### List of specific record(s):

Greetings PA staff, I am seeking data regarding usage of the utilization rates of the "TNNIS Climb" emanating from LaGuardia Airport's runway 13. The FAA has occasionally released specific data regarding usage of the route, and have suggested that the data is kept at the Port Authority. I am seeking usage rates of the route in every year from 2012 to 2015. Please note that I am not seeking runway use data for runway 13. I am looking specifically for TNNIS Climb data. I realize that the Climb has several variations TNNIS 4, TNNIS 5 and TNNIS 6. For purposes of this inquiry, I am unconcerned with the variations of TNNIS and do not need them separated out. I am also hoping that the cost can be kept to a minimum, as this data will be useful in my assistance with Queens Quiet Skies. Thank you very much for your cooperation. Respectfully, Brian Will
