In March 2015 PANYNJ released a Midtown Bus Master Planning Update Update. The Update states that the PANYNJ's team of consultants analyzed 20 initial alternatives screened down to 5 working concepts. Developed construction staging and cost estimates. I am requesting a copy of that analysis of the screening of 20 alternatives down to 5 and the development of the construction costs. I presume the record is in electronic format. I am requesting the electronic version of the document.
