exceed an amount equal to eight-tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four (24) late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (15) (but not less than thirteen (13)) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Permit. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority to payment of any late charge or late charges payable under the provisions of this Section with respect to such unpaid amount. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including without limitation the Port Authority's rights set forth in Section 2 of these Terms and Conditions, or (ii) any obligations of the Permittee under this Permit. In the event that any late charge imposed pursuant to this Section shall exceed a legal maximum applicable to such late charge, then, in such event, each such late charge payable under this Permit shall be payable instead at such legal maximum.

15. Non-discrimination:

(a) Without limiting the generality of any of the provisions of this Permit, the Permittee, for itself, its successors in interest and assigns, as a part of the consideration hereof, does hereby agree that (1) no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or be otherwise subject to discrimination in the use of any space at the Airport and the exercise of any privileges under this Permit, (2) that in the construction of any improvements on, over, or under any space at the Airport and the furnishing of any service thereon by the Permittee, no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or otherwise be subject to discrimination, (3) that the Permittee shall use any space at the Airport and exercise any privileges under this Permit in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the Permittee's operations thereat, whether by reason of agreement between the Port Authority and the United States Government or otherwise.

(b) The Permittee shall include the provisions of paragraph (a) of this Section in every agreement or concession it may make pursuant to which any Person or Persons, other than the Permittee, operates any facility at the Airport providing services to the public and shall also include therein a provision granting the Port Authority a right to take such action as the United States may direct to enforce such provisions.

(c) The Permittee's noncompliance with the provisions of this Section shall constitute a material breach of this Permit. Without limiting any other term or provision hereof or any other rights or remedies of the Port Authority hereunder or at law or equity, in the event of the breach by the Permittee of any of the above non-discrimination provisions, the Port Authority may take any appropriate action to enforce compliance or by giving twenty-four (24) hours' notice, may revoke this Permit and the permission hereunder; or may pursue such other remedies as may be provided by law; and as to any or all of the foregoing, the Port Authority may take such action as the United States may direct.

(d) Without limiting any other term or provision hereof, the Permittee shall indemnify and hold harmless the Port Authority from any claims and demands of third Persons, including the United States of America, resulting from the Permittee's noncompliance with any of the provisions of this Section and the Permittee shall reimburse the Port Authority for any loss or expense incurred by reason of such noncompliance.

(e) Nothing contained in this Section shall grant or shall be deemed to grant to the Permittee the right to transfer or assign this Permit, to make any agreement or concession of the type mentioned in paragraph (b) hereof, or any right to perform any construction on any space at the Airport, or any right to use or occupy any space at the Airport.

16. Affirmative Action:

The Permittee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Permittee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Permittee assures that it will require that its covered suborganizations provide assurances to the Permittee that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

17. Rules and Regulations:

(a) The Permittee shall observe and obey (and compel its officers, employees, guests, invitees, and those doing business with it, to observe and obey) the rules and regulations and procedures of the Port Authority now in effect, and such further reasonable rules and regulations and procedures which may from time to time during the effective period of this Permit, be promulgated by the Port Authority for reasons of safety, health, preservation of property or maintenance of a good and orderly appearance of the Airport or for the safe and efficient operation of the Airport. The Port Authority agrees that, except in cases of emergency, it shall give notice to the Permittee of every rule and regulation hereafter adopted by it at least five (5) days before the Permittee shall be required to comply therewith.

(b) The Permittee shall promptly observe, comply with and execute the provisions of any and all present and future rules and regulations, requirements, orders and directions of the New York Board of Fire Underwriters and the New York Fire Insurance Exchange, and any other body or organization exercising similar functions which may pertain or apply to the Permittee's operations hereunder. If by reason of the Permittee's failure to comply with the provisions of this Section, any fire insurance, extended coverage or rental insurance rate on the Airport or any part thereof, or upon the contents of any building thereon, shall at any time be higher than it otherwise would be, then the Permittee shall on demand pay the Port Authority that part of all fire insurance premiums paid or payable by the Port Authority which shall have been charged because of such violation by the Permittee.

18. Prohibited Acts

(a) The Permittee shall not do or permit to be done any act which

(i) will invalidate or be in conflict with any fire insurance policies covering the Airport or any part thereof or upon the contents of any building thereon, or

(ii) will increase the rate of any fire insurance, extended coverage or rental insurance on the Airport or any part thereof or upon the contents of any building thereon, or

(iii) in the opinion of the Port Authority will constitute a hazardous condition, so as to increase the risks normally attendant upon the operations contemplated by this Permit, or

(iv) may cause or produce upon the Airport any unusual noxious or objectionable smokes, gases, vapors or odors, or

(v) may interfere with the effectiveness or accessibility of any drainage and sewerage system, water system, communications system, fire protection system, sprinkler system, alarm system, fire hydrant and hose, if any, installed or located or to be installed or located in or on the Airport, or

(vi) shall constitute a nuisance or injury in or on the Airport or which may result in the creation, commission or maintenance of a nuisance or injury in or on the Airport.

For the purpose of this paragraph (a), "Airport" includes all structures located thereon.

(b) The Permittee shall not dispose of, release or discharge nor permit anyone to dispose of, release or discharge any Hazardous Substance on the Airport except that the Permittee may release or discharge de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder so long as such release or discharge is not a violation of the terms and conditions of Sections 17 or 19 hereof. In addition to and without limiting Section 19 hereof, any Hazardous Substance disposed of, released or discharged by the Permittee (or permitted by the Permittee to be disposed of, released or discharged) on the Airport shall upon notice by the Port Authority to the Permittee and subject to the provisions of Sections 17 and 19 hereof and to all Environmental Requirements, be completely removed and/or remediated by the Permittee at its sole cost and expense, provided, however, the forgoing shall not apply to releases and discharges which are in compliance with the terms and conditions of Sections 17 and 19 hereof of de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder and the obligation of the Permittee to remove and remediate such de-icing fluids shall be as required by the terms and conditions of Sections 17 and 19 hereof. The obligations of the Permittee pursuant to this paragraph shall survive the expiration, revocation, cancellation or termination of this Permit.

(c) The Permittee shall not dispose of nor permit anyone to dispose of any waste materials (whether liquid or solid) by means of any toilets, sanitary sewers or storm sewers.

(d) (i) The Permittee shall not employ any persons or use any labor, or use or have any equipment, or permit any condition to exist, which shall or may cause or be conducive to any labor complaints, troubles, disputes or controversies at the Airport which interfere or are likely to interfere with the operation of the Airport or any part thereof by the Port Authority or with the operations of the lessees, licensees, permittees or other users of the Airport or with the operations of the Permittee under this Permit.

(ii) The Permittee shall immediately give notice to the Port Authority (to be followed by written notice and reports) of any and all impending or existing labor complaints, troubles, disputes or controversies and the progress thereof. The Permittee shall use its best efforts to resolve any such complaints, troubles, disputes or controversies.

(iii) The Permittee acknowledges that it is familiar with the general and local conditions prevailing at the Airport and with the all pertinent matters and circumstances which may in any way affect performance of the privileges granted under this Permit.

(e) The Permittee shall not solicit business on the public areas of the Airport and the use, at any time, of hand or standard megaphones, loudspeakers or any electric, electronic or other amplifying device is hereby expressly prohibited.

(f) The Permittee shall not install any fixtures or make any alterations, additions, improvements or repairs to any property of the Port Authority except with the prior written approval of the Port Authority.

(g) No signs, posters or similar devices shall be erected, displayed or maintained at the Airport without the written approval of the General Manager of the Airport; and any not approved by such General Manager or not removed by the Permittee upon the termination, revocation, expiration or cancellation of this Permit may be removed by the Port Authority at the expense of the Permittee.

(h) The Permittee shall not operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated.

(i) The Permittee shall not use any cleaning materials having a harmful or corrosive effect on any part of the Airport.

(j) The Permittee shall not fuel or defuel any equipment in any enclosed space at the Airport without the prior approval of the General Manager of the Airport except in accordance with Port Authority rules and regulations.

(k) The Permittee shall not start or operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated and unless such engine is equipped with a proper spark-arresting device.

19. Law Compliance:

(a) The Permittee shall procure all licenses, certificates, permits or other authorization from all governmental authorities, if any, having jurisdiction over the Permittee's operations at the Airport which may be necessary for the Permittee's operations thereat.

(b) The Permittee shall pay all taxes, license, certification, permit and examination fees and excises which may be assessed, levied, exacted or imposed on its property or operations at the Airport or on the Gross Receipts or income therefrom, and shall make all applications, reports and returns required in connection therewith.

(c) The Permittee shall promptly observe, comply with and execute the provisions of any and all present and future governmental laws, rules, regulations, requirements, orders and directions which may pertain or apply to the Permittee's operations at the Airport.

(d) The Permittee's obligations to comply with governmental requirements are provided herein for the purpose of assuring proper safeguards for the protection of Persons and property at the Airport and are not to be construed as a submission by the Port Authority to the application to itself of such requirements or any of them.

(e) The Port Authority has agreed by a provision in the City Lease with the City covering the Airport to conform to the enactments, ordinances, resolutions and regulations of the City and of its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection, to the extent that the Port Authority finds it practicable so to do. The Permittee shall, within forty-eight (48) hours after its receipt of any notice of violation, warning notice, summons, or other legal process for the enforcement of any such enactment, ordinance, resolution or regulation, deliver the same to the Port Authority for examination and determination of the applicability of the agreement of lease provision thereto. Unless otherwise directed in writing by the Port Authority, the Permittee shall conform to such enactments, ordinances, resolutions and regulations insofar as they relate to the operations of the Permittee at the Airport. In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Permittee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Permittee of a written direction from the Port Authority, such compliance shall not constitute a breach of this Permit, although the Port Authority thereafter notifies the Permittee to refrain from such compliance. Nothing herein contained shall release or discharge the Permittee from compliance with any other provision hereof respecting governmental requirements.

20. Trademarks and Patent Infringement:

The Permittee represents that it is the owner of or fully authorized to use or sell any and all services, processes, machines, articles, marks, names or slogans used or sold by it in its operations under or in any wise connected with this Permit.

21. Inspection:

The Port Authority shall have the right at any time and as often as it may consider it necessary to inspect the Permittee's machines and other equipment, any services being rendered, any merchandise being sold or held for sale by the Permittee, and any activities or operations of the Permittee hereunder. Upon request of the Port Authority, the Permittee shall operate or demonstrate any machines or equipment owned by or in the possession of the Permittee on the Airport or to be placed or brought on the Airport, and shall demonstrate any process or other activity being carried on by the Permittee hereunder. Upon notification by the Port Authority of any deficiency in any machine or piece of equipment, the Permittee shall immediately make good the deficiency or withdraw the machine or piece of equipment from service, and provide a satisfactory substitute.

22. Federal Aid:

(a) The Permittee shall

(i) furnish good, prompt and efficient service hereunder, adequate to meet all demands therefor at the Airport;

(ii) furnish said service on a fair, equal and non-discriminatory basis to all users thereof; and

(iii) charge fair, reasonable and non-discriminatory prices for each unit of sale or service, provided that the Permittee may make reasonable and non-discriminatory discounts, rebates or other similar types of price reductions to volume purchasers.

As used in the above subsections "service" shall include furnishing of parts, materials and supplies (including sale thereof).

(b) The Port Authority has applied for and received a grant or grants of money from the Administrator of the Federal Aviation Administration pursuant to the Airport and Airways Development Act of 1970, as the same has been amended and supplemented, and under prior federal statutes which said Act superseded and the Port Authority may in the future apply for and receive further such grants. In connection therewith the Port Authority has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees and permittees thereon. The performance by the Permittee of the promises and obligations contained in this Permit is therefore a special consideration and inducement to the issuance of this Permit by the Port Authority, and the Permittee further agrees that if the Administrator of the Federal Aviation Administration or any other governmental officer or body having jurisdiction over the enforcement of the obligations of the Port Authority in connection with Federal Airport Aid, shall make any orders, recommendations or suggestions respecting the performance by the Permittee of its obligations under this Permit, the Permittee will promptly comply therewith at the time or times, when and to the extent that the Port Authority may direct.

23. Capacity and Competition:

(a) The Permittee shall refrain from entering into continuing contracts or arrangements with any third Person for furnishing services covered hereunder when such contracts or arrangements will have the effect of utilizing to an unreasonable extent the Permittee's capacity for rendering such services. A reasonable amount of capacity shall be reserved by the Permittee for the purpose of rendering services hereunder to those who are not parties to continuing contracts with the Permittee.

(b) The Permittee shall not enter into any agreement or understanding, express or implied, binding or non-binding, with any other Person who may furnish services at the Airport similar to those furnished hereunder which will have the effect of (i) fixing rates and charges to be paid by users of the services; (ii) lessening or preventing competition between the Permittee and such other furnishers of services; or (iii) tending to create a monopoly on the Airport in connection with the furnishing of such services.

24. Business Development and Records:

(a) In connection with the exercise of the privileges granted hereunder, the Permittee shall:

(i) use its best efforts in every proper manner to develop and increase the business conducted by it hereunder;

(ii) not divert or cause or allow to be diverted, any business from the Airport;

(iii) maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of the Permittee at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify the Authorized Service and all other services performed at the Airport, and;

(iv) cause any company which is owned or controlled by the Permittee, or any company which owns or controls the Permittee, if any such company performs services similar to those performed by the Permittee (any such company being hereinafter called an "Affiliate" and all such companies being hereinafter called the "Affiliates") to maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of each Affiliate at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify each activity (including without limitation the Authorized Service) performed at the Airport;

(v) permit and/or cause to be permitted in ordinary business hours during the effective period of this Permit, for one (1) year thereafter, and during such further period as is mentioned in the preceding paragraphs (a)(iii) and (a)(iv), the examination and audit by the officers, employees and representatives of the Port Authority of all the records and books of account of the Permittee (including without limitation all corporate records and books of account which the Port Authority in its sole discretion believes may be relevant for the identification, determination or calculation of Gross Receipts all agreements, and all source documents) and all the records and books of account of all Affiliates (including without limitation all corporate records and books of account which the Port Authority in its sole discretion believes may be relevant for the identification, determination or calculation of Gross Receipts, all agreements, and all source documents) (all of the foregoing records and books described in this paragraph (a)(v) being hereinafter collectively referred to as the "Books and Records") within ten (10) days following any request by the Port Authority from time to time and at any time to examine and audit any Books and Records;

(vi) permit the inspection by the officers, employees and representatives of the Port Authority of any equipment used by the Permittee, including but not limited to the equipment described in paragraph (a)(vii) below; and

(vii) install and use such cash registers, sales slips, invoicing machines and any other equipment or devices, including without limitation computerized record keeping systems, for recording orders taken, or services rendered, as may be appropriate to the Permittee's business and necessary or desirable to keep accurate records of Gross Receipts, and without limiting the generality of the foregoing, for any privilege involving cash sales, install and use cash registers or other electronic cash control equipment that provides for non-resettable totals.

(b) Without implying any limitation on the right of the Port Authority to revoke this Permit for cause for breach of any term, condition or provision thereof, including but not limited to, breach of any term, condition or provision of paragraph (a) above, the Permittee understands that the full reporting and disclosure to the Port Authority of all Gross Receipts and the Permittee's compliance with all the provisions of paragraph (a) above are of the utmost importance to the Port Authority in having entered into the percentage fee arrangement under this Permit. In the event any Books and Records are maintained outside the Port of New York District or in the event of the failure of the Permittee to comply with all the provisions of paragraphs (a)(ii) through (a)(vii) above then, in addition to all, and without limiting any other, rights and remedies of the Port Authority under this Permit or otherwise and in addition to all of the Permittee's other obligations under this Permit:

(i) the Port Authority may estimate the Gross Receipts on any basis that the Port Authority, in its sole discretion, shall deem appropriate, such estimation to be final and binding on the Permittee and the fees based thereon shall be payable to the Port Authority when billed; and/or

(ii) if any Books and Records are maintained outside of the Port of New York District, then the Port Authority in its sole discretion may (x) require on ten (10) days' notice to the Permittee that any such Books and Records be made available to the Port Authority within the Port of New York District for examination and audit pursuant to paragraph (a)(v) hereof and/or (y) examine and audit any such Books and Records pursuant to paragraph (a)(v) at the location(s) they are maintained and if such Books and Records are maintained within the contiguous United States the Permittee shall pay to the Port Authority when billed all travel costs and related expenses, as determined by the Port Authority, for Port Authority auditors and other representatives, employees and officers in connection with such examination and audit and if such Books and Records are maintained outside the contiguous United States the Permittee shall pay to the Port Authority when billed all costs and expenses of the Port Authority, as determined by the Port Authority, of such examination and audit, including but not limited to, salaries, benefits, travel costs and related expenses, overhead costs, and fees and charges of third party auditors retained by the Port Authority for the purpose of conducting such audit and examination.

(c) In the event that upon conducting an examination and audit as described in this Section the Port Authority determines that unpaid amounts are due to the Port Authority by the Permittee (the "*Audit Findings*"), the Permittee shall be obligated, and hereby agrees, to pay to the Port Authority a service charge in the amount equal to five percent (5%) of the Audit Findings. Each such service charge shall be payable immediately upon demand (by notice, bill or otherwise) made at any time therefor by the Port Authority. Such service charge (s) shall be exclusive of, and in addition to, any and all other moneys or amounts due to the Port Authority by the Permittee under this Permit or otherwise. Such service charge shall not be payable if the Port Authority has received, for each month covered by the examination and audit period, the Monthly Sworn Statement of Gross Receipts, as provided in Section 4(a)(ii). No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid service charge shall be deemed a waiver of the right of the Port Authority of payment of any late charge(s) or other service charge(s) payable under the provisions of this Section with respect to such unpaid amount. Each such service charge shall be and become fees, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the fees to be paid. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including, without limitation, the Port Authority's rights to revoke this Permit or (ii) any obligations of the Permittee under this Permit.

(d) Without implying any limitation on the rights or remedies of the Port Authority under this Permit or otherwise including without limitation the right of the Port Authority to revoke this Permit for cause for breach of any term or provision of paragraphs (a)(iii) or (a)(iv) above and in addition thereto, in the event any of the Books and Records are not maintained in English, then this Permittee shall pay to the Port Authority when billed, all costs and expenses of the Port Authority, as determined by the Port Authority, to translate such Books and Records into English.

(e) The foregoing auditing costs, expenses and amounts of the Port Authority set forth in paragraphs (b), (c) and (d) above shall be deemed fees under this Permit payable to the

Port Authority with the same force and effect as the Basic Percentage Fee and all other fees payable to the Port Authority thereunder.

25. Rates and Charges:

The Permittee shall establish rates and discounts therefrom which are in compliance with Section 22 hereof (each such rate and discount is hereinafter called an "*Established Rate*"). Upon request by the Port Authority, the Permittee shall provide the Port Authority its rates and discounts therefrom for goods and services furnished hereunder. If the Permittee applies any rate in excess of the Established Rate therefor or extends a discount less than the Established Discount therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an overcharge which will, upon demand of the Port Authority or the Permittee's customer, be promptly refunded to the customer. If the Permittee applies any rate which is less than the Established Rate therefor or extends a discount which is in excess of the Established Rate therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an undercharge and an amount equivalent thereto shall be included in Gross Receipts hereunder and the Basic Percentage Fee shall be payable in respect thereto. Notwithstanding any repayment of overcharges to a customer by the Permittee or any inclusion of undercharges in Gross Receipts any such overcharge or undercharge shall constitute a breach of the Permittee's obligations hereunder and the Port Authority shall have all remedies consequent upon such breach which would otherwise be available to it at law, in equity or by reason of this Permit.

26. Other Agreements:

In the event the terms and provisions of any agreement entered into by the Permittee with any third Person in connection with the privileges granted hereunder are contrary to or conflict or are inconsistent with the terms and provisions of this Permit, the terms and provisions of this Permit shall be controlling, effective and determinative.

27. City Lease Provisions:

(a) The Permittee acknowledges that it has received a copy of, and is familiar with the contents of, the City Lease. The Permittee acknowledges that no greater rights or privileges are hereby granted to the Permittee than the Port Authority has the power to grant under the City Lease.

(b) In accordance with the provisions of the City Lease, the Port Authority and the Permittee hereby agree as follows:

(i) This Permit is subject and subordinate to the City Lease and to any interest superior to that of the Port Authority;

(ii) The Permittee shall not pay the fees or other sums under this Permit for more than one (1) month in advance (excluding security or other deposits required under this Permit);

(iii) With respect to this Permit, the Permittee on the termination of the City Lease will, at the option of the City, enter into a direct permit on identical terms with the City;

(iv) The Permittee shall indemnify the City, as third party beneficiary hereunder, with respect to all matters described in Section 31 of the City Lease that arise out of

the Permittee's operations at the Airport, or arise out of the acts or omissions of the Permittee's officers, employees, agents, representatives, contractors, customers, business visitors and guests at the Airport with the Permittee's consent;

(v) The Permittee shall not use any portion of the Airport for any use other than as permitted under the City Lease;

(vi) The Permittee shall use the Airport in a manner consistent with the Port Authority's obligations under Section 28 of the City Lease;

(vii) The failure of the Permittee to comply with the foregoing provisions shall be an event of default under this Permit, which shall provide the Port Authority with the right to revoke this Permit and exercise any other rights that the Port Authority may have as the grantor of the permission hereunder; and

(viii) The City shall be named as an additional insured or loss payee, as applicable, under each policy of insurance procured by the Permittee pursuant to this Permit.

28. Counterclaims:

The Permittee specifically agrees that it shall not interpose any claims as counterclaims in any action for non-payment of fees or other amounts, which may be brought by the Port Authority unless such claims would be deemed waived if not so interposed.

29. Continued Exercise of Privilege After Expiration, Revocation or Termination:

(a) The Permittee acknowledges that the failure of the Permittee to cease to perform the Authorized Service at the Airport from the effective date of such expiration, revocation or termination will or may cause the Port Authority injury, damage or loss, and the Permittee hereby assumes the risk of such injury, damage or loss and hereby agrees that it shall be responsible for the same and shall pay the Port Authority for the same whether such are foreseen or unforeseen, special, direct, consequential or otherwise and the Permittee hereby expressly agrees to indemnify and hold the Port Authority harmless against any such injury, damage or loss. The Permittee acknowledges that the Port Authority reserves all its legal and equitable rights and remedies in the event of such failure by the Permittee to cease performance of the Authorized Service.

(b) The Permittee hereby acknowledges and agrees that, subject to the foregoing, all terms and provisions of this Permit shall be and continue in full force and effect during any period following such expiration, revocation or termination.

30. Governing Law:

This agreement and any claim, dispute or controversy arising out of, under or related to this agreement shall be governed by, interpreted and construed in accordance with the laws of the State of New York, without regard to choice of law principles.

31. Miscellaneous:

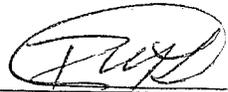

(a) It is understood and agreed that the Port Authority shall not furnish, sell or supply to the Permittee any services or utilities in connection with this Permit.

(b) No Commissioner, Director, officer, agent or employee of either party shall be charged personally by the other party with any liability, or held liable to the other party, under any term or provision of this Permit, or because of the party's execution or attempted execution, or because of any breach thereof.

(c) The Section and paragraph headings, if any, in this Permit are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope or intent of any provision hereof.

(d) This Permit, including the attached Special Endorsements, constitutes the entire agreement of the Port Authority and the Permittee on the subject matter hereof. This Permit may not be changed, modified, discharged or extended, except by written instrument duly executed on behalf of the Port Authority and the Permittee or except by notice as specifically set forth in Sections 4 and 13 hereof. The Permittee agrees that no representations or warranties shall be binding upon the Port Authority unless expressed in writing herein.

(b) The Port Authority for the applicable calendar years will multiply the Area I Airport Services Factor as stated in Section 4 of the Lease by a fraction the numerator of which shall be the total of the actual major elements of costs determined under paragraph I, subparagraphs (a) through (d) above and the denominator of which shall be \$32,939,382.00; and the resulting product shall be multiplied by a fraction the numerator of which shall be the percentage determined in paragraph II (b) above and the denominator of which shall be .052%.

(c) The Port Authority for the applicable calendar years will multiply the Area II Airport Services Factor as stated in Section 4 of the Lease by a fraction the numerator of which shall be the total of the actual major elements of costs determined under paragraph I, subparagraphs (a) through (d) above and the denominator of which shall be \$4,625,000.00; and the resulting product shall be multiplied by a fraction the numerator of which shall be the percentage determined in paragraph II (c) above and the denominator of which shall be .363%.

IV. The resultant products obtained in Subdivision III shall constitute the final Airport Services Factor, the final Area I Airport Services Factor and the final Area II Airport Services Factor respectively for the applicable calendar year for which the adjustments are being made. They shall also constitute the tentative Airport Services Factor, the tentative Area I Airport Services Factor and the tentative Area II Airport Services Factor respectively for the applicable calendar year in which such factor or factors are calculated. The Lessee shall continue to make payments based on the new tentative Airport Services Factor, the new tentative Area I Airport Services Factor and the new tentative Area II Airport Services Factor until the same may

be further adjusted.

Any deficiency in the rentals and fees due to the Port Authority from the Lessee for any calendar year resulting from the adjustment of the Airport Services Factor or the Area I Airport Services Factor or the Area II Airport Services Factor of the rentals shall be paid to the Port Authority by the Lessee within thirty (30) days after demand therefor and any excess payments made by the Lessee determined on the basis of an adjusted Airport Services Factor or adjusted Area I Airport Services Factor or adjusted Area II Airport Services Factor where applicable shall be credited against future rentals, such credit to be made within thirty (30) days following the adjustment of the same."

(5) There shall be added immediately after Paragraph V. of Schedule A attached to the Lease a new Paragraph VI. to read as follows:

"VI. (a) The parties hereby acknowledge that the Port Authority is performing a certain construction project (hereinafter collectively called the "Monorail Construction Work") at the Airport consisting generally of the construction of a monorail system, including monorail stations, guideways and supports, maintenance control facilities, monorail vehicles, and all other associated construction work, facilities and equipment necessary for the installation or operation of such monorail system for the transportation of airline passengers and their baggage, and others; all of the foregoing being hereinafter sometimes collectively called the "Monorail System".

(b) For purposes of this Schedule A, the term "Monorail Construction Costs" shall mean the total of the following:

(i) Construction Costs:

(1) payments to independent contractors, vendors and suppliers;

(2) premiums or charges for performance bonds;

(3) insurance premiums or charges;

(4) direct payroll and expense of Port Authority employees and agents engaged in performance or supervision of the work, charged in accordance with Port Authority accounting practice.

(ii) Engineering Services:

(1) payments to independent consultants and engineering firms;

(2) direct payroll and expenses of Port Authority staff arising in connection with the work, charged in accordance with Port Authority accounting practice.

(iii) Other direct costs charged in accordance with Port Authority accounting practice.

(iv) Liquidated overhead in lieu of the Port Authority's administration and overhead costs in the amount of ten percent (10%) of the sum of all other elements of cost included in the Port Authority's net total cost (including Financial Expenses in (v) below).

(v) Financial Expenses on the foregoing computed in accordance with Port Authority accounting practice.

(c) The Port Authority and the Lessee hereby agree that the Monorail Construction Costs shall not be included in any calculation under this Schedule A. All costs for construction, repair, maintenance, modification and operation of the Monorail System not included in the Monorail Construction Costs shall be included hereunder."

9. Effective from and after the Effective Date, Section 54 of the Lease entitled "Entire Agreement" shall be redesignated "Section 60" and there shall be added to the Lease the following new Sections 54, 55, 56, 57, 58 and 59 reading as follows:

"Section 54. Federal Airport Aid

(a) The Lessee shall:

(1) Furnish good, prompt and efficient service hereunder, adequate to meet all demands therefor at the Airport;

(2) Furnish said service on a fair, equal and non-discriminatory basis to all users thereof; and

(3) Charge fair, reasonable and non-discriminatory prices for each unit of sale or service.

(b) As used in the above paragraphs 'service' shall include furnishing parts, materials and supplies (including sales

thereof).

(c) The Port Authority has applied for and received a grant or grants of money from the Administrator of the Federal Aviation Administration pursuant to the Airport and Airways Development Act of 1970, as the same has been and may hereafter be amended and supplemented or superseded by similar federal legislation, and under prior federal statutes which said Act superseded and the Port Authority may in the future apply for and receive further such grants. In connection therewith, the Port Authority has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees and permittees thereon. The performance by the Lessee of the covenants, promises and obligations contained in this Section 54, is therefore a special consideration and inducement to the execution of this Lease by the Port Authority, and the Lessee further covenants and agrees that if the Administrator of the Federal Aviation Administration or any other governmental officer or body having jurisdiction over the enforcement of the obligations of the Port Authority in connection with the Federal Airport Aid, shall make any orders, recommendations or suggestions respecting the performance by the Lessee of such covenants, promises and obligations, the Lessee will promptly comply therewith, at the time or times when and to the extent that the Port Authority may direct."

"Section 55. Payment of Lessee's Unamortized Investment in the Additional Construction Work

(a) Upon the expiration of the Lease, but however subject to the limitation set forth in paragraph (b) below, the Port Authority shall within ninety (90) days after demand therefor by the Lessee pay to the Lessee the Lessee's Unamortized Additional Capital Investment (as defined in Section 51 hereof) less the sum of any amounts due and owing by the Lessee to the Port Authority under this Lease or otherwise, provided, however, the Port Authority shall have no obligation hereunder to pay to the Lessee said Unamortized Additional Capital Investment unless and until the Lessee shall have delivered possession of the premises to the Port Authority (it being understood the Lessee shall have no right to remain in possession of the premises beyond the effective date of expiration of this Lease and nothing herein shall be or be construed to be any permission to remain in possession of the premises beyond the expiration date of the Lease). If the Lessee does not deliver possession of the premises to the Port Authority upon the expiration of the Lease and the Lessee, but for such failure to deliver possession of the premises to the Port Authority, would be entitled hereunder to be paid its Unamortized Additional Capital Investment, then within ninety (90) days after demand therefor by the Lessee upon the delivery of the premises by the Lessee to the Port

Authority, the Port Authority shall, subject to paragraph (b) below, pay to the Lessee the Lessee's Unamortized Additional Capital Investment less the sum of any amounts due and owing by the Lessee to the Port Authority under this Agreement of Lease or otherwise.

(b) Notwithstanding paragraph (a) above, if the Port Authority shall have tendered to the Lessee on or before October 15, 2003, a supplemental agreement to the Lease extending the term of the Lease upon the same terms and conditions as then set forth in the Lease including without limitation periodic adjustments to the rentals and the Monorail Fee (hereinafter called the "Lease Supplement") and the Lessee shall not have executed the Lease Supplement on or before October 31, 2003, then the Port Authority shall have no obligation whatsoever to pay the Lessee its Unamortized Additional Capital Investment nor shall the Lessee be entitled to received any payment of its Unamortized Additional Capital Investment."

"Section 56. Condition of New Areas

(a) The Lessee hereby acknowledges that it has not relied upon any representation or statement of the Port Authority or its Commissioners, officers, employees or agents as to the condition of Area D or Area E (hereinafter called the "New Areas"). The Lessee, prior to the execution of Supplement No. 3 to the Lease, thoroughly examined the New Areas and determined the New Areas to be suitable for the Lessee's operations under the Lease and the Lessee hereby agrees to take the New Areas in their condition as of the commencement of the term of the letting hereunder with respect thereto, to assume all responsibility for and any and all risks, costs and expenses of any kind whatsoever caused by, arising out of or in connection with the conditions of the New Areas whether any aspect of such condition existed prior to, on or after the effective date of the letting of the New Areas, including without limitation, all Environmental Requirements and Environmental Damages, and to indemnify and hold harmless the Port Authority for all such risks and responsibilities, costs and expenses. Without limiting any obligation of the Lessee to commence operations hereunder at the time and in the manner stated elsewhere in this Agreement, the Lessee agrees that no portion of the New Areas will be used initially or at any time during the letting which are in a condition unsafe or improper for the conduct of the Lessee's operations hereunder so that there is possibility of injury or damage to life or property. It is hereby understood and agreed that whenever reference is made in this Lease to the condition of the premises as of the commencement of the term thereof, the same shall be deemed to mean with respect to the New Areas, the condition of the New Areas as of the date the

Lessee first occupied the New Areas, and as to the improvements made and the alteration work performed during the term of this Agreement in the condition existing after the completion of the same.

(b) All the obligations of the Lessee under this Section with respect to responsibilities, risks, costs and expenses assumed by the Lessee shall survive the expiration or termination of this Agreement.

"Section 57. The Lessee's Commitment to Increase Minority and Women Vendors, Purchases and Non-Construction Contractors

The Port Authority has a long-standing policy of encouraging Minority Business Enterprises (MBE's) and Women Business Enterprises (WBE's) to seek business opportunities at its facilities. For the purposes of this Section 57, an MBE or WBE is a firm that is at least 51 percent owned and controlled by one or more citizens or permanent resident aliens of the United States who are minorities or women and whose ownership and control is real, substantial and continuing. For the purposes of this definition the term "owned and controlled" means having the day-to-day responsibility for running and making the important decisions affecting the business enterprise. A minority is a member of any of the following groups:

(a) Black (all persons having origins in any of the Black African racial groups, not of Hispanic origin);

(b) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American culture or origin, regardless of race);

(c) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, Australia or the Pacific Islands); and

(d) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

Certification as to MBE or WBE status requires approval by the Port Authority's Office of Minority Business Development.

Overall participation by certified third-party MBEs/WBEs in furnishing non-construction services, supplies (including comestibles and beverages), equipment, products and other

articles exclusive of automotive fleet purchases (all the foregoing exclusive of automotive fleet purchases are hereinafter called the "Covered Articles") used by the Lessee in its operations at John F. Kennedy International, LaGuardia and Newark International Airports of a value in the aggregate equal to at least thirty-five percent (35%) of the amount paid by the Lessee for Covered Articles purchased or otherwise furnished to the Lessee during each calendar year occurring during the term of the letting hereunder is the goal of this Agreement. It is hereby agreed and understood that "Covered Articles" shall include all operation, maintenance and repair of the premises or any portion thereof and, further, that there shall not be included in the Covered Articles any services, supplies, equipment and other articles which are furnished or purchased pursuant to a national contract of the Lessee in existence on the Effective Date as defined in Supplement No. 3 to the Lease but that Covered Services shall include all services, supplies, equipment and other articles which are furnished or purchased pursuant to a national contract entered into or extended after said Effective Date.

The Lessee, to the maximum extent feasible and consistent with the exercise of good business judgment, including without limitation, the consideration of cost competitiveness, shall make good faith efforts to achieve said goal. In meeting the said commitment the Lessee agrees to submit to the Port Authority for its review and approval its plan to meet said goal, including the specific steps to be taken by the Lessee to meet said goal and the name of the individual who will be responsible for implementing said goal on behalf of the Lessee, within 60 days after the execution of Supplement No. 3 of the Lease. The Lessee shall incorporate in the said plan such revisions and changes which the Port Authority initially or from time to time may reasonably require. The Lessee throughout the term of the Lease shall document its efforts in implementing the said plan, shall keep the Port Authority fully advised of the Lessee's progress in implementing the said plan and shall supply to the Port Authority such information, data and documentation with respect thereto as the Port Authority may from time to time and at any time request, including but not limited to quarterly reports.

Such good faith efforts shall include at least the following:

(1) Dividing the services and items to be purchased, contracted or subcontracted into smaller portions where feasible.

(2) Actively and affirmatively soliciting bids for purchase orders, contracts and subcontracts from MBEs and

WBEs, including circulation of solicitations to minority and female contractor associations. The Lessee shall maintain records detailing the efforts made to provide for MBE and WBE participation in the Lessee's operations under this Lease, including the names and addresses of all MBEs and WBEs contacted and, if any such MBE or WBE is not selected, the reason for such decision.

(3) Making plans and specifications for prospective services and items to be purchased or contracted available to MBEs and WBEs in sufficient time for review.

(4) Utilizing the list of eligible MBEs and WBEs maintained by the Port Authority or seeking minorities and women from other sources who shall then be approved for certification as MBEs/WBEs as above required for the purpose of their bidding as such vendors, contractors and subcontractors.

(5) Encouraging the formation of joint ventures, partnerships or other similar arrangements among contractors or subcontractors, where appropriate, toward meeting the said goal.

(6) Insuring that provision is made to provide payments and, if appropriate, progress payments, to MBEs and WBEs on a timely basis.

(7) Not requiring bonds from and/or providing bonds and insurance for MBEs and WBEs, where appropriate.

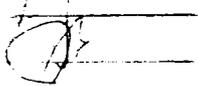

(8) Submitting written quarterly reports to the Port Authority (Office of Minority Business Development, One World Trade Center, New York, NY 10048) detailing the Lessee's efforts towards compliance with the provisions hereof."

"Section 58. Monorail Fee

(a) For purposes of this Section the following terms shall have the meanings ascribed to them below:

(1) "Car Rental Company" or "Car Rental Companies" shall mean each company (or, in the plural, more than one such company) now or hereafter doing business at the Airport pursuant to a Car Rental Permit at premises or space on the Airport serviced by a Monorail System station.

(2) "Car Rental Day" or "Car Rental Days" shall mean each twenty-four hour period or fraction thereof, or the aggregate number of such periods, respectively, that a Car Rental Company shall rent out or otherwise provide a car (whether or not

the car is provided on a complementary basis or at a discounted rate), at the Airport, or at an off-Airport facility if by the terms of the Car Rental Company's Car Rental Permit, such off-Airport transaction would generate gross receipts.

(3) "Car Rental Permit" shall mean each permit or other agreement entered into or hereafter entered into with the Port Authority, as the same may have been or hereafter may be supplemented or amended, granting the permittee or other party the privilege of conducting at the Airport the business of renting non-chauffeured automobiles to all qualified persons desiring the same.

(4) "Construction Factor" shall mean that portion of the Monorail Fee which has been determined by multiplying the Lessee's Proportionate Share by \$2,550,000.

(5) "CPI" shall mean the Consumer Price Index for all Urban Consumers, New York, N.Y., Northeastern N.J., All Items (1982-1984=100) published by the Bureau of Labor Statistics of the United States Department of Labor.

(6) "Expense Factor Adjustment Period" shall mean, the effective period of any adjustments to the Monorail Fee for Percentage Increases, which period shall be the twelve-month period commencing with the first anniversary of the Monorail Fee Commencement Date and each twelve-month period thereafter occurring during the term hereof provided, however, that if the Monorail Fee Commencement Date is other than the first day of a calendar month, the first Expense Factor Adjustment Period shall include the portion of the month in which the first anniversary of the Monorail Fee Commencement Date occurs following such date plus the succeeding twelve calendar months and each such subsequent Expense Factor Adjustment Period shall commence on the anniversary of the first day of the first full calendar month following the month in which the first anniversary of the Monorail Fee Commencement Date occurs; and provided further that the last Expense Factor Adjustment Period hereunder shall end on the date of the expiration or earlier termination of this Agreement.

(7) "Index Month" shall mean the calendar month which is three full calendar months before the month in which the Monorail Fee Commencement Date occurs, and thereafter, such calendar month in each year during the term of the letting hereunder, as such calendar month is subject to change from time to time pursuant to paragraph (c)(1)(i) of this Section.

(8) "Monorail Fee" shall mean the fee payable by the Lessee to the Port Authority at the rate set forth in this Section, subject to adjustments as hereinafter provided.

(9) "Monorail Fee Commencement Date" shall mean the date which the Port Authority shall have certified to the

Lessee to be the date as of which the Monorail System is substantially completed and operational.

(10) "Operating Expense Factor" shall mean that portion of the Monorail Fee which has been determined by multiplying the Lessee's Proportionate Share by \$850,000, which amount is subject to escalation as hereinafter provided.

(11) "Percentage Increase" shall mean the annual percentage increase, if any, in the CPI yielded by dividing the difference between the CPI for one Index Month and the CPI for the immediately preceding Index Month, by the CPI for the earlier of the two Index Months compared.

(12) "Proportionate Share" shall mean a fraction, the numerator of which is the Lessee's number of Car Rental Days for a particular calendar year and the denominator of which is the total number of Car Rental Days for all Car Rental Companies during such calendar year. The Port Authority shall determine the Lessee's Proportionate Share prior to the Monorail Fee Commencement Date and furnish notice thereof to the Lessee within ten (10) days prior to such date. Thereafter the fraction reflecting the Proportionate Share shall be subject to adjustment in accordance with the provisions of paragraph (d) of this Section.

(13) "Share Adjustment Period" shall mean, the effective period of any adjustment to the Monorail Fee which may be made for changes in the Lessee's Proportionate Share pursuant to paragraph (d) of this Section. Provided that no adjustment is required to be made pursuant to paragraph (d)(2) of this Section, such effective period shall be thirty-six months in duration, commencing with the third anniversary of the Monorail Fee Commencement Date, and each thirty-six-month period thereafter occurring during the term hereof, provided, however, that if the third anniversary of the Monorail Fee Commencement Date is other than the first day of a calendar month, the first Share Adjustment Period shall include the portion of the month in which the third anniversary of the Monorail Fee Commencement Date occurs following such date plus the succeeding thirty-six calendar months and each such subsequent Share Adjustment Period shall commence on the anniversary of the first day of the first full calendar month following the month in which the third anniversary of the Monorail Fee Commencement Date occurs; and, provided, further that the last Share Adjustment Period hereunder shall end on the date of the expiration or earlier termination of this Agreement. In the event that an adjustment is made pursuant to paragraph (d)(2) of this Section, the Share Adjustment Period to which such adjustment applies shall commence as of the effective date of the change in the companies constituting the Car Rental Companies which precipitated the adjustment under paragraph (d)(2), and such Share Adjustment Period shall continue for thirty-six months from such date unless another adjustment is required to be made under

paragraph (d)(2) of this Section; and thereafter, each Share Adjustment Period shall be for thirty-six months commencing on the third anniversary of the date of such change in the companies constituting the Car Rental Companies and each thirty-six month period thereafter occurring during the term hereof, subject to any further adjustment pursuant to paragraph (d)(2) of this Section.

(b) (1) Effective as of the Monorail Fee Commencement Date, the Lessee agrees to pay to the Port Authority the Monorail Fee at the annual rate of the sum of the Construction Factor and the Operating Expense Factor. The Operating Expense Factor shall be subject to annual adjustment for any Percentage Increase as set forth in paragraph (c) of this Section. Both factors of the Monorail Fee shall be subject to adjustment for changes in the Lessee's Proportionate Share as set forth in paragraph (d) of this Section.

(2) Commencing on the Monorail Fee Commencement Date the Monorail Fee shall be payable by the Lessee in advance, in equal monthly installments equal to 1/12th of the annual Monorail Fee, on the Monorail Fee Commencement Date and on the first day of each and every calendar month thereafter during the term of this Agreement. If any installment of the Monorail Fee payable hereunder shall be for less than a full calendar month, the Monorail Fee payment for such partial month shall be the monthly installment amount prorated on a daily basis using the actual number of days in such partial month.

(c) (1) The Port Authority shall ascertain the CPI for the first Index Month and for each succeeding Index Month thereafter during the term of this Agreement, after the same has been published, and the Port Authority shall also determine the Percentage Increase.

(i) In the event that the CPI is not available for any Index Month within 10 days prior to the time set forth for the giving of a statement of the adjusted Monorail Fee based thereon, the CPI for the latest month then published shall be used instead. In such event, thereafter such latest month occurring every year throughout the term of this Agreement shall become the Index Month instead of the month initially so designated in paragraph (a) of this Section for purposes of determining the CPI under this Section, unless and until it is necessary once again to change the Index Month due to the unavailability of the published CPI data. Such adjustment in the calendar month constituting the Index Month hereunder shall be made as many times as may be necessary during the term of this Agreement.

(ii) In the event of the change of basis or the discontinuance of the publication by the United States Department of Labor of the CPI such other appropriate index or indices shall be substituted as may be agreed by the parties hereto

as properly reflecting changes in the value of the current United States money in a manner similar to that established in the indices used in the latest adjustment. In the event of the failure of the parties to so agree, the Port Authority may select and use such index or indices as it deems appropriate, provided, however, that the foregoing shall not preclude the Lessee from contesting the Port Authority's selection.

(iii) In no event shall any adjustment in the Operating Expense Factor for any change in the CPI result in a decrease in the Operating Expense Factor.

(2) Effective on the commencement of the first Expense Factor Adjustment Period and thereafter on the first day of each and every subsequent Expense Factor Adjustment Period during the term of the letting hereunder, the Operating Expense Factor shall be increased by multiplying the amount of the Operating Expense Factor, as initially determined with respect to the first Expense Factor Adjustment Period, or the amount of the Operating Expense Factor as the same may have been increased by previous application of the CPI adjustment provisions hereof, with respect to each subsequent Expense Factor Adjustment Period, by (i) the Percentage Increase plus 100%; and (ii) 104%; and the lesser of the amounts so obtained shall be and become the Operating Expense Factor for the subject Expense Factor Adjustment Period.

(3) The Port Authority shall send to the Lessee a statement setting forth the adjustment made in the Operating Expense Factor for any Percentage Increase, which statement shall be for informational purposes only and not a condition to the effectiveness of such adjustment. Such statement of adjustment shall be given within 120 days following the first day of the Expense Factor Adjustment Period to which such adjustment applies. Prior to the receipt by the Lessee of such statement of adjustment to the Operating Expense Factor, the Lessee shall make payments for the portion of the Monorail Fee constituting the Operating Expense Factor at the rate then in effect. Within thirty (30) days following receipt of the CPI adjustment statement the Lessee shall pay to the Port Authority any deficiency in the Monorail Fee resulting from the adjustment in the Operating Expense Factor.

(d) The Lessee agrees to furnish to the Port Authority commencing no later than the 20th day of the month following the month during which the Monorail Fee Commencement Date occurs and no later than the 20th day of each and every month thereafter, including the month following the expiration or earlier termination of this Agreement, a statement duly certified by an authorized officer of the Lessee certifying the number of Car Rental Days accumulated by the Lessee during the preceding calendar month.

(1) If during the first three years following the Monorail Fee Commencement Date or thereafter during any Share

Adjustment Period the Port Authority determines that the proportionate share of any Car Rental Company applicable pursuant to any Car Rental Company's lease agreement with the Port Authority, differs by more than 5%, from the average monthly proportionate share of any particular Car Rental Company (over either the three year period following the Monorail Fee Commencement Date, or thereafter over the period constituting any Share Adjustment Period), as indicated in actual Car Rental Day data comparing the actual number of Car Rental Days accumulated by each Car Rental Company to the actual total number of Car Rental Days for all Car Rental Companies, then the Monorail Fee payable hereunder shall be adjusted effective as of the commencement of the next Share Adjustment Period. In such event the fraction representing the Proportionate Share as initially established or as previously adjusted hereunder shall be replaced by the fraction equal to the average proportion of Car Rental Days accumulated by the Lessee over the three-year period following the Monorail Fee Commencement Date or the applicable Share Adjustment Period, as the case shall be. The Lessee's adjusted Construction Factor shall be determined by multiplying the Lessee's adjusted Proportionate Share by \$2,550,000. The Lessee's adjusted Operating Expense Factor shall be determined by multiplying the Lessee's adjusted Proportionate Share by the sum of the operating expense factors payable by all the Car Rental Companies as of the date immediately preceding the commencement of the Share Adjustment Period to which the adjustment applies.

(i) The Port Authority shall send to the Lessee a statement of any change in the Proportionate Share made pursuant to paragraph (d)(1), setting forth adjustments to the Monorail Fee resulting therefrom, which statement shall be for informational purposes only and not as a condition to the effectiveness of such adjustment. Such statement shall specify separately the amounts of the adjusted Construction Factor and the adjusted Operating Expense Factor. Such statement of adjustment shall be given within six (6) calendar months following the first day of the Share Adjustment Period to which such adjustment applies. Prior to the receipt by the Lessee of any statement of adjustment hereunder, the Lessee shall make payments for the Monorail Fee at the rate then in effect. Within thirty (30) days following receipt of the adjustment statement the Lessee shall pay to the Port Authority any deficiency in the Monorail Fee resulting from the adjustment, or in the event that the adjustment results in a credit in favor of the Lessee, such credit shall first be applied to the monthly installment of the Monorail Fee next due to be paid, and then, to the extent credit remains, the Lessee shall be refunded the amount of the remainder of such credit within sixty (60) days following receipt of the adjustment statement.

(2) In the event that the companies constituting the Car Rental Companies changes at any time during the term hereof, the Monorail Fee shall be adjusted by the Port Authority,

effective as of the date of such change. The fraction representing the Proportionate Share at such time shall be replaced by the fraction equal to the average proportion of Car Rental Days accumulated by the Lessee over the twelve (12)-month period following the effective date of the change. The adjusted Construction Factor shall be determined by multiplying the adjusted Proportionate Share by \$2,550,000. The adjusted Operating Expense Factor shall be determined by multiplying the adjusted Proportionate Share by the sum of the operating expense factors payable by all the Car Rental Companies as of the date immediately preceding the date of such change in the composition of the Car Rental Companies.

(i) The Port Authority shall send to the Lessee a statement of any change in the Proportionate Share made pursuant to paragraph (d)(2), setting forth adjustments to the Monorail Fee resulting therefrom, which statement shall be for informational purposes only and not as a condition to the effectiveness of such adjustment. Such statement shall specify separately the amounts of the adjusted Construction Factor and the adjusted Operating Expense Factor. Such statement of adjustment shall be given within fourteen (14) calendar months following the effective date of the change in the companies constituting the Car Rental Companies. Prior to the receipt by the Lessee of such statement of adjustment hereunder, the Lessee shall make payments for the Monorail Fee at the interim rate established in accordance with the provisions of paragraph (d)(2)(ii) hereof. Within thirty (30) days following receipt of the adjustment statement the Lessee shall pay to the Port Authority any deficiency in the Monorail Fee resulting from the adjustment, or in the event that the adjustment results in a credit in favor of the Lessee, such credit shall first be applied to the monthly installment of the Monorail Fee next due to be paid, and then, to the extent credit remains, the Lessee shall be refunded the amount of the remainder of such credit within sixty (60) days following receipt of the adjustment statement.

(ii) In the event of a change in the composition of the Car Rental Companies, pending the establishment of the Lessee's adjusted Proportionate Share in accordance with paragraph (d)(2) above, the Port Authority shall establish interim estimated rates for Monorail Fees, by statement to the Lessee setting forth such interim rates. Such rates shall be based upon such criteria as the Port Authority may deem appropriate under the circumstances. The Lessee shall make monthly Monorail Fee payments at the interim rates set forth in such statement in accordance therewith pending the effective date for the making of adjusted payments pursuant to the statement referred to above in paragraph (d)(2)(i) of this Section.

(e) In connection with the payment of the Monorail Fee, the Lessee shall maintain in accordance with accepted accounting practices, in an office or offices in the Port of New York

District, books and records of account recording all revenues from or in connection with the Lessee's activities under this Agreement, which books and records shall, in addition to meeting any other reporting provisions of this Agreement, show: (i) the basis and all supporting documents for each monthly statement of Car Rental Days required to be furnished by the Lessee under paragraph (d) of this Section, (ii) all sums collected as Customer Contract Fees, under and as defined in the Lessee's Car Rental Permit, and (iii) such other information as the Port Authority may request from time to time. The Lessee shall not be obligated to preserve any such books and records for more than seven (7) years after the furnishing of each monthly statement of Car Rental Days hereunder unless they are material to litigation initiated within that time, in which event they shall be preserved until the final determination of the controversy. In connection with the Lessee's obligations under this paragraph the Lessee shall:

(1) permit in ordinary business hours during the term of this Agreement and for one year thereafter and during such further period as is mentioned in the preceding paragraph, the examination and audit by the officers, employees and representatives of the Port Authority of such records and books of account;

(2) permit the inspection by the officers, employees and representatives of the Port Authority, at any time and as often as it may consider necessary, of any equipment, system or process used by the Lessee in order to account for Car Rental Days, and upon the request of the Port Authority, the Lessee shall demonstrate the same; and

(3) install and use such cash registers, sales slips, invoicing machines and any other equipment, systems or processes as the Port Authority may from time to time determine appropriate, necessary or desirable to keep accurate records of Car Rental Days."

"Section 59. Underground Fuel Storage Tanks

(a) All underground fuel storage tanks installed in the premises as of the Effective Date as defined in Supplement No. 3 of the Lease, together with all underground fuel storage tanks installed in the premises during the term of the letting on or subsequent to the Effective Date and its or their appurtenances, pipes, lines, fixtures and other related equipment are hereinafter collectively called the "Fuel Tanks" and singularly called a "Fuel Tank". The Lessee hereby agrees that title and ownership of the Fuel Tanks shall be and remain in the Lessee, notwithstanding anything to the contrary in any construction or alteration application. The Port Authority has made no representations or warranties with respect to the Fuel Tanks or their location and shall assume

no responsibility for the Fuel Tanks. All Fuel Tanks installed subsequent to said Effective Date shall be installed pursuant to the terms and conditions of the Lease including without limitation Section 21 thereof and nothing in this Section 59 shall or shall be deemed to be permission or authorization to install any Fuel Tanks.

(b) Without limiting the generality of any of the provisions of the Lease, the Lessee agrees that it shall be solely responsible for maintaining, testing and repairing the Fuel Tanks. The Lessee shall not perform any servicing, repair or non-routine maintenance to the Fuel Tanks without the prior written approval of the Port Authority.

(c) It is hereby agreed that title to and ownership of the Fuel Tanks shall remain in the Lessee until the earlier to occur of (i) receipt by the Lessee of notice from the Port Authority that title to the Fuel Tanks shall vest in the Port Authority or in the City of Newark or (ii) receipt by the Lessee of notice from the Port Authority that the Port Authority waives its right to require the Lessee to remove the Fuel Tanks from the premises as set forth in paragraph (i) below. The vesting of title to the Fuel Tanks in the Port Authority or in the City of Newark, if at all, in accordance with the foregoing item (i) shall in no event relieve the Lessee from the obligation to remove the Fuel Tanks from and restore the premises in accordance with paragraph (i) below.

(d) Without limiting the generality of any other term or provision of the Lease, the Lessee shall at its cost and expense comply with all Environmental Requirements pertaining to the Fuel Tanks and any presence, pumping, pouring, venting, emitting, emptying, leakage, deposit, spill, discharge or other release of Hazardous Substances from the Fuel Tanks or in connection with their use, operation, maintenance, testing or repair (any such presence, pumping, pouring, venting, emitting, emptying, leakage, deposit, spill, discharge or other release during the period the Lessee shall use or occupy the premises or use the Fuel Tanks being hereinafter called a "Discharge", including without limitation registering and testing the Fuel Tanks, submitting all required clean-up plans, bonds and other financial assurances, performing all required clean-up and remediation of a Discharge and filing all reports, making all submissions to, providing all information required by, and complying with all requirements of, all governmental authorities pursuant to Environmental Requirements.

Nothing in the foregoing shall be construed as a submission by the Port Authority to the application to itself of the Environmental Requirements, provided, however, no immunity or exemption of the Port Authority from the

Environmental Requirements shall excuse the compliance therewith by the Lessee or shall be grounds for non-compliance therewith by the Lessee.

(e) Without limiting the terms and provisions of Section 14 of the Lease, the Lessee hereby assumes all risks arising out of or in connection with the Fuel Tanks and all Discharges whether or not foreseen or unforeseen and shall indemnify and hold harmless the Port Authority, its Commissioners, officers, agents and employees from and against (and shall reimburse the Port Authority for their costs and expenses including without limitation penalties, fines, liabilities, settlements, damages, attorney and consultant fees, investigation and laboratory fees, clean-up and remediation costs, court costs and litigation expenses), all claims and demands, just or unjust, of third persons (such claims and demands being hereinafter in this Section 59 referred to as "Claims" and singularly referred to as a "Claim") including but not limited to those for personal injuries (including death), property damages, or environmental impairment, arising or alleged to arise out of or in any way related to, the failure of the Lessee to comply with each and every term and provision of the Lease, or the Fuel Tanks, or any Discharge, or any lawsuit brought or threatened, settlement reached or any governmental order relating to the Fuel Tanks or a Discharge, or any violation of any Environmental Requirement or demands of any governmental authority based upon or in any way related to the Fuel Tanks or a Discharge, and whether such arise out of the acts or omissions of the Lessee or of the contractors of the Lessee or of third persons or out of the acts of God or the public enemy or otherwise including claims by the City of Newark against the Port Authority pursuant to the provisions of the Basic Lease (as defined in the Lease) whereby the Port Authority has agreed to indemnify the City against claims. It is understood the foregoing indemnity shall cover all claims, demands, penalties, settlements, damages, fines, costs and expenses of or imposed by any governmental authority under the Environmental Requirements.

If so directed the Lessee shall at its expense defend any suit based upon any such Claim (even if such Claim is groundless, false or fraudulent) and in handling such it shall not without first having express advance permission from the General Counsel of the Port Authority raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority.

(f) The Lessee's obligations under this Section 59

shall survive the expiration or earlier termination of the Lease.

(g) In addition to the requirements of Section 7 of the Lease and paragraph (d) hereof, the Port Authority shall have the right upon notice to the Lessee to direct the Lessee, at the Lessee's sole cost and expense, (i) to perform such reasonable testing of the Fuel Tanks as the Port Authority shall direct and to perform such testing of the soil, subsoil and ground water of the premises and of such surrounding area as the Port Authority shall direct, and (ii) to clean-up and remediate any Discharge, regardless of whether any Environmental Requirement or governmental authority shall require such testing, clean-up or remediation, which testing, clean-up and remediation shall be performed pursuant to an alteration application prepared by the Lessee and submitted to the Port Authority for the Port Authority's approval.

(h) In the Lessee's use and operation of the Fuel Tanks, the Lessee shall not permit any Hazardous Substance from entering the ground including without limitation (subject to Section 21 hereof) installing appropriate spill and overfill devices and placing an impervious material, such as asphalt or concrete, over the ground area above and in the vicinity of the Fuel Tanks.

(i) (1) The Lessee shall remove the Fuel Tanks from the premises on or before the expiration of the Lease and the Lessee agrees to dispose of the Fuel Tanks off the Airport in accordance with all Environmental Requirements.

(2) Any removal of the Fuel Tanks shall be performed pursuant to an alteration application prepared by the Lessee and submitted to the Port Authority for the Port Authority's approval and in connection with such removal, the Lessee shall restore the premises to the same condition existing prior to the installation of the Fuel Tanks, shall perform such testing of the Fuel Tanks and of the soil, subsoil and ground water in the vicinity of the Fuel Tanks as shall be required by the Port Authority and shall clean-up and remediate any contamination disclosed by said testing. In the event the Lessee does not remove the Fuel Tanks as required by subparagraph (1) above, the Port Authority may enter upon the premises and effect the removal and disposal of the Fuel Tanks, restoration of the premises and such remediation and the Lessee hereby agrees to pay all costs and expenses of the Port Authority arising out of such removal, disposal, restoration and remediation."

10. The exhibit attached hereto and marked "Exhibit E" is hereby made a part hereof and herein and in the Lease called "Exhibit E" and the schedule attached hereto and marked "Schedule

E" is hereby made a part hereof and herein and in the Lease referred to as "Schedule E".

11. It is hereby agreed and understood that the terms and provisions of Section 44 of the Lease entitled "Utility Lines" shall not apply to the Additional Construction Work.

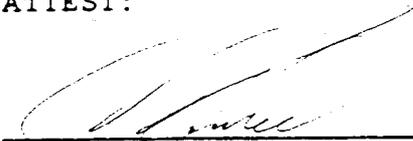

12. The Lessee represents and warrants that no broker has been concerned in the negotiation of this Supplemental Agreement and that there is no broker who is or may be entitled to be paid a commission in connection therewith. The Lessee shall indemnify and save harmless the Port Authority of and from any and all claims for commission or brokerage made by any and all persons, firms or corporations whatsoever for services in connection with the negotiation and execution of this Supplemental Agreement.

13. As herein amended, all the provisions, terms, covenants and conditions of the Lease shall remain in full force and effect.

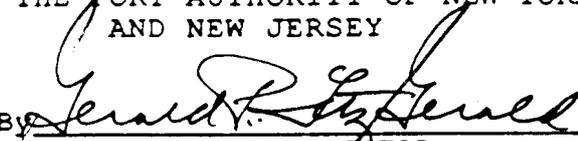

14. Neither the Commissioners of the Port Authority, nor any of them, nor any employee thereof shall be charged personally with any liability or held liable by or to the Lessee under any term or provision of this Supplemental Agreement, or because of any breach hereof, or because of its execution or attempted execution.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed as of the day and year first above written.

SCHEDULE E

AFFIRMATIVE ACTION-EQUAL OPPORTUNITY---MINORITY BUSINESS  
ENTERPRISES---WOMEN-OWNED BUSINESS ENTERPRISES REQUIREMENTS

PART I. Affirmative Action Guidelines - Equal  
Employment Opportunity

I. As a matter of policy the Port Authority hereby requires The Hertz Corporation (hereinafter called "the Lessee") and the Lessee shall require the Contractor, as hereinafter defined, to comply with the provisions set forth in this Schedule E and in Section 2A. (d) (18) of that certain agreement of lease entered into between the Port Authority and the Lessee made as of the 1st day of January, 1975 and identified by Port Authority Agreement No. AN-640 covering certain premises at Newark International Airport (hereinafter as the same has been amended and supplemented called the "Lease"). The provisions set forth in this Part I are similar to the conditions for bidding on federal government contracts adopted by the Office of Federal Contract Compliance and effective May 8, 1978.

The Lessee as well as each bidder, contractor and subcontractor of the Lessee and each subcontractor of a contractor at any tier of construction (herein collectively referred to as "the Contractor") must fully comply with the following conditions set forth herein as to each construction trade to be used on the Additional Construction Work (as defined in the Lease) or any portion thereof (said conditions being herein called "Bid Conditions"). The Lessee hereby commits itself to the goals for minority and female utilization set forth below and all other requirements, terms and conditions of the Bid Conditions. The Lessee shall likewise require the Contractor to commit itself to the said goals for minority and female utilization set forth below and all other requirements, terms and conditions of the Bid Conditions by submitting a properly signed bid.

II. The Lessee and the Contractor shall each appoint an executive of its company to assume the responsibility for the implementation of the requirements, terms and conditions of the following Bid Conditions:

(a) The goals for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all Additional Construction Work are as follows:

(1) Minority participation:

Minority, except laborers	30%
Minority, laborers	40%

(2) Female participation:

Female, except laborers	6.9%
Female, laborers	6.9%

These goals are applicable to all the Contractor's Additional Construction Work performed in and for the premises.

The Contractor's specific affirmative action obligations required herein of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make good faith efforts to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract. Compliance with the goals will be measured against the total work hours performed.

(b) The Contractor shall provide written notification to the Lessee and the Lessee shall provide written notification to the Manager of the Office of Business and Job Opportunity of the Port Authority within 10 working days of award of any construction subcontract in excess of \$10,000 at any tier for Additional Construction Work. The notification shall list the name, address and telephone number of the sub-contractor; employer identification number; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.

(c) As used in these specifications:

(1) "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941:

(2) "Minority" includes:

(i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);

(ii) Hispanic (all persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American culture or origin, regardless of race);

(iii) Asian and Pacific Islander (all persons having

origins in any of the ~~original~~ peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and

(iv) ~~American~~ Indian or Alaskan Native (all persons having origins in any ~~of the~~ original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

(d) Whenever the Contractor, or any subcontractor at any tier, subcontracts a ~~portion~~ of the Additional Construction Work involving any construction trade, it shall physically include in each subcontract in ~~sums~~ of \$10,000 those provisions which include the applicable ~~rules~~ for minority and female participation.

(e) The Contractor shall implement the specific affirmative action standards provided in subparagraphs (1) through (16) of Paragraph (h) hereof. The goals set forth above are expressed as percentages of the ~~total~~ hours of employment and training of minority and female ~~utilization~~ the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the premises. The Contractor is expected to make substantially uniform ~~progress~~ toward its goals in each craft during the period specified.

(f) Neither the ~~provisions~~ of any collective bargaining agreement, nor the ~~failure~~ by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations hereunder.

(g) In order for ~~the~~ working training hours of apprentices and trainees to be ~~counted~~ in meeting the goals, such apprentices and trainees must be ~~employed~~ by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and ~~trainees~~ at the completion of their training subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

(h) The Contractor shall take specific affirmative actions to ensure equal employment opportunity ("EEO").

The evaluation of the Contractor's compliance with these provisions shall be ~~based~~ upon its good faith efforts to achieve maximum results from ~~its~~ actions. The Contractor shall document these efforts fully, and ~~shall~~ implement affirmative action steps at least as extensive ~~as~~ following:

(1) Ensure ~~and~~ maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, ~~where~~ possible, will assign two or more women to each phase of ~~the~~ construction project. The Contractor,

shall specifically ensure that all foremen, superintendents, and other supervisory personnel at the premises are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at the premises.

(2) Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.

(3) Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.

(4) Provide immediate written notification to the Lessee when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

(5) Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and training programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under subparagraph (2) above.

(6) Disseminate the Contractor's EEO Policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the Contractor's newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the Contractor's EEO policy on bulletin boards accessible to all employees at each location where Additional Construction Work is performed.

(7) Review, at least every six months the Contractor's

EEO policy and affirmative action obligations hereunder with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-premises supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of Additional Construction Work at the premises. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

(8) Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.

(9) Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations and to State-certified minority referral agencies serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

(10) Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the premises and in other areas of a Contractor's workforce.

(11) Tests and other selection requirements shall comply with 41 CFR Part 60-3.

(12) Conduct, at least every six months, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

(13) Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations hereunder are being carried out.

(14) Ensure that all facilities and company activities

are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

(15) Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

(16) Conduct a review, at least every six months, of all supervisors' adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

(i) Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (subparagraphs (1)-(16) of Paragraph (h) above). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under Paragraph (h) hereof provided that: the Contractor actively participates in the group, makes good faith efforts to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes good faith efforts to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's non-compliance.

(j) A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation hereof if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation hereof if a specific minority group of women is underutilized).

(k) The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex or national origin.

(l) The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

(m) The Contractor shall carry out such sanctions and penalties for violation of this clause including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered by the Lessee. Any Contractor who fails to carry out such sanctions and penalties shall be in violation hereof.

(n) The Contractor, in fulfilling its obligations hereunder shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph (h) hereof so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of these provisions, the Lessee shall proceed accordingly.

(o) The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g. mechanical apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and location at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

(p) Nothing herein provided shall be construed as a limitation upon the application of any laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

(q) Without limiting any other obligation, term or provision under the Lease, the Contractor shall cooperate with all federal, state or local agencies established for the purpose of implementing affirmative action compliance programs and shall comply with all procedures and guidelines established or which may be established by the Port Authority.

PART II. MINORITY BUSINESS ENTERPRISES/WOMEN-OWNED BUSINESS ENTERPRISES

As a matter of policy the Port Authority requires the Lessee and the Lessee shall itself and shall require the general contractor or other construction supervisor and each of the Lessee's contractors to use every good faith effort to provide for meaningful participation by Minority Business Enterprises (MBEs) and Women-owned Business Enterprises (WBEs) in the Additional Construction Work pursuant to the provisions of this Schedule E. For purposes hereof, Minority Business Enterprise (MBE) shall mean any business enterprise which is at least fifty-one percentum owned by, or in the case of a publicly owned business, at least fifty-one percentum of the stock of which is owned by citizens or permanent resident aliens who are minorities and such ownership is real, substantial and continuing. For the purposes hereof, Women-owned Business Enterprise (WBE) shall mean any business enterprise which is at least fifty-one percentum owned by, or in the case of a publicly owned business, at least fifty-one percentum of the stock of which is owned by women and such ownership is real, substantial and continuing. A minority shall be as defined in paragraph II(c) of Part I of this Schedule E. "Meaningful participation" shall mean that at least seventeen percent (17%) of the total dollar value of the construction contracts (including subcontracts) covering the Additional Construction Work are for the participation of Minority Business Enterprises and Women-owned Business Enterprises, of which at least twelve percent (12%) are for the participation of Minority Business Enterprises. Good faith efforts to include meaningful participation by MBEs and WBEs shall include at least the following.

(a) Dividing the work to be subcontracted into smaller portions where feasible.

(b) Actively and affirmatively soliciting bids for subcontracts from MBEs and WBEs, including circulation of solicitations to minority and female contractor associations. The Contractor shall maintain records detailing the efforts made to provide for meaningful MBE and WBE participation in the Work, including the names and addresses of all MBEs and WBEs contacted and, if any such MBE or WBE is not selected as a joint venturer or subcontractor, the reason for such decision.

(c) Making plans and specifications for prospective Additional Construction Work available to MBEs and WBEs in sufficient time for review.

(d) Utilizing the list of eligible MBEs and WBEs maintained by the Port Authority or seeking minorities and women from other sources for the purpose of soliciting bids for subcontractors.

(e) Encouraging the formation of joint ventures, partnerships or other similar arrangements among subcontractors, where appropriate, to insure that the Lessee and Contractor will meet their obligations hereunder.

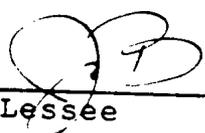

(f) Insuring that provision is made to provide progress payments to MBEs and WBEs on a timely basis.

(g) Not requiring bonds from and/or providing bonds and insurance for MBEs and WBEs, where appropriate.

The said policy or policies of insurance shall also provide or contain an endorsement providing that the protections afforded

the Lessee thereunder with respect to any claim or action against the Lessee by a third person shall pertain and apply with like effect with respect to any claim or action against the Lessee by the Port Authority, but such endorsement shall not limit, vary, change, or affect the protections afforded the Port Authority thereunder as an additional insured. 7. Section 40 of the Lease is hereby amended as follows:

(a) Paragraph (a) thereof is hereby deleted and the following new paragraph (a) is hereby substituted in lieu thereof:

"(a) Without limiting the generality of any of the provisions of the Agreement, the Lessee, for itself, its successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that (1) no person on the grounds of race, creed, color, sex or national origin shall be excluded from participation, denied the benefits of, or be otherwise subjected to discrimination in the use of the premises, (2) that in the construction of any improvements, on, over, or under the premises and the furnishing of services thereon, no person on the grounds of race, sex, color, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the Lessee shall use the premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the Lessee's operations at the Airport, whether by reason of agreement between the Port Authority and the United States Government or otherwise."

(b) The following new paragraph (e) shall be added at the end thereof immediately following paragraph (d) to read as follows:

"(e) Nothing contained in this Section shall grant or shall be deemed to grant to the Lessee the right to transfer or assign this Agreement, to make any agreement or concession of the type mentioned in paragraph (b) hereof, or any right to perform any construction on the premises."

8. Section 41 of the Lease is hereby amended as follows:

(a) Paragraphs (a) and (b) thereof are hereby deleted and the following new paragraphs (a) and (b) are hereby substituted in lieu thereof to read as follows:

"(a) The Port Authority has heretofore granted the Lessee certain privileges at the Airport pursuant to Permit No. AN-985 dated as of January 1, 1981 (which permit, as the same may have been and as the same may hereafter be supplemented and amended, or any permit or license in substitution thereof is herein sometimes called 'the Permit' and sometimes called 'Permit No. AN-985').

(b)(1) Section 1(a)(i) of the Terms and Conditions of the Permit as amended permits the Port Authority to revoke the Permit without cause and states:

'Notwithstanding any other term or condition hereof, this Permit may be (i) revoked without cause, upon thirty days' written notice, by the Port Authority . . .'

Revocation of the Permit by the Port Authority pursuant to Section 1(a) of the Terms and Conditions as amended without cause, upon thirty days' written notice shall for the purposes of this Agreement be considered revocation of the Permit 'without cause'.

(2)(i) Section 1(a)(iii) of the Terms and Conditions of the Permit as amended permits the Port Authority to revoke the Permit with cause and states as follows:

(b) Paragraph (h) of Section 41 of the Lease is hereby amended by deleting subparagraph (4) thereof and substituting in lieu thereof the following new subparagraphs (4), (5) (6) and (7) to read as follows:

"(4) Except as limited by subparagraph (6) of this paragraph (h), in the event the Port Authority revokes Permit No. AX-395 under circumstances set forth in subparagraph (1) or (3) of paragraph (h) of Section 41 of Lease No. AYB-512 and the Port Authority then revokes Permit No. AN-985 without cause pursuant to Section 1(a) of Permit No. AN-985 as amended, such revocation of Permit No. AN-985 shall have the same effect on this Agreement and the letting hereunder as provided in paragraph (c) above except there shall be no obligation of any kind of the Port Authority to reimburse the Lessee for the unamortized cost of the construction work hereunder unless, and only if, pursuant to subparagraph (2) of this paragraph (h) a court of competent jurisdiction shall have, subject to final appeal, determined that the Lessee shall be entitled to the unamortized cost of the construction work under this Agreement in which case, and only in such case, the Port Authority shall pay the Lessee the unamortized cost of the construction work hereunder pursuant to paragraph (d) hereof.

(5) Notwithstanding the foregoing and except as limited by subparagraph (6) of this paragraph (h), the Lessee's right to a judicial determination under this paragraph (h) shall be of no force or effect unless, and only if, the Lessee seeks a determination with respect to the unamortized cost of the construction work under this Agreement and the unamortized cost of the construction work under Lease No. AYB-512 in one proceeding commenced in a court of competent jurisdiction to make a determination with respect to the unamortized cost of the construction work both under this Agreement and under Lease No. AYB-512.

(6) The foregoing subparagraphs (4) and (5) of this paragraph (h) shall be of no force or effect in the event the Port Authority proposes a change only to Permit No. AX-395 involving circumstances unique to Permit No. AX-395 and,

if in such event, the Port Authority revokes Permit No AX-395 under circumstances set forth in subparagraph (1) or (3) of paragraph (h) of Section 41 of Lease No AYB-512 and the Port Authority then revokes Permit No. AN-985 without cause pursuant to Section 1(a) of Permit No AN-985 as amended, such revocation of Permit No. AN-985 shall have the same effect on this Agreement and the letting thereunder as provided in paragraph (c) above and all of the provisions of paragraph (d) above shall be in full force and effect.

The Lessee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Lessee assures that it will require that its covered suborganizations provide assurances to the Lessee that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect."

11. A new section entitled "Late Charges" and designated "Section 53" is hereby inserted immediately following Section 52 of the Lease to read as follows:

"Section 53. Late Charges

If the Lessee should fail to pay any amount required under this Agreement when due to the Port Authority, including without limitation any payment of basic, percentage or other

rental or any payment of utility or other charges, or if any such amount is found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight-tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four late charge periods during each calendar year; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (but not less than thirteen) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Agreement. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority to payment of any late charge or late charges payable under the provisions of this Section with respect to such unpaid amount. Each late charge shall be and become additional rent, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the rental as set forth in the Section of this Agreement entitled 'Rental'. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Agreement, including without limitation the Port Authority's rights set forth in the sections of this Agreement entitled 'Termination' and 'Airport Permit' or (ii) any obligations of the Lessee under this Agreement. In the event that any late charge imposed pursuant to this Section shall exceed a legal maximum applicable to such late charge, then, in such event, each such late charge payable under this Agreement shall be payable instead at such legal maximum."

12. Neither the Commissioners of the Port Authority nor any of them, nor any officer, agent or employee thereof, shall be charged personally by the Lessee with any liability, or held liable to it under any term or provision of the Agreement, or because of its execution or attempted execution

or because of any breach thereof.

13. As hereby amended, all the terms, covenants, provisions, conditions and agreements of the Lease shall be and remain in full force and effect.

14. This Agreement and the Lease which it amends constitute the entire agreement between the Port Authority and the Lessee on the subject matter, and may not be changed, modified, discharged or extended except by instrument in writing duly executed on behalf of both the Port Authority and the Lessee. The Lessee agrees that no representations or warranties shall be binding upon the Port Authority unless expressed in writing in the Lease or this Agreement.

IN WITNESS WHEREOF, the Port Authority and the Lessee have executed and sealed these presents, as of the date first above written.

"(c) If any clause, provision or section of this Agreement shall be ruled invalid by any court of competent jurisdiction, the invalidity of such clause, provision or section shall not affect any of the remaining provisions hereof."

(r) Section 38 of the Lease entitled "Abatement" shall be amended by designating the unlettered paragraph appearing therein as paragraph (a), by inserting the phrase "up to but not including the Effective Date as defined in Supplement No. 3 of the Lease" immediately after the word "hereunder" and before the word "that" appearing in the first (1st) line thereof and by inserting the following new paragraphs (b) and (c) immediately after said paragraph (a) to read as follows:

"(b) If at any time during the period from the Effective Date (as defined in Supplement No. 3 of the Lease) to September 6, 1994, both dates inclusive, that the Lessee shall become entitled to an abatement of rental by the provisions of this Agreement or otherwise, the abatement shall be made on an equitable basis giving effect to the amount, quality and character of the space the use of which is denied the Lessee as compared with the total amount of space in Area A and Area E, it being specifically understood and agreed that

the Lessee shall not be entitled to any abatement of rental with respect to any portion of Area B, Area D, Area H or Area F or any portion of the premises shown in broken line hatching on Exhibit C, the use of which is denied the Lessee.

(c) If at any time during the period from September 7, 1994 throughout the remainder of the term of the letting hereunder that the Lessee shall become entitled to an abatement of rental by the provisions of this Agreement or otherwise, the abatement shall be made on an equitable basis giving effect to the amount, quality and character of the space the use of which is denied the Lessee as compared with the total amount of space in Area E, Area F and Area J it being specifically understood and agreed that the Lessee shall not be entitled to any abatement of rental with respect to any portion of Area D the use of which is denied the Lessee, provided, however, notwithstanding the foregoing, for the period from September 7, 1984 to October 31, 1998, both dates inclusive, the Lessee shall not be entitled to any abatement for that portion of the premises shown in broken line hatching on Exhibit C."

(s) Section 41 of the Lease entitled "Airport Permit", as previously amended, shall be deemed further amended as follows:

(1) Paragraph (h) thereof shall be deemed deleted in its entirety and the following new paragraph (h) shall be deemed to have been inserted in lieu thereof to read as follows:

"(h) (1) The Lessee recognizes that the Permit is of an indefinite duration (subject to earlier revocation or termination as provided for therein) and that the Port Authority as a public agency is entrusted with the operation of the Airport. The Lessee further recognizes that the Port Authority may from time to time and at any time during the effective period of the Permit propose changes in the Permit, as the Port Authority may deem necessary, desirable or appropriate. If within thirty (30) days after receipt of any proposed agreement submitted by the Port Authority setting forth such changes the Lessee shall either fail to execute and deliver such proposed agreement to the Port Authority or fail to notify the Port Authority in writing of its objection to all or any of the proposed changes, and the Port Authority elects to revoke the Permit without cause pursuant to Section 1 of the Permit as amended, such revocation shall have the same effect on the Lease as provided in paragraph (c) above except there shall be no obligation of any kind of the Port Authority to reimburse the Lessee for its unamortized cost of the construction work, including the B-1 and C-1 construction work, or its unamortized cost of the Additional Construction Work, or otherwise. If the Lessee notifies the Port Authority within thirty (30) days after receipt of the proposed agreement setting forth such changes of the Lessee's objections to such changes, or any of them, then

the Port Authority agrees to meet with the Lessee as promptly as possible thereafter to discuss the Lessee's objections. In the event that within fifteen (15) days after such meeting the Lessee has not executed the proposed agreement or such revised proposed agreement as may be resubmitted to the Lessee by the Port Authority and the Port Authority elects to revoke the Permit without cause pursuant to Section 1 of the Permit as amended, such revocation shall have the same effect on the Lease as provided in paragraph (c) above except there shall be no obligation of any kind of the Port Authority to reimburse the Lessee for its unamortized cost of the construction work, including the B-1 and C-1 construction work, or its unamortized cost of the Additional Construction Work, or otherwise.

(2) Notwithstanding the foregoing the Lessee shall be entitled to the unamortized cost of the construction work and the unamortized cost of the Additional Construction Work if any court of competent jurisdiction shall, subject to final appeal, determine that under all the circumstances the Lessee should be paid for the same. The court in determining whether the Lessee is to be paid shall balance the interests of the parties in arriving at a determination which either (i) affirms the obligation of the Port Authority to make payment to the Lessee pursuant to paragraph (d) and paragraph (i) hereof or (ii) affirms the provisions of the foregoing subparagraph (1) which releases the Port Authority from such reimbursement obligation. In making its determination the court shall consider the reasons advanced by the Port Authority for the changes it proposed to make in the Permit and the reasons advanced by the Lessee for its unwillingness to accept such changes. A determination by the court in favor of the Lessee shall not necessarily mean that the Port Authority's proposed changes were in fact unreasonable but only that under all the circumstances a refusal of the Lessee to agree to such changes should not result in a loss of its unamortized cost of the construction work and the unamortized cost of the Additional Construction Work and on the other hand a determination by the court in favor of the Port Authority shall mean only that the objections of the Lessee to the proposed changes in the Permit should not result in the financial burden on the Port Authority to pay the unamortized cost of construction work and the unamortized cost of the Additional Construction Work.

(3) The Lessee may wish to execute the agreement containing proposed changes to the Permit without prejudice to its right to a judicial determination as provided in subparagraph (2) hereof and thus be permitted pending such determination to continue to operate at the Airport under the Permit. If it so wishes, the Lessee shall execute the agreement containing the proposed changes to the Permit submitted by the Port Authority (hereinafter called "the Executed Agreement") and shall deliver the same to the Port Authority together with a written notice stating that it has not waived its right for a judicial

determination. In the event that within six months after the execution and delivery to the Port Authority of the Executed Agreement the Lessee commences proceedings seeking a judicial determination hereunder and there is thereafter a final determination of a court of competent jurisdiction (not subject to further appeal) in favor of the Lessee, then within thirty (30) days after the entry of said final order or judgment of the court the Port Authority shall give written notice to the Lessee as to whether or not the Port Authority desires that the provisions in the Executed Agreement be continued. If the Port Authority does not desire that the provisions in the Executed Agreement be continued then such provisions shall be deemed void and of no further force or effect as of the date of said written notice. If the Port Authority desires that the provisions of the Executed Agreement be continued and within thirty (30) days thereafter the Lessee does not advise the Port Authority in writing that it is agreeable to the continuation of the Executed Agreement then at the expiration of said thirty (30) day period the provisions of the Executed Agreement shall be deemed void and of no further force or effect. The Permit then to be in effect shall be in the form it is then in except for the Executed Agreement. In the event the Port Authority thereafter revokes the Permit upon the refusal of the Lessee to continue in effect the provisions of the Executed Agreement, the reimbursement obligation of the Port Authority pursuant to paragraph (d) and paragraph (i) of this Section shall be in full force and effect as of the effective date of the revocation of the Permit. Regardless of the final judicial determination hereunder, whether in favor of the Lessee or the Port Authority, it is hereby specifically agreed that all provisions of the Executed Agreement as they were in full force and effect during the period when they were in effect shall not be challenged or retroactively changed nor shall the existence of the Executed Agreement be grounds for any claims by the Lessee against the Port Authority for damages consequential or otherwise.

(4) Except as limited by subparagraph (6) of this paragraph (h), in the event the Port Authority revokes Permit No. AX-395 under circumstances set forth in subparagraph (1) or (3) of paragraph (h) of Section 41 of Lease No. AYB-512 and the Port Authority then revokes Permit No. AN-985 without cause pursuant to Section 1 of Permit No. AN-985 as amended, such revocation of Permit No. AN-985 shall have the same effect on this Agreement and the letting hereunder as provided in paragraph (c) above except there shall be no obligation of any kind of the Port Authority to reimburse the Lessee for the unamortized cost of the construction work and the unamortized cost of the Additional Construction Work hereunder unless, and only if, pursuant to subparagraph (2) of this paragraph (h) a court of competent jurisdiction shall have, subject to the final appeal, determined that the Lessee shall be entitled to the unamortized cost of the construction work and the unamortized cost of the Additional Construction Work under this Agreement in which case, and only in such case, the Port Authority

shall pay the Lessee the unamortized cost of the construction work and the unamortized cost of the Additional Construction Work hereunder pursuant to paragraph (d) and paragraph (i) hereof.

(5) Notwithstanding the foregoing and except as limited by subparagraph (6) of this paragraph (h), the Lessee's right to a judicial determination under this paragraph (h) shall be of no force or effect unless, and only if, the Lessee seeks a determination with respect to the unamortized cost of the construction work and the unamortized cost of the Additional Construction Work under this Agreement and the unamortized cost of the construction work under Lease No. AYB-512 in one proceeding commenced in a court of competent jurisdiction to make a determination with respect to the unamortized cost of the construction work and the unamortized cost of the Additional Construction Work under this Agreement and the unamortized cost of the construction work under Lease No. AYB-512.

(6) The foregoing subparagraphs (4) and (5) of this paragraph (h) shall be of no force and effect in the event the Port Authority proposes a change only to Permit No. AX-395 involving circumstances unique to Permit No. AX-395 and, if in such event, the Port Authority revokes Permit No. AX-395 under circumstances set forth in subparagraph (1) and (3) of paragraph (h) of Section 41 of Lease No. AYB-512 and the Port Authority then revokes Permit No. AN-985 without cause pursuant to Section 1 of Permit No. AN-985 as amended, such revocation of Permit No. AN-985 shall have the same effect on this Agreement and the letting thereunder as provided in paragraph (c) above and all of the provisions of paragraph (d) and paragraph (i) hereof shall be in full force and effect.

(7) The foregoing subparagraphs (1), (2), (3), (4), (5) and (6) of this paragraph (h) shall be of no force or effect with respect to any changes to the Permit proposed by the Port Authority relating to an increase in the fees payable under the Permit."

(2) The following new paragraphs (i), (j) and (k) shall be deemed to have been added to Section 41 immediately after paragraph (h) thereof to read as follows:

"(i) In the event this Agreement and the letting hereunder is terminated pursuant to the provisions of paragraph (c) above and only in such event (and subject to the limitations set forth in paragraph (h) above), then the Port Authority shall pay to the Lessee the Lessee's unamortized cost of construction of the Additional Construction Work in accordance with and subject to paragraphs (j), (k) and (g) hereof. The Lessee understands and hereby agrees that there will be no reimbursement of any kind pursuant to this Section 41 if the Permit is revoked or

terminated other than without cause and this Lease and letting hereunder shall remain in full force and effect subject to the Port Authority's right of termination pursuant to subparagraph (11) of Section 23(a) hereof. The Lessee further understands that the Port Authority will have no obligation of any kind to reimburse the Lessee pursuant to this Section 41 in the event the Lease and the letting hereunder is terminated other than pursuant to the provisions of paragraph (c) above.

(j) The parties hereby agree that for the purposes of this Section 41, the Lessee's cost of construction of the Additional Construction Work shall mean the lesser of:

(1) The sum of Six Million Dollars and No Cents (\$6,000,000.00); or

(2) The sum of the following actually paid by the Lessee to the extent that the inclusion of the same is permitted by sound accounting practice:

(i) Amounts paid by the Lessee to independent contractors for work actually performed and labor actually furnished and materials actually delivered in connection with the Exclusive Additional Construction Work;

(ii) Payments made by the Lessee in connection with such Exclusive Additional Construction Work for engineering, architectural, professional and consulting services and supervision of construction, it being understood that payments under this item (ii) shall not exceed ten percent (10%) of the amounts paid under item (i) above;

(iii) The Lessee's pro rata share of amounts paid by the Lessee and the other car rental operators to independent contractors for work actually performed and labor actually furnished and materials actually delivered in connection with the Common On-Premises Additional Construction Work;

(iv) The Lessee's pro rata share of payments made by the Lessee and the other car rental operators in connection with such Common On-Premises Additional Construction Work for engineering, architectural, professional and consulting services and supervision of construction, it being understood that payments under this item (iv) shall not exceed ten per cent (10%) of the amounts paid under item (iii) above;

(v) The Lessee's pro rata share of amounts paid by the Lessee and Avis to independent contractors for work actually performed and labor actually furnished and materials actually delivered in connection with the Off-Premises Work; and

(vi) The Lessee's pro rata share of payments made by the Lessee and Avis in connection with such Off-Premises Work for engineering, architectural, professional and consulting services and supervision of construction, it being understood that payments under this item (vi) shall not exceed ten per cent (10%) of the amounts paid under item (v) above.

Upon completion of the Exclusive Additional Construction Work the Lessee shall furnish to the Port Authority as promptly as possible a statement of its cost of construction of the Exclusive Additional Construction Work which statement shall be certified by a responsible officer of the Lessee and shall contain in detail all the items listed in (i) and (ii) above. Upon completion of the Common On-Premises Additional Construction Work, the Lessee and the other car rental operators shall furnish to the Port Authority as promptly as possible a statement of the cost of construction of the Common On-Premises Additional Construction Work which statement shall be certified by responsible officers of the Lessee and the other car rental operators and shall contain in detail all the items listed in (iii) and (iv) above. Upon completion of the Off-Premises Work the Lessee and Avis shall furnish to the Port Authority as promptly as possible a statement of the cost of construction of the Off-Premises Work which statement shall be certified by responsible officers of the Lessee and Avis and shall contain in detail all the items listed in (v) and (vi) above. The Lessee, Avis and the other car rental operators shall permit the Port Authority, by its agents, employees and representatives at all reasonable times during the construction and for a period of two (2) years subsequent to the receipt of the certified statement aforesaid, to examine and audit the books of account of the Lessee, Avis and the other car rental operators which pertain to the Additional Construction Work. If, in the certified statement (including any statement in which the Lessee is joined by Avis or the other car rental operators) the Lessee (and Avis or the other car rental operators where applicable) include any item of cost or expense as having been incurred, but which in the opinion of the Port Authority was not so incurred, or which in the opinion of the Port Authority if so incurred is not a cost or expense properly chargeable as part of the cost of the Additional Construction Work under sound accounting practice and in accordance with the provisions hereof, then, within sixty (60) days after the completion of the Port Authority's examination and audit of such statement, the Port Authority shall give written notice to the Lessee (and Avis or the other car rental operators where applicable) stating its objections to the item and the grounds therefor. If the Lessee (and Avis or the other car rental operators where applicable) consider that the Port Authority's objection is wrongfully taken, the

Lessee (and Avis or the other car rental operators where applicable) may within sixty (60) days after the Port Authority gives written notice, serve a written notice upon the Port Authority stating grounds for which they consider the objection to be wrongfully taken. In the event the matter is not resolved between the parties within ninety (90) days thereafter, the Port Authority shall refer the objection, at the Port Authority's expense, to the accountants then designated by the Port Authority for outside audit of the books of the Port Authority, whose decision as to the validity of the objection shall be final.

The Lessee's pro rata share for purposes of items (iii) and (iv) above shall be determined by multiplying the total amounts expended by the Lessee and the other car rental operators pursuant to said items (iii) and (iv) by forty percent (40%) and the Lessee's pro rata share for purposes of items (v) and (vi) above shall be determined by multiplying the total amounts expended by the Lessee and Avis pursuant to said items (v) and (vi) by Sixty-six percent (66%).

The unamortized cost of construction of the Additional Construction Work for the purposes of this Section 41 shall mean the Lessee's cost of construction of the Additional Construction Work as hereinabove set forth, multiplied by a fraction the numerator of which shall be the number of whole calendar months between (i) the later to occur of the date the Lessee surrenders possession of the premises to the Port Authority (it being understood the Lessee shall have no right to remain in possession of the premises beyond the effective date of any termination of this Lease and nothing herein shall be or be construed to be any permission to remain in possession of the premises beyond the effective date of any termination of this Lease) or the effective date of termination pursuant to this Section 41 and (ii) the earlier to occur of the twentieth anniversary of the Additional Construction Completion Date or the twentieth anniversary of the Monorail Commission Date, and the denominator of which shall be 240. In the event that subsequent to the Exclusive Additional Construction Completion Date and on or after November 1, 1998 the Lessee performs additional work pursuant to subparagraph (2) of paragraph (g) of Section 2A of this Agreement, then upon completion of such additional work it shall be deemed to be a portion of the Lessee's Exclusive Additional Construction Work for purposes of reimbursement hereunder, but only to the extent that the sum of the amount of the cost of construction of the Additional Construction Work and the amount of the cost of such additional work does not exceed the amount of Six Million Dollars and No Cents (\$6,000,000.00). The unamortized cost of construction of such additional work shall be determined

by multiplying the Lessee's cost of such additional construction by a fraction, the numerator of which shall be the number of whole calendar months between (i) the later to occur of the date the Lessee surrenders possession of the premises to the Port Authority (it being understood the Lessee shall have no right to remain in possession of the premises beyond the effective date of any termination of this Lease and nothing herein shall be or be construed to be any permission to remain in possession of the premises beyond the effective date of any termination of this Lease) or the effective date of termination pursuant to this Section 41, and (ii) the earlier to occur of the twentieth anniversary of the Additional Construction Completion Date or the twentieth anniversary of the Monorail Commission Date, and the denominator of which shall be the number of whole calendar months in the term of the letting subsequent to completion of said additional work.

(k) Notwithstanding any other provision of this Agreement, in ascertaining the amount that the Port Authority shall be obligated to pay to the Lessee hereunder, the unamortized cost of construction of the Additional Construction Work as heretofore stated in paragraph (j) hereof shall be diminished by the amount that any part of the components of the unamortized cost of the Additional Construction Work, as stated in said paragraph (j) in connection with the Exclusive Additional Construction Work or the Common Additional Construction Work, as the case may be, are secured by liens, mortgages or other encumbrances or conditional bills of sale and less any other amounts whatsoever due under this Agreement from the Lessee to the Port Authority or otherwise owed by the Lessee to the Port Authority. In no event shall the unamortized cost of the Additional Construction Work as defined in paragraph (j) hereof include any amount whatsoever for any portion of the Exclusive Additional Construction Work or the Common On-Premises Additional Construction Work unless said portion of the Exclusive Additional Construction Work and Common On-Premises Additional Construction Work is actually installed and constructed on the premises nor shall the unamortized cost of the Additional Construction Work include any amount whatsoever for any portion of the Off-Premises Work unless said portion of the Off-Premises Work is actually constructed and installed in the area shown in diagonal hatching on Exhibit E attached to Supplement No. 3 to the Lease."

(t) Section 42 of the Lease entitled "No Services by the Port Authority" shall be deemed deleted therefrom in its entirety and the following new Section 42 shall be deemed to have been inserted in lieu thereof to read as follows:

"Section 42. Services to the Lessee

(a) Except as provided in this Section 42, the Port Authority shall not be obligated to perform, furnish or pay for any services or utilities whatsoever in connection with this Lease or the use and occupancy of the premises hereunder. The Lessee shall be responsible for contracting with the appropriate supplier(s) of utilities used in connection with the Lessee's use and occupancy of the premises hereunder and shall pay the cost of supplying all utilities furnished to the premises.

(b) If any federal, state, municipal or other governmental body, authority or agency or any public utility hereafter assesses, levies, imposes, makes or thereafter increases any charge, fee or rent on the Port Authority for any service, system or utility now or in the future supplied to or available to the premises or to any occupants or users thereof (including but not limited to any sewer rent or charge for the use of sewer systems and regardless of whether the Port Authority is responsible for the same), the Lessee shall, at the option of the Port Authority exercised at any time from time to time by notice to the Lessee, pay, in accordance with said notice, such charge, fee or rent or increase thereof (or the portion thereof allocated by the Port Authority to the premises or the Lessee's operations hereunder) to the Port Authority.

(c) In the event the Port Authority shall provide extermination service for the premises, the Lessee agrees to utilize the same and to pay its share of the reasonable cost thereof, upon demand. This paragraph does not impose any obligation on the Port Authority to furnish such service.

(d) The Port Authority shall be under no obligation to supply services if and to the extent and during any period that the supplying of any such service or the use of any component necessary therefor shall be prohibited or rationed by any federal, state or municipal law, rule, regulation, requirement, order or direction and if the Port Authority deems it in the public interest to comply therewith, even though such law, rule, regulation, requirement, order or direction may not be mandatory on the Port Authority as a public agency. The Port Authority shall not be obligated to perform or furnish any service whatsoever in connection with the premises at any time while the Lessee shall be in default hereunder or has breached any of the provisions hereof after the period, if any, herein granted to cure such default shall have expired.

(e) No failure, delay or interruption in supplying agreed services (whether or not a separate charge is made therefor) shall be or be construed to be an eviction of the

Lessee or grounds for any diminution or abatement of rental, or (unless resulting from the negligence or wilful failure of the Port Authority) shall be grounds for any claims by the Lessee for damages, consequential or otherwise."

(u) Section 43 of the Lease entitled "Additional Provisions Relating to the Lessee's Maintenance, Repair and Insurance Obligations" shall be deemed amended by designating the unlettered paragraph appearing therein as paragraph "(a)" and by inserting a new paragraph (b) immediately thereafter to read as follows:

"(b) With respect to the Common Additional Construction Work and Area D, the maintenance, repair and rebuilding obligations under Section 11 and the insurance obligation under Section 12 hereof and any other obligations imposed on the Lessee in connection with Area D shall be provided, performed and discharged by the Lessee jointly and severally with the other car rental operators, provided, however, that the Lessee shall be responsible for the acts and omissions of the persons actually providing any services and operations or discharging the obligations on or with respect to Area D or using or occupying said Area D as if the same were those of the Lessee."

(v) Section 50 of the Lease entitled "Termination of Other Facility Leases" shall be deemed amended by deleting paragraphs (a), (b), (c) and (d) thereof in their entirety and by inserting in lieu thereof the following new unlettered paragraph to read as follows:

"In the event the Port Authority terminates the Facility Lease of any car rental operator (hereinafter called the "Terminated Operator") the Port Authority agrees that if it should relet that portion of the premises which was leased exclusively to such Terminated Operator under such Terminated Operator's Facility Lease for a term effective no later than two years after the Common Additional Construction Completion Date (which the Port Authority agrees it will endeavor to do), the Port Authority will require such successor tenant to pay to the remaining car rental operators (hereinafter called the "Operators") the unpaid portion, if any, of the cost of the Common On-Premises Additional Construction Work attributable to the Terminated Operator and which it has not paid, such reimbursement to be payable in a lump sum within sixty (60) days after the commencement of the term of such lease. Any such new lease of space whenever entered into by the Port Authority shall be deemed a Facility Lease and any new tenant shall be deemed to be a car rental operator hereunder. The cost of the Common On-Premises Additional Construction Work for purposes of this Section 50 shall be the sum of the amounts set forth in items (iii) and (iv) of paragraph (j) of

Section 41 of the Lease. The amount required to be paid by the new tenant shall be the pro rata share applicable to the Terminated Operator (as set forth in paragraph (j) of Section 41 of said Terminated Operator's Facility Lease) applied to the cost of the Common On-Premises Additional Construction Work as set forth in Section 41 herein less such amounts, if any, that the Terminated Operator shall have paid, and appropriate pro rata payments will be made to each Operator. The Port Authority does not guarantee payment of such amount. The Lessee hereby agrees at all times to keep the Port Authority advised of the amounts paid by all the car rental operators with respect to the cost of construction of the Common On-Premises Additional Construction Work and of any default in payment by any car rental operator."

(w) Section 51 of the Lease entitled "Definitions" shall be deemed amended by inserting the following new paragraphs (l), (m), (n), (o), (p) and (q) immediately after paragraph (k) thereof to read as follows:

"(l) 'Unamortized Additional Capital Investment' shall mean for purposes of this Lease, the amount of the Lessee's unamortized investment in the Additional Construction Work. For the purposes of this paragraph (l), the Lessee's investment in the Additional Construction Work shall mean the lesser of:

(1) The sum of Six Million Dollars and No Cents (\$6,000,000.00); or

(2) The sum of the following actually paid by the Lessee to the extent that the inclusion of the same is permitted by sound accounting practice:

(i) Amounts paid by the Lessee to independent contractors for work actually performed and labor actually furnished and materials actually delivered in connection with the Exclusive Additional Construction Work;

(ii) Payments made by the Lessee in connection with such Exclusive Additional Construction Work for engineering, architectural, professional and consulting services and supervision of construction, it being understood that payments under this item (ii) shall not exceed ten per cent (10%) of the amounts paid under item (i) above;

(iii) The Lessee's pro rata share of amounts paid by the Lessee and the other car rental operators to independent contractors for work actually performed and labor actually furnished and materials actually delivered in connection with the Common On-Premises Additional Construction Work;

STAM  
\_\_\_\_\_

(iv) The Lessee's pro rata share of payments made by the Lessee and the other car rental operators in connection with such Common On-Premises Additional Construction Work for engineering, architectural, professional and consulting services and supervision of construction, it being understood that payments under this item (iv) shall not exceed ten percent (10%) of the amounts paid under item (iii) above;

(v) The Lessee's pro rata share of amounts paid by the Lessee and Avis to independent contractors for work actually performed and labor actually furnished and materials actually delivered in connection with the Off-Premises Work; and

(vi) The Lessee's pro rata share of payments made by the Lessee and Avis in connection with such Off-Premises Work for engineering, architectural, professional and consulting services and supervision of construction, it being understood that payments under this item (iv) shall not exceed ten per cent (10%) of the amounts paid under item (v) above.

The Lessee's unamortized investment in the Additional Construction Work shall mean the Lessee's investment in the Additional Construction Work as hereinabove set forth multiplied by a fraction the numerator of which shall be the number of whole calendar months between (i) the later to occur of the effective date of the termination or expiration of the Lease or the date the Lessee shall surrender possession of the premises to the Port Authority (it being understood the Lessee shall have no right to remain in possession of the premises beyond the effective date of any termination or expiration of this Lease and nothing herein shall be or be construed to be any permission to remain in possession of the premises beyond the effective date of any termination or expiration of this Lease) and (ii) the earlier to occur of the twentieth anniversary of the Additional Construction Completion Date or the twentieth anniversary of the Monorail Commission Date, and the denominator of which shall be 240.

The Lessee's pro rata share for purposes of items (iii) and (iv) above shall be determined by multiplying the total amounts expended by the Lessee and the other car rental operators pursuant to said items (iii) and (iv) by forty percent (40%) and the Lessee's pro rata share for purposes of items (v) and (vi) above shall be determined by multiplying the total amounts expended by the Lessee and Avis pursuant to said items (v) and (vi) by sixty-six percent (66%). In each case the above mentioned amounts, payments and expenses shall

be evidenced, from time to time, by certificates of a responsible fiscal officer of the Lessee, sworn to before a Notary Public and delivered to the Port Authority, which certificates shall (a) set forth in detail, the amounts paid to specified persons and the other expenses incurred by Lessee, which have not previously been reported in certificates delivered to the Port Authority, (b) have attached thereto reproduction copies or duplicate originals of the invoices of such independent contractors and other persons acknowledging the receipt by them of such amounts and payments, and (c) certify that the amounts, payments and expenses therein set forth constitute portions of Lessee's investment in the Additional Construction Work for purposes of this Lease.

(m) 'Environmental Damages' shall mean any one or more of the following: (i) the presence on, about or under the premises of any Hazardous Substance and/or (ii) the disposal, release or threatened release of any Hazardous Substance from the premises, and/or (iii) Off-Premises Hazardous Substance, and/or (iv) any personal injury (including wrongful death) or property damage arising out of or related to such Hazardous Substances, and/or (v) the violation of any Environmental Requirements pertaining to such Hazardous Substances or Off-Premises Hazardous Substance, the premises and/or the activities thereon.

(n) 'Environmental Requirements' and 'Environmental Requirement' shall mean all applicable present and future laws, statutes, enactments, resolutions, regulations, rules, ordinances, codes, licenses, permits, orders, approvals, plans, authorizations, concessions, franchises, requirements and similar items, of all governmental agencies, departments, commissions, boards, bureaus, or instrumentalities of the United States, states and political subdivisions thereof and all applicable judicial, administrative, and regulatory decrees, judgments, and orders relating to the protection of human health or the environment, and in the event that there shall be more than one compliance standard, the standard for any of the foregoing to be that which requires the lowest level of a Hazardous Substance, the foregoing to include without limitation:

(i) All requirements pertaining to reporting, licensing, permitting, investigation, and remediation of emissions, discharges, releases, or threatened releases of Hazardous Substances into the air, surface water, groundwater, or land, or relating to the manufacture, processing, distribution, use, treatment, storage, disposal, transport, or handling of Hazardous Substances; and

(ii) All requirements pertaining to the protection of the health and safety of employees or the public.

(o) 'Hazardous Substances' and 'Hazardous Substance' shall mean and include without limitation any pollutant, contaminant, toxic or hazardous waste, dangerous substance, potentially dangerous substance, noxious substance, toxic substance, flammable, explosive, radioactive material, urea formaldehyde foam insulation, asbestos, polychlorinated biphenyls (PCBs), chemicals known to cause cancer or reproductive toxicity, petroleum and petroleum products and other substances which has been or in the future shall be declared to be hazardous or toxic, or the removal of which has been or in the future shall be required, or the manufacture, preparation, production, generation, use, maintenance, treatment, storage, transfer, handling or ownership of which has been or in the future shall be restricted, prohibited, regulated or penalized by any Environmental Requirement.

(p) 'Governmental authority', 'governmental board', 'governmental agency' shall mean federal, state, municipal and other governmental authorities, boards and agencies of any state, nation or government, except that it shall not be construed to include The Port Authority of New York and New Jersey, the lessor under this Lease.

(q) 'Off-Premises Hazardous Substance' shall mean the presence of any Hazardous Substance in, about or under property at the Airport other than the premises as a result of the Lessee's use and occupancy of the premises, whether by migration, release, discharge or other manner, it being understood that the Lessee shall have the burden of proof to establish that any migration of a Hazardous Substance from the premise was not a result of the Lessee's use and occupancy of the premises."

(x) Schedule A of the Lease shall be deemed amended as follows:

(1) Effective as of the Effective Date, the first paragraph of Schedule A commencing with the word "The" and ending with the word "follows" shall be deemed deleted therefrom in its entirety and the following new paragraph shall be deemed inserted in lieu thereof to read as follows:

Neither the above provisions for rights of the Lessee to withhold and apply monies nor any exercise, or attempted exercise of, or omission to exercise such rights by the Lessee shall create any obligation of any kind to such materialmen, subcontractors, workmen or other third persons. Until actual payment is made to the Contractor, his right to any amount to be paid under the Contract (even though such amount has already been certified as due) shall be subordinate to the rights of the Lessee under this provision.

The Lessee shall use its best efforts to resolve any such claims and shall keep the Port Authority fully informed of its actions with respect thereto.

(9) Any soil, dirt, sand or other matter (hereinafter in this subparagraph (9) collectively called "matter") excavated by the Lessee during the course of the Additional Construction Work shall be delivered and deposited by the Lessee at its expense to any location on the Airport or to any location off the Airport within the Port of New York District (as the Port of New York District exists on the Effective Date as defined in Supplement No. 3 to the Lease) as may be designated by the Port Authority. Upon such written direction from the Resident Engineer, the Lessee shall promptly cease construction of the portion of the Additional Construction Work specified. The Lessee shall thereupon submit to the Port Authority for its written approval the Lessee's proposal for making modifications, corrections or changes in or to the Additional Construction Work that has been or is to be performed so that the same will comply with the provisions of this Lease, the Construction Application and the approval letter covering the Additional Construction Work. (5) The Lessee shall comply with all requirements, stipulations and provisions as may be set forth in the letter of approval.

(4) No work under any such approval shall affect or limit the obligations of the Lessee under all prior approvals with respect to its construction of the Additional Construction Work.

The Lessee hereby acknowledges that it commences work pursuant to this paragraph (e) it shall do so with full knowledge that there may not be continuity by it in the performance of its Additional Construction Work under the procedures of this paragraph (e).

It is hereby further understood and agreed that the Port Authority has no duty or obligation of any kind whatsoever to inspect or police the performance of the Additional Construction Work by the Lessee and the rights granted to the Port Authority hereunder shall not create or be deemed to create such a duty or obligation. Accordingly, the fact that the Resident Engineer has not exercised the Port Authority's right to require the Lessee to cease its construction of all or any part of the Additional Construction Work shall not be or be deemed to be an agreement or acknowledgment on the part of the Port Authority that the Lessee has in fact performed such portion of the Additional Construction Work in accordance with the terms of the Lease, the Construction Application or the approval letter nor shall such fact be or be deemed to be a waiver by the Port Authority from the requirement of strict compliance by the Lessee with the provisions of the Lease, the Construction Application and the approval letter with respect to the Additional Construction Work.

(1) (1) (1) When the Exclusive Additional Construction Work is substantially completed and ready for use, the Lessee shall advise the Port Authority to such effect and shall deliver to the Port Authority a certificate signed by an authorized officer of the Lessee and also signed by the Lessee's licensed architect or engineer certifying that the Exclusive Additional Construction Work has been constructed in accordance with the approved plans and specifications thereof and the provisions of the Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders. Thereafter the Exclusive Additional Construction Work will be inspected by the Port Authority and if the same has been completed as certified by the Lessee and the Lessee's licensed architect or engineer, as aforesaid, a certificate to such effect shall be delivered to the Lessee, subject to the condition that all risks thereafter with respect to the construction and installation of the same and any liability therefor for negligence or other reason shall be borne by the Lessee. The Lessee shall not use or permit the use of the Exclusive Additional Construction Work for the purposes set forth in the Lease until such certificate is received from the Port Authority, and the Lessee shall not use or permit the use of the Exclusive Additional Construction Work or any portion thereof even if such certificate is received if the Port Authority states in any such certificate that the same cannot be used until other specified portions are completed.

(2) (i) When the Common Additional Construction Work is substantially completed and ready for use, the Lessee shall advise the Port Authority to such effect and shall deliver to the Port Authority a certificate signed by an authorized officer of the Lessee and also signed by the Lessee's Licensed architect or engineer certifying that the Common Additional Construction Work has been constructed in accordance with the approved plans and specifications therefor and the provisions of this Lease and in compliance with all applicable laws, ordinances and governmental rules, regulations and orders. Notwithstanding any other provision of this Permit, the permission hereby granted shall in any event terminate with the expiration or termination of the lease of Newark International Airport from The City of Newark to the Port Authority under the agreement between the City and the Port Authority dated October 22, 1947, as the same from time to time may have been or may be supplemented or amended. Said agreement dated October 22, 1947 has been recorded in the Office of the Register of Deeds for the County of Essex on October 30, 1947 in Book E-110 of Deeds at pages 242, et seq. No greater rights or privileges are hereby granted to the Permittee than the Port Authority has power to grant under said agreement as supplemented or amended as aforesaid.

"Newark International Airport" or "Airport" shall mean the land and premises in the County of Essex and State of New Jersey, which are westerly of the right of way of the Central Railroad of New Jersey and are shown upon the exhibit attached to the said agreement between the City and the Port Authority and marked "Exhibit 'A'", as contained within the limits of a line of crosses appearing on said exhibit and designated "Boundary of terminal area in City of Newark", and lands contiguous thereto which may have been heretofore or may hereafter be acquired by the Port Authority to use for air terminal purposes.

The Port Authority has agreed by a provision in its agreement of lease with the City covering the Airport to conform to the enactments, ordinances, resolutions and regulations of the City and of its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection, to the extent that the Port Authority finds it practicable so to do. The Permittee shall, within forty-eight (48) hours after its receipt of any notice of violation, warning notice, summons, or other legal process for the enforcement of any such enactment, ordinance, resolution or regulation, deliver the same to the Port Authority for examination and determination of the applicability of the agreement of lease provision thereto. Unless otherwise directed in writing by the Port Authority, the Permittee shall conform to such enactments, ordinances, resolutions and regulations insofar as they relate to the operations of the Permittee at the Airport. In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Permittee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Permittee of a written direction from the Port Authority, such compliance shall not constitute a breach of this Permit, although the Port Authority thereafter notifies the Permittee to refrain from such compliance. Nothing herein contained shall release or discharge the Permittee from compliance with any other provision hereof respecting governmental requirements.

If by reason of the Permittee's failure to comply with the provisions of this Endorsement, any fire insurance, extended coverage or rental insurance rate on the Airport or any part thereof or upon the contents of any building thereon shall at any time be higher than it otherwise would be, then the Permittee shall on demand pay the Port Authority that part of all fire insurance premiums paid or payable by the Port Authority which shall have been charged because of such violation by the Permittee.

The Permittee shall not do or permit to be done any act which

- (a) will invalidate or be in conflict with any fire insurance policies covering the Airport or any part thereof or upon the contents of any building thereon, or
- (b) will increase the rate of any fire insurance, extended coverage or rental insurance on the Airport or any part thereof or upon the contents of any building thereon, or

- (e) may interfere with the effectiveness or accessibility of the drainage and sewerage system, fire-protection system, sprinkler system, alarm system, fire hydrants and hoses, if any, installed or located or to be installed or located in or on the Airport, or

## SPECIAL ENDORSEMENTS

1. The Permittee is hereby given the non-exclusive privilege of conducting and the Permittee hereby agrees to conduct at Newark International Airport (hereinafter called "the Airport") the business of renting non-chauffeured automobiles (sometimes hereinafter called "the Rent a Car Business") to all qualified persons desiring the same. As used herein the term "qualified" shall mean a customer who satisfies any applicable requirements of law as well as the national requirements of the Permittee with respect to those persons to whom automobiles may be rented, provided said national requirements are not in breach of or inconsistent with any provision of this Permit.

2. (a) The Permittee, in connection with the Rent a Car Business, is hereby given the non-exclusive privilege of using such routes, roads and ways on the Airport as may from time to time be designated by the General Manager of the Airport in connection with providing a transportation service (hereinafter called "the Service") for its customers and employees at no charge therefor between the Airport and the existing off-airport facility (as hereinafter defined) operated in connection with the Rent a Car Business, which routes, roads and ways shall be used in common with others authorized by the Port Authority to use the same. In the conduct of the Service stops will be made only at such locations as may be approved by the General Manager of the Airport from time to time and at any time. The Service shall not be used in any manner or activity other than in connection with the Rent a Car Business and the Permittee shall comply with such procedures and directions as may be given from time to time by the General Manager of the Airport.

(b) It is hereby acknowledged that the Permittee operates a facility for the purpose of conducting rent-a-car operations at 472 U. S. Highway No. 1, Newark, New Jersey 07114 and said facility is herein referred to as "the existing off-airport facility". The existing off-airport facility has been operated by the Permittee prior to the effective date of this Permit primarily to serve persons, corporations and other entities using the Airport, including but not limited to, Airline passengers, Airport, Airline and tenant employees at the Airport and the general public at the Airport. It is also recognized that the existing off-airport facility has heretofore been and from the effective date hereof will be operated under a franchise agreement that the Permittee has with another corporation. At the present time, the Permittee does not have facilities at the

Airport for, among other things, the parking of vehicles to be utilized by the Permittee in the Rent a Car Business. The Permittee hereby represents to the Port Authority that said vehicles utilized in the Rent a Car Business will be located at the existing off-airport facility. The Service under this Special Endorsement shall be used primarily for the purpose of transporting the Permittee's customers from the Airport to the existing off-airport facility where vehicles can be secured by them as well as for the purpose of transporting persons to the Airport after they have returned their vehicles to the existing off-airport facility. The Permittee shall not use the Service to any location off the Airport other than the existing off-airport facility specified above without the prior written approval of the General Manager of the Airport.

(c) The Port Authority makes no representations as to the condition or availability of any route, road or way within the Airport for the Service and does not agree to keep the same unobstructed or fit for use. No closing by the Port Authority of any route, road or way within the Airport whether temporary or permanent, whether or not such closing involves a route, road or way previously used by the Permittee in its operation of the Service, and no such closing by any governmental authority, whether of a route, road or way within or outside the Airport, and whether or not at the request of or with the consent of the Port Authority, shall be grounds for any claim by the Permittee for damages, consequential or otherwise.

(d) Neither the requirements of the Port Authority hereunder, nor any approval by the Port Authority of the methods of the Permittee's operation of the Service, nor the failure of the Port Authority to require the Permittee to take any particular precautions or to refrain from doing any particular thing in relation thereto nor the fact that the Permittee's operation of the Service may be in accordance with and pursuant to the procedures or directions of the General Manager of the Airport shall relieve the Permittee of its liability for injuries to persons or damage to property arising out of its operations hereunder.

(e) The conveyances to be used in the Service shall all be a type of motor vehicle properly adapted therefor. The Permittee shall maintain all such conveyances in good repair, order and appearance, and shall keep them clean at

all times. All such conveyances shall be identified as those of the Permittee by an appropriate sign or marking subject to the prior and continuing approval of the General Manager of the Airport.

(f) Without limiting the generality of Section 6 of the Terms and Conditions of the Permit, the Service hereunder shall be subject to the Rules and Regulations of the Port Authority, as the same may from time to time be supplemented and amended.

(g) The Permittee acknowledges that this Special Endorsement No. 2 shall not be deemed to grant to the Permittee the right to use any routes, roads or ways on the Airport to carry on or conduct any operations or services at the Airport, including but not limited to, any ground transportation service, other than the Service as specifically set forth herein.

(h) The operators of the vehicles used in the Service shall either be employees of the Permittee properly experienced and trained in such operations or the Permittee may engage an independent third party contractor to provide the Service, and in such event the operations of said contractor shall be deemed to be the operations of the Permittee hereunder.

(i) Without limiting the provisions of Standard Endorsement No. 17.1, the Permittee shall procure and maintain in full force and effect throughout the effective period of the permission granted hereunder all licenses, certificates, permits, franchises or other authorization from all governmental authorities, if any, having jurisdiction over the operations of the Permittee, which may be necessary for the conduct of the Service. Neither the issuance of this Permit nor anything contained therein shall be or be construed to be a grant of any franchise, consent, license, permit, right or privilege of any nature or kind whatsoever to operate omnibuses or any other vehicles or conveyances carrying passengers or property, whether for hire or otherwise, outside the Airport, or over the public streets or roads of or located in any municipality of the State of New Jersey.

## SPECIAL ENDORSEMENTS

3. (a) The Permittee understands and agrees that in connection with its operations under this Permit it shall promptly establish and shall maintain a physical presence at the Airport. Such physical presence shall be evidenced by the Permittee's occupancy of counter space to be used as business, dispatch and sales offices and for the control of its operations at the Airport as well as for customer reservation and information purposes. This presence will be covered by separate agreements between the Permittee and the Port Authority covering counter space and the installation of telephones in the North Passenger Terminal Building at the Airport. In addition, counter space and telephones are available at Terminals A and B at the Airport. The Permittee recognizes that although the availability of counter space in Terminals A and B is covered by the Port Authority's leases with the tenants thereof there may be limitations in particular buildings with respect to whether space is available for all Rent A Car operators and with respect to the amount of such space for utilization by all Rent A Car operators. There also may be different arrangements at the aforesaid buildings with respect to counter space and the installation of telephones. The arrangements to be made between the Permittee and the various airline lessees of Terminals A and B shall be covered by separate agreements between the Permittee and the appropriate airline lessees which agreements shall be subject to prior written consent of the Port Authority. Any difficulties the Permittee may have in securing the counter space or telephones it desires or with respect to the proposed charges therefor by the lessee may be brought to the attention of the Port Authority by the Permittee. The Port Authority recognizes that it has an appropriate role to play in the event any such matter is referred to it but this does not mean that every problem of this kind will be resolved to the satisfaction of the Permittee.

(b) Appropriate counter space and the installation of telephones in the aforementioned locations shall be accomplished pursuant to an Alteration Application or Applications, to be submitted in the event an Airline Lessee is involved by said Airline Lessee, as said Alteration Application or Applications are approved by the Port Authority.

(c) Notwithstanding the date set forth in item 6 on the first page of the Permit, it is hereby agreed that the effective date of this Permit shall be the date the Permittee occupies counter space or installs telephones in any of the aforesaid locations or September 1, 1982, whichever date is earlier.

## SPECIAL ENDORSEMENTS

4. (a) The term "gross receipts" shall include all monies paid or payable to the Permittee for sales made and for services rendered at or from the Airport, regardless of when or where the order therefor is received, and any other revenues of any type arising out of or in connection with the Permittee's operations at the Airport, provided, however, that any taxes imposed by law which are separately stated to and paid by the customer and directly payable to the taxing authority by the Permittee, shall be excluded therefrom.

(b) It is hereby agreed that for the purpose of this Permit sales made and services rendered at or from the existing off-airport facility, regardless of when or where the order therefor is received, and operations at the existing off-airport facility shall be and be deemed to be sales made and services rendered at or from the Airport and the aforesaid operations of the Permittee shall be and be deemed to be operations of the Permittee at the Airport and that all monies paid or payable to the Permittee therefor shall be included in gross receipts under the Permit except for "non-airport sales and services" as hereinafter defined. "Non-airport sales and services" shall only mean those instances where a sale or service is rendered at the existing off-airport facility or there is an operation at the existing off-airport facility and (i) the customer of the Permittee did not arrive at the Airport by air within the period of eighteen (18) hours prior to entering into the rental agreement with the Permittee and (ii) the customer does not work at the Airport. Any monies paid or payable with respect to non-airport sales and services shall not be or be deemed to be part of gross receipts hereunder but the Permittee shall have the burden of proof of establishing the same.

(c) The Permittee hereby represents that it can and will develop a system of records so that its sales, services and operations at the existing off-airport facility can be properly recorded by it and easily audited by the Port Authority, particularly so that gross receipts and non-airport sales and services thereat are easily identified. Without limiting the foregoing, the Permittee shall establish a separate and distinct form of rental agreement to be used for non-airport sales and services and shall record

## SPECIAL ENDORSEMENTS

such information as shall clearly establish that such customer did not arrive at the Airport within said eighteen (18) hour period or does not work at the Airport. The Permittee shall maintain with respect to all transactions connected with the existing off-airport facility the home or business address of the Permittee's customers who utilize the existing off-airport facility. In addition the Permittee shall provide the Port Authority with such further additional information as it may from time to time request with respect to any matter covered by this Special Endorsement.

(d) Regardless of the Port Authority's approval thereof and without limiting any of the foregoing, in the event the Permittee establishes another facility or facilities off the Airport which are designed to or do in fact operate in the same manner as the existing off-airport facility then all other provisions of this Permit with respect to the existing off-airport facility shall be deemed to apply to any such other facility or facilities.

(e) As and to the extent that the Permittee has not already done so, the Permittee shall submit statements of gross receipts and shall pay, at the time of execution and delivery of this Permit to the Port Authority, all fees and other amounts due under the Permit for the period from the effective date hereof to the time of execution and delivery of this Permit by the Permittee.

5. (a) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 hereof, any sum paid by a customer of the Permittee to the Permittee for the elimination of the customer's liability to the Permittee for damages to the vehicle rented by the customer, provided said sum is separately stated to and paid by the customer. The Permittee shall advise the Port Authority of the amounts so charged as of the effective date of the permission granted hereunder and shall notify the Port Authority of any subsequent increase in said amount within thirty (30) days of the effective date of said increase. Any such increase shall be consistent with the Permittee's policies in the Port of New York District marketing area with respect to the amounts so charged.

## SPECIAL ENDORSEMENTS

(b) The Port Authority shall have the right at any time to withdraw the exclusion from gross receipts contained in this Special Endorsement upon sixty (60) days' prior written notice to the Permittee to such effect, provided, however, that the Port Authority shall serve a similar notice withdrawing such similar exclusion from any other permittee of the Port Authority authorized by the Port Authority to exercise a privilege at the Airport similar to that covered by this Permit, and provided further that prior to the exercise of its right to withdraw the exclusion the Port Authority shall have given the Permittee the opportunity to meet with it with respect to such withdrawal. Upon the effective date stated in the said notice, this Special Endorsement shall be deemed deleted and of no further force and effect but the Permit shall continue in full force and effect in all other respects.

6. (a) The Permittee represents to the Port Authority that among the various arrangements it has for renting its vehicles to its customers there is one in which the customer is required to return the vehicle to the Permittee with the same amount of fuel in its tank as when received and if the customer does not do so the customer is charged for the fuel required to replace said amount, which agreement is herein referred to as a "Replacement Fuel Agreement".

(b) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 hereof, any sum paid by a customer of the Permittee to the Permittee for fuel in satisfaction of the customer's obligation contained in his Replacement Fuel Agreement in the event he does not return the vehicle with the required amount of fuel, provided said sum is separately stated to and paid by the customer to the Permittee and provided said sum meets requirements of paragraph (d) hereof.

(c) From and after the effective date hereof, in addition to the privilege fee payable hereunder, the Permittee shall pay to the Port Authority a fee (hereinafter called a "replacement fee") of twelve and one-half percent (12 1/2%) of an amount equal to the difference between the price charged customers for fuel pursuant to Replacement Fuel Agreements and the purchase price for such fuel paid or payable by the Permittee.

SPECIAL ENDORSEMENTS

(d) It is understood that the fuel for which a customer may be charged under a Replacement Fuel Agreement shall be of the grade recommended by the manufacturer of the particular vehicle for use in such vehicle.

7. (a) The Permittee represents to the Port Authority that among the various activities it performs at the existing off-airport facility there is one whereby the customer is permitted to park his own automobile at the existing off-airport facility and, in some cases, the customer is then transported to the Airport using the Service as defined in paragraph (a) of Special Endorsement No. 2 hereof and the Port Authority hereby consents to the use of the Service for such purposes.

(b) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 hereof, any sum paid by a customer of the Permittee to the Permittee for parking the customer's car at the existing off-airport facility and using the Service, provided said sum is separately stated to and paid by the customer to the Permittee.

(c) The Port Authority shall have the right at any time to withdraw the exclusion from gross receipts contained in this Special Endorsement, upon sixty (60) days' prior written notice to the Permittee, provided, however, that the Port Authority shall serve a similar notice withdrawing such similar exclusion from any other permittee of the Port Authority authorized by the Port Authority to exercise a privilege at the Airport similar to that covered by this Permit. Upon the effective date stated in the said notice, this Special Endorsement shall be deemed deleted and of no further force and effect but the Permit shall continue in full force and effect in all other respects.

(d) The Port Authority shall have the right at any time to withdraw its consent to the use of the Service for such purposes as set forth in paragraph (a) hereof, upon sixty (60) days' prior written notice to the Permittee, and from and after the effective date stated in said notice the Permittee shall cease using the Service for such purposes. If, nevertheless, the Permittee uses the Service for such purposes after said effective date, all sums paid by customers therefor shall be included in gross receipts.

## SPECIAL ENDORSEMENTS

8. (a) The parties hereto recognize that in connection with the operation at the Airport of the Rent a Car Business under the Permit, instances arise where an automobile is stolen from the Permittee or where possession of the automobile is obtained by fraudulent means, such as through the use of forged or fraudulent credentials and the automobile is not returned to the Permittee, and accordingly no fee, charges or rentals are payable to the Permittee.

(b) The parties also recognize that instances arise where possession of an automobile is obtained by lawful means but it is not returned to the Permittee, and accordingly no fees, charges or rentals are collected by the Permittee except revenues collected through insurance covering its rental agreement with the customer, credit card or otherwise.

(c) The parties hereby agree that where possession of an automobile is obtained in a manner described in paragraph (b) hereof the Permittee shall include in gross receipts, as defined in the Permit, the amount of \$50.00 or the amount of revenues collected through insurance covering its rental agreement with the customer, credit card or otherwise, whichever is greater.

(d) The Permittee agrees to maintain separate files, records and reports relating to all automobiles the possession of which was obtained in any manner indicated in this Special Endorsement, and will permit the examination and inspection of such files, records and reports by the officers, employees and representatives of the Port Authority.

9. Without limiting the generality of any other term or provision hereof the Permittee agrees to maintain and to make available as part of the Rent a Car Business, on request therefor by a customer, hand controlled automobiles suitable for operation by handicapped drivers.

10. It is hereby acknowledged that a principal intention of the Port Authority in granting the permission under this Permit is to have available for all users thereof

## SPECIAL ENDORSEMENTS

the Rent a Car Business which the Permittee is permitted to operate hereunder not only at Newark International Airport, but also, under separate Permit, at John F. Kennedy International and LaGuardia Airports as set forth in Special Endorsement No. 16 hereof.

11. The Permittee shall have no right hereunder to carry on or conduct any business operation or service at the Airport other than as specifically set forth herein. The Permittee shall not directly or indirectly utilize its personnel (except as specifically authorized by the Port Authority) or facilities at the Airport to carry on or conduct any business operation or service at the Airport other than as specifically set forth herein. The Permittee shall not solicit business on the public areas of the Airport and the use, at any time, of hand or standard megaphones, loudspeakers or any electric, electronic or other amplifying devices is hereby expressly prohibited.

12. Neither a partnership nor a joint venture is hereby created, notwithstanding the fact that the fees to be paid hereunder shall be determined by gross receipts from the operations hereunder of the Permittee. The granting of the privilege under the Permit is non-exclusive and shall not be construed to prevent or limit the granting of similar privileges at the Airport to another or to others, whether by use of this form of permit or otherwise.

13. (a) The Permittee shall furnish good, prompt and efficient services hereunder, adequate to meet all reasonable demands therefor at the Airport and furnish said services on a fair, equal and non-discriminatory basis to all users thereof. The Permittee shall charge fair, reasonable and non-discriminatory prices for each unit of sale or service, provided, that the Permittee may make reasonable and non-discriminatory discounts, rebates or other similar types of price reductions to volume purchasers. As used in this paragraph "services" shall include furnishing of parts, materials and supplies (including sale thereof).

(b) The Port Authority has applied for and received a grant or grants of money from the Administrator of the Federal Aviation Administration pursuant to the Airport and Airways Development Act of 1970, as the same has

## SPECIAL ENDORSEMENTS

been amended and supplemented, and under prior federal statutes which said Act superseded and the Port Authority may in the future apply for and receive further such grants. In connection therewith the Port Authority has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees and permittees thereon. The performance by the Permittee of the promises and obligations contained in this Permit is therefore a special consideration and inducement to the issuance of this Permit by the Port Authority, and the Permittee further agrees that if the Administrator of the Federal Aviation Administration or any other governmental officer or body having jurisdiction over the enforcement of the obligations of the Port Authority in connection with Federal Airport Aid, shall make any orders, recommendations or suggestions respecting the performance by the Permittee of its obligations under this Permit, the Permittee will promptly comply therewith at the time or times, when and to the extent that the Port Authority may direct.

14. Notwithstanding the provisions of Section 12 of the Terms and Conditions of the Permit or any other provision of the Permit to the contrary, it is hereby agreed that neither the Port Authority nor any Airline Lessee from whom the Permittee shall sublease counter space at the Airport shall enforce any provisions of the Permit or any Sublease, if any, which assert control over rates charged by the Permittee or which assert control over or prohibit visual rate advertising, but nothing in this Special Endorsement No. 14 shall affect the Port Authority's or any said Airline Lessee's right, consistent with the agreement of lease between the Port Authority and any said Airline Lessee, to control the size and aesthetics of such advertising.

15. For the purpose of this Permit, a default by the Permittee in keeping, performing or observing any promise, obligation, term or agreement set forth herein on the part of the Permittee to be kept, performed or observed shall include the following, whether or not the time has yet arrived for the keeping, performance or observance of any such promise, obligation, term or agreement: a statement by the Permittee to any representative of the Port Authority indicating that it cannot or will not keep, perform or observe any one or more of its promises, obligations, terms or agreements under this Permit; any act or omission of the Permittee or any other occurrence which makes it improbable at the time that it will be able to keep, perform or observe

## SPECIAL ENDORSEMENTS

any one or more of its promises, obligations, terms or agreements under this Permit; any suspension of or failure to proceed with any part of the services to be performed by the Permittee which makes it improbable at the time that it will be able to keep, perform or observe any one or more of its promises, obligations, terms or agreements under this Permit.

16. It is hereby acknowledged that the Port Authority intends to issue to the Permittee a separate permit in substantially the same form as this Permit and designated as Port Authority Permit No. AX-380 covering the privilege of conducting the business of renting non-chauffeured automobiles at John F. Kennedy International and LaGuardia Airports, but that said permit does not necessarily have the same effective date.

The Permittee has been advised by the Port Authority and understands that in the event (a) it fails to execute Permit No. AX-380 when tendered to it by the Port Authority or (b) the Permittee does not commence its operations under said Permit after its execution or, thereafter, ceases or abandons its operations at John F. Kennedy International or LaGuardia Airports or (c) the Permittee terminates Permit No. AX-380 for whatever reason, or (d) the Port Authority with cause revokes Permit AX-380, then, in addition to any other rights of revocation by the Port Authority hereunder, the Port Authority shall have the right to revoke this Permit and the privileges granted hereunder with cause, at any time.

17. (a) The Permittee hereby acknowledges that the period of permission hereunder expires as of December 31, 1983 and that the Port Authority may revoke the Permit at any time without cause on thirty (30) days' notice to the Permittee or with cause on ten (10) days' notice based on certain events set forth in said notice or on twenty-four (24) hours' notice in accordance with Standard Endorsement No. 28 hereof, as amended, and that the Port Authority may elect not to offer to extend the period of permission under the Permit after its expiration date or after any subsequent expiration date. It is hereby specifically understood that no expenditure of money or investment made by the Permittee of any kind or nature at or in connection with the existing

## SPECIAL ENDORSEMENTS

off-airport facility or the Airport arising out of the issuance of this Permit or otherwise shall in any way limit or affect the Port Authority's right to revoke the permission granted hereunder as provided in Standard Endorsements No. 1.1 and No. 28 hereof, as amended, and in Special Endorsement No. 16 hereof nor in any way limit or affect the Port Authority's right to elect not to offer to extend the period of permission under the Permit nor shall the same entitle the Permittee to receive or obligate the Port Authority to grant any extension of the period of permission hereunder.

(b) Without limiting any rights of revocation hereunder by the Port Authority, the Permittee expressly acknowledges that in the event of revocation of this Permit by the Port Authority or in the event the Port Authority elects not to offer to extend the period of permission hereunder beyond the expiration date hereof or beyond any subsequent expiration date, the Permittee shall never make any claim for continuation of this Permit or exercise of the privileges hereunder based on the fact that this Permit was issued to it or that it expended any money or made any investment at the Airport hereunder and that the Permittee has a right to the continuation thereof or any claim for damages consequential or otherwise. The foregoing agreement by the Permittee is a special inducement and consideration to the Port Authority in entering into this Permit with the Permittee.

18. It is recognized that the Permittee intends to conduct its operations under this Permit at the Airport through a separate corporate entity not owned by the Permittee and which has entered into a franchise arrangement with the Permittee. Such an arrangement is prohibited by Section 3 of the Terms and Conditions of the Permit. Notwithstanding the same the Permittee may conduct such operations through a franchise arrangement provided that the Permittee shall have submitted to the Port Authority for its prior written approval the franchise agreement between it and the franchisee. Without limiting the terms of any Port Authority consent to such franchise agreement it is hereby specifically understood by the Permittee that the Port Authority relies upon the Permittee to fully and completely discharge its obligations under this Permit, even though actual operations may be conducted by a franchisee, including the obligation to

provide its operations at John F. Kennedy International and LaGuardia Airports as hereinabove provided and that it will be held responsible for the prompt and proper compliance with all said obligations. The gross receipts of the Permittee shall include all monies paid or payable to the Permittee's franchisee as if said franchisee were the Permittee hereunder and the obligation to submit statements and pay fees shall continue to be fulfilled by the Permittee.

19. (a) The Permittee in its own name as assured or named as an additional insured shall secure and pay or shall cause its franchisee to secure and pay the premium or premiums for the following policy or policies of insurance with respect to which minimum limits are fixed in the schedule below. The Permittee may secure such coverage in a combined single limit policy or policies. Each such policy shall be maintained in at least the limit fixed with respect thereto, shall cover the operations of the Permittee under this Permit, and shall be effective throughout the effective period:

Each such copy or certificate shall contain a valid provision or endorsement that the policy may not be cancelled, terminated, changed or modified, without giving thirty (30) days' written notice thereof to the Port Authority. A renewal policy shall be delivered to the Port Authority at least fifteen (15) days prior to the expiration date of each expiring policy. If at any time any of the policies shall be or become unsatisfactory to the Port Authority as to form or substance, or if any of the carriers issuing such policies shall be or become unsatisfactory to the Port Authority, the Permittee shall promptly obtain a new and satisfactory policy in replacement.

Without limiting anything contained in this Special Endorsement No. 20, the Permittee shall provide the Port Authority with such further additional information as it may from time to time request with respect to any matter covered by this Special Endorsement. No reference hereunder to a calendar year shall affect the rights of either party as set forth in Special Endorsement No. 17 hereof.

The Permittee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. Notwithstanding any other provision of this Permit, the permission hereby granted shall in any event terminate with the expiration or termination of the lease of Newark International Airport from The City of Newark to the Port Authority under the agreement between the City and the Port Authority dated October 22, 1947, as the same from time to time may have been or may be supplemented or amended. Said agreement dated October 22, 1947 has been recorded in the Office of the Register of Deeds for the County of Essex on October 30, 1947 in Book E-110 of Deeds at pages 242, *et seq.* No greater rights or privileges are hereby granted to the Permittee than the Port Authority has power to grant under said agreement as supplemented or amended as aforesaid.

"Newark International Airport" or "Airport" shall mean the land and premises in the County of Essex and State of New Jersey, which are westerly of the right of way of the Central Railroad of New Jersey and are shown upon the exhibit attached to the said agreement between the City and the Port Authority and marked "Exhibit 'A'", as contained within the limits of a line of crosses appearing on said exhibit and designated "Boundary of terminal area in City of Newark", and lands contiguous thereto which may have been heretofore or may hereafter be acquired by the Port Authority to use for air terminal purposes.

The Port Authority has agreed by a provision in its agreement of lease with the City covering the Airport to conform to the enactments, ordinances, resolutions and regulations of the City and of its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection, to the extent that the Port Authority finds it practicable so to do. The Permittee shall, within forty-eight (48) hours after its receipt of any notice of violation, warning notice, summons, or other legal process for the enforcement of any such enactment, ordinance, resolution or regulation, deliver the same to the Port Authority for examination and determination of the applicability of the agreement of lease provision thereto. Unless otherwise directed in writing by the Port Authority, the Permittee shall conform to such enactments, ordinances, resolutions and regulations insofar as they relate to the operations of the Permittee at the Airport. In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Permittee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Permittee of a written direction from the Port Authority, such compliance shall not constitute a breach of this Permit, although the Port Authority thereafter notifies the Permittee to refrain from such compliance. Nothing herein contained shall release or discharge the Permittee from compliance with any other provision hereof respecting governmental requirements.

If by reason of the Permittee's failure to comply with the provisions of this Endorsement, any fire insurance, extended coverage or rental insurance rate on the Airport or any part thereof or upon the contents of any building thereon shall at any time be higher than it otherwise would be, then the Permittee shall on demand pay the Port Authority that part of all fire insurance premiums paid or payable by the Port Authority which shall have been charged because of such violation by the Permittee.

The Permittee shall not do or permit to be done any act which

- (a) will invalidate or be in conflict with any fire insurance policies covering the Airport or any part thereof or upon the contents of any building thereon, or
- (b) will increase the rate of any fire insurance, extended coverage or rental insurance on the Airport or any part thereof or upon the contents of any building thereon, or

- (e) may interfere with the effectiveness or accessibility of the drainage and sewerage system, fire-protection system, sprinkler system, alarm system, fire hydrants and hoses, if any, installed or located or to be installed or located in or on the Airport, or

## SPECIAL ENDORSEMENTS

1. The Permittee is hereby given the non-exclusive privilege of conducting and the Permittee hereby agrees to conduct at Newark International Airport (hereinafter called "the Airport") the business of renting non-chauffeured automobiles (sometimes hereinafter called "the Rent a Car Business") to all qualified persons desiring the same. As used herein the term "qualified" shall mean a customer who satisfies any applicable requirements of law as well as the national requirements of the Permittee with respect to those persons to whom automobiles may be rented, provided said national requirements are not in breach of or inconsistent with any provision of this Permit.

2. (a) The Permittee, in connection with the Rent a Car Business, is hereby given the non-exclusive privilege of using such routes, roads and ways on the Airport as may from time to time be designated by the General Manager of the Airport in connection with providing a transportation service (hereinafter called "the Service") for its customers and employees at no charge therefor between the Airport and the existing off-airport facility (as hereinafter defined) operated in connection with the Rent a Car Business, which routes, roads and ways shall be used in common with others authorized by the Port Authority to use the same. In the conduct of the Service stops will be made only at such locations as may be approved by the General Manager of the Airport from time to time and at any time. The Service shall not be used in any manner or activity other than in connection with the Rent a Car Business and the Permittee shall comply with such procedures and directions as may be given from time to time by the General Manager of the Airport.

(b) It is hereby acknowledged that the Permittee operates a facility for the purpose of conducting rent-a-car operations at 162 U. S. Highway No. 1, Newark, New Jersey 07114 and said facility is herein referred to as "the existing off-airport facility". The existing off-airport facility has been operated by the Permittee prior to the effective date of this Permit primarily to serve persons, corporations and other entities using the Airport, including but not limited to, Airline passengers, Airport, Airline and tenant employees at the Airport and the general public at the Airport. It is also recognized that the existing off-airport facility has heretofore been and from the effective date hereof will be operated under a franchise agreement that the Permittee has with another corporation. At the present time, the Permittee does not have facilities at the

Airport for, among other things, the parking of vehicles to be utilized by the Permittee in the Rent a Car Business. The Permittee hereby represents to the Port Authority that said vehicles utilized in the Rent a Car Business will be located at the existing off-airport facility. The Service under this Special Endorsement shall be used primarily for the purpose of transporting the Permittee's customers from the Airport to the existing off-airport facility where vehicles can be secured by them as well as for the purpose of transporting persons to the Airport after they have returned their vehicles to the existing off-airport facility. The Permittee shall not use the Service to any location off the Airport other than the existing off-airport facility specified above without the prior written approval of the General Manager of the Airport.

(c) The Port Authority makes no representations as to the condition or availability of any route, road or way within the Airport for the Service and does not agree to keep the same unobstructed or fit for use. No closing by the Port Authority of any route, road or way within the Airport whether temporary or permanent, whether or not such closing involves a route, road or way previously used by the Permittee in its operation of the Service, and no such closing by any governmental authority, whether of a route, road or way within or outside the Airport, and whether or not at the request of or with the consent of the Port Authority, shall be grounds for any claim by the Permittee for damages, consequential or otherwise.

(d) Neither the requirements of the Port Authority hereunder, nor any approval by the Port Authority of the methods of the Permittee's operation of the Service, nor the failure of the Port Authority to require the Permittee to take any particular precautions or to refrain from doing any particular thing in relation thereto nor the fact that the Permittee's operation of the Service may be in accordance with and pursuant to the procedures or directions of the General Manager of the Airport shall relieve the Permittee of its liability for injuries to persons or damage to property arising out of its operations hereunder.

(e) The conveyances to be used in the Service shall all be a type of motor vehicle properly adapted therefor. The Permittee shall maintain all such conveyances in good repair, order and appearance, and shall keep them clean at

all times. All such conveyances shall be identified as those of the Permittee by an appropriate sign or marking subject to the prior and continuing approval of the General Manager of the Airport.

(f) Without limiting the generality of Section 6 of the Terms and Conditions of the Permit, the Service hereunder shall be subject to the Rules and Regulations of the Port Authority, as the same may from time to time be supplemented and amended.

(g) The Permittee acknowledges that this Special Endorsement No. 2 shall not be deemed to grant to the Permittee the right to use any routes, roads or ways on the Airport to carry on or conduct any operations or services at the Airport, including but not limited to, any ground transportation service, other than the Service as specifically set forth herein.

(h) The operators of the vehicles used in the Service shall either be employees of the Permittee properly experienced and trained in such operations or the Permittee may engage an independent third party contractor to provide the Service, and in such event the operations of said contractor shall be deemed to be the operations of the Permittee hereunder.

(i) Without limiting the provisions of Standard Endorsement No. 17.1, the Permittee shall procure and maintain in full force and effect throughout the effective period of the permission granted hereunder all licenses, certificates, permits, franchises or other authorization from all governmental authorities, if any, having jurisdiction over the operations of the Permittee, which may be necessary for the conduct of the Service. Neither the issuance of this Permit nor anything contained therein shall be or be construed to be a grant of any franchise, consent, license, permit, right or privilege of any nature or kind whatsoever to operate omnibuses or any other vehicles or conveyances carrying passengers or property, whether for hire or otherwise, outside the Airport, or over the public streets or roads of or located in any municipality of the State of New Jersey.

## SPECIAL ENDORSEMENTS

3. (a) The Permittee understands that in connection with its operations under this Permit it will maintain a physical presence at the Airport. Such physical presence shall be evidenced by the Permittee's occupancy of counter space to be used as business, dispatch and sales offices and for the control of its operations at the Airport as well as for customer reservation and information purposes. This presence will be covered by separate agreements between the Permittee and the Port Authority covering counter space and the installation of telephones in the North Passenger Terminal Building at the Airport. In addition, counter space and telephones are available at Terminals A and B at the Airport. The Permittee recognizes that although the availability of counter space in Terminals A and B is covered by the Port Authority's leases with the tenants thereof there may be limitations in particular buildings with respect to whether space is available for all Rent A Car operators and with respect to the amount of such space for utilization by all Rent A Car operators. There also may be different arrangements at the aforesaid buildings with respect to counter space and the installation of telephones. The arrangements to be made between the Permittee and the various airline lessees of Terminals A and B shall be covered by separate agreements between the Permittee and the appropriate airline lessees which agreements shall be subject to prior written consent of the Port Authority. Any difficulties the Permittee may have in securing the counter space or telephones it desires or with respect to the proposed charges therefor by the lessee may be brought to the attention of the Port Authority by the Permittee. The Port Authority recognizes that it has an appropriate role to play in the event any such matter is referred to it but this does not mean that every problem of this kind will be resolved to the satisfaction of the Permittee.

(b) Appropriate counter space and the installation of telephones in the aforementioned locations shall be accomplished pursuant to an Alteration Application or Applications, to be submitted in the event an Airline Lessee is involved by said Airline Lessee, as said Alteration Application or Applications are approved by the Port Authority.

## SPECIAL ENDORSEMENTS

4. (a) The term "gross receipts" shall include all monies paid or payable to the Permittee for sales made and for services rendered at or from the Airport, regardless of when or where the order therefor is received, and any other revenues of any type arising out of or in connection with the Permittee's operations at the Airport, provided, however, that any taxes imposed by law which are separately stated to and paid by the customer and directly payable to the taxing authority by the Permittee, shall be excluded therefrom.

(b) It is hereby agreed that for the purpose of this Permit sales made and services rendered at or from the existing off-airport facility, regardless of when or where the order therefor is received, and operations at the existing off-airport facility shall be and be deemed to be sales made and services rendered at or from the Airport and the aforesaid operations of the Permittee shall be and be deemed to be operations of the Permittee at the Airport and that all monies paid or payable to the Permittee therefor shall be included in gross receipts under the Permit except for "non-airport sales and services" as hereinafter defined. "Non-airport sales and services" shall only mean those instances where a sale or service is rendered at the existing off-airport facility or there is an operation at the existing off-airport facility and (i) the customer of the Permittee did not arrive at the Airport by air within the period of eighteen (18) hours prior to entering into the rental agreement with the Permittee and (ii) the customer does not work at the Airport. Any monies paid or payable with respect to non-airport sales and services shall not be or be deemed to be part of gross receipts hereunder but the Permittee shall have the burden of proof of establishing the same.

(c) The Permittee hereby represents that it can and will develop a system of records so that its sales, services and operations at the existing off-airport facility can be properly recorded by it and easily audited by the Port Authority, particularly so that gross receipts and non-airport sales and services thereat are easily identified. Without limiting the foregoing, the Permittee shall establish a separate and distinct form of rental agreement to be used for non-airport sales and services and shall record

## SPECIAL ENDORSEMENTS

such information as shall clearly establish that such customer did not arrive at the Airport within said eighteen (18) hour period or does not work at the Airport. The Permittee shall maintain with respect to all transactions connected with the existing off-airport facility the home and business addresses of the Permittee's customers who utilize the existing off-airport facility. In addition the Permittee shall provide the Port Authority with such further additional information as it may from time to time request with respect to any matter covered by this Special Endorsement. 9/17

(d) Regardless of the Port Authority's approval thereof and without limiting any of the foregoing, in the event the Permittee establishes another facility or facilities off the Airport which are designed to or do in fact operate in the same manner as the existing off-airport facility then all other provisions of this Permit with respect to the existing off-airport facility shall be deemed to apply to any such other facility or facilities.

(e) As and to the extent that the Permittee has not already done so, the Permittee shall submit statements of gross receipts and shall pay, at the time of execution and delivery of this Permit to the Port Authority, all fees and other amounts due under the Permit for the period from the effective date hereof to the time of execution and delivery of this Permit by the Permittee.

5. (a) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 hereof, any sum paid by a customer of the Permittee to the Permittee for the elimination of the customer's liability to the Permittee for damages to the vehicle rented by the customer, provided said sum is separately stated to and paid by the customer. The Permittee shall advise the Port Authority of the amounts so charged as of the effective date of the permission granted hereunder and shall notify the Port Authority of any subsequent increase in said amount within thirty (30) days of the effective date of said increase. Any such increase shall be consistent with the Permittee's policies in the Port of New York District marketing area with respect to the amounts so charged.

## SPECIAL ENDORSEMENTS

(b) The Port Authority shall have the right at any time to withdraw the exclusion from gross receipts contained in this Special Endorsement upon sixty (60) days' prior written notice to the Permittee to such effect, provided, however, that the Port Authority shall serve a similar notice withdrawing such similar exclusion from any other permittee of the Port Authority authorized by the Port Authority to exercise a privilege at the Airport similar to that covered by this Permit, and provided further that prior to the exercise of its right to withdraw the exclusion the Port Authority shall have given the Permittee the opportunity to meet with it with respect to such withdrawal. Upon the effective date stated in the said notice, this Special Endorsement shall be deemed deleted and of no further force and effect but the Permit shall continue in full force and effect in all other respects.

6. (a) The Permittee represents to the Port Authority that among the various arrangements it has for renting its vehicles to its customers there is one in which the customer is required to return the vehicle to the Permittee with the same amount of fuel in its tank as when received and if the customer does not do so the customer is charged for the fuel required to replace said amount, which agreement is herein referred to as a "Replacement Fuel Agreement".

(b) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 hereof, any sum paid by a customer of the Permittee to the Permittee for fuel in satisfaction of the customer's obligation contained in his Replacement Fuel Agreement in the event he does not return the vehicle with the required amount of fuel, provided said sum is separately stated to and paid by the customer to the Permittee and provided said sum meets requirements of paragraph (d) hereof.

(c) From and after July 1, 1981, in addition to the privilege fee payable hereunder, the Permittee shall pay to the Port Authority a fee (hereinafter called a "replacement fee") of twelve and one-half percent (12 1/2%) of an amount equal to the difference between the price charged customers for fuel pursuant to Replacement Fuel Agreements and the purchase price for such fuel paid or payable by the Permittee.

## SPECIAL ENDORSEMENTS

(d) It is understood that the fuel for which a customer may be charged under a Replacement Fuel Agreement shall be of the grade recommended by the manufacturer of the particular vehicle for use in such vehicle.

7. (a) The Permittee represents to the Port Authority that among the various activities it performs at the existing off-airport facility there is one whereby the customer is permitted to park his own automobile at the existing off-airport facility and, in some cases, the customer is then transported to the Airport using the Service as defined in paragraph (a) of Special Endorsement No. 2 hereof and the Port Authority hereby consents to the use of the Service for such purposes.

(b) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 hereof, any sum paid by a customer of the Permittee to the Permittee for parking the customer's car at the existing off-airport facility and using the Service, provided said sum is separately stated to and paid by the customer to the Permittee.

(c) The Port Authority shall have the right at any time to withdraw the exclusion from gross receipts contained in this Special Endorsement, upon sixty (60) days' prior written notice to the Permittee, provided, however, that the Port Authority shall serve a similar notice withdrawing such similar exclusion from any other permittee of the Port Authority authorized by the Port Authority to exercise a privilege at the Airport similar to that covered by this Permit. Upon the effective date stated in the said notice, this Special Endorsement shall be deemed deleted and of no further force and effect but the Permit shall continue in full force and effect in all other respects.

(d) The Port Authority shall have the right at any time to withdraw its consent to the use of the Service for such purposes as set forth in paragraph (a) hereof, upon sixty (60) days' prior written notice to the Permittee, and from and after the effective date stated in said notice the Permittee shall cease using the Service for such purposes. If, nevertheless, the Permittee uses the Service for such purposes after said effective date, all sums paid by customers therefor shall be included in gross receipts.

## SPECIAL ENDORSEMENTS

8. (a) The parties hereto recognize that in connection with the operation at the Airport of the Rent a Car Business under the Permit, instances arise where an automobile is stolen from the Permittee or where possession of the automobile is obtained by fraudulent means, such as through the use of forged or fraudulent credentials and the automobile is not returned to the Permittee, and accordingly no fee, charges or rentals are payable to the Permittee.

(b) The parties also recognize that instances arise where possession of an automobile is obtained by lawful means but it is not returned to the Permittee, and accordingly no fees, charges or rentals are collected by the Permittee except revenues collected through insurance covering its rental agreement with the customer, credit card or otherwise.

(c) The parties hereby agree that where possession of an automobile is obtained in a manner described in paragraph (b) hereof the Permittee shall include in gross receipts, as defined in the Permit, the amount of \$50.00 or the amount of revenues collected through insurance covering its rental agreement with the customer, credit card or otherwise, whichever is greater.

(d) The Permittee agrees to maintain separate files, records and reports relating to all automobiles the possession of which was obtained in any manner indicated in this Special Endorsement, and will permit the examination and inspection of such files, records and reports by the officers, employees and representatives of the Port Authority.

9. Without limiting the generality of any other term or provision hereof the Permittee agrees to maintain and to make available as part of the Rent a Car Business, on request therefor by a customer, hand controlled automobiles suitable for operation by handicapped drivers.

10. It is hereby acknowledged that a principal intention of the Port Authority in granting the permission under this Permit is to have available for all users thereof

### SPECIAL ENDORSEMENTS

the Rent a Car Business which the Permittee is permitted to operate hereunder not only at Newark International Airport, but also, under separate Permit, at John F. Kennedy International and LaGuardia Airports as set forth in Special Endorsement No. 16 hereof.

11. The Permittee shall have no right hereunder to carry on or conduct any business operation or service at the Airport other than as specifically set forth herein. The Permittee shall not directly or indirectly utilize its personnel (except as specifically authorized by the Port Authority) or facilities at the Airport to carry on or conduct any business operation or service at the Airport other than as specifically set forth herein. The Permittee shall not solicit business on the public areas of the Airport and the use, at any time, of hand or standard megaphones, loudspeakers or any electric, electronic or other amplifying devices is hereby expressly prohibited.

12. Neither a partnership nor a joint venture is hereby created, notwithstanding the fact that the fees to be paid hereunder shall be determined by gross receipts from the operations hereunder of the Permittee. The granting of the privilege under the Permit is non-exclusive and shall not be construed to prevent or limit the granting of similar privileges at the Airport to another or to others, whether by use of this form of permit or otherwise.

13. (a) The Permittee shall furnish good, prompt and efficient services hereunder, adequate to meet all reasonable demands therefor at the Airport and furnish said services on a fair, equal and non-discriminatory basis to all users thereof. The Permittee shall charge fair, reasonable and non-discriminatory prices for each unit of sale or service, provided, that the Permittee may make reasonable and non-discriminatory discounts, rebates or other similar types of price reductions to volume purchasers. As used in this paragraph "services" shall include furnishing of parts, materials and supplies (including sale thereof).

(b) The Port Authority has applied for and received a grant or grants of money from the Administrator of the Federal Aviation Administration pursuant to the Airport and Airways Development Act of 1970, as the same has

been amended and supplemented, and under prior federal statutes which said Act superseded and the Port Authority may in the future apply for and receive further such grants. In connection therewith the Port Authority has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees and permittees thereon. The performance by the Permittee of the promises and obligations contained in this Permit is therefore a special consideration and inducement to the issuance of this Permit by the Port Authority, and the Permittee further agrees that if the Administrator of the Federal Aviation Administration or any other governmental officer or body having jurisdiction over the enforcement of the obligations of the Port Authority in connection with Federal Airport Aid, shall make any orders, recommendations or suggestions respecting the performance by the Permittee of its obligations under this Permit, the Permittee will promptly comply therewith at the time or times, when and to the extent that the Port Authority may direct.

14. Notwithstanding the provisions of Section 12 of the Terms and Conditions of the Permit or any other provision of the Permit to the contrary, it is hereby agreed that neither the Port Authority nor any Airline Lessee from whom the Permittee shall sublease counter space at the Airport shall enforce any provisions of the Permit or any Sublease, if any, which assert control over rates charged by the Permittee or which assert control over or prohibit visual rate advertising, but nothing in this Special Endorsement No. 14 shall affect the Port Authority's or any said Airline Lessee's right, consistent with the agreement of lease between the Port Authority and any said Airline Lessee, to control the size and aesthetics of such advertising.

15. For the purpose of this Permit, a default by the Permittee in keeping, performing or observing any promise, obligation, term or agreement set forth herein on the part of the Permittee to be kept, performed or observed shall include the following, whether or not the time has yet arrived for the keeping, performance or observance of any such promise, obligation, term or agreement: a statement by the Permittee to any representative of the Port Authority indicating that it cannot or will not keep, perform or observe any one or more of its promises, obligations, terms or agreements under this Permit; any act or omission of the Permittee or any other occurrence which makes it improbable at the time that it will be able to keep, perform or observe

16. It is hereby acknowledged that the Port Authority intends to issue to the Permittee a separate permit in substantially the same form as this Permit and designated as Port Authority Permit No. AX-381 covering the privilege of conducting the business of renting non-chauffeured automobiles at John F. Kennedy International and LaGuardia Airports, but that said permit does not necessarily have the same effective date.

The Permittee has been advised by the Port Authority and understands that in the event (a) it fails to execute Permit No. AX-381 when tendered to it by the Port Authority or (b) the Permittee does not commence its operations under said Permit after its execution or, thereafter, ceases or abandons its operations at John F. Kennedy International or LaGuardia Airports or (c) the Permittee terminates Permit No. AX-381 for whatever reason, or (d) the Port Authority with cause revokes Permit AX-381, then, in addition to any other rights of revocation by the Port Authority hereunder, the Port Authority shall have the right to revoke this Permit and the privileges granted hereunder with cause, at any time.

17. It is hereby specifically understood that no expenditure of money or investment made by the Permittee of any kind or nature at or in connection with the existing

off-airport facility or the Airport arising out of the issuance of this Permit or otherwise shall in any way limit or affect the Port Authority's right to revoke the permission granted hereunder as provided in Standard Endorsements No. 1.1 and No. 28 hereof, as amended, and in Special Endorsement No. 16 hereof nor in any way limit or affect the Port Authority's right to elect not to offer to extend the period of permission under the Permit nor shall the same entitle the Permittee to receive or obligate the Port Authority to grant any extension of the period of permission hereunder.

(b) Without limiting any rights of revocation hereunder by the Port Authority, the Permittee expressly acknowledges that in the event of revocation of this Permit by the Port Authority or in the event the Port Authority elects not to offer to extend the period of permission hereunder beyond the expiration date hereof or beyond any subsequent expiration date, the Permittee shall never make any claim for continuation of this Permit or exercise of the privileges hereunder based on the fact that this Permit was issued to it or that it expended any money or made any investment at the Airport hereunder and that the Permittee has a right to the continuation thereof or any claim for damages consequential or otherwise. The foregoing agreement by the Permittee is a special inducement and consideration to the Port Authority in entering into this Permit with the Permittee.

18. It is recognized that the Permittee intends to conduct its operations under this Permit at the Airport through a separate corporate entity not owned by the Permittee and which has entered into a franchise arrangement with the Permittee. Such an arrangement is prohibited by Section 3 of the Terms and Conditions of the Permit. Notwithstanding the same the Permittee may conduct such operations through a franchise arrangement provided that the Permittee shall have submitted to the Port Authority for its prior written approval the franchise agreement between it and the franchisee. Without limiting the terms of any Port Authority consent to such franchise agreement it is hereby specifically understood by the Permittee that the Port Authority relies upon the Permittee to fully and completely discharge its obligations under this Permit, even though actual operations may be conducted by a franchisee, including the obligation to

Kennedy International and LaGuardia Airports as hereinabove provided and that it will be held responsible for the prompt and proper compliance with all said obligations. The gross receipts of the Permittee shall include all monies paid or payable to the Permittee's franchisee as if said franchisee were the Permittee hereunder and the obligation to submit statements and pay fees shall continue to be fulfilled by the Permittee.

19. (a) The Permittee in its own name as assured or named as an additional insured shall secure and pay or shall cause its franchisee to secure and pay the premium or premiums for the following policy or policies of insurance with respect to which minimum limits are fixed in the schedule below. The Permittee may secure such coverage in a combined single limit policy or policies. If there is no difference, there shall be no Interim Monthly Credit taken under this Permit for such Interim Monthly Period. (3) Notwithstanding the foregoing the Permittee shall not be entitled to nor shall the Permittee receive an Interim Monthly Credit for any Interim Monthly Period unless and until the Permittee has rendered to the Port Authority the Permittee's statements of monthly gross receipts for operations at all three facilities covered by the Permit and Permit AX-381 and Annual Gross Receipts in accordance with Standard Endorsement No. 2.2 of the Permit, as herein amended.

If there is no difference, there shall be no Interim Annual Credit taken under this Permit for such Interim Annual Period. Upon the last "annual period" as defined in paragraph 4 of Supplement No. 1 to Permit No. AX-381, the Interim Annual Credit shall be calculated without subtraction of the Permit No. AX-381 Annual Credit Amount from the Maximum Combined Annual Credit Amount.

(e) In the event that any Interim Annual Period is less than a full calendar year then the Interim Annual Credit Amount for such Interim Annual Period shall be reduced by multiplying the same by a fraction, the numerator of which shall be the number of calendar days in such Interim Annual Period and the denominator of which shall be 365. The reduction of the Interim Annual Credit Amount set forth in this paragraph (e) shall be made after the limitations set forth in paragraph (d) above have been applied to the Interim Annual Credit Amount.

(f) In the event that in any Interim Annual Period the Interim Annual Credit exceeds the sum of the Interim Monthly Credits actually taken by the Permittee during such Interim Annual Period, then the Permittee shall be entitled to a credit for such Interim Annual Period in the amount of such excess, which amount shall be promptly paid by the Port Authority to the Permittee, provided, however, the Permittee shall not be entitled to nor shall the Permittee receive such a credit for any Interim Annual Period unless and until the Permittee has rendered to the Port Authority the Permittee's statement of Annual Gross Receipts in accordance with Standard Endorsement No. 2.2 of the Permit, as herein amended. The computation of the Interim Annual Credit for each Interim Annual Period shall be individual to such Interim Annual Period and without relation to any other Interim Annual Period.

(g) The ten percent (10%) limitation set forth in paragraph 1(i)(2)(ii) above shall not be applied for the purpose of calculating the Interim Monthly Credit or the Interim Annual Credit until the Cost of the Construction Work has been finally determined, provided, however, no calculation of any Interim Monthly Credit or Interim Annual Credit shall include any

cumulative payments made by the Permittee pursuant to the aforesaid paragraph 1(i)(2)(ii) which exceed the amount of Four Hundred Fifty-four Thousand Five Hundred Forty-five Thousand Dollars and No Cents (\$454,545.00). As soon as the Cost of the Construction Work has been determined, the Interim Monthly Credits and the Interim Annual Credits shall be recalculated by applying the aforesaid ten percent (10%) limitation (whether or not the Cost of the Construction Work is determined pursuant to paragraph 1(i)(1) or paragraph 1(i)(2) hereof) and the privilege fee payable during the Interim Fee Period adjusted, as required, based on such recalculated Interim Monthly Credits and Interim Annual Credits for each Interim Monthly Period and Interim Annual Period and any amounts owed by the Permittee to the Port Authority shall be promptly paid by the Permittee.

3. (a) For the period from the Construction Completion Date to the day immediately preceding the twentieth anniversary of the Construction Completion Date, both dates inclusive, the privilege fee payable under the Permit shall be reduced by the Monthly Credit subject to the terms and limitations hereinafter set forth. The computation of the privilege fee and the Monthly Credit for each Monthly Period shall be individual to each Monthly Period and without relation to any other Monthly Period.

(b) (1) No Monthly Credit Amount for any Monthly Period shall exceed the Maximum Combined Monthly Credit Amount for such Monthly Period and if it does, the Monthly Credit Amount shall be reduced to equal the Maximum Combined Monthly Credit Amount. Further, the sum of the Monthly Credit Amount and the Permit No. AX-381 Monthly Credit Amount for the particular calendar month in which any Monthly Period shall occur shall not exceed the Maximum Combined Monthly Credit Amount for such Monthly Period and if it does, then the Monthly Credit Amount shall be reduced to equal the difference obtained by subtracting the Permit No. AX-381 Monthly Credit Amount for such calendar month from the Maximum Combined Monthly Credit Amount for such Monthly Period. If there is no difference, there shall be no Monthly Credit taken under this Permit for such Monthly Period. Upon the last "monthly period" as defined in paragraph 4 of Supplement No. 1 to Permit No. AX-381, the Monthly Credit under this Permit shall be calculated without subtraction of the Permit No. AX-381 Monthly Credit Amount from the Maximum Combined Monthly Credit Amount. In the event that the Construction Completion Date falls on other than the first day of a calendar month then, in such event, the sum of the Interim Monthly Credit and the Monthly Credit for such month shall not exceed the difference obtained by subtracting the Permit No. AX-381 Monthly Credit Amount from the Maximum Combined Monthly Credit

Amount for such calendar month and if such difference exceeds the sum of the Interim Monthly Credit and the Monthly Credit, the amount of such difference shall first be applied to the Interim Monthly Credit and any remaining amount then applied to the Monthly Credit.

(2) Notwithstanding the foregoing the Permittee shall not be entitled to nor shall the Permittee receive a Monthly Credit for any Monthly Period unless and until the Permittee has rendered to the Port Authority the Permittee's statements of monthly gross receipts at all three airports and Annual Gross Receipts in accordance with Standard Endorsement No. 2.2 of the Permit, as herein amended.

(c) In the event that any Monthly Period is less than a full calendar month then the Monthly Credit Amount for such Monthly Period shall be reduced by multiplying the same by a fraction, the numerator of which shall be the number of actual days in such Monthly Period and the denominator of which shall be the full number of days in said calendar month. The reduction of the Monthly Credit Amount set forth in this paragraph (c) shall be made after the limitations set forth in paragraph (b) (1) above have been applied to the Monthly Credit Amount.

(d) No Annual Credit Amount for any Annual Period shall exceed the Maximum Combined Annual Credit Amount for such Annual Period and if it does, the Annual Credit Amount shall be reduced to equal the Maximum Combined Annual Credit Amount. Further, the sum of the Annual Credit Amount and the Permit No. AX-381 Annual Credit Amount for the particular calendar year in which any Annual Period shall occur shall not exceed the Maximum Combined Annual Credit Amount for such Annual Period and if it does, then the Annual Credit Amount shall be reduced to equal the difference obtained by subtracting the Permit No. AX-381 Annual Credit Amount for such calendar year from the Maximum Combined Annual Credit Amount for such Annual Period. If there is no difference, there shall be no Annual Credit taken under this Permit for such Annual Period. Upon the last "annual period" as defined in paragraph 4 of Supplement No. 1 to Permit No. AX-381, the Annual Credit shall be calculated without subtraction of the Permit No. AX-381 Annual Credit Amount from the Maximum Combined Annual Credit Amount. In the event the Construction Completion Date falls on other than the first day of a calendar year then, in such event, the sum of the Interim Annual Credit and the Annual Credit for such year shall not exceed the difference obtained by subtracting the sum of the Permit No. AX-381 Annual Credit Amount from the Maximum Combined Annual Credit Amount for such year and if such difference exceeds the sum

of the Interim Annual Credit and the Annual Credit, the amount of such difference shall first be applied to the Interim Annual Credit and any remaining amount then applied to the Annual Credit.

(e) In the event that any Annual Period is less than a full calendar year then the Annual Credit Amount for such Annual Period shall be reduced by multiplying the same by a fraction, the numerator of which shall be the number of calendar days in such Annual Period and the denominator of which shall be 365. The reduction of the Annual Credit Amount set forth in this paragraph (e) shall be made after the limitations set forth in paragraph (d) above have been applied to the Annual Credit Amount.

(f) In the event that in any Annual Period the Annual Credit exceeds the sum of the Monthly Credits actually taken by the Permittee during such Annual Period, then the Permittee shall be entitled to a credit for such Annual Period in the amount of such excess, which amount shall be promptly paid by the Port Authority to the Permittee, provided, however, the Permittee shall not be entitled to nor shall the Permittee receive such credit for any Annual Period unless and until the Permittee has rendered to the Port Authority the Permittee's statements of Annual Gross Receipts in accordance with Standard Endorsement No. 2.2 of the Permit, as herein amended. The computation of the Annual Credit for each Annual Period shall be individual to such Annual Period and without relation to any other Annual Period.

4. From and after the commencement of the Interim Fee Period, the second paragraph of Standard Endorsement No. 2.2 of the Permit shall be deemed to have been deleted and the following new paragraph shall be deemed inserted in lieu thereof:

"On the twentieth day of the calendar month following the first Interim Monthly Period and on the twentieth day of each and every calendar month thereafter including the month following the last calendar month the Permit shall be in effect, the Permittee shall furnish to the Port Authority a sworn statement showing (i) its gross receipts for the preceding calendar month under this Permit and under Permit No. AX-381 and its cumulative Annual Gross Receipts during the calendar year in which the Interim Monthly Period and/or Monthly Period, as the case shall be, for which the report is made occurs, (ii) the Interim Monthly Credit and/or the Monthly Credit, as the case shall be, together with the Permit No. AX-381 Monthly Credit Amount for such preceding calendar month, (iii) from and after the Conversion Date, the number of Car Rental Days accumulated by the Permittee and the amount

of Customer Contract Fees paid to the Port Authority pursuant to paragraph 10(b) hereof during such immediately preceding calendar month, and (iv) the method of computation of each of the foregoing. Simultaneously with the furnishing of such statement the Permittee shall pay the privilege fee in an amount equal to the difference obtained (x) by subtracting the Interim Monthly Credit and/or the Monthly Credit, as the case shall be, and (y) from and after the Conversion Date further subtracting the credit for Customer Contract Fees paid, from the product obtained by multiplying twelve and one-half percent (12-1/2%) by all of the gross receipts of the Permittee arising during such preceding calendar month under this Permit, provided, however, that if the permission granted hereby shall expire or be revoked or terminated effective on a date other than the last day of a calendar month, the final payment of the fees shall be due and payable within twenty (20) days of the effective date of expiration, revocation or termination."

5. Effective as of the Construction Completion Date, Special Endorsement No. 2 of the Permit shall be deemed amended as follows:

(a) Paragraph (b) thereof shall be deleted therefrom in its entirety.

(b) Paragraph (a) thereof shall be redesignated as paragraph "(b)" and shall be amended as follows:

(1) The following new sentence shall be inserted at the beginning thereof immediately preceding the words "The Permittee" to read as follows:

"In the event the Permittee operates such an off-airport facility all provisions of this Special Endorsement No. 2 shall apply thereto."

(2) The parenthetical phrase "(as hereinafter defined)" appearing in the eighth (8th) line thereof shall be deleted therefrom.

(3) The following two new sentences shall be inserted at the end thereof to read as follows:

"The Service under this Special Endorsement would be used primarily for the purpose of transporting the Permittee's customers from the Airport to the off-airport facility where vehicles

could be secured by them as well as for the purpose of transporting persons to the Airport after they have returned their vehicles to the off-airport facility. The Permittee shall not use the Service to any location off the Airport other than such off-airport facility without the prior written approval of the General Manager of the Airport."

(c) The following new paragraph (a) shall be deemed inserted immediately preceding paragraph (b) thereof (formerly paragraph (a)), to read as follows:

"(a) It is hereby recognized that the Permittee may in the future operate facilities for the purpose of conducting a portion of the Rent A Car Business at a location or locations off the Airport primarily to serve persons, corporations and other entities using the Airport, including but not limited to, Airline passengers, Airport, Airline and tenant employees at the Airport and the general public at the Airport, said facilities being hereinafter referred to as an "off-airport facility". The Permittee shall notify the Port Authority in writing prior to the commencement of operations at any such off-airport facility and shall provide the Port Authority with such information with respect thereto as the Port Authority may require."

(d) Paragraph (e) thereof shall be amended by changing the upper case "T" appearing at the beginning thereof to a lower case "t" and by inserting the phrase "In the event the Permittee operates such an off-airport facility," immediately preceding said letter "t".

(e) Paragraph (g) thereof shall be amended by inserting the phrase "and only in the event the Permittee commences the operation of an off-airport facility" immediately after the word "herein" and before the period appearing in the last line thereof.

(f) Paragraph (i) thereof shall be amended by changing the upper case "W" appearing at the beginning thereof to a lower case "w" and by inserting the phrase "In the event the Permittee operates such an off-airport facility and" immediately preceding such "w".

(g) The following new paragraphs (j), (k) and (l) shall be added immediately after paragraph (i) thereof to read as follows:

"(j) It is hereby agreed that for the purpose of this Permit sales made and services rendered at or from an off-airport facility, if any, regardless of when or where the order therefor is received, and operations at an off-airport facility shall be and be deemed to be sales made and services rendered at or from the Airport and the aforesaid operations of the Permittee, if any, shall be and be deemed to be operations of the Permittee at the Airport and that all monies paid or payable to the Permittee therefor shall be included in gross receipts under the Permit except for "non-airport sales and services" as hereinafter defined. "Non-airport sales and services" shall only mean those instances where a sale or service is rendered at the off-airport facility or there is an operation at the off-airport facility and (i) the customer of the Permittee did not arrive at the Airport by air within the period of eighteen (18) hours prior to entering into the rental agreement with the Permittee and (ii) the customer does not work at the Airport. Any monies paid or payable with respect to non-airport sales and services shall not be deemed to be part of gross receipts hereunder but the Permittee shall have the burden of proof of establishing the same.

(k) The Permittee hereby represents that if it operates an off-airport facility it could and would develop a system of records so that its sales, services and operations thereat can be properly recorded by it and easily audited by the Port Authority, particularly so that gross receipts and non-airport sales and services thereat are easily identified. Without limiting the foregoing, the Permittee shall establish a separate and distinct form of rental agreement to be used for non-airport sales and services and shall record such information as shall clearly establish that such customer did not arrive at the Airport within said eighteen (18) hour period or does not work at the Airport. The Permittee shall maintain with respect to all transactions connected with such off-airport facility the home or business address of the Permittee's customers who utilize the off-airport facility. In addition the Permittee shall provide the Port Authority with such further additional information as it may from time to time request with respect to any matter covered by this Special Endorsement.

(l) For the purposes of paragraph (b) above, permission is hereby given to the Permittee for the Service to stop and load and unload passengers at Monorail Station D-2 and the Service may

not unload or load passengers at any other location at the Airport."

6. The fact that the Permittee is entitled hereunder to an Interim Monthly Credit, an Interim Annual Credit, a Monthly Credit, an Annual Credit and a credit for Customer Contract Fees shall not be construed as limiting, affecting or changing any right of the Port Authority hereunder, including without limitation, the Port Authority's right to revoke this Permit.

7. The fact that the Permittee's gross receipts under Permit No. AX-381 and the Permit No. AX-381 Monthly Credit Amount and the Permit No. AX-381 Annual Credit Amount may be utilized to compute the Interim Monthly Credit, the Interim Annual Credit, the Monthly Credit and the Annual Credit under this Permit shall not be deemed to amend, affect or change Permit No. AX-381 in any way nor shall this Supplemental Agreement be considered in any way to supplement the terms of Permit No. AX-381. Without limiting the generality of the foregoing nothing herein shall be construed as limiting, affecting or changing Permit No. AX-381 or the Port Authority's rights thereunder, including without limitation the Port Authority's right to revoke Permit No. AX-381, nor shall it be construed as in any way affecting or changing the amount of gross receipts attributable to Permit No. AX-381 for the purpose of computing the privilege fee payable under Permit No. AX-381.

8. The Permittee shall furnish to the Port Authority on the twentieth day of the month following the month in which the Construction Completion Date falls a statement of its Cost of the Construction Work which statement shall be certified by a responsible officer of the Permittee and shall contain in detail all the items listed in paragraphs 1(i)(2)(i) and 1(i)(2)(ii) hereof. The Permittee shall permit the Port Authority, by its agents, employees and representatives at all reasonable times during the construction and for a period of two (2) years subsequent to the receipt of the certified statement aforesaid, to examine and audit the books of account of the Permittee which pertain to the Construction Work. If, in the certified statement the Permittee includes any item of cost or expense as having been incurred, but which in the opinion of the Port Authority was not so incurred, or which in the opinion of the Port Authority if so incurred is not a cost or expense properly chargeable as part of the Cost of the Construction Work under sound accounting practice consistently applied and in accordance with the provisions hereof, then, within sixty (60) days after the completion of the Port Authority's examination and audit of such statement, the Port Authority shall give written notice to the Permittee stating its

objections to the item and the grounds therefor. If the Permittee considers that the Port Authority's objection is wrongfully taken, the Permittee may within sixty (60) days after the Port Authority gives written notice, serve a written notice upon the Port Authority stating the grounds for which it considers the objection to be wrongfully taken. In the event the matter is not resolved between the parties within ninety (90) days thereafter, the Port Authority shall refer the objection, at the Port Authority's expense, to the accountants then designated by the Port Authority for outside audit of the books of the Port Authority, whose decision as to the validity of the objection shall be final.

9. The Permit is hereby amended by deleting Section 7 of the Terms and Conditions in its entirety and by deleting paragraphs (a) and (b) of Special Endorsement No. 19 of the Permit in their entirety and by inserting in lieu of said paragraphs (a) and (b) the following new paragraphs (a) and (b) to read as follows:

"(a) (1) The Permittee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees and representatives, from and against (and shall reimburse the Port Authority for the Port Authority's costs and expenses including legal expenses incurred in connection with the defense of) all claims and demands of third persons including, but not limited to, claims and demands for death or personal injuries, or for property damages, arising out of any default of the Permittee in performing or observing any term or provision of this Permit, or out of any of the operations, acts or omissions of the Permittee hereunder, or arising out of the acts or omissions of the Permittee, its officers and employees at the Airport, including claims and demands of the City of Newark from which the Port Authority derives its rights in the Airport, for indemnification, arising by operation of law or through agreement of the Port Authority with the said City.

(2) If so directed, the Permittee shall at its own expense defend any suit based upon any such claim or demand (even if such suit, claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

(b) In addition to the obligations set forth in paragraph (a) of this Special Endorsement and all other insurance required under this Permit, the Permittee during the period of permission under this Permit from and after the Effective Date in its own name as insured and including the Port Authority as an additional insured shall maintain and pay the premiums on a policy or policies of Comprehensive General Liability Insurance, covering bodily injury, including death, and property damage liability, none of the foregoing to contain care, custody or control exclusions and providing for coverage in the limits set forth below, and Comprehensive Automobile Liability Insurance covering owned, non-owned and hired vehicles and including automatic coverage for newly acquired vehicles and providing for coverage in the limits set forth below. All the aforesaid policy or policies of insurance shall also provide or contain an endorsement providing that the protections afforded the Permittee thereunder with respect to any claim or action against the Permittee by a third person shall pertain and apply with like effect with respect to any claim or action against the Permittee by the Port Authority and shall also provide or contain an endorsement providing that the protections afforded the Port Authority thereunder with respect to any claim or action against the Port Authority by the Permittee shall be the same as the protections afforded the Permittee thereunder with respect to any claim or action against the Permittee by a third person as if the Port Authority were the named insured thereunder, but such endorsement shall not limit, vary, change, or affect the protections afforded the Port Authority thereunder as an additional insured. The said policy or policies of insurance shall also provide or contain a contractual liability endorsement covering the obligations assumed by the Permittee under paragraph (a) hereof.

All insurance coverages and policies required under this Special Endorsement may be reviewed by the Port Authority for adequacy of terms, conditions and limits of coverage at any time and from time to time during the period of permission hereunder. The Port Authority may, at any such time, require additions, deletions, amendments or modifications to the above-scheduled insurance requirements, or may require such other and additional insurance, in such reasonable amounts, against such other insurable hazards, as the Port Authority may deem required and the Permittee shall promptly comply therewith."

10. (a) For purposes of this Supplemental Agreement the following terms shall have the meanings ascribed to them below:

"Adjustment Period" shall mean the effective period of each adjustment to the Customer Contract Fee for a Percentage Increase, which period shall be the thirty-six month period commencing with the second anniversary of the Conversion Date and each thirty-six month period thereafter occurring during the period of the permission granted by this Permit provided, however, that if the Conversion Date is other than the first day of a calendar month, the first Adjustment Period shall include the portion of the month in which the second anniversary of the Conversion Date occurs following such date plus the succeeding thirty-six calendar months and each such subsequent Adjustment Period shall commence on the anniversary of the first day of the first full calendar month following the month in which the second anniversary of the Conversion Date occurs.

"Car Rental Company" or "Car Rental Companies" shall mean each company (or, in the plural, more than one such company) now or hereafter doing business at the Airport pursuant to a permit issued by the Port Authority, similar to this Permit, at premises or space on the Airport serviced by a Monorail System station. The Permittee agrees that in any event and notwithstanding the foregoing or any fact or circumstance to the contrary, as long as this Permit is in full force and effect, the Lessee shall be and be deemed to be a Car Rental Company.

"Car Rental Day" or "Car Rental Days" shall mean each twenty-four hour period or fraction thereof, or, the aggregate number of such periods, respectively, that a Car Rental Company shall rent out or otherwise provide a car (whether or not the car is provided on a complementary basis or at a discounted rate), at the Airport, or at an off-Airport facility, if by the terms of this Permit such off-Airport transaction would generate gross receipts.

"Conversion Date" shall mean the date which the Port Authority shall have certified to the Permittee to be the date as of which the Monorail System is substantially completed and operational. It is hereby agreed and understood that the Conversion Date shall be the same date as the "Monorail Commission Date" as defined in Section 6 of the Lease.

"CPI" shall mean the Consumer Price Index for all Urban Consumers, New York, N.Y., Northern New Jersey, Long Island, NY-NJ-CT, (All Items, unadjusted 1982-1984=100) published by the Bureau of Labor Statistics of the United States Department of Labor.

"Customer Contract Fee" shall mean the fee set forth in paragraph 10(b) hereof, required to be collected by the Permittee from its customers for each Car Rental Day.

"Index Month" shall mean the calendar month which is three full calendar months before the month in which the Conversion Date occurs, such calendar month occurring two years later, and such calendar month occurring in every third year thereafter during the period of the permission granted by this Permit, as such calendar month is subject to change from time to time pursuant to paragraph 10(c) (1) (i) hereof.

"Percentage Increase" shall mean the percentage increase, if any, in the CPI yielded by dividing the difference between the CPI for one Index Month and the CPI for the immediately preceding

Index Month by the CPI for the earlier of the two Index Months compared.

(b) (1) Effective as of the Conversion Date the Permittee agrees to collect from each and every customer of the Permittee at the Airport (or at any off-Airport facility, to the extent revenue collected from a customer constitutes "gross receipts" under this Permit) and pay over to the Port Authority a Customer Contract Fee equal to \$0.75 per Car Rental Day. The amount of the Customer Contract Fee per Car Rental Day herein set forth shall be subject to periodic adjustment as set forth in paragraph 10(c) hereof.

(2) Simultaneously with the furnishing of the monthly statements referred to in Standard Endorsement No. 2.2 of the Permit, as herein amended, the Permittee shall pay to the Port Authority an amount equal to the product of the Customer Contract Fee then in effect and the number of Car Rental Days for the period covered by such statement.

(c) (1) The Port Authority shall ascertain the CPI for the first Index Month and for each succeeding Index Month thereafter during the period of the permission granted hereunder, after the same has been published, and the Port Authority shall also determine the Percentage Increase.

(i) In the event that the CPI is not available for any Index Month within ten (10) days prior to the time set forth for the giving of a statement of the adjusted Customer Contract Fee, the CPI for the latest month then published shall be used instead. In such event, thereafter such latest month occurring every year throughout the term of the permission granted hereunder shall become the Index Month instead of the month initially so designated in paragraph 10(a) hereof, unless and until it is necessary once again to change the Index Month due to the unavailability of the published CPI data. Such adjustment in the calendar month constituting the Index Month hereunder shall be made as many times as may be necessary during the term of the permission granted hereunder.

(ii) In the event of the change of basis or the discontinuance of the publication by the United States Department of Labor of the CPI, such other appropriate index or indices shall be substituted as may be agreed by the parties hereto as properly reflecting changes in the value of the current United States money in a manner similar to that established in the indices used in the latest adjustment. In the event of the failure of the

parties to so agree, the Port Authority may select and use such index or indices as it deems appropriate, provided, however, that the foregoing shall not preclude the Permittee from contesting the Port Authority's selection.

(iii) In no event shall any adjustment in the Customer Contract Fee for any change in the CPI result in a decrease in the Customer Contract Fee.

(2) Subject to the limitation set forth in paragraph 10(c)(4) hereof, effective on the commencement of the first Adjustment Period and thereafter on the first day of each and every subsequent Adjustment Period during the term of the permission granted hereunder, the Customer Contract Fee shall be increased by multiplying the amount of the Customer Contract Fee, as set forth in paragraph 10(b) hereof, with respect to the first Adjustment Period, or the amount of the Customer Contract Fee set forth in paragraph 10(b) hereof, as the same may have been increased by previous application of the CPI adjustment provisions hereof, with respect to each subsequent Adjustment Period, by (i) the Percentage Increase plus 100%; and (ii) 112.5%; and the lesser of the amounts so obtained shall be and become the Customer Contract Fee per Car Rental Day for the duration of the subject Adjustment Period.

(3) The Port Authority shall send to the Permittee a statement setting forth the adjustment made in the Customer Contract Fee for any Percentage Increase, which statement shall be for informational purposes only and not a condition to the effectiveness of such adjustment. Such statement of adjustment shall be given within thirty (30) days prior to the first day of the Adjustment Interval to which such adjustment applies.

(4) At no time during the term of the permission granted hereunder shall the Customer Contract Fee, as it may be adjusted from time to time, exceed fifty-five percent (55%) of the quotient obtained by dividing the annual amount of the Monorail Fee, as defined in the Lease, then payable by the Permittee, by the number of Car Rental Days accumulated by the Permittee during the prior calendar year.

(d) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 hereof, any sum paid by a customer of the Permittee to the Permittee for the Customer Contract Fee, provided said sum is separately stated to and paid by the customer.

(e) From and after the Conversion Date (in addition to any other credits provided for in paragraphs 2 and 3 of this Supplemental Agreement) the amount of the privilege fee payable for any calendar month hereunder shall be reduced by the total monthly amount of Customer Contract Fees paid to the Port Authority pursuant to paragraph (b) (2) hereof, if and only to the extent that the Permittee has rendered to the Port Authority the Permittee's statement of monthly gross receipts with respect to such calendar month in accordance with Standard Endorsement No. 2.2 of the Permit, as herein amended.

(f) In connection with the payment of the Customer Contract Fee, the Permittee shall maintain in accordance with accepted accounting practice, in an office or offices in the Port of New York District, books and records of account recording all revenues from or in connection with the Permittee's activities under this Permit, which books and records shall, in addition to meeting any other reporting provisions of this Permit, show: (i) the basis and all supporting documents for each monthly statement of Car Rental Days required to be furnished by the Permittee pursuant to Standard Endorsement No. 2.2 of the Permit, as herein amended, (ii) all sums collected as Customer Contract Fees, and (iii) such other information as the Port Authority may request from time to time. The Permittee shall not be obligated to preserve any such books and records for more than seven (7) years after the furnishing of each monthly statement of Car Rental Days hereunder unless they are material to litigation initiated within that time, in which event they shall be preserved until the final determination of the controversy. In connection with the Permittee's obligations under this paragraph the Permittee shall:

(1) permit in ordinary business hours during the term of this Supplemental Agreement and for one year thereafter and during such further period as is mentioned in the preceding paragraph, the examination and audit by the officers, employees and representatives of the Port Authority of such records and books of account;

(2) permit the inspection by the officers, employees and representatives of the Port Authority, at any time and as often as it may consider necessary, of any equipment, system or process used by the Permittee in order to account for Car Rental Days, and upon the request of the Port Authority, the Permittee shall demonstrate the same; and

(3) install and use such cash registers, sales slips, invoicing machines and any other equipment, systems or

processes as the Port Authority may from time to time determine appropriate, necessary or desirable to keep accurate records of Car Rental Days.

(g) Notwithstanding anything contained herein to the contrary, this paragraph 10 together with any references in this Supplemental Agreement to terms defined in this paragraph shall be deleted from this Supplemental Agreement upon the effective date of expiration or earlier termination of the Lease, and the same shall be given no force and effect for any period following such date.

11. The Port Authority has a long-standing policy of encouraging Minority Business Enterprises (MBE's) and Women Business Enterprises (WBE's) to seek business opportunities at its facilities. For the purposes of this paragraph 11, an MBE or WBE is a firm that is at least fifty-one percent (51%) owned and controlled by one or more citizens or permanent resident aliens of the United States who are minorities or women and whose ownership and control is real, substantial and continuing. For the purposes of this definition the term "owned and controlled" means having the day-to-day responsibility for running and making the important decisions affecting the business enterprise. A minority is a member of any of the following groups:

(a) Black (all persons having origins in any of the Black African racial groups, not of Hispanic origin);

(b) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American culture or origin, regardless of race);

(c) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, Australia or the Pacific Islands); and

(d) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

Certification as to MBE or WBE status requires approval by the Port Authority's Office of Minority Business Development.

Overall participation by certified third-party MBEs/WBEs in furnishing non-construction services, supplies

(including comestibles and beverages), equipment, products and other articles exclusive of automotive fleet purchases (all the foregoing exclusive of automotive fleet purchases are hereinafter called the "Covered Articles") used by the Permittee in its operations at John F. Kennedy International, La Guardia and Newark International Airports of a value in the aggregate equal to at least thirty-five percent (35%) of the amount paid by the Permittee for Covered Articles purchased or otherwise furnished to the Permittee during each calendar year occurring during the period of permission under the Permit is the goal of this paragraph 11. It is hereby agreed and understood that "Covered Articles" shall include all operation, maintenance and repair of the premises under the Lease or any portion thereof and, further, that there shall not be included in the Covered Articles any services, supplies, equipment and other articles which are furnished or purchased pursuant to a national contract of the Permittee in existence on the Effective Date but that Covered Services shall include all services, supplies, equipment and other articles which are furnished or purchased pursuant to a national contract entered into or extended after the Effective Date.

The Permittee, to the maximum extent feasible and consistent with the exercise of good business judgment, including without limitation, the consideration of cost competitiveness, shall make good faith efforts to achieve said goal. In meeting the said commitment the Permittee agrees to submit to the Port Authority for its review and approval its plan to meet said goal, including the specific steps to be taken by the Permittee to meet said goal and the name of the individual who will be responsible for implementing said goal on behalf of the Permittee, within 60 days after the execution of this Supplemental Agreement. The Permittee shall incorporate in the said plan such revisions and changes which the Port Authority initially or from time to time may reasonably require. The Permittee throughout the period of permission under the Permit shall document its efforts in implementing the said plan, shall keep the Port Authority fully advised of the Permittee's progress in implementing the said plan and shall supply to the Port Authority such information, data and documentation with respect thereto as the Port Authority may from time to time and at any time request, including but not limited to quarterly reports.

Such good faith efforts shall include at least the following:

(i) Dividing the services and items to be purchased, contracted or subcontracted into smaller portions where feasible.

(ii) Actively and affirmatively soliciting bids for purchase orders, contracts and subcontracts from MBEs and WBEs, including circulation of solicitations to minority and female contractor associations. The Permittee shall maintain records detailing the efforts made to provide for MBE and WBE participation in the Permittee's operations under this Permit, including the names and addresses of all MBEs and WBEs contacted and, if any such MBE or WBE is not selected, the reason for such decision.

(iii) Making plans and specifications for prospective services and items to be purchased or contracted available to MBEs and WBEs in sufficient time for review.

(iv) Utilizing the list of eligible MBEs and WBEs maintained by the Port Authority or seeking minorities and women from other sources who shall then be approved for certification as MBEs/WBEs as above required for the purpose of their bidding as such vendors, contractors and subcontractors.

(v) Encouraging the formation of joint ventures, partnerships or other similar arrangements among contractors or subcontractors, where appropriate, toward meeting the said goal.

(vi) Insuring that provision is made to provide payments and, if appropriate, progress payments, to MBEs and WBEs on a timely basis.

(vii) Not requiring bonds from and/or providing bonds and insurance for MBEs and WBEs, where appropriate.

(viii) Submitting written quarterly reports to the Port Authority (Office of Minority Business Development, One World Trade Center, New York, NY 10048) detailing the Permittee's efforts towards compliance with the provisions hereof.

12. As herein amended, all the provisions of said Permit, as the same may have been previously supplemented and amended, shall be and remain in full force and effect.

13. Effective as of the Construction Completion Date the Permit shall be amended as follows:

(9) Paragraph (a) of Special Endorsement No. 3 of the Permit shall be deleted in its entirety and the following new paragraph (a) shall be inserted in lieu thereof to read as follows:

"(a) The Permittee understands and agrees that in connection with its operations under this Permit it will maintain a physical presence at the Airport. Such physical presence shall be evidenced by the Permittee's occupancy of counter space at Monorail Station D-2 to be used as business, dispatch and sales offices and for the control of its operations at the Airport as well as for customer reservation and information purposes and by the placement of telephones in the Airport passenger terminals. The presence of counter space is covered by the construction and use of customer service facilities at the premises under the Lease and the presence of telephones will be covered by separate agreements between the Permittee and the Port Authority covering the installation of telephones in the Terminal B International Facility at the Airport. In addition, space for telephones is available at Terminals A, B-1 and C at the Airport. The Permittee recognizes that although the availability of telephone space in Terminals A, B-1 and C is covered by the Port Authority's leases with the tenants thereof there may be limitations in particular buildings with respect to whether space is available for all rent a car operators and with respect to the amount of such space for utilization by all rent a car operators. There also may be different arrangements at the aforesaid buildings with respect to the installation of telephones. The arrangements to be made between the Permittee and the various airline lessees of Terminals A, B-1 and C shall be covered by separate agreements between the Permittee and the appropriate airline lessees which agreements shall be subject to prior written consent of the Port Authority. Any difficulties the Permittee may have in securing the space for telephones it desires or with respect to the proposed charges therefor by the lessee may be brought to the attention of the Port Authority by the Permittee. The Port Authority recognizes that it has an appropriate role to play in the event any such matter is referred to it but this does not mean that every problem of this kind will be resolved to the satisfaction of the Permittee."

(b) Paragraphs (b), (c), (d) and (e) of Special Endorsement No. 4 shall be deleted therefrom in their entirety.

(c) Special Endorsement No. 7 shall be deleted in its entirety from the Permit.

(d) Paragraph (c) of Special Endorsement No. 20 shall be deleted from the Permit in its entirety and the following new paragraph (c) shall be inserted in lieu thereof to read as follows:

"(c) maintain, in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier termination thereof, and for a further period extending until the Permittee shall receive written permission from the Port Authority to do otherwise, but not exceeding an additional two (2) years after the expiration of any calendar year, records and books of account separately recording all transactions of the Permittee under the Permit at, through, or in anywise connected with the Airport, including, but not limited to, (i) the amounts paid by customers for the elimination of the customer's liability to the Permittee for damage to the vehicle rented by the customer as set forth in Special Endorsement No. 5 hereof, (ii) from and after July 1, 1981, the amounts paid by customers for fuel pursuant to Replacement Fuel Agreements and the purchase price paid or payable for such fuel by the Permittee as set forth in Special Endorsement No. 6 hereof, and (iii) all monies paid or payable to the Permittee for sales or services and operations of the Permittee at or from any off-airport facility, separately setting forth the amounts of the foregoing, if any, which the Permittee claims are non-airport sales and services, all as set forth in Special Endorsement No. 2 hereof, which records and books of account shall be kept at all times within the Port of New York District;"

(e) Paragraph (e) of Special Endorsement No. 20 shall be deleted from the Permit in its entirety and the following new paragraph (e) shall be inserted in lieu thereof to read as follows:

"(e) furnish on or before the twentieth day of each month following the effective date of this Permit a sworn statement (i) of gross receipts arising out of operations of the Permittee hereunder for the preceding month, (ii) of the amounts excluded from gross receipts pursuant to

Special Endorsement No. 5 hereof, and (iii) from and after July 1, 1981, of the amounts excluded from gross receipts and the amount on which the Permittee is to pay the replacement fee pursuant to Special Endorsement No. 6 hereof. In the event the Permittee operates an off-airport facility as set forth in Special Endorsement No. 2 hereof, the aforesaid sworn statement shall separately set forth the amounts to be included in gross receipts arising from sales or services and operations of the Permittee at or from such off-airport facility and the amounts of the foregoing, if any, which the Permittee claims are non-airport sales and services;"

14. The effective period of the permission granted by the Permit is hereby extended for an indefinite period subject to earlier revocation or termination as provided in the Permit, as herein amended.

15. Paragraphs (a) and (b) of Special Endorsement No. 17 of the Permit are hereby deleted in their entirety and the following new paragraphs (a) and (b) are hereby deemed inserted in lieu thereof to read as follows:

"(a) The Permittee hereby acknowledges that the Port Authority may revoke the Permit at any time without cause on thirty (30) days' notice to the Permittee, with cause on ten (10) days' notice based on certain events set forth in said notice or on twenty-four (24) hours' notice in accordance with Standard Endorsement No. 28 hereof, as amended. It is hereby specifically understood that no expenditure of money or investment made by the Permittee of any kind or nature at or in connection with any off-airport facility or the Airport arising out of the issuance of this Permit or otherwise shall in any way limit or affect the Port Authority's right to revoke the permission granted hereunder as provided in Standard Endorsements No. 1.1 and No 28 hereof, as amended, and in Special Endorsements No. 16, No. 24 and No. 25 hereof or pursuant to any other provision hereof.

(b) Without limiting any rights of revocation hereunder by the Port Authority, the Permittee expressly acknowledges that in the event of revocation of this Permit by the Port Authority the Permittee shall never make any claim for continuation of this Permit or exercise of the privileges hereunder based on the fact that this Permit was issued to it or that it expended any

money or made any investment at any off airport facility or at the Airport hereunder and that the Permittee has a right to the continuation thereof or any claim for damages consequential or otherwise. The foregoing agreement by the Permittee is a special inducement and consideration to the Port Authority in entering into this Permit with the Permittee."

16. Special Endorsement No. 25 is hereby added to the Permit to read as follows:

"25. The Permittee hereby agrees and understands that if Lease No. ANA-769 is terminated by the Port Authority pursuant to Section 21 thereof, in addition to any other right of revocation by the Port Authority under the Permit, the Port Authority shall have the right to revoke this Permit and the privilege granted hereunder with cause at anytime."

17. This Supplemental Agreement and the Permit which it amends constitute the entire agreement between the Port Authority and the Permittee on the subject matter, and may not be changed, modified, discharged or extended except by instrument in writing duly executed on behalf of both the Port Authority and the Permittee. The Permittee agrees no representations or warranties shall be binding upon the Port Authority unless expressed in writing in the Permit or this Supplemental Agreement.

18. Neither the Commissioners of the Port Authority nor any of them, nor any officer, agent or employee thereof, shall be charged personally by the Permittee with any liability, or held liable to the Permittee, under any term or provision of this Supplement, or because of its execution or attempted execution, or because of any breach thereof.

19. In the event the Permittee shall use a construction manager instead of a general contractor to bid and supervise the Construction Work, then the percentage "ten percent (10%)" appearing in paragraphs 1(i)(2)(ii) and 2(g) hereof shall instead be the percentage "fifteen percent (15%)" and the amount "Four Hundred Fifty-four Thousand Five Hundred Forty-five Dollars and No Cents (\$454,545.00)" appearing in paragraph 2(g) hereof shall instead be the amount "Six Hundred Fifty-two Thousand One Hundred Seventy-four Dollars and No Cents (\$652,174.00)".

IN WITNESS WHEREOF, the parties hereto have caused these

presents to be executed.

WHEREAS, the Port Authority and the Permittee desire to amend the Permit in certain respects effective as of February 1, 2009, unless otherwise specified.

NOW, THEREFORE, for and in consideration of the covenants and mutual agreements herein contained, the Port Authority and the Permittee hereby agree as follows:

1. The address of the Port Authority listed on the cover page of the Permit and supplements thereto shall be replaced with the following address: "225 Park Avenue South, New York, New York 10003".

2. Special Endorsement No. 20 to the Permit, as amended, shall be and be deemed further amended by deleting said amended Special Endorsement No. 20 from the Permit in its entirety and by inserting in lieu thereof the following new Special Endorsement No. 20 to read as follows:

"20. 1. In connection with the exercise of the privilege granted hereunder, the Permittee shall:

(c) Maintain, in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation or termination thereof, and for a further period extending until the Permittee shall receive written permission from the Port Authority to do otherwise, but not exceeding an additional two (2) years after the expiration of any calendar year, records and books of account separately recording all transactions of the Permittee under the Permit at, through, or in anywise connected with the Airport (which records and books of account are hereinafter called the "**Permittee's Records**") including, but not limited to, (i) the amounts paid by customers for the elimination of the customer's liability to the Permittee for damage to the vehicle rented by the customer as set forth in Special Endorsement No. 5 hereof, (ii) the amounts paid by customers for fuel pursuant to Replacement Fuel Agreements as defined in Special Endorsement No. 6 hereof, (iii) all monies paid or payable to the Permittee for sales or services and operations of the Permittee at or from any off-airport facility, separately setting forth the amounts of the foregoing, if any, which the Permittee claims are non-airport sales and services all as set forth in Special Endorsement No. 2 hereof, as amended, (iv) the basis and all supporting documents for each monthly statement of Car Rental Days required to be furnished by the Permittee pursuant to Standard Endorsement No. 2.2 hereof, as amended, all sums collected as Facility Charges paid by customers as set forth in paragraph 9 of Supplement No. 3 to the Permit, and (v) such other information as the Port Authority may require. The Permittee's Records shall be kept at all times within The Port of New York District;

(d) Permit in ordinary business hours during the effective period of the Permit, for one year thereafter, and during such further period as is mentioned in the preceding subparagraph (c), the examination and audit by the officers, employees and representatives of the Port Authority of (i) the records and books of account of the Permittee and (ii) also any records and books of account of any company which is owned or controlled by the Permittee, which owns or controls the Permittee, or which is under common ownership or control with the Permittee, if said company performs services, similar to those performed by the Permittee, anywhere in The Port of New York District. The Permittee shall make available to the Port Authority within The Port of New York District for examination and audit by the Port Authority pursuant to this subparagraph (d) those records and books of account described in (i) which are not required by subparagraph (c) above to be kept at all times in The Port of New York District and those records and books of account described in (ii) above (all of the foregoing being hereinafter called the "**Other Relevant Records**" and the Permittee's Records and the Other Relevant Records being hereinafter collectively referred to as the "**Records**");

(e) Permit the inspection by the officers, employees and representatives of the Port Authority of any equipment used by the Permittee, including but not limited to cash registers;

(f) Furnish on or before the twentieth day of each month following the effective date of this Permit a sworn statement of (i) gross receipts arising out of operations of the Permittee hereunder for the preceding month, (ii) the amounts excluded from gross receipts pursuant to Special Endorsement No. 5 hereof, and (iii) the amounts excluded from gross receipts and the amount on which the Permittee is to pay the replacement fee pursuant to Special Endorsement No. 6 hereof. (g) Furnish on or before the twentieth day of April of each calendar year following the effective date of this Permit a statement of all gross receipts, separately setting forth all the amounts required by paragraph (f) of this Special Endorsement, arising out of operations of the Permittee hereunder for the preceding calendar year certified by an authorized corporate officer of the Permittee; and

(h) Install and use such cash registers, sales slips, invoicing machines and any other equipment or devices for recording orders taken, or services rendered, as may be appropriate to the Permittee's business and necessary or desirable to keep accurate records of gross receipts.

No reference hereunder to a calendar year shall affect the rights of either party as set forth in Standard Endorsement No. 1.1 hereof, as amended.

2. Without implying any limitation on the right of the Port Authority to revoke the Permit for cause for the breach of any term or condition thereof, including but not limited to paragraph 1 above, the Permittee understands that compliance by the Permittee with the provisions of paragraphs (c) and (d) above are of the utmost importance to the Port Authority in having entered into the percentage fee arrangement under the Permit and in the event of the failure of the Permittee to maintain, keep within The Port of New York District or make available for examination and audit the Permittee's Records in the manner and at the times or location as provided in this Special Endorsement then, in addition to all and without limiting any other rights and remedies of the Port Authority, the Port Authority may:

(a) Estimate the gross receipts of the Permittee on any basis that the Port Authority, in its sole discretion, shall deem appropriate, such estimation to be final and binding on the Permittee and the Permittee's fees based thereon to be payable to the Port Authority when billed; or

(b) If any such Records have been maintained outside of The Port of New York District, but within the Continental United States, then the Port Authority in its sole discretion may (i) require such Records to be produced within The Port of New York District or (ii) examine such Records at the location at which they have been maintained and in such event the Permittee shall pay to the Port Authority when billed all travel costs and related expenses, as determined by the Port Authority for Port Authority auditors and other representatives, employees and officers in connection with such examination and audit, or

(c) If any such Records have been maintained outside the continental United States then, in addition to the costs specified in paragraph (b)(ii) above, the Permittee shall pay to the Port Authority when billed all other costs of the examination and audit of such Records including without limitation salaries, benefits, travel costs and related expenses, overhead costs and fees and charges of third party auditors retained by the Port Authority for the purpose of conducting such audit and examination.

3. The foregoing auditing costs, expenses and amounts set forth in subparagraphs (b) and (c) of paragraph 2 above shall be deemed fees and charges under the Permit payable to the Port Authority with the same force and effect as all other fees and charges thereunder.

4. In those situations where the Records have been generated from computerized data (whether mainframe, minicomputer, or PC-BASED computer systems), the Permittee agrees to provide, or cause to be provided, to the Port Authority's representative extracts of data files in a computer readable format on data disks, E-mail with attached files or alternative computer data exchange formats suitable to the Port Authority in its sole discretion.

5. In the event that, upon conducting an examination and audit as described in this Special Endorsement, the Port Authority determines that unpaid fees and/or costs thereon are due and payable to the Port Authority by the Permittee, the Permittee shall be obligated to pay to the Port Authority a five percent (5%) service charge calculated upon the amount determined by the Port Authority to be unpaid, in recognition of any personnel and legal costs associated with the conduct of such examination and audit and any efforts to enforce the provisions of this Permit. Such service charge shall become immediately due and payable upon notice to the Permittee of the amount thereof and is exclusive of any and all other moneys due to the Port Authority by the Permittee under this Permit or otherwise."

3. (a) It is expressly agreed that all rights and privileges granted to the Permittee hereunder shall be exercised solely and exclusively by the Permittee. All references in this Permit to "Permittee" shall, for operational purposes, mean and refer solely and exclusively to the Permittee acting as the operating entity hereunder.

(b) The Permittee shall have no right to, nor shall it, assign, transfer, encumber or delegate, directly or indirectly, in whole or in part, by operation of law or otherwise, any of the rights and privileges or any other interest granted to the Permittee hereunder, and no rental car company or operating entity other than the Permittee shall exercise any of the said rights and privileges.

(c) In all vehicle rental transactions entered into in connection with Permittee's operations under the Permit, the Permittee shall use a distinct form of customer rental agreement identifying the Permittee, solely and exclusively, as the contracting rental car company. The Permittee shall likewise identify the Permittee, solely and exclusively, as the contracting rental car company on all invoices, receipts and other documents issued to its customers.

(d) All signs, posters and similar devices, and all media and communications used in connection with any operations under the Permit shall identify the Permittee, solely and exclusively, as the operating entity and contracting rental car company, and all marks, logos, slogans and names appearing in and on signs, employee uniforms and all other identifying devices, media and communications shall identify, indicate or signify the Permittee, only.

(e) The Permittee hereby expressly covenants and agrees that it shall not accept, at any time during the period of the permission covered by this Permit, any airport-related business whatsoever by or in the name of any affiliate or subsidiary of the Permittee at any off-airport rental car facility the Permittee, or any of its affiliates or subsidiaries, may operate in the immediate vicinity of any Port Authority airport.

(f) The Permittee may request, on behalf of affiliate rental car companies operated by the Permittee, the consent of the Port Authority to conduct on-airport rental car operations at Port Authority airports. For purposes of this Permit, the term "*Affiliate*" shall mean a person that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the Permittee. The term control (including the terms controlling, controlled by and under common control with) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract, or otherwise. Under the terms of this Permit any such operations by an Affiliate of the Permittee may be conducted only from locations separate and distinct from existing or future locations operated by the Permittee. The Port Authority may consent to other terms with respect to the other and affiliated rental car companies however, the granting of such consent, including any modification as to the conduct of such operations, shall be within the sole and exclusive discretion of the Port Authority, and the Port Authority shall be entitled to demand a fee in connection with the granting of any such consent.

4. Special Endorsement No. 4 to the Permit shall be and be deemed revised to read in its entirety as follows:

“4. The term “*gross receipts*” shall include all monies paid or payable to the Permittee for sales made and for services rendered at or from the Airport, regardless of when or where the order therefor is received, and any other revenues of any type arising out of or in connection with the Permittee’s operations at the Airport, provided, however, that any taxes imposed by law which are separately stated to and paid by the customer and directly payable to the taxing authority by the Permittee shall be excluded therefrom. For purposes of the term “gross receipts”, it is understood that the term “customer” means the actual individual renter-driver of a rental car and not, by way of example, an entity or organization through which the individual renter-driver’s rental car arrangements are made (e.g., a tour operator, cruise ship operator, corporate employer, or association such as the American Automobile Association (a/k/a AAA) or American Association of Retired Persons (a/k/a AARP), or any business program sponsor). Further, reference in the *proviso* above in this paragraph to the term “separately stated” is understood to include a stated reference both to the characterization of an item or items (e.g., characterization as taxes) as taxes and to the actual number of dollars which are attributable to each item which qualifies as an exclusion from gross receipts. In the event of a conflict between the terms of this Permit and GAAP or generally accepted auditing standards, this Permit shall govern even where this Permit references GAAP or such auditing standards.”

5. (a) Notwithstanding anything to the contrary herein contained, the Permittee hereby agrees the Permit is one of the “Agreements,” as such term is defined in that certain security agreement entered into between the Port Authority and the Permittee, made as of January 1, 2003, and identified by Port Authority Agreement No. AX-789 (the “Security Agreement”), and that a breach or failure to perform or comply with any of the terms and conditions of the Security Agreement, including, without limitation, failure to provide a letter of credit in accordance with the terms and conditions of the Security Agreement at any time during the term under any of the Agreements valid and available to the Port Authority or any failure of any banking institutions issuing a letter of credit to make one or more payments as provided in such letter of credit, shall constitute a material breach of the Permit and the Security Agreement thereby entitling the Port Authority to immediately exercise any and all rights available to it, including, without limitation, the right to terminate the Permit for cause.

(b) The Permittee hereby certifies that its Federal Tax Identification Number for the purposes of this Section is as follows: [REDACTED]

(c) The Permittee acknowledges and agrees that the Port Authority reserves the right, at its sole discretion, to adjust at any time and from time to time upon fifteen (15) days notice to the Permittee, the security deposit amount as set forth in the Security Agreement. Not later than the effective date set forth in said notice the Permittee shall deposit with the Port Authority the new security deposit amount as set forth in and in such form as requested by said notice which new amount (including without limitation an amendment to or a replacement of the letter of credit) shall thereafter constitute the security deposit subject to said Security Agreement.

6. Section 1 of the Terms and Conditions of the Permit, as amended, shall be further amended such that Section 1 shall read in its entirety as follows:

“1. The permission granted by this Permit shall take effect upon the effective date hereinbefore set forth. Notwithstanding any other term of condition hereof, it may be revoked without cause, upon thirty (30) days’ written notice by the Port Authority, or terminated without cause upon thirty (30) days’ written notice by the Permittee; *provided, however,* that it may be revoked on ten (10) days’ written notice if the Permittee shall fail to keep, perform and observe each and every promise, agreement, condition, term and provision contained in this Permit including, but not limited to, the obligation to pay fees. Further, in the event the Port Authority exercises its right to revoke this Permit for any reason other than “without cause”, the Permittee shall be obligated to reimburse the Port Authority for any and all personnel and legal costs and disbursements incurred by it arising out of, relating to, or in connection with the enforcement of this Permit including, without limitation, legal proceedings initiated by the Port Authority to exercise its revocation rights and to collect all amounts due and owing to the Port Authority under this Permit.”

7. The Permit is subject to the requirements of the U.S. Department of Transportation’s regulations, 49 CFR Part 23. The Permittee agrees that Schedule G, attached hereto and hereby made a part hereof, is incorporated by reference into the Permit and the Permittee shall comply with its terms and provisions.

8. Paragraph 10 of Supplement No. 2 to the Permit is hereby deleted in its entirety.

9. (a) Definitions:

(1) “*Adjustment Date*” shall mean February 1, 2010 and each February 1st thereafter occurring throughout the remainder of the period of permission hereunder.

(2) “*Car Rental Day*” or “*Car Rental Days*” shall mean each twenty-four hour period or fraction thereof, or, the aggregate number of such periods, respectively, that the Permittee shall rent out or otherwise provide a car (whether or not the car is provided on a complementary basis or at a discounted rate), at the Airport, or at an off-airport facility, if by the terms of this Permit such off-airport transaction would generate gross receipts under this Permit.

(3) “*CPI*” shall mean the Consumer Price Index for all Urban Consumers, New York - Northern New Jersey, Long Island, NY - NJ - CT (All Items, unadjusted 1982-84=100) published by the Bureau of Labor Statistics of the United States Department of Labor or such other index which may be substituted therefor pursuant to the terms of this Section.

(4) “*CPI Facility Charge*” shall mean the charge calculated on each Adjustment Date pursuant to paragraph 9(e) hereof.

(5) “**Facility Charge**” shall mean the fee set forth in paragraph 9(b) hereof, as the same shall have been increased from time to time in accordance with paragraph 9(e) hereof, required to be collected by the Permittee from its customers for each Car Rental Day.

(6) “**Percentage Increase**” shall mean the annual percentage increase, if any, in the CPI yielded by dividing the amount of the increase, if any, in the CPI for one Reference Month as compared to the CPI for the immediately preceding Reference Month, by the CPI for the earlier of the two immediately preceding Reference Months, as determined by the Port Authority.

(7) “**Reference Month**” shall mean the calendar month of September 2008 (the first Reference Month) and each succeeding calendar month of September thereafter occurring.

(b) Effective as of February 1, 2009, the Permittee shall collect from each and every customer of the Permittee at the Airport (or at any off-airport facility, to the extent revenue collected from a customer constitutes “gross receipts” under this Permit) and pay over to the Port Authority a fee (the “**Facility Charge**”) initially in the amount of Two Dollars and No Cents (\$2.00) per Car Rental Day and thereafter increased from time to time in accordance with paragraph (e) below.

(c) Simultaneously with the furnishing of the monthly statements referred to in Standard Endorsement No. 2.2 of the Permit, as amended, the Permittee shall pay to the Port Authority an amount equal to the product obtained by multiplying the amount of \$2.00 by the number of Car Rental Days for the period covered by such statement.

(d) There shall be excluded from gross receipts, as defined in Special Endorsement No. 4 of the Permit, as amended, any sum paid by the customer of the Permittee to the Permittee for the Facility Charge, provided said sum is separately stated to and paid by the customer.

(e) (1) The Port Authority shall ascertain the CPI for the first Reference Month and for each succeeding Reference Month after the same has been published, and the Port Authority shall also determine each CPI Percentage Increase.

(2) On February 1, 2010 the \$2.00 Facility Charge set forth in paragraph 9(b) above shall be multiplied by a percentage composed of the CPI Percentage Increase plus 100%. The product so obtained pursuant to this paragraph 9(e)(2) and pursuant to paragraph 9(e)(3) below shall be called a “**CPI Facility Charge**”.

(3) On February 1, 2011 and on each and every Adjustment Date thereafter occurring throughout the remainder of the period of permission hereunder, the CPI Facility Charge computed on the immediately preceding Adjustment Date shall be further increased by multiplying such CPI Facility Charge by a percentage composed of the CPI

Percentage Increase plus 100%, and the product so obtained pursuant to this paragraph 9(e)(3) shall be the new CPI Facility Charge effective as of such Anniversary Date.

(4) The Facility Charge per Car Rental Day shall be increased from time to time as follows: On February 1, 2010 and on each and every Adjustment Date thereafter occurring throughout the remainder of the period of permission hereunder, the amount of the then current Facility Charge shall be subtracted from the CPI Facility Charge calculated on such Adjustment Date, and whenever the difference between the then current Facility Charge and the CPI Facility Charge shall be twenty-five cents or more, the CPI Facility Charge calculated on such Adjustment Date shall become, and thereafter be, the Facility Charge per Car Rental Day from and after such Adjustment Date until the Facility Charge shall be further increased pursuant to the terms of this paragraph 9(e).

(f) In the event of the change of basis or the discontinuance of the publication by the United States Department of Labor of the CPI such other appropriate index or indices shall be substituted as may be agreed by the parties hereto as properly reflecting changes in the value of the current United States money in a manner similar to that established in the such indices used in the latest adjustment. In the event of the failure of the parties to so agree, the Port Authority may select and use such index or indices as it deems appropriate, provided, however, that the foregoing shall not preclude the Permittee from contesting the Port Authority's selection.

(g) In no event shall any adjustment in the Facility Charge for any change in the CPI result in a decrease in the Facility Charge.

10. From and after February 1, 2009, Standard Endorsement No. 2.2 of the Permit, as amended, shall be further amended, by deleting said Standard Endorsement No. 2.2 in its entirety and by substituting the following new Standard Endorsement No. 2.2 to read as follows:

“STANDARD ENDORSEMENT NO. 2.2

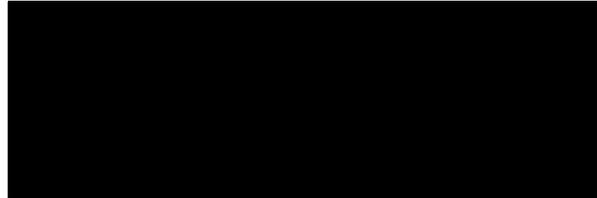

(a) The fees hereunder shall be due and payable on the twentieth day of the month following the calendar month in which the effective date hereof falls, and on the twentieth day of each month thereafter, provided, however, that if the permission granted hereby shall expire or be revoked or terminated effective on a date other than the last day of a calendar month, the final payment of the fees shall be due and payable within twenty (20) days after the effective date of expiration, revocation or termination except as otherwise provided herein.

Payments made hereunder shall be sent to the following address:

THE PORT AUTHORITY OF NEW YORK  
AND NEW JERSEY  
P.O. BOX 95000-1556  
PHILADELPHIA, PENNSYLVANIA 19195-0001

or via the following wire transfer instructions:

CREDIT BANK ADDRESS:  
CREDIT BANK ABA#:  
BENEFICIARY ACCOUNT/ID#:  
BENEFICIARY NAME:

or to such other address as may hereafter be substituted therefor by the Port Authority, from time to time, by notice to the Permittee.

(b) On March 20, 2009 and on the twentieth (20th) day of each and every month thereafter including the month following the last calendar month the Permit shall be in effect, the Permittee shall furnish to the Port Authority a sworn statement showing (i) its gross receipts for the preceding month under this Permit and under Permit No. AX-381 and its cumulative Annual Gross Receipts during the calendar year in which the Monthly Period for which the report is made falls, (ii) the Monthly Credit together with the monthly credit amount under Permit No. AX-381 and the method of computation thereof, and the number of Car Rental Days accumulated by the Permittee and the amount of the Facility Charges paid to the Port Authority during such immediately preceding calendar month, and (iv) the method of computation of each of the foregoing. Simultaneously with the furnishing of such statement, the Permittee shall pay the privilege fee in an amount equal to the difference obtained by subtracting the Monthly Credit from twelve and one half percent (12 1/2%) applied to all of the gross receipts of the Permittee arising during the preceding month under this Permit, provided, however, that if the permission granted hereby shall expire or be revoked or terminated effective on a date other than the last day of a calendar month, the final payment of the fees shall be due and payable within twenty (20) days of the effective date of expiration, revocation or termination.”

11. The Permittee hereby waives its right to trial by jury in any summary proceeding or action that may hereafter be instituted by the Port Authority against the Permittee in respect of this Permit and the privilege(s) granted hereunder and/or in any action that may be brought by the Port Authority to recover fees, damages, or other sums due and owing under this Permit. The Permittee specifically agrees that it shall not interpose any claims as counterclaims in any summary proceeding or action for non-payment of fees or other amounts which may be brought by the Port Authority unless such claims would be deemed waived if not so interposed. The foregoing reference to summary proceedings shall not be construed to mean that a landlord-tenant relationship exists between the Port Authority and the Permittee.

12. Without in any way limiting the provisions hereof, unless otherwise notified by the Port Authority in writing, in the event the Permittee shall continue to perform any of the privileges granted hereunder after the expiration, revocation or termination of the effective

period of the permission granted under this Permit, in addition to any damages to which the Port Authority may be entitled under this Permit or other remedies the Port Authority may have by law or otherwise, the Permittee shall pay to the Port Authority a fee for the period commencing on the day immediately following the date of such expiration or the effective date of such revocation or termination and ending on the date that the Permittee shall cease to perform all privileges granted hereunder equal to twice the sum of all the fees payable by the Permittee hereunder. Nothing herein contained shall give, or be deemed to give, the Permittee any right to continue to perform any of the privileges granted by this Permit after the expiration, revocation or termination of the effective period of the permission granted under this Permit. The Permittee acknowledges that the failure of the Permittee to cease to perform all of the privileges granted under this Permit from and after the effective date of such expiration, revocation or termination will or may cause the Port Authority injury, damage or loss. The Permittee hereby assumes the risk of such injury, damage or loss and hereby agrees that it shall be responsible for the same and shall pay the Port Authority for the same whether such are foreseen or unforeseen, special, direct, consequential or otherwise and the Permittee hereby expressly agrees to indemnify and hold the Port Authority harmless against any such injury, damage or loss.

13. Notwithstanding the foregoing, it is hereby agreed that the Permittee may conduct its business under the name "Dollar Rent-A-Car" on the following terms and conditions:

(a) All rental agreements that it enters into with its customers must state the Permittee's legal name, DTG Operations, Inc.;

(b) The Permittee shall have complied with all laws, rules and regulations and all other legal requirements with respect to the Permittee conducting its business in the name of Dollar Rent-A-Car instead of in its legal name, DTG Operations, Inc.; and

(c) The Permittee's legal name shall be prominently displayed at all locations at which it conducts its Rent a Car Business hereunder.

14. Each and every reference in the Permit to "Airport" or "Newark International Airport" shall mean and refer to "Newark Liberty International Airport".

15. Section 15 of the terms and conditions is hereby amended by deleting the address, "One World Trade Center, New York, New York 10048" and by inserting in lieu thereof the address, "225 Park Avenue South, New York, New York 10003".

16. The cover page of the Permit shall be amended by deleting the address appearing in Item 2 thereof and by substituting in lieu thereof the address Dollar Rent A Car, JFK Airport, Building 312 Federal Circle, Jamaica, New York 11430.

17. The cover page of the Permit shall be amended by deleting the name of the Permittee's Representative appearing in Item 3 thereof and by substituting in lieu thereof the name Art Smolin.

18. This Supplemental Agreement and the Permit which it amends constitute the entire agreement between the Port Authority and the Permittee on the subject matter, and may not be changed, modified, discharged or extended except by instrument in writing duly executed on behalf of the Port Authority and the Permittee. The Permittee agrees no representations or warranties shall be binding upon the Port Authority unless expressed in writing in the Permit or this Supplemental Agreement.

19. As herein amended, all the provisions of said Permit, as the same may have been previously supplemented and amended, shall be and remain in full force and effect.

20. Neither the Commissioners of the Port Authority nor any of them, nor any officer, agent or employee thereof, shall be charged personally by the Permittee with any liability, or held liable to the Permittee, under any term or provision of this Supplement, or because of its execution or attempted execution, or because of any breach thereof.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed as of the day and year first above written.

## SCHEDULE G

### **Airport Concession Disadvantaged Business Enterprise (ACDBE) Participation**

In accordance with regulations of the US Department of Transportation 49 CFR Part 23, the Port Authority has implemented an Airport Concession Disadvantaged Business Enterprise (ACDBE) program under which qualified firms may have the opportunity to operate an airport business. The Port Authority has established an ACDBE participation goal, as measured by the total estimated annual gross receipts for the overall concession program. The goal is modified from time to time and posted on the Port Authority's website: [www.panynj.gov](http://www.panynj.gov).

The overall ACDBE goal is a key element of the Port Authority's concession program and Concessionaire shall take all necessary and reasonable steps to comply with the requirements of the Port Authority's ACDBE program. The Concessionaire commits to making good faith efforts to achieve the ACDBE goal. Pursuant to 49 CFR 23.25 (f), ACDBE participation must be, to the greatest extent practicable, in the form of direct ownership, management and operation of the concession or the ownership, management and operation of specific concession locations through subleases. The Port Authority will also consider participation through joint ventures in which ACDBEs control a distinct portion of the joint venture business and/or purchase of goods and services from ACDBEs. In connection with the aforesaid good faith efforts, as to those matters contracted out by the Concessionaire in its performance of this agreement, the Concessionaire shall use, to the maximum extent feasible and consistent with the Concessionaire's exercise of good business judgment including without limit the consideration of cost competitiveness, a good faith effort to meet the Port Authority's goals. Information regarding specific good faith steps can be found in the Port Authority's ACDBE Program located on its above-referenced website. In addition, the Concessionaire shall keep such records as shall enable the Port Authority to comply with its obligations under 49 CFR Part 23 regarding efforts to offer opportunities to ACDBEs.

#### Qualification as an ACDBE

To qualify as an ACDBE, the firm must meet the definition set forth below and be certified by the New York State or New Jersey Uniform Certification Program (UCP). The New York State UCP directory is available on-line at [www.nysucp.net](http://www.nysucp.net) and the New Jersey UCP at [www.njucp.net](http://www.njucp.net).

An ACDBE must be a small business concern whose average annual receipts for the preceding three (3) fiscal years does not exceed \$47.78 million and it must be (a) at least fifty-one percent (51%) owned and controlled by one or more socially and economically disadvantaged individuals, or in the case of any publicly owned business, at least fifty-one percent (51%) of the stock is owned by one or more socially and economically disadvantaged individuals; and (b) whose management and daily business operations are controlled by one or more of the socially or economically disadvantaged individuals who own it. The personal net worth standard used in determining eligibility for purposes of part 23 is \$750,000.

The ACDBE may, if other qualifications are met, be a franchisee of a franchisor. An airport concession is a for-profit business enterprise, located on an airport, which is subject to the Code of Federal Regulations 49 Part 23, subpart F, that is engaged in the sale of consumer goods or services to the public under an agreement with the sponsor, another concessionaire, or the owner or operator of a terminal, if other than the sponsor. The Port Authority makes a rebuttable presumption that individuals in the following groups who are citizens of the United States or lawful permanent residents are “socially and economically disadvantaged”:

- a. Women;
- b. Black Americans which includes persons having origins in any of the Black racial groups of Africa;
- c. Hispanic Americans which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
- d. Native Americans which includes persons who are American Indians, Eskimos, Aleuts or Native Hawaiians;
- e. Asian-Pacific Americans which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Juvalu, Nauru, Federated States of Micronesia or Hong Kong;
- f. Asian-Indian Americans which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, Maldives Islands, Nepal and Sri Lanka; and
- g. Members of other groups, or other individuals, found to be economically and socially disadvantaged by the Small Business Administration under Section 8(a) of the Small Business Act, as amended (15 U.S.C. Section 637(a)).

Other individuals may be found to be socially and economically disadvantaged on a case-by-case basis. For example, a disabled Vietnam veteran, an Appalachian white male, or another person may claim to be disadvantaged. If such individual requests that his or her firm be certified as ACDBE, the Port Authority, as a certifying partner in the New York State and New Jersey UCPs will determine whether the individual is socially or economically disadvantaged under the criteria established by the Federal Government. These owners must demonstrate that their disadvantaged status arose from individual circumstances, rather than by virtue of membership in a group.

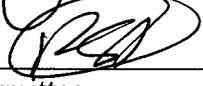

Certification of ACDBEs hereunder shall be made by the New York State or New Jersey UCP. If Concessionaire wishes to utilize a firm not listed in the UCP directories but which the

Concessionaire believes should be certified as an ACDBE, that firm shall submit to the Port Authority a written request for a determination that the firm is eligible for certification. This shall be done by completing and forwarding such forms as may be required under 49 CFR Part 23. All such requests shall be in writing, addressed to Lash Green, Director, Office of Business and Job Opportunity, The Port Authority of New York and New Jersey, 233 Park Avenue South, 4th Floor, New York, New York 10003 or such other address as the Port Authority may designate from time to time. Contact [OBJOcert@panynj.gov](mailto:OBJOcert@panynj.gov) for inquiries or assistance.

General

In the event the signatory to this agreement is a Port Authority permittee, the term Concessionaire shall mean the Permittee herein. In the event the signatory to this agreement is a Port Authority lessee, the term Concessionaire shall mean the Lessee herein.

SPECIAL ENDORSEMENTS

time designated by the Port Authority to exercise the powers and functions vested in the General Manager of Newark International Airport; but until further notice from the Port Authority to the Permittee they shall mean the General Manager of Newark International Airport for the time being or his duly designated representative or representatives.

(e) The words "five days" in the penultimate line of the first paragraph of Standard Endorsement No. 16.1 of the Permit shall be deemed deleted and the words "ten days" shall be deemed substituted therefor.

(f) There shall be added immediately after the last sentence of Standard Endorsement No. 28 of the Permit the following:

"It is hereby understood that if only one of the Airports is affected by such strike or other labor activity such revocation shall be effective only as to that Airport where such strike or other labor activity is directed against the Permittee."

It shall be unnecessary to physically indicate the foregoing deletions and substitutions on the foregoing Terms and Conditions and Standard Endorsements.

23. The words "permission" and "privilege" are used interchangeably in this Permit and, except where expressly provided to the contrary, reference to "privilege" shall mean privileges granted by this Permit.

24. The Port Authority and the Permittee have entered into an agreement of lease made as of January 1, 1975 and identified by Port Authority Lease No. AN-637 covering premises at the Airport (which agreement of lease,

## SPECIAL ENDORSEMENTS

as the same has been and as the same may hereafter be supplemented and amended, is herein called "the Lease"). Pursuant to the provisions of the Lease the Permittee agreed to perform certain construction work at the Airport consisting of exclusive construction work performed solely by the Permittee and common construction work and B-1 and C-1 construction work performed by the Permittee and other car rental operators identified in the Lease (herein called "the other operators"). The Permittee also constructed, and has since removed, temporary buildings (as such term is defined in Section 45(c) of the Lease) on a portion of the premises as provided in said Section 45(c) of the Lease.

(b) From and after January 1, 1981, the privilege fee payable hereunder shall be reduced by the monthly credit amount as hereinafter defined, subject to the limitations hereinafter set forth. The computation of the privilege fee and the monthly credit amount for each monthly period, or a portion of a monthly period, as hereinafter provided, shall be individual to such monthly period, or such portion of a monthly period, and without relation to any other monthly period, or any other portion of any monthly period.

(c) "Annual period" for purposes of this Special Endorsement No. 24 shall mean the twelve-month period commencing January 1, 1981 and each of the twelve-month periods thereafter during the term of the letting under the Lease. The last annual period shall commence upon the expiration of the next preceding annual period and shall end on the expiration or termination of the letting under the Lease.

(d) The "monthly credit amount" shall be separately computed for each annual period and shall be that amount which if paid each and every calendar month for a number of consecutive months (such number of consecutive months to be the number of calendar months between the commencement of the particular annual period and the expiration date of the letting under the Lease as set forth in subdivision (ii) of paragraph (b) of Section 3 of the Lease) so that such payment would after such number of consecutive equal monthly payments (combining monthly amortization and interest on the declining unpaid balance at the applicable current interest rate for said annual period) discharge that portion

## SPECIAL ENDORSEMENTS

a debt in an amount equal to Two Million Seven Hundred Ninety-four Thousand One Hundred Ninety-eight Dollars and Seventeen Cents (\$2,794,198.17) which remains unamortized at the end of the preceding annual period.

(e) The monthly credit amount for any monthly period during any annual period shall not exceed the product obtained by multiplying by the number .025 the sum of the Permittee's monthly gross receipts arising under this Permit and under Permit No. AX-396.

(f) (i) The "current interest rate" for a particular annual period shall be determined by multiplying the number 1.825 by the average of the weekly indices of the "20 Bond Index" as reported in the publication, the "Daily Bond Buyer", during the annual period immediately preceding the commencement of that particular annual period except that for the first annual period it shall be determined by multiplying the number 1.825 by the average of the weekly indices of the "20 Bond Index" during the 52 week period immediately preceding the week during which the commencement of the first annual period occurs. The current interest rate shall be computed to the third decimal place. Schedule A, attached hereto and hereby made a part hereof, demonstrates how the "20 Bond Index" would be utilized in computing the current interest rate for the year 1972 (had that year been an annual period).

(ii) In the event that the "Daily Bond Buyer" or their "20 Bond Index" shall be discontinued during the term of the Lease, a comparable substitute for such Index shall be mutually agreed upon in writing by the Permittee, the other operators and the Port Authority within thirty (30) days after discontinuance. In the event that the aforesaid parties shall fail to agree upon such a substitute within the time hereinabove specified then such dispute shall be disposed of by arbitration in accordance with the then existing rules of the American Arbitration Association or any successor association. One half of the costs of said arbitration shall be borne by the Port Authority and the other half of said costs shall be borne by the Permittee and the other operators on an equal basis. Until such substitute is agreed upon or determined by arbitration as aforesaid the current interest rate shall be the same current interest rate utilized for the preceding annual period. As soon as such substitute is agreed upon or determined

## SPECIAL ENDORSEMENTS

applicable annual period and prior to the final determination of the current interest rate shall be recomputed using the finally determined monthly credit amount and any amounts owing to the Port Authority shall be promptly paid to it and any amounts due to the Permittee shall be promptly refunded to it.

(g) Prior to the execution of this Permit by either party, the second paragraph of Standard Endorsement No. 2.2 hereof was amended to read as follows:

"On the twentieth day of February, 1981 and on the twentieth day of each and every month thereafter including the month following the end of such annual period as may be the last annual period under the Permit, the Permittee shall render to the Port Authority, a sworn statement showing its gross receipts for the preceding month under this Permit and under Permit No. AX-396 and its cumulative gross receipts under this Permit and under Permit No. AX-396 for the annual period for which the report is made and showing the monthly credit amount and the method of computation; the Permittee shall pay the privilege fee at the time of rendering each monthly statement in an amount equal to the difference obtained by subtracting the monthly credit amount from twelve and one-half percent (12-1/2%) applied to all of the gross receipts of the Permittee arising during the preceding month under this Permit, provided, however, that if the permission granted hereby shall expire or be revoked or terminated effective on a date other than the last day of a calendar month, the final payment of the fees shall be due and payable within twenty (20) days of the effective date of expiration, revocation or termination."

(h) "Annual credit amount" for a particular annual period shall be the sum of the monthly credit amounts for such annual period determined in accordance with the provisions of paragraph (d) above and paragraph (j) below but without the limitations imposed by paragraph (e) above, provided, however, that in no event shall the annual credit amount for any annual

## SPECIAL ENDORSEMENTS

period exceed the product obtained by multiplying the sum of the Permittee's annual gross receipts under this Permit and under Permit No. AX-396 by two and one-half percent (2-1/2%). In the event that in any annual period the annual credit amount exceeds the sum of the monthly credit amounts actually taken by the Permittee during such annual period, then the Permittee shall be entitled to an annual credit for such annual period in the amount of such excess, which amount shall be promptly paid by the Port Authority to the Permittee. The computation of the annual credit amount and the annual credit for each annual period shall be individual to such annual period and without relation to any other annual period.

(i) "Monthly period" as used in this Special Endorsement No. 24 shall mean each calendar month during the effective period of the Permit commencing on January 1, 1981 and in the event that the Permit is revoked or terminated on other than the last day of a month then and in such event "monthly period" shall mean the actual number of days in the month during which the Permit was in effect.

(j) In the event that any monthly period is less than a full calendar month then the monthly credit amount for such monthly period shall be reduced by multiplying the same by a fraction the numerator of which shall be the number of actual days in such monthly period and the denominator of which shall be the full number of days in said calendar month.

25. The fact that the Permittee is entitled hereunder to a monthly credit and an annual credit shall not be construed as limiting, affecting or changing the Port Authority's right to revoke this Permit, pursuant to Standard Endorsements No. 1.1 and No. 28 hereof, as amended, and Special Endorsement No. 15 hereof.

26. The fact that the Permittee's gross receipts under Permit No. AX-396 at LaGuardia Airport and at John F. Kennedy International Airport may be utilized to compute the monthly credit amount and the annual credit amount shall not be deemed to amend, affect or change Permit No. AX-396 in

SPECIAL ENDORSEMENTS

any way. Without limiting the generality of the foregoing nothing herein shall be construed as limiting, affecting or changing Permit No. AX-396 or the Port Authority's right to revoke Permit No. AX-396 pursuant to Standard Endorsements No. 1.1 and No. 28 thereof, as amended, or Special Endorsement No. 15 thereof, nor shall it be construed as in any way affecting or changing the amount of gross receipts attributable to Permit No. AX-396 for the purpose of computing the privilege fee payable under said permit.

For the Permittee

If the Permittee should fail to pay any amount required under this Permit when due to the Port Authority, including without limitation any payment of any fixed or percentage fee or any payment of utility or other charges, or if any such amount is found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight-tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (but not less than thirteen) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Permit. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority to payment of any late charge or late charges payable under the provisions of this Endorsement with respect to such unpaid amount. Nothing in this Endorsement is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including without limitation the Port Authority's rights set forth in Section 1 of the Terms and Conditions of this Permit or (ii) any obligations of the Permittee under this Permit. In the event that any late charge imposed pursuant to this Endorsement shall exceed a legal maximum applicable to such late charge, then, in such event, each such late charge payable under this Permit shall be payable instead at such legal maximum.

Notwithstanding Item 6 appearing on the first page of this Permit, the Effective Date of this Permit shall be that date the Permittee commenced any of the activities permitted by this Permit. The Permittee in executing this Permit represents that the Effective Date appearing in Item 6 on the first page of this Permit is the date the Permittee commenced any of the activities permitted by this Permit. If the Port Authority determines by audit or otherwise that the Permittee commenced any of the activities permitted by this Permit prior to said effective date, the Effective Date of this Permit shall be the date the Permittee commenced any of the activities permitted by this Permit and all obligations of the Permittee under this Permit shall commence on such date including without limitation the Permittee’s indemnity obligations and obligations to pay fees.

provided, however, that it may be revoked on twenty-four (24) hours' notice by the Port Authority if the Permittee shall fail to keep, perform and observe each and every promise, agreement, condition, term and provision contained in this Permit, including but not limited to the obligation to pay fees. Unless sooner revoked or terminated, such permission shall expire in any event upon the expiration date hereinbefore set forth.

(c) In the event the Port Authority exercises its right to revoke this Permit for any reason other than "without cause", the Permittee shall be obligated to pay to the Port Authority an amount equal to all costs and expenses reasonably incurred by the Port Authority in connection with such revocation, including without limitation any and all personnel and legal costs (including but not limited to the cost to the Port Authority of in-house legal services) and disbursements incurred by it arising out of, relating to, or in connection with the enforcement or revocation of this Permit including, without limitation, legal proceedings initiated by the Port Authority to exercise its revocation rights and to collect all amounts due and owing to the Port Authority under this Permit.

(ii) In the event the Port Authority exercises its right to revoke this Permit, as aforesaid, it shall do so by twenty-four (24) hours' written notice to the Permittee, effective as of the time specified in the notice. The exercise by the Port Authority of its right of suspension shall not waive or affect or be deemed to waive or affect the right of revocation.

(iii) Prior to the exercise of the right of suspension by the Port Authority, it shall give the Permittee notice thereof, which notice may be oral. The Permittee shall not perform its operations authorized by this Permit during the period of the suspension. The period of suspension shall end not more than twenty-four (24) hours after the cause thereof has ceased or been cured and the Permittee shall notify the Port Authority of such cessation or cure.

(iv) The rights of suspension and revocation as hereinbefore set forth may be exercised by the Port Authority prior to the Effective Date set forth in Item 6 on the first page of this Permit. (f) No revocation or termination of the permission hereunder shall relieve the Permittee of any liabilities or obligations hereunder which shall have accrued on or prior to the effective date of revocation or termination.

(g) No exercise by the Port Authority of any right of revocation granted to it in this Section shall be deemed to be a waiver of any other rights of revocation contained in this Section or elsewhere in this Permit or a waiver of any other rights or remedies which may be available to the Port Authority under this Permit or otherwise.

(iv) if the Permittee is an individual, by the Permittee acting only personally or through the medium of its employees, and

(v) if the Permittee is a limited liability company, by the Permittee acting only through the medium of its members, managers, and employees;

The Permittee shall not assign or transfer this Permit or any of the rights granted hereby, or enter into any contract requiring or permitting the doing of anything hereunder by an independent contractor. In the event of the issuance of this Permit to more than one individual or other legal entity (or to any combination thereof), then and in that event each and every obligation or undertaking herein stated to be fulfilled or performed

by the Permittee shall be the joint and several obligation of each such individual or other legal entity.

(b) No greater rights or privileges are hereby granted to the Permittee than the Port Authority has power to grant under the Basic Lease.

(c) Neither this Permit nor anything contained herein, shall be deemed to grant any rights in the Permittee to use and occupy any land, building space or other area at the Airport or shall be deemed to have created any obligation on the part of the Port Authority to provide any such land, space or area to the Permittee.

(d) Neither the execution and delivery of this Permit nor any act done pursuant thereto shall create between any terminal operator, lessee or other occupant of land at the Airport including but not limited to the Permittee, on one hand, and the Port Authority on the other hand the relationship of bailor and bailee, or any other relationship or any legal status which would impose upon the Port Authority with respect to any personal property, such as but not limited to, aircraft cargo or baggage, owned and/or handled by the Permittee any duty or obligation whatsoever. The Permittee expressly agrees that the Port Authority shall have no liability with respect to any aircraft cargo or baggage or any other property of the Permittee or of any other Person left anywhere on the Airport.

(e) This Permit does not constitute the Permittee the agent or representative of the Port Authority for any purpose whatsoever.

(f) Nothing contained in this Permit shall constitute permission to the Permittee to park or store equipment or personal property at any location or area at the Airport.

(g) The Permittee shall have no right hereunder to carry on any business or operation at the Airport other than that specifically provided herein. Without limiting the generality of the foregoing and notwithstanding anything else in this Permit to the contrary, the Permittee is expressly prohibited hereunder from performing ground transportation, fueling of aircraft and the selling and delivery of in-flight meals.

(h) It is understood that any and all privileges granted hereunder to the Permittee are non-exclusive and shall not be construed to prevent or limit the granting of similar privileges at the Airport to another or others, whether by this form of permit or otherwise, and neither the granting to others of rights and privileges granted hereunder nor the existence of agreements by which similar rights and privileges have been previously granted to others shall constitute a violation or breach of the permission herein granted.

(i) The Permittee, its employees, invitees and others doing business with it shall have no right hereunder to park vehicles within the Airport.

(j) The words "permission" and "privilege" are used interchangeably in this Permit, and except where expressly provided to the contrary, shall mean the privileges granted by this Permit.

4. Fees:

(a) (i) The Permittee agrees to pay to the Port Authority, at the times set forth in and in accordance with paragraph (a)(ii) below, a percentage fee (the "*Basic Percentage Fee*") equal to five percent (5%) (as the same may be increased pursuant to paragraph (k) below) of Gross Receipts.

(ii) Gross Receipts shall be reported and the Basic Percentage Fee shall be paid to the Port Authority by the Permittee as follows: On or before the twentieth (20th) day of the first month following the month in which the Effective Date falls and on the twentieth (20th) day of each and every calendar month thereafter during the period that this Permit is in effect and including the calendar month in which this Permit ceases to be in effect, the Permittee shall render to the Port Authority a monthly statement sworn to by a responsible executive or fiscal officer of the Permittee showing all of the Gross Receipts for the preceding month. Each of the said statements shall also show the cumulative Gross Receipts from the Effective Date (or the most recent anniversary thereof) through the last day of the preceding month. At the same time each of the said statements is rendered to the Port Authority, the Permittee shall pay to the Port Authority an amount equal to five percent (5%) applied to the Gross Receipts for the preceding calendar month. In addition to the foregoing, on the twentieth (20th) day of the first month following each anniversary of the Effective Date the Permittee shall submit to the Port Authority a statement setting forth the cumulative totals of the Gross Receipts for the entire preceding twelve (12) month period certified, at the Permittee's expense, by a certified public accountant. In addition to the foregoing, within twenty (20) days after the expiration, termination, revocation or cancellation of this Permit, the Permittee shall render to the Port Authority a sworn statement certified, at the Permittee's expense, by a certified public accountant of all Gross Receipts during the period from the last preceding anniversary of the Effective Date up to and including the last day this Permit shall be in effect and the Permittee shall, at the time of rendering such statement to the Port Authority, pay the Basic Percentage Fee due and unpaid as of the last day this Permit shall be in effect.

(b) All statements to be submitted to the Port Authority pursuant to this Section and all payments made under this Permit shall be sent to the following address:

THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY  
P.O. BOX 95000-1517  
PHILADELPHIA, PENNSYLVANIA 19195-1517

or made via the following wire transfer instructions:

Bank: [REDACTED]  
Bank ABA number: [REDACTED]  
Account number: [REDACTED]

or to such other address as may hereafter be substituted therefor by the Port Authority, from time to time, by notice to the Permittee.

(c) There shall be excluded from Gross Receipts any sum paid or payable to the Permittee for the following, provided said sum is separately stated to and paid by the customer:

(i) handicapped services;

- (ii) security services;
- (iii) lost and found baggage services;
- (iv) snow removal services;
- (v) ground transportation of employees; and
- (vi) building janitorial and maintenance services,

provided further, however, the Permittee acknowledges and agrees that the Port Authority does and shall continue to have the right at any time and from time to time to withdraw the foregoing exclusions from Gross Receipts, in whole or in part, or to establish a separate fee for each such service, which may be a percentage fee other than five percent (5%), upon sixty (60) days' prior written notice to the Permittee. Notwithstanding the foregoing, any fee established must be agreed to by the Permittee and the Port Authority and must be reflected in a supplement to this Permit to be prepared by the Port Authority and executed by the parties hereto.

(d) In the event the Permittee shall be permitted hereunder to provide Gateside Aircraft Maintenance or Routine and Non-routine Aircraft Maintenance services, there shall be excluded from Gross Receipts any sum paid or payable to the Permittee:

(i) which arise solely from the resale to a customer of aircraft parts and supplies purchased by the Permittee from a third party, provided, however, that there shall be included in Gross Receipts monies paid or payable to the Permittee which arise from the sale of such aircraft parts and supplies to which the Permittee has provided labor for fabrication, refinishing or assembly to the extent of the reasonable value of the labor provided by the Permittee;

(ii) which arise solely from the use of equipment rented by the Permittee from a third party which monies are separately stated to and paid by the customer, limited, however, to the amounts actually paid by the Permittee to the third party for such rental of equipment; and

(iii) which arise solely from the loan or rental by the Permittee of aircraft parts, whether or not owned by the Permittee, which monies are separately stated to and paid by a customer and where said loan or rental of any such aircraft part is for a period of less than twelve (12) consecutive calendar days, it being understood that such monies paid or payable to the Permittee for the loan or rental may include monies for labor provided by the Permittee for installation, refurbishment of returned parts or administrative handling which is directly related to said loan or rental provided, however, all monies paid or payable to the Permittee which arise solely from the loan or rental by the Permittee of aircraft parts, whether or not owned by the Permittee, for twelve (12) or more consecutive calendar days (including but not limited to monies for labor provided by the Permittee for installation, refurbishment of returned parts or administrative handling which is directly related to said lease or rental) shall be included in Gross Receipts from the first day of the loan or rental period, as the case may be.

(e) If and to the extent the full fair market value of any sale, service or other item provided by the Permittee is not charged to or payable by the customer, then the fair market value thereof as determined by the Port Authority shall be included in Gross Receipts.

(f) Without limiting any other provisions of this Permit regarding Gross Receipts, in those instances where the Permittee provides any services or goods along with other services and goods to the same Person (including without limitation those instances where a service is part of or is included within a group of other services and rendered for a single price, and where a service is performed by the Permittee pursuant to agreement for the exchange of services or goods) the Permittee agrees that the value ascribed to the performance of such service by the Permittee shall be the fair and reasonable value thereof as determined by the Port Authority.

(g) Without limiting the requirement for Port Authority approval, if the Permittee conducts any privilege or any portion thereof through the use of a contractor or other third party which is not a Port Authority permittee and where the payments for any of the foregoing are made to such contractor rather than to the Permittee, said payments shall be deemed amounts, monies, revenues, receipts and income paid or payable to the Permittee for purposes of determining the Permittee's Gross Receipts, provided, however, that the foregoing shall not grant or be deemed to grant any right or permission to the Permittee to use an independent contractor or other third party to perform any privilege or portion thereof or the doing of anything hereunder by an independent contractor or other third party.

(h) Notwithstanding that the fee hereunder is measured by a percentage of Gross Receipts, no joint venture or partnership relationship between the parties hereto is created by this Permit.

(i) To the extent that the Permittee has not already done so at the time of execution of this Permit and without limiting the generality of any other term or provision hereof, the Permittee agrees to submit monthly statements of Gross Receipts as provided in this Section and to pay, at the time of execution and delivery of this Permit to the Port Authority, all fees and other amounts due under this Permit for the period from the Effective Date to the time of execution and delivery of this Permit by the Permittee.

(j) Without limiting any other provision of this Permit, it is hereby specifically understood that the failure to set forth all the classes of Persons, all of the locations served or all of the types of services or activities performed by the Permittee in its exercise of the privileges granted hereunder as of the Effective Date, or the failure to, by appropriate supplement, revise this Permit to reflect any additional classes of Persons, locations served, or services or activities performed by the Permittee subsequent to said Effective Date, shall not affect the inclusion in Gross Receipts hereunder of the amounts, monies, revenues, receipts and income received or receivable by the Permittee in its operations, and the same shall be so included. The foregoing shall not constitute Port Authority consent or be deemed to imply that the necessary Port Authority consent (to be reflected in a supplement to the Permit) with respect to such additional classes of Persons, locations, services or activities will be given.

(k) The Basic Percentage Fee and any other fees payable under this Permit shall be subject to increase from time to time upon thirty (30) days' notice from the Port Authority to the Permittee, given by the General Manager of the Airport or such other representative as the Port Authority may substitute from time to time by notice to the Permittee, and upon the effective date of the increase set forth in such notice the fees payable by the Permittee under this Permit shall be as set forth in said notice. In the event within ten (10) days after the Permittee receives such notice from the Port Authority, the Permittee notifies the Port Authority that the Permittee does not wish to pay the increased fees, this Permit and the permission granted hereunder shall

be, and shall be deemed to be, cancelled effective at the close of business on the day preceding the effective date of the increase, as set forth in the Port Authority's notice to the Permittee. If the Permittee does not so notify the Port Authority, the increased fees shall become effective on the date set forth in the Port Authority's notice as aforesaid. No cancellation of this Permit and the permission granted thereunder pursuant to this paragraph (k) shall be construed to relieve the Permittee of any obligations or liabilities hereunder which shall have accrued on or before the effective date of such cancellation.

(l) Without limiting any term or provision of this Permit, in the event the Permittee performs (x) any service, other than the Authorized Service at the Airport, or (y) any service (including the Authorized Service) at any other Port Authority facility, whether such performance is the subject of a written agreement by and between the Port Authority and the Permittee, the Permittee hereby agrees that it will pay to the Port Authority any and all fees and/or charges applicable to such service. The Permittee also agrees that, at the request of the Port Authority, it will enter into the appropriate agreement with the Port Authority providing permission for the Permittee to perform such service.

5. Security Deposit:

(a) (i) Provided that an amount is set forth in Item 8 on the first page of this Permit (the "*Required Security Deposit*"), and, provided, further, the amount of said Required Security Deposit is less than \$20,000.00, upon the execution of this Permit by the Permittee and delivery thereof to the Port Authority, the Permittee shall deposit with the Port Authority (and shall keep deposited throughout the effective period of the permission under this Permit) the Required Security Deposit, either in cash, or bonds of the United States of America, or of the State of New Jersey, or of the State of New York, or of the Port Authority of New York and New Jersey, having a market value of that amount, as security for the full, faithful and prompt performance of and compliance with, on the part of the Permittee, all of the terms, provisions, covenants and conditions of this Permit on its part to be fulfilled, kept, performed or observed. Bonds qualifying for deposit hereunder shall be in bearer form but if bonds of that issue were offered only in registered form, then the Permittee may deposit such bonds or bonds in registered form, provided, however, that the Port Authority shall be under no obligation to accept such deposit of a bond in registered form unless such bond has been re-registered in the name of the Port Authority (the expense of such re-registration to be borne by the Permittee) in a manner satisfactory to the Port Authority. The Permittee may request the Port Authority to accept a registered bond in the Permittee's name and if acceptable to the Port Authority the Permittee shall deposit such bond together with an irrevocable bond power (and such other instruments or other documents as the Port Authority may require) in form and substance satisfactory to the Port Authority. In the event the Required Security Deposit is returned to the Permittee, any expenses incurred by the Port Authority in re-registering a bond to the name of the Permittee shall be borne by the Permittee. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice, to use the Required Security Deposit, or any part thereof, in whole or partial satisfaction of any of its claims or demands against the Permittee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of the Required Security Deposit itself shall cure any default or breach of this Permit on the part of the Permittee. With respect to any bonds deposited by the Permittee, the Port Authority shall have the right, in order to satisfy any of its claims or demands against the Permittee, to sell the same in whole or in part, at any time, and from time to time, with or without prior notice at public or private sale, all as determined by the Port Authority, together with the right to purchase the same

at such sale free of all claims, equities or rights of redemption of the Permittee. The Permittee hereby waives all right to participate therein and all right to prior notice or demand of the amount or amounts of the claims or demands of the Port Authority against the Permittee. The proceeds of every such sale shall be applied by the Port Authority first to the costs and expenses of the sale (including but not limited to advertising or commission expenses) and then to the amounts due the Port Authority from the Permittee. Any balance remaining shall be retained in cash toward bringing the Required Security Deposit to the sum specified in Item 8 on the first page of this Permit. In the event that the Port Authority shall at any time or times so use the Required Security Deposit, or any part thereof, or if bonds shall have been deposited and the market value thereof shall have declined below the amount set forth in Item 8 on the first page of this Permit, the Permittee shall, on demand of the Port Authority and within two (2) days thereafter, deposit with the Port Authority additional cash or bonds so as to maintain the Required Security Deposit at all times to the full amount above stated in Item 8 on the first page of this Permit, and such additional deposits shall be subject to all the conditions of this Section. After the expiration or earlier revocation or termination of the effective period of the permission under this Permit, and upon condition that the Permittee shall then be in no wise in default under any part of this Permit, and upon written request therefor by the Permittee, the Port Authority will return the Required Security Deposit to the Permittee less the amount of any and all unpaid claims and demands (including estimated damages) of the Port Authority by reason of any default or breach by the Permittee of this Permit or any part thereof. The Permittee agrees that it will not assign or encumber the Required Security Deposit. The Permittee may collect or receive any interest or income earned on bonds and interest paid on cash deposited in interest-bearing bank accounts, less any part thereof or amount which the Port Authority is or may hereafter be entitled or authorized by law to retain or to charge in connection therewith, whether as or in lieu of an administrative expense, or custodial charge, or otherwise; provided, however, that the Port Authority shall not be obligated by this provision to place or to keep cash deposited hereunder in interest-bearing bank accounts.

(ii) In lieu of the Required Security Deposit made in the form described above in paragraph (a)(i), the Permittee may at any time during the effective period of the permission granted under this Permit offer to deliver to the Port Authority, as security for all obligations of the Permittee under this Permit, a clean irrevocable letter of credit issued by a banking institution satisfactory to the Port Authority and having its main office within the Port of New York District, in favor of the Port Authority in the amount of the Required Security Deposit. The form and terms of such letter of credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Such letter of credit shall provide that it shall continue throughout the effective period of the permission granted under this Permit and for a period of not less than six (6) months thereafter; such continuance may be by provision for automatic renewal or by substitution of a subsequent satisfactory letter. Upon notice of cancellation of a letter of credit, the Permittee agrees that unless, by a date twenty (20) days prior to the effective date of cancellation, the letter of credit is replaced by security in accordance with paragraph (a)(i) of this Section or another letter of credit satisfactory to the Port Authority, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security under paragraph (a)(i) of this Section. Failure to provide such a letter of credit at any time during the effective period of the permission granted under this Permit, valid and available to the Port Authority, including any failure of any banking institution issuing any such letter of credit previously accepted by the Port Authority to make one or more payments as may be provided in such letter of credit, shall be deemed to be a breach of this Permit on the part of the Permittee. Upon acceptance of such letter of credit by the Port Authority, and upon request by the Permittee made thereafter, the Port Authority will return the

Required Security Deposit, if any, theretofore made under and in accordance with the provisions of paragraph (a)(i) of this Section. The Permittee shall have the same rights to receive such Required Security Deposit during the existence of a valid letter of credit as it would have to receive such sum upon expiration of the effective period of the permission granted under this Permit and fulfillment of the obligations of the Permittee hereunder. If the Port Authority shall make any drawing under a letter of credit held by the Port Authority hereunder, the Permittee on demand of the Port Authority and within two (2) days thereafter, shall bring the letter of credit back up to its full amount.

(b) Provided that a Required Security Deposit amount is set forth in Item 8 on the first page of this Permit, and, provided, further, the amount of said Required Security Deposit is equal to or greater than \$20,000.00, upon the execution of this Permit by the Permittee and delivery thereof to the Port Authority, the Permittee shall deliver to the Port Authority, as security for the full, faithful and prompt performance of and compliance with, on the part of the Permittee, all of the terms, provisions, covenants and conditions of the Permit on its part to be fulfilled, kept, performed or observed, a clean irrevocable letter of credit issued by a banking institution satisfactory to the Port Authority and having its main office within the Port of New York District and acceptable to the Port Authority, in favor of the Port Authority, and payable in the Port of New York District in the amount of the Required Security Deposit. The form and terms of such letter of credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Such letter of credit shall provide that it shall continue throughout the effective period of the permission granted under this Permit and for a period of not less than six (6) months thereafter; such continuance may be by provision for automatic renewal or by substitution of a subsequent clean and irrevocable satisfactory letter of credit. If requested by the Port Authority, said letter of credit shall be accompanied by a letter explaining the opinion of counsel for the banking institution that the issuance of said clean, irrevocable letter of credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law. Upon notice of cancellation of a letter of credit, the Permittee agrees that unless the letter of credit is replaced by another letter of credit satisfactory to the Port Authority by a date not later than twenty (20) days prior to the effective date of cancellation, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security. Failure to provide such a letter of credit at any time during the effective period of the permission granted under this Permit valid and available to the Port Authority, including any failure of any banking institution issuing any such letter of credit previously accepted by the Port Authority to make one or more payments as may be provided in such letter of credit, shall be deemed to be a breach of this Permit on the part of the Permittee. If the Port Authority shall make any drawing under a letter of credit held by the Port Authority hereunder, the Permittee, upon demand by the Port Authority and within two (2) days thereafter, shall bring the letter of credit back up to the amount of the Required Security Deposit. No action by the Port Authority pursuant to the terms of any letter of credit, or any receipt by the Port Authority of funds from any bank issuing such letter of credit, shall be or be deemed to be a waiver of any default by the Permittee under the terms of this Permit, and all remedies under this Permit and of the Port Authority consequent upon such default shall not be affected by the existence of a recourse to any such letter of credit.

(c) The Permittee acknowledges and agrees that the Port Authority reserves the right, in its sole discretion at any time and from time to time upon fifteen (15) days' notice to the Permittee, to adjust the amount of the Required Security Deposit. Not later than the effective date set forth in said notice by the Port Authority, the Permittee shall furnish additional cash or bonds, as provided for in paragraph (a) above, or an amendment to, or a replacement of, the letter

of credit providing for such adjusted amount of the Required Security Deposit, as the case may be, and such additional cash and/or bonds or adjusted (or replaced) letter of credit shall thereafter constitute the Required Security Deposit required under this Section.

(d) If the Permittee is obligated by any other agreement to maintain a security deposit with the Port Authority to insure payment and performance by the Permittee of all fees, rentals, charges and obligations which may become due and owing to the Port Authority arising from the Permittee's operations at the Airport pursuant to any such other agreement or otherwise, then all such obligations under such other agreement and any deposit pursuant thereto also shall be deemed obligations of the Permittee under this Permit and as security hereunder as well as under any such other agreement and all provisions of such other agreement with respect to such obligations and any obligations thereunder of the Port Authority as to the security deposit are hereby incorporated herein by this reference as though fully set forth herein and hereby made a part hereof. The termination, revocation, cancellation or expiration of any other agreement to which such security shall apply or any permitted assignment of such other agreement shall not affect such obligations as to such security which shall continue in full force and effect hereunder.

#### 6. Permittee's Operations:

(a) The Permittee shall provide to the Port Authority, upon request of the Port Authority from time to time, such information and data in connection with the permission granted hereunder as the Port Authority may request and shall, if so requested by the Port Authority, make periodic reports thereof to the Port Authority utilizing such forms as may be adopted by the Port Authority for such purpose.

(b) The Permittee shall daily remove from the Airport by means of facilities provided by it all garbage, debris and other waste material (whether solid or liquid) arising out of or in connection with the permission granted hereunder, and any such not immediately removed shall be temporarily stored in a clean and sanitary condition, in suitable garbage and waste receptacles, the same to be made of metal and equipped with tight-fitting covers, and to be of a design safely and properly to contain whatever material may be placed therein; said receptacles being provided and maintained by the Permittee. The receptacles shall be kept covered except when filling or emptying the same. The Permittee shall exercise extreme care in removing such garbage, debris and other waste materials from the Airport. The manner of such storage and removal shall be subject in all respects to the continual approval of the Port Authority. No facilities of the Port Authority shall be used for such removal unless with its prior consent in writing. No such garbage, debris or other waste materials shall be or be permitted to be thrown, discharged or disposed into or upon the waters at or bounding the Airport.

(c) The Permittee shall at all times that areas of the Airport are being used for the privileges permitted hereunder, maintain said areas in a clean and orderly condition and appearance. The Permittee shall promptly wipe up any oil, gasoline, grease, lubricants and other inflammable liquids and substances and any liquids and substances having a corrosive or detrimental effect on the paving or other surface of the ramps or other areas upon which it performs the privileges authorized by this Permit resulting from its operations hereunder. The Permittee shall repair, replace, repave or rebuild, or at the Port Authority's election, the Permittee shall pay to the Port Authority the cost to the Port Authority of repairing, replacing, repaving or rebuilding, all or any part of the ramps or other areas upon which it performs the privileges authorized by this Permit which may be damaged or destroyed by such oil, gasoline,

grease, lubricants or other liquids or substances or by any other act or omission of the Permittee or its employees, except for reasonable wear and tear arising out of its operations thereon.

(d) A principal purpose of the Port Authority in granting the permission under this Permit is to have available at the Airport, the privileges which the Permittee is permitted to render hereunder. The Permittee agrees that it will conduct a first-class operation and will furnish all fixtures, equipment, personnel (including licensed personnel as necessary), supplies, materials and other facilities and replacements necessary or proper therefor, and keep the same in a first-class operating condition at all times.

(e) The Permittee shall immediately comply with all orders, directives and procedures as may be issued by the General Manager of the Airport covering the operations of the Permittee under this Permit at any time and from time to time. The Port Authority may, at any time and from time to time, without prior notice or cause, withdraw or modify any designation, approval, substitution or redesignation given by it hereunder.

(f) In the event of any injury or death to any person (other than employees of the Permittee) at the Airport when caused by the Permittee's operations, or damage to any property (other than the Permittee's property) at the Airport when caused by the Permittee's operations, the Permittee shall immediately notify the Port Authority and promptly thereafter furnish to the Port Authority copies of all reports given to the Permittee's insurance carrier.

(g) The operations of the Permittee, its employees, invitees and those doing business with it shall be conducted in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport. The Permittee shall provide and its employees shall wear or carry badges or other suitable means of identification and the employees shall wear appropriate uniforms. The badges, means of identification and uniforms shall be subject to the written approval of the General Manager of the Airport. The Port Authority shall have the right to object to the Permittee as to the demeanor, conduct and appearance of the Permittee's employees, invitees and those doing business with it, whereupon the Permittee will take all steps necessary to remove the cause of the objection.

(h) The Permittee shall promptly repair or replace any property of the Port Authority damaged by the Permittee's operations at the Airport.

7. Indemnity:

(a) The Permittee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees and representatives, from and against (and shall reimburse the Port Authority for the Port Authority's costs and expenses including legal costs and expenses incurred in connection with the defense of) all claims and demands of third Persons including but not limited to claims and demands for death or personal injuries, or for property damages, arising out of any default of the Permittee in performing or observing any term or provision of this Permit, or out of the operations of the Permittee hereunder, or out of any of the acts or omissions of the Permittee, its officers, employees or Persons who are doing business with the Permittee arising out of or in connection with the activities permitted hereunder, or arising out of the acts or omissions of the Permittee, its officers or employees at the Airport, including claims and demands of the City against the Port Authority for indemnification arising by operation of law or through agreement of the Port Authority with the said City.

(b) Without limiting any other term or provision hereof, the Permittee agrees to indemnify and hold harmless the Port Authority, its Commissioners, officers, employees, agents and representatives of and from any loss, liability, expense, suit or claim for damages in connection with any actual or alleged infringement of any patent, trademark or copyright, or arising from any alleged or actual unfair competition or other similar claim arising out of the operations of the Permittee under or in any wise connected with this Permit.

(c) Without limiting any other term or provision hereof, the Permittee shall indemnify the Port Authority and hold it harmless against all claims and demands of third Persons for damage to any aircraft cargo or baggage or any other property handled or delivered pursuant to the permission granted by this Permit.

(d) If so directed, the Permittee shall at its own expense defend any suit based upon any such claim or demand set forth in paragraphs (a), (b) and (c) above (even if such claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

8. Liability Insurance:

(a) The Permittee, in its own name as insured and including the Port Authority as an additional insured, shall maintain and pay the premiums during the effective period of the Permit on a policy or policies of Commercial General Liability Insurance, including premises-operations and products-completed operations and covering bodily-injury liability, including death, and property damage liability, none of the foregoing to contain care, custody or control exclusions, and providing for coverage in the minimum limit set forth in Item 9 on the first page of this Permit, and Commercial Automobile Liability Insurance covering owned, non-owned and hired vehicles and including automatic coverage for newly acquired vehicles and providing for coverage in the minimum limit set forth in Item 9 on the first page of this Permit. Without limiting the foregoing, the Permittee shall maintain Workers' Compensation and Employers Liability Insurance in accordance with the Permittee's statutory obligations under the applicable State Workers' Compensation Law for those employees of the Permittee employed in operations conducted pursuant to this Permit at or from the Airport. In the event the Permittee maintains the foregoing insurance in limits greater than aforesaid, the Port Authority shall be included therein as an additional insured, except for the Workers' Compensation and Employers Liability Insurance policies, to the full extent of all such insurance in accordance with all terms and provisions of this Permit.

(b) Each policy of insurance, except for the Workers' Compensation and Employers Liability Insurance policies, shall also contain an ISO standard "separation of insureds" clause or a cross liability endorsement providing that the protections afforded the Permittee thereunder with respect to any claim or action against the Permittee by a third person shall pertain and apply with like effect with respect to any claim or action against the Permittee by the Port Authority and any claim or action against the Port Authority by the Permittee, as if the Port Authority were the named insured thereunder, but such clause or endorsement shall not limit, vary, change or affect the protections afforded the Port Authority thereunder as an additional insured. Each policy of insurance shall also provide or contain a contractual liability endorsement covering the

obligations assumed by the Permittee under Section 7 of the Terms and Conditions of this Permit.

(c) All insurance coverages and policies required under this Section may be reviewed by the Port Authority for adequacy of terms, conditions and limits of coverage at any time and from time to time during the effective period of permission granted under this Permit. The Port Authority may, at any such time, require additions, deletions, amendments or modifications to the aforementioned insurance requirements, or may require such other and additional insurance, in such reasonable amounts, against such other insurable hazards, as the Port Authority may deem required and the Permittee shall promptly comply therewith.

(d) Each policy shall contain a provision or endorsement that the policy may not be cancelled, terminated, changed or modified without giving thirty (30) days' written advance notice thereof to the Port Authority. Each policy shall contain a provision or endorsement that the insurer "shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority." The foregoing provisions or endorsements shall be recited in each policy or certificate to be delivered pursuant to the following paragraph (e).

(e) A certified copy of each policy or a certificate or certificates of insurance evidencing the existence thereof, or binders, shall be delivered to the Port Authority upon execution and delivery of this Permit by the Permittee to the Port Authority. In the event any binder is delivered it shall be replaced within thirty (30) days by a certified copy of the policy or a certificate of insurance. Any renewal policy shall be evidenced by a renewal certificate of insurance delivered to the Port Authority at least seven (7) days prior to the expiration of each expiring policy, except for any policy expiring after the date of expiration of this Permit. The aforesaid insurance shall be written by a company or companies approved by the Port Authority. If at any time any insurance policy shall be or become unsatisfactory to the Port Authority as to form or substance or if any of the carriers issuing such policy shall be or become unsatisfactory to the Port Authority, the Permittee shall promptly obtain a new and satisfactory policy in replacement. If the Port Authority at any time so requests, a certified copy of each policy shall be delivered to or made available for inspection by the Port Authority.

(f) The foregoing insurance requirements shall not in any way be construed as a limitation on the nature or extent of the contractual obligations assumed by the Permittee under this Permit. The foregoing insurance requirements shall not constitute a representation or warranty as to the adequacy of the required coverage to protect the Permittee with respect to the obligations imposed on the Permittee by this Permit or any other agreement or by law.

9. Special Endorsements:

The Permittee hereby agrees to the terms and conditions of the endorsements attached hereto, hereby made a part hereof and marked "*Special Endorsements*". The terms and provisions of the Special Endorsements shall have the same force and effect and as if herein set forth in full.

10. No Waiver:

No failure by the Port Authority to insist upon the strict performance of any agreement, term or condition of this Permit or to exercise any right or remedy consequent upon a breach or default thereof, and no extension, supplement or amendment of this Permit during or after a breach thereof, unless expressly stated to be a waiver, and no acceptance by the Port Authority of fees, charges or other payments in whole or in part after or during the continuance of any such breach or default, shall constitute a waiver of any such breach or default of such agreement, term or condition. No agreement, term or condition of this Permit to be performed or complied with by the Permittee, and no breach or default thereof, shall be waived, altered or modified except by a written instrument executed by the Port Authority. No waiver by the Port Authority of any default or breach on the part of the Permittee in performance of any agreement, term or condition of this Permit shall affect or alter this Permit but each and every agreement, term and condition thereof shall continue in full force and effect with respect to any other then existing or subsequent breach or default thereof.

11. Removal of Property:

The personal property placed or installed by the Permittee at the Airport shall remain the property of the Permittee and must be removed on or before the expiration, revocation, cancellation or termination of the permission hereby granted, whichever shall be earlier. Without limiting the terms and provisions of paragraph (g) of Section 18 hereof, any such property remaining at the Airport after the effective date of such expiration, revocation, cancellation or termination shall be deemed abandoned by the Permittee and may be removed and disposed of by the Port Authority in any manner it so determines in its sole discretion and all the proceeds of any removal or disposition shall be retained by the Port Authority for its account and all costs and expenses of such removal and disposition shall be paid to the Port Authority by the Permittee when billed.

12. Permittee's Representative:

The Permittee's representative specified in Item 3 on the first page of this Permit (or such substitute as the Permittee may hereafter designate in writing) shall have full authority to act for the Permittee in connection with this Permit, and any act or thing done or to be done hereunder, and to execute on the Permittee's behalf any amendments or supplements to this Permit or any extension thereof, and to give and receive notices hereunder.

13. Notices:

Except where expressly required or permitted herein to be oral, all notices, directions, requests, consents and approvals required to be given to or by either party shall be in writing, and all such notices given by the Port Authority to the Permittee shall be validly given if sent by registered or certified mail addressed to the Permittee at the address specified on the first page hereof or at the latest address that the Permittee may substitute therefor by notice to the Port Authority, or left at such address, or delivered to the Permittee's representative. Any notice from the Permittee to the Port Authority shall be validly given if sent by registered or certified mail addressed to the Executive Director of the Port Authority at 225 Park Avenue South, New York, New York 10003 or at such other address as the Port Authority shall hereafter designate by notice to the Permittee. If mailed, the notices herein required to be given shall be deemed effective and given as of the date of the certified or registered mailing thereof.

14. Late Charges:

If the Permittee should fail to pay any amount required under this Permit when due to the Port Authority including without limitation any payment of any fixed or percentage fee or any payment of utility or other charges, or if any such amount is found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight-tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four (24) late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (15) (but not less than thirteen (13)) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Permit. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority to payment of any late charge or late charges payable under the provisions of this Section with respect to such unpaid amount. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including without limitation the Port Authority's rights set forth in Section 2 of these Terms and Conditions, or (ii) any obligations of the Permittee under this Permit. In the event that any late charge imposed pursuant to this Section shall exceed a legal maximum applicable to such late charge, then, in such event, each such late charge payable under this Permit shall be payable instead at such legal maximum.

15. Non-discrimination:

(a) Without limiting the generality of any of the provisions of this Permit, the Permittee, for itself, its successors in interest and assigns, as a part of the consideration hereof, does hereby agree that (1) no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or be otherwise subject to discrimination in the use of any space at the Airport and the exercise of any privileges under this Permit, (2) that in the construction of any improvements on, over, or under any space at the Airport and the furnishing of any service thereon by the Permittee, no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or otherwise be subject to discrimination, (3) that the Permittee shall use any space at the Airport and exercise any privileges under this Permit in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the Permittee's operations thereat, whether by reason of agreement between the Port Authority and the United States Government or otherwise.

(b) The Permittee shall include the provisions of paragraph (a) of this Section in every agreement or concession it may make pursuant to which any Person or Persons, other than

the Permittee, operates any facility at the Airport providing services to the public and shall also include therein a provision granting the Port Authority a right to take such action as the United States may direct to enforce such provisions.

(c) The Permittee's noncompliance with the provisions of this Section shall constitute a material breach of this Permit. Without limiting any other term or provision hereof or any other rights or remedies of the Port Authority hereunder or at law or equity, in the event of the breach by the Permittee of any of the above non-discrimination provisions, the Port Authority may take any appropriate action to enforce compliance or by giving twenty-four (24) hours' notice, may revoke this Permit and the permission hereunder; or may pursue such other remedies as may be provided by law; and as to any or all of the foregoing, the Port Authority may take such action as the United States may direct.

(d) Without limiting any other term or provision hereof, the Permittee shall indemnify and hold harmless the Port Authority from any claims and demands of third Persons, including the United States of America, resulting from the Permittee's noncompliance with any of the provisions of this Section and the Permittee shall reimburse the Port Authority for any loss or expense incurred by reason of such noncompliance.

(e) Nothing contained in this Section shall grant or shall be deemed to grant to the Permittee the right to transfer or assign this Permit, to make any agreement or concession of the type mentioned in paragraph (b) hereof, or any right to perform any construction on any space at the Airport, or any right to use or occupy any space at the Airport.

16. Affirmative Action:

The Permittee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Permittee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Permittee assures that it will require that its covered suborganizations provide assurances to the Permittee that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

17. Rules and Regulations:

(a) The Permittee shall observe and obey (and compel its officers, employees, guests, invitees, and those doing business with it, to observe and obey) the rules and regulations and procedures of the Port Authority now in effect, and such further reasonable rules and regulations and procedures which may from time to time during the effective period of this Permit, be promulgated by the Port Authority for reasons of safety, health, preservation of property or maintenance of a good and orderly appearance of the Airport or for the safe and efficient operation of the Airport. The Port Authority agrees that, except in cases of emergency, it shall give notice to the Permittee of every rule and regulation hereafter adopted by it at least five (5) days before the Permittee shall be required to comply therewith.

(b) The Permittee shall promptly observe, comply with and execute the provisions of any and all present and future rules and regulations, requirements, orders and directions of the

Fire Rating Organization of the State of New Jersey and the National Board of Fire Underwriters, and any other body or organization exercising similar functions which may pertain or apply to the Permittee's operations hereunder. If by reason of the Permittee's failure to comply with the provisions of this Section, any fire insurance, extended coverage or rental insurance rate on the Airport or any part thereof, or upon the contents of any building thereon, shall at any time be higher than it otherwise would be, then the Permittee shall on demand pay the Port Authority that part of all fire insurance premiums paid or payable by the Port Authority which shall have been charged because of such violation by the Permittee.

18. Prohibited Acts

- (a) The Permittee shall not do or permit to be done any act which
- (i) will invalidate or be in conflict with any fire insurance policies covering the Airport or any part thereof or upon the contents of any building thereon, or
  - (ii) will increase the rate of any fire insurance, extended coverage or rental insurance on the Airport or any part thereof or upon the contents of any building thereon, or
  - (iii) in the opinion of the Port Authority will constitute a hazardous condition, so as to increase the risks normally attendant upon the operations contemplated by this Permit, or
  - (iv) may cause or produce upon the Airport any unusual noxious or objectionable smokes, gases, vapors or odors, or
  - (v) may interfere with the effectiveness or accessibility of any drainage and sewerage system, water system, communications system, fire protection system, sprinkler system, alarm system, fire hydrant and hose, if any, installed or located or to be installed or located in or on the Airport, or
  - (vi) shall constitute a nuisance or injury in or on the Airport or which may result in the creation, commission or maintenance of a nuisance or injury in or on the Airport.

For the purpose of this paragraph (a), "Airport" includes all structures located thereon.

(b) The Permittee shall not dispose of, release or discharge nor permit anyone to dispose of, release or discharge any Hazardous Substance on the Airport except that the Permittee may release or discharge de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder so long as such release or discharge is not a violation of the terms and conditions of Sections 17 or 19 hereof. In addition to and without limiting Section 19 hereof, any Hazardous Substance disposed of, released or discharged by the Permittee (or permitted by the Permittee to be disposed of, released or discharged) on the Airport shall upon notice by the Port Authority to the Permittee and subject to the provisions of paragraph (f) of Section 17 hereof and to all Environmental Requirements, be completely removed and/or remediated by the Permittee at its sole cost and expense, provided, however, the forgoing shall not apply to releases and discharges which are in compliance with the terms and conditions of Sections 17 and 19 hereof of de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder and the obligation of the Permittee to remove and remediate such de-icing fluids shall be as required by the terms and conditions of Sections 17 and 19 hereof. The obligations of the

Permittee pursuant to this paragraph shall survive the expiration, revocation, cancellation or termination of this Permit.

(c) The Permittee shall not dispose of nor permit anyone to dispose of any waste materials (whether liquid or solid) by means of any toilets, sanitary sewers or storm sewers.

(d) (i) The Permittee shall not employ any persons or use any labor, or use or have any equipment, or permit any condition to exist, which shall or may cause or be conducive to any labor complaints, troubles, disputes or controversies at the Airport which interfere or are likely to interfere with the operation of the Airport or any part thereof by the Port Authority or with the operations of the lessees, licensees, permittees or other users of the Airport or with the operations of the Permittee under this Permit.

(ii) The Permittee shall immediately give notice to the Port Authority (to be followed by written notice and reports) of any and all impending or existing labor complaints, troubles, disputes or controversies and the progress thereof. The Permittee shall use its best efforts to resolve any such complaints, troubles, disputes or controversies.

(iii) The Permittee acknowledges that it is familiar with the general and local conditions prevailing at the Airport and with the all pertinent matters and circumstances which may in any way affect performance of the privileges granted under this Permit.

(e) The Permittee shall not solicit business on the public areas of the Airport and the use, at any time, of hand or standard megaphones, loudspeakers or any electric, electronic or other amplifying device is hereby expressly prohibited.

(f) The Permittee shall not install any fixtures or make any alterations, additions, improvements or repairs to any property of the Port Authority except with the prior written approval of the Port Authority.

(g) No signs, posters or similar devices shall be erected, displayed or maintained at the Airport without the written approval of the General Manager of the Airport; and any not approved by such General Manager or not removed by the Permittee upon the termination, revocation, expiration or cancellation of this Permit may be removed by the Port Authority at the expense of the Permittee.

(h) The Permittee shall not operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated.

(i) The Permittee shall not use any cleaning materials having a harmful or corrosive effect on any part of the Airport.

(j) The Permittee shall not fuel or defuel any equipment in any enclosed space at the Airport without the prior approval of the General Manager of the Airport except in accordance with Port Authority rules and regulations.

(k) The Permittee shall not start or operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated and unless such engine is equipped with a proper spark-arresting device.

19. Law Compliance:

(a) The Permittee shall procure all licenses, certificates, permits or other authorization from all governmental authorities, if any, having jurisdiction over the Permittee's operations at the Airport which may be necessary for the Permittee's operations thereat.

(b) The Permittee shall pay all taxes, license, certification, permit and examination fees and excises which may be assessed, levied, exacted or imposed on its property or operations at the Airport or on the Gross Receipts or income therefrom, and shall make all applications, reports and returns required in connection therewith.

(c) The Permittee shall promptly observe, comply with and execute the provisions of any and all present and future governmental laws, rules, regulations, requirements, orders and directions which may pertain or apply to the Permittee's operations at the Airport.

(d) The Permittee's obligations to comply with governmental requirements are provided herein for the purpose of assuring proper safeguards for the protection of Persons and property at the Airport and are not to be construed as a submission by the Port Authority to the application to itself of such requirements or any of them.

(e) The Port Authority has agreed by a provision in the Basic Lease with the City covering the Airport to conform to the enactments, ordinances, resolutions and regulations of the City and of its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection, to the extent that the Port Authority finds it practicable so to do. The Permittee shall, within forty-eight (48) hours after its receipt of any notice of violation, warning notice, summons, or other legal process for the enforcement of any such enactment, ordinance, resolution or regulation, deliver the same to the Port Authority for examination and determination of the applicability of the agreement of lease provision thereto. Unless otherwise directed in writing by the Port Authority, the Permittee shall conform to such enactments, ordinances, resolutions and regulations insofar as they relate to the operations of the Permittee at the Airport. In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Permittee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Permittee of a written direction from the Port Authority, such compliance shall not constitute a breach of this Permit, although the Port Authority thereafter notifies the Permittee to refrain from such compliance. Nothing herein contained shall release or discharge the Permittee from compliance with any other provision hereof respecting governmental requirements.

20. Trademarks and Patent Infringement:

The Permittee represents that it is the owner of or fully authorized to use or sell any and all services, processes, machines, articles, marks, names or slogans used or sold by it in its operations under or in any wise connected with this Permit.

21. Inspection:

The Port Authority shall have the right at any time and as often as it may consider it necessary to inspect the Permittee's machines and other equipment, any services being rendered, any merchandise being sold or held for sale by the Permittee, and any activities or operations of the Permittee hereunder. Upon request of the Port Authority, the Permittee shall operate or

demonstrate any machines or equipment owned by or in the possession of the Permittee on the Airport or to be placed or brought on the Airport, and shall demonstrate any process or other activity being carried on by the Permittee hereunder. Upon notification by the Port Authority of any deficiency in any machine or piece of equipment, the Permittee shall immediately make good the deficiency or withdraw the machine or piece of equipment from service, and provide a satisfactory substitute.

22. Federal Aid:

(a) The Permittee shall

(i) furnish good, prompt and efficient service hereunder, adequate to meet all demands therefor at the Airport;

(ii) furnish said service on a fair, equal and non-discriminatory basis to all users thereof; and

(iii) charge fair, reasonable and non-discriminatory prices for each unit of sale or service, provided that the Permittee may make reasonable and non-discriminatory discounts, rebates or other similar types of price reductions to volume purchasers.

As used in the above subsections "service" shall include furnishing of parts, materials and supplies (including sale thereof).

(b) The Port Authority has applied for and received a grant or grants of money from the Administrator of the Federal Aviation Administration pursuant to the Airport and Airways Development Act of 1970, as the same has been amended and supplemented, and under prior federal statutes which said Act superseded and the Port Authority may in the future apply for and receive further such grants. In connection therewith the Port Authority has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees and permittees thereon. The performance by the Permittee of the promises and obligations contained in this Permit is therefore a special consideration and inducement to the issuance of this Permit by the Port Authority, and the Permittee further agrees that if the Administrator of the Federal Aviation Administration or any other governmental officer or body having jurisdiction over the enforcement of the obligations of the Port Authority in connection with Federal Airport Aid, shall make any orders, recommendations or suggestions respecting the performance by the Permittee of its obligations under this Permit, the Permittee will promptly comply therewith at the time or times, when and to the extent that the Port Authority may direct.

23. Capacity and Competition:

(a) The Permittee shall refrain from entering into continuing contracts or arrangements with any third Person for furnishing services covered hereunder when such contracts or arrangements will have the effect of utilizing to an unreasonable extent the Permittee's capacity for rendering such services. A reasonable amount of capacity shall be reserved by the Permittee for the purpose of rendering services hereunder to those who are not parties to continuing contracts with the Permittee.

(b) The Permittee shall not enter into any agreement or understanding, express or implied, binding or non-binding, with any other Person who may furnish services at the Airport similar to those furnished hereunder which will have the effect of (i) fixing rates and charges to be paid by users of the services; (ii) lessening or preventing competition between the Permittee and such other furnishers of services; or (iii) tending to create a monopoly on the Airport in connection with the furnishing of such services.

24. Business Development and Records:

(a) In connection with the exercise of the privileges granted hereunder, the Permittee shall:

(i) use its best efforts in every proper manner to develop and increase the business conducted by it hereunder;

(ii) not divert or cause or allow to be diverted, any business from the Airport;

(iii) maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of the Permittee at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify the Authorized Service and all other services performed at the Airport, and;

(iv) cause any company which is owned or controlled by the Permittee, or any company which owns or controls the Permittee, if any such company performs services similar to those performed by the Permittee (any such company being hereinafter called an "Affiliate" and all such companies being hereinafter called the "Affiliates") to maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of each Affiliate at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify each activity (including without limitation the Authorized Service) performed at the Airport;

(v) permit and/or cause to be permitted in ordinary business hours during the effective period of this Permit, for one (1) year thereafter, and during such further period as is mentioned in the preceding paragraphs (a)(iii) and (a)(iv), the examination and audit by the officers, employees and representatives of the Port Authority of all the records and books of account of the Permittee (including without limitation all corporate records and books of account which the Port Authority in its sole discretion believes may be relevant for the identification, determination or calculation of Gross Receipts all agreements, and all source documents) and all

the records and books of account of all Affiliates (including without limitation all corporate records and books of account which the Port Authority in its sole discretion believes may be relevant for the identification, determination or calculation of Gross Receipts, all agreements, and all source documents) (all of the foregoing records and books described in this paragraph (a)(v) being hereinafter collectively referred to as the "*Books and Records*") within ten (10) days following any request by the Port Authority from time to time and at any time to examine and audit any Books and Records;

(vi) permit the inspection by the officers, employees and representatives of the Port Authority of any equipment used by the Permittee, including but not limited to the equipment described in paragraph (a)(vii) below; and

(vii) install and use such cash registers, sales slips, invoicing machines and any other equipment or devices, including without limitation computerized record keeping systems, for recording orders taken, or services rendered, as may be appropriate to the Permittee's business and necessary or desirable to keep accurate records of Gross Receipts, and without limiting the generality of the foregoing, for any privilege involving cash sales, install and use cash registers or other electronic cash control equipment that provides for non-resettable totals.

(b) Without implying any limitation on the right of the Port Authority to revoke this Permit for cause for breach of any term, condition or provision thereof, including but not limited to, breach of any term, condition or provision of paragraph (a) above, the Permittee understands that the full reporting and disclosure to the Port Authority of all Gross Receipts and the Permittee's compliance with all the provisions of paragraph (a) above are of the utmost importance to the Port Authority in having entered into the percentage fee arrangement under this Permit. In the event any Books and Records are maintained outside the Port of New York District or in the event of the failure of the Permittee to comply with all the provisions of paragraphs (a)(ii) through (a)(vii) above then, in addition to all, and without limiting any other, rights and remedies of the Port Authority under this Permit or otherwise and in addition to all of the Permittee's other obligations under this Permit:

(i) the Port Authority may estimate the Gross Receipts on any basis that the Port Authority, in its sole discretion, shall deem appropriate, such estimation to be final and binding on the Permittee and the fees based thereon shall be payable to the Port Authority when billed; and/or

(ii) if any Books and Records are maintained outside of the Port of New York District, then the Port Authority in its sole discretion may (x) require on ten (10) days' notice to the Permittee that any such Books and Records be made available to the Port Authority within the Port of New York District for examination and audit pursuant to paragraph (a)(v) hereof and/or (y) examine and audit any such Books and Records pursuant to paragraph (a)(v) at the location(s) they are maintained and if such Books and Records are maintained within the contiguous United States the Permittee shall pay to the Port Authority when billed all travel costs and related expenses, as determined by the Port Authority, for Port Authority auditors and other representatives, employees and officers in connection with such examination and audit and if such Books and Records are maintained outside the contiguous United States the Permittee shall pay to the Port Authority when billed all costs and expenses of the Port Authority, as determined by the Port Authority, of such examination and audit, including but not limited to, salaries, benefits, travel costs and related expenses, overhead costs, and fees and charges of third party

auditors retained by the Port Authority for the purpose of conducting such audit and examination.

(c) In the event that upon conducting an examination and audit as described in this Section the Port Authority determines that unpaid amounts are due to the Port Authority by the Permittee (the "*Audit Findings*"), the Permittee shall be obligated, and hereby agrees, to pay to the Port Authority a service charge in the amount equal to five percent (5%) of the Audit Findings. Each such service charge shall be payable immediately upon demand (by notice, bill or otherwise) made at any time therefor by the Port Authority. Such service charge (s) shall be exclusive of, and in addition to, any and all other moneys or amounts due to the Port Authority by the Permittee under this Permit or otherwise. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid service charge shall be deemed a waiver of the right of the Port Authority of payment of any late charge(s) or other service charge(s) payable under the provisions of this Section with respect to such unpaid amount. Each such service charge shall be and become fees, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the fees to be paid. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including, without limitation, the Port Authority's rights to revoke this Permit or (ii) any obligations of the Permittee under this Permit.

(d) Without implying any limitation on the rights or remedies of the Port Authority under this Permit or otherwise including without limitation the right of the Port Authority to revoke this Permit for cause for breach of any term or provision of paragraphs (a)(iii) or (a)(iv) above and in addition thereto, in the event any of the Books and Records are not maintained in English, then this Permittee shall pay to the Port Authority when billed, all costs and expenses of the Port Authority, as determined by the Port Authority, to translate such Books and Records into English.

(e) The foregoing auditing costs, expenses and amounts of the Port Authority set forth in paragraphs (b), (c) and (d) above shall be deemed fees under this Permit payable to the Port Authority with the same force and effect as the Basic Percentage Fee and all other fees payable to the Port Authority thereunder.

## 25. Rates and Charges:

The Permittee shall establish rates and discounts therefrom which are in compliance with Section 22 hereof (each such rate and discount is hereinafter called an "*Established Rate*"). Upon request by the Port Authority, the Permittee shall provide the Port Authority its rates and discounts therefrom for goods and services furnished hereunder. If the Permittee applies any rate in excess of the Established Rate therefor or extends a discount less than the Established Discount therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an overcharge which will, upon demand of the Port Authority or the Permittee's customer, be promptly refunded to the customer. If the Permittee applies any rate which is less than the Established Rate therefor or extends a discount which is in excess of the Established Rate therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an undercharge and an amount equivalent thereto shall be included in Gross Receipts hereunder and the Basic Percentage Fee shall be payable in respect thereto. Notwithstanding any repayment of overcharges to a customer by the Permittee or any inclusion of undercharges in Gross Receipts any such overcharge or undercharge shall constitute

a breach of the Permittee's obligations hereunder and the Port Authority shall have all remedies consequent upon such breach which would otherwise be available to it at law, in equity or by reason of this Permit.

26. Other Agreements:

In the event the terms and provisions of any agreement entered into by the Permittee with any third Person in connection with the privileges granted hereunder are contrary to or conflict or are inconsistent with the terms and provisions of this Permit, the terms and provisions of this Permit shall be controlling, effective and determinative.

27. Waiver of Trial by Jury:

The Permittee hereby waives its right to trial by jury in any action that may hereafter be instituted by the Port Authority against the Permittee in respect of the permission granted under this Permit and/or in any action that may be brought by the Port Authority to recover fees, damages, or other sums due and owing under this Permit. The Permittee specifically agrees that it shall not interpose any claims as counterclaims in any action for non-payment of fees or other amounts which may be brought by the Port Authority unless such claims would be deemed waived if not so interposed.

28. Continued Exercise of Privilege After Expiration, Revocation or Termination:

(a) Without in any way limiting the provisions hereof, unless otherwise notified by the Port Authority in writing, in the event the Permittee shall continue to perform the Authorized Service for any period (a "Post-Termination Period") following the expiration, revocation or termination of the effective period of the permission granted under this Permit, as such effective period of permission may be extended from time to time, the Permittee shall pay to the Port Authority, for any Post-Termination Period a fee equal to twice the Basic Percentage Fee.

(b) The foregoing shall not be deemed to give the Permittee any right to continue to perform the Authorized Service at the Airport after the expiration, revocation or termination of the effective period of the permission granted under this Permit. In addition, the Permittee acknowledges that the failure of the Permittee to cease to perform the Authorized Service at the Airport from the effective date of such expiration, revocation or termination will or may cause the Port Authority injury, damage or loss, and the Permittee hereby assumes the risk of such injury, damage or loss and hereby agrees that it shall be responsible for the same and shall pay the Port Authority for the same whether such are foreseen or unforeseen, special, direct, consequential or otherwise and the Permittee hereby expressly agrees to indemnify and hold the Port Authority harmless against any such injury, damage or loss. The Permittee acknowledges that the Port Authority reserves all its legal and equitable rights and remedies in the event of such failure by the Permittee to cease performance of the Authorized Service.

(c) The Permittee hereby acknowledges and agrees that, subject to the foregoing, all terms and provisions of this Permit shall be and continue in full force and effect during any Post-Termination Period.

29. Miscellaneous:

(a) It is understood and agreed that the Port Authority shall not furnish, sell or supply to the Permittee any services or utilities in connection with this Permit.

(b) No Commissioner, officer, agent or employee of the Port Authority shall be charged personally by the Permittee with any liability, or held liable to it, under any term or provision of this Permit, or because of its execution or attempted execution, or because of any breach thereof.

(c) The Section and paragraph headings, if any, in this Permit are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope or intent of any provision hereof.

(d) This Permit, including the attached Special Endorsements, constitutes the entire agreement of the Port Authority and the Permittee on the subject matter hereof. This Permit may not be changed, modified, discharged or extended, except by written instrument duly executed on behalf of the Port Authority and the Permittee or except by notice as specifically set forth in Sections 4 and 13 hereof. The Permittee agrees that no representations or warranties shall be binding upon the Port Authority unless expressed in writing herein.

Unless sooner revoked or terminated, such permission shall expire in any event upon the expiration date hereinbefore set forth.

(c) In the event the Port Authority exercises its right to revoke this Permit for any reason other than "without cause", the Permittee shall be obligated to pay to the Port Authority an amount equal to all costs and expenses reasonably incurred by the Port Authority in connection with such revocation, including without limitation any and all personnel and legal costs (including but not limited to the cost to the Port Authority of in-house legal services) and disbursements incurred by it arising out of, relating to, or in connection with the enforcement or revocation of this Permit including, without limitation, legal proceedings initiated by the Port Authority to exercise its revocation rights and to collect all amounts due and owing to the Port Authority under this Permit.

The exercise by the Port Authority of its right of suspension shall not waive or affect or be deemed to waive or affect the right of revocation.

(iii) Prior to the exercise of the right of suspension by the Port Authority, it shall give the Permittee notice thereof, which notice may be oral. The Permittee shall not perform its operations authorized by this Permit during the period of the suspension. The period of suspension shall end not more than twenty-four (24) hours after the cause thereof has ceased or been cured and the Permittee shall notify the Port Authority of such cessation or cure.

(f) No revocation or termination of the permission hereunder shall relieve the Permittee of any liabilities or obligations hereunder which shall have accrued on or prior to the effective date of revocation or termination.

(iv) if the Permittee is an individual, by the Permittee acting only personally or through the medium of its employees, and

(c) Neither this Permit nor anything contained herein, shall be deemed to grant any rights in the Permittee to use and occupy any land, building space or other area at the Airport or shall be deemed to have created any obligation on the part of the Port Authority to provide any such land, space or area to the Permittee.

(d) Neither the execution and delivery of this Permit nor any act done pursuant thereto shall create between any terminal operator, lessee or other occupant of land at the Airport including but not limited to the Permittee, on one hand, and the Port Authority on the other hand the relationship of bailor and bailee, or any other relationship or any legal status which would impose upon the Port Authority with respect to any personal property, such as but not limited to, aircraft cargo or baggage, owned and/or handled by the Permittee any duty or obligation whatsoever. The Permittee expressly agrees that the Port Authority shall have no liability with respect to any aircraft cargo or baggage or any other property of the Permittee or of any other Person left anywhere on the Airport.

(e) This Permit does not constitute the Permittee the agent or representative of the Port Authority for any purpose whatsoever.

(f) Nothing contained in this Permit shall constitute permission to the Permittee to park or store equipment or personal property at any location or area at the Airport.

(g) The Permittee shall have no right hereunder to carry on any business or operation at the Airport other than that specifically provided herein. Without limiting the generality of the foregoing and notwithstanding anything else in this Permit to the contrary, the Permittee is expressly prohibited hereunder from performing ground transportation, fueling of aircraft and the selling and delivery of in-flight meals.

(h) It is understood that any and all privileges granted hereunder to the Permittee are non-exclusive and shall not be construed to prevent or limit the granting of similar privileges at the Airport to another or others, whether by this form of permit or otherwise, and neither the granting to others of rights and privileges granted hereunder nor the existence of agreements by which similar rights and privileges have been previously granted to others shall constitute a violation or breach of the permission herein granted.

(i) The Permittee, its employees, invitees and others doing business with it shall have no right hereunder to park vehicles within the Airport.

(j) The words "permission" and "privilege" are used interchangeably in this Permit, and except where expressly provided to the contrary, shall mean the privileges granted by this Permit.

Each of the said statements shall also show the cumulative Gross Receipts from the Effective Date (or the most recent anniversary thereof) through the last day of the preceding month. At the same time each of the said statements is rendered to the Port Authority, the Permittee shall pay to the Port Authority an amount equal to five percent (5%) applied to the Gross Receipts for the preceding calendar month. In addition to the foregoing, on the twentieth (20th) day of the first month following each anniversary of the Effective Date the Permittee shall submit to the Port Authority a statement setting forth the cumulative totals of the Gross Receipts for the entire preceding twelve (12) month period certified, at the Permittee's expense, by a certified public accountant. Notwithstanding the foregoing, any fee established must be agreed to by the Permittee and the Port Authority and must be reflected in a supplement to this Permit to be prepared by the Port Authority and executed by the parties hereto.

(ii) which arise solely from the use of equipment rented by the Permittee from a third party which monies are separately stated to and paid by the customer, limited, however, to the amounts actually paid by the Permittee to the third party for such rental of equipment; and

(iii) which arise solely from the loan or rental by the Permittee of aircraft parts, whether or not owned by the Permittee, which monies are separately stated to and paid by a customer and where said loan or rental of any such aircraft part is for a period of less than twelve (12) consecutive calendar days, it being understood that such monies paid or payable to the Permittee for the loan or rental may include monies for labor provided by the Permittee for installation, refurbishment of returned parts or administrative handling which is directly related to said loan or rental provided, however, all monies paid or payable to the Permittee which arise solely from the loan or rental by the Permittee of aircraft parts, whether or not owned by the Permittee, for twelve (12) or more consecutive calendar days (including but not limited to monies for labor provided by the Permittee for installation, refurbishment of returned parts or administrative handling which is directly related to said lease or rental) shall be included in Gross Receipts from the first day of the loan or rental period, as the case may be.

(e) If and to the extent the full fair market value of any sale, service or other item provided by the Permittee is not charged to or payable by the customer, then the fair market value thereof as determined by the Port Authority shall be included in Gross Receipts.

(f) Without limiting any other provisions of this Permit regarding Gross Receipts, in those instances where the Permittee provides any services or goods along with other services and goods to the same Person (including without limitation those instances where a service is part of or is included within a group of other services and rendered for a single price, and where a service is performed by the Permittee pursuant to agreement for the exchange of services or goods) the Permittee agrees that the value ascribed to the performance of such service by the Permittee shall be the fair and reasonable value thereof as determined by the Port Authority.

(g) Without limiting the requirement for Port Authority approval, if the Permittee conducts any privilege or any portion thereof through the use of a contractor or other third party which is not a Port Authority permittee and where the payments for any of the foregoing are made to such contractor rather than to the Permittee, said payments shall be deemed amounts, monies, revenues, receipts and income paid or payable to the Permittee for purposes of determining the Permittee's Gross Receipts, provided, however, that the foregoing shall not grant or be deemed to grant any right or permission to the Permittee to use an independent contractor or other third party to perform any privilege or portion thereof or the doing of anything hereunder by an independent contractor or other third party.

(h) Notwithstanding that the fee hereunder is measured by a percentage of Gross Receipts, no joint venture or partnership relationship between the parties hereto is created by this Permit.

(i) To the extent that the Permittee has not already done so at the time of execution of this Permit and without limiting the generality of any other term or provision hereof, the Permittee agrees to submit monthly statements of Gross Receipts as provided in this Section and to pay, at the time of execution and delivery of this Permit to the Port Authority, all fees and other amounts due under this Permit for the period from the Effective Date to the time of execution and delivery of this Permit by the Permittee.

(j) Without limiting any other provision of this Permit, it is hereby specifically understood that the failure to set forth all the classes of Persons, all of the locations served or all of the types of services or activities performed by the Permittee in its exercise of the privileges granted hereunder as of the Effective Date, or the failure to, by appropriate supplement, revise this Permit to reflect any additional classes of Persons, locations served, or services or activities performed by the Permittee subsequent to said Effective Date, shall not affect the inclusion in Gross Receipts hereunder of the amounts, monies, revenues, receipts and income received or receivable by the Permittee in its operations, and the same shall be so included. The foregoing shall not constitute Port Authority consent or be deemed to imply that the necessary Port Authority consent (to be reflected in a supplement to the Permit) with respect to such additional classes of Persons, locations, services or activities will be given.

(k) The Basic Percentage Fee and any other fees payable under this Permit shall be subject to increase from time to time upon thirty (30) days' notice from the Port Authority to the Permittee, given by the General Manager of the Airport or such other representative as the Port Authority may substitute from time to time by notice to the Permittee, and upon the effective date of the increase set forth in such notice the fees payable by the Permittee under this Permit shall be as set forth in said notice. In the event within ten (10) days after the Permittee receives such notice from the Port Authority, the Permittee notifies the Port Authority that the Permittee does not wish to pay the increased fees, this Permit and the permission granted hereunder shall

be, and shall be deemed to be, cancelled effective at the close of business on the day preceding the effective date of the increase, as set forth in the Port Authority's notice to the Permittee. If the Permittee does not so notify the Port Authority, the increased fees shall become effective on the date set forth in the Port Authority's notice as aforesaid. No cancellation of this Permit and the permission granted thereunder pursuant to this paragraph (k) shall be construed to relieve the Permittee of any obligations or liabilities hereunder which shall have accrued on or before the effective date of such cancellation.

(l) Without limiting any term or provision of this Permit, in the event the Permittee performs (x) any service, other than the Authorized Service at the Airport, or (y) any service (including the Authorized Service) at any other Port Authority facility, whether such performance is the subject of a written agreement by and between the Port Authority and the Permittee, the Permittee hereby agrees that it will pay to the Port Authority any and all fees and/or charges applicable to such service. The Permittee also agrees that, at the request of the Port Authority, it will enter into the appropriate agreement with the Port Authority providing permission for the Permittee to perform such service.

#### 5. Security Deposit:

(a) (i) Provided that an amount is set forth in Item 8 on the first page of this Permit (the "*Required Security Deposit*"), and, provided, further, the amount of said Required Security Deposit is less than \$20,000.00, upon the execution of this Permit by the Permittee and delivery thereof to the Port Authority, the Permittee shall deposit with the Port Authority (and shall keep deposited throughout the effective period of the permission under this Permit) the Required Security Deposit, either in cash, or bonds of the United States of America, or of the State of New Jersey, or of the State of New York, or of the Port Authority of New York and New Jersey, having a market value of that amount, as security for the full, faithful and prompt performance of and compliance with, on the part of the Permittee, all of the terms, provisions, covenants and conditions of this Permit on its part to be fulfilled, kept, performed or observed. Bonds qualifying for deposit hereunder shall be in bearer form but if bonds of that issue were offered only in registered form, then the Permittee may deposit such bonds or bonds in registered form, provided, however, that the Port Authority shall be under no obligation to accept such deposit of a bond in registered form unless such bond has been re-registered in the name of the Port Authority (the expense of such re-registration to be borne by the Permittee) in a manner satisfactory to the Port Authority. The Permittee may request the Port Authority to accept a registered bond in the Permittee's name and if acceptable to the Port Authority the Permittee shall deposit such bond together with an irrevocable bond power (and such other instruments or other documents as the Port Authority may require) in form and substance satisfactory to the Port Authority. In the event the Required Security Deposit is returned to the Permittee, any expenses incurred by the Port Authority in re-registering a bond to the name of the Permittee shall be borne by the Permittee. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice, to use the Required Security Deposit, or any part thereof, in whole or partial satisfaction of any of its claims or demands against the Permittee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of the Required Security Deposit itself shall cure any default or breach of this Permit on the part of the Permittee. With respect to any bonds deposited by the Permittee, the Port Authority shall have the right, in order to satisfy any of its claims or demands against the Permittee, to sell the same in whole or in part, at any time, and from time to time, with or without prior notice at public or private sale, all as determined by the Port Authority, together with the right to purchase the same

at such sale free of all claims, equities or rights of redemption of the Permittee. The Permittee hereby waives all right to participate therein and all right to prior notice or demand of the amount or amounts of the claims or demands of the Port Authority against the Permittee. The proceeds of every such sale shall be applied by the Port Authority first to the costs and expenses of the sale (including but not limited to advertising or commission expenses) and then to the amounts due the Port Authority from the Permittee. Any balance remaining shall be retained in cash toward bringing the Required Security Deposit to the sum specified in Item 8 on the first page of this Permit. In the event that the Port Authority shall at any time or times so use the Required Security Deposit, or any part thereof, or if bonds shall have been deposited and the market value thereof shall have declined below the amount set forth in Item 8 on the first page of this Permit, the Permittee shall, on demand of the Port Authority and within two (2) days thereafter, deposit with the Port Authority additional cash or bonds so as to maintain the Required Security Deposit at all times to the full amount above stated in Item 8 on the first page of this Permit, and such additional deposits shall be subject to all the conditions of this Section. After the expiration or earlier revocation or termination of the effective period of the permission under this Permit, and upon condition that the Permittee shall then be in no wise in default under any part of this Permit, and upon written request therefor by the Permittee, the Port Authority will return the Required Security Deposit to the Permittee less the amount of any and all unpaid claims and demands (including estimated damages) of the Port Authority by reason of any default or breach by the Permittee of this Permit or any part thereof. The Permittee agrees that it will not assign or encumber the Required Security Deposit. The Permittee may collect or receive any interest or income earned on bonds and interest paid on cash deposited in interest-bearing bank accounts, less any part thereof or amount which the Port Authority is or may hereafter be entitled or authorized by law to retain or to charge in connection therewith, whether as or in lieu of an administrative expense, or custodial charge, or otherwise; provided, however, that the Port Authority shall not be obligated by this provision to place or to keep cash deposited hereunder in interest-bearing bank accounts.

(ii) *In lieu of the Required Security Deposit made in the form described above in paragraph (a)(i), the Permittee may at any time during the effective period of the permission granted under this Permit offer to deliver to the Port Authority, as security for all obligations of the Permittee under this Permit, a clean irrevocable letter of credit issued by a banking institution satisfactory to the Port Authority and having its main office within the Port of New York District, in favor of the Port Authority in the amount of the Required Security Deposit. The form and terms of such letter of credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Such letter of credit shall provide that it shall continue throughout the effective period of the permission granted under this Permit and for a period of not less than six (6) months thereafter; such continuance may be by provision for automatic renewal or by substitution of a subsequent satisfactory letter. Upon notice of cancellation of a letter of credit, the Permittee agrees that unless, by a date twenty (20) days prior to the effective date of cancellation, the letter of credit is replaced by security in accordance with paragraph (a)(i) of this Section or another letter of credit satisfactory to the Port Authority, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security under paragraph (a)(i) of this Section. Failure to provide such a letter of credit at any time during the effective period of the permission granted under this Permit, valid and available to the Port Authority, including any failure of any banking institution issuing any such letter of credit previously accepted by the Port Authority to make one or more payments as may be provided in such letter of credit, shall be deemed to be a breach of this Permit on the part of the Permittee. Upon acceptance of such letter of credit by the Port Authority, and upon request by the Permittee made thereafter, the Port Authority will return the*

Required Security Deposit, if any, theretofore made under and in accordance with the provisions of paragraph (a)(i) of this Section. The Permittee shall have the same rights to receive such Required Security Deposit during the existence of a valid letter of credit as it would have to receive such sum upon expiration of the effective period of the permission granted under this Permit and fulfillment of the obligations of the Permittee hereunder. If the Port Authority shall make any drawing under a letter of credit held by the Port Authority hereunder, the Permittee on demand of the Port Authority and within two (2) days thereafter, shall bring the letter of credit back up to its full amount.

(b) Provided that a Required Security Deposit amount is set forth in Item 8 on the first page of this Permit, and, provided, further, the amount of said Required Security Deposit is equal to or greater than \$20,000.00, upon the execution of this Permit by the Permittee and delivery thereof to the Port Authority, the Permittee shall deliver to the Port Authority, as security for the full, faithful and prompt performance of and compliance with, on the part of the Permittee, all of the terms, provisions, covenants and conditions of the Permit on its part to be fulfilled, kept, performed or observed, a clean irrevocable letter of credit issued by a banking institution satisfactory to the Port Authority and having its main office within the Port of New York District and acceptable to the Port Authority, in favor of the Port Authority, and payable in the Port of New York District in the amount of the Required Security Deposit. The form and terms of such letter of credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Such letter of credit shall provide that it shall continue throughout the effective period of the permission granted under this Permit and for a period of not less than six (6) months thereafter; such continuance may be by provision for automatic renewal or by substitution of a subsequent clean and irrevocable satisfactory letter of credit. If requested by the Port Authority, said letter of credit shall be accompanied by a letter explaining the opinion of counsel for the banking institution that the issuance of said clean, irrevocable letter of credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law. Upon notice of cancellation of a letter of credit, the Permittee agrees that unless the letter of credit is replaced by another letter of credit satisfactory to the Port Authority by a date not later than twenty (20) days prior to the effective date of cancellation, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security. Failure to provide such a letter of credit at any time during the effective period of the permission granted under this Permit valid and available to the Port Authority, including any failure of any banking institution issuing any such letter of credit previously accepted by the Port Authority to make one or more payments as may be provided in such letter of credit, shall be deemed to be a breach of this Permit on the part of the Permittee. If the Port Authority shall make any drawing under a letter of credit held by the Port Authority hereunder, the Permittee, upon demand by the Port Authority and within two (2) days thereafter, shall bring the letter of credit back up to the amount of the Required Security Deposit. No action by the Port Authority pursuant to the terms of any letter of credit, or any receipt by the Port Authority of funds from any bank issuing such letter of credit, shall be or be deemed to be a waiver of any default by the Permittee under the terms of this Permit, and all remedies under this Permit and of the Port Authority consequent upon such default shall not be affected by the existence of a recourse to any such letter of credit.

(c) The Permittee acknowledges and agrees that the Port Authority reserves the right, in its sole discretion at any time and from time to time upon fifteen (15) days' notice to the Permittee, to adjust the amount of the Required Security Deposit. Not later than the effective date set forth in said notice by the Port Authority, the Permittee shall furnish additional cash or bonds, as provided for in paragraph (a) above, or an amendment to, or a replacement of, the letter

of credit providing for such adjusted amount of the Required Security Deposit, as the case may be, and such additional cash and/or bonds or adjusted (or replaced) letter of credit shall thereafter constitute the Required Security Deposit required under this Section.

(d) If the Permittee is obligated by any other agreement to maintain a security deposit with the Port Authority to insure payment and performance by the Permittee of all fees, rentals, charges and obligations which may become due and owing to the Port Authority arising from the Permittee's operations at the Airport pursuant to any such other agreement or otherwise, then all such obligations under such other agreement and any deposit pursuant thereto also shall be deemed obligations of the Permittee under this Permit and as security hereunder as well as under any such other agreement and all provisions of such other agreement with respect to such obligations and any obligations thereunder of the Port Authority as to the security deposit are hereby incorporated herein by this reference as though fully set forth herein and hereby made a part hereof. The termination, revocation, cancellation or expiration of any other agreement to which such security shall apply or any permitted assignment of such other agreement shall not affect such obligations as to such security which shall continue in full force and effect hereunder.

6. Permittee's Operations:

(a) The Permittee shall provide to the Port Authority, upon request of the Port Authority from time to time, such information and data in connection with the permission granted hereunder as the Port Authority may request and shall, if so requested by the Port Authority, make periodic reports thereof to the Port Authority utilizing such forms as may be adopted by the Port Authority for such purpose.

(b) The Permittee shall daily remove from the Airport by means of facilities provided by it all garbage, debris and other waste material (whether solid or liquid) arising out of or in connection with the permission granted hereunder, and any such not immediately removed shall be temporarily stored in a clean and sanitary condition, in suitable garbage and waste receptacles, the same to be made of metal and equipped with tight-fitting covers, and to be of a design safely and properly to contain whatever material may be placed therein; said receptacles being provided and maintained by the Permittee. The receptacles shall be kept covered except when filling or emptying the same. The Permittee shall exercise extreme care in removing such garbage, debris and other waste materials from the Airport. The manner of such storage and removal shall be subject in all respects to the continual approval of the Port Authority. No facilities of the Port Authority shall be used for such removal unless with its prior consent in writing. No such garbage, debris or other waste materials shall be or be permitted to be thrown, discharged or disposed into or upon the waters at or bounding the Airport.

(c) The Permittee shall at all times that areas of the Airport are being used for the privileges permitted hereunder, maintain said areas in a clean and orderly condition and appearance. The Permittee shall promptly wipe up any oil, gasoline, grease, lubricants and other inflammable liquids and substances and any liquids and substances having a corrosive or detrimental effect on the paving or other surface of the ramps or other areas upon which it performs the privileges authorized by this Permit resulting from its operations hereunder. The Permittee shall repair, replace, repave or rebuild, or at the Port Authority's election, the Permittee shall pay to the Port Authority the cost to the Port Authority of repairing, replacing, repaving or rebuilding, all or any part of the ramps or other areas upon which it performs the privileges authorized by this Permit which may be damaged or destroyed by such oil, gasoline,

grease, lubricants or other liquids or substances or by any other act or omission of the Permittee or its employees, except for reasonable wear and tear arising out of its operations thereon.

(d) A principal purpose of the Port Authority in granting the permission under this Permit is to have available at the Airport, the privileges which the Permittee is permitted to render hereunder. The Permittee agrees that it will conduct a first-class operation and will furnish all fixtures, equipment, personnel (including licensed personnel as necessary), supplies, materials and other facilities and replacements necessary or proper therefor, and keep the same in a first-class operating condition at all times.

(e) The Permittee shall immediately comply with all orders, directives and procedures as may be issued by the General Manager of the Airport covering the operations of the Permittee under this Permit at any time and from time to time. The Port Authority may, at any time and from time to time, without prior notice or cause, withdraw or modify any designation, approval, substitution or redesignation given by it hereunder.

(f) In the event of any injury or death to any person (other than employees of the Permittee) at the Airport when caused by the Permittee's operations, or damage to any property (other than the Permittee's property) at the Airport when caused by the Permittee's operations, the Permittee shall immediately notify the Port Authority and promptly thereafter furnish to the Port Authority copies of all reports given to the Permittee's insurance carrier.

(g) The operations of the Permittee, its employees, invitees and those doing business with it shall be conducted in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport. The Permittee shall provide and its employees shall wear or carry badges or other suitable means of identification and the employees shall wear appropriate uniforms. The badges, means of identification and uniforms shall be subject to the written approval of the General Manager of the Airport. The Port Authority shall have the right to object to the Permittee as to the demeanor, conduct and appearance of the Permittee's employees, invitees and those doing business with it, whereupon the Permittee will take all steps necessary to remove the cause of the objection.

(h) The Permittee shall promptly repair or replace any property of the Port Authority damaged by the Permittee's operations at the Airport.

#### 7. Indemnity:

(a) The Permittee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees and representatives, from and against (and shall reimburse the Port Authority for the Port Authority's costs and expenses including legal costs and expenses incurred in connection with the defense of) all claims and demands of third Persons including but not limited to claims and demands for death or personal injuries, or for property damages, arising out of any default of the Permittee in performing or observing any term or provision of this Permit, or out of the operations of the Permittee hereunder, or out of any of the acts or omissions of the Permittee, its officers, employees or Persons who are doing business with the Permittee arising out of or in connection with the activities permitted hereunder, or arising out of the acts or omissions of the Permittee, its officers or employees at the Airport, including claims and demands of the City against the Port Authority for indemnification arising by operation of law or through agreement of the Port Authority with the said City.

(b) Without limiting any other term or provision hereof, the Permittee agrees to indemnify and hold harmless the Port Authority, its Commissioners, officers, employees, agents and representatives of and from any loss, liability, expense, suit or claim for damages in connection with any actual or alleged infringement of any patent, trademark or copyright, or arising from any alleged or actual unfair competition or other similar claim arising out of the operations of the Permittee under or in any wise connected with this Permit.

(c) Without limiting any other term or provision hereof, the Permittee shall indemnify the Port Authority and hold it harmless against all claims and demands of third Persons for damage to any aircraft cargo or baggage or any other property handled or delivered pursuant to the permission granted by this Permit.

(d) If so directed, the Permittee shall at its own expense defend any suit based upon any such claim or demand set forth in paragraphs (a), (b) and (c) above (even if such claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

8. Liability Insurance:

(a) The Permittee, in its own name as insured and including the Port Authority as an additional insured, shall maintain and pay the premiums during the effective period of the Permit on a policy or policies of Commercial General Liability Insurance, including premises-operations and products-completed operations and covering bodily-injury liability, including death, and property damage liability, none of the foregoing to contain care, custody or control exclusions, and providing for coverage in the minimum limit set forth in Item 9 on the first page of this Permit, and Commercial Automobile Liability Insurance covering owned, non-owned and hired vehicles and including automatic coverage for newly acquired vehicles and providing for coverage in the minimum limit set forth in Item 9 on the first page of this Permit. Without limiting the foregoing, the Permittee shall maintain Workers' Compensation and Employers Liability Insurance in accordance with the Permittee's statutory obligations under the applicable State Workers' Compensation Law for those employees of the Permittee employed in operations conducted pursuant to this Permit at or from the Airport. In the event the Permittee maintains the foregoing insurance in limits greater than aforesaid, the Port Authority shall be included therein as an additional insured, except for the Workers' Compensation and Employers Liability Insurance policies, to the full extent of all such insurance in accordance with all terms and provisions of this Permit.

(b) Each policy of insurance, except for the Workers' Compensation and Employers Liability Insurance policies, shall also contain an ISO standard "separation of insureds" clause or a cross liability endorsement providing that the protections afforded the Permittee thereunder with respect to any claim or action against the Permittee by a third person shall pertain and apply with like effect with respect to any claim or action against the Permittee by the Port Authority and any claim or action against the Port Authority by the Permittee, as if the Port Authority were the named insured thereunder, but such clause or endorsement shall not limit, vary, change or affect the protections afforded the Port Authority thereunder as an additional insured. Each policy of insurance shall also provide or contain a contractual liability endorsement covering the

obligations assumed by the Permittee under Section 7 of the Terms and Conditions of this Permit.

(c) All insurance coverages and policies required under this Section may be reviewed by the Port Authority for adequacy of terms, conditions and limits of coverage at any time and from time to time during the effective period of permission granted under this Permit. The Port Authority may, at any such time, require additions, deletions, amendments or modifications to the aforementioned insurance requirements, or may require such other and additional insurance, in such reasonable amounts, against such other insurable hazards, as the Port Authority may deem required and the Permittee shall promptly comply therewith.

(d) Each policy shall contain a provision or endorsement that the policy may not be cancelled, terminated, changed or modified without giving thirty (30) days' written advance notice thereof to the Port Authority. Each policy shall contain a provision or endorsement that the insurer "shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority." The foregoing provisions or endorsements shall be recited in each policy or certificate to be delivered pursuant to the following paragraph (e).

(e) A certified copy of each policy or a certificate or certificates of insurance evidencing the existence thereof, or binders, shall be delivered to the Port Authority upon execution and delivery of this Permit by the Permittee to the Port Authority. In the event any binder is delivered it shall be replaced within thirty (30) days by a certified copy of the policy or a certificate of insurance. Any renewal policy shall be evidenced by a renewal certificate of insurance delivered to the Port Authority at least seven (7) days prior to the expiration of each expiring policy, except for any policy expiring after the date of expiration of this Permit. The aforesaid insurance shall be written by a company or companies approved by the Port Authority. If at any time any insurance policy shall be or become unsatisfactory to the Port Authority as to form or substance or if any of the carriers issuing such policy shall be or become unsatisfactory to the Port Authority, the Permittee shall promptly obtain a new and satisfactory policy in replacement. If the Port Authority at any time so requests, a certified copy of each policy shall be delivered to or made available for inspection by the Port Authority.

(f) The foregoing insurance requirements shall not in any way be construed as a limitation on the nature or extent of the contractual obligations assumed by the Permittee under this Permit. The foregoing insurance requirements shall not constitute a representation or warranty as to the adequacy of the required coverage to protect the Permittee with respect to the obligations imposed on the Permittee by this Permit or any other agreement or by law.

9. Special Endorsements:

The Permittee hereby agrees to the terms and conditions of the endorsements attached hereto, hereby made a part hereof and marked "*Special Endorsements*". The terms and provisions of the Special Endorsements shall have the same force and effect and as if herein set forth in full.

10. No Waiver:

No failure by the Port Authority to insist upon the strict performance of any agreement, term or condition of this Permit or to exercise any right or remedy consequent upon a breach or default thereof, and no extension, supplement or amendment of this Permit during or after a breach thereof, unless expressly stated to be a waiver, and no acceptance by the Port Authority of fees, charges or other payments in whole or in part after or during the continuance of any such breach or default, shall constitute a waiver of any such breach or default of such agreement, term or condition. No agreement, term or condition of this Permit to be performed or complied with by the Permittee, and no breach or default thereof, shall be waived, altered or modified except by a written instrument executed by the Port Authority. No waiver by the Port Authority of any default or breach on the part of the Permittee in performance of any agreement, term or condition of this Permit shall affect or alter this Permit but each and every agreement, term and condition thereof shall continue in full force and effect with respect to any other then existing or subsequent breach or default thereof.

11. Removal of Property:

The personal property placed or installed by the Permittee at the Airport shall remain the property of the Permittee and must be removed on or before the expiration, revocation, cancellation or termination of the permission hereby granted, whichever shall be earlier. Without limiting the terms and provisions of paragraph (g) of Section 18 hereof, any such property remaining at the Airport after the effective date of such expiration, revocation, cancellation or termination shall be deemed abandoned by the Permittee and may be removed and disposed of by the Port Authority in any manner it so determines in its sole discretion and all the proceeds of any removal or disposition shall be retained by the Port Authority for its account and all costs and expenses of such removal and disposition shall be paid to the Port Authority by the Permittee when billed.

12. Permittee's Representative:

The Permittee's representative specified in Item 3 on the first page of this Permit (or such substitute as the Permittee may hereafter designate in writing) shall have full authority to act for the Permittee in connection with this Permit, and any act or thing done or to be done hereunder, and to execute on the Permittee's behalf any amendments or supplements to this Permit or any extension thereof, and to give and receive notices hereunder.

13. Notices:

Except where expressly required or permitted herein to be oral, all notices, directions, requests, consents and approvals required to be given to or by either party shall be in writing, and all such notices given by the Port Authority to the Permittee shall be validly given if sent by registered or certified mail addressed to the Permittee at the address specified on the first page hereof or at the latest address that the Permittee may substitute therefor by notice to the Port Authority, or left at such address, or delivered to the Permittee's representative. Any notice from the Permittee to the Port Authority shall be validly given if sent by registered or certified mail addressed to the Executive Director of the Port Authority at 225 Park Avenue South, New York, New York 10003 or at such other address as the Port Authority shall hereafter designate by notice to the Permittee. If mailed, the notices herein required to be given shall be deemed effective and given as of the date of the certified or registered mailing thereof.

14. Late Charges:

If the Permittee should fail to pay any amount required under this Permit when due to the Port Authority including without limitation any payment of any fixed or percentage fee or any payment of utility or other charges, or if any such amount is found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight-tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four (24) late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (15) (but not less than thirteen (13)) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Permit. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority to payment of any late charge or late charges payable under the provisions of this Section with respect to such unpaid amount. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including without limitation the Port Authority's rights set forth in Section 2 of these Terms and Conditions, or (ii) any obligations of the Permittee under this Permit. In the event that any late charge imposed pursuant to this Section shall exceed a legal maximum applicable to such late charge, then, in such event, each such late charge payable under this Permit shall be payable instead at such legal maximum.

15. Non-discrimination:

(a) Without limiting the generality of any of the provisions of this Permit, the Permittee, for itself, its successors in interest and assigns, as a part of the consideration hereof, does hereby agree that (1) no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or be otherwise subject to discrimination in the use of any space at the Airport and the exercise of any privileges under this Permit, (2) that in the construction of any improvements on, over, or under any space at the Airport and the furnishing of any service thereon by the Permittee, no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or otherwise be subject to discrimination, (3) that the Permittee shall use any space at the Airport and exercise any privileges under this Permit in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the Permittee's operations thereat, whether by reason of agreement between the Port Authority and the United States Government or otherwise.

(b) The Permittee shall include the provisions of paragraph (a) of this Section in every agreement or concession it may make pursuant to which any Person or Persons, other than

the Permittee, operates any facility at the Airport providing services to the public and shall also include therein a provision granting the Port Authority a right to take such action as the United States may direct to enforce such provisions.

(c) The Permittee's noncompliance with the provisions of this Section shall constitute a material breach of this Permit. Without limiting any other term or provision hereof or any other rights or remedies of the Port Authority hereunder or at law or equity, in the event of the breach by the Permittee of any of the above non-discrimination provisions, the Port Authority may take any appropriate action to enforce compliance or by giving twenty-four (24) hours' notice, may revoke this Permit and the permission hereunder; or may pursue such other remedies as may be provided by law; and as to any or all of the foregoing, the Port Authority may take such action as the United States may direct.

(d) Without limiting any other term or provision hereof, the Permittee shall indemnify and hold harmless the Port Authority from any claims and demands of third Persons, including the United States of America, resulting from the Permittee's noncompliance with any of the provisions of this Section and the Permittee shall reimburse the Port Authority for any loss or expense incurred by reason of such noncompliance.

(e) Nothing contained in this Section shall grant or shall be deemed to grant to the Permittee the right to transfer or assign this Permit, to make any agreement or concession of the type mentioned in paragraph (b) hereof, or any right to perform any construction on any space at the Airport, or any right to use or occupy any space at the Airport.

16. Affirmative Action:

The Permittee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Permittee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Permittee assures that it will require that its covered suborganizations provide assurances to the Permittee that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

17. Rules and Regulations:

(a) The Permittee shall observe and obey (and compel its officers, employees, guests, invitees, and those doing business with it, to observe and obey) the rules and regulations and procedures of the Port Authority now in effect, and such further reasonable rules and regulations and procedures which may from time to time during the effective period of this Permit, be promulgated by the Port Authority for reasons of safety, health, preservation of property or maintenance of a good and orderly appearance of the Airport or for the safe and efficient operation of the Airport. The Port Authority agrees that, except in cases of emergency, it shall give notice to the Permittee of every rule and regulation hereafter adopted by it at least five (5) days before the Permittee shall be required to comply therewith.

(b) The Permittee shall promptly observe, comply with and execute the provisions of any and all present and future rules and regulations, requirements, orders and directions of the

Fire Rating Organization of the State of New Jersey and the National Board of Fire Underwriters, and any other body or organization exercising similar functions which may pertain or apply to the Permittee's operations hereunder. If by reason of the Permittee's failure to comply with the provisions of this Section, any fire insurance, extended coverage or rental insurance rate on the Airport or any part thereof, or upon the contents of any building thereon, shall at any time be higher than it otherwise would be, then the Permittee shall on demand pay the Port Authority that part of all fire insurance premiums paid or payable by the Port Authority which shall have been charged because of such violation by the Permittee.

18. Prohibited Acts

- (a) The Permittee shall not do or permit to be done any act which
- (i) will invalidate or be in conflict with any fire insurance policies covering the Airport or any part thereof or upon the contents of any building thereon, or
  - (ii) will increase the rate of any fire insurance, extended coverage or rental insurance on the Airport or any part thereof or upon the contents of any building thereon, or
  - (iii) in the opinion of the Port Authority will constitute a hazardous condition, so as to increase the risks normally attendant upon the operations contemplated by this Permit, or
  - (iv) may cause or produce upon the Airport any unusual noxious or objectionable smokes, gases, vapors or odors, or
  - (v) may interfere with the effectiveness or accessibility of any drainage and sewerage system, water system, communications system, fire protection system, sprinkler system, alarm system, fire hydrant and hose, if any, installed or located or to be installed or located in or on the Airport, or
  - (vi) shall constitute a nuisance or injury in or on the Airport or which may result in the creation, commission or maintenance of a nuisance or injury in or on the Airport.

For the purpose of this paragraph (a), "Airport" includes all structures located thereon.

(b) The Permittee shall not dispose of, release or discharge nor permit anyone to dispose of, release or discharge any Hazardous Substance on the Airport except that the Permittee may release or discharge de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder so long as such release or discharge is not a violation of the terms and conditions of Sections 17 or 19 hereof. In addition to and without limiting Section 19 hereof, any Hazardous Substance disposed of, released or discharged by the Permittee (or permitted by the Permittee to be disposed of, released or discharged) on the Airport shall upon notice by the Port Authority to the Permittee and subject to the provisions of paragraph (f) of Section 17 hereof and to all Environmental Requirements, be completely removed and/or remediated by the Permittee at its sole cost and expense, provided, however, the forgoing shall not apply to releases and discharges which are in compliance with the terms and conditions of Sections 17 and 19 hereof of de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder and the obligation of the Permittee to remove and remediate such de-icing fluids shall be as required by the terms and conditions of Sections 17 and 19 hereof. The obligations of the

Permittee pursuant to this paragraph shall survive the expiration, revocation, cancellation or termination of this Permit.

(c) The Permittee shall not dispose of nor permit anyone to dispose of any waste materials (whether liquid or solid) by means of any toilets, sanitary sewers or storm sewers.

(d) (i) The Permittee shall not employ any persons or use any labor, or use or have any equipment, or permit any condition to exist, which shall or may cause or be conducive to any labor complaints, troubles, disputes or controversies at the Airport which interfere or are likely to interfere with the operation of the Airport or any part thereof by the Port Authority or with the operations of the lessees, licensees, permittees or other users of the Airport or with the operations of the Permittee under this Permit.

(ii) The Permittee shall immediately give notice to the Port Authority (to be followed by written notice and reports) of any and all impending or existing labor complaints, troubles, disputes or controversies and the progress thereof. The Permittee shall use its best efforts to resolve any such complaints, troubles, disputes or controversies.

(iii) The Permittee acknowledges that it is familiar with the general and local conditions prevailing at the Airport and with the all pertinent matters and circumstances which may in any way affect performance of the privileges granted under this Permit.

(e) The Permittee shall not solicit business on the public areas of the Airport and the use, at any time, of hand or standard megaphones, loudspeakers or any electric, electronic or other amplifying device is hereby expressly prohibited.

(f) The Permittee shall not install any fixtures or make any alterations, additions, improvements or repairs to any property of the Port Authority except with the prior written approval of the Port Authority.

(g) No signs, posters or similar devices shall be erected, displayed or maintained at the Airport without the written approval of the General Manager of the Airport; and any not approved by such General Manager or not removed by the Permittee upon the termination, revocation, expiration or cancellation of this Permit may be removed by the Port Authority at the expense of the Permittee.

(h) The Permittee shall not operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated.

(i) The Permittee shall not use any cleaning materials having a harmful or corrosive effect on any part of the Airport.

(j) The Permittee shall not fuel or defuel any equipment in any enclosed space at the Airport without the prior approval of the General Manager of the Airport except in accordance with Port Authority rules and regulations.

(k) The Permittee shall not start or operate any engine or any item of automotive equipment in any enclosed space at the Airport unless such space is adequately ventilated and unless such engine is equipped with a proper spark-arresting device.

19. Law Compliance:

(a) The Permittee shall procure all licenses, certificates, permits or other authorization from all governmental authorities, if any, having jurisdiction over the Permittee's operations at the Airport which may be necessary for the Permittee's operations thereat.

(b) The Permittee shall pay all taxes, license, certification, permit and examination fees and excises which may be assessed, levied, exacted or imposed on its property or operations at the Airport or on the Gross Receipts or income therefrom, and shall make all applications, reports and returns required in connection therewith.

(c) The Permittee shall promptly observe, comply with and execute the provisions of any and all present and future governmental laws, rules, regulations, requirements, orders and directions which may pertain or apply to the Permittee's operations at the Airport.

(d) The Permittee's obligations to comply with governmental requirements are provided herein for the purpose of assuring proper safeguards for the protection of Persons and property at the Airport and are not to be construed as a submission by the Port Authority to the application to itself of such requirements or any of them.

(e) The Port Authority has agreed by a provision in the Basic Lease with the City covering the Airport to conform to the enactments, ordinances, resolutions and regulations of the City and of its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection, to the extent that the Port Authority finds it practicable so to do. The Permittee shall, within forty-eight (48) hours after its receipt of any notice of violation, warning notice, summons, or other legal process for the enforcement of any such enactment, ordinance, resolution or regulation, deliver the same to the Port Authority for examination and determination of the applicability of the agreement of lease provision thereto. Unless otherwise directed in writing by the Port Authority, the Permittee shall conform to such enactments, ordinances, resolutions and regulations insofar as they relate to the operations of the Permittee at the Airport. In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Permittee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Permittee of a written direction from the Port Authority, such compliance shall not constitute a breach of this Permit, although the Port Authority thereafter notifies the Permittee to refrain from such compliance. Nothing herein contained shall release or discharge the Permittee from compliance with any other provision hereof respecting governmental requirements.

20. Trademarks and Patent Infringement:

The Permittee represents that it is the owner of or fully authorized to use or sell any and all services, processes, machines, articles, marks, names or slogans used or sold by it in its operations under or in any wise connected with this Permit.

21. Inspection:

The Port Authority shall have the right at any time and as often as it may consider it necessary to inspect the Permittee's machines and other equipment, any services being rendered, any merchandise being sold or held for sale by the Permittee, and any activities or operations of the Permittee hereunder. Upon request of the Port Authority, the Permittee shall operate or

demonstrate any machines or equipment owned by or in the possession of the Permittee on the Airport or to be placed or brought on the Airport, and shall demonstrate any process or other activity being carried on by the Permittee hereunder. Upon notification by the Port Authority of any deficiency in any machine or piece of equipment, the Permittee shall immediately make good the deficiency or withdraw the machine or piece of equipment from service, and provide a satisfactory substitute.

22. Federal Aid:

(a) The Permittee shall

(i) furnish good, prompt and efficient service hereunder, adequate to meet all demands therefor at the Airport;

(ii) furnish said service on a fair, equal and non-discriminatory basis to all users thereof; and

(iii) charge fair, reasonable and non-discriminatory prices for each unit of sale or service, provided that the Permittee may make reasonable and non-discriminatory discounts, rebates or other similar types of price reductions to volume purchasers.

As used in the above subsections "service" shall include furnishing of parts, materials and supplies (including sale thereof).

(b) The Port Authority has applied for and received a grant or grants of money from the Administrator of the Federal Aviation Administration pursuant to the Airport and Airways Development Act of 1970, as the same has been amended and supplemented, and under prior federal statutes which said Act superseded and the Port Authority may in the future apply for and receive further such grants. In connection therewith the Port Authority has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees and permittees thereon. The performance by the Permittee of the promises and obligations contained in this Permit is therefore a special consideration and inducement to the issuance of this Permit by the Port Authority, and the Permittee further agrees that if the Administrator of the Federal Aviation Administration or any other governmental officer or body having jurisdiction over the enforcement of the obligations of the Port Authority in connection with Federal Airport Aid, shall make any orders, recommendations or suggestions respecting the performance by the Permittee of its obligations under this Permit, the Permittee will promptly comply therewith at the time or times, when and to the extent that the Port Authority may direct.

23. Capacity and Competition:

(a) The Permittee shall refrain from entering into continuing contracts or arrangements with any third Person for furnishing services covered hereunder when such contracts or arrangements will have the effect of utilizing to an unreasonable extent the Permittee's capacity for rendering such services. A reasonable amount of capacity shall be reserved by the Permittee for the purpose of rendering services hereunder to those who are not parties to continuing contracts with the Permittee.

(b) The Permittee shall not enter into any agreement or understanding, express or implied, binding or non-binding, with any other Person who may furnish services at the Airport similar to those furnished hereunder which will have the effect of (i) fixing rates and charges to be paid by users of the services; (ii) lessening or preventing competition between the Permittee and such other furnishers of services; or (iii) tending to create a monopoly on the Airport in connection with the furnishing of such services.

24. Business Development and Records:

(a) In connection with the exercise of the privileges granted hereunder, the Permittee shall:

(i) use its best efforts in every proper manner to develop and increase the business conducted by it hereunder;

(ii) not divert or cause or allow to be diverted, any business from the Airport;

(iii) maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of the Permittee at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify the Authorized Service and all other services performed at the Airport, and;

(iv) cause any company which is owned or controlled by the Permittee, or any company which owns or controls the Permittee, if any such company performs services similar to those performed by the Permittee (any such company being hereinafter called an "Affiliate" and all such companies being hereinafter called the "Affiliates") to maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of each Affiliate at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify each activity (including without limitation the Authorized Service) performed at the Airport;

(v) permit and/or cause to be permitted in ordinary business hours during the effective period of this Permit, for one (1) year thereafter, and during such further period as is mentioned in the preceding paragraphs (a)(iii) and (a)(iv), the examination and audit by the officers, employees and representatives of the Port Authority of all the records and books of account of the Permittee (including without limitation all corporate records and books of account which the Port Authority in its sole discretion believes may be relevant for the identification, determination or calculation of Gross Receipts all agreements, and all source documents) and all

the records and books of account of all Affiliates (including without limitation all corporate records and books of account which the Port Authority in its sole discretion believes may be relevant for the identification, determination or calculation of Gross Receipts, all agreements, and all source documents) (all of the foregoing records and books described in this paragraph (a)(v) being hereinafter collectively referred to as the "*Books and Records*") within ten (10) days following any request by the Port Authority from time to time and at any time to examine and audit any Books and Records;

(vi) permit the inspection by the officers, employees and representatives of the Port Authority of any equipment used by the Permittee, including but not limited to the equipment described in paragraph (a)(vii) below; and

(vii) install and use such cash registers, sales slips, invoicing machines and any other equipment or devices, including without limitation computerized record keeping systems, for recording orders taken, or services rendered, as may be appropriate to the Permittee's business and necessary or desirable to keep accurate records of Gross Receipts, and without limiting the generality of the foregoing, for any privilege involving cash sales, install and use cash registers or other electronic cash control equipment that provides for non-resettable totals.

(b) Without implying any limitation on the right of the Port Authority to revoke this Permit for cause for breach of any term, condition or provision thereof, including but not limited to, breach of any term, condition or provision of paragraph (a) above, the Permittee understands that the full reporting and disclosure to the Port Authority of all Gross Receipts and the Permittee's compliance with all the provisions of paragraph (a) above are of the utmost importance to the Port Authority in having entered into the percentage fee arrangement under this Permit. In the event any Books and Records are maintained outside the Port of New York District or in the event of the failure of the Permittee to comply with all the provisions of paragraphs (a)(ii) through (a)(vii) above then, in addition to all, and without limiting any other, rights and remedies of the Port Authority under this Permit or otherwise and in addition to all of the Permittee's other obligations under this Permit:

(i) the Port Authority may estimate the Gross Receipts on any basis that the Port Authority, in its sole discretion, shall deem appropriate, such estimation to be final and binding on the Permittee and the fees based thereon shall be payable to the Port Authority when billed; and/or

(ii) if any Books and Records are maintained outside of the Port of New York District, then the Port Authority in its sole discretion may (x) require on ten (10) days' notice to the Permittee that any such Books and Records be made available to the Port Authority within the Port of New York District for examination and audit pursuant to paragraph (a)(v) hereof and/or (y) examine and audit any such Books and Records pursuant to paragraph (a)(v) at the location(s) they are maintained and if such Books and Records are maintained within the contiguous United States the Permittee shall pay to the Port Authority when billed all travel costs and related expenses, as determined by the Port Authority, for Port Authority auditors and other representatives, employees and officers in connection with such examination and audit and if such Books and Records are maintained outside the contiguous United States the Permittee shall pay to the Port Authority when billed all costs and expenses of the Port Authority, as determined by the Port Authority, of such examination and audit, including but not limited to, salaries, benefits, travel costs and related expenses, overhead costs, and fees and charges of third party

auditors retained by the Port Authority for the purpose of conducting such audit and examination.

(c) In the event that upon conducting an examination and audit as described in this Section the Port Authority determines that unpaid amounts are due to the Port Authority by the Permittee (the "*Audit Findings*"), the Permittee shall be obligated, and hereby agrees, to pay to the Port Authority a service charge in the amount equal to five percent (5%) of the Audit Findings. Each such service charge shall be payable immediately upon demand (by notice, bill or otherwise) made at any time therefor by the Port Authority. Such service charge (s) shall be exclusive of, and in addition to, any and all other moneys or amounts due to the Port Authority by the Permittee under this Permit or otherwise. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid service charge shall be deemed a waiver of the right of the Port Authority of payment of any late charge(s) or other service charge(s) payable under the provisions of this Section with respect to such unpaid amount. Each such service charge shall be and become fees, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the fees to be paid. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including, without limitation, the Port Authority's rights to revoke this Permit or (ii) any obligations of the Permittee under this Permit.

(d) Without implying any limitation on the rights or remedies of the Port Authority under this Permit or otherwise including without limitation the right of the Port Authority to revoke this Permit for cause for breach of any term or provision of paragraphs (a)(iii) or (a)(iv) above and in addition thereto, in the event any of the Books and Records are not maintained in English, then this Permittee shall pay to the Port Authority when billed, all costs and expenses of the Port Authority, as determined by the Port Authority, to translate such Books and Records into English.

(e) The foregoing auditing costs, expenses and amounts of the Port Authority set forth in paragraphs (b), (c) and (d) above shall be deemed fees under this Permit payable to the Port Authority with the same force and effect as the Basic Percentage Fee and all other fees payable to the Port Authority thereunder.

25. Rates and Charges:

The Permittee shall establish rates and discounts therefrom which are in compliance with Section 22 hereof (each such rate and discount is hereinafter called an "*Established Rate*"). Upon request by the Port Authority, the Permittee shall provide the Port Authority its rates and discounts therefrom for goods and services furnished hereunder. If the Permittee applies any rate in excess of the Established Rate therefor or extends a discount less than the Established Discount therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an overcharge which will, upon demand of the Port Authority or the Permittee's customer, be promptly refunded to the customer. If the Permittee applies any rate which is less than the Established Rate therefor or extends a discount which is in excess of the Established Rate therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an undercharge and an amount equivalent thereto shall be included in Gross Receipts hereunder and the Basic Percentage Fee shall be payable in respect thereto. Notwithstanding any repayment of overcharges to a customer by the Permittee or any inclusion of undercharges in Gross Receipts any such overcharge or undercharge shall constitute

a breach of the Permittee's obligations hereunder and the Port Authority shall have all remedies consequent upon such breach which would otherwise be available to it at law, in equity or by reason of this Permit.

26. Other Agreements:

In the event the terms and provisions of any agreement entered into by the Permittee with any third Person in connection with the privileges granted hereunder are contrary to or conflict or are inconsistent with the terms and provisions of this Permit, the terms and provisions of this Permit shall be controlling, effective and determinative.

27. Waiver of Trial by Jury:

The Permittee hereby waives its right to trial by jury in any action that may hereafter be instituted by the Port Authority against the Permittee in respect of the permission granted under this Permit and/or in any action that may be brought by the Port Authority to recover fees, damages, or other sums due and owing under this Permit. The Permittee specifically agrees that it shall not interpose any claims as counterclaims in any action for non-payment of fees or other amounts which may be brought by the Port Authority unless such claims would be deemed waived if not so interposed.

28. Continued Exercise of Privilege After Expiration, Revocation or Termination:

(a) Without in any way limiting the provisions hereof, unless otherwise notified by the Port Authority in writing, in the event the Permittee shall continue to perform the Authorized Service for any period (a "Post-Termination Period") following the expiration, revocation or termination of the effective period of the permission granted under this Permit, as such effective period of permission may be extended from time to time, the Permittee shall pay to the Port Authority, for any Post-Termination Period a fee equal to twice the Basic Percentage Fee.

(b) The foregoing shall not be deemed to give the Permittee any right to continue to perform the Authorized Service at the Airport after the expiration, revocation or termination of the effective period of the permission granted under this Permit. In addition, the Permittee acknowledges that the failure of the Permittee to cease to perform the Authorized Service at the Airport from the effective date of such expiration, revocation or termination will or may cause the Port Authority injury, damage or loss, and the Permittee hereby assumes the risk of such injury, damage or loss and hereby agrees that it shall be responsible for the same and shall pay the Port Authority for the same whether such are foreseen or unforeseen, special, direct, consequential or otherwise and the Permittee hereby expressly agrees to indemnify and hold the Port Authority harmless against any such injury, damage or loss. The Permittee acknowledges that the Port Authority reserves all its legal and equitable rights and remedies in the event of such failure by the Permittee to cease performance of the Authorized Service.

(c) The Permittee hereby acknowledges and agrees that, subject to the foregoing, all terms and provisions of this Permit shall be and continue in full force and effect during any Post-Termination Period.

29. Miscellaneous:

(a) It is understood and agreed that the Port Authority shall not furnish, sell or supply to the Permittee any services or utilities in connection with this Permit.

(b) No Commissioner, officer, agent or employee of the Port Authority shall be charged personally by the Permittee with any liability, or held liable to it, under any term or provision of this Permit, or because of its execution or attempted execution, or because of any breach thereof.

(c) The Section and paragraph headings, if any, in this Permit are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope or intent of any provision hereof.

(d) This Permit, including the attached Special Endorsements, constitutes the entire agreement of the Port Authority and the Permittee on the subject matter hereof. This Permit may not be changed, modified, discharged or extended, except by written instrument duly executed on behalf of the Port Authority and the Permittee or except by notice as specifically set forth in Sections 4 and 13 hereof. The Permittee agrees that no representations or warranties shall be binding upon the Port Authority unless expressed in writing herein.

The Permittee shall provide and its employees shall wear or carry badges or other suitable means of identification and the employees shall wear appropriate uniforms. The badges, means of identification and uniforms shall be subject to the written approval of the General Manager of the Airport. The Port Authority shall have the right to object to the Permittee regarding the demeanor, conduct and appearance of the Permittee's employees, invitees and those doing business with it, whereupon the Permittee will take all steps necessary to remove the cause of the objection.

6. In the use of the parkways, roads, streets, bridges, corridors, hallways, stairs and other common areas of the Airport as a means of ingress and egress to, from and about the Airport, and also in the use of portions of the Airport to which the general public is admitted, the Permittee shall conform (and shall require its employees, invitees and others doing business with it to conform) to the Rules and Regulations of the Port Authority which are now in effect or which may hereafter be adopted for the safe and efficient operation of the Airport.

The Permittee, its employees, invitees and others doing business with it shall have no right hereunder to park vehicles within the Airport beyond a reasonable loading or discharging time, except in regular parking areas and upon payment of the regular charges therefor.

~~7. The Permittee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees and representatives, from all claims and demands of third persons including but not limited to claims and demands for death or personal injuries, or for property damages, arising out of any of the operations, acts or omissions of the Permittee hereunder, including claims and demands of the City against the Port Authority pursuant to the provisions of the aforesaid agreement of October 22, 1947 between the City and the Port Authority, whereby the Port Authority has agreed to indemnify the City against claims.~~

8. The Permittee shall promptly repair or replace any property of the Port Authority damaged by the Permittee's operations hereunder. The Permittee shall not install any fixtures or make any alterations or improvements in or additions or repairs to any property of the Port Authority except with its prior written approval.

9. Any property of the Permittee placed on or kept at the Airport by virtue of this Permit shall be removed on or before the expiration of the permission hereby granted. In the event of revocation, the Permittee shall have two days, exclusive of Saturdays, Sundays and legal holidays (as determined by the laws of the State of New Jersey), after the effective date of revocation, in which to remove such property.

If the Permittee shall so fail to remove such property upon the expiration or revocation hereof, the Port Authority may at its option, as agent for the Permittee and at the risk and expense of the Permittee, remove such property to a public warehouse, or may retain the same in its own possession, and in either event after the expiration of thirty days may sell the same at public auction; the proceeds of any such sale shall be applied first to the expenses of removal, sale and storage, second to any sums owed by the Permittee to the Port Authority; any balance remaining shall be paid to the Permittee. Any excess of the total cost of removal, storage and sale over the proceeds of sale shall be paid by the Permittee to the Port Authority upon demand.

10. The Permittee represents that it is the owner of or fully authorized to use or sell any and all services, processes, machines, articles, marks, names or slogans used or sold by it in its operations under or in any wise connected with this Permit. Without in any wise limiting its obligations under Section 7 hereof

the Permittee agrees to indemnify and hold harmless the Port Authority, its Commissioners, officers, employees, agents and representatives of and from any loss, liability, expense, suit or claim for damages in connection with any actual or alleged infringement of any patent, trademark or copyright, or arising from any alleged or actual unfair competition or other similar claim arising out of the operations of the Permittee under or in any wise connected with this Permit.

11. The Port Authority shall have the right at any time and as often as it may consider it necessary to inspect the Permittee's machines and other equipment, any services being rendered, any merchandise being sold or held for sale by the Permittee, and any activities or operations of the Permittee hereunder. Upon request of the Port Authority, the Permittee shall operate or demonstrate any machines or equipment owned by or in the possession of the Permittee on the Airport or to be placed or brought on the Airport, and shall demonstrate any process or other activity being carried on by the Permittee hereunder. Upon notification by the Port Authority of any deficiency in any machine or piece of equipment, the Permittee shall immediately make good the deficiency or withdraw the machine or piece of equipment from service, and provide a satisfactory substitute.

12. No signs, posters or similar devices shall be erected, displayed or maintained by the Permittee in view of the general public without the written approval of the General Manager of the Airport; and any not approved by him may be removed by the Port Authority at the expense of the Permittee.

13. As used herein

(a) The term "Executive Director" shall mean the person or persons from time to time designated by the Port Authority to exercise the powers and functions vested in the Executive Director by this Permit, but until further notice from the Port Authority to the Permittee, it shall mean the Executive Director of the Port Authority for the time being or his duly designated representative or representatives.

(b) The terms "General Manager of the Airport" or "Manager of the Airport" shall mean the person or persons from time to time designated by the Port Authority to exercise the

powers and functions vested in the General Manager by this Permit; but until further notice from the Port Authority to the Permittee it shall mean the General Manager or the Acting General Manager of Newark International Airport for the time being, or his duly designated representative or representatives.

14. The Permittee's representative, hereinbefore specified, (or such substitute as the Permittee may hereafter designate in writing) shall have full authority to act for the Permittee in connection with this Permit and any things done or to be done hereunder, and to execute on the Permittee's behalf any amendments or supplements to this Permit or any extension thereof and to give and receive notices hereunder.

15. A bill or statement may be rendered and any notice or communication which the Port Authority may desire to give the Permittee shall be deemed sufficiently rendered or given if the same be in writing and sent by registered mail addressed to the Permittee at the address specified on the first page hereof or at the address that the Permittee may have most recently substituted therefor by notice to the Port Authority, or left at such address, or delivered to the Permittee's representative, and the time of rendition of such bill or statement and of the giving of such notice or communication shall be deemed to be the time when the same is mailed, left or delivered as herein provided. Any notice from the Permittee to the Port Authority shall be validly given if sent by registered mail addressed to the Executive Director of the Port Authority at One World Trade Center, New York, New York 10048, or at such other address as the Port Authority shall hereafter designate by notice to the Permittee.

16. The Permittee agrees to be bound by and comply with the provisions of all endorsements annexed to the Permit at the time of issuance.

17. Neither the Commissioners of the Port Authority nor any officer, agent or employee thereof, shall be charged personally by the Permittee with any liability, or held liable to it, under any term or provision of this Permit, or because of its execution or attempted execution, or because of any breach thereof.

18. This Permit, including the attached endorsements and exhibits, if any, constitutes the entire agreement of the parties on the subject matter hereof and may not be changed, modified, discharged or extended, except by written instrument duly executed on behalf of the parties. The Permittee agrees that no representations or warranties shall be binding upon the Port Authority unless expressed in writing herein.

If the Permittee should fail to pay any amount required under this Permit when due to the Port Authority, including without limitation any payment of any fixed or percentage fee or any payment of utility or other charges, or if any such amount is found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight-tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (but not less than thirteen) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Permit. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority to payment of any late charge or late charges payable under the provisions of this Endorsement with respect to such unpaid amount. Nothing in this Endorsement is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including without limitation the Port Authority/s rights set forth in Section 1 of the Terms and Conditions of this Permit or (ii) any obligations of the Permittee under this Permit. In the event that any late charge imposed pursuant to this Endorsement shall exceed a legal maximum applicable to such late charge, then, in such event, each such late charge payable under this Permit shall be payable instead at such legal maximum.

Notwithstanding any other provision of this Permit, the permission hereby granted shall in any event terminate with the expiration or termination of the lease of Newark Liberty International Airport from the City of Newark to the Port Authority under the agreement between the City and the Port Authority dated October 22, 1947, as the same from time to time may have been or may be supplemented or amended. Said agreement dated October 22, 1947 has been recorded in the Office of the Register of Deeds for the County of Essex on October 30, 1947 in Book E-110 of Deeds at pages 242, et seq. No greater rights and privileges are hereby granted to Permittee than the Port Authority has power to grant under said agreement as supplemented or amended as aforesaid.

"Newark Liberty International Airport" or "Airport" shall mean the land and premises in the County of Essex and State of New Jersey, which are westerly of the right of way of the Central Railroad of New Jersey and are shown upon the exhibit attached to the said agreement between the City and the Port Authority and marked "Exhibit A", as contained within the limits of a line of crosses appearing on said exhibit and designated "Boundary of terminal area in City of Newark", and lands contiguous thereto which may have been heretofore or may hereafter be acquired by the Port Authority to use for air terminal purposes.

The Port Authority has agreed by a provision in its agreement of lease with the City covering the Airport to conform to the enactments, ordinances, resolutions and regulations of the City and of its various departments, boards and bureaus in regard to the construction and maintenance of buildings and structures and in regard to health and fire protection, to the extent that the Port Authority finds it practicable so to do. Unless otherwise directed in writing by the Port Authority, the Permittee shall conform to such enactments, ordinances, resolutions and regulations insofar as they relate to the operations of the Permittee at the Airport. In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Permittee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Permittee of a written direction from the Port Authority, such compliance shall not constitute a breach of this Permit, although the Port Authority thereafter notifies the Permittee to refrain from such compliance. ## SPECIAL ENDORSEMENTS

## 1. General Agreement

The Port Authority has heretofore entered into agreements of lease with various Aircraft Operators (as are indicated as Master Lessees on "Exhibit A", attached hereto and hereby made a part hereof) at Newark Liberty International Airport (hereinafter called the "Airport"), which agreements made as of various dates, as the same may have heretofore and may hereafter be supplemented and amended, are hereinafter collectively referred to as the "Master Lease". Sections 17, 18, 19 and 20 and Schedule D of the Master Lease contain provisions which govern the "Fuel Storage Facilities" (as hereinafter defined), the receipt, storing and distribution of aviation fuel and the Underground Fuel Distribution System at the Airport.

Pursuant to the Master Lease, the Port Authority provides fuel storage tanks and incidental physical facilities at the Airport for the receipt, storage and distribution of aviation fuel in bulk at the Airport. The Bulk Storage Area (as defined hereinafter and as shown on "Exhibit B" attached hereto and made a part hereof), and any temporary or substitute tanks and facilities, and any supplementary tanks and facilities, are hereinafter called the "Fuel Storage Facilities". The handling of aviation fuel in and from the Fuel Storage Facilities at the Airport is, and shall be, performed, until further notice from the Port Authority, only by Allied Aviation Service Company of New Jersey, Inc. (formerly named "Ogden Aviation Service Company of New Jersey, Inc.", "Ogden Allied Aviation Service Company of New Jersey, Inc." and formerly named "Allied Aviation Service Company of New Jersey, Inc."), an independent contractor hereinafter called the "Contractor" (or in certain events by the Port Authority). The Port Authority shall have the right to change the Contractor at any time and from time to time upon written notice to the Permittee. The Permittee shall enter into a contract with the Contractor for the receipt, handling and distribution of aviation fuel at the Airport which contract shall be in the form and substance of the exhibit attached hereto, hereby made a part hereof and marked "Exhibit C".

Nothing herein contained shall be construed to grant to the Permittee the right to sell aviation fuel to others, except as otherwise expressly provided herein.

## 2. Storage Privilege

(a) The Permittee shall have the privilege to store for reasonable periods of time in such fuel storage tank or tanks which are or may be located in the Fuel Storage Facilities as may be designated from time to time by the Contractor or the Port Authority, aviation fuel in an amount equal to an adequate quantity for consumption by it of each grade of fuel which the Permittee is currently using in its operations at the Airport (less the quantity of such grade then being stored by the Permittee's suppliers for use by the Permittee under such suppliers' fuel storage permits). The aviation fuel so stored is to be delivered to the Permittee's aircraft by the Contractor primarily by means of the Port Authority's Underground Fuel System, including truck deliveries, when required, from such truck fuel stations as may be installed therein.

## SPECIAL ENDORSEMENTS

For purposes of this Permit, the word "grade" shall be deemed to refer to octane rating, lead content and any other variable element which affects the character or quality of the fuel. Aviation fuel shall not be deemed to be of a different grade if the specifications of such fuel come within the maximum and minimum current standards allowed in the specifications provided in the Permittee's contracts for the purchase of aviation fuel or within the current standards accepted from its suppliers within the continental United States under similar circumstances.

The term "Fixed Base Operator" as used in the Permit shall mean the persons or organizations designated as such from time to time by the Port Authority to perform fueling services for private, corporate or itinerant aircraft or helicopters or for air taxis. Until further notice Signature Flight Support-New Jersey, Inc. is hereby designated as a Fixed Base Operator.

(b) The Permittee recognizes that notwithstanding the acceptance of aviation fuel by the Contractor on behalf of the Permittee and the storage of such fuel in the Fuel Storage Facilities, nevertheless, the Permittee shall have and be deemed to have title to all such aviation fuel stored by the Permittee in the Fuel Storage Facilities pursuant to this Permit.

(c) The Permittee shall deliver or have its supplier deliver the bulk of its fuel supplies for the Airport by delivery of the fuel supplies to the common carrier pipeline at Buckeye Pipe Line Company's Pumping Station in Linden, New Jersey, which fuel supplies shall then be delivered through the pipeline to the Fuel Storage Facilities in the Bulk Storage Area at the Airport. The Permittee shall also, as emergency situations may require, make or have its supplier make aviation fuel deliveries to the Fuel Storage Facilities at the Airport by means of over-the-road trucks.

(d) For purposes of the Permit, the phrase "Fuel Storage Permittee" shall mean an Aircraft Operator, a supplier of an Aircraft Operator, or a Fixed Base Operator each of which holds a permit issued by the Port Authority to store aviation fuel in the Fuel Storage Facilities. With respect to a Fixed Based Operator, the fuel storage permit shall be a permit to store aviation fuel in the Fuel Storage Facilities of such grade currently furnished to general aviation aircraft at the Airport. As used in this Permit the term "supplier" shall mean a person, corporation or other legal entity primarily engaged at the Airport in the business of supplying aviation fuel to an Aircraft Operator.

(e) Subject to the provisions of Special Endorsement No. 4, the aviation fuel delivered by or on behalf of the Permittee shall be stored by the Permittee in such tank or tanks of the Fuel Storage Facilities as the Port Authority or the Contractor may direct and such fuel may be transferred into such other tanks of the Fuel Storage Facilities as the Port Authority or the Contractor may at any time deem desirable, provided that there shall be no commingling as between different grades, or as between bonded aviation fuel (as hereinafter defined) and non-bonded aviation fuel.

## SPECIAL ENDORSEMENTS

(f) It is recognized that Exhibit C in part sets forth quality standards and procedures for testing and delivery of aviation fuel as well as specifications with respect thereto. The Permittee shall comply with the said items set forth in Exhibit C and shall require each of its suppliers to likewise comply with said items.

It is specifically understood and agreed that the contents of Exhibit C form an agreement between the Contractor and the Permittee, and, further, that neither Exhibit C nor anything contained therein shall limit, modify or alter in any way the rights and remedies of the Port Authority under the Permit or constitute the Port Authority as a party to the said agreement between the Contractor and the Permittee. It is further specifically understood and agreed that neither Exhibit C nor anything contained therein shall or shall be deemed to impose any liability or responsibility of any type whatsoever on the part of the Port Authority for any failure of the Contractor to perform or for any improper performance by the Contractor of any of its obligations under the said agreement between the Contractor and the Permittee.

In the event of any inconsistency between the provisions of Exhibit C and this Permit, the provisions of this Permit shall control.

(g) If at any time the Permittee ceases to use aviation fuel of any grade or, if the requirements of the Permittee with respect to aviation fuel of any grade diminishes, then and in any such event the amount of aviation fuel of such grade which may be stored by the Permittee in the Fuel Storage Facilities may be reduced pro tanto.

### 3. Fees

(a) (1) As of the effective date of this Permit, the Permittee shall pay to the Port Authority, in monthly installments, Fuel Gallonage Fees for each and every gallon of aviation fuel delivered into aircraft operated by the Permittee at the Airport whether the delivery of such aviation fuel to said aircraft is made by use of the Underground Fuel System or by truck distribution or partly by the Underground Fuel System and partly by truck or by any combination of both. Such Fuel Gallonage Fees shall be payable on or before the twentieth day of the month (including the month following the expiration, revocation or termination of the permission granted hereunder) for all aviation fuel delivered into aircraft operated by the Permittee, as aforesaid, during the preceding calendar month. The Fuel Gallonage Fees to be paid to the Port Authority hereunder shall be the amount to be set forth in a written notice from the Port Authority to the Permittee, which notice may be given at any time and from time to time. The effective date of such notice shall be the date set forth therein which shall be given no later than on 15 days' prior notice. Until further notice, said Fuel Gallonage Fees shall be \$0.063 for each and every gallon of aviation fuel delivered into aircraft of the Permittee as above provided. It is expressly understood that the said amount of \$0.063 per gallon is subject to annual adjustment in accordance with the provisions of the Master Lease and Schedule D thereof, and nothing herein shall be or shall be deemed to be a waiver of any provision of the Master Lease and Schedule D thereof covering the adjustment of Fuel Gallonage Fees.

## SPECIAL ENDORSEMENTS

(2) The Permittee shall pay to the Port Authority or its independent contractor, as the case may be, an additional fee for defueling services performed at the Airport for the Permittee of Three Cents (\$0.03) for each and every gallon of aviation fuel removed from the Permittee's aircraft by the Port Authority or its independent contractor, as the case may be, at the Airport, provided, however, that the Port Authority or its said independent contractor, as the case may be, shall make no charge if such defueling is necessitated because of the negligence of the Port Authority or its independent operator.

(3) It is expressly understood that the Fuel Gallonage Fees payable hereunder by the Permittee shall be paid by the Permittee whether the aviation fuel delivered into the Permittee's aircraft was stored in the Fuel Storage Facilities by the Permittee pursuant to this Permit or by a supplier of the Permittee, who is a Fuel Storage Permittee, pursuant to such supplier's fuel storage permit.

(b) All payments made and to be made by the Permittee shall be accompanied by a statement signed by a responsible corporate officer of the Permittee setting forth the total gallons of the Permittee's aviation fuel delivered by or on behalf of the Permittee under this Permit and under the fuel storage permit of any and all suppliers of the Permittee into the Fuel Storage Facilities (or directly to the Area D of an Airline Lessee, as defined in the Master Lease, or directly to the site of such Airline Lessee's aircraft pursuant to Section 17(b) of the Master Lease) during the preceding month, and also separately setting forth the total gallons of aviation fuel delivered into the Fuel Storage Facilities (or directly to the Area D of an Airline Lessee, as defined in the Master Lease, or directly to the site of such Airline Lessee's aircraft pursuant to Section 17(b) of the Master Lease) during the preceding month:

(i) by the Permittee or on its behalf by a supplier who is not a Fuel Storage Permittee at the Airport,

(ii) by each supplier of the Permittee who is a Fuel Storage Permittee at the Airport.

The said statement shall also set forth the total gallons of aviation fuel delivered into the Permittee's aircraft during the preceding month.

All such payments, accompanied by the signed statements, as aforesaid, shall be sent to THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY, P.O. BOX 95000-1517, PHILADELPHIA, PENNSYLVANIA 19195-1517, or via the following wire transfer instructions: Bank: [REDACTED] or to such other address as may hereafter be substituted therefor by the Port Authority, from time to time, by notice to the Permittee. Concurrently with the making of each of the said payments, the Permittee shall send three (3) true copies of its signed statement, as above required, addressed to The Port Authority of New York and New Jersey, Revenue Accounting, One PATH Plaza, Jersey City, New Jersey 07306, Attn: Comptrollers Department 6<sup>th</sup> floor.

## SPECIAL ENDORSEMENTS

(c) Without in any way limiting the provisions hereof, unless otherwise notified by the Port Authority in writing, in the event the Permittee shall continue to perform the privilege granted herein after the expiration, revocation or termination of the effective period of the permission granted under this Permit, as such effective period of permission may be extended from time to time, in addition to any damages to which the Port Authority may be entitled under this Permit or other remedies the Port Authority may have by law or otherwise, the Permittee shall pay to the Port Authority a fee for the period commencing on the day immediately following the date of such expiration or the effective date of such revocation or termination and ending on the date that the Permittee shall cease to perform the privilege granted at the Airport equal to twice the sum of the Fuel Gallonage Fees as herein defined. Nothing herein contained shall give, or be deemed to give, the Permittee any right to continue to perform the privilege granted hereunder at the Airport after the expiration, revocation or termination of the effective period of the permission granted under this Permit. The Permittee acknowledges that the failure of the Permittee to cease to perform the privilege granted hereunder at the Airport from and after the effective date of such expiration, revocation or termination will or may cause the Port Authority injury, damage or loss. The Permittee hereby assumes the risk of such injury, damage or loss and hereby agrees that it shall be responsible for the same and shall pay the Port Authority for the same whether such are foreseen or unforeseen, special, direct, consequential or otherwise and the Permittee hereby expressly agrees to indemnify and hold the Port Authority harmless against any such injury, damage or loss.

#### 4. Commingling

The Permittee shall not be required to commingle its aviation fuel stored in the Fuel Storage Facilities with aviation fuel of any different grade, but the Permittee shall and hereby agrees to commingle its said aviation fuel with aviation fuel owned by others, provided that such aviation fuel is of the same grade. Notwithstanding the foregoing, the Permittee shall not be required to commingle bonded aviation fuel with non-bonded aviation fuel, but the Permittee shall and hereby agrees to commingle its bonded aviation fuel in storage tanks reserved exclusively for bonded aviation fuel and designated as bonded storage tanks, with bonded aviation fuel of the same grade owned by different Fuel Storage Permittees. As used in this Permit "bonded aviation fuel" shall mean aviation fuel imported by the Permittee or its supplier under U.S. Customs Warehouse Bond and as to which the Permittee or its supplier has delivered to the Port Authority or the Contractor all necessary and appropriate certifications with respect to the grade and specifications of such bonded aviation fuel.

It is specifically understood and agreed, with respect to aviation fuel commingled as herein provided, that the Permittee shall be and shall be deemed to be an owner in common of its share of commingled fuel with all other Fuel Storage Permittees with whom the Permittee's aviation fuel has been so commingled.

## SPECIAL ENDORSEMENTS

## 5. Obligations of the Permittee

(a) The Permittee shall not assign or transfer this Permit or any of the rights or privileges granted hereby and any such assignment or transfer shall be void as to the Port Authority.

(b) The Permittee, its employees, contractors, invitees and persons doing business with it, shall conduct their operations in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport.

(c) In its use of the Fuel Storage Facilities, the roadways, streets, and other portions of the Airport used by the Permittee in connection with its deliveries of aviation fuel for storage, the Permittee shall conform (and shall require its employees, contractors, invitees and persons doing business with it to conform) with the Port Authority's rules and regulations and the standards and codes required by the Contractor, now in effect or hereinafter adopted.

(d) Any trucks or other highway vehicles used by the Permittee shall be parked only in such areas as may be designated by the General Manager of the Airport.

(e) The Permittee shall use the Fuel Storage Facilities for no purposes other than those specified in Special Endorsement No. 2 hereof.

(f) The Permittee shall erect no signs, posters or similar devices without the prior written approval of the General Manager of the Airport; and any not approved by him may be removed by or on behalf of the Port Authority at the expense of the Permittee.

(g) The Permittee shall promptly reimburse the Port Authority for the cost of repairing any damage to Port Authority property caused by the operations of the Permittee, its employees, agents or contractors performing services on its behalf (but not including any independent contractor designated by the Port Authority to perform the services of handling aviation fuel in and from the storage facilities).

(h) (1) The Permittee shall maintain, in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation or termination thereof, and for a further period extending until the Permittee shall receive written permission from the Port Authority to do otherwise, but not exceeding an additional four years, records and books of account recording all transactions of the Permittee under the Permit at, through or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District;

(2) The Permittee shall permit in ordinary business hours during the effective period of the Permit and for one year thereafter, the examination and audit by the officers, employees, and representatives of the Port Authority of such records and books of account

## SPECIAL ENDORSEMENTS

and also any records and books of account of any company which is owned or controlled by the Permittee, or which owns or controls the Permittee, if said company performs services, similar to those performed by the Permittee, anywhere in the Port of New York District.

(3) Effective from and after October 13, 2005, and continuing during the effective period of permission granted under this Permit, in the event that upon conducting an examination and audit as described in this Special Endorsement the Port Authority determines that unpaid amounts are due to the Port Authority by the Permittee, the Permittee shall be obligated, and hereby agrees, to pay to the Port Authority a service charge in the amount of five percent (5%) of each amount determined by the Port Authority audit findings to be unpaid. Each such service charge shall be payable immediately upon demand (by notice, bill or otherwise) made at any time therefor by the Port Authority. Such service charge (s) shall be exclusive of, and in addition to, any and all other moneys or amounts due to the Port Authority by the Permittee under this Permit or otherwise. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid service charge shall be deemed a waiver of the right of the Port Authority of payment of any late charge(s) or other service charge(s) payable under the provisions of this Permit with respect to such unpaid amount. Each such service charge shall be and become fees, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the fees to be paid. Nothing in this Special Endorsement is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including, without limitation, the Port Authority's rights to revoke this Permit or (ii) any obligations of the Permittee under this Permit.

(i) The Permittee shall not commit any nuisance or permit its employees, agents or contractors performing services on its behalf to commit or create or tend to create any nuisance on any area or areas on the Airport in which the Permittee may conduct its operations hereunder, the foregoing not to apply to the contract between the Permittee and the Contractor entered into pursuant to Special Endorsement No. 1 of this Permit.

(j) The Port Authority has agreed by a provision in its agreement of lease with the City of Newark covering the Airport to conform to the enactments, ordinances, resolutions and regulations of the City and of its various departments, boards and bureaus in regard to health and fire protection, to the extent that the Port Authority finds it practicable so to do. The Permittee shall, within forty-eight hours after its receipt of any notice of violation, warning notice, summons, or other legal process for the enforcement of any such enactment; ordinance, resolution or regulation, but only if such notice, summons or other legal process pertains to the operation of the vehicles of the Permittee or to the delivery of fuel in or on the Airport, deliver the same to the Port Authority for examination and determination of the applicability of the agreement of lease provision thereto. Unless otherwise directed in writing by the Port Authority, the Permittee shall conform to such enactments, ordinances, resolutions and regulations insofar as they relate to the operations of the Permittee at the Airport. In the event of compliance with any such enactment, ordinance, resolution or regulation on the part of the Permittee, acting in good faith, commenced after such delivery to the Port Authority but prior to the receipt by the Permittee of a written direction from the Port Authority, such compliance shall not constitute a breach of this Permit, although the Port Authority thereafter notifies the Permittee to refrain from such compliance.

## SPECIAL ENDORSEMENTS

(k) Without in any way limiting the Permittee's contract with the Contractor, the Permittee shall promptly remove from the Airport by means of facilities provided by it all contaminated fuel or other waste material arising out of or in connection with its operations hereunder. The Permittee shall exercise extreme care in removing such contaminated fuel or waste material from the Airport. The manner of such removal shall be subject in all respects to the continuing approval of the Port Authority or the Contractor in accordance with Exhibit C.

(l) The Permittee shall not do or permit to be done any act which will invalidate or be in conflict with any fire insurance policies, or will increase the rate of any fire insurance, extended coverage or rental insurance, covering the Airport or any part thereof or upon the contents of any building thereon.

#### 6. Obligations of the Port Authority

(a) The Port Authority shall provide and maintain a vehicular road or roads providing access to the Fuel Storage Facilities.

(b) Except as provided in Special Endorsements 5 and 7, the Port Authority shall maintain or cause to be maintained the Fuel Storage Facilities in useable condition. The Port Authority shall have the right at any time and as often as it considers necessary to inspect the Fuel Storage Facilities and to enter thereon to make ordinary repairs, and in the event of emergency to take such action therein as may be required for the protection of persons or property.

#### 7. Damage to Storage Tanks

In the event any of the Fuel Storage Facilities, or any part thereof, are damaged by fire or as a result of sinking, settling or shifting of the supporting ground or other casualty, then:

(1) if in the opinion of the Port Authority the necessary repairs or replacements can be made within ninety days after the occurrence of the damage, the Port Authority shall make the repairs or replacements with due diligence; or

(2) if in the opinion of the Port Authority such repairs or replacements cannot be completed within ninety days after the occurrence of the damage, then the Port Authority shall have the option either to proceed with due diligence to make the necessary repairs or replacements or, notwithstanding any other provision of this Permit, to terminate this Permit effective as of the date of the occurrence of such damage insofar as it pertains to the obligation of the Port Authority to provide and maintain storage tanks and incidental physical facilities for receiving and storing aviation fuel at the Airport.

## SPECIAL ENDORSEMENTS

## 8. Indemnification

Section 7 of the Terms and Conditions of the Permit shall be deemed deleted and the following paragraph shall be deemed to have been substituted therefor:

"7. The Permittee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees, and representatives for all injuries (including death) and all loss or damage to it or them or to its or their property and for all claims and demands of third persons (including death) for injuries (including death) and all loss or damage to them or to their property arising out of or in connection with the operations of the Permittee hereunder, including claims by the City of Newark (except for claims and demands resulting solely from affirmative wilful acts of the Port Authority, its officers, employees and representatives) against the Port Authority pursuant to the provisions of the Agreement between the City and the Port Authority dated October 22, 1947, as the same has been subsequently supplemented and amended, whereby the Port Authority has agreed to indemnify the City against claims."

## 9. Property of Permittee

(a) Except as otherwise provided in this Permit, any aviation fuel or other property of the Permittee placed in or on the Fuel Storage Facilities shall remain the property of the Permittee and shall be removed on or before the expiration, revocation or termination of the permission hereby granted. In the event of revocation or termination the Permittee shall have ten (10) days, exclusive of Saturdays, Sundays and legal holidays after the effective date of revocation or termination in which to remove such property.

If the Permittee shall so fail to remove such property upon the expiration, termination or revocation hereof, the Port Authority may, at its option, as agent for the Permittee and at the risk and expense of the Permittee, remove such property.

(b) Notwithstanding the provisions of paragraph (a) of this Special Endorsement, in the event the Permittee's aviation fuel has been commingled with aviation fuel owned by others, as provided in Special Endorsement No. 4 hereof, the Permittee, upon the expiration, revocation or termination of the Permit, shall either (i) promptly remove its share of such commingled aviation fuel, in accordance with the directions of the Contractor; or (ii) promptly sell or transfer its share of the commingled fuel to one or more of the fuel storage permittees at the Airport.

## 10. Representatives

The Permittee's representative hereinbefore specified (or such substitute as the Permittee may hereafter designate in writing) shall have full authority to act for the Permittee in connection

## SPECIAL ENDORSEMENTS

with this Permit, and to do any acts or thing to be done hereunder, and to give and receive notices hereunder.

## 11. Notices

Any bills or statements including any notices or communications which the Port Authority may desire to give the Permittee shall be deemed sufficiently rendered or given, if the same are in writing and sent by certified or registered mail addressed to the Permittee at the address specified on the first page hereof or at the address that the Permittee may have most recently substituted therefor by notice to the Port Authority, or left at such address, or delivered to the representative of the Permittee, and the time of rendition of such bill or statement and of the giving of such notice or communication shall be deemed to be the time when the same is mailed, left or delivered as herein provided. Any notice from the Permittee to the Port Authority shall be validly given if sent by certified or registered mail addressed to the Executive Director of the Port Authority at 225 Park Avenue South, New York, New York 10003 or at such other address as the Port Authority shall hereafter designate by notice to the Permittee.

## 12. Permit Constitutes Entire Agreement

This Permit, including the attached exhibits, constitutes the entire agreement of the Port Authority and the Permittee on the subject matter hereof. It may not be changed, modified, discharged, or extended, except by written instrument duly executed on behalf of the Port Authority and the Permittee. The parties agree that no representations or warranties shall be binding upon either party unless expressed in writing herein.

## 13. Survival of Obligations

The suspension, revocation or other termination of the permission granted herein shall not relieve either party of any liabilities or obligations hereunder which shall have accrued prior to the effective date of such suspension, revocation or termination.

## 14. Force Majeure

(a) Neither the Port Authority nor the Permittee shall be deemed to be in violation of this Permit if it is prevented from performing any of its obligations hereunder by reason of strikes, boycotts, labor disputes, embargoes, shortages of material, acts of God, acts of the public enemy, acts of superior governmental authority, weather conditions, tides, riots, rebellion, sabotage or other circumstances for which it is not responsible and which are not within its control; provided, that this provision shall not apply to failures by the Permittee to pay fees in accordance with Special Endorsement No. 3 hereof.

(b) The Port Authority shall be under no obligation to furnish any services if and to the extent and during any period that the furnishing of any services or the use of any component necessary therefor shall be prohibited or rationed by any federal, state or municipal

## SPECIAL ENDORSEMENTS

law, rule, regulation, requirement, order or direction or if the Port Authority deems it in the public interest to comply therewith.

(c) If any type of strike or other labor activity is directed against the Permittee at the Airport or against any operation pursuant to this Permit resulting in picketing or boycott for a period of at least forty-eight (48) hours which, in the opinion of the Port Authority, adversely affects or is likely adversely to affect the operation of the Airport or the operations of other permittees, lessees or licensees thereat, and whether caused by the employees of the Permittee or any others, the Port Authority may at any time during the continuance thereof, by twenty-four (24) hours' notice, suspend or revoke this Permit effective at the time specified in the notice. During the period of any such suspension the Permittee shall not perform any operations hereunder. The period of suspension shall end not more than twenty-four (24) hours after the cause thereof has ceased or been cured. The Permittee shall notify the Port Authority of such cessation or cure. Suspension shall not relieve the Permittee of any liabilities or obligations hereunder which shall have accrued on or prior to the effective date of suspension.

No exercise by the Port Authority of the right of suspension pursuant to this Special Endorsement shall be or shall be deemed to be a waiver of the Port Authority's right of revocation pursuant to this Special Endorsement.

Prior to the exercise of any rights by the Port Authority hereunder, it shall give the Permittee notice thereof, which notice may be oral. No exercise by the Port Authority of the rights granted to it in this Special Endorsement shall be or shall be deemed to be a waiver of any other rights of termination or revocation contained in this Permit or a waiver of any rights or remedies which may be available to the Port Authority under this Permit or otherwise. Revocation shall not relieve the Permittee of any liabilities or obligations hereunder which shall have accrued on or prior to the effective date of revocation.

#### 15. No Personal Liability

Neither the Commissioners of the Port Authority nor any of them, nor any officer, agent or employee thereof shall be charged personally by the Permittee with any liability, or held liable to it, under any term or provision of this Permit, or because of its execution or attempted execution, or because of any breach thereof.

#### 16. Surrender.

The Permittee promises and agrees to yield and surrender its right to use the Fuel Storage Facilities at the expiration, revocation or other termination of this Permit, and at such time to surrender, yield and deliver peaceably such space in such Fuel Storage Facilities as it may then be using for fuel storage purposes, with all of the Permittee's obligations with respect to the care, maintenance and repair thereof fully performed, ordinary wear and tear and acts of God excepted.

## SPECIAL ENDORSEMENTS

Except as otherwise provided with respect to commingled aviation fuel, the Permittee agrees to promptly remove from the Fuel Storage Facilities upon such expiration, revocation or other termination of this Permit, all aviation fuel which it may have stored therein. With respect to any aviation fuel of the Permittee which has been commingled with aviation fuel owned by others, as provided in this Permit, the Permittee agrees, upon such expiration, revocation or other termination of this Permit, to either (a) promptly remove its share of the commingled fuel, in accordance with the directions of the Contractor, or (b) promptly sell or transfer its share of the commingled fuel to one or more Fuel Storage Permittees at the Airport.

WHEREAS, the Master Lease provides for the issuance of fuel storage permits (as therein defined) to fuel storage permittees (as therein defined) to effectuate the provisions of the Master Lease with respect thereto; and

WHEREAS, the Airline is a fuel storage permittee of the Port Authority; and

WHEREAS, the Master Lease contemplates and the fuel storage permit provides that each fuel storage permittee enter into an agreement with the operator of the System covering the various procedures, terms and provisions to effectuate the basic arrangements under the Master Lease; and

WHEREAS, Allied, pursuant to its designation as operator of the System by the Port Authority, has agreed to furnish services to the Airline on the terms and provisions hereof;

IT IS AGREED:

#### ARTICLE 1

##### Definitions

The following terms shall have the respective meanings given below when used in this Agreement, unless the context clearly indicates a different meaning:

101. The term "Master Lease" shall mean the several indentures of lease of various dates between the Port Authority and several of the airlines engaged in air transportation service at the Airport, all of which are uniform as to provisions of Sections 17, 18, 19, 20 and Schedule D thereof for the receipt, storage and distribution of avia-

tion fuel, as the same have been or may be amended or supplemented; and the term "Master Lessees" shall mean those Airlines which are parties to the Master Lease.

102. The term "aviation fuel" shall mean aviation turbine fuel and any other fuel now or hereafter used in the propulsion of aircraft.

103. The term "bonded aviation fuel" shall mean aviation fuel imported by the Airline or its Supplier (as defined in paragraph 104) under U.S. Customs Warehouse Bond, and as to which the Airline or its Supplier has delivered to Allied a document setting forth the information specified in paragraph 205.

104. The term "Supplier" shall mean any person, firm or corporation which, on the date in question, has an agreement in effect for the supply of aviation fuel to the Airline at the Airport.

105. The term "Pipeline" shall mean the pipeline operated by Buckeye Pipe Line Company which is used to deliver aviation fuel to the Airport.

106. The term "Permittee" shall mean any person, firm or corporation for whom there is in effect a fuel storage permit at the Airport issued by the Port Authority.

ARTICLE 2

Services

201. The following services with respect to the commercial aircraft of the Airline shall be furnished by Allied to the Airline subject to and in the manner provided in this Article:

(a) accept delivery of aviation fuel delivered by or on behalf of the Airline for use by it at the Airport;

(b) monitor the delivery of such aviation fuel into, and while in, the storage tanks of the System for the account of the Airline;

(c) transfer aviation fuel (including aviation fuel taken into storage by another Permittee for the account of the Airline) from the storage tanks of the System through the transfer pipes of the System to the fixed underground hydrants and from such hydrants through hydrant carts into the aircraft of the Airline or deliver such aviation fuel by refueling tenders into aircraft of the Airline, pursuant to requisitions given to Allied by duly authorized employees or agents of the Airline; and

(d) defuel aircraft of the Airline, pursuant to requisitions given to Allied by duly authorized employees or agents of the Airline.

202. The Airline hereby appoints Allied as its agent to accept delivery on its behalf of aviation fuel delivered to the Airport by the Airline or by its Supplier. Allied's authority and responsibility in such respect shall be limited to (a) accepting only such deliveries of aviation fuel of which Allied has been notified in advance in writing

by the Airline or the Supplier, through its duly authorized officers, employees or agents, and (b) checking each delivery of aviation fuel for quantity and, as set forth in paragraph 203, examining each delivery of aviation fuel. The Airline shall accept Allied's determination of the quantity of any delivery, except in the case of fraud, gross negligence or willful misconduct by Allied. Allied shall acknowledge receipt of the aviation fuel so delivered and, after each such delivery, shall forward no later than the next following working day to the Airline, and to its Supplier upon request of the Airline, a copy of the receipt for the aviation fuel so delivered. By reason of accepting delivery of aviation fuel and acting as agent of the Airline as set forth above, Allied shall not be responsible in any way or incur any liability whatsoever to the Airline or any Supplier or transporter for any charges or for payment for such aviation fuel and the Airline shall indemnify Allied and the Port Authority and hold each of them harmless from and against any and all claims, liabilities, damages, losses, and judgments, including costs and expenses incidental thereto, which may be suffered by, accrue against, be charged to, or recoverable from them, by reason of any claim for payment by the Supplier or transporter for aviation fuel delivered for the account of the Airline. Notwithstanding any provision of this Agreement to the contrary, the Airline shall not be required to indemnify Allied or to hold Allied harmless for any claim of non-payment by a supplier or

transporter if Allied has received aviation fuel but has failed to credit such aviation fuel to the account of the Airline.

203. At the time of each delivery of aviation fuel, Allied shall perform (and make a record thereof) simple visual tests and a millipore test to ascertain the correct grades of aviation fuel delivered to it regardless of any delivery ticket or loading certificate (or similar document), including the bright and clear test, the color test, and the specific gravity test and such other tests as may be required under then current standard industry practice. Allied shall reject any aviation fuel which fails to meet such tests. All aviation fuel meeting such tests shall be taken into storage, at which time Allied shall send a sample to an independent testing laboratory which shall perform the "8-point test" (as defined in Exhibit 1 hereto). Allied shall not deliver into aircraft or commingle with other aviation fuel any aviation fuel delivered by or on behalf of the Airline until Allied has received advice from the independent testing laboratory that the aviation fuel has met the "8-point test." Except to the extent of making the aforesaid tests, Allied shall have no responsibility whatsoever for the quality of the aviation fuel delivered by or on behalf of the Airline. The Airline shall indemnify Allied and the Port Authority and hold each of them harmless from and against any and all claims, liabilities, damages, losses, and judgments, including costs and expenses inci-

dental thereto, which may be suffered by, accrue against, be charged to, or recoverable from either of them, by reason of Allied's rejection of any aviation fuel delivered by or on behalf of the Airline, provided, but only as to Allied, that in so rejecting such fuel Allied shall have acted with reasonable care and in accordance with its obligations hereunder.

204. Delivery of aviation fuel shall normally be made through the Pipeline and otherwise in the manner permitted by the Master Lease and Allied shall promptly accept and report the delivery of the same. Deliveries of aviation fuel through the Pipeline shall be measured by a receipt meter at the Pipeline Receiving Station. Receipts of aviation fuel by other than Pipeline shall be measured in accordance with standard industry practices.

205. At the time of, or prior to, each delivery, the Airline or its Supplier shall deliver to Allied at the Airport its delivery ticket or loading certificate (or similar document) which shall specify (i) the kind and grade of such aviation fuel, (ii) the quantity thereof contained in the shipment being delivered to Allied, and (iii) which shall state that if such aviation fuel is bonded aviation fuel that it is bonded aviation fuel.

206. If any of the aviation fuel delivered by or on behalf of the Airline, including bonded aviation fuel, is contaminated, fails to meet the "8-point test" or otherwise

is unfit for aviation use (hereinafter referred to as "condemned aviation fuel"), Allied shall cause the same to be separately stored. If the condemned aviation fuel becomes such because of the negligence or willful misconduct of Allied, its agents or employees, it shall be removed by Allied at its expense from time to time so that it shall not interfere with the storage of any uncondemned aviation fuel. If the responsibility for the condemned aviation fuel is not so chargeable to Allied, then it shall be removed or made usable by the Airline or its Supplier within 72 hours of notice of verification of its condemnation. If not so removed or made usable, then Allied may remove the same, the expense of such removal to be paid by the Airline. If any of the aviation fuel delivered by or on behalf of the Airline is condemned aviation fuel when delivered, and by reason thereof any other aviation fuel with which it has been commingled has become condemned aviation fuel, the Airline, (a) within 72 hours of notice of verification thereof, shall remove, or cause its Supplier to remove, all such aviation fuel which has become condemned aviation fuel, and upon its failure to do so within such time, Allied may remove the same, the expense of such removal to be paid by the Airline, and (b) shall replace all aviation fuel which has become condemned aviation fuel, provided, however, that if the responsibility for the condemned aviation fuel shall be chargeable to Allied as hereinabove set forth, it shall be removed by Allied at its expense and Allied shall replace all such condemned aviation fuel at its expense. A party

charged with responsibility for condemned aviation fuel shall also be responsible for the expense of cleaning the storage tanks and replacing filter elements that have been contaminated by the condemned aviation fuel, if such cleaning or replacement are necessary; provided, however, that the expense of replacing any filter element shall be apportioned based upon the amount of time or usage preceding the event of contamination and the filter element's total useful life. When any condemned aviation fuel has been made usable by the Airline or its Supplier, the Airline shall furnish, or cause its Supplier to furnish, to Allied a document similar to that provided for in paragraph 205. The statements referred to in paragraph 306 shall reflect any adjustment made necessary by any withdrawal and subsequent redelivery of condemned aviation fuel made usable by the Airline or its Supplier.

207. Allied shall retain records relating to the visual tests referred to in paragraph 203 and the "8-point test" for at least 6 months after the performance of such tests.

208. The Airline shall notify Allied, in writing, as of the date hereof, and from time to time, of the name or names of its Suppliers, and of the kinds and grades of aviation fuel to be delivered by it or on its behalf, and Allied shall be entitled to rely thereon until notified, in writing, to the contrary.

### ARTICLE 3

#### Reports by Allied

301. Promptly after each delivery to it of aviation fuel, Allied shall complete or cause to be completed a receipt showing the date and time of such delivery, the quantity of such delivery, and the grade and source of the aviation fuel delivered. Such receipt shall be in such form as shall be prepared by Allied and shall be provided by Allied.

302. Allied shall accurately meter the amount of all aviation fuel delivered into aircraft of the Airline. Promptly after each such delivery by Allied, Allied shall complete, and have signed by an authorized employee of the Airline, a dispensing ticket showing the grade and quantity of aviation fuel delivered, the date so delivered, the number of the aircraft and the flight number. The dispensing ticket shall be in such form as shall be prepared by Allied and shall be provided by Allied. Allied shall forward to the Airline copies of the dispensing ticket, normally on the next succeeding day but never later than five days after delivery is made. All meters will have imprint capability and imprint tickets will be used to record all transactions.

303. Promptly after each defueling, Allied shall complete and obtain a defueling ticket signed by an authorized employee of the Airline, showing the quantity, as

determined by Allied, and the grade, as asserted by the Airline, of the aviation fuel so defueled. The defueling ticket shall be in the same form as the dispensing ticket, except that when used as a defueling ticket the same shall be indicated by prominent marking. Allied shall forward to the Airline copies of each defueling ticket, normally on the next succeeding day but never later than five days after each defueling.

304. Allied shall transfer defueled aviation fuel into a truck or trucks which at the time such defueling commences shall either be empty or shall contain only aviation fuel which Allied has not been notified to segregate. Allied shall deliver such defueled fuel into an aircraft of the Airline as soon thereafter as is possible contingent on the Airline's operating requirements, provided in each case that (i) delivery is made within 24 hours after such defueling, and (ii) the grade of such defueled aviation fuel, as asserted, at the time of defueling, by the Airline, is the same grade as that specified in the requisitions given to Allied for the into-plane delivery of aviation fuel into such aircraft. If such delivery is not so made within such 24 hours, Allied shall at the expense and upon instructions of the Airline dispose of such defueled aviation fuel, and shall obtain and deliver to the Airline a receipt therefor. Such disposal may, under appropriate conditions, include delivery of such fuel into storage.

305. If Allied delivers into aircraft of the Airline aviation fuel in excess of the amount specified in the requisition given to Allied pursuant to paragraph 201(c), Allied shall defuel the amount of such excess from such aircraft without charge to the Airline.

306. As of the last day of each month, Allied shall furnish to the Airline a statement, on such forms as shall be prepared by Allied, prepared as of the last day of each month, showing with respect to each grade of aviation fuel, separately stated for bonded and non-bonded aviation fuel, (i) the monthly opening inventory held for the account of the Airline, which shall be the same as the monthly actual closing inventory (as hereinafter defined) for the preceding month, (ii) the aggregate quantity shown on the delivery tickets with respect to all deliveries received from the Airline or its Suppliers by Allied during such month for storage under the Airline's fuel storage permit, (iii) the aggregate quantity of aviation fuel transferred to the Airline at the Airport by other Permittees during such month, (iv) the aggregate quantity of aviation fuel defueled from aircraft of the Airline, (v) the aggregate quantity shown on the dispensing tickets with respect to all into-plane deliveries made by Allied during such month into aircraft of the Airline, (vi) the aggregate quantity of defueled aviation fuel disposed of, (vii) the aggregate quantity of sumping and other authorized withdrawals from inventory, and (viii) the book balance, i.e., the difference between the

sum of items (i), (ii), (iii) and (iv), less the sum of items (v), (vi) and (vii) (herein referred to as the "monthly closing book inventory"). The statement shall also show (ix) the "monthly actual closing inventory," which shall mean the actual quantity of aviation fuel of the Airline held for the account of the Airline in the System and tenders or refueling vehicles on the last day of the month, plus or minus, as the case may be, the Airline's share of the actual gains or losses of the respective grade of aviation fuel, which shall be determined as follows: the actual gain or loss shall be the difference between (A) the aggregate of the monthly closing book inventory of such grade of all Permittees and (B) the actual quantity of such grade in the System, tenders and refueling vehicles on the last day of the month, determined by actual measurement, and the Airline's share of such actual gain or loss shall be the amount which bears the same proportion to the actual gain or loss as the number of gallons of such grade of aviation fuel delivered by Allied into aircraft of the Airline during the month bears to the aggregate number of gallons of such grade delivered by Allied into aircraft of all Permittees and their customers during such month. If the Airline's share of any actual loss as shown on such statement for any month is equal to or exceeds 1/4 of 1% of the volume of aviation fuel delivered by Allied into aircraft of the Airline during such month, Allied shall furnish a written explanation of the reasons therefor.

307. Allied shall be required to have available for delivery to the Airline the quantity of each grade of aviation fuel delivered to Allied by or on behalf of the Airline and taken into storage under the Airline's fuel storage permit, less or plus actual net losses incurred or gains experienced, respectively, as determined in the manner provided in paragraph 306. Neither Allied nor the Port Authority shall be responsible for shortages or losses of aviation fuel except, as to Allied, as to losses covered by the insurance carried by Allied pursuant to paragraph 1103 hereof.

#### ARTICLE 4

##### Method of Operation

401. All Allied's obligations hereunder shall be subject to (a) the capacity and physical limitations of the System, and (b) the impairment or interruption of service caused by or due to fire, earthquake, flood, lightning, windstorm, power shortages, labor disputes, war (whether declared or undeclared), riot, embargoes, delays, losses or damages in transportation, regulations, rulings or requests of any governmental agency now existing or hereafter in effect (not involving a breach of Allied's obligations under this Agreement), acts of God, or any other cause beyond the control of Allied, whether or not of the nature or character hereinbefore specifically enumerated. Subject to the foregoing, Allied shall (a) furnish good, prompt and efficient

service, (b) furnish service on a fair, equal and nondiscriminatory basis to all Permittees, (c) keep open for business 24 hours a day, 7 days a week, and (d) conduct its operations at the Airport consistent with Sections 17, 18, 19, 20 and Schedule D of the Master Lease and in accordance with generally accepted practices of the industry.

402. Allied shall maintain such accounting records and such measuring and/or metering devices and procedures as will accurately show receipts of products, deliveries, and quantities on hand for each grade of bonded and non-bonded aviation fuel for the Airline and shall make the same available for inspection by the Airline at any time during regular business hours. Allied shall cooperate with the Airline, its Suppliers, other Permittees, and with United States Customs officers in the taking of a physical inventory of bonded aviation fuel in the manner described in paragraph 306, if permissible under United States Customs regulations, or if not so permissible, at midnight on December 31 in each year, and shall make its records readily available to the Airline and its Suppliers, and to United States Customs officers during such stock audits for ready determination of all transactions respecting bonded aviation fuel delivered by or on behalf of the Airline. As of the last day of each month or as of midnight on December 31 in each year, as the case may be, Allied shall prepare and submit to the Airline and its Supplier a statement of losses or gains of each grade of bonded aviation fuel for the

preceding month or 12 months, as the case may be, to provide the information required to be furnished to United States Customs. Losses or gains of each grade of bonded aviation fuel shall be allocated in such statement among the Permittees in the proportion thereof which, for the month or the year in question, the number of gallons of such grade of bonded aviation fuel delivered into aircraft of each Permittee and its customers during such month or year bears to the total number of gallons of such grade of bonded aviation fuel delivered into aircraft of all Permittees and their customers during such month or year.

403. In performing its obligations herein, Allied shall comply with (a) all applicable orders, rules, regulations and requirements of the Port Authority, and (b) all applicable laws, orders, rules, regulations and requirements of federal, state and local governments and departments, agencies and bureaus thereof ("governmental requirements"); but if Allied contests the amount or validity, in whole or in part, of any such governmental requirement by appropriate proceedings, the Airline shall not be entitled to assert any breach of this provision unless Allied shall have failed to comply with such governmental requirement after a determination with respect thereto shall have become final and the time to appeal therefrom has expired. Allied shall maintain in full force and effect throughout the period of this Agreement all licenses, permits, permissions, certificates

and any other evidence of authority necessary to permit it lawfully to perform its obligations hereunder.

404. Once each day, at approximately the same time, Allied shall measure the quantity, by grade, of the Airline's aviation fuel in the storage tanks and tenders and refueling vehicles, but excluding line displacements, and shall keep accurate records of the same. Upon the Airline's request, Allied shall inform it of the amount of such fuel so measured. Allied shall notify the Airline, at least 48 hours in advance of the time when, in its opinion, additional deliveries of aviation fuel are required, and shall assist the Airline in scheduling deliveries.

405. A committee (the "Airline Fuel Committee"), consisting of one representative of each of the Master Lessees and one representative from the airlines listed on Schedule D to the Master Lease who are not Master Lessees, shall be established to consult regularly with Allied concerning the performance of services pursuant to this Agreement and the general operating procedures under which services will be performed.

## ARTICLE 5

### Commingling of Aviation Fuel

501. Until such time as delivery is made into aircraft, the aviation fuel, the delivery of which is accepted by Allied at the Airport, shall at all times be and remain the property of the Permittee for whose account such aviation fuel is taken into storage under its fuel storage permit, unless such aviation fuel is transferred to another Permittee pursuant to Article 7 hereof. Allied shall not be required to accept for storage at any one time quantities in excess of the amount the Airline is entitled to store under its Master Lease or fuel storage permit, as the case may be, for the Airline's particular grade of aviation fuel.

502. In the storage tanks of the System, aviation fuel of the same specifications may be delivered for the account of two or more Permittees, and such aviation fuel accepted for storage may be commingled, except that bonded aviation fuel shall not be commingled with aviation fuel which is not bonded aviation fuel. No Permittee shall have the right to require separation of products by brand, but shall have the right to require separation by specification and Allied shall be obliged to provide separation by specifications subject to the terms of the Master Lease. No consequences attributable to the foregoing provisions with respect to commingling or non-commingling shall constitute a breach by Allied of this Agreement, and Allied shall not

be liable to any Permittee for, or with respect to, any such consequence, except where attributable to Allied's negligence.

503. No airline, including the Airline, shall be entitled to have delivered into its aircraft aviation fuel in an amount greater than that stored in the System under its fuel storage permit or for its account under the fuel storage permit or permits of its Supplier or Suppliers, unless another Permittee agrees to supply the required aviation fuel.

#### ARTICLE 6

##### Quality of Aviation Fuel

601. The Airline represents and warrants to Allied, or shall cause its Supplier to represent and warrant directly to Allied, that all aviation fuel delivered by it or its Supplier to Allied shall be of the kind and grade represented upon any delivery ticket or loading certificate (or similar document) delivered to Allied at, or before, the time of delivery, and shall meet ASTM specification D1655, latest revision, for Jet A or Jet A1 Fuel, and that all such fuel at the time of delivery will be uncontaminated as to purity as fuel and will be uncommingled with any other kind or grade of fuel. Such representations and warranties shall not relieve Allied of its obligations under paragraph 203 with regard to the testing of fuel upon delivery, nor of its

obligations under paragraph 206 with regard to the handling of contaminated fuel.

#### ARTICLE 7

##### Transfers of Aviation Fuel

701. The Airline shall promptly notify Allied of all aviation fuel received in the fuel storage tanks of the System by another Permittee which, after such receipt, is transferred to the Airline for storage by it in an exchange between them.

#### ARTICLE 8

##### Airline's Right of Removal of Aviation Fuel

801. At the Airline's expense and without liability to Allied, at any time during the term of this Agreement the Airline may remove all or any part, and within a period of 10 days after its termination the Airline shall remove all, of such quantity of aviation fuel of its particular grade as is in storage under its fuel storage permit subject to the provisions of this Agreement, provided, however, that in the event the Airline's aviation fuel has been commingled with aviation fuel owned by others, the Airline, upon the termination of this Agreement, shall either (i) promptly remove its share of such commingled aviation fuel in accordance with Allied's directions, or (ii) promptly sell or transfer

its share of commingled fuel to one or more of the Permittees.

#### ARTICLE 9

##### Independent Contractor

901. In performing all of its obligations hereunder, Allied shall act as an independent contractor.

#### ARTICLE 10

##### Cooperation

1001. The Airline shall cooperate with Allied in every way possible and shall give Allied reasonable advance notice of its requirements, changes in its schedules, types of aircraft to be flown, extra sections and delays in plane arrivals and departures to the extent that these items affect fuel demands and are pertinent to Allied's services under this Agreement.

#### ARTICLE 11

##### Insurance and Indemnity

1101. Allied shall maintain in effect at all times during the term of this Agreement (and shall name the Airline as an additional insured on the insurance described in items II and III below) the following described insurance

covering it and its operations and activities under this Agreement in not less than the respective amounts set forth below and shall furnish the Airline with certificates of insurance certifying that such insurance is in full force and effect and that the insurer will notify the Airline 30 days prior to any cancellation or change.

1102. Allied further agrees, subject to the provisos hereinafter set forth in this paragraph 1102, to indemnify, defend and hold harmless the Airline from and against any and all claims, liabilities, damages, losses, and judgments, including costs and expenses incident thereto, which may be suffered by, accrue against, be charged to, or recoverable from the Airline by reason of loss of or damage to property, or by reason of injury to or death of any persons, arising out of or in any way connected with the furnishing of any of the services herein provided for by Allied under this Agreement and caused by the negligence of Allied, its agents, officers, employees, or subcontractors, provided that, notwithstanding anything to the contrary contained herein, Allied shall not be liable in any event for mail fines or for loss, damage or expense caused by or arising in connection with delay to scheduled or non-scheduled arrivals or departures of aircraft, cargo, or passengers, or for loss of full or partial use and occupancy of any aircraft or facilities. Allied will insure its liability under this paragraph 1102 as part of the insurance provided for in paragraph 1101.

1103. During the term of this Agreement, Allied shall maintain

(a) to the extent of the replacement value thereof, on all aviation fuel stored hereunder on behalf of the Airline, from the

time such fuel is accepted on delivery until it is transferred into the Airline's aircraft hereunder, physical loss or damage insurance on an all-risk basis except for the perils of (i) delay, deterioration, inherent vice and/or loss of market, (ii) mysterious disappearance or unexplained shortages disclosed by the taking of inventory, (iii) hostile or warlike action in time of peace or war, (iv) infidelity or dishonesty of any employee of Allied, (v) nuclear explosion and radiation contamination, (vi) loss or damage caused by or resulting from the explosion or rupture or bursting of pressure vessels or pipes (however, explosion, rupture or bursting of oil transfer lines and associated piping and equipment to and from storage tanks and facilities are covered), or steam boilers, or steam pipes, or steam turbines, or steam engines, or flywheels, owned or operated by Allied, or mechanical or machinery breakdown, and (vii) other perils customarily excluded from such insurance; and

(b) fidelity insurance, to the extent of \$100,000 per employee, plus \$900,000 per occurrence;

such insurance under subparagraph (a) above to be written in the names of, and payable to, Allied and the Airline, as their respective interests may appear. At the Airline's request, Allied shall furnish the Airline with certificates of insurance certifying that such insurance is in full force and effect and that the insurer will notify the Airline 30 days prior to any cancellation or change.

1302. If either Allied's designation as the operator of the System or the Airline's fuel storage permit is terminated, this Agreement shall terminate automatically and simultaneously therewith.

## ARTICLE 14

### Uniform Form of Agreement

1401. It is intended that the form of agreement between Allied and all Permittees shall be uniform in all material respects. Neither Allied nor the Airline shall execute a material amendment to this Agreement unless the same amendment is offered for execution by Allied and all other Permittees.

provided, however, that it may be revoked on twenty-four (24) hours' notice by the Port Authority if the Permittee shall fail to keep, perform and observe each and every promise, agreement, condition, term and provision contained in this Permit, including but not limited to the obligation to pay fees. Unless sooner revoked or terminated, such permission shall expire in any event upon the expiration date hereinbefore set forth.

(c) In the event the Port Authority exercises its right to revoke this Permit for any reason other than "without cause", the Permittee shall be obligated to pay to the Port Authority an amount equal to all costs and expenses reasonably incurred by the Port Authority in connection with such revocation, including without limitation any and all personnel and legal costs (including but not limited to the cost to the Port Authority of in-house legal services) and disbursements incurred by it arising out of, relating to, or in connection with the enforcement or revocation of this Permit including, without limitation, legal proceedings initiated by the Port Authority to exercise its revocation rights and to collect all amounts due and owing to the Port Authority under this Permit.

(ii) In the event the Port Authority exercises its right to revoke this Permit, as aforesaid, it shall do so by twenty-four (24) hours' written notice to the Permittee, effective as of the time specified in the notice. The exercise by the Port Authority of its right of suspension shall not waive or affect or be deemed to waive or affect the right of revocation.

(iii) Prior to the exercise of the right of suspension by the Port Authority, it shall give the Permittee notice thereof, which notice may be oral. The Permittee shall not perform its operations authorized by this Permit during the period of the suspension. The period of suspension shall end not more than twenty-four (24) hours after the cause thereof has ceased or been cured and the Permittee shall notify the Port Authority of such cessation or cure.

No exercise by the Port Authority of its rights granted to it in paragraph (e) of this Section shall be deemed to be a waiver of any other rights of revocation contained in this Permit or a waiver of any other rights or remedies which may be available to the Port Authority under this Permit or otherwise.

(f) No revocation or termination of the permission hereunder shall relieve the Permittee of any liabilities or obligations hereunder which shall have accrued on or prior to the effective date of revocation or termination.

(g) No exercise by the Port Authority of any right of revocation granted to it in this Section shall be deemed to be a waiver of any other rights of revocation contained in this Section or elsewhere in this Permit or a waiver of any other rights or remedies which may be available to the Port Authority under this Permit or otherwise.

In the event of the issuance of this Permit to more than one individual or other legal entity (or to any combination thereof), then and in that event each and every obligation or undertaking herein stated to be fulfilled or performed

by the Permittee shall be the joint and several obligation of each such individual or other legal entity.

(b) No greater rights or privileges are hereby granted to the Permittee than the Port Authority has power to grant under the Basic Lease.

(c) Neither this Permit nor anything contained herein, shall be deemed to grant any rights in the Permittee to use and occupy any land, building space or other area at the Airport or shall be deemed to have created any obligation on the part of the Port Authority to provide any such land, space or area to the Permittee.

(d) Neither the execution and delivery of this Permit nor any act done pursuant thereto shall create between any terminal operator, lessee or other occupant of land at the Airport including but not limited to the Permittee, on one hand, and the Port Authority on the other hand the relationship of bailor and bailee, or any other relationship or any legal status which would impose upon the Port Authority with respect to any personal property, such as but not limited to, aircraft cargo or baggage, owned and/or handled by the Permittee any duty or obligation whatsoever. The Permittee expressly agrees that the Port Authority shall have no liability with respect to any aircraft cargo or baggage or any other property of the Permittee or of any other Person left anywhere on the Airport.

(e) This Permit does not constitute the Permittee the agent or representative of the Port Authority for any purpose whatsoever.

(f) Nothing contained in this Permit shall constitute permission to the Permittee to park or store equipment or personal property at any location or area at the Airport.

(g) The Permittee shall have no right hereunder to carry on any business or operation at the Airport other than that specifically provided herein. Without limiting the generality of the foregoing and notwithstanding anything else in this Permit to the contrary, the Permittee is expressly prohibited hereunder from performing ground transportation, fueling of aircraft and the selling and delivery of in-flight meals.

(h) It is understood that any and all privileges granted hereunder to the Permittee are non-exclusive and shall not be construed to prevent or limit the granting of similar privileges at the Airport to another or others, whether by this form of permit or otherwise, and neither the granting to others of rights and privileges granted hereunder nor the existence of agreements by which similar rights and privileges have been previously granted to others shall constitute a violation or breach of the permission herein granted.

(i) The Permittee, its employees, invitees and others doing business with it shall have no right hereunder to park vehicles within the Airport.

(j) The words "permission" and "privilege" are used interchangeably in this Permit, and except where expressly provided to the contrary, shall mean the privileges granted by this Permit.

4. Fees:

(a) (i) The Permittee agrees to pay to the Port Authority, at the times set forth in and in accordance with paragraph (a)(ii) below, a percentage fee (the "*Basic Percentage Fee*") equal to five percent (5%) (as the same may be increased pursuant to paragraph (k) below) of Gross Receipts.

(ii) Gross Receipts shall be reported and the Basic Percentage Fee shall be paid to the Port Authority by the Permittee as follows: On or before the twentieth (20th) day of the first month following the month in which the Effective Date falls and on the twentieth (20th) day of each and every calendar month thereafter during the period that this Permit is in effect and including the calendar month in which this Permit ceases to be in effect, the Permittee shall render to the Port Authority a monthly statement sworn to by a responsible executive or fiscal officer of the Permittee showing all of the Gross Receipts for the preceding month. Each of the said statements shall also show the cumulative Gross Receipts from the Effective Date (or the most recent anniversary thereof) through the last day of the preceding month. At the same time each of the said statements is rendered to the Port Authority, the Permittee shall pay to the Port Authority an amount equal to five percent (5%) applied to the Gross Receipts for the preceding calendar month. In addition to the foregoing, on the twentieth (20th) day of the first month following each anniversary of the Effective Date the Permittee shall submit to the Port Authority a statement setting forth the cumulative totals of the Gross Receipts for the entire preceding twelve (12) month period certified, at the Permittee's expense, by a certified public accountant. In addition to the foregoing, within twenty (20) days after the expiration, termination, revocation or cancellation of this Permit, the Permittee shall render to the Port Authority a sworn statement certified, at the Permittee's expense, by a certified public accountant of all Gross Receipts during the period from the last preceding anniversary of the Effective Date up to and including the last day this Permit shall be in effect and the Permittee shall, at the time of rendering such statement to the Port Authority, pay the Basic Percentage Fee due and unpaid as of the last day this Permit shall be in effect.

(b) All statements to be submitted to the Port Authority pursuant to this Section and all payments made under this Permit shall be sent to the following address:

THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY  
P.O. BOX 95000-1517

Bank ABA number: [REDACTED]  
Account number: [REDACTED]

or to such other address as may hereafter be substituted therefor by the Port Authority, from time to time, by notice to the Permittee.

(c) There shall be excluded from Gross Receipts any sum paid or payable to the Permittee for the following, provided said sum is separately stated to and paid by the customer:

(i) handicapped services;

- (ii) security services;
- (iii) lost and found baggage services;
- (iv) snow removal services;
- (v) ground transportation of employees; and
- (vi) building janitorial and maintenance services,

provided further, however, the Permittee acknowledges and agrees that the Port Authority does and shall continue to have the right at any time and from time to time to withdraw the foregoing exclusions from Gross Receipts, in whole or in part, or to establish a separate fee for each such service, which may be a percentage fee other than five percent (5%), upon sixty (60) days' prior written notice to the Permittee. Notwithstanding the foregoing, any fee established must be agreed to by the Permittee and the Port Authority and must be reflected in a supplement to this Permit to be prepared by the Port Authority and executed by the parties hereto.

(d) In the event the Permittee shall be permitted hereunder to provide Gateside Aircraft Maintenance or Routine and Non-routine Aircraft Maintenance services, there shall be excluded from Gross Receipts any sum paid or payable to the Permittee:

(i) which arise solely from the resale to a customer of aircraft parts and supplies purchased by the Permittee from a third party, provided, however, that there shall be included in Gross Receipts monies paid or payable to the Permittee which arise from the sale of such aircraft parts and supplies to which the Permittee has provided labor for fabrication, refinishing or assembly to the extent of the reasonable value of the labor provided by the Permittee;

(ii) which arise solely from the use of equipment rented by the Permittee from a third party which monies are separately stated to and paid by the customer, limited, however, to the amounts actually paid by the Permittee to the third party for such rental of equipment; and

(iii) which arise solely from the loan or rental by the Permittee of aircraft parts, whether or not owned by the Permittee, which monies are separately stated to and paid by a customer and where said loan or rental of any such aircraft part is for a period of less than twelve (12) consecutive calendar days, it being understood that such monies paid or payable to the Permittee for the loan or rental may include monies for labor provided by the Permittee for installation, refurbishment of returned parts or administrative handling which is directly related to said loan or rental provided, however, all monies paid or payable to the Permittee which arise solely from the loan or rental by the Permittee of aircraft parts, whether or not owned by the Permittee, for twelve (12) or more consecutive calendar days (including but not limited to monies for labor provided by the Permittee for installation, refurbishment of returned parts or administrative handling which is directly related to said lease or rental) shall be included in Gross Receipts from the first day of the loan or rental period, as the case may be.

(e) If and to the extent the full fair market value of any sale, service or other item provided by the Permittee is not charged to or payable by the customer, then the fair market value thereof as determined by the Port Authority shall be included in Gross Receipts.

(f) Without limiting any other provisions of this Permit regarding Gross Receipts, in those instances where the Permittee provides any services or goods along with other services and goods to the same Person (including without limitation those instances where a service is part of or is included within a group of other services and rendered for a single price, and where a service is performed by the Permittee pursuant to agreement for the exchange of services or goods) the Permittee agrees that the value ascribed to the performance of such service by the Permittee shall be the fair and reasonable value thereof as determined by the Port Authority.

(g) Without limiting the requirement for Port Authority approval, if the Permittee conducts any privilege or any portion thereof through the use of a contractor or other third party which is not a Port Authority permittee and where the payments for any of the foregoing are made to such contractor rather than to the Permittee, said payments shall be deemed amounts, monies, revenues, receipts and income paid or payable to the Permittee for purposes of determining the Permittee's Gross Receipts, provided, however, that the foregoing shall not grant or be deemed to grant any right or permission to the Permittee to use an independent contractor or other third party to perform any privilege or portion thereof or the doing of anything hereunder by an independent contractor or other third party.

(h) Notwithstanding that the fee hereunder is measured by a percentage of Gross Receipts, no joint venture or partnership relationship between the parties hereto is created by this Permit.

(i) To the extent that the Permittee has not already done so at the time of execution of this Permit and without limiting the generality of any other term or provision hereof, the Permittee agrees to submit monthly statements of Gross Receipts as provided in this Section and to pay, at the time of execution and delivery of this Permit to the Port Authority, all fees and other amounts due under this Permit for the period from the Effective Date to the time of execution and delivery of this Permit by the Permittee.

(j) Without limiting any other provision of this Permit, it is hereby specifically understood that the failure to set forth all the classes of Persons, all of the locations served or all of the types of services or activities performed by the Permittee in its exercise of the privileges granted hereunder as of the Effective Date, or the failure to, by appropriate supplement, revise this Permit to reflect any additional classes of Persons, locations served, or services or activities performed by the Permittee subsequent to said Effective Date, shall not affect the inclusion in Gross Receipts hereunder of the amounts, monies, revenues, receipts and income received or receivable by the Permittee in its operations, and the same shall be so included. The foregoing shall not constitute Port Authority consent or be deemed to imply that the necessary Port Authority consent (to be reflected in a supplement to the Permit) with respect to such additional classes of Persons, locations, services or activities will be given.

(k) The Basic Percentage Fee and any other fees payable under this Permit shall be subject to increase from time to time upon thirty (30) days' notice from the Port Authority to the Permittee, given by the General Manager of the Airport or such other representative as the Port Authority may substitute from time to time by notice to the Permittee, and upon the effective date of the increase set forth in such notice the fees payable by the Permittee under this Permit shall be as set forth in said notice. In the event within ten (10) days after the Permittee receives such notice from the Port Authority, the Permittee notifies the Port Authority that the Permittee does not wish to pay the increased fees, this Permit and the permission granted hereunder shall

be, and shall be deemed to be, cancelled effective at the close of business on the day preceding the effective date of the increase, as set forth in the Port Authority's notice to the Permittee. If the Permittee does not so notify the Port Authority, the increased fees shall become effective on the date set forth in the Port Authority's notice as aforesaid. No cancellation of this Permit and the permission granted thereunder pursuant to this paragraph (k) shall be construed to relieve the Permittee of any obligations or liabilities hereunder which shall have accrued on or before the effective date of such cancellation.

(l) Without limiting any term or provision of this Permit, in the event the Permittee performs (x) any service, other than the Authorized Service at the Airport, or (y) any service (including the Authorized Service) at any other Port Authority facility, whether such performance is the subject of a written agreement by and between the Port Authority and the Permittee, the Permittee hereby agrees that it will pay to the Port Authority any and all fees and/or charges applicable to such service. The Permittee also agrees that, at the request of the Port Authority, it will enter into the appropriate agreement with the Port Authority providing permission for the Permittee to perform such service.

5. Security Deposit:

(a) (i) Provided that an amount is set forth in Item 8 on the first page of this Permit (the "*Required Security Deposit*"), and, provided, further, the amount of said Required Security Deposit is less than \$20,000.00, upon the execution of this Permit by the Permittee and delivery thereof to the Port Authority, the Permittee shall deposit with the Port Authority (and shall keep deposited throughout the effective period of the permission under this Permit) the Required Security Deposit, either in cash, or bonds of the United States of America, or of the State of New Jersey, or of the State of New York, or of the Port Authority of New York and New Jersey, having a market value of that amount, as security for the full, faithful and prompt performance of and compliance with, on the part of the Permittee, all of the terms, provisions, covenants and conditions of this Permit on its part to be fulfilled, kept, performed or observed. Bonds qualifying for deposit hereunder shall be in bearer form but if bonds of that issue were offered only in registered form, then the Permittee may deposit such bonds or bonds in registered form, provided, however, that the Port Authority shall be under no obligation to accept such deposit of a bond in registered form unless such bond has been re-registered in the name of the Port Authority (the expense of such re-registration to be borne by the Permittee) in a manner satisfactory to the Port Authority. The Permittee may request the Port Authority to accept a registered bond in the Permittee's name and if acceptable to the Port Authority the Permittee shall deposit such bond together with an irrevocable bond power (and such other instruments or other documents as the Port Authority may require) in form and substance satisfactory to the Port Authority. In the event the Required Security Deposit is returned to the Permittee, any expenses incurred by the Port Authority in re-registering a bond to the name of the Permittee shall be borne by the Permittee. In addition to any and all other remedies available to it, the Port Authority shall have the right, at its option, at any time and from time to time, with or without notice, to use the Required Security Deposit, or any part thereof, in whole or partial satisfaction of any of its claims or demands against the Permittee. There shall be no obligation on the Port Authority to exercise such right and neither the existence of such right nor the holding of the Required Security Deposit itself shall cure any default or breach of this Permit on the part of the Permittee. With respect to any bonds deposited by the Permittee, the Port Authority shall have the right, in order to satisfy any of its claims or demands against the Permittee, to sell the same in whole or in part, at any time, and from time to time, with or without prior notice at public or private sale, all as determined by the Port Authority, together with the right to purchase the same

at such sale free of all claims, equities or rights of redemption of the Permittee. The Permittee hereby waives all right to participate therein and all right to prior notice or demand of the amount or amounts of the claims or demands of the Port Authority against the Permittee. The proceeds of every such sale shall be applied by the Port Authority first to the costs and expenses of the sale (including but not limited to advertising or commission expenses) and then to the amounts due the Port Authority from the Permittee. Any balance remaining shall be retained in cash toward bringing the Required Security Deposit to the sum specified in Item 8 on the first page of this Permit. In the event that the Port Authority shall at any time or times so use the Required Security Deposit, or any part thereof, or if bonds shall have been deposited and the market value thereof shall have declined below the amount set forth in Item 8 on the first page of this Permit, the Permittee shall, on demand of the Port Authority and within two (2) days thereafter, deposit with the Port Authority additional cash or bonds so as to maintain the Required Security Deposit at all times to the full amount above stated in Item 8 on the first page of this Permit, and such additional deposits shall be subject to all the conditions of this Section. After the expiration or earlier revocation or termination of the effective period of the permission under this Permit, and upon condition that the Permittee shall then be in no wise in default under any part of this Permit, and upon written request therefor by the Permittee, the Port Authority will return the Required Security Deposit to the Permittee less the amount of any and all unpaid claims and demands (including estimated damages) of the Port Authority by reason of any default or breach by the Permittee of this Permit or any part thereof. The Permittee agrees that it will not assign or encumber the Required Security Deposit. The Permittee may collect or receive any interest or income earned on bonds and interest paid on cash deposited in interest-bearing bank accounts, less any part thereof or amount which the Port Authority is or may hereafter be entitled or authorized by law to retain or to charge in connection therewith, whether as or in lieu of an administrative expense, or custodial charge, or otherwise; provided, however, that the Port Authority shall not be obligated by this provision to place or to keep cash deposited hereunder in interest-bearing bank accounts.

(ii) In lieu of the Required Security Deposit made in the form described above in paragraph (a)(i), the Permittee may at any time during the effective period of the permission granted under this Permit offer to deliver to the Port Authority, as security for all obligations of the Permittee under this Permit, a clean irrevocable letter of credit issued by a banking institution satisfactory to the Port Authority and having its main office within the Port of New York District, in favor of the Port Authority in the amount of the Required Security Deposit. The form and terms of such letter of credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Such letter of credit shall provide that it shall continue throughout the effective period of the permission granted under this Permit and for a period of not less than six (6) months thereafter; such continuance may be by provision for automatic renewal or by substitution of a subsequent satisfactory letter. Upon notice of cancellation of a letter of credit, the Permittee agrees that unless, by a date twenty (20) days prior to the effective date of cancellation, the letter of credit is replaced by security in accordance with paragraph (a)(i) of this Section or another letter of credit satisfactory to the Port Authority, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security under paragraph (a)(i) of this Section. Failure to provide such a letter of credit at any time during the effective period of the permission granted under this Permit, valid and available to the Port Authority, including any failure of any banking institution issuing any such letter of credit previously accepted by the Port Authority to make one or more payments as may be provided in such letter of credit, shall be deemed to be a breach of this Permit on the part of the Permittee. Upon acceptance of such letter of credit by the Port Authority, and upon request by the Permittee made thereafter, the Port Authority will return the

Required Security Deposit, if any, theretofore made under and in accordance with the provisions of paragraph (a)(i) of this Section. The Permittee shall have the same rights to receive such Required Security Deposit during the existence of a valid letter of credit as it would have to receive such sum upon expiration of the effective period of the permission granted under this Permit and fulfillment of the obligations of the Permittee hereunder. If the Port Authority shall make any drawing under a letter of credit held by the Port Authority hereunder, the Permittee on demand of the Port Authority and within two (2) days thereafter, shall bring the letter of credit back up to its full amount.

(b) Provided that a Required Security Deposit amount is set forth in Item 8 on the first page of this Permit, and, provided, further, the amount of said Required Security Deposit is equal to or greater than \$20,000.00, upon the execution of this Permit by the Permittee and delivery thereof to the Port Authority, the Permittee shall deliver to the Port Authority, as security for the full, faithful and prompt performance of and compliance with, on the part of the Permittee, all of the terms, provisions, covenants and conditions of the Permit on its part to be fulfilled, kept, performed or observed, a clean irrevocable letter of credit issued by a banking institution satisfactory to the Port Authority and having its main office within the Port of New York District and acceptable to the Port Authority, in favor of the Port Authority, and payable in the Port of New York District in the amount of the Required Security Deposit. The form and terms of such letter of credit, as well as the institution issuing it, shall be subject to the prior and continuing approval of the Port Authority. Such letter of credit shall provide that it shall continue throughout the effective period of the permission granted under this Permit and for a period of not less than six (6) months thereafter; such continuance may be by provision for automatic renewal or by substitution of a subsequent clean and irrevocable satisfactory letter of credit. If requested by the Port Authority, said letter of credit shall be accompanied by a letter explaining the opinion of counsel for the banking institution that the issuance of said clean, irrevocable letter of credit is an appropriate and valid exercise by the banking institution of the corporate power conferred upon it by law. Upon notice of cancellation of a letter of credit, the Permittee agrees that unless the letter of credit is replaced by another letter of credit satisfactory to the Port Authority by a date not later than twenty (20) days prior to the effective date of cancellation, the Port Authority may draw down the full amount thereof and thereafter the Port Authority will hold the same as security. Failure to provide such a letter of credit at any time during the effective period of the permission granted under this Permit valid and available to the Port Authority, including any failure of any banking institution issuing any such letter of credit previously accepted by the Port Authority to make one or more payments as may be provided in such letter of credit, shall be deemed to be a breach of this Permit on the part of the Permittee. If the Port Authority shall make any drawing under a letter of credit held by the Port Authority hereunder, the Permittee, upon demand by the Port Authority and within two (2) days thereafter, shall bring the letter of credit back up to the amount of the Required Security Deposit. No action by the Port Authority pursuant to the terms of any letter of credit, or any receipt by the Port Authority of funds from any bank issuing such letter of credit, shall be or be deemed to be a waiver of any default by the Permittee under the terms of this Permit, and all remedies under this Permit and of the Port Authority consequent upon such default shall not be affected by the existence of a recourse to any such letter of credit.

(c) The Permittee acknowledges and agrees that the Port Authority reserves the right, in its sole discretion at any time and from time to time upon fifteen (15) days' notice to the Permittee, to adjust the amount of the Required Security Deposit. Not later than the effective date set forth in said notice by the Port Authority, the Permittee shall furnish additional cash or bonds, as provided for in paragraph (a) above, or an amendment to, or a replacement of, the letter

of credit providing for such adjusted amount of the Required Security Deposit, as the case may be, and such additional cash and/or bonds or adjusted (or replaced) letter of credit shall thereafter constitute the Required Security Deposit required under this Section.

(d) If the Permittee is obligated by any other agreement to maintain a security deposit with the Port Authority to insure payment and performance by the Permittee of all fees, rentals, charges and obligations which may become due and owing to the Port Authority arising from the Permittee's operations at the Airport pursuant to any such other agreement or otherwise, then all such obligations under such other agreement and any deposit pursuant thereto also shall be deemed obligations of the Permittee under this Permit and as security hereunder as well as under any such other agreement and all provisions of such other agreement with respect to such obligations and any obligations thereunder of the Port Authority as to the security deposit are hereby incorporated herein by this reference as though fully set forth herein and hereby made a part hereof. The termination, revocation, cancellation or expiration of any other agreement to which such security shall apply or any permitted assignment of such other agreement shall not affect such obligations as to such security which shall continue in full force and effect hereunder.

#### 6. Permittee's Operations:

(a) The Permittee shall provide to the Port Authority, upon request of the Port Authority from time to time, such information and data in connection with the permission granted hereunder as the Port Authority may request and shall, if so requested by the Port Authority, make periodic reports thereof to the Port Authority utilizing such forms as may be adopted by the Port Authority for such purpose.

(b) The Permittee shall daily remove from the Airport by means of facilities provided by it all garbage, debris and other waste material (whether solid or liquid) arising out of or in connection with the permission granted hereunder, and any such not immediately removed shall be temporarily stored in a clean and sanitary condition, in suitable garbage and waste receptacles, the same to be made of metal and equipped with tight-fitting covers, and to be of a design safely and properly to contain whatever material may be placed therein; said receptacles being provided and maintained by the Permittee. The receptacles shall be kept covered except when filling or emptying the same. The Permittee shall exercise extreme care in removing such garbage, debris and other waste materials from the Airport. The manner of such storage and removal shall be subject in all respects to the continual approval of the Port Authority. No facilities of the Port Authority shall be used for such removal unless with its prior consent in writing. No such garbage, debris or other waste materials shall be or be permitted to be thrown, discharged or disposed into or upon the waters at or bounding the Airport.

The Permittee shall repair, replace, repave or rebuild, or at the Port Authority's election, the Permittee shall pay to the Port Authority the cost to the Port Authority of repairing, replacing, repaving or rebuilding, all or any part of the ramps or other areas upon which it performs the privileges authorized by this Permit which may be damaged or destroyed by such oil, gasoline,

grease, lubricants or other liquids or substances or by any other act or omission of the Permittee or its employees, except for reasonable wear and tear arising out of its operations thereon.

(d) A principal purpose of the Port Authority in granting the permission under this Permit is to have available at the Airport, the privileges which the Permittee is permitted to render hereunder. The Permittee agrees that it will conduct a first-class operation and will furnish all fixtures, equipment, personnel (including licensed personnel as necessary), supplies, materials and other facilities and replacements necessary or proper therefor, and keep the same in a first-class operating condition at all times.

(e) The Permittee shall immediately comply with all orders, directives and procedures as may be issued by the General Manager of the Airport covering the operations of the Permittee under this Permit at any time and from time to time. The Port Authority may, at any time and from time to time, without prior notice or cause, withdraw or modify any designation, approval, substitution or redesignation given by it hereunder.

(f) In the event of any injury or death to any person (other than employees of the Permittee) at the Airport when caused by the Permittee's operations, or damage to any property (other than the Permittee's property) at the Airport when caused by the Permittee's operations, the Permittee shall immediately notify the Port Authority and promptly thereafter furnish to the Port Authority copies of all reports given to the Permittee's insurance carrier.

(g) The operations of the Permittee, its employees, invitees and those doing business with it shall be conducted in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport. The Permittee shall provide and its employees shall wear or carry badges or other suitable means of identification and the employees shall wear appropriate uniforms. The badges, means of identification and uniforms shall be subject to the written approval of the General Manager of the Airport. The Port Authority shall have the right to object to the Permittee as to the demeanor, conduct and appearance of the Permittee's employees, invitees and those doing business with it, whereupon the Permittee will take all steps necessary to remove the cause of the objection.

(h) The Permittee shall promptly repair or replace any property of the Port Authority damaged by the Permittee's operations at the Airport.

## 7. Indemnity:

(a) The Permittee shall indemnify and hold harmless the Port Authority, its Commissioners, officers, employees and representatives, from and against (and shall reimburse the Port Authority for the Port Authority's costs and expenses including legal costs and expenses incurred in connection with the defense of) all claims and demands of third Persons including but not limited to claims and demands for death or personal injuries, or for property damages, arising out of any default of the Permittee in performing or observing any term or provision of this Permit, or out of the operations of the Permittee hereunder, or out of any of the acts or omissions of the Permittee, its officers, employees or Persons who are doing business with the Permittee arising out of or in connection with the activities permitted hereunder, or arising out of the acts or omissions of the Permittee, its officers or employees at the Airport, including claims and demands of the City against the Port Authority for indemnification arising by operation of law or through agreement of the Port Authority with the said City.

(b) Without limiting any other term or provision hereof, the Permittee agrees to indemnify and hold harmless the Port Authority, its Commissioners, officers, employees, agents and representatives of and from any loss, liability, expense, suit or claim for damages in connection with any actual or alleged infringement of any patent, trademark or copyright, or arising from any alleged or actual unfair competition or other similar claim arising out of the operations of the Permittee under or in any wise connected with this Permit.

(c) Without limiting any other term or provision hereof, the Permittee shall indemnify the Port Authority and hold it harmless against all claims and demands of third Persons for damage to any aircraft cargo or baggage or any other property handled or delivered pursuant to the permission granted by this Permit.

(d) If so directed, the Permittee shall at its own expense defend any suit based upon any such claim or demand set forth in paragraphs (a), (b) and (c) above (even if such claim or demand is groundless, false or fraudulent), and in handling such it shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.

#### 8. Liability Insurance:

(a) The Permittee, in its own name as insured and including the Port Authority as an additional insured, shall maintain and pay the premiums during the effective period of the Permit on a policy or policies of Commercial General Liability Insurance, including premises-operations and products-completed operations and covering bodily-injury liability, including death, and property damage liability, none of the foregoing to contain care, custody or control exclusions, and providing for coverage in the minimum limit set forth in Item 9 on the first page of this Permit, and Commercial Automobile Liability Insurance covering owned, non-owned and hired vehicles and including automatic coverage for newly acquired vehicles and providing for coverage in the minimum limit set forth in Item 9 on the first page of this Permit. Without limiting the foregoing, the Permittee shall maintain Workers' Compensation and Employers Liability Insurance in accordance with the Permittee's statutory obligations under the applicable State Workers' Compensation Law for those employees of the Permittee employed in operations conducted pursuant to this Permit at or from the Airport. In the event the Permittee maintains the foregoing insurance in limits greater than aforesaid, the Port Authority shall be included therein as an additional insured, except for the Workers' Compensation and Employers Liability Insurance policies, to the full extent of all such insurance in accordance with all terms and provisions of this Permit.

(b) Each policy of insurance, except for the Workers' Compensation and Employers Liability Insurance policies, shall also contain an ISO standard "separation of insureds" clause or a cross liability endorsement providing that the protections afforded the Permittee thereunder with respect to any claim or action against the Permittee by a third person shall pertain and apply with like effect with respect to any claim or action against the Permittee by the Port Authority and any claim or action against the Port Authority by the Permittee, as if the Port Authority were the named insured thereunder, but such clause or endorsement shall not limit, vary, change or affect the protections afforded the Port Authority thereunder as an additional insured. Each policy of insurance shall also provide or contain a contractual liability endorsement covering the

obligations assumed by the Permittee under Section 7 of the Terms and Conditions of this Permit.

(c) All insurance coverages and policies required under this Section may be reviewed by the Port Authority for adequacy of terms, conditions and limits of coverage at any time and from time to time during the effective period of permission granted under this Permit. The Port Authority may, at any such time, require additions, deletions, amendments or modifications to the aforementioned insurance requirements, or may require such other and additional insurance, in such reasonable amounts, against such other insurable hazards, as the Port Authority may deem required and the Permittee shall promptly comply therewith.

(d) Each policy shall contain a provision or endorsement that the policy may not be cancelled, terminated, changed or modified without giving thirty (30) days' written advance notice thereof to the Port Authority. Each policy shall contain a provision or endorsement that the insurer "shall not, without obtaining express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority or the provisions of any statutes respecting suits against the Port Authority." The foregoing provisions or endorsements shall be recited in each policy or certificate to be delivered pursuant to the following paragraph (e).

(e) A certified copy of each policy or a certificate or certificates of insurance evidencing the existence thereof, or binders, shall be delivered to the Port Authority upon execution and delivery of this Permit by the Permittee to the Port Authority. In the event any binder is delivered it shall be replaced within thirty (30) days by a certified copy of the policy or a certificate of insurance. Any renewal policy shall be evidenced by a renewal certificate of insurance delivered to the Port Authority at least seven (7) days prior to the expiration of each expiring policy, except for any policy expiring after the date of expiration of this Permit. The aforesaid insurance shall be written by a company or companies approved by the Port Authority. If at any time any insurance policy shall be or become unsatisfactory to the Port Authority as to form or substance or if any of the carriers issuing such policy shall be or become unsatisfactory to the Port Authority, the Permittee shall promptly obtain a new and satisfactory policy in replacement. If the Port Authority at any time so requests, a certified copy of each policy shall be delivered to or made available for inspection by the Port Authority.

(f) The foregoing insurance requirements shall not in any way be construed as a limitation on the nature or extent of the contractual obligations assumed by the Permittee under this Permit. The foregoing insurance requirements shall not constitute a representation or warranty as to the adequacy of the required coverage to protect the Permittee with respect to the obligations imposed on the Permittee by this Permit or any other agreement or by law.

9. Special Endorsements:

The Permittee hereby agrees to the terms and conditions of the endorsements attached hereto, hereby made a part hereof and marked "*Special Endorsements*". The terms and provisions of the Special Endorsements shall have the same force and effect and as if herein set forth in full.

10. No Waiver:

No failure by the Port Authority to insist upon the strict performance of any agreement, term or condition of this Permit or to exercise any right or remedy consequent upon a breach or default thereof, and no extension, supplement or amendment of this Permit during or after a breach thereof, unless expressly stated to be a waiver, and no acceptance by the Port Authority of fees, charges or other payments in whole or in part after or during the continuance of any such breach or default, shall constitute a waiver of any such breach or default of such agreement, term or condition. No agreement, term or condition of this Permit to be performed or complied with by the Permittee, and no breach or default thereof, shall be waived, altered or modified except by a written instrument executed by the Port Authority. No waiver by the Port Authority of any default or breach on the part of the Permittee in performance of any agreement, term or condition of this Permit shall affect or alter this Permit but each and every agreement, term and condition thereof shall continue in full force and effect with respect to any other then existing or subsequent breach or default thereof.

11. Removal of Property:

The personal property placed or installed by the Permittee at the Airport shall remain the property of the Permittee and must be removed on or before the expiration, revocation, cancellation or termination of the permission hereby granted, whichever shall be earlier. Without limiting the terms and provisions of paragraph (g) of Section 18 hereof, any such property remaining at the Airport after the effective date of such expiration, revocation, cancellation or termination shall be deemed abandoned by the Permittee and may be removed and disposed of by the Port Authority in any manner it so determines in its sole discretion and all the proceeds of any removal or disposition shall be retained by the Port Authority for its account and all costs and expenses of such removal and disposition shall be paid to the Port Authority by the Permittee when billed.

12. Permittee's Representative:

The Permittee's representative specified in Item 3 on the first page of this Permit (or such substitute as the Permittee may hereafter designate in writing) shall have full authority to act for the Permittee in connection with this Permit, and any act or thing done or to be done hereunder, and to execute on the Permittee's behalf any amendments or supplements to this Permit or any extension thereof, and to give and receive notices hereunder.

13. Notices:

Except where expressly required or permitted herein to be oral, all notices, directions, requests, consents and approvals required to be given to or by either party shall be in writing, and all such notices given by the Port Authority to the Permittee shall be validly given if sent by registered or certified mail addressed to the Permittee at the address specified on the first page hereof or at the latest address that the Permittee may substitute therefor by notice to the Port Authority, or left at such address, or delivered to the Permittee's representative. Any notice from the Permittee to the Port Authority shall be validly given if sent by registered or certified mail addressed to the Executive Director of the Port Authority at 225 Park Avenue South, New York, New York 10003 or at such other address as the Port Authority shall hereafter designate by notice to the Permittee. If mailed, the notices herein required to be given shall be deemed effective and given as of the date of the certified or registered mailing thereof.

14. Late Charges:

If the Permittee should fail to pay any amount required under this Permit when due to the Port Authority including without limitation any payment of any fixed or percentage fee or any payment of utility or other charges, or if any such amount is found to be due as the result of an audit, then, in such event, the Port Authority may impose (by statement, bill or otherwise) a late charge with respect to each such unpaid amount for each late charge period (hereinbelow described) during the entirety of which such amount remains unpaid, each such late charge not to exceed an amount equal to eight-tenths of one percent of such unpaid amount for each late charge period. There shall be twenty-four (24) late charge periods on a calendar year basis; each late charge period shall be for a period of at least fifteen (15) calendar days except one late charge period each calendar year may be for a period of less than fifteen (15) (but not less than thirteen (13)) calendar days. Without limiting the generality of the foregoing, late charge periods in the case of amounts found to have been owing to the Port Authority as the result of Port Authority audit findings shall consist of each late charge period following the date the unpaid amount should have been paid under this Permit. Each late charge shall be payable immediately upon demand made at any time therefor by the Port Authority. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid late charge amount shall be deemed a waiver of the right of the Port Authority to payment of any late charge or late charges payable under the provisions of this Section with respect to such unpaid amount. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including without limitation the Port Authority's rights set forth in Section 2 of these Terms and Conditions, or (ii) any obligations of the Permittee under this Permit. In the event that any late charge imposed pursuant to this Section shall exceed a legal maximum applicable to such late charge, then, in such event, each such late charge payable under this Permit shall be payable instead at such legal maximum.

15. Non-discrimination:

(a) Without limiting the generality of any of the provisions of this Permit, the Permittee, for itself, its successors in interest and assigns, as a part of the consideration hereof, does hereby agree that (1) no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or be otherwise subject to discrimination in the use of any space at the Airport and the exercise of any privileges under this Permit, (2) that in the construction of any improvements on, over, or under any space at the Airport and the furnishing of any service thereon by the Permittee, no person on the grounds of race, creed, color, national origin or sex shall be excluded from participation in, denied the benefits of, or otherwise be subject to discrimination, (3) that the Permittee shall use any space at the Airport and exercise any privileges under this Permit in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the Permittee's operations thereat, whether by reason of agreement between the Port Authority and the United States Government or otherwise.

(b) The Permittee shall include the provisions of paragraph (a) of this Section in every agreement or concession it may make pursuant to which any Person or Persons, other than

the Permittee, operates any facility at the Airport providing services to the public and shall also include therein a provision granting the Port Authority a right to take such action as the United States may direct to enforce such provisions.

(c) The Permittee's noncompliance with the provisions of this Section shall constitute a material breach of this Permit. Without limiting any other term or provision hereof or any other rights or remedies of the Port Authority hereunder or at law or equity, in the event of the breach by the Permittee of any of the above non-discrimination provisions, the Port Authority may take any appropriate action to enforce compliance or by giving twenty-four (24) hours' notice, may revoke this Permit and the permission hereunder; or may pursue such other remedies as may be provided by law; and as to any or all of the foregoing, the Port Authority may take such action as the United States may direct.

(d) Without limiting any other term or provision hereof, the Permittee shall indemnify and hold harmless the Port Authority from any claims and demands of third Persons, including the United States of America, resulting from the Permittee's noncompliance with any of the provisions of this Section and the Permittee shall reimburse the Port Authority for any loss or expense incurred by reason of such noncompliance.

(e) Nothing contained in this Section shall grant or shall be deemed to grant to the Permittee the right to transfer or assign this Permit, to make any agreement or concession of the type mentioned in paragraph (b) hereof, or any right to perform any construction on any space at the Airport, or any right to use or occupy any space at the Airport.

16. Affirmative Action:

The Permittee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Permittee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Permittee assures that it will require that its covered suborganizations provide assurances to the Permittee that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

17. Rules and Regulations:

(a) The Permittee shall observe and obey (and compel its officers, employees, guests, invitees, and those doing business with it, to observe and obey) the rules and regulations and procedures of the Port Authority now in effect, and such further reasonable rules and regulations and procedures which may from time to time during the effective period of this Permit, be promulgated by the Port Authority for reasons of safety, health, preservation of property or maintenance of a good and orderly appearance of the Airport or for the safe and efficient operation of the Airport. The Port Authority agrees that, except in cases of emergency, it shall give notice to the Permittee of every rule and regulation hereafter adopted by it at least five (5) days before the Permittee shall be required to comply therewith.

(b) The Permittee shall promptly observe, comply with and execute the provisions of any and all present and future rules and regulations, requirements, orders and directions of the

Fire Rating Organization of the State of New Jersey and the National Board of Fire Underwriters, and any other body or organization exercising similar functions which may pertain or apply to the Permittee's operations hereunder. If by reason of the Permittee's failure to comply with the provisions of this Section, any fire insurance, extended coverage or rental insurance rate on the Airport or any part thereof, or upon the contents of any building thereon, shall at any time be higher than it otherwise would be, then the Permittee shall on demand pay the Port Authority that part of all fire insurance premiums paid or payable by the Port Authority which shall have been charged because of such violation by the Permittee.

18. Prohibited Acts

(a) The Permittee shall not do or permit to be done any act which

(i) will invalidate or be in conflict with any fire insurance policies covering the Airport or any part thereof or upon the contents of any building thereon, or

(ii) will increase the rate of any fire insurance, extended coverage or rental insurance on the Airport or any part thereof or upon the contents of any building thereon, or

(iii) in the opinion of the Port Authority will constitute a hazardous condition, so as to increase the risks normally attendant upon the operations contemplated by this Permit, or

(iv) may cause or produce upon the Airport any unusual noxious or objectionable smokes, gases, vapors or odors, or

(v) may interfere with the effectiveness or accessibility of any drainage and sewerage system, water system, communications system, fire protection system, sprinkler system, alarm system, fire hydrant and hose, if any, installed or located or to be installed or located in or on the Airport, or

(vi) shall constitute a nuisance or injury in or on the Airport or which may result in the creation, commission or maintenance of a nuisance or injury in or on the Airport.

For the purpose of this paragraph (a), "Airport" includes all structures located thereon.

(b) The Permittee shall not dispose of, release or discharge nor permit anyone to dispose of, release or discharge any Hazardous Substance on the Airport except that the Permittee may release or discharge de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder so long as such release or discharge is not a violation of the terms and conditions of Sections 17 or 19 hereof. In addition to and without limiting Section 19 hereof, any Hazardous Substance disposed of, released or discharged by the Permittee (or permitted by the Permittee to be disposed of, released or discharged) on the Airport shall upon notice by the Port Authority to the Permittee and subject to the provisions of paragraph (f) of Section 17 hereof and to all Environmental Requirements, be completely removed and/or remediated by the Permittee at its sole cost and expense, provided, however, the forgoing shall not apply to releases and discharges which are in compliance with the terms and conditions of Sections 17 and 19 hereof of de-icing fluids utilized in the Permittee's ordinary course of business in the performance of any of the privileges granted hereunder and the obligation of the Permittee to remove and remediate such de-icing fluids shall be as required by the terms and conditions of Sections 17 and 19 hereof. The obligations of the

Permittee pursuant to this paragraph shall survive the expiration, revocation, cancellation or termination of this Permit.

(c) The Permittee shall not dispose of nor permit anyone to dispose of any waste materials (whether liquid or solid) by means of any toilets, sanitary sewers or storm sewers.

In connection therewith the Port Authority has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees and permittees thereon. A reasonable amount of capacity shall be reserved by the Permittee for the purpose of rendering services hereunder to those who are not parties to continuing contracts with the Permittee.

(b) The Permittee shall not enter into any agreement or understanding, express or implied, binding or non-binding, with any other Person who may furnish services at the Airport similar to those furnished hereunder which will have the effect of (i) fixing rates and charges to be paid by users of the services; (ii) lessening or preventing competition between the Permittee and such other furnishers of services; or (iii) tending to create a monopoly on the Airport in connection with the furnishing of such services.

24. Business Development and Records:

(a) In connection with the exercise of the privileges granted hereunder, the Permittee shall:

(i) use its best efforts in every proper manner to develop and increase the business conducted by it hereunder;

(ii) not divert or cause or allow to be diverted, any business from the Airport;

(iii) maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of the Permittee at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify the Authorized Service and all other services performed at the Airport, and;

(iv) cause any company which is owned or controlled by the Permittee, or any company which owns or controls the Permittee, if any such company performs services similar to those performed by the Permittee (any such company being hereinafter called an "Affiliate" and all such companies being hereinafter called the "Affiliates") to maintain, in English and in accordance with accepted accounting practice, during the effective period of this Permit, for one (1) year after the expiration or earlier revocation, cancellation or termination thereof, and for a further period extending until the Permittee shall, upon request to the Port Authority, receive written permission from the Port Authority to do otherwise, full and complete records and books of account (including without limitation all agreements and all source documents such as but not limited to original invoices, invoice listings, timekeeping records, and work schedules) recording all transactions of each Affiliate at, through, or in anywise connected with the Airport, which records and books of account shall be kept at all times within the Port of New York District and shall separately state and identify each activity (including without limitation the Authorized Service) performed at the Airport;

the records and books of account of all Affiliates (including without limitation all corporate records and books of account which the Port Authority in its sole discretion believes may be relevant for the identification, determination or calculation of Gross Receipts, all agreements, and all source documents) (all of the foregoing records and books described in this paragraph (a)(v) being hereinafter collectively referred to as the "*Books and Records*") within ten (10) days following any request by the Port Authority from time to time and at any time to examine and audit any Books and Records;

(vi) permit the inspection by the officers, employees and representatives of the Port Authority of any equipment used by the Permittee, including but not limited to the equipment described in paragraph (a)(vii) below; and

(b) Without implying any limitation on the right of the Port Authority to revoke this Permit for cause for breach of any term, condition or provision thereof, including but not limited to, breach of any term, condition or provision of paragraph (a) above, the Permittee understands that the full reporting and disclosure to the Port Authority of all Gross Receipts and the Permittee's compliance with all the provisions of paragraph (a) above are of the utmost importance to the Port Authority in having entered into the percentage fee arrangement under this Permit. In the event any Books and Records are maintained outside the Port of New York District or in the event of the failure of the Permittee to comply with all the provisions of paragraphs (a)(ii) through (a)(vii) above then, in addition to all, and without limiting any other, rights and remedies of the Port Authority under this Permit or otherwise and in addition to all of the Permittee's other obligations under this Permit:

(i) the Port Authority may estimate the Gross Receipts on any basis that the Port Authority, in its sole discretion, shall deem appropriate, such estimation to be final and binding on the Permittee and the fees based thereon shall be payable to the Port Authority when billed; and/or

(ii) if any Books and Records are maintained outside of the Port of New York District, then the Port Authority in its sole discretion may (x) require on ten (10) days' notice to the Permittee that any such Books and Records be made available to the Port Authority within the Port of New York District for examination and audit pursuant to paragraph (a)(v) hereof and/or (y) examine and audit any such Books and Records pursuant to paragraph (a)(v) at the location(s) they are maintained and if such Books and Records are maintained within the contiguous United States the Permittee shall pay to the Port Authority when billed all travel costs and related expenses, as determined by the Port Authority, for Port Authority auditors and other representatives, employees and officers in connection with such examination and audit and if such Books and Records are maintained outside the contiguous United States the Permittee shall pay to the Port Authority when billed all costs and expenses of the Port Authority, as determined by the Port Authority, of such examination and audit, including but not limited to, salaries, benefits, travel costs and related expenses, overhead costs, and fees and charges of third party

auditors retained by the Port Authority for the purpose of conducting such audit and examination.

(c) In the event that upon conducting an examination and audit as described in this Section the Port Authority determines that unpaid amounts are due to the Port Authority by the Permittee (the "*Audit Findings*"), the Permittee shall be obligated, and hereby agrees, to pay to the Port Authority a service charge in the amount equal to five percent (5%) of the Audit Findings. Each such service charge shall be payable immediately upon demand (by notice, bill or otherwise) made at any time therefor by the Port Authority. Such service charge (s) shall be exclusive of, and in addition to, any and all other moneys or amounts due to the Port Authority by the Permittee under this Permit or otherwise. No acceptance by the Port Authority of payment of any unpaid amount or of any unpaid service charge shall be deemed a waiver of the right of the Port Authority of payment of any late charge(s) or other service charge(s) payable under the provisions of this Section with respect to such unpaid amount. Each such service charge shall be and become fees, recoverable by the Port Authority in the same manner and with like remedies as if it were originally a part of the fees to be paid. Nothing in this Section is intended to, or shall be deemed to, affect, alter, modify or diminish in any way (i) any rights of the Port Authority under this Permit, including, without limitation, the Port Authority's rights to revoke this Permit or (ii) any obligations of the Permittee under this Permit.

(d) Without implying any limitation on the rights or remedies of the Port Authority under this Permit or otherwise including without limitation the right of the Port Authority to revoke this Permit for cause for breach of any term or provision of paragraphs (a)(iii) or (a)(iv) above and in addition thereto, in the event any of the Books and Records are not maintained in English, then this Permittee shall pay to the Port Authority when billed, all costs and expenses of the Port Authority, as determined by the Port Authority, to translate such Books and Records into English.

(e) The foregoing auditing costs, expenses and amounts of the Port Authority set forth in paragraphs (b), (c) and (d) above shall be deemed fees under this Permit payable to the Port Authority with the same force and effect as the Basic Percentage Fee and all other fees payable to the Port Authority thereunder.

## 25. Rates and Charges:

The Permittee shall establish rates and discounts therefrom which are in compliance with Section 22 hereof (each such rate and discount is hereinafter called an "*Established Rate*"). Upon request by the Port Authority, the Permittee shall provide the Port Authority its rates and discounts therefrom for goods and services furnished hereunder. If the Permittee applies any rate in excess of the Established Rate therefor or extends a discount less than the Established Discount therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an overcharge which will, upon demand of the Port Authority or the Permittee's customer, be promptly refunded to the customer. If the Permittee applies any rate which is less than the Established Rate therefor or extends a discount which is in excess of the Established Rate therefor, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the Established Rate shall constitute an undercharge and an amount equivalent thereto shall be included in Gross Receipts hereunder and the Basic Percentage Fee shall be payable in respect thereto. Notwithstanding any repayment of overcharges to a customer by the Permittee or any inclusion of undercharges in Gross Receipts any such overcharge or undercharge shall constitute

a breach of the Permittee's obligations hereunder and the Port Authority shall have all remedies consequent upon such breach which would otherwise be available to it at law, in equity or by reason of this Permit.

26. Other Agreements:

In the event the terms and provisions of any agreement entered into by the Permittee with any third Person in connection with the privileges granted hereunder are contrary to or conflict or are inconsistent with the terms and provisions of this Permit, the terms and provisions of this Permit shall be controlling, effective and determinative.

27. Waiver of Trial by Jury:

The Permittee hereby waives its right to trial by jury in any action that may hereafter be instituted by the Port Authority against the Permittee in respect of the permission granted under this Permit and/or in any action that may be brought by the Port Authority to recover fees, damages, or other sums due and owing under this Permit. The Permittee specifically agrees that it shall not interpose any claims as counterclaims in any action for non-payment of fees or other amounts which may be brought by the Port Authority unless such claims would be deemed waived if not so interposed.

28. Continued Exercise of Privilege After Expiration, Revocation or Termination:

(a) Without in any way limiting the provisions hereof, unless otherwise notified by the Port Authority in writing, in the event the Permittee shall continue to perform the Authorized Service for any period (a "Post-Termination Period") following the expiration, revocation or termination of the effective period of the permission granted under this Permit, as such effective period of permission may be extended from time to time, the Permittee shall pay to the Port Authority, for any Post-Termination Period a fee equal to twice the Basic Percentage Fee.

(b) The foregoing shall not be deemed to give the Permittee any right to continue to perform the Authorized Service at the Airport after the expiration, revocation or termination of the effective period of the permission granted under this Permit. In addition, the Permittee acknowledges that the failure of the Permittee to cease to perform the Authorized Service at the Airport from the effective date of such expiration, revocation or termination will or may cause the Port Authority injury, damage or loss, and the Permittee hereby assumes the risk of such injury, damage or loss and hereby agrees that it shall be responsible for the same and shall pay the Port Authority for the same whether such are foreseen or unforeseen, special, direct, consequential or otherwise and the Permittee hereby expressly agrees to indemnify and hold the Port Authority harmless against any such injury, damage or loss. The Permittee acknowledges that the Port Authority reserves all its legal and equitable rights and remedies in the event of such failure by the Permittee to cease performance of the Authorized Service.

(c) The Permittee hereby acknowledges and agrees that, subject to the foregoing, all terms and provisions of this Permit shall be and continue in full force and effect during any Post-Termination Period.

29. Miscellaneous:

(a) It is understood and agreed that the Port Authority shall not furnish, sell or supply to the Permittee any services or utilities in connection with this Permit.

(b) No Commissioner, officer, agent or employee of the Port Authority shall be charged personally by the Permittee with any liability, or held liable to it, under any term or provision of this Permit, or because of its execution or attempted execution, or because of any breach thereof.

(c) The Section and paragraph headings, if any, in this Permit are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope or intent of any provision hereof.

(d) This Permit, including the attached Special Endorsements, constitutes the entire agreement of the Port Authority and the Permittee on the subject matter hereof. This Permit may not be changed, modified, discharged or extended, except by written instrument duly executed on behalf of the Port Authority and the Permittee or except by notice as specifically set forth in Sections 4 and 13 hereof. The Permittee agrees that no representations or warranties shall be binding upon the Port Authority unless expressed in writing herein.
