Records seeking:

I need a copy of security footage from 10/16/16 of the Outer Bridge Crossing. I was in an accident, where I was hit by a white Audi with NJ plates . I was crossing from Staten Island into NJ. The time slot is from 12:30 a.m.-12:45 a.m. My license plate is G74FCT blue Nissan Murano. I was in the right lane of the bridge. The white Audi truck (I believe) swerved into me and dented by left side of my car. The audi scraped my paint and blew off my driver side mirror. The driver of the audi did not stop and I believe hit another car. I kept going to avoid being hit from behind exiting the bridge. I had my daughter in the car sleeping and wanted to prevent another car from rear-ending me. I'm attempting to retrieve the footage so I can determine the license plate # of the Audi truck. Please assist with my urgent request. A formal police report will be filed today in Staten Island, NY.
