SUMMARY OF 2008 BUDGET

(In Millions)

	2008 Budget	2007 Budget	Variance	% Change
SOURCES:				
Gross Operating Revenues	\$3,265	\$3,145	\$120	3.8%
Insurance Captive Entity	41	-	41	
Bonds, Notes and Other	1,318	1,510	(192)	-12.7%
Financial Income	202	163	39	23.9%
Grants and Contributions, Insurance, Third Party Recoveries and Miscellaneous Revenues	885	670	215	32.1%
Allocated Passenger Facility Charges	200	216	(16)	-7.4%
Total Sources	\$5,911	\$5,704	\$207	3.6%

Significant Highlights:

- ⇒ Gross Operating Revenues increased by 3.8% mainly due to an \$87million increase at our aviation facilities.
- ⇒ The 2008 Budget includes line item provisions for the Port Authority Insurance Captive Entity, formed to provide insurance coverage for portions of the Port Authority insurance program. The 2008 Budget shows an increase of \$41 million since the 2007 Budget did not include a provision for this (net revenues generated by the Captive Entity are restricted and not available for normal Port Authority operations).
- ⇒ Bonds, Notes and Other decreased mainly due to less use of Port Authority funds resulting from the receipt of insurance proceeds related to the World Trade Center Site.
- ⇒ Financial Income increased 23.9% mainly due to higher budgeted investment balances and earnings rate.
- ⇒ Grants and Contributions, Insurance, Third Party Recoveries and Miscellaneous Revenues are higher mainly due to the reimbursement of work at the World Trade Center Site from insurance proceeds.

	2008 Budget	2007 Budget	Variance	% Change
USES:				
Operating Expenses	\$2,344	\$2,324	\$20	0.9%
1 WTC LLC Rent	49	-	49	-
Insurance Captive Entity	35	-	35	-
Debt Service	814	806	8	1.0%
Deferred & Other Expenses	89	69	20	29.0%
Gross Capital Expenditures	2,580	2,505	75	3.0%
Total Uses	\$5,911	\$5,704	\$207	3.6%

Significant Highlights:

- ⇒ Expense growth from our operations is less than 1%, which is below the rate of inflation. This was achieved by reducing managerial and professional staff by 7% and reflecting additional OECM savings, which has enabled us to redirect resources to rebuilding the WTC Site, developing Stewart International Airport, partnering in the ARC Project, increasing police presence at all PATH stations, and adding customer service representatives at the airports.
- ⇒ 1 WTC LLC Rent is an accounting adjustment resulting from the Conceptual Framework and creation of the entity.
- ⇒ Insurance Captive Entity Expenses represents the cost of claims and other expenses associated with the insurance entity and shows as an increase of \$35 million since the 2007 Budget did not include an expense provision (net revenues generated by the Captive Entity are restricted and not available for normal Port Authority operations).
- ⇒ Debt Service increased slightly by 1% primarily due to completing projects in the capital plan which are now operational.
- ⇒ Deferred & Other Expenses increased for planning and design expenses and the reclassification of technology costs.
- ⇒ Capital spending for 2008 includes \$860 million at the World Trade Center Site for the Freedom Tower, PATH Transportation Hub, and Infrastructure. Of this amount, approximately \$747 million, or 87% will be recovered from insurance proceeds, grants and third parties.
- ⇒ Other significant capital expenditures in 2008 include a new passenger terminal at JFK International Airport (\$215m), PATH new rail cars (\$98m), modernization of Terminal B at Newark Liberty International Airport (\$86m), Port consolidated dredging (\$34m), and improvements to Stewart International Airport (\$20m).
