provided above, a Stage II charge against him sustained shall have thereby entered or reentered, as the case may be, the progressive disciplinary process for Repeated and Excessive Absence.

2. If a Lieutenant against whom a Stage I charge has been sustained has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage I charge, a Lieutenant shall be subject to being charged with Repeated and Excessive Absence – Stage II.

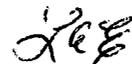

If no Stage II charge is brought against a Lieutenant with respect to absences within the nine month period, or any part thereof, immediately following the period covered by the sustained Stage I charge, or if no Stage II charge with respect to absences within the nine month period immediately following the period covered by a sustained Stage I charge is sustained, then a Lieutenant shall retreat to the status of a Lieutenant against whom no charge of Repeated and Excessive Absence has been sustained.

3. If a Lieutenant against whom a Stage II charge has been sustained has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage II charge, he shall be subject to being charged with Repeated and Excessive Absence – Stage III.

If no Stage III charge is brought against a Lieutenant with respect to absences which occurred within the nine month period, or any part thereof, immediately following the period covered by a sustained Stage II charge, or if no Stage III charge with respect to absences which occurred within the nine month period immediately following the period covered by a sustained Stage II charge is sustained, then for purposes of discipline for Repeated and Excessive Absence with respect to absences in the next subsequent nine month period, or any part thereof, a Lieutenant shall retreat to the status of a Lieutenant against whom a Stage I charge has been sustained.

4. If a Lieutenant against whom a Stage III charge has been sustained has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage III charge, he shall be subject to being charged with Repeated and Excessive Absence – Stage IV.

If no Stage IV charge is brought against a Lieutenant with respect to absences within the nine month period, or any part thereof, immediately following the period covered by a sustained Stage III charge, or if no Stage IV charge with respect to absences

within the nine month period immediately following the period covered by a sustained Stage III charge is sustained, then for purposes of discipline for Repeated and Excessive Absences with respect to absences in the next subsequent nine month period, or any part thereof, a Lieutenant shall retreat to the status of a Lieutenant against whom a Stage II charge has been sustained.

5. If a Lieutenant against whom a Stage IV charge has been sustained is assessed a penalty from among temporary reduction in pay, compulsory leave of absence without pay, reduction in seniority or forfeiture of vacation rather than either dismissal from employment or transfer to a grade or title having a different type of duties or responsibilities, then if a Lieutenant has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage IV charge, he shall be subject to being charged with Repeated and Excessive Absence – Stage IV.

If no Stage IV charge is brought against a Lieutenant with respect to absences which occurred within the nine month period, of any part thereof, immediately following the period covered by a sustained Stage IV charge, or if no Stage IV charge with respect to absences which occurred within the nine month period immediately following the period covered by a sustained Stage IV charge is sustained, then for purposes of discipline for Repeated and Excessive Absence with respect to the next subsequent nine month period, or any part thereof, a Lieutenant shall retreat to the status of a Lieutenant against whom a Stage III charge has been sustained.

C. APPLICABLE DISCIPLINARY HEARINGS AND PENALTIES

Hearings of a disciplinary charge of Repeated and Excessive Absence – Stage I, Stage II or Stage III shall be in accordance with Appendix “G” and Section XXVII of the Memorandum of Agreement.

The range of penalties for these Stages shall be:

- Stage I – up to a maximum penalty of one day compulsory leave without pay
- Stage II – up to a maximum penalty of six days compulsory leave without pay
- Stage III – up to a maximum penalty of ten days compulsory leave without pay

Hearings of and penalties for a disciplinary charge of Repeated and Excessive Absence – Stage IV shall be in accordance with Appendix “G” and Section XXVII of the Memorandum of Agreement.

In addition to the automatic exemption of certain injuries incurred in the line of duty as set forth below, the Arbitrator may consider the totality of the circumstances

surrounding the absences not automatically exempt in determining whether discipline is warranted and the penalty is appropriate.

D. ABSENCE

As used herein the term "absence" shall include all sick absences and absences due to injuries incurred in the line of duty, except for the following injuries incurred in the line of duty.

Those injuries incurred in the line of duty which directly result from:

- i. Actions of a Lieutenant which arise out of, are directly related to and are in furtherance of the lawful exercise of police functions, or
- ii. Criminal assault on a Lieutenant while on duty whether engaged in police action or not, or
- iii. Crash, fire, rescue or other similar public safety operations, and which result in serious personal injury to a Lieutenant shall be automatically exempt from absences which may be considered for Repeated and Excessive Absence discipline.

The Superintendent of Police shall make the initial determination as to whether an absence shall be classified as "exempt" in accordance with the aforesaid. The Superintendent's determination as to whether an absence shall be classified as "exempt" may be used as precedent in subsequent proceedings under this Appendix.

The term "absence" shall not include such infractions as tardiness, being off post, A.W.O.L. and the like, and such infractions must be separately charged and specified.

"OCCASION OF ABSENCE"

To be counted, as an occasion of absence in a charge of Repeated and Excessive Absence, the occasion of absence must commence in the period covered by the charge, which period, except as provided under Paragraph B.1. above, may be any consecutive period up to, but not more than, nine months in duration.

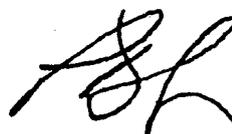

If an occasion of absence commences but does not end in the period covered by a charge of Repeated and Excessive Absence, then the regularly scheduled work days absent attributable to that occasion of absence which are in the period covered by the charge may be used to calculate the total of days absent in the period covered by the charge and those regularly scheduled work days absent during that occasion of absence which are not in the period covered by the charge may be used to calculate the total of days absent in the immediately following period.

- E. The provisions of this document shall be applicable only to events which occur after the date of execution of the Memorandum of Agreement, and no event or

absence which occurred prior to the date of execution of the Memorandum of Agreement shall be included in any area of discipline to determine if a Lieutenant is guilty of Repeated and Excessive Absence under this Appendix.

- F. The Port Authority shall have the right to discipline a Lieutenant for Repeated and Excessive Absence irrespective of the standards contained in Paragraph 1 of Section II of Appendix "F", annexed to the Memorandum of Agreement.
- G. No Lieutenant shall be charged with a violation of Rule 5, Paragraph 5 of "General Rules and Regulations for all Port Authority Employees" with respect to sick absences and absences due to injury incurred in the line of duty which occurs after the execution of the Memorandum of Agreement but any such charge for absences occurring after the execution of the Memorandum of Agreement shall be expressed as a violation of Repeated and Excessive Absence as indicated above.
- H. The right of the Association to utilize the grievance-arbitration procedure contained in this Memorandum of Agreement shall not be diminished in any way and shall be applicable to all matters included herein.

APPENDIX M

DRUG TESTING
POLICY AND PROCEDURES

PREAMBLE

The mutual intention of the signatories to this policy is to insure that any individual subject to this Agreement who is engaged in the illegal or unauthorized use of drugs (as defined herein) shall be separated from employment with the Port Authority pursuant to the following:

POLICY

In order to investigate and detect the use of illegal drugs and the unauthorized use of: marijuana, opiates, amphetamines, cocaine and phencyclidine or their metabolites by member(s) of the Port Authority Public Safety Department (member(s)), the following procedures will become effective upon the execution of the 1991-2003 Memorandum of Agreement.

I. CONFIDENTIALITY

The results obtained from any administration of a reasonable suspicion or random drug test shall be strictly confidential. The results obtained from any such drug test shall be limited to internal administrative purposes only and shall not be divulged by the Port Authority to any person not requiring knowledge thereof, nor shall they be used by the Port Authority in connection with any criminal investigation or prosecution, nor shall the Port Authority release the results of any drug test to anyone, including another Law Enforcement Agency for use in connection with any criminal investigation or prosecution, except where such release is compelled by subpoena or court order or otherwise required by law.

II. SCREENING

The administration of screening tests to detect the presence of the following drugs: marijuana, opiates, amphetamines, cocaine and phencyclidine or their metabolites in members of the Department will be performed in the following instances:

1. Upon reasonable suspicion that a member is under the influence or is engaged in the illegal or unauthorized use of the above drugs;
2. On a random basis, without advance notice; and
3. Pursuant to the Rehabilitation Opportunity Agreement For Positive Test Results (Appendix 2) and The Rehabilitation Opportunity Agreement For Self-Identification Situations (Appendix 3).

III. TESTING BASED UPON REASONABLE SUSPICION

A. A member may be required to undergo drug testing based on "reasonable suspicion" when facts and observations are brought to the attention of a superior officer and, based upon the reliability and weight of such information, the superior officer can reasonably suspect that the member is engaged in the illegal or unauthorized use of the above drugs. Reasonable suspicion must be supported by specific, articulable facts which may include, but are not limited to: reports and observations of the member's drug related activities such as purchase, sale or possession of drugs; associations with known drug dealers or users; observations of the member at known drug or drug related locations; an otherwise unexplained change in a member's behavior or work performance; an observed impairment of the member's ability to perform his or her duties. An accident, by itself, will not automatically require a member to submit to a reasonable suspicion drug test.

B. A superior officer shall report the basis for his reasonable suspicion to the Superintendent of Police or a designee. The Superintendent or a designee shall decide whether to direct the member to drug testing. Prior to so deciding, the Superintendent or a designee may meet with the member. If such a meeting is held, a representative from among those designated by the Association shall have a right to be present, except that the meeting shall not be delayed for more than two (2) hours for the purpose of having a designated Association representative present.

C. If the member is ordered to submit to a drug test, the member shall be given a brief verbal statement of the basis for the reasonable suspicion. A verbal directive to submit to a drug test shall be confirmed in writing, as shall the facts constituting the basis for the reasonable suspicion, but the testing shall not be delayed pending issuance of such written directive and statement of facts.

IV. RANDOM DRUG TESTING

The Superintendent of Police or a designee shall be responsible for the scheduling and administration of random drug tests.

A. Selection of members to be tested on a random basis shall be made from a database consisting of all members covered by the memorandum of agreement. This procedure will be performed by the Superintendent or a designee and may be witnessed by the Association President or a designee, except that the selection shall not be delayed later than 8:00 a.m. on the day that random selection shall occur for the purpose of having the Association President or a designee present. The Association President or a designee shall be notified no later than 4:00 p.m. on the day prior to the date on which a random selection is to occur. Such notice may be by fax to the Association office.

B. On the day which members are to be randomly tested a random list of names and member numbers will be generated until a sufficient number of members are available to meet the quota established by the Superintendent of Police. Members on the generated list who are scheduled to be on vacation or a regular day off will not be included in the list. Port Authority

management and the Association's representative, if present, will sign the generated list. The random selection of a member will not result in that member's name being removed from any future selection process.

C. Member Notification Form - Members selected for random drug testing pursuant to this Procedure will receive the Member Notification Form (Appendix 1).

A member selected for testing must remain at the collection site until the test has been completed and the completion of a test will occur no later than two hours after the conclusion of the member's tour. Any member selected for testing and reporting absent due to sickness, IOD, or personal leave on the test date, must provide a urine specimen the next time specimen collection takes place at his facility while the member is on duty there. This collection will be random in that the member's name was selected at random for a previous test and the date of the next collection is also random.

For the purpose of determining who is scheduled to work on the day random testing is to be done the following tours shall be the tours to be tested: The day and afternoon tours of the date that the names are randomly selected and the night tour of the day immediately following the date that the names are randomly selected.

V. EXEMPTIONS FROM DRUG TESTING

The member must report to the scheduled submission site within the time designated by the Port Authority's management or the member's supervisor unless they are absent due to: an excused absence or personal leave as defined in Appendix H of the parties' Memorandum of Agreement, an assignment or excusal authorized by the Superintendent of Police or a designee, military leave, sickness or injury incurred in the line of duty, compensatory time, vacation, holidays, or an assignment out of the Port District which has been scheduled before the member has been notified to report for drug testing. The parties agree that members who are exempt pursuant to this Article will not be charged with a Refusal to Cooperate as defined in Article VII, Paragraph A, of this Drug Testing Policy and Procedure and not subject to the DISCIPLINARY ARBITRATION PROCEDURES FOR A VIOLATION OF THE DRUG TESTING POLICY AND PROCEDURES as set forth herein as Article XII. Any claim that a member was not properly exempt under this Article must be charged by the Port Authority pursuant to the disciplinary provisions of the Memorandum of Agreement.

VI. TESTING PROCEDURES AND RESULTS OF DRUG TESTS

A. The parties will be bound by 49 CFR Part 40, subpart A-General with respect to drugs only, and subpart B - Drug Testing, for all drug testing conducted pursuant to this 1991-2003 Memorandum of Agreement. The parties further agree to the following:

B. Testing Procedures

1. Collection Procedures

- a. The procedures for collection of urine shall be in accordance with 49CFR Part 40, Urine Specimen Collection Procedures Guidelines.
- b. Each member tested shall only be tested for the following drugs or their metabolites: marijuana, cocaine, opiates, amphetamines and phencyclidine.
- c. The following initial cutoff levels shall be used when screening specimens to determine whether they are negative for these five drugs or classes of drugs:

	Initial test cutoff levels (ng/ml)
Marijuana metabolite	50
Cocaine metabolites	300
Opiate metabolites	* 300
Phencyclidine	25
Amphetamines	1,000

* -25 ng/ml if immunoassay specific for free morphine.

- d. All specimens identified as positive on the initial test shall be confirmed using gas chromatography/mass spectrometry (GC/MS) at the cutoff levels listed below for each drug.

	Confirmatory test cutoff levels (ng/ml)
Marijuana metabolite \1\	15
Cocaine metabolite \2\	150
Opiates:	
Morphine	300
Codeine	300
Phencyclidine	25
Amphetamines:	
Amphetamine	500
Methamphetamine\3\	500

\\1\ Delta-9-tetrahydrocannabinol-9-carboxylic acid.

\\2\ Benzoylecgonine.

\\3\ Specimen must also contain amphetamine at a concentration greater than or equal to 200 ng/ml.

- e. These cutoff levels are subject to change by the Department of Health and Human Services ("DHHS") as advances in technology or other considerations warrant identification of these substances at other concentrations. The Port Authority will notify the Association by registered mail, return receipt requested or overnight delivery mail service with written proof of service of any changes in the cutoff levels made by the DHHS. The Association may also notify the Port Authority's Office of Medical Services by registered mail, return receipt requested, or overnight delivery mail service with written proof of services of any changes in the cutoff levels made by the DHHS. Any such changes will become effective upon the date prescribed by the DHHS provided the Port Authority has given the Association notice or vice versa of such changes. No change will become effective unless the Port Authority has given the Association notice of such change or vice versa.
2. Each member being tested on the basis of reasonable suspicion shall be accompanied by a representative of the Association, except that the testing process will not be delayed for more than two (2) hours for the purpose of having an Association representative present. The Association representative may confer with and advise the member before and after the testing process, but shall not participate in the process in any way. The Association will provide the Department with a list of no fewer than five (5) representatives to be available for this purpose. If on duty, said representative shall be excused from duty with full pay and benefits to accompany a member.
3. During the testing process the member shall cooperate with requests for information concerning his use of medications, and with all other requirements of the testing process such as acknowledgment of giving of a urine specimen.
4. The parties agree to the "split sample" method of collection as outlined in 40 CFR §40.25. When directed in writing by the MRO to forward the split specimen to another DHHS-certified laboratory selected by the Port Authority for analysis, the second laboratory shall analyze the split specimen by GC/MS to reconfirm the presence of the drug(s) or drug metabolite (s) found in the primary specimen. Such GC/MS confirmation shall be conducted pursuant to 49 CFR §40.29(b)(3).

5. The Port Authority shall pay all costs and fees with respect to the testing procedures set forth in Article VI.
6. All future amendments, additions, deletions and revisions concerning drug testing that are approved and issued by the Department of Transportation ("DOT") or DHHS will be adopted by the parties. The Port Authority will notify the Association by registered mail, return receipt requested, or overnight delivery mail service with written proof of service of any amendments or modifications to 49 CFR Part 40. The Association may also notify the Port Authority's Office of Medical Services by registered mail, return receipt requested, or overnight delivery mail service with written proof of service of any amendments or modifications to 49 CFR Part 40. The parties further agree that any such amendments or modifications to 49 CFR Part 40 will become effective upon the date prescribed by the DOT/DHHS provided the Port Authority has given the Association notice or vice versa of such amendments or modification. No amendment or modification will become effective unless the Port Authority has given the Association notice of such change or vice versa.

C. Results of Drug Tests

1. The MRO, as defined in 49 CFR Part 40, will receive all test results.
2. The MRO will notify each member who tests negative of such result by registered mail, return receipt requested and regular mail within five business days of the date the MRO receives the results from the laboratory, to the address indicated in Port Authority records. All test results will be retained by the MRO in a locked separate file in the Office of Medical Services.
3. Whenever a drug test is canceled for any reason pursuant to this Drug Testing Policy and Procedures or 49 CFR Part 40, any prior positive readings will be nullified and any suspension imposed will be rescinded with the tested individual receiving full pay for the period of the suspension.
4. Upon receipt of a positive test result, the MRO will notify the Superintendent or a designee who will immediately schedule the member who tested positive to report to the MRO in the Office of Medical Services, on that member's next scheduled workday that the Office of Medical Services is open for a complete review of the test results.
5. The member must meet privately with the MRO to discuss any legitimate explanation for the positive test result including the use of prescription and over-the-counter medications. The MRO will give the member a copy of the positive test result report at that time. The member must fully cooperate with the MRO during this interview. If the MRO determines that there is a

legitimate medical explanation for the confirmed positive test result, the MRO will report the test result to the Superintendent or a designee representative as verified negative. If the MRO determines that there is no legitimate explanation for the confirmed positive test result, the result will be verified positive by the MRO and communicated to the member during the meeting. If the MRO verifies the positive test result, the MRO will notify the tested member by registered mail, return receipt requested and regular mail within five business days. The MRO will notify the member at the meeting that he/she may request a test of the "split specimen" and will explain the procedures for requesting a split specimen test and how this test is conducted. The MRO also will notify the Superintendent or a designee of the result who will then notify the tested member's supervisor. Such member will be subject to the discipline in accordance with Article XII herein.

6. If a member provides a written request to the MRO within 72 hours of being notified by the MRO of a verified positive test result for an analysis of the split specimen, the MRO will request that the split specimen be analyzed pursuant to 49 CFR Part 40. If the analysis of the split specimen fails to reconfirm the presence of the drug(s) found in the primary specimen, then the MRO will report the test as verified negative to the Superintendent or a designee and the tested individual by registered mail, return receipt requested, and regular mail within five business days. If the split specimen is unavailable, inadequate for testing or untestable, the MRO shall cancel the test and report the cancellation and the reasons for it to the Superintendent or a designee and the tested individual by registered mail, return receipt requested, and regular mail within five business days. However, if the split specimen reconfirms the presence of the drug(s) or drug metabolite(s), the MRO will notify the Superintendent or a designee and the tested member of the test results by registered mail, return receipt requested, and regular mail within five business days.

VII. REFUSALS TO COOPERATE AND POSITIVE TEST RESULTS

A. Refusal To Cooperate

With the exception of members exempted from this Drug Testing Policy and Procedures as defined in Article V, Exemptions From Drug Testing, the refusal by a member to cooperate with any requirement of this procedure including, but not limited to, refusal to complete the Member Notification Form (Appendix 1) and the Drug Testing Custody and Control Form and the Split Specimen Request Form (Appendix 10), failure to provide urine or an adequate amount of urine if a licensed physician who is acceptable to the Port Authority determines in his or her reasonable medical judgment that a medical condition did not or with a high degree of probability, could not have precluded the employee from providing an adequate amount of urine, engaging in conduct that clearly obstructs the testing process, including but not limited to, the adulteration or substitution of a urine specimen or attempts to substitute or adulterate a specimen; failure to report

as directed by management or the member's supervisor directly to the collection site, or to delay the collection, testing or verification process, refusal to comply with other provisions of this procedure, refusal to accept a restricted assignment while the member is participating in a counseling, treatment or rehabilitation program, or refusal to comply with terms of the Rehabilitation Opportunity Agreement For Positive Test Results (Appendix 2), or the Rehabilitation Opportunity Agreement For Self-Identification Situations (Appendix 3), shall constitute a refusal to cooperate. If a member cannot provide urine or an adequate amount of urine, and that inability was not due to a medical condition in the opinion of the licensed physician referenced herein, the member will be granted the opportunity to sign the Failure to Cooperate: Failure to Provide Specimen Waiver Agreement (Appendix 9). If the member signs this form, he or she will not be charged with refusal to cooperate and must abide by the terms of the Waiver Agreement contained therein. The only penalty for member's refusal to cooperate is termination, if the charge is sustained in a disciplinary action set forth in Article XII herein.

B. Positive Test Results

Any member who is required to submit to a reasonable suspicion drug test pursuant to this policy, will be administratively suspended from duty until the Port Authority receives the verified test results and, if requested, the split specimen test result. If the test result or split specimen test result is negative or canceled, the member will be reinstated and will receive full pay for the period of the suspension. If the test result or split specimen result is positive, the member will be suspended without pay. Termination is the only penalty for a member who receives a verified positive drug test, if the charge is sustained in a disciplinary action as set forth in Article XII herein. If the charge against a member who was verified positive by the MRO in accordance with this Drug Testing Policy and Procedures or 49 CFR Part 40 is not sustained the member will be reinstated without back pay and must sign a Rehabilitation Opportunity Agreement For Positive Test Results (Appendix 2). Refusal to execute or fully comply with the terms of the Agreement shall constitute refusal to cooperate and subject the member to termination. No disciplinary action will be taken against a member on the basis of any positive test that does not meet the cutoff levels provided in 49 CFR Part 40, Subpart B§40.29. The confirmation test of the split specimen shall be pursuant to 49 CFR §40.29.(b)(3).

VIII. DATA RETENTION AND PRODUCTION

A. Records Management and Production

The following records will be maintained in a secured location at Police Headquarters.

1. A copy of standard operating procedures for the Random Drug Testing Program.
2.
 - a. Program Disks
 - b. Data Base File Disks
 - c. Original computer generated random selection lists by sequential run numbers.

3. Copy #7 of the Chain of Custody Form for each specimen taken.
4. Copies of the original Member Notification Forms.
5. Copies of any and all documents concerning the directive to submit to a reasonable suspicion drug test and the facts constituting the basis for the reasonable suspicion determination.
6. A litigation package, which is to be provided and retained by the DHHS certified Laboratory who performed the analysis of the member's drug test. The documents currently comprising this litigation package are attached to correspondence dated April 4, 2005. In the event there is a change in what the laboratory makes available to the Port Authority, the document provided for in the correspondence dated April 4, 2005 shall be modified accordingly.
7. Any disclosed information related to a positive drug test of an individual pursuant to 49 CFR Part 40.

The parties agree that no other records shall be provided by the Port Authority. Additionally, the arbitrator has no authority to require the Port Authority to produce any other records, other than what is specifically noted in this Article, including those documents reproduced in Appendix 4.

B. Employee Access to Records and Information

Members subject to disciplinary action under this Agreement will have a right to seek information as permitted by 49 CFR Part 40, beyond that granted by Article VIII, Paragraph A of this Agreement. The arbitrator shall permit a reasonable adjournment pending pursuit of such information. Notwithstanding the foregoing, the failure of the Port Authority's laboratory or other Port Authority agents to provide documents beyond those documents listed in Article VIII, Paragraph A, shall not be considered by the arbitrator in rendering his or her decision on the merits of the case.

C. The release of the above records by the Port Authority, or any of its agents, to the specific member may be used only by such member, his or her collective bargaining representative or counsel, in direct connection with disciplinary proceedings concerning the specific member's drug test result. The parties agree that such records may not be used in connection with another member's disciplinary proceedings. Further, the parties agree that such documents are confidential and may not be released or discussed except in connection with the disciplinary proceeding or other proceedings initiated by or on behalf of the specific member.

D. Urine Specimens

Positive urine specimens will be retained by the Port Authority's DHHS certified laboratory according to 49 CFR Part 40 for one year. If requested by the member or by the Port Authority, arrangements will be made with the laboratory for a longer retention period. Negative samples will be discarded by the DHHS laboratories.

IX. OPPORTUNITY FOR REHABILITATION

If a member voluntarily has self-identified as having a drug problem to the Superintendent or a designee and requests assistance for such a problem before being selected for a drug test required by this policy, the Port Authority will refer such member to Port Authority's substance abuse professional ("SAP") who shall determine what assistance the member needs in resolving problems associated with controlled substance use. After the evaluation, the SAP will refer the member for appropriate counseling, treatment or rehabilitation.

Such member shall be referred to participate in a counseling, treatment, or rehabilitation program pursuant to the provisions of the Rehabilitation Opportunity Agreement For Self-Identification Situations (Appendix 3). The member must execute the Rehabilitation Opportunity Agreement prior to entering the program. Refusal to execute or fully comply with the terms of the Agreement shall constitute refusal to cooperate and subject the member to termination as stated in Article VII above.

The member shall use sick leave and, if such is exhausted, or if the member chooses, vacation, personal leave and banked compensatory time for the period of absence for the purpose of obtaining treatment. All treatment will be at the sole expense of the member, to the extent not covered by the member's health benefits plan.

The member will be required to satisfactorily complete any counseling, treatment or rehabilitation program before being eligible to return to duty. Upon return to duty, such member will be required to submit to a drug test and must receive a verified negative result. Such member also will be required to submit to follow-up drug tests. The number and frequency of such follow-up testing shall be directed by the SAP and will consist of no more than six tests in the 12 months following the member's return to duty. Thereafter, additional tests will be at the discretion, of the substance abuse professional for the next 48 months. Such follow-up testing will be required in addition to all other tests required by this policy. If the SAP determines that a member who is participating in a counseling, treatment or rehabilitation program is able to perform a restricted assignment while in such program, the Superintendent or a designee will, in his sole discretion, determine whether any restricted assignments are available, and, if so, will in his sole discretion assign such member to the available assignment. Further, the member must accept any restricted assignment. The failure of the member to accept such assignment will constitute a refusal to cooperate as defined herein and will result in the member's termination, if the charge is sustained in the disciplinary proceedings set forth in Article XII herein.

X. UNANNOUNCED TESTING FOR MEMBERS ASSIGNED TO CERTAIN IDENTIFIED POSITIONS

Members assigned to Narcotics Detectives, K-9, and plainclothes narcotics related assignments, will undergo unannounced drug testing at least once per year. This testing does not preclude members of the aforementioned units from being randomly tested at any time during the year. A member's name will not be removed from the random computer database after being chosen for unannounced testing. However, if an officer is selected for random testing before

he/she is selected for unannounced testing, his/her name will be removed from the unannounced list and his/her requirement for annual unannounced testing will be deemed fulfilled.

XI MISCELLANEOUS

- a. The parties agree on the modifications to the list of approved rehabilitation facilities attached as Appendix 5.
- b. Members who come into contact with suspected drugs covered by this Agreement while acting within the scope of their employment will fill out a DRUG EXPOSURE FORM annexed hereto as Appendix 7. The form shall be dated, numbered and entered into the member's facility police blotter, and must be forwarded to the Superintendent or a designee along with a handwritten report from the member detailing the events of the contact or all other appropriate police reports. The Superintendent or a designee may order the member to be tested for the presence of drugs as set forth in Article II. If in the screening of this test as set forth in Article II, there is a confirmed positive test, the MRO will request from the Superintendent or a designee a copy of the aforementioned forms and will review it in accordance with 49 CFR Part 40 and applicable DOT/DHHS guidelines prior to verification. If the MRO determines that the positive result is due to the contact described in the form, the test shall be verified as negative. (If the MRO determines that the positive result is not due to the contact described in the form, the test will be verified positive and the member will be subject to the discipline set forth in Article VII herein, unless the MRO determines that there is a legitimate medical explanation for the positive test result.)
- c. A copy of all contracts pertaining to all collection of urine specimens and laboratory services involved in this procedure shall be provided to the Association within thirty (30) days after the Port Authority's execution of any contract(s) with the collection agencies and laboratories.

XII. DISCIPLINARY ARBITRATION PROCEDURES FOR A CHARGE OF VIOLATION OF THE DRUG TESTING POLICY AND PROCEDURES

With the exception of a charge by the Port Authority that a member improperly claimed an exemption from testing pursuant to Article V, Exemptions From Drug Testing. of this Drug Testing Policy and Procedures which must be brought as a disciplinary action pursuant to the disciplinary provisions of the Memorandum of Agreement, the disciplinary procedures as set forth in this Article are the only procedures for a charge of a violation of the provisions of this Drug Testing Policy and Procedures. Except as otherwise provided in Section XII (A)(1.), the parties agree that the P.A.I. 20-1.10 or the grievance/arbitration provisions contained in the parties' Memorandum of Agreement does not apply to violations of the Drug Testing Policy and Procedures. Any member who has been charged with violating this policy, shall be placed on full suspension (no pay) until a final decision has been rendered by an arbitrator pursuant to the

procedures set forth below. The decision of the arbitrator shall be final and binding on the parties.

A. The Disciplinary Hearing

A disciplinary hearing shall commence within 30 days of the Port Authority's filing of charges of: 1) a refusal to cooperate; or 2) a verified positive drug test result.

1. The charges shall be referred to an arbitrator selected pursuant to the procedures set forth in Paragraph C of Appendix "G" - "Grievance-Arbitration/Disciplinary Procedure".
2. Notice of Charges and Specifications for Violation of the Port Authority Public Safety Department's Drug Testing Policy and Procedures as set forth in this Appendix 8 shall be required in lieu of formal Charges and Specifications as set forth in PAI 20-1.10.
3. Upon a charge that a member has violated any provision of this Drug Testing Policy and Procedures, a Notice of Charges and Specifications for Violation of the Port Authority Public Safety Department's Drug Policy and Procedures (Appendix 8) must be transmitted to the office of the Association, addressed to the president of the Association, by registered mail, return receipt requested, and the date of the registration shall constitute the date of filing.
4. In order to insure expeditious proceeding the parties agree that the arbitrator shall have both the right and obligation to schedule subsequent hearing dates in order to complete the hearing expeditiously. The arbitrator shall have the right to schedule hearings after 5:00 pm on weekdays and on weekends.
5. Nothing in this section should be construed to limit the arbitrator's right to delay a hearing pending the production of information he or she deems relevant to the proceeding.
6. All proceedings shall be transcribed by a certified court reporter.
7. The proceedings shall take place at a location designated alternatively by the Port Authority and by the Association.
8. The arbitrator shall render his report within 30 days of the closing of the record.

B. Issues To Be Decided By The Arbitrator

The following issues related to the specific member subject to discipline/discharge pursuant to this procedure are the only issues to be decided by the arbitrator:

1. The absence of a fatal flaw in the drug testing procedures which resulted in a positive drug test result. Fatal Flaw is defined in Appendix 6.
2. The member's refusal to cooperate as defined in Article VII, Paragraph A, herein.
3. Whether the Port Authority or its agents committed any serious and material violations during the course of the drug testing process with respect to:
 - a. the requirements of this Drug Testing Policy and Procedures;
 - b. the compliance of the MRO with the requirements set forth in 49 CFR Part 40; or
 - c. the compliance of the collection service with the requirements set forth in 49 CFR Part 40, Urine Specimen Collection Guidelines.
4. Whether the Port Authority had reasonable suspicion as defined in Article III, Paragraph A, of the Drug Testing Policy and Procedures to require a member to submit to a reasonable suspicion drug test.

C. Scope Of Arbitrator's Review

1. No Mitigating Circumstances

The arbitrator may not consider any mitigating circumstances, such as but not limited to, the member's length of service, work including disciplinary record, in determining whether a member should be disciplined for violating the Drug Testing Policy and Procedures.

2. Reinstatement Without Back Pay

Except as set forth in paragraph 3 below, the arbitrator will not award full pay for the period of the member's suspension upon a finding that the Port Authority improperly charged that member in the following circumstances:

- a. If the charge against the member who was verified positive by the MRO in accordance with this Drug Testing Policy and Procedures and 49 CFR Part 40 is not sustained the member will be reinstated without back pay and must sign the Rehabilitation Opportunity

Agreement For Positive Test Results (Appendix 2), prior to reinstatement. If a member receives a second positive test result during the period covered by the Rehabilitation Opportunity Agreement for any drug test, the member will be terminated, if the charge is sustained in a disciplinary action set forth in Article XII.

- b. If the charge against the member is not sustained because that member could not provide urine or an adequate amount of urine, and that inability was not due to a medical condition in the opinion of a licensed physician referenced herein, pursuant to Appendix M VII, Paragraph A, and the member refused to sign the Failure to Cooperate: Failure to Provide Specimen Waiver Agreement attached hereto as Appendix 9.
- c. If the charge against the member is not sustained because there was no reasonable suspicion as defined in Article III, Paragraph A, of the Drug Testing Policy and Procedures so as to require the member to submit to a reasonable suspicion drug test.

3. Reinstatement With Back Pay

If a member is reinstated because the charges against him/her are not sustained due to:

- a. The arbitrator's finding that the Port Authority or its agents committed serious and material violations during the course of the drug testing process, as listed in Article XII Paragraph B and the member was not properly verified positive by the MRO pursuant to this Drug Testing Policy and Procedures or 49 CFR Part 40; or
- b. The arbitrator's finding that the Port Authority improperly charged a member with Refusal to Cooperate pursuant to this Drug Testing Policy and Procedures and that the member was not verified positive pursuant to this Drug Testing Policy and Procedures or 49 CFR Part 40; or
- c. The arbitrator's finding that there was a Fatal Flaw as defined in Appendix 6 herein;

then the arbitrator must award full pay for the period of the member's suspension.

APPENDIX 6
FATAL FLAWS

A. Definitions

Any of the following errors or omissions are considered "fatal flaws" and should result in a specimen being rejected for testing by the laboratory:

1. Pre-printed specimen I.D. number on the chain of custody form does not match I.D. number on the bottles.
2. No specimen I.D. number on the bottles.
3. Insufficient quantity of urine for the laboratory to complete testing.
4. Specimen bottle(s) seal is broken or shows evidence of tampering.
5. Specimen is obviously adulterated (i.e. color, foreign objects, unusual odor) and the collector did not collect a second specimen under direct observation.

The following errors or omissions are also considered "fatal flaws" unless they are corrected by signed documentation:

- (a) No collector's signature on collector certification statement.
- (b) Incomplete chain of custody block (minimum of 2 signed entries by collector, both dated, and shipping/storage entry). There is no requirement to have the courier sign the chain of custody form.
- (c) Donor Social Security Number or I.D. number is omitted on the custody and control form, unless "refusal of donor to provide" is stated in the remarks section.

Additionally, specimen test results reviewed by the Medical Review Officer should be canceled (by the MRO) when the following procedural errors occur (unless corrections are made):

- (a) Donor certification statement is not signed and there is no indication in the remarks section of the donor's refusal to sign.
- (b) The certifying scientist's signature is omitted on positive results from the laboratory.

B. "Fatal Flaw" Corrective Action

All DHHS certified laboratories retained by the Port Authority will retain specimens for a minimum of five working days to allow the collector or the Port Authority to provide the laboratory with signed statements explaining or correcting procedural errors or omissions. If the employer or collector provides corrective actions (signed statements) which supply the needed information, the laboratory may proceed with the analysis of the specimen. If the corrective action is not accomplished within five days, the collection process may not be corrected and the laboratory will not test the specimen. Similarly, the MRO may elect to seek corrective actions (signed statements) to supply omitted donor or certifying scientists' signatures.

When a specimen is not tested by the laboratory for reasons outlined above, or the test result is considered invalid by the MRO for reasons outlined above, the test should be canceled and reported as such to the Port Authority and the tested individual. Return-to-duty fatally flawed collections, will be re-collected at the direction of the MRO because the donor still needs to provide a negative test result.

LEAVE OF ABSENCE

I. Introduction

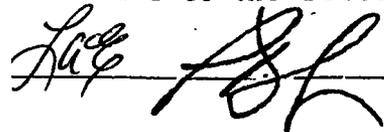

This instruction describes the policies and procedures governing ordinary and compassionate leaves of absence. Not covered by this PAI are other authorized periods of time away from work such as Military Leave (PAI 20-3.10), Sick Leave (PAI 20-3.03), Maternity Leave (PAI 20-3.12) and Excused Absences (PAI 20-3.05).

II. Types of Leave of Absence

- A. Long Term Ordinary Leave: An authorized period of time away from work, without pay, for more than 14 consecutive calendar days, and for up to one year, granted only when such leave is clearly desirable in light of the employee's need and the best interests of the Port Authority. Permanent employees who have completed their probationary period and have maintained a satisfactory job performance record are eligible for long term ordinary leave. Long term ordinary leave may be granted to probationary employees only in the most exceptional circumstances. Long term leaves of absence must be recommended by the employee's Department Director and approved by the Personnel Director.

Employees returning from long term leave of absence may be reinstated to their former position classification or to another classification of similar pay and status. Such reinstatement, however, is not guaranteed and is subject to job availability. Employees who do not request reinstatement prior to the expiration date of their leave will be considered as having voluntarily resigned as of that date.

- B. Short Term Ordinary Leave: An authorized period of time away from work, without pay, up to and including 14 consecutive calendar days. Department Directors or their designees may, at their discretion, grant an unpaid leave of absence, not exceeding 14 consecutive calendar days, to permanent employees, including those serving their probationary period.
- C. Compassionate Leave: A period of time away from work, without pay, granted to employees in TWU classes only, at the discretion of Port Authority management for a total of three days (which need not be consecutive) in a calendar year, when an employee must attend the funeral of a relative or the serious

illness of a member of the employee's immediate family (spouse, child, parent, brother, sister, spouse's parent, other person living in the employee's home). When such time off is not covered by PAI 20-3.05, Excused Absence, compassionate leave will be granted by a unit head on request of the employee and is applicable to permanent employees, including those serving their probationary period.

III. Operating Rules and Procedures

Exhibit A, attached, contains the detailed operating rules and procedures relating to administration of leaves of absence.

Exhibit A

LEAVE OF ABSENCE
OPERATING RULES AND PROCEDURES

1. Initiation of Long Term Ordinary Leave

The employee submits a written request for long term ordinary leave of absence to his or her unit supervisor. The request should be addressed to the employee's Department Director and should include the estimated period of time desired, approximate starting and ending dates, and the reason(s) why the leave is necessary. If approval is recommended, the Department Director prepares the Employee Record, Form PA 87, and a memorandum addressed to the Personnel Director explaining why the leave is in the best interests of the Port Authority and describing the employee's work performance and attendance record. In cases where the Department Director recommends disapproval, the reason for disapproval should be stated along with this recommendation.

2. Initiation of Short Term Leave of Absence

The employee submits a written request for short term leave of absence to his or her unit supervisor. The request, which should be addressed to the employee's Department Director, should include a statement as to the reason for the leave, the desired number of days and the starting and ending dates. The employee's Department Director approves or disapproves the request and returns it to the employee. A copy of the approved request must also be forwarded to the Personnel Director.

3. Request for Extension of Short and Long Term Ordinary Leave of Absence

Requests for extensions of both short and long term leaves of absence, regardless of the duration of the requested extension, must be made in writing and include the reason for the request. Such requests should be sent to the Personnel Director as early as possible prior to the expiration date of the leave. The Personnel Department then consults with the employee's Department Director concerning the request and notifies the employee whether or not the extension is granted.

 

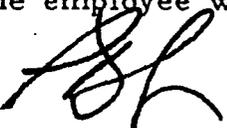

EXHIBIT A

4. Return from Long Term Ordinary Leave of Absence

An employee on long term ordinary leave of absence must make written application for reinstatement to the Personnel Director, prior to the expiration date of the leave. Such reinstatement, however, is not guaranteed and is subject to job availability. Employees who do not request reinstatement prior to the expiration date of their leave will be considered as having voluntarily resigned as of that date. The Personnel Department will prepare the terminating Payroll Notice, form PA 87, and will notify the employee's former unit head accordingly.

- a. An employee returning from a long term ordinary leave of absence of 15 days or more does not receive P.A. service credit for the period of absence. These employees will receive a reconstructed P.A. service date, seniority in title date, seniority in grade date, and ingrade increase date.
- b. Upon reinstatement, the salary of employees returning from long term leave will be individually determined, but in no case will exceed the maximum of the position assumed.
- c. A medical examination may be required for any employee returning from a long term leave of absence.

5. Personnel Department and Payroll Section Notification

- a. An Employee Record, form PA 87, is prepared by the employee's department to initiate long term leaves of absence only. The memorandum requesting such leave is attached to the form PA 87, and forwarded to the Administrative and Employee Benefits Division of the Personnel Department.
- b. An Appointment Payroll Notice, form PA 1899, is prepared by the Personnel Department to return an employee from a long term leave.
- c. Short term and compassionate leaves of absence are shown on the bi-weekly Department Payroll Information Report, form PA 688, which is the Accounting Division's source of information for deduction purposes. (See PAI 30-5.03, Payroll Checks.)

EXHIBIT A

6. Sick Leave in Connection with Leave of Absence

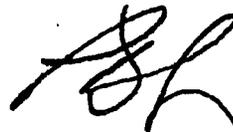

Except in unusual cases, employees beginning an ordinary leave of absence will not be paid for sick absences occurring during the pay period in which the leave of absence is to be effective.

7. Vacation Allowances

Employees beginning or returning from long term leaves of absence receive vacation allowances in accordance with the appropriate schedules of PAI 20-3.01, Vacations.

8. Health and Life Insurance Coverage

- a. An employee granted a long term leave of absence may continue coverage under the Port Authority's Group Health and Life Insurance Programs for a period of three months beyond the effective date of the leave by paying for such coverage at the contribution rates then in effect. At the end of this three month period, Group Health and Life Insurance coverages will terminate pursuant to insurance policy provisions and employees will have the option of converting to any direct payment plans available from the insurance companies on an individual basis. Such conversion must take place during the period set by the insurance policies. Necessary conversion forms may be obtained from the Administrative and Employee Benefits Division. Questions regarding individual situations should also be directed to that division.
- b. Port Authority Group Health and Life Insurance coverage remains in effect for an employee on a short term leave of absence.

MATERNITY LEAVE

I. Introduction

This Instruction outlines the policies and procedures to be followed when a maternity leave is granted to an employee.

II. Definition

Maternity leave is a requested and approved period of time away from work for the purpose of giving birth and to care for an infant in the period immediately following the birth. Maternity leave consists of two phases: the initial phase which is considered and administratively handled as sick leave, and a second phase, which is a leave without pay for the purpose of infant care.

In all cases, maternity leave begins when the employee is unable to continue working due to medical disability related to pregnancy and childbirth, and ends three months following the birth of the child. However, the duration of each phase of a maternity leave will vary based on individual circumstances.

III. Policies

- A. Permanent and probationary employees are eligible for a maternity leave of absence.
- B. Maternity leave may be granted when an employee demonstrates to the satisfaction of the Medical Director that she should discontinue working because of medical disability related to pregnancy and childbirth.
- C. During the initial (sick leave) phase of a maternity leave, for the number of days the employee is unable to work because of medical disability related to pregnancy and/or childbirth, an employee is considered to be on sick leave and her absence is treated in all respects like any other medically caused absence. For these days, she receives either sick leave allowance as specified in PAI 20-3.03, Sick Leave, or for a period not to exceed the number of compensable days remaining in her individual sick leave bank, in accordance with OPI 20-3x.03, Sick Leave Bank Plan, whichever is applicable.
- D. The second (infant care) phase of maternity leave begins when the Medical Director considers the employee capable of resuming her normal work duties, but she chooses to remain on maternity leave for infant care or other reasons. Regardless of when this second phase of maternity leave begins, the employee's maternity leave ends three months after the birth of her child.

The employee is on no-pay status during the second (infant care) phase of her leave, unless she has elected to take vacation time (see Attachment A., VII.).

- E. When the employee returns to work after a maternity leave, she is restored to the position she held at the time her leave began, provided that she returns to duty prior to the expiration of her maternity leave. An employee who does not request reinstatement prior to the expiration date of her maternity leave and has not been granted an ordinary leave of absence beyond her maternity leave is considered to have resigned.
- F. An employee receives Port Authority service credit for the initial (sick leave) phase of her maternity leave, including any period of time during which she is sick and on no-pay status.

IV. Benefits

All groups health, dental, and life insurance benefits to which the employee may be entitled under the terms of the respective policies comprising the Port Authority's group benefits programs will continue to be provided at no additional cost to the employee, for the full duration of her maternity leave. If an employee requests and is granted an ordinary leave of absence after her maternity leave expires, benefits are handled in accordance with the provisions of PAI 20-3.06, Leave of Absence.

V. Operating Rules and Procedures

Attachment A contains detailed operating rules and procedures relating to the administration of maternity leave.

Maternity Leave
Operating Rules and Procedures

I. Initiation of Maternity Leave

- A. The pregnant employee prepares a memorandum (see Attachment B for example) to her department director requesting a maternity leave when her physician has stated an approximate date at which her medical condition will preclude continuation of her normal work duties. This request should be submitted to her supervisor no later than one month before the anticipated birth date. It should include the anticipated birth date and, if different, the date of the onset of medical disability, and the following signature lines:
1. A line for the signature of the employee's supervisor, by which the supervisor indicates awareness of the leave request.
2. A line for the Medical Director's signature, by which the Medical Director indicates that he/she considers the date for the onset of anticipated or actual medical disability reasonable. A line for the department director's signature, by which he/she approves the leave.
- The same approval process applies for any change of the anticipated date of the onset of medical disability.
- B. When the employee's supervisor has signed this memorandum, it should be returned to the employee, who attaches a note from her personal physician and forwards it to the Medical Director. The physician's note should state the anticipated birth date of the child and, if different, the date of the onset of disability and the medical reasons for it.
- C. When the Medical Director has determined that an estimated or actual date of the onset of medical disability is reasonable, he/she signs the memorandum (see A.2., above) and forwards it to the department director, retaining the physician's note. It should be noted that, depending on the employee's medical circumstance, the actual onset of disability may differ from the estimated date.
- D. When the department director has approved the leave, copies of the approved memorandum are sent to the employee, her supervisor, and the Supervisor, Payroll and Administrative Services, Human Resources Department.

- E. When the employee's supervisor has received the approved memorandum, he/she should prepare the Employee Record, form PA 87 which will implement the maternity leave, leaving blank the effective date, and forward it to the Supervisor, Payroll and Administrative Services, Human Resources Department. CN-224
1/22/90

II. Notification Procedures

- A. The employee's department is responsible for notifying the Medical Director when the actual sick leave phase of maternity leave begins by completing form PA 3109, Extended Sick, Hospitalization and Injury on Duty Report and forwarding it to the Medical Department.
- B. The employee is responsible for notifying the department director as soon as possible but within no more than ten days, in writing, of the child's birth date or other termination of the pregnancy. The department director then notifies the Medical Director. CN-224
1/22/90
- C. The Medical Director evaluates the employee's health status and determines when she is capable of returning to work. When the Medical Director has made this determination he/she so informs the employee, the employee's department, and the Supervisor, Payroll and Administrative Services, Human Resources Department. CN-224
1/22/90

III. Time Reporting

During the initial (sick leave) phase of the employee's maternity leave, the department should complete the appropriate timekeeping document for the employee, indicating that the employee is on full, half, or no-pay status, in accordance with her sick leave allowance (PAI 20-3.03 or OPI 20-3x.03). Form PA 3109, Extended Sick, Hospitalization and Injury on Duty Report must also be completed in accordance with normal procedures in order to inform the Medical Director that the sick leave phase has begun.

IV. Pay Check Distribution

Pay checks for an employee receiving sick pay during her maternity leave may be forwarded by the employee's department by certified mail. (See PAI 30-5.03, Paychecks).

V. Returning From Maternity Leave

- A. An employee on maternity leave should request reinstatement by writing to her department director as soon as possible after giving birth. The department director approves the request and forwards a copy to the Manager, Employment Division, Human Resources Department. CN-224
1/22/90
An employee who does not request reinstatement prior to the expiration of the second phase of her maternity leave and has not been granted an extension as described in VI., below, is considered to have resigned.

- B. An employee who returns from a maternity leave is restored to the position she held at the time her maternity leave began. If appropriate, her position may be filled provisionally until she returns from her leave or until she has resigned.
- C. Before returning to work from the infant care phase, the returning employee should see her employment consultant in the Human Resources Department so that the document(s) necessary to reappoint the employee to active status can be completed by the Human Resources Department and forwarded to the Payroll Section of General Accounting.

VI. Request for Extension of Leave Beyond Three Months Following Childbirth

An employee who wishes to extend her leave beyond the three months following childbirth should apply in writing for an ordinary leave of absence to her department director as early as possible prior to the expiration of her maternity leave, specifying the reason for her request. The department director determines whether a request is to be granted and notifies both the employee, the unit head and the Supervisor, Payroll and Administrative Services, Human Resources Department.

Requests by the employee to extend the leave beyond three months are considered and, if granted, administered under the terms of PAI 20-3.06, Leave of Absence.

VII. Vacation Allowance

- A. An employee may elect to take vacation in a period immediately prior to the start of her maternity leave.
- B. An employee beginning a maternity leave is entitled to payment for vacation subject to the provisions of PAI 20-3.01, Vacations, and its attached schedules, and those of any applicable Memorandum of Agreement.
- C. Vacation pay may be taken in either of two ways:
 - 1. Lump sum advance payment

The employee may elect to receive her vacation allowance as a lump sum payment at the start of her maternity leave. If the employee elects to receive a lump sum payment, she is paid for vacation time earned up to the time she begins her maternity leave.

If any additional vacation days are earned during the initial (sick leave) phase of the leave, an employee may subsequently

receive the applicable additional vacation allowance pay, subject to review by her department director.

2. Regular paycheck

The employee may elect to take her vacation time at the beginning of the second (infant care) phase of her leave, in which case she will continue to receive her paychecks on a regular basis for the duration of her vacation time. Electing this option does not extend the maternity leave beyond three months following the birth of the child.

- D. Except as discussed herein, the provisions of PAI 20-3.01, Vacations, concerning coordination of vacations with maternity leave, apply.

"All employees must cooperate in authorized investigations of any act, omission or occurrence in or upon Port Authority property, (including but not limited to misconduct, accidents, crimes and the like), provided, however that this rule shall not require any employee to give evidence against himself in connection with the investigation of an alleged act of misconduct on his part."

You will be asked questions specifically directed and narrowly related to the performance of your official duties. You are entitled to all the rights and privileges guaranteed by the laws of the State of New York or New Jersey, the constitutions of these states and the Constitution of the United States, including the right not to be compelled to incriminate yourself and the right to have legal counsel present at each and every stage of this investigation.

I further wish to advise you that if you refuse to testify or to answer questions relating to the performance of your official duties, you will be subject to Port Authority charges which could result in your dismissal from the Port Authority. If you do answer, it is our understanding that neither your statements nor any information or evidence which is gained by reason of such statements can be received in evidence against you in any subsequent criminal proceeding. However, these statements may be used against you in relation to subsequent Port Authority Charges."

Rule 5. Permission to consult relatives or friends; When granted

In addition to the foregoing, if they so request and if the interests of the Port Authority shall not be jeopardized thereby, employees who are being questioned with respect to alleged misconduct by them, shall be permitted to consult relatives or friends as soon as possible and under such circumstances as will not prevent or make impractical further investigation of such alleged misconduct.

Rule 6. Promptness of investigation

Every investigation of alleged employee misconduct shall be commenced and completed as promptly as possible under all the circumstances.

Rule 7. Records of questioning

Whenever any employee is questioned with respect to any allegations of misconduct, there shall be kept by the unit conducting the questioning a record setting forth:

The dismissal, demotion, transfer or compulsory retirement of an employee because of mental or physical incapacity substantially impairing his ability to perform his duties, or because he has reached mandatory retirement age or because a reorganization of the Port Authority or one of its facilities, properties, departments or divisions, or any other administrative action affecting the position, status, pay or privileges of an employee, not taken for disciplinary purposes, is not considered to be disciplinary action and does not come within the scope of this procedure. Provision, however, has been made for a hearing at the request of the employee concerned, whenever the dismissal, demotion, transfer or compulsory retirement of a permanent employee is contemplated on the ground of mental or physical incapacity. (See PAI 20-1.09)

IV. Temporary Reduction in Pay

- A. As noted above an employee may be disciplined by a temporary reduction in pay, not to exceed one month's pay for any one offense. Such a temporary reduction in pay shall be deducted from each pay check until the entire amount of the temporary reduction has been deducted, but in no case shall the total amount of such deduction from any one pay check (on account of all offenses) exceed ten percent (10%) of the employee's salary or pay (before deductions) for the period covered by the pay check. These deductions will be transferred to the Employees Welfare Fund Committee for use in promoting the welfare and morale of employees.

*For Building Trades Union and Union of Automotive Technicians Covered Classes Only

If a letter of reprimand (informal reprimand) has not been used as a basis for disciplinary action within one year from the date of such letter, such letter shall be removed from the employee's personnel folder, unless during such period related reprimands have been placed in the employee's folder in which event such letter of reprimand shall remain in the employee's folder for the one year period commencing with the date of the most recent letter of reprimand. All letters of reprimand must either be initialled by the employee or, if such employee refuses to so initial, such refusal shall be duly noted.

C. Where Disciplinary Procedures in Accordance with Paragraph XII are Required

Where an employee has a position in one of the TWU classes and the penalty for all offenses charged in connection with one violation will be no greater than the equivalent of five days' pay, any authorized type of disciplinary action shall be taken in accordance with Paragraph XII hereof.

CN 99
1/9/74

D. Where Hearings Are Not Required

Any authorized type of disciplinary action may be taken against a temporary employee without the filing of charges or a hearing; and any authorized type of disciplinary action, other than those specified in sub paragraphs V, A, B, and C, above, may be taken against permanent employees without formal charges or a hearing.

(NOTE: For definitions of temporary and permanent employees, see PAI 20-1.01.)

VI. Repeated Offenses

Disciplinary action may be taken against an employee for repeated violation of rules and regulations or repeated neglect or failure to perform his duties or other repeated conduct warranting disciplinary action, even though disciplinary action has previously been taken separately with respect to some or all of the series of transactions upon which such charges are based; but only if such repeated conduct is charged as a separate offense. In any such case, the entire series of transactions upon which the charge is based shall be deemed to be one transaction within the meaning of paragraphs V, A, B, and C; but in any other case, the provisions of paragraphs V, A, B, and C relating to "any one transaction" shall be deemed to refer to each transaction separately.

VII. Waiver of Rights, Resignations Pending Disciplinary Proceedings

A. An employee may waive his right to have charges filed and may waive his right to a hearing, and may do so either before or after the hearing has commenced. All such waivers must be in writing.

In addition, the failure to appear at a hearing after notice shall constitute a waiver of such hearing unless the Board or person before whom such hearing is held shall find such failure excusable.

AR *LeE*

- B. An employee may resign at any time, and in that event any disciplinary proceedings against the employee shall terminate, but unless the charges are dropped or withdrawn, the charges shall be filed with his record and entry made in his record "Resigned under charges pending trial."

Whenever an employee resigns after a temporary reduction in pay takes effect, the aggregate deduction from his final pay check shall not exceed 10% of his salary or pay (before deduction) for the period covered by such pay check.

VIII. Temporary Suspensions Without Pay

- A. Any employee may be temporarily suspended without pay pending the preparation of charges and the completion of disciplinary proceedings (but not for more than two weeks without the approval of the Executive Director); and such temporary suspension shall not be deemed to constitute disciplinary action unless the charges are thereafter sustained.
- B. If the charges are sustained and if as a result one or another of the following types of disciplinary action is taken, such disciplinary action shall be effective as of the day upon which the employee was suspended: dismissal; demotion; transfer; temporary reduction of pay; compulsory leave of absence without pay.
- C. Except as provided above the employee shall be restored to duty upon the completion of the disciplinary proceedings, and shall then receive his full pay for the period during which he was temporarily suspended, whether or not the charges against him were sustained; provided, that the employee may be restored to duty prior to the completion of the disciplinary proceedings, in which event, he shall receive full pay for the period of his temporary suspension.
- D. Nothing contained in this instruction shall be deemed to prevent suspending employees with pay, whether pending the preparation of charges and the completion of disciplinary proceedings or for other administrative purposes.

IX. Filing and Preliminary Investigation of Charges

- A. Form of Charges

Charges shall be in writing, and each charge shall be a

brief formal statement of the alleged offense. In the event that an employee is charged with more than one offense, he shall be separately charged with each offense and each charge shall be separately numbered. Each charge of an alleged offense shall be separately supported by one or more specifications (summary statement of facts supporting the charge). Each specification standing alone should be sufficient to sustain the charge of the alleged offense if proven.

Charge 1. Repeated violation of rules and regulations of The Port of New York Authority.

Specification 1. In that said employee failed to appear at outgoing roll call on the 13th, 15th, 17th, 24th and 27th days of January, 1969, in violation of Rule 6 of "General Rules and Regulations for all Port Authority Employees," which provides that "Employees shall be punctual *** at all times."

B. Signature of Charges

Charges shall be signed by the complainant, who need not be an officer, employee or agent, or otherwise connected with The Port of New York Authority.

C. Filing Charges

Whenever a charge is made by a Port Authority employee it shall be transmitted through channels to his department head. Whenever a charge is made by a person not connected with the Port Authority, it shall be transmitted through channels to the department head of the employee sought to be disciplined.

D. Time Limitation

Charges filed with a department head more than two years after the alleged commission of the offense charged, shall be void.

E. Action by Department Head

Upon receipt of charges and after such preliminary investigation as he deems necessary, the department head shall either:

1. Return the charges to the complainant for correction in the event that they do not conform to the requirements of paragraph IX, A hereof; or

Revised September 30, 1970

2. Direct that the charges be dropped; but in case the complainant is not a member of his department, only with the approval of the Executive Director; or
3. In the event that he is of the opinion that a hearing pursuant to Par. X of this instruction is desirable - forward the charges (through the Personnel Director) to the Executive Director for action; or
4. In case the charges are against a member of his department holding a classified position, refer the charges to a Departmental Trial Board for hearing in accordance with Par. X; or
5. In case the charges are against a member of his department, take any appropriate disciplinary action which is authorized by this procedure to be taken without a formal hearing; or
6. In case the employee against whom charges are made is a member of another department, refer the charges to the head of such other department, who thereupon shall take one or another of the types of action specified above.

X. Hearings Before a Port Authority Trial Board

A. Reviewing Officer

In all cases where hearings are required or authorized to be held pursuant to this paragraph, the Reviewing Officer shall be the Executive Director of the Port Authority.

B. Preliminary Action by Reviewing Officer

The Reviewing Officer shall, after such further investigation as he deems necessary either

1. Direct that the charges be dropped; or
2. Refer the charges to a Port Authority Trial Board for hearing; or
3. Return the charges to the department head either for a departmental hearing pursuant to Par. XI or for such disciplinary action as is authorized by this procedure to be taken without formal hearing.

LaE
AK

In any case, the Reviewing Officer will return the charges to the Personnel Director for disposition in accordance with his directions.

C. Makeup of Port Authority Trial Board

1. The Port Authority Trial Board shall be appointed by the Reviewing Officer who shall designate one of its members to act as Presiding Officer, and the Board may be appointed to hear one or more cases. The membership of the Board shall consist of not less than three members, including, if practicable, a department or division head or other supervising employee generally familiar with the functions of the employee against whom the charges have been made.
2. The Personnel Director shall notify the members of the Trial Board of their appointment.
3. In the event that a member of the Trial Board is unable to be present at all or part of the hearing or hearings of any one case (because of illness or otherwise) the remaining members of the Trial Board may continue to function without the absentee member. The absentee member shall not vote or have any voice in the proceeding. In the alternate, if a member of the Board absents himself after the hearing or hearings in any one case have commenced, the Reviewing Officer may in his discretion designate a new member to take the place of the absentee, but in that event the new Trial Board as then constituted shall hear the entire testimony from the beginning as though no testimony had already been taken.

D. Functions of Trial Board

1. It shall be the function of the Trial Board to determine the truth or falsity of the charge; and if in the opinion of a majority of the Trial Board the charge is sustained, to recommend appropriate disciplinary action. The Trial Board shall proceed promptly with a hearing, and shall receive testimony and evidence offered by the employee and the complainant, and in addition shall summon witnesses and require the production of records and other data it deems appropriate to the hearing of the charges and the determination of the discipline.
2. The Trial Board shall not make any investigations except for the purpose of determining whether there is pertinent

testimony or evidence which has not been produced, and any witnesses or evidence produced at the request of the Trial Board shall be presented at the hearing.

E. Docket Entries

The Personnel Director shall enter in a special docket the name of the employee against whom the action is sought, the name of the complainant, the name of the person who endorsed the charges and any other data with respect to the proceedings, as, for example, the date upon which the charges were served upon the employee, the date set for hearing and any adjournments, whether the right to file briefs was requested and the date fixed for such filing, the findings of the Trial Board, etc. Each case shall be numbered consecutively.

F. Service of Charges and Notice of Hearing

When charges are returned to the Personnel Director approved by the Reviewing Officer for a hearing, he shall have a copy of the charges and specifications served upon the employee and direct him to appear for a hearing. The charges, and/or notice of hearing may be served either personally or by registered mail at the last known address of the employee on file with the Port Authority, but shall be served by registered mail only with the approval of the Executive Director. The Personnel Director shall fix a date for the hearing which shall not be less than five days from the date of service of the charges or notice of hearing, whichever is later. In calculating the five days, the date of service of the charges or notice of hearing (whichever is later) shall be deemed to be (a) the date on which said charges or notice were personally served, if service was made, or (b) the second day following the date on which the charges or notice were mailed, if service is by registered mail. In either event the day on which service is made as so determined, and the day of the hearing and any intervening Sunday or legal holidays shall be excluded in determining whether the employee has had five days' notice of hearing. The office of Personnel Director shall also notify the Trial Board and the complainant of the date of the hearing.

In determining whether the employee has had five days' notice of hearing, the following shall be deemed to be legal

holidays: New Year's Day, Lincoln's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Election Day (the first Tuesday after the first Monday of November), Veteran's Day, Thanksgiving Day and Christmas, and in the event any of these days falls upon a Sunday, the following Monday.

G. Conduct of Hearings

1. Except as otherwise provided herein, or unless otherwise modified, the procedure at and conduct of such hearings and all incidental proceedings shall be determined by the Trial Board, but in any event:

 - d. except as provided in paragraphs VI and X, I, no evidence of prior misdeeds or offenses other than those charged shall be received or inquired into.
2. The Trial Board may in its discretion allow the charges and specifications to be amended to conform to the proof adduced at the hearing provided it grants an adjournment of the hearing as provided in paragraph X, H hereof.
3. The Trial Board shall call and examine such witnesses as it deems necessary or appropriate.
4. In general, the order of procedure at the hearing shall be as follows, but the Trial Board may vary the order of procedure in its discretion:

First: The charges and specifications shall be read, and the employee or his representative shall be requested to state summarily his position with respect thereto.

Lee *PK*

Revised September 30, 1970

Second: The testimony (sworn or unsworn) and other evidence in support of the charges shall be received. Each witness in support of the charges shall be subject first to direct examination by the Trial Board (and if the charges are preferred by a member of the Port Authority staff, by such member or his representative) and then to cross-examination by the employee or his representative, and thereafter to such re-direct or re-cross examination as may be necessary.

Third: The testimony (sworn or unsworn) and other evidence for the employee shall then be received. Each witness for the employee shall be subject first to direct examination by the employee or his representative, and then to a cross-examination by the Trial Board (and if the charges were preferred by a member of the Port Authority staff, by such member as his representative), and thereafter to such further re-direct or re-cross examination as may be necessary.

Fourth: The testimony and evidence in the nature of rebuttal and surrebuttal shall then be received in that order.

Fifth: In cases where charges are preferred by a member of the Port Authority staff, such member or his representative shall be permitted to make a statement summarizing the testimony and evidence and making recommendations with regard to disciplinary action.

Sixth: The employee or his representative shall be permitted to make a statement summarizing the evidence, and to present any pertinent oral arguments.

Seventh: In lieu of or in addition to oral statements and arguments, the Trial Board may receive written memoranda or briefs in support of the charges or in favor of the employee.

H. Adjournments and Postponements

The employee shall be entitled to one 10-day postponement of the hearing. He shall also be entitled to an adjournment of the hearing once, if the proof offered at the hearing is at variance, in any material respects, with the specifications as set forth in the charges and specifications. The

Presiding Officer may grant any other adjournments which he in his discretion deems desirable.

I. Findings

As promptly as practicable following the conclusion of a hearing the Trial Board shall make its findings. The findings shall be in writing and shall refer to each separate charge and shall state whether each charge is "sustained" or "not sustained." A majority of the Trial Board must concur in the findings with respect to each charge, and no member of the Trial Board shall be eligible to vote on the findings unless he has been present throughout the hearings and in the case of adjournments, at all sessions. The Trial Board, if it desires, may accompany the findings with opinions in writing explaining the reasons for its findings.

The Trial Board shall make a recommendation for disciplinary action if it finds the charges sustained, and in so doing it may receive and consider the employee's Performance Rating Reports and any records of prior disciplinary proceedings.

J. Review

At the conclusion of the hearing the findings and recommendation of the Trial Board, and opinion, if any, together with a transcript of the testimony and any briefs which have been filed, shall be promptly forwarded to the Reviewing Officer.

The Reviewing Officer shall review the findings and approve or disapprove them. If he shall disapprove them he may in his discretion return the case to the Trial Board for a new hearing.

The Reviewing Officer shall prescribe the disciplinary action and the recommendation of the Trial Board shall not be binding on the Reviewing Officer. The office of the Personnel Director shall promptly notify all concerned of the disciplinary action directed to be taken by the Reviewing Officer.

In any case where the disciplinary action requires further action by the Operations Committee of The Port of New York Authority, such as discharge or demotion, the same shall not be effective until approved by the Operations Committee.

XI. Departmental Hearings
(Not Applicable to Transport Workers Union classes.)

A. Procedures at Departmental Hearings

Whenever a departmental hearing is ordered, the procedure shall as far as practicable conform to the procedure for Port Authority Trial Board hearings outlined in Par. X, with the following exceptions:

1. The Department Director shall act as the Reviewing Officer.
2. The Department Director shall designate the Departmental Trial Board, which shall consist of any one or more Port Authority employees appointed from the same department in which the employee sought to be disciplined is employed.
3. The Departmental Trial Board shall have the charges, specifications and other notices served in the manner prescribed for the service of charges, notices, etc., as provided in Par. 4. At the conclusion of the departmental hearing the Departmental Trial Board must transmit its findings, together with a report and recommendation and a full transcript of the proceedings to the Department Head for final disposition.
5. The Department Head shall notify the office of the Personnel Director and all others concerned, of the final disposition of the proceeding.
6. Notwithstanding that charges have been referred to a Departmental Trial Board for a hearing, the Department Head may refer such charges (and any new or additional charges arising out of the same transaction) to the Reviewing Officer specified in Par. X hereof for action, and may do so either before or after the Departmental Trial Board has transmitted its findings and recommendations to the Department Head.

XII. Disciplinary Procedures for TWU Classes

A. Conditions

Where TWU classes are concerned, a facility or division manager may administer initial discipline for minor violations of Port Authority rules and regulations, which shall not include sick absenteeism. For all such offenses charged in connection with any one violation, the amount of penalty will be no greater than the equivalent of five days' pay.

B. Procedure

1. When a supervisor deems that disciplinary action should be taken in connection with a violation by an employee, he shall notify the employee in writing of the facts upon which such action is based and shall at the same time schedule a meeting with the manager and the employee involved. The employee's representative may attend this meeting.
2. At the meeting, the manager will interview the supervisor and the employee. The purpose of these interviews will be to permit the manager, the supervisor and the employee to develop pertinent facts, and to permit the evaluation by the manager of the circumstances leading to the alleged violations, and result in the determination by the manager of appropriate action. If additional information is needed, the manager will make arrangements to elicit same, and if necessary, arrange for a subsequent meeting.
3. Within fifteen days after the interview, the manager shall inform the employee, in person, of the action to be taken and the reasons for this action. A comprehensive written report of the manager's determination and findings will be presented to the employee at this time. Copies of this determination will be transmitted to the Manager of the Operating Personnel Division and to a representative of Local 1400 of the TWU whether or not the employee being disciplined is a member of the union. If the employee accepts such determination, he will signify his concurrence in writing.
4. If the employee does not accept such determination, he may appeal the determination to the appropriate Department Director within fifteen days. Such appeal shall be in writing, setting forth the basis for appeal, and may be in the form of a letter or a memorandum addressed to the Director.

La E

ABH

5. If an employee appeals such determination, the Director or his designee shall review all pertinent data, conducting such interview as he may elect, and render a written determination in the matter to the said employee within fifteen days.
6. If the employee disagrees with the determination of the Department Director, he may, within fifteen days, appeal to the Personnel Director for final review, said appeal to be in the form of a letter or memorandum addressed to the Personnel Director.
7. The Personnel Director, acting for the Executive Director, must reply in writing to the aggrieved employee within thirty days. His action will be final. Failure on the part of an employee to make his appeal within the prescribed time limits will result in the acceptance of the recommended discipline. Failure on the part of any management representation to inform the employee of disciplinary action within the prescribed time limits will result in the charges against the employee being waived.

UNIFORM ALLOWANCES

I. Introduction

This instruction sets forth the eligibility requirements and uniform allowances of employees.

II. Policy

It is Port Authority policy to furnish wearing apparel to its employees where the need is justified.

Certain employees are furnished an initial issue and, in addition, are granted an annual allowance for upkeep or allowed a number of cleanings or pressings at Port Authority expense. The replacement of these uniforms is provided either by annual allowance or by purchase as required, or by a combination thereof.

Generally, employees are provided uniforms by the Work Uniform - Services Section, General Services Department, whose responsibility it is to maintain the uniforms and to provide clean uniforms on a predetermined basis. (See Exhibit A for specific positions and allowances.)

For certain categories of employees utilizing dress uniforms the Work Uniform Services Section furnishes an initial issue and provides for replacement as required. Except for "wash and wear" garments, maintenance of these uniforms is covered by form PA 618, Petty Cash Voucher, which is initiated by the employee and is accompanied by cleaning receipts. (See Exhibit A for specific positions and allowances.)

III. Definitions

Wearing apparel is of four categories.

- A. Dress Uniforms are worn by employees to convey unmistakably to the general public the authority and/or services associated with their positions, e.g., Police, Toll Collectors, Red Caps, Sky Caps, etc.
- B. Work Uniforms are worn for purposes of easy identification, uniformity of appearance of employees of position classifications which are engaged in maintenance, production, or operating activities requiring attire designed to withstand extensive exposure to wear and tear and heavy soiling, e.g., maintenance personnel, messengers, police emergency crews, cleaners.

- C. Foul weather gear is worn by employees in position classifications which are exposed to inclement weather.
- D. Safety clothing is worn by employees of all position classifications for the purpose of preventing injuries and/or bodily harm while at work.

IV. Responsibility for Standards and Specifications

The General Services Department, in cooperation with the departments concerned, is responsible for the design and development of standards and specifications for the purchase and maintenance of all Port Authority uniforms, except Police, which are the responsibility of the ~~Police Division Uniform Committee~~ ^{SUPERINTENDENT OF POLICE}, and Toll Collectors which are the responsibility of the Tunnels and Bridges Department. CN 1.

The Inspection and Safety Division of the Comptroller's Department reviews all new uniform items considered for purchase and uniform maintenance programs for occupational safety and health considerations.

The Port Authority Design Advisory Council through the Office of the Chief Architect approves all new uniform items prior to purchase.

V. Responsibility for Proper Dress

Each employee is responsible for being dressed in a fit and presentable manner while at work. Awareness and acceptance of this responsibility is vital to good health, high morale, and favorable public reaction. The wearing apparel programs specified in this instruction are an aid in meeting these goals. Managerial and supervisory personnel are responsible for overseeing that suitable dress is worn by subordinates. Since standards are dependent upon circumstances and working conditions, conscientious judgment must be exercised daily.

VI. Work Clothes Supplied to Employees

A. Issuance by the Work Uniform Services Section

The Work Uniform Services Section furnishes

1. uniforms to employees who are required to turn in soiled uniforms and receive clean uniforms on a predetermined basis;
2. an initial issue to certain other employees who utilize dress uniforms, the maintenance of which is covered by

form PA 618, Petty Cash Voucher, initiated by the employee and accompanied by cleaning receipts; and

3. some uniform items which are delivered in bulk to facilities for distribution to employees after appropriate records are prepared.
- B. Each employee is responsible for clothing issued to him while it is in his possession and must exercise reasonable care in the use of such clothing. Work uniforms may be worn only while on duty and must not be worn home without specific approval. When it is established by the organization unit head that clothing issued (1) has been lost by the employee to whom it was issued, through his own fault; or (2) has been damaged or destroyed due to failure of such employee to exercise reasonable care, the employee is required to pay the purchase cost of the article as shown in Exhibit B.
- C. Issuance of Other Articles
1. Some articles of work clothing, such as winter parkas and overshoe boots, are purchased by the Port Authority and are issued to employees whose work requires their usage. Green parkas are requisitioned from the Work Uniform Services Section stockroom. Blue parkas are requisitioned on purchase orders as required. Overshoe boots are requisitioned from the Central Stockroom through the General Services Department. Parkas, overshoe boots, and other items purchased by the Port Authority may be worn only while on duty and must not be worn home without specific approval of the employee's supervisor.
 2. When it is established by the organization unit head that an article of clothing purchased by the Port Authority and issued to an employee has been lost, damaged or destroyed under circumstances described in Par. VI, B, the employee is required to pay the purchase cost of the article as established by the General Services Department. The department to which the employee is assigned shall notify the Comptroller's Department by memorandum to make the appropriate deduction from the employee's paycheck. Such memorandum shall state the basis upon which the department has established the liability of the employee and show the accounting code to be charged. A copy of this memorandum shall be given to the employee.

LCE
AR

D. Issuance of Work Uniform Articles to New or Transferred Employees

1. The Personnel Department, as part of processing a new employee or a military leave returnee, completes form PA 2351, Work Uniform Request/Service Change and sends it to the Work Uniform Services Section with the new employee. The Work Uniform Services Section issues uniform items appropriate to the employee's position.
2. Prior to his transfer, an employee's unit completes form PA 2351, Work Uniform Request/Service Change as soon as knowledge of the transaction is known and forwards it to the Work Uniform Administrator.
3. A transferred employee takes with him to his new unit all his clean work uniforms issued by the Work Uniform Services Section only if they are required at or in his new assignment, otherwise they are turned in immediately. Soiled uniforms will be picked up by the Work Uniform Services Section from the old locker, cleaned, relabeled, and delivered to the new location. In all cases, overshoes and parkas are returned to the local unit. Form PA 1904, Information on Transferred Employees, is completed by the transferring unit and forwarded to the receiving unit. It lists disposition of uniforms and other articles of clothing issued to the employee.

E. Surrender of Port Authority Equipment and Property on Termination

1. Any employee whose service is terminating is required to turn in his uniforms and equipment prior to or on his last day of work. Prior to an employee's termination, his unit completes form PA 2351, Work Uniform Request/Service Change, as soon as knowledge of the transaction is known, and forwards it to the Work Uniform Administrator.
2. Form PA 646, Surrender of Port Authority Equipment and Property is prepared by the unit supervisor and forwarded to the Work Uniform Services Administrator after the employee's supervisor ascertains by telephone that all Library material of record has been surrendered and that no monies are owing to the Port Authority Treasurer.
3. The Work Uniform Administrator ascertains if any uniform items are missing and shows the quantity and cost of such articles in the "Remarks" column prior to forwarding

form PA 646, Surrender of Port Authority Equipment and Property, to the Personnel Department. The field supervisor is responsible for collecting all work clothing outstanding before the final paychecks are delivered. An employee's final paycheck will be withheld until discrepancies in the uniform and equipment list for that employee are explained. The amount to be deducted from the employee's final paycheck in payment for any missing articles is inserted by the terminating unit in the "Remarks" section of form PA 1899, Appointment or Separation of Permanent Employees. Failure to recover all garments or inability to recover the uniforms or monies for missing articles will result in a direct charge being made to the organizational unit involved.

VII. Safety Eyewear Program

- A. The Port Authority Safety Eyewear Program is intended to aid in the prevention of serious eye injury to employees. Under this program, the Port Authority provides approved safety equipment including standard safety spectacles, standard cover goggles or face shields to all employees with exposure to eye injury. Cover goggles or face shields may be worn alone or over an employee's regular prescription glasses.
- B. For employees who wear prescription glasses and are subject to high-impact eye-exposure situations such as cutting, drilling, using a power saw or performing certain types of heavy labor in general maintenance categories, facility and unit supervisors recommend, for approval by the facility or unit manager, the purchase of prescription safety eyewear that meets American National Standards Institute Specification No. Z87.1-1968.
 1. A maximum of \$20.00 is allowed toward purchase of prescribed eyewear, the frequency of allowance to be determined by the facility or unit manager based on the employee's need for change in prescription or other acceptable reason.
 2. The employee selects an eye specialist of his choice who can provide both an eye examination and the desired prescription safety eyewear that meets Port Authority specifications. The eye specialist is free to obtain lenses and frames from any safety eyewear supplier, providing the completed glasses meet or exceed the American National Standards Institute Specification.

LLG

ABH

3. The employee submits to his eye specialist for completion form PA 3172, Certification of Prescription Safety Eyewear, in which the specialist describes the type of eyewear furnished and certifies that it complies with NASIS specifications.
4. The completed certification form and a sales receipt for the eyewear are attached to form PA 618, Petty Cash Voucher, and submitted to the facility or unit for reimbursement. An entry covering the eyeglasses is made on form PA 548B, Employee Equipment Record.

VIII. Safety Shoe Program

A. Eligibility

All maintenance personnel as well as employees in other groups with similar exposure to foot injuries, such as employees represented by the Building and Construction Trade Council, are eligible to participate in the Port Authority Safety Shoe Program.

B. Allowance

Employees are entitled to a \$20 allowance maximum per year for leather shoes with built-in safety caps conforming to American National Standard Z41.1-1967.

Employees receive an allowance for part or all of their actual expenditures for safety shoes up to \$20 per year on completion of form PA 618, Petty Cash Voucher (sales receipt attached) and wearing the shoes on the job. All Petty Cash Vouchers must show the date reimbursement for safety shoes was last made. Employees requesting the allowance for the first time write "First Time Allowance" on the Petty Cash Voucher form. The date of the purchase of the safety shoes is entered on form PA 548B, Clothing Equipment Record. The Inspection and Safety Division periodically audits safety shoe allowance refunds to determine compliance with the American National Standard.

TUITION ASSISTANCE PROGRAM

I. Introduction

This Policy Statement describes the Port Authority's policy regarding tuition assistance for Police Lieutenants.

II. Policy

The Port Authority's Tuition Assistance Program provides an opportunity for eligible Police Lieutenants to improve their skills and job performance and helps to establish a source of trained staff who can effectively contribute to carrying out the mission of the Port Authority. The program encourages Police Lieutenants to obtain formal education on their own time in approved institutions of higher learning by reimbursing employees for all or part of their educational costs.

In addition to formal, degree-granting programs, the Port Authority may also provide tuition assistance to Police Lieutenants who participate in non-traditional colleges or universities that are state accredited in New York and New Jersey, non-degree courses, certification or licensing programs, or review courses.

III. Eligibility Criteria**A. Undergraduate and Graduate Courses and Program**

1. Police Lieutenants are eligible for tuition assistance as herein provided.
2. The Director of Public Safety/Superintendent of Police (or his/her specified designee) will approve applications for tuition assistance only if, in his/her judgment, the Police Lieutenant/Applicant's work and attendance have been satisfactory. In addition, the Applicant must have shown sufficient initiative and promise in his or her performance to warrant undertaking training at Port Authority expense. Records of previous training or course work will also be taken into consideration.
3. Courses pursued must not interfere with the Applicant's normal job responsibilities.
4. Tuition assistance for enrollment and continued participation in undergraduate and graduate degree programs or individual undergraduate course must relate to a logical program of individual development within the scope of the Port Authority's activities.
5. Tuition assistance for enrollment in programs that have residency requirements, involve time off from work, and/or travel in connection with studies must be recommended in writing by the Director of Public Safety and approved by the Director, Human Resources. The recommendation must stipulate how the required time off from work

will be handled (e.g. use of Vacation or Personal Leave Days). Excused time may not be granted.

6. Tuition assistance for enrollment and continued participation in doctoral programs must be recommended by the Director of Public Safety and approved by the Director, Human Resources. Approval will be granted only if it has been determined that the Applicant's doctoral degree is a demonstrable necessity directly related to the Applicant's specific job functions and responsibilities. Continued participation in the doctoral program must be authorized each semester by the Director, Human Resources. In the absence of such authorization, tuition assistance will not be provided.
7. Tuition assistance for second degrees of the same kind (e.g. second Masters degree), must be approved by the Director, Human Resources.

B. Law School

1. Tuition assistance for law school (for the J.D., L.L.B., or L.L.M. Degree or equivalent) must be recommended in writing by the Director of Public Safety, concurred in by the Law Department, and approved by the Director, Human Resources.
2. A member of the Law Department designated by General Counsel interviews Police Lieutenant applicants submitting initial applications for law school tuition assistance and makes a written recommendation to the Director, Human Resources as to whether reimbursement is warranted, based on an evaluation of the suitability of the Police Lieutenant/Applicant to attend law school. The recommendation is evaluated by the Director, Human Resources and may be approved only if it has been determined that the degree is a demonstrable necessity directly related to the Police Lieutenant/Applicant's specific job functions and responsibilities.
3. Law School tuition assistance is subject to the same financial assistance rates set for all other graduate students. The only exception to this is Law Interns who are required to be students in good standing at a recognized law school, and are, therefore, reimbursed 100% for their tuition expenses.

C. Authorization for Special Courses

1. Tuition assistance applications for specialized courses of study such as vocational training for secretarial or general clerical skills, and executive MBA programs require the approval of the Director, Human Resources.
2. If the Director of Public Safety determines that an Applicant should take a course that relates to the Applicant's current specific job function he/she may do so outside the purview of this Policy Statement. Costs incurred should be paid through the Voucher Check Request process.

3. Correspondence and other home study courses are not qualified for tuition assistance, nor are courses for which Port Authority "in-house" training is available within a reasonable period of time.

IV. Coordination with Other Sources of Financial Assistance

- A. Applicants must disclose all other training or educational allowances they are receiving on the Tuition Assistance Application (Form PA 1020).
- B. Applicants who are entitled to receive training or educational allowances from other sources, including fellowships, scholarships, grants-in-aid, or benefits received by veterans and active reservists from government-sponsored programs, may receive financial assistance under the Tuition Assistance Program only after funds from these other sources are fully utilized. Under no circumstances will the Port Authority duplicate any funds obtained from outside sources. If, however, the training allowances from these other sources do not fully cover tuition costs, the Port Authority will provide additional funding up to the full cost of approved courses within the limits specified herein.
- C. Failure to comply with the provisions of paragraphs A and B, above, will require the restitution by the Applicant of all funds to which he/she is not entitled, through a lump-sum payment or payroll deduction, and may also result in disciplinary action.

V. Expenses Qualified for Reimbursement

A. The current schedule of tuition assistance allowances for undergraduate and graduate courses and the tax treatment of such allowances are outlined below:

1. Tuition Assistance Allowances

a. Undergraduate work:

80% of actual tuition costs or up to \$125 per credit, whichever is greater, plus qualified fees.

b. Graduate work:

80% of actual tuition costs or up to \$140 per credit, whichever is greater, plus qualified fees.

2. Tax Treatment

The Applicant is personally responsible for any federal, state and local taxes which may be due under applicable tax laws as a result of having received tuition assistance. Applicants should contact the Payroll Supervisor in the General Accounting Section of the Comptroller's Department for further information.

B. Fees qualified for reimbursement include:

1. Laboratory fees specifically related to course requirements.
2. Registration fees, when the amount of such a fee is specifically designated by the school attended.
3. General or comprehensive fees up to a maximum of \$175 per semester, when an unspecified portion of such a mandatory fee is allocated to registration by the school attended.

C. Parking fees, student fees, and other ancillary fees are not qualified for reimbursement under this program.

D. Expenses for books, equipment, supplies, materials, travel and room and board are not qualified for reimbursement under this program.

VI. Tuition Assistance Payments

A. Tuition assistance payments are authorized by the Director of Public Safety or his/her specified designee upon receipt of proof of payment and certification of having achieved a grade of "C" or better at the undergraduate level or "B" or better at the graduate level for each course taken, provided the applicant is still employed by the Port Authority on the date the course is completed. Payment will be made for "Pass" or "Complete" grades when it is the policy of the school to grade courses with "Pass" - "fail" or "Complete" - "Incomplete" designations.

B. Requests for Payment must be made within one year from the original course completion date shown on the application.

C. Payments for any programs which do not fall into the category of university or college course work will be made only upon receipt of evidence of payment and certification that the Applicant successfully completed the course of study.

VII. Financial Hardship

If an Applicant demonstrates financial hardship that would prevent him/her from pursuing an education within the limits of this document, the Applicant may apply for advance payment of educational expenses by the Port Authority. Advance payment must be requested by the Applicant in a memorandum to the Director of Public Safety, who may approve or disapprove the request. Approval authority for this payment may not be delegated.

In the event an Applicant granted this privilege fails to maintain his/her employment and/or minimum grade qualifications for any course(s) for which expenses were advanced, he/she must repay the Port Authority in the amount of the advance. It is the Public Safety Department's responsibility to inform the Comptroller regarding repayment of the individual advance. Repayment time should not exceed a reasonable number of pay periods.

USE OF RENTED AND EMPLOYEE-OWNED VEHICLES

I. Introduction

This instruction describes the procedures governing the use of rented and employee-owned vehicles on Port Authority business. It supplements the instructions contained in PAI 15-3.02, The Port Authority Passenger Vehicle Use Program, and PAI 15-3.04, Use of Port Authority Passenger Vehicles.

II. Rented Automobiles and Taxis

A. Rented Automobiles

1. If no suitable Port Authority vehicles are available, the need to rent a passenger vehicle for use in the Port District on Port Authority business will be reviewed by the Operations Standards Division, Management Services Department. If the Operations Standards Division authorizes the rental, the Special Services Division, General Services Department will be responsible for making the necessary arrangements. In cases where this is impractical (e. g., Trade Development or Port Authority employees on business outside the Port District) the arrangements are made by the department concerned, with concurrence of the General Services Department. In the case of an emergency, the General Manager or Facility or Division Manager may authorize the use of a rental passenger vehicle. A memorandum of explanation should be sent to the Operations Standards Division, Management Services Department, as soon after the authorization as possible.
2. Accidents involving a vehicle rented by the Port Authority shall be reported as provided in PAI 55-3.01, Accident Reporting.

B. Taxis

Taxis may be used by employees on Port Authority business if circumstances warrant the expense. Reimbursement is obtained by inclusion of the expense in Expense Account, form PA 15, or Petty Cash Voucher, form PA 618 (see PAI 30-3.01, Expense Accounts).

III. Rented Special Use Vehicles

The need to rent a special use vehicle other than a passenger vehicle

will be reviewed by the Operations Standards Division, Management Services Department. If the Operations Standards Division authorizes the rental, the Purchase and Supply Services Division, General Services Department, will be responsible for making the necessary arrangements. In the case of an emergency, the General Manager or Facility or Division Manager may authorize the rental of a special use vehicle. A memorandum of explanation should be sent to the Operations Standards Division, Management Services Department, as soon after the authorization as possible.

IV. Employee-Owned Vehicles

A. Authorization

1. Department Directors, deputy directors, organization unit heads, or their designees may authorize the use of employee-owned vehicles on Port Authority business when:
 - a. Public transportation is unavailable or impractical;
 - b. an employee is asked to respond from his or her home to an emergency situation and a Port Authority vehicle is not readily available; or
 - c. the use of an employee-owned vehicle would require significantly less mileage on an origin-destination basis than the use of a staff car.
2. Except in cases when an employee is asked to respond from his or her home to an emergency situation, the employee must obtain authorization on either a Daytime Vehicle Usage Authorization, form PA 2036, or Overnight, Weekend and Holiday Vehicle Usage Authorization, form PA 2927. In the space provided for vehicle number, the employee should write his or her license plate number.

B. Conditions of Use

1. Employee-owned vehicles are subject to the same regulations as prescribed for Port Authority vehicles when their use on Port Authority business is authorized (see PAI 15-3.02).
2. Except for emergency call-in, only those drivers who are authorized to drive Port Authority vehicles may be permitted to use their own vehicles on Port Authority business. Written authorization is obtained by completing a Daytime Vehicle Usage Authorization, form PA 2036, or Overnight, Weekend and Holiday Vehicle Usage Authorization, form PA 2927, using the employee's license plate number in place of the vehicle number.

C. Reimbursement

1. a. When a department director or organization unit head requests an employee to use his or her own vehicle on Port Authority business, reimbursement is made at the rate of 18.5 cents per mile.
- b. Personnel assigned to overseas trade offices are reimbursed for such vehicle use as follows:

London	-	33 cents per mile
Zurich	-	43 cents per mile
Tokyo	-	44 cents per mile

2. In addition, such other expenses as parking fees, non-Port Authority tolls, etc., will also be reimbursed as may be required. Expense accounts claiming such reimbursement will show the starting and ending odometer readings, total mileage, starting point, destination and the reason why the employee's car was used. In certain cases, employees will be reimbursed on the basis of mileage traveled from their normal work place instead of mileage traveled from home. Expenses for repairs (other than for damages sustained in an accident) made to an employee-owned vehicle while in use on Port Authority business, and other vehicle maintenance costs, are not reimbursable (see Paragraph D, 4 below).

D. Accidents and Liability for Damages

1. Accidents arising out of the operation of an employee-owned vehicle on Port Authority business shall be fully reported as provided in PAI 55-3.01.
2. In the case of a claim against an employee for damages to third persons arising out of the operation of an employee-owned vehicle on Port Authority business, the employee against whom the claim is made should immediately notify his or her organization unit head, the Claims Section of the Law Department, and, if applicable, his or her insurance carrier. Such claims are deemed to be potential claims against the Port Authority and the provisions of the Board Resolution of May 12, 1955, relative to the settlement of such claims, will apply.
3. If the employee carries insurance against such claims, the Port Authority will pay only the amount by which the claim exceeds the insurance.

4. In the event any employee-owned vehicle on Port Authority business is damaged through accident, the Port Authority shall recompense the owner for that portion of losses deemed unrecoverable. The latter may include such losses as the amount deductible under a collision policy or for other losses not covered by insurance. Employees seeking unrecoverable expenses should contact the Claims Section, Law Department, for instructions.

E. Settlement of Claims

1. Employees whose vehicles have been damaged while on Port Authority business and who may be eligible for repayment of unrecoverable losses in accordance with the provisions of Paragraph IV, D, 4 shall, in all cases, comply with the following. Under any circumstances the cost of repairing the vehicle is to be estimated by a reputable, established auto body firm. An itemized statement must be included together with any copies of supplementary bills or statements.
2. The employee prepares a memorandum which includes all pertinent information concerning the expected cost of repairs and any unrecoverable losses and forwards the memorandum to his or her department director. The department director indicates on the employee's memorandum whether use of the vehicle on Port Authority business had been authorized and forwards the memorandum to the Claims Section.
3. Upon review, the Claims Section forwards approved claims to the Comptroller's Department for processing. In the event the claim is not approved for payment, the Claims Section notifies the claimant of the disapproval.

A. Annual Passes

Annual passes are issued to present and past Commissioners, officers, other executive staff members of the Port Authority and a limited number of officials of New Jersey and New York and of municipalities in the Port District. Annual passes are for the use of a specific individual and are not transferable. Cars carrying a passholder presenting his annual pass are permitted free passage at tunnels and bridges and use of air terminal parking lots. An annual passholder who uses an air terminal parking lot will, upon presenting his pass, sign the parking lot ticket, write the pass number thereon, and give the ticket to the lot attendant. There is no time limitation on free parking privilege.

B. Employee Passes

Port Authority photographic identification must be presented when any employee pass is used.

1. Commutation Passes

Form PA 166, Commutation Passes, are issued on request to any Port Authority employee regardless of length of service for commuting only to and from work via tunnels or bridges in his own car or one owned by any of the following:

Husband	Father	Son	Brother
Wife	Mother	Daughter	Sister

This pass is not valid for use in airport parking lots.

2. Personal Passes

- a. Form PA 378, Personal Passes, are issued upon request, in accordance with the pass allowance schedule given below, to Port Authority permanent and project employees, retired employees, and employees on military leave for use at tunnels, bridges and some air terminal parking lots.

The calendar year pass allowance is:

<u>Length of P. A. Service</u>	<u>Number of Books</u>
Less than 9 months	None
9 months but less than 1 year	1
1 year but less than 7 years	4
7 years and over	5

Retired employees and employees on military leave receive the same allowance to which they would be entitled if their Port Authority service was not interrupted.

- b. Use of Personal Passes is subject to the following:

- (1) They are not transferable.
- (2) They can be used for a motorcycle or an automobile (including attached trailer) in which the employee is riding.
- (3) They are not valid in Parking Lot 6 (Pan American Roof Top) at JFKIA, and in Hourly Parking Lots A, B and C at Newark International Airport.

Use of the Long Term Parking Lots is limited to a maximum period of 24 hours at no charge. Employees parking beyond the 24-hour limit are required to pay the parking charges for time in excess of 24 hours, starting with first day rates. An employee who uses an airport parking lot must, on leaving the parking lot, write the parking lot ticket serial number on the personal pass, sign it, and sign the parking lot ticket before

submitting them to the parking attendant. If the parker is on official Port Authority business, he should pay the appropriate charge, ask for a receipt and submit it to the Port Authority for reimbursement.

- (5) Use of Port Authority personal passes for free parking in airport public lots is a privilege for isolated instances of parking. Personal passes are not to be used to park while Port Authority employees are at their airport job.

C. Official Business Passes

Official Business Passes, form PA 430, are issued to contractors and other selected individuals who use tunnels and bridges or air terminal parking lots while making trips on Port Authority business in other than Port Authority vehicles. A pass holder who uses an airport parking lot must, upon leaving the parking lot, sign and date both the Official Business Pass (form PA 430) and the parking lot ticket, and submit both to the lot attendant. If the parker is on official Port Authority business, he should pay any charge over 24 hours based on the rate progression set forth in the Schedule of Charges, ask for a receipt and submit it for reimbursement to the Port Authority.

III. Additional Free Use of Air Terminal Parking Lots, Tunnels and Bridges

10. police and fire vehicles going to and from emergency calls;
11. vehicles operated by Port Authority contractors in connection with the performance of work under their Port Authority contracts.

IV. Requisitioning Passbooks

Passbooks are requisitioned from the Treasury Department in multiples of five by the organization unit head. Ticket and/or Pass Requisition and Receipt, form PA 281, is prepared in triplicate by the custodian and approved by the department head or facility manager. (See instruction on form PA 281 for distribution.)

V. Issuance of Passes

A. Annual Passes

Annual passes are in the custody of and are distributed by the Executive Director. The Executive Director furnishes a list of pass holders to the Directors of Aviation and Tunnels and Bridges for distribution to their facilities.

B. Commutation Passes

The custodian should be certain that the employee's residence and place of work require use of these passes. Passes are issued one book at a time by the custodian who checks the date the previous book was issued to control misuse. The employee inserts his/her name and the vehicle license number on the receipt (first page of book) and the vehicle license number, in ink, on the stub of the passbook. The custodian inserts the employee's name and the date issued on the receipt which is filed.

C. Personal Passes

1. Passes are issued, one book at a time, by the custodian who checks the employee's allowance and the number of books previously issued to insure that the allowance is not exceeded. The employee signs the receipt and the custodian inserts the employee's name and the date on the receipt which is filed.
2. Passes for retired employees and employees on military leave are issued by the Personnel Benefits and Activities Division, Personnel Department upon request of individuals.

AK *JAG*

Revised December 20, 1973

3. Department Directors are authorized to increase the scheduled allowance when the need is clearly demonstrated.

D. Official Business Passes

The custodian inserts the bearer's name, date and reason for issuance on the stub. The stub remains attached to the book.

VI. General

A. Employee Leaving Port Authority Service

The organization unit head is responsible for obtaining unused passes from employees leaving the Port Authority.

B. Transferred Employee

The organization unit head is responsible for informing the new unit on form PA 1904, Transmittal of Personnel Records, of the number of form PA 378 books issued during the current year and the date the last form PA 166 book was issued.

C. Unused Passes

Employees return unused passes to the custodian when no longer needed. Unused passes are then sent to the Comptroller's Department (Audit Division) with a memorandum which includes the name of the employee to whom issued and book and coupon numbers. The Comptroller's Department destroys the passes and discards the memorandum after checking book and coupon numbers.

D. Lost Passes

An employee immediately reports lost passes to the custodian who makes a notation of the loss on the receipt (see V, B or C above). Replacement of lost passes is authorized if, in the unit head's opinion, circumstances warrant.

E. Misuse of Passes

Charges are preferred, and the employee is subject to cancellation of the pass privilege, for misuse of passes.

P.D.I. 7-1
SERVICE AND PERSONAL REVOLVERS
REVISED - NOVEMBER, 1983

I. INSTRUCTIONS

This instruction prescribes the methods for the safe handling of the issued service revolver and any personal revolver authorized for use as an off-duty weapon or as a second-gun on duty, and includes inspection schedules and related controls.

II. OFFICIAL REVOLVERS ISSUED

All members of the force will be assigned a service revolver at the time of their appointment. This revolver will be a standard Police Special model .38 caliber 4" barrel manufactured by the Colt or Smith and Wesson Firearms Company. Members of the force assigned to plainclothes duty may be issued a .38 caliber Police Special, 2" barrel, instead of the regulation 4" barrel revolver. In the event it is necessary for these officers to wear the Police Uniform, it will be permissible for them to wear the 2" barrel revolver, provided it is in a hip holster.

III. USE AND SAFEGUARDING OF SERVICE AND PERSONAL REVOLVERS

Members of the Port Authority Police Force are required to wear an assigned revolver while on duty and have the option to carry or not carry an approved revolver while off duty. In addition, while on duty a member may wear a second revolver provided the weapon is registered in accordance with Paragraph IV-A & B and meets the criteria as set forth in Paragraph IV-C. The second revolver must remain concealed at all times while on duty.

- A. Service revolvers must have a blued finish and must be equipped with standard checkered, hardwood factory stock, and may have grip adapters that are approved by the Chief Range Officer.
- B. Only .38 Caliber Special, 158 grain, +P factory manufactured semi-wadcutter lead hollow point cartridges are authorized for use in the service revolver.
- C. Each officer shall wear the service revolver while on duty. The regulation Port Authority holster or authorized replacement is required while on duty. A standard holster which insures the safe wearing of the second revolver shall be used whenever the second weapon is carried on duty.
- D. The service revolver and personal revolver authorized for use as an off-duty weapon or as a second-gun on duty shall not be stored in lockers or any motor vehicle, with the exception that they may be stored at a facility in gun lockers provided for this purpose.
- E. The service revolver and any personally owned revolvers shall be used only in the manner prescribed by law.

V.

SAFETY-SERVICE AND PERSONAL REVOLVERS

- A. Every precaution shall be taken in the handling of the revolver. (See P.D.I. 4-11, Use of Firearms and Deadly Physical Force.)
- B. A revolver shall never be removed from the holster except as prescribed by regulations. Horseplay or the brandishing of weapons is forbidden.
- C. Gun-cleaning equipment shall be kept at each facility for the use of individual police personnel. Safety regulations shall be observed at all times while guns are being cleaned.
- D. In the homes, revolvers shall be kept in a safe place out of the reach of children, who would be cautioned never to touch the revolver.
- E. Police Officers who clean their revolvers at home shall use every safety precaution and should do so in a room where no one else is present.
- F. Under no condition will the firing pin or mechanism of the revolver be tampered with, the trigger pressure reduced below three and one half pounds or the appearance of the gun altered in any way except as in "G" below.
- G. Adaption or alteration to the service revolver or to any personal revolver authorized for use as an off-duty weapon or as a second-gun on duty will not be permitted except for the addition of "grip adaptors." The cost for such addition will be borne by the individual concerned.

VI.

INSPECTIONS

In order to insure that the service revolver and any authorized personal revolver worn as a second-gun on duty are in good condition at all times, the following inspection schedule will be adhered to. It is the responsibility of the Facility Police Commanding Officer to insure that inspections "A" and "B" below are carried out.

A. At roll calls:

Spot checks will be made by the ranking superior officer at each roll call formation. At least one service revolver and second weapon if worn must be inspected at each roll call (See P.D.I. 4-12, Revolver Inspections as Roll Calls).

B. On special duty:

Ranking superior officers will spot check the service revolvers and second weapon if worn of police officers who do not stand roll call.

C. A qualified member of the force will inspect each service revolver annually. This inspection will be conducted prior to the annual Pistol Qualification and Uniform Inspections.

Joe *AK*

- F. When an officer is traveling in civilian clothes, the revolver shall be worn so that it is out of sight of the public. The carrying of revolvers in separate packages is prohibited.
- G. Officers assigned to the emergency garage shall wear their service revolver at all times while on duty.
 - 1. Airport emergency crews shall secure their revolvers and gun belts in the specially constructed strong box provided for that purpose.
- H. Gun lockers shall be installed and maintained at each Police Unit. Such lockers are to be made available to members of the command who request them.

IV.

PERSONAL REVOLVERS AND SECOND WEAPON

- A. It is the responsibility of each member of the force to register with the Office of the Superintendent of Police any personally owned pistols and revolvers of whatever type or model. This registration will be made in person with the Police Equipment Sergeant at JSTC, by filling out form 2815, Personal Gun Registration, and providing the necessary documentation. This registration must take place immediately after acquisition of personally owned pistols and revolvers.
- B. A member of the force who desires to wear his personal revolver while off duty or as a second gun shall obtain authorization to do so by registering the revolver for that purpose with the Officer of the Superintendent of Police. The revolver must then be inspected, tested and approved at the Pistol Range by the Range Officer in charge.
- C. The only revolvers approved *for use as an off-duty weapon or second weapon while on duty will be a .38 Caliber Special revolver designed to use either .38 Caliber Special 158 grain, standard velocity, round nose, factory manufactured cartridges or .38 Caliber Special, 158 grain, +P factory manufactured semi-wadcutter lead hollow point cartridge.** These weapons may have a blued, stainless steel, alloy or armoloy finish approved by the Range Officer.

*NOTE: All .38 Caliber Positive revolvers approved prior to July 1, 1964, may be utilized as an off-duty weapon.

**NOTE: Manufacturers DO NOT recommend the use of this ammunition in aluminum framed weapons.

- D. Any member of the force who sells or otherwise disposes of a revolver must do so in accordance with Paragraph X of this instruction and in addition, must immediately notify the Office of the Superintendent of Police by memorandum. A copy of this memorandum will be placed in the officer's personal file.

In addition, the personal revolver of all members of the force will be inspected prior to the annual Pistol Qualifications.

VII. QUALIFICATION WITH THE SERVICE REVOLVER

- A. Each member of the uniformed force shall fire the service revolver which has been issued to him during all phases of Pistol Qualification in accordance with P.D.I. 9-2.
- B. Members of the force are considered "On Duty" while attending either In-Service Training at the Police Academy, or any other authorized training program, and are therefore, require to carry their service revolvers.

VIII. GENERAL MAINTENANCE AND REPAIR

- A. Any officer who considers his service revolver to be in need of repair because of mechanical defect, which would affect the safe and efficient operation, will bring it to the attention of the Tour Commander at the facility. If the Tour Commander determines the gun defective, the gun shall be brought to the Central Police Desk, where the Equipment Sergeant or the Central Police Desk Sergeant will supply a temporary replacement. All repairs of this nature will be done at Port Authority expense.
- B. In order to prevent a member of the force from going unarmed while on duty, due to an unserviceable revolver, a spare revolver is kept at the Central Police Desk for such emergencies.

The revolver held at the Central Police Desk will only be used to replace unserviceable revolvers during non-office hours.

During normal office hours (8 AM-4 PM Monday through Friday) defective revolvers will be replaced from the stock maintained by the Police Division Equipment Sergeant.

IX. HANDLING SERVICE REVOLVERS AND SECOND WEAPON IF WORN - START AND END OF TOUR

- A. When using the service holster for both civilian and uniform wear, there is no need to remove the gun from the holster. The officer shall slip the holstered gun from his belt and place it on the floor of the locker until he has completed his change of clothes.
- B. When changing from civilian-type holster to regulation holster, the revolver shall be carefully drawn and placed immediately into the service holster. The holstered gun shall be placed on the floor of the locker.
- C. When changing from service holster to civilian-type holster, the holstered gun shall be placed on the floor on the locker. After the change to civilian clothes, the revolver shall be carefully withdrawn from the service holster and placed into the civilian holster. *ALC*

- D. A revolver shall be placed at the lowest practical level to the floor so that in the event of an accidental drop, the chance of discharge is minimized.

X. SURRENDER OF REVOLVERS - TERMINATION OR SUSPENSION FROM DUTY

When a person terminates his service as a member of the Police Force or if he is suspended from regular duty, they shall surrender the revolver at the same time as they surrender the police shield to the Facility Police Commanding Officer or his representative, or to the Sergeant in charge at the Central Police Desk.

A. Surrender of Personal Revolvers - New York State Residents

1. Prior to Termination

Each member of the force who is a New York State resident, and who owns a personal revolver, shall attempt to lawfully dispose of the revolver to a person or company authorized by law to receive same, and will submit a report to the Superintendent of Police giving the name and address of the person or company receiving the gun and the authority for receiving same.

2. At Time of Termination

In the event the revolver has not been disposed of prior to termination, the officer shall surrender it to the Office of the Superintendent of Police. The revolver will be stored in the Office of the Superintendent of Police for a period of 6 months. If the weapon is not claimed after 5 months, a registered letter will be sent to the owner advising him that if the weapon is not claimed in 30 days, the weapon will be disposed of by the department. Weapons not legally disposed of by the owner, will be disposed of as prescribed by the Superintendent.

3. Transfer to Another Police Agency

The above rules does not apply if the officer is immediately employed by another police department at the time of his termination of P.A. service.

4. Where Pistol Permit is Obtained

The above rules does not apply if the officer has obtained a pistol permit from his city police department prior to termination of his service.

5. Suspended from Duty

Immediately upon being suspended from regular duty, an officer who is a New York resident, must surrender his service and personally-owned revolver(s) to their Commanding Officer or his representative.

B. Surrender of Personal Revolvers - New Jersey Residents

In New Jersey, the law permits adults to keep a revolver or pistol in the home, so it is not necessary for New Jersey residents to surrender personally-owned weapons. However, if a personal weapon is disposed of prior to termination, PDI 7-3, Section VIII, shall apply.

XI. SURRENDER OF SERVICE REVOLVERS - PERIODS OF HOSPITALIZATION
VACATIONS , ETC.

In certain instances, it may become necessary for a police officer to temporarily surrender his service revolver; e.g., admittance as a patient in a hospital, vacationing in other than the states of New York and New Jersey, or while utilizing Port Authority Medical Service facilities, etc.

Individual gun lockers installed at each facility police command can be used to safeguard and store a revolver under situations covered by this section.

In the event a member is unable to personally surrender his weapon under situations covered by this section, the facility Commanding Officer shall arrange to retrieve the service revolver where possible and safeguard the weapon.

A. Surrender of Service Revolver - Vacations, Hospital
Admittance and Other Extended Periods

1. Police Officer may deliver his unloaded revolver to the Facility Police Commanding Officer.
2. The Facility Police Commanding Officer will tag the revolver and then make out a receipt in duplicate, issuing the copy to the officer and retaining the original to the Facility Police Commanding Officer's file.
3. The Facility Police Commanding Officer will make a blotter entry showing the time and date the revolver was surrendered, by whom, the Port Authority number of revolver, and the reason for surrender.
4. The revolver will be placed as soon as possible in the Facility Police Commanding Officer's safe for safekeeping.

B. Return of Revolver

1. The police officer will personally present his receipt for the return of his revolver to the Facility Police Commanding Officer.
2. The revolver tag and the original and duplicate receipts will be destroyed, and the revolver returned to the officer.

C. Facilities not Equipped for Safeguarding Surrendered
Service Revolvers

Members of the force required to utilize Medical Service facilities for annual medicals or other examination, must secure their revolver with the facility Desk Officer at which the medical facility resides, prior to reporting to the medical area.

Desk Officers will maintain custody of the revolver for the necessary period of time.

NOTE: At Kennedy Airport, the revolver will be secured in a locked strongbox at the Medical Building which is provided for that purpose.

At Journal Square Transportation Center, the revolver will be secured with the Central Police Desk Sergeant.

At the World Trade Center, the revolver will be secured at the World Trade Center Police Desk.

At the Lincoln Tunnel, the revolver will be secured with the Tour Commander.

XII. LOSS OR THEFT OR REVOLVER

A. Any member of the force who loses his service or any of his personally-owned revolvers through theft, or any other reason must immediately notify the Central Police Desk by telephone. Written notification will also be made without delay to the Facility Police Commanding Officer and to the Superintendent of Police. The Facility Commanding Officer will file a copy of the memorandum in the officer's personal file.

B. The owner of the weapon will be responsible for the proper notification to the police of the municipality where the loss or theft is believed to have occurred.

DOCUMENT "R"

TO: All Facility Police Commanding Officers
FROM: John S. Goivanni
DATE: September 29, 1981
SUBJECT: POLICE LIEUTENANT – MEAL AND RELIEF PERIODS

COPY TO: R. Bennett, D. Darcy, L. LaCapra, J. Perretti, E. Rossano

A recent arbitration decision involving Police Lieutenants meal and relief periods has resulted in clarifying several questions.

Police Lieutenants are entitled to up to 75 minutes for meal and relief periods during their tour of duty, and we all must recognize that they are as much entitled to enjoy an uninterrupted meal break as anyone else. Commanding Officers are encouraged to review existing practices and adopt revisions to procedures to permit the scheduling of an uninterrupted meal break for all Lieutenants.

Certainly, in emergencies or for other critical reasons, interruptions may occur, or meal periods may have to be rescheduled, but significant reduction in such interruptions can occur through the establishment of priorities.

While you should also be aware that overtime compensation is not authorized to be paid for missed meal periods, you are authorized to provide appropriate excused time in the event meals have been reduced or interrupted.

REMOVAL OF AN EMPLOYEE FOR MENTAL OR PHYSICAL DISABILITY

I. Introduction

This PAI applies only to permanent classified employees (see PAI 20-1.01, Categories of Port Authority Employment).

II. Employee's Rights

- A. No permanent classified employee shall be removed from his position because of mental or physical disability without a hearing as described below, unless such hearing is waived.
- B. In all cases where an employee is to be removed from his position for reasons of mental or physical disability, the Personnel Director notifies the employee in writing of the intention so to do and informs him of his right to a hearing. Such notice is delivered to the employee or mailed to his last known address as appearing in the Personnel Director's records.
- C. If the employee fails to request a hearing within fourteen (14) days after the delivery or mailing of such notice such hearing is considered waived.
- D. If the employee requests a hearing, the hearing shall be before a Board appointed by the Executive Director and consisting of three or more members.
- E. These provisions do not apply when the employee has reached an age fixed by the Port Authority for compulsory retirement.

III. Removal Procedure

- A. Dismissal, demotion, application for involuntary retirement and other actions which substantially change the employee's duties and responsibilities is understood to be included within the meaning of the language, "removal of an employee from his position."
- B. The initiative in each case is to be taken by the department head in the form of a memorandum addressed to the Executive Director, recommending the particular action to be taken.

ALH *JLB*

- C. The Executive Director notifies the initiating department head whether the recommendation is approved or disapproved.
- D. If the recommendation is approved, the Executive Director also notifies the Personnel Director who sends out the letter of notification to the employee. It is the responsibility of the Personnel Director to follow up the notification. At the end of the fourteen (14) day period provided, the Personnel Director notifies the initiating department if there is no response from the employee and therefore the right to a hearing has been waived. If there is an earlier response from the employee requesting a hearing, the Personnel Director notifies the Executive Director and the initiating department so that a Board may be established.
- E. It is the additional responsibility of the Personnel Director to provide such services to the Board as it may require.

IV. Hearing Procedure

- A. The Board investigates and determines whether the employee is mentally or physically incapable of performing his duties, and reports its findings to the Executive Director. The findings and recommendations of the Board are now, however, binding upon the Executive Director, but may be reversed or modified by him.
- B. The Board shall afford the employee an opportunity to appear before it in person, or by representative to make a statement and to produce medical testimony, medical certificates and other pertinent data. The failure of an employee to appear in person or by representative before the Board is considered a waiver of his right so to do, and the employee is unable to attend, due to mental or physical disability, that fact may be taken into consideration by the Board in arriving at its conclusion.
- C. The Board is not confined to evidence and testimony presented at hearings at which the employee is present, but may base its findings and recommendations upon investigations made or data received outside of such hearings.

RE: Settlement of Holiday Pay Grievance

Gentlemen:

The following represents full settlement of Grievance Numbers 12P-86 and 16L-86 which deal with the proration of holidays and payment thereof upon death or retirement of an individual in good standing. Particular to these grievances are P.O. Malvey and Lt. R. Prior. However, this settlement will be acknowledged by all unions to provide consistency of payment and to preclude any subsequent grievances on this subject.

The parties agree that, with respect to the computation of the allowance attributable to holidays to be granted to a unionized police employee in good standing who is separated for such reasons as reduction in force, death or retirement, the proration shall be based on the number of RDO's remaining in the individual's schedule as of the date of separation with the last 12 RDO's to be attributable to holidays to be paid on separation.

For example, an individual with 10 RDO's remaining in his/her schedule as of the date of separation shall be credited with 10 days attributable to holidays to be paid upon separation. An individual who has received his/her entire allotment of RDO's as of the date of separation shall not be credited with any days attributable to holidays, to be paid upon separation.

This settlement is not intended to alter in any way the method of payment for vacation upon separation. Namely, individuals shall continue to receive payment for unused vacation in the year of separation in accordance with Appendix D of the respective Memoranda of Agreement.

This agreement is contingent upon acceptance by the PBA, SBA, DEA and SOA of this method of proration in light of the fact that all four organizations have the same language in their agreements with respect to this item.

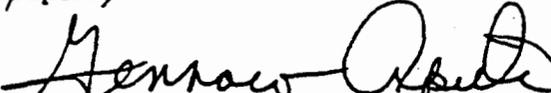

Sincerely,

Gerald R. Drasheff, Manager

4. The Port Authority will establish within the Criminal Investigations Bureau a unit staffed by police and non-police personnel to perform the functions previously performed by the Office of Special Planning, to include the gathering and dissemination of terrorist/intelligence information and the performance of security studies and evaluations requested of Police Division. Dear Lieutenant Echavarria and Mr. Lynch:

The parties agree to the following in full resolution of the above referenced Improper Practice Charges and Grievance.

IP 97-12 (UOAT) and 1L-97

The Union of Automotive Technicians ("UOAT") filed Improper Practice Charge IP 97-12 with the Port Authority Employment Relations Panel ("Panel") alleging that The Port Authority of New York and New Jersey ("Port Authority") violated the Port Authority Labor Relations Instruction ("Instruction") by failing to provide UOAT members with a Personal Information Profile for 1996. Likewise, the Port Authority Lieutenants Benevolent Association ("LBA") filed a grievance with the American Arbitration Association alleging that the Port Authority violated the Memorandum of Agreement by failing to provide LBA members with a Personal Information Profile for 1996. This grievance was withdrawn from the American Arbitration Association and consolidated with the above referenced charges.

ALC
ALC

In resolution of IP 97-12 and LBA Grievance 1L-97 the Port Authority acknowledges: under the Memorandum of Agreement between the Port Authority and the UOAT §XI b. and under the Memorandum of Agreement between the Port Authority and the LBA Letter Addendum dated June 3, 1993, the Port Authority is obligated to issue Personal Information Profiles to members of the UOAT and LBA bargaining units on an annual basis. The Port Authority did not issue Personal Information Profiles in 1996.

IP 97-31 (LBA) and IP 97-32 (UOAT)

The LBA and UOAT filed identical Improper Practice Charges against the Port Authority alleging that it violated the Instruction and the parties' Memorandum of Agreement by implementing unilateral alterations in the June 1997 distribution of Personal Information Profiles.

In resolution of IP 97-31,32 the Port Authority agrees to include the following in the 1998 Personal Information Profile:

1. **Health Insurance** - The same type of information as set forth in the 1997 Personal Information Profile will be included. However, the open enrollment health insurance package describing the plans will also be attached to the end of each Personal Information Profile.

3. **Retirement System** - The same type of information regarding the retirement system as set forth in the 1997 Personal Information Profile will be included. However, this section will also refer employees to their New York State and Local Retirement Systems Member Statement for specific information. The Port Authority agrees that if the New York State and Local Retirement Systems cease providing the information set forth in the Member Statement, the Port Authority will provide the same type of information on the retirement system that was included in the 1994 Personal Information Profile.
4. **Sick leave** - The Personal Information Profile will refer to the current Memorandum of Agreement.
5. **Vacation** - The Personal Information Profile will refer to the current Memorandum of Agreement.
6. **Personal leave days** - The Personal Information Profile will refer to the current Memorandum of Agreement.

OPERATING INSTRUCTION

PAY PLAN C INGRADE SALARY INCREASES
(Effective September 9, 1973)

I. Introduction

This instruction describes the manner in which all Pay Plan C ingrade increases are initiated and processed. It supersedes the Interim Instruction, Service C Ingrade Increase Processing Procedure, dated October 5, 1964.

II. Principles

- A. Pay Plan C Employees' ingrade salary increases, except when they are formally withheld, are granted in pre-determined dollar amounts as shown on salary tables in the Personnel Classification and Compensation Plan, and in accordance with a pre-determined time schedule.
- B.
 1. Beginning with the effective date of this Instruction, the salaries of Pay Plan C Employees will automatically be increased, in accordance with the schedules and tables cited in paragraph A, above, by computer program, except when an employee's unit notifies the Personnel Department that the scheduled increase is to be withheld.
 2. Special cases requiring retroactive ingrade increases will be handled individually by submitting an Employee Record, form PA 87 to the Administrative and Employee Benefits Division.
- C. Primary responsibility for the granting or withholding of an ingrade salary increase rests with the employee's unit which must, therefore, verify the information on the form PA 2870 to assure that the employee is entitled to the increase shown thereon. In the absence of notification to the contrary, the employee will automatically be granted all scheduled ingrade salary increases.
- D. The unit's reason for the withholding of a scheduled ingrade salary increase from an employee is reviewed in all cases by the Operating Personnel Division of the Personnel Department.

III. Procedure

- Step 1 Each payroll period the computer prints two copies of the Pay Plan C Ingrade Increase Recommendation, form PA 2870, for each Pay Plan C employee whose ingrade increase review date is four pay periods hence. The Administrative and Employee Benefits Division sends both copies of the form to the employee's unit or facility. If the unit or facility does not receive the form PA 2870 by the proper date (see Attachment A), it notifies the Administrative and Employee Benefits Division.

Step 2 The employee's unit head fills in part one of this form and sends both copies to the employee's supervisor.

Step 3 The supervisor answers the questions in part two and returns the copies to the unit head on or before the date specified, together with any evidence of poor performance or misconduct that he may wish to include.

Step 4 The unit head either approves or disapproves the increase and notifies the employee of the decision.

If the increase is approved, copy 2 of form PA 2870 is destroyed and copy 1 is retained by the unit until the new form PA 87 is received.

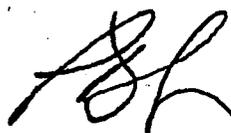

If the increase is disapproved, the unit head enters the next review date, which may not be less than three months nor more than one year from the date of the proposed increase.

He signs the form PA 2870 and, by the date specified in the lower left hand corner of the form, sends copy 1 to the Administrative and Employee Benefits Division, accompanied by a memorandum detailing the reason(s) for disapproving the increase. For this mailing, Messenger Delivery Receipt, form PA 108, is used. Copy 2 is filed with a copy of the memorandum in the employee's folder at his unit or facility.

NOTE: In cases where a department's internal procedures require review of disapproved ingrade increases by the Department Director's office, the form and memorandum are sent there first and then to the Administrative Division. Adequate time for this additional step must be allowed, however, so that the specified date for submission is met.

Step 5 The Administrative Division sends this form and memorandum to the Operating Personnel Division for review.

Step 6 The Operating Personnel Division reviews the reasons for disapproval and notifies the employee's unit if it differs with its recommendation. (Differences are resolved between the Personnel Department and the employee's unit at appropriate levels of management.) Otherwise, it forwards copy 1 of form PA 2870 to the Administrative Division which in turn forwards it to the Payroll Section. The memorandum is retained in the employee's folder in the Personnel Department.

Step 7

If the increase has been approved, the employee's salary is automatically increased by the computer program on the correct date.

If the increase has been disapproved, the employee's salary remains unchanged, the next review date is entered in the employee's record in the data bank and a new Ingrade Increase Recommendation, form PA 2870 will be printed out for the employee at the proper time.

Step 8

In all cases a new Employee Record, form PA 87 is printed out, and distributed to the employee's unit by the Administrative Division.

Where an ingrade increase has been approved, the form PA 87 shows the new salary and the next review date.

Where an ingrade increase has been disapproved, the form PA 87 shows the next ingrade increase review date.

In either case, the unit assures that the information recorded on the new form PA 87 is correct and brings any errors to the attention of the Administrative and Employee Benefits Division.

MILITARY LEAVE

I. Introduction

This Instruction outlines the policy and procedure for granting Short-Term and Extended Military Leave to Port Authority employees.

II. Policy

- A. Only permanent employees including those in a probationary status, are granted short term and extended military leave. Project employees are granted short term military leave only.
- B. This Instruction should be interpreted in order to assure that in each case the reemployment protection provided to Port Authority employees is no less than the protection provided to private and federal employees under the Universal Military Training and Service Act. Within this general limitation, the Director, Human Resources Department, may modify applications of the provisions of this Instruction in special cases where this will serve the best interests of the employee and the Port Authority. Where an employee has been recalled to active duty as a disciplinary measure (for example, because of failure to attend drills) the Director, Human Resources Department, may reduce or eliminate benefits provided under this Instruction.
- C. Permanent employees, including those in a probationary status, on military leave are considered continuously employed and retain their original date of employment for all purposes.

III. Extended Active Duty -- Salary and Benefits

- A. Permanent employees, including those in a probationary status, who are granted military leave for extended active duty receive a military leave payment as described in Attachment A to this Instruction.
- B. Permanent employees, including those in a probationary status, who have served two years or more in full-time active military service and who are recalled to extended full-time active military service without their consent, receive partial salary continuation during such additional involuntary service up to one year, as described in Attachment A to this Instruction.

IV. Short-Term Active duty -- Salary and Benefits

In general, it is the policy of the Port Authority to protect from loss of income any employee who is granted military leave for short-term

active duty. Accordingly, partial salary continuation is paid to employees on short-term active duty as described in Paragraph IV, A of Attachment A to this Instruction.

V. Procedure

MILITARY LEAVE OPERATING RULES AND PROCEDURES

I. Definitions

- A. "Military Leave" is any authorized absence of an employee so that he may undertake active military duty with the Armed Forces of the United States, the National Guard, or the Naval Militia.
- B. "Extended Active Duty" is any period of full-time active military service or training in excess of 30 consecutive calendar days.
- C. "Short-Term Active Duty" is any period of full-time active military service or training of 30 calendar day or less in any calendar year.
- D. An "examination" consists of a written, oral, or performance test, or of one or more such tests. "Make-up examinations" are those given to employees prevented by military leave from participating in all or part of the original test.

II. Request for Leave

Any employee who wishes to receive military leave notifies his supervisor as soon as possible of that fact and of the expected dates on which the active duty is expected to start and to end.

The employee submits a written request for military leave (see Attachment B) and a copy of his official orders to active duty to his Unit Head. The orders and the request are then forwarded to the department director for his/her approval. A copy of the request and the orders along with a completed Employee Record, form PA 87 (only in cases of extended active duty), authorizing the leave of absence are forwarded to the Supervisor, Payroll and Administrative Services, Human Resources Department. If the employee wishes to use all or part of his accrued compensatory time or vacation time for military leave, this should also be noted in "Remarks." This time may be applied in whole working days but not in hours. If the entire period is taken as compensatory time or vacation time, no Payroll Notice is needed. Specific cases requiring further interpretation or determination are considered on an individual basis by the Manager, Employment Division, Human Resources Department.

CN-225
1/22/90

If the department director approves the request for leave, the Unit Head notifies the employee of the approval and forwards a copy (only in cases of extended active duty) of the approved request memorandum to the Supervisor, Payroll and Administrative Services, Human Resources Department.

CN-225

III. Provisions for Extended Active Duty (Long-Term Military Leave)

A. Military Leave Payments

Any employee granted military leave for extended active duty of one year or more, receives a military leave payment of one day's pay for

each full month of Port Authority Service, not exceeding 20 days' pay. The employee also receives cash payment for any accumulated vacation or compensatory time credited to him at the commencement of military leave.

B. Insurance and Retirement Programs

1. Health Insurance

Any employee who is a member of the P.A. group health insurance plans upon commencement of military leave is protected against any loss of benefits under these plans on return to P.A. employment. Group health insurance is suspended for the employee while on military leave, with all previous benefits being resumed upon reinstatement.

Dependents of such employees suffer no diminution of health insurance benefits while the employee is on military leave; however, dependents are expected to make use of appropriate Federal Government health care programs. The Port Authority pays any necessary subscription charges for group health insurance while employees are on military leave.

2. Life Insurance

When an employee commences military leave his membership in the Group Life Insurance Program terminates but his policy remains in effect for 31 calendar days. Upon return to Port Authority employment, he is reinstated to full membership in the program.

3. Retirement Program

Any employee who is a member of the New York State Employees' Retirement System when he commences military leave for extended active duty will, upon reinstatement, receive the same retirement benefits he would have received had he not been on military leave.

C. Vacation Allowance

1. For the year in which a long term military leave begins, vacation allowance is as specified in PAI 20-3.01, Vacations, Attachment A, Paragraph II.
2. Upon reinstatement after military leave for extended active duty, an employee receives a vacation allowance as specified in PAI 20-3.01, Vacations, Attachment A, Paragraph II.

D. Promotion Opportunities

1. When the employee departs on Extended Military Leave, he is requested to furnish a list of all promotion eligible lists, rosters and transfer lists in which his name appears. Each of these are noted in the employee's folder by the Human Resources

Representative who indicates the length of time remaining on the ranked vertical eligible lists before the list's expiration.

2. Promotion Examinations During Military Leave

An employee on military leave may participate in any promotion test if he can be present for the test; that is, if he is on furlough or is stationed near New York.

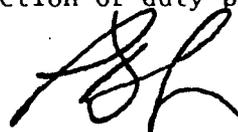

3. Upon Return from Leave

- a. An employee on a permanent horizontal promotion roster when he left has never been deleted from the roster and therefore is still actively on the roster.
- b. An employee on a ranked vertical promotion eligible list which expires during his military leave will upon his return from military leave be placed on top of the then current promotion eligible list for the length of time he had remaining between the day he left for service and the expiration date of the original list.
- c. To the extent that it is administratively possible, he will be permitted to take make-up exams for any promotional opportunities that occurred during his absence for which he would have been qualified if he were here when the examinations were given. This is usually feasible if the examination consisted only of a written and/or individual oral examination.
- d. He is immediately eligible to participate in any promotion examination in process for which he is qualified.

E. Reinstatement After Extended Military Leave

At the time an employee returns from extended active duty he is given a medical examination by the Office of Medical Services. An employee returning from military leave is restored to his former title or to a position of like seniority, status and pay as long as all of the following circumstances exist:

1. He has satisfactorily completed his period of military active duty or has been released from such service or training for medical reasons.
2. He makes application for reinstatement as soon as is reasonably practicable after discharge, release or rejection from military active duty or training, or after termination of service-connected hospitalization of not longer than one year.
 - a. Any employee (1) who is rejected during the induction process, or (2) who performs active duty for less than three consecutive months, must report for work at the beginning of his next regularly scheduled working day following such rejection or duty plus whatever time, if

any, is reasonably necessary to return to his place of employment.

- b. Any employee who returns from active duty under any other circumstances must apply for reinstatement within 90 calendar days after being released.
3. He is qualified to perform the duties of his former Port Authority title when making application for reinstatement. If an employee is not qualified to perform the duties of his former Port Authority title by reason of disability sustained during military service or training, or if his former position has been discontinued, he is restored to another position the duties of which he is qualified to perform. The new title should provide him seniority status and pay most nearly comparable to that which he would have if he were to occupy his former title.
4. He refrains from re-enlisting or otherwise voluntarily prolonging extended active duty when he is eligible for separation.
5. Permanent Employees in a probationary status are treated as permanent employees, except that military leave time cannot be used to complete the probationary period.

IV. Provisions for Short-Term Military Leave

A. Pay

1. Rules

An employee ordered to short-term active duty is paid the difference between his federally taxable Port Authority pay and his federally taxable military pay, providing that the employee's military pay does not exceed his Port Authority pay. Travel allowances, uniform allotments, etc., are not normally considered military income for this purpose.

No part of short-term military leave is charged to compensatory time except after the employee's right to receive make-up pay has been exhausted. When a paid holiday occurs during an employee's military leave no additional day off is granted.

If any part of such duty is undertaken on a voluntary basis, the employee receives make-up pay for periods of absence totaling up to, but not more than 30 calendar days in any 12 consecutive months. Weekly or monthly drills are excluded in calculating the amount of short-term active duty subject to make-up pay.

2. Procedure

Any employee who is granted military leave for short-term active duty and who upon reinstatement is entitled to make-up pay must,

within 45 calendar days after returning to work, furnish the Supervisor, or Unit Head with his military pay voucher upon which CN-225 make-up pay can be calculated. If an employee has not furnished 1/22/90 the necessary voucher within 30 calendar days after returning to work, the Supervisor, or Unit Head will advise the employee by registered mail that unless he does so within the prescribed 45 calendar days, all wages paid to the employee by the Port Authority for the period of the military leave in question will be deducted. In this case, when the voucher is submitted any necessary adjustment will be made in the next pay period.

B. Insurance and Retirement Programs

All employee benefit programs, including health insurance, life insurance, and retirement plan, are continued for any employee who is granted military leave for short-term active duty. Employee contributions if any, covering the period of absence are made by regular payroll deduction.

C. Vacation Allowance

Any employee who is granted military leave for short-term active duty is not thereby deprived of any part of the vacation to which he is entitled. Any employee who wishes to use his vacation to undertake short-term active duty may request that his vacation be scheduled accordingly, and every effort is made to meet this request. However, because in such instances a full vacation salary is received, provisions in this PAI relating to make-up pay (see A, above) do not apply. If an employee chooses to receive make-up pay, he may not schedule vacation day during his military leave. He may, however, take vacation immediately before or after his military leave if his Unit Head approves.

D. Employee's Work Schedule

An employee returning from short-term military leave of two weeks or more is given Saturday and Sunday as RDO's during the period of his leave.

V. Part-Time Periodic Drills

Employees who are members of the organized reserves or the National Guard generally have an obligation to participate in weekly or monthly drills of short duration (constituting typically either 2 to 4 hours per week or one weekend per month). Whenever possible, working hours for such employees are scheduled to eliminate or minimize the occasions when it is necessary for them to be absent from work during scheduled working hours; however, the schedule of working hours should avoid giving such employees favored treatment over the other employees in the same position classification and otherwise similarly situated. Employees should, whenever possible, avoid reserve assignments which require them to be absent during scheduled working hours.

LAG
AR

Whenever there is a conflict between periodic military drills and scheduled Port Authority working hours it is expected that the employee involved will arrange to exchange tours of Port Authority duty on a voluntary basis with another employee in the same position classification. If, however, an employee who is required to attend weekly or monthly drills on an involuntary basis as part of his military obligation is unable to make this arrangement, the manager of the organizational unit involved makes the necessary reassignments of tours of duty. An employee who has undertaken or extended his membership in the organized reserves or National Guard on a voluntary basis is expected to make his own arrangements for exchanging tours of duty where this is necessary to attend such drills.

VI. Recalled Employees

A. Partial Salary Continuation

1. Rules

Any employee who is recalled to active duty without his consent, receives partial salary continuation up to one year. At the end of one year, the employee is covered under the non-salary provisions which apply to long-term leave.

The Port Authority pays to such an employee a percentage as specified below, of the difference between his federally taxable Port Authority pay at the time he re-enters service and his federally taxable military pay for such period, as follows:

- a. Any employee who has more than one dependent receives 100% of such difference.
- b. Any employee who has one dependent receives 75% of such difference.
- c. Any employee who has no dependents receives 50% of such difference.

Partial salary continuation checks are mailed bi-weekly on regular pay days by the Comptroller's Department to the employee or to anyone he designates in writing.

2. Procedure

An employee who is granted military leave for extended active duty and who is entitled to partial salary continuation under the provisions of Par. VI, A, furnishes the Supervisor, Payroll and Administrative Services, Human Resources Department promptly with acceptable information regarding military pay, number of dependents, and name and address of the dependent who is to receive partial salary continuation. Changes in military pay which occur while such employee is eligible to receive partial continuation must also be reported promptly to the Supervisor, Payroll and Administrative Services, Human Resources Department. The Supervisor, Payroll and Administrative Services notifies the

CN-225
1/22/90

CN-225
1/22/90

Comptroller's Department of the make-up pay, military leave payment, or partial salary continuation arrangements which must be made.

B. Insurance, Retirement, Vacation and Promotion Programs

Recalled employees are treated as short-term leave employees for the first 30 days' duty, and as employees on long-term leave thereafter.

THE PORT AUTHORITY OF NY & NJ

MEMORANDUM

Office of the Chief Administrative Officer

TO: Joseph J. Seymour, Executive Director
FROM: Mary Lee Hannell
DATE: April 29, 2003
SUBJECT: MILITARY LEAVE POLICY ADDENDUM – TEMPORARY AND EXTENDED FULL TIME ACTIVE DUTY - INVOLUNTARY CALL UP

COPY TO: L. LaCapra, L. Hofrichter, E. Schorno, S. Walsh, All Chiefs and Directors

Since the beginning of the events of Operation Enduring Freedom, many employers have experienced a temporary loss of staff who have been called to active duty in the armed forces. The sudden call-up caused employers to re-evaluate their existing military leave policies with respect to compensation and benefits and many have since altered their policies to minimize the financial impact on employees and their families. As a gesture of support for employees called to active duty and to more closely align our policy with that of other metropolitan area employers, our existing policy should immediately be modified as follows.

In connection with the events of Operation Enduring Freedom:

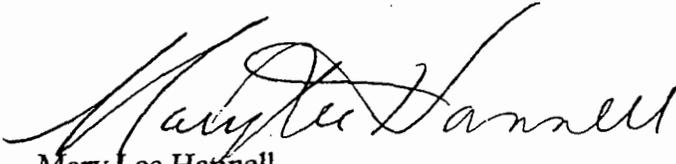

- provide payment of salary differential for those called up, regardless of status, for the duration of the leave;
- continue health and dental benefits coverage for employees and their dependents for the duration of the leave;
- continue life insurance coverage for the employees at their current level for the duration of the leave.

Since September 2001, several employees have been called to involuntary active duty and more are anticipated. A review of our records indicates that 44 employees have regularly taken short-term military leave. Since some employees use vacation time to satisfy their annual reserve requirement, the potential number of employees who could be called to duty may be marginally higher. However, since (1) these employees are not being permanently replaced; (2) the Port Authority will be reimbursed for the employees' military pay, and (3) the employees' medical costs will be at least partially paid for by military coverage, any additional costs associated with the recommended changes would not be material.

EXCUSED ABSENCES

I. Introduction

This instruction describes the Port Authority's policy regarding excused absences for permanent, probationary and annual employees.

II. Definition

Excused absences are any authorized absences from scheduled hours of work for which no deduction is made from the employee's compensation, and which are not attributable to vacations, holidays, sick leave, military leave, or compensatory time credited or to be earned.

III. Policy

A. All Service C Employees

Port Authority management grants time off with pay to Service C employees and identifies the absence as excused time under the following circumstances only:

1. Time necessary for involuntary participation in governmental proceedings such as jury duty, draft board examinations, Workmen's Compensation Board hearings, or appearing in court as a subpoenaed witness.
2. Time necessary for voting. Any eligible employee who desires to vote in a general election, primary election, special election or local election in the community where he resides, and who is required to work on the day of such election and whose hours of work are such that it will be difficult or impossible for him to vote, shall be granted two hours of excused time off to vote. Such time off shall be allowed only at the beginning or end of the employee's tour of duty as designated by his supervisor. However, any employee who has four or more consecutive hours before or after his working hours during which polls are open will be considered to have sufficient time to vote outside of his working hours and will not, therefore, be granted excused time.

JAE
AK

3. Time necessary because of a death in the employee's immediate family (spouse, child, parent, brother, sister, spouse's parent, other person living in the employee's home). When more than three scheduled work days are needed, the additional time must be approved by the employee's department director. Absences in excess of five work days for any one instance require written approval by the Personnel Director, copy to the Manager, Accounting Division.
4. Time for donating to the Port Authority Blood Bank. Any employee who donates blood to the Port Authority Blood Bank during his normal work schedule is granted the rest of that working day off as excused time. Any employee who donates blood outside his normal work schedule is granted three hours of excused time, to be taken at a time mutually convenient to the employee and his supervisor.
5. One day, in connection with wedding of the employee.
6. One day, in connection with time when employee's wife gives birth.
7. One day, when employee who is head of household moves his family from one permanent residence to another.
8. Illness of spouse when pre-school or disabled child needs care, or illness of minor (pre-high school) child when employee is the only adult in the household responsible for the minor child's care (limited to a total of two paid days off per calendar year).
9. Time necessary when extreme weather or other conditions, found to be beyond the control of the employee, affects transportation to the work location resulting in a delay or absence from work, when approved by the employee's department director or deputy director. This authority may not be delegated further.
10. When early termination of normal tour is required, in order to comply with posted snow schedule assignment or to provide eight hours between termination of work and start of new work resulting from a change in schedule, excused time up to four hours is granted when authorized by the department director.
11. When early termination of work day for non-field employees is announced by the Personnel Director.

JL
AS

12. When overtime work in excess of five and one-half hours is performed by an employee who is called in from off-duty status, sufficient excused time is granted in order to provide a period of four consecutive hours off before the employee starts his next normal tour. For example, if the employee works from midnight until 6 A.M. and is scheduled to work the 8 A.M. to 4 P.M. tour, he receives two hours of excused time and starts his tour at 10 A.M.
13. Special individual situations as recommended by the department director and approved by the Personnel Director.

B. All Service B (including EXB) Employees

All Service B (including EXB) employees may receive excused time off with pay at the discretion of division or facility managers, when operating conditions permit. Such absences, when granted, should be limited to the time off reasonably required by the situation giving rise to the absence. Absences in excess of five work days for any one instance require written approval by the Personnel Director, copy to the Manager, Accounting Division.

- C. All provisions of this instruction affecting police employees are administered by the Superintendent of Police through his staff or facility commanding officers (see PAI 10-11.05).**
- D. Service C, Clerical and Office classifications will be granted 1/2 day excused time, to be taken in combination with either the Good Friday half-holiday or the Christmas Eve half-holiday.**

LONG-TERM DISABILITY (LTD) PROGRAM
Lieutenants Benevolent Association (LBA)

INTRODUCTION

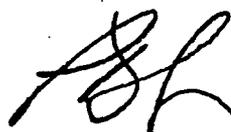

Effective July 3, 1983 the LTD program was extended to employees represented for collective negotiations by the Port Authority Lieutenants Benevolent Association in a Memorandum of Agreement executed on April 12, 2005.

LTD COVERAGE

Commencing July 21, 1991 if you have completed a minimum of one (1) year of continuous service with the Port Authority, you may be eligible for benefits under the LTD Program. The LTD Program is intended to partially replace the income you receive from the Port Authority during your active career should you become totally and permanently disabled due to an accident or illness. The term "totally and permanently disabled" means that you must be unable for the foreseeable future to perform the duties required of you as a Police Lieutenant. If your disabling condition resulted from your job, (e.g. was deemed an injury on duty (IOD) and/or determined to be compensable under Workers' Compensation) you cannot receive benefits under the LTD program except that effective July 2, 1998 an active Police Lieutenant who has a minimum of one year of continuous service as a Port Authority employee and who the Port Authority determines is permanently disabled due to an injury incurred in the line of duty but who has been denied by the New York State and Local Police and Fire Retirement System for both accidental disability retirement and performance of duty disability retirement shall also be eligible to apply for LTD benefits.

LTD BENEFITS

If you are found to have become totally and permanently disabled, you will be eligible to receive an LTD allowance which, in combination with other relevant income, does not exceed 60% of your final base annual compensation. If you are granted an LTD allowance, in no event may the total Port Authority's portion of your LTD benefit exceed 50% of your final base annual compensation. In calculating the amount of "other relevant income" that will offset the Port Authority's portion of your LTD allowance, the "Option Zero" amount of your New York State and Local Police and Fire Retirement System benefit, any Workers' Compensation benefit, and the Primary Insurance Amount of your Social Security

Administration benefit based on a complete earnings history will be used. Any cost-of-living increases in these benefits will not further offset your LTD allowance.

Any income which you earn (i.e. through employment including self-employment) after you are granted an LTD allowance, will be considered "other relevant income" and will offset the Port Authority's portion of your LTD allowance and/or may affect your continued eligibility for LTD benefits.

The Office of Medical Services may periodically re-evaluate your medical condition to determine if you continue to be totally and permanently disabled based on the disabling condition for which you were granted LTD benefits.

The effective date for the beginning of your LTD allowance will coincide with the effective date of your ordinary disability or service retirement with the New York State and Local Police and Fire Retirement System, the Social Security Administration as applicable, or Workers' Compensation benefit. When these dates are not applicable, the effective date for beginning the LTD allowance will be the date on which the Office of Medical Services determines that a disabling condition exists. In all cases payment of the LTD allowance will not commence until the employee has been placed on an inactive payroll status.

The LTD allowance is paid for the duration of your disability subject to periodic re-evaluation by the Human Resources Department including the Office of Medical Services, or until you reach age 65. If you are granted an LTD allowance after you reach age 60, you will be entitled to a minimum of five years of LTD payments.

While you are collecting LTD benefits, your Port Authority group health and dental insurance benefits will continue to be provided to you as if you had retired. Group health benefits are provided at no cost, and you may elect group dental benefits in accordance with Section XI Paragraphs (3) and (4) of the MOA. Your group term life insurance coverage will also continue, provided you elect it and either pay any required premiums or receive approval to have them waived by the insurance carrier.

APPLYING FOR AN LTD ALLOWANCE

If you are disabled and meet the conditions for LTD eligibility as outlined above, you should contact the Long-Term Disability Coordinator in the Employee Benefits Section, Human Resources Department, for assistance in applying for an LTD allowance. The application is made in the form of a letter from you addressed to the Employee Benefits Manager. The letter should state that you are unable to perform the duties of your position, state whether it is due to a non-job or a job related medical condition and should request that you be considered for benefits under the LTD Program.

An application for LTD benefits must be filed while you are still in an active employment status. When you apply for an LTD allowance, you are also required to apply for retirement and/or disability benefits from both the New York State and Local Police and Fire Retirement System and the Social Security Administration. Evidence of having concurrently applied for these benefits (e.g. copies of applications for those benefits) must be submitted with your LTD application.

Before your application for an LTD allowance can be acted on, the Office of Medical Services will be requested to evaluate your medical condition to determine if you are totally and permanently disabled. Approval for Ordinary Disability benefits by the New York State and Local Police and Fire Retirement System or for disability benefits by the Social Security Administration is required in addition to being found disabled by the Office of Medical Services. However, if you are found to be disabled by the Office of Medical Services but are not approved by Social Security and are either not approved by the Retirement System or do not meet the Retirement System's ten year member credit requirement for applying for Ordinary Disability benefits, you will be required to undergo an additional medical evaluation. A determination based on the additional medical evaluation that you are totally and permanently disabled and unable to perform the duties required of you as a Police Lieutenant will serve as a "second determination" in the absence of approval from Social Security or the Retirement System.

Based on the evaluation of the Office of Medical Services and any other medical evaluation that the Port Authority may request, as well as the results of your application for disability benefits from the New York State and Local Police and Fire Retirement System and the Social Security Administration, the Human Resources Director will consider your request and decide whether to recommend to the Executive Director that you be granted an LTD allowance.

APPROVAL PROCEDURE

Should the Executive Director approve the Human Resources Director's recommendation to grant you an LTD allowance, you will be notified of the amount of the LTD benefits payable and of the conditions under which they are paid. These conditions will include your cooperation with the Human Resources Department in furnishing any financial or employment information pertinent to your LTD allowance, submitting to a medical examination, if requested, by the Office of Medical Services and/or by any other physician that the Port Authority may designate. When your signed acceptance of these conditions is received, your LTD allowance will begin.

CONFIRMATION OF CONTINUED ELIGIBILITY

Periodic reviews to confirm continued eligibility for LTD benefits will be conducted by the Human Resources Department. INFORMATION BULLETIN NO. 11

Recently, certain questions have arisen regarding interpretations of the Port Authority policy on stand-by time, call-ins and carfare allowances in connection with snow emergency conditions and other overtime situations.

Stand-by Time

When there is a possibility of a snow emergency, facility management may request off-duty employees to inform their supervisors, or other designated officials, where they can be reached by telephone, in the event it becomes necessary to call them in to work. Other than keeping in touch by telephone, these employees have no duties and are free to go where they please. Time spent in this way does not count as working time. Management should not require employees to remain in their homes while off duty. Where Service C employees are required to stand by at or near their facilities, the time spent counts as working time.

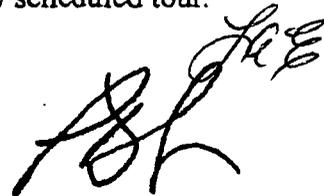

LaE

AR

Call-ins

When it is necessary to call an employee in to work, he is credited with only those hours worked from the time he arrives at the place of work to which he is assigned. The only occasion when an employee may be credited with travel time is when, in the discretion of the unit manager, an employee who is called in on an RDO and who normally takes less than one hour to get to work must travel longer than one hour to get to work because of weather conditions. In this case only, an employee may be credited with the time spent traveling to and from work which is in excess of one hour each way.

Under the overtime policy, each Service C employee is guaranteed four hours of overtime for a call-in on an RDO. Call-in guarantees also apply to situations where an employee is called in between regularly scheduled tours and released prior to the start of his regular tour. Where a call-in is such that it is contiguous to a regularly scheduled tour, no guarantee is applied and the hours worked in excess of the regularly scheduled tour are overtime hours. (e.g., if an employee is scheduled to work from 8:00 A.M. to 4:00 P.M. and he is called in at 6:00 A.M. and worked until 4:00 P.M., he is credited with two hours of overtime.) No schedule change premiums are paid where overtime is worked either before or after working a regularly scheduled tour.

A handwritten signature in black ink, appearing to be 'A. H. Lee', is located in the bottom right corner of the page.

Carfare Allowances

When an employee is required to work on an RDO, he is normally entitled to carfare allowance from his home to his assigned place of work. This carfare allowance is equal to the cost of public transportation. Where public transportation is unavailable or impractical, unit heads may authorize mileage allowances. (See PAI 15-3.05)

In the event an employee is called in from a location other than his home, he should receive the additional travel expenses incurred from that point to his assigned place of work. Supervisors should exercise discretion in calling in employees who may be required to travel a considerable distance. Supervisors are not required to call in an employee who is at some location other than his home for the purpose of maintaining an equal distribution of overtime.

SUBJECT: PORT AUTHORITY POLICE PROTECTIVE VEST PROGRAM

The Port Authority will be supplying every member of the Police force with a Protective Vest. Attached for your guidance is information concerning protective vests, in general, and specifically the type of vest you will receive.

The program has been instituted for your benefit and your cooperation will enable us to expedite obtaining the information required to issue the vests.

WHAT IS A PROTECTIVE VEST (SOFT BODY ARMOR)?

Soft Body Armor is a protective garment designed to be reasonably comfortable, lightweight, inconspicuous and flexible enough to be worn routinely while performing normal functions. It provides protection, but is not bullet proof.

A typical vest is composed of two components:

1. An outershell which simply holds the "ballistic package" in place.
2. A ballistic package is composed of layers of a nylon material such as "Kevlar" which provides the actual protection associated with the vest. The number of layers of the ballistic material has a direct relationship to the level of protection a vest provides.

WHAT VEST WILL BE ISSUED?

You will have a choice of one vest produced by Burlington Protective Products, Point Blank Body Armor, or International Protectors, Inc. The specific model from each manufacturer is certified to meet Threat Level II protection. You are being given a choice simply because of the difference

Leg
ABH

in tailoring so you may pick the vest most comfortable for you. There is no difference in the protection any of these vests will provide.

HOW WERE THE VESTS CHOSEN?

The Equipment Technology Center of the International Association of Chiefs of Police (IACP) utilizing a grant from the Law Enforcement Assistance Administration conducted a Police Body Armor Testing Program.

The body armor testing project began in 1976 with the setting of test goals and development of performance criteria and testing methods. The National Bureau of Standards established the criteria and testing methods based on a lengthy research and development effort sponsored by the National Institute of Law Enforcement and Criminal Justice. Two independent laboratories were then selected to perform the body armor tests. Both laboratories were certified by the National Bureau of Standards to ensure that their capabilities and equipment met the stringent requirements for the body armor testing.

The weapons chosen for the test were those commonly used against police. The IACP conducted a survey which clearly indicated that handguns represented the greatest potential threat. Of the almost 23,000 weapons confiscated by police from 1971 through 1976, nearly 19,000 were handguns. Other confiscated weapons included shotguns and rifles.

The largest number of weapons that police confiscate are .38 caliber and smaller. Thus, these guns were classified as Threat Level I. Altogether, five levels of threat were delineated

LAG
AK

Threat Level I - .22 Caliber and .38 Caliber
Threat Level IIA - Low velocity 9mm and .357 Magnum
Threat Level II - High velocity 9mm and .357 Magnum
Threat Level III - 7.62 (.308 Winchester)
Threat Level IV - 30.06 Armor Piercing

Threat Level II was considered the highest threat level for soft body armor. The weight and design of vests or armor to protect against Threat Level III and IV would make the equipment uncomfortable.

The vests were tested for penetration and deformation. Under stringent testing procedures each vest was subjected to five shots from each of the various caliber weapons involved. Vests were eliminated if they were penetrated by a bullet or fragment, or if they caused a deformation in clay placed behind the vest, greater than 1.73 inches.

The standard for deformation was established to take into account the effect of "Blunt Trauma". Even though a bullet does not penetrate the vest, it pushes into the body with an effect called "Blunt Trauma". A severe trauma effect resulting from excessive deformation into the body could cause injuries as serious as, or more serious, than if the bullet had penetrated. The 1.73 inch deformation standard was established as an acceptable level of performance where the effect of "blunt trauma" is minimized. Any vest which, when tested, resulted in deformations in excess of 1.73 inches, were considered as unacceptable.

The three vests you will be choosing from have all passed the Threat Level II standards for penetration and deformation.

AR *La E*

HOW DO YOU ORDER A VEST?

Your decision concerning a vest will be based solely on what is comfortable to you. Therefore, you will be given an opportunity to try each vest and be assisted in obtaining a proper fit.

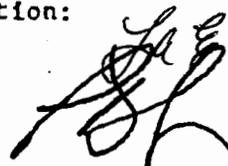

A police officer will visit each facility on a schedule (to be published shortly) similar to that used for uniform inspection. He will have samples of all three vests in available sizes. A second set of vests will be available from 8 A.M. to 4 P.M., Monday thru Friday, at the Police Academy, One PATH Plaza, Jersey City, New Jersey, First Floor. There will always be an individual with the vests to assist you in selecting the proper size, but the choice of which model to select is up to you. After the facility visits have been completed, vests will continue to be available at the Police Academy, where all future orders will be placed.

HOW MUCH WILL THE VEST COST AND HOW WILL IT BE INSPECTED?

The vest will be provided at no cost to the officer. There will be no requirement that an officer wear the vest, nor will it be subjected to any form of uniform inspection. Any officer who does wear the vest will do so underneath his normal uniform. There will be a record kept after a vest is issued to insure that everyone who places an order receives a vest.

WHAT OPTIONS ARE AVAILABLE TO ME?

You will be asked to complete an order form when you select your vest. Aside from your name, employee number, and other general information, you will be asked to supply the following information:

A handwritten signature in black ink, appearing to be 'J.E. [unclear]' or similar, written in a cursive style.

1. Manufacturer - This is your selection after you have tried the three models being offered.
2. Size - The officer will be able to assist you in picking the correct size and you will have the opportunity to try on a vest in your size.
3. Side Panel Protection - This option affords additional ballistic panels on both sides of your body. These panels are not detachable from the vest. When considering this option, the individual must realize that this will further encompass his torso and may cause discomfort because it helps retain body heat.
4. Color - The outer shell will be available in white or blue. Again, this is a personal choice, and has nothing to do with the performance of the vest.

WARNINGS

1. The protective vest will not make you invincible. You should perform your functions in the same manner and take precautions as if you were not wearing the vest.
2. The vest may provide some protection against a slashing knife, but a sharp instrument, particularly an icepick, will penetrate the vest.

Lee
AR

3. If a bullet does strike the vest and does not penetrate, you must still seek medical attention to determine if any internal injuries have been caused by the "blunt trauma" of the striking bullet.
4. Follow the laundering instructions indicated on your vest. Remove the ballistic packages and launder only the outer shell. Failure to remove the ballistic package during laundering could damage it enough to affect its performance.

GENERAL INFORMATION

The vests weigh approximately 3 lbs. or 4 lbs. with side panels.

After the field visits by the police officer, an initial order for vests will be processed. Subsequent orders will be placed as officers provide the information to Police Academy staff necessary for ordering. Recruits will be measured during their training and receive their vests as soon as possible.

Dear Lieutenant Papetti:

In an attempt to address a concern which has been raised on several occasions by the SOA with respect to the impact the utilization of Reserve Pool Lieutenants has on the equalization of overtime across facilities, a change is being made in the manner in which Reserve Pool Lieutenants are scheduled.

The procedure of assigning Reserve Pool Lieutenants to facilities in advance will be discontinued. The Central Police Desk Sergeants will schedule Reserve Pool Lieutenants, to facilities for which they are qualified, on a day to day basis. In making these assignments the Central Desk Sergeants have been instructed to take into consideration the equalization of overtime between facilities. On those occasions where the number of Reserve Pool Lieutenants are insufficient to cover the available vacancies, every effort is to be made to assign the Reserve Pool Lieutenant in a manner which will result in the overtime assignment being offered at a facility where the available Lieutenant with the lowest overtime hours. A copy of the instructions being given to the Central Desk Sergeants is attached for your information.

While this change in procedure is consistent with the Memorandum of Agreement between the Port Authority and the SOA it does represent a change to a procedure which has been in effect for some time. To preclude any misunderstanding in the future on this matter, I request your confirmation that the SOA will not bring a challenge to this change in procedure based on past practice.

Please indicate your agreement by signing below and return a signed copy to me at my office.

Sincerely,

STIPULATION OF SETTLEMENT

BACKGROUND

On or about February 2, 1996, the Port Authority Police Benevolent Association, Inc. ("PBA"), the Sergeants Benevolent Association ("SBA"), the Detectives Endowment Association ("DEA"), the Lieutenants Benevolent Association ("LBA"), and the Union of Automotive Technicians ("UOAT") filed charges of alleged improper practice under §XI(A)(d) of the Port Authority Labor Relations Instruction concerning the alleged unilateral elimination of an alleged past practice "... by failing to hold the annual Port Service Club Luncheon in 1995." These Charges (denoted, respectively, IP 96-3, IP 96-4, IP 96-5, IP 96-6, and IP 96-7) are identical in all material respects and were consolidated for hearing before Panel-appointed Hearing Officer Daniel Brent on September 16, and September 28, 1998.

On or about December 22, 1998, the LBA, the UOAT, the DEA, and the SBA again filed charges of alleged improper practice under §XI(A)(d) of the Port Authority Labor Relations Instruction. These new Charges (denoted, respectively, IP 98-22, IP 98-23, IP 98-24, and IP 98-25) are identical in all material respects and allege that "... the [Port Authority] violated the [Port Authority Labor Relations] Instruction, the Past Practices clause contained in the Memorandum of Agreement, and the Panel's Final Decision and Order in IP 91-28 ..." when the Port Authority failed to negotiate concerning the Port Service Club Luncheon in 1998. On February 12, 1999, the PBA filed its own Charge concerning this matter (denoted

IP 99-3) and was joined to the consolidated proceeding before Panel-appointed Hearing Officer Irwin Kaplan.

NOW THEREFORE, THE PARTIES HERETO, having had the opportunity to consider the matter and desiring to resolve the dispute between them and in full satisfaction of all claims directly and/or indirectly arising out of any or all of the above-captioned Charges, **AGREE AS FOLLOWS:**

1. The Port Service Club Luncheon shall be, and hereby is, abolished as a benefit or term or condition of employment effective upon execution of this agreement for each and all of the members of the negotiating units represented by the Charging Parties hereto, and each and all of Charging Parties renounce any claim of right to continuation of same by the Port Authority;
2. The Service Awards Program (whereby the Port Authority gives a Service Award to employees upon the attainment of every fifth year of service - i.e., their 5th, 10th, 15th, 20th, etc. anniversaries of employment) shall be continued for those employees in the bargaining-units represented by the Charging Parties except that, commencing January 1, 2000, the Service Awards Program shall be eliminated with respect to any employee who has attained 25 years or more service. There shall be no further diminishment in the Service Awards program or in the value of the Service Awards given to employees at the attainment of the 5th, 10th, 15th, and 20th year of service;

3. In light of the elimination of benefits as described in ¶¶1 and 2, above, each employee in any of the negotiating units represented by the Charging Parties who has, on or after January 1, 2000, attained 25 years or more service with the Port Authority shall be granted one (1) additional vacation day annually, to be taken pursuant to the applicable Memorandum of Agreement;
4. The Charging Parties hereby agree to release the Port Authority, its officers, agents, and/or assigns from any and all claims arising directly or indirectly out of this matter up until the date of execution of this Stipulation of Settlement; and the Charging Parties further agree to withdraw, with prejudice, each and all of the above-captioned Charges except that the Port Authority Employment Relations Panel shall have exclusive jurisdiction to hear any further future Charge which alleges a violation of this Stipulation;
5. In consideration of the foregoing release, the Port Authority agrees to remit the total sum of \$31,000.00 as attorneys fees and expenses. This remittance shall be made to the Sergeants Benevolent Association as agent of the Charging Parties and designated by all of them jointly to receive such amounts as their escrow agent/fiduciary;
6. By execution of this agreement the Port Authority neither admits nor denies that its actions in this matter constitute a violation of the Port Authority Labor Relations Instruction or any Memorandum of

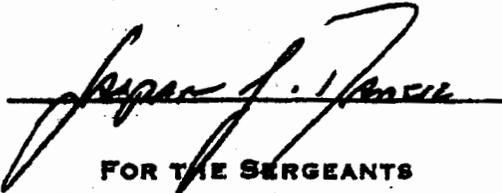

Agreement it has with any of the Charging Parties hereto; and

7. The parties further agree that they have entered this agreement for purposes of resolving the each and all of the disputes now extant between them concerning the Port Service Club and, except as provided in ¶4 above, this Stipulation shall not be cited as precedent in any future proceeding between them.

OEM RESOLUTION

In full resolution of the allegations set forth in IP-03-05, IP 04-5, IP 04-6, IP 04-9, IP 04-27, the parties agree to the following:

1. That as revealed in the aforementioned proceedings, the Port Authority has various emergency response plans in place for the facilities it operates which, for purposes of this document, are categorized as follows:
 - a. **Facility Police Units Internal Emergency Response Plans** – aka Procedures and/or Orders, and/or as Police General Operating Procedures, etc., at some facilities and are Police Specific Responses
 - b. **General Facility Emergency Response Plans** – these are plans that give a general guideline of what different staff do and what kind of response they have in various types of emergencies and they incorporate all elements of a facility.
 - c. **Airport Certifications under CFR Part 139** - these are plans that include an emergency plan component but also include other information relevant to the FAA’s annual inspections on an airport operator such as conformance to aviation industry standards in operations.
 - d. **Weapons Of Mass Destruction Plans** – these are agency wide yet facility specific uniformly formatted plans which address contingencies in the event of “WMD” events, of the type which essentially eliminate the usefulness or functionality of a facility.

2. That the Public Safety Department working through its chain of command involves itself in the creation and maintenance of the plans described in paragraph 1 (a-d) as follows:
 - a. **Facility Police Unit Internal Emergency Response Plans** – The Public Safety Department has exclusive responsibility for the creation and maintenance of these plans. Police Lieutenants as directed by the chain of command are responsible for the formulation and updating of these plans subject to the review, guidance, instruction and approval of the chain of command
 - b. **General Facility Emergency Response Plans** – The Facility General Manager is responsible for the creation and maintenance of these plans. The facility Manager incorporates all staff as appropriate, to coordinate the substance of the Plan. The Public

Safety Department contributes to the substance of the plan by creating submissions for the police specific aspects of the overall plan and commenting on other topics included in the plan where appropriate and necessary. Subject to review, guidance and instruction of the Facility Manager and the chain of command, Police Lieutenants, when directed by the chain of command are responsible for formulating Public Safety Department submissions of the plan, updating the accuracy of the submissions, and providing commentary on other submissions as appropriate subject to the approval of the chain of command.

- c. **Airport Certifications under CFR Part 139** – The Public Safety Department contributes to the overall plan by submitting entries and updates for those components of the certification needing a Public Safety Department perspective as requested by the Facility General Manager. Subject to review, guidance and instruction within the chain of command and by the Facility Manager, Police Lieutenants, are responsible for the preparation and maintenance of the Public Safety Department components of these plans in conjunction with the Facility Manager, updating the accuracy of those components, and providing commentary on other components as appropriate and subject to approval of the chain of command.
 - d. **Weapons Of Mass Destruction Plans** – The Office of Emergency Management (OEM) is currently responsible for the creation of these agency wide yet facility specific uniformly formatted plans which address contingencies in the event of “WMD” events, of the type which essentially eliminate the usefulness or functionality of a facility. The Public Safety Department has provided input through its staff. XIV. Overtime: Compensatory Time

1. Except as otherwise required by the Fair Labor Standards Act, 29 U.S.C. Section 201, et seq., (hereinafter referred to as the "FLSA"), overtime shall be earned and paid to a Police Officer, unless applied to compensatory time purposes as set forth below, as follows:

- a) for non-FLSA overtime at the rate of one and one-half (1-1/2) times the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity payable to such Police Officer as set forth in the schedules annexed hereto as Appendix "A(1)", Appendix "A(2)", and Appendix "A(3)", respectively.
- b) overtime subject to the FLSA (hereinafter referred to as "FLSA overtime") shall be paid exclusively in cash in accordance with the applicable requirements of the FLSA. No FLSA overtime may be banked as compensatory time. "Non-FLSA overtime" shall mean all overtime

pursuant to this Memorandum of Agreement to which the FLSA does not apply.

2. Non-FLSA overtime shall be applied first to the reduction of any negative compensatory time balance on an hour-for-hour basis, and then to replenish any compensatory time bank up to the hourly maximum designated in accordance with Paragraph 6 hereof.

3. Non-FLSA overtime not applied to compensatory time purposes shall be paid in cash at overtime rates to a Police Officer whose eight-hour tour of duty is extended (exclusive of preparation time) either prior to or after any eight-hour tour of duty for all additional time worked by reason of such extension and shall be computed in quarter-hour segments for each full fifteen minutes worked during the term of this Memorandum of Agreement. Compensation or compensatory time credit shall not be provided if, after an early call-in prior to his scheduled eight-hour tour of duty, a Police Officer is afforded and accepts the option to terminate his tour of duty after eight hours worked (exclusive of preparation time). However, the Police Officer shall have the option to continue to work to complete the entire extended tour of duty and receive overtime payment in accordance with this Section.

4. Non-FLSA overtime not applied to compensatory time purposes shall be paid in cash at overtime rates when a Police Officer is required to work on a scheduled day off which is not rescheduled at the request of the Police Officer or by reason of promotion, reassignment or mandatory attendance at training programs. If such a Police Officer works a full tour of duty on such regularly scheduled day off, he shall receive payment for such time at overtime rates for eight hours work (exclusive of preparation time). If such a Police Officer works more or less than a full tour of duty on such regularly scheduled day off, he shall receive payment at overtime rates for all time worked from the actual commencement of his tour of duty (exclusive of any preparation time), computed in quarter-hour segments for each full fifteen minutes worked during the term of this Memorandum of Agreement. In addition to the above payments, the Police Officer shall receive an additional hour's pay at his appropriate hourly base pay for up to eight hours actually worked on a regularly scheduled day off which is either an official police holiday pursuant to Section XVII of this Memorandum of Agreement, or Christmas Eve or New Year's Eve.

5. A Police Officer required to work on a scheduled day off which is not rescheduled at the request of the Police Officer or by reason of promotion, reassignment or mandatory attendance at training programs, or who is called into work between regularly scheduled tours, will be guaranteed four hours work at overtime rates. This guarantee shall not apply to the extension of a scheduled tour of duty either prior to its scheduled commencement or after its scheduled termination. Any such extension shall be considered overtime and be paid at overtime rates as set forth in Paragraph 1 hereof.

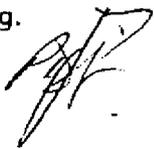

6. Each Police Officer shall be afforded the option, subject to the provisions of this Paragraph and Paragraph 2 hereof, to accumulate in a compensatory time bank up to Four hundred Fifty (450) hours of non-FLSA overtime in lieu of receiving overtime pay pursuant to Paragraph 1 hereof. Each Police Officer exercising this option may, but only in the even numbered pay periods of each year, designate or redesignate a maximum number of hours (not to exceed 450 such hours) to be included in his compensatory time bank. Such designations are to be processed through the Facility Commanding Officer. Compensatory time not applied to reduce negative compensatory time balances shall accrue at the rate of one hour for each one hour of non-FLSA overtime worked. For each such hour or one-quarter part thereof a Police Officer opts to accumulate in such compensatory time bank, the Officer shall also receive payment in cash of an amount equal to one-half (1/2) times the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity, if any, payable to such Police Officer as set forth in the schedules annexed hereto as Appendix "A(1)", Appendix "A(2)" and Appendix "A(3)", respectively, or pro rata for smaller bankable overtime segments. No compensatory time shall accrue after the designated maximum hourly limitation is reached, and any subsequent overtime shall be paid in cash. If by reason of a redesignation of maximum hours to be banked, the number of hours in a Police Officer's compensatory time bank exceeds the new hourly maximum, the Police Officer shall receive payment in cash for each hour in excess of the new maximum in an amount equal to the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity then payable to such Police Officer as set forth in the schedules annexed hereto as Appendix "A(1)", Appendix "A(2)" and Appendix "A(3)", respectively.

7. Accumulated compensatory time may be taken off only in accordance with policies set forth in Appendix "B" annexed hereto.

8. Except for preparation allowances, no payment at overtime rates shall be made by reason of the mutual exchange of regular days off between Police Officers unless overtime is worked in connection therewith. All such mutual exchanges shall be subject to the advance approval of the Facility Police Commanding Officer or his designee and shall not be unreasonably denied.

9. Once a mutual exchange is approved, it shall be treated as a change in schedule and considered as part of his regular work schedule.

10. Police Officers who work an additional hour on a tour of duty due to the annual change from daylight savings time to standard time will be compensated for such additional hour at overtime rates. Police Officers who work an hour less on a tour of duty due to the annual change from standard time to daylight savings time will have the option to leave at the conclusion of the abbreviated tour and be charged one hour compensatory time, or, remain and work a full eight hours and, in either event, will receive preparation time allowance notwithstanding.

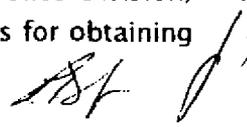

11. Overtime payments shall be made only in circumstances where overtime work is incurred in accordance with existing Public Safety Department (formerly known as Police Division) policy or procedures or where such work is required by authorized Public Safety Department personnel.

12. Any Police Officer may be ordered to work overtime under any of the following circumstances: a) failure of essential equipment or systems where there is urgency to restore essential services or systems; or b) conditions resulting from serious accidents affecting facility operations, floods, fires, natural disasters, or other similar emergencies; or c) public functions, VIP arrivals and departures, strikes, picketing or other unusual events; or d) special events that are not a result of normal roll call deficiencies; or e) occasions when crowds may gather; or f) threatened or actual adverse weather conditions; or g) any other situation which in the judgment of the authorized person ordering overtime may affect public safety or may endanger persons or property, subject to subsequent review by the Superintendent of Police; or h) participation in annual medical examinations or mandatory training programs; or i) notwithstanding any of the circumstances enumerated in a) through h) above, the Superintendent of Police shall have the right to order Police Officers to work overtime in establishing minimum staffing and/or manning levels of the Department; or j) notwithstanding any of the circumstances enumerated in (a) through i) above, the Superintendent of Police shall have the right to order Police Officers to work overtime because of their special training or other skills; or k) on a holdover or early call in basis for that Police Officer's appearance in court; or l) overtime ordered pursuant to Appendix K.

13. Prior to the date of execution of this Memorandum of Agreement, voluntary overtime will be in accordance with the procedure set forth in Appendix K annexed to the July 21, 1991 - January 20, 1996 Memorandum of Agreement between the Port Authority and the Association. Effective on the date of execution of this Memorandum of Agreement, voluntary overtime will be in accordance with the procedure set forth in Appendix K annexed hereto, provided, however, that the overtime procedure may be by-passed under certain situations where the Department, because of special training or other skills of a particular officer, determines that it is in the best interest of the Department to by-pass an employee or employees who would ordinarily be selected in accordance with the overtime procedure.

XV. Meal and Relief Periods

The total paid time for meal and relief periods shall not exceed seventy-five (75) minutes in any tour of duty and such periods shall not be unreasonably denied. Positions with respect to which less than seventy-five minutes for meal and relief periods apply will continue under present practices. XIX. Sick Leave

1. Sick leave policies for Police Officers shall be administered as set forth in PAI 20-3.03 revised as of August 16, 1968 and annexed hereto as Appendix "E", and PDI 3-8 revised as of March, 1968 and further revised with the agreement of the Association as PDI 2-9 dated July, 1976, revised with the agreement of the Association March, 1988, and further revised with the agreement of the Association, dated November, 1993, annexed hereto as Appendix "F". The schedule of allowances for sick leave shall be as set forth in said PAI 20-3.03.

2. Any absence due to injury incurred in the line of duty shall not be considered as sick leave but shall be categorized as injury incurred in the line of duty.

4. A. Police Officer who is absent from duty due to an injury incurred in the line of duty shall be carried initially as injured in the line of duty.

B. A determination will be made by the Superintendent of Police as to whether a Police Officer's absence from duty results from an injury incurred in the line of duty within sixty working (60) days.

5. A Police Officer who is injured in the line of duty and who is expected, in the opinion of the Port Authority Office of Medical Services (previously the Medical Department), to be absent from duty for a continuous period in excess of one year resulting from such injury, will continue to receive payment at his base annual salary rate plus longevity and, as per past practice, all applicable benefits, where necessary, for a period of up to eighteen months if such injury was incurred prior to April 27, 1988, or for a period of absence up to thirty months if such injury was incurred on or after April 27, 1988, provided the Police Officer has applied to the New York State and local Police and Fire Retirement System for accidental disability retirement within six months of the date of such injury and has submitted to the Port Authority a written waiver of his right to a medical termination hearing under PAI 20-1.09, dated September 30, 1970, with respect to any disability resulting from such injury in the line of duty. At any time prior to the end of one year of absence related to such injury in the line of duty, the Police Officer shall have the right to withdraw his application for accidental disability retirement and his written waiver of his right to a medical termination hearing, in which case the injury on duty benefit shall be governed by Paragraph 2 or Paragraph 3, whichever is applicable of this Section.

7. The first occasion of absence due to each injury incurred in the line of duty shall be excluded under the vacation forfeiture provisions set forth in Attachment "A", Section IV, Paragraphs C and D of Appendix "D". In addition, all occasions of absence due to injuries incurred in the line of duty after the date of execution of this Memorandum of Agreement which are exempt from consideration for purposes of repeated and excessive absence discipline under Appendix "L", annexed hereto, and the days of absence of such occasions, shall be exempt from consideration under the above-referenced vacation forfeiture provisions. Vacation days forfeited pursuant to Attachment "A", Section IV, Paragraphs C and D of Appendix "D" shall be taken as follows: absences beginning and ending in a single calendar year shall only

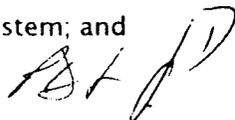

have vacation days forfeited from the calendar year in which the absence occurs; absences which begin in one calendar year and continue into a successor calendar year shall have vacation days forfeited based upon the entire period of absence first from the calendar year in which the absence began and, if the Police Officer's remaining vacation allowance for that year is insufficient to satisfy the forfeiture, then the remainder of the forfeiture shall be taken from the calendar year in which the absence ended.

8. A. A Police Officer no longer receiving full pay due to sick leave or injury incurred in the line of duty will be trained for and assigned to one of ten (10) authorized Police Officer medically restricted positions. The ten (10) positions shall be allocated among the Consolidated Police Zones as follows:

1. Three (3) for JFK International Airport/LaGuardia Airport/Queens West.
2. Two (2) for The Port Authority Bus Terminal/Lincoln Tunnel/George Washington Bridge/Bathgate/Yonkers/Madison Avenue - Park Avenue Facility.

B A Police Officer filling a medical restricted position may be assigned to any of the four Consolidated Police Zones and such assignments are not restricted by the Police Officer's permanent Facility Police Command. Notwithstanding, Police Officers shall first be assigned to an available medical restricted position at their facility police command or within their Zone. If all positions in the Police Officer's Zone are then filled, the Police Officer shall be assigned to one of the above medical restricted positions which is not then filled. Police Officers will be offered medical restricted positions in the chronological order in which the Police Officer entered reduced pay status, if, at the time of such assignment:

1. The Port Authority Office of Medical Services deems the Police Officer physically capable of performing the functions of one of the ten (10) positions which is not then filled; and
2. In the opinion of the Office of Medical Services, the Police Officer will not be physically capable of returning to full duty for at least forty-five calendar days from the date of entry into reduced pay status, provided he is expected to return to full duty, or, if not expected to return to full duty, files an application for disability retirement with the New York State and local Police and Fire Retirement System; and

3. Following any training period determined by the Port Authority to be necessary, the Police Officer is capable of performing the functions of that medically restricted position.

C. Police Officers assigned to a medical restricted position pursuant to this paragraph shall be assigned to the administrative chart (PO #2), day tours for the duration of the assignment. On the day the Police Officer is cleared for full duty by the Office of Medical Services his day tour shall be deemed to be 8 a.m. to 4 p.m., except, however, the ending time for that day tour shall be modified where necessary to provide for eight hours of time off prior to his next regularly scheduled tour of duty. There shall be the payment of preparation time allowance for the day the Police Officer is cleared for duty for each occasion of absence hereunder notwithstanding the shortening of the Police Officer's tour for the purpose of providing eight hours of time off prior to his next regularly scheduled tour of duty.

9. Training for such assignment will be given, when practicable, before the Police Officer enters a reduced pay status. Such assignment shall continue until the Police Officer returns to full duty or leaves Port Authority service. No schedule change premium will be earned either as a result of such initial assignment or of the Police Officer's return to full duty following such an assignment. Nor will schedule change premium be earned in the event a senior Police Officer opts for another of these ten (10) positions which becomes available while he is assigned to one of these positions.

10. A female Police officer who returns to duty on a medically restricted basis following an occasion of sick absence resulting from pregnancy will not be charged with a subsequent occasion of sick absence for such an absence resulting from childbirth.

11. Each Police officer will receive upon separation in good standing at his base bi-weekly salary rate then in effect additional compensation as follows: for each calendar year commencing January, 1972 during which a Police Officer has no unexcused absence or absence for reasons of sickness or injury - two days compensation; for each calendar year during which a Police Officer has no unexcused absence and not more than five days of absence for reasons of sickness or injury - one day's compensation. Any such absence for part of a day shall be considered absence for an entire day. All occasions of absence due to injuries incurred in the line of duty after the date of execution of this Memorandum of Agreement which are exempt from consideration for purposes of repeated and excessive absence discipline under Appendix "L", annexed hereto, and the days of absence of such occasions shall not be counted in the calculation of such additional compensation, if any, attributable to the calendar year 1998 or any calendar year thereafter.

12. The compensation provided for in Paragraph 11 hereof shall be payable with

AP P

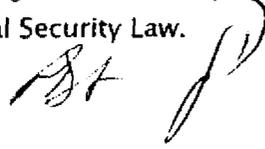

respect to each full calendar year of service as a Police Officer and any full calendar year during which a Police Officer is promoted.

13. Each Police Officer who requests a copy of medical documents in his Port Authority files shall receive a copy of such documents provided he submits a signed written request therefore to the Office of Medical Services. This right shall not apply to documents subject to applicable Federal or State discovery rules in any Federal or State litigation. In such cases, applicable Federal or State discovery rules shall apply as determined by the appropriate Federal or State court.

14. In situations in which there is a disagreement between the Port Authority Office of Medical Services (OMS) and a Police Officer's treating physician concerning whether a) the Police Officer is medically fit to return to full duty, or b) is medically fit to return to duty under a medical restriction, or c) is not medically fit to return either to full duty or under a medical restriction, the OMS shall provide to the Police Officer a list of at least three physicians from among whom the Officer shall promptly make an appointment for the purpose of obtaining a medical opinion on this issue. If the Police Officer requests an additional list of at least three physicians, then the OMS shall provide an additional list to the Police Officer, provided that the Police Officer makes such requests in writing to the OMS within three working days of the Officer's receipt of the first list. The opinion of that physician as to whether a) the Police Officer is medically fit to return to full duty, or b) is medically fit to return to duty under a medical restriction, or c) is not medically fit to return either to full duty or under a medical restriction shall be final and binding on the Port Authority, the Police Officer and the Association and not subject to the grievance-arbitration procedures of this Memorandum of Agreement.

Kennedy International Airport, LaGuardia Airport and Newark International Airport pursuant to Part 107 of the Federal Aviation Regulations.

Prior to the completion of such negotiations, the applicable procedure shall be as set forth in Paragraph D of Part III of PDI 3-2 revised September, 1962, revised with the agreement of the Association as PDI 2-3 dated September, 1976, and further revised with the agreement of the Association as PDI 2-3 dated June, 1980, and further revised with the agreement of the Association as P.O.I 2-3, dated April 1998, and further revised with the agreement of the Association as P.O.I. 2-3, dated July, 2004 annexed hereto as Document "C".

Failure to provide such discovery by such date shall be a basis for adjournment in the discretion of the person(s) before whom such hearing is to be held, provided that if such discovery is provided within fourteen days of the hearing date it shall be an automatic basis for adjournment if requested.

k) i) If a Police Officer is administratively suspended, disciplinary charges must be filed against the Police Officer no later than one hundred and twenty days after the first day of that suspension to continue him on administrative suspension. If the disciplinary charges are not filed within that period, the Police Officer shall be removed from administrative suspension no later than the end of the one hundred and twenty day period and he shall receive payment with respect to the period of his administrative suspension in an amount based upon an estimate of missed opportunities to earn overtime during his administrative suspension. The estimate shall be determined as provided in the next paragraph.

ii) A Police Officer against whom disciplinary charges have been filed who has been administratively suspended but who has not been dismissed from employment shall receive payment of an amount based on an estimate of his missed opportunities to earn overtime during that administrative suspension. The estimate shall be determined as follows:

First, an initial estimate shall be determined by use of the following formula:

$$\frac{a}{b} = \frac{c}{d}$$

where "a" is the average overtime earned per pay period by the suspended Police Officer during the seventy-eight (or the actual number if less than seventy-eight) pay periods immediately prior to the pay period during which his suspension commenced;

"b" is the average overtime earned per pay period per Police Officer during those seventy-eight (or the actual number if less than seventy-eight) pay periods at the Police Command to which the suspended Police Officer was assigned during that period. If the Police Officer was assigned to more than one Police Command during that period, then the average overtime for the period shall be determined by using average overtime earned per Police Officer at each Police Command to which the Police Officer was assigned during that period for the pay periods he was assigned to that Police Command;

"c" is the initial estimate of the Police Officer's missed overtime earned per pay period to be determined, and

"d" is the average overtime earned per pay period per Police Officer at the Police Command to which the suspended Police Officer is assigned during the same pay periods of the Police Officer's administrative suspension.

Upon determination of "c", that amount shall be multiplied by the number of pay periods that the Police Officer was on administrative suspension, provided that any pay period during that suspension in which the Police Officer was absent due to sickness or injury incurred in the line of duty on at least half of his scheduled work days shall not be used in that multiplication. Then, from that amount shall be subtracted all overtime, if any, earned by the Police Officer during the suspension. The resulting balance shall be paid to the Police Officer as and for missed overtime.

l) If a Police Officer who is suspended without pay is changed to administrative suspension or returned to full duty he shall receive payment of his full pay for the period during which he was suspended without pay except payment for missed overtime opportunities. If such Police Officer is not dismissed from employment the calculation of missed overtime opportunities shall be made in accordance with the method set forth in paragraph j (ii), above, except that the period of suspension shall include the period during which the Police Officer was suspended without pay.

m) A Police Officer charged in a disciplinary proceeding shall not be permitted to take personal leave on a day for which a hearing in that disciplinary proceeding is scheduled, provided, however, if the person(s) before whom such hearing is to be held grants an adjournment of the hearing scheduled for a particular day, personal leave may be taken on that day.

You have use immunity, that is, if you do answer, neither your statements nor any information or evidence which is gained by reason of such statements may be received in evidence against you in any subsequent criminal proceeding. However, these statements can be used against you in relation to subsequent Port Authority disciplinary charges."

If the employee will be asked questions related to his official duties performed in the State of New Jersey, the Port Authority will obtain a written grant of use immunity with respect thereto from a county prosecutor having jurisdiction prior to asking those questions, and the written grant of use immunity will be shown to the employee.

o) Rule 3. Clarification of Application of PDI 2-6, Rule 3 and General Rule and Regulation Section 9, Rule 3 to interviews of witnesses, in accordance with Doc. R, annexed hereto. XLVIII. Mileage Allowances

1) Mileage allowances and reimbursement for parking and tolls shall continue to be paid in accordance with the policies set forth in PAI 15-3.05 as in effect on July, 1978 except that effective April 1, 1999, the mileage allowance shall be the maximum permissible standard mileage rate for business as provided by Internal Revenue Service Regulations and as adjusted over time pursuant to 26 CFR / 1.274-5T or successor provisions of the internal Revenue Code of Regulations.

2) In the event a Police Officer is assigned to report to a non-Port Authority location or a Facility Police Command other than his assigned Facility Police Command for Port Authority medical examinations and/or training, mileage reimbursement between such non-Port Authority locations or a Facility Police Command and the Police Officer's assigned Facility Police Command, and reimbursement for parking and tolls, shall continue to be in accordance with the allowances provided for in this Sections.

XLIX. Long-Term Disability Program

1. Active Police Officers who have a minimum of one year continuous service as a Port Authority employee will be covered by the Port Authority's Long-Term Disability Program created April 24, 1974 for managerial and professional employees, under which a covered Police Officer who is permanently disabled due to a non-job connected illness or injury is eligible to receive up to 60% of his annual base pay to age 65 from a combination of sources, including any New York State and local Police and Fire Retirement System Ordinary Disability and Social Security Act benefits (and any other relevant payments), with the difference up to the 60% maximum (but no more than 50% of the Police Officer's base salary) to be provided by the Port Authority.
2. Effective May 7, 1998, an active Police Officer who has a minimum of one year of continuous service as a Port Authority employee and who the Port Authority determines is permanently disabled due to an injury incurred in the line of duty but who has been denied by the New York State and local Police and Fire Retirement System for both accidental disability retirement and performance of duty disability retirement shall be eligible for the benefits provided in Paragraph one of this Section under the same

conditions as if the permanent disability was due to a non-job connected injury, except that, in addition thereto, the Police Officer must also apply for Workers' Compensation Law benefits as another source for meeting the 60% maximum of annual base pay, upon meeting the following criteria:

- a) The Police Officer has applied to the New York State and local Police and Fire Retirement System, based upon this injury incurred in the line of duty, for both accidental disability retirement and performance of duty disability retirement; and
- b) The Police Officer has been determined by that System with respect thereto not to be qualified for either retirement; and,
- c) The Police Officer has exhausted any right that he may have to administratively appeal any denial thereof by that System, excluding any action that the Police Officer may have to appeal his denial in the state or federal judicial system.

Nothing in this Section requires a Police Officer to apply for Workers' Compensation Law benefits in both New York and New Jersey.

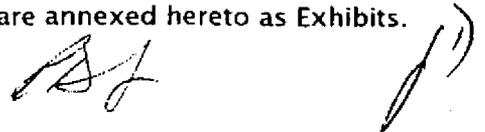

3. As used in this section, the term "permanently disabled" shall mean "physically or mentally incapacitated for the performance of duty as a Police Officer," the term "Workers' Compensation Law" shall include both the New York Workers' Compensation Law and the New Jersey Workers' Compensation Act, and the term "Workers' Compensation Law benefits" shall not include payments of medical expenses or that portion, if any, of other Workers' Compensation Law benefits which is paid to a Police Officer for any period of time prior to the termination of his Port Authority employment.
4. The Long Term Disability Program dated May 7, 1998 is annexed hereto.

L. Deferred Compensation Plan

During the term of this Memorandum of Agreement; so long as the Port Authority offers to any of its employees a deferred compensation plan pursuant to 26 U.S.C. Section 457, Police Officers shall be eligible to participate on the same terms, conditions and basis.

LI. Prior Letters of Agreement

The provisions of the prior letters of agreement, which are still valid, shall be deemed incorporated into the body of the contract. The said letters are annexed hereto as Exhibits.

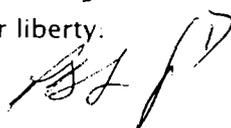

Two handwritten signatures in black ink, one on the left and one on the right, appearing to be initials or names.

III. Indemnification and Defense Against Civil Liability

1) During the term of this Memorandum of Agreement, for all claims or causes of action covered by the terms of this Section as set forth below which claims or causes of action may occur or be asserted during the term of this Memorandum of Agreement, and if such Police Officer has authorized the Port Authority, in its discretion, to settle or defend such actions or claims, and said Police Officer has fully cooperated in the defense thereof and has given the General Counsel of the Port Authority prompt notice of the claim or action against him, the Port Authority will, to the extent permitted by applicable law:

a) pay on behalf of any Police Officer all sums which the Police Officer shall become legally obligated to pay as damages because of acts or omissions arising out of the activities of one or more members of the Port Authority Police Force, within the scope of his employment as a Port Authority Police Officer including the following perils:

- (i) False Arrest, False Imprisonment or Unlawful Detention;
- (ii) Assault and/or Battery;
- (iii) Malicious Prosecution;
- (iv) Defamation, Libel, Slander, Humiliation or Violation of Right of Privacy (unless arising out of advertising), Occupancy or Wrongful Entry;
- (v) Negligence;
- (vi) False or Improper Service of Process;
- (vii) Violation of Property Rights;
- (viii) Personal Injury, Mental Anguish, Mental Injury and Shock;
- (ix) Third Party Property Damage as a result of False Arrest (property of person being arrested); and
- (x) Claims made or actions brought pursuant to the United States constitution, or the constitutions of the States of New York and New Jersey, or any law affording a civil right of action for damages by reason of an invasion of a civil right or liberty.

The coverage for assault and/or battery and/or third party property damage is limited to any acts of any Police Officer committed at the time of making or attempting to make an arrest or in resisting an overt attempt to escape by a person under arrest or committed during the time that any person under arrest is in the care, custody or control of any Police Officer; in resisting an overt attempt to escape by a person in the care, custody or control of any Police Officer, or while in lawful confinement; or any other situation within the scope of his employment as a Port Authority Police Officer where the Police Officer has not used unjustifiable or excessive force.

2) Definitions. For purposes of this Section, the following terms are defined as indicated:

a) "Police Officer". In addition to its definition contained in Section I, Paragraph I of this Memorandum of Agreement, the words "Police Officer" shall include the heirs, executors, administrators or other legal representatives of a Police Officer in the event of his death or incapacity.

b) "Damages". The word "Damages" shall mean damages (and costs and interest included in any judgment entered) to the extent the Port Authority is permitted by applicable law to pay such damages.

3) With respect to the indemnity afforded by this Section the Port Authority shall, to the extent permitted by applicable law, defend, either through its General Counsel or such other counsel as it may choose in its discretion, any claim or suit against a Police Officer seeking damages to which this indemnity applies even if any of the allegations of the suit are groundless, false or fraudulent.

4) This Section shall not be subject to the grievance-arbitration procedures provided for in this Memorandum of Agreement.

5) Nothing contained in this Section is intended otherwise to restrict the right of any Police Officer to pursue any available remedy, including a plenary court hearing.

6) The Port Authority may, in its discretion, discharge any or all of its obligations under this Section by the purchase of insurance coverage for such obligations.

LIII. Non-Civil Charges or Complaints

1) With respect to a Police Officer who is a defendant in a given legal proceeding as a result of non-civil charges or complaints filed against him for events which occur on or after April 27, 1988, the Port Authority will pay reasonable counsel fees for the defense of said Officer provided that such charges or complaints are not preferred by or instituted on the complaint of the Port Authority or PATH, that the actions of the Police Officer arise out of, are

directly related to and are in furtherance of the lawful exercise of police powers or other official duties of the Police Officer, and that the Police Officer is either found not guilty of all such charges or complaints or all such charges or complaints are dismissed with finality.

2) Effective January 1, 1990, counsel fee rates shall be as follows:

Partner or Senior Associate (more than 4 years after admission to the bar): \$135.00 per hour.

Junior Associate (4 years or less since admission to the bar) \$100.00 per hour.

In January of each year thereafter the above amounts shall be changed by the percentage change in the Consumer Price Index for All Urban Consumers for the New York-Northeastern New Jersey area from the prior January.

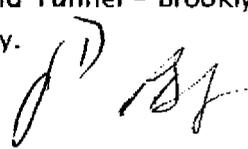

3) Counsel fees reimbursable pursuant to this Section shall be paid within sixty days of submission.

LIV. Drug Abuse Testing Procedure

Effective on the date of execution of this Memorandum of Agreement, the drug abuse testing procedure applicable to Police Officers shall be as set forth in Appendix M, annexed hereto. Prior to the date of execution of this Memorandum of Agreement, the drug abuse testing procedure applicable to Police Officers shall be as set forth in Appendix M, annexed to the July 21, 1991 - January 20, 1996 Memorandum of Agreement between the Port Authority and the Association.

LV. Police Command Consolidation

1. Effective on the date of execution of this Memorandum of Agreement, the following Facility Police Commands and Port Authority Facilities are consolidated into four (4) Consolidated Police Zones as follows:
 - a. JFK International Airport Facility Police Command/ LaGuardia Airport Facility Police Command/ Queens West Facility.
 - b. PATH Facility Police Command/ World Trade Center Facility Police Command/ Holland Tunnel - Brooklyn Piers Facility Police Command/Auto Marine Terminal Facility.

- c. Port Authority Bus Terminal Facility Police Command/ Lincoln Tunnel Facility Police Command /George Washington Bridge Facility Police Command/ Bathgate Facility/Yonkers Facility/ Madison Avenue - Park Avenue Facility
 - d. Newark Liberty International Airport - Teterboro Airport Facility Police Command/New Jersey Marine Terminals -Port Elizabeth Facility Police Command /Staten Island Bridges - Teleport Facility Police Command/ Howland Hook Facility/Port Ivory Facility/Essex County Resource Recovery Center Facility.
2. The Following Facility Police Commands have not been included in the Consolidated Police Zones set forth in Paragraph one of this Section, and shall continue to be treated as separate Facility Police Commands.
 - a. Police Headquarters
 - b. Central Police Pool
 - c. Police Academy
3. Notwithstanding the above consolidations, Police Officers shall continue to be permanently assigned to individual Facility Police Commands, transfer lists shall continue to be maintained as provided in Document "C", annexed hereto, and facilities including but not limited to lockers and mailboxes shall continue to be maintained at Facility Police Commands for the Police Officers permanently assigned thereto.
4. Deficiencies in normal roll call positions at a Facility Police Command within a consolidated Police Zone which the Port Authority in its sole discretion elects to cover shall be covered in the following order of assignment:
 - i. A Central Police Pool Police Officer on straight time;
 - ii. A qualified Police Officer assigned to any of the Facility Police Commands within that Consolidated Police Zone who is excess on the tour of duty of the deficiency and who volunteers for the assignment;
 - iii. The junior qualified Police Officer assigned to any of the Facility Police Commands within that Consolidated Police Zone who is excess on the tour of duty of the deficiency;
 - iv. A Police Officer pursuant to the overtime provisions of the Memorandum of Agreement.

For purposes of this Paragraph 4, a Police Officer is "excess" if the Police Officer has not been assigned to a normal roll call position at the Police Officer's Facility Police Command on that tour of duty and all

normal roll call positions at the Command have been filled. The excess Police Officer must have reported to his Facility Police Command for his regularly scheduled tour of duty and stood roll call prior to his assignment. The assigned excess Police Officer will be provided transport in a Police vehicle to and from the Facility Police Command to which he has been assigned. He shall return to his Facility Police Command at the end of his regularly scheduled tour of duty to sign off duty. In implementation of this procedure the Port Authority may not create an excess Police Officer by failing to fill a normal roll call position in order to use the Police Officer who would have filled that position to cover a deficiency at another Facility Police Command.

For purposes of this Paragraph 4, a Police Officer is "qualified" if the Police Officer has had at least the number of tours of on-the-job training at the Facility Police Command with the deficiency as the Port Authority, in its sole discretion, then requires a Central Police Pool Police Officer to have to be assigned to that Facility Police Command on that tour. The Port Authority is not required to have tour specific qualification requirements.

5. Except as set forth in this Section and except for those situations set forth in Section XVI Paragraph 1(c)(iii) of this Memorandum of Agreement, and except for Police Officers assigned to the Central Police Pool, Police Officers assigned to one Facility Police Command shall not cover manpower deficiencies at any other Facility Police Command other than on overtime consistent with this Memorandum of Agreement. A Police Officer whose Facility Police Command is listed in Paragraph 1 of this Section shall not be assigned to work his regularly scheduled tour of duty or involuntary overtime at another Facility Police Command except for those situations set forth in Section XVI, Paragraph 1 (c)(iii) of this Memorandum of Agreement. A Police Officer assigned to another Facility Police Command for any tour of duty due to a situation set forth in Section XVI, Paragraph 1(c) (iii) shall first report to his normal Facility Police Command and stand roll call prior to his assignment. The Assigned Police Officer will be provided transport in a Police vehicle or other Port Authority provided vehicle to and from the Facility Police Command to which he has been assigned. He shall return to his Facility Police Command at the end of his tour of duty to sign off duty.

LVI. Plainclothes Assignments

1. The Port Authority may in its sole discretion assign any Police Officer to perform duties in plainclothes. If the Port Authority elects to assign Police Officers to perform duties in plainclothes at John F. Kennedy International Airport dealing with the enforcement of Taxi and Limousine Commission rules, hustling and other unauthorized solicitation by taxicab and limousine drivers, pickpocket activity, and luggage thefts, including those related to the use of smarte cartes, then the Port Authority shall assign Police Officers

on the JFKIA Plainclothes Assignment List appended to Document N, annexed hereto, who are working on their regularly scheduled tour of duty to such plainclothes assignments by their seniority on that list, provided that, with respect to these plainclothes assignments, up to fifty percent (50%) of the personnel assigned may be from personnel not on that JFKIA Plainclothes Assignment List when there is an operational need, e.g., special skills, or to vary the identity of assigned officers, e.g., gender, race. The practices with respect to "Plainclothes Assignments" of Police Officers at Newark International Airport and LaGuardia Airport which were in effect prior to the execution of this Memorandum of Agreement shall remain the same.

2. Effective on January 21, 2003, a Police Officer who the Port Authority assigns to perform duties in plainclothes shall be paid an additional amount equal to seven and one half percent (7½%) of that Police Officer's hourly rate of pay for each hour he is engaged in the performance of duties in plainclothes to which he has been assigned by the Port Authority, including assignments to appear in criminal court or other similar judicial or administrative proceedings which are directly related to such plainclothes assignments. For purposes of this Paragraph, a Police Officer's "hourly rate of pay" for a straight time hour of work shall be the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity payable to such Police Officer as set forth in the schedules annexed hereto as Appendix "A" and, for an overtime hour of work, shall be one and one-half (1½) times the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity payable to such Police Officer as set forth in the schedules annexed hereto as Appendix "A".
3. Effective with the execution of the Memorandum of Agreement, the respective Plainclothes Assignment Lists (formerly known as "Hack/TES" Squad Lists) at all commands shall be updated for use in "Plainclothes Assignments". The Plainclothes Assignment Lists shall be updated on an annual basis.

LVII. Locker Search Procedure

1. Non-criminal matters:

- a) The search of lockers assigned to police officers in connection with non-criminal matters may occur in the following circumstances:
 - i) Upon the death or separation from service of the police officer, the Port Authority may search that police officer's locker;
 - ii) The Port Authority may search a police officer's locker when reasonably related to an administrative investigation of the police officer;

ABJ *J*

iii) The Port Authority may search a police officer's locker to retrieve Port Authority property issued to the police officer;

iv) The Port Authority may search a police officer's locker to fulfill a legal obligation or in exigent circumstances;

b) The search must be approved by the Superintendent of Police, or, in his absence, by the individual he designates in writing as acting Superintendent of Police. Any memorandum designating an individual as acting Superintendent of Police shall be required to be copied to the PBA Office under Section I, Paragraph 5 of the Memorandum of Agreement.

c) The Association must be given notice of a search and will be afforded a reasonable opportunity to attend the search. A delegate working at the Facility Police Command on the tour of duty of the search will be permitted to be a witness to the search. If no delegates are working on the tour of duty, the President of the PBA shall be notified that no delegates are available. The President will be permitted three (3) hours to obtain an alternate witness for the search.

d) The search shall not be more intrusive than necessary to accomplish its purpose.

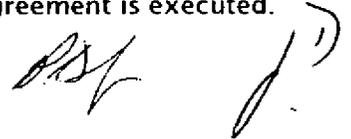

2. Searches of lockers in connection with criminal investigations will be governed solely by applicable law.

3. Upon notice to the pertinent Facility Police Command, the Port Authority may enter all police lockers not currently assigned to police officers.

LVIII. Savings Clause

1. If any provision of this Memorandum of Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Memorandum of Agreement.

2. All provisions of this Memorandum of Agreement, including but not limited to wages, fringe benefits, and all other conditions of employment, unless otherwise amended, shall remain in full force and effect until a new Memorandum of Agreement is executed.

VACATIONS

I. POLICIES

- A. Vacations for Port Authority Police Officers are based on the assumption that they contribute to the good health and well being of the staff and are, therefore, mutually beneficial to the employee and the organization.
- B. Police Officers receive vacations of up to 28 days yearly, depending on length of police service.
- C. Employees cited for performing services beyond normal expectations and receiving either the Medal of Honor, the Howard S. Cullman Distinguished Service Medal, the Distinguished Service Medal, the Police Commendation Medal, or the Meritorious Police Duty Medal receive extra days of vacation as specified in Attachment B to this Appendix D.
- D. The Human Resources Director may, with the approval of the Executive Director, modify vacation policies to fit the requirement of an unusual situation.

II. OPERATING RULES

- A. Attachment A, "Operating Rules - Vacations" outlines the operating rules for the administration of the vacation program.
- B. Attachment B, Vacation Allowance Table, shows the specific vacation allowances for Police Officers during their first year of employment, in subsequent years, and upon termination of employment. It also covers extra vacation days authorized for employees awarded medals.

APPENDIX D

ATTACHMENT "A"

OPERATING RULES - VACATION

I. VACATION SCHEDULING

- A. Vacation scheduling for Police will be handled in accordance with instructions issued by the Superintendent of Police.

II. VACATION ELIGIBILITY IN CONNECTION WITH LEAVE OF ABSENCE

For the year in which an ordinary, maternity, or long term military leave begins, an employee is entitled to vacation allowance equivalent to that for terminating employees shown in Part II of Attachment A plus any vacation days carried over from previous years. After subtracting vacation already taken, the balance is taken before the leave begins. If the employee has already taken vacation days in excess of his allowance for the year, their value is subtracted from his last paycheck before the leave begins. However, if at the time the leave begins, vacation has been taken in excess of vacation due in accordance with a facility or unit vacation schedule published at the start of a calendar year, no adjustments in the final salary check will be made provided that the employee did not initiate a change in his assigned vacation via a mutual swap or special request. Employees returning from ordinary, maternity, or long term military leave of absence in a calendar year other than that in which their leave commenced will be entitled to a vacation allowance, for that year only as shown in Part III of Attachment B.

- III. Vacation days taken in any year shall be charged first, against any accrued normal vacation carried over from the prior year, and second, against the current year's normal vacation allowance.

IV. VACATION IN CONNECTION WITH SICK LEAVE

- A. If an employee falls ill after starting his scheduled vacation, the period of his illness during this vacation cannot be charged as a sick absence. However, if an employee is hospitalized for one night or more while on vacation, only the days of hospitalization should be charged as sick absence time. Should questions arise regarding application of this policy, the Human Resources Department should be consulted.
- B. If an employee's sick absence starts before a scheduled vacation, the time absent due to illness should be charged as sick absence provided the employee returns to work at the end of his illness before starting his vacation.

AS *JD*

- C. An employee who is absent for an extended period because of illness and who received paid sick leave for a part or all of the period of absence, may be required to forfeit a portion or all of his normal vacation allowance. The Superintendent of Police will recommend to the Human Resources Director the appropriate action to be taken in such cases.
- D. Following an extended period of absence because of illness (other than the first occasion of absence due to each injury incurred in the line of duty) and injuries incurred in the line of duty after the execution of the Memorandum of Agreement (1996-2003) which are exempt from consideration for purposes of Repeated and Excessive Absence discipline under Appendix "L", annexed hereto and the days of absence of such occasions) which totals a minimum of 30 cumulative work days lost within any 12 consecutive month period, one (1) day of vacation allowance may be forfeited for each 10 work days of absence.

Vacation days forfeited shall be taken as follows: absences beginning and ending in a single calendar year shall only have vacation days forfeited from the calendar year in which the absence occurs; absences which begin in one calendar year and continue into a successor calendar year shall have vacation days forfeited based upon the entire period of absence, first from the calendar year in which the absence began and, if the Police Officer's remaining vacation allowance for that year is insufficient to satisfy the forfeiture, then the remainder of the forfeiture shall be taken from the calendar year in which the absence ended.

V. VACATION CARRYOVER

- A. Vacation must be taken in the year in which it is earned, unless special permission for carryover of vacation allowance from the year earned to the following year is granted by the Human Resources Director. Such permission must be obtained prior to the end of the year in which the vacation is earned. No employee may carry over to a succeeding year more than one full year's vacation allowance. The Superintendent of Police may authorize carryover of vacation of five days or less.
- B. In determining the amount of vacation which may be carried over to a succeeding year, a continuous period of vacation begun before the end of one calendar year which extends into the succeeding calendar year shall be considered to have been taken in its entirety during the calendar year in which it was begun.
- C. The provisions of Paragraphs A and B above shall apply to unused vacation days at the end of any calendar year which have accumulated as a result of illness or injury.

Bob J.P.

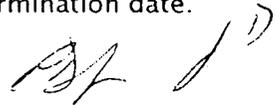

VI. LENGTH OF SERVICE IN CONNECTION WITH VACATION

A. Length of service is determined as follows in computing vacation allowance:

1. All periods of authorized absence with pay are included.
2. All time on military leave and sick leave, with or without pay is included.
3. Time on leave of absence without pay in excess of one month is not included.
4. If an individual is separated because of reduction in force and is re-employed within one year of the date of separation and his service prior to separation is included.
5. If an individual is re-employed after a separation of more than one year due to reduction in force, or after dismissal or resignation, his service prior to such separation, dismissal or resignation is not included, unless specifically approved by the Human Resources Director.
6. Service as a full-time temporary employee is included, provided there is no interruption in employment exceeding five calendar days at the time his status is changed to project or permanent employee.

VII. VACATION ALLOWANCES ON SEPARATION - POLICE EMPLOYEES

- A.
1. Vacation allowances on separation will be reduced by any vacation taken in the calendar year in which separation occurs, unless such days were carried over from a previous year.
 2. A member of the Police Force who is separated in good standing will be entitled to full credit for any unused vacation carried forward from a previous year under the provisions of Paragraph V, above. Any vacation carried forward from a previous year and taken prior to separation will not be considered in determining vacation allowance on separation.
- B. A member of the Police Force in good standing who has had at least nine months' service and who is separated for such reasons as reduction in force, death, or retirement will be granted his full vacation allowance for the calendar year in which his services terminate, regardless of his termination date.

- C. A member of the Police Force in good standing who is separated for any reason before the completion of nine months' service, or who is discharged for cause, including resignation under charges, is not eligible for vacation allowance on separation.

- D. A member of the Police Force absent without pay for more than thirty consecutive days during a year, with the exception of absence while on military leave, shall have his succeeding vacation allowance reduced by 1/12 for each 30 consecutive days of such absence.

DIRECTOR OF ADMINISTRATION
POLICE DIVISION INSTRUCTION

P.D.I. 2-9
SICK LEAVE POLICY
JULY 1976
REVISED MARCH 1988
REVISED NOV. 1993

I. INTRODUCTION

It is the purpose of this instruction to establish the policy and procedures to be used by the Facility Police Commanding Officer in reviewing individual sick leave performance of all police personnel, as well as to provide the means for an evaluation and counselling of those individual cases requiring special attention.

II. STANDARDS FOR SICK ABSENCES

1. A. The standards for sick absences are:
 1. No sick absences in 12 months - Above Standard
 2. One to Four separate sick absences in 12 months - Standard
 3. Five or more separate sick absences in 12 months - Below Standard
- B. All sick absences, including less than full tour absences, doctor's note, and excused by Office of Medical Services absences, will count in the determining of the number of occasions.

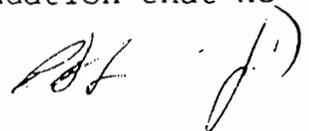

III. REVIEWS

- A. Each month the Facility Police Commanding Officer

AK *JD*

will conduct a review of the sick leave performance of all members of his command, for the preceding 12 months.

- B. When a member of the force reaches three occasions of sick absence in a twelve month period, the Facility Police Commanding Officer will conduct a review of the individual's sick record for the previous 24 month period. The review will include all occasions of sick absence, the number of tours and less than full tours of sick absence, medical problems related to the absences and other related data which will aid in reviewing the total record of the person.
- C. The Facility Police Commanding Officer will interview the individual to obtain additional information and to counsel him on his performance. A memorandum recording the results of the review and the interview will be placed in the employee's facility file.
- D. When a member of the force reaches four occasions of sick absence in a 12 month period, the Facility Police Commanding Officer will again interview the individual. The individual at this time will be advised that a future sick absence within the 12 month period may result in a recommendation that he

be placed on Half-Pay Doctor's Note Status. A memorandum recording the results of the review and the interview will be placed in the employee's facility file.

- E. When the sick leave performance of a member of the force goes below standard, the Facility Police Commanding Officer will conduct a review of the individual's sick record. The individual will be interviewed and based on an evaluation of all relevant data, the Facility Police Commanding Officer may recommend that the individual be placed on a Half-Pay Doctor's Note Status for 6 months.

IV. CHANGES IN SICK LEAVE STATUS

A. Half-Pay Doctor's Note Status

1. A recommendation may be made to place a member of the force on Half-Pay Doctor's Note Status after a review of his sick leave record has been completed and the individual has been interviewed and counseled as specified in paragraph III, above. The procedure outlined in Appendix A of this P.D.I. will be used to recommend placement of an individual on Half-Pay Doctor's Note Status.
2. An individual on Half-Pay Doctor's Note Status,

who supplies a letter or note from his doctor that he attended the individual during the period of sick leave involved, or who takes time off for sick leave on the advice of the Port Authority Office of Medical Services, will receive 1/2 pay for such absence, provided he presents the doctor's letter or note to his Facility Police Commanding Officer upon his return to duty. If a note is not presented, the individual will receive no pay for the sick absence.

B. No-Pay Status

1. When a review of the sick leave record of an individual on a Half-Pay Doctor's Note Status shows no improvement and continues Below Standard, an evaluation will be made of all relevant information and an interview will be conducted with the individual concerned.
2. If warranted, and as a result of the evaluation and interview, the Facility Police Commanding Officer may submit a recommendation to place the individual on a No-Pay Status for 6 months.
3. The procedure as outlined in Appendix A will be used.

GRIEVANCE-ARBITRATION / DISCIPLINARY PROCEDURE

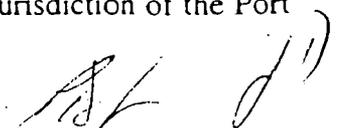

The informal resolution of differences prior to the initiation of actions under this grievance procedure is encouraged and desired by the Port Authority and the Association. Grievances with respect to the alleged violation of any provision of the Memorandum of Agreement (other than Paragraph one of Section II, Paragraph fourteen of Section XIX, Section XXII and Appendix "J" referred to therein, Section XXX, Section XXXI, the second sentence of Paragraph seven of Section XXXIV, and Section LII) and disciplinary charges shall be processed as follows:

A. Definitions

Pursuant to the Memorandum of Agreement to which this Grievance Arbitration/Disciplinary Procedure (Grievance Procedure) is annexed and for the purpose of this Appendix:

1. Grievance

A complaint limited to the application or interpretation by the Port Authority of any provision of the Memorandum of Agreement (other than Paragraph one of Section II, Paragraph fourteen of Section XIX, Section XXII and Appendix "J" referred to therein, Section XXX, Section XXXI, the second sentence of Paragraph seven of Section XXXIV, and Section LII) which application or interpretation is alleged to constitute a violation of the said Memorandum of Agreement or any provision thereof; provided, however, that, notwithstanding any provision or provisions of the Memorandum of Agreement, the term "grievance" shall not include any complaint or dispute whatsoever concerning unit work irrespective of its nature and source. No complaint or dispute concerning unit work irrespective of its nature and source shall be subject to or processed through this Grievance Procedure or submitted to arbitration but shall be subject to the exclusive jurisdiction of the Port

Authority Employment Relations Panel pursuant to Section XXXI of the Memorandum of Agreement.

2. Disciplinary Charges and Specifications

Disciplinary charges and specifications ("disciplinary charge" or "charge") filed on or after the date of execution of this Memorandum of Agreement pursuant to Document H, annexed to the Memorandum of Agreement, as modified by Section XXVIII of the Memorandum of Agreement.

3. Working Days

As used herein, the term "working days" shall mean calendar days exclusive of Saturdays, Sundays and public holidays.

B. Procedure

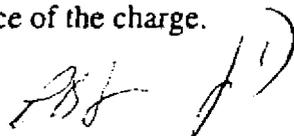

Grievances and disciplinary charges shall be processed as follows:

1. Step One : Initial Processing of Grievance

A written grievance shall be submitted (via facsimile or otherwise) by the Association on forms to be provided by the Port Authority to the Superintendent of Police or his designee within thirty (30) working days of the commencement of the event which gave rise to the grievance or the date the grievant should reasonably have been expected to become aware of the event which gave rise to the grievance. The Port Authority shall acknowledge receipt of said grievance. Appropriate management and union representatives shall meet informally to discuss and attempt to amicably resolve the matter.

2. Step Two : The Board of Inquiry

Disciplinary Charges: A disciplinary charge shall be submitted to the Board of Inquiry at the time of service of the charge.

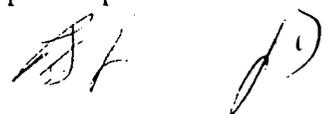

Handwritten signature and initials, possibly "ABF" and "JD", in black ink.

Appeal of Grievances to Board: If the grievance is denied at Step One, it may be appealed by the Association. Any such appeal shall be in writing and made within thirty (30) working days of the Step One denial. The appeal shall be addressed to a Board of Inquiry, care of the Superintendent of Police or his designee. The Port Authority shall acknowledge receipt of said appeal. The Board of Inquiry shall consist of a representative of the Port Authority (who in "minor discipline" under paragraph "a" below shall be the Superintendent or his designee), the President of the Association (or his designee), and a neutral party (not an employee of the Port Authority or the Association) to be selected by the parties pursuant to Paragraph C, below. The Neutral will serve as the Chairman of the Board of Inquiry.

Meetings of Board: The Board of Inquiry will meet at least once a month, alternatively between Police Headquarters and the PBA Office. The Board of Inquiry may meet more than once a month, if the Neutral and at least one other member vote in favor of such meeting. On the date of the meeting, the member designated by the President of the Association, if the member is an active Police Officer, will have full time off with all pay and benefits he would have otherwise earned.

Proceedings Before Board: The nature of a proceeding before the Board will determine the scope and formality to be provided, as set forth below:

- a. The Board of Inquiry shall conduct a hearing on any disciplinary charge which indicates that the charge seeks any of the disciplinary actions enumerated in Document H, Paragraph V.B., as amended by Section XXVIII of the Memorandum of Agreement ("minor discipline"). Such hearings shall be held in accordance with the then-effective Voluntary Labor Arbitration Rules of the American Arbitration Association ("AAA"). Specifically, in such cases, the Board of Inquiry shall, by majority vote, have all power to subpoena witnesses and compel the production of

documents provided for by applicable law. The parties may, on a case-by-case basis, mutually agree in writing not to have attorneys represent either party or be present at the hearing thereof. Upon the request of either party, Board of Inquiry proceedings on "minor discipline" shall be transcribed.

- b. Grievances and disciplinary charges which indicate that the charge seeks any of the disciplinary actions enumerated in Document H, Paragraph V.A., as amended by Section XXVIII of the Memorandum of Agreement ("major discipline") shall also be brought before the Board of Inquiry. The determination to consider any such disciplinary charge or grievance must be by unanimous vote of the Members of the Board of Inquiry. However, the only hearing of any kind to which Police Officers are entitled on such disciplinary charges shall be that provided for at Step Three (Arbitration) herein. Proceedings before the Board of Inquiry involving grievances or "major discipline" shall be informal, and the Board of Inquiry shall not have subpoena powers in such cases. Nor shall Board of Inquiry proceedings on such cases be transcribed.

Decisions of Board: Each member of the Board of Inquiry will have one vote. The decision of the Board of Inquiry may be oral or written. In either event, the decision shall be rendered by the Neutral member of the Board.

Decisions on disciplinary charges seeking "minor discipline" shall be determined by a majority vote of the Board. Such decisions shall be final and binding upon the Port Authority, the Association and the charged employee(s) to the extent permitted by and in accordance with applicable law and the Memorandum of Agreement. The Board of Inquiry may issue Decisions without opinions in "minor discipline" cases, and may hear more than one such case per day.

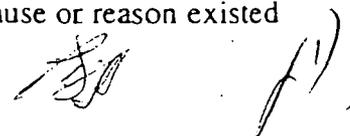

If unanimous, decisions on matters involving grievances shall be final and binding upon the Port Authority, the Association and the grievant(s) to the extent permitted by and in accordance with applicable law and the Memorandum of Agreement. The Board shall not have the power to add to, subtract from or modify the provisions of the Memorandum of Agreement and shall confine its decision solely to the interpretation and application of the Memorandum of Agreement. The Board shall confine itself to the precise issue or issues presented, and shall have no authority to determine any other issues not so presented to it nor shall it submit observations or declarations of opinion which are not essential in reaching the determination.

The Board of Inquiry may only issue recommendations on matters involving "major discipline". Such recommendations shall not be final or binding. Nor shall they be admissible or referred to in any manner in any hearing in that case. The Board may also, by unanimous vote, amend or dismiss such disciplinary charges. The Superintendent of Police or his designee shall have the exclusive right to refer a "major discipline" case to arbitration.

3. Step Three: Arbitration

If the Superintendent of Police or his designee elects to refer a disciplinary charge seeking "major discipline" to arbitration, or if the President of the Association elects to refer a grievance to arbitration, the matter will be referred to an Arbitrator selected pursuant to Paragraph C, below. the moving party must make such reference within thirty (30) working days of the final disposition of the matter by the Board of Inquiry.

a. The arbitrator shall not have the power to add to, subtract from or modify the provisions of the Memorandum of Agreement and shall confine his decision solely to the interpretation and application of the Memorandum of Agreement. In "major discipline" cases, the Arbitrator shall confine himself to the question whether good and sufficient cause or reason existed

to support the imposition of major discipline on the grievant. He shall have no authority to determine any other issues not so presented to him nor shall he submit observations or declarations of opinion which are not essential in reaching the determination.

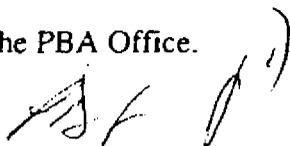

b. Notwithstanding the limitations placed upon the Board of Inquiry, the Arbitrator shall have those powers which applicable law authorizes arbitrators to exercise to compel the appearance of witnesses or the production of documents.

c. The decision or award or relief afforded by the arbitrator shall be final and binding upon the Port Authority, the Association, the grievant(s), and/or the charged employee(s) to the extent permitted by and in accordance with applicable law and the Memorandum of Agreement.

d. All fees and expenses of the arbitrator shall be divided equally between the parties. Each party shall bear the cost of preparing and presenting its own case. However, if none of the disciplinary charges against a police officer are sustained by the Arbitrator, then the Port Authority shall pay reasonable counsel fees at the rates set forth in the Section of this Memorandum of Agreement entitled "Non-Civil Charges and Complaints" for the defense of the police officer in the arbitration.

e. Arbitrations shall be held in accordance with the then-effective Voluntary Labor Arbitration Rules of the American Arbitration Association ("AAA"), and will be transcribed by a transcription service selected and provided by the party who determined the location of the arbitration hearing. The cost of said service will be equally divided by the parties.

f. The arbitrator shall hold the hearing at a time convenient to the parties as expeditiously as possible after his selection and shall issue his decision as soon after the close of the hearing as practicable. The hearing will be located alternatively between Police Headquarters and the PBA Office.

A handwritten signature in black ink, appearing to be 'A. F.', is written over the end of the text in paragraph f.

g. The settlement or award or relief upon a grievance may or may not be retroactive as the equities of each case demand but in no event shall such resolution be retroactive to a date earlier than the date the grievance was first submitted informally or on the date the grievance occurred.

h. Resolutions or decisions at Steps One and Two of this procedure shall not constitute a precedent in any arbitration or other proceeding.

C. Neutrals / Arbitrators

1. The parties shall agree upon a list of twelve (12) arbitrators from whom individuals shall, on a rotating basis, be called upon to serve as the 1) neutral member of the Board of Inquiry referred to in Paragraph B.2. above, and 2) the arbitrator to hear and decide cases referred to arbitration pursuant to Paragraph B.3. above. If the neutral/arbitrator is unavailable for sixty (60) days after notice of assignment, the next available neutral/arbitrator shall be contacted by the moving party.

2. Commencing December 1998, and annually in each December thereafter, the Port Authority and the Association shall each have the right to remove two members from the Panel of Neutrals/Arbitrators ("arbitrators"), provided that such right must be exercised in writing with an original thereof transmitted to the other party by certified mail return receipt requested. An individual who is removed shall not have any new matters referred to him but shall continue to serve as Arbitrator with respect to any matter which had been referred to him in that capacity. This right may be exercised only in the month of December.

3. If either party exercises its right to remove, the Port Authority and the Association shall meet no later than the immediately following January to agree upon an individual(s) to fill the vacant position(s). If a party removes an arbitrator, it may thereafter remove only one additional arbitrator unless the parties have agreed to an arbitrator to fill the existing vacancy and the agreed

BJ JD

to arbitrator has accepted a position on the Panel. If a party removes two arbitrators, it shall not be permitted to exercise its right to remove thereafter unless the parties have agreed to arbitrators to fill the vacancies and the arbitrators agreed to have accepted positions on the Panel of Arbitrators. If an individual removes himself from the Panel of Arbitrators, the parties shall meet within thirty (30) days of receipt of notice thereof from the individual to agree upon a replacement therefor.

D. General Provisions

1. The parties may mutually agree in writing, when circumstances warrant, to by-pass Steps One and Two of this Grievance Procedure. A disciplinary charge involving "major discipline" shall proceed to Step 3 (Arbitration) if no recommendation on it is rendered by the Board of Inquiry within sixty (60) days of service of the underlying charges.

2. Police Officers shall have the right to present grievances in accordance with the procedures described herein free from interference, coercion, restraint, discrimination or reprisal

3. The grievant is entitled to Association representation at any grievance and arbitration meetings. The Association shall have the exclusive right to represent members in any grievance provided, however, that any grievant or group of grievants shall have the right to present his or their own grievance at Steps One and Two without representation of any kind, provided further that no resolution of a grievance shall be inconsistent with the provisions of the Memorandum of Agreement.

4. The Association shall receive copies of written determinations and of appeals at all Steps and may submit written comments thereon and shall have the right to be present and to offer statements at any grievance step meeting.

5. The failure by the Port Authority to meet a deadline specified herein shall permit advancing the matter to the next Step. The failure of the grievant or the Association to file a

AL *11*

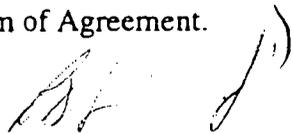

grievance or an appeal within the time limit specified shall be deemed to be a resolution of the grievance.

6. All time limits contained in this procedure may be extended by mutual agreement in writing.

7. The processing of a complaint by the Port Authority pursuant to this procedure shall not constitute a waiver by the Authority of any defense or claim that the conduct complained of does not involve the application or interpretation of any provision of the Memorandum of Agreement.

8. The grievant(s) and any witness(es) shall be excused from duty with pay as required for the processing of grievances, subject to the approval of the Superintendent of Police. If possible, any such request for excusal must be presented in advance, and approval thereof shall not be unreasonably withheld. Time off for Association representation purposes shall be in accordance with the Limited Distribution Directive 1-98, dated April 29, 1998.

9. Nothing herein shall preclude the Association from presenting a relevant defense at any step in this Procedure with respect to any disciplinary charge. In considering any such defense, neither the Board of Inquiry nor an Arbitrator shall have the power to add to, subtract from or modify the provisions of the Memorandum of Agreement.

Dear Officer Danese:

The Port Authority of New York and New Jersey and the Port Authority Police Benevolent Association, Inc., hereby agree to the following modifications to the procedure applicable to grievances and discipline of Police Officers under the parties' Memorandum of Agreement. This Letter of Agreement shall not modify disciplinary actions taken under the terms of Appendix M. This Letter of Agreement shall be an addendum to the Memorandum of Agreement and other than the modifications required hereby, all other provisions of the Memorandum of Agreement shall continue in effect.

Appendix "G" is amended to provide that Step Two of the Grievance Procedure set forth in Appendix "G" shall no longer be applicable to grievances thereunder. However, the President of the Association and the Chief of Staff of the Port Authority may mutually agree in writing to submit any individual grievance to Step Two when circumstances warrant. If a grievance remains unresolved for a sixty working day period following its submission to the Port Authority as provided in Step One of the Grievance Procedure, then, at any time after the completion of that sixty day period, the President of the Association may elect to refer that grievance to Step Three of the Grievance Procedure.

Appendix "G", Paragraph B.2 is amended to delete the second sentence thereof. The powers of the Board of Inquiry as set forth in Step Two of Appendix "G" are supplemented to provide that with respect to disciplinary charges seeking major discipline the Board of Inquiry, in addition to recommendations it may make, may take any of the following actions: by unanimous vote, amend or dismiss such disciplinary charges; and, by majority vote, downgrade any such disciplinary charge to one seeking minor discipline.

Repeated and Excessive Absence - Stage I charges under Appendix "L" shall be held in abeyance following the service of the Notice of Pending Charges and the time limits for filing and service of Stage I charges shall be stayed. A Police Officer against whom a Stage I charge is being held in abeyance may be charged with Repeated and Excessive Absence-Stage II if the Police Officer has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by the Stage I charge being held in abeyance.

In the event no Stage II charge is brought against the Police Officer, the Notice of Pending Charges for the Stage I charge shall be withdrawn. The Stage I and Stage II charges shall be heard in a single hearing and the Board of Inquiry shall decide the Stage II charge only if the Stage I charge is sustained.

Any Stage I charge served on a Police Officer prior to November 1, 1999, shall be withdrawn if that Police Officer does not have a Stage II charge pending against him or her as of the date of execution of this Letter of Agreement.

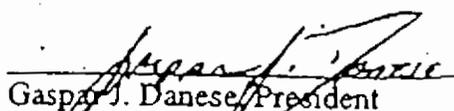

Please indicate your concurrence in the above on behalf of the Port Authority Police Benevolent Association by signing below and return an original to me.

TYPES OF HEARINGS

The parties have three principal hearings for resolving disputes: grievance arbitration, the Board of Inquiry, and disciplinary arbitration. Each hearing forum requires the participation of one arbitrator. The Board of Inquiry additionally requires a representative from each party who, together with the arbitrator, form a tripartite board.

TYPES OF CASES

The parties have three principal types of cases: contractual grievances, major disciplinary charges and minor disciplinary charges. Contractual Grievances are heard by a member of the panel of arbitrators as a grievance arbitration. Major disciplinary charges are heard by a Board of Inquiry and may be referred by that Board of Inquiry for further hearing as a disciplinary arbitration. Minor disciplinary charges are heard and resolved by a Board of Inquiry.

DOCKET OF CASES

The Scheduler will create a single docket of cases of all types. The docket order will be based upon the date that the case was referred to arbitration. For a grievance arbitration matter, the date that the case is referred to arbitration is the date that the PBA requested arbitration in writing. For a major disciplinary matter, the date that

the case is referred to arbitration is the date on which the Board of Inquiry refers the matter for further hearing as a disciplinary arbitration. For a minor disciplinary matter, the date the case is referred to arbitration is the date that the Port Authority requested a Board of Inquiry in writing. The Scheduler will assign arbitrators to hear cases of all types from the docket in date order. The sole exception to that requirement is that a given Board of Inquiry may consist of multiple docketed cases. Once a Board of Inquiry matter is reached in the docket, the Scheduler will combine the next four (4) Board of Inquiry matters on the docket in date order and assign the combined cases to an arbitrator as one matter.

SELECTION OF ARBITRATOR

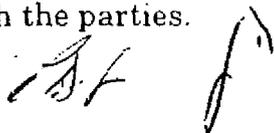

Once a matter is selected from the docket for scheduling, the Scheduler will begin to contact arbitrators in the order provided by the List of Arbitrators. The first arbitrator will be contacted and if that arbitrator has an available arbitration date within six (6) months, he or she will be selected to hear the case. If the arbitrator does not have an available date within six (6) months, he or she will be bypassed and the next arbitrator will be contacted. If an arbitrator is not at his or her contact number, he or she will be given a period of 24 hours to respond with an available date. At the conclusion of this selection process, the Scheduler will begin the next selection process with the next succeeding name on the arbitrators list.

For those situations where an arbitrator cannot be contacted immediately, the Scheduler may begin a second selection process beginning with the next arbitrator on the list. When the arbitrator from the first selection process responds or alternatively runs out of time, the next succeeding arbitrator for that selection process will be the next succeeding name on the arbitrators list following the completion of the second selection process.

SCHEDULING OF DATES

Once an arbitrator has been assigned to a matter, the Scheduler will request at least two additional dates from that arbitrator and will communicate those dates to each party to determine whether the parties are available. These additional dates do not have to be within the six month period. If the parties are not available on the three dates in question, the Scheduler will request three additional dates from the arbitrator until both parties accept one of the dates offered by the arbitrator.

Following the first scheduled hearing of a matter, all scheduling will be handled by the arbitrator in consultation with the parties.

RECORDS TO BE MAINTAINED BY SCHEDULER

The Scheduler will maintain three types of records for review by the parties on request:

1. All requests for arbitration by parties or the Board of Inquiry
2. The Docket of Cases
3. Record of each selection process as follows:
For each selection process, the scheduler will provide an explanation of how the selection was made, for example:

Edelman	contacted, no dates available in 6 months
Light	contacted, no return call within 24 hours
Haber	contacted, dates available and selected.
Kurtzman	next to be contacted

APPENDIX H

EXCUSED ABSENCES AND PERSONAL LEAVE

I. Introduction

This section describes the policy regarding excused absences and personal leave for permanent and probationary police employees covered by Memorandum of Agreement.

II. Definition

- A. Excused absences are any authorized absences from scheduled hours of work for which no deduction is made from the employee's compensation, and which are not attributable to vacations, holidays, sick leave, military leave, or compensatory time credited or to be earned.
- B. Personal leave is any authorized absence from scheduled hours of work for which no deduction is made from the employee's compensation, and which are not attributable to vacations, holidays, sick leave, military leave, or compensatory time credited or to be earned.

III. Policy

A. Excused Absences

Port Authority management grants time off with pay to police employees and identifies the absence as excused time under the following circumstances only:

- 1. Time necessary for involuntary participation in governmental proceedings such as jury duty, draft board examinations, Workmen's Compensation Board hearings, or appearing in court as a subpoenaed witness.
- 2. Time necessary for voting. Any eligible employee who desires to vote in a general election, primary election, special election or local election in the community where he resides, and who is required to work on the day of such election and whose hours of work are such that it will be difficult or impossible for him to vote, shall be granted two hours of excused time off to vote. Such time off shall be allowed only at the beginning or end of the employee's tour of duty as designated by his supervisor. However, any employee who has four or more consecutive hours before or after his working hours during which polls are open will be considered to have

AT d'1)

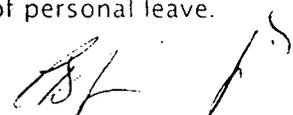

sufficient time to vote outside of his working hours and will not, therefore, be granted excused time.

3. Time necessary because of a death in the employee's immediate family (spouse, child, parent, brother, sister, spouse's parent, other person living in the employee's home). When more than three scheduled work days are needed, the additional time must be approved by the Superintendent of Police. Absences in excess of five (5) work days for any one instance require written approval by the Personnel Director, copy to the Manager, Accounting Division.
4. Time for donating to the Port Authority Blood Bank. Any police employee who donates blood to the Port Authority Blood Bank during his normal work schedule is granted the rest of that working day off as excused time. Any police employee who donates blood outside his normal work schedule is granted three (3) hours of excused time, to be taken at a time mutually convenient to the police employee and his supervisor.
5. When overtime work in excess of five and one-half hours (5 1/2) is performed by a police employee who is called in from off-duty status, sufficient excused time is granted in order to provide a period of four (4) consecutive hours off before the police employee starts his next normal tour. For example, if the police employee works from midnight until 6 A.M. and is scheduled to work the 8 A.M. to 4 P.M. tour, he receives two hours of excused time and starts his tour at 10 A.M.
6. Excused absences granted in accordance with the provisions of L.D.D. 01-04.
7. A Police Officer who is scheduled to take a police promotion examination and who is also scheduled to work the tour of duty immediately preceding the scheduled commencement of that examination shall be excused from that tour of duty.
8. Special individual situations as recommended by the Superintendent of Police and approved by the Personnel Director.

B. Personal Leave

This section describes the policy and procedure regarding personal leave for permanent and probationary police employees covered by Memorandum of Agreement.

1. Police employees will receive up to five days of personal leave.

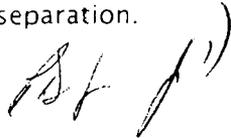

2. Each Police Officer may, in addition to paragraph "1" herein, designate up to sixteen hours of compensatory time per annum to be converted into a maximum of two additional days of personal leave which may be taken in the year of designation. Once a Police Officer has taken the maximum of sixteen hours of compensatory time converted to personal leave, the Police Officer may, in addition, designate up to an additional sixteen hours of compensatory time per annum to be converted into a maximum of two additional days of personal leave which must be carried over into the following year unless paid in accordance with this Appendix "H".
3. Effective July 31, 1988, no personal leave shall be granted on the following days: Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, and Thanksgiving Day.
4. Except as set forth in III B3 above, personal leave can only be denied for the following reasons: failure of essential equipment or systems where there is an urgency to restore essential services, conditions resulting from serious accidents affecting facility operations, floods, fires, disasters or other similar emergencies, high security VIP arrivals or departures, strikes, picketing, riots, demonstrations, civil disorders or other occasions when crowds may gather that are not as a result of normal operations or occurrences and threatened or actual weather conditions which could adversely affect facility operations.
5. Police employees are to submit written notice in advance for personal leave to their commanding officer whenever possible. (Examples used for vacation, family affair, planned event, etc.)
6. Accrual of Personal Leave Days
 - a. Five personal days will be credited to each police employee who is on payroll January 1 of each Year.
 - b. A Police Officer may, at any time during the year, utilize up to sixteen hours per annum of his compensatory time as personal leave, consistent with III B.2.
 - c. The following will apply for all newly hired police employees:

Hired January, February, March	- five days
Hired April, May, June	- four days
Hired July, August, September	- three days
Hired October, November, December	- 0 days

AT

d. Before or during payroll period 23 of each year, police employees may submit a handwritten memorandum to their Commanding Officer with regard to any unused personal leave days.

- 1) Police employees will have the right to carry all unused personal leave days (including converted compensatory time) into each following calendar year without limitation.
- 2) Police employees will have the right to be paid for all or any unused personal leave days and the same shall be paid in payroll period #25 of any year.
- 3) Police employees will have the right to include in their compensatory time bank all or any of their unused personal leave days.
- 4) All unused personal leave days will be carried into the following calendar year for police employees who do not submit a handwritten memorandum during the prescribed time.
- 5) Police employees will be paid, upon separation from police service, for all unused personal leave days.

RE: Clarification - Paragraph III.(5) Appendix H
of Memorandum of Agreement

Dear Officer Danese,

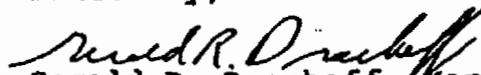

The Port Authority of New York and New Jersey (Port Authority) and the Port Authority Police Benevolent Association (PBA) agree to the following clarification of Paragraph III.(5) of Appendix H of the Memorandum of Agreement.

The grant of excused time provided for in Paragraph III. (5) requires that there be a break in time between the end of the overtime assignment and the start of the officer's next regularly scheduled tour of duty and that the break in time be of less than four hours.

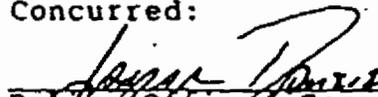

Paragraph III. (5) is not applicable when the end of the overtime assignment is contiguous to the start of the officer's next regularly scheduled tour of duty.

Based on this clarification grievance No. 19P-91 is withdrawn with prejudice.

Sincerely,

Gerald R. Drasheff, Manager
Police Planning and
Administration

APPENDIX K

VOLUNTARY OVERTIME ASSIGNMENT PROCEDURE FOR
POLICE OFFICERS

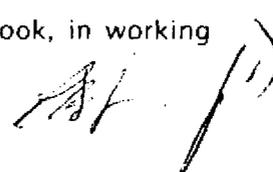

I. POLICY

A. Overtime assignments will be authorized in accordance with Section XIV of the Memorandum of Agreement.

This procedure shall be utilized to identify the appropriate qualified Police Officer, for a voluntary overtime work assignment, per the Memorandum of Agreement. A Police Officer is "qualified" for purposes of this Procedure, if the Police Officer has had at least the number of tours of on-the-job-training at the Facility Police Command with the deficiency as the Port Authority then requires a Central Police Pool officer to have to be assigned to that Facility Police Command or is otherwise qualified.

Voluntary overtime is an overtime assignment which is not ordered or which need not be assigned to a particular Police Officer. Some examples of overtime which would not be governed by this procedure are overtime ordered pursuant to Section XIV, Paragraph 12, of the Memorandum of Agreement, preparation time, or overtime required in connection with training, arrest, or appearances at any civil court, motor vehicle court, criminal court or before administrative bodies.

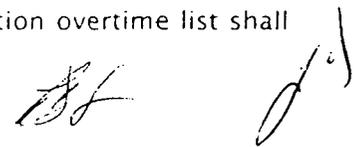

B. Police Officers must express first at their presently assigned Facility Police Command and then at the Central Police Desk advance interest, in the job wide overtime book, in working

regular day off cancellation (RDO X) or vacation cancellation (VAC X). RDO X and VAC X have equal standing under this Procedure. Police Officers requesting to work a voluntary overtime assignment must cover their Facility Police Command requirements first. Qualified Police Officers shall be solicited on total cumulative overtime hours. Selection therefore will be made from an operating equalization overtime list based upon the Daily Police Timekeeping System Overtime Distribution-Year to Date, computer printout updated on a daily basis, in accordance with this Procedure.

An Early Call In (ECI) is an overtime assignment which precedes and extends a Police Officer's tour of duty. A Hold Over (HO) is an overtime assignment which follows and extends a Police Officer's tour of duty.

C. If a voluntary overtime assignment is authorized, the qualified Police Officer who has expressed interest and has the least amount of overtime, shall be solicited for the assignment, subject to the procedures in Section II hereof. In the event the qualified Police Officer with the lowest amount of overtime declines, the qualified Police Officer with the next lowest amount of overtime shall be solicited, and so on, until all qualified Police Officers have been canvassed. An up to date operating equalization overtime list of all Police Officer's overtime shall be maintained at the Central Police Desk and be based upon the Daily Police Timekeeping system overtime distribution year to date. This list used for overtime equalization in the event there is a need to fill an overtime work requirement that cannot be filled by qualified facility assigned Police Officers in accordance with the Procedure. The operating equalization overtime list shall

Two handwritten signatures in black ink, one on the left and one on the right, appearing to be initials or names.

be maintained by the Port Authority and shall be no more than 14 to 28 days in arrears. This list shall be in addition to the daily overtime hours maintained and used at each Police Officer's Facility Police Command for overtime equalization. If two or more qualified Police Officers have the same number of hours, the qualified Police Officer with the greatest in grade seniority will be called first. Refusals of overtime will not be considered.

1. At the beginning of each calendar year, all Police Officers shall return to zero (0) overtime hours for the purpose of overtime equalization.

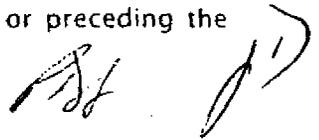

2. Any Police Officer who is required to perform work for which he is entitled to overtime payment pursuant to the Memorandum of Agreement shall receive such payment.

3. Upon their initial assignment to a Facility Police Command, Probationary Police Officers will have attributed to them the average overtime hours for Police Officers at that Facility Police Command for overtime equalization purposes.

II. PROCEDURE

A. Overtime assignment of four (4) hours or less

Whenever a voluntary assignment for a Police Officer is to be four (4) hours or less, a Commanding Officer may fill the assignment by the "HO", or "ECI" of qualified Police Officers assigned to that Facility Police Command, or qualified Central Police Pool Officers working a tour following or preceding the HO or ECI at that Facility Police Command with equalization amongst those eligible qualified Police Officers working the tours following or preceding the

overtime assignment. If no qualified Police Officer is available at that Facility Police Command, then any other qualified Police Officer from any command who has expressed interest in the job wide book at the Central Police Desk, may cover the overtime assignment.

B. Overtime Assignment Tour of more than four (4) hours

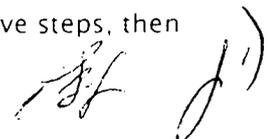

Whenever a voluntary overtime assignment for a Police Officer is to be more than four (4) hours, it may be covered by RDO X, VAC X, where possible, or by HO/ECI in the following sequence. In those instances where a voluntary overtime assignment of more than four hours is filled utilizing an officer on RDO X or VAC X pursuant to this procedure the officer shall be guaranteed a minimum of eight (8) hours work.

First: Qualified Police Officers assigned to that Facility Police Command and the Central Pool may be solicited to work on an RDO X or VAC X basis on an overtime equalization basis.

Second: Qualified Police Officers who are assigned to that Facility Police Command and qualified Central Police Pool officers working a tour following or preceding the HO/ECI at that Facility Police Command on a HO/ECI basis.

Third: Qualified Police Officers on RDO X and VAC X who are assigned to other Facility Police Commands and have expressed advanced notice in the job wide overtime book at the Central Police Desk.

Should no qualified Police Officer be available pursuant to the above steps, then

the assignment may be covered:

First: By any qualified Police Officer by HO, subject to overtime equalization.

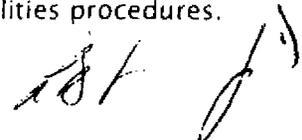

Second: By any qualified Police Officer by ECI, subject to overtime equalization.

For purposes of this procedure, a Police Officer completing an afternoon tour on a day prior to his RDO or VAC, shall be considered eligible for an RDO X or VAC X on the night tour following that afternoon tour. A Police Officer scheduled to work a night tour on the day following his RDO or VAC shall be considered eligible for an RDO X or VAC X on the afternoon of the day preceding that night tour. An Overtime Log is maintained at the Central Police Desk for Central Police Pool Officers who are interested in working voluntary overtime.

This overtime log is faxed out to all commands on the 2300 x 0700 tour, so that Central Police Pool Officers can be eligible for overtime at all commands. The Facility Police Command will match Central Police Pool officer overtime hours with the facility overtime hours and call the officer with the lowest hour total for the voluntary overtime assignment.

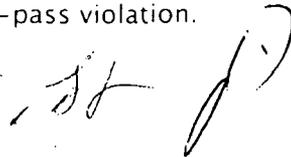

When a Facility Police Command accepts a Central Police Pool officer for overtime, the Facility Police Command must contact the Central Police Desk Sergeant, so that the officer's name can be removed from the Central Police Desk's Master Overtime Log.

Once a Central Police Pool Officer accepts a voluntary overtime assignment, that officer will be ineligible to work a voluntary assignment at any other facility that day, unless the overtime is a Hold Over or Early Call In and is distributed within that facilities procedures.

C. For the purpose of this overtime procedure, Facility Police Command shall be defined in accordance with the Position and Assignment List annex to the Memorandum of Agreement.

D. If a qualified Police Officer who has in accordance with this Procedure expressed advance interest in working a voluntary overtime assignment is by-passed in violation of this Procedure due to a misapplication of this Procedure, then the Port Authority in its sole discretion will either remunerate the Police Officer (make whole) or afford the opportunity to work an overtime assignment mutually acceptable to his Commanding Officer and himself, for the equivalent amount of hours at the equivalent rate of pay. The work opportunity shall not be a normal roll call position, but shall be a staff and/or extra operations work assignment. Whenever practicable this equivalent overtime work assignment shall be completed during the pay period in which the error was confirmed by the Public Safety Department. This paragraph sets forth the only remedy(s) for an overtime by-pass violation.

A handwritten signature in black ink, appearing to be 'JH' followed by a large, stylized flourish or initial.

APPENDIX L

REPEATED AND EXCESSIVE ABSENCE DISCIPLINE

Effective with the execution of the Memorandum of Agreement the following shall be applicable to disciplining a Police Officer for Repeated and Excessive Absence:

- A. This Appendix provides a progressive discipline system for Repeated and Excessive Absence. In accordance with Paragraph B.1. below, no Police Officer shall be subject to entering the progressive disciplinary process under this Appendix until and unless he has at least two occasions of absence and at least eighteen regularly scheduled workdays absent in a consecutive period up to nine months. In addition to the automatic exemption of certain injuries incurred in the line of duty as set forth below, the Superintendent of Police can consider the totality of the circumstances involving any absence from duty and in his sole discretion may exclude such absence(s) from the disciplinary process. The Superintendent's decision as to whether an absence is or is not to be excluded shall be without precedential value. Absences on account of pregnancy or on account of maternity leave shall not constitute absences for purposes of establishing "repeated and excessive absence" for disciplinary action.

A Police Officer who enters the progressive disciplinary process is subject to successive states of discipline which provide for successively greater maximum penalties.

A Police Officer who enters the progressive disciplinary process is also able to retreat out of it. If a Police Officer is at a particular stage in this disciplinary process and the next subsequent charge in the process is either not brought against him or, if brought, is not sustained, then a Police Officer shall retreat to the immediately preceding state in the process. In this way, a Police Officer who had entered the

process may, retreat through the stages and return to the status of a Police Officer against whom no charge of Repeated and Excessive Absence has been sustained. Such a Police Officer shall be subject to reentering the progressive disciplinary process only as provided in Paragraph B.1. below.

However, if a Police Officer's absence record for the period which includes period which would otherwise be covered by that Stage I charge and the nine month period immediately preceding the first day of absence in that period is four or more occasions of absence and a total of twenty-five or more regularly scheduled work days absent, he shall be subject to being charged instead with ***Repeated and Excessive Absence - Stage II.***

Stage I charges shall be held in abeyance following the service of the Notice of Pending Charges and the time limits for filing and service of Stage I charges shall be stayed.

If a Police Officer against whom a Stage I charge has been sustained or against whom a Stage I charge is being held in abeyance has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by the sustained or held in abeyance Stage I charge, the Police Officer may be charged with Repeated and Excessive Absence Stage II.

If no Stage II charge is brought against a Police Officer with respect to absences within the nine month period, or any part thereof, immediately following the period covered by a Stage I charge held in abeyance or a Stage I charge sustained or if no Stage II charge with respect to absences within the nine month

period immediately following the period covered by a Stage I charge held in abeyance as a Stage I charge sustained then a Police Officer shall retreat to the status of a Police Officer against whom no charge of Repeated & Excessive Absence has been sustained.

A Police Officer who has a Stage I charge or, as provided above, a Stage II charge against him sustained shall have thereby entered or reentered, as the case may be, the progressive disciplinary process for Repeated and Excessive Absence.

2. If a Police Officer against whom a Stage I charge has been sustained has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage I charge, a Police Officer shall be subject to being charged with ***Repeated and Excessive Absence - Stage II.***

If no Stage II charge is brought against a Police Officer with respect to absences within the nine month period, or any part thereof, immediately following the period covered by the sustained Stage I charge, or if no Stage II charge with respect to absences within the nine month period immediately following the period covered by a sustained Stage I charge is sustained, then a Police Officer shall retreat to the status of a Police Officer against whom no charge of Repeated and Excessive has been sustained

3. If a Police Officer against whom a Stage II charge has been sustained has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage II charge, he shall be subject to being charged with ***Repeated and Excessive Absence - Stage III.***

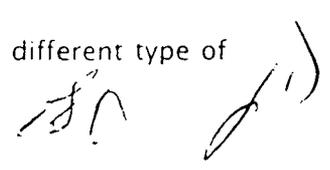

If no Stage III charge is brought against a Police Officer with respect to absences which occurred within the nine month period, or any part thereof, immediately following the period covered by a sustained Stage II charge, or if no Stage III charge with respect to absences which occurred within the nine month period immediately following the period covered by a sustained Stage II charge is sustained, then for purposes of discipline for Repeated and Excessive Absence with respect to absences in the next subsequent nine month period, or any part thereof, a Police Officer shall retreat to the status of a Police Officer against whom a Stage I charge has been sustained.

4. If a Police Officer against whom a Stage III charge has been sustained has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage III charge, he shall be subject to being charged with ***Repeated and Excessive Absence:- Stage IV.***

If no Stage IV charge is brought against a Police Officer with respect to absences within the nine month period, or any part thereof, immediately following the period covered by a sustained Stage III charge, or if no Stage IV charge with respect to absences within the nine month period immediately following the period covered by a sustained Stage III charge is sustained, then for purposes of discipline for Repeated and Excessive Absences with respect to absences in the next subsequent nine month period, of any part thereof, a Police Officer shall retreat to the status of a Police Officer against whom a Stage II charge has been sustained.

5. If a Police Officer against whom a Stage IV charge has been sustained is assessed a penalty from among temporary reduction in pay, compulsory leave of absence without pay, reduction in seniority or forfeiture of vacation rather than either dismissal from employment or transfer to a grade or title having a different type of

duties or responsibilities, then if a Police Officer has two or more occasions of absence and a total of twelve or more regularly scheduled work days absent in the nine month period, or any part thereof, immediately following the period covered by a sustained Stage IV charge, he shall be subject to being charged with Repeated and Excessive Absence - Stage IV.

If no Stage IV charge is brought against a Police Officer with respect to absences which occurred within the nine month period, of any part thereof, immediately following the period covered by a sustained Stage IV charge, or if no Stage IV charge with respect to absences which occurred within the nine month period immediately following the period covered by a sustained Stage IV charge is sustained, then for purposes of discipline for Repeated and Excessive Absence with respect to the next subsequent nine month period, or any part thereof, a Police Officer shall retreat to the status of a Police Officer against whom a Stage III charge has been sustained.

C. APPLICABLE DISCIPLINARY HEARINGS AND PENALTIES

Hearings of a disciplinary charge of Repeated and Excessive Absence - Stage I, Stage II or Stage III shall be in accordance with Appendix "G" and Section XXVIII of the Memorandum of Agreement.

The range of penalties for these Stages shall be:

- **Stage I** - up to a maximum penalty of **one day** compulsory leave without pay
- **Stage II** - up to a maximum penalty of **six days** compulsory leave without pay
- **Stage III** - up to a maximum penalty of **ten days** compulsory leave without pay

Hearings of and penalties for a disciplinary charge of Repeated and Excessive - Absence -Stage IV shall be in accordance with Appendix " G" and Section XXVIII of the Memorandum of Agreement.

In addition to the automatic exemption of certain injuries incurred in the line of duty as set forth below, the Board of Inquiry and/or Arbitrator may consider the totality of the circumstances surrounding the absences not automatically exempt in determining whether discipline is warranted and the penalty is appropriate.

D. ABSENCE

As used herein the term "absence" shall include all sick absences and absences due to injuries incurred in the line of duty, except for the following injuries incurred in the line of duty.

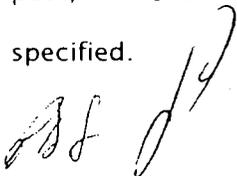

Those injuries incurred in the line of duty which directly result from:

1. Actions of a Police Officer which arise out of, are directly related to and are in furtherance of the lawful exercise of police functions, or
2. Criminal assault on a Police Officer while on duty whether engaged in police action or not, or
3. Crash, fire, rescue or other similar public safety operations, and

which result in serious personal injury to a Police Officer shall be automatically exempt from absences which may be considered for Repeated and Excessive Absence discipline.

The Superintendent of Police shall make the initial determination as to whether an absence shall be classified as "exempt" in accordance with the aforesaid. The Superintendent's determination as to whether an absence shall be classified as "exempt" may be used as precedent in subsequent proceedings under this Appendix.

The term "absence" shall not include such infractions as tardiness, being off post, A.W.O.L. and the like, and such infractions must be separately charged and specified.

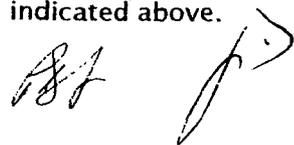

"OCCASION OF ABSENCE"

To be counted, as an occasion of absence in a charge of Repeated and Excessive Absence, the occasion of absence must commence in the period covered by the charge, which period, except as provided under Paragraph B.1. above, may be any consecutive period up to, but not more than, nine months in duration.

If an occasion of absence commences but does not end in the period covered by a charge of Repeated and Excessive Absence, then the regularly scheduled work days absent attributable to that occasion of absence which are in the period covered by the charge may be used to calculate the total of days absent in the period covered by the charge and those regularly scheduled work days absent during that occasion of absence which are not in the period covered by the charge may be used to calculate the total of days absent in the immediately following period.

- E. Both sustained charges under the prior Memorandum of Agreement and pending charges filed under the prior Memorandum of Agreement shall continue pursuant to this Appendix, however, the Superintendent of Police shall review pending charges filed under the prior Memorandum of Agreement in accordance with Paragraph A, herein.
- F. The Port Authority shall have the right to discipline a Police Officer for Repeated and Excessive Absence irrespective of the standards contained in Paragraph 1 of Section II of Appendix "F", annexed to the Memorandum of Agreement.
- G. No Police Officer shall be charged with a violation of Rule 5, Paragraph 5 of "General Rules and Regulations for all Port Authority Employees" with respect to sick absences and absences due to injury incurred in the line of duty, but any such charge shall be expressed as a violation of Repeated and Excessive Absence as indicated above.

H. The right of the Association to utilize the grievance-arbitration procedure contained in this Memorandum of Agreement shall not be diminished in any way and shall be applicable to all matters included herein.

APPENDIX M
DRUG TESTING
POLICY AND PROCEDURES

PREAMBLE

The mutual intention of the signatories to this policy is to insure that any individual subject to this Agreement who is engaged in the illegal or unauthorized use of drugs (as defined herein) shall be separated from employment with the Port Authority pursuant to the following:

POLICY

In order to investigate and detect the use of illegal drugs and the unauthorized use of: marijuana, opiates, amphetamines, cocaine and phencyclidine or their metabolites by member(s) of the Port Authority Public Safety Department (member(s)), the following procedures will become effective upon the execution of the 1996-2003 Memorandum of Agreement.

I. CONFIDENTIALITY

The results obtained from any administration of a reasonable suspicion or random drug test shall be strictly confidential. The results obtained from any such drug test shall be limited to internal administrative purposes only and shall not be divulged by the Port Authority to any person not requiring knowledge thereof, nor shall they be used by the Port Authority in connection with any criminal investigation or prosecution, nor shall the Port Authority release the results of any drug test to anyone, including another Law Enforcement Agency for use in connection with any criminal investigation or prosecution, except where such release is compelled by subpoena or court order or otherwise required by law.

II. SCREENING

The administration of screening tests to detect the presence of the following drugs: marijuana, opiates, amphetamines, cocaine and phencyclidine or their metabolites in members of the Department will be performed in the following instances:

1. Upon reasonable suspicion that a member is under the influence or is engaged in the illegal or unauthorized use of the above drugs;
2. On a random basis, without advance notice; and
3. Pursuant to the Rehabilitation Opportunity Agreement For Positive Test Results (Appendix 2) and The Rehabilitation Opportunity Agreement For Self-Identification Situations (Appendix 3).

AS *JD*

II. TESTING BASED UPON REASONABLE SUSPICION

A. A member may be required to undergo drug testing based on "reasonable suspicion" when facts and observations are brought to the attention of a superior officer and, based upon the reliability and weight of such information, the superior officer can reasonably suspect that the member is engaged in the illegal or unauthorized use of the above drugs. Reasonable suspicion must be supported by specific, articulable facts which may include, but are not limited to: reports and observations of the member's drug related activities such as purchase, sale or possession of drugs; associations with known drug dealers or users; observations of the member at known drug or drug related locations; an otherwise unexplained change in a member's behavior or work performance; an observed impairment of the member's ability to perform his or her duties. An accident, by itself, will not automatically require a member to submit to a reasonable suspicion drug test.

B. A superior officer shall report the basis for his reasonable suspicion to the Superintendent of Police or a designee. The Superintendent or a designee shall decide whether to direct the member to drug testing. Prior to so deciding, the Superintendent or a designee may meet with the member. If such a meeting is held, a representative from among those designated by the Association shall have a right to be present, except that the meeting shall not be delayed for more than two (2) hours for the purpose of having a designated Association representative present.

C. If the member is ordered to submit to a drug test, the member shall be given a brief verbal statement of the basis for the reasonable suspicion. A verbal directive to submit to a drug test shall be confirmed in writing, as shall the facts constituting the basis for the reasonable suspicion, but the testing shall not be delayed pending issuance of such written directive and statement of facts.

IV. RANDOM DRUG TESTING

The Superintendent of Police or a designee shall be responsible for the scheduling and administration of random drug tests.

A. Selection of members to be tested on a random basis shall be made from a database consisting of all members covered by the memorandum of agreement. This procedure will be performed by the Superintendent or a designee and will be witnessed by the Association President or a designee, except that the selection shall not be delayed later than 8:00 a.m. on the day that random selection shall occur for the purpose of having the Association President or a designee present. The Association President or a designee shall be notified no later than 4:00 p.m. on the day prior to the date on which a random selection is to occur. Such notice may be by fax to the Association office.

B. On the day which members are to be randomly tested a random list of names and member numbers will be generated until a sufficient number of members are available to meet the quota established by the Superintendent of Police. Members on the generated list who are scheduled to be on vacation or a regular day off will not be included in the list. Port Authority management and the Association's representative, if present, will sign the generated list. The

AT J

random selection of a member will not result in that member's name being removed from a selection process.

C. Member Notification Form - Members selected for random drug pursuant to this Procedure will receive the Member Notification Form (Appendix I).

A member selected for testing must remain at the collection site until the test is completed and the completion of a test will occur no later than two hours after the conclusion of a member's tour. Any member selected for testing and reporting absent due to sickness, personal leave on the test date, must provide a urine specimen the next time specimen collection takes place at his facility while the member is on duty there. This collection will be random if the member's name was selected at random for a previous test and the date of the next collection also random.

For the purpose of determining who is scheduled to work on the day random testing is to be done the following tours shall be the tours to be tested: The day and afternoon tours on the date that the names are randomly selected and the night tour of the day immediately following the date that the names are randomly selected.

V. EXEMPTIONS FROM DRUG TESTING

The member must report to the scheduled submission site within the time designated by the Port Authority's management or the member's supervisor unless they are absent due to an excused absence or personal leave as defined in Appendix H of the parties' Memorandum of Agreement, an assignment or excusal authorized by the Superintendent of Police or a designated supervisor, military leave, sickness or injury incurred in the line of duty, compensatory time, vacation, holiday or an assignment out of the Port District which has been scheduled before the member has notified to report for drug testing. The parties agree that members who are exempt pursuant to this Article will not be charged with a Refusal to Cooperate as defined in Article VII, Paragraph 1 of this Drug Testing Policy and Procedure and not subject to the DISCIPLINARY ARBITRATION PROCEDURES FOR A VIOLATION OF THE DRUG TESTING POLICY AND PROCEDURE as set forth herein as Article XII. Any claim that a member was not properly exempt under Article must be charged by the Port Authority pursuant to the disciplinary provisions of the Memorandum of Agreement.

VI. TESTING PROCEDURES AND RESULTS OF DRUG TESTS

A. The parties will be bound by 49 CFR Part 40, subpart A-General with respect to drugs only, and subpart B - Drug Testing, for all drug testing conducted pursuant to this 1996-2003 Memorandum of Agreement. The parties further agree to the following:

B. Testing Procedures

1. Collection Procedures

- a. The procedures for collection of urine shall be in accordance with 49CFR Part 40, Urine Specimen Collection Procedures Guidelines.
- b. Each member tested shall only be tested for the following drugs or their metabolites: marijuana, cocaine, opiates, amphetamines and phencyclidine.
- c. The following initial cutoff levels shall be used when screening specimens to determine whether they are negative for these five drugs or classes of drugs:

	Initial test cutoff levels (ng/ml)
Marijuana metabolite	50
Cocaine metabolites	300
Opiate metabolites	* 300
Phencyclidine	25
Amphetamines	1,000

* -25 ng/ml if immunoassay specific for free morphine.

- d. All specimens identified as positive on the initial test shall be confirmed using gas chromatography/mass spectrometry (GC/MS) at the cutoff levels listed below for each drug.

	Confirmatory test cutoff levels (ng/ml)
Marijuana metabolite \1\	15
Cocaine metabolite \2\	150
Opiates	
Morphine	300
Codeine	300
Phencyclidine	25
Amphetamines	
Amphetamine	500
Methamphetamine\3\	500

AT f)

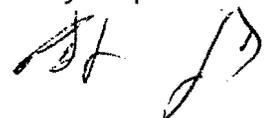

- \1\ Delta-9-tetrahydrocannabinol-9-carboxylic acid.
- \2\ Benzoylecgonine.
- \3\ Specimen must also contain amphetamine at a concentration greater than or to 200 ng/ml.

- e. These cutoff levels are subject to change by the Department of Health and Human Services ("DHHS") as advances in technology or considerations warrant identification of these substances at lower concentrations. The Port Authority will notify the Police Benevolent Association by registered mail, return receipt requested or overnight delivery mail service with written proof of service of any change in the cutoff levels made by the DHHS. The Police Benevolent Association may also notify the Port Authority's Office of Medical Services by registered mail, return receipt requested, or overnight delivery mail service with written proof of services of any change in the cutoff levels made by the DHHS. Any such changes will become effective upon the date prescribed by the DHHS provided the Port Authority has given the Police Benevolent Association notice or vice versa of such changes. No change will become effective unless the Port Authority has given the Police Benevolent Association notice of such change or vice versa.
2. Each member being tested on the basis of reasonable suspicion shall be accompanied by a representative of the Association, except that the testing process will not be delayed for more than two (2) hours for the purpose of having an Association representative present. The Association representative may confer with and advise the member before and after the testing process but shall not participate in the process in any way. The Association shall provide the Department with a list of no fewer than five (5) representatives to be available for this purpose. If on duty, said representative shall be excused from duty with full pay and benefits to accompany a member.
 3. During the testing process the member shall cooperate with requests for information concerning his use of medications, and with all other requirements of the testing process such as acknowledgment of giving a urine specimen.
 4. The parties agree to the "split sample" method of collection as outlined in 49 CFR §40.25. When directed in writing by the MRO to forward the specimen to another DHHS-certified laboratory selected by the Port Authority for analysis, the second laboratory shall analyze the split specimen by GC/MS to reconfirm the presence of the drug(s) or drug metabolite (s) found in the primary specimen. Such GC/MS confirmation shall be conducted pursuant to 49 CFR §40.29(b)(3).

5. The Port Authority shall pay all costs and fees with respect to the testing procedures set forth in Article VI.
6. All future amendments, additions, deletions and revisions concerning drug testing that are approved and issued by the Department of Transportation ("DOT") or DHHS will be adopted by the parties. The Port Authority will notify the Police Benevolent Association by registered mail, return receipt requested, or overnight delivery mail service with written proof of service of any amendments or modifications to 49 CFR Part 40. The Police Benevolent Association may also notify the Port Authority's Office of Medical Services by registered mail, return receipt requested, or overnight delivery mail service with written proof of service of any amendments or modifications to 49 CFR Part 40. The parties further agree that any such amendments or modifications to 49 CFR Part 40 will become effective upon the date prescribed by the DOT/DHHS provided the Port Authority has given the Police Benevolent Association notice or vice versa of such amendments or modification. No amendment or modification will become effective unless the Port Authority has given the Police Benevolent Association notice of such change or vice versa.

C. Results of Drug Tests

1. The MRO, as defined in 49 CFR Part 40, will receive all test results.
2. The MRO will notify each member who tests negative of such result by registered mail, return receipt requested and regular mail within five business days of the date the MRO receives the results from the laboratory, to the address indicated in Port Authority records. All test results will be retained by the MRO in a locked separate file in the Office of Medical Services.
3. Whenever a drug test is canceled for any reason pursuant to this Drug Testing Policy and Procedures or 49 CFR Part 40, any prior positive readings will be nullified and any suspension imposed will be rescinded with the tested individual receiving full pay for the period of the suspension.
4. Upon receipt of a positive test result, the MRO will notify the Superintendent or a designee who will immediately schedule the member who tested positive to report to the MRO in the Office of Medical Services, on that member's next scheduled workday that the Office of Medical Services is open for a complete review of the test results.
5. The member must meet privately with the MRO to discuss any legitimate explanation for the positive test result including the use of prescription and over-the-counter medications. The MRO will give the member a copy of the positive test result report at that time. The member must fully cooperate with

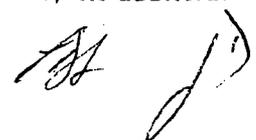

the MRO during this interview. If the MRO determines that there is a legitimate medical explanation for the confirmed positive test result, the MRO will report the test result to the Superintendent or a designee as verified negative. If the MRO determines that there is no legitimate explanation for the confirmed positive test result, the result will be verified positive by the MRO and communicated to the member during the next meeting. If the MRO verifies the positive test result, the MRO will notify the tested member by registered mail, return receipt requested and regular mail within five business days. The MRO will notify the member at the meeting that he/she may request a test of the "split specimen" and will explain the procedures for requesting a split specimen test and how this test is conducted. The MRO also will notify the Superintendent or a designee of the result. The Superintendent will then notify the tested member's supervisor. Such member will be subject to the discipline in accordance with Article XII herein.

6. If a member provides a written request to the MRO within 72 hours of being notified by the MRO of a verified positive test result for an analysis of a split specimen, the MRO will request that the split specimen be analyzed pursuant to 49 CFR Part 40. If the analysis of the split specimen fails to reconfirm the presence of the drug(s) found in the primary specimen, then the MRO will report the test as verified negative to the Superintendent or a designee and the tested individual by registered mail, return receipt requested and regular mail within five business days. If the split specimen is unavailable, inadequate for testing or untestable, the MRO shall cancel the test and report the cancellation and the reasons for it to the Superintendent or a designee and the tested individual by registered mail, return receipt requested, and regular mail within five business days. However, if the split specimen reconfirms the presence of the drug(s) or drug metabolite(s), the MRO will notify the Superintendent or a designee and the tested member of the test results by registered mail, return receipt requested, and regular mail within five business days.

VII. REFUSALS TO COOPERATE AND POSITIVE TEST RESULTS

A. Refusal To Cooperate

With the exception of members exempted from this Drug Testing Policy and Procedures as defined in Article V, Exemptions From Drug Testing, the refusal by a member to cooperate with any requirement of this procedure including, but not limited to, refusal to complete the Member Notification Form (Appendix 1) and the Drug Testing Custody and Control Form and the Split Specimen Request Form (Appendix 10), failure to provide urine or an adequate amount of urine if a licensed physician who is acceptable to the Port Authority determines in his or her reasonable medical judgment that a medical condition did not or with a high degree of probability could not have precluded the employee from providing an adequate amount of urine, engaging in conduct that clearly obstructs the testing process, including but not limited to, the adulteration of

substitution of a urine specimen or attempts to substitute or adulterate a specimen; failure to report as directed by management or the member's supervisor directly to the collection site, or to delay the collection, testing or verification process, refusal to comply with other provisions of this procedure, refusal to accept a restricted assignment while the member is participating in a counseling, treatment or rehabilitation program, or refusal to comply with terms of the Rehabilitation Opportunity Agreement For Positive Test Results (Appendix 2), or the Rehabilitation Opportunity Agreement For Self-Identification Situations (Appendix 3), shall constitute a refusal to cooperate. If a member cannot provide urine or an adequate amount of urine, and that inability was not due to a medical condition in the opinion of the licensed physician referenced herein, the member will be granted the opportunity to sign the Failure to Cooperate: Failure to Provide Specimen Waiver Agreement (Appendix 9). If the member signs this form, he or she will not be charged with refusal to cooperate and must abide by the terms of the Waiver Agreement contained therein. The only penalty for member's refusal to cooperate is termination, if the charge is sustained in a disciplinary action set forth in Article XII herein.

B. Positive Test Results

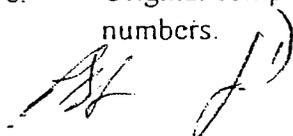

Any member who is required to submit to a reasonable suspicion drug test pursuant to this policy, will be administratively suspended from duty until the Port Authority receives the verified test results and, if requested, the split specimen test result. If the test result or split specimen test result is negative or canceled, the member will be reinstated and will receive full pay for the period of the suspension. If the test result or split specimen result is positive, the member will be suspended without pay. Termination is the only penalty for a member who receives a verified positive drug test, if the charge is sustained in a disciplinary action as set forth in Article XII herein. If the charge against a member who was verified positive by the MRO in accordance with this Drug Testing Policy and Procedures or 49 CFR Part 40 is not sustained the member will be reinstated without back pay and must sign a Rehabilitation Opportunity Agreement For Positive Test Results (Appendix 2). Refusal to execute or fully comply with the terms of the Agreement shall constitute refusal to cooperate and subject the member to termination. No disciplinary action will be taken against a member on the basis of any positive test that does not meet the cutoff levels provided in 49 CFR Part 40, Subpart B§40.29. The confirmation test of the split specimen shall be pursuant to 49 CFR §40.29.(b)(3).

VIII. DATA RETENTION AND PRODUCTION

A. Records Management and Production

The following records will be maintained in a secured location at Police Headquarters.

1. A copy of standard operating procedures for the Random Drug Testing Program.
2.
 - a. Program Disks
 - b. Data Base File Disks
 - c. Original computer generated random selection lists by sequential run numbers.

3. Copy #7 of the Chain of Custody Form for each specimen taken.
4. Copies of the original Member Notification Forms.
5. Copies of any and all documents concerning the directive to submit to reasonable suspicion drug test and the facts constituting the basis for reasonable suspicion determination.
6. A litigation package, which is to be provided and retained by the DHHS certified Laboratory who performed the analysis of the member's drug test. The documents currently comprising this litigation package are attached in Appendix 4. In the event there is a change in what the laboratory makes available to the Port Authority, the documents provided for in Appendix 4 shall be changed accordingly.
7. Any disclosed information related to a positive drug test of an individual shall be pursuant to 49 CFR Part 40.

The parties agree that no other records shall be provided by the Port Authority. Additionally, the arbitrator has no authority to require the Port Authority to produce any other records, other than what is specifically noted in this Article, including those documents reproduced in Appendix 4.

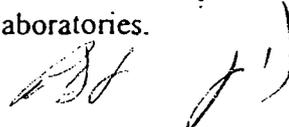

B. Employee Access to Records and Information

Members subject to disciplinary action under this Agreement will have a right to access information as permitted by 49 CFR Part 40, beyond that granted by Article VIII, Paragraph A of this Agreement. The arbitrator shall permit a reasonable adjournment pending pursuit of such information. Notwithstanding the foregoing, the failure of the Port Authority's laboratory or other Port Authority agents to provide documents beyond those documents listed in Article V Paragraph A, shall not be considered by the arbitrator in rendering his or her decision on the merits of the case.

C. The release of the above records by the Port Authority, or any of its agents, to a specific member may be used only by such member, his or her collective bargaining representative or counsel, in direct connection with disciplinary proceedings concerning the specific member's drug test result. The parties agree that such records may not be used in connection with another member's disciplinary proceedings. Further, the parties agree that such documents are confidential and may not be released or discussed except in connection with the disciplinary proceeding or other proceedings initiated by or on behalf of the specific member.

D. Urine Specimens

Positive urine specimens will be retained by the Port Authority's DHHS certified laboratory according to 49 CFR Part 40 for one year. If requested by the member or by the Port Authority, arrangements will be made with the laboratory for a longer retention period. Negative samples will be discarded by the DHHS laboratories.

IX. OPPORTUNITY FOR REHABILITATION

If a member voluntarily has self-identified as having a drug problem to the Superintendent or a designee and requests assistance for such a problem before being selected for a drug test required by this policy, the Port Authority will refer such member to Port Authority's substance abuse professional ("SAP") who shall determine what assistance the member needs in resolving problems associated with controlled substance use. After the evaluation, the SAP will refer the member for appropriate counseling, treatment or rehabilitation.

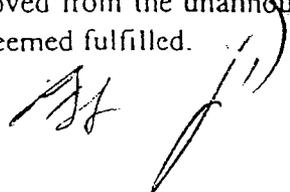

Such member shall be referred to participate in a counseling, treatment, or rehabilitation program pursuant to the provisions of the Rehabilitation Opportunity Agreement For Self-Identification Situations (Appendix 3). The member must execute the Rehabilitation Opportunity Agreement prior to entering the program. Refusal to execute or fully comply with the terms of the Agreement shall constitute refusal to cooperate and subject the member to termination as stated in Article VII above.

The member shall use sick leave and, if such is exhausted, or if the member chooses, vacation, personal leave and banked compensatory time for the period of absence for the purpose of obtaining treatment. All treatment will be at the sole expense of the member, to the extent not covered by the member's health benefits plan.

The member will be required to satisfactorily complete any counseling, treatment or rehabilitation program before being eligible to return to duty. Upon return to duty, such member will be required to submit to a drug test and must receive a verified negative result. Such member also will be required to submit to follow-up drug tests. The number and frequency of such follow-up testing shall be directed by the SAP and will consist of no more than six tests in the 12 months following the member's return to duty. Thereafter, additional tests will be at the discretion, of the substance abuse professional for the next 48 months. Such follow-up testing will be required in addition to all other tests required by this policy. If the SAP determines that a member who is participating in a counseling, treatment or rehabilitation program is able to perform a restricted assignment while in such program, the Superintendent or a designee will, in his sole discretion, determine whether any restricted assignments are available, and, if so, will in his sole discretion assign such member to the available assignment. Further, the member must accept any restricted assignment. The failure of the member to accept such assignment will constitute a refusal to cooperate as defined herein and will result in the member's termination, if the charge is sustained in the disciplinary proceedings set forth in Article XII herein.

X. UNANNOUNCED TESTING FOR MEMBERS ASSIGNED TO CERTAIN IDENTIFIED POSITIONS

Members assigned to Narcotics Detectives, K-9, and plainclothes narcotics related assignments, will undergo unannounced drug testing at least once per year. This testing does not preclude members of the aforementioned units from being randomly tested at any time during the year. A member's name will not be removed from the random computer database after being chosen for unannounced testing. However, if an officer is selected for random testing before he/she is selected for unannounced testing, his/her name will be removed from the unannounced list and his/her requirement for annual unannounced testing will be deemed fulfilled.

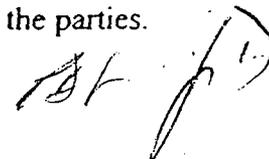

Handwritten signature and initials, possibly "AS" and "11", located at the bottom right of the page.

XI. MISCELLANEOUS

- a. The parties agree on the modifications to the list of approved rehabilitation facilities attached as Appendix 5.
- b. Members who come into contact with suspected drugs covered by Agreement while acting within the scope of their employment will fill out a DRUG EXPOSURE FORM annexed hereto as Appendix 7. The form must be dated, numbered and entered into the member's facility police blotter, must be forwarded to the Superintendent or a designee along with a handwritten report from the member detailing the events of the contact and other appropriate police reports. The Superintendent or a designee may require the member to be tested for the presence of drugs as set forth in Article II of the Agreement. If, in the screening of this test as set forth in Article II, there is a confirmed positive test, the MRO will request from the Superintendent or a designee a copy of the aforementioned forms and will review it in accordance with CFR Part 40 and applicable DOT/DHHS guidelines prior to verification. If the MRO determines that the positive result is due to the contact described in the form, the test shall be verified as negative. (If the MRO determines that the positive result is not due to the contact described in the form, the test will be verified positive and the member will be subject to the discipline set forth in Article VII herein, unless the MRO determines that there is a legitimate medical explanation for the positive test result.)
- c. A copy of all contracts pertaining to all collection of urine specimens and laboratory services involved in this procedure shall be provided to the member within thirty (30) days after the Port Authority's execution of any contract with the collection agencies and laboratories.

XII. DISCIPLINARY ARBITRATION PROCEDURES FOR A CHARGE OF VIOLATION OF THE DRUG TESTING POLICY AND PROCEDURES

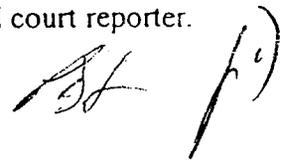

With the exception of a charge by the Port Authority that a member improperly claimed an exemption from testing pursuant to Article V, Exemptions From Drug Testing, of the Drug Testing Policy and Procedures which must be brought as a disciplinary action pursuant to the disciplinary provisions of the Memorandum of Agreement, the disciplinary procedures set forth in this Article are the only procedures for a charge of a violation of the provisions of the Drug Testing Policy and Procedures. Specifically, the parties agree that the P.A.I. 20-1.10 or grievance/arbitration provisions contained in the parties' Memorandum of Agreement do not apply to violations of the Drug Testing Policy and Procedures. Any member who has been charged with violating this policy, shall be placed on full suspension (no pay) until a final decision has been rendered by an arbitrator pursuant to the procedures set forth below. The decision of the arbitrator shall be final and binding on the parties.

A. The Disciplinary Hearing

A disciplinary hearing shall commence within 30 days of the Port Authority's filing of charges of: 1) a refusal to cooperate; or 2) a verified positive drug test result.

1. The charges shall be referred to an arbitrator selected from the list of individuals mutually selected by the Port Authority and the Port Authority Police Benevolent Association. The selection will be on a rotating basis based on the arbitrator's ability to schedule a hearing date within 30 days of the date of filing of the Notice of Charges and Specification for violation of the Port Authority Public Safety Department's Drug Testing Policy and Procedures. If the first arbitrator on the rotating list cannot schedule a hearing as required by this section, then the charges will be referred to the next individual on the list in sequence until an arbitrator can comply with this requirement.
2. Notice of Charges and Specifications for Violation of the Port Authority Public Safety Department's Drug Testing Policy and Procedures as set forth in this Appendix 8 shall be required in lieu of formal Charges and Specifications as set forth in PAI 20-1.10.
3. Upon a charge that a member has violated any provision of this Drug Testing Policy and Procedures, a Notice of Charges and Specifications for Violation of the Port Authority Public Safety Department's Drug Policy and Procedures (Appendix 8) must be transmitted to the office of the Association, addressed to the president of the Association, by registered mail, return receipt requested, and the date of the registration shall constitute the date of filing.
4. In order to insure expeditious proceeding the parties agree that the arbitrator shall have both the right and obligation to schedule subsequent hearing dates in order to complete the hearing expeditiously. The arbitrator shall have the right to schedule hearings after 5:00 pm on weekdays and on weekends.
5. Nothing in this section should be construed to limit the arbitrator's right to delay a hearing pending the production of information he or she deems relevant to the proceeding.
6. All proceedings shall be transcribed by a certified court reporter.

Handwritten signature and initials, possibly "AJ" and "P", in black ink.

7. The proceedings shall take place at a location designated alternatively by the Port Authority and by the PBA.
8. The arbitrator shall render his report within 30 days of the closing of the record.

B. Issues To Be Decided By The Arbitrator

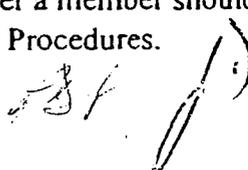

The following issues related to the specific member subject to discipline/discharge pursuant to this procedure are the only issues to be decided by the arbitrator:

1. The absence of a fatal flaw in the drug testing procedures which resulted in a positive drug test result. Fatal Flaw is defined in Appendix 6.
2. The member's refusal to cooperate as defined in Article VII, Paragraph A herein.
3. Whether the Port Authority or its agents committed any serious and material violations during the course of the drug testing process with respect to:
 - a. the requirements of this Drug Testing Policy and Procedures;
 - b. the compliance of the MRO with the requirements set forth in 49 CFR Part 40; or
 - c. the compliance of the collection service with the requirements set forth in 49 CFR Part 40, Urine Specimen Collection Guidelines.
4. Whether the Port Authority had reasonable suspicion as defined in Article III, Paragraph A, of the Drug Testing Policy and Procedures to require a member to submit to a reasonable suspicion drug test.

C. Scope Of Arbitrator's Review

1. No Mitigating Circumstances

The arbitrator may not consider any mitigating circumstances, such as but not limited to, the member's length of service, work including disciplinary record, in determining whether a member should be disciplined for violating the Drug Testing Policy and Procedures.

2. Reinstatement Without Back Pay

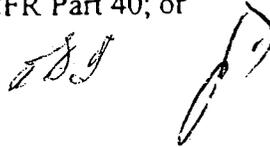

Except as set forth in paragraph 3 below, the arbitrator will not award full pay for the period of the member's suspension upon a finding that the Port Authority improperly charged that member in the following circumstances:

- a. If the charge against the member who was verified positive by the MRO in accordance with this Drug Testing Policy and Procedures and 49 CFR Part 40 is not sustained the member will be reinstated without back pay and must sign the Rehabilitation Opportunity Agreement For Positive Test Results (Appendix 2), prior to reinstatement. If a member receives a second positive test result during the period covered by the Rehabilitation Opportunity Agreement for any drug test, the member will be terminated, if the charge is sustained in a disciplinary action set forth in Article XII.
- b. If the charge against the member is not sustained because that member could not provide urine or an adequate amount of urine, and that inability was not due to a medical condition in the opinion of a licensed physician referenced herein, pursuant to Appendix VII, Paragraph A, and the member refused to sign the Failure to Cooperate: Failure to Provide Specimen Waiver Agreement attached hereto as Appendix 9.
- c. If the charge against the member is not sustained because there was no reasonable suspicion as defined in Article III, Paragraph A, of the Drug Testing Policy and Procedures so as to require the member to submit to a reasonable suspicion drug test.

3. Reinstatement With Back Pay

If a member is reinstated because the charges against him/her are not sustained due to:

- a. The arbitrator's finding that the Port Authority or its agents committed serious and material violations during the course of the drug testing process, as listed in Article XII Paragraph B and the member was not properly verified positive by the MRO pursuant to this Drug Testing Policy and Procedures or 49 CFR Part 40; or

Handwritten initials 'JJ' and a signature.

b. The arbitrator's finding that the Port Authority improperly charged a member with Refusal to Cooperate pursuant to this Drug Testing Policy and Procedures and that the member was not verified positive pursuant to this Drug Testing Policy and Procedures or 49 CFR Part 40; or

c. The arbitrator's finding that there was a Fatal Flaw as defined in Appendix 6 herein;

then the arbitrator must award full pay for the period of the member's suspension

Handwritten initials or signature, possibly "AJ" and "d" or "d" and "d".

APPENDIX 6
FATAL FLAWS

A. Definitions

Any of the following errors or omissions are considered "fatal flaws" and should result in a specimen being rejected for testing by the laboratory:

1. Pre-printed specimen I.D. number on the chain of custody form do not match I.D. number on the bottles.
2. No specimen I.D. number on the bottles.
3. Insufficient quantity of urine for the laboratory to complete testing.
4. Specimen bottle(s) seal is broken or shows evidence of tampering.
5. Specimen is obviously adulterated (i.e. color, foreign objects, unusual odor) and the collector did not collect a second specimen under direct observation.

The following errors or omissions are also considered "fatal flaws" unless they are corrected by signed documentation:

- (a) No collector's signature on collector certification statement.
- (b) Incomplete chain of custody block (minimum of 2 signed entries by collector, both dated, and shipping/storage entry). There is no requirement to have the courier sign the chain of custody form.
- (c) Donor Social Security Number or I.D. number is omitted on the chain of custody and control form, unless "refusal of donor to provide" is stated in the remarks section.

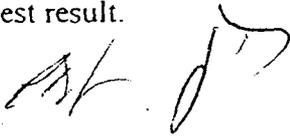

Additionally, specimen test results reviewed by the Medical Review Officer should be canceled (by the MRO) when the following procedural errors occur (unless corrections are made):

- (a) Donor certification statement is not signed and there is no indication in the remarks section of the donor's refusal to sign.
- (b) The certifying scientist's signature is omitted on positive results from the laboratory.

B. "Fatal Flaw" Corrective Action

All DHHS certified laboratories retained by the Port Authority will retain specimens for a minimum of five working days to allow the collector or the Port Authority to provide the laboratory with signed statements explaining or correcting procedural errors or omissions. If the employer or collector provides corrective actions (signed statements) which supply the needed information, the laboratory may proceed with the analysis of the specimen. If the corrective action is not accomplished within five days, the collection process may not be corrected and the laboratory will not test the specimen. Similarly, the MRO may elect to seek corrective actions (signed statements) to supply omitted donor or certifying scientists' signatures.

When a specimen is not tested by the laboratory for reasons outlined above, or the test result is considered invalid by the MRO for reasons outlined above, the test should be canceled and reported as such to the Port Authority and the tested individual. Return-to-duty fatally flawed collections, will be re-collected at the direction of the MRO because the donor still needs to provide a negative test result.

A handwritten signature in black ink, appearing to be 'M. J. D.', is written below the text.

THE PORT AUTHORITY OF
NEW YORK AND NEW JERSEY
POLICE OPERATING INSTRUCTION

P.O.1. 2-1A
SENIORITY- POLICE OFFICERS
REVISED APRIL 1998 AND FURTHER
REVISED JULY 2004 (Formerly known as P.D.I. 2-1A)

I. PURPOSE

The purpose of this instruction is to outline a seniority policy applicable to members of the police force in the rank of Police Officer.

II. DEFINITIONS

A. Port Authority Police Seniority

Police Officer seniority will be based on the number of years of Port Authority service as a Police Officer, based upon the date of appointment to the police force and the position within his class upon graduation from the Police Academy.

B. Facility Seniority

Port Authority police seniority will not be applicable and effective as facility seniority until the Police Officer has been permanently transferred and has served at the Facility Police command for a continuous period of six (6) months.

C. Transfer to Temporary Authorized Position

Port Authority police seniority will not be applicable as facility seniority to Police Officers assigned to temporarily authorized positions or short-term assignments. In the event a temporarily authorized position or short-term assignment becomes permanently authorized, the next Police Officer eligible for the transfer will be offered the transfer to the permanently authorized position and if that Police Officer has been assigned to the temporarily authorized position or short-term assignment, the time assigned in the temporarily authorized position will count as if it had been a permanent transfer.

III. MASTER SENIORITY LIST

A master seniority list based on Section II, paragraph A, will be maintained by Police Headquarters. This list will indicate the official seniority standing of Police Officers of

Asf *d*

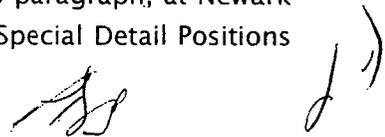

the force and a copy of the master seniority list will be provided to the PBA, and all revisions thereafter.

IV. SHORT-TERM ASSIGNMENTS

- A. Short-term assignments will not exceed ninety (90) days in duration.
- B. When it becomes necessary to make short-term assignments, a junior Officer will be assigned unless a senior Police Officer requests such assignment. Where it is desirable to use qualified specialists, assignments will be made on an equalization basis.

V. SPECIAL DETAILS

- A. Special details will be under the control of the Facility Police Commanding Officer. In making assignments to special details, the first consideration will be the maintenance of standards established by the Superintendent of Police. No Police Officer shall be assigned to a special detail position or his name placed on a special detail roster unless and until the Police Officer has successfully completed all training programs as set forth in the Training Opportunity Announcement. The second consideration will be the preference of senior members of the force.
- B. A special detail is defined as a body of work requiring specialized training for which a roster is maintained at a Facility Police Command or Police Headquarters and which is designated as a full-time (8 hour tour) position, and for which assignments are made in accordance with Section XIII, paragraph 7, a, ii.
- C. Effective upon the execution of this Memorandum of Agreement, a Police Officer may only be on two special detail rosters. If a Police Officer is qualified for more than two special details, the Police Officer shall designate in writing his choice of the two special details in which he will continue to be assigned. The police officer will be placed on the two selected special details by detail seniority. If a Police Officer selects a work chart position designated for one of his special details, that special detail shall constitute his primary detail. A Police Officer shall be assigned on his regularly scheduled tour of duty to his primary detail by detail seniority and may not defer to his second special detail or other roll call position if his primary detail cannot be filled on a straight time basis. Prior to roll call, the Commanding Officer, in his or her discretion, may assign the Police Officer to his second special detail if the Police Officers second special detail can not be filled on a straight time basis when the Police Officer's primary detail can be filled on a straight time basis. For the purposes of this paragraph, at Newark International Airport the Desk Officer/Emergency Garage Special Detail Positions

(as shown on Document N) will constitute only one of the Police officer's two permitted special details.

- D. A Police Officer who completes a training program to qualify him for a special detail must remain in that detail for a period of no less than two (2) years (three (3) years if completing a training program qualifying him for K-9 special detail) unless the Police Officer receives approval to leave the detail prior to the expiration of the two year period.
- E. Nothing in Paragraph C or D shall prevent a Police Officer from applying to or being accepted for training in a centralized special detail in the Central Police Pool/SOD.
- F. A Police Officer, senior to a Police Officer selected, who requests in writing the reasons he did not receive a special detail, shall be responded to in writing within fourteen (14) days setting forth the reasons for not being selected for the special detail by the appropriate party making the decision.

VI. PREFERRED ASSIGNMENTS

Effective upon the execution of the previous Memorandum of Agreement covering the period January 21, 1996 -January 20, 2003 Preferred Assignments were eliminated.

VII. SPECIALIZED TRAINING

- A. Prior to making a selection for specialized training to qualify a member for a special detail at a command, or to qualify an Officer in specialized skills, the Facility Police Commanding Officer shall notify all Police Officers at this Command of the pending training program giving at least three (3) weeks for applications to be submitted.
- B. In the notice of training opportunity, the Commanding Officer shall set forth the following:
 - 1. The name of the special detail or the specialized training;
 - 2. If the training opportunity is to qualify a candidate for a special detail, the specific training program(s) which the candidate must successfully complete prior to being utilized in the special detail.
 - 3. The criteria which will be used in making the selection for specialized training;
 - 4. The number of candidates to be trained;

ASA *f*

5. The approximate dates, the location and duration of the training program;
6. Any special limitations or considerations involved in the special detail such as squad or position assignments or limitations upon the successful completion of special detail training. However, the Police Officer's current work chart, squad, or position shall not constitute a limitation for special detail training.
7. Where there is a bona fide requirement that a Police Officer has a specific and objective work-related skill prior to being considered eligible to apply for a particular type of advanced specialized training, the announcement for such training shall indicate the same fully and completely.
8. For training opportunities to qualify Police Officers for special details, the Training Opportunity notice shall also set forth the specific training programs required to be completed and passed to newly qualify a Police Officer in the Special Detail. A candidate who has not successfully completed and passed all the training programs required in the Training Opportunity Notice shall not be utilized in the Special Detail. The Superintendent of Police, or his designee, may determine the requisite training programs required to qualify a candidate in a special detail and may change qualifications for new candidates for any special detail in his discretion.

C. Exclusions From Detail Selection Criteria

1. Effective upon the execution of the Memorandum of Agreement Injury incurred in the Line of Duty Absences which qualify for exemption pursuant to the Repeated & Excessive discipline process (Appendix L) will not be the basis for excluding a Police Officer from specialized training or for a special detail. Likewise, an absence on account of pregnancy or on account of maternity leave shall not be the basis for excluding a Police Officer from specialized training or for a special detail.
2. Pending disciplinary charges against a Police Officer applying for specialized training will be a factor of consideration in the selection process unless the Superintendent of Police determines, in his sole discretion, that the basis of the charges are unrelated to the training or detail.

II. PURPOSE

To insure fair and impartial treatment in the making of transfers, both voluntary and involuntary.

III. PROCEDURE

A. Application for Transfer

However, if an applicant, who has declined a transfer when it was offered to him, feels that he has sufficient cause for reserving his position on the transfer list, he should direct a report to the Superintendent of Police, through channels, giving full particulars.

4. In the event the person highest on the list does not receive the assignment, he may request a meeting with the Superintendent of Police to discuss the reason for being by-passed.
5. When an opening for a temporary authorized position occurs, an applicant will be considered for the vacancy in the order in which his name appears on the appropriate list. An applicant may elect not to accept the temporary assignment when it is offered and retain his position on the list. All other

applicants on the list will be offered the temporary assignment in numerical order until one accepts. If no one accepts the junior qualified person in the Central Police Pool will be assigned.

B. Qualifications - Transfer Requests

1. Requests for transfer to facilities, other than airport emergency crew trained positions, will not be accepted until the Police Officer has completed one year of service.
2. Requests for airport emergency crew training will not be accepted until the officer has completed two years of service with the Port Authority Police Force. If an insufficient number of eligible Police Officers apply, the two years of service required may be waived.
3. Police Officers must have successfully completed emergency crew training (see Document D) before being placed on the airport emergency crew transfer lists. At the completion of the training it will be necessary for successful candidate to submit requests for transfer to the airport emergency crew transfer list of their choice. The grade received at the completion of training will determine the officer's position on the airport emergency crew transfer list of his choice. Officers having completed training will be placed in the Airport Pool.
4. New transfer lists will be established to fill non-emergency crew trained positions at LaGuardia, Newark Liberty International and John F. Kennedy International Airports.

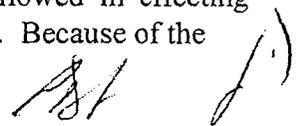

C. Central Police Pool

1. In the event a vacancy occurs at a facility and there are no requests for transfer to that facility, the junior qualified officer in the Central Police Pool shall be transferred.
2. Officers in the airport pool shall not be transferred to facilities other than airports except when the officer concerned is willing to have his name removed from the Airport emergency crew trained list.

D. Position Abolition

Where transfers are required due to a reduction in force they shall be accomplished in the inverse order of seniority. Members of the force so transferred will be assigned to the Central Police Pool and on the basis of seniority, their names will be placed in the top of the list for assignment to the facility from which they were transferred.

As outlined in Document D, this procedure will not be followed in effecting transfers from Port Authority airports due to reduction in force. Because of the

fact that assignment to airports is essentially on a merit basis, based upon grades attained in the Airport training Class, transfers from an airport will be made in inverse order of position on the eligible airport crew transfer list originally used in making assignments to the airport.

E. General

Where operational, administrative or personal hardships occur, the Superintendent of Police will administer the transfers on an individual basis. The above procedure shall not be construed to prevent the Superintendent of Police from making such transfers as he deems to be for the good of the service.

POLICE OPERATING INSTRUCTION

P.O.I. 2-30
AIRPORT EMERGENCY CREW SELECTION
REVISED APRIL, 1998 AND FURTHER REVISED
JULY, 2004 (Formally P01 9-5— Revised November 1993)

I. INTRODUCTION

This instruction prescribes the method of selecting, training and assigning police personnel on airport emergency crew transfer lists.

II. PURPOSE

Its purpose is to provide a reserve of trained police officers to be used for loans from the Airport Pool or for transfer to airports to maintain authorized strengths.

III. AIRPORT POOL

The Airport Pool will be maintained at a strength determined by the Superintendent of Police, adequate to cover normal manpower requirements, emergencies and additional permanent assignments. Training and selection will be under the general supervision of the Commanding Officer of the Police Academy.

IV. APPLICATION FOR TRAINING

When it is necessary to augment the Airport Pool, the Superintendent of Police will issue a memorandum to all members of the force, calling for applicants. Members of the force who wish to be considered for the training must submit a handwritten memorandum P.A. Form 2265 to their Facility Command Officer.

- A. A Police Officer must meet the following standard: Two years of continuous Port Authority Police Service immediately preceding the closing date for application. If an insufficient number of applicants apply, the two-year requirement will be waived.
- B. Facility Commanding Officers will review the handwritten applications as they are received and will forward them to the Commanding Officer of the Police Academy together with the Facility Commanding Officer's Evaluation Sheet.

V. REQUIREMENTS FOR ACCEPTANCE FOR TRAINING

- A. To be considered for Airport Training each applicant must be recommended for the training by his Facility Commanding Officer on a weighted evaluation sheet. The evaluation sheet will contain a provision for the assignment of a numerical evaluation of the applicant by the officer's Commanding Officer. Only those

AS *f*

applicants attaining a numerical evaluation of 70 or higher will be considered for further processing for Airport Emergency Crew Training.

- B. Each applicant must be approved by the Office of Medical Services and is required to pass Titmus Vision Test (eyeglasses permitted).
- C. No police officer will be accepted for participation in an Airport reserve training class if he is known to be about to terminate his Port Authority employment.
- D. Members of the force who have applied for Airport Training and were not selected may request a meeting with the Commanding Officer of the Police Academy for a review. Appeals from the Police Academy Commanding Officer's determination may be made to the Superintendent of Police or his designee.

VI. FINAL GRADING

Candidates must attain a minimum-passing grade of 70 in each phase of the training program. At the conclusion of the entire training period, Police Academy Staff members in charge of training will give each candidate a grade based upon the average of the two scores listed below:

- 1. Grade obtained from the academic portion of the Airport Training.
- 2. Grade obtained during actual performance at Airport Training burning sessions.

VII. ASSIGNMENT TO AIRPORT EMERGENCY CREW TRANSFER LIST

- A. There will be three lists, J. F. Kennedy International Airport, LaGuardia Airport, and Newark International Airport.
- B. A candidate can be on any one or all three lists.
- C. Rank order will be determined by grades attained from the Police Academy.
- D. Final selection of applicants shall be reviewed by the Superintendent of Police.
- E. All candidates who successfully complete the training will be assigned to the Airport Pool.

VIII. TRANSFER OF AIRPORT EMERGENCY CREW TRAINED PERSONNEL

- A. When a vacancy at an airport exists requiring a transfer from one of the airport emergency crew lists, applicants will be considered for the vacancy in the order in which their names appear on the appropriate list.
- B. When an opening for a permanently authorized position occurs, applicants will be considered for the vacancy in the order in which their names appear on the appropriate list. Unless an applicant accepts a transfer when it is offered, his name will be removed from the transfer list concerned. Moreover, an applicant

AS *J*

will be restricted from resubmitting a request for transfer to a facility until six (6) months have elapsed from date of declination.

However, if an applicant who has declined a transfer when it was offered feels that he has sufficient cause for reserving his position on the transfer list, he should direct a report to the Superintendent of Police through channels, giving full particulars.

- C. When an opening for a temporary authorized position occurs, applicants will be considered for this vacancy in the order in which their names appear on the appropriate list and an applicant may elect not to accept the temporary assignment when it is offered and retain his position on the list. All applicants on the list will be offered the temporary assignment in numerical order until one accepts. If no one accepts, the junior qualified person on the appropriate list in the Airport Pool will be assigned.
- D. When a reduction in the authorized police strength at an airport necessitates transfer of Airport Emergency Crew trained personnel from a facility, the transfer will be made in the following manner;
 - I. Members of the force will be transferred from the airport in inverse order of their standing on the transfer list from which they were assigned to the airport.

Members of the force so transferred will be assigned to the Airport Pool and on the basis of their standing on the transfer list their names will be placed on the top of the list for assignment to the facility from which they were transferred.

LEAVE OF ABSENCE

I. Introduction

This instruction describes the policies and procedures governing ordinary and compassionate leaves of absence. Not covered by this PAI are other authorized periods of time away from work such as Military Leave (PAI 20-3.10), Sick Leave (PAI 20-3.03), Maternity Leave (PAI 20-3.12) and Excused Absences (PAI 20-3.05).

II. Types of Leave of Absence

- A. Long Term Ordinary Leave: An authorized period of time away from work, without pay, for more than 14 consecutive calendar days, and for up to one year, granted only when such leave is clearly desirable in light of the employee's need and the best interests of the Port Authority. Permanent employees who have completed their probationary period and have maintained a satisfactory job performance record are eligible for long term ordinary leave. Long term ordinary leave may be granted to probationary employees only in the most exceptional circumstances. Long term leaves of absence must be recommended by the employee's Department Director and approved by the Personnel Director.

Employees returning from long term leave of absence may be reinstated to their former position classification or to another classification of similar pay and status. Such reinstatement, however, is not guaranteed and is subject to job availability. Employees who do not request reinstatement prior to the expiration date of their leave will be considered as having voluntarily resigned as of that date.

- B. Short Term Ordinary Leave: An authorized period of time away from work, without pay, up to and including 14 consecutive calendar days. Department Directors or their designees may, at their discretion, grant an unpaid leave of absence, not exceeding 14 consecutive calendar days, to permanent employees, including those serving their probationary period.
- C. Compassionate Leave: A period of time away from work, without pay, granted to employees in TWU classes only, at the discretion of Port Authority management for a total of three days (which need not be consecutive) in a calendar year, when an employee must attend the funeral of a relative or the serious

illness of a member of the employee's immediate family (spouse, child, parent, brother, sister, spouse's parent, other person living in the employee's home). When such time off is not covered by PAI 20-3.05, Excused Absence, compassionate leave will be granted by a unit head on request of the employee and is applicable to permanent employees, including those serving their probationary period.

III. Operating Rules and Procedures

Exhibit A, attached, contains the detailed operating rules and procedures relating to administration of leaves of absence.

AST *J*

Exhibit A

LEAVE OF ABSENCE
OPERATING RULES AND PROCEDURES

1. Initiation of Long Term Ordinary Leave

The employee submits a written request for long term ordinary leave of absence to his or her unit supervisor. The request should be addressed to the employee's Department Director and should include the estimated period of time desired, approximate starting and ending dates, and the reason(s) why the leave is necessary. If approval is recommended, the Department Director prepares the Employee Record, Form PA 87, and a memorandum addressed to the Personnel Director explaining why the leave is in the best interests of the Port Authority and describing the employee's work performance and attendance record. In cases where the Department Director recommends disapproval, the reason for disapproval should be stated along with this recommendation.

2. Initiation of Short Term Leave of Absence

The employee submits a written request for short term leave of absence to his or her unit supervisor. The request, which should be addressed to the employee's Department Director, should include a statement as to the reason for the leave, the desired number of days and the starting and ending dates. The employee's Department Director approves or disapproves the request and returns it to the employee. A copy of the approved request must also be forwarded to the Personnel Director.

3. Request for Extension of Short and Long Term Ordinary Leave of Absence

Requests for extensions of both short and long term leaves of absence, regardless of the duration of the requested extension, must be made in writing and include the reason for the request. Such requests should be sent to the Personnel Director as early as possible prior to the expiration date of the leave. The Personnel Department then consults with the employee's Department Director concerning the request and notifies the employee whether or not the extension is granted.

AS *J*

EXHIBIT A4. Return from Long Term Ordinary Leave of Absence

An employee on long term ordinary leave of absence must make written application for reinstatement to the Personnel Director, prior to the expiration date of the leave. Such reinstatement, however, is not guaranteed and is subject to job availability. Employees who do not request reinstatement prior to the expiration date of their leave will be considered as having voluntarily resigned as of that date. The Personnel Department will prepare the terminating Payroll Notice, form PA 87, and will notify the employee's former unit head accordingly.

- a. An employee returning from a long term ordinary leave of absence of 15 days or more does not receive P.A. service credit for the period of absence. These employees will receive a reconstructed P.A. service date, seniority in title date, seniority in grade date, and ingrade increase date.
- b. Upon reinstatement, the salary of employees returning from long term leave will be individually determined, but in no case will exceed the maximum of the position assumed.
- c. A medical examination may be required for any employee returning from a long term leave of absence.

5. Personnel Department and Payroll Section Notification

- a. An Employee Record, form PA 87, is prepared by the employee's department to initiate long term leaves of absence only. The memorandum requesting such leave is attached to the form PA 87, and forwarded to the Administrative and Employee Benefits Division of the Personnel Department.
- b. An Appointment Payroll Notice, form PA 1899, is prepared by the Personnel Department to return an employee from a long term leave.
- c. Short term and compassionate leaves of absence are shown on the bi-weekly Department Payroll Information Report, form PA 688, which is the Accounting Division's source of information for deduction purposes. (See PAI 30-5.03, Payroll Checks.)

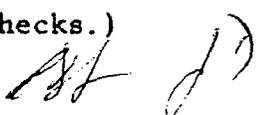

EXHIBIT A

6. Sick Leave in Connection with Leave of Absence

Except in unusual cases, employees beginning an ordinary leave of absence will not be paid for sick absences occurring during the pay period in which the leave of absence is to be effective.

7. Vacation Allowances

Employees beginning or returning from long term leaves of absence receive vacation allowances in accordance with the appropriate schedules of PAI 20-3.01, Vacations.

8. Health and Life Insurance Coverage

- a. An employee granted a long term leave of absence may continue coverage under the Port Authority's Group Health and Life Insurance Programs for a period of three months beyond the effective date of the leave by paying for such coverage at the contribution rates then in effect. At the end of this three month period, Group Health and Life Insurance coverages will terminate pursuant to insurance policy provisions and employees will have the option of converting to any direct payment plans available from the insurance companies on an individual basis. Such conversion must take place during the period set by the insurance policies. Necessary conversion forms may be obtained from the Administrative and Employee Benefits Division. Questions regarding individual situations should also be directed to that division.
- b. Port Authority Group Health and Life Insurance coverage remains in effect for an employee on a short term leave of absence.

MATERNITY LEAVE

I. Introduction

This instruction outlines the policies and procedures to be followed when a maternity leave is granted to an employee.

II. Definition

Maternity leave is a requested and approved period of time away from work for the purpose of giving birth and to care for an infant in the period immediately following the birth. Maternity leave consists of two phases: the initial phase which is considered and administratively handled as sick leave, and a second phase, which is a leave without pay for the purpose of infant care.

In all cases, maternity leave begins when the employee is unable to continue working due to medical disability related to pregnancy and childbirth, and ends three months following the birth of the child. However, the duration of each phase of a maternity leave will vary based on individual circumstances.

III. Policies

- A. Permanent and probationary employees are eligible for a maternity leave of absence.
- B. Maternity leave may be granted when an employee demonstrates to the satisfaction of the Medical Director that she should discontinue working because of medical disability related to pregnancy and childbirth.
- C. During the initial (sick leave) phase of a maternity leave, for the number of days the employee is unable to work because of medical disability related to pregnancy and/or childbirth, an employee is considered to be on sick leave and her absence is treated in all respects like any other medically caused absence. For these days, she receives either sick leave allowance as specified in PAI 20-3.03, Sick Leave, or for a period not to exceed the number of compensable days remaining in her individual sick leave bank, in accordance with OPI 20-3x.03, Sick Leave Bank Plan, whichever is applicable.

- D. The second (infant care) phase of maternity leave begins when the Medical Director considers the employee capable of resuming her normal work duties, but she chooses to remain on maternity leave for infant care or other reasons. Regardless of when this second phase of maternity leave begins, the employee's maternity leave ends three months after the birth of her child.

The employee is on no-pay status during the second (infant care) phase of her leave, unless she has elected to take vacation time (see Attachment A., VII.).

- E. When the employee returns to work after a maternity leave, she is restored to the position she held at the time her leave began, provided that she returns to duty prior to the expiration of her maternity leave. An employee who does not request reinstatement prior to the expiration date of her maternity leave and has not been granted an ordinary leave of absence beyond her maternity leave is considered to have resigned.
- F. An employee receives Port Authority service credit for the initial (sick leave) phase of her maternity leave, including any period of time during which she is sick and on no-pay status.

IV. Benefits

All group health, dental, and life insurance benefits to which the employee may be entitled under the terms of the respective policies comprising the Port Authority's group benefits programs will continue to be provided at no additional cost to the employee, for the full duration of her maternity leave. If an employee requests and is granted an ordinary leave of absence after her maternity leave expires, benefits are handled in accordance with the provisions of PAI 20-3.05, Leave of Absence.

V. Operating Rules and Procedures

Attachment A contains detailed operating rules and procedures relating to the administration of maternity leave.

BF J

Maternity Leave
Operating Rules and Procedures

I. Initiation of Maternity Leave

A. The pregnant employee prepares a memorandum (see Attachment B for example) to the Personnel Director requesting a maternity leave when her physician has stated an approximate date at which her medical condition will preclude continuation of her normal work duties. This request should be submitted to her supervisor no later than one month before the anticipated birth date and a copy should be sent to the Administrative and Employee Benefits Division. It should include the anticipated birth date and, if different, the date of the onset of medical disability; and the following signature lines:

1. A line for the signature of the employee's supervisor, by which the supervisor indicates awareness of the leave request.
2. A line for the Medical Director's signature, by which the Medical Director indicates that he/she considers the date for the onset of anticipated or actual medical disability reasonable.
3. A line for the Personnel Director's signature, by which he/she approves the leave.

The same approval process applies for any change of the anticipated date of the onset of medical disability.

- B. When the employee's supervisor has signed this memorandum, it should be returned to the employee, who attaches a note from her personal physician and forwards it to the Medical Director. The physician's note should state the anticipated birth date of the child and, if different, the date of the onset of disability and the medical reasons for it.
- C. When the Medical Director has determined that an estimated or actual date of the onset of medical disability is reasonable, he/she signs the memorandum (see A.2., above) and forwards it to the Personnel Director, retaining the physician's note. It should be noted that, depending on the employee's particular medical circumstance, the actual onset of disability may differ from the estimated date.

BT

- D. When the Personnel Director has approved the leave, copies of the approved memorandum are sent to the employee and her supervisor.
- E. When the employee's supervisor has received the approved memorandum, he/she should prepare the Employee Record, form PA 87 which will implement the maternity leave, leaving blank the effective date, and forward it to the Administrative and Employee Benefits Division.

II. Notification Procedures

- A. The employee's department is responsible for notifying the Medical Director when the actual sick leave phase of maternity leave begins by completing form PA 3109, Extended Sick, Hospitalization and Injury on Duty Report and forwarding it to the Medical Department.
- B. The employee is responsible for notifying the Personnel Director as soon as possible but within no more than ten days, in writing, of the child's birth date or other termination of the pregnancy. The Personnel Director then notifies the Medical Director and the employee's department.
- C. The Medical Director evaluates the employee's health status and determines when she is capable of returning to work. When the Medical Director has made this determination he/she so informs the employee, the employee's department, and the Personnel Department.

III. Time Reporting

During the initial (sick leave) phase of the employee's maternity leave, the department should complete the appropriate timekeeping document for the employee, indicating that the employee is on full, half, or no-pay status, in accordance with her sick leave allowance (PAI 20-3.03 or OPI 20-3x.03). Form PA 3109, Extended Sick, Hospitalization and Injury on Duty Report must also be completed in accordance with normal procedures in order to inform the Medical Director that the sick leave phase has begun.

IV. Pay Check Distribution

Pay checks for an employee receiving sick pay during her maternity leave may be forwarded by the employee's department by certified mail. (See PAI 30-5.03, Paychecks).

V. Returning From Maternity Leave

- A. An employee on maternity leave should request reinstatement by writing to the Personnel Director as soon as possible after giving birth. An employee who does not request reinstatement prior to the expiration of the second phase of her maternity leave and has not been granted an extension as described in VI., below, is considered to have resigned.
- B. An employee who returns from a maternity leave is restored to the position she held at the time her maternity leave began. If appropriate, her position may be filled provisionally until she returns from her leave or until she has resigned.

Appointment Payroll Notice, form PA 1899, is prepared by the Personnel Department when an employee who has been on the infant care phase returns from her maternity leave.

VI. Request for Extension of Leave Beyond Three Months Following Childbirth

An employee who wishes to extend her leave beyond the three months following childbirth should apply in writing for an ordinary leave of absence to the Personnel Director as early as possible prior to the expiration of her maternity leave, specifying the reason for her request. The Personnel Director determines whether a request is to be granted and notifies both the employee and her unit head accordingly.

Requests by the employee to extend the leave beyond three months are considered and, if granted, administered under the terms of PAI 20-3.05, Leave of Absence.

VII. Vacation Allowance

- A. An employee may elect to take vacation in a period immediately prior to the start of her maternity leave.
- B. An employee beginning a maternity leave is entitled to payment for vacation subject to the provisions of PAI 20-3.01, Vacations, and its attached schedules, and those of any applicable Memorandum of Agreement.
- C. Vacation pay may be taken in either of two ways:
1. Lump sum advance payment

The employee may elect to receive her vacation allowance as a lump sum payment at the start of her maternity leave. If

ATTACHMENT A

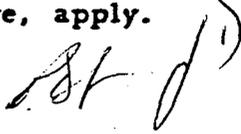

the employee elects to receive a lump sum payment, she is paid for vacation time earned up to the time she begins her maternity leave.

If any additional vacation days are earned during the initial (sick leave) phase of the leave, an employee may subsequently receive the applicable additional vacation allowance pay, subject to review by her Department Director and the Personnel Director.

2. Regular paycheck

The employee may elect to take her vacation time at the beginning of the second (infant care) phase of her leave, in which case she will continue to receive her paychecks on a regular basis for the duration of her vacation time. Electing this option does not extend the maternity leave beyond three months following the birth of the child.

- D. Except as discussed herein, the provisions of PAI 20-3.01, Vacations, concerning coordination of vacations with maternity leave, apply.

RULES GOVERNING CONDUCT OF DISCIPLINARY INVESTIGATIONS

Rule 1. Information supplied Employee under Investigation

The employee shall be informed of the rank and name of the officer in charge of the investigation as well as the name of the interrogating officer and all persons present during the interrogation.

The employee shall be informed of the nature of the accusation at the beginning of the interrogation. The name of the complainant will be made known to the employee at the time charges are drawn against the employee.

A non-criminal disciplinary investigation of a member of the force must be placed in the charge of a person of a higher rank, who must actively participate in such investigation.

If in the course of an interview between a supervisor and a member of the force it appears that the matter under discussion may result in disciplinary action against the Police Officer, he shall have the right to have his Association representative present before the interview proceeds.

Rule 2. Promises of preference, privilege or immunity or undue suffering prohibited.

No person participating in any investigation of alleged misconduct by a Port Authority employee shall make any unauthorized promise of preference, privilege, or immunity, or employ any means whatever which inflict or tend to inflict undue suffering, mental or physical, upon any employee in order to induce, intimidate or compel him to furnish any statement admitting such misconduct or providing any information with respect thereto. Without limiting the generality of the foregoing, the following shall be deemed to be prohibited hereunder:

- Continuous examination or questioning for such length of time as to create excessive fatigue in the person being examined, or
- Unnecessarily conducting questioning of employees outside of working hours or away from their facilities, or
- Summoning or questioning employees under such circumstances or in such a manner as to occasion undue embarrassment to them or their families, or
- Deprivation of food or drink or denial or other physical necessities or comforts for excessive periods, or
- Brandishing of any club, gun or other weapon or displays or simulations of violence, threats and abusive foul or profane language.

Rule 3. Required cooperation by employees

Before any employee may be questioned in connection with an investigation, the employee will be apprised of Rule 3, Chapter 9 of the Rules and Regulations which states:

"All employees must cooperate in authorized investigations of any act, omission or occurrence in or upon Port Authority property, (including but not limited to misconduct, accidents, crimes and the like), provided, however that this rule shall not require any employee to give evidence against himself in connection with the investigation of an alleged act of misconduct on his part."

He shall also be cautioned that disciplinary proceedings may be commenced against him and that anything he says may be used in evidence in such proceedings.

Rule 4. Warnings required in cases of Criminal Investigation or Criminal charges against employee

If an employee is under arrest, or is subject of a criminal investigation, or there is a substantial likelihood that criminal charges may result from the investigation he shall be warned of his rights as follows:

"I wish to advise you that you are being questioned as part of an official investigation by the Police Division. You will be asked questions specifically directed and narrowly related to the performance of your official duties. You are entitled to all the rights and privileges guaranteed by the laws of the State of New York or New Jersey, the constitutions of these states and the Constitution of the United States, including the right not to be compelled to incriminate yourself and the right to have legal counsel present at each and every stage of this investigation.

I further wish to advise you that if you refuse to testify or to answer questions relating to the performance of your official duties, you will be subject to Port Authority charges which could result in your dismissal from the Port Authority. If you do answer, it is our understanding that neither your statements nor any information or evidence which is gained by reason of such statements can be received in evidence against you in any subsequent criminal proceeding. However, these statements may be used against you in relation to subsequent Port Authority Charges."

Rule 5. Permission to consult relatives or friends; When granted

In addition to the foregoing, if they so request and if the interests of the Port Authority shall not be jeopardized thereby, employees who are being questioned with respect to alleged misconduct by them, shall be permitted to consult relatives or friends as soon as possible and under such circumstances as will not prevent or make impractical further investigation of such alleged misconduct.

Rule 6. Promptness of investigation

Every investigation of alleged employee misconduct shall be commenced and completed as promptly as possible under all the circumstances.

Rule 7. Records of questioning

Whenever any employee is questioned with respect to any allegations of misconduct, there shall be kept by the unit conducting the questioning a record setting forth:

The Place of Questioning

The time when the employee entered the place of questioning

The employee's assignment and his current hours of duty

The time when the questioning of each individual was commenced

The names of all persons participating in the questioning

The duration of any interruptions in or intervals between periods of questioning

Any transfer of the employee to any other place during questioning

The time when the questioning was terminated

The warnings required under Rule 4 in criminal cases and the appraisal of Rule 3 on cooperation

Such records shall be kept in the office of the Department head of the unit conducting the investigation and marked "Confidential."

Rule 8. Requirements for submission to pathometer or polygraph examination

No employee shall be required, ordered, or requested to submit to pathometer, polygraph or other lie detector tests.

Rule 10. Interception of telephone communications

No person, without the consent of the employee or the employees participating therein or without the authorization of the Superintendent of Police, shall by any means or an instrument or otherwise, overhear or record any telephone communication between employees, or between an employee and a third party.

When such consent or authorization is obtained, a telephonic communication may be intercepted, overheard or recorded only in accordance with law, where the communication is received or transmitted. No other conversation or questioning of employees may be recorded by means of an instrument, unless the employees are given prior notice of such recording.

Rule 11. Questioning or Interviewing of Members of Employee's Family

Members of the family of an employee, who is under investigation for alleged misconduct, shall not be questioned or interviewed during the course of such investigation, unless the same is authorized by the Superintendent of Police.

Rule 12. Disclosure of information or allegations

The information or allegations obtained in the investigation of alleged employee misconduct shall be disclosed only to persons authorized by the Port Authority, or empowered or required by law to participate in or report on the investigation or any proceedings which might arise therefrom, provided however, that no criminal proceedings alleging the embezzlement or theft of Port Authority property may be commenced against an employee by another employee, without the prior approval of the accused's department head and the Executive Director, and provided further however, that all reports to prosecutors shall be submitted to the Law Department for clearance before release.

Rule 13. Questions of Law

All questions of law arising during the course of any investigation of employee misconduct or criminal activity, shall be referred immediately to General Counsel or his designated representative through channels.

Rule 14. Investigations with respect to employment or promotion

Investigations by members of the police force, with respect to employment or promotions, are to be made only upon the written request of the Personnel Director or his designated representative.

The following are examples of good and sufficient cause or reason for the dismissal, transfer or demotion of a permanent employee: Substantial or repeated neglect or failure of the employee properly to perform his duties; substantial or repeated violation of rules and regulations; conduct seriously prejudicial to the Port Authority or the public interest.

III. Types of Disciplinary Action

- A. The following measures, when taken for disciplinary purposes, constitute disciplinary action within the meaning of this procedure. No other types of disciplinary action are authorized.
 1. Dismissal from employment, including compulsory retirement.
 2. Demotion (in the case of employees other than members of the police force holding the position of Police Officer or Police Sergeant) to a grade or title having a lower rate of pay.
 3. Transfer to a grade or title having a different type of duties or responsibilities.
 4. Temporary Reduction of Pay, but only in the case of Traffic Officers and Traffic Sergeants.
 5. Compulsory Leave of Absence Without Pay not to exceed 60 days for any and all offenses charged in connection with any one transaction.

6. Reduction in Seniority in cases where seniority lists affecting rights or privileges have been or are hereafter established.
 7. Official Reprimand, officially noted upon the employee's record in the Office of the Personnel Director (or Official Demerits, if a demerit system is established).

 9. Minor Discipline, such as forfeiture of pass, holiday or days off privileges, informal reprimands* and other appropriate minor disciplinary measures which do not affect the employee's grade, title, pay or seniority.
- B. The dismissal, demotion, transfer or compulsory retirement of an employee because of mental or physical incapacity substantially impairing his ability to perform his duties, or because he has reached mandatory retirement age or because a reorganization of the Port Authority or one of its facilities, properties, departments or divisions, or any other administrative action affecting the position, status, pay or privileges of an employee, not taken for disciplinary purposes, is not considered to be disciplinary action and does not come within the scope of this procedure. Provision, however, has been made for a hearing at the request of the employee concerned, whenever the dismissal, demotion, transfer or compulsory retirement of a permanent employee is contemplated on the ground of mental or physical incapacity. (See PAI 20-1.09)

IV. Temporary Reduction in Pay

- A. As noted above an employee may be disciplined by a temporary reduction in pay, not to exceed one month's pay for any one offense. Such a temporary reduction in pay shall be deducted from each pay check until the entire amount of the temporary reduction has been deducted, but in no case shall the total amount of such deduction from any one pay check (on account of all offenses) exceed ten percent (10%) of the employee's salary or pay (before deductions) for the period covered by the pay check. These deductions will be transferred to the Employees Welfare Fund Committee for use in promoting the welfare and morale of employees.

*For Building Trades Union and Union of Automotive Technicians Covered Classes Only

If a letter of reprimand (informal reprimand) has not been used as a basis for disciplinary action within one year from the date of such letter, such letter shall be removed from the employee's personnel folder, unless during such period related reprimands have been placed in the employee's folder in which event such letter of reprimand shall remain in the employee's folder for the one year period commencing with the date of the most recent letter of reprimand. All letters of reprimand must either be initialled by the employee or, if such employee refuses to so initial, such refusal shall be duly noted.

CN 99
1/9/74

D. Where Hearings Are Not Required

Any authorized type of disciplinary action may be taken against a temporary employee without the filing of charges or a hearing; and any authorized type of disciplinary action, other than those specified in sub paragraphs V, A, B, and C, above, may be taken against permanent employees without formal charges or a hearing.

(NOTE: For definitions of temporary and permanent employees, see PAI 20-1.01.)

VI. Repeated Offenses

Disciplinary action may be taken against an employee for repeated violation of rules and regulations or repeated neglect or failure to perform his duties or other repeated conduct warranting disciplinary action, even though disciplinary action has previously been taken separately with respect to some or all of the series of transactions upon which such charges are based; but only if such repeated conduct is charged as a separate offense. In any such case, the entire series of transactions upon which the charge is based shall be deemed to be one transaction within the meaning of paragraphs V, A, B, and C; but in any other case, the provisions of paragraphs V, A, B, and C relating to "any one transaction" shall be deemed to refer to each transaction separately.

VII. Waiver of Rights, Resignations Pending Disciplinary Proceedings

- A. An employee may waive his right to have charges filed and may waive his right to a hearing, and may do so either before or after the hearing has commenced. All such waivers must be in writing.

In addition, the failure to appear at a hearing after notice shall constitute a waiver of such hearing unless the Board or person before whom such hearing is held shall find such failure excusable.

AT *D*

- B. An employee may resign at any time, and in that event any disciplinary proceedings against the employee shall terminate, but unless the charges are dropped or withdrawn, the charges shall be filed with his record and entry made in his record "Resigned under charges pending trial."

Whenever an employee resigns after a temporary reduction in pay takes effect, the aggregate deduction from his final pay check shall not exceed 10% of his salary or pay (before deduction) for the period covered by such pay check.

VIII. Temporary Suspensions Without Pay

- A. Any employee may be temporarily suspended without pay pending the preparation of charges and the completion of disciplinary proceedings (but not for more than two weeks without the approval of the Executive Director); and such temporary suspension shall not be deemed to constitute disciplinary action unless the charges are thereafter sustained.
- B. If the charges are sustained and if as a result one or another of the following types of disciplinary action is taken, such disciplinary action shall be effective as of the day upon which the employee was suspended: dismissal; demotion; transfer; temporary reduction of pay; compulsory leave of absence without pay.
- C. Except as provided above the employee shall be restored to duty upon the completion of the disciplinary proceedings, and shall then receive his full pay for the period during which he was temporarily suspended, whether or not the charges against him were sustained; provided, that the employee may be restored to duty prior to the completion of the disciplinary proceedings, in which event, he shall receive full pay for the period of his temporary suspension.
- D. Nothing contained in this instruction shall be deemed to prevent suspending employees with pay, whether pending the preparation of charges and the completion of disciplinary proceedings or for other administrative purposes.

IX. Filing and Preliminary Investigation of Charges

- A. Form of Charges

Charges shall be in writing, and each charge shall be a

PA *J*

brief formal statement of the alleged offense. In the event that an employee is charged with more than one offense, he shall be separately charged with each offense and each charge shall be separately numbered. Each charge of an alleged offense shall be separately supported by one or more specifications (summary statement of facts supporting the charge). Each specification standing alone should be sufficient to sustain the charge of the alleged offense if proven.

Charge 1. Repeated violation of rules and regulations of The Port of New York Authority.

Specification 1. In that said employee failed to appear at outgoing roll call on the 13th, 15th, 17th, 24th and 27th days of January, 1969, in violation of Rule 6 of "General Rules and Regulations for all Port Authority Employees," which provides that "Employees shall be punctual *** at all times."

B. Signature of Charges

Charges shall be signed by the complainant, who need not be an officer, employee or agent, or otherwise connected with The Port of New York Authority.

C. Filing Charges

Whenever a charge is made by a Port Authority employee it shall be transmitted through channels to his department head. Whenever a charge is made by a person not connected with the Port Authority, it shall be transmitted through channels to the department head of the employee sought to be disciplined.

D. Time Limitation

Charges filed with a department head more than two years after the alleged commission of the offense charged, shall be void.

E. Action by Department Head

Upon receipt of charges and after such preliminary investigation as he deems necessary, the department head shall either:

1. Return the charges to the complainant for correction in the event that they do not conform to the requirements of paragraph IX, A hereof; or

Revised September 30, 1970

2. Direct that the charges be dropped; but in case the complainant is not a member of his department, only with the approval of the Executive Director; or
3. In the event that he is of the opinion that a hearing pursuant to Par. X of this instruction is desirable - forward the charges (through the Personnel Director) to the Executive Director for action; or
4. In case the charges are against a member of his department holding a classified position, refer the charges to a Departmental Trial Board for hearing in accordance with Par. X; or
5. In case the charges are against a member of his department, take any appropriate disciplinary action which is authorized by this procedure to be taken without a formal hearing; or
6. In case the employee against whom charges are made is a member of another department, refer the charges to the head of such other department, who thereupon shall take one or another of the types of action specified above.

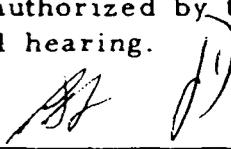

X. Hearings Before a Port Authority Trial Board

A. Reviewing Officer

In all cases where hearings are required or authorized to be held pursuant to this paragraph, the Reviewing Officer shall be the Executive Director of the Port Authority.

B. Preliminary Action by Reviewing Officer

The Reviewing Officer shall, after such further investigation as he deems necessary either

1. Direct that the charges be dropped; or
 2. Refer the charges to a Port Authority Trial Board for hearing; or
 3. Return the charges to the department head either for a departmental hearing pursuant to Par. XI or for such disciplinary action as is authorized by this procedure to be taken without formal hearing.
- 

In any case, the Reviewing Officer will return the charges to the Personnel Director for disposition in accordance with his directions.

C. Makeup of Port Authority Trial Board

1. The Port Authority Trial Board shall be appointed by the Reviewing Officer who shall designate one of its members to act as Presiding Officer, and the Board may be appointed to hear one or more cases. The membership of the Board shall consist of not less than three members, including, if practicable, a department or division head or other supervising employee generally familiar with the functions of the employee against whom the charges have been made.
2. The Personnel Director shall notify the members of the Trial Board of their appointment.
3. In the event that a member of the Trial Board is unable to be present at all or part of the hearing or hearings of any one case (because of illness or otherwise) the remaining members of the Trial Board may continue to function without the absentee member. The absentee member shall not vote or have any voice in the proceeding. In the alternate, if a member of the Board absents himself after the hearing or hearings in any one case have commenced, the Reviewing Officer may in his discretion designate a new member to take the place of the absentee, but in that event the new Trial Board as then constituted shall hear the entire testimony from the beginning as though no testimony had already been taken.

D. Functions of Trial Board

1. It shall be the function of the Trial Board to determine the truth or falsity of the charge; and if in the opinion of a majority of the Trial Board the charge is sustained, to recommend appropriate disciplinary action. The Trial Board shall proceed promptly with a hearing, and shall receive testimony and evidence offered by the employee and the complainant, and in addition shall summon witnesses and require the production of records and other data it deems appropriate to the hearing of the charges and the determination of the discipline.
2. The Trial Board shall not make any investigations except for the purpose of determining whether there is pertinent

testimony or evidence which has not been produced, and any witnesses or evidence produced at the request of the Trial Board shall be presented at the hearing.

E. Docket Entries

The Personnel Director shall enter in a special docket the name of the employee against whom the action is sought, the name of the complainant, the name of the person who endorsed the charges and any other data with respect to the proceedings, as, for example, the date upon which the charges were served upon the employee, the date set for hearing and any adjournments, whether the right to file briefs was requested and the date fixed for such filing, the findings of the Trial Board, etc. Each case shall be numbered consecutively.

F. Service of Charges and Notice of Hearing

When charges are returned to the Personnel Director approved by the Reviewing Officer for a hearing, he shall have a copy of the charges and specifications served upon the employee and direct him to appear for a hearing. The charges, and/or notice of hearing may be served either personally or by registered mail at the last known address of the employee on file with the Port Authority, but shall be served by registered mail only with the approval of the Executive Director. The Personnel Director shall fix a date for the hearing which shall not be less than five days from the date of service of the charges or notice of hearing, whichever is later. In calculating the five days, the date of service of the charges or notice of hearing (whichever is later) shall be deemed to be (a) the date on which said charges or notice were personally served, if service was made, or (b) the second day following the date on which the charges or notice were mailed, if service is by registered mail. In either event the day on which service is made as so determined, and the day of the hearing and any intervening Sunday or legal holidays shall be excluded in determining whether the employee has had five days' notice of hearing. The office of Personnel Director shall also notify the Trial Board and the complainant of the date of the hearing.

In determining whether the employee has had five days' notice of hearing, the following shall be deemed to be legal

Asf *J''*

 - c. a stenographic record shall be kept of all hearings and it shall be available for inspection by the employee or his representative during ordinary business hours of the Port Authority for twelve (12) months after the completion of the hearing;
 - d. except as provided in paragraphs VI and X, I, no evidence of prior misdeeds or offenses other than those charged shall be received or inquired into.
2. The Trial Board may in its discretion allow the charges and specifications to be amended to conform to the proof adduced at the hearing provided it grants an adjournment of the hearing as provided in paragraph X, H hereof.
3. The Trial Board shall call and examine such witnesses as it deems necessary or appropriate.
4. In general, the order of procedure at the hearing shall be as follows, but the Trial Board may vary the order of procedure in its discretion:

First: The charges and specifications shall be read, and the employee or his representative shall be requested to state summarily his position with respect thereto.

Second: The testimony (sworn or unsworn) and other evidence in support of the charges shall be received. Each witness in support of the charges shall be subject first to direct examination by the Trial Board (and if the charges are preferred by a member of the Port Authority staff, by such member or his representative) and then to cross-examination by the employee or his representative, and thereafter to such re-direct or re-cross examination as may be necessary.

Third: The testimony (sworn or unsworn) and other evidence for the employee shall then be received. Each witness for the employee shall be subject first to direct examination by the employee or his representative, and then to a cross-examination by the Trial Board (and if the charges were preferred by a member of the Port Authority staff, by such member as his representative), and thereafter to such further re-direct or re-cross examination as may be necessary.

Fourth: The testimony and evidence in the nature of rebuttal and surrebuttal shall then be received in that order.

Fifth: In cases where charges are preferred by a member of the Port Authority staff, such member or his representative shall be permitted to make a statement summarizing the testimony and evidence and making recommendations with regard to disciplinary action.

Sixth: The employee or his representative shall be permitted to make a statement summarizing the evidence, and to present any pertinent oral arguments.

Seventh: In lieu of or in addition to oral statements and arguments, the Trial Board may receive written memoranda or briefs in support of the charges or in favor of the employee.

H. Adjournments and Postponements

The employee shall be entitled to one 10-day postponement of the hearing. He shall also be entitled to an adjournment of the hearing once, if the proof offered at the hearing is at variance, in any material respects, with the specifications as set forth in the charges and specifications. The

Presiding Officer may grant any other adjournments which he in his discretion deems desirable.

I. Findings

As promptly as practicable following the conclusion of a hearing the Trial Board shall make its findings. The findings shall be in writing and shall refer to each separate charge and shall state whether each charge is "sustained" or "not sustained." A majority of the Trial Board must concur in the findings with respect to each charge, and no member of the Trial Board shall be eligible to vote on the findings unless he has been present throughout the hearings and in the case of adjournments, at all sessions. The Trial Board, if it desires, may accompany the findings with opinions in writing explaining the reasons for its findings.

The Trial Board shall make a recommendation for disciplinary action if it finds the charges sustained, and in so doing it may receive and consider the employee's Performance Rating Reports and any records of prior disciplinary proceedings.

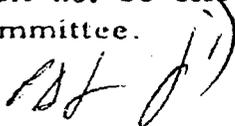

J. Review

At the conclusion of the hearing the findings and recommendation of the Trial Board, and opinion, if any, together with a transcript of the testimony and any briefs which have been filed, shall be promptly forwarded to the Reviewing Officer.

The Reviewing Officer shall review the findings and approve or disapprove them. If he shall disapprove them he may in his discretion return the case to the Trial Board for a new hearing.

The Reviewing Officer shall prescribe the disciplinary action and the recommendation of the Trial Board shall not be binding on the Reviewing Officer. The office of the Personnel Director shall promptly notify all concerned of the disciplinary action directed to be taken by the Reviewing Officer.

In any case where the disciplinary action requires further action by the Operations Committee of The Port of New York Authority, such as discharge or demotion, the same shall not be effective until approved by the Operations Committee.

XI. Departmental Hearings
(Not Applicable to Transport Workers Union classes.)

A. Procedures at Departmental Hearings

Whenever a departmental hearing is ordered, the procedure shall as far as practicable conform to the procedure for Port Authority Trial Board hearings outlined in Par. X, with the following exceptions:

1. The Department Director shall act as the Reviewing Officer.
2. The Department Director shall designate the Departmental Trial Board, which shall consist of any one or more Port Authority employees appointed from the same department in which the employee sought to be disciplined is employed.
3. The Departmental Trial Board shall have the charges, specifications and other notices served in the manner prescribed for the service of charges, notices, etc., as provided in Par. X, except that where provision is made for service through the office of the Personnel Director, and/or for maintaining dockets, etc., such provisions shall not be applicable.
4. At the conclusion of the departmental hearing the Departmental Trial Board must transmit its findings, together with a report and recommendation and a full transcript of the proceedings to the Department Head for final disposition.
5. The Department Head shall notify the office of the Personnel Director and all others concerned, of the final disposition of the proceeding.
6. Notwithstanding that charges have been referred to a Departmental Trial Board for a hearing, the Department Head may refer such charges (and any new or additional charges arising out of the same transaction) to the Reviewing Officer specified in Par. X hereof for action, and may do so either before or after the Departmental Trial Board has transmitted its findings and recommendations to the Department Head.

XII. Disciplinary Procedures for TWU Classes

CN
6/29

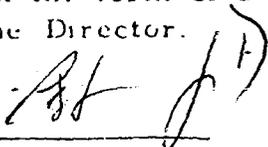

A. Conditions

Where TWU classes are concerned, a facility or division manager may administer initial discipline for minor violations of Port Authority rules and regulations, which shall not include sick absenteeism. For all such offenses charged in connection with any one violation, the amount of penalty will be no greater than the equivalent of five days' pay.

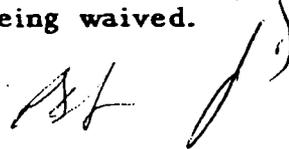

CN-
8/3

B. Procedure

1. When a supervisor deems that disciplinary action should be taken in connection with a violation by an employee, he shall notify the employee in writing of the facts upon which such action is based and shall at the same time schedule a meeting with the manager and the employee involved. The employee's representative may attend this meeting.
2. At the meeting, the manager will interview the supervisor and the employee. The purpose of these interviews will be to permit the manager, the supervisor and the employee to develop pertinent facts, and to permit the evaluation by the manager of the circumstances leading to the alleged violations, and result in the determination by the manager of appropriate action. If additional information is needed, the manager will make arrangements to elicit same, and if necessary, arrange for a subsequent meeting.
3. Within fifteen days after the interview, the manager shall inform the employee, in person, of the action to be taken and the reasons for this action. A comprehensive written report of the manager's determination and findings will be presented to the employee at this time. Copies of this determination will be transmitted to the Manager of the Operating Personnel Division and to a representative of Local 1400 of the TWU whether or not the employee being disciplined is a member of the union. If the employee accepts such determination, he will signify his concurrence in writing.
4. If the employee does not accept such determination, he may appeal the determination to the appropriate Department Director within fifteen days. Such appeal shall be in writing, setting forth the basis for appeal, and may be in the form of a letter or a memorandum addressed to the Director.

5. If an employee appeals such determination, the Director or his designee shall review all pertinent data, conducting such interview as he may elect, and render a written determination in the matter to the said employee within fifteen days.
6. If the employee disagrees with the determination of the Department Director, he may, within fifteen days, appeal to the Personnel Director for final review, said appeal to be in the form of a letter or memorandum addressed to the Personnel Director.
7. The Personnel Director, acting for the Executive Director, must reply in writing to the aggrieved employee within thirty days. His action will be final. Failure on the part of an employee to make his appeal within the prescribed time limits will result in the acceptance of the recommended discipline. Failure on the part of any management representation to inform the employee of disciplinary action within the prescribed time limits will result in the charges against the employee being waived.

Office of the Executive Director

The Port Authority
of New York and New Jersey

PAI 20-4.01

Revised January 14, 1974

UNIFORM ALLOWANCES

I. Introduction

This instruction sets forth the eligibility requirements and uniform allowances of employees.

II. Policy

It is Port Authority policy to furnish wearing apparel to its employees where the need is justified.

Certain employees are furnished an initial issue and, in addition, are granted an annual allowance for upkeep or allowed a number of cleanings or pressings at Port Authority expense. The replacement of these uniforms is provided either by annual allowance or by purchase as required, or by a combination thereof.

Generally, employees are provided uniforms by the Work Uniform - Services Section, General Services Department, whose responsibility it is to maintain the uniforms and to provide clean uniforms on a predetermined basis. (See Exhibit A for specific positions and allowances.)

For certain categories of employees utilizing dress uniforms the Work Uniform Services Section furnishes an initial issue and provides for replacement as required. Except for "wash and wear" garments, maintenance of these uniforms is covered by form PA 618, Petty Cash Voucher, which is initiated by the employee and is accompanied by cleaning receipts. (See Exhibit A for specific positions and allowances.)

III. Definitions

Wearing apparel is of four categories.

- A. Dress Uniforms are worn by employees to convey unmistakably to the general public the authority and/or services associated with their positions, e.g., Police, Toll Collectors, Red Caps, Sky Caps, etc.
- B. Work Uniforms are worn for purposes of easy identification, uniformity of appearance of employees of position classifications which are engaged in maintenance, production, or operating activities requiring attire designed to withstand extensive exposure to wear and tear and heavy soiling, e.g., maintenance personnel, messengers, police emergency crews, cleaners

C. Foul weather gear is worn by employees in position classifications which are exposed to inclement weather.

D. Safety clothing is worn by employees of all position classifications for the purpose of preventing injuries and/or bodily harm while at work.

IV. Responsibility for Standards and Specifications

The General Services Department, in cooperation with the departments concerned, is responsible for the design and development of standards and specifications for the purchase and maintenance of all Port Authority uniforms, except Police, which are the responsibility of the ~~Police Division Uniform Committee~~ ^{SUPERINTENDENT OF POLICE}, and Toll Collectors which are the responsibility of the Tunnels and Bridges Department. CN 111

The Inspection and Safety Division of the Comptroller's Department reviews all new uniform items considered for purchase and uniform maintenance programs for occupational safety and health considerations.

The Port Authority Design Advisory Council through the Office of the Chief Architect approves all new uniform items prior to purchase.

V. Responsibility for Proper Dress

Each employee is responsible for being dressed in a fit and presentable manner while at work. Awareness and acceptance of this responsibility is vital to good health, high morale, and favorable public reaction. The wearing apparel programs specified in this instruction are an aid in meeting these goals. Managerial and supervisory personnel are responsible for overseeing that suitable dress is worn by subordinates. Since standards are dependent upon circumstances and working conditions, conscientious judgment must be exercised daily.

VI. Work Clothes Supplied to Employees

A. Issuance by the Work Uniform Services Section

The Work Uniform Services Section furnishes

1. uniforms to employees who are required to turn in soiled uniforms and receive clean uniforms on a predetermined basis;
2. an initial issue to certain other employees who utilize dress uniforms, the maintenance of which is covered by

form PA 618, Petty Cash Voucher, initiated by the employee and accompanied by cleaning receipts; and

3. some uniform items which are delivered in bulk to facilities for distribution to employees after appropriate records are prepared.
- B. Each employee is responsible for clothing issued to him while it is in his possession and must exercise reasonable care in the use of such clothing. Work uniforms may be worn only while on duty and must not be worn home without specific approval. When it is established by the organization unit head that clothing issued (1) has been lost by the employee to whom it was issued, through his own fault; or (2) has been damaged or destroyed due to failure of such employee to exercise reasonable care, the employee is required to pay the purchase cost of the article as shown in Exhibit B.
- C. Issuance of Other Articles
1. Some articles of work clothing, such as winter parkas and overshoe boots, are purchased by the Port Authority and are issued to employees whose work requires their usage. Green parkas are requisitioned from the Work Uniform Services Section stockroom. Blue parkas are requisitioned on purchase orders as required. Overshoe boots are requisitioned from the Central Stockroom through the General Services Department. Parkas, overshoe boots, and other items purchased by the Port Authority may be worn only while on duty and must not be worn home without specific approval of the employee's supervisor.
 2. When it is established by the organization unit head that an article of clothing purchased by the Port Authority and issued to an employee has been lost, damaged or destroyed under circumstances described in Par. VI, B, the employee is required to pay the purchase cost of the article as established by the General Services Department. The department to which the employee is assigned shall notify the Comptroller's Department by memorandum to make the appropriate deduction from the employee's paycheck. Such memorandum shall state the basis upon which the department has established the liability of the employee and show the accounting code to be charged. A copy of this memorandum shall be given to the employee.

Handwritten initials/signature

D. Issuance of Work Uniform Articles to New or Transferred Employees

1. The Personnel Department, as part of processing a new employee or a military leave returnee, completes form PA 2351, Work Uniform Request/Service Change and sends it to the Work Uniform Services Section with the new employee. The Work Uniform Services Section issues uniform items appropriate to the employee's position.
2. Prior to his transfer, an employee's unit completes form PA 2351, Work Uniform Request/Service Change as soon as knowledge of the transaction is known and forwards it to the Work Uniform Administrator.
3. A transferred employee takes with him to his new unit all his clean work uniforms issued by the Work Uniform Services Section only if they are required at or in his new assignment, otherwise they are turned in immediately. Soiled uniforms will be picked up by the Work Uniform Services Section from the old locker, cleaned, relabeled, and delivered to the new location. In all cases, overshoes and parkas are returned to the local unit. Form PA 1904, Information on Transferred Employees, is completed by the transferring unit and forwarded to the receiving unit. It lists disposition of uniforms and other articles of clothing issued to the employee.

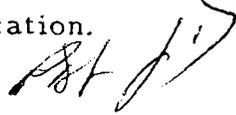

E. Surrender of Port Authority Equipment and Property on Termination

1. Any employee whose service is terminating is required to turn in his uniforms and equipment prior to or on his last day of work. Prior to an employee's termination, his unit completes form PA 2351, Work Uniform Request/Service Change, as soon as knowledge of the transaction is known, and forwards it to the Work Uniform Administrator.
2. Form PA 646, Surrender of Port Authority Equipment and Property is prepared by the unit supervisor and forwarded to the Work Uniform Services Administrator after the employee's supervisor ascertains by telephone that all Library material of record has been surrendered and that no monies are owing to the Port Authority Treasurer.
3. The Work Uniform Administrator ascertains if any uniform items are missing and shows the quantity and cost of such articles in the "Remarks" column prior to forwarding

form PA 646, Surrender of Port Authority Equipment and Property, to the Personnel Department. The field supervisor is responsible for collecting all work clothing outstanding before the final paychecks are delivered. An employee's final paycheck will be withheld until discrepancies in the uniform and equipment list for that employee are explained. The amount to be deducted from the employee's final paycheck in payment for any missing articles is inserted by the terminating unit in the "Remarks" section of form PA 1899, Appointment or Separation of Permanent Employees. Failure to recover all garments or inability to recover the uniforms or monies for missing articles will result in a direct charge being made to the organizational unit involved.

VII. Safety Eyewear Program

- A. The Port Authority Safety Eyewear Program is intended to aid in the prevention of serious eye injury to employees. Under this program, the Port Authority provides approved safety equipment including standard safety spectacles, standard cover goggles or face shields to all employees with exposure to eye injury. Cover goggles or face shields may be worn alone or over an employee's regular prescription glasses.
- B. For employees who wear prescription glasses and are subject to high-impact eye-exposure situations such as cutting, drilling, using a power saw or performing certain types of heavy labor in general maintenance categories, facility and unit supervisors recommend, for approval by the facility or unit manager, the purchase of prescription safety eyewear that meets American National Standards Institute Specification No. Z87.1-1968.
 1. A maximum of \$20.00 is allowed toward purchase of prescribed eyewear, the frequency of allowance to be determined by the facility or unit manager based on the employee's need for change in prescription or other acceptable reason.
 2. The employee selects an eye specialist of his choice who can provide both an eye examination and the desired prescription safety eyewear that meets Port Authority specifications. The eye specialist is free to obtain lenses and frames from any safety eyewear supplier, providing the completed glasses meet or exceed the American National Standards Institute Specification.

TUITION ASSISTANCE PROGRAM

I. Introduction

This Policy Statement describes the Port Authority's policy regarding tuition assistance for permanent and probationary Police Officers.

II. Policy

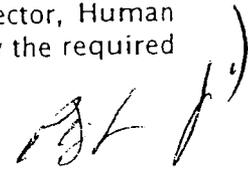

The Port Authority's Tuition Assistance Program provides an opportunity for eligible Police Officers to improve their skills and job performance and helps to establish a source of trained staff who can effectively contribute to carrying out the mission of the Port Authority. The program encourages Police Officers to obtain formal education on their own time in approved institutions of higher learning by reimbursing employees for all or part of their educational costs.

In addition to formal, degree-granting programs, the Port Authority may also provide tuition assistance to Police Officers who participate in non-traditional colleges or universities that are state accredited in New York and New Jersey, non-degree courses, certification or licensing programs, or review courses.

III. Eligibility Criteria

A. Undergraduate and Graduate Courses and Program

1. Permanent and probationary Police Officers are eligible for tuition assistance.
2. The Director of Public Safety/Superintendent of Police (or his/her specified designee) will approve applications for tuition assistance only if, in his/her judgment, the Police Officer/Applicant's work and attendance have been satisfactory. In addition, the Applicant must have shown sufficient initiative and promise in his or her performance to warrant undertaking training at Port Authority expense. Records of previous training or course work will also be taken into consideration.
3. Courses pursued must not interfere with the Applicant's normal job responsibilities.
4. Tuition assistance for enrollment and continued participation in undergraduate and graduate degree programs or individual undergraduate course must relate to a logical program of individual development within the scope of the Port Authority's activities.
5. Tuition assistance for enrollment in programs that have residency requirements, involve time off from work, and/or travel in connection with studies must be recommended in writing by the Director of Public Safety and approved by the Director, Human Resources. The recommendation must stipulate how the required

time off from work will be handled (e.g. use of Vacation or Personal Leave Days). Excused time may not be granted.

6. Tuition assistance for enrollment and continued participation in doctoral programs must be recommended by the Director of Public Safety and approved by the Director, Human Resources. Approval will be granted only if it has been determined that the Applicant's doctoral degree is a demonstrable necessity directly related to the Applicant's specific job functions and responsibilities. Continued participation in the doctoral program must be authorized each semester by the Director, Human Resources. In the absence of such authorization, tuition assistance will not be provided.
7. Tuition assistance for second degrees of the same kind (e.g. second Masters degree), must be approved by the Director, Human Resources.

B. Law School

1. Tuition assistance for law school (for the J.D., L.L.B., or L.L.M. Degree or equivalent) must be recommended in writing by the Director of Public Safety, concurred in by the Law Department, and approved by the Director, Human Resources.
2. A member of the Law Department designated by General Counsel interviews Police Officer applicants submitting initial applications for law school tuition assistance and makes a written recommendation to the Director, Human Resources as to whether reimbursement is warranted, based on an evaluation of the suitability of a Police Officer/Applicant to attend law school. The recommendation is evaluated by the Director, Human Resources and may be approved only if it has been determined that the degree is a demonstrable necessity directly related to the Police Officer/Applicant's specific job functions and responsibilities.
3. Law School tuition assistance is subject to the same financial assistance rates set for all other graduate students. The only exception to this is Law Interns who are required to be students in good standing at a recognized law school, and are, therefore, reimbursed 100% for their tuition expenses.

C. Authorization for Special Courses

1. Tuition assistance applications for specialized courses of study such as vocational training for secretarial or general clerical skills, and executive MBA programs require the approval of the Director, Human Resources.
2. If the Director of Public Safety determines that an Applicant should take a course that relates to the Applicant's current specific job function he/she may do so outside the purview of this Policy Statement. Costs incurred should be paid through the Voucher Check Request process.
3. Correspondence and other home study courses are not qualified for tuition assistance, nor are courses for which Port Authority "in-house" training is available within a reasonable period of time.

AK d

IV. Coordination with Other Sources of Financial Assistance

- A. Applicants must disclose all other training or educational allowances they are receiving on the Tuition Assistance Application (Form PA 1020).
- B. Applicants who are entitled to receive training or educational allowances from other sources, including fellowships, scholarships, grants-in-aid, or benefits received by veterans and active reservists from government-sponsored programs, may receive financial assistance under the Tuition Assistance Program only after funds from these other sources are fully utilized. Under no circumstances will the Port Authority duplicate any funds obtained from outside sources. If, however, the training allowances from these other sources do not fully cover tuition costs, the Port Authority will provide additional funding up to the full cost of approved courses within the limits specified herein.
- C. Failure to comply with the provisions of paragraphs A and B, above, will require the restitution by the Applicant of all funds to which he/she is not entitled, through a lump-sum payment or payroll deduction, and may also result in disciplinary action.

V. Expenses Qualified for Reimbursement

- A. The current schedule of tuition assistance allowances for undergraduate and graduate courses and the tax treatment of such allowances are outlined below:

1. Tuition Assistance Allowances

- a. Undergraduate work:

80% of actual tuition costs or up to \$125 per credit, whichever is greater, plus qualified fees.

- b. Graduate work

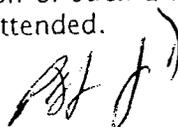

80% of actual tuition costs or up to \$140 per credit, whichever is greater, plus qualified fees.

2. Tax Treatment

The Applicant is personally responsible for any federal, state and local taxes which may be due under applicable tax laws as a result of having received tuition assistance. Applicants should contact the Payroll Supervisor in the General Accounting Section of the Comptroller's Department for further information.

- B. Fees qualified for reimbursement include:

1. Laboratory fees specifically related to course requirements.
2. Registration fees, when the amount of such a fee is specifically designated by the school attended.
3. General or comprehensive fees up to a maximum of \$175 per semester, when an unspecified portion of such a mandatory fee is allocated to registration by the school attended.

- C. Parking fees, student fees, and other ancillary fees are not qualified for reimbursement under this program.
- D. Expenses for books, equipment, supplies, materials, travel and room and board are not qualified for reimbursement under this program.

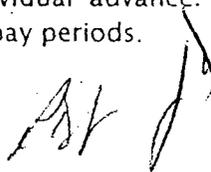

VI. Tuition Assistance Payments

- A. Tuition assistance payments are authorized by the Director of Public Safety or his/her specified designee upon receipt of proof of payment and certification of having achieved a grade of "C" or better at the undergraduate level or "B" or better at the graduate level for each course taken, provided the applicant is still employed by the Port Authority on the date the course is completed. Payment will be made for "Pass" or "Complete" grades when it is the policy of the school to grade courses with "Pass" - "fail" or "Complete" - "Incomplete" designations.
- B. Requests for Payment must be made within one year from the original course completion date shown on the application.
- C. Payments for any programs which do not fall into the category of university or college course work will be made only upon receipt of evidence of payment and certification that the Applicant successfully completed the course of study.

VII. Financial Hardship

If an Applicant demonstrates financial hardship that would prevent him/her from pursuing an education within the limits of this document, the Applicant may apply for advance payment of educational expenses by the Port Authority. Advance payment must be requested by the Applicant in a memorandum to the Director of Public Safety, who may approve or disapprove the request. Approval authority for this payment may not be delegated.

In the event an Applicant granted this privilege fails to maintain his/her employment and/or minimum grade qualifications for any course(s) for which expenses were advanced, he/she must repay the Port Authority in the amount of the advance. It is the Public Safety Department's responsibility to inform the Comptroller regarding repayment of the individual advance. Repayment time should not exceed a reasonable number of pay periods.

USE OF RENTED AND EMPLOYEE-OWNED VEHICLES

I. Introduction

This instruction describes the procedures governing the use of rented and employee-owned vehicles on Port Authority business. It supplements the instructions contained in PAI 15-3.02, The Port Authority Passenger Vehicle Use Program, and PAI 15-3.04, Use of Port Authority Passenger Vehicles.

II. Rented Automobiles and Taxis

A. Rented Automobiles

1. If no suitable Port Authority vehicles are available, the need to rent a passenger vehicle for use in the Port District on Port Authority business will be reviewed by the Operations Standards Division, Management Services Department. If the Operations Standards Division authorizes the rental, the Special Services Division, General Services Department will be responsible for making the necessary arrangements. In cases where this is impractical (e.g., Trade Development or Port Authority employees on business outside the Port District) the arrangements are made by the department concerned, with concurrence of the General Services Department. In the case of an emergency, the General Manager or Facility or Division Manager may authorize the use of a rental passenger vehicle. A memorandum of explanation should be sent to the Operations Standards Division, Management Services Department, as soon after the authorization as possible.
2. Accidents involving a vehicle rented by the Port Authority shall be reported as provided in PAI 55-3.01, Accident Reporting.

B. Taxis

Taxis may be used by employees on Port Authority business if circumstances warrant the expense. Reimbursement is obtained by inclusion of the expense in Expense Account, form PA 15, or Petty Cash Voucher, form PA 618 (see PAI 30-3.01, Expense Accounts).

III. Rented Special Use Vehicles

The need to rent a special use vehicle other than a passenger vehicle

will be reviewed by the Operations Standards Division, Management Services Department. If the Operations Standards Division authorizes the rental, the Purchase and Supply Services Division, General Services Department, will be responsible for making the necessary arrangements. In the case of an emergency, the General Manager or Facility or Division Manager may authorize the rental of a special use vehicle. A memorandum of explanation should be sent to the Operations Standards Division, Management Services Department, as soon after the authorization as possible.

IV. Employee-Owned Vehicles

A. Authorization

1. Department Directors, deputy directors, organization unit heads, or their designees may authorize the use of employee-owned vehicles on Port Authority business when:
 - a. Public transportation is unavailable or impractical;
 - b. an employee is asked to respond from his or her home to an emergency situation and a Port Authority vehicle is not readily available; or
 - c. the use of an employee-owned vehicle would require significantly less mileage on an origin-destination basis than the use of a staff car.
2. Except in cases when an employee is asked to respond from his or her home to an emergency situation, the employee must obtain authorization on either a Daytime Vehicle Usage Authorization, form PA 2036, or Overnight, Weekend and Holiday Vehicle Usage Authorization, form PA 2927. In the space provided for vehicle number, the employee should write his or her license plate number.

B. Conditions of Use

1. Employee-owned vehicles are subject to the same regulations as prescribed for Port Authority vehicles when their use on Port Authority business is authorized (see PAI 15-3.02).
2. Except for emergency call-in, only those drivers who are authorized to drive Port Authority vehicles may be permitted to use their own vehicles on Port Authority business. Written authorization is obtained by completing a Daytime Vehicle Usage Authorization, form PA 2036, or Overnight, Weekend and Holiday Vehicle Usage Authorization, form PA 2927, using the employee's license plate number in place of the vehicle number.

C. Reimbursement

1. a. When a department director or organization unit head requests an employee to use his or her own vehicle on Port Authority business, reimbursement is made at the rate of 18.5 cents per mile.
- b. Personnel assigned to overseas trade offices are reimbursed for such vehicle use as follows:

London	-	33 cents per mile
Zurich	-	43 cents per mile
Tokyo	-	44 cents per mile

2. In addition, such other expenses as parking fees, non-Port Authority tolls, etc., will also be reimbursed as may be required. Expense accounts claiming such reimbursement will show the starting and ending odometer readings, total mileage, starting point, destination and the reason why the employee's car was used. In certain cases, employees will be reimbursed on the basis of mileage traveled from their normal work place instead of mileage traveled from home. Expenses for repairs (other than for damages sustained in an accident) made to an employee-owned vehicle while in use on Port Authority business, and other vehicle maintenance costs, are not reimbursable (see Paragraph D, 4 below).

D. Accidents and Liability for Damages

1. Accidents arising out of the operation of an employee-owned vehicle on Port Authority business shall be fully reported as provided in PAI 55-3.01.
2. In the case of a claim against an employee for damages to third persons arising out of the operation of an employee-owned vehicle on Port Authority business, the employee against whom the claim is made should immediately notify his or her organization unit head, the Claims Section of the Law Department, and, if applicable, his or her insurance carrier. Such claims are deemed to be potential claims against the Port Authority and the provisions of the Board Resolution of May 12, 1955, relative to the settlement of such claims, will apply.
3. If the employee carries insurance against such claims, the Port Authority will pay only the amount by which the claim exceeds the insurance.

CN-
155
12/3
79

4. In the event any employee-owned vehicle on Port Authority business is damaged through accident, the Port Authority shall recompense the owner for that portion of losses deemed unrecoverable. The latter may include such losses ~~as the amount~~ deductible under a collision policy or for other losses not covered by insurance. Employees seeking unrecoverable expenses should contact the Claims Section, Law Department, for instructions.

E. Settlement of Claims

1. Employees whose vehicles have been damaged while on Port Authority business and who may be eligible for repayment of unrecoverable losses in accordance with the provisions of Paragraph IV, D, 4 shall, in all cases, comply with the following. Under any circumstances the cost of repairing the vehicle is to be estimated by a reputable, established auto body firm. An itemized statement must be included together with any copies of supplementary bills or statements.
2. The employee prepares a memorandum which includes all pertinent information concerning the expected cost of repairs and any unrecoverable losses and forwards the memorandum to his or her department director. The department director indicates on the employee's memorandum whether use of the vehicle on Port Authority business had been authorized and forwards the memorandum to the Claims Section.
3. Upon review, the Claims Section forwards approved claims to the Comptroller's Department for processing. In the event the claim is not approved for payment, the Claims Section notifies the claimant of the disapproval.

- (1) They are not transferable.
- (2) They can be used for a motorcycle or an automobile (including attached trailer) in which the employee is riding.
- (3) They are not valid in Parking Lot 6 (Pan American Roof Top) at JFKLA, and in Hourly Parking Lots A, B and C at Newark International Airport.
- (4) Use of Central Terminal Area parking lots is limited to a maximum period of four hours at no charge. Employees parking beyond the four-hour limit are required to pay the regular public parking rate from the time the vehicle was initially parked. Use of the Long Term Parking Lots is limited to a maximum period of 24 hours at no charge. Employees parking beyond the 24-hour limit are required to pay the parking charges for time in excess of 24 hours, starting with first day rates. An employee who uses an airport parking lot must, on leaving the parking lot, write the parking lot ticket serial number on the personal pass, sign it, and sign the parking lot ticket before

- (5) Use of Port Authority personal passes for free parking in airport public lots is a privilege for isolated instances of parking. Personal passes are not to be used to park while Port Authority employees are at their airport job.

C. Official Business Passes

Official Business Passes, form PA 430, are issued to contractors and other selected individuals who use tunnels and bridges or air terminal parking lots while making trips on Port Authority business in other than Port Authority vehicles. A pass holder who uses an airport parking lot must, upon leaving the parking lot, sign and date both the Official Business Pass (form PA 430) and the parking lot ticket, and submit both to the lot attendant. If the parker is on official Port Authority business, he should pay any charge over 24 hours based on the rate progression set forth in the Schedule of Charges, ask for a receipt and submit it for reimbursement to the Port Authority.

If the employee cannot present a vehicle pass he must sign his name and print the P.A. vehicle number on the parking lot ticket and submit it to the parking lot attendant.
2. Vehicles carrying newsmen and photographers with press passes. (Press vehicles which park in excess of 24 hours will be required to pay the parking charges for time in excess of 24 hours, starting with first day rate. Newsmen

with proper press credentials can park in excess of 24 hours at no charge in certain designated "long-term" airport lots provided they turn in to the cashier at time of exit, written permission (Port Authority Press Parking Permit) from the Port Authority Public Affairs Department or Airport Manager. In exceeding the time limit specified in the special parking permit for the "long term" lots, newsmen are required to pay the parking charges for time parked in excess of the specified period, starting with the first day rates.) In JFKIA Parking Lot 6 free parking time is limited to the first six hours of parking; after the expiration of the first six-hour parking period, the lot 6 parking charges shall commence.

For Federal Aviation Agency employees stationed at the Federal Building, John F. Kennedy International Airport, free parking privileges are permitted in that area only, unless official duties require their presence at another air terminal or elsewhere at that Airport.

If such official business requires parking for more than 24 hours, prior permission must be obtained from the Airport Manager, otherwise the vehicle will be required to pay parking charges for the time in excess of 24 hours, starting with the first day rate.

4. Vehicles carrying employees of lessees and permittees whose leases or permits provide for free parking.
5. Vehicles carrying or waiting for any of the following and their official parties:

IV. Requisitioning Passbooks

Passbooks are requisitioned from the Treasury Department in multiples of five by the organization unit head. Ticket and/or Pass Requisition and Receipt, form PA 281, is prepared in triplicate by the custodian and approved by the department head or facility manager. (See instruction on form PA 281 for distribution.)

V. Issuance of Passes

A. Annual Passes

Annual passes are in the custody of and are distributed by the Executive Director. The Executive Director furnishes a list of pass holders to the Directors of Aviation and Tunnels and Bridges for distribution to their facilities.

B. Commutation Passes

The custodian should be certain that the employee's residence and place of work require use of these passes. Passes are issued one book at a time by the custodian who checks the date the previous book was issued to control misuse. The employee inserts his/her name and the vehicle license number on the receipt (first page of book) and the vehicle license number, in ink, on the stub of the passbook. The custodian inserts the employee's name and the date issued on the receipt which is filed.

C. Personal Passes

1. Passes are issued, one book at a time, by the custodian who checks the employee's allowance and the number of books previously issued to insure that the allowance is not exceeded. The employee signs the receipt and the custodian inserts the employee's name and the date on the receipt which is filed.
2. Passes for retired employees and employees on military leave are issued by the Personnel Benefits and Activities Division, Personnel Department upon request of individuals.

PK J11

3. Department Directors are authorized to increase the scheduled allowance when the need is clearly demonstrated.

D. Official Business Passes

The custodian inserts the bearer's name, date and reason for issuance on the stub. The stub remains attached to the book.

VI. General

A. Employee Leaving Port Authority Service

The organization unit head is responsible for obtaining unused passes from employees leaving the Port Authority.

B. Transferred Employee

The organization unit head is responsible for informing the new unit on form PA 1904, Transmittal of Personnel Records, of the number of form PA 378 books issued during the current year and the date the last form PA 166 book was issued.

C. Unused Passes

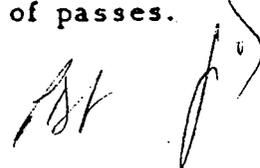

Employees return unused passes to the custodian when no longer needed. Unused passes are then sent to the Comptroller's Department (Audit Division) with a memorandum which includes the name of the employee to whom issued and book and coupon numbers. The Comptroller's Department destroys the passes and discards the memorandum after checking book and coupon numbers.

D. Lost Passes

An employee immediately reports lost passes to the custodian who makes a notation of the loss on the receipt (see V, B or C above). Replacement of lost passes is authorized if, in the unit head's opinion, circumstances warrant.

E. Misuse of Passes

Charges are preferred, and the employee is subject to cancellation of the pass privilege for misuse of passes.

OPERATING INSTRUCTION

PAY PLAN C INGRADE SALARY INCREASES
(Effective September 9, 1973)

I. Introduction

This instruction describes the manner in which all Pay Plan C ingrade increases are initiated and processed. It supersedes the Interim Instruction, Service C Ingrade Increase Processing Procedure, dated October 5, 1964.

II. Principles

- A. Pay Plan C Employees' ingrade salary increases, except when they are formally withheld, are granted in pre-determined dollar amounts as shown on salary tables in the Personnel Classification and Compensation Plan, and in accordance with a pre-determined time schedule.
- B.
 1. Beginning with the effective date of this Instruction, the salaries of Pay Plan C Employees will automatically be increased, in accordance with the schedules and tables cited in paragraph A, above, by computer program, except when an employee's unit notifies the Personnel Department that the scheduled increase is to be withheld.
 2. Special cases requiring retroactive ingrade increases will be handled individually by submitting an Employee Record, form PA 87 to the Administrative and Employee Benefits Division.
- C. Primary responsibility for the granting or withholding of an ingrade salary increase rests with the employee's unit which must, therefore, verify the information on the form PA 2870 to assure that the employee is entitled to the increase shown thereon. In the absence of notification to the contrary, the employee will automatically be granted all scheduled ingrade salary increases.
- D. The unit's reason for the withholding of a scheduled ingrade salary increase from an employee is reviewed in all cases by the Operating Personnel Division of the Personnel Department.

III. Procedure

Step 1

Each payroll period the computer prints two copies of the Pay Plan C Ingrade Increase Recommendation, form PA 2870, for each Pay Plan C employee whose ingrade increase review date is four pay periods hence. The Administrative and Employee Benefits Division sends both copies of the form to the employee's unit or facility. If the unit or facility does not receive the form PA 2870 by the proper date (see Attachment A), it notifies the Administrative and Employee Benefits Division.

Step 2 The employee's unit head fills in part one of this form and sends both copies to the employee's supervisor.

Step 3 The supervisor answers the questions in part two and returns the copies to the unit head on or before the date specified, together with any evidence of poor performance or misconduct that he may wish to include.

Step 4 The unit head either approves or disapproves the increase and notifies the employee of the decision.

If the increase is approved, copy 2 of form PA 2870 is destroyed and copy 1 is retained by the unit until the new form PA 87 is received.

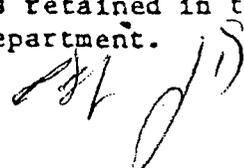

If the increase is disapproved, the unit head enters the next review date, which may not be less than three months nor more than one year from the date of the proposed increase.

He signs the form PA 2870 and, by the date specified in the lower left hand corner of the form, sends copy 1 to the Administrative and Employee Benefits Division, accompanied by a memorandum detailing the reason(s) for disapproving the increase. For this mailing, Messenger Delivery Receipt, form PA 108, is used. Copy 2 is filed with a copy of the memorandum in the employee's folder at his unit or facility.

NOTE: In cases where a department's internal procedures require review of disapproved ingrade increases by the Department Director's office, the form and memorandum are sent there first and then to the Administrative Division. Adequate time for this additional step must be allowed, however, so that the specified date for submission is met.

Step 5 The Administrative Division sends this form and memorandum to the Operating Personnel Division for review.

Step 6 The Operating Personnel Division reviews the reasons for disapproval and notifies the employee's unit if it differs with its recommendation. (Differences are resolved between the Personnel Department and the employee's unit at appropriate levels of management.) Otherwise, it forwards copy 1 of form PA 2870 to the Administrative Division which in turn forwards it to the Payroll Section. The memorandum is retained in the employee's folder in the Personnel Department.

Step 7

If the increase has been approved, the employee's salary is automatically increased by the computer program on the correct date.

If the increase has been disapproved, the employee's salary remains unchanged, the next review date is entered in the employee's record in the data bank and a new Ingrade Increase Recommendation, form PA 2870 will be printed out for the employee at the proper time.

Step 8

In all cases a new Employee Record, form PA 87 is printed out, and distributed to the employee's unit by the Administrative Division.

Where an ingrade increase has been approved, the form PA 87 shows the new salary and the next review date.

Where an ingrade increase has been disapproved, the form PA 87 shows the next ingrade increase review date.

In either case, the unit assures that the information recorded on the new form PA 87 is correct and brings any errors to the attention of the Administrative and Employee Benefits Division.

I. INSTRUCTIONS

This instruction prescribes the methods for the safe handling of the issued service revolver and any personal revolver authorized for use as an off-duty weapon or as a second-gun on duty, and includes inspection schedules and related controls.

II. OFFICIAL REVOLVERS ISSUED

All members of the force will be assigned a service revolver at the time of their appointment. This revolver will be a standard Police Special model .38 caliber 4" barrel manufactured by the Colt or Smith and Wesson Firearms Company. Members of the force assigned to plainclothes duty may be issued a .38 caliber Police Special, 2" barrel, instead of the regulation 4" barrel revolver. In the event it is necessary for these officers to wear the Police Uniform, it will be permissible for them to wear the 2" barrel revolver, provided it is in a hip holster.

III. USE AND SAFEGUARDING OF SERVICE AND PERSONAL REVOLVERS

Members of the Port Authority Police Force are required to wear an assigned revolver while on duty and have the option to carry or not carry an approved revolver while off duty. In addition, while on duty a member may wear a second revolver provided the weapon is registered in accordance with Paragraph IV-A & B and meets the criteria as set forth in Paragraph IV-C. The second revolver must remain concealed at all times while on duty.

- A. Service revolvers must have a blued finish and must be equipped with standard checkered, hardwood factory stock, and may have grip adapters that are approved by the Chief Range Officer.
- B. Only .38 Caliber Special, 158 grain, +P factory manufactured semi-wadcutter lead hollow point cartridges are authorized for use in the service revolver.
- C. Each officer shall wear the service revolver while on duty. The regulation Port Authority holster or authorized replacement is required while on duty. A standard holster which insures the safe wearing of the second revolver shall be used whenever the second weapon is carried on duty.
- D. The service revolver and personal revolver authorized for use as an off-duty weapon or as a second-gun on duty shall not be stored in lockers or any motor vehicle, with the exception that they may be stored at a facility in gun lockers provided for this purpose.
- E. The service revolver and any personally owned revolvers shall be used only in the manner prescribed by law.

- F. When an officer is traveling in civilian clothes, the revolver shall be worn so that it is out of sight of the public. The carrying of revolvers in separate packages is prohibited.
- G. Officers assigned to the emergency garage shall wear their service revolver at all times while on duty.
 - I. Airport emergency crews shall secure their revolvers and gun belts in the specially constructed strong box provided for that purpose.
- H. Gun lockers shall be installed and maintained at each Police Unit. Such lockers are to be made available to members of the command who request them.

IV.

PERSONAL REVOLVERS AND SECOND WEAPON

- A. It is the responsibility of each member of the force to register with the Office of the Superintendent of Police any personally owned pistols and revolvers of whatever type or model. This registration will be made in person with the Police Equipment Sergeant at JSTC, by filling out form 2815, Personal Gun Registration, and providing the necessary documentation. This registration must take place immediately after acquisition of personally owned pistols and revolvers.
- B. A member of the force who desires to wear his personal revolver while off duty or as a second gun shall obtain authorization to do so by registering the revolver for that purpose with the Officer of the Superintendent of Police. The revolver must then be inspected, tested and approved at the Pistol Range by the Range Officer in charge.
- C. The only revolvers approved *for use as an off-duty weapon or second weapon while on duty will be a .38 Caliber Special revolver designed to use either .38 Caliber Special 158 grain, standard velocity, round nose, factory manufactured cartridges or .38 Caliber Special, 158 grain, +P factory manufactured semi-wadcutter lead hollow point cartridge.** These weapons may have a blued, stainless steel, alloy or armoloy finish approved by the Range Officer.

*NOTE: All .38 Caliber Positive revolvers approved prior to July 1, 1964, may be utilized as an off-duty weapon.

**NOTE: Manufacturers DO NOT recommend the use of this ammunition in aluminum framed weapons.

- D. Any member of the force who sells or otherwise disposes of a revolver must do so in accordance with Paragraph X of this instruction and in addition, must immediately notify the Office of the Superintendent of Police by memorandum. A copy of this memorandum will be placed in the officer's personal file.

V. SAFETY-SERVICE AND PERSONAL REVOLVERS

- A. Every precaution shall be taken in the handling of the revolver (See P.D.I. 4-11, Use of Firearms and Deadly Physical Force.)
- B. A revolver shall never be removed from the holster except as prescribed by regulations. Horseplay or the brandishing of weapons is forbidden.
- C. Gun-cleaning equipment shall be kept at each facility for the use of individual police personnel. Safety regulations shall be observed at all times while guns are being cleaned.
- D. In the homes, revolvers shall be kept in a safe place out of the reach of children, who would be cautioned never to touch the revolver.
- E. Police Officers who clean their revolvers at home shall use every safety precaution and should do so in a room where no one else is present.
- F. Under no condition will the firing pin or mechanism of the revolver be tampered with, the trigger pressure reduced below three and one half pounds or the appearance of the gun altered in any way except as in "G" below.
- G. Adaption or alteration to the service revolver or to any personal revolver authorized for use as an off-duty weapon or as a second-gun on duty will not be permitted except for the addition of "grip adaptors." The cost for such addition will be borne by the individual concerned.

VI. INSPECTIONS

In order to insure that the service revolver and any authorized personal revolver worn as a second-gun on duty are in good condition at all times, the following inspection schedule will be adhered to. It is the responsibility of the Facility Police Commanding Officer to insure that inspections "A" and "B" below are carried out.

A. At roll calls:

Spot checks will be made by the ranking superior officer at each roll call formation. At least one service revolver and second weapon if worn must be inspected at each roll call (See P.D.I. 4-12, Revolver Inspections as Roll Calls).

B. On special duty:

Ranking superior officers will spot check the service revolvers and second weapon if worn of police officers who do not stand roll call.

C. A qualified member of the force will inspect each service revolver annually. This inspection will be conducted prior to the annual Pistol Qualification and Uniform Inspections.

AST

In addition, the personal revolver of all members of the force will be inspected prior to the annual Pistol Qualifications.

VII. QUALIFICATION WITH THE SERVICE REVOLVER

- A. Each member of the uniformed force shall fire the service revolver which has been issued to him during all phases of Pistol Qualification in accordance with P.D.I. 9-2.
- B. Members of the force are considered "On Duty" while attending either In-Service Training at the Police Academy, or any other authorized training program, and are therefore, require to carry their service revolvers.

VIII. GENERAL MAINTENANCE AND REPAIR

- A. Any officer who considers his service revolver to be in need of repair because of mechanical defect, which would affect the safe and efficient operation, will bring it to the attention of the Tour Commander at the facility. If the Tour Commander determines the gun defective, the gun shall be brought to the Central Police Desk, where the Equipment Sergeant or the Central Police Desk Sergeant will supply a temporary replacement. All repairs of this nature will be done at Port Authority expense.
- B. In order to prevent a member of the force from going unarmed while on duty, due to an unserviceable revolver, a spare revolver is kept at the Central Police Desk for such emergencies.

The revolver held at the Central Police Desk will only be used to replace unserviceable revolvers during non-office hours.

During normal office hours (8 AM-4 PM Monday through Friday) defective revolvers will be replaced from the stock maintained by the Police Division Equipment Sergeant.

IX. HANDLING SERVICE REVOLVERS AND SECOND WEAPON IF WORN - START AND END OF TOUR

- A. When using the service holster for both civilian and uniform wear, there is no need to remove the gun from the holster. The officer shall slip the holstered gun from his belt and place it on the floor of the locker until he has completed his change of clothes.
- B. When changing from civilian-type holster to regulation holster, the revolver shall be carefully drawn and placed immediately into the service holster. The holstered gun shall be placed on the floor of the locker.

Handwritten signature or initials

- D. A revolver shall be placed at the lowest practical level to the floor so that in the event of an accidental drop, the chance of discharge is minimized.

X. SURRENDER OF REVOLVERS - TERMINATION OR SUSPENSION FROM DUTY

When a person terminates his service as a member of the Police Force or if he is suspended from regular duty, they shall surrender the revolver at the same time as they surrender the police shield to the Facility Police Commanding Officer or his representative, or to the Sergeant in charge at the Central Police Desk.

A. Surrender of Personal Revolvers - New York State Residents

1. Prior to Termination

Each member of the force who is a New York State resident, and who owns a personal revolver, shall attempt to lawfully dispose of the revolver to a person or company authorized by law to receive same, and will submit a report to the Superintendent of Police giving the name and address of the person or company receiving the gun and the authority for receiving same.

Individual gun lockers installed at each facility police command can be used to safeguard and store a revolver under situations covered by this section.

At Journal Square Transportation Center, the revolver will be secured with the Central Police Desk Sergeant.

Written notification will also be made without delay to the Facility Police Commanding Officer and to the Superintendent of Police. The Facility Commanding Officer will file a copy of the memorandum in the officer's personal file.

B. The owner of the weapon will be responsible for the proper notification to the police of the municipality where the loss or theft is believed to have occurred.

to interviews of witnesses.

Dear Officer Danese,

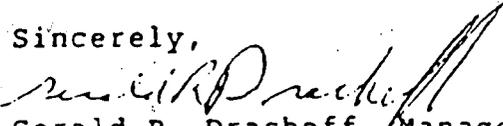

This letter is intended to clarify the application of Section 9, Rule 3 of the Port Authority General Rules and Regulations and Rule 3 of PDI 2-6 to interviews of members of the force who have been identified as witnesses in connection with an authorized investigation involving a member of the force other than the witness.

When an officer is called in for an interview based on the belief that he may have been a witness to a particular event and, at the time of the interview, it does not appear that the matter under discussion may result in disciplinary action against the officer who is being called as a witness the officer shall be so advised of these facts which require his cooperation in an authorized investigation.

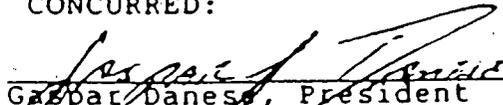

The PBA acknowledges that all Police Officers are obligated to cooperate in this type of interview pursuant to the General Rules and Regulations and failure to do so is grounds for disciplinary action against the Police Officer. The PBA further acknowledges that an officer who is being interviewed as a witness and against whom there does not appear to exist at the time of the interview any basis for disciplinary action does not have a right to have his Association representative present during such interviews.

If, during the course of an interview with an officer who has been called as a witness, it appears that the matter under discussion may result in disciplinary action against the Police Officer the interview shall cease and any further discussions shall be conducted subject to PDI 2-6 to include but not be limited to the reading of PDI 2-6 Rule 3 and the right to have an Association representative present before proceeding any further with the interview.

DOCUMENT T

TO: All Unit Heads
FROM: Office of the Personnel Director
DATE: March 3, 1965
SUBJECT: STAND-BY TIME, CALL-INS, AND CARFARE ALLOWANCES
COPIES: Personnel Division Managers; Employee Organization Presidents

INFORMATION BULLETIN NO. 11

Recently, certain questions have arisen regarding interpretations of the Port Authority policy on stand-by time, call-ins and carfare allowances in connection with snow emergency conditions and other overtime situations.

Stand-by Time

When there is a possibility of a snow emergency, facility management may request off-duty employees to inform their supervisors, or other designated officials, where they can be reached by telephone, in the event it becomes necessary to call them in to work. Other than keeping in touch by telephone, these employees have no duties and are free to go where they please. Time spent in this way does not count as working time. Management should not require employees to remain in their homes while off duty. Where Service C employees are required to stand by at or near their facilities, the time spent counts as working time.

Call-ins

When it is necessary to call an employee in to work, he is credited with only those hours worked from the time he arrives at the place of work to which he is assigned. The only occasion when an employee may be credited with travel time is when, in the discretion of the unit manager, an employee who is called in on an RDO and who normally takes less than one hour to get to work must travel longer than one hour to get to work because of weather conditions. In this case only, an employee may be credited with the time spent traveling to and from work which is in excess of one hour each way.

AS/ J

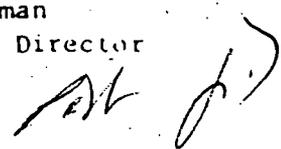

Under the overtime policy, each Service C employee is guaranteed four hours of overtime for a call-in on an RDO. Call-in guarantees also apply to situations where an employee is called in between regularly scheduled tours and released prior to the start of his regular tour. Where a call-in is such that it is contiguous to a regularly scheduled tour, no guarantee is applied and the hours worked in excess of the regularly scheduled tour are overtime hours. (E.g., if an employee is scheduled to work from 8:00 A.M. to 4:00 P.M. and he is called in at 6:00 A.M. and works until 4:00 P.M., he is credited with two hours of overtime.) No schedule change premiums are paid where overtime is worked either before or after working a regularly scheduled tour.

Carfare Allowances

When an employee is required to work on an RDO, he is normally entitled to carfare allowance from his home to his assigned place of work. This carfare allowance is equal to the cost of public transportation. Where public transportation is unavailable or impractical, unit heads may authorize mileage allowances. (See PAI 15-3.05)

In the event an employee is called in from a location other than his home, he should receive the additional travel expenses incurred from that point to his assigned place of work. Supervisors should exercise discretion in calling in employees who may be required to travel a considerable distance. Supervisors are not required to call in an employee who is at some location other than his home for the purpose of maintaining an equal distribution of overtime.

MILITARY LEAVE

I. Introduction

This Instruction outlines the policy and procedure for granting Short-Term and Extended Military Leave to Port Authority employees.

II. Policy

- A. Only permanent employees including those in a probationary status, are granted short term and extended military leave. Project employees are granted short term military leave only.
- B. This Instruction should be interpreted in order to assure that in each case the reemployment protection provided to Port Authority employees is no less than the protection provided to private and federal employees under the Universal Military Training and Service Act. Within this general limitation, the Director, Human Resources Department, may modify applications of the provisions of this Instruction in special cases where this will serve the best interests of the employee and the Port Authority. Where an employee has been recalled to active duty as a disciplinary measure (for example, because of failure to attend drills) the Director, Human Resources Department, may reduce or eliminate benefits provided under this Instruction.
- C. Permanent employees, including those in a probationary status, on military leave are considered continuously employed and retain their original date of employment for all purposes.

III. Extended Active Duty -- Salary and Benefits

- A. Permanent employees, including those in a probationary status, who are granted military leave for extended active duty receive a military leave payment as described in Attachment A to this Instruction.
- B. Permanent employees, including those in a probationary status, who have served two years or more in full-time active military service and who are recalled to extended full-time active military service without their consent, receive partial salary continuation during such additional involuntary service up to one year, as described in Attachment A to this Instruction.

IV. Short-Term Active duty -- Salary and Benefits

In general, it is the policy of the Port Authority to protect from loss of income any employee who is granted military leave for short-term

AK d'

active duty. Accordingly, partial salary continuation is paid to employees on short-term active duty as described in Paragraph IV, A of Attachment A to this Instruction.

V. Procedure

Attachment A outlines the operating rules and procedures to be followed in the administration of the military leave policy.

Attachment A

MILITARY LEAVE OPERATING RULES AND PROCEDURES

I. Definitions

- A. "Military Leave" is any authorized absence of an employee so that he may undertake active military duty with the Armed Forces of the United States, the National Guard, or the Naval Militia.
- B. "Extended Active Duty" is any period of full-time active military service or training in excess of 30 consecutive calendar days.
- C. "Short-Term Active Duty" is any period of full-time active military service or training of 30 calendar day or less in any calendar year.
- D. An "examination" consists of a written, oral, or performance test, or of one or more such tests. "Make-up examinations" are those given to employees prevented by military leave from participating in all or part of the original test.

II. Request for Leave

Any employee who wishes to receive military leave notifies his supervisor as soon as possible of that fact and of the expected dates on which the active duty is expected to start and to end.

The employee submits a written request for military leave (see Attachment B) and a copy of his official orders to active duty to his Unit Head. The orders and the request are then forwarded to the department director for his/her approval. A copy of the request and the orders along with a completed Employee Record, form PA 87 (only in cases of extended active duty), authorizing the leave of absence are forwarded to the Supervisor, Payroll and Administrative Services, Human Resources Department. If the employee wishes to use all or part of his accrued compensatory time or vacation time for military leave, this should also be noted in "Remarks." This time may be applied in whole working days but not in hours. If the entire period is taken as compensatory time or vacation time, no Payroll Notice is needed. Specific cases requiring further interpretation or determination are considered on an individual basis by the Manager, Employment Division, Human Resources Department.

CN-225
1/22/90

If the department director approves the request for leave, the Unit Head notifies the employee of the approval and forwards a copy (only in cases of extended active duty) of the approved request memorandum to the Supervisor, Payroll and Administrative Services, Human Resources Department.

III. Provisions for Extended Active Duty (Long-Term Military Leave)

A. Military Leave Payments

Any employee granted military leave for extended active duty of one year or more, receives a military leave payment of one day's pay for

each full month of Port Authority Service, not exceeding 20 days' pay. The employee also receives cash payment for any accumulated vacation or compensatory time credited to him at the commencement of military leave.

B. Insurance and Retirement Programs

1. Health Insurance

Any employee who is a member of the P.A. group health insurance plans upon commencement of military leave is protected against any loss of benefits under these plans on return to P.A. employment. Group health insurance is suspended for the employee while on military leave, with all previous benefits being resumed upon reinstatement.

Dependents of such employees suffer no diminution of health insurance benefits while the employee is on military leave; however, dependents are expected to make use of appropriate Federal Government health care programs. The Port Authority pays any necessary subscription charges for group health insurance while employees are on military leave.

2. Life Insurance

When an employee commences military leave his membership in the Group Life Insurance Program terminates but his policy remains in effect for 31 calendar days. Upon return to Port Authority employment, he is reinstated to full membership in the program.

3. Retirement Program

Any employee who is a member of the New York State Employees' Retirement System when he commences military leave for extended active duty will, upon reinstatement, receive the same retirement benefits he would have received had he not been on military leave.

C. Vacation Allowance

1. For the year in which a long term military leave begins, vacation allowance is as specified in PAI 20-3.01, Vacations, Attachment A, Paragraph II.
2. Upon reinstatement after military leave for extended active duty, an employee receives a vacation allowance as specified in PAI 20-3.01, Vacations, Attachment A, Paragraph II.

D. Promotion Opportunities

1. When the employee departs on Extended Military Leave, he is requested to furnish a list of all promotion eligible lists, rosters and transfer lists in which his name appears. Each of these are noted in the employee's folder by the Human Resources

Representative who indicates the length of time remaining on the ranked vertical eligible lists before the list's expiration.

2. Promotion Examinations During Military Leave

An employee on military leave may participate in any promotion test if he can be present for the test; that is, if he is on furlough or is stationed near New York.

3. Upon Return from Leave

- a. An employee on a permanent horizontal promotion roster when he left has never been deleted from the roster and therefore is still actively on the roster.
- b. An employee on a ranked vertical promotion eligible list which expires during his military leave will upon his return from military leave be placed on top of the then current promotion eligible list for the length of time he had remaining between the day he left for service and the expiration date of the original list.
- c. To the extent that it is administratively possible, he will be permitted to take make-up exams for any promotional opportunities that occurred during his absence for which he would have been qualified if he were here when the examinations were given. This is usually feasible if the examination consisted only of a written and/or individual oral examination.
- d. He is immediately eligible to participate in any promotion examination in process for which he is qualified.

E. Reinstatement After Extended Military Leave

At the time an employee returns from extended active duty he is given a medical examination by the Office of Medical Services. An employee returning from military leave is restored to his former title or to a position of like seniority, status and pay as long as all of the following circumstances exist:

1. He has satisfactorily completed his period of military active duty or has been released from such service or training for medical reasons.
2. He makes application for reinstatement as soon as is reasonably practicable after discharge, release or rejection from military active duty or training, or after termination of service-connected hospitalization of not longer than one year.
 - a. Any employee (1) who is rejected during the induction process, or (2) who performs active duty for less than three consecutive months, must report for work at the beginning of his next regularly scheduled working day following such rejection or duty plus whatever time, if

any, is reasonably necessary to return to his place of employment.

- b. Any employee who returns from active duty under any other circumstances must apply for reinstatement within 90 calendar days after being released.
3. He is qualified to perform the duties of his former Port Authority title when making application for reinstatement. If an employee is not qualified to perform the duties of his former Port Authority title by reason of disability sustained during military service or training, or if his former position has been discontinued, he is restored to another position the duties of which he is qualified to perform. The new title should provide him seniority status and pay most nearly comparable to that which he would have if he were to occupy his former title.
4. He refrains from re-enlisting or otherwise voluntarily prolonging extended active duty when he is eligible for separation.
5. Permanent Employees in a probationary status are treated as permanent employees, except that military leave time cannot be used to complete the probationary period.

IV. Provisions for Short-Term Military Leave

A. Pay

1. Rules

An employee ordered to short-term active duty is paid the difference between his federally taxable Port Authority pay and his federally taxable military pay, providing that the employee's military pay does not exceed his Port Authority pay. Travel allowances, uniform allotments, etc., are not normally considered military income for this purpose.

No part of short-term military leave is charged to compensatory time except after the employee's right to receive make-up pay has been exhausted. When a paid holiday occurs during an employee's military leave no additional day off is granted.

If any part of such duty is undertaken on a voluntary basis, the employee receives make-up pay for periods of absence totaling up to, but not more than 30 calendar days in any 12 consecutive months. Weekly or monthly drills are excluded in calculating the amount of short-term active duty subject to make-up pay.

2. Procedure

Any employee who is granted military leave for short-term active duty and who upon reinstatement is entitled to make-up pay must,

within 45 calendar days after returning to work, furnish the Supervisor, or Unit Head with his military pay voucher upon which CN-225 make-up pay can be calculated. If an employee has not furnished 1/22/90 the necessary voucher within 30 calendar days after returning to work, the Supervisor, or Unit Head will advise the employee by registered mail that unless he does so within the prescribed 45 calendar days, all wages paid to the employee by the Port Authority for the period of the military leave in question will be deducted. In this case, when the voucher is submitted any necessary adjustment will be made in the next pay period.

B. Insurance and Retirement Programs

All employee benefit programs, including health insurance, life insurance, and retirement plan, are continued for any employee who is granted military leave for short-term active duty. Employee contributions if any, covering the period of absence are made by regular payroll deduction.

C. Vacation Allowance

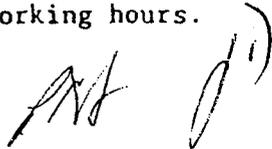

Any employee who is granted military leave for short-term active duty is not thereby deprived of any part of the vacation to which he is entitled. Any employee who wishes to use his vacation to undertake short-term active duty may request that his vacation be scheduled accordingly, and every effort is made to meet this request. However, because in such instances a full vacation salary is received, provisions in this PAI relating to make-up pay (see A, above) do not apply. If an employee chooses to receive make-up pay, he may not schedule vacation day during his military leave. He may, however, take vacation immediately before or after his military leave if his Unit Head approves.

D. Employee's Work Schedule

An employee returning from short-term military leave of two weeks or more is given Saturday and Sunday as RDO's during the period of his leave.

V. Part-Time Periodic Drills

Employees who are members of the organized reserves or the National Guard generally have an obligation to participate in weekly or monthly drills of short duration (constituting typically either 2 to 4 hours per week or one weekend per month). Whenever possible, working hours for such employees are scheduled to eliminate or minimize the occasions when it is necessary for them to be absent from work during scheduled working hours; however, the schedule of working hours should avoid giving such employees favored treatment over the other employees in the same position classification and otherwise similarly situated. Employees should, whenever possible, avoid reserve assignments which require them to be absent during scheduled working hours.

Whenever there is a conflict between periodic military drills and scheduled Port Authority working hours it is expected that the employee involved will arrange to exchange tours of Port Authority duty on a voluntary basis with another employee in the same position classification. If, however, an employee who is required to attend weekly or monthly drills on an involuntary basis as part of his military obligation is unable to make this arrangement, the manager of the organizational unit involved makes the necessary reassignments of tours of duty. An employee who has undertaken or extended his membership in the organized reserves or National Guard on a voluntary basis is expected to make his own arrangements for exchanging tours of duty where this is necessary to attend such drills.

VI. Recalled Employees

A. Partial Salary Continuation

1. Rules

Any employee who is recalled to active duty without his consent, receives partial salary continuation up to one year. At the end of one year, the employee is covered under the non-salary provisions which apply to long-term leave.

The Port Authority pays to such an employee a percentage as specified below, of the difference between his federally taxable Port Authority pay at the time he re-enters service and his federally taxable military pay for such period, as follows:

- a. Any employee who has more than one dependent receives 100% of such difference.
- b. Any employee who has one dependent receives 75% of such difference.
- c. Any employee who has no dependents receives 50% of such difference.

Partial salary continuation checks are mailed bi-weekly on regular pay days by the Comptroller's Department to the employee or to anyone he designates in writing.

2. Procedure

An employee who is granted military leave for extended active duty and who is entitled to partial salary continuation under the provisions of Par. VI, A, furnishes the Supervisor, Payroll and Administrative Services, Human Resources Department promptly with CN-225 acceptable information regarding military pay, number of dependents, and name and address of the dependent who is to receive partial salary continuation. Changes in military pay which occur while such employee is eligible to receive partial continuation must also be reported promptly to the Supervisor, Payroll and Administrative Services, Human Resources Department. The Supervisor, Payroll and Administrative Services notifies the

CN-225
1/22/90

Comptroller's Department of the make-up pay, military leave payment, or partial salary continuation arrangements which must be made.

B. Insurance, Retirement, Vacation and Promotion Programs

Recalled employees are treated as short-term leave employees for the first 30 days' duty, and as employees on long-term leave thereafter.

MEMORANDUM

Office of the Chief Administrative Officer

TO: Joseph J. Seymour, Executive Director
FROM: Mary Lee Hannell
DATE: April 29, 2003
SUBJECT: **MILITARY LEAVE POLICY ADDENDUM – TEMPORARY AND
EXTENDED FULL TIME ACTIVE DUTY - INVOLUNTARY
CALL UP**

COPY TO: L. LaCapra, L. Hoffrichter, E. Schorno, S. Walsh, All Chiefs and Directors

Since the beginning of the events of Operation Enduring Freedom, many employers have experienced a temporary loss of staff who have been called to active duty in the armed forces. The sudden call-up caused employers to re-evaluate their existing military leave policies with respect to compensation and benefits and many have since altered their policies to minimize the financial impact on employees and their families. As a gesture of support for employees called to active duty and to more closely align our policy with that of other metropolitan area employers, our existing policy should immediately be modified as follows.

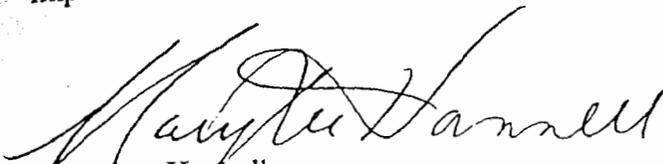

In connection with the events of Operation Enduring Freedom:

- provide payment of salary differential for those called up, regardless of status, for the duration of the leave;
- continue health and dental benefits coverage for employees and their dependents for the duration of the leave;
- continue life insurance coverage for the employees at their current level for the duration of the leave.

Since September 2001, several employees have been called to involuntary active duty and more are anticipated. A review of our records indicates that 44 employees have regularly taken short-term military leave. Since some employees use vacation time to satisfy their annual reserve requirement, the potential number of employees who could be called to duty may be marginally higher. However, since (1) these employees are not being permanently replaced; (2) the Port Authority will be reimbursed for the employees' military pay, and (3) the employees' medical costs will be at least partially paid for by military coverage, any additional costs associated with the recommended changes would not be material.

Attached is a comparison of our existing policy/proposed addendum and highlights of changes implemented by other metropolitan area employers.

LONG-TERM DISABILITY (LTD) PROGRAM
Police Benevolent Association Inc. (PBA)

INTRODUCTION

This booklet provides a description of many aspects of the Long-Term Disability (LTD) Program. It is not an all-inclusive description, nor does it constitute a contract and it is subject to change at any time. Effective July 3, 1983 the LTD program was extended to employees represented for collective negotiations by the Port Authority Police Benevolent Association, Inc. in a Memorandum of Agreement executed on December 1, 1983. Any statements herein notwithstanding, the provisions of insurance policies or contracts, relevant state and federal laws or regulations, Port Authority resolutions, instructions, or other policy statements, all of which are subject to change from time to time, govern in all cases.

LTD COVERAGE

Commencing July 21, 1991 if you have completed a minimum of one (1) year of continuous service with the Port Authority, you may be eligible for benefits under the LTD Program. The LTD Program is intended to partially replace the income you receive from the Port Authority during your active career should you become totally and permanently disabled due to an accident or illness. The term "totally and permanently disabled" means that you must be unable for the foreseeable future to perform the duties required of you as a Police Officer. If your disabling condition resulted from your job, (e.g. was deemed an injury on duty (IOD) and/or determined to be compensable under Workers' Compensation) you cannot receive benefits under the LTD program, except that effective on July 7, 1998, an active D Police Officer who has a minimum of one year of continuous service as a Port Authority employee and who the Port Authority determines is permanently disabled due to an injury incurred in the line of duty but who has been denied by the New York State and Local Police and Fire Retirement System for both accidental disability retirement and performance of duty disability retirement shall also be eligible to apply for LTD benefits.

LTD BENEFITS

If you are found to have become totally and permanently disabled, you will be eligible to receive an LTD allowance which, in combination with other relevant income, does not exceed 60% of your final base annual compensation. If you are granted an LTD allowance, in no event may the total Port Authority's portion of your LTD benefit exceed 50% of your final base annual compensation.

Calculating the amount of "other relevant income" that will offset the Port Authority's portion of your LTD allowance, the "Option Zero" amount of your New York State and Local Police and Fire Retirement System benefit, any Workers' Compensation benefit, and the Primary Insurance Amount of your Social Security Administration benefit based on a complete earnings history will be used. Any cost-of-living increases in these benefits will not further offset your LTD allowance.

Any income which you earn (i.e. through employment including self-employment) after you are granted an LTD allowance, will be considered "other relevant income" and will offset the Port Authority's portion of your LTD allowance and/or may affect your continued eligibility for LTD benefits.

The Office of Medical Services may periodically re-evaluate your medical condition to determine if you continue to be totally and permanently disabled based on the disabling condition for which you were granted LTD benefits.

The effective date for the beginning of your LTD allowance will coincide with the effective date of your ordinary disability or service retirement with the New York State and Local Police and Fire Retirement System, the Social Security Administration as applicable, or Workers' Compensation benefit. When these dates are not applicable, the effective date for beginning the LTD allowance will be the date on which the Office of Medical Services determines that a disabling condition exists. In all cases payment of the LTD allowance will not commence until the employee has been placed on an inactive payroll status.

The LTD allowance is paid for the duration of your disability subject to periodic re-evaluation by the Human Resources Department including the Office of Medical Services, or until you reach age 65. If you are granted an LTD allowance after you reach age 60, you will be entitled to a minimum of five years of LTD payments.

While you are collecting LTD benefits, your Port Authority group health and dental insurance benefits will continue to be provided to you as if you had retired. Group health benefits are provided at no cost, and you may elect group dental benefits and pay any required premiums. Your group term life insurance coverage will also continue, provided you elect it and either pay any required premiums or receive approval to have them waived by the insurance carrier.

APPLYING FOR AN LTD ALLOWANCE

If you are disabled and meet the conditions for LTD eligibility as outlined above, you should contact the Long-Term Disability Coordinator in the Employee Benefits Section, Human Resources Department, 61S, One World Trade Center, for assistance in applying for an LTD allowance. The application is made in the form of a letter from you addressed to the Employee Benefits Manager. The letter should state that you are unable to perform the duties of your position, state whether it is due to a non-job or a job related medical condition and should request that you be considered for benefits under the LTD Program.

An application for LTD benefits must be filed while you are still in an active employment status. When you apply for an LTD allowance, you are also required to apply for retirement and/or disability benefits from both the New York State and Local Police and Fire Retirement System and the Social Security Administration. Evidence of having concurrently applied for these benefits (e.g. copies of applications for those benefits) must be submitted with your LTD application.

Before your application for an LTD allowance can be acted on, the Office of Medical Services will be requested to evaluate your medical condition to determine if you are totally and permanently disabled. Approval for Ordinary Disability benefits by the New York State and Local Police and Fire Retirement System or for disability benefits by the Social Security Administration is required in addition to being found disabled by the Office of Medical Services. However, if you are found to be disabled by the Office of Medical Services but are not approved by Social Security and are either not approved by the Retirement System or do not meet the Retirement System's ten year member credit requirement for applying for Ordinary Disability benefits, you will be required to undergo an additional medical evaluation. A determination based on the additional medical evaluation that you are totally and permanently disabled and unable to perform the duties required of you as a Police Officer will serve as a "second determination" in the absence of approval from Social Security or the Retirement System.

Based on the evaluation of the Office of Medical Services and any other medical evaluation that the Port Authority may request, as well as the results of your application for disability benefits from the New York State and Local Police and Fire Retirement System and the Social Security Administration, the Human Resources Director will consider your request and decide whether to recommend to the Executive Director that you be granted an LTD allowance.

FD

AS FD

APPROVAL PROCEDURE

Should the Executive Director approve the Human Resources Director's recommendation to grant you an LTD allowance, you will be notified of the amount of the LTD benefits payable and of the conditions under which they are paid. These conditions will include your cooperation with the Human Resources Department in furnishing any financial or employment information pertinent to your LTD allowance, submitting to a medical examination, if requested, by the Office of Medical Services and/or by any other physician that the Port Authority may designate. When your signed acceptance of these conditions is received, your LTD allowance will begin.

CONFIRMATION OF CONTINUED ELIGIBILITY

Periodic reviews to confirm continued eligibility for LTD benefits will be conducted by the Human Resources Department. You will be required to answer questions regarding your sources of income and your employment status. You may be requested to report for a medical evaluation by the Office of Medical Services. Your full and timely cooperation with these reviews is necessary in order to maintain your eligibility for LTD benefits. These reviews may be conducted periodically after your LTD allowance is granted and while you continue to receive the LTD allowance.

Gentlemen:

After a meeting with you and your attorney, Mr. Alfred Osterweil, held in May of this year, I decided in order to facilitate the negotiation of your agreements to assign Mr. Walter Lee and Mr. Robert Bennett to handle these negotiations on behalf of the Port Authority. Throughout the negotiations Mr. Lee and Mr. Bennett have kept me fully advised of their discussions with you, which led to an economic settlement in June, 1974 and an agreement on specific language for the Memoranda of Agreement on Monday, October 14.

Mr. Bennett now advises me of your concern with possible additional civilianization of police posts. Please let me assure you that the Port Authority has neither current plans, nor do I intend to approve any future plans, to civilianize any major police function during the term of the Memoranda of Agreement, other than the police functions already discussed. Those functions are the catwalks at the Holland and Lincoln Tunnels including posts 53 and 56 at the Holland Tunnel, and the emergency garages at the tunnel and bridge facilities.

It is also my understanding and I am gratified that during the course of the negotiations leading to the execution of the Memoranda of Agreement, the PBA and SBA have agreed to cooperate fully in the implementation of this program.

Pursuant to your request, please let me assure you that the Port Authority has no current plans to civilianize any major police function during the terms of the 1976-1978 Memoranda of Agreement.

The ongoing civilianization programs for the catwalks at the Holland and Lincoln Tunnels including Post 53 and 56 at the Holland Tunnel and the emergency garages at the tunnel and bridge facilities are expected to be completed before July, 1978. RE: Mobility Assignments

Dear Officer Danese,

This will confirm the terms of an agreement between the Port Authority Police Benevolent Association, Inc. (PBA) and the Port Authority concerning the applicability of certain provisions of the Memorandum of Agreement between the parties to Police Officers selected by the Superintendent of Police to participate in mobility assignments to other law enforcement or criminal justice agencies.

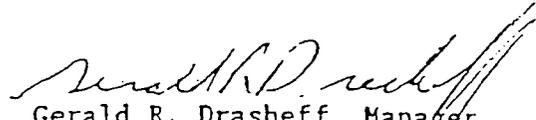

1. Such assignments will have a beginning date and an approximate date for conclusion, unless an extension is authorized by the Superintendent of Police, or unless the Police Officers involved wish to terminate their participation at any time.
2. Strict confidentiality regarding the identity of the participants will be maintained when the nature of the assignment requires it, ~~where appropriate.~~ *A.J.D.*
3. Upon conclusion of the assignment, the Police Officers selected will return to their former facility, squad and/or position
4. Individuals selected for such mobility assignments will be assigned work schedules consistent with the operating requirements of the agency to which they are assigned. Tours of Duty, and RDOs will be subject to change, and the officers may be assigned starting times other than those provided for in the Memorandum of Agreement, based upon such operating requirements. The PBA waives the payment of Schedule Change Premium in connection with such changes and will permit a Police Officer to work on a day which is considered a regular day off without the payment of overtime or other premiums so long as another day off is scheduled in place of that work day. Provided, however, that a Police Officer assigned to a Mobility Assignment will receive the requisite number of RDOs in a calendar year as set forth in the Memorandum of Agreement and in the event he receives fewer than the requisite number of RDOs, he will be paid at his overtime rate for each such RDO.

THE PORT AUTHORITY OF NY & NJ

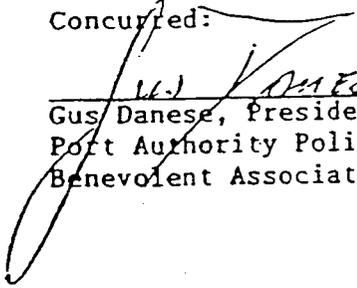

5. All other provisions of the Memorandum of Agreement will apply to the Police Officers participating in such Mobility Assignments.

Please indicate your concurrence with respect to this understanding by signing below and returning a signed copy to me.

Sincerely,

Gerald R. Drasheff, Manager
Police Planning and
Administration

RE: Settlement of Holiday Pay Grievance

Gentlemen:

The following represents full settlement of Grievance Numbers 12P-86 and 16L-86 which deal with the proration of holidays and payment thereof upon death or retirement of an individual in good standing. Particular to these grievances are P.O. Malvey and Lt. R. Prior. However, this settlement will be acknowledged by all unions to provide consistency of payment and to preclude any subsequent grievances on this subject.

The parties agree that, with respect to the computation of the allowance attributable to holidays to be granted to a unionized police employee in good standing who is separated for such reasons as reduction in force, death or retirement, the proration shall be based on the number of RDO's remaining in the individual's schedule as of the date of separation with the last 12 RDO's to be attributable to holidays to be paid on separation.

For example, an individual with 10 RDO's remaining in his/her schedule as of the date of separation shall be credited with 10 days attributable to holidays to be paid upon separation. An individual who has received his/her entire allotment of RDO's as of the date of separation shall not be credited with any days attributable to holidays, to be paid upon separation.

This settlement is not intended to alter in any way the method of payment for vacation upon separation. Namely, individuals shall continue to receive payment for unused vacation in the year of separation in accordance with Appendix D of the respective Memoranda of Agreement.

This agreement is contingent upon acceptance by the PBA, SBA, DEA and SOA of this method of proration in light of the fact that all four organizations have the same language in their agreements with respect to this item.

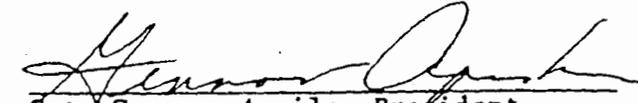

Sincerely,

Gerald R. Drasheff, Manager
Police Planning and
Administration

It is agreed by the Port Authority and the PBA that:

1. The deletion of Paragraph 1 of Section XVII of the July, 1989-July, 1991 Memorandum of Agreement between the parties, from the July 1991-January 1996 Memorandum of Agreement between the parties is without prejudice to any argument which the PBA may make concerning said Paragraph, including that it is presently applicable.

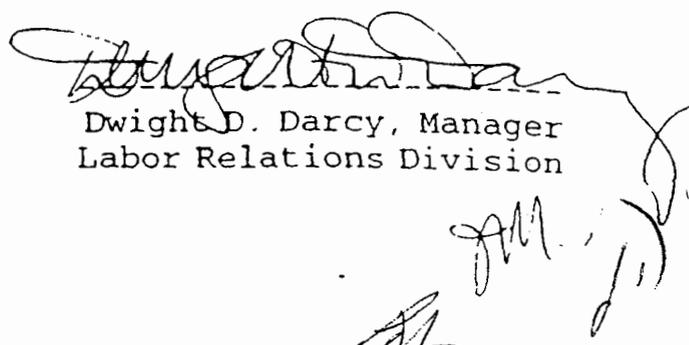

2. There is no significance in the increase of official police holidays from thirteen to fourteen other than the increase itself in Paragraph 3 of Section XVII.

3. The absence of the term "notwithstanding the foregoing" from the Paragraph 3 of Section XVII of the Memorandum of Agreement between the parties executed on April 27, 1988 is without prejudice to any argument which the PBA may make concerning the interpretation of such Paragraph 3.

Dear Officer Danese,

Upon execution, this letter agreement will be part of the current Memorandum of Agreement between the Port Authority and the Port Authority Police Benevolent Association, Inc., and the successor Memorandum of Agreement. It sets forth the current agreement between the parties on matters concerning the participation of Police Officers assigned to the current K-9 program and any expansion thereof. Unless otherwise indicated below, all provisions of the Memorandum of Agreement shall be applicable to Police Officers who are assigned to the K-9 Program.

1. The criteria to be used in selecting Police Officers for participation in the K-9 Special Detail shall be as set forth in the attached "Notice of Specialized Training and Selection Criteria for Police Officers" - "Handlers for K-9 Police Patrol".
2. A kennel will be provided at the facility which the Police Officer is assigned to work with the dog which shall be used to house the dog during the Police Officer's meal and relief periods, arrest or court time or other occasions when the Police Officer and dog are not working together. Additionally, full time kennel service will be provided on request for the Police Officer's vacation or other authorized absence.
3. A backyard fence enclosed kennel or approved substitute will be provided for use at the home of each Police Officer on request. The Police Officer will, on reasonable notice, permit reasonable access to the kennel by supervisors assigned responsibility for supervision or coordination of the K-9 program for the purpose of kennel inspection.

Each Police Officer will be provided with a kennel for use in the vehicle which the Police Officer uses to transport the dog to and from work.

AS

Port Authority of New York and New Jersey

The Port Authority will provide necessary extermination services related to the housing of the dog for the home and kennel of each Police Officer at its expense. Requests for such services are subject to approval by the Port Authority. Such approval shall not be unreasonably withheld.

4. The Port Authority will provide all dog food and food supplements necessary to maintain the dog.
5. The Port Authority will provide for veterinarian services for the pre-screening examination and ongoing care of the dog. In the event of a need for emergency care, a licensed veterinarian in the vicinity of the Police Officer's home may be used. The actual cost of the service will be reimbursed by the Port Authority. The final determination with respect to non-emergency veterinarian services to be rendered shall be made by the Port Authority.

Police Officers will be responsible for transporting their dogs to and from the veterinarian as long as they are physically able to do so.

6. Police Officers assigned to the K-9 Special Detail are required to house the dogs in their own homes. The dogs are Port Authority property. However, keeping a dog in the home does not affect the off duty status of a Police Officer.
7. Police Officers assigned to the K-9 Special Detail are covered under Sections LII and LIII of the Memorandum of Agreement, entitled "Indemnification and Defense against Civil Liability" and "Non-Civil Charges or complaints", respectively. The application of Sections LII and LIII of the Memorandum of Agreement are not limited to activities occurring while the police employee is actually on duty or performing services for which he is being compensated by the Port Authority, provided that the activities are otherwise covered under that provision.
8. The Port Authority will provide appropriate periodic In-Service Training, for the K-9 teams on an annual basis. Such training currently consists of monthly refresher.
9. Police Officers assigned to the K-9 Special Detail will be allowed to work overtime in accordance with local facility equalization procedures. The Police Officers will be permitted to work overtime with the dog, or the dog can be placed in the facility kennel, if appropriate.
10. No Police Officer currently working a facility chart will be displaced by another Police Officer accepting the K-9 Special Detail. Replacement will occur by attrition.

AKD

11. All equipment or supplies required by the Port Authority for working or maintaining the assigned dog will be provided by the Port Authority.

Police Officers assigned to the K-9 Special Detail will be permitted to wear utility uniforms when working a tour with the dog. Such uniforms will be issued and maintained as part of the Port Authority Uniform Service program, at no cost to the Police Officer.

12. If a K-9 handler's dog dies, that Police Officer will be the first individual offered to be assigned another dog and the first individual scheduled for training at the next training program which Port Authority Police are scheduled to attend.
13. In the event a Police Officer who has been a K-9 handler for two years or more separates from service in good standing, is promoted, or is transferred to or accepts a position at a Command where the Port Authority determines the use of a K-9 to be inappropriate, the Police Officer will be given ownership of the dog as a pet, subject to the following conditions precedent:
 - o The Port Authority may refuse to permit the officer to keep the dog as a pet upon the recommendation of the police supervisor assigned overall responsibility for the K-9 program. A Police Officer who requests in writing the reason(s) he or she was not permitted to keep the dog as a pet shall be responded to in writing within fourteen (14) days setting forth the reasons for such denial by the party making the decision.
 - o Prior to the transfer of ownership of the dog, the Police Officer shall be required to execute the "K-9 Indemnification Agreement" annexed hereto. The Port Authority retains the right, in its absolute discretion, to modify subsequent "K-9 Indemnification Agreements" at any time. In the event the Port Authority modifies the "K-9 Indemnification Agreement" annexed hereto a copy will be provided to the PBA and deemed annexed to this agreement.
14. Police Commands with permanently assigned K-9 teams will each have a vehicle dedicated to the K-9 program. The use of such vehicle shall be restricted to uses associated with the K-9 Special Detail, except in cases of an emergency.
15. Incumbent K-9 handlers shall be permitted to remain in their current work chart selections and are free to bid on future workcharts consistent with the Memorandum of Agreement.

Police Officers selected for the K-9 Special Detail hereafter will, upon completion of training, return to their previous work chart position, subject to the following restrictions

AF d

- a. The Police Officer may be required to accept assignment to a different work chart position upon completion of training, if such requirement was set forth in the posted notice for K-9 training.
 - b. The Police Officer may be removed from another Special Detail or denied the opportunity to apply for a Special Detail or training related thereto, or a Preferred Assignment where the responsibilities of such Special Detail or Preferred Assignment are determined by the Port Authority to be incompatible with the responsibilities of the K-9 Special Detail, provided such limitations are set forth in the posted announcement for the K-9 Special Detail, other Special Detail or Preferred Assignment or the posting of the training opportunity and provided further that a Police Officer who has been in the K-9 Special Detail for two or more years and who is denied an opportunity as set forth herein may make an election between remaining in the K-9 Detail and the offered Special Detail, training opportunity or Preferred Assignment.
16. Police Officers assigned to the K-9 Special Detail may be assigned to any roll call position on a tour which the Commanding Officer deems appropriate for the use of a K-9 provided that such assignment does not violate the right of the K-9 handler or any other Police Officer to a particular roll call position under the provisions of the Memorandum of Agreement pertaining to Special Details and Preferred Assignments, subject to the provisions of paragraph 15 above.
17. For any time during the period from April 15, 1986 to October 29, 1989 Police Officers who were assigned to the K-9 Special Detail shall, for each day their dogs were not housed in full time kennels, receive a total payment of 2 1/2 hours pay per day at applicable straight time rates. Such payments to be made no later than December 1, 1989.
18. Effective October 29, 1989 Police Officers assigned to the K-9 Special Detail shall be entitled to the following in addition to all other payments which they are otherwise entitled under the Memorandum of Agreement:
- a. On any regularly scheduled tour of duty that the Police Officer reports for duty with and is available to work with the dog the Police Officer will be excused from duty one hour at the end of the tour to provide time for the care, feeding and transportation of the dog. If, consistent with Port Authority policy the Police Officer is required to work through that hour the Police Officer shall be excused from duty for one hour at the start of his or her next regularly scheduled tour of duty.

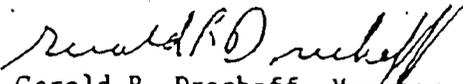

This excused hour at the start of the officers next regularly scheduled tour of duty may only be canceled by the Superintendent of Police. Under no circumstances shall this time off be converted to any other form of time off or paid time at either straight time or overtime rates but if canceled by the Superintendent of Police shall be taken as excused time at the start of the officers next regularly scheduled tour of duty.

- b. On any regularly scheduled tour of duty that a Police Officer reports for duty with and is available to work with the dog, the officer shall be reimbursed for mileage and tolls to and from his home to his assigned facility at the rates provided for in the Memorandum of Agreement. For purposes of this provision "home" shall be the address of record last provided by the Police Officer in accordance with Port Authority procedures as set forth in PAI 20-2.13, Employee Personal Status change.
- c. A Police Officer who reports for duty with and is available to work with the dog on an RDOX or VACX shall not be excused from duty one hour at the end of the RDOX or VACX with the dog but shall be excused for one hour at the start of his or her next regularly scheduled tour of duty. This excused hour at the start of the Police Officer's next regularly scheduled tour of duty may only be canceled by the Superintendent of Police. Under no circumstances shall this time off be converted to any other form of time off or paid time at either straight time or overtime rates but if canceled by the Superintendent of Police shall be taken as excused time at the start of the officers next regularly scheduled tour of duty. A Police Officer who reports for duty and is available to work with his/her dog on an RDOX or VACX shall not receive the payment provided for in d. below.
- d. For each day other than a regularly scheduled work day, provided the Police officer has not worked an RDOX or VACX with the dog, on such day, and on those regularly scheduled work days that a Police Officer either does not report for work with his/her dog or the dog is not available to work due either to the incapacity of the dog or by virtue of an authorized absence of the Police Officer and provided that the Police Officer's dog is not housed in a full time kennel on such day, the Police Officer shall receive a payment of \$5.00.

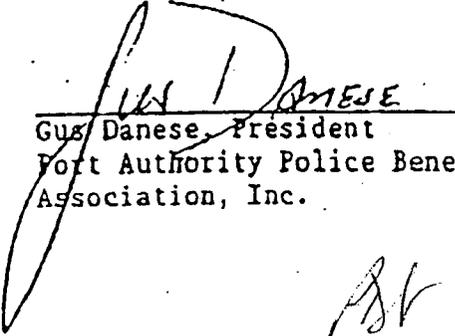

AKD

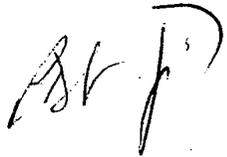

19. In the event the Port Authority elects to discontinue the K-9 program prior to January 1, 1991 those officers who would have been entitled to payment under Paragraph 17 of this letter agreement will continue to be afforded excused time in accordance with paragraph 18 a. of this letter agreement until January 1, 1991.

Re: Explosive Detection Team Special Detail Training

Dear Officer Danese:

Explosive Detection Canines have proven to be a valuable tool to the law enforcement community in dealing with the threat of terrorist acts utilizing explosive devices. The Port Authority of New York and New Jersey (hereinafter, "PA") has made the determination to embark on a program using explosive detection teams consisting of one handler and one Explosive Detection Canine at our facilities. Upon execution, this letter agreement will be part of the current Memorandum of Agreement between the PA and the Port Authority Police Benevolent Association, Inc. (hereinafter, "PBA"), and the successor Memorandum of Agreement. It sets forth the agreement between the parties on matters concerning Police Officers assigned to the Explosive Detection Team (hereinafter, "EDT") canine program. Unless otherwise indicated below, all provisions of the Memorandum of Agreement shall be applicable to Police Officers who are assigned to the EDT Program.

The program initiated by the PA which commenced on or about October 23, 1996, will encompass the following elements agreed to by the PA and the PBA:

A. Police Officers will be selected in accordance with the criteria set forth in the attached training announcement for training as members of the EDT Special Detail. The PA retains the right to modify the criteria for selection in subsequent announcements as needed.

B. Police Officers selected for this training will be trained in the use of Explosive Detection Canines and approved equipment and procedures relevant to the detection and identification of explosive devices under a variety of different scenarios and in a variety of settings.

ENT
N CENT

C. Police Officers selected for this training shall be assigned to the CPP during the training period, and upon successfully completing this training will remain assigned to the CPP where they will be subject to daily assignment to various facilities. Police Officers assigned to this Special Detail will be assigned to work various facilities with an assigned Explosive Detection Canine. These assignments will also be used to familiarize the canine with the various environments under which searches may be made.

D. On any given scheduled tour, Police Officers assigned to the EDT Special Detail may, in addition to working with their primary canine, be required to provide maintenance training to other Explosive Detection Canines to insure proper feeding and the maintenance of the proficiency of all Explosive Detection Canines.

E. Police Officers assigned to this Special Detail may utilize their personal vehicles, in which event said Police Officers shall be reimbursed for vehicle cleaning, in addition to mileage and tolls to and from their residence to their daily assignments at various facilities at the rates provided for in the MOA on any regularly scheduled tour of duty that the Police Officers report for duty with and are available to work with their canines.

F. Police Officers assigned to the EDT Special Detail are required to house the canines at their residence. All dogs not the property of the FAA are PA property. Keeping a dog in the home does not affect the off-duty status of a Police Officer.

G. The PA has sole discretion to determine whether to require Police Officer EDTs to be on on-call status. If the PA determines that Police Officer EDTs will be on on-call status, then on or before the first day of each calendar month, the PA will post the on-call schedule for the following calendar month for the Police Officer EDTs who will be on-call for that month. The PA will make reasonable efforts to equitably distribute on-call assignments among all members of the EDT Special Detail, with a maximum of three Police Officer EDTs scheduled on-call each day. On-call tours shall be limited to the eight hours preceding the Police Officer's regularly scheduled tour of duty. Police Officer EDTs will be required to report in when ordered from on-call status, except that Police Officers shall not be scheduled on-call during an RDO or vacation day. Each Police Officer scheduled on on-call status shall receive one hour of pay at his applicable overtime rate for each such on-call tour. Each Police Officer required to be on on-call status will be provided with a pager provided by the Port Authority.

H. Each Police Officer assigned to the EDT Special Detail shall receive an additional stipend for each RDO and vacation day the said Police Officer has not worked and on those regularly scheduled work days that he has not reported for work with his canine or the canine was not available to work due either to the incapacity of the canine or by virtue of an authorized absence of the Police Officer provided that the Police Officer's canine is housed at the Police Officer's residence. Said additional stipend shall be \$7.00 per day.

I. Police Officers assigned to the EDT Special Detail who are required to report to duty on an occasion other than their regularly scheduled tour of duty shall be entitled to the payment of overtime commencing with the actual time he reports for duty.

J. The PA will provide In-Service Training for the Explosive Detection Teams as deemed appropriate by the PA.

K. Police Officers selected for the EDT training shall be required to work the schedule required by the FAA or the PA for the duration of the training program. Contract provisions related to Schedule Change Premium and changes to RDO's are waived with respect to this training. Travel expenses and costs incurred by Police Officers assigned to this training shall be paid consistent with past practice.

L. In the event an Explosive Detection Canine dies, the Police Officer assigned to such canine will be first to be assigned another canine and first to be scheduled for training at the next training program of Explosive Detection Canines which PA Police are scheduled to attend.

M. Police Officers who are assigned to the EDT Special Detail may be removed from a Special Detail and/or may be denied the opportunity to apply for another Special Detail or training related thereto, or a Preferred Assignment where the responsibilities of such Special Detail or Preferred Assignment are determined by the PA to be incompatible with the responsibilities of the EDT Special Detail, provided such limitations are set forth in the posted announcement for the EDT Special Detail, other Special Detail or Preferred Assignment or the posting of the training opportunity and provided further that a Police Officer who has been in the EDT Special Detail for three or more years and who is denied an opportunity set forth herein, may elect to remain in the EDT Special Detail or the offered Special Detail, training opportunity or Preferred Assignment.

N. In the event a Police Officer who has completed the training program for the EDT Special Detail is approved to leave that Detail, and a Police Officer who has been in the EDT Special Detail for three (3) or more years, thus having the right to leave the program, will each have full retreat rights to his former Police Facility Command, including seniority, work chart and Special Detail rights.

O. Items 2, 3, 4, 5, 7, 11 and 18 a and c, enumerated in the October 20, 1989, canine agreement, are deemed incorporated into this EDT canine program; provided, however, that the provisions of 18 a, and c, shall not be applicable during the initial training program.

P. The letter agreement of September 2, 1993 has no application to this EDT Special Detail.

Q. Upon execution of this letter agreement, the PA agrees to notify the outside EDT resources currently being utilized that the PA is terminating their services within 30 days.

**RE: PATROL/NARCOTICS CANINE DETECTION
TEAM SPECIAL DETAIL**

Dear Officer Danese:

Narcotic detection canines have proven to be a valuable tool to the law enforcement community in the effort to deter the use and transportation of illegal drugs. The Port Authority of New York and New Jersey (hereinafter, "PA") and the Port Authority Police Benevolent Association, Inc., (hereinafter, PBA) support the cross-training of Port Authority Police Canine Teams (hereinafter, "Patrol/Narcotics Canine Detection Teams") in narcotics detection. Once trained and certified, these teams will be a resource to Police Commands for Patrol/Narcotics Detection duty. Upon completion of the required training, the PA Patrol/Narcotics Detection Canine Teams will be called into service to support either patrol or investigative activities pursuant to a protocol to be issued by the PA. (Upon execution, this letter agreement will be part of the current Memorandum of Agreement between the PA and PBA and the successor Memorandum of Agreement.) It sets forth the agreement between the parties on matters concerning Police Officers assigned to the Patrol/Narcotics Canine Detection Teams program. Unless otherwise indicated below, all provisions of the Memorandum of Agreement shall be applicable to all Police Officers who are assigned to the Patrol/Narcotics Canine Detection Teams program and any extension thereof.

The Patrol/Narcotics Canine Detection Teams program initiated by the PA, and any extension thereof, will encompass the following elements agreed to by the PA and PBA:

- A. Police Officers will be selected in accordance with the criteria set forth in the attached training announcement for training as members of the Patrol/Narcotics Detection Teams Special Detail.

- B. The PA retains the right to modify the criteria for selection in subsequent announcements as needed.
- C. Police Officers selected for this training will be trained in the use of Patrol/Narcotics Canines and approved equipment and procedures relevant to the Patrol/Narcotics Canine Detection Teams Canine program under a variety of different scenarios and in a variety of settings.
- D. Current K-9 Patrol/Narcotic officers as well as Police Officers selected for this training shall be assigned to the CPP during the training period, and upon successfully completing this training, selected candidates will remain assigned to the CPP where they will be subject to daily assignment to various facilities. Police Officers assigned to this Special Detail will be assigned to work various facilities with an assigned Patrol/Narcotics Canine. These assignments will all be used to familiarize the canine with the various environments under which searches may be made.
- E. On any given scheduled tour, Police Officers assigned to the Patrol/Narcotics Detection Canine Teams special detail may, in addition to working with their primary canine, be required to provide maintenance training to other Patrol/Narcotics Canines to insure proper feeding and the maintenance of the proficiency of all Patrol/Narcotic Canines.
- F. Police Officers assigned to this Special Detail may utilize their personal vehicles; in which event said Police Officers shall be reimbursed for vehicle cleaning, in addition to mileage and tolls to and from their residence to their daily assignments at various facilities at the rates provided for in the Memorandum of Agreement on any regularly scheduled tour of duty that the Police Officers report for duty with and are available to work with their canines.
- G. Each Police Officer assigned to the Patrol/Narcotics Detection Canine Teams Special Detail shall receive an additional stipend for each RDO and vacation day the said Police Officer has not worked and on those regularly scheduled work days that he or she has not reported for work with the canine or the canine was not available to work due either to the incapacity of the canine or by virtue of an authorized

Handwritten signatures and initials

absence of the Police Officer, provided that the Police Officer's canine is housed at the Police Officer's residence. Said additional stipend shall be \$7.00 per day.

- H. Police Officers assigned to the Patrol/Narcotics Detection Canine Teams Special Detail who report to duty on an occasion other than their regularly scheduled tour of duty shall be entitled to the payment of overtime commencing with the actual time of reporting for duty.
- I. Police Officers selected for the Patrol/Narcotics Detection Canine Teams training shall be required to work the schedule required by the PA for the duration of the training program. Contract provisions related to Schedule Change Premium and changes to RDO's are waived with respect to this training. Travel expenses and costs incurred by Police Officers assigned to this training shall be paid consistent with past practice.
- J. Police Officers who are assigned to the Patrol/Narcotics Detection Canine Teams Special Detail may be removed from a Special Detail and/or may be denied the opportunity to apply for another Special Detail of training related thereto, or a Preferred Assignment where the responsibilities of such Special Detail or Preferred Assignment are determined by the PA to be incompatible with the responsibilities of the Patrol/Narcotics Detection Canine Teams Special Detail, provided such limitations are set forth in the posted announcements for the Patrol/Narcotics Detection Canine Teams Special Detail, other Special Detail or Preferred Assignments or the posting of the training opportunity and provided further that a Police Officer who has been in the Patrol/Narcotics Detection Canine Teams Special Detail for three or more years and who is denied an opportunity set forth herein, may elect to remain in the Patrol/Narcotics Canine Detection Teams Special Detail or to select the offered Special Detail, training opportunity or Preferred Assignment.
- K. In the event a Police Officer who has completed the training program for the Patrol/Narcotics Canine Detection Teams Special Detail is approved to leave the Detail, and a Police Officer who has been in the Patrol/Narcotics Canine Detection Teams Special Detail for three (3) or more years, thus having the right to leave the program, will each have full retreat rights to his former Police Facility Command, including seniority, work chart and Special Detail rights.

- L. Police Officers assigned to the Patrol/Narcotics Detection Canine Teams Special Detail will be allowed to work overtime in accordance with Memorandum of Agreement Equalization Procedures.
- M. No Police Officer currently working a CPP chart will be displaced by another Police Officer accepting the Patrol/Narcotics Canine Detection Teams Special Detail. Replacement will occur by attrition.
- N. The PA will provide vehicles to the Patrol/Narcotics Detection Canine Teams Special Detail program. The use of such vehicle shall be restricted to uses associated with Canine Special Detail, except in cases of an emergency.
- O. Items, 2, 3, 4, 5, 6, 7, 8, 11, 12, 13, all of 15 except for 15(b), all of 18 except for 18(d), enumerated in the October 20, 1989, canine agreement, are deemed incorporated into the Patrol/Narcotics Canine program; provided, however, that the provisions of 18(a) and (c), shall not be applicable during the initial training program.
- P. The letter agreement of February 16, 1993 (Narcotics Trained K-9 Teams), has no application to this Patrol/Narcotics Canine Detection Teams Special Detail.

**RE: CLARIFICATION OF SCHEDULE CHANGE PREMIUMS FOR
COURT/MODIFICATION OF SETTLEMENT OF GRIEVANCE NO 2P-95 -
AAA#1330-0398-95**

Dear Officer Danese:

The following represents a modification of the clarification (letter dated November 11, 1997) of the Schedule Change Premium payments applicable when a member of the PBA's regularly scheduled tour of duty is changed because his/her appearance is required in criminal court or other similar or judicial or administrative proceedings and thereafter the Officer's appearance is no longer necessary due to cancellation or postponement of the matter. This modification is required due to the Memorandum of Agreement 1996-2003 change in the time period for payment of Schedule Change Premium from ten (10) days notice to five (5) days notice.

The parties agree as follows:

POLICE OFFICERS RECEIVING FIVE (5) DAYS NOTICE:

1. If the court appearance is canceled prior to the court date the Police Officer can be reassigned back to his/her normal work chart tour without Schedule Change Premium payment. If the Police Officer is not reassigned back to his/her normal work chart tour, he/she will receive Schedule Change Premium payment.
2. If the Police Officer's court case is postponed or canceled during his/her appearance in court, he/she will not be entitled to Schedule Change Premium payment. The Police Officer may be assigned to perform Police Officer duties consistent with the Memorandum of Agreement.

April 23, 1998

POLICE OFFICERS NOT RECEIVING FIVE (5) DAYS NOTICE:

1. Will receive Schedule Change Premium payment.
2. If the court appearance is canceled prior to the court date the Police Officer can be reassigned back to his/her normal work chart tour.
3. If the Police Officer's court case is postponed or canceled during his/her appearance in court, the Police Officer may be assigned to perform Police Officer duties consistent with the Memorandum of Agreement.
4. Police Officers will be able to receive a copy of the court's Notice of Cancellation of their case upon written request to the Commanding Officer, if it is available.

This clarification also represented a complete settlement of PBA Grievance Number 2P-95 (AAA#1330-0398-95) which involved the payment of SCP to those Police Officers cited in the grievance.

Dear Mr. Danese:

If the Port Authority determines, in the exercise of its management prerogative to order Police Officers to work overtime based upon maintaining minimum staffing and/or manning levels of the Department, it is the policy of the Port Authority that Commanding Officers will make reasonable efforts to rotate such ordered overtime assignments among qualified Police Officers. Each facility police command will maintain an ordered overtime log listing occasions when Police Officers are so ordered. Juniority is not a controlling criterion for selection of Police Officers for such ordered assignments. The foregoing does not affect the overtime procedures contained within the Memorandum of Agreement. This policy will not create an entitlement in any Police Officer either to work an ordered overtime assignment or to decline an ordered overtime assignment.

Commanding Officers at all commands will be notified of this policy within the coming week.

RE: SPECIAL DETAIL MOTORCYCLE OPERATORS

Dear Officer Danese:

The Port Authority of New York and New Jersey is instituting a Motorcycle Operator Special Detail for Port Authority Police Officers.

Except as specifically modified herein, all provisions of the PBA Memorandum of Agreement shall be applicable to Police Officers assigned to this special detail.

With respect to the Motorcycle Operator Special Detail the parties agree as follows:

1. The initial detail seniority list shall be established by combining the qualified Police Officers currently on the Pilot Program Special Detail List along with seven (7) Police Officers selected from Training Opportunity #25-00 amended dated June 30, 2000, who successfully complete the training. The training is currently scheduled for April or May 2002.

Following the aforementioned training, all the qualified officers shall be ranked for detail seniority based upon job seniority. Subsequent to the establishment of the initial seniority detail roster, detail seniority shall be in accordance with the provisions of the Memorandum of Agreement.

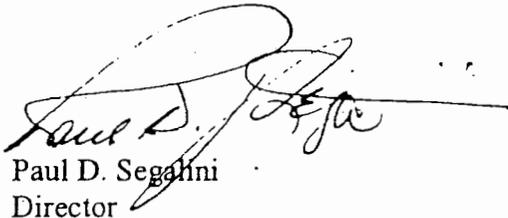

2. Motorcycle Operators will be assigned to the Central Police Pool (CPP) and the Motorcycle Operator Detail will be treated as a Central Police Pool Special Detail pursuant to the terms of Document "N". All provisions of the Memorandum of Agreement applicable to Police Officers assigned to the Central Police Pool shall be applicable to Police Officers in the Motorcycle Operator Detail including, but not limited to, that the Motorcycle Detail Police Officers may be assigned to any facility in performance of their detail.
3. The Port Authority will issue initial uniforms and equipment to Police Officers in this special detail at no cost to the Police Officers. Other than uniforms and equipment issued, members of the Motorcycle Operator Detail will not be required to wear other uniform items or equipment when working straight time, early call in or holdover in any capacity, or overtime in the Motorcycle Operator Special Detail.

4. Police Officers in the Motorcycle Operator Detail can be removed, at the discretion of the Port Authority, from the detail within twelve (12) months from their assignment thereto, however, any such removal must be strictly related to the Police Officer's performance in the Special Detail (i.e., failure to control or properly operate the motorcycle). No such removals shall be subject to the disciplinary procedure of the Memorandum of Agreement.
5. Duties which may be assigned to the Motorcycle Operator Special Detail include, but are not limited to, the following: parking lot security, accident response, traffic management, traffic enforcement, construction site (traffic control), VIP movements, and ceremonial events.
6. Motorcycle Operator Detail Police Officers when on duty will be assigned a motorcycle or if motorcycles are not being utilized, a patrol car.

RE: Placement of CPP Police Officers on Facility Police Command Transfer Lists

Dear Mr. Danese:

The Port Authority of New York and New Jersey ("Port Authority") and the Port Authority Police Benevolent Association, Inc. ("PBA") have reached agreement on the terms of a successor Memorandum of Agreement which, when executed, will cover the period from January 21, 2003 until January 20, 2010. As part of the agreement, the PBA has agreed to permit the Port Authority to eliminate the Central Police Pool on a 24 month trial basis. The Port Authority and the PBA recognize that some Police Officers currently assigned to the Central Police Pool have not placed their names on any facility police command transfer list. As part of the elimination of the Central Police Pool, the Port Authority and the PBA agree that these Police Officers will be permitted to place their names on two (2) facility police command transfer lists in accordance with their Port Authority Police Seniority, bypassing all Police Officers on those lists with less job seniority.

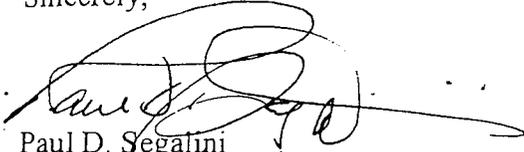

When the former CPP Police Officers are offered transfer to one of the two facilities selected, the transfer will be deemed a permanent transfer and the former CPP Police Officer will be removed from the other facility police command's transfer list.

Nothing in the foregoing shall prevent senior Police Officers from placing their names on other facility police command transfer lists pursuant to the procedures set forth in Document C of the Memorandum of Agreement.

RE: Elimination of Central Police Pool

Dear Mr. Danese:

The Port Authority of New York and New Jersey ("Port Authority") and the Port Authority Police Benevolent Association, Inc. ("PBA") have reached agreement on the terms of a successor Memorandum of Agreement which, when executed, will cover the period from January 21, 2003 until January 20, 2010. As part of the agreement, the PBA has agreed to permit the Port Authority to eliminate the Central Police Pool on a 24 month trial basis. The Port Authority has determined that it will exercise its option to eliminate the Central Police Pool ("CPP") as of January 1, 2005. By that date, all Police Officers in the Central Police Pool, other than those assigned to centralized special details, shall be transferred permanently to facility police commands.

The Port Authority of New York and New Jersey ("Port Authority") and the Port Authority Police Benevolent Association, Inc. ("PBA") hereby agree that the Port Authority may temporarily eliminate the CPP on the following basis:

1. All references in the Memorandum of Agreement relating to the CPP shall become null and void, except as set forth in this agreement.
2. Upon the elimination of the CPP, the Port Authority may institute the use of Relief Officer Positions in facility police command work charts.

In contemplation of the elimination of the CPP as of January 1, 2005, the Port Authority may post Relief Officer Positions for bid by Police Officers as part of the calendar year 2005 work chart bidding process. The addition of Relief Officer Positions for the calendar year 2005 at a given facility police command shall be considered new work charts and require full re-bidding of the facility police command's work charts pursuant to Section XIII, Paragraph 7, sub-paragraph a. Thereafter, commencing in the calendar year 2006 work chart bidding, including Relief Officer Positions, shall be in accordance with Section XIII, paragraph 7.

The provisions of Section XIII, except as specifically modified herein shall apply to Relief Officer Positions. Relief Officer Positions may be

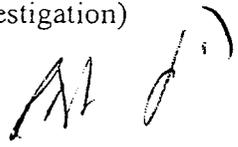

created and assigned to any squad or position in any work chart(s) contained in Document "O" selected for use at an individual facility police command. The Port Authority may not institute or maintain in excess of one (1) Relief Officer Position for every three (3) non-relief Police Officer positions at any facility police command.

Police Officers holding Relief Officer Positions will have the same schedule as the squad or position to which the Relief Officer Position is assigned; with the exception that on a quarterly basis on December 1st, March 1st, June 1st and/or September 1st of each calendar year, the Port Authority, in its discretion, may modify the work charts of Police Officers holding Relief Officer Positions by moving Relief Officers from one squad or position to another squad or position in the same work chart and, if the work chart has a steady schedule, with the same tour of duty.

To exercise its right to modify Relief Officer Positions at a facility police command, the Port Authority must provide twenty-one (21) calendar days notification to affected Police Officers and to the Association prior to the effective date of the modification. Any quarterly modification to a Relief Officer Position shall not be considered a vacancy open to bid, but instead will be assigned to the junior Police Officer from the Relief Officer Position being modified. Police Officers whose work chart is modified shall not be required to work on more than five (5) days in any six (6) day period without the payment of overtime as a result of a quarterly schedule change.

If a facility police command utilizes Relief Officer Positions, Police Officers will continue to be permitted to bid for vacancies in normal or Relief Officer Positions as provided in Section XIII of the Memorandum of Agreement. The initiation or complete elimination of Relief Officer Positions at a given facility police command shall be considered a modification of the work charts and require full re-bidding of the facility police command's work charts pursuant to Section XIII, Paragraph 7, sub-paragraph a. Changes in the number of Relief Officer Positions from year-to-year shall not constitute a modification of the work charts at a facility police command.

3. The following centralized special details created pursuant to Section XXVII, Seniority, Document "N" will be assigned to a new Special Operations Division ("SOD") in Police Headquarters:
 - a. Motor Vehicle Enforcement Officers (Commercial Vehicle Inspectors, Truck, Hazardous Cargo, Accident Investigation)

- b. Canine Officers
 - c. Motor Patrol Officers
 - d. Teletype Operators/Communicators
 - e. Night Tour Courier(s)
 - f. Emergency Services Unit (Trucks 1, 2, 3 (PATH/WTC), Trucks 7/7A (LGA), and Trucks 8/8A (JFK))
4. Section VII of the Memorandum Agreement shall continue to apply to Police Officers assigned to the SOD following the elimination of the CPP.
5. All references in Appendix K to the CPP shall be deemed references to SOD/Police Headquarters and the Police Academy. The Port Authority shall continue to maintain an Overtime Log at the Central Police Desk for members of SOD/Police Headquarters and the Police Academy commands and utilize that log to equalize members of these commands for overtime at all police commands at which they are qualified. The Port Authority shall also continue to maintain a job wide overtime book at the Central Police Desk.
6. The third sentence of Appendix K, Section I, Paragraph A shall be modified as follows: "A Police Officer is "qualified" for purposes of this Procedure, if the Police Officer has at least the number of tours of on-the-job training at the Facility Police Command with the deficiency as the Port Authority then requires Police Officers to have to be assigned to that Facility Police Command on that tour for either permanent assignments or overtime. The Port Authority is not required to have tour specific qualification requirements."
7. The first sentence of Document B, Paragraph IV, sub-paragraph B shall be modified as follows: "When it becomes necessary to make short-term assignments, the Police Officer with the least amount of Port Authority Police service time will be assigned unless a senior Police Officer requests such assignment."
8. Document C, Paragraph III, sub-paragraph A. 5 shall be modified as follows: "When an opening for a temporary authorized position occurs, an applicant will be considered for the vacancy in the order in which his name appears on the appropriate list. An applicant may elect not to accept the temporary assignment when it is offered and retain his position on the list. All other applicants will be offered the

AT d.)

temporary assignment in numerical order until one accepts. If no one accepts, the lowest applicant on the transfer list will be assigned. In the event a temporary authorized position occurs at a facility with no existing transfer list, the Police Officer with the least amount of Port Authority Police service time shall be assigned."

9. Document C, Paragraph III, sub-paragraph B. 3 shall be modified as follows: "Police Officers must have successfully completed emergency crew training (See Document D) before being placed on the airport emergency crew transfer lists. At the completion of the training it will be necessary for successful candidates to submit requests for transfer to the airport emergency crew transfer list of their choice. The grade received at the completion of training will determine the Police Officer's position on the airport emergency crew transfer list of his choice. Officers having completed training will remain at their current facility police command."
10. The following paragraph shall replace Document C, Paragraph III, Sub-paragraph C. 1.: "In the event a vacancy occurs at a facility and there are no requests for transfer to that facility, the Police Officer with the least amount of Port Authority Police service time shall be transferred."
11. The following paragraph shall replace Document C, Paragraph III, Sub-paragraph C. 2.: "Police Officers who are airport trained shall remain assigned to their facility police command until a transfer to an airport becomes available. Police Officers who are airport trained shall not be permitted to transfer to facilities other than airports except when the Police Officer in question is willing to have his name removed from the Airport emergency crew trained list."
12. The following paragraph shall replace Document C, Paragraph III, Sub-paragraph D: "Where transfers are required due to a reduction in force they shall be accomplished in the inverse order of seniority. The Port Authority shall determine where additional Police Officer positions will be created and will utilize existing transfer lists to fill vacant Police Officer positions. Any Police Officer not assigned to a facility police command following the rolling of transfer lists may select from any vacant Police Officer positions at facility police commands with no then existing transfer list by the Police Officer's Port Authority Police service time.

As outlined in Document D, this procedure will not be followed in effecting transfers from Port Authority airports due to reduction in force. Since assignments to an airports are essentially on a merit basis,

AF d.)

based upon grades attained in the Airport training class, transfers from an airport will be made in inverse order of position on the eligible airport crew transfer list used in making assignments to the airport."

13. The following paragraph shall replace Section LV, Paragraph 4: "Deficiencies in normal roll call positions at Facility Police Commands within a Consolidated Police Zone which the Port Authority in its sole discretion elects to cover shall be covered in the following order of assignment:
- i. A qualified Police Officer assigned to any of the Facility Police Commands within that Consolidated Police Zone who is excess on the tour of duty of the deficiency and who volunteers for the assignment;
 - ii. the junior qualified Police Officer assigned to any of the Facility Police Commands within that Consolidated Police Zone who is excess on the tour of duty of the deficiency;
 - iii. A Police Officer pursuant to the overtime provisions of the Memorandum of Agreement.

For purposes of this Paragraph 4, a Police Officer is "excess" if the Police Officer has not been assigned to a normal roll call position at the Police Officer's Facility Police Command on that tour of duty and all normal roll call positions at the Command have been filled. The excess Police Officer must have reported to his Facility Police Command for his regularly scheduled tour of duty and stood roll call prior to his assignment. The assigned excess Police Officer will be provided transport in a Police vehicle to and from the Facility Police Command to which he has been assigned. He shall return to his Facility Police Command at the end of his regularly scheduled tour of duty to sign off duty. In implementation of this procedure the Port Authority may not create an excess Police Officer by failing to fill a normal roll call position in order to use the Police Officer who would have filled that position to cover a deficiency at another Facility Police Command.

For purposes of this Paragraph 4, a Police Officer is "qualified" if the Police Officer has had at least the number of tours of on-the-job training at the Facility Police Command with the deficiency as the Port Authority, in its sole discretion, then requires Police Officers to have to be assigned to that Facility Police Command on that tour for

PAF J.

permanent assignment or overtime. The Port Authority is not required to have four specific qualification requirements."

14. Document D, Paragraph II shall be modified as follows: "Its purpose is to provide a reserve of trained police officers to be used for permanent transfers to airports to maintain authorized strength."
15. Document D, Paragraph III shall be re-designated "Airport Emergency Crew Transfer List" and shall be modified as follows: "The Airport Emergency Crew Transfer List will be maintained at a strength determined by the Superintendent of Police, adequate to cover emergencies and transfers to permanent authorized airport positions. Training and selection will be under the general supervision of the Commanding Officer of the Police Academy."
16. Document D, Paragraph VII, Sub-paragraph E shall be modified as follows: "All candidates who successfully complete the training will be placed on the Airport Emergency Crew Transfer List and will remain at their facility police command until transferred to a permanent authorized position at an airport."
17. Document D, Paragraph VIII, sub-paragraphs D and I shall be replaced with the following language: "In the event of a reduction in authorized police strength at an airport, members of the force will be transferred from the airport in inverse order of their standing on the transfer list from which they were assigned to the airport. Members of the force so transferred will be assigned to a vacant position pursuant to Document C, Paragraph III, Sub-paragraph D and on the basis of their standing on the transfer list their names will be placed on the top of the list for assignment to the facility from which they were transferred."
18. All other references in Document D to the "Airport Pool" shall be modified to "Airport Emergency Crew Transfer List."
19. Appendix A to this letter agreement (attached hereto) shall replace Document N in the Memorandum of Agreement during the trial period.

ASD

20. All references to the Central Police Pool ("CPP") in the letters dated March 17, 1997 concerning Explosive Detection Team Special Detail Training and August 13, 1997 concerning Patrol/Narcotics Canine Detection Team Special Detail shall be deemed to be reference to the Special Operations Division. Similar references to the CPP in the incorporated language of the October 20, 1989 letter shall also be deemed references to the Special Operations Division.
21. The Port Authority agrees to notify the PBA in writing as to whether the Port Authority intends to reinstate the CPP on or before November 1, 2005, for reinstatement of the CPP effective January 1, 2006, or November 1, 2006, for reinstatement of the CPP, effective January 1, 2007. If the Port Authority fails to notify the PBA in a timely fashion, the Port Authority waives its right to reinstate the CPP at the conclusion of the 24 month trial period. Following the conclusion of the trial period, the Port Authority may only create a central police pool or other similar assignment pursuant to a negotiated agreement with the PBA.
22. If the Port Authority chooses to reinstate the CPP, the Port Authority will create a voluntary transfer list for Police Officers desiring to transfer to the CPP. Other than this voluntary transfer list, no Police Officer shall be transferred to the CPP. Vacancies in the Central Police Pool shall be filled by Police Officers upon graduation from the Police Academy. Police Officers assigned to centralized special details created pursuant to Section XXVII, Seniority, Document "N" assigned to the Special Operations Division ("SOD") shall be reassigned to the CPP/SOD.
23. If the Port Authority chooses to reinstate the CPP, then effective January 1, 2006 or January 1, 2007, the Port Authority shall no longer be permitted to utilize Relief Officer Positions as set forth in Paragraph 3 of this agreement. Each facility police command at which Relief Officer Positions are utilized shall be required to conduct full re-bidding of the facility police command's work charts pursuant to Section XIII, Paragraph 7, sub-paragraph a.
24. If the Port Authority elects to reinstate the CPP in accordance with the terms of this agreement, all of the modifications to the Memorandum of Agreement set forth in paragraphs 1 through 21 of this agreement shall become null and void. All language shall return to the language set forth in the Memorandum of Agreement.

25. If the Port Authority elects not to reinstate the CPP, all of the modifications to the Memorandum of Agreement set forth in paragraphs 1 through 21⁸ of this agreement shall become permanent and Appendix A to this letter agreement shall replace Document N as set forth in the Memorandum of Agreement. The parties agree that these modifications to the Memorandum of Agreement shall be incorporated into the language of the successor Memorandum of Agreement.

26. This letter agreement shall be appended to the letters of agreement section in the Memorandum of Agreement.

RE: Special Detail Training Grievance Resolution

Dear Mr. Danese:

Upon reaching agreement on successor language for Document "B" of the Memorandum of Agreement, the Port Authority of New York and New Jersey ("Port Authority") and the Port Authority Police Benevolent Association, Inc. ("PBA") agree to resolve the following grievances upon the terms and conditions set forth in this letter.

1. The Port Authority and the PBA agree that no candidate for special detail training will be deemed qualified, utilized or added to the special detail roster unless and until the candidate fully completes and passes all training set forth in the training opportunity notice.
2. The PBA agrees to withdraw with prejudice the following grievances: 17P-99 (Issue 3); 16P-01 (Issue 1); 38P-01 (Issue 2); 39P-01; 42P-01 (Issue 1); and 45P-03 (Issue 1).
3. Upon successful completion of all training listed in the training opportunity notice, the candidate will be deemed qualified and will be added to the special detail roster by detail seniority.
4. Newark Liberty International Airport Teterboro Airport Detail:

In recognition of the unique situation concerning the conduct of training of the members of the NLIA Teterboro Airport Detail, the Port Authority may continue to utilize Police Officers who have been selected for this detail until such time as the Port Authority can fully complete training of members of the detail. If a candidate selected for the NLIA Teterboro Airport Detail fails to successfully complete any training set forth in Training Opportunity Notice #38-03, that Police Officer may be removed from the Detail without preference of charges and specifications against the Police Officer. If a Police Officer is removed prior to qualification, the

AA *SD*

Police Officer will be granted identical retreat rights to his original facility of assignment as provided to members of centralized special details. Upon successfully completing the requisite training for this detail, the candidates for this detail will be deemed qualified. The current detail seniority roster order will be maintained without regard to the time when individual members of the detail complete training.

5. The PBA waives any and all claims it may have to premium payments or missed overtime opportunities based upon the Port Authority's utilization of non-qualified individuals in special details in the withdrawn grievances and based upon the failure of the Port Authority to complete the training of the NLIA Teterboro Airport Detail. The PBA likewise waives any and all claims it may have to premium payments earned through changes to non-qualified individual's work charts based upon the placement of the non-qualified individuals on these special detail rosters.
6. Current members of the Emergency Services Unit ("ESU") Detail list John F. Kennedy International Airport ("JFK"), LaGuardia Airport ("LGA"), World Trade Center ("WTC") and Port Authority Trans-Hudson ("PATH") System will be granted the opportunity to qualify for the new Special Operations Division Emergency Services Unit ("SOD ESU") special detail. Prior qualification in these former ESU Details will not qualify a Police Officer in the new SOD ESU Detail. The Port Authority will post a training opportunity notice limited to members of the former ESU Details, specifically setting forth therein, all training necessary to qualify the candidate for the new SOD ESU Detail. Any members of the former ESU Details accepting this training opportunity and successfully completing the same as set forth in the training opportunity notice will be placed on the SOD ESU Detail Roster based upon the member's original date of qualification in the former ESU Detail. Any members of the former ESU Details who decline this training opportunity or who fail to successfully complete all training as set forth in the Training Opportunity Notice for the SOD ESU Detail will be removed from the Detail without preference of charges and specifications against the Police Officer. Any Police Officers failing to qualify for the SOD ESU Detail will be granted retreat rights to their original facility of assignment as set forth in Document N for centralized special details.
7. This letter of agreement shall act as an amendment to the Memorandum of Agreement and will be appended as a letter of agreement.

AS *JD*

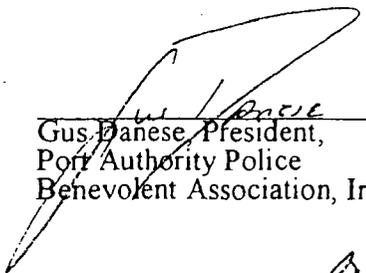

Please indicate your concurrence in the above on behalf of the PBA by signing in the space provided below and returning a signed original of this Agreement to me.

Sincerely,

RE: ESU AND TELETYPE SPECIAL DETAILS

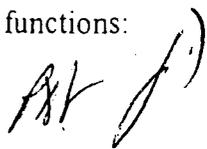

Dear Officer Danese:

The Port Authority of New York and New Jersey ("Port Authority") and The Port Authority Police Benevolent Association, Inc. ("Association") agree to the following clarifications to the successor Memorandum of Agreement for the period January 21, 2003 through January 20, 2010 concerning the Emergency Services Unit and Teletype special details in the Central Police Pool/Special Operations Division ("SOD"):

1. Pursuant to the letter of agreement dated September 7, 2004, members of the Emergency Services Unit ("ESU") Details at John F. Kennedy International Airport ("JFK"), LaGuardia Airport ("LGA"), World Trade Center ("WTC") and Port Authority Trans Hudson ("PATH") System were offered the opportunity to qualify for the newly established Special Operations Division Emergency Services Unit ("SOD ESU") centralized special detail. Detail Seniority for the SOD ESU special detail was initially based upon the members' dates of qualification in their former ESU Details. Members qualifying for the SOD ESU special detail subsequent to the initial consolidation will have their detail seniority based upon the date the member qualifies for the SOD ESU special detail.
2. As part of the work chart bidding process for calendar year 2005, the Port Authority will establish SOD ESU special detail work charts for bid by detail seniority for each facility police command reporting location ("reporting location"). In the 2005 bidding process, normal rules of detail seniority will control except that members of this special detail must remain at their 2004 permanent Facility Police Command unless there is a vacant position at another Facility Police Command. In the 2005 bidding process, all current members of the ESU special detail will be permitted to select a work chart at their current permanent Facility Police Command prior to the remaining vacant positions being open for bid to other members of the detail. For the purpose of this paragraph, members of the current special detail formerly assigned to the WTC will be deemed to be assigned to PATH ESU. Following the 2005 selection process, the SOD ESU special detail will be treated as a unified centralized special detail and all work chart/position selections, whether for vacancies or if work charts are opened for bid

pursuant to Section XIII, paragraph 7 of the Memorandum of Agreement, will be made by detail seniority.

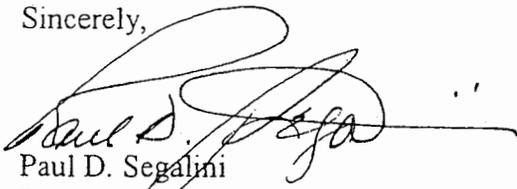

3. Members of the SOD ESU special detail will be provided lockers, mail boxes, gun lockers and other normal amenities identical to those provided to police officers at their permanent Facility Police Command at the member's reporting location.
4. The Port Authority may assign members of the SOD ESU special detail on a tour by tour basis to locations within the Port District other than their reporting location to perform work associated with the SOD ESU special detail upon the following terms:
 - a. The Port Authority must first solicit volunteers from the reporting location for the assignment. If there are insufficient volunteers for the assignment, members working the tour of duty at the reporting location will be sent in inverse detail seniority order.
 - b. A member responding to another location for assignment must first report to his normal reporting location for his regularly scheduled tour of duty and stand roll call prior to his assignment. The assigned Police Officer will be provided transport in a Police vehicle to and from the location to which he has been assigned. He shall return to his normal reporting location at the end of his regularly scheduled tour of duty to sign off duty.
5. Members of the SOD ESU special detail may be scheduled for SOD ESU special detail training at a location within the Port District other than the member's normal reporting location. The member must receive a minimum of five (5) calendar days notification of any training, setting forth the location of the training and any necessary, issued fitted ESU equipment the member is responsible to bring to the training. On the day of the training, the member will be responsible to report directly to the location of the training in his personal vehicle. The member will also be responsible for bringing any fitted ESU equipment issued to the member to the training location. The member will be entitled to normal mileage and tolls incident to his reporting to the training location.
6. Voluntary overtime assignments within the SOD ESU special detail will be equalized among the members of the SOD ESU detail pursuant to Appendix K on a job wide basis. Involuntary overtime assignments will be assigned to the junior member of the detail at the reporting location in accordance with the April 30, 1998 Letter from Deputy Inspector Joseph Morris.
7. Police Officers who are members of the SOD Teletype special detail when not assigned to work the Teletype Special Detail may be assigned to any of the following functions:

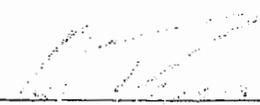

- a. Police Headquarters or the Police Academy to perform administrative and staff functions (excluding maintenance and chauffering of motor vehicles).
- b. Central Police Desk to perform any and all duties associated with the Central Police Desk.

This letter agreement will act as an amendment to the Memorandum of Agreement and will be appended as a Letter of Agreement. Please indicate your concurrence by executing below. Following execution please retain one original for your records and return one original to my office.

If the Port Authority, in its sole discretion, chooses to change the provider of such insurance, the coverage which is to be provided shall be no less than that provided under the above plan(s) in effect as of the date of execution of this Memorandum of Agreement. Printed matter describing benefits shall continue to be provided during the annual open enrollment periods and shall describe any plan changes.

XI. FUNERAL EXPENSES AND FAMILY BENEFITS

1. In the event a Police Sergeant dies because of an injury received in the line of duty during the actual performance of police service relating to the alleged or actual commission of an unlawful act, or directly resulting from a characteristic hazard of his police duties, as determined by the New York State and local Police and Fire Retirement System, a payment of \$10,000.00 shall be made as a result of such death. The Port Authority shall make such payment to the beneficiary designated by the deceased Police Sergeant to receive his New York State and local Police and Fire Retirement System ordinary death benefit, or if no beneficiary has been so designated, to the beneficiary designated by such Police Sergeant to receive his Port Authority Group Life Insurance benefit, or, if no beneficiary has been so designated, to the estate of the deceased.

2. The surviving spouse and eligible dependents, including children, of any Police Sergeant killed in the line of duty shall be covered under the Port Authority's Group Health Insurance Plans, Group Dental Insurance Plans, Prescription Plans and Vision Plans applicable to such Police Sergeant at the time of his death at the Port Authority's expense until the surviving spouse's death or remarriage.

3. In the event of the repeal of the federal Public Safety Officers' Death Benefits Act (42 U.S.C. §3796) or in the event funds are not available in the event of non-appropriation or otherwise to pay the death benefit provided for therein, the Port Authority will provide an additional payment of \$50,000.00 under the terms of paragraph 1, above, of this Section. The payment referred to in the immediately preceding sentence shall be the amount granted as a death benefit in 42 U.S.C. §3796, as adjusted over time pursuant to 42 U.S.C. §3796, immediately prior to its repeal or the non-appropriation of funds.

XII. WORK CHARTS; TOURS OF DUTY; REGULAR DAYS OFF

1. Each Police Sergeant shall be assigned to a work chart, which shall provide for a minimum of 120 (121 for Police Sergeants assigned to the administrative chart) and a maximum of 123 regular days off (RDO's) per calendar year.

Handwritten signatures in black ink, appearing to be initials and a name, located in the bottom right corner of the page.

2. The work charts referred to in Paragraph 1 of this Section have been negotiated with the Association and are annexed hereto as Document "N"*. Deviations from work charts shall not be permitted without the prior approval of the Association President.**

* Vacation relief work charts are for Detective Sergeants only and have not been negotiated with the Association and are not annexed hereto but their development and the Association President's approval of such charts shall be in accordance with the provisions of Appendix "K" annexed hereto.

** But see Appendix "K" for vacation relief work charts for Detective Sergeants only.

3. The work charts referred to in Paragraphs 1 and 2 of this Section shall be posted at each Facility Police Command on or before December 1 of each year. *** The posted work charts for each Facility Police Command will be provided to the Association by certified mail, return receipt requested on or before December 15 of that year.

*** But see Appendix "K" for vacation relief work charts for Detective Sergeants only.

4. At the end of any calendar year in which a Police Sergeant has received fewer than 120♦ regular days off, the number of regular days off received by such Police Sergeant shall be subtracted from 120♦ and with respect to any resulting day or days he shall receive an additional 12 hours compensatory time or cash payment, at overtime rates, to the extent he has not already received compensatory time or overtime payment with respect to such day or days. (♦121 for Police Sergeants assigned to the administrative chart.)

5. The standards established in this Section XII for work charts shall not preclude any Police Sergeant from being required to work, for such reasons as overtime requirements on any day scheduled in his chart as a regular day off.

6. Personnel may be added to, reduced from or reassigned to any work charts, in accordance with operational requirements, thereby permitting a possible reduction in or additions to the manning levels of squads and positions set forth in said negotiated work charts.

7. If the work charts selected by the Port Authority for use at a Facility Police Command during the next succeeding year are different from those selected for use at that Facility Police Command for the then current year, the selection process and assignment of Police Sergeants in the work charts shall be as set forth herein:

- a. Each Facility Police Command shall make appropriate squad or position assignments in the work charts in accordance with the facility Police Sergeant's request subject to the following: (i) The police Sergeant with the greatest Police Sergeant seniority shall be assigned the selection of his

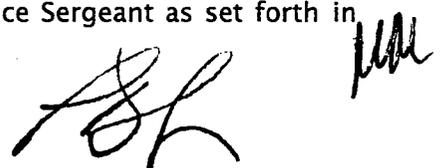

choice for squad or position assignments; (ii) For detail assignments the Police Sergeant with the greatest Police Sergeant seniority shall be assigned the selection of his choice, except upon a showing of demonstrable cause, and so on until the list is exhausted; (iii) Thereafter, any vacancies in either a squad, position or detail assignment shall then be filled by the assignment of the junior Police Sergeant.

- b. If the work charts selected by the Port Authority for use at a Facility Police Command during the next succeeding year are the same as the work charts selected for use at that Facility Police Command for the then current year, the selection process described in Paragraph 7a hereof shall not be implemented at that Facility police Command and there will be no "bumping" by Police Sergeants assigned to that Facility Police Command for squad, position or detail assignments within those work charts.
- c. If a Police Sergeant assigned to a Facility Police Command is involuntarily removed from his squad, position or detail assignment as a result of the decision of the Port Authority to reduce Police Sergeant staffing from any work chart in use at that Facility police Command, then that police Sergeant, and all Police Sergeants assigned to that Facility police Command, if any, who are bumped from their squad, position or detail assignment as a result of that Police Sergeant's selection of a new squad, position or detail assignment, shall have the right to select a squad, position or detail assignment in the same manner as provided in Paragraph 7a hereof.
- d. Seniority shall be defined in accordance with PDI 2-1, dated September 1981, as revised with the agreement of the Association as PDI 2-IC, dated April 1988, and further revised with the agreement of the Association as P.O.1. 2-IC, dated May, 1998, annexed hereto as Document "B".

8. Upon their election or appointment to a vacant office, the Association First Vice president, Second Vice president, Treasurer, Secretary, Sergeant-at-Arms and three Trustees will be assigned to an administrative work chart on a tour of the individual Association Officer's choice. The administrative work charts for these Association Officers will be considered Association work charts and will be separate from the Facility Police Command administrative work charts. Work chart selection by the Association First Vice President, Second Vice President, Treasurer, Secretary, Sergeant-at-Arms and three Trustees of the Association upon completion of their respective terms of office shall be in accordance with Limited Distribution Directive 3-05

XIII. OVERTIME; COMPENSATORY TIME

1. Overtime shall be earned and paid to a Police Sergeant, unless applied to compensatory time purposes as set forth below, at the rate of one and one-half (1-1/2) times the amount computed by dividing by eighty (80) the total of the base bi-weekly salary and the base bi-weekly longevity, payable to such Police Sergeant as set forth in

the schedules annexed hereto as Appendices "A (1)", "A (2)", "A (3)", "A (4)", "A (5)", "A(6)" or "A(7)", respectively.

2. Overtime worked shall be applied first to the reduction of any negative compensatory time balance on an hour-for-hour basis, and then to replenish any compensatory time bank up to the hourly maximum designated in accordance with Paragraph 6 hereof.

3. Overtime not applied to compensatory time purposes shall be paid in cash at overtime rates to a Police Sergeant whose eight-hour tour of duty is extended (exclusive of preparation time) either prior to or after any eight-hour tour of duty for all additional time worked by reason of such extension and shall be computed in quarter-hour segments for each full fifteen minutes worked during the term of this Memorandum of Agreement. Compensation or compensatory time credit at overtime rates shall not be provided if, after an early call-in prior to his scheduled eight-hour tour of duty, a police Sergeant is afforded and accepts the option to terminate his tour of duty after eight hours worked (exclusive of preparation time). However, the Police Sergeant shall have the option to continue to work to complete the entire extended tour of duty and receive overtime payment in accordance with this Section.

4. Overtime not applied to compensatory time purposes shall be paid in cash at overtime rates when a Police Sergeant is required to work on a scheduled day off which is not rescheduled at the request of the Police Sergeant or by reason of promotion, reassignment or mandatory attendance at training programs. If such a police Sergeant works a full tour of duty on such regularly scheduled day off, he shall receive payment for such time at overtime rates for eight hours work (exclusive of preparation time). If such a Police Sergeant works more or less than a full tour of duty on such regularly scheduled day off, he shall receive payment at overtime rates for all time worked from the actual commencement of his tour of duty (exclusive of any preparation time), computed in quarter-hour segments for each full fifteen minutes worked during the term of this Memorandum of Agreement. In addition to the above payments, the Police Sergeant shall receive an additional hour's pay at his appropriate hourly base pay for up to eight hours actually worked on a regularly scheduled day off which is either an official police holiday pursuant to Section XVI of this Memorandum of Agreement, or Christmas Eve or New Year's Eve.

5. A police Sergeant required to work on a scheduled day off which is not rescheduled at the request of the Police Sergeant or by reason of promotion, reassignment or mandatory attendance at training programs, or who is called into work between regularly scheduled tours, will be guaranteed four hours work at overtime rates. This guarantee shall not apply to the extension of a scheduled tour of duty either prior to its scheduled commencement or after its scheduled termination. Any such extension shall be considered overtime and be paid at overtime rates as set forth in Paragraph 1 hereof.

6. Each Police Sergeant shall be afforded the option, subject to the provisions of this Paragraph and Paragraph 2 hereof, to accumulate up to four hundred

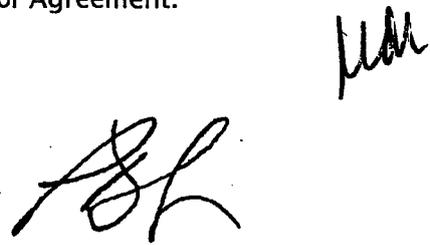

fifty (450) hours in a compensatory time bank in lieu of receiving overtime pay. Each Police Sergeant exercising this option may, but only in the even numbered pay periods of each year, designate or redesignate a maximum number of hours (not to exceed 450 such hours) to be included in his compensatory time bank. Compensatory time not applied to reduce negative compensatory time balances shall accrue at the rate of one and one-half (1-1/2) hours for each one-hour of overtime worked. No compensatory time shall accrue after the designated maximum hourly limitation is reached, and any subsequent overtime shall be paid in cash. If by reason of a redesignation of maximum hours to be banked, the number of hours in a Police Sergeant's compensatory time bank exceeds the new hourly maximum; the Police Sergeant shall receive payment in cash at straight time rates for all hours in excess of the new maximum. Accumulated compensatory time may be taken off in accordance with policies established in Appendix "B" annexed hereto. If for any reason pursuant to Law compensatory time cannot be continued, or upon retirement or other separation, all hours accrued in a Police Sergeant's compensatory bank shall be paid at straight time rates.

7. Except for preparation time allowance if the Police Sergeant is otherwise entitled thereto pursuant to Section VI of this Memorandum of Agreement, no payment at overtime rates shall be made by reason of the mutual exchange of regular days off between Police Sergeants unless overtime is worked in connection therewith. All such mutual exchanges shall be subject to the advance approval of the Facility Police Commanding Officer or his designee and shall not be unreasonably denied.

8. Once a mutual exchange is approved, it shall be treated as a change in schedule and considered as part of his regular work schedule.

9. Police Sergeants who work an additional hour on a tour of duty due to the annual change from daylight savings time to standard time will be compensated for such additional hour at overtime rates. Police Sergeants who work an hour less on a tour of duty due to the annual change from standard time to daylight savings time will have the option to leave at the conclusion of the abbreviated tour and be charged one hour compensatory time, or, remain and work a full eight hours and, in either event, will receive preparation time allowance notwithstanding, provided the Police Sergeant is otherwise entitled thereto pursuant to Section VI of this Memorandum of Agreement.

10. A Police Sergeant assigned to report to a non-Port Authority location or a Facility Police Command other than his assigned Facility Police Command for Port Authority medical examinations and/or training (except for the two Police Academy Airport Crash/Fire/Rescue (CFR) Instructors permanently designated to perform CFR training at JFK Airport) will be compensated at his daily base rate or overtime rate plus mileage reimbursement for travel expense between such non-Port Authority location or a Facility Police Command and his assigned Facility Police Command in accordance with the allowances set forth in Section XLVIII of this Memorandum of Agreement.

11. Effective August 23, 2004, the maximum hours provisions of the Fair Labor Standards Act (FLSA) became applicable to Sergeants as set forth in the correspondence dated March 15, 2005 from Rosetta Jannotto, annexed hereto. The parties agree to meet and negotiate over all mandatory subjects of bargaining arising out of the applicability of the FLSA to the members of the Sergeants Benevolent Association.

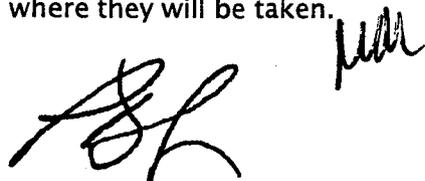

12. Overtime payments shall be made only in circumstances where overtime work is incurred in accordance with existing Public Safety Department (formerly known as Police Division) policy or procedures or where such work is required by authorized Public Safety Department personnel.

13. Any Police Sergeant may be ordered to work overtime under any of the following circumstances: a) failure of essential equipment or systems where there is urgency to restore essential services or systems; or b) conditions resulting from accidents, floods, fires, natural disasters, or other similar emergencies; or c) public functions, VIP arrivals and departures, strikes, picketing or other unusual events; or d) occasions when crowds may gather; or e) threatened or actual adverse weather conditions; or f) any other situation which in the judgment of the authorized person ordering overtime may affect public safety or may endanger persons or property, subject to subsequent review by the Superintendent of Police; or g) participation in annual medical examinations or mandatory training programs; or h) notwithstanding any of the circumstances enumerated in (a) through (g) above, the Superintendent of Police shall have the right to order Police Sergeants to work overtime in establishing minimum staffing and/or manning levels of the Department; or i) notwithstanding any of the circumstances enumerated in (a) through (h) above, the Superintendent of Police shall have the right to order Police Sergeants to work overtime because of their special training or other skills; or j) on a holdover or early call in basis for that Police Sergeant's appearance in court; or k) overtime ordered pursuant to Appendix "I".

14. Prior to the date of execution of this Memorandum of Agreement, voluntary overtime will be in accordance with the procedure set forth in Appendix "I" annexed to the July 21, 1991-January 20, 2003 Memorandum of Agreement between the Port Authority and the Association. Effective on the date of execution of this Memorandum of Agreement, voluntary overtime will be in accordance with the procedure set forth in Appendix "I", annexed hereto.

XIV. MEAL AND RELIEF PERIODS

The total paid time for meal and relief periods shall not exceed seventy-five (75) minutes in any tour of duty and such periods shall not be unreasonably denied. In accordance with the provisions for meal and relief periods stated herein, the Facility Police Commanding Officer or his designee shall, subject to operating requirements and the availability of adequate facilities for obtaining meals, exercise reasonable discretion to determine when meal and relief periods will be scheduled and where they will be taken.

c. Roll calls for each calendar year beginning January 1 will be posted by each Facility Police Commanding Officer on or before the previous December 1, and will fix the starting time of each tour of duty for all Police Sergeants assignments. The Port Authority may alter the starting time for any tour of duty of any Police Sergeant to any starting time provided for that tour in Paragraph 1.b. of this Section. Notice of an alteration shall be given to the Police Sergeant by the end of his immediately preceding tour of duty, except that when a Police Sergeant has one or more days off (e.g., RDO, vacation, compensatory time, sick leave, absence due to injury incurred in the line of duty, personal leave) the Police Sergeant shall telephone toll free his permanently assigned Facility Police Command on the calendar day immediately preceding the day he is to return to work to be advised as to whether the starting time of his next day's regularly scheduled tour of duty will be altered.

(iv) When a Police Sergeant is absent on sick leave or absent due to injury incurred in the line of duty, then his regularly scheduled tours of duty shall be as follows: his regularly scheduled tour of duty on the first day of such absence shall remain the same; each of his subsequent regularly scheduled tours of duty during the period of such absence which are not day tours shall be deemed changed to day tours (which for purposes of this provision start at 8 a.m. and end at 4 p.m.); he shall return to duty on his regularly scheduled tour of duty on the day he is fit to return to duty. On the day the Police Sergeant is cleared for duty by the Office of Medical Services his day tour shall be deemed to start at 8 a.m. and end at 4 p.m., except, however, the ending time for that day tour shall be modified where necessary to provide for eight hours of time off prior to his next regularly scheduled tour of duty. In addition, the starting time of the second work period shall not be changed within the scheduled starting times permitted by Paragraph 1b (i) through (vi) of this Section to relieve the Port Authority of its obligation to provide sleeping accommodations as provided in this Paragraph 2. A change in the scheduled starting time of the second work period shall occur whenever the second work period commences at any time other than as it appeared on the roll call at the start of the Police Sergeant's last tour of duty, or, if the starting time of the second work period is not established prior to the last tour of duty, it differs from the starting time of the initial work period.

3. In the event a Police Sergeant works from twelve (12) hours to sixteen (16) hours of consecutive overtime, compensatory time and excused time shall be as set forth in Appendix "C".

4. The Port Authority shall not assign any Police Sergeant to work on a regularly scheduled tour of duty at a Facility Police Command other than his permanently assigned Facility Police Command or a Facility Police Command within his consolidated Police Zone except for those conditions set forth below.

c. The practice of Police Sergeants reporting for interviews, medicals, testing and administrative meetings shall remain in effect. Mileage or carfare payments, where applicable, shall be made consistent with Section XLVIII of this Memorandum of Agreement.

d. A Police Sergeant who is assigned to a position identified as a "Detail" in Document M of this Memorandum of Agreement may be assigned to any location outside his permanently assigned Facility Police Command to perform the work of his Detail.

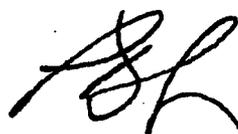

e. A Police Sergeant may be assigned to a Facility Police Command other than his permanently assigned Facility Police Command pursuant to Section XVIII Paragraphs 8 and 9, Section XXVIII Paragraph 8, Appendix "K", Appendix "M" or Appendix "N" of this Memorandum of Agreement.

f. Police Sergeants assigned to PATH may be assigned to cover the Central Police Desk and Police Sergeants assigned to JFKIA may be assigned to cover the Fire School in accordance with the letters of agreement, annexed hereto, dated March 23, 2005 and March 11, 2005, respectively.

g. In addition to the above, a Police Sergeant may be assigned to a Facility Police Command within a contractually designated consolidated Police Zone as follows:

(v) No Police Sergeant shall be ordered and/or instructed and/or requested to use his personal vehicle for transportation from his permanently assigned Facility Police Command to any other location.

(vi) Any Police Sergeant required to report to a location other than his permanently assigned Facility Police Command shall return to his permanently assigned Facility Police Command at the end of his regularly scheduled tour to sign off duty.

(vii) In implementation of this procedure the Port Authority may not create an excess Police Sergeant by failing to fill a normal roll call position in order to use the Police Sergeant who would have filled that position to cover a deficiency at another Facility Police Command.

5. Except as permitted by Paragraph 4 of this Section, any assignment of a Police Sergeant employed in the position described in Job Specification 2605 to work during his regularly scheduled tour of duty at other than a Facility Police Command within the Consolidated Police Zone of his permanently assigned Facility Police Command to perform the work of a Facility Police Command which is not within the Consolidated Police Zone of his permanently assigned Facility Police Command shall result in payment to the Police Sergeant of four (4) hours of pay at his straight time rate in addition to his regular pay for each full tour.

No payment shall be made pursuant to this Paragraph 5 to a Police Sergeant:

If as part of his regular work schedule, a Police Sergeant works on Christmas Eve or New Year's Eve he shall receive in addition to his appropriate pay, an additional hour's pay at his appropriate hourly base rate for each hour actually worked for up to eight hours actually worked, exclusive of preparation time. Nothing herein shall be deemed or construed to establish either Christmas Eve or New Year's Eve as an official police holiday for any purpose other than the payment of the premium payment set forth in this Section and the premium payment set forth in Section XIII(4) of this Memorandum of Agreement.

4. A Police Sergeant in good standing who is separated for such reasons as reduction in force, death or retirement will be granted his full allowance of fourteen days attributable to twelve official police holidays and two days of personal leave regardless of his termination date for the calendar year in which his services terminate. See letter agreement between the parties dated October 16, 1992, annexed hereto.

6. Vacation Exchange/Vacation Carryover Program

a. Vacation Exchange

Effective upon the execution of the Memorandum of Agreement, Police Sergeants will be permitted to participate in the Port Authority's Vacation Exchange Program ("Exchange Program") upon the following terms and conditions. b. Vacation Carryover

1. Police Sergeants shall be permitted to carryover any portion of their annual vacation day allotment up to a total of one year of the Police Sergeant's vacation allotment without limitation. Upon retirement, a Police Sergeant shall be paid for such unused carryover vacation in addition to his unused annual vacation allowance for the year of retirement.

2. In addition to the right to carryover permitted by paragraph 1, Police Sergeants will be permitted to participate in the Port Authority's Vacation Carryover Program ("Carryover Program") upon the following terms and conditions. Police Sergeants meeting the Carryover Program's eligibility criteria have the option to carryover a portion of their annual vacation day allotment without regard to the maximum accumulated vacation carryover limit specified in paragraph 1 ("Vacation Carryover"). Police Sergeants who wish to carryover vacation pursuant to paragraph b(1) or the Carryover Program set forth in paragraph b(2) must notify the Commanding Officer of their facility police command who then will verify that all eligibility criteria have been met and will forward approved requests to the Superintendent of Police.
3. The Police Sergeant's failure to meet eligibility requirements or election not to participate in the Carryover Program shall not affect any vacation carried over from previous years pursuant to paragraph 1 or from earlier participation in the Carryover Program set forth in Paragraph 2.

XVIII. SICK LEAVE

1. Sick leave policies for Police Sergeants shall be administered as set forth in PAI 20-3.03 revised as of August 16, 1968 and annexed hereto as Appendix "E", and PDI 3-8 revised as of March, 1968 and further revised with the agreement of the Association as PDI 2-9 dated July, 1976 and further revised with the agreement of the Association March, 1988 and further revised with the agreement of the Association, dated June, 1998, annexed hereto as Appendix "F". The schedule of allowances for sick leave shall be as set forth in said PAI 20-3.03.

2. Notwithstanding Paragraph 1 hereof, any Police Sergeant on sick leave because of an injury incurred in the line of duty prior to June 21, 1988, will receive payment at his base annual salary rate plus longevity and, as per past practice, all applicable benefits, where necessary, for a period or cumulative periods of absences not to exceed one year resulting from such injury.

3. Notwithstanding Paragraph 1 hereof, and effective June 21, 1988:

- a. Any Police Sergeant absent because of an injury incurred in the line of duty on or after June 21, 1988, will receive payment at his base annual salary rate plus longevity and, as per past practice, all applicable benefits, where necessary, for a period or cumulative periods of absences not to exceed two years resulting from such injury.
- b. Any absence due to injury incurred in the line of duty shall not be considered as sick leave but shall be categorized as injury incurred in the line of duty.

4. Effective upon the execution of this Memorandum of Agreement:

(i) A Police Sergeant who is absent from duty due to an injury incurred in the line of duty shall be carried initially as injured in the line of duty.

(ii) A determination will be made by the Superintendent of Police as to whether a Police Sergeant's absence from duty results from an injury incurred in the line of duty within sixty (60) working days.

(iii) The Superintendent of Police shall issue such determination in writing within sixty (60) working days from the first day of absence allegedly resulting from an injury incurred in the line of duty on or after the date of execution of this Memorandum of Agreement. A copy of the Superintendent's determination will be provided to the Police Sergeant and the Association. Failure on the part of the Police Sergeant to keep an appointment with the Port Authority Office of Medical Services concerning an alleged injury incurred in the line of duty shall be a basis for denial of injury incurred in the line of duty status unless the Police Sergeant can provide to the Office of Medical Services documentation from a physician which establishes that the Police Sergeant was unable to appear for that appointment due to his medical condition.

(iv) Steps One and Two of Appendix "G" annexed to this Memorandum of Agreement shall be waived for disputes concerning any such determination made by the Superintendent of Police. Such disputes shall be referred directly to Step Three: Arbitration of Appendix "G" and the sole issue before the arbitrator shall be whether the absence is to be classified as a sick absence or an absence due to an injury in the line of duty. In any such dispute the grievance must be filed within thirty working days of the receipt of the written determination by the Superintendent of Police. Such grievance shall be filed with the Director of the Labor Relations Department or his designee and the

designated representative of the American Arbitration Association as provided under Step Three of Appendix "G" annexed hereto.

(v) Nothing herein alters the requirements concerning the filing of Form PA 360 in existence prior to the date of execution of this Memorandum of Agreement, which requirements shall continue on that date and thereafter.

5. A Police Sergeant who is injured in the line of duty and who is expected, in the opinion of the Port Authority Office of Medical Services (previously the Medical Department), to be absent from duty for a continuous period in excess of one year resulting from such injury, will continue to receive payment at his base annual salary rate plus longevity and, as per past practice, all applicable benefits, where necessary, for a period of absence up to eighteen months if such injury was incurred prior to June 21, 1988, or for a period of absence up to thirty months if such injury was incurred on or after June 21, 1988, provided the Police Sergeant has applied to the New York State and local Police and Fire Retirement System for accidental disability retirement within six months of the date of such injury and has submitted to the Port Authority a written waiver of his right to a medical termination hearing under PAI 20-1.09, dated September 30, 1970, with respect to any disability resulting from such injury in the line of duty. At any time prior to the end of one year of absence related to such injury in the line of duty, the Police Sergeant shall have the right to withdraw his application for accidental disability retirement and his written waiver of his right to a medical termination hearing, in which case the injury on duty benefit shall be governed by Paragraph 2 or Paragraph 3, whichever is applicable of this Section.

6. An absence resulting from an injury incurred in the line of duty requiring time off for treatment, recuperation or rehabilitation shall not be construed as an occasion of sick absence pursuant to PDI 3-8 revised March, 1968 and further revised with the agreement of the Association as PDI 2-9 dated July, 1976 and further revised with the agreement of the Association March, 1988 and further revised with the agreement of the Association, dated June, 1998, annexed hereto as Appendix "F".

7. The first occasion of absence due to each injury incurred in the line of duty shall be excluded under the vacation forfeiture provisions set forth in Attachment "A", Section IV, Paragraph C and D of Appendix "D". In addition, all occasions of absence due to injuries incurred in the line of duty after June 30, 1998 which are exempt from consideration for purposes of repeated and excessive absence discipline under Appendix "L", annexed hereto, and the days of absence of such occasions, shall be exempt from consideration under the above-referenced vacation forfeiture provisions. Vacation days forfeited pursuant to Attachment "A", Section IV, Paragraphs C and D of Appendix "D" shall be taken as follows: absences beginning and ending in a single calendar year shall only have vacation days forfeited from the calendar year in which the absence occurs; absences which begin in one calendar year and continue into a successor calendar year shall have vacation days forfeited based upon the entire period of absence first from the calendar year in which the absence began and, if the Police Sergeant's remaining vacation

allowance for that year is insufficient to satisfy the forfeiture, then the remainder of the forfeiture shall be taken from the calendar year in which the absence ended.

8. A Police Sergeant no longer receiving full pay due to sick leave or injury incurred in the line of duty will be trained for and assigned to one of three authorized Police Sergeant medically restricted duty positions (which may be in any of the Consolidated Police Zones set forth in Section LV (1) of this Memorandum of Agreement) in the chronological order in which he entered reduced pay status, if, at the time of such assignment:

- a. one or more of the three authorized medically restricted positions is not then filled in accordance with this Paragraph 8;
- b. the Port Authority office of Medical Services deems him physically capable of performing the functions of one of the three authorized medically restricted positions which is not then filled;
- c. in the opinion of the Office of Medical Services, he will not be physically capable of returning to full duty for at least forty-five calendar days from the date of entry into reduced pay status, provided he is expected to return to full duty, or, if not expected to return to full duty, files an application for disability retirement with the New York State and Local Police and Fire Retirement System; and
- d. following any training period determined by the Port Authority to be necessary, he is capable of performing the functions of that authorized medically restricted position.

9. Training for such assignment will be given, when practicable, before the Police Sergeant enters reduced pay status. Such assignment shall continue until the Police Sergeant returns to full duty or leaves Port Authority service. None of the payments provided for in Section XV of this Memorandum of Agreement will be earned by such Police Sergeant on restricted duty either as a result of his initial assignment or of his return to full duty following such an assignment consistent with the provisions of Document "C", annexed hereto.

10. A female Police Sergeant who returns to duty on a medically restricted basis following an occasion of sick absence resulting from pregnancy will not be charged with a subsequent occasion of sick absence for such an absence resulting from childbirth.

11. Each Police Sergeant will receive upon separation in good standing at his base bi-weekly salary rate then in effect additional compensation as follows: for each calendar year commencing January, 1972 during which a Police Sergeant has no unexcused absence or absence for reasons of sickness or injury - two days compensation; for each calendar year during which a Police Sergeant has no unexcused absence and not more than five days of absence for reasons of sickness or injury - one day's compensation. Any such absence for part of a day shall be considered absence for an entire day. All occasions of absence due to injuries incurred in the line of duty after June 30, 1998 which

are exempt from consideration for purposes of repeated and excessive absence discipline under Appendix "L", annexed hereto, and the days of absence of such occasions shall not be counted in the calculation of such additional compensation, if any, attributable to the calendar year 1998 or any calendar year thereafter.

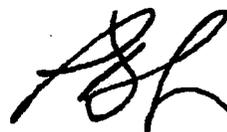

12. The compensation provided for in Paragraph 11 hereof shall be payable with respect to each full calendar year of service as a Police Sergeant and any full calendar year during which a Police Sergeant is promoted to the rank of Police Lieutenant.

13. Each Police Sergeant who requests a copy of medical documents in his Port Authority files shall receive a copy of such documents provided he submits a signed written request therefor to the Office of Medical Services. This right shall not apply to documents subject to applicable Federal or State discovery rules in any Federal or State litigation. In such cases, applicable Federal or State discovery rules shall apply, as determined by the appropriate Federal or State court.

14. In situations in which there is a disagreement between the Port Authority Office of Medical Services (OMS) and a Police Sergeant's treating physician concerning whether a) the Police Sergeant is medically fit to return to full duty, or b) is medically fit to return to duty under a medical restriction, or c) is not medically fit to return either to full duty or under a medical restriction, the OMS shall provide to the Police Sergeant a list of at least three physicians from among whom the Sergeant shall promptly make an appointment for the purpose of obtaining a medical opinion on this issue. If the Police Sergeant requests an additional list of at least three physicians, then the OMS shall provide an additional list to the Police Sergeant, provided that the Police Sergeant makes such request in writing to the OMS within three working days of the Officer's receipt of the first list. The opinion of that physician as to whether a) the Police Sergeant is medically fit to return to full duty, or b) is medically fit to return to duty under a medical restriction, or c) is not medically fit to return either to full duty or under a medical restriction shall be final and binding on the Port Authority, the Police Sergeant and the Association and not subject to the grievance-arbitration procedures of the Memorandum of Agreement.

XIX. RETIREMENT

1. Subject to applicable law, retirement benefits for Police Sergeants shall be those provided by the New York State and Local Police and Fire Retirement System under the programs applicable to Port Authority Police Sergeants pursuant to the New York Retirement and Social Security Law. In addition, the Port Authority shall continue to elect to offer Police Sergeants the program under Section 375-i (with the last year final average salary option under Section 302 (9) (d)) of the New York Retirement and Social Security Law. In addition, the Port Authority shall elect, effective January 1, 1994 or the next legally permissible day if January 1, 1994 is not permissible under the New York Retirement and Social Security Law, to make contributions to the New York State and Local Police and Fire Retirement System for the purpose of providing an additional pension pursuant to Section 384-e of the New York Retirement and Social Security Law.

2. Any longevity, shift differential, premium or other payments (including preparation allowances) made to Police Sergeants pursuant to this Memorandum of Agreement, shall not constitute base salary for the purposes of this Memorandum of Agreement but shall be reported to the New York State and Local Police and Fire Retirement System as compensation for retirement allowance computation purposes to the extent said System includes such payments for retirement allowance computation purposes.

XX. EMPLOYMENT SECURITY

1. During the term of this Memorandum of Agreement, no Police Sergeant shall be deprived of his employment as a Port Authority Police Sergeant (a) by reason of the replacement of police with non-police employees (i) on the catwalks at the Holland and Lincoln Tunnels, (ii) on posts numbered 53 and 56 at the Holland Tunnel (as those posts were numbered on October 19, 1974), and (iii) at the emergency garages at the Holland and Lincoln Tunnels and the George Washington Bridge, or (b) by reason of the abolition or modification of the requirements for additional police coverage at John F. 2. In addition to the employment security provided in Paragraph 1 hereof, during the term of this Memorandum of Agreement, tenure of employment for Police Sergeants shall be in accordance with the provisions of the Port Authority Tenure of Office Resolution adopted on February 13, 1969. Should separation or demotion become necessary pursuant to said Resolution for other than disciplinary reasons, mental or physical disability, or mandatory retirement, a procedure shall be negotiated between the Port Authority and the Association as soon as practicable after the execution of this Memorandum of Agreement, and such negotiations shall commence within 30 days of such execution. Prior to the completion of such negotiations, the applicable procedure shall be as set forth in paragraph K of Part IV of Document "C" annexed hereto.

XXI. PROMOTION TO THE RANK OF POLICE LIEUTENANT

Procedural elements for promotion of Police Sergeants to the rank of Police Lieutenant, if applicable, shall be as set forth in Appendix "J" annexed hereto. Neither this Section nor Appendix "J" shall be subject to the grievance-arbitration procedures provided for in this Memorandum of Agreement. All occasions of absence due to injuries incurred in the line of duty after the date of execution of this Memorandum of Agreement which are exempt from consideration for purposes of repeated and excessive absence discipline under Appendix "L", annexed hereto, and the days of absence of such occasions shall not be used as a criterion for promotion under Appendix "J".

XXII. GRIEVANCE ARBITRATION /DISCIPLINARY PROCEDURE

A grievance-arbitration/disciplinary procedure for processing grievances filed on or after the date of execution of this Memorandum of Agreement with respect to the alleged violation of any provision (other than Paragraph one of Section II, Paragraph fourteen of Section XVIII, Section XXI and Appendix "J" annexed hereto, Section XXIX, Section XXX, Paragraph one of Section XXXIII, the second sentence of paragraph seven of Section XXXIV and Section LII and disputes concerning "Unit Work" and disputes concerning any transfer of a Police Sergeant or denial thereof if the Superintendent of Police declares in writing that such transfer or denial is deemed necessary for the good of the service and sets forth the reason or reasons therefor, which disputes, as set forth in that procedure, shall not be subject to nor processed through that procedure nor submitted to arbitration) of this Memorandum of Agreement is annexed to this Memorandum of Agreement as Appendix "G". The leave of absence policy for Police Sergeants shall be as set forth in PAI 20-3.06 as revised through June 30, 1976, (annexed hereto as Document "D"), except that, notwithstanding any provision of such PAI 20-3.06, a Police Sergeant who has been granted a leave of absence pursuant to such policy on or after June 21, 1988, must be reinstated as a Police Sergeant upon return from such leave, provided the Port Authority Office of Medical Services determines that the Police Sergeant is medically fit to return to duty.

2. The maternity leave of absence policy for Police Sergeants shall be as set forth in PAI 20-3.12, dated August 6, 1981, annexed hereto as Document E, except that an absence on account of pregnancy or on account of maternity leave shall not constitute absences for purposes of establishing "repeated and excessive" absences for disciplinary action. Absences on account of pregnancy or on account of maternity leave shall not be relied upon to enforce vacation forfeiture or the loss of a Retirement Day nor shall such absences be relied upon to deny a training opportunity or a promotion opportunity. In order for a Police Sergeant to avail herself of the foregoing, the Police Sergeant must inform the Absence Control Unit (ACU) or the Office of Medical Services with her notification of absence that the absence is on account of pregnancy.

No Police Sergeant covered by this Memorandum of Agreement shall participate in any way in the disciplinary investigation of any other Police Sergeant covered by this Memorandum of Agreement.

c. If in the course of an interview between a supervisor and a Police Sergeant it appears that the matter under discussion may result in disciplinary action against the Police Sergeant, he shall have the right to have his Association representative present before the interview proceeds.

d. Disciplinary charges must be filed no more than one year after the Port Authority knows of the alleged commission of the offense charged. A copy of all filed disciplinary charges must be mailed to the president of the Association no later than 14 days after the filing of such charges. A copy of the disciplinary charges must be transmitted to the Office of the Association, addressed to the President of the Association, by certified mail, return receipt requested, and the date of certification shall constitute the date of filing.

e. A disciplinary charge of repeated violations of Port Authority rules and regulations may only be based on prior discipline having been imposed.

f. (i) The compulsory leave without pay maximum penalty which may be imposed pursuant to a hearing in accordance with Paragraph XI of Document G annexed to this Memorandum of Agreement as amended by this Section XXVII shall be ten (10) consecutive calendar days in place of the prior maximum three day penalty. Any lesser compulsory leave without pay penalty imposed must be imposed in consecutive calendar days.

(ii) The compulsory leave without pay maximum penalty which may be imposed pursuant to a hearing in accordance with Step Three of Appendix G annexed to this Memorandum of Agreement on disciplinary charges which seek any disciplinary action enumerated in Paragraph V B of Document G annexed hereto shall be ten (10) consecutive days. Any lesser compulsory leave without pay penalty imposed pursuant to such a hearing must be imposed in consecutive calendar days.

g. With respect to disciplinary charges filed on or after June 30, 1998:

(ii) Paragraphs IX E (3) and (4) of Document G annexed to this Memorandum of Agreement shall not be applicable to such disciplinary charges and in lieu of IX E (3) and (4) the following shall be substituted:

3. In the event that he is of the opinion that any disciplinary action enumerated in Paragraph V A hereof, as amended by Section XXVII of this Memorandum of Agreement is to be sought, he shall submit the charges directly to Step Three of Appendix "G" annexed to this Memorandum of Agreement for handling as provided therein for charges seeking such disciplinary action.

4. In the event that he is of the opinion that any disciplinary action enumerated in Paragraph V B hereof, as amended by Section XXVII of this Memorandum of Agreement is to be sought, he shall submit the charges directly to Step Three of Appendix "G" annexed to this Memorandum of Agreement for handling as provided therein for charges seeking such disciplinary action.

(iii) Such disciplinary charges may be served either personally or by registered mail at the last known address of the Police Sergeant on file with the Port Authority.

(iv) Except as provided in Appendix "O" annexed to this Memorandum of Agreement, the only disciplinary hearing of any kind to which Police Sergeants are entitled in connection with such disciplinary charges which seek any disciplinary action enumerated in paragraph V B of Document G annexed hereto as amended by this Section XXVII shall be that provided for at Step Three of Appendix "G" annexed to this Memorandum of Agreement, and the only disciplinary hearing of any kind to which Police Sergeants are entitled in connection with such disciplinary charges which seek any disciplinary action enumerated in Paragraph V A of Document G annexed hereto as

amended by this Section XXVII shall be that provided for at Step Three of Appendix "C" annexed to this Memorandum of Agreement.

h. The Port Authority shall provide upon request by the charged Police Sergeant or his representative prior to the disciplinary hearing copies of the evidence it intends to present at the hearing, including statements, photographs, recordings and other writings made in the normal course of business but excluding attorney work product. The Port Authority shall provide such discovery no later than twenty-eight days prior to the scheduled hearing date or within ten days of receipt of the request, whichever is later. Failure to provide such discovery by such date shall be a basis for adjournment in the discretion of the person before whom such hearing is to be held, provided that if such discovery is provided within fourteen days of the hearing date it shall be an automatic basis for adjournment if requested.

i. (i) If a Police Sergeant is administratively suspended, disciplinary charges must be filed against the Police Sergeant no later than one hundred and twenty days after the first day of that suspension to continue him on administrative suspension. If the disciplinary charges are not filed within that period, the Police Sergeant shall be removed from administrative suspension no later than the end of the one hundred and twenty day period and he shall receive payment with respect to the period of his administrative suspension in an amount based upon an estimate of missed opportunities to earn overtime during his administrative suspension. The estimate shall be determined as provided in the next paragraph.

(ii) A Police Sergeant against whom disciplinary charges have been filed and who has been administratively suspended but who has not been dismissed from employment shall receive payment of an amount based on an estimate of his missed opportunities to earn overtime during that administrative suspension. The estimate shall be determined as follows:

First, an initial estimate shall be determined by use of the following formula:

$$\frac{a}{b} = \frac{c}{d}$$

where "a" is the average overtime earned per pay period by the suspended Police Sergeant during the seventy-eight (or the actual number if less than seventy-eight) pay periods immediately prior to the pay period during which his suspension commenced;

"b" is the average overtime earned per pay period per Police Sergeant during those seventy-eight (or the actual number if less than seventy-eight) pay periods at the Police Command to which the suspended police Sergeant was

assigned during that period. If the Police Sergeant was assigned to more than one Police Command during that period, then the average overtime for the period shall be determined by using average overtime earned per Police Sergeant at each Police Command to which the Police Sergeant was assigned during that period for the pay periods he was assigned to that Police Command;

"c" is the initial estimate of the Police Sergeant's missed overtime earned per pay period to be determined, and

"d" is the average overtime earned per pay period per Police Sergeant at the Police Command to which the suspended Police Sergeant is assigned during the same pay periods of the Police Sergeant's administrative suspension.

Upon determination of "c", that amount shall be multiplied by the number of pay periods that the Police Sergeant was on administrative suspension, provided that any pay period during that suspension in which the Police Sergeant was absent due to sickness or injury incurred in the line of duty on at least half of his scheduled work days shall not be used in that multiplication. Then, from that amount shall be subtracted all overtime, if any, earned by the Police Sergeant during the suspension. The resulting balance shall be paid to the Police Sergeant for missed overtime.

j. If a Police Sergeant who is suspended without pay is changed to administrative suspension or returned to full duty he shall receive payment of his full pay for the period during which he was suspended without pay except payment for missed overtime opportunities. If such Police Sergeant is not dismissed from employment the calculation of missed overtime opportunities shall be made in accordance with the method set forth in paragraph i (ii), above, except that the period of suspension shall include the period during which the Police Sergeant was suspended without pay.

k. A Police Sergeant charged in a disciplinary proceeding shall not be permitted to take personal leave on a day for which a hearing in that disciplinary proceeding is scheduled, provided however, if the person before whom such hearing is to be held grants an adjournment of the hearing scheduled for a particular day, personal leave may be taken on that day.

l. The following shall be substituted for and implemented in lieu of Rule 4 in Document F of this Memorandum of Agreement:

Rule 4. Warnings required in cases of Criminal Investigation or Criminal charges against employee

If an employee is under arrest, or is a subject of a criminal investigation, or there is a substantial likelihood that criminal charges against the employee may result from the investigation, he shall be given a written statement as to the alleged criminal matter(s) under investigation and he shall be warned of his rights as follows:

"I wish to advise you that you are being questioned as part of an official investigation by the Port Authority Police. You will be asked questions specifically directed and narrowly related to the performance of your official duties with respect to the alleged criminal matter(s) under investigation. You are entitled to all the rights and privileges guaranteed by the laws of the State of New York or New Jersey, the constitutions of these states and the Constitution of the United States, including the right not to be compelled to incriminate yourself and the right to have legal counsel present at each and every stage of this investigation.

I further wish to advise you that if you refuse to testify or to answer questions relating to the performance of your official duties with respect to the alleged criminal matter(s) under investigation, you will be subject to Port Authority disciplinary charges which could result in your dismissal from the Port Authority. You have use immunity, that is, if you do answer, neither your statements nor any information or evidence which is gained by reason of such statements may be received in evidence against you in any subsequent criminal proceeding. However, these statements can be used against you in relation to subsequent Port Authority disciplinary charges."

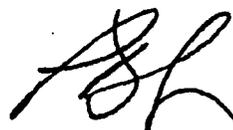

If the employee will be asked questions related to his official duties performed in the State of New Jersey, the Port Authority will obtain a written grant of use immunity with respect thereto from a county prosecutor having jurisdiction prior to asking those questions, and the written grant of use immunity will be shown to the employee.

m. Rule 3. Clarification of Application of PDI 2-6, Rule 3 and General Rule and Regulation Section 9, Rule 3 to interviews of witnesses, in accordance to Document R, annexed hereto. The notice and time off provisions applicable to waivers as set forth in Document S, annexed hereto, shall apply equally to all Rule 3 interviews.

3. The disciplinary standards and penalties with respect to Repeated and Excessive Absence shall be as set forth in Appendix "L", annexed hereto.

4. Counseling of Police Sergeants does not constitute discipline.

5. Effective on the date of execution of this Memorandum of Agreement, any waiver of a disciplinary hearing for minor disciplinary charges as defined in Document G, Paragraph V.B., as amended by Section XXVII of the Memorandum of Agreement executed by a Police Sergeant will be deemed null and void and expunged from the Police Sergeant's personnel files two (2) years after the execution thereof, provided the following conditions are satisfied:

- a. The waiver was executed prior to the date the matter was heard in arbitration; and
- b. The Police Sergeant has not been served with Charges and Specifications and/or Notice of Pending Charges in the two (2) years following the execution of the waiver.

Assuming the aforesaid conditions are satisfied, the Police Sergeant shall submit a request for expungement in writing addressed to the Superintendent of Police and his Commanding Officer identifying the waiver to be removed. All qualifying waivers will be removed within thirty (30) working days of the date that the Police Sergeant submitted the expungement request.

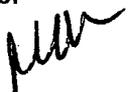

XXVIII. JOB DUTIES AND RESPONSIBILITIES

1. During the term of this Memorandum of Agreement, no Police Sergeant shall, except in emergencies or as provided in this Memorandum of Agreement, be required on a recurring basis to perform duties not contained in Job specification No. 2605 dated September, 1976, or 2606 dated November, 1972 and revised September 1981 annexed hereto, provided that Police Sergeants may be required to perform the duties of Tour Commander at any facility if such position is scheduled to be filled by a Police Sergeant; however, if a Tour Commander position on any tour of duty at any facility is scheduled to be filled by a Police Lieutenant, a Police Sergeant will perform the duties of Tour Commander at the facility in replacement of any Lieutenant only in accordance with the provisions of Paragraph 3 of this Section.

2. Any responsibilities of Police Sergeants with respect to non-police Port Authority personnel or personnel who are not Port Authority employees, including those currently employed, shall be limited to assuring the protection of life and property at Port Authority facilities. However, Police Sergeants may supervise, train, and otherwise administer non-police personnel directly associated with public safety functions.

3. Police Sergeants may only be used to replace absent Police Lieutenants at straight-time Police Sergeant rates for the first day of each absence of a Lieutenant due to a sickness, injury on duty or unplanned personal emergencies such as illness or death in family. In any other instance in which a Police Sergeant is used to fill and assume the responsibilities of a position scheduled to be filled by a Police Lieutenant who is absent, he will receive a premium of one-half his straight time rate for up to eight hours worked in connection with such tour (exclusive of preparation time). Any overtime hours (exclusive of preparation time) voluntarily worked by the Police Sergeant in connection with such tour will be paid for exclusively at his normal overtime rate computed in accordance with Section XIII hereof.

4. Direct supervision of Detectives shall be the exclusive responsibility of Detective Sergeants, Job specification 2606. With respect to special programs or

investigations involving Detectives and/or Police Officers in plainclothes, including matters involving the Port Authority Inspector General's Office or programs or task forces involving outside agencies such as, for example, the U.S. Drug Enforcement Agency or the Newark Auto Task Force, the direct supervision of Detectives and the supervision of Police Officers in plainclothes performed by Detective Sergeants shall be consistent with Appendix "N" annexed hereto.

5. Detective Sergeants, Job Specification 2606, shall be responsible for supervising Police Officers who are assigned to perform duties in plainclothes, provided, however, that Police Sergeants, Job Specification 2605, may be assigned in plainclothes to supervise Police Officers in the Bus Terminal Youth Services Squad, and J.F.K.I.A. - 6. Involuntary removal of current occupant as a result of disciplinary action; or
- 7. Involuntary removal of current occupant for "demonstrable cause".

After each current occupant vacates one of these positions the Superintendent of Police shall in his discretion determine which Police Sergeant is assigned to that position. In addition, if the Superintendent of Police in his discretion chooses to assign the performance of any other instructional work to a Police Sergeant, he shall in his discretion determine who is assigned to perform the work and such assignment shall not establish

any right in the Association to claim the work performed as its unit work.

7. All training opportunities will be filled using the following procedures:

- a. Training programs will be announced and posted on all Bulletin Boards.
- b. The announcement shall set forth the nature of the training, and indicate any limitations dealing with the training opportunity or subsequent detail assignment, if applicable.
- c. Any Police Sergeant who is not selected may request in writing the reason that he was not selected for the training, and such request shall be responded to in writing.
